The measures included in this model drought contingency and water emergency response plan are intended to provide short-term water savings during drought or emergency conditions. Water savings associated with ongoing, long-term strategies are discussed in the *Model Water Conservation Plan for North Texas Municipal Water District Member Cities and Customer Cities*. [2]

The purpose of this model drought contingency and water emergency response plan is as follows:

- To conserve the available water supply in times of drought and emergency
- To maintain supplies for domestic water use, sanitation, and fire protection
- To protect and preserve public health, welfare, and safety
- To minimize the adverse impacts of water supply shortages
- To minimize the adverse impacts of emergency water supply conditions

The NTMWD supplies treated water to its Member Cities and Customer Cities. This model plan was developed by NTMWD in consultation with its Member Cities. In order to adopt this model plan, each NTMWD Member City and Customer City will need to adopt ordinance(s) or regulation(s) implementing the plan, including the determination of fines and enforcement procedures. The model plan calls for Member Cities and Customer Cities to adopt drought stages initiated by NTMWD during a drought or water supply emergency. Member Cities and Customer Cities may also adopt more stringent drought or water emergency response stages than NTMWD if conditions warrant.

A drought is defined as an extended period of time when an area receives insufficient amounts of rainfall to replenish the water supply, causing water supply sources, in this

[1] Superscripted numbers match references listed in Appendix A.

case reservoirs, to be depleted. In the absence of drought response measures, water demands tend to increase during a drought due to the need for additional outdoor irrigation. The severity of a drought depends on the degree of depletion of supplies and on the relationship of demand to available supplies. The NTMWD considers a drought to end when all of its supply reservoirs refill to the conservation storage pool.

2. TEXAS COMMISSION ON ENVIRONMENTAL QUALITY RULES

The TCEQ rules governing development of drought contingency plans for public water suppliers are contained in Title 30, Part 1, Chapter 288, Subchapter B, Rule 288.20 of the Texas Administrative Code, a current copy of which is included in Appendix B. For the purpose of these rules, a drought contingency plan is defined as "a strategy or combination of strategies for temporary supply and demand management responses to temporary and potentially recurring water supply shortages and other water supply emergencies."[1]

Minimum Requirements

TCEQ's minimum requirements for drought contingency plans are addressed in the following subsections of this report:

- 288.20(a)(1)(A) – Provisions to Inform the Public and Provide Opportunity for Public Input – Section 3.1
- 288.20(a)(1)(B) – Provisions for Continuing Public Education and Information – Section 3.2
- 288.20(a)(1)(C) – Coordination with the Regional Water Planning Group – Section 3.7
- 288.20(a)(1)(D) – Criteria for Initiation and Termination of Drought Stages – Section 3.3
- 288.20(a)(1)(E) – Drought and Emergency Response Stages – Section 3.4
- 288.20(a)(1)(F) – Specific, Quantified Targets for Water Use Reductions – Section 3.4
- 288.20(a)(1)(G) – Water Supply and Demand Management Measures for Each Stage – Section 3.4
- 288.20(a)(1)(H) – Procedures for Initiation and Termination of Drought Stages – Section 3.3
- 288.20(a)(1)(I) - Procedures for Granting Variances – Section 3.5
- 288.20(a)(1)(J) - Procedures for Enforcement of Mandatory Restrictions – Section 3.6
- 288.20(a)(3) – Consultation with Wholesale Supplier – Sections 1, 3.3, and 3.4
- 288.20(b) – Notification of Implementation of Mandatory Measures – Section 3.3
- 288.20(c) – Review and Update of Plan – Section 3.8

3. DROUGHT CONTINGENCY AND WATER EMERGENCY RESPONSE PLAN

3.1 Provisions to Inform the Public and Opportunity for Public Input

The City of Rockwall will provide opportunity for public input in the development of this drought contingency and water emergency response plan by the following means:

- Providing written notice of the proposed plan and the opportunity to comment on the plan by newspaper, posted notice, and notice on the supplier's web site (if available)
- Making the draft plan available on the supplier's web site (if available)
- Providing the draft plan to anyone requesting a copy
- Holding a public meeting

3.2 Provisions for Continuing Public Education and Information

The City of Rockwall will inform and educate the public about the drought contingency and water emergency response plan by the following means:

- Preparing a bulletin describing the plan and making it available at City Hall and other appropriate locations.
- Making the plan available to the public through the supplier's web site (if available).
- Including information about the drought contingency and water emergency response plan on the supplier's web site (if available).
- Notifying local organizations, schools, and civic groups that staff are available to make presentations on the drought contingency and water emergency response plan (usually in conjunction with presentations on water conservation programs).

At any time that the drought contingency and water emergency response plan is activated or the drought stage or water emergency response stage changes, Member Cities and Customer Cities will notify local media of the issues, the drought response stage or water emergency response stage (if applicable), and the specific actions required of the public. The information will also be publicized on the supplier's web site (if available). Billing inserts will also be used as appropriate.

3.3 Initiation and Termination of Drought or Water Emergency Response Stages

Initiation of a Drought or Water Emergency Response Stage

The City Manager or official designee may order the implementation of a drought or water emergency response stage when one or more of the trigger conditions for that stage is met. The following actions will be taken when a drought or water emergency response stage is initiated:

- The public will be notified through local media and the supplier's web site (if available) as described in Section 3.2.

- Wholesale customers (if any) and the NTMWD will be notified by e-mail with a follow-up letter or fax that provides details of the reasons for initiation of the drought/water emergency response stage.
- If any mandatory provisions of the drought contingency and water emergency response plan are activated, Member Cities and Customer Cities will notify the Executive Director of the TCEQ and the Executive Director of the NTMWD within 5 business days.

Drought contingency and water emergency response stages imposed by NTMWD action must be initiated by Member Cities and Customer Cities. For other trigger conditions internal to a city or water supply entity, the City Manager or official designee may decide not to order the implementation of a drought response stage or water emergency even though one or more of the trigger criteria for the stage are met. Factors which could influence such a decision include, but are not limited to, the time of the year, weather conditions, the anticipation of replenished water supplies, or the anticipation that additional facilities will become available to meet needs. The reason for this decision should be documented.

Termination of a Drought or Water Emergency Response Stage

The City Manager or official designee may order the termination of a drought or water emergency response stage when the conditions for termination are met or at their discretion. The following actions will be taken when a drought or emergency response stage is terminated:

- The public will be notified through local media and the supplier's web site (if available) as described in Section 3.2.
- Wholesale customers (if any) and the NTMWD will be notified by e-mail with a follow-up letter or fax.
- If any mandatory provisions of the drought contingency and water emergency response plan that have been activated are terminated, Member Cities and Customer Cities will notify the Executive Director of the TCEQ and the Executive Director of the NTMWD within 5 business days.

The City Manager or official designee may decide not to order the termination of a drought or water emergency response stage even though the conditions for termination of the stage are met. Factors which could influence such a decision include, but are not limited to, the time of year, weather conditions, or the anticipation of potential changed conditions that warrant the continuation of the drought stage. The reason for this decision should be documented.

Drought Contingency and Water Emergency Response Stages and Measures

Stage 1

Initiation and Termination Conditions for Stage 1

- The NTMWD has initiated Stage 1, which may be initiated due to one or more of the following:
  - The NTMWD Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the declaration of Stage 1
  - Water demand is projected to approach the limit of the permitted supply
  - The storage in Lavon Lake is less than 65 percent of the total conservation pool capacity
  - NTMWD's storage in Jim Chapman Lake is less than 65 percent of NTMWD's total conservation pool capacity
  - The Sabine River Authority has indicated that its Upper Basin water supplies used by NTMWD (Lake Tawakoni and/or Lake Fork) are in a Mild drought
  - NTMWD has concern that Lake Texoma, the East Fork Raw Water Supply Project or some other NTMWD source may be limited in availability in the next 6 months
  - NTMWD water demand exceeds 90 percent of the amount that can be delivered to customers for three consecutive days
  - Water demand for all or part of NTMWD's delivery system approaches delivery capacity because delivery capacity is inadequate
  - NTMWD's supply source becomes contaminated
  - NTMWD's water supply system is unable to deliver water due to the failure or damage of major water system components
- Supplier's water demand exceeds 90 percent of the amount that can be delivered to customers for three consecutive days
- Supplier's water demand for all or part of the delivery system approaches delivery capacity because delivery capacity is inadequate
- Supply source becomes contaminated
- Supplier's water supply system is unable to deliver water due to the failure or damage of major water system components
- Supplier's individual plan may be implemented if other criteria dictate

Stage 1 may terminate when NTMWD terminates its Stage 1 condition or when the circumstances that caused the initiation of Stage 1 no longer prevail.

Goal for Use Reduction and Actions Available under Stage 1

Stage 1 is intended to raise public awareness of potential drought or water emergency problems. The goal for water use reduction under Stage 1 is a two percent reduction in the amount of water obtained by NTMWD. The City Manager or official designee may order the implementation of any of the actions listed below, as deemed necessary:

- Request voluntary reductions in water use by the public and by wholesale customers
- Notify wholesale customers of actions being taken and request implementation of similar procedures
- Increase public education efforts on ways to reduce water use
- Review the problems that caused the initiation of Stage 1
- Intensify efforts on leak detection and repair
- Reduce non-essential city government water use:

  (Examples: street cleaning, vehicle washing, operation of ornamental fountains, etc.)
- Notify major water users and work with them to achieve voluntary water use reductions
- Reduce city government water use for landscape irrigation
- Ask the public to follow voluntary landscape watering schedules

Stage 2

Initiation and Termination Conditions for Stage 2

- The NTMWD has initiated Stage 2, which may be initiated due to one or more of the following:
  - The NTMWD Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the declaration of Stage 2
  - Water demand is projected to approach the limit of the permitted supply
  - The storage in Lavon Lake is less than 55 percent of the total conservation pool capacity
  - NTMWD's storage in Jim Chapman Lake is less than 55 percent of NTMWD's total conservation pool capacity
  - The Sabine River Authority has indicated that its Upper Basin water supplies used by NTMWD (Lake Tawakoni and/or Lake Fork) are in a Mild drought.
  - NTMWD is concerned that Lake Texoma, the East Fork Raw Water Supply Project, or some other NTMWD source may be limited in availability in the next 3 months
  - NTMWD water demand exceeds 95 percent of the amount that can be delivered to customers for three consecutive days

  - NTMWD water demand for all or part of the delivery system equals delivery capacity because delivery capacity is inadequate
  - NTMWD's supply source becomes contaminated
  - NTMWD's water supply system is unable to deliver water due to the failure or damage of major water system components
- Supplier's water demand exceeds 95 percent of the amount that can be delivered to customers for three consecutive days
- Supplier's water demand for all or part of the delivery system equals delivery capacity because delivery capacity is inadequate
- Supply source becomes contaminated
- Supplier's water supply system is unable to deliver water due to the failure or damage of major water system components
- Supplier's individual plan may be implemented if other criteria dictate

Stage 2 may terminate when NTMWD terminates its Stage 2 condition or when the circumstances that caused the initiation of Stage 2 no longer exist.

Goal for Use Reduction and Actions Available under Stage 2

The goal for water use reduction under Stage 2 is a five percent reduction in the amount of water obtained by NTMWD. If circumstances warrant or if required by NTMWD the City Manager or official designee can set a goal for greater water use reduction. The City Manager or official designee may order the implementation of any of the actions listed below, as deemed necessary. Measures described as "requires notification to TCEQ" impose mandatory requirements on customers. The supplier must notify TCEQ and NTMWD within five business days if these measures are implemented:

- Continue or initiate any actions available under Stage 1
- Notify wholesale customers of actions being taken and request them to implement similar procedures
- Initiate engineering studies to evaluate alternatives should conditions worsen
- Further accelerate public education efforts on ways to reduce water use
- Halt non-essential city government water use:

  (Examples: street cleaning, vehicle washing, operation of ornamental fountains, etc.)
- Encourage the public to wait until the current drought or emergency situation has passed before establishing new landscaping

Requires Notification to TCEQ:

  - Limit landscape watering with sprinklers or irrigation systems to no more than two days per week. An exception is allowed for landscape associated with new construction that may be watered as necessary for 30 days from the date of the

certificate of occupancy. Restrict landscape and lawn irrigation from 10 AM to 6 PM beginning April 1 through October 31 of each year

- Prohibit planting of cool season grasses (such as rye grass or other similar grasses) that intensify cool season water requirements

Stage 3

Initiation and Termination Conditions for Stage 3

- The NTMWD has initiated Stage 3, which may be initiated due to one or more of the following:
  - The NTMWD Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the declaration of Stage 3
  - Water demand is projected to approach or exceed the limit of the permitted supply
  - The storage in Lavon Lake is less than 45 percent of the total conservation pool capacity
  - NTMWD's storage in Jim Chapman Lake is less than 45 percent of NTMWD's total conservation pool capacity
  - The Sabine River Authority has indicated that its Upper Basin water supplies used by NTMWD (Lake Tawakoni and/or Lake Fork) are in a Moderate drought (Measures required by SRA under a Moderate drought designation are similar to those under NTMWD's Stage 3)
  - The supply from Lake Texoma, the East Fork Raw Water Supply Project, or some other NTMWD source has become limited in availability.
  - NTMWD water demand exceeds 98 percent of the amount that can be delivered to customers for three consecutive days
  - NTMWD water demand for all or part of the delivery system exceeds delivery capacity because delivery capacity is inadequate
  - NTMWD's supply source becomes contaminated
  - NTMWD's water supply system is unable to deliver water due to the failure or damage of major water system components
- Supplier's water demand exceeds 98 percent of the amount that can be delivered to customers for three consecutive days
- Supplier's water demand for all or part of the delivery system exceeds delivery capacity because delivery capacity is inadequate.
- Supply source becomes contaminated
- Supplier's water supply system is unable to deliver water due to the failure or damage of major water system components
- Supplier's individual plan may be implemented if other criteria dictate

Stage 3 may terminate when NTMWD terminates its Stage 3 condition or when the circumstances that caused the initiation of Stage 3 no longer exist.

Goals for Use Reduction and Actions Available under Stage 3

The goal for water use reduction under Stage 3 is a reduction of ten percent in the amount of water obtained from NTMWD. If circumstances warrant or if required by NTMWD, the City Manager or official designee can set a goal for greater water use reduction.

The City Manager or official designee must implement any action(s) required by NTMWD. In addition, the City Manager or official designee may order the implementation of any of the actions listed below, as deemed necessary. Measures described as "requires notification to TCEQ" impose mandatory requirements on customers. The supplier must notify TCEQ and NTMWD within five business days if these measures are implemented:

- Continue or initiate any actions available under Stages 1 and 2
- Notify wholesale customers of actions being taken and request them to implement similar procedures
- Implement viable alternative water supply strategies
- **Requires Notification to TCEQ** – Initiate mandatory water use restrictions as follows:
  - Prohibit hosing of paved areas, buildings or windows. (Pressure washing of impervious surfaces is allowed)
  - Prohibit operation of all ornamental fountains or other amenity impoundments to the extent they use treated water
  - Prohibit washing or rinsing of vehicles by hose except with a hose end cutoff nozzle
  - Prohibit using water in such a manner as to allow runoff or other waste
  - Prohibit outdoor watering with sprinklers between 10:00am and 6:00 pm. year round
- **Requires Notification to TCEQ** – Limit landscape watering with sprinklers or irrigation systems at each service address to once every seven days or as described below depending on the City Manager's assessment of the extent of the need for emergency conservation.

  If the City Manager determines the need for limiting watering with sprinklers or irrigation systems to one day every other week, or any other emergency schedules mandated by the circumstance, an alternative schedule based on customer service address may be developed and implemented by the City Manager.

  Unless otherwise determined by the City Manager due to emergency circumstance the following exceptions shall apply:

  - Foundations, new landscaping, new planting of shrubs and trees (first year), may be watered for up to 2 hours on any day by a hand-held hose, a soaker hose, or a dedicated zone using a drip irrigation system.
  - Golf courses may water greens and tee boxes without restrictions.
  - Public athletic fields used for competition may be watered twice per week.

- Locations using other sources of water supply for irrigation may irrigate without restrictions.
- Restrictions do not apply to locations using treated wastewater effluent for irrigation or the legal use of water pumped from Lake Ray Hubbard as may be regulated by the City of Dallas.

Requires Notification to TCEQ :

- Limit landscape watering with sprinklers or irrigation systems between November 1 and March 31 to once every two weeks. An exception is allowed for landscape associated with new construction that may be watered as necessary for 30 days from the date of the certificate of occupancy, temporary certificate of occupancy, or certificate of completion.
- Prohibit hydroseeding, hydromulching and sprigging.
- Existing swimming pools may not be drained and refilled (except to replace normal water loss.)
- Initiate a rate surcharge as requested by NTMWD.
- Initiate a rate surcharge for all water use over a certain level.
- If NTMWD has imposed a reduction in water available to Member Cities and Customers Cities impose the same percent reduction on wholesale customers.
- Prohibit watering of golf courses using treated water, except as needed to keep greens and tee boxes alive.

Stage 4

Initiation and Termination Conditions for Stage 4

- The NTMWD has initiated Stage 4, which may be initiated due to one or more of the following:
  - The NTMWD Executive Director, with the concurrence of the NTMWD Board of Directors, finds that conditions warrant the declaration of Stage 4
  - Water demand is projected to approach or exceed the limit of the permitted supply
  - The storage in Lavon Lake is less than 35 percent of the total conservation pool capacity
  - NTMWD's storage in Jim Chapman Lake is less than 35 percent of NTMWD's total conservation pool capacity
  - The Sabine River Authority has indicated that its Upper Basin water supplies used by NTMWD (Lake Tawakoni and/or Lake Fork) are in a Severe drought or Emergency
  - The supply from Lake Texoma, the East Fork Raw Water Supply Project, or some other NTMWD source has become severely limited in availability
  - NTMWD water demand exceeds the amount that can be delivered to customers

  - NTMWD water demand for all or part of the delivery system seriously exceeds delivery capacity because the delivery capacity is inadequate.
  - NTMWD's supply source becomes contaminated
  - NTMWD's water supply system is unable to deliver water due to the failure or damage of major water system components
- Supplier's water demand exceeds the amount that can be delivered to customers
- Supplier's water demand for all or part of the delivery system seriously exceeds delivery capacity because the delivery capacity is inadequate
- Supply source becomes contaminated
- Supplier's water supply system is unable to deliver water due to the failure or damage of major water system components
- Supplier's individual plan may be implemented if other criteria dictate

Stage 4 may terminate when NTMWD terminates its Stage 4 condition or when the circumstances that caused the initiation of Stage 4 no longer exist.

Goals for Use Reduction and Actions Available under Stage 4

The goal for water use reduction under Stage 4 is a reduction of whatever amount is necessary in the amount of water obtained from NTMWD. If circumstances warrant or if required by NTMWD, the City Manager or official designee can set a goal for a greater water use reduction.

The City Manager or official designee must implement any action(s) required by NTMWD. In addition, the City Manager or official designee may order the implementation of any of the actions listed below, as deemed necessary. Measures described as "requires notification to TCEQ" impose mandatory requirements on Member Cities and Customer Cities. The supplier must notify TCEQ and NTMWD within five business days if these measures are implemented:

- Continue or initiate any actions available under Stages 1, 2, and 3 and such other actions as may be necessary to accomplish the required water reductions.
- Notify wholesale customers of actions being taken and request them to implement similar procedures.
- Implement viable alternative water supply strategies.

Requires Notification to TCEQ:

  - Prohibit the irrigation of new landscaping using treated water
  - Prohibit washing of vehicles except as necessary for health, sanitation, or safety reasons
  - Prohibit commercial and residential landscape watering, except that foundations and trees may be watered for 2 hours on any day with a hand-held hose, a soaker hose, or a dedicated zone using a drip irrigation system. ET/Smart controllers and drip irrigation systems are not exempt from this requirement.

- Prohibit golf course watering with treated water except for greens and tee boxes
- Prohibit the permitting of private pools. Pools already permitted may be completed and filled with water. Existing private and public pools may add water to maintain pool levels but may not be drained and refilled.
- Require all commercial water users to reduce water use by a percentage established by the City Manager or official designee.
- If NTMWD has imposed a reduction in water available to Member Cities and Customer Cities, impose the same percent reduction on wholesale customers.
- Initiate a rate surcharge for all water use over normal rates for all water use.

3.4 Procedures for Granting Variances to the Plan

The City Manager or official designee may grant temporary variances for existing water uses otherwise prohibited under this drought contingency and water emergency response plan if one or more of the following conditions are met:

- Failure to grant such a variance would cause an emergency condition adversely affecting health, sanitation, or fire safety for the public or the person or entity requesting the variance
- Compliance with this plan cannot be accomplished due to technical or other limitations
- Alternative methods that achieve the same level of reduction in water use can be implemented

Variances shall be granted or denied at the discretion of the City Manager or official designee. All petitions for variances should be in writing and should include the following information:

- Name and address of the petitioners
- Purpose of water use
- Specific provisions from which relief is requested
- Detailed statement of the adverse effect of the provision from which relief is requested
- Description of the relief requested
- Period of time for which the variance is sought
- Alternative measures that will be taken to reduce water use
- Other pertinent information

3.5 Procedures for Enforcing Mandatory Water Use Restrictions

Mandatory water use restrictions may be imposed in Stage 2, Stage 3 and Stage 4 drought contingency and water emergency response stages. The penalties associated with the mandatory water use restrictions will be determined by each entity.

Appendix D contains potential ordinances, resolutions and orders that may be adopted by the city council, board, or governing body approving the drought contingency plan and water response plan, including enforcement of same.

3.6 Coordination with the Regional Water Planning Group and NTMWD

Appendix C includes a copy of a letter sent to the Chair of the Region C water planning group with this model drought contingency and water emergency response plan.

The suppliers will send a draft of its ordinance(s) or other regulation(s) implementing this plan to NTMWD for their review and comment. The supplier will also send the final ordinance(s) or other regulation(s) to NTMWD.

3.7 Review and Update of Drought Contingency and Water Emergency Response Plan

As required by TCEQ rules, Member Cities and Customer Cites must review the drought contingency and water emergency response plan every five years. The plan will be updated as appropriate based on new or updated information.

APPENDIX B

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY RULES ON DROUGHT CONTINGENCY PLANS

203

APPENDIX B
Texas Commission on Environmental Quality Rules on Drought Contingency Plans

Texas Administrative Code

TITLE 30	ENVIRONMENTAL QUALITY
PART 1	TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
CHAPTER 288	WATER CONSERVATION PLANS, DROUGHT CONTINGENCY PLANS, GUIDELINES AND REQUIREMENTS
SUBCHAPTER B	DROUGHT CONTINGENCY PLANS
RULE §288.20	**Drought Contingency Plans for Municipal Uses by Public Water Suppliers**

(a) A drought contingency plan for a retail public water supplier, where applicable, must include the following minimum elements.

(1) Minimum requirements. Drought contingency plans must include the following minimum elements.

(A) Preparation of the plan shall include provisions to actively inform the public and affirmatively provide opportunity for public input. Such acts may include, but are not limited to, having a public meeting at a time and location convenient to the public and providing written notice to the public concerning the proposed plan and meeting.

(B) Provisions shall be made for a program of continuing public education and information regarding the drought contingency plan.

(C) The drought contingency plan must document coordination with the regional water planning groups for the service area of the retail public water supplier to ensure consistency with the appropriate approved regional water plans.

(D) The drought contingency plan must include a description of the information to be monitored by the water supplier, and specific criteria for the initiation and termination of drought response stages, accompanied by an explanation of the rationale or basis for such triggering criteria.

(E) The drought contingency plan must include drought or emergency response stages providing for the implementation of measures in response to at least the following situations:

(i) reduction in available water supply up to a repeat of the drought of record;

(ii) water production or distribution system limitations;

(iii) supply source contamination; or

(iv) system outage due to the failure or damage of major water system components (e.g., pumps).

(F) The drought contingency plan must include the specific, quantified targets for water use reductions to be achieved during periods of water shortage and drought. The entity preparing the plan shall establish the targets. The goals established by the entity under this subparagraph are not enforceable.

(G) The drought contingency plan must include the specific water supply or water demand management measures to be implemented during each stage of the plan including, but not limited to, the following:

(i) curtailment of non-essential water uses; and

(ii) utilization of alternative water sources and/or alternative delivery mechanisms with the prior approval of the executive director as appropriate (e.g., interconnection with another water system, temporary use of a non-municipal water supply, use of reclaimed water for non-potable purposes, etc.).

(H) The drought contingency plan must include the procedures to be followed for the initiation or termination of each drought response stage, including procedures for notification of the public.

(I) The drought contingency plan must include procedures for granting variances to the plan.

(J) The drought contingency plan must include procedures for the enforcement of any mandatory water use restrictions, including specification of penalties (e.g., fines, water rate surcharges, discontinuation of service) for violations of such restrictions.

(2) Privately-owned water utilities. Privately-owned water utilities shall prepare a drought contingency plan in accordance with this section and incorporate such plan into their tariff.

(3) Wholesale water customers. Any water supplier that receives all or a portion of its water supply from another water supplier shall consult with that supplier and shall include in the drought contingency plan appropriate provisions for responding to reductions in that water supply.

(b) A wholesale or retail water supplier shall notify the executive director within five business days of the implementation of any mandatory provisions of the drought contingency plan.

(c) The retail public water supplier shall review and update, as appropriate, the drought contingency plan, at least every five years, based on new or updated information, such as the adoption or revision of the regional water plan.

Source Note: The provisions of this §288.20 adopted to be effective February 21, 1999, 24 TexReg 949; amended to be effective April 27, 2000, 25 TexReg 3544; amended to be effective October 7, 2004, 29 TexReg 9384.

APPENDIX C

LETTERS TO TEXAS COMMISION ON ENVIRONMENTAL QUALITY
WATER PLANNING GROUP

206

City of Rockwall
The New Horizon

Date: April 22, 2014

Region C Water Planning Group
c/o North Texas Municipal Water District
P.O. Box 2408
Wylie, TX 75098

Dear Sir:

Enclosed please find a copy of the updated Drought Contingency and Water Emergency Response Plan for the City of Rockwall of the North Texas Municipal Water District. I am submitting a copy of this plan to the Region C Water Planning Group in accordance with the Texas Water Development Board and Texas Commission on Environmental Quality rules. The City of Rockwall adopted the Drought Contingency and Water Emergency Response Plan on April 21, 2014.

Sincerely,

Rick Crowley
City Manager

City of Rockwall
The New Horizon

Date: April 22, 2014

Mr. Brett McCoy
Chair, Region D Water Planning Group
700 CR3347
Omaha, TX 75571

Dear Mr. McCoy:

Enclosed please find a copy of the updated Drought Contingency and Water Emergency Response Plan for the City of Rockwall of the North Texas Municipal Water District. I am submitting a copy of this plan to the Region C Water Planning Group in accordance with the Texas Water Development Board and Texas Commission on Environmental Quality rules. The City of Rockwall adopted the Drought Contingency and Water Emergency Response Plan on April 21, 2014.

Sincerely,

Rick Crowley
City Manager

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **April 4, 2014**

SUBJECT: **Water Conservation/Drought Contingency Plan**

The Texas Commission on Environmental Quality requires every water provider to revise and submit their water conservation and drought contingency plan every five years. Our existing Drought Contingency/Water Emergency Response Plan and the Water Conservation Plan was adopted by City Council on August 3, 2009 and July 6, 2009 respectively. The staff has made minor revisions to our current plans and will submit these documents to the TCEQ by May 1, 2014 after City Council approves the ordinance.

Staff recommends City Council consideration to approve the revised Drought Contingency/Water Emergency Response Plan and Water Conservation Plan to keep the City in compliance with Texas Commission on Environmental Quality requirements.

TMT:em

CITY OF ROCKWALL

ORDINANCE NO. 14-___

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING ORDINANCE # 09-25 TO REPLACE "EXHIBIT A" (WATER CONSERVATION PLAN) WITH A NEW "EXHIBIT A," ATTACHED HERETO, PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR SEVERABILITY AND REPEALER CLAUSES; PROVIDING FOR AN EFFECTVE DATE.

WHEREAS, the City Council previously adopted Ordinance # 09-25 which established a Water Conservation Plan; and

WHEREAS, the City Council has determined the need to implement certain modifications to "Exhibit A," the Water Conservation Plan, of Ordinance # 09-25 in accordance with Section 288.2 of the Texas Administrative Code.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That "Exhibit A" of Ordinance #09-25, the City of Rockwall Water Conservation Plan, adopted by the City Council of the City of Rockwall on July 6, 2009, is hereby repealed in its entirety and a new "Exhibit A," attached hereto, is hereby adopted in its place and shall henceforth be in full force and effect;

SECTION 2. That the City Manager or his designee is hereby directed to file a copy of the Plan and this Ordinance with the Texas Commission on Environmental Quality in accordance with Title 30, Chapter 288 of the Texas Administrative Code, and said Plan meets all the requirements of Section 288.2 of the Texas Administrative Code;

SECTION 3. That if any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be unconstitutional or illegal, such decision shall not affect the validity of the remaining sections of this Ordinance. The City Council hereby declares that it would have passed this Ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared void;

SECTION 4. That all ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed, and the balance of such ordinance is hereby saved from repeal;

SECTION 5. That the City Council does hereby find and declare that sufficient written notice of the date, hour, place and subject of the meeting adopting this Ordinance was posted at a designated place convenient to the public for the time required by law preceding the meeting, that such place of posting was readily accessible at all times to the general public, and that all of the foregoing was done as required by law at all times during which this Ordinance and the

subject matter thereof has been discussed, considered and formally acted upon. The City Council further ratifies, approves and confirms such written notice and the posting thereof.

SECTION 6. That any person, firm or corporation violating any of the provisions of this ordinance shall be punished by a penalty of a fine not to exceed the sum of Two Thousand Dollars ($2,000.00) for each offense and each day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 7. That the ordinance shall be effective immediately following its second reading and publication in accordance with the City Charter.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 21st day of April, 2014.

David Sweet, Mayor

ATTEST:

Kristy Ashberry, City Secretary

APPROVED AS TO FORM:

Frank Garza, City Attorney

Water Conservation Plan for the City of Rockwall, Texas

May 2014

1. INTRODUCTION AND OBJECTIVES

Water supply has always been a key issue in the development of Texas. In recent years, the growing population and economic development of North Central Texas has led to increasing demands for water supplies. At the same time, local and less expensive sources of water supply are largely developed. Additional supplies to meet higher demands will be expensive and difficult to develop. It is therefore important that NTMWD and its Member Cities and Customer Cities make the most efficient use of existing supplies. This will delay the need for new supplies, minimize the environmental impacts associated with developing new supplies and delay the high cost of additional water supply development.

Recognizing the need for efficient use of existing water supplies, the Texas Commission on Environmental Quality (TCEQ) has developed guidelines and requirements governing the development of water conservation plans for public water suppliers. TCEQ guidelines and requirements are included in Appendix B. The best management practices established by the Water Conservation Implementation Task Force, established pursuant to SB1094 by the 78th Legislature, were also considered in the development of water conservation measures. This water conservation plan was developed following TCEQ guidelines and requirements.

This water conservation plan includes measures that are intended to result in ongoing, long-term water savings.

The objectives of this water conservation plan are as follows:

- To reduce water consumption from the levels that would prevail without conservation efforts
- To reduce the loss and waste of water
- To improve efficiency in the use of water
- To document the level of recycling and reuse in the water supply
- To extend the life of current water supplies by reducing the rate of growth and demand

This Water Conservation Plan for the City of Rockwall, Texas applies to all use of the City of Rockwall's water supply.

This plan includes all of the elements required by TCEQ.

2. TEXAS COMMISSION ON ENVIRONMENTAL QUALITY RULES

The TCEQ rules governing development of water conservation plans for public water suppliers are contained in Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2 of the Texas Administrative Code, which is included in Appendix B. For the purpose of these rules, a water conservation plan is defined as "A strategy or combination of strategies for reducing the volume of water withdrawn from a water supply source, for reducing the loss or waste of water, for maintaining or improving the efficiency in the use of water, for increasing the recycling and reuse of water and for preventing the pollution of water." The elements in the TCEQ water conservation rules covered in this Conservation Plan are listed below.

Minimum Conservation Plan Requirements

The minimum requirements in the Texas Administrative Code for Water Conservation Plans for Public Water Suppliers are covered in this report as follows:

- 288.2(a)(1)(A) – Utility Profile – Section 3 and Appendix C
- 288.2(a)(1)(B) – Specification of Goals – Section 4
- 288.2(a)(1)(C) – Specific, Quantified Goals – Section 4
- 288.2(a)(1)(D) – Accurate Metering – Sections 5.1 and 5.2
- 288.2(a)(1)(E) – Universal Metering – Section 5.2
- 288.2(a)(1)(F) – Determination and Control of Unaccounted Water – Section 5.4
- 288.2(a)(1)(G) – Public Education and Information Program – Section 6
- 288.2(a)(1)(H) – Non-Promotional Water Rate Structure – Section 7
- 288.2(a)(1)(I) – Reservoir System Operation Plan – Section 8.1
- 288.2(a)(1)(J) – Means of Implementation and Enforcement – Section 9
- 288.2(a)(1)(K) – Coordination with Regional Water Planning Group – Section 8.7 and Appendix F
- 288.2(c) – Review and Update of Plan – Section 10

Conservation Plan Additional Requirements (Population over 5,000)

The Texas Administrative Code includes additional requirements for water conservation plans for drinking water supplies serving a population over 5,000:

- 288.2(a)(2)(A) – Leak Detection, Repair and Water Loss Accounting – Sections 5.4, 5.5, and 5.6
- 288.2(a)(2)(B) – Record Management System – Section 5.3

- 288.2(a)(2)(C) – Requirement for Water Conservation Plans by Wholesale Customers – Section 8.6

Additional Conservation Strategies

The TCEQ requires that a water conservation implementation report be completed and submitted on an annual basis. This report is included in Appendix H.

In addition to the TCEQ required water conservation strategies, NTMWD also requires the following strategy to be included in Member City and Customer City plans:

- 288.2(a)(3)(F) – Irrigation Ordinance – Section 8.4 and Appendix E

TCEQ rules also include optional, not required, conservation strategies, which may be adopted by suppliers. The NTMWD recommends that the following strategies be included in the Member City and Customer City plans:

- 288.2(a)(3)(A) – Conservation Oriented Water Rates – Section 7
- 288.2(a)(3)(B) – Ordinances, Plumbing Codes or Rules on Water-Conserving Fixtures – Section 8.3
- 288.2(a)(3)(C) – Replacement or Retrofit of Water-Conserving Plumbing Fixtures – Section 8.5
- 288.2(a)(3)(D) – Reuse and Recycling of Wastewater – Section 8.2
- 288.2(a)(3)(F) – Irrigation Ordinance – Section 8.5 and Appendix E
- 288.2(a)(3)(G) – Monitoring Method – Section 5.6
- 288.2(a)(3)(H) – Additional Conservation Ordinance Provisions – Section 8.5

3. WATER UTILITY PROFILE

Appendix C to this Water Conservation Plan is a sample water utility profile based on the format recommended by TCEQ. In adopting this Water Conservation Plan, the City of Rockwall will provide a draft water utility profile to NTMWD for review and comment. A final water utility profile will be provided to NTMWD.

4. SPECIFICATIONS OF WATER CONSERVATION GOALS

The goals for this Water Conservation Plan include the following:

- Maintain the per capita municipal water use below the specified amount in gallons per capita per day in a dry year, as shown in Table 4.1.
- Maintain the level (gpcd) of unaccounted water in the system below 12 percent annually in 2009 and subsequent years, as discussed in Section 5.4. The 12 percent goal for unaccounted water is recommended, but is not required.
- Implement and maintain a program of universal metering and meter replacement and repair, as discussed in Section 5.2.
- Increase efficient water usage through a water conservation ordinance, as discussed in Section 8.4 and Appendix E. This ordinance is required by NTMWD.
- Decrease waste in lawn irrigation by implementation and enforcement of landscape water management regulations, as discussed in Section 8.5.
- Raise public awareness of water conservation and encourage responsible public behavior through a public education and information program, as discussed in Section 6.
- Develop a system specific strategy to conserve water during peak demands, thereby reducing the peak use.

Table 4.1
Five-Year and Ten-Year Municipal Per Capita Water Use Goals (gpcd)

Description	Current Average (gpcd)	5-Year Goal (gpcd)	10-Year Goal (gpcd)
Current 5-Year Average Total Per Capita Use with Credit for Reuse	166	160	157
Current 5-Year Average Residential Per Capita Use	110	105	102
Water Loss (GPCD)1	6	8	9
Water Loss (Percentage)2	3.8	5	6
Expected Reduction due to Low-Flow Plumbing Fixtures	———	3	5
Projected Reduction Due to Elements in this Plan	———	2	4
Water Conservation Goals (with credit for reuse)	———	163	157

5. METERING, WATER USE RECORDS, CONTROL OF UNACCOUNTED WATER AND LEAK DETECTION AND REPAIR

One of the key elements of water conservation is tracking water use and controlling loss through illegal diversions and leaks. It is important to carefully meter water use, detect and repair leaks in the distribution system and provide regular monitoring of unaccounted water.

5.1 Accurate Metering of Treated Water Deliveries from NTMWD

Water deliveries from NTMWD are metered by NTMWD using meters with accuracy of ±2%. These meters are calibrated on a monthly basis by NTMWD to maintain the required accuracy.

5.2 Metering of Customer and Public Uses and Meter Testing, Repair and Replacement

The provision of water to all customers, including public and governmental users, will continue to be metered by the City of Rockwall. The City of Rockwall will test and replace their residential customers' meters on a regular basis. Additionally, large meters will be regularly tested and either repaired or replaced when their flow is more than a 3 percent difference from actual flow.

5.3 Record Management System

As required by TAC Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2(a)(2)(B), a record management system should allow for the separation of water sales and uses into residential, commercial, public/institutional, and industrial categories. This information will be included in an annual water conservation report, as described in Section 5.6.

5.4 Determination and Control of Unaccounted Water

Unaccounted water is the difference between water delivered to Rockwall from NTMWD and metered water sales to customers plus authorized but unmetered uses. Authorized but unmetered uses would include use for fire fighting, releases for flushing of lines, uses associated with new construction, etc. Unaccounted water can include several categories:

- Inaccuracies in customer meters. Customer meters tend to run slower as they age and under-report actual use.
- Meters which are being used but have not yet been added to the billing system.
- Losses due to water main breaks and leaks in the water distribution system.
- Losses due to illegal connections and theft. (Included in Appendix G.)

Measures to control unaccounted water should be part of the routine operations of the City of Rockwall. Maintenance crews and personnel will look for and report evidence of leaks in the water distribution system. A leak detection and repair program is described in Section

5.5 below. Meter readers will watch for and report signs of illegal connections, so they can be quickly addressed.

Unaccounted water will be calculated in accordance with the provisions in Appendix C. With the measures described in this plan, Rockwall will maintain unaccounted water below 12 percent in 2009 and subsequent years. If unaccounted water exceeds this goal, the City of Rockwall will implement a more intensive audit to determine the source(s) of and reduce the unaccounted water. The annual conservation report described in Section 5.6 is the primary tool that will be used to monitor unaccounted water.

5.5 Leak Detection and Repair

As described above, city crews and personnel will look for and report evidence of leaks in the water distribution systems. Areas of the water distribution system, in which numerous leaks and line breaks occur, will be targeted for replacement as funds are available.

5.6 Monitoring of Effectiveness and Efficiency - Annual Water Conservation Report

Appendix D is the form that will be used in the development of an annual water conservation report by the City of Rockwall. This form will be completed by March 31 of the following year and used to monitor the effectiveness and efficiency of the water conservation program and to plan conservation-related activities for the next year. The form records the water use by category, per capita municipal use and unaccounted water for the current year and compares them to historical values. The annual water conservation report will be sent to NTMWD, which will monitor NTMWD Member Cities' and Customers Cities' water conservation trends.

5.7 Water Conservation Implementation Report

Appendix H includes the TCEQ-required water conservation implementation report. The report is due to the TCEQ by May 1 of every year, starting in the year 2010. This report will list the various water conservation strategies that have been implemented, including the date the strategy was implemented. The report also calls for the five-year and ten-year per capita water use goals from the previous water conservation plan. The city will answer whether or not these goals have been met and, if not, why not. The amount of water saved is also requested.

6. CONTINUING PUBLIC EDUCATION AND INFORMATION CAMPAIGN

The continuing public education and information campaign on water conservation includes the following elements:

- Utilize the "Water IQ: Know Your Water" and other public education materials produced by NTMWD.
- Insert water conservation information with water bills. Inserts will include material developed by the City of Rockwall and material obtained from the TWDB, the TCEQ and other sources.
- Encourage local media coverage of water conservation issues and the importance of water conservation.
- Notify local organizations, schools and civic groups that the City of Rockwall staff and staff of the NTMWD are available to make presentations on the importance of water conservation and ways to save water.
- Promote the *Texas Smartscape* web site (www.txsmartscape.com) and provide water conservation brochures and other water conservation materials available to the public at City Hall and other public places.
- Make information on water conservation available on the City's website and include links to the "Water IQ: Know Your Water" website, *Texas Smartscape* website and the TWDB and TCEQ web sites.

7. WATER RATE STRUCTURE

The City of Rockwall will continue to bill customers using an increasing block rate water structure that is intended to encourage water conservation and discourage excessive use and waste of water.

The following monthly rates are hereby established and shall be collected for water and wastewater services billed by the City:

	Meter Size	Water Rates	Wastewater Rates
Monthly Minimum Bills:			
Residential	0.75	$ 12.16	$ 13.35
	1.00	12.16	13.35
	1.50	12.16	13.35
	2.00	12.16	13.35
Non-residential:	0.75	$ 13.35	$ 13.35
	1.00	15.62	15.62
	1.50	18.15	18.15
	2.00	22.89	22.89
	3.00	32.45	32.45
	4.00	41.95	41.95
	6.00	51.45	51.45
Irrigation Meters:	0.75	$ 13.35	$ N/A
	1.00	15.62	N/A
	1.50	18.15	N/A
	2.00	22.89	N/A
	3.00	32.45	N/A
	4.00	41.95	N/A
	6.00	51.45	N/A
Rate per TH Gallons – Water:	Residential 2,001- 12,000 gallons	$ 3.07	$ N/A
	Residential over 12,000 gallons	5.37	N/A
	Irrigation over 2,000 gallons	5.37	N/A
	Non-residential over 2,000 gallons	4.61	N/A
	Wholesale Contract Rate	3.38	N/A
Rate per TH Gallons – Wastewater		N/A	2.32

8. OTHER WATER CONSERVATION MEASURES

8.1 NTMWD System Operation Plan

Member Cities and Customers of NTMWD purchase treated water from NTMWD and do not have surface water supplies for which to implement a system operation plan. NTMWD's permits do allow some coordinated operation of its water supply sources, and NTMWD is seeking additional water rights for coordinated operation to optimize its available water supplies.

8.2 Reuse and Recycling of Wastewater

Most Member Cities and Customer Cities do not own and operate their own wastewater treatment plants. Their wastewater is treated by NTMWD. NTMWD currently has the largest wastewater reuse program in the state. NTMWD has water rights allowing reuse of up to 71,882 acre-feet per year of this treated wastewater through Lake Lavon for municipal purposes. In addition, NTMWD has also developed the East Fork Raw Water Supply Project which can divert up to 157,393 acre-feet per year based on treated wastewater discharges by NTMWD. When fully developed, these two reuse projects will provide up to 44 percent of NTMWD's currently permitted water supplies. NTMWD also provides treated effluent from its wastewater treatment plants available for direct reuse for landscape irrigation and industrial use.

The City of Rockwall has a contract agreement with NTMWD to operate the wastewater treatment plants. NTMWD selects reuse arrangements for recycled wastewater effluent.

8.3 Ordinances, Plumbing Codes, or Rules on Water-Conserving Fixtures

The state has required water-conserving fixtures in new construction and renovations since 1992. The state standards call for flows of no more than 2.5 gallons per minute (gpm) for faucets, 3.0 gpm for showerheads, and 1.6 gallons per flush for toilets. Similar standards are now required nationally under federal law. These state and federal standards assure that all new construction and renovations will use water-conserving fixtures.

8.4 Landscape Water Management Measures (Required)

The following landscape water management measures are adopted by the City of Rockwall.

- Time of day restrictions prohibiting lawn irrigation watering from 10 AM to 6 PM beginning April 1st and ending October 31st of each year.
- Prohibition of watering of impervious surfaces, as provided by the Irrigation Ordinance 09-13, Article 14, Section 6 of the Code of Ordinances. Wind driven water drift will be taken into consideration.
- Prohibition of outdoor watering during rain or freeze events.
- Lawn and landscape irrigation limited to twice per week, except for irrigation systems installed with an evapo-transpiration controller or the use of a water hose

with a shut-off nozzle, and for establishment of new lawn and landscaping for a period of 30 days or as approved in writing by the City of Rockwall.

- Rain and freeze sensors and/or evapo-transpiration controllers must be maintained to function properly.
- At home and fundraising car washing can be done only when using a water hose with a shut-off nozzle.

8.5 Additional Water Conservation Measures (Not Required)

In addition, the City of Rockwall recommends the following measures:

- Retrofit existing irrigation systems with rain and freeze sensors or evapo-transpiration capable of multiple programming.
- Prohibition planting or watering areas that have been overseeded with cool season grasses (such as rye grass or other similar grasses), except for golf courses and public athletic fields.
- Rehabilitate poorly maintained irrigation systems that waste water to comply with the current Irrigation Ordinance.
- Install separate zones for areas adjacent to athletic fields.
- Plant only native, drought tolerant or adaptive plants.
- Install drip irrigation systems, when applicable.
- Water audits should be performed to find ways in which water can be used more efficiently at a specific location.

8.6 Requirement for Water Conservation Plans by Wholesale Customers

Every contract for the wholesale sale of water by the City of Rockwall that is entered into, renewed or extended after the adoption of this water conservation plan will include a requirement that the wholesale customer and any wholesale customers of that wholesale customer develop and implement a water conservation plan meeting the requirements of Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2 of the Texas Administrative Code.

8.7 Coordination with Regional Water Planning Group and NTMWD

Appendix F includes a letter to be sent to the Chair of the Region C Water Planning Group with this Water Conservation Plan. Rockwall will send a copy of their draft ordinance implementing the plan and their water utility profile to NTMWD for review and comment. The adopted ordinance and the adopted water utility profile will be sent to the Chair of the Region C Water Planning Group and to NTMWD.

9. IMPLEMENTATION AND ENFORCEMENT OF THE WATER CONSERVATION PLAN

Appendix E contains a copy of the Irrigation Ordinance, which includes information about enforcement. Appendix G includes a copy of the ordinance that has been adopted related to illegal connections and water theft.

10. REVIEW AND UPDATE OF WATER CONSERVATION PLAN

TCEQ requires that the water conservation plans be updated every five years or as required and appropriate based on new or updated information.

APPENDIX B
Texas Commission on Environmental Quality Rules
on Municipal Water Conservation Plans

Texas Administrative Code

TITLE 30	ENVIRONMENTAL QUALITY
PART 1	TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
CHAPTER 288	WATER CONSERVATION PLANS, DROUGHT CONTINGENCY PLANS, GUIDELINES AND REQUIREMENTS
SUBCHAPTER A	WATER CONSERVATION PLANS
RULE §288.1	**Definitions**

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise.

(1) Agricultural or Agriculture--Any of the following activities:

(A) cultivating the soil to produce crops for human food, animal feed, or planting seed or for the production of fibers;

(B) the practice of floriculture, viticulture, silviculture, and horticulture, including the cultivation of plants in containers or non-soil media by a nursery grower;

(C) raising, feeding, or keeping animals for breeding purposes or for the production of food or fiber, leather, pelts, or other tangible products having a commercial value;

(D) raising or keeping equine animals;

(E) wildlife management; and

(F) planting cover crops, including cover crops cultivated for transplantation, or leaving land idle for the purpose of participating in any governmental program or normal crop or livestock rotation procedure.

(2) Agricultural use--Any use or activity involving agriculture, including irrigation.

(3) Conservation--Those practices, techniques, and technologies that reduce the consumption of water, reduce the loss or waste of water, improve the efficiency in the use of water, or increase the recycling and reuse of water so that a water supply is made available for future or alternative uses.

(4) Drought contingency plan--A strategy or combination of strategies for temporary supply and demand management responses to temporary and potentially recurring water supply shortages and other water supply emergencies. A drought contingency plan may be a separate document identified as such or may be contained within another water management document(s).

(5) Industrial use--The use of water in processes designed to convert materials of a lower

order of value into forms having greater usability and commercial value, commercial fish production, and the development of power by means other than hydroelectric, but does not include agricultural use.

(6) Irrigation--The agricultural use of water for the irrigation of crops, trees, and pastureland, including, but not limited to, golf courses and parks which do not receive water through a municipal distribution system.

(7) Irrigation water use efficiency--The percentage of that amount of irrigation water which is beneficially used by agriculture crops or other vegetation relative to the amount of water diverted from the source(s) of supply. Beneficial uses of water for irrigation purposes include, but are not limited to, evapotranspiration needs for vegetative maintenance and growth, salinity management, and leaching requirements associated with irrigation.

(8) Mining use--The use of water for mining processes including hydraulic use, drilling, washing sand and gravel, and oil field repressuring.

(9) Municipal per capita water use--The sum total of water diverted into a water supply system for residential, commercial, and public and institutional uses divided by actual population served.

(10) Municipal use--The use of potable water within or outside a municipality and its environs whether supplied by a person, privately owned utility, political subdivision, or other entity as well as the use of sewage effluent for certain purposes, including the use of treated water for domestic purposes, fighting fires, sprinkling streets, flushing sewers and drains, watering parks and parkways, and recreational purposes, including public and private swimming pools, the use of potable water in industrial and commercial enterprises supplied by a municipal distribution system without special construction to meet its demands, and for the watering of lawns and family gardens.

(11) Municipal use in gallons per capita per day--The total average daily amount of water diverted or pumped for treatment for potable use by a public water supply system. The calculation is made by dividing the water diverted or pumped for treatment for potable use by population served. Indirect reuse volumes shall be credited against total diversion volumes for the purpose of calculating gallons per capita per day for targets and goals.

(12) Nursery grower--A person engaged in the practice of floriculture, viticulture, silviculture, and horticulture, including the cultivation of plants in containers or nonsoil media, who grows more than 50% of the products that the person either sells or leases, regardless of the variety sold, leased, or grown. For the purpose of this definition, grow means the actual cultivation or propagation of the product beyond the mere holding or maintaining of the item prior to sale or lease, and typically includes activities associated with the production or multiplying of stock such as the development of new plants from cuttings, grafts, plugs, or seedlings.

(13) Pollution--The alteration of the physical, thermal, chemical, or biological quality of, or the contamination of, any water in the state that renders the water harmful, detrimental, or injurious to humans, animal life, vegetation, or property, or to the

public health, safety, or welfare, or impairs the usefulness or the public enjoyment of the water for any lawful or reasonable purpose.

(14) Public water supplier--An individual or entity that supplies water to the public for human consumption.

(15) Regional water planning group--A group established by the Texas Water Development Board to prepare a regional water plan under Texas Water Code, §16.053.

(16) Retail public water supplier--An individual or entity that for compensation supplies water to the public for human consumption. The term does not include an individual or entity that supplies water to itself or its employees or tenants when that water is not resold to or used by others.

(17) Reuse--The authorized use for one or more beneficial purposes of use of water that remains unconsumed after the water is used for the original purpose of use and before that water is either disposed of or discharged or otherwise allowed to flow into a watercourse, lake, or other body of state-owned water.

(18) Water conservation plan--A strategy or combination of strategies for reducing the volume of water withdrawn from a water supply source, for reducing the loss or waste of water, for maintaining or improving the efficiency in the use of water, for increasing the recycling and reuse of water, and for preventing the pollution of water. A water conservation plan may be a separate document identified as such or may be contained within another water management document(s).

(19) Wholesale public water supplier--An individual or entity that for compensation supplies water to another for resale to the public for human consumption. The term does not include an individual or entity that supplies water to itself or its employees or tenants as an incident of that employee service or tenancy when that water is not resold to or used by others, or an individual or entity that conveys water to another individual or entity, but does not own the right to the water which is conveyed, whether or not for a delivery fee.

Texas Administrative Code

TITLE 30	ENVIRONMENTAL QUALITY
PART 1	TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
CHAPTER 288	WATER CONSERVATION PLANS, DROUGHT CONTINGENCY PLANS, GUIDELINES AND REQUIREMENTS
SUBCHAPTER A	WATER CONSERVATION PLANS
RULE §288.2	**Water Conservation Plans for Municipal Uses by Public Water Suppliers**

(a) A water conservation plan for municipal water use by public water suppliers shall provide information in response to the following. If the plan does not provide information for each requirement, the public water supplier shall include in the plan an explanation of why the requirement is not applicable.

(1) Minimum requirements. All water conservation plans for municipal uses by public drinking water suppliers must include the following elements:

(A) a utility profile including, but not limited to, information regarding population and customer data, water use data, water supply system data, and wastewater system data;

(B) until May 1, 2005, specification of conservation goals including, but not limited to, municipal per capita water use goals, the basis for the development of such goals, and a time frame for achieving the specified goals;

(C) beginning May 1, 2005, specific, quantified five-year and ten-year targets for water savings to include goals for water loss programs and goals for municipal use, in gallons per capita per day. The goals established by a public water supplier under this subparagraph are not enforceable;

(D) metering device(s), within an accuracy of plus or minus 5.0% in order to measure and account for the amount of water diverted from the source of supply;

(E) a program for universal metering of both customer and public uses of water, for meter testing and repair, and for periodic meter replacement;

(F) measures to determine and control unaccounted-for uses of water (for example, periodic visual inspections along distribution lines; annual or monthly audit of the water system to determine illegal connections; abandoned services; etc.);

(G) a program of continuing public education and information regarding water conservation;

(H) a water rate structure which is not "promotional," i.e., a rate structure which is cost-based and which does not encourage the excessive use of water;

(I) a reservoir systems operations plan, if applicable, providing for the

coordinated operation of reservoirs owned by the applicant within a common watershed or river basin in order to optimize available water supplies; and

(J) a means of implementation and enforcement which shall be evidenced by:

(i) a copy of the ordinance, resolution, or tariff, indicating official adoption of the water conservation plan by the water supplier; and

(ii) a description of the authority by which the water supplier will implement and enforce the conservation plan; and

(K) documentation of coordination with the regional water planning groups for the service area of the public water supplier in order to ensure consistency with the appropriate approved regional water plans.

(2) Additional content requirements. Water conservation plans for municipal uses by public drinking water suppliers serving a current population of 5,000 or more and/or a projected population of 5,000 or more within the next ten years subsequent to the effective date of the plan must include the following elements:

(A) a program of leak detection, repair, and water loss accounting for the water transmission, delivery, and distribution system in order to control unaccounted-for uses of water;

(B) a record management system to record water pumped, water deliveries, water sales, and water losses which allows for the desegregation of water sales and uses into the following user classes:

(i) residential;

(ii) commercial;

(iii) public and institutional; and

(iv) industrial;

(C) a requirement in every wholesale water supply contract entered into or renewed after official adoption of the plan (by either ordinance, resolution, or tariff), and including any contract extension, that each successive wholesale customer develop and implement a water conservation plan or water conservation measures using the applicable elements in this chapter. If the customer intends to resell the water, then the contract between the initial supplier and customer must provide that the contract for the resale of the water must have water conservation requirements so that each successive customer in the resale of the water will be required to implement water conservation measures in accordance with the provisions of this chapter.

(3) Additional conservation strategies. Any combination of the following strategies shall be selected by the water supplier, in addition to the minimum requirements in paragraphs (1) and (2) of this subsection, if they are necessary to achieve the stated water conservation goals of the plan. The commission may require that any of the following strategies be implemented by the water supplier if the commission determines that the strategy is necessary to achieve the goals of the

water conservation plan:

(A) conservation-oriented water rates and water rate structures such as uniform or increasing block rate schedules, and/or seasonal rates, but not flat rate or decreasing block rates;

(B) adoption of ordinances, plumbing codes, and/or rules requiring water-conserving plumbing fixtures to be installed in new structures and existing structures undergoing substantial modification or addition;

(C) a program for the replacement or retrofit of water-conserving plumbing fixtures in existing structures;

(D) reuse and/or recycling of wastewater and/or graywater;

(E) a program for pressure control and/or reduction in the distribution system and/or for customer connections;

(F) a program and/or ordinance(s) for landscape water management;

(G) a method for monitoring the effectiveness and efficiency of the water conservation plan; and

(H) any other water conservation practice, method, or technique which the water supplier shows to be appropriate for achieving the stated goal or goals of the water conservation plan.

(b) A water conservation plan prepared in accordance with 31 TAC §363.15 (relating to Required Water Conservation Plan) of the Texas Water Development Board and substantially meeting the requirements of this section and other applicable commission rules may be submitted to meet application requirements in accordance with a memorandum of understanding between the commission and the Texas Water Development Board.

(c) Beginning May 1, 2005, a public water supplier for municipal use shall review and update its water conservation plan, as appropriate, based on an assessment of previous five-year and ten-year targets and any other new or updated information. The public water supplier for municipal use shall review and update the next revision of its water conservation plan not later than May 1, 2009, and every five years after that date to coincide with the regional water planning group.

Source Note: The provisions of this §288.2 adopted to be effective May 3, 1993, 18 TexReg 2558; amended to be effective February 21, 1999, 24 TexReg 949; amended to be effective April 27, 2000, 25 TexReg 3544; amended to be effective October 7, 2004, 29 TexReg 9384.

APPENDIX C

TCEQ WATER UTILITY PROFILE

238

Texas Commission on Environmental Quality

UTILITY PROFILE AND WATER CONSERVATION PLAN REQUIREMENTS FOR MUNICIPAL WATER USE BY RETAIL PUBLIC WATER SUPPLIERS

This form is provided to assist retail public water suppliers in water conservation plan development. If you need assistance in completing this form or in developing your plan, please contact the conservation staff of the Resource Protection Team in the Water Availability Division at (512) 239-4691.

Name:	City of Rockwall	
Address:	385 S. Goliad Street, Rockwall, TX 75087	
Telephone Number:	(972) 771-7736	Fax: (972) 771-7728
Water Right No.(s):	NA	
Regional Water Planning Group:	Region C	
Form Completed by:	Kay Roberson, Utility Billing Supervisor	
	Rick Sherer, Water/Wastewater Manager	
Person responsible for implementing conservation program:	Rick Crowley	Phone: (972) 771-7700
Signature:		Date:

NOTE: If the plan does not provide information for each requirement, include an explanation of why the requirement is not applicable.

UTILITY PROFILE

I. POPULATION AND CUSTOMER DATA

A. *Population and Service Area Data*

1. Attach a copy of your service-area map and, if applicable, a copy of your Certificate of Convenience and Necessity (CCN). <attached>

2. Service area size (in square miles): 20.91

   (Please attach a copy of service-area map) <attached>

3. Current population of service area: 39,714 (entire Rockwall 40,448)

4. Current population served for:

   a. Water 39,714

   b. Wastewater 39,231

5. Population served for previous five years:

Year	*Population*
2009	31,369
2010	34,316
2011	36,756
2012	37,556
2013	39,714

6. Projected population for service area in the following decades:

Year	*Population*
2020	52,947
2030	61,169
2040	69,267
2050	69,267
2060	69,267

7. List source or method for the calculation of current and projected population size.

   The population counts were derived from roof-top counts, local permitting records, and verified multi-family occupancies; the study was performed in 2013 by the City of Rockwall Planning and GIS Departments. It was an assumption based on model. GIS data sources were from the City of Rockwall and TCEQ GIS data.

B. *Customers Data*

Senate Bill 181 requires that uniform consistent methodologies for calculating water use and conservation be developed and available to retail water providers and certain other water use sectors as a guide for preparation of water use reports, water conservation plans, and reports on water conservation efforts. A water system must provide the most detailed level of customer and water use data available to it, however, any new billing system purchased must be capable of reporting data for each of the sectors listed below. http://www.tceq.texas.gov/assets/public/permitting/watersupply/water_rights/sb181_guidance.pdf

1. Current number of active connections. Check whether multi-family service is counted as ☒ Residential or ☐ Commercial?

Treated Water Users	*Metered*	*Non-Metered*	**Totals**
Residential	13,302	0	13,302
Single-Family	13,159	0	13,159
Multi-Family	143	0	143
Commercial	1,106	0	1.106
Industrial/Mining	15	0	15
Institutional	225	0	225
Agriculture	0	0	0
Other/Wholesale	3	3	3

2. List the number of new connections per year for most recent three years.

Year	2013	2012	2011
Treated Water Users			
Residential	1,095	309	192
Single-Family	1,095	309	192
Multi-Family	0	N/A	N/A
Commercial	42	115	50
Industrial/Mining	0	1	0
Institutional	16	4	4
Agriculture	0	0	0
Other/Wholesale	0	0	0

3. List of annual water use for the five highest volume customers.

	Customer	*Use (1,000 gal/year)*	*Treated or Raw Water*
1.	City of Rockwall	49,645/2013	Treated
2.	Rockwall ISD	40,376/2013	Treated
3.	Mansions of Rockwall	28,801/2013	Treated
4.	D.W.C./Highlife Properties	16,359/2013	Treated
5.	Walden Residential Properties	12,444/2013	Treated

II. WATER USE DATA FOR SERVICE AREA

A. *Water Accounting Data*

1. List the amount of water use for the previous five years (in 1,000 gallons). Indicate whether this is ☐ diverted or ☒ treated water.

Year	2013	2012	2011	2010	2009
Month					
January	109,732	88,755	106,345	110,314	115,534
February	124,696	80,356	94,477	89,391	123,450
March	117,578	85,300	105,987	83,729	113,371
April	124,390	121,520	186,279	136,117	128,654
May	186,570	135,717	153,206	154,857	258,878
June	154,091	213,783	267,459	229,645	180,798
July	245,528	224,833	288,849	291,491	260,502
August	220,315	274,981	367,451	317,154	267,976
September	238,196	291,542	450,693	316,769	215,366
October	197,972	188,469	239,975	221,198	150,971
November	169,855	168,339	152,837	148,226	137,522
December	110,696	172,958	114,826	148,184	98,680
Totals	1,999,586	2,046,560	2,528,388	2,247,080	2,051,705

Describe how the above figures were determine (e.g, from a master meter located at the point of a diversion from the source, or located at a point where raw water enters the treatment plant, or from water sales).

Water Sales

2. Amount of water (in 1,000 gallons) delivered/sold as recorded by the following account types for the past five years.

Year	2013	2012	2011	2010	2009
Account Types					
Residential	1,513,709	1,449,279	1,733,086	1,580,082	1,460,752
Single-Family	1,412,770	1,449,279	1,733,086	1,580,082	1,460,752
Multi-Family	100,939				
Commercial	413,679	450,346	659,015	549,483	493,762
Industrial/Mining	3,835	5,644	7,380	6,676	5,370
Institutional	68,361	89,958	128,906	110,837	91,820
Agriculture					
Other/Wholesale	806,750	975,049	1,162,375	1,006,669	876,786

3. List the previous records for water loss for the past five years (the difference between water diverted or treated and water delivered or sold).

Year	*Amount (gallons)*	*Percent %*
2013	88,885	3%
2012	209,042	6%
2011	38,264	1%
2010	174,825	5%
2009	21,670	1%

B. Projected Water Demands

Tables 1 and 2 below show projected population and demands for Rockwall and its customers from the Region C Water Planning group from the current round of regional water planning (to be used in the *2016 Region C Water Plan*). Interpolating between projected 2020 and 2030 demands, the projected 2024 (ten year) demand for Rockwall and its customers would be 15,732 acre-feet per year.

Table 1 – Projected Region C Population for Rockwall and Customers

	Population					
	2020	**2030**	**2040**	**2050**	**2060**	**2070**
Rockwall	47,474	59,732	73,669	87,768	103,514	120,202
Heath	12,107	24,300	24,300	24,300	24,300	24,300
Rockwall County Other (75%)	2,645	2,645	2,645	2,645	9,000	15,000
TOTAL	62,226	86,677	100,614	114,713	136,814	159,502

Table 2 – Projected Region C Demands for Rockwall and Customers

	Demand in Acre-Feet					
	2020	**2030**	**2040**	**2050**	**2060**	**2070**
Rockwall	8,914	11,049	13,526	16,057	18,911	21,947
Heath	3,945	7,839	7,826	7,818	7,816	7,815
Rockwall County-Other (75%)	426	423	422	420	1,415	2,354
Rockwall County Manufacturing (100%)	35	40	45	50	55	61
Total	**13,320**	**19,351**	**21,819**	**24,345**	**28,197**	**32,177**

III. WATER SUPPLY SYSTEM DATA

A. Water Supply Sources

List all current water supply sources and the amounts authorized (in acre feet) with each.

Water Type	*Source*	*Amount Authorized*
Surface Water	North Texas Municipal Water District	33.4 MGD
Groundwater		
Contracts		
Other		

B. Treatment and Distribution System

1. Design daily capacity of system (MGD): Distribution system 14.6 MGD

2. Storage capacity (MGD):

   a. Elevated 5 MGD

   b. Ground 7 MGD

3. If surface water, do you recycle filter backwash to the head of the plant?

   ☐ Yes ☐ No If yes, approximate amount (MGD): The City of Rockwall purchases water from North Texas Municipal water district.

IV. WASTEWATER SYSTEM DATA

A. Wastewater System Data (if applicable)

1. Design capacity of wastewater treatment plant(s) (MGD):

   - Buffalo Creek WWTP – 2.25 MGD
   - Squabble Creek WWTP – 1.20 MGD
   - *South Mesquite Regional WWTP – 33.0 MGD

     * Only a portion of Rockwall's wastewater is diverted to the South Mesquite Regional WWTP for treatment

2. Treated effluent is used for ☐ on-site irrigation, ☒ off-site irrigation, for ☒ plant wash-down, and/or for ☒ chlorination/dechlorination.

   If yes, approximate amount (in gallons per month): 5,200,000 gallons

3. Briefly describe the wastewater system(s) of the area serviced by the water utility. Describe how treated wastewater is disposed. Where applicable, identify treatment plant(s) with the TCEQ name and number, the operator, owner, and the receiving stream if wastewater is discharged.

- **Buffalo Creek WWTP** - TCEQ ID – WQ12047-001 – NTMWD – Owner/Operator: The solids generated from the treatment process are collected and disposed at NTMWD's 121 Landfill in Melissa, Texas. The Treated effluent is discharged into Buffalo Creek a tributary of the East Fork of the Trinity River.

- **Squabble Creek WWTP** - TCEQ ID – WQ10262-001– NTMWD – Owner/Operator: The solids generated from the treatment process are collected and disposed at NTMWD's 121 Landfill in Melissa, Texas. The Treated effluent is discharged into Squabble Creek a tributary of Lake Ray Hubbard.

- **South Mesquite Creek WWTP -** TCEQ ID – WQ10221-001 – NTMWD – Owner/Operator: The solids generated from the treatment process are collected and disposed at Skyline Landfill in Ferris, Texas. The Treated effluent is discharged into South Mesquite Creek a tributary of the East Fork Of the Trinity River

B. Wastewater Data for Service Area (if applicable)

1. Percent of water service area served by wastewater system: 80 %

2. Monthly volume treated for previous five years (in 1,000 gallons):

Year	2013	2012	2011	2010	2009
Month					
January	115,851	123,250	96,321	131,654	98,808
February	94,174	102,648	91,925	138,085	88,625
March	103,391	124,950	86,514	129,350	118,881
April	114,939	101,474	96,791	94,487	116,306
May	121,577	108,362	112,066	89,655	139,017
June	112,760	111,854	89,409	86,194	100,772
July	108,918	100,318	88,316	94,048	105,859
August	106,223	120,309	87,213	87,361	101,930
September	105,955	100,499	80,032	97,391	118,658
October	119,854	103,331	86,857	85,368	168,414

V. ADDITIONAL REQUIRED INFORMATION

In addition to the utility profile, please attach the following as required by Title 30, Texas Administrative Code, §288.2. Note: If the water conservation plan does not provide information for each requirement, an explanation must be included as to why the requirement is not applicable.

A. *Specific, Quantified 5 & 10-Year Targets*

The water conservation plan must include specific, quantified five-year and ten-year targets for water savings to include goals for water loss programs and goals for municipal use in gallons per capita per day. Note that the goals established by a public water supplier under this subparagraph are not enforceable

B. *Metering Devices*

The water conservation plan must include a statement about the water suppliers metering device(s), within an accuracy of plus or minus 5.0% in order to measure and account for the amount of water diverted from the source of supply.

C. *Universal Metering*

The water conservation plan must include and a program for universal metering of both customer and public uses of water, for meter testing and repair, and for periodic meter replacement.

D. *Unaccounted- For Water Use*

The water conservation plan must include measures to determine and control unaccounted-for uses of water (for example, periodic visual inspections along distribution lines; annual or monthly audit of the water system to determine illegal connections; abandoned services; etc.).

E. *Continuing Public Education & Information*

The water conservation plan must include a description of the program of continuing public education and information regarding water conservation by the water supplier.

F. *Non-Promotional Water Rate Structure*

The water supplier must have a water rate structure which is not "promotional," i.e., a rate structure which is cost-based and which does not encourage the excessive use of water. This rate structure must be listed in the water conservation plan.

G. *Reservoir Systems Operations Plan*

The water conservation plan must include a reservoir systems operations plan, if applicable, providing for the coordinated operation of reservoirs owned by the applicant within a common watershed or river basin. The reservoir systems operations plan shall include optimization of water supplies as one of the significant goals of the plan.

H. *Enforcement Procedure and Plan Adoption*

The water conservation plan must include a means for implementation and enforcement, which shall be evidenced by a copy of the ordinance, rule, resolution, or tariff, indicating official adoption of the water conservation plan by the water supplier; and a description of the authority by which the water supplier will implement and enforce the conservation plan.

I. Coordination with the Regional Water Planning Group(s)

The water conservation plan must include documentation of coordination with the regional water planning groups for the service area of the wholesale water supplier in order to ensure consistency with the appropriate approved regional water plans.

J. Plan Review and Update

A public water supplier for municipal use shall review and update its water conservation plan, as appropriate, based on an assessment of previous five-year and ten-year targets and any other new or updated information. The public water supplier for municipal use shall review and update the next revision of its water conservation plan not later than May 1, 2009, and every five years after that date to coincide with the regional water planning group. The revised plan must also include an implementation report.

VI. ADDITIONAL REQUIREMENTS FOR LARGE SUPPLIERS

Required of suppliers serving population of 5,000 or more or a projected population of 5,000 or more within ten years

A. Leak Detection and Repair

The plan must include a description of the program of leak detection, repair, and water loss accounting for the water transmission, delivery, and distribution system in order to control unaccounted for uses of water.

B. Contract Requirements

A requirement in every wholesale water supply contract entered into or renewed after official adoption of the plan (by either ordinance, resolution, or tariff), and including any contract extension, that each successive wholesale customer develop and implement a water conservation plan or water conservation measures using the applicable elements in this chapter. If the customer intends to resell the water, the contract between the initial supplier and customer must provide that the contract for the resale of the water must have water conservation requirements so that each successive customer in the resale of the water will be required to implement water conservation measures in accordance with the provisions of this chapter.

VII. ADDITIONAL CONSERVATION STRATEGIES

A. Conservation Strategies

Any combination of the following strategies shall be selected by the water supplier, in addition to the minimum requirements of this chapter, if they are necessary in order to achieve the stated water conservation goals of the plan. The commission may require by commission order that any of the following strategies be implemented by the water supplier if the commission determines that the strategies are necessary in order for the conservation plan to be achieved:

1. Conservation-oriented water rates and water rate structures such as uniform or increasing block rate schedules, and/or seasonal rates, but not flat rate or decreasing block rates;

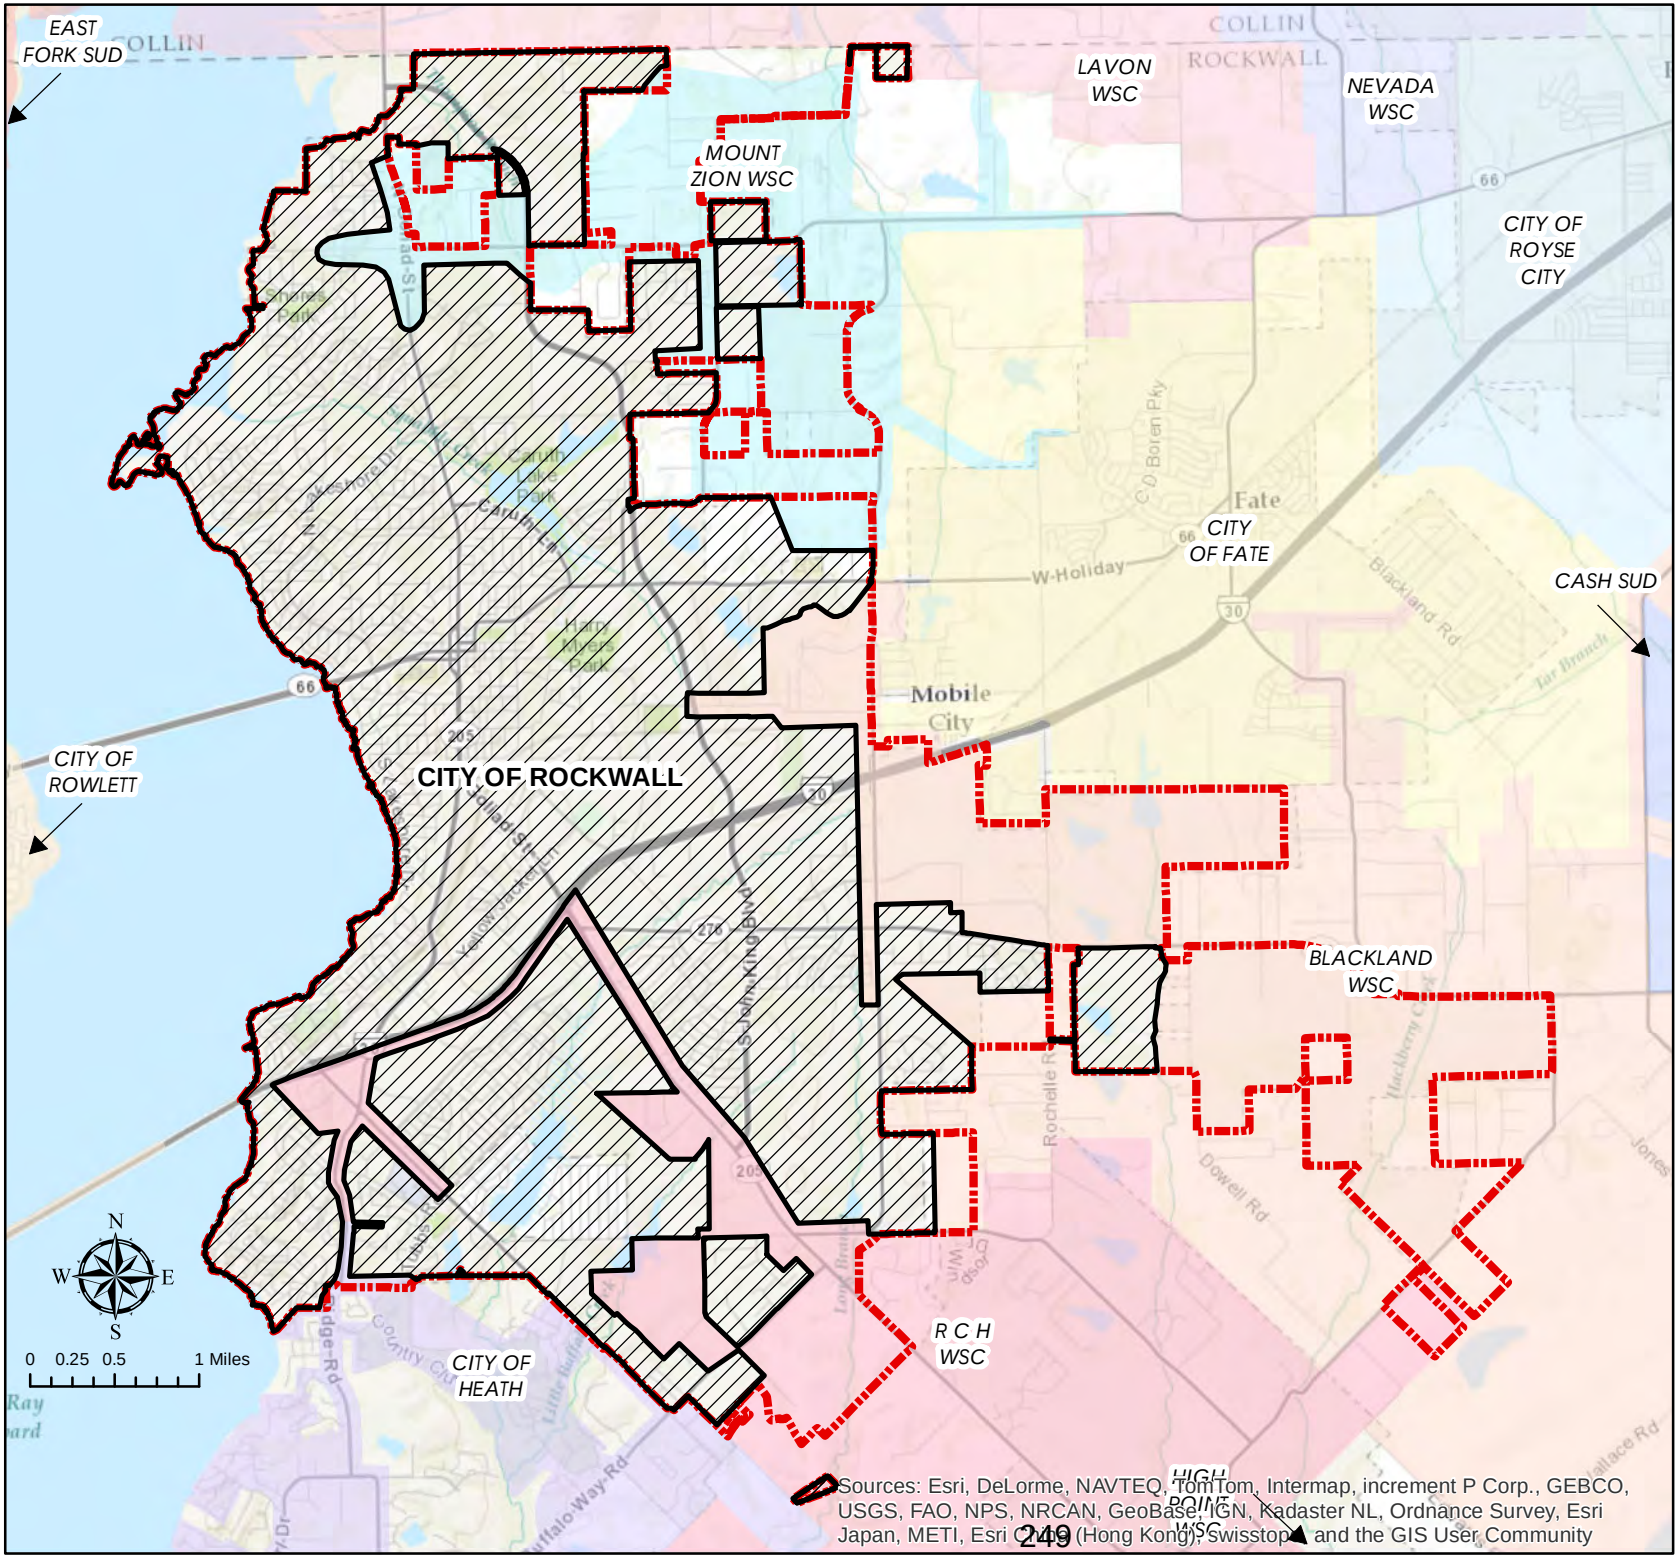
2. Adoption of ordinances, plumbing codes, and/or rules requiring water conserving plumbing fixtures to be installed in new structures and existing structures undergoing substantial modification or addition;

3. A program for the replacement or retrofit of water-conserving plumbing fixtures in existing structures;

4. A program for reuse and/or recycling of wastewater and/or graywater;

5. A program for pressure control and/or reduction in the distribution system and/or for customer connections;

6. A program and/or ordinance(s) for landscape water management;



7. A method for monitoring the effectiveness and efficiency of the water conservation plan; and

8. Any other water conservation practice, method, or technique which the water supplier shows to be appropriate for achieving the stated goal or goals of the water conservation plan.

Best Management Practices

The Texas Water Developmental Board's (TWDB) Report 362 is the Water Conservation Best Management Practices (BMP) guide. The BMP Guide is a voluntary list of management practices that water users may implement in addition to the required components of Title 30, Texas Administrative Code, Chapter 288. The Best Management Practices Guide broken out by sector, including Agriculture, Commercial, and Institutional, Industrial, Municipal and Wholesale along with any new or revised BMP's can be found at the following link on the Texas Water Developments Board's website: http://www.twdb.state.tx.us/conservation/bmps/index.asp

Individuals are entitled to request and review their personal information that the agency gathers on its forms. They may also have any errors in their information corrected. To review such information, contact 512-239-3282.

Information on Wholesale Customers:

Customer	Estimated Population
Blackland Water	3,970
RCH Water	3,720
City of Heath Water	7,500

Unusual Circumstances (use additional sheets if necessary):

The numbers above under delivery from North Texas Muncipal Water are the City of Rockwall Total Discharge #'s not NTMWD #'s

Progress in Implementation of Conservation Plan (use additional sheets if necessary):

This year the Conservation plan is being revised. A summary letter of our new water conservation ordinance will be posted on the City website and will be published in the local newspapers. The City website has a conservation site dedicated to water-saving tips, facts and conservation links. The City offers free water inspections to its top users. The City continues with conservation programs and explores all areas of conservation. Each month a water conservation tip or useful fact is published on the back of each utility bill. The City of rockwall amended the irrigation ordinance to save water and meet current codes. The fire department irrigates using water from the large fire trucks that must be replaced often to prevent corrosion of storage tanks.

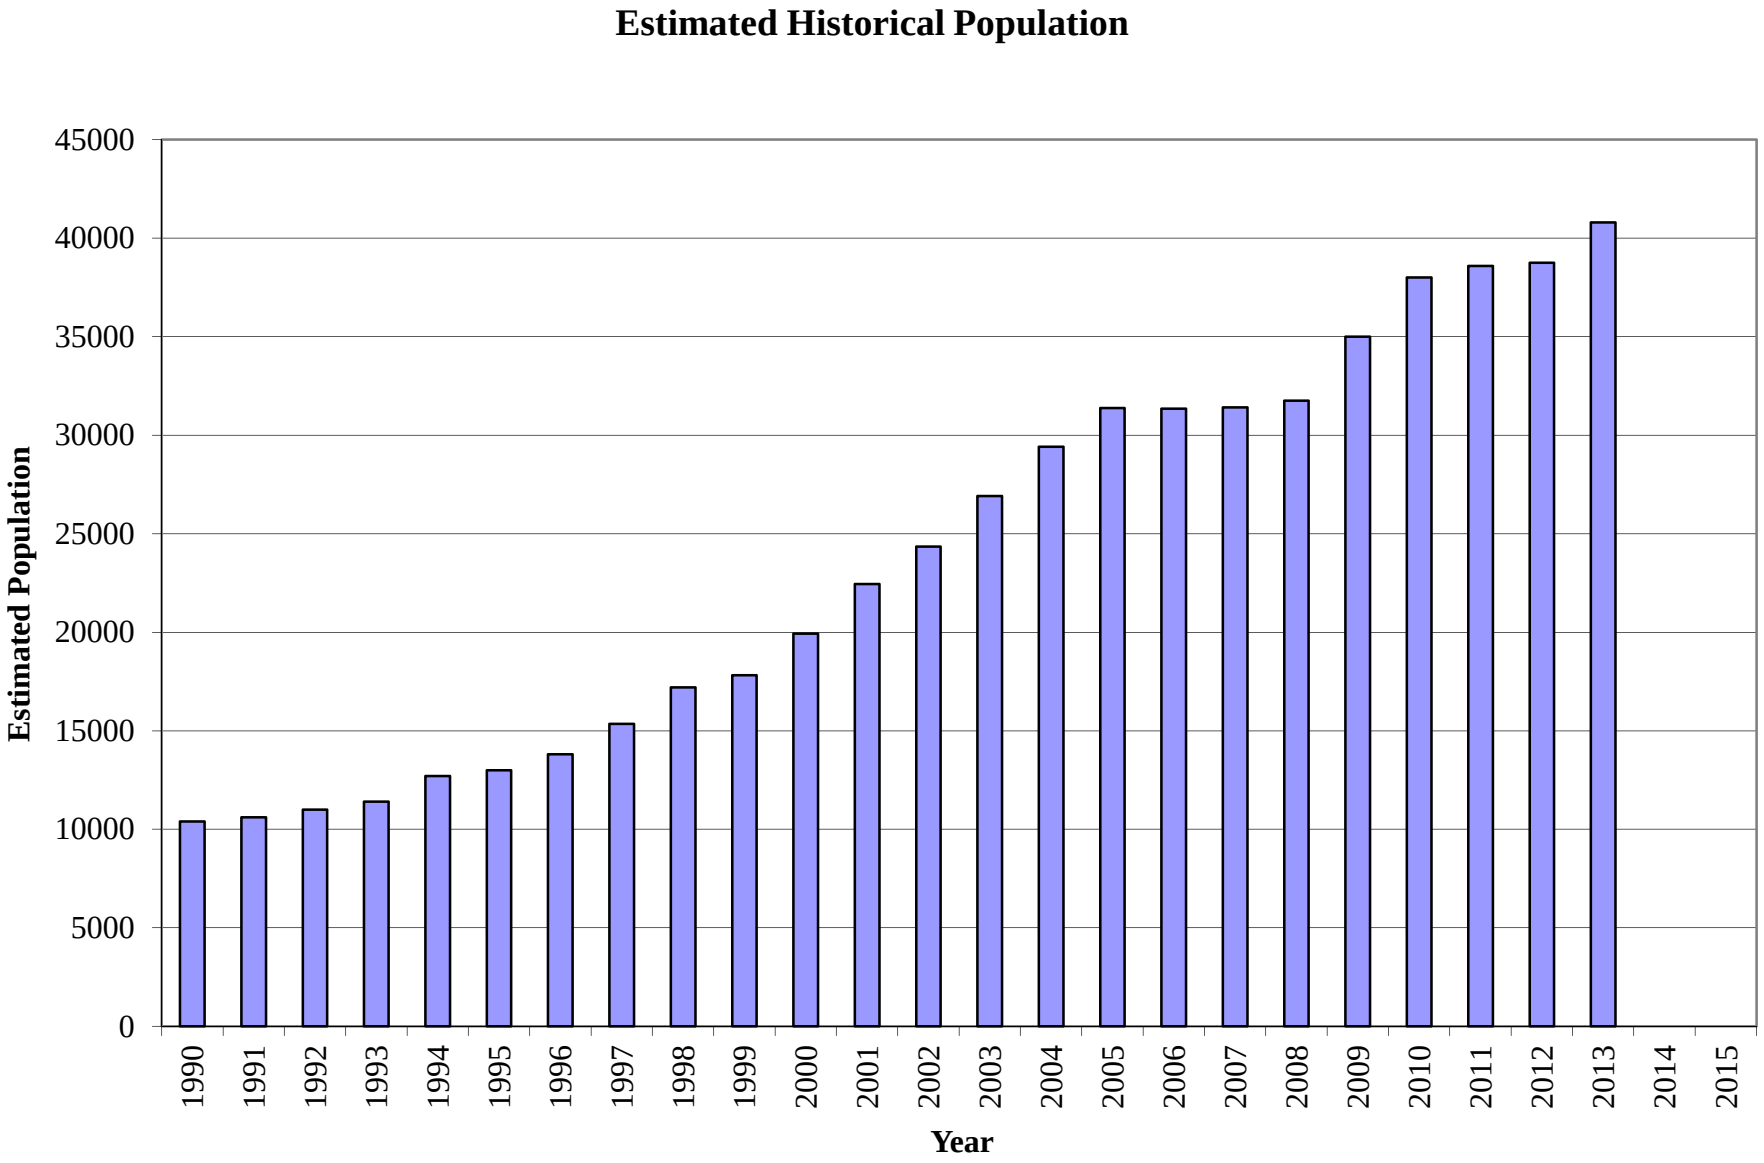
Conservation measures planned for next year (use additional sheets if necessary):

Continue with measures implemented in past years. Conservation employees are certified water auditors and offer audits to the top water users.

Assistance requested from North Texas Municipal Water District (use additional sheets if necessary):

North Texas Municipal Water District requested that all Member Cities reduce consumption by ten percent (10%) due to continuing drought conditions and Lake Texoma (28% of our water supply) being off line since 2009.

Other (use additional sheets if necessary):



None

IRRIGATION REGULATIONS

262

CITY OF ROCKWALL

ORDINANCE NO. 09-13

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS PROVIDING FOR ARTICLE XIV, IRRIGATION CODE, IN CHAPTER 6 OF THE ROCKWALL CODE OF ORDINANCES IN ORDER TO ESTABLISH THE MINIMUM STANDARDS FOR INSTALLATION OF IRRIGATION SYSTEMS WITHIN THE CORPORATE LIMITS OF THE CITY OF ROCKWALL; PROVIDING FOR A CRIMINAL PENALTY, CLASS C MISDEMEANOR WITH A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Rockwall has determined that water conservation and environmental protection are important issues and concerns affecting the city; and

WHEREAS, properly-installed irrigation systems will conserve water, help avoid wasteful use, and improve the overall quality of life for the citizens of Rockwall; and

WHEREAS, during the 2007 legislative session, the Texas Legislature adopted House Bill 1656; and

WHEREAS, House Bill 1656 amended Chapter 401 of the Texas Local Government Code to require a city with a population of 20,000 or more to regulate the installation of irrigation systems within the corporate limits; and

WHEREAS, the provisions herein are necessary to promote and protect the health, safety, and welfare of the public by creating an urban environment that is protective of the city's water supply and provides an enhanced quality of life for the citizens of the City of Rockwall.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL:

SECTION 1. That the code of ordinances shall be and is hereby amended by repealing section P2902.5.3 of the Residential Code and section 608.16.5 of the Plumbing Code and providing for Article XIV to Chapter 6 to read as follows:

ARTICLE XIV
IRRIGATION CODE

Sec. 6-231. Definitions.

The following words and terms, when used in this ordinance, have the following meanings, unless the context clearly indicates otherwise.

(1) **Air gap**--A complete physical separation between the free flowing discharge end of a potable water supply pipeline and an open or non-pressure receiving vessel.

(2) **Atmospheric Vacuum Breaker**--An assembly containing an air inlet valve, a check seat, and an air inlet port. The flow of water into the body causes the air inlet valve to close the air inlet port. When the flow of water stops the air inlet valve falls and forms a check against back-siphonage. At the same time it opens the air inlet port allowing air to enter and satisfy the vacuum. Also known as an Atmospheric Vacuum Breaker Back-Siphonage Prevention Assembly.

(3) **Backflow prevention**--The mechanical prevention of reverse flow, or back siphonage, of nonpotable water from an irrigation system into the potable water source.

(4) **Backflow prevention assembly**--Any assembly used to prevent backflow into a potable water system. The type of assembly used is based on the existing or potential degree of health hazard and backflow condition.

(5) **Completion of irrigation system installation**--When the landscape irrigation system has been installed, all minimum standards met, all tests performed, and the irrigator is satisfied that the system is operating correctly.

(6) **Consulting**--The act of providing advice, guidance, review or recommendations related to landscape irrigation systems.

(7) **Cross-connection**--An actual or potential connection between a potable water source and an irrigation system that may contain contaminates or pollutants or any source of water that has been treated to a lesser degree in the treatment process.

(8) **Design**--The act of determining the various elements of a landscape irrigation system that will include, but not be limited to, elements such as collecting site specific information, defining the scope of the project, defining plant watering needs, selecting and laying out emission devices, locating system components, conducting hydraulics calculations, identifying any local regulatory requirements, or scheduling irrigation work at a site. Completion of the various components will result in an irrigation plan.

(9) **Design pressure**--The pressure that is required for an emission device to operate properly. Design pressure is calculated by adding the operating pressure necessary at an emission device to the total of all pressure losses accumulated from an emission device to the water source.

(10) **Double Check Valve**--An assembly that is composed of two independently acting, approved check valves, including tightly closed resilient seated shutoff valves attached at each end of the assembly and fitted with properly located resilient seated test cocks. Also known as a Double Check Valve Backflow Prevention Assembly.

(11) **Emission device**--Any device that is contained within an irrigation system and that is used to apply water. Common emission devices in an irrigation system include, but are not limited to, spray and rotary sprinkler heads, and drip irrigation emitters.

(12) **Employed**--Engaged or hired to provide consulting services or perform any activity relating to the sale, design, installation, maintenance, alteration, repair, or service to irrigation systems. A person is employed if that person is in an employer-employee relationship as defined by Internal Revenue Code, 26 United States Code Service, §3212(d) based on the behavioral control, financial control, and the type of relationship involved in performing employment related tasks.

(13) **Head-to-head spacing**--The spacing of spray or rotary heads equal to the manufacturer's published radius of the head.

(14) **Health hazard**--A cross-connection or potential cross-connection with an irrigation system that involves any substance that may, if introduced into the potable water supply, cause death or illness, spread disease, or have a high probability of causing such effects.

(15) **Hydraulics**--The science of dynamic and static water; the mathematical computation of determining pressure losses and pressure requirements of an irrigation system.

(16) **Inspector**--A licensed plumbing inspector, water district operator, other governmental entity, or irrigation inspector who inspects irrigation systems and performs other enforcement duties for a municipality or water district as an employee or as a contractor.

(17) **Installer**--A person who actually connects an irrigation system to a private or public raw or potable water supply system or any water supply, who is licensed according to Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations).

(18) **Irrigation inspector**--A person who inspects irrigation systems and performs other enforcement duties for a municipality or water district as an employee or as a contractor and is required to be licensed under Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations).

(19) **Irrigation plan**--A scaled drawing of a landscape irrigation system which lists required information, the scope of the project, and represents the changes made in the installation of the irrigation system.

(20) **Irrigation services--**Selling, designing, installing, maintaining, altering, repairing, servicing, permitting, providing consulting services regarding, or connecting an irrigation system to a water supply.

(21) **Irrigation system**--An assembly of component parts that is permanently installed for the controlled distribution and conservation of water to irrigate any type of landscape vegetation in any location, and/or to reduce dust or control erosion. This term does not include a system that is used on or by an agricultural operation as defined by Texas Agricultural Code, §251.002.

(22) **Irrigation technician**--A person who works under the supervision of a licensed irrigator to install, maintain, alter, repair, service or supervise installation of an irrigation system, including the connection of such system in or to a private or public, raw or potable water supply system or any water supply, and who is required to be licensed under Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations).

(23) **Irrigation zone**--A subdivision of an irrigation system with a matched precipitation rate based on plant material type (such as turf, shrubs, or trees), microclimate factors (such as sun/shade ratio), topographic features (such as slope) and soil conditions (such as sand, loam, clay, or combination) or for hydrological control.

(24) **Irrigator**--A person who sells, designs, offers consultations regarding, installs, maintains, alters, repairs, services or supervises the installation of an irrigation system, including the connection of such system to a private or public, raw or potable water supply system or any water supply, and who is required to be licensed under Title 30, Texas Administrative Code, Chapter 30.

(25) **Irrigator-in-Charge**--The irrigator responsible for all irrigation work performed by an exempt business owner, including, but not limited to obtaining permits, developing design plans, supervising the work of other irrigators or irrigation technicians, and installing, selling, maintaining, altering, repairing, or servicing a landscape irrigation system.

(26) **Landscape irrigation**--The science of applying the necessary amount of water to promote or sustain healthy growth of plant material or turf.

(27) **License**--An occupational license that is issued by the Texas Commission on Environmental Quality under Title 30, Texas Administrative Code, Chapter 30 to an individual that authorizes the individual to engage in an activity that is covered by Title 30, Texas Administrative Code, Chapter 30.

(28) **Mainline**--A pipe within an irrigation system that delivers water from the water source to the individual zone valves.

(29) **Maintenance checklist**--A document made available to the irrigation system's owner or owner's representative that contains information regarding the operation and maintenance of the irrigation system, including, but not limited to: checking and repairing the irrigation system, setting the automatic controller, checking the rain or moisture sensor, cleaning filters, pruning grass and plants away from irrigation emitters, using and operating the irrigation system, the precipitation rates of each irrigation zone within the system, any water conservation measures currently in effect from the water purveyor, the name of the water purveyor, a suggested seasonal or monthly watering schedule based on current evapotranspiration data for the geographic region, and the minimum water requirements for the plant material in each zone based on the soil type and plant material where the system is installed.

(30) **Major maintenance, alteration, repair, or service**--Any activity that involves opening to the atmosphere the irrigation main line at any point prior to the discharge side of any irrigation zone control valve. This includes, but is not limited to, repairing or connecting into a main supply pipe, replacing a zone control valve, or repairing a zone control valve in a manner that opens the system to the atmosphere.

(31) **Master valve**--A remote control valve located after the backflow prevention device that controls the flow of water to the irrigation system mainline.

(32) **Matched precipitation rate**--The condition in which all sprinkler heads within an irrigation zone apply water at the same rate.

(33) **New installation**--An irrigation system installed at a location where one did not previously exist.

(34) **Pass-through contract**--A written contract between a contractor or builder and a licensed irrigator or exempt business owner to perform part or all of the irrigation services relating to an irrigation system.

(35) **Potable water**--Water that is suitable for human consumption.

(36) **Pressure Vacuum Breaker**--An assembly containing an independently operating internally loaded check valve and an independently operating loaded air inlet valve located on the discharge side of the check valve. Also known as a Pressure Vacuum Breaker Back-siphonage Prevention Assembly.

(37) **Reclaimed water**--Domestic or municipal wastewater which has been treated to a quality suitable for beneficial use, such as landscape irrigation.

(38) **Records of landscape irrigation activities**—The irrigation plans, contracts, warranty information, invoices, copies of permits, and other documents that relate to the installation, maintenance, alteration, repair, or service of a landscape irrigation system.

(39) **Reduced Pressure Principle Backflow Prevention Assembly**--An assembly containing two independently acting approved check valves together with a hydraulically operating mechanically independent pressure differential relief valve located between the two check valves and below the first check valve.

(40) **Static water pressure**--The pressure of water when it is not moving.

(41) **Supervision**--The on-the-job oversight and direction by a licensed irrigator who is fulfilling his or her professional responsibility to the client and/or employer in compliance with local or state requirements. Also a licensed installer working under the direction of a licensed irrigator or beginning January 1, 2009, an irrigation technician who is working under the direction of a licensed irrigator to install, maintain, alter, repair or service an irrigation system.

(42) **Water conservation**--The design, installation, service, and operation of an irrigation system in a manner that prevents the waste of water, promotes the most efficient use of water, and applies the least amount of water that is required to maintain healthy individual plant material or turf, reduce dust, and control erosion.

(43) **Zone flow**--A measurement, in gallons per minute or gallons per hour, of the actual flow of water through a zone valve, calculated by individually opening each zone valve and obtaining a valid reading after the pressure has stabilized. For design purposes, the zone flow is the total flow of all nozzles in the zone at a specific pressure.

(44) **Zone valve**--An automatic valve that controls a single zone of a landscape irrigation system.

Sec. 6-232. Valid License Required.

Any person who connects an irrigation system to the water supply within the City of Rockwall, must hold a valid license, as defined by Title 30, Texas Administrative Code, Chapter 30 and required by Chapter 1903 of the Texas Occupations Code, or as defined by Chapter 365, Title 22 of the Texas Administrative Code and required by Chapter 1301 of the Texas Occupations Code.

Exemptions

A property owner is not required to be licensed in accordance with Texas Occupations Code, Title 12, §1903.002(c)(1) if he or she is performing irrigation work in a building or on a premises owned or occupied by the person as the person's home. Home or property owner's property must have a current homestead exemption. A home or property owner who installs an irrigation system must meet the standards contained in Title 30, Texas

Administrative Code, Chapter 344 regarding spacing, water pressure, spraying water over impervious materials, rain or moisture shut-off devices or other technology, backflow prevention and isolation valves. The city may, at any point, adopt more stringent requirements for a home or property owner who installs an irrigation system. See Texas Occupations Code §1903.002 for other exemptions to the licensing requirement.

Sec. 6-233. Permit Required.

Any person installing an irrigation system within the City of Rockwall is required to obtain a permit from the city. Any plan approved for a permit must be in compliance with the requirements of this chapter.

Exemptions

(1) An irrigation system that is that an on-site sewage disposal system, as defined by Section 355.002, Health and Safety Code; or

(2) An irrigation system used on or by an agricultural operation as defined by Section 251.002, Agriculture Code; or

(3) An irrigation system connected to a groundwater well used by the property owner for domestic use.

Sec. 6-234. Backflow Prevention Methods and Devices.

(a) Any irrigation system that is connected to the potable water supply must be connected through a backflow prevention method approved by the Texas Commission on Environmental Quality (TCEQ). The backflow prevention device must comply with the 2006 International Plumbing Code and must be certified by the American Society of Sanitary Engineers (ASSE); or the Foundation for Cross-Connection Control and Hydraulic Research, University of Southern California; or the International Code Council - Evaluation Service (ICC-ES); or the International Association of Plumbing and Mechanical Code Officials – Research and Testing (IAPMO R&T); or any other certifying agencies that has equivalent capabilities for both the laboratory and field evaluation of backflow prevention assemblies.

(b) If conditions that present a health hazard exist, one of the following methods must be used to prevent backflow;

(1) An air gap may be used if:

(A) there is an unobstructed physical separation; and

(B) the distance from the lowest point of the water supply outlet to the flood rim of the fixture or assembly into which the outlet discharges is at least one inch or twice the diameter of the water supply outlet, whichever is greater.

(2) Reduced pressure principle backflow prevention assemblies may be used if:

(A) the device is installed at a minimum of 12 inches above ground in a location that will ensure that the assembly will not be submerged; and

B) drainage is provided for any water that may be discharged through the assembly relief valve.

(3) Pressure vacuum breakers may be used if:

(A) no back-pressure condition will occur; and

(B) the device is installed at a minimum of 12 inches above any downstream piping and the highest downstream opening. Pop-up sprinklers are measured from the retracted position from the top of the sprinkler.

(4) Atmospheric vacuum breakers may be used if:

(A) no back-pressure will be present;

(B) there are no shutoff valves downstream from the atmospheric vacuum breaker;

(C) the device is installed at a minimum of six inches above any downstream piping and the highest downstream opening. Pop-up sprinklers are measured from the retracted position from the top of the sprinkler;

(D) there is no continuous pressure on the supply side of the atmospheric vacuum breaker for more than 12 hours in any 24-hour period; and

(E) a separate atmospheric vacuum breaker is installed on the discharge side of each irrigation control valve, between the valve and all the emission devices that the valve controls.

(c) Backflow prevention devices used in applications designated as health hazards must be tested upon installation and annually thereafter.

(d) If there are no conditions that present a health hazard, double check valve backflow prevention assemblies may be used to prevent backflow if the device is tested upon installation and test cocks are used for testing only.

(e) If a double check valve is installed below ground:

(1) test cocks must be plugged, except when the double check valve is being tested;

(2) test cock plugs must be threaded, water-tight, and made of non-ferrous material;

(3) a y-type strainer is installed on the inlet side of the double check valve;

(4) there must be a bed of pea gravel a minimum of 4" deep under the double check valve with a minimum of 6" clearance from the bottom of the double check valve to the bed of gravel

(5) there must be a minimum of 6" clearance around the double check valve for testing.

(f) All irrigation systems found to be without backflow prevention protection that are connected to the potable water supply, must be connected to the potable water supply through an approved, properly installed backflow prevention assembly, before any major maintenance, alteration, repair, or service is performed.

(g) If an irrigation system is connected to a potable water supply through a double check valve, pressure vacuum breaker, or reduced pressure principle backflow assembly and includes an automatic master valve on the system, the automatic master valve must be installed on the discharge side of the backflow prevention assembly.

(h) The irrigator shall ensure the backflow prevention device is tested by a licensed Backflow Prevention Assembly Tester prior to being placed in service and the test results provided to the City of Rockwall and the irrigation system's owner or owner's representative within ten business days of testing of the backflow prevention device. Test results must be submitted on an approved Backflow Prevention Assembly Test and Maintenance Report form.

Sec. 6-235. Specific Conditions and Cross-Connection Control.

(a) Before any chemical is added to an irrigation system connected to the potable water supply, the irrigation system must be connected through a reduced pressure principle backflow prevention assembly or air gap.

(b) Connection of any additional water source to an irrigation system that is connected to the potable water supply can only be done if the irrigation system is connected to the potable water supply through a reduced-pressure principle backflow prevention assembly or an air gap.
(c) Irrigation system components with chemical additives induced by aspiration, injection, or emission system connected to any potable water supply must be connected through a reduced pressure principle backflow device.
(d) If an irrigation system is designed or installed on a property that is served by an on-site sewage facility, as defined in Title 30, Texas Administrative Code, Chapter 285, then:

(1) all irrigation piping and valves must meet the separation distances from the On-Site Sewage Facilities system as required for a private water line in Title 30, Texas Administrative Code, Section 285.91(10);

(2) any connections using a private or public potable water source that is not the city's potable water system must be connected to the water source through a reduced pressure principle backflow prevention assembly as defined in Title 30, Texas Administrative Code, Section 344.50; and

(3) any water from the irrigation system that is applied to the surface of the area utilized by the On-Site Sewage Facility system must be controlled on a separate irrigation zone or zones so as to allow complete control of any irrigation to that area so that there will not be excess water that would prevent the On-Site Sewage Facilities system from operating effectively.

Sec. 6-236. Water Conservation.

All irrigation systems shall be designed, installed, maintained, altered, repaired, serviced, and operated in a manner that will promote water conservation as defined in the Definitions section of this ordinance.

Sec. 6-237. Irrigation Plan Design: Minimum Standards.

(a) An irrigator shall prepare an irrigation plan for each site where a new irrigation system will be installed. A paper or electronic copy of the irrigation plan must be on the job site at all times during the installation of the irrigation system. A drawing showing the actual installation of the system is due to each irrigation system owner after all new irrigation system installations. During the installation of the irrigation system, variances from the original plan may be authorized by the licensed irrigator if the variance from the plan does not:

(1) diminish the operational integrity of the irrigation system;

(2) violate any requirements of this ordinance; and

(3) go unnoted in red on the irrigation plan.

(b) The irrigation plan must include complete coverage of the area to be irrigated. If a system does not provide complete coverage of the area to be irrigated, it must be noted on the irrigation plan.

(c) All irrigation plans used for construction must be drawn to scale. The plan must include, at a minimum, the following information:

(1) the irrigator's seal, signature, and date of signing;

(2) all major physical features and the boundaries of the areas to be watered;

(3) a North arrow;

(4) a legend;

(5) the zone flow measurement for each zone;

(6) location and type of each:

(A) controller; and

(B) sensor (for example, but not limited to, rain, moisture, wind, flow, or freeze);

(7) location, type, and size of each:

(A) water source, such as, but not limited to a water meter and point(s) of connection;

(B) backflow prevention device;

(C) water emission device, including, but not limited to, spray heads, rotary sprinkler heads, quick-couplers, bubblers, drip, or micro-sprays;

(D) valve, including but not limited to, zone valves, master valves, and isolation valves;

(E) pressure regulation component; and

(F) main line and lateral piping.

(8) the scale used; and

(9) the design pressure.

Sec. 6-238. Design and Installation: Minimum Requirements.

(a) No irrigation design or installation shall require the use of any component, including the water meter, in a way which exceeds the manufacturer's published performance limitations for the component.

(b) Spacing.

(1) The maximum spacing between emission devices must not exceed the manufacturer's published radius or spacing of the device(s). The radius or spacing is determined by referring to the manufacturer's published specifications for a specific emission device at a specific operating pressure.

(2) New irrigation systems shall not utilize above-ground spray emission devices in landscapes that are less than 48 inches not including the impervious surfaces in either length or width and which contain impervious pedestrian or vehicular traffic surfaces along two or more perimeters. If pop-up sprays or rotary sprinkler heads are used in a new irrigation system, the sprinkler heads must direct flow away from any adjacent surface and shall not be installed closer than four inches from a hardscape, such as, but not limited to, a building foundation, fence, concrete, asphalt, pavers, or stones set with mortar.

(3) Narrow paved walkways, jogging paths, golf cart paths or other small areas located in cemeteries, parks, golf courses or other public areas may be exempted from this requirement if the runoff drains into a landscaped area.

(c) Water pressure. Emission devices must be installed to operate at the minimum and not above the maximum sprinkler head pressure as published by the manufacturer for the nozzle and head spacing that is used. Methods to achieve the water pressure requirements include, but are not limited to, flow control valves, a pressure regulator, or pressure compensating spray heads.

(d) Piping. Piping in irrigation systems must be designed and installed so that the flow of water in the pipe will not exceed a velocity of five feet per second for polyvinyl chloride (PVC) pipe.

(e) Irrigation Zones. Irrigation systems shall have separate zones based on plant material type, microclimate factors, topographic features, soil conditions, and hydrological requirements.

(f) Matched precipitation rate. Zones must be designed and installed so that all of the emission devices in that zone irrigate at the same precipitation rate.

(g) Irrigation systems shall not spray water over surfaces made of concrete, asphalt, brick, wood, stones set with mortar, or any other impervious material, such as, but not limited to, walls, fences, sidewalks, streets, etc.

(h) Master valve. When provided, a master valve shall be installed on the discharge side of the backflow prevention device on all new installations.

(i) PVC pipe primer solvent. All new irrigation systems that are installed using PVC pipe and fittings shall be primed with a colored primer prior to applying the PVC cement in accordance with the International Plumbing Code (Section 605.22.2).

(j) Rain or moisture shut-off devices or other technology. All new automatically controlled irrigation systems must include sensors or other technology designed to inhibit or interrupt operation of the irrigation system during periods of moisture or rainfall. Rain or moisture shut-off technology must be installed according to the manufacturer's published recommendations. Repairs to existing automatic irrigation systems that require replacement of an existing controller must include a sensor or other technology designed to inhibit or interrupt operation of the irrigation system during periods of moisture or rainfall.

(k) Isolation valve. All new irrigation systems must include an isolation valve between the water meter and the backflow prevention device. The isolation valve must be a ball valve and be equipped with a stainless steel handle. The ball valve must be installed within a plastic valve or meter box large enough as not to hamper operation or repair.

(l) Depth coverage of piping. Piping in all irrigation systems must be installed according to the manufacturer's published specifications for depth coverage of piping.

(1) If the manufacturer has not published specifications for depth coverage of piping, the piping must be installed to provide minimum depth coverage of six inches of select backfill, between the top of the pipe and the natural grade of the topsoil. All portions of the irrigation

system that fail to meet this standard must be noted on the irrigation plan. If the area being irrigated has rock at a depth of six inches or less, select backfill may be mounded over the pipe. Mounding must be noted on the irrigation plan and discussed with the irrigation system owner or owner's representative to address any safety issues.

(2) If a utility, man-made structure, or roots create an unavoidable obstacle, which makes the six-inch depth coverage requirement impractical, the piping shall be installed to provide a minimum of two inches of select backfill between the top of the pipe and the natural grade of the topsoil.

(3) All trenches and holes created during installation of an irrigation system must be backfilled and compacted to the original grade.

(m) Wiring irrigation systems.

(1) Underground electrical wiring used to connect an automatic controller to any electrical component of the irrigation system must be listed by Underwriters Laboratories as acceptable for burial underground.

(2) Electrical wiring that connects any electrical components of an irrigation system must be sized according to the manufacturer's recommendation.

(3) Electrical wire splices which may be exposed to moisture must be waterproof as certified by the wire splice manufacturer.

(4) Underground electrical wiring that connects an automatic controller to any electrical component of the irrigation system must be buried with a minimum of six inches of select backfill.

(n) Water contained within the piping of an irrigation system is deemed to be non-potable. No drinking or domestic water usage, such as, but not limited to, filling swimming pools or decorative fountains, shall be connected to an irrigation system. If a hose bib (an outdoor water faucet that has hose threads on the spout) is connected to an irrigation system for the purpose of providing supplemental water to an area, the hose bib must be installed using a quick coupler key on a quick coupler installed in a covered purple valve box and the hose bib and any hoses connected to the bib must be labeled "non potable, not safe for drinking." An isolation valve must be installed upstream of a quick coupler connecting a hose bib to an irrigation system.

(o) Beginning January 1, 2010, either a licensed irrigator or a licensed irrigation technician shall be on-site at all times while the landscape irrigation system is being installed. When an irrigator is not onsite, the irrigator shall be responsible for ensuring that a licensed irrigation technician is on-site to supervise the installation of the irrigation system.

(p) All new automatically controlled irrigation systems must include sensors or other technology designed to inhibit or interrupt operation of the irrigation system during periods of freezing weather.

Sec. 6-239. Completion of Irrigation System Installation.

Upon completion of the irrigation system, the irrigator or irrigation technician who provided supervision for the on-site installation shall be required to complete four items:

(1) a final "walk through" with the irrigation system's owner or the owner's representative to explain the operation of the system;

(2) The maintenance checklist on which the irrigator or irrigation technician shall obtain the signature of the irrigation system's owner or owner's representative and shall sign, date, and seal the checklist. If the irrigation system's owner or owner's representative is unwilling or unable to sign the maintenance checklist, the irrigator shall note the time and date of the refusal on the irrigation system's owner or owner's representative's signature line. The irrigation system owner or owner's representative will be given the original maintenance checklist and a duplicate copy of the maintenance checklist shall be maintained by the irrigator. The items on the maintenance checklist shall include but are not limited to:

(A) the manufacturer's manual for the automatic controller, if the system is automatic;

(B) a seasonal (spring, summer, fall, winter) watering schedule based on either current/real time evapotranspiration or monthly historical reference evapotranspiration (historical ET) data, monthly effective rainfall estimates, plant landscape coefficient factors, and site factors;

(C) a list of components, such as the nozzle, or pump filters, and other such components; that require maintenance and the recommended frequency for the service; and

(D) the statement, "This irrigation system has been installed in accordance with all applicable state and local laws, ordinances, rules, regulations or orders. I have tested the system and determined that it has been installed according to the Irrigation Plan and is properly adjusted for the most efficient application of water at this time."

(3) A permanent sticker which contains the irrigator's name, license number, company name, telephone number and the dates of the warranty period shall be affixed to each automatic controller installed by the irrigator or irrigation technician. If the irrigation system is manual, the sticker shall be affixed to the original maintenance checklist. The information contained on the sticker must be printed with waterproof ink and include:

(4) The irrigation plan indicating the actual installation of the system must be provided to the irrigation system's owner or owner representative.

Sec. 6-240. Maintenance, Alteration, Repair, or Service of Irrigation Systems.

(a) The licensed irrigator is responsible for all work that the irrigator performed during the maintenance, alteration, repair, or service of an irrigation system during the warranty period. The irrigator or business owner is not responsible for the professional negligence of any other irrigator who subsequently conducts any irrigation service on the same irrigation system.

(b) All trenches and holes created during the maintenance, alteration, repair, or service of an irrigation system must be returned to the original grade with compacted select backfill.

(c) Colored PVC pipe primer solvent must be used on all pipes and fittings used in the maintenance, alteration, repair, or service of an irrigation system in accordance with the International Plumbing Code (Section 605.22.2).

(d) When maintenance, alteration, repair or service of an irrigation system involves excavation work at the water meter or backflow prevention device, an isolation valve shall be installed, if an isolation valve is not present.

Sec. 6-241. Reclaimed Water.

Reclaimed water may be utilized in landscape irrigation systems if:
(1) there is no direct contact with edible crops, unless the crop is pasteurized before consumption;
(2) the irrigation system does not spray water across property lines that do not belong to the irrigation system's owner;
(3) the irrigation system is installed using purple components;
(4) the domestic potable water line is connected using an air gap or a reduced pressure principle backflow prevention device, in accordance with Title 30, Texas Administrative Code, Section 290.47(i) (relating to Appendices);
(5) a minimum of an eight inch by eight inch sign, in English and Spanish, is prominently posted on/in the area that is being irrigated, that reads, "RECLAIMED WATER – DO NOT DRINK" and "AGUA DE RECUPERACIÓN – NO BEBER"; and
(6) backflow prevention on the reclaimed water supply line shall be in accordance with the regulations of the city's water provider.

Sec. 6-242. Advertisement Requirements.

(a) All vehicles used in the performance of irrigation installation, maintenance, alteration, repair, or service must display the irrigator's license number in the form of "LI_____" in a contrasting color of block letters at least two inches high, on both sides of the vehicle.

(b) All forms of written and electronic advertisements for irrigation services must display the irrigator's license number in the form of "LI_____." Any form of advertisement, including business cards, and estimates which displays an entity's or individual's name other than that of the licensed irrigator must also display the name of the licensed irrigator and the licensed irrigator's license number. Trailers that advertise irrigation services must display the irrigator's license number.

(c) The name, mailing address, and telephone number of the commission must be prominently displayed on a legible sign and displayed in plain view for the purpose of addressing complaints at the permanent structure where irrigation business is primarily conducted and irrigation records are kept.

Sec. 6-243. Contracts.

(a) All contracts to install an irrigation system must be in writing and signed by each party and must specify the irrigator's name, license number, business address, current business

telephone numbers, the date that each party signed the agreement, the total agreed price, and must contain the statement, "Irrigation in Texas is regulated by the Texas Commission on Environmental Quality (TCEQ), MC-178, P.O. Box 13087, Austin, Texas 78711-3087. TCEQ's website is: www. tceq.state.tx.us." All contracts must include the irrigator's seal, signature, and date.

(b) All written estimates, proposals, bids, and invoices relating to the installation or repair of an irrigation system(s) must include the irrigator's name, license number, business address, current business telephone number(s), and the statement: "Irrigation in Texas is regulated by the Texas Commission On Environmental Quality (TCEQ) (MC-178), P.O. Box 13087, Austin, Texas 78711-3087. TCEQ's web site is: www.tceq.state.tx.us."

(c) An individual who agrees by contract to provide irrigation services as defined in Title 30, Texas Administrative Code, Section 344.30 (relating to License Required) shall hold an irrigator license issued under Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations) unless the contract is a pass-through contract as defined in Title 30, Texas Administrative Code, Section 344.1(36) (relating to Definitions). If a pass-through contract includes irrigation services, then the irrigation portion of the contract can only be performed by a licensed irrigator. If an irrigator installs a system pursuant to a pass-through contract, the irrigator shall still be responsible for providing the irrigation system's owner or through contract; the irrigator shall still be responsible for providing the irrigation system's owner or owner's representative a copy of the warranty and all other documents required under this chapter. A pass-through contract must identify by name and license number the irrigator that will perform the work and must provide a mechanism for contacting the irrigator for irrigation system warranty work.

(d) The contract must include the dates that the warranty is valid.

Sec. 6-244. Warranties for Systems.

(a) On all installations of new irrigation systems, an irrigator shall present the irrigation system's owner or owner's representative with a written warranty covering materials and labor furnished in the new installation of the irrigation system. The irrigator shall be responsible for adhering to terms of the warranty. If the irrigator's warranty is less than the manufacturer's warranty for the system components, then the irrigator shall provide the irrigation system's owner or the owner's representative with applicable information regarding the manufacturer's warranty period. The warranty must include the irrigator's seal, signature, and date. If the warranty is part of an irrigator's contract, a separate warranty document is not required.

(b) An irrigator's written warranty on new irrigation systems must specify the irrigator's name, business address, and business telephone number(s), must contain the signature of the irrigation system's owner or owner's representative confirming receipt of the warranty and must include the statement: "Irrigation in Texas is regulated by the Texas Commission on Environmental Quality (TCEQ), MC-178, P.O. Box 130897, Austin, Texas 78711-3087. TCEQ's website is: www.tceq.state.tx.us."

(c) On all maintenance, alterations, repairs, or service to existing irrigation systems, an irrigator shall present the irrigation system's owner or owner's representative a written document that identifies the materials furnished in the maintenance, alteration, repair, or service. If a warranty is provided, the irrigator shall abide by the terms. The warranty document must include the irrigator's name and business contact information.

Sec. 6-245. Duties and Responsibilities of City Irrigation Inspectors.

A licensed irrigation inspector shall enforce the ordinance of the city, and shall be responsible for:
(1) verifying that the appropriate permits have been obtained for an irrigation system and that the irrigator and installer or irrigation technician, if applicable, are licensed;
(2) inspecting the irrigation system;
(3) determining that the irrigation system complies with the requirements of this chapter;
(4) determining that the appropriate backflow prevention device was installed, tested, and test results provided to the city;
(5) investigating complaints related to irrigation system installation, maintenance, alteration, repairs, or service of an irrigation system and advertisement of irrigation services; and
(6) maintaining records according to this chapter.

Sec. 6-246. Items not covered by this ordinance.

Any item not covered by their ordinance and required by law shall be governed by the Texas Occupations Code, the Texas Water Code, Title 30 of the Texas Administrative Code, and any other applicable state statute or Texas Commission on Environmental Quality rule.

Sec. 6-247. Fees.

Building permit fees shall be established by resolution of the city council.

Sec. 6-248. Irrigation systems within the public right of way.

The city shall not be held liable for any damage of any system, which results from the installation or repair of, or improvement of any street or utility. Any homeowner or irrigator who installs a lawn sprinkler system between the curb and sidewalk or elsewhere within the public right of way shall likewise hold the city harmless against any claim or injury to persons or damage to property that any member of the public may suffer by reason of installation of said lawn sprinkling system between said curb and sidewalk or within the public right of way.

Sec. 6-249. Enforcement.

(a) The city shall have the power to administer and enforce the provisions of this chapter as may be required by governing law. Any person, firm, corporation or agent who shall violate a provision of this code, or fails to comply therewith, or with any of the requirements thereof, is subject to suit for injunctive relief as well as prosecution for criminal violations. Any violation of the ordinance codified in this chapter is declared to be a nuisance.

(b) Any person violating any provision of chapter shall, upon conviction, be fined a sum not exceeding $2000.00. Each day that a provision of this chapter is violated shall constitute a separate offense. An offense under this chapter is a Class C misdemeanor, punishable by a fine of up to $2000.00.

(c) Nothing in this chapter shall be construed as a waiver of the city's right to bring a civil action

to enforce the provisions of this chapter and to seek remedies as allowed by law, including, but not limited to the following:

(1) Injunctive relief to prevent specific conduct that violates the ordinance or to require specific conduct that is necessary for compliance with the ordinance; and

(2) Other available relief.

Secs. 6-250----6-254 Reserved.

SECTION 2: That if any provision or any section of this ordinance shall be held to be void or unconstitutional, such holding shall in no way affect the validity of the remaining provisions or sections of this ordinance, which shall remain in full force and effect.

SECTION 3. Any person, firm or corporation violating any of the provisions of this ordinance shall upon conviction be subject to a fine in accordance with the general provisions of the Code of Ordianances.

SECTION 4. That this ordinance shall take effect immediately from and after its passage and approval, and it is so ordained.

PASSED AND APPROVED this16th day of March, 2009.

APPENDIX F

LETTERS TO REGIONAL WATER PLANNING GROUPS

280

City of Rockwall
The New Horizon

Date: April 22, 2014

Region C Water Planning Group
c/o North Texas Municipal Water District
P.O. Box 2408
Wylie, TX 75098

Dear Sir:

Enclosed please find a copy of the updated Drought Contingency and Water Emergency Response Plan for the City of Rockwall of the North Texas Municipal Water District. I am submitting a copy of this plan to the Region C Water Planning Group in accordance with the Texas Water Development Board and Texas Commission on Environmental Quality rules. The City of Rockwall adopted the Drought Contingency and Water Emergency Response Plan on April 21, 2014.

Sincerely,

Rick Crowley
City Manager

City of Rockwall
The New Horizon

Date: April 22, 2014

Mr. Brett McCoy
Chair, Region D Water Planning Group
700 CR3347
Omaha, TX 75571

Dear Mr. McCoy:

Enclosed please find a copy of the updated Drought Contingency and Water Emergency Response Plan for the City of Rockwall of the North Texas Municipal Water District. I am submitting a copy of this plan to the Region C Water Planning Group in accordance with the Texas Water Development Board and Texas Commission on Environmental Quality rules. The City of Rockwall adopted the Drought Contingency and Water Emergency Response Plan on April 21, 2014.

Sincerely,

Rick Crowley
City Manager

APPENDIX G

SERVICE REGULATIONS

283

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 09-22

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES OF THE CITY OF ROCKWALL IN CHAPTER 26, ARTICLE V, DIVISION 2, SERVICE REGULATIONS; PROVIDING FOR A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2000.00) FOR EACH OFFENSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Rockwall recognizes that the amount of water available to its water customers is limited; and

WHEREAS, pursuant to Chapter 54 of the Local Government Code, the City is authorized to adopt such policies necessary to preserve and conserve available water supplies; and

WHEREAS, the City seeks to adopt an ordinance pertaining to illegal water connections and theft of water.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL:

SECTION 1. That the Code of Ordinances shall be amended in Chapter 26, Article V, Division 2, which shall hereinafter read in the entirety as set forth in Exhibit "A" attached hereto made a part hereof for all purposes.

SECTION 2. That if any provision or any section of this ordinance shall be held to be void or unconstitutional, such holding shall in no way affect the validity of the remaining provisions or sections of this ordinance, which shall remain in full force and effect.

SECTION 3. Any person, firm or corporation violating any of the provisions of this ordinance shall, upon conviction, be subject to a fine in accordance with Section 1-7 of the General Provision of the Code of Ordinances.

SECTION 4. That this ordinance shall take effect immediately from and after its passage and approval, and it is so ordained.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS this **18th** day of **May, 2009**.

"EXHIBIT A"

CHAPTER 26

ARTICLE V. WATER

DIVISION 2

SERVICE REGULATIONS

Sec. 26-131. Application for service required; who may apply; responsibility for bill.

(a) Each consumer desiring water from the City of Rockwall's water supply system shall make application. The application shall contain the purpose for which the water is desired, and shall agree to the terms and conditions upon which water will be furnished and to the rules, regulations and ordinances of the City. Upon such application being filed with the City, the applicant is authorized the use of water from the City's water system for specified purposes.

(b) No application for the use of water shall be filed by any person other than the owner, renter or duly authorized agent, and such owner, renter or authorized agent when making application, shall be liable for the fees charged for the use of water.

Sec. 26-132. Permits to be approved by the City before water is turned on.
All applications for water from the City's water system, when a new service has been installed, shall be approved by the City after inspection, before the water will be turned on.

Sec. 26-133. Permit required for taps, etc.
No new tap or new service or addition, extension or alteration of any tap or service, shall be made or caused to be made by any consumer, except through a licensed plumber or utility contractor and after obtaining a permit from the City.

Sec. 26-134. Connection permits.
Applications for permits to connect water service pipes or mains with the distribution mains shall be made to the City, together with a fee as specified in Article II of this chapter and Chapter 24, Subdivision Regulations, Article III, paid in advance to the City for inserting the service pipe or main and conveying it to the curb line. Such permit shall be the plumber or utility contractors authority for making the connection with the street service, laying pipes and doing all work necessary to make the service complete. Any application for a second permit to the same premises will be charged an equal fee for inserting the service pipe and conveying it to the curb line.

Sec. 26-135. Permit applications to be made by a licensed plumber or utility contractor.
All applications for permits required by this article shall be made only by a licensed plumber or utility contractor working for the property owner or his authorized agent.

Sec. 26-136. Turn-on of water restricted.
No person may knowingly cause, suffer or allow the initiation or restoration of water service to the property after termination of service(s) without the written consent of the City. For purposes of this section, it shall be assumed that the owner, occupant, or person in control of the property caused, suffered, or allowed the unlawful initiation or restoration of service(s).

Sec. 26-137. Maintenance and conservation requirements of consumer.
All consumers of water from the City's water system shall keep their service pipes and all fixtures connected in good condition and repair to prevent unnecessary waste of water.

Sec. 26-138. Shutoff of water for waste.
Where water is wasted by reason of the water fixtures and service pipe being out of order, through neglect of the consumer, agents or tenants, after notice thereof from the City, if the consumer refuses to repair such fixtures or pipe, the water shall be immediately turned off and withheld from such premises until repairs have been made.

Sec. 26-139. Consumers not to permit others to use water; penalty.
No consumer of City water shall permit any other person to use water from their tap, hydrant, faucet or other device to provide water to an additional property, except when authorized by the City. In the case of a violation of this section, the water shall be immediately turned off in addition to any other penalty otherwise provided.

Sec. 26-140. Use of water from public connections restricted.
No consumer or other person shall take water for private use from any public fire hydrant, hydrant, fountain or similar public water source without the consent of the City.

Sec. 26-141. Interference with system apparatus.
A person may not knowingly tamper, connect to, or alter any component of the City's water system including, but not limited to: valves, meters, meter boxes, lids, hydrants, lines, pump stations, ground storage tanks, and elevated tanks. This shall include direct or indirect efforts to initiate or restore water service without the approval of the City.

Groundwater Conservation District: N/A

Form Completed By: Irene Hatcher Title: Conservation / Public Works Coordinator

Signature: _____ Date: Click here to enter a date.

Contact information for the person or department responsible for implementing the water conservation plan:

Name: Rick Crowley Phone: 972-771-7700 Email: rcrowley@rockwall.com

Report Completed on Date: Click here to enter a date.

Reporting Period (**check only one**):

☐ Fiscal Period Begin:Click here to enter a date. Period End: Click here to enter a date.

☒ Calendar Period Begin: January 2009 Period End: December 2013

Please check all of the following that apply to your entity:

☐ A surface water right holder of 1,000 acre-feet/year or more for non-irrigation uses
☐ A surface water right holder of 10,000 acre-feet/year or more for irrigation uses

Important

If your entity meets the following description, please skip page 3 and go directly to page 4.

Your entity is a Wholesale Public Water Supplier that ONLY provides wholesale water services for public consumption. For example, you only provide wholesale water to other municipalities or water districts.

Water Use Accounting

Retail Water Sold: *All retail water sold for public use and human consumption.*

Helpful Hints: There are two options available for you to provide the requested information. Both options ask the same information; however, the level of detail and break down of information differs between the two options. Please select just one option that works best for your entity and fill in the fields as completely as possible.

For the five-year reporting period, enter the gallons of **RETAIL water sold** in each major water use category. Use **only one** of the following options.

Option 1

Water Use Category*	**Gallons Sold**
Single Family Residential	
Multi-Family Residential	
TOTAL Residential Use[1]	0
Industrial	
Commercial	
Institutional	
TOTAL Retail Water Sold[2]	0

1. [SF Res +MF Res = Residential Use]
2. [Res +Ind +Com +Ins = Retail Water Sold]

Option 2

Water Use Category *	**Thousand Gallons Sold**
Residential Select all of the sectors that your account for as "Residential". ☒Single Family ☒ Multi-Family	7,788,242
Commercial Please select all of the sectors that your account for as "Commercial". ☒ Commercial ☐ Multi-Family ☐ Industrial ☐ Institutional	2,566,286
Industrial Please select all of the sectors that your account for as "Industrial". ☒Industrial ☐ Commercial ☐ Institutional	28,907
Other Please select all of the sectors that your account for as "Other". ☐Commercial ☐Multi-Family ☐ Industrial ☒ Institutional	489,885
TOTAL Retail Water Sold[1]	10,873,321

1. [Res +Com +Ind + Other = Retail Water Sold]

Wholesale Water Exported: *Wholesale water sold or transferred out of the distribution system.*

For the five-year reporting period, enter the gallons of **WHOLESALE water exported** to each major water use category.

Water Use Category*	**Gallons of Exported Wholesale Water**
Municipal Customers	4,827,630
Agricultural Customers	
Industrial Customers	
Commercial Customers	
Institutional Customers	
TOTAL Wholesale Water Exported [1]	**4,827,630**

1. [Mun +Agr +Ind +Com +Ins = Wholesale Water Exported]

System Data

	Total Gallons During the Five-Year Reporting Period
Water Produced: Volume produced from own sources	0
Wholesale Water Imported : Purchased wholesale water imported from other sources into the distribution system	16,150,727
Wholesale Water Exported: Wholesale water sold or transferred out of the distribution system (Insert Total Volume calculated on Page 4)	4,827,630
TOTAL System Input : Total water supplied to the infrastructure	11,323,097 [Produced + Imported – Exported = System Input]
Retail Water Sold : All retail water sold for public use and human consumption (Insert Total Residential Use from Option 1 or Option 2 calculated on Page 3)	10,873,321
Other Consumption Authorized for Use but not Sold: - back flushing water - line flushing - storage tank cleaning - golf courses - fire department use - parks - municipal government offices	19,258
TOTAL Authorized Water Use: All water that has been authorized for use or consumption.	10,892,579 [Retail Water Sold + Other Consumption = Total Authorized]
Apparent Losses – Water that has been consumed but not properly measured (Includes customer meter accuracy, systematic data discrepancy, un- authorized consumption such as theft)	77,882
Real Losses – Physical losses from the distribution system prior to reaching the customer destination (Includes physical losses from system or mains, reported breaks and leaks, storage overflow)	11,428
Unidentified Water Losses	341,208 [System Input- Total Authorized - Apparent Losses - Real Losses = Unidentified Water Losses]
TOTAL Water Loss	430,518.00 [Apparent + Real + Unidentified = Total Water Loss]

Targets and Goals

In the table below, please provide the **specific and quantified five and ten-year targets for water savings** listed in your water conservation plan.

Date	Target for: Total GPCD	Target for: Water Loss (expressed in GPCD)	Target for: Water Loss Percentage (expressed in Percentage)
Five-year target date: 7/6/2014	171.7	9	5%
Ten-year target date: 7/6/2019	162.7	18	11%

Are targets in the water conservation plan being met? Yes ☒ No ☐

If these targets are not being met, provide an explanation as to why, including any progress on these targets: Click here to enter text.

Gallons per Capita per Day (GPCD) and Water Loss

Compare your current gpcd and water loss to the above targets and goals set in your previous water conservation plan.

Total System Input in Gallons	Permanent Population	Current GPCD
11,323,097,000 [Produced + Imported – Exported = System Input]	39,714	156 [(System Input ÷ Permanent Population) /5/ 365]

Permanent Population is the total permanent population of the service area. This includes single family, multi-family, and group quarter populations.

Total Residential Use	Permanent Population	Residential GPCD
7,788,242,000	38,747	110 [(Residential Use ÷ Residential Population) / 5/ 365]

1. Residential Population is the total residential population of the service area including single & multi-family population.

Total Water Loss	Total System Input in Gallons	Permanent Population	Water Loss calculated in	
			GPCD [1]	Percent [2]
430,518,000 [Apparent + Real + Unidentified = Total Water Loss]	11,323,097,000 [Water Produced + Wholesale Imported - Wholesale Exported]	39,714	6	3.8

1. [Total Water Loss ÷ Permanent Population] / 5/ 365 = Water Loss GPCD]
2. [Total Water Loss ÷ Total System Input] x 100 = Water Loss Percentage]

Water Conservation Programs and Activities

As you complete this section, please review your water conservation plan to see if you are making progress towards meeting your stated goals.

1. Water Conservation Plan

What year did your entity adopt, or revise, their most recent water conservation plan: 2009

Does the plan incorporate Best Management Practices? Yes ☒ No ☐

2. Water Conservation Programs

For the reporting period, please select the types of activities and programs that have been actively administered, and estimate the expense and savings that incurred in implementing the conservation activities and programs for the past five years. Leave the field blank if unknown:

Program or Activity	Estimated Expenses	Estimated Gallons Saved
Conservation Analysis & Planning		
☒ Conservation Coordinator		
☐ Water Survey for Single-Family and Multi-Family Customers		
Financial		
☐ Wholesale Agency Assistance Programs		
☐ Water Conservation Pricing/ Rate Structures		
System Operations		
☐ Water Loss Audits		
☒ Leak Detection		
☐ Universal Metering and Metering Repair		
Landscaping		

☐ Landscape Irrigation Conservation and Incentives		
☐ Athletic Fields Conservation		
☒ Golf Course Conservation		
☒ Park Conservation		
Education & Public Awareness		
☐ School Education		
☒ Public Information		
Rebate, Retrofit, and Incentive Programs		
☐ Conservation Programs for ICI Accounts		
☐ Residential Clothes Washer Incentive Program		
☐ Water Wise Landscape Design and Conversion Programs		
☐ Showerhead, Aerator, and Toilet Flapper Retrofit		
☐ Residential Toilet Replacement Programs		
☐ Rainwater Harvesting Incentive Program		
☐ ICI Incentive Programs		
Conservation Technology		
☒ Recycling and Reuse Programs (Water or Wastewater Effluent)		
☐ Rainwater Harvesting and Condensate Reuse Programs		
Regulatory and Enforcement		
☒ Prohibition on Wasting Water		
TOTAL	$ 0.00	0

3. Reuse (Water or Wastewater Effluent)

For the reporting period, please provide the following data regarding the types of direct and indirect reuse activities that were administered for the past five years:

Reuse Activity	Estimated Volume (in gallons)
On-site irrigation	
Plant wash down	
Chlorination/de-chlorination	
Industrial	
Landscape irrigation (parks, golf courses)	311,951,000
Agricultural	
Other, please describe:	
Estimated Volume of Recycled or Reuse	311,951,000

4. Water Savings

For the five-year reporting period, estimate the total savings that resulted from your overall water conservation activities and programs?

Estimated Gallons Saved (Total from Conservation Programs Table)	**Estimated Gallons Recycled or Reused** (Total from Reuse Table)	**Total Volume of Water Saved** [1]	**Dollar Value of Water Saved** [2]
		311,951,000	

1. [Estimated Gallons Saved + Estimated Gallons Recycled or Reused = Total Volume Saved]
2. Estimate this value by taking into account water savings, the cost of treatment or purchase of your water, and any deferred capital costs due to conservation.

5. Conservation Pricing / Conservation Rate Structures

During the five-year reporting period, have your rates or rate structure changed? Yes ☒ No ☐

Please indicate the type of rate pricing structures that you use:

☒ Uniform rates	☐ Water Budget Based rates	☐ Surcharge - seasonal
☐ Flat rates	☐ Excess Use Rates	☐ Surcharge - drought
☐ Inclining/ Inverted Block	☐ Drought Demand rates	☐ Surcharge - usage demand
☐ Declining Block rates	☐ Tailored rates	
☐ Seasonal rates		

6. Public Awareness and Education Program

For the five-year reporting period, please check the appropriate boxes regarding any public awareness and educational activities that your entity has provided:

	Implemented	Number/Unit
Example: Brochures Distributed	☐	*10,000/year*
Example: Educational School Programs	☐	*50 students/month*
Brochures Distributed	☒	24,092/year
Messages Provided on Utility Bills	☒	12/year
Press Releases	☒	7/year
TV Public Service Announcements	☐	
Radio Public Service Announcements	☐	
Educational School Programs	☒	3/year
Displays, Exhibits, and Presentations	☒	2/year
Community Events	☒	2/year
Social Media campaigns	☒	7/year
Facility Tours	☐	
Other :	☐	

7. Leak Detection

During the five-year reporting period, how many leaks were repaired in the system or at service connections: CURTIS

Please check the appropriate boxes regarding the main cause of water loss in your system during the reporting period:

☒ Leaks and breaks

☐ Un-metered utility or city uses

☐ Master meter problems

☐ Customer meter problems

☐ Record and data problems

☐ Other: Click here to enter text.

☐ Other: Click here to enter text.

8. Universal Metering and Meter Repair

For the five-year reporting period, please provide the following information regarding meter repair:

	Total Number	Total Tested	Total Repaired	Total
Production Meters	9	9	2	20
Meters larger than 1 ½"	6	6	1	13
Meters 1 ½ or smaller				

Does your system have automated meter reading? Yes ☒ No ☐

9. Conservation Communication Effectiveness

In your opinion, how would you rank the effectiveness of your conservation activities in reaching the following types of customers for the past five years?

	Do not have activities or programs that target this type customer.	Less Than Effective	Somewhat Effective	Highly Effective
Residential Customers	☐	☐	☒	☐
Industrial Customers	☒	☐	☐	☐
Institutional Customers	☐	☐	☒	☐
Commercial Customers	☐	☐	☒	☐
Agricultural Customers	☒	☐	☐	☐

10. Drought Contingency and Emergency Water Demand Management

During the five-year reporting period, did you implement your Drought Contingency Plan?

Yes ☒ No ☐

If yes, indicate the number of days that your water use restrictions were in effect: 888

If yes, please check all the appropriate reasons for your drought contingency efforts going into effect.

☒ Water Supply Shortage	☐ Equipment Failure
☒ High Seasonal Demand	☐ Impaired Infrastructure
☐ Capacity Issues	☐ Other:

If you have any questions on how to fill out this form or about the Water Conservation program, please contact us at 512/239-4691.

Individuals are entitled to request and review their personal information that the agency gathers on its forms. They may also have any errors in their information corrected. To review such information, contact us at 512-239-3282.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Mayor and City Council**

FROM: **Rick Crowley, City Manager**

DATE: **April 4, 2014**

SUBJECT: **Drought**

There are two drought related items to be discussed at the Council meeting on Monday. The first item, related to the NTMWD Board recommendation IS material to the current water conservation program and has immediate impact on the City and our customers. The state mandated changes to the Water Conservation Plan is important to accomplish, but does not have the same potential for immediate impact. (Both NTMWD and at least several of the NTMWD area member cities have taken the approach that the modifications to the plan will actually be effective upon resolution of the issues related to the current drought currently at hand.) I will discuss the first item, and Tim Tumulty will discuss the second item with the Council.

The NTMWD Board has taken action to recommend extension of the "once every two weeks" watering restrictions (along with the other aspects currently in place) for an additional month beginning April 1. The Board anticipates that, from this point forward, they will review the situation monthly and make any recommended changes that are warranted until the drought has concluded. Although the City's ordinance clearly provides that the City Manager is authorized to make a change, such as extending this conservation measure for the additional month that has been recommended, my practice has been to fully advise and discuss these matters with the Council prior to actually signing the implementation document (which is attached). So, I have not executed the document pending our discussion Monday night. Neither have we indicated to our customers that there has been policy change in this matter. In fact, the Board's recommendation would extend our current policy for one month but not change it.

Practically, our customers have achieved the conservation goals without the need for expensive neighborhood patrol and issuance of citations which is good because the practical challenges of administering a "once every two weeks" watering schedule through patrol and citation issuance are many. Even so, it is clear that compliance has

been far less than perfect. So, the fact that I have not executed the document has essentially not changed the City's "program". Frankly, we continue to rely on our customers' personal observation of lake levels and the public information urging then to conserve water as the means for achieving the best compliance possible at this point.

The Water Department has surveyed member cities to collect information as to what the various responses to the NTMWD Board action has been or will be. A summary of that brief survey is attached. You will note general compliance with the Board's recommendation with the exception of the cities of McKinney and Frisco. I cannot speculate as to the circumstances in these two cities that have lead them to adopt the policies that they have adopted with any more accuracy than, I'm sure, another city could accurately speculate on our decision not to include drought monitor patrol and issuance of citations to enforce the program that the City of Rockwall now has in place.

Even though there are variances in the actions taken by member cities, it is my thought that we should extend the current "once every two weeks" program in Rockwall as has been recommended by the Board. This program and the drought in general causes us to continue asking our customers to sacrifice the levels of outdoor watering that many of them would prefer and continues to reduce revenue to the water and sewer fund, but a look at lake levels makes it difficult to take action to the contrary. Upon conclusion of the discussion Monday evening, execution of the implementation document will occur in accordance with the outcome of Monday's discussions.

As we have also discussed on several occasions, to my knowledge no North Texas city has discontinued development or construction as a result of the drought. Some, as we have done, have allowed delay by developers and builders in actual installation of required landscaping. We will bringing back to the Council a recommendation requesting that a process for this delay be adopted more formally so that the Council and the Staff can continue to approach these situations in a reasonable way. This will likely be on the agenda for the next Council meeting.

MEMBER CITIES STAGE 3 ENFORCEMENT

EVERY OTHER WEEK

- **Plano** - We are enforcing once every other week watering.
- **Allen** - Once every 2 week watering. Our city attorney said since our plan stated once per week in April, we could only give warnings, not citations for wrong day watering.
- **Garland** - Garland is 'encouraging' its customers to follow NTMWD's recommended 'once every other week'. No citations for non-compliance will be issued.
- **Wylie** – Once every two weeks
- **Princeton** – Every other week
- **Farmersville –** restricting landscape watering to once every two weeks during the month of April. We will receive month to month extensions based on any changes to the drought conditions.
- **Forney** - **once every two weeks**.

TWICE PER MONTH

- **Mesquite** - We are enforcing twice per month.
- **Richardson** - Richardson is enforcing twice per month for residents and commercial properties.
- **Royce City** - Royse City is enforcing twice a month watering.

ONCE PER WEEK

***McKinney** – Once per week on trash day

***Frisco** – Once per week

City of Rockwall

Implementation of Enhanced Stage 3 of the
Drought Contingency and Water Emergency Response Plan

Due to conditions related to the current reservoir levels, long term weather forecasts, and ongoing drought, the provisions of the City of Rockwall's *Drought Contingency and Emergency Response Plan, Stage 3* are hereby enacted. The goal for water use reduction under Stage 3 is ten percent (10%) of the amount of water obtained from North Texas Municipal Water District.

The provisions of the plan (including those associated with Stages 1 & 2) that are applicable on the effective date of April 1, 2014 are as follows:

- Limit landscape watering with sprinklers or irrigation systems to once every two weeks.
- Notify wholesale customers of actions taken and request similar implementation.
- Implement viable alternative water strategies.
- Prohibit watering with sprinklers or irrigation systems between the hours of 10:00 a.m., and 6:00 p.m. from April 1st to October 31st.
- Foundations, new landscaping, new plantings (first year shrubs and trees) may be watered for up to two hours on any day by a hand-held hose, a soaker hose, or a dedicated zone using a drip irrigation system.
- Further accelerate public education efforts to reduce water usage (Stage 3).
- Prohibit using water in such a manner as to allow runoff or other waste.
- Public athletic fields used for competition may be watered twice per week, as needed.
- Golf courses may water greens and tee boxes without any restrictions.
- Locations using other sources of water supply for irrigation may irrigate without restrictions with signage of water source placed in plain view.
- ET/Smart irrigation systems are <u>not</u> exempt from Stage 3 water restrictions.
- Restrictions do not apply to locations using treated wastewater effluent for irrigation or the legal use of water pumped from Lake Ray Hubbard as regulated by the City of Dallas.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Mayor and City Council**

FROM: **Rick Crowley, City Manager**

DATE: **April 3, 2014**

SUBJECT: **Amendment to Solicitors Ordinance**

Please find the attached memorandum from Chief Moeller recommending amendments to the City's ordinance regulating solicitors. The number of complaints received by our citizens about solicitors caused the department to take a look at several other cities and their experiences with solicitors. As indicated, a number of cities have strengthened their local ordinances. In those cities the number of complaints from citizens has been reduced.

If the Council is in agreement with the amendments suggested, it would be appropriate to direct the City Attorney to prepare an ordinance amendment for consideration by the Council at the next meeting.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mark Moeller, Chief of Police**

DATE: **March 31, 2014**

SUBJECT: **Additions to the Solicitor's Ordinance**

The City of Rockwall regulates the sale of merchandise and services by home solicitors and itinerant peddlers. Solicitors are required to obtain a permit to conduct such business within the city limits. The Police Department is responsible for approving and issuing these permits.

Over the past several years there has been a steady increase in aggressive solicitation. Many of our citizens have called regarding the rude and disorderly conduct of these solicitors, as reflected in calls for police service in the table below. They have stated this has contributed to an increased sense of anxiety and tension in their neighborhoods.

Year	# of Complaints	% Increase/ Decrease	Permits Issued
2009	50	n/a	n/a
2010	74	+48%	n/a
2011	131	+77%	71
2012	161	+23%	62
2013	149	- 7%	87
2014 (thru 3/12)	51	TBD	23

These calls for service only include the solicitor call type. Citizens who called regarding suspicious activity or person are not included, since this would require a manual review of the comments of each of these calls to determine if it involved a solicitor.

A check of our market cities was conducted to compare solicitor permit regulations (attached document). We found that every city had strengthened their ordinance requirements, thereby creating an overall enhancement of the professionalism of the solicitors who were granted permits. They also realized a significant reduction in citizen complaints.

While the police department recognizes the constitutional rights of persons to conduct solicitation and peddling activity in a peaceful and nonthreatening manner, there is a definite need to balance those rights with a reasonable level of regulation.

I believe the following additions to the current registration requirements in:

Article III. PEDDLERS, SOLICITORS AND ITINERANT VENDORS

Section 12-54. Contents of application; fee; term; renewal

would assist in addressing the safety and welfare concerns of our citizens, as well as bringing the ordinance up to date with current practices in other cities.

(a) A non-refundable $65.00 fee paid per person.
(b) A criminal history check by the service H.R. uses for applicants. This cost would be covered by the administration fee.
(c) Include a ten business day waiting period to process the application.

309

SOLICITOR GUIDELINE COMPARISON

City	Cost	Expiration	Process Time	Background Required
ROCKWALL	$10.00 per permit	1 year	Same Day	✓ Local Warrant Check ✓ State Warrant Check
ALLEN	$50.00 Application Fee $10.00 per permit	90 days	10 Business Days	✓ Criminal History*
BURLESON	Surety Bond required $75.00 ea for 1st five permits $10.00 ea for 5 or more permits	30 days	1-3 Business Days	✓ Criminal History*
COPPELL	$25.00 per permit	1 year	10 Business Days	✓ None
GRAPEVINE	$65.00 Background Check Fee $50.00 – 1st permit $20.00 each additional permit	1 year	30 Days from date of application	✓ Criminal History*
LEWISVILLE	$40.00 – 1st permit $10.00 each additional	6 months	10 Business Days	✓ Local Warrant Check ✓ State Warrant Check
RICHARDSON	$35.00 Administrative Fee $10.00 per permit	6 months	10 Business Days	✓ Criminal History*
ROWLETT	$50.00 Administrative Fee $1.00 per permit	1 year	10 Business Days	✓ Criminal History*
WYLIE	$75.00 per permit	6 months	10 Business Days	✓ None

*** Criminal History checks vary by department. Most departments use outside agencies to perform checks with the exception of Richardson, who does CCH in-house.**

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley – City Manager**

FROM: **Brad Griggs – Assistant City Manager**

DATE: **April 2, 2014**

SUBJECT: **Lofland Park Parking Lot Maintenance**

Councilmember Daniels and Mayor Sweet requested that staff look at the parking lot at Lofland Park and determine if there is a need to have the parking lot resurfaced. The right of way for Austin Street makes up the majority of the entry drive and parking lot at the park. The parking lot needs to be milled, leveled and have a new asphalt parking surface installed. The cost to replace the parking lot is $18,050. Contingent on Council approval, staff recommends that $8,300 be paid from the Recreation Development Fund and the balance of $9,750 be paid from the General Fund Street Materials line item. The breakdown of the cost is based on the portion of the parking which is in right of way and the portion that is within the park. The funds paid from the Recreation Development Fund will require a budget amendment.

There are other park related capital items that will be discussed at the Council retreat. These include the resurfacing of the parking lot at Leon Tuttle Park and the addition of a new rest room facility at Leon Tuttle Park and at Gloria Williams Pool. Staff will be available to answer any questions related to this request.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Ashberry, City Secretary**

DATE: **April 4, 2014**

SUBJECT: **Appointment to Historic Preservation Advisory Board (HPAB)**

Councilmember Daniels would like to recommend that the Council consider appointing **Glen Turbyfill** to the city's **Historic Preservation Advisory Board** to replace former member, Dr. David Waller, for a partial term to expire in August of 2015. The applicant information Mr. Turbyfill submitted is as follows:

Glen Turbyfill
1455 Memorial Dr.
Rockwall, TX 75087

I am retired from the computer business in sales, management, and long- range planning. My business degree was acquired at McMurray College. I spent a short while in accounting before joining the computer industry in 1964 and retired in 1990. Since then I have spent my time traveling, acrylic painting, designing and building scale model buildings, and volunteer work. I have worked with the Rockwall Historic Foundation, Friends of the Library, and my church. My plans this year call for further volunteer work with helping hands and Meals on Wheels. I have a great interest in historic preservation as witnessed by the two scale models I built for the historical museum and preservation (through a scale model) of the first farm house built in Rockwall County. I hope that I can be a part of the success of Rockwall's historic preservation.

AGENDA
ROCKWALL CITY COUNCIL
Monday, April 14, 2014
6:00 p.m. City Council Work Session
City Hall, 385 S. Goliad, Rockwall, Texas 75087

I. CALL TO ORDER

II. WORK SESSION

1. Hold work session to discuss and consider proposal related to a countywide interoperability radio system and joint dispatch facility, including proposed letter of intent, and take any action necessary.

2. Hold work session to discuss open space dedication options as part of the development process, and take any action necessary.

III. ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 771-7700 or FAX (972) 771-7727 for further information.
The City of Rockwall City Council reserves the right to adjourn into executive session at any time to discuss any of the matters listed on the agenda above, as authorized by Texas Government Code § 551.071 (Consultation with Attorney) § 551.072 (Deliberations about Real Property) § 551.074 (Personnel Matters) and § 551.086 (Economic Development)
I, Kristy Ashberry, City Secretary for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 11th day of April, 2014 at 4:00 p.m. and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

_____ _____
Kristy Ashberry, City Secretary Date Removed

4. Discussion regarding possible claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)
5. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

XIII. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

XIV. ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 771-7700 or FAX (972) 771-7727 for further information.

The City of Rockwall City Council reserves the right to adjourn into executive session at any time to discuss any of the matters listed on the agenda above, as authorized by Texas Government Code § 551.071 (Consultation with Attorney) § 551.072 (Deliberations about Real Property) § 551.074 (Personnel Matters) and § 551.086 (Economic Development)

I, Kristy Ashberry, City Secretary for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 18th day of April, 2014 at 4:00 p.m. and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

Jacky Casey, Assistant Secretary

MINUTES
ROCKWALL CITY COUNCIL
Monday, April 07, 2014
4:00 p.m. Regular City Council Meeting
City Hall - 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the public meeting to order at 4:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem David White, and Council Members Jim Pruitt, Mike Townsend, Scott Milder, Bennie Daniels and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs and City Attorney Frank Garza.

II. (4:00 P.M.) WORK SESSION

1. Hold work session to hear report from Mr. John Polster of Innovative Transportation Solutions, Inc., Rockwall County's Project Manager, regarding the proposed FM 552 Roadway Improvement Project from SH 205 to SH 66, and taken any action necessary.

City Engineer, Tim Tumulty, provided a brief introduction. Mr. John Polster with Innovative Transportation Solutions (address: 2701 Valley View Lane, Farmers Branch, TX) then came forth to address the city council regarding this roadway improvement project. He indicated that a public meeting is being held on April 10 in order to seek out and receive input from the public related to this project, and a public hearing (which he explained is different) will be held later on. He indicated that FM-552 is being widened to a six lane divided urban roadway with curb and gutter. This project is currently estimated at $50 million. It will likely have to be a phased project that is completed in sections over time. Mr. Polster explained a bit about the countywide traffic / road consortium and how he works with that body of elected officials in order to prioritize countywide road projects and maximize and manage allocation of assets in order to get the projects completed in the most cost effective manner over time. He indicated that Rockwall County is used as a model throughout the Dallas district and the metropolitan planning area because of the harmony, trust, common vision and overall positive working relationships that exist among the countywide elected and appointed officials. He then explained what steps will take place, as far as the process is concerned, following the public meeting.

The council took no action related to this agenda item.

2. Hold work session to discuss open space dedication options as part of the development process, and take any action necessary.

City Manager Rick Crowley provided background information related to this agenda item indicating that council previously asked staff to further evaluate how this issue would affect developers. He explained that this issue has to do with whether or not the city should accept and allow developers to dedicate land (open space) to the city and require that the homeowners association (HOA) or developer to perpetually maintain that open space. The other option is to not accept dedication of these open spaces but instead have the developer dedicate such land directly to the HOA and have the HOA be

responsible for its maintenance. He explained that the Breezy Hill and Stone Creek developments are being done in several phases, with several already taking place under the scenario that the city would accept dedication of open space from the developer and require the HOA to maintain that land. If the city is to make a change, regarding the unfinished additional phases in these subdivisions, the developer would experience a significant cost implication (about $900,000). Mr. Crowley suggested that the council may consider going ahead and continuing to accept these open space dedications for Breezy Hill and Stone Creek, but it may wish to further evaluate this matter with regards to any future, new developments.

Discussion took place related to if this type of dedicated open space is of value or if it serves any sort of purpose to the city (i.e. for park land development). Mr. Crowley indicated that this type of land serves the purpose of being open and not having anything be developed on it; however, the city would not be building anything on such land. Councilmember Pruitt stressed that, prior to land being developed, the property owners were receiving major tax breaks through agricultural tax exemptions for years. He expressed that it makes the most sense for roll back taxes to be collected, and this issue also has a major impact on the school district and county's tax revenue.

Adam Buczeck with the Skorburgh Company came forth and indicated that when the original financial planning took place for the developments in question, it was done so with the assumption that Skorburgh would be dedicating the required open space to the city rather than to the HOA. He offered that, within Stonecreek and Breezy Hill's CC&Rs, he is willing to add some additional language to stipulate that the HOAs will maintain the open space in perpetuity even though the land will have been dedicated to the city. He indicated that the HOAs at Breezy Hill and Stonecreek will continue to both maintain and own the areas where the pools are located.

The council took no action related to this discussion item.

At 4:28 p.m., Mayor Sweet read the below listed items into the public record before recessing the public meeting into Executive Session.

III. (4:15 P.M.) EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding Economic Development incentives, procedures, prospects and possible projects pursuant to Section 551.087 (Economic Development)

2. Discussion regarding possible claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)

3. Discussion regarding the following legal claims: Jennifer A. Turner v. City of Rockwall and Beverly A. Young v. City of Rockwall pursuant to Section 551.071 (Consultation with Attorney)

4. Discussion regarding the following legal claim: TF-Harbor LLC v. City of Rockwall, Texas and Rockwall Rental Properties L.P. pursuant to Section 551.071 (Consultation with Attorney)

5. Discussion regarding land lease/acquisition in the vicinity of the downtown area for municipal purposes pursuant to Section 551.072 (Real Property).

6. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

7. Discussion regarding Economic Development prospect (Hawaiian Falls) pursuant to Section 551.087 (Economic Development)

IV. ADJOURN EXECUTIVE SESSION

Executive Session was adjourned at 5:56 p.m.

MINUTES
ROCKWALL CITY COUNCIL
Monday, April 07, 2014
6:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

V. RECONVENE PUBLIC MEETING

Mayor Sweet reconvened the public meeting at 6:00 p.m. All seven council members were present.

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

Mayor Pro Tem White made a motion to not pursue a public / private partnership with Hawaiian Falls. Councilmember Daniels seconded the motion. Councilmember Milder mentioned that this proposal came with a very costly price tag for the city, and it would come with an incredible amount of debt. After these brief comments, the motion passed by a vote of 7 ayes with 0 nays.

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – COUNCILMEMBER PRUITT

Councilmember Pruitt delivered the invocation and led the Pledge of Allegiance.

VIII. PROCLAMATIONS / AWARDS

1. Mary Claire Weible Memory Master Day

Mayor Sweet and Mayor Pro Tem White called Miss Weible forward to recognize her for these recent academic-based achievements. Miss Weible recited the preamble to the U.S. Constitution, and Mayor Sweet then read and presented her with the proclamation.

2. Child Abuse Prevention & Awareness Month

Mayor Sweet read this proclamation into the public record.

IX. OPEN FORUM

Mayor Sweet explained how Open Forum is conducted and then asked if anyone in the audience would like to come forth to address the council at this time.

Richard Langley
2401 Sandstone Court
Rockwall, TX

Mr. Langley came forth and expressed concern related to solicitors who knock on doors in neighborhoods. He explained that some have been threatening to residents, and he is gravely concerned about these types of individuals who 'solicit' in Rockwall. He explained that a lot of the solicitors do not follow regulations that the city has in place. He urged the council to put a stop to solicitors or put tighter regulations in place to slow them down. Mr. Langley explained that when solicitors show up at his home and cannot

provide proper identification or are suspicious, he and / or his wife do call the Rockwall Police Department to report them, and the police do come out and respond. Sometimes the police escort such individuals out of the neighborhood. He encouraged the council to consider banning solicitors except for church related groups.

Ben Weible
215 Trout
Rockwall, TX

Mr. Weible came forth and thanked the council for not entering into a public / private partnership with Hawaiian Falls. He expressed concern about solicitors, generally indicating he has problems with potentially singling out certain individuals because of what they look like or other for other reasons.

X. CONSENT AGENDA

1. Consider approval of the minutes from the March 17, 2014 regular city council meeting, and take any action necessary.

2. Consider authorizing the City Manager to execute a Cooperative Purchasing Agreement through state contract for the acquisition of a police vehicle for use by the Chief of Police in the amount of $28,756, with an additional cooperative purchasing administrative cost of $400, to be funded out of general fund reserves, and take any action necessary.

Following Appointment item #1, the Council addressed this item. Councilmember Pruitt indicated that he is not in favor of taking money out of reserves in order to purchase this item. He would prefer that the purchase be delayed at this time until the next, upcoming budget cycle. Councilmember Milder expressed agreement and would prefer this be addressed during the budget process as well.

Mayor Sweet made a motion to approve the purchase of this police vehicle. Councilmember Daniels seconded the motion.

Councilmember Pruitt indicated that he feels the difference between the fire chief vehicle that was approved and this one is for the police chief is that the fire vehicle was going to be outfitted as a command vehicle so that it could be utilized on fire scenes to run incident command. He expressed that if this police vehicle is just going to be utilized by the Chief of Police to drive around town doing city business, he does not see why this cannot wait until budget time to be addressed.

Mr. Crowley indicated he believes this vehicle would be driven for about five years.

The motion passed by a vote of 5 in favor with 2 against (Pruitt, Milder).

Appointment item #2 (P&Z Chairman) was next addressed by council.

3. Consider authorizing the Mayor to execute a tax resale deed for property located at lot 7, block A Heritage Heights, and take any action necessary.

4. Consider approval of the award of the Lake Rockwall Estates Water Connections project construction contract to Four Star Excavating, in the

amount of $186,658.50 to be funded by 2008 water and sewer revenue bonds, and take any action necessary.

5. Consider approval of the award of the Central Water and Sewer Improvements project construction contract to Barson Utilities, in the amount of $786,973.00 to be funded by 2008 Water and Sewer Revenue Bonds, and take any action necessary.

6. Consider approval of the award of the Miscellaneous Water System Improvements project construction contract to Four Star Excavating, in the amount of $429,936.30 to be funded by 2012 Water and Sewer Funds, and taken any action necessary.

7. **P2014-009** - Consider a request by Cameron Slown of FC Cuny Corporation on behalf of Brian Berry of Horizon GSL 1, LLC for the approval of a replat of Lots 2-7, Block 1, Alliance Addition, Phase 2, creating three (3) non-residential lots identified as Lots 12, 13 & 14, Block 1, Alliance Addition, Phase 2, being 2.768-acres of land situated in the W. W. Ford Survey, Abstract No. 80, Rockwall, Rockwall County, Texas, zoned Planned Development District 57 (PD-57), located southeast of the intersection of H. Wallace Lane and Jeff Boyd Drive, and take any action necessary.

8. P2014-010 - Consider a request by Barney M. Barnhill for the approval of a replat of Lots 1 & 2, Block E, Sanger Brothers Addition, creating two (2) non-residential lots identified as Lots 1 & 2, Block A, Goliad Dental Addition, being 0.56-acres of land situated in the B. F. Boydstun Survey, Abstract No. 14, Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, located at the southeast corner of the intersection of E. Boydstun Avenue and S. Goliad Street (SH-205), and take any action necessary.

9. Consider approval of an **ordinance** declaring unopposed candidates for city council Places 2, 4 and 6 and cancelling the 2014 General Election, and take any action necessary. **(2nd reading)**

10. **Z2014-005** - Consider approval of an **ordinance** for a request by Ron Ramirez of Wier & Associates, Inc. on behalf of Ken Keeton of the Rockwall Economic Development Corporation (REDC) for the approval of a zoning change from an Agriculture (AG) District to a Light Industrial (LI) District for a 2.006-acre tract of land identified as a portion of Tract 2-7 of the David Harr Survey, Abstract No. 102, Rockwall, Rockwall County, Texas, situated within the SH-205 By-Pass Corridor Overlay (205 BY-OV) District, located on the west side of John King Boulevard south of Airport Road, and take any action necessary **(2nd Reading)**.

11. **Z2014-006** - Consider approval of an **ordinance** for a request by the Cabana's at Chandler's Landing Homeowner's Association on behalf of the residents of the Cabana's at Chandler's Landing to amend the density and dimensional requirements stipulated by Planned Development District 8 (PD-8) for a 1.131-acre portion of a parcel of land identified as the Cabanas at Chandler's Landing, zoned Planned Development District 8 (PD-8) for multi-family or condominium uses as established in Ordinance 73-48 & 84-04, generally located south of Yacht Club Drive

and west of Harbor View Drive, and take any action necessary **(2nd Reading)**.

Councilmember Pruitt pulled item #2 for discussion following one of the appointment items later in tonight's agenda.

Councilmember Milder made a motion to approve the remaining Consent Agenda items (#1, 3, 4, 5, 6, 7, 8, 9, 10 and 11). Mayor Pro Tem White seconded the motion. The ordinances were read as follows:

CITY OF ROCKWALL, TEXAS
ORDINANCE NO. 14-13

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS DECLARING UNOPPOSED CANDIDATES FOR THE OFFICES OF CITY COUNCILMEMBER PLACE 2, CITY COUNCILMEMBER PLACE 4, AND CITY COUNCILMEMBER PLACE 6 AS ELECTED; PROVIDING THAT THE MAY 10, 2014, GENERAL MUNICIPAL ELECTION SHALL NOT BE HELD; REPEALING ALL ORDINANCES OR PARTS OF ORDINANCES IN CONFLICT THEREWITH; PROVIDING A SAVINGS CLAUSE; PROVIDING A SEVERABILITY CLAUSE; FINDING AND DETERMINDING THAT THE MEETING AT WHICH THIS ORDINANCE WAS PASSED WAS OPEN TO THE PUBLIC AS REQUIRED BY LAW; PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 14-14

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM AN AGRICULTURE (AG) DISTRICT TO A LIGHT INDUSTRIAL (LI) DISTRICT FOR A 2.006-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF TRACT 2-7 OF THE DAVID HARR SURVEY, ABSTRACT NO. 102, ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 14-15

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 8 (PD-8) [*ORDINANCE NO. 73-48 & 84-04*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE DENSITY AND DIMENSIONAL REQUIREMENTS STIPULATED BY PLANNED DEVELOPMENT DISTRICT 8 (PD-8) FOR A 1.131-ACRE PORTION OF A PARCEL OF LAND IDENTIFIED AS THE CABANAS AT CHANDLER'S LANDING, ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE

SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

XI. APPOINTMENTS

1. Appointment with Rockwall County Judge Hogan and representative(s) of the Commissioner's Court to hear proposal related to the interoperability radio system and joint dispatch facility, and take any action necessary.

Judge Hogan came forth and introduced himself. He then provided an extensive explanation of countywide interoperability and dispatch challenges and needs as he understands them. He explained that the county will cover the cost of the proposed new radio system, including supplying the city with all of the radios. The county would also bear the cost of establishing a consolidated dispatch center and would pay for the cost to run the dispatch center for the first two years. Thereafter, each city would collaboratively pay for the cost of the dispatch center on a per call basis. Judge Hogan requested that the Rockwall City Council consider signing a proposed 'letter of intent,' which he explained is not binding but would allow the county to move forward with a study to more closely nail down cost. He explained that it would probably take about a year for a consolidated dispatch center to be bought and established. He explained that the Sheriff would run the dispatch center under the guidance of a pre-established board that would be made up of each city's police chief, fire chief and one additional representative from each city as well as a county commissioner.

Mr. Crowley explained that holding a work session to discuss this matter may be a desirable option for the council. He stated that the County would like to receive a response on the proposed 'letter of intent' within the next thirty or so days.

Councilmember Daniels expressed a desire to hold a work session to get some more questions answered and receive more information before moving forward with signing the letter of intent that the county has proposed. Mr. Crowley indicated this could likely be held in the next week or so, potentially on an 'off' council meeting Monday.

Judge Hogan explained that the dispatch center would be located to the left of the existing jail (as you look at it).

It was decided that a work session will be held next Monday, April 14 at 6:00 p.m. to discuss this matter further. No action was taken at this time.

Consent Agenda item #2 was next addressed by council.

2. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Chairman of the Planning and Zoning Commission, Craig Renfro, came forth and provided a briefing to council regarding recommendations of the Commission relative to items on tonight's meeting agenda. Lengthy discussion took place related to the Planning & Zoning Commission's recommendations regarding zoning change notification modifications (Z2014-004) (i.e. size of the on-site sign; notification circumferences; method for notifying residence in abutting neighborhoods (i.e. notify the HOAs up to within 1,500 feet from the subject property).

The council took no action related to this agenda item.

3. Appointment with Scott Self of Sail with Scott, LLC to hear and consider request regarding temporary relocation of his boat dock at The Harbor, and take any action necessary.

Scott Self
319 Harbor View Drive
Rockwall, TX

Mr. Self came forth and indicated that this request is being made due to lake levels being more than seven-and-a-half feet down at this time. After Mr. Self's brief request, Mr. Griggs, Assistant City Manager, indicated that Mr. Self must first obtain permission from our city (Rockwall) before approaching the City of Dallas for approval, which he will need to do hereafter.

Mayor Pro Tem White made a motion to approve this request as presented. Councilmember Lewis seconded the motion, which passed by a vote of 7 ayes to 0 nays.

4. Appointment with Raymond Jowers to discuss his request to extend his Specific Use Permit for 2260 East IH-30, and take any action necessary.

Mr. Jowers came forth and explained that Big Tex Trailers is the current tenant and he believes they will continue to be the tenant at this location for the foreseeable future.

Councilmember Milder made a motion to extend the SUP for a period of 3 years. Councilmember Townsend seconded the motion, which passed by a vote of 7 ayes to 0 nays.

5. Appointment with Mike Peoples to discuss approval of a temporary waiver to the requirement for sanitary sewer connection in conjunction with the future development of a 7.42-acre tract of land identified as a portion of Tract 4-01, M.B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, located east the of the intersection of John King Boulevard and SH-66, and take any action necessary.

Mr. Peoples came forth and offered brief comments related to his request.

Mr. LaCroix explained that should this temporary waiver be approved, Mr. Peoples will be coming forth in the future with a zoning change request and possible variance requests (related to the building).

Brief discussion took place related to height restrictions and the "airport safety zone" regarding commercial properties in and around the airport.

Mayor Pro Tem White made a motion to approve the temporary waiver. Councilmember Townsend seconded the motion, which passed by a vote of 7 ayes to 0 nays.

6. Appointment with Dorothy Spradlin, representing AMBUCS to request permission to use city property for an upcoming scrap metal collection fundraiser, and take any action necessary.

Ms. Spradlin came forth and explained that AMBUCs is a local, non-profit organization that raises money and builds trikes for kids who have special needs and mobility issues. She explained the nature of her request, indicating that AMBUCS will be partnering with Mike Carl, who owns a metals company out of Greenville, TX. She explained that he has agreed to provide all the manpower, equipment and containers necessary in order to do this event on Saturday, April 26 from 8:00 a.m. to 2:00 p.m. She explained that they would like to hold this event on the city-owned property near the countywide gun range (1825 Airport Road). At the close of the event, they will ensure the property is left in the same condition as it was found.

After brief discussion, Councilmember Pruitt made a motion to approve this request as presented. Councilmember Townsend seconded the motion, which passed by a vote of 7 ayes to 0 nays.

Mayor Sweet called for a brief, ten minute break following this item.

XII. PUBLIC HEARING ITEMS

1. **Z2014-004** - Hold a public hearing and consider approval of an **ordinance** for a city-initiated request to amend the Unified Development Code (Ordinance No. 04-38), specifically Article II, Authority and Administrative Procedures, Section 6.1, Notice of Public Hearing, and take any action necessary **(1st Reading)**.

Mayor Sweet called the public meeting back to order at 7:46 p.m. He clarified that this item does not in fact have an ordinance to be read this evening (contrary to what is shown on the agenda). It was clarified that after tonight's discussion, based on the direction given by council, an ordinance will be drafted and brought back to council for consideration at a later date.

Planning Director Robert LaCroix provided background information related to this agenda item, indicating that the Planning and Zoning Commission has made the following recommendations related to the city's zoning change notification process:

(1) The property owner notification buffer area should be increased from 200 feet to 300 feet,
(2) All notices of public hearing should be sent via first class mail with the outside of the envelope being stamped in red with the wording "Zoning Change Requested,"
(3) Staff should mail a notification to all known HOA representatives within 1,500' of the zoning change request,
(4) Staff should mail notifications to all property owners listed on the most current and approved city tax rolls and to the actual notification property address if the property owner does not reside at the physical address
(5) For Multi-Family properties, staff should mail notifications to the property owner and the leasing office of the apartment or housing complex.

(6) A four (4) foot by four (4) foot, doubled sided sign with a distinctive color indicating what type of zoning change is being requested, should be posted on the subject property.

Mayor Sweet opened the public hearing. There being no one wishing to come forth and speak, Mayor Sweet then closed the public hearing.

Mayor Sweet made a motion to move forward with the abovementioned, recommended changes from the Planning and Zoning Commission as presented. Councilmember Milder seconded the motion. After additional discussion, Mayor Pro Tem White made an amendment to his motion to expand the circumference to 500 feet. Councilmember Milder seconded the amended motion. The motion passed unanimously (7 ayes to 0 nays).

XIII. ACTION ITEMS

1. **MIS2014-002** - Discuss and consider a request by Fritz McKinstry for the approval of an exception to the minimum masonry requirements stipulated in Section 3.1, General Residential District Standards, of Article V, District Development Standards, of the Unified Development Code, for a 0.17-acre parcel of land identified as Lot 23, Block E, Chandler's Landing, Phase 16, zoned Planned Development District 8 (PD-8), located at 257 Victory Lane, Rockwall, Rockwall County, Texas, and take any action necessary.

Mr. LaCroix provided background information related to this agenda item, indicating that the Planning and Zoning Commission has recommended approval of this item. Mayor Pro Tem White made a motion to approve MIS2014-002. Councilmember Lewis seconded the motion, which passed by a vote of 7 ayes to 0 nays.

2. Discuss and consider hotel tax subcommittee funding recommendations for supplemental funding for the Soroptomists, Dodies, and The Rockwall News events, and take any action necessary.

Assistant City Manager Mary Smith briefed the council on the three funding requests. Councilmember Lewis made a motion to approve the funding requests as recommended by the sub-committee and as presented ($2,000 to Soroptomist for the Country Fair; $1,920 to the Rockwall News for its Memorial Day Concert; $1,000 to Dodie's for its Crawfish Fest) Mayor Pro Tem White seconded the motion, which passed by a vote of 7 ayes to 0 nays.

3. Discuss and consider approval of an **ordinance** amending the Code of Ordinances in Chapter 44. Utilities, Article V. Water, Division 7. Drought Contingency and Water Emergency Response Plan to keep the city in compliance with Texas Commission on Environmental Quality requirements, and take any action necessary. **(1st reading)**

City Engineer, Tim Tumulty, provided brief comments related to this agenda item. Councilmember Daniels made a motion to approve the ordinance. Mayor Pro Tem White seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-___

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 44. UTILITIES; ARTICLE V. WATER; DIVISION 7. DROUGHT CONTINGENCY AND WATER EMERGENCY RESPONSE PLAN, TO PROVIDE FOR CERTAIN DELETIONS AND CHANGES TO ITS PROVISIONS; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR SEVERABILITY AND REPEALER CLAUSES; PROVIDING FOR AN EFFECTVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

4. Discuss and consider approval of an **ordinance** amending the city's Water Conservation Plan to keep the city in compliance with Texas Commission on Environmental Quality (TCEQ) requirements, and take any action necessary. **(1st reading)**

City Engineer, Tim Tumulty, provided brief comments related to this agenda item. Councilmember Lewis made a motion to approve the ordinance to amend the city's Water Conservation Plan. Mayor Pro Tem White seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-___

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING ORDINANCE # 09-25 TO REPLACE "EXHIBIT A" (WATER CONSERVATION PLAN) WITH A NEW "EXHIBIT A," ATTACHED HERETO, PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR SEVERABILITY AND REPEALER CLAUSES; PROVIDING FOR AN EFFECTVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

5. Discuss and consider recent action taken by North TX Municipal Water District (NTMWD) board of directors related to water conservation, and take any action necessary.

City Manager, Rick Crowley, explained that lake levels continue to be very low at this time. The NTMWD board had previously, and then again recently, recommended a once every other week watering schedule for the public. He indicated that he is recommending the council consider continuing the once-every-other-week watering schedule that the city has already had in place throughout the winter months for an additional month. Brief discussion took place related to new landscaping. Councilmember Pruitt suggested the city may consider putting a moratorium on requiring a commercial business to replace dead landscaping or trees. Mr. Crowley indicated that staff will be looking at these ordinance regulations and will bring back an ordinance for the council to review at a later time.

Councilmember Milder asked staff to put a 'button' on the city's homepage on the website to very clearly point a resident to current water restrictions and schedules.

The council took no formal action related to this agenda item.

6. Discuss and consider possible amendment to the City's ordinance regulating solicitors, and take any action necessary.

Mayor Pro Tem White asked how many citations have been issued for violation of the city's current solicitors regulations. Mr. Crowley indicated he will find this out and get back to the council with this information.

Councilmember Pruitt suggested that some additional provisions be added to the ordinance regulations related to what happens if / when a background check shows something bad for someone who wishes to obtain a solicitor's permit.

Mr. Garza cautioned that any ordinance changes cannot be based on 'content.' The city can only regulate 'time, place and manner.' He suggested that a more comprehensive ordinance be developed and brought back to the council for consideration at a future meeting. Mr. Garza stated he has seen some cities pass ordinances that regulate solicitors but exempt non-profit organizations.

Councilmember Daniels indicated he lives in a gated community, and he is wondering if solicitors are or are not allowed. Mr. Garza stated that a gated community can have proper signage in place to completely prohibit solicitors in gated neighborhoods. Then, if a violator comes knocking on his door, he can call the police, and they can take enforcement measures.

Lieutenant Valliant, Rockwall PD, indicated that the majority of complaints received related to solicitors are related to the aggressive selling tactics being utilized by solicitors.

Councilmember Pruitt made a motion to instruct the city attorney to review the entirety of the city's current solicitors regulations to add clear penalty provisions for people who violate the ordinance, to add a section explaining what happens if a background check shows a person is not in good standing and the city would like to not issue them a permit, and add some "teeth" to the violation provisions. Mayor Pro Tem White stated he will support this motion just because he would like to see what is brought back to the council for review. Mayor Sweet seconded the motion, which passed by a vote of 7 ayes to 0 nays.

7. Discuss and consider amending the 2013-2014 Recreation Development Fund Budget to reconstruct the parking lot at Lofland Park, and take any action necessary.

Mr. Griggs, Assistant City Manager, provided brief background information related to this agenda item. He indicated that the total cost of the project is estimated to be $18,050. Mr. Crowley indicated that he is recommending the council consider funding a portion of this project (the part located in right-of-way) out of the General Fund budget with the remainder being funded out of the city's Recreational Development Fund.

Mayor Pro Tem White made a motion to approve this item as presented. Councilmember Lewis seconded the motion, which passed by a vote of 7 ayes to 0 nays.

8. Discuss and consider an appointment to the city's Historic Preservation Advisory Board (HPAB), and take any action necessary.

Councilmember Daniels made a motion to appoint Glen Turbyfill to the Historic Preservation Advisory Board to replace former member, Dr. David Waller, for an initial (partial) term to expire in August of 2015. Mayor Pro Tem White seconded the motion, which passed by a vote of 7 ayes to 0 nays.

XIV. CITY MANAGER'S REPORT TO DISCUSS CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports
Building Inspections Monthly Report - February 2014
Fire Department Monthly Report - February 2014
Harbor PD Monthly Report - February 2014
Internal Operations Department Monthly Report - February 2014
Police Department Monthly Report - February 2014
Recreation Monthly Report - February 2014
Rockwall Animal Adoption Center Monthly Report - February 2014
Rockwall County Committee on Aging Quarterly Report

2. City Manager's Report

Joey Boyd, Director of Internal Operations, indicated that the transition from the old Fixed Based Operator (FBO) at the airport to the new FBO is going well, and it took place on April 1. Mr. Crowley indicated that all retailers in the city who sell vapor products were notified of the city's recent ordinance that passed which regulates the sale of these products to minors, and no violations of the ordinance have been reported by the Police Department to date. Regarding the ongoing drought conditions, he does not believe the city will be able to operate its spray grounds again this summer. He reported that the date for the council staff retreat has been set for June 12-14 in Kaufman. Staff welcomes any agenda topics for discussion on the upcoming retreat. Mr. Crowley reported that Police Chief Mark Moeller is currently attending Secret Service training (at the Secret Service's expense) that deals with hosting dignitaries in our city.

At 8:45 p.m., Mayor Sweet then read Executive Session discussion items # 2 and #5 (see below) into the public record before recessing the public meeting into Executive Session.

XV. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding Economic Development incentives, procedures, prospects and possible projects pursuant to Section 551.087 (Economic Development)

2. Discussion regarding possible claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)

3. Discussion regarding the following legal claims: Jennifer A. Turner v. City of Rockwall and Beverly A. Young v. City of Rockwall pursuant to Section 551.071 (Consultation with Attorney)

4. Discussion regarding the following legal claim: TF-Harbor LLC v. City of Rockwall, Texas and Rockwall Rental Properties L.P. pursuant to Section 551.071 (Consultation with Attorney)

5. Discussion regarding land lease/acquisition in the vicinity of the downtown area for municipal purposes pursuant to Section 551.072 (Real Property).

6. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

7. Discussion regarding Economic Development prospect (Hawaiian Falls) pursuant to Section 551.087 (Economic Development)

XVI. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

Mayor Pro Tem White made a motion to enter into a lease agreement for property located on the southwest corner of San Jacinto and Interurban in the downtown area for parking purposes as directed in Executive Session. Councilmember Daniels seconded the motion, which passed by a vote of 7 ayes to 0 nays.

XVII. ADJOURNMENT

The meeting was adjourned at 8:58 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 21st day of April, 2014.

MINUTES
ROCKWALL CITY COUNCIL
Monday, April 14, 2014
6:00 p.m. City Council Work Session
City Hall, 385 S. Goliad, Rockwall, Texas 75087

I. CALL TO ORDER

Mayor Sweet called the meeting to order at 6:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem David White and Council Members Jim Pruitt, Mike Townsend, Scott Milder, Bennie Daniels and Dennis Lewis. Also present were City Manager Rick Crowley and Assistant City Managers Mary Smith and Brad Griggs.

II. WORK SESSION

1. Hold work session to discuss and consider proposal related to a countywide interoperability radio system and joint dispatch facility, including proposed letter of intent, and take any action necessary.

City Manager Rick Crowley provided background information related to this agenda item, indicating that initial debt for the existing radio system was issued about ten years ago and has already been paid off. Since that time, additional debt was issued to enhance the system to address coverage concerns, in part, in the area of The Harbor. That debt will be paid off by 2019, which is the expected end of the lifespan of the current, existing radio system. Mr. Crowley then briefly outlined the county's proposals for a joint, countywide radio system and dispatch center.

Councilmember Lewis and Councilmember Daniels indicated that they have a lot of unanswered questions and outstanding concerns regarding this potential partnership. They both expressed grave concern about the county judge previously indicating that he would like to see one, joint, countywide police force in Rockwall County someday.

Councilmember Pruitt asked if the City of Rockwall could consider, for example, expressing interest in only the radio system but not the joint dispatch center. Mr. Crowley indicated he is unsure as to if this is a possibility, as the county has currently only offered these projects in the form of a joint proposal.

Councilmember Milder expressed concern about being involved with the county on any project that would involve construction of a physical building (new facility).

Rockwall Fire Chief Mark Poindexter indicated that the year 2015 is about the right time to being evaluating a future, new radio system since the life of the city's current system will expire in 2019, and the planning process is typically quite lengthy. He expressed strong support for having one, countywide radio system throughout Rockwall County. However, he explained concerns about the need to keep some of the UHF and VHF equipment in place in order to be able to communicate with Hunt County and the City of Dallas during mutual aid situations. He would like this equipment to still be able to be utilized under any new system. Regarding a joint dispatch center, he does believe and agree that there should be a board that is representative of all participating entities;

however, he does not believe the board (of elected officials) should oversee the employees in the dispatch center. He believes a department director should oversee the employees in the dispatch center and report to the board.

Police Chief Mark Moeller indicated he believes these issues are two, separate issues – (1) the radio system and (2) a joint dispatch center. He believes the main focus should be on the radio system for now, and the idea of a joint dispatch center could be dealt with separately, later on. He expressed that a joint CAD (computer aided dispatch) center is needed. He does agree that a board would need to be in place to oversee any potential joint dispatch center with a manager (staff person) managing the staff. He expressed that handling these two issues as one, large project is 'too much, too soon.'

Councilmember Milder left the meeting at this point (6:49 p.m.).

Councilmember Daniels expressed that he does see value in the city drafting a letter expressing the city's position; however, he is not comfortable signing the letter of intent that the county has provided for consideration. Councilmember Pruitt suggested that an item be placed on the next regular city council meeting agenda for the council to discuss what exactly it would like to say when writing a response letter to be submitted to the County.

No action was taken related to this discussion item.

1. Hold work session to discuss open space dedication options as part of the development process, and take any action necessary.

City Manager Rick Crowley provided brief background information related to this agenda item, indicating that this item represents a continuation of a previous discussion which was held at the last, regular council meeting. He explained that the city had traditionally accepted land dedications of open space from developers, and that is what had been previously done with the first phases of the Stonecreek and Breezy Hill subdivisions. However, with the most recent plat that was approved, the city departed from that practice and required that the developer make the land dedications to the HOA instead. This, according to the developer, resulted in a large, increased cost for him.

After brief discussion, Mayor Sweet made a motion to allow the open space dedication for the remaining phases of the Stone Creek and Breezy Hill developments and to direct staff to place this discussion item on the upcoming council retreat agenda for further consideration (related to future developments). Councilmember Daniels seconded the motion.

General discussion took place related to how this action of the city council may or may not affect the school district and the county. Also, the city manager indicated that there are no other ongoing developments in our city that would be affected at this time should a change in this policy be formally made. Only this particular developer (Skorburgh) has been affected by the change. Mayor Sweet clarified that his motion will have no net affect at all on the school district.

Adam Buczeck with the Skorburgh Company (the developer) then came forth and indicated that his company did not submit a formal protest to the taxing authority because they did not know about the city's change to the land dedication policy until

later on, so they just paid the tax bill, which was about $40,000 (+) dollars. If they had not paid it, they would have received a seven percent penalty for non-payment. Brief discussion took place regarding the past timeline associated with the developer attempting to dedicate the open space (associated with the most recent plat) to the city and the city's subsequent rejection of said land dedication. Mr. Buczeck indicated that they have money set aside for the HOA to maintain the dedicated open space areas, as it is a very financially sound HOA, and they have always been maintaining those areas and will continue to maintain those areas. He indicated he is willing to add some additional language into the 'covenants' in order to stipulate that the HOA will maintain those areas and will reimburse the city for any incurred insurance expenses.

Mr. Crowley explained that the dedication of open space to the city (or not) is not currently written in a city policy. It is handled at the time the city accepts the plat, and with the most recent plat, the city did not accept the land dedication (as it previously had with prior plat approvals submitted by this developer).

Mayor Sweet clarified that, as part of his motion on the floor, the developer is to add to the subdivision's 'covenants' the stipulation that the HOA will pay for and maintain the open space areas in perpetuity.

Councilmember Townsend expressed some concern regarding the motion on the floor. Mayor Sweet explained that this action would be related only to the Breezy Hill and Stonecreek subdivisions. Others in the future may be handled differently.

Councilmember Pruitt asked for clarification regarding why staff did not handle this matter administratively. Mr. Crowley indicated that he is getting the council involved on this now because the council previously accepted the plat, which had included the rejection, on the part of the city, of the land dedication. So he feels it necessary to have the council involved in these discussions at this time. He again clarified that this is the only developer that has encountered this issue to date.

Following additional discussion, the motion passed by a vote of 6 ayes with 1 absent (Milder).

III. ADJOURNMENT

The meeting was adjourned at 7:17 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 21st day of April, 2014.

CITY OF ROCKWALL

ORDINANCE NO. 14-16

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 44. UTILITIES; ARTICLE V. WATER; DIVISION 7. DROUGHT CONTINGENCY AND WATER EMERGENCY RESPONSE PLAN, TO PROVIDE FOR CERTAIN DELETIONS AND CHANGES TO ITS PROVISIONS; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR SEVERABILITY AND REPEALER CLAUSES; PROVIDING FOR AN EFFECTVE DATE.

WHEREAS, the City Council previously adopted Ordinance # 09-29 which established a Drought Contingency and Water Emergency Response Plan; and

WHEREAS, the City Council has determined the need to implement certain modifications to the Drought Contingency and Water Emergency Response Plan in accordance with Section 288.20 of the Texas Administrative Code.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That portions of Sec. 44-436 of Chapter 44. Utilities, Article V. Water, Division 7. Drought Contingency and Emergency Response Plan are hereby amended to henceforth read as follows:

Sec. 44-436 Stages and measures

(b) (7) Requires notification to Texas Commission on Environmental Quality (TCEQ):

a. Limit landscape watering with sprinklers or irrigation systems to no more than two days per week. An exception is allowed for landscape associated with new construction that may be watered as necessary for 30 days from the date of the certificate of occupancy. ~~An exemption is also allowed for registered and properly functioning ET/Smart irrigation systems and drip irrigation systems, which do not have restrictions to the number of days per week of operation.~~

(c) (8) Requires notification to Texas Commission on Environmental Quality (TCEQ). Limit landscape watering with sprinklers or irrigation systems at each service address to ~~twice~~ **once** every seven days ~~or as described in the table contained in subsection (8)a of this section depending on the city manager's assessment of the extent of the need for emergency conservation~~. in accordance with the current schedule based on customer service address as developed and implemented by the city manager.

a. ~~If the city manager determines the need for limiting watering with sprinkler or irrigation systems to twice every seven days, the following schedule based on customer service addresses shall apply:~~

~~Address Ends In~~	~~Designated Watering Days~~
~~1~~	~~Monday and Friday~~
~~2~~	~~Monday and Friday~~
~~3~~	~~Monday and Friday~~
~~4~~	~~Tuesday and Saturday~~
~~5~~	~~Tuesday and Saturday~~
~~6~~	~~Wednesday and Sunday~~
~~7~~	~~Wednesday and Sunday~~
~~8~~	~~Wednesday and Sunday~~
~~9~~	~~Monday and Thursday~~
~~0~~	~~Monday and Thursday~~

b. If the city manager determines the need for limiting watering with sprinklers or irrigation systems to ~~once~~ one day every seven days, or any other emergency schedules mandated by the circumstance, an alternative schedule based on customer service address may be developed and implemented by the city manager.

c. ~~(5) Registered and properly functioning ET/Smart irrigation systems and drip irrigation systems may irrigate without restrictions.~~

SECTION 2. That the remainder of Chapter 44, Utilities, Article V, Water Division 7 of the City Code of Ordinances remains unchanged.

SECTION 3. That the City Manager or his designee is hereby directed to file a copy of the Plan and this Ordinance with the Texas Commission on Environmental Quality in accordance with Title 30, Chapter 288 of the Texas Administrative Code;

SECTION 4. That if any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be unconstitutional or illegal, such decision shall not affect the validity of the remaining sections of this Ordinance. The City Council hereby declares that it would have passed this Ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared void;

SECTION 5. That all ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed, and the balance of such ordinance is hereby saved from repeal;

SECTION 6. That the City Council does hereby find and declare that sufficient written notice of the date, hour, place and subject of the meeting adopting this Ordinance was posted at a designated place convenient to the public for the time required by law preceding the meeting, that such place of posting was readily accessible at all times to the general public, and that all of the foregoing was done as required by law at all times during which this Ordinance and the

subject matter thereof has been discussed, considered and formally acted upon. The City Council further ratifies, approves and confirms such written notice and the posting thereof.

SECTION 7. That any person, firm or corporation violating any of the provisions of this ordinance shall be punished by a penalty of a fine not to exceed the sum of Two Thousand Dollars ($2,000.00) for each offense and each day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 8. That the ordinance shall be effective immediately following its second reading and publication in accordance with the City Charter.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 21st day of April, 2014.

CITY OF ROCKWALL

ORDINANCE NO. 14-17

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING ORDINANCE # 09-25 TO REPLACE "EXHIBIT A" (WATER CONSERVATION PLAN) WITH A NEW "EXHIBIT A," ATTACHED HERETO, PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR SEVERABILITY AND REPEALER CLAUSES; PROVIDING FOR AN EFFECTVE DATE.

WHEREAS, the City Council previously adopted Ordinance # 09-25 which established a Water Conservation Plan; and

WHEREAS, the City Council has determined the need to implement certain modifications to "Exhibit A," the Water Conservation Plan, of Ordinance # 09-25 in accordance with Section 288.2 of the Texas Administrative Code.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That "Exhibit A" of Ordinance #09-25, the City of Rockwall Water Conservation Plan, adopted by the City Council of the City of Rockwall on July 6, 2009, is hereby repealed in its entirety and a new "Exhibit A," attached hereto, is hereby adopted in its place and shall henceforth be in full force and effect;

SECTION 2. That the City Manager or his designee is hereby directed to file a copy of the Plan and this Ordinance with the Texas Commission on Environmental Quality in accordance with Title 30, Chapter 288 of the Texas Administrative Code, and said Plan meets all the requirements of Section 288.2 of the Texas Administrative Code;

SECTION 3. That if any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be unconstitutional or illegal, such decision shall not affect the validity of the remaining sections of this Ordinance. The City Council hereby declares that it would have passed this Ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared void;

SECTION 4. That all ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed, and the balance of such ordinance is hereby saved from repeal;

SECTION 5. That the City Council does hereby find and declare that sufficient written notice of the date, hour, place and subject of the meeting adopting this Ordinance was posted at a designated place convenient to the public for the time required by law preceding the meeting, that such place of posting was readily accessible at all times to the general public, and that all of the foregoing was done as required by law at all times during which this Ordinance and the

subject matter thereof has been discussed, considered and formally acted upon. The City Council further ratifies, approves and confirms such written notice and the posting thereof.

SECTION 6. That any person, firm or corporation violating any of the provisions of this ordinance shall be punished by a penalty of a fine not to exceed the sum of Two Thousand Dollars ($2,000.00) for each offense and each day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 7. That the ordinance shall be effective immediately following its second reading and publication in accordance with the City Charter.

Water Conservation Plan for the City of Rockwall, Texas

May 2014

1. INTRODUCTION AND OBJECTIVES

Water supply has always been a key issue in the development of Texas. In recent years, the growing population and economic development of North Central Texas has led to increasing demands for water supplies. At the same time, local and less expensive sources of water supply are largely developed. Additional supplies to meet higher demands will be expensive and difficult to develop. It is therefore important that NTMWD and its Member Cities and Customer Cities make the most efficient use of existing supplies. This will delay the need for new supplies, minimize the environmental impacts associated with developing new supplies and delay the high cost of additional water supply development.

Recognizing the need for efficient use of existing water supplies, the Texas Commission on Environmental Quality (TCEQ) has developed guidelines and requirements governing the development of water conservation plans for public water suppliers. TCEQ guidelines and requirements are included in Appendix B. The best management practices established by the Water Conservation Implementation Task Force, established pursuant to SB1094 by the 78th Legislature, were also considered in the development of water conservation measures. This water conservation plan was developed following TCEQ guidelines and requirements.

This water conservation plan includes measures that are intended to result in ongoing, long-term water savings.

The objectives of this water conservation plan are as follows:

- To reduce water consumption from the levels that would prevail without conservation efforts
- To reduce the loss and waste of water
- To improve efficiency in the use of water
- To document the level of recycling and reuse in the water supply
- To extend the life of current water supplies by reducing the rate of growth and demand

This Water Conservation Plan for the City of Rockwall, Texas applies to all use of the City of Rockwall's water supply.

This plan includes all of the elements required by TCEQ.

2. TEXAS COMMISSION ON ENVIRONMENTAL QUALITY RULES

The TCEQ rules governing development of water conservation plans for public water suppliers are contained in Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2 of the Texas Administrative Code, which is included in Appendix B. For the purpose of these rules, a water conservation plan is defined as "A strategy or combination of strategies for reducing the volume of water withdrawn from a water supply source, for reducing the loss or waste of water, for maintaining or improving the efficiency in the use of water, for increasing the recycling and reuse of water and for preventing the pollution of water." The elements in the TCEQ water conservation rules covered in this Conservation Plan are listed below.

Minimum Conservation Plan Requirements

The minimum requirements in the Texas Administrative Code for Water Conservation Plans for Public Water Suppliers are covered in this report as follows:

- 288.2(a)(1)(A) – Utility Profile – Section 3 and Appendix C
- 288.2(a)(1)(B) – Specification of Goals – Section 4
- 288.2(a)(1)(C) – Specific, Quantified Goals – Section 4
- 288.2(a)(1)(D) – Accurate Metering – Sections 5.1 and 5.2
- 288.2(a)(1)(E) – Universal Metering – Section 5.2
- 288.2(a)(1)(F) – Determination and Control of Unaccounted Water – Section 5.4
- 288.2(a)(1)(G) – Public Education and Information Program – Section 6
- 288.2(a)(1)(H) – Non-Promotional Water Rate Structure – Section 7
- 288.2(a)(1)(I) – Reservoir System Operation Plan – Section 8.1
- 288.2(a)(1)(J) – Means of Implementation and Enforcement – Section 9
- 288.2(a)(1)(K) – Coordination with Regional Water Planning Group – Section 8.7 and Appendix F
- 288.2(c) – Review and Update of Plan – Section 10

Conservation Plan Additional Requirements (Population over 5,000)

The Texas Administrative Code includes additional requirements for water conservation plans for drinking water supplies serving a population over 5,000:

- 288.2(a)(2)(A) – Leak Detection, Repair and Water Loss Accounting – Sections 5.4, 5.5, and 5.6
- 288.2(a)(2)(B) – Record Management System – Section 5.3

- 288.2(a)(2)(C) – Requirement for Water Conservation Plans by Wholesale Customers – Section 8.6

Additional Conservation Strategies

The TCEQ requires that a water conservation implementation report be completed and submitted on an annual basis. This report is included in Appendix H.

In addition to the TCEQ required water conservation strategies, NTMWD also requires the following strategy to be included in Member City and Customer City plans:

- 288.2(a)(3)(F) – Irrigation Ordinance – Section 8.4 and Appendix E

TCEQ rules also include optional, not required, conservation strategies, which may be adopted by suppliers. The NTMWD recommends that the following strategies be included in the Member City and Customer City plans:

- 288.2(a)(3)(A) – Conservation Oriented Water Rates – Section 7
- 288.2(a)(3)(B) – Ordinances, Plumbing Codes or Rules on Water-Conserving Fixtures – Section 8.3
- 288.2(a)(3)(C) – Replacement or Retrofit of Water-Conserving Plumbing Fixtures – Section 8.5
- 288.2(a)(3)(D) – Reuse and Recycling of Wastewater – Section 8.2
- 288.2(a)(3)(F) – Irrigation Ordinance – Section 8.5 and Appendix E
- 288.2(a)(3)(G) – Monitoring Method – Section 5.6
- 288.2(a)(3)(H) – Additional Conservation Ordinance Provisions – Section 8.5

3. WATER UTILITY PROFILE

Appendix C to this Water Conservation Plan is a sample water utility profile based on the format recommended by TCEQ. In adopting this Water Conservation Plan, the City of Rockwall will provide a draft water utility profile to NTMWD for review and comment. A final water utility profile will be provided to NTMWD.

4. SPECIFICATIONS OF WATER CONSERVATION GOALS

The goals for this Water Conservation Plan include the following:

- Maintain the per capita municipal water use below the specified amount in gallons per capita per day in a dry year, as shown in Table 4.1.
- Maintain the level (gpcd) of unaccounted water in the system below 12 percent annually in 2009 and subsequent years, as discussed in Section 5.4. The 12 percent goal for unaccounted water is recommended, but is not required.
- Implement and maintain a program of universal metering and meter replacement and repair, as discussed in Section 5.2.
- Increase efficient water usage through a water conservation ordinance, as discussed in Section 8.4 and Appendix E. This ordinance is required by NTMWD.
- Decrease waste in lawn irrigation by implementation and enforcement of landscape water management regulations, as discussed in Section 8.5.
- Raise public awareness of water conservation and encourage responsible public behavior through a public education and information program, as discussed in Section 6.
- Develop a system specific strategy to conserve water during peak demands, thereby reducing the peak use.

Table 4.1
Five-Year and Ten-Year Municipal Per Capita Water Use Goals (gpcd)

Description	Current Average (gpcd)	5-Year Goal (gpcd)	10-Year Goal (gpcd)
Current 5-Year Average Total Per Capita Use with Credit for Reuse	166	160	157
Current 5-Year Average Residential Per Capita Use	110	105	102
Water Loss (GPCD)1	6	8	9
Water Loss (Percentage)2	3.8	5	6
Expected Reduction due to Low-Flow Plumbing Fixtures	———	3	5
Projected Reduction Due to Elements in this Plan	———	2	4
Water Conservation Goals (with credit for reuse)	———	163	157

5. METERING, WATER USE RECORDS, CONTROL OF UNACCOUNTED WATER AND LEAK DETECTION AND REPAIR

One of the key elements of water conservation is tracking water use and controlling loss through illegal diversions and leaks. It is important to carefully meter water use, detect and repair leaks in the distribution system and provide regular monitoring of unaccounted water.

5.1 Accurate Metering of Treated Water Deliveries from NTMWD

Water deliveries from NTMWD are metered by NTMWD using meters with accuracy of ±2%. These meters are calibrated on a monthly basis by NTMWD to maintain the required accuracy.

5.2 Metering of Customer and Public Uses and Meter Testing, Repair and Replacement

The provision of water to all customers, including public and governmental users, will continue to be metered by the City of Rockwall. The City of Rockwall will test and replace their residential customers' meters on a regular basis. Additionally, large meters will be regularly tested and either repaired or replaced when their flow is more than a 3 percent difference from actual flow.

5.3 Record Management System

As required by TAC Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2(a)(2)(B), a record management system should allow for the separation of water sales and uses into residential, commercial, public/institutional, and industrial categories. This information will be included in an annual water conservation report, as described in Section 5.6.

5.4 Determination and Control of Unaccounted Water

Unaccounted water is the difference between water delivered to Rockwall from NTMWD and metered water sales to customers plus authorized but unmetered uses. Authorized but unmetered uses would include use for fire fighting, releases for flushing of lines, uses associated with new construction, etc. Unaccounted water can include several categories:

- Inaccuracies in customer meters. Customer meters tend to run slower as they age and under-report actual use.
- Meters which are being used but have not yet been added to the billing system.
- Losses due to water main breaks and leaks in the water distribution system.
- Losses due to illegal connections and theft. (Included in Appendix G.)

Measures to control unaccounted water should be part of the routine operations of the City of Rockwall. Maintenance crews and personnel will look for and report evidence of leaks in the water distribution system. A leak detection and repair program is described in Section

5.5 below. Meter readers will watch for and report signs of illegal connections, so they can be quickly addressed.

Unaccounted water will be calculated in accordance with the provisions in Appendix C. With the measures described in this plan, Rockwall will maintain unaccounted water below 12 percent in 2009 and subsequent years. If unaccounted water exceeds this goal, the City of Rockwall will implement a more intensive audit to determine the source(s) of and reduce the unaccounted water. The annual conservation report described in Section 5.6 is the primary tool that will be used to monitor unaccounted water.

5.5 Leak Detection and Repair

As described above, city crews and personnel will look for and report evidence of leaks in the water distribution systems. Areas of the water distribution system, in which numerous leaks and line breaks occur, will be targeted for replacement as funds are available.

5.6 Monitoring of Effectiveness and Efficiency - Annual Water Conservation Report

Appendix D is the form that will be used in the development of an annual water conservation report by the City of Rockwall. This form will be completed by March 31 of the following year and used to monitor the effectiveness and efficiency of the water conservation program and to plan conservation-related activities for the next year. The form records the water use by category, per capita municipal use and unaccounted water for the current year and compares them to historical values. The annual water conservation report will be sent to NTMWD, which will monitor NTMWD Member Cities' and Customers Cities' water conservation trends.

5.7 Water Conservation Implementation Report

Appendix H includes the TCEQ-required water conservation implementation report. The report is due to the TCEQ by May 1 of every year, starting in the year 2010. This report will list the various water conservation strategies that have been implemented, including the date the strategy was implemented. The report also calls for the five-year and ten-year per capita water use goals from the previous water conservation plan. The city will answer whether or not these goals have been met and, if not, why not. The amount of water saved is also requested.

6. CONTINUING PUBLIC EDUCATION AND INFORMATION CAMPAIGN

The continuing public education and information campaign on water conservation includes the following elements:

- Utilize the "Water IQ: Know Your Water" and other public education materials produced by NTMWD.
- Insert water conservation information with water bills. Inserts will include material developed by the City of Rockwall and material obtained from the TWDB, the TCEQ and other sources.
- Encourage local media coverage of water conservation issues and the importance of water conservation.
- Notify local organizations, schools and civic groups that the City of Rockwall staff and staff of the NTMWD are available to make presentations on the importance of water conservation and ways to save water.
- Promote the *Texas Smartscape* web site (www.txsmartscape.com) and provide water conservation brochures and other water conservation materials available to the public at City Hall and other public places.
- Make information on water conservation available on the City's website and include links to the "Water IQ: Know Your Water" website, *Texas Smartscape* website and the TWDB and TCEQ web sites.

7. WATER RATE STRUCTURE

The City of Rockwall will continue to bill customers using an increasing block rate water structure that is intended to encourage water conservation and discourage excessive use and waste of water.

The following monthly rates are hereby established and shall be collected for water and wastewater services billed by the City:

	Meter Size	Water Rates	Wastewater Rates
Monthly Minimum Bills:			
Residential	0.75	$ 12.16	$ 13.35
	1.00	12.16	13.35
	1.50	12.16	13.35
	2.00	12.16	13.35
Non-residential:	0.75	$ 13.35	$ 13.35
	1.00	15.62	15.62
	1.50	18.15	18.15
	2.00	22.89	22.89
	3.00	32.45	32.45
	4.00	41.95	41.95
	6.00	51.45	51.45
Irrigation Meters:	0.75	$ 13.35	$ N/A
	1.00	15.62	N/A
	1.50	18.15	N/A
	2.00	22.89	N/A
	3.00	32.45	N/A
	4.00	41.95	N/A
	6.00	51.45	N/A
Rate per TH Gallons – Water:	Residential 2,001- 12,000 gallons	$ 3.07	$ N/A
	Residential over 12,000 gallons	5.37	N/A
	Irrigation over 2,000 gallons	5.37	N/A
	Non-residential over 2,000 gallons	4.61	N/A
	Wholesale Contract Rate	3.38	N/A
Rate per TH Gallons – Wastewater		N/A	2.32

8. OTHER WATER CONSERVATION MEASURES

8.1 NTMWD System Operation Plan

Member Cities and Customers of NTMWD purchase treated water from NTMWD and do not have surface water supplies for which to implement a system operation plan. NTMWD's permits do allow some coordinated operation of its water supply sources, and NTMWD is seeking additional water rights for coordinated operation to optimize its available water supplies.

8.2 Reuse and Recycling of Wastewater

Most Member Cities and Customer Cities do not own and operate their own wastewater treatment plants. Their wastewater is treated by NTMWD. NTMWD currently has the largest wastewater reuse program in the state. NTMWD has water rights allowing reuse of up to 71,882 acre-feet per year of this treated wastewater through Lake Lavon for municipal purposes. In addition, NTMWD has also developed the East Fork Raw Water Supply Project which can divert up to 157,393 acre-feet per year based on treated wastewater discharges by NTMWD. When fully developed, these two reuse projects will provide up to 44 percent of NTMWD's currently permitted water supplies. NTMWD also provides treated effluent from its wastewater treatment plants available for direct reuse for landscape irrigation and industrial use.

The City of Rockwall has a contract agreement with NTMWD to operate the wastewater treatment plants. NTMWD selects reuse arrangements for recycled wastewater effluent.

8.3 Ordinances, Plumbing Codes, or Rules on Water-Conserving Fixtures

The state has required water-conserving fixtures in new construction and renovations since 1992. The state standards call for flows of no more than 2.5 gallons per minute (gpm) for faucets, 3.0 gpm for showerheads, and 1.6 gallons per flush for toilets. Similar standards are now required nationally under federal law. These state and federal standards assure that all new construction and renovations will use water-conserving fixtures.

8.4 Landscape Water Management Measures (Required)

The following landscape water management measures are adopted by the City of Rockwall.

- Time of day restrictions prohibiting lawn irrigation watering from 10 AM to 6 PM beginning April 1st and ending October 31st of each year.
- Prohibition of watering of impervious surfaces, as provided by the Irrigation Ordinance 09-13, Article 14, Section 6 of the Code of Ordinances. Wind driven water drift will be taken into consideration.
- Prohibition of outdoor watering during rain or freeze events.
- Lawn and landscape irrigation limited to twice per week, except for irrigation systems installed with an evapo-transpiration controller or the use of a water hose

with a shut-off nozzle, and for establishment of new lawn and landscaping for a period of 30 days or as approved in writing by the City of Rockwall.

- Rain and freeze sensors and/or evapo-transpiration controllers must be maintained to function properly.
- At home and fundraising car washing can be done only when using a water hose with a shut-off nozzle.

8.5 Additional Water Conservation Measures (Not Required)

In addition, the City of Rockwall recommends the following measures:

- Retrofit existing irrigation systems with rain and freeze sensors or evapo-transpiration capable of multiple programming.
- Prohibition planting or watering areas that have been overseeded with cool season grasses (such as rye grass or other similar grasses), except for golf courses and public athletic fields.
- Rehabilitate poorly maintained irrigation systems that waste water to comply with the current Irrigation Ordinance.
- Install separate zones for areas adjacent to athletic fields.
- Plant only native, drought tolerant or adaptive plants.
- Install drip irrigation systems, when applicable.
- Water audits should be performed to find ways in which water can be used more efficiently at a specific location.

8.6 Requirement for Water Conservation Plans by Wholesale Customers

Every contract for the wholesale sale of water by the City of Rockwall that is entered into, renewed or extended after the adoption of this water conservation plan will include a requirement that the wholesale customer and any wholesale customers of that wholesale customer develop and implement a water conservation plan meeting the requirements of Title 30, Part 1, Chapter 288, Subchapter A, Rule 288.2 of the Texas Administrative Code.

8.7 Coordination with Regional Water Planning Group and NTMWD

Appendix F includes a letter to be sent to the Chair of the Region C Water Planning Group with this Water Conservation Plan. Rockwall will send a copy of their draft ordinance implementing the plan and their water utility profile to NTMWD for review and comment. The adopted ordinance and the adopted water utility profile will be sent to the Chair of the Region C Water Planning Group and to NTMWD.

9. IMPLEMENTATION AND ENFORCEMENT OF THE WATER CONSERVATION PLAN

Appendix E contains a copy of the Irrigation Ordinance, which includes information about enforcement. Appendix G includes a copy of the ordinance that has been adopted related to illegal connections and water theft.

10. REVIEW AND UPDATE OF WATER CONSERVATION PLAN

TCEQ requires that the water conservation plans be updated every five years or as required and appropriate based on new or updated information.

APPENDIX B
Texas Commission on Environmental Quality Rules
on Municipal Water Conservation Plans

Texas Administrative Code

TITLE 30	ENVIRONMENTAL QUALITY
PART 1	TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
CHAPTER 288	WATER CONSERVATION PLANS, DROUGHT CONTINGENCY PLANS, GUIDELINES AND REQUIREMENTS
SUBCHAPTER A	WATER CONSERVATION PLANS
RULE §288.1	**Definitions**

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise.

(1) Agricultural or Agriculture--Any of the following activities:

(A) cultivating the soil to produce crops for human food, animal feed, or planting seed or for the production of fibers;

(B) the practice of floriculture, viticulture, silviculture, and horticulture, including the cultivation of plants in containers or non-soil media by a nursery grower;

(C) raising, feeding, or keeping animals for breeding purposes or for the production of food or fiber, leather, pelts, or other tangible products having a commercial value;

(D) raising or keeping equine animals;

(E) wildlife management; and

(F) planting cover crops, including cover crops cultivated for transplantation, or leaving land idle for the purpose of participating in any governmental program or normal crop or livestock rotation procedure.

(2) Agricultural use--Any use or activity involving agriculture, including irrigation.

(3) Conservation--Those practices, techniques, and technologies that reduce the consumption of water, reduce the loss or waste of water, improve the efficiency in the use of water, or increase the recycling and reuse of water so that a water supply is made available for future or alternative uses.

(4) Drought contingency plan--A strategy or combination of strategies for temporary supply and demand management responses to temporary and potentially recurring water supply shortages and other water supply emergencies. A drought contingency plan may be a separate document identified as such or may be contained within another water management document(s).

(5) Industrial use--The use of water in processes designed to convert materials of a lower

order of value into forms having greater usability and commercial value, commercial fish production, and the development of power by means other than hydroelectric, but does not include agricultural use.

(6) Irrigation--The agricultural use of water for the irrigation of crops, trees, and pastureland, including, but not limited to, golf courses and parks which do not receive water through a municipal distribution system.

(7) Irrigation water use efficiency--The percentage of that amount of irrigation water which is beneficially used by agriculture crops or other vegetation relative to the amount of water diverted from the source(s) of supply. Beneficial uses of water for irrigation purposes include, but are not limited to, evapotranspiration needs for vegetative maintenance and growth, salinity management, and leaching requirements associated with irrigation.

(8) Mining use--The use of water for mining processes including hydraulic use, drilling, washing sand and gravel, and oil field repressuring.

(9) Municipal per capita water use--The sum total of water diverted into a water supply system for residential, commercial, and public and institutional uses divided by actual population served.

(10) Municipal use--The use of potable water within or outside a municipality and its environs whether supplied by a person, privately owned utility, political subdivision, or other entity as well as the use of sewage effluent for certain purposes, including the use of treated water for domestic purposes, fighting fires, sprinkling streets, flushing sewers and drains, watering parks and parkways, and recreational purposes, including public and private swimming pools, the use of potable water in industrial and commercial enterprises supplied by a municipal distribution system without special construction to meet its demands, and for the watering of lawns and family gardens.

(11) Municipal use in gallons per capita per day--The total average daily amount of water diverted or pumped for treatment for potable use by a public water supply system. The calculation is made by dividing the water diverted or pumped for treatment for potable use by population served. Indirect reuse volumes shall be credited against total diversion volumes for the purpose of calculating gallons per capita per day for targets and goals.

(12) Nursery grower--A person engaged in the practice of floriculture, viticulture, silviculture, and horticulture, including the cultivation of plants in containers or nonsoil media, who grows more than 50% of the products that the person either sells or leases, regardless of the variety sold, leased, or grown. For the purpose of this definition, grow means the actual cultivation or propagation of the product beyond the mere holding or maintaining of the item prior to sale or lease, and typically includes activities associated with the production or multiplying of stock such as the development of new plants from cuttings, grafts, plugs, or seedlings.

(13) Pollution--The alteration of the physical, thermal, chemical, or biological quality of, or the contamination of, any water in the state that renders the water harmful, detrimental, or injurious to humans, animal life, vegetation, or property, or to the

public health, safety, or welfare, or impairs the usefulness or the public enjoyment of the water for any lawful or reasonable purpose.

(14) Public water supplier--An individual or entity that supplies water to the public for human consumption.

(15) Regional water planning group--A group established by the Texas Water Development Board to prepare a regional water plan under Texas Water Code, §16.053.

(16) Retail public water supplier--An individual or entity that for compensation supplies water to the public for human consumption. The term does not include an individual or entity that supplies water to itself or its employees or tenants when that water is not resold to or used by others.

(17) Reuse--The authorized use for one or more beneficial purposes of use of water that remains unconsumed after the water is used for the original purpose of use and before that water is either disposed of or discharged or otherwise allowed to flow into a watercourse, lake, or other body of state-owned water.

(18) Water conservation plan--A strategy or combination of strategies for reducing the volume of water withdrawn from a water supply source, for reducing the loss or waste of water, for maintaining or improving the efficiency in the use of water, for increasing the recycling and reuse of water, and for preventing the pollution of water. A water conservation plan may be a separate document identified as such or may be contained within another water management document(s).

(19) Wholesale public water supplier--An individual or entity that for compensation supplies water to another for resale to the public for human consumption. The term does not include an individual or entity that supplies water to itself or its employees or tenants as an incident of that employee service or tenancy when that water is not resold to or used by others, or an individual or entity that conveys water to another individual or entity, but does not own the right to the water which is conveyed, whether or not for a delivery fee.

Source Note: The provisions of this §288.1 adopted to be effective May 3, 1993, 18 TexReg 2558; amended to be effective February 21, 1999, 24 TexReg 949; amended to be effective April 27, 2000, 25 TexReg 3544; amended to be effective August 15, 2002, 27 TexReg 7146, amended to be effective October 7, 2004, 29 TexReg 9384.

Texas Administrative Code

TITLE 30	ENVIRONMENTAL QUALITY
PART 1	TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
CHAPTER 288	WATER CONSERVATION PLANS, DROUGHT CONTINGENCY PLANS, GUIDELINES AND REQUIREMENTS
SUBCHAPTER A	WATER CONSERVATION PLANS
RULE §288.2	**Water Conservation Plans for Municipal Uses by Public Water Suppliers**

(a) A water conservation plan for municipal water use by public water suppliers shall provide information in response to the following. If the plan does not provide information for each requirement, the public water supplier shall include in the plan an explanation of why the requirement is not applicable.

(1) Minimum requirements. All water conservation plans for municipal uses by public drinking water suppliers must include the following elements:

(A) a utility profile including, but not limited to, information regarding population and customer data, water use data, water supply system data, and wastewater system data;

(B) until May 1, 2005, specification of conservation goals including, but not limited to, municipal per capita water use goals, the basis for the development of such goals, and a time frame for achieving the specified goals;

(C) beginning May 1, 2005, specific, quantified five-year and ten-year targets for water savings to include goals for water loss programs and goals for municipal use, in gallons per capita per day. The goals established by a public water supplier under this subparagraph are not enforceable;

(D) metering device(s), within an accuracy of plus or minus 5.0% in order to measure and account for the amount of water diverted from the source of supply;

(E) a program for universal metering of both customer and public uses of water, for meter testing and repair, and for periodic meter replacement;

(F) measures to determine and control unaccounted-for uses of water (for example, periodic visual inspections along distribution lines; annual or monthly audit of the water system to determine illegal connections; abandoned services; etc.);

(G) a program of continuing public education and information regarding water conservation;

(H) a water rate structure which is not "promotional," i.e., a rate structure which is cost-based and which does not encourage the excessive use of water;

(I) a reservoir systems operations plan, if applicable, providing for the

55

coordinated operation of reservoirs owned by the applicant within a common watershed or river basin in order to optimize available water supplies; and

(J) a means of implementation and enforcement which shall be evidenced by:

(i) a copy of the ordinance, resolution, or tariff, indicating official adoption of the water conservation plan by the water supplier; and

(ii) a description of the authority by which the water supplier will implement and enforce the conservation plan; and

(K) documentation of coordination with the regional water planning groups for the service area of the public water supplier in order to ensure consistency with the appropriate approved regional water plans.

(2) Additional content requirements. Water conservation plans for municipal uses by public drinking water suppliers serving a current population of 5,000 or more and/or a projected population of 5,000 or more within the next ten years subsequent to the effective date of the plan must include the following elements:

(A) a program of leak detection, repair, and water loss accounting for the water transmission, delivery, and distribution system in order to control unaccounted-for uses of water;

(B) a record management system to record water pumped, water deliveries, water sales, and water losses which allows for the desegregation of water sales and uses into the following user classes:

(i) residential;

(ii) commercial;

(iii) public and institutional; and

(iv) industrial;

(C) a requirement in every wholesale water supply contract entered into or renewed after official adoption of the plan (by either ordinance, resolution, or tariff), and including any contract extension, that each successive wholesale customer develop and implement a water conservation plan or water conservation measures using the applicable elements in this chapter. If the customer intends to resell the water, then the contract between the initial supplier and customer must provide that the contract for the resale of the water must have water conservation requirements so that each successive customer in the resale of the water will be required to implement water conservation measures in accordance with the provisions of this chapter.

(3) Additional conservation strategies. Any combination of the following strategies shall be selected by the water supplier, in addition to the minimum requirements in paragraphs (1) and (2) of this subsection, if they are necessary to achieve the stated water conservation goals of the plan. The commission may require that any of the following strategies be implemented by the water supplier if the commission determines that the strategy is necessary to achieve the goals of the

water conservation plan:

(A) conservation-oriented water rates and water rate structures such as uniform or increasing block rate schedules, and/or seasonal rates, but not flat rate or decreasing block rates;

(B) adoption of ordinances, plumbing codes, and/or rules requiring water-conserving plumbing fixtures to be installed in new structures and existing structures undergoing substantial modification or addition;

(C) a program for the replacement or retrofit of water-conserving plumbing fixtures in existing structures;

(D) reuse and/or recycling of wastewater and/or graywater;

(E) a program for pressure control and/or reduction in the distribution system and/or for customer connections;

(F) a program and/or ordinance(s) for landscape water management;

(G) a method for monitoring the effectiveness and efficiency of the water conservation plan; and

(H) any other water conservation practice, method, or technique which the water supplier shows to be appropriate for achieving the stated goal or goals of the water conservation plan.

(b) A water conservation plan prepared in accordance with 31 TAC §363.15 (relating to Required Water Conservation Plan) of the Texas Water Development Board and substantially meeting the requirements of this section and other applicable commission rules may be submitted to meet application requirements in accordance with a memorandum of understanding between the commission and the Texas Water Development Board.

(c) Beginning May 1, 2005, a public water supplier for municipal use shall review and update its water conservation plan, as appropriate, based on an assessment of previous five-year and ten-year targets and any other new or updated information. The public water supplier for municipal use shall review and update the next revision of its water conservation plan not later than May 1, 2009, and every five years after that date to coincide with the regional water planning group.

Source Note: The provisions of this §288.2 adopted to be effective May 3, 1993, 18 TexReg 2558; amended to be effective February 21, 1999, 24 TexReg 949; amended to be effective April 27, 2000, 25 TexReg 3544; amended to be effective October 7, 2004, 29 TexReg 9384.

APPENDIX C

TCEQ WATER UTILITY PROFILE

58

Texas Commission on Environmental Quality

UTILITY PROFILE AND WATER CONSERVATION PLAN REQUIREMENTS FOR MUNICIPAL WATER USE BY RETAIL PUBLIC WATER SUPPLIERS

This form is provided to assist retail public water suppliers in water conservation plan development. If you need assistance in completing this form or in developing your plan, please contact the conservation staff of the Resource Protection Team in the Water Availability Division at (512) 239-4691.

Name:	City of Rockwall	
Address:	385 S. Goliad Street, Rockwall, TX 75087	
Telephone Number:	(972) 771-7736	Fax: (972) 771-7728
Water Right No.(s):	NA	
Regional Water Planning Group:	Region C	
Form Completed by:	Kay Roberson, Utility Billing Supervisor	
	Rick Sherer, Water/Wastewater Manager	
Person responsible for implementing conservation program:	Rick Crowley	Phone: (972) 771-7700
Signature:		Date:

NOTE: If the plan does not provide information for each requirement, include an explanation of why the requirement is not applicable.

UTILITY PROFILE

I. POPULATION AND CUSTOMER DATA

A. *Population and Service Area Data*

1. Attach a copy of your service-area map and, if applicable, a copy of your Certificate of Convenience and Necessity (CCN). <attached>

2. Service area size (in square miles): 20.91

   (Please attach a copy of service-area map) <attached>

3. Current population of service area: 39,714 (entire Rockwall 40,448)

4. Current population served for:

   a. Water 39,714

   b. Wastewater 39,231

5. Population served for previous five years:

Year	*Population*
2009	31,369
2010	34,316
2011	36,756
2012	37,556
2013	39,714

6. Projected population for service area in the following decades:

Year	*Population*
2020	52,947
2030	61,169
2040	69,267
2050	69,267
2060	69,267

7. List source or method for the calculation of current and projected population size.

   The population counts were derived from roof-top counts, local permitting records, and verified multi-family occupancies; the study was performed in 2013 by the City of Rockwall Planning and GIS Departments. It was an assumption based on model. GIS data sources were from the City of Rockwall and TCEQ GIS data.

B. *Customers Data*

Senate Bill 181 requires that uniform consistent methodologies for calculating water use and conservation be developed and available to retail water providers and certain other water use sectors as a guide for preparation of water use reports, water conservation plans, and reports on water conservation efforts. A water system must provide the most detailed level of customer and water use data available to it, however, any new billing system purchased must be capable of reporting data for each of the sectors listed below. http://www.tceq.texas.gov/assets/public/permitting/watersupply/water_rights/sb181_guidance.pdf

1. Current number of active connections. Check whether multi-family service is counted as ☒ Residential or ☐ Commercial?

Treated Water Users	*Metered*	*Non-Metered*	**Totals**
Residential	13,302	0	13,302
Single-Family	13,159	0	13,159
Multi-Family	143	0	143
Commercial	1,106	0	1.106
Industrial/Mining	15	0	15
Institutional	225	0	225
Agriculture	0	0	0
Other/Wholesale	3	3	3

2. List the number of new connections per year for most recent three years.

Year	2013	2012	2011
Treated Water Users			
Residential	1,095	309	192
Single-Family	1,095	309	192
Multi-Family	0	N/A	N/A
Commercial	42	115	50
Industrial/Mining	0	1	0
Institutional	16	4	4
Agriculture	0	0	0
Other/Wholesale	0	0	0

3. List of annual water use for the five highest volume customers.

	Customer	*Use (1,000 gal/year)*	*Treated or Raw Water*
1.	City of Rockwall	49,645/2013	Treated
2.	Rockwall ISD	40,376/2013	Treated
3.	Mansions of Rockwall	28,801/2013	Treated
4.	D.W.C./Highlife Properties	16,359/2013	Treated
5.	Walden Residential Properties	12,444/2013	Treated

II. WATER USE DATA FOR SERVICE AREA

A. *Water Accounting Data*

1. List the amount of water use for the previous five years (in 1,000 gallons). Indicate whether this is ☐ diverted or ☒ treated water.

Year	2013	2012	2011	2010	2009
Month					
January	109,732	88,755	106,345	110,314	115,534
February	124,696	80,356	94,477	89,391	123,450
March	117,578	85,300	105,987	83,729	113,371
April	124,390	121,520	186,279	136,117	128,654
May	186,570	135,717	153,206	154,857	258,878
June	154,091	213,783	267,459	229,645	180,798
July	245,528	224,833	288,849	291,491	260,502
August	220,315	274,981	367,451	317,154	267,976
September	238,196	291,542	450,693	316,769	215,366
October	197,972	188,469	239,975	221,198	150,971
November	169,855	168,339	152,837	148,226	137,522
December	110,696	172,958	114,826	148,184	98,680
Totals	1,999,586	2,046,560	2,528,388	2,247,080	2,051,705

Describe how the above figures were determine (e.g, from a master meter located at the point of a diversion from the source, or located at a point where raw water enters the treatment plant, or from water sales).

Water Sales

2. Amount of water (in 1,000 gallons) delivered/sold as recorded by the following account types for the past five years.

Year	2013	2012	2011	2010	2009
Account Types					
Residential	1,513,709	1,449,279	1,733,086	1,580,082	1,460,752
Single-Family	1,412,770	1,449,279	1,733,086	1,580,082	1,460,752
Multi-Family	100,939				
Commercial	413,679	450,346	659,015	549,483	493,762
Industrial/Mining	3,835	5,644	7,380	6,676	5,370
Institutional	68,361	89,958	128,906	110,837	91,820
Agriculture					
Other/Wholesale	806,750	975,049	1,162,375	1,006,669	876,786

3. List the previous records for water loss for the past five years (the difference between water diverted or treated and water delivered or sold).

Year	*Amount (gallons)*	*Percent %*
2013	88,885	3%
2012	209,042	6%
2011	38,264	1%
2010	174,825	5%
2009	21,670	1%

B. Projected Water Demands

Tables 1 and 2 below show projected population and demands for Rockwall and its customers from the Region C Water Planning group from the current round of regional water planning (to be used in the *2016 Region C Water Plan*). Interpolating between projected 2020 and 2030 demands, the projected 2024 (ten year) demand for Rockwall and its customers would be 15,732 acre-feet per year.

Table 1 – Projected Region C Population for Rockwall and Customers

	Population					
	2020	**2030**	**2040**	**2050**	**2060**	**2070**
Rockwall	47,474	59,732	73,669	87,768	103,514	120,202
Heath	12,107	24,300	24,300	24,300	24,300	24,300
Rockwall County Other (75%)	2,645	2,645	2,645	2,645	9,000	15,000
TOTAL	62,226	86,677	100,614	114,713	136,814	159,502

Table 2 – Projected Region C Demands for Rockwall and Customers

	Demand in Acre-Feet					
	2020	**2030**	**2040**	**2050**	**2060**	**2070**
Rockwall	8,914	11,049	13,526	16,057	18,911	21,947
Heath	3,945	7,839	7,826	7,818	7,816	7,815
Rockwall County-Other (75%)	426	423	422	420	1,415	2,354
Rockwall County Manufacturing (100%)	35	40	45	50	55	61
Total	**13,320**	**19,351**	**21,819**	**24,345**	**28,197**	**32,177**

III. WATER SUPPLY SYSTEM DATA

A. Water Supply Sources

List all current water supply sources and the amounts authorized (in acre feet) with each.

Water Type	*Source*	*Amount Authorized*
Surface Water	North Texas Municipal Water District	33.4 MGD
Groundwater		
Contracts		
Other		

B. Treatment and Distribution System

1. Design daily capacity of system (MGD): Distribution system 14.6 MGD

2. Storage capacity (MGD):

   a. Elevated 5 MGD

   b. Ground 7 MGD

3. If surface water, do you recycle filter backwash to the head of the plant?

   ☐ Yes ☐ No If yes, approximate amount (MGD): The City of Rockwall purchases water from North Texas Municipal water district.

IV. WASTEWATER SYSTEM DATA

A. Wastewater System Data (if applicable)

1. Design capacity of wastewater treatment plant(s) (MGD):

   - Buffalo Creek WWTP – 2.25 MGD
   - Squabble Creek WWTP – 1.20 MGD
   - *South Mesquite Regional WWTP – 33.0 MGD

     * Only a portion of Rockwall's wastewater is diverted to the South Mesquite Regional WWTP for treatment

2. Treated effluent is used for ☐ on-site irrigation, ☒ off-site irrigation, for ☒ plant wash-down, and/or for ☒ chlorination/dechlorination.

   If yes, approximate amount (in gallons per month): 5,200,000 gallons

3. Briefly describe the wastewater system(s) of the area serviced by the water utility. Describe how treated wastewater is disposed. Where applicable, identify treatment plant(s) with the TCEQ name and number, the operator, owner, and the receiving stream if wastewater is discharged.

- **Buffalo Creek WWTP** - TCEQ ID – WQ12047-001 – NTMWD – Owner/Operator: The solids generated from the treatment process are collected and disposed at NTMWD's 121 Landfill in Melissa, Texas. The Treated effluent is discharged into Buffalo Creek a tributary of the East Fork of the Trinity River.

- **Squabble Creek WWTP** - TCEQ ID – WQ10262-001– NTMWD – Owner/Operator: The solids generated from the treatment process are collected and disposed at NTMWD's 121 Landfill in Melissa, Texas. The Treated effluent is discharged into Squabble Creek a tributary of Lake Ray Hubbard.

- **South Mesquite Creek WWTP -** TCEQ ID – WQ10221-001 – NTMWD – Owner/Operator: The solids generated from the treatment process are collected and disposed at Skyline Landfill in Ferris, Texas. The Treated effluent is discharged into South Mesquite Creek a tributary of the East Fork Of the Trinity River

B. Wastewater Data for Service Area (if applicable)

1. Percent of water service area served by wastewater system: 80 %

2. Monthly volume treated for previous five years (in 1,000 gallons):

Year	2013	2012	2011	2010	2009
Month					
January	115,851	123,250	96,321	131,654	98,808
February	94,174	102,648	91,925	138,085	88,625
March	103,391	124,950	86,514	129,350	118,881
April	114,939	101,474	96,791	94,487	116,306
May	121,577	108,362	112,066	89,655	139,017
June	112,760	111,854	89,409	86,194	100,772
July	108,918	100,318	88,316	94,048	105,859
August	106,223	120,309	87,213	87,361	101,930
September	105,955	100,499	80,032	97,391	118,658
October	119,854	103,331	86,857	85,368	168,414
November	114,446	90,546	83,068	96,294	118,778
December	123,159	100,932	115,600	89,048	126,004
Totals	1,341,247	1,288,473	1,114,112	1,218,935	1,402,052

V. ADDITIONAL REQUIRED INFORMATION

In addition to the utility profile, please attach the following as required by Title 30, Texas Administrative Code, §288.2. Note: If the water conservation plan does not provide information for each requirement, an explanation must be included as to why the requirement is not applicable.

A. *Specific, Quantified 5 & 10-Year Targets*

The water conservation plan must include specific, quantified five-year and ten-year targets for water savings to include goals for water loss programs and goals for municipal use in gallons per capita per day. Note that the goals established by a public water supplier under this subparagraph are not enforceable

B. *Metering Devices*

The water conservation plan must include a statement about the water suppliers metering device(s), within an accuracy of plus or minus 5.0% in order to measure and account for the amount of water diverted from the source of supply.

C. *Universal Metering*

The water conservation plan must include and a program for universal metering of both customer and public uses of water, for meter testing and repair, and for periodic meter replacement.

D. *Unaccounted- For Water Use*

The water conservation plan must include measures to determine and control unaccounted-for uses of water (for example, periodic visual inspections along distribution lines; annual or monthly audit of the water system to determine illegal connections; abandoned services; etc.).

E. *Continuing Public Education & Information*

The water conservation plan must include a description of the program of continuing public education and information regarding water conservation by the water supplier.

F. *Non-Promotional Water Rate Structure*

The water supplier must have a water rate structure which is not "promotional," i.e., a rate structure which is cost-based and which does not encourage the excessive use of water. This rate structure must be listed in the water conservation plan.

G. *Reservoir Systems Operations Plan*

The water conservation plan must include a reservoir systems operations plan, if applicable, providing for the coordinated operation of reservoirs owned by the applicant within a common watershed or river basin. The reservoir systems operations plan shall include optimization of water supplies as one of the significant goals of the plan.

H. *Enforcement Procedure and Plan Adoption*

The water conservation plan must include a means for implementation and enforcement, which shall be evidenced by a copy of the ordinance, rule, resolution, or tariff, indicating official adoption of the water conservation plan by the water supplier; and a description of the authority by which the water supplier will implement and enforce the conservation plan.

I. Coordination with the Regional Water Planning Group(s)

The water conservation plan must include documentation of coordination with the regional water planning groups for the service area of the wholesale water supplier in order to ensure consistency with the appropriate approved regional water plans.

J. Plan Review and Update

A public water supplier for municipal use shall review and update its water conservation plan, as appropriate, based on an assessment of previous five-year and ten-year targets and any other new or updated information. The public water supplier for municipal use shall review and update the next revision of its water conservation plan not later than May 1, 2009, and every five years after that date to coincide with the regional water planning group. The revised plan must also include an implementation report.

VI. ADDITIONAL REQUIREMENTS FOR LARGE SUPPLIERS

Required of suppliers serving population of 5,000 or more or a projected population of 5,000 or more within ten years

A. Leak Detection and Repair

The plan must include a description of the program of leak detection, repair, and water loss accounting for the water transmission, delivery, and distribution system in order to control unaccounted for uses of water.

B. Contract Requirements

A requirement in every wholesale water supply contract entered into or renewed after official adoption of the plan (by either ordinance, resolution, or tariff), and including any contract extension, that each successive wholesale customer develop and implement a water conservation plan or water conservation measures using the applicable elements in this chapter. If the customer intends to resell the water, the contract between the initial supplier and customer must provide that the contract for the resale of the water must have water conservation requirements so that each successive customer in the resale of the water will be required to implement water conservation measures in accordance with the provisions of this chapter.

VII. ADDITIONAL CONSERVATION STRATEGIES

A. Conservation Strategies

Any combination of the following strategies shall be selected by the water supplier, in addition to the minimum requirements of this chapter, if they are necessary in order to achieve the stated water conservation goals of the plan. The commission may require by commission order that any of the following strategies be implemented by the water supplier if the commission determines that the strategies are necessary in order for the conservation plan to be achieved:

1. Conservation-oriented water rates and water rate structures such as uniform or increasing block rate schedules, and/or seasonal rates, but not flat rate or decreasing block rates;

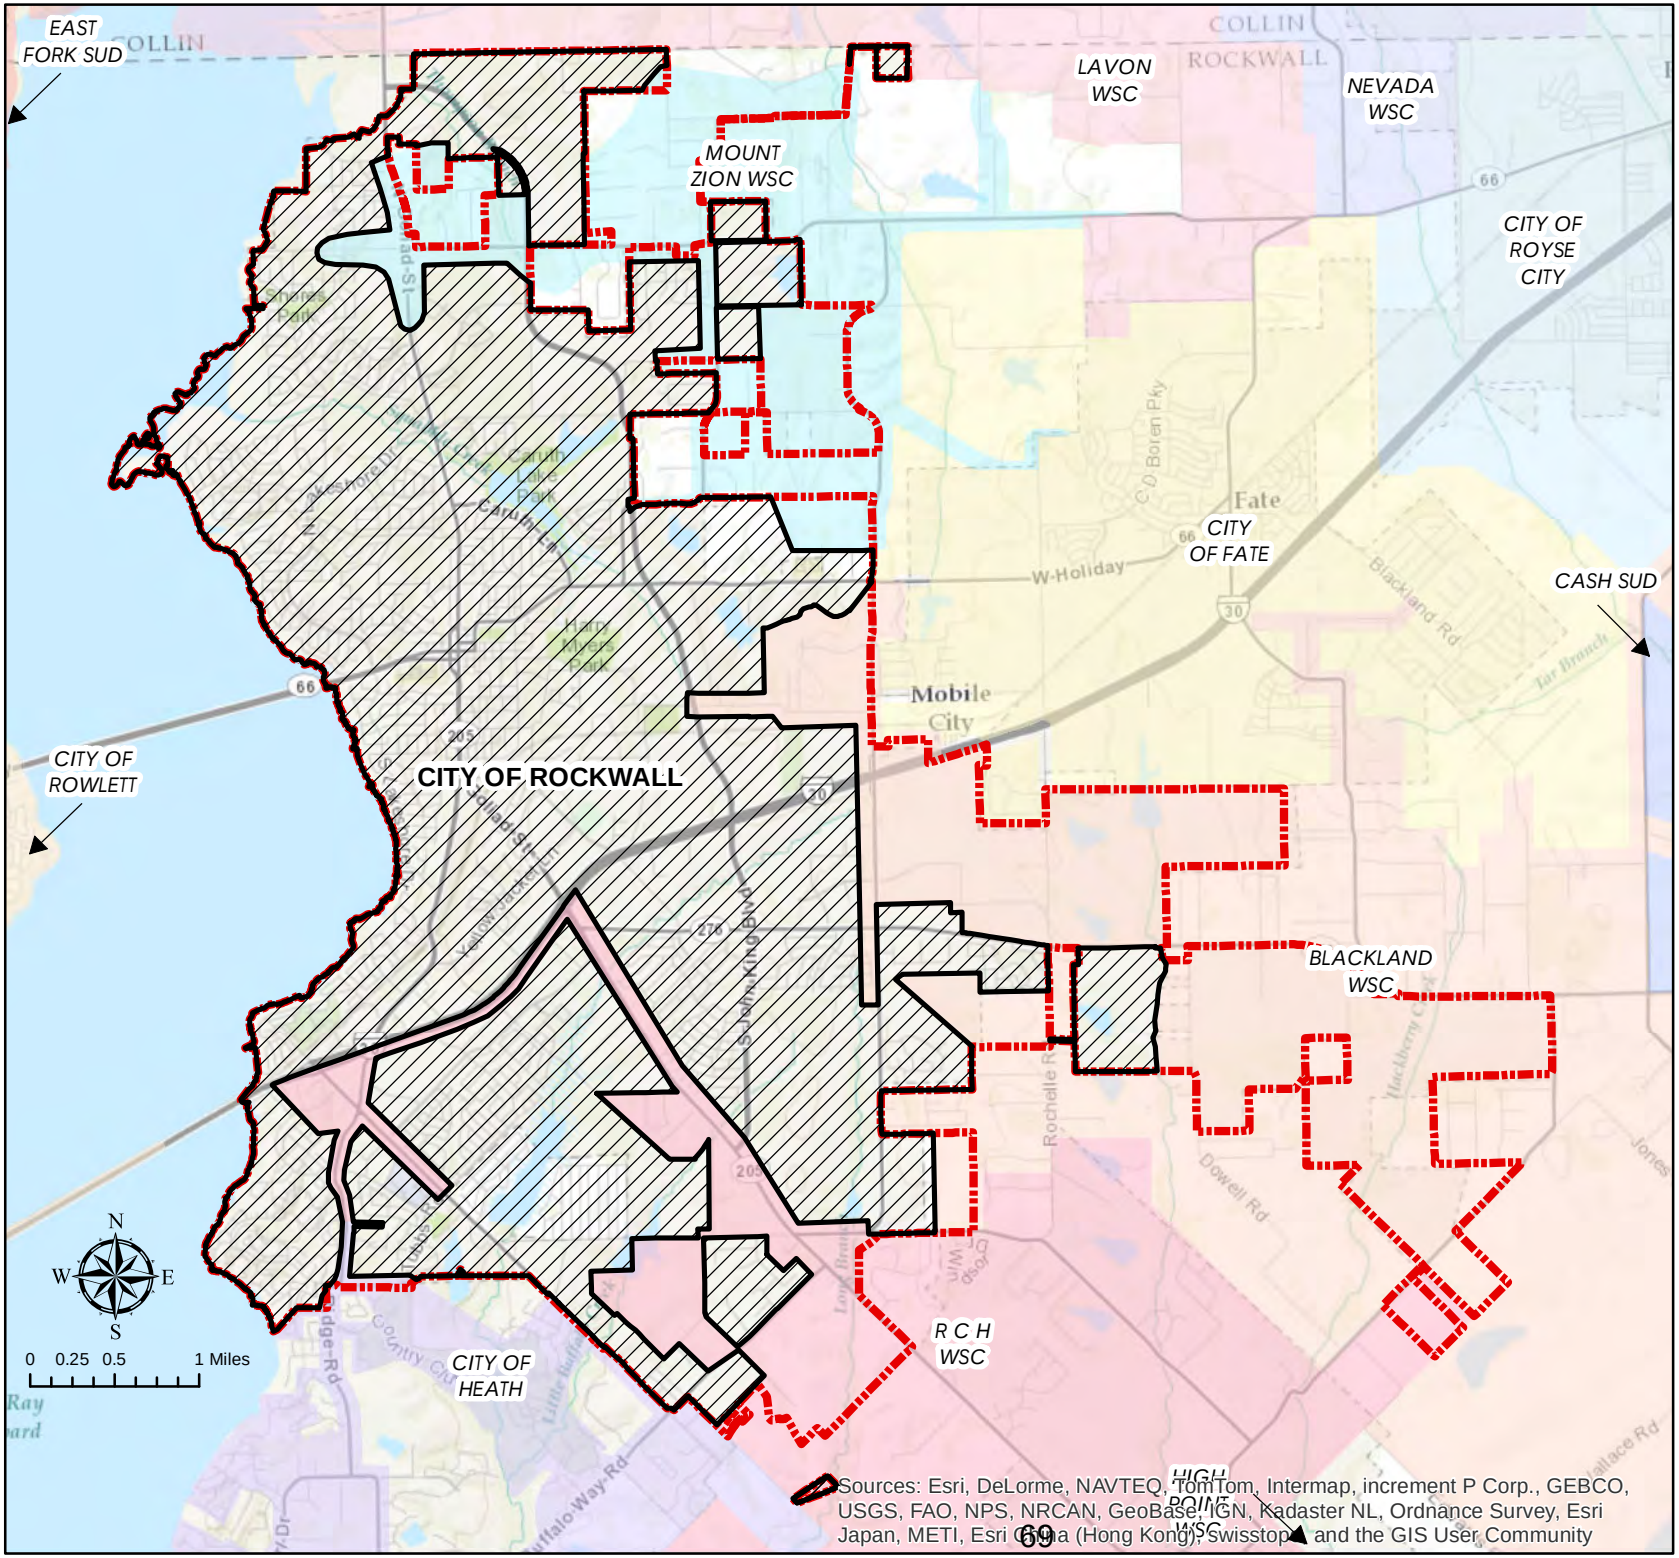
2. Adoption of ordinances, plumbing codes, and/or rules requiring water conserving plumbing fixtures to be installed in new structures and existing structures undergoing substantial modification or addition;

3. A program for the replacement or retrofit of water-conserving plumbing fixtures in existing structures;

4. A program for reuse and/or recycling of wastewater and/or graywater;

5. A program for pressure control and/or reduction in the distribution system and/or for customer connections;

6. A program and/or ordinance(s) for landscape water management;



7. A method for monitoring the effectiveness and efficiency of the water conservation plan; and

8. Any other water conservation practice, method, or technique which the water supplier shows to be appropriate for achieving the stated goal or goals of the water conservation plan.

Best Management Practices

The Texas Water Developmental Board's (TWDB) Report 362 is the Water Conservation Best Management Practices (BMP) guide. The BMP Guide is a voluntary list of management practices that water users may implement in addition to the required components of Title 30, Texas Administrative Code, Chapter 288. The Best Management Practices Guide broken out by sector, including Agriculture, Commercial, and Institutional, Industrial, Municipal and Wholesale along with any new or revised BMP's can be found at the following link on the Texas Water Developments Board's website: http://www.twdb.state.tx.us/conservation/bmps/index.asp

Individuals are entitled to request and review their personal information that the agency gathers on its forms. They may also have any errors in their information corrected. To review such information, contact 512-239-3282.

Information on Wholesale Customers:

Customer	Estimated Population
Blackland Water	3,970
RCH Water	3,720
City of Heath Water	7,500

Unusual Circumstances (use additional sheets if necessary):

The numbers above under delivery from North Texas Muncipal Water are the City of Rockwall Total Discharge #'s not NTMWD #'s

Progress in Implementation of Conservation Plan (use additional sheets if necessary):

This year the Conservation plan is being revised. A summary letter of our new water conservation ordinance will be posted on the City website and will be published in the local newspapers. The City website has a conservation site dedicated to water-saving tips, facts and conservation links. The City offers free water inspections to its top users. The City continues with conservation programs and explores all areas of conservation. Each month a water conservation tip or useful fact is published on the back of each utility bill. The City of rockwall amended the irrigation ordinance to save water and meet current codes. The fire department irrigates using water from the large fire trucks that must be replaced often to prevent corrosion of storage tanks.

Conservation measures planned for next year (use additional sheets if necessary):

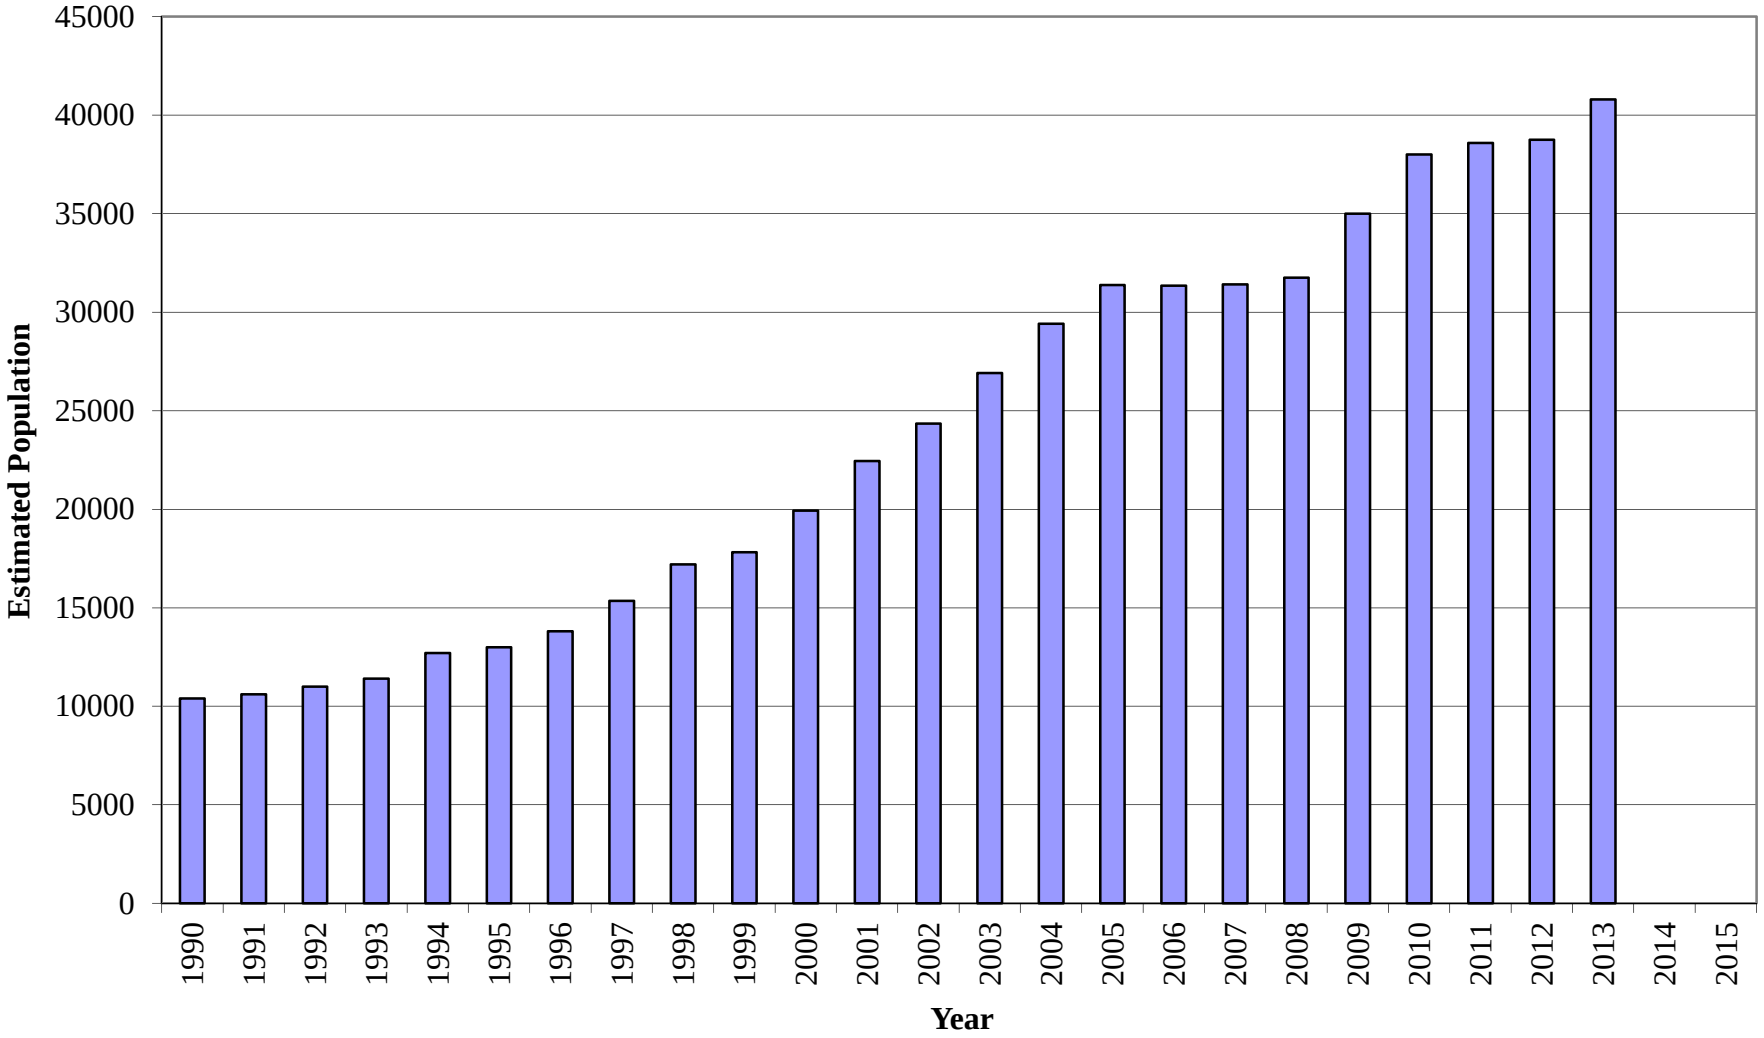
Continue with measures implemented in past years. Conservation employees are certified water auditors and offer audits to the top water users.

Assistance requested from North Texas Municipal Water District (use additional sheets if necessary):

North Texas Municipal Water District requested that all Member Cities reduce consumption by ten percent (10%) due to continuing drought conditions and Lake Texoma (28% of our water supply) being off line since 2009.

Other (use additional sheets if necessary):

None



Historical Water Use Data for City of Rockwall

APPENDIX E

IRRIGATION REGULATIONS

82

CITY OF ROCKWALL

ORDINANCE NO. 09-13

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS PROVIDING FOR ARTICLE XIV, IRRIGATION CODE, IN CHAPTER 6 OF THE ROCKWALL CODE OF ORDINANCES IN ORDER TO ESTABLISH THE MINIMUM STANDARDS FOR INSTALLATION OF IRRIGATION SYSTEMS WITHIN THE CORPORATE LIMITS OF THE CITY OF ROCKWALL; PROVIDING FOR A CRIMINAL PENALTY, CLASS C MISDEMEANOR WITH A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Rockwall has determined that water conservation and environmental protection are important issues and concerns affecting the city; and

WHEREAS, properly-installed irrigation systems will conserve water, help avoid wasteful use, and improve the overall quality of life for the citizens of Rockwall; and

WHEREAS, during the 2007 legislative session, the Texas Legislature adopted House Bill 1656; and

WHEREAS, House Bill 1656 amended Chapter 401 of the Texas Local Government Code to require a city with a population of 20,000 or more to regulate the installation of irrigation systems within the corporate limits; and

WHEREAS, the provisions herein are necessary to promote and protect the health, safety, and welfare of the public by creating an urban environment that is protective of the city's water supply and provides an enhanced quality of life for the citizens of the City of Rockwall.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL:

SECTION 1. That the code of ordinances shall be and is hereby amended by repealing section P2902.5.3 of the Residential Code and section 608.16.5 of the Plumbing Code and providing for Article XIV to Chapter 6 to read as follows:

ARTICLE XIV
IRRIGATION CODE

Sec. 6-231. Definitions.

The following words and terms, when used in this ordinance, have the following meanings, unless the context clearly indicates otherwise.

(1) **Air gap**--A complete physical separation between the free flowing discharge end of a potable water supply pipeline and an open or non-pressure receiving vessel.

(2) **Atmospheric Vacuum Breaker**--An assembly containing an air inlet valve, a check seat, and an air inlet port. The flow of water into the body causes the air inlet valve to close the air inlet port. When the flow of water stops the air inlet valve falls and forms a check against back-siphonage. At the same time it opens the air inlet port allowing air to enter and satisfy the vacuum. Also known as an Atmospheric Vacuum Breaker Back-Siphonage Prevention Assembly.

(3) **Backflow prevention**--The mechanical prevention of reverse flow, or back siphonage, of nonpotable water from an irrigation system into the potable water source.

(4) **Backflow prevention assembly**--Any assembly used to prevent backflow into a potable water system. The type of assembly used is based on the existing or potential degree of health hazard and backflow condition.

(5) **Completion of irrigation system installation**--When the landscape irrigation system has been installed, all minimum standards met, all tests performed, and the irrigator is satisfied that the system is operating correctly.

(6) **Consulting**--The act of providing advice, guidance, review or recommendations related to landscape irrigation systems.

(7) **Cross-connection**--An actual or potential connection between a potable water source and an irrigation system that may contain contaminates or pollutants or any source of water that has been treated to a lesser degree in the treatment process.

(8) **Design**--The act of determining the various elements of a landscape irrigation system that will include, but not be limited to, elements such as collecting site specific information, defining the scope of the project, defining plant watering needs, selecting and laying out emission devices, locating system components, conducting hydraulics calculations, identifying any local regulatory requirements, or scheduling irrigation work at a site. Completion of the various components will result in an irrigation plan.

(9) **Design pressure**--The pressure that is required for an emission device to operate properly. Design pressure is calculated by adding the operating pressure necessary at an emission device to the total of all pressure losses accumulated from an emission device to the water source.

(10) **Double Check Valve**--An assembly that is composed of two independently acting, approved check valves, including tightly closed resilient seated shutoff valves attached at each end of the assembly and fitted with properly located resilient seated test cocks. Also known as a Double Check Valve Backflow Prevention Assembly.

(11) **Emission device**--Any device that is contained within an irrigation system and that is used to apply water. Common emission devices in an irrigation system include, but are not limited to, spray and rotary sprinkler heads, and drip irrigation emitters.

(12) **Employed**--Engaged or hired to provide consulting services or perform any activity relating to the sale, design, installation, maintenance, alteration, repair, or service to irrigation systems. A person is employed if that person is in an employer-employee relationship as defined by Internal Revenue Code, 26 United States Code Service, §3212(d) based on the behavioral control, financial control, and the type of relationship involved in performing employment related tasks.

(13) **Head-to-head spacing**--The spacing of spray or rotary heads equal to the manufacturer's published radius of the head.

(14) **Health hazard**--A cross-connection or potential cross-connection with an irrigation system that involves any substance that may, if introduced into the potable water supply, cause death or illness, spread disease, or have a high probability of causing such effects.

(15) **Hydraulics**--The science of dynamic and static water; the mathematical computation of determining pressure losses and pressure requirements of an irrigation system.

(16) **Inspector**--A licensed plumbing inspector, water district operator, other governmental entity, or irrigation inspector who inspects irrigation systems and performs other enforcement duties for a municipality or water district as an employee or as a contractor.

(17) **Installer**--A person who actually connects an irrigation system to a private or public raw or potable water supply system or any water supply, who is licensed according to Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations).

(18) **Irrigation inspector**--A person who inspects irrigation systems and performs other enforcement duties for a municipality or water district as an employee or as a contractor and is required to be licensed under Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations).

(19) **Irrigation plan**--A scaled drawing of a landscape irrigation system which lists required information, the scope of the project, and represents the changes made in the installation of the irrigation system.

(20) **Irrigation services--**Selling, designing, installing, maintaining, altering, repairing, servicing, permitting, providing consulting services regarding, or connecting an irrigation system to a water supply.

(21) **Irrigation system**--An assembly of component parts that is permanently installed for the controlled distribution and conservation of water to irrigate any type of landscape vegetation in any location, and/or to reduce dust or control erosion. This term does not include a system that is used on or by an agricultural operation as defined by Texas Agricultural Code, §251.002.

(22) **Irrigation technician**--A person who works under the supervision of a licensed irrigator to install, maintain, alter, repair, service or supervise installation of an irrigation system, including the connection of such system in or to a private or public, raw or potable water supply system or any water supply, and who is required to be licensed under Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations).

(23) **Irrigation zone**--A subdivision of an irrigation system with a matched precipitation rate based on plant material type (such as turf, shrubs, or trees), microclimate factors (such as sun/shade ratio), topographic features (such as slope) and soil conditions (such as sand, loam, clay, or combination) or for hydrological control.

(24) **Irrigator**--A person who sells, designs, offers consultations regarding, installs, maintains, alters, repairs, services or supervises the installation of an irrigation system, including the connection of such system to a private or public, raw or potable water supply system or any water supply, and who is required to be licensed under Title 30, Texas Administrative Code, Chapter 30.

(25) **Irrigator-in-Charge**--The irrigator responsible for all irrigation work performed by an exempt business owner, including, but not limited to obtaining permits, developing design plans, supervising the work of other irrigators or irrigation technicians, and installing, selling, maintaining, altering, repairing, or servicing a landscape irrigation system.

(26) **Landscape irrigation**--The science of applying the necessary amount of water to promote or sustain healthy growth of plant material or turf.

(27) **License**--An occupational license that is issued by the Texas Commission on Environmental Quality under Title 30, Texas Administrative Code, Chapter 30 to an individual that authorizes the individual to engage in an activity that is covered by Title 30, Texas Administrative Code, Chapter 30.

(28) **Mainline**--A pipe within an irrigation system that delivers water from the water source to the individual zone valves.

(29) **Maintenance checklist**--A document made available to the irrigation system's owner or owner's representative that contains information regarding the operation and maintenance of the irrigation system, including, but not limited to: checking and repairing the irrigation system, setting the automatic controller, checking the rain or moisture sensor, cleaning filters, pruning grass and plants away from irrigation emitters, using and operating the irrigation system, the precipitation rates of each irrigation zone within the system, any water conservation measures currently in effect from the water purveyor, the name of the water purveyor, a suggested seasonal or monthly watering schedule based on current evapotranspiration data for the geographic region, and the minimum water requirements for the plant material in each zone based on the soil type and plant material where the system is installed.

(30) **Major maintenance, alteration, repair, or service**--Any activity that involves opening to the atmosphere the irrigation main line at any point prior to the discharge side of any irrigation zone control valve. This includes, but is not limited to, repairing or connecting into a main supply pipe, replacing a zone control valve, or repairing a zone control valve in a manner that opens the system to the atmosphere.

(31) **Master valve**--A remote control valve located after the backflow prevention device that controls the flow of water to the irrigation system mainline.

(32) **Matched precipitation rate**--The condition in which all sprinkler heads within an irrigation zone apply water at the same rate.

(33) **New installation**--An irrigation system installed at a location where one did not previously exist.

(34) **Pass-through contract**--A written contract between a contractor or builder and a licensed irrigator or exempt business owner to perform part or all of the irrigation services relating to an irrigation system.

(35) **Potable water**--Water that is suitable for human consumption.

(36) **Pressure Vacuum Breaker**--An assembly containing an independently operating internally loaded check valve and an independently operating loaded air inlet valve located on the discharge side of the check valve. Also known as a Pressure Vacuum Breaker Back-siphonage Prevention Assembly.

(37) **Reclaimed water**--Domestic or municipal wastewater which has been treated to a quality suitable for beneficial use, such as landscape irrigation.

(38) **Records of landscape irrigation activities**—The irrigation plans, contracts, warranty information, invoices, copies of permits, and other documents that relate to the installation, maintenance, alteration, repair, or service of a landscape irrigation system.

(39) **Reduced Pressure Principle Backflow Prevention Assembly**--An assembly containing two independently acting approved check valves together with a hydraulically operating mechanically independent pressure differential relief valve located between the two check valves and below the first check valve.

(40) **Static water pressure**--The pressure of water when it is not moving.

(41) **Supervision**--The on-the-job oversight and direction by a licensed irrigator who is fulfilling his or her professional responsibility to the client and/or employer in compliance with local or state requirements. Also a licensed installer working under the direction of a licensed irrigator or beginning January 1, 2009, an irrigation technician who is working under the direction of a licensed irrigator to install, maintain, alter, repair or service an irrigation system.

(42) **Water conservation**--The design, installation, service, and operation of an irrigation system in a manner that prevents the waste of water, promotes the most efficient use of water, and applies the least amount of water that is required to maintain healthy individual plant material or turf, reduce dust, and control erosion.

(43) **Zone flow**--A measurement, in gallons per minute or gallons per hour, of the actual flow of water through a zone valve, calculated by individually opening each zone valve and obtaining a valid reading after the pressure has stabilized. For design purposes, the zone flow is the total flow of all nozzles in the zone at a specific pressure.

(44) **Zone valve**--An automatic valve that controls a single zone of a landscape irrigation system.

Sec. 6-232. Valid License Required.

Any person who connects an irrigation system to the water supply within the City of Rockwall, must hold a valid license, as defined by Title 30, Texas Administrative Code, Chapter 30 and required by Chapter 1903 of the Texas Occupations Code, or as defined by Chapter 365, Title 22 of the Texas Administrative Code and required by Chapter 1301 of the Texas Occupations Code.

Exemptions

A property owner is not required to be licensed in accordance with Texas Occupations Code, Title 12, §1903.002(c)(1) if he or she is performing irrigation work in a building or on a premises owned or occupied by the person as the person's home. Home or property owner's property must have a current homestead exemption. A home or property owner who installs an irrigation system must meet the standards contained in Title 30, Texas

Administrative Code, Chapter 344 regarding spacing, water pressure, spraying water over impervious materials, rain or moisture shut-off devices or other technology, backflow prevention and isolation valves. The city may, at any point, adopt more stringent requirements for a home or property owner who installs an irrigation system. See Texas Occupations Code §1903.002 for other exemptions to the licensing requirement.

Sec. 6-233. Permit Required.

Any person installing an irrigation system within the City of Rockwall is required to obtain a permit from the city. Any plan approved for a permit must be in compliance with the requirements of this chapter.

Exemptions

(1) An irrigation system that is that an on-site sewage disposal system, as defined by Section 355.002, Health and Safety Code; or

(2) An irrigation system used on or by an agricultural operation as defined by Section 251.002, Agriculture Code; or

(3) An irrigation system connected to a groundwater well used by the property owner for domestic use.

Sec. 6-234. Backflow Prevention Methods and Devices.

(a) Any irrigation system that is connected to the potable water supply must be connected through a backflow prevention method approved by the Texas Commission on Environmental Quality (TCEQ). The backflow prevention device must comply with the 2006 International Plumbing Code and must be certified by the American Society of Sanitary Engineers (ASSE); or the Foundation for Cross-Connection Control and Hydraulic Research, University of Southern California; or the International Code Council - Evaluation Service (ICC-ES); or the International Association of Plumbing and Mechanical Code Officials – Research and Testing (IAPMO R&T); or any other certifying agencies that has equivalent capabilities for both the laboratory and field evaluation of backflow prevention assemblies.

(b) If conditions that present a health hazard exist, one of the following methods must be used to prevent backflow;

(1) An air gap may be used if:

(A) there is an unobstructed physical separation; and

(B) the distance from the lowest point of the water supply outlet to the flood rim of the fixture or assembly into which the outlet discharges is at least one inch or twice the diameter of the water supply outlet, whichever is greater.

(2) Reduced pressure principle backflow prevention assemblies may be used if:

(A) the device is installed at a minimum of 12 inches above ground in a location that will ensure that the assembly will not be submerged; and

B) drainage is provided for any water that may be discharged through the assembly relief valve.

(3) Pressure vacuum breakers may be used if:

(A) no back-pressure condition will occur; and

(B) the device is installed at a minimum of 12 inches above any downstream piping and the highest downstream opening. Pop-up sprinklers are measured from the retracted position from the top of the sprinkler.

(4) Atmospheric vacuum breakers may be used if:

(A) no back-pressure will be present;

(B) there are no shutoff valves downstream from the atmospheric vacuum breaker;

(C) the device is installed at a minimum of six inches above any downstream piping and the highest downstream opening. Pop-up sprinklers are measured from the retracted position from the top of the sprinkler;

(D) there is no continuous pressure on the supply side of the atmospheric vacuum breaker for more than 12 hours in any 24-hour period; and

(E) a separate atmospheric vacuum breaker is installed on the discharge side of each irrigation control valve, between the valve and all the emission devices that the valve controls.

(c) Backflow prevention devices used in applications designated as health hazards must be tested upon installation and annually thereafter.

(d) If there are no conditions that present a health hazard, double check valve backflow prevention assemblies may be used to prevent backflow if the device is tested upon installation and test cocks are used for testing only.

(e) If a double check valve is installed below ground:

(1) test cocks must be plugged, except when the double check valve is being tested;

(2) test cock plugs must be threaded, water-tight, and made of non-ferrous material;

(3) a y-type strainer is installed on the inlet side of the double check valve;

(4) there must be a bed of pea gravel a minimum of 4" deep under the double check valve with a minimum of 6" clearance from the bottom of the double check valve to the bed of gravel

(5) there must be a minimum of 6" clearance around the double check valve for testing.

(f) All irrigation systems found to be without backflow prevention protection that are connected to the potable water supply, must be connected to the potable water supply through an approved, properly installed backflow prevention assembly, before any major maintenance, alteration, repair, or service is performed.

(g) If an irrigation system is connected to a potable water supply through a double check valve, pressure vacuum breaker, or reduced pressure principle backflow assembly and includes an automatic master valve on the system, the automatic master valve must be installed on the discharge side of the backflow prevention assembly.

(h) The irrigator shall ensure the backflow prevention device is tested by a licensed Backflow Prevention Assembly Tester prior to being placed in service and the test results provided to the City of Rockwall and the irrigation system's owner or owner's representative within ten business days of testing of the backflow prevention device. Test results must be submitted on an approved Backflow Prevention Assembly Test and Maintenance Report form.

Sec. 6-235. Specific Conditions and Cross-Connection Control.

(a) Before any chemical is added to an irrigation system connected to the potable water supply, the irrigation system must be connected through a reduced pressure principle backflow prevention assembly or air gap.

(b) Connection of any additional water source to an irrigation system that is connected to the potable water supply can only be done if the irrigation system is connected to the potable water supply through a reduced-pressure principle backflow prevention assembly or an air gap.
(c) Irrigation system components with chemical additives induced by aspiration, injection, or emission system connected to any potable water supply must be connected through a reduced pressure principle backflow device.
(d) If an irrigation system is designed or installed on a property that is served by an on-site sewage facility, as defined in Title 30, Texas Administrative Code, Chapter 285, then:

(1) all irrigation piping and valves must meet the separation distances from the On-Site Sewage Facilities system as required for a private water line in Title 30, Texas Administrative Code, Section 285.91(10);

(2) any connections using a private or public potable water source that is not the city's potable water system must be connected to the water source through a reduced pressure principle backflow prevention assembly as defined in Title 30, Texas Administrative Code, Section 344.50; and

(3) any water from the irrigation system that is applied to the surface of the area utilized by the On-Site Sewage Facility system must be controlled on a separate irrigation zone or zones so as to allow complete control of any irrigation to that area so that there will not be excess water that would prevent the On-Site Sewage Facilities system from operating effectively.

Sec. 6-236. Water Conservation.

All irrigation systems shall be designed, installed, maintained, altered, repaired, serviced, and operated in a manner that will promote water conservation as defined in the Definitions section of this ordinance.

Sec. 6-237. Irrigation Plan Design: Minimum Standards.

(a) An irrigator shall prepare an irrigation plan for each site where a new irrigation system will be installed. A paper or electronic copy of the irrigation plan must be on the job site at all times during the installation of the irrigation system. A drawing showing the actual installation of the system is due to each irrigation system owner after all new irrigation system installations. During the installation of the irrigation system, variances from the original plan may be authorized by the licensed irrigator if the variance from the plan does not:

(1) diminish the operational integrity of the irrigation system;

(2) violate any requirements of this ordinance; and

(3) go unnoted in red on the irrigation plan.

(b) The irrigation plan must include complete coverage of the area to be irrigated. If a system does not provide complete coverage of the area to be irrigated, it must be noted on the irrigation plan.

(c) All irrigation plans used for construction must be drawn to scale. The plan must include, at a minimum, the following information:

(1) the irrigator's seal, signature, and date of signing;
(2) all major physical features and the boundaries of the areas to be watered;
(3) a North arrow;
(4) a legend;
(5) the zone flow measurement for each zone;

(6) location and type of each:
  (A) controller; and
  (B) sensor (for example, but not limited to, rain, moisture, wind, flow, or freeze);
(7) location, type, and size of each:
  (A) water source, such as, but not limited to a water meter and point(s) of connection;
  (B) backflow prevention device;
  (C) water emission device, including, but not limited to, spray heads, rotary sprinkler heads, quick-couplers, bubblers, drip, or micro-sprays;
  (D) valve, including but not limited to, zone valves, master valves, and isolation valves;
  (E) pressure regulation component; and
  (F) main line and lateral piping.
(8) the scale used; and
(9) the design pressure.

Sec. 6-238. Design and Installation: Minimum Requirements.

(a) No irrigation design or installation shall require the use of any component, including the water meter, in a way which exceeds the manufacturer's published performance limitations for the component.

(b) Spacing.

(1) The maximum spacing between emission devices must not exceed the manufacturer's published radius or spacing of the device(s). The radius or spacing is determined by referring to the manufacturer's published specifications for a specific emission device at a specific operating pressure.

(2) New irrigation systems shall not utilize above-ground spray emission devices in landscapes that are less than 48 inches not including the impervious surfaces in either length or width and which contain impervious pedestrian or vehicular traffic surfaces along two or more perimeters. If pop-up sprays or rotary sprinkler heads are used in a new irrigation system, the sprinkler heads must direct flow away from any adjacent surface and shall not be installed closer than four inches from a hardscape, such as, but not limited to, a building foundation, fence, concrete, asphalt, pavers, or stones set with mortar.

(3) Narrow paved walkways, jogging paths, golf cart paths or other small areas located in cemeteries, parks, golf courses or other public areas may be exempted from this requirement if the runoff drains into a landscaped area.

(c) Water pressure. Emission devices must be installed to operate at the minimum and not above the maximum sprinkler head pressure as published by the manufacturer for the nozzle and head spacing that is used. Methods to achieve the water pressure requirements include, but are not limited to, flow control valves, a pressure regulator, or pressure compensating spray heads.

(d) Piping. Piping in irrigation systems must be designed and installed so that the flow of water in the pipe will not exceed a velocity of five feet per second for polyvinyl chloride (PVC) pipe.

(e) Irrigation Zones. Irrigation systems shall have separate zones based on plant material type, microclimate factors, topographic features, soil conditions, and hydrological requirements.

(f) Matched precipitation rate. Zones must be designed and installed so that all of the emission devices in that zone irrigate at the same precipitation rate.

(g) Irrigation systems shall not spray water over surfaces made of concrete, asphalt, brick, wood, stones set with mortar, or any other impervious material, such as, but not limited to, walls, fences, sidewalks, streets, etc.

(h) Master valve. When provided, a master valve shall be installed on the discharge side of the backflow prevention device on all new installations.

(i) PVC pipe primer solvent. All new irrigation systems that are installed using PVC pipe and fittings shall be primed with a colored primer prior to applying the PVC cement in accordance with the International Plumbing Code (Section 605.22.2).

(j) Rain or moisture shut-off devices or other technology. All new automatically controlled irrigation systems must include sensors or other technology designed to inhibit or interrupt operation of the irrigation system during periods of moisture or rainfall. Rain or moisture shut-off technology must be installed according to the manufacturer's published recommendations. Repairs to existing automatic irrigation systems that require replacement of an existing controller must include a sensor or other technology designed to inhibit or interrupt operation of the irrigation system during periods of moisture or rainfall.

(k) Isolation valve. All new irrigation systems must include an isolation valve between the water meter and the backflow prevention device. The isolation valve must be a ball valve and be equipped with a stainless steel handle. The ball valve must be installed within a plastic valve or meter box large enough as not to hamper operation or repair.

(l) Depth coverage of piping. Piping in all irrigation systems must be installed according to the manufacturer's published specifications for depth coverage of piping.

(1) If the manufacturer has not published specifications for depth coverage of piping, the piping must be installed to provide minimum depth coverage of six inches of select backfill, between the top of the pipe and the natural grade of the topsoil. All portions of the irrigation

system that fail to meet this standard must be noted on the irrigation plan. If the area being irrigated has rock at a depth of six inches or less, select backfill may be mounded over the pipe. Mounding must be noted on the irrigation plan and discussed with the irrigation system owner or owner's representative to address any safety issues.

(2) If a utility, man-made structure, or roots create an unavoidable obstacle, which makes the six-inch depth coverage requirement impractical, the piping shall be installed to provide a minimum of two inches of select backfill between the top of the pipe and the natural grade of the topsoil.

(3) All trenches and holes created during installation of an irrigation system must be backfilled and compacted to the original grade.

(m) Wiring irrigation systems.

(1) Underground electrical wiring used to connect an automatic controller to any electrical component of the irrigation system must be listed by Underwriters Laboratories as acceptable for burial underground.

(2) Electrical wiring that connects any electrical components of an irrigation system must be sized according to the manufacturer's recommendation.

(3) Electrical wire splices which may be exposed to moisture must be waterproof as certified by the wire splice manufacturer.

(4) Underground electrical wiring that connects an automatic controller to any electrical component of the irrigation system must be buried with a minimum of six inches of select backfill.

(n) Water contained within the piping of an irrigation system is deemed to be non-potable. No drinking or domestic water usage, such as, but not limited to, filling swimming pools or decorative fountains, shall be connected to an irrigation system. If a hose bib (an outdoor water faucet that has hose threads on the spout) is connected to an irrigation system for the purpose of providing supplemental water to an area, the hose bib must be installed using a quick coupler key on a quick coupler installed in a covered purple valve box and the hose bib and any hoses connected to the bib must be labeled "non potable, not safe for drinking." An isolation valve must be installed upstream of a quick coupler connecting a hose bib to an irrigation system.

(o) Beginning January 1, 2010, either a licensed irrigator or a licensed irrigation technician shall be on-site at all times while the landscape irrigation system is being installed. When an irrigator is not onsite, the irrigator shall be responsible for ensuring that a licensed irrigation technician is on-site to supervise the installation of the irrigation system.

(p) All new automatically controlled irrigation systems must include sensors or other technology designed to inhibit or interrupt operation of the irrigation system during periods of freezing weather.

Sec. 6-239. Completion of Irrigation System Installation.

Upon completion of the irrigation system, the irrigator or irrigation technician who provided supervision for the on-site installation shall be required to complete four items:

(1) a final "walk through" with the irrigation system's owner or the owner's representative to explain the operation of the system;

(2) The maintenance checklist on which the irrigator or irrigation technician shall obtain the signature of the irrigation system's owner or owner's representative and shall sign, date, and seal the checklist. If the irrigation system's owner or owner's representative is unwilling or unable to sign the maintenance checklist, the irrigator shall note the time and date of the refusal on the irrigation system's owner or owner's representative's signature line. The irrigation system owner or owner's representative will be given the original maintenance checklist and a duplicate copy of the maintenance checklist shall be maintained by the irrigator. The items on the maintenance checklist shall include but are not limited to:

(A) the manufacturer's manual for the automatic controller, if the system is automatic;

(B) a seasonal (spring, summer, fall, winter) watering schedule based on either current/real time evapotranspiration or monthly historical reference evapotranspiration (historical ET) data, monthly effective rainfall estimates, plant landscape coefficient factors, and site factors;

(C) a list of components, such as the nozzle, or pump filters, and other such components; that require maintenance and the recommended frequency for the service; and

(D) the statement, "This irrigation system has been installed in accordance with all applicable state and local laws, ordinances, rules, regulations or orders. I have tested the system and determined that it has been installed according to the Irrigation Plan and is properly adjusted for the most efficient application of water at this time."

(3) A permanent sticker which contains the irrigator's name, license number, company name, telephone number and the dates of the warranty period shall be affixed to each automatic controller installed by the irrigator or irrigation technician. If the irrigation system is manual, the sticker shall be affixed to the original maintenance checklist. The information contained on the sticker must be printed with waterproof ink and include:

(4) The irrigation plan indicating the actual installation of the system must be provided to the irrigation system's owner or owner representative.

Sec. 6-240. Maintenance, Alteration, Repair, or Service of Irrigation Systems.

(a) The licensed irrigator is responsible for all work that the irrigator performed during the maintenance, alteration, repair, or service of an irrigation system during the warranty period. The irrigator or business owner is not responsible for the professional negligence of any other irrigator who subsequently conducts any irrigation service on the same irrigation system.

(b) All trenches and holes created during the maintenance, alteration, repair, or service of an irrigation system must be returned to the original grade with compacted select backfill.

(c) Colored PVC pipe primer solvent must be used on all pipes and fittings used in the maintenance, alteration, repair, or service of an irrigation system in accordance with the International Plumbing Code (Section 605.22.2).

(d) When maintenance, alteration, repair or service of an irrigation system involves excavation work at the water meter or backflow prevention device, an isolation valve shall be installed, if an isolation valve is not present.

Sec. 6-241. Reclaimed Water.

Reclaimed water may be utilized in landscape irrigation systems if:
(1) there is no direct contact with edible crops, unless the crop is pasteurized before consumption;
(2) the irrigation system does not spray water across property lines that do not belong to the irrigation system's owner;
(3) the irrigation system is installed using purple components;
(4) the domestic potable water line is connected using an air gap or a reduced pressure principle backflow prevention device, in accordance with Title 30, Texas Administrative Code, Section 290.47(i) (relating to Appendices);
(5) a minimum of an eight inch by eight inch sign, in English and Spanish, is prominently posted on/in the area that is being irrigated, that reads, "RECLAIMED WATER – DO NOT DRINK" and "AGUA DE RECUPERACIÓN – NO BEBER"; and
(6) backflow prevention on the reclaimed water supply line shall be in accordance with the regulations of the city's water provider.

Sec. 6-242. Advertisement Requirements.

(a) All vehicles used in the performance of irrigation installation, maintenance, alteration, repair, or service must display the irrigator's license number in the form of "LI_____" in a contrasting color of block letters at least two inches high, on both sides of the vehicle.

(b) All forms of written and electronic advertisements for irrigation services must display the irrigator's license number in the form of "LI_____." Any form of advertisement, including business cards, and estimates which displays an entity's or individual's name other than that of the licensed irrigator must also display the name of the licensed irrigator and the licensed irrigator's license number. Trailers that advertise irrigation services must display the irrigator's license number.

(c) The name, mailing address, and telephone number of the commission must be prominently displayed on a legible sign and displayed in plain view for the purpose of addressing complaints at the permanent structure where irrigation business is primarily conducted and irrigation records are kept.

Sec. 6-243. Contracts.

(a) All contracts to install an irrigation system must be in writing and signed by each party and must specify the irrigator's name, license number, business address, current business

telephone numbers, the date that each party signed the agreement, the total agreed price, and must contain the statement, "Irrigation in Texas is regulated by the Texas Commission on Environmental Quality (TCEQ), MC-178, P.O. Box 13087, Austin, Texas 78711-3087. TCEQ's website is: www. tceq.state.tx.us." All contracts must include the irrigator's seal, signature, and date.

(b) All written estimates, proposals, bids, and invoices relating to the installation or repair of an irrigation system(s) must include the irrigator's name, license number, business address, current business telephone number(s), and the statement: "Irrigation in Texas is regulated by the Texas Commission On Environmental Quality (TCEQ) (MC-178), P.O. Box 13087, Austin, Texas 78711-3087. TCEQ's web site is: www.tceq.state.tx.us."

(c) An individual who agrees by contract to provide irrigation services as defined in Title 30, Texas Administrative Code, Section 344.30 (relating to License Required) shall hold an irrigator license issued under Title 30, Texas Administrative Code, Chapter 30 (relating to Occupational Licenses and Registrations) unless the contract is a pass-through contract as defined in Title 30, Texas Administrative Code, Section 344.1(36) (relating to Definitions). If a pass-through contract includes irrigation services, then the irrigation portion of the contract can only be performed by a licensed irrigator. If an irrigator installs a system pursuant to a pass-through contract, the irrigator shall still be responsible for providing the irrigation system's owner or through contract; the irrigator shall still be responsible for providing the irrigation system's owner or owner's representative a copy of the warranty and all other documents required under this chapter. A pass-through contract must identify by name and license number the irrigator that will perform the work and must provide a mechanism for contacting the irrigator for irrigation system warranty work.

(d) The contract must include the dates that the warranty is valid.

Sec. 6-244. Warranties for Systems.

(a) On all installations of new irrigation systems, an irrigator shall present the irrigation system's owner or owner's representative with a written warranty covering materials and labor furnished in the new installation of the irrigation system. The irrigator shall be responsible for adhering to terms of the warranty. If the irrigator's warranty is less than the manufacturer's warranty for the system components, then the irrigator shall provide the irrigation system's owner or the owner's representative with applicable information regarding the manufacturer's warranty period. The warranty must include the irrigator's seal, signature, and date. If the warranty is part of an irrigator's contract, a separate warranty document is not required.

(b) An irrigator's written warranty on new irrigation systems must specify the irrigator's name, business address, and business telephone number(s), must contain the signature of the irrigation system's owner or owner's representative confirming receipt of the warranty and must include the statement: "Irrigation in Texas is regulated by the Texas Commission on Environmental Quality (TCEQ), MC-178, P.O. Box 130897, Austin, Texas 78711-3087. TCEQ's website is: www.tceq.state.tx.us."

(c) On all maintenance, alterations, repairs, or service to existing irrigation systems, an irrigator shall present the irrigation system's owner or owner's representative a written document that identifies the materials furnished in the maintenance, alteration, repair, or service. If a warranty is provided, the irrigator shall abide by the terms. The warranty document must include the irrigator's name and business contact information.

Sec. 6-245. Duties and Responsibilities of City Irrigation Inspectors.

A licensed irrigation inspector shall enforce the ordinance of the city, and shall be responsible for:
(1) verifying that the appropriate permits have been obtained for an irrigation system and that the irrigator and installer or irrigation technician, if applicable, are licensed;
(2) inspecting the irrigation system;
(3) determining that the irrigation system complies with the requirements of this chapter;
(4) determining that the appropriate backflow prevention device was installed, tested, and test results provided to the city;
(5) investigating complaints related to irrigation system installation, maintenance, alteration, repairs, or service of an irrigation system and advertisement of irrigation services; and
(6) maintaining records according to this chapter.

Sec. 6-246. Items not covered by this ordinance.

Any item not covered by their ordinance and required by law shall be governed by the Texas Occupations Code, the Texas Water Code, Title 30 of the Texas Administrative Code, and any other applicable state statute or Texas Commission on Environmental Quality rule.

Sec. 6-247. Fees.

Building permit fees shall be established by resolution of the city council.

Sec. 6-248. Irrigation systems within the public right of way.

The city shall not be held liable for any damage of any system, which results from the installation or repair of, or improvement of any street or utility. Any homeowner or irrigator who installs a lawn sprinkler system between the curb and sidewalk or elsewhere within the public right of way shall likewise hold the city harmless against any claim or injury to persons or damage to property that any member of the public may suffer by reason of installation of said lawn sprinkling system between said curb and sidewalk or within the public right of way.

Sec. 6-249. Enforcement.

(a) The city shall have the power to administer and enforce the provisions of this chapter as may be required by governing law. Any person, firm, corporation or agent who shall violate a provision of this code, or fails to comply therewith, or with any of the requirements thereof, is subject to suit for injunctive relief as well as prosecution for criminal violations. Any violation of the ordinance codified in this chapter is declared to be a nuisance.

(b) Any person violating any provision of chapter shall, upon conviction, be fined a sum not exceeding $2000.00. Each day that a provision of this chapter is violated shall constitute a separate offense. An offense under this chapter is a Class C misdemeanor, punishable by a fine of up to $2000.00.

(c) Nothing in this chapter shall be construed as a waiver of the city's right to bring a civil action

to enforce the provisions of this chapter and to seek remedies as allowed by law, including, but not limited to the following:

(1) Injunctive relief to prevent specific conduct that violates the ordinance or to require specific conduct that is necessary for compliance with the ordinance; and

(2) Other available relief.

Secs. 6-250----6-254 Reserved.

SECTION 2: That if any provision or any section of this ordinance shall be held to be void or unconstitutional, such holding shall in no way affect the validity of the remaining provisions or sections of this ordinance, which shall remain in full force and effect.

SECTION 3. Any person, firm or corporation violating any of the provisions of this ordinance shall upon conviction be subject to a fine in accordance with the general provisions of the Code of Ordianances.

SECTION 4. That this ordinance shall take effect immediately from and after its passage and approval, and it is so ordained.

PASSED AND APPROVED this16th day of March, 2009.

APPENDIX F

LETTERS TO REGIONAL WATER PLANNING GROUPS

100

City of Rockwall
The New Horizon

Date: April 22, 2014

Region C Water Planning Group
c/o North Texas Municipal Water District
P.O. Box 2408
Wylie, TX 75098

Dear Sir:

Enclosed please find a copy of the updated Drought Contingency and Water Emergency Response Plan for the City of Rockwall of the North Texas Municipal Water District. I am submitting a copy of this plan to the Region C Water Planning Group in accordance with the Texas Water Development Board and Texas Commission on Environmental Quality rules. The City of Rockwall adopted the Drought Contingency and Water Emergency Response Plan on April 21, 2014.

Sincerely,

Rick Crowley
City Manager

City of Rockwall
The New Horizon

Date: April 22, 2014

Mr. Brett McCoy
Chair, Region D Water Planning Group
700 CR3347
Omaha, TX 75571

Dear Mr. McCoy:

Enclosed please find a copy of the updated Drought Contingency and Water Emergency Response Plan for the City of Rockwall of the North Texas Municipal Water District. I am submitting a copy of this plan to the Region C Water Planning Group in accordance with the Texas Water Development Board and Texas Commission on Environmental Quality rules. The City of Rockwall adopted the Drought Contingency and Water Emergency Response Plan on April 21, 2014.

Sincerely,

Rick Crowley
City Manager

APPENDIX G

SERVICE REGULATIONS

103

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 09-22

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES OF THE CITY OF ROCKWALL IN CHAPTER 26, ARTICLE V, DIVISION 2, SERVICE REGULATIONS; PROVIDING FOR A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2000.00) FOR EACH OFFENSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Rockwall recognizes that the amount of water available to its water customers is limited; and

WHEREAS, pursuant to Chapter 54 of the Local Government Code, the City is authorized to adopt such policies necessary to preserve and conserve available water supplies; and

WHEREAS, the City seeks to adopt an ordinance pertaining to illegal water connections and theft of water.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL:

SECTION 1. That the Code of Ordinances shall be amended in Chapter 26, Article V, Division 2, which shall hereinafter read in the entirety as set forth in Exhibit "A" attached hereto made a part hereof for all purposes.

SECTION 2. That if any provision or any section of this ordinance shall be held to be void or unconstitutional, such holding shall in no way affect the validity of the remaining provisions or sections of this ordinance, which shall remain in full force and effect.

SECTION 3. Any person, firm or corporation violating any of the provisions of this ordinance shall, upon conviction, be subject to a fine in accordance with Section 1-7 of the General Provision of the Code of Ordinances.

SECTION 4. That this ordinance shall take effect immediately from and after its passage and approval, and it is so ordained.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS this **18th** day of **May, 2009**.

"EXHIBIT A"

CHAPTER 26

ARTICLE V. WATER

DIVISION 2

SERVICE REGULATIONS

Sec. 26-131. Application for service required; who may apply; responsibility for bill.

(a) Each consumer desiring water from the City of Rockwall's water supply system shall make application. The application shall contain the purpose for which the water is desired, and shall agree to the terms and conditions upon which water will be furnished and to the rules, regulations and ordinances of the City. Upon such application being filed with the City, the applicant is authorized the use of water from the City's water system for specified purposes.

(b) No application for the use of water shall be filed by any person other than the owner, renter or duly authorized agent, and such owner, renter or authorized agent when making application, shall be liable for the fees charged for the use of water.

Sec. 26-132. Permits to be approved by the City before water is turned on.
All applications for water from the City's water system, when a new service has been installed, shall be approved by the City after inspection, before the water will be turned on.

Sec. 26-133. Permit required for taps, etc.
No new tap or new service or addition, extension or alteration of any tap or service, shall be made or caused to be made by any consumer, except through a licensed plumber or utility contractor and after obtaining a permit from the City.

Sec. 26-134. Connection permits.
Applications for permits to connect water service pipes or mains with the distribution mains shall be made to the City, together with a fee as specified in Article II of this chapter and Chapter 24, Subdivision Regulations, Article III, paid in advance to the City for inserting the service pipe or main and conveying it to the curb line. Such permit shall be the plumber or utility contractors authority for making the connection with the street service, laying pipes and doing all work necessary to make the service complete. Any application for a second permit to the same premises will be charged an equal fee for inserting the service pipe and conveying it to the curb line.

Sec. 26-135. Permit applications to be made by a licensed plumber or utility contractor.
All applications for permits required by this article shall be made only by a licensed plumber or utility contractor working for the property owner or his authorized agent.

Sec. 26-136. Turn-on of water restricted.
No person may knowingly cause, suffer or allow the initiation or restoration of water service to the property after termination of service(s) without the written consent of the City. For purposes of this section, it shall be assumed that the owner, occupant, or person in control of the property caused, suffered, or allowed the unlawful initiation or restoration of service(s).

Sec. 26-137. Maintenance and conservation requirements of consumer.
All consumers of water from the City's water system shall keep their service pipes and all fixtures connected in good condition and repair to prevent unnecessary waste of water.

Sec. 26-138. Shutoff of water for waste.
Where water is wasted by reason of the water fixtures and service pipe being out of order, through neglect of the consumer, agents or tenants, after notice thereof from the City, if the consumer refuses to repair such fixtures or pipe, the water shall be immediately turned off and withheld from such premises until repairs have been made.

Sec. 26-139. Consumers not to permit others to use water; penalty.
No consumer of City water shall permit any other person to use water from their tap, hydrant, faucet or other device to provide water to an additional property, except when authorized by the City. In the case of a violation of this section, the water shall be immediately turned off in addition to any other penalty otherwise provided.

Sec. 26-140. Use of water from public connections restricted.
No consumer or other person shall take water for private use from any public fire hydrant, hydrant, fountain or similar public water source without the consent of the City.

Sec. 26-141. Interference with system apparatus.
A person may not knowingly tamper, connect to, or alter any component of the City's water system including, but not limited to: valves, meters, meter boxes, lids, hydrants, lines, pump stations, ground storage tanks, and elevated tanks. This shall include direct or indirect efforts to initiate or restore water service without the approval of the City.

☒ Calendar Period Begin: January 2009 Period End: December 2013

Please check all of the following that apply to your entity:

☐ A surface water right holder of 1,000 acre-feet/year or more for non-irrigation uses
☐ A surface water right holder of 10,000 acre-feet/year or more for irrigation uses

Important

If your entity meets the following description, please skip page 3 and go directly to page 4.

Your entity is a Wholesale Public Water Supplier that ONLY provides wholesale water services for public consumption. For example, you only provide wholesale water to other municipalities or water districts.

Water Use Accounting

Retail Water Sold: *All retail water sold for public use and human consumption.*

Helpful Hints: There are two options available for you to provide the requested information. Both options ask the same information; however, the level of detail and break down of information differs between the two options. Please select just one option that works best for your entity and fill in the fields as completely as possible.

For the five-year reporting period, enter the gallons of **RETAIL water sold** in each major water use category. Use **only one** of the following options.

Option 1

Water Use Category*	**Gallons Sold**
Single Family Residential	
Multi-Family Residential	
TOTAL Residential Use[1]	0
Industrial	
Commercial	
Institutional	
TOTAL Retail Water Sold[2]	0

1. [SF Res +MF Res = Residential Use]
2. [Res +Ind +Com +Ins = Retail Water Sold]

Option 2

Water Use Category *	**Thousand Gallons Sold**
Residential Select all of the sectors that your account for as "Residential". ☒Single Family ☒ Multi-Family	7,788,242
Commercial Please select all of the sectors that your account for as "Commercial". ☒ Commercial ☐ Multi-Family ☐ Industrial ☐ Institutional	2,566,286
Industrial Please select all of the sectors that your account for as "Industrial". ☒Industrial ☐ Commercial ☐ Institutional	28,907
Other Please select all of the sectors that your account for as "Other". ☐Commercial ☐Multi-Family ☐ Industrial ☒ Institutional	489,885
TOTAL Retail Water Sold[1]	10,873,321

1. [Res +Com +Ind + Other = Retail Water Sold]

Wholesale Water Exported: *Wholesale water sold or transferred out of the distribution system.*

For the five-year reporting period, enter the gallons of **WHOLESALE water exported** to each major water use category.

Water Use Category*	**Gallons of Exported Wholesale Water**
Municipal Customers	4,827,630
Agricultural Customers	
Industrial Customers	
Commercial Customers	
Institutional Customers	
TOTAL Wholesale Water Exported [1]	**4,827,630**

1. [Mun +Agr +Ind +Com +Ins = Wholesale Water Exported]

System Data

	Total Gallons During the Five-Year Reporting Period
Water Produced: Volume produced from own sources	0
Wholesale Water Imported : Purchased wholesale water imported from other sources into the distribution system	16,150,727
Wholesale Water Exported: Wholesale water sold or transferred out of the distribution system (Insert Total Volume calculated on Page 4)	4,827,630
TOTAL System Input : Total water supplied to the infrastructure	11,323,097 [Produced + Imported – Exported = System Input]
Retail Water Sold : All retail water sold for public use and human consumption (Insert Total Residential Use from Option 1 or Option 2 calculated on Page 3)	10,873,321
Other Consumption Authorized for Use but not Sold: - back flushing water - line flushing - storage tank cleaning - golf courses - fire department use - parks - municipal government offices	19,258
TOTAL Authorized Water Use: All water that has been authorized for use or consumption.	10,892,579 [Retail Water Sold + Other Consumption = Total Authorized]
Apparent Losses – Water that has been consumed but not properly measured (Includes customer meter accuracy, systematic data discrepancy, un- authorized consumption such as theft)	77,882
Real Losses – Physical losses from the distribution system prior to reaching the customer destination (Includes physical losses from system or mains, reported breaks and leaks, storage overflow)	11,428
Unidentified Water Losses	341,208 [System Input- Total Authorized - Apparent Losses - Real Losses = Unidentified Water Losses]
TOTAL Water Loss	430,518.00 [Apparent + Real + Unidentified = Total Water Loss]

Targets and Goals

In the table below, please provide the **specific and quantified five and ten-year targets for water savings** listed in your water conservation plan.

Date	Target for: Total GPCD	Target for: Water Loss (expressed in GPCD)	Target for: Water Loss Percentage (expressed in Percentage)
Five-year target date: 7/6/2014	171.7	9	5%
Ten-year target date: 7/6/2019	162.7	18	11%

Are targets in the water conservation plan being met? Yes ☒ No ☐

If these targets are not being met, provide an explanation as to why, including any progress on these targets: Click here to enter text.

Gallons per Capita per Day (GPCD) and Water Loss

Compare your current gpcd and water loss to the above targets and goals set in your previous water conservation plan.

Total System Input in Gallons	Permanent Population	Current GPCD
11,323,097,000 [Produced + Imported – Exported = System Input]	39,714	156 [(System Input ÷ Permanent Population) /5/ 365]

Permanent Population is the total permanent population of the service area. This includes single family, multi-family, and group quarter populations.

Total Residential Use	Permanent Population	Residential GPCD
7,788,242,000	38,747	110 [(Residential Use ÷ Residential Population) / 5/ 365]

1. Residential Population is the total residential population of the service area including single & multi-family population.

Total Water Loss	Total System Input in Gallons	Permanent Population	Water Loss calculated in	
			GPCD [1]	Percent [2]
430,518,000 [Apparent + Real + Unidentified = Total Water Loss]	11,323,097,000 [Water Produced + Wholesale Imported - Wholesale Exported]	39,714	6	3.8

1. [Total Water Loss ÷ Permanent Population] / 5/ 365 = Water Loss GPCD]
2. [Total Water Loss ÷ Total System Input] x 100 = Water Loss Percentage]

Water Conservation Programs and Activities

As you complete this section, please review your water conservation plan to see if you are making progress towards meeting your stated goals.

1. Water Conservation Plan

What year did your entity adopt, or revise, their most recent water conservation plan: 2009

Does the plan incorporate Best Management Practices? Yes ☒ No ☐

2. Water Conservation Programs

For the reporting period, please select the types of activities and programs that have been actively administered, and estimate the expense and savings that incurred in implementing the conservation activities and programs for the past five years. Leave the field blank if unknown:

Program or Activity	Estimated Expenses	Estimated Gallons Saved
Conservation Analysis & Planning		
☒ Conservation Coordinator		
☐ Water Survey for Single-Family and Multi-Family Customers		
Financial		
☐ Wholesale Agency Assistance Programs		
☐ Water Conservation Pricing/ Rate Structures		
System Operations		
☐ Water Loss Audits		
☒ Leak Detection		
☐ Universal Metering and Metering Repair		
Landscaping		

☐ Landscape Irrigation Conservation and Incentives		
☐ Athletic Fields Conservation		
☒ Golf Course Conservation		
☒ Park Conservation		
Education & Public Awareness		
☐ School Education		
☒ Public Information		
Rebate, Retrofit, and Incentive Programs		
☐ Conservation Programs for ICI Accounts		
☐ Residential Clothes Washer Incentive Program		
☐ Water Wise Landscape Design and Conversion Programs		
☐ Showerhead, Aerator, and Toilet Flapper Retrofit		
☐ Residential Toilet Replacement Programs		
☐ Rainwater Harvesting Incentive Program		
☐ ICI Incentive Programs		
Conservation Technology		
☒ Recycling and Reuse Programs (Water or Wastewater Effluent)		
☐ Rainwater Harvesting and Condensate Reuse Programs		
Regulatory and Enforcement		
☒ Prohibition on Wasting Water		
TOTAL	$ 0.00	0

3. Reuse (Water or Wastewater Effluent)

For the reporting period, please provide the following data regarding the types of direct and indirect reuse activities that were administered for the past five years:

Reuse Activity	Estimated Volume (in gallons)
On-site irrigation	
Plant wash down	
Chlorination/de-chlorination	
Industrial	
Landscape irrigation (parks, golf courses)	311,951,000
Agricultural	
Other, please describe:	
Estimated Volume of Recycled or Reuse	311,951,000

4. Water Savings

For the five-year reporting period, estimate the total savings that resulted from your overall water conservation activities and programs?

Estimated Gallons Saved (Total from Conservation Programs Table)	**Estimated Gallons Recycled or Reused** (Total from Reuse Table)	**Total Volume of Water Saved** [1]	**Dollar Value of Water Saved** [2]
		311,951,000	

1. [Estimated Gallons Saved + Estimated Gallons Recycled or Reused = Total Volume Saved]
2. Estimate this value by taking into account water savings, the cost of treatment or purchase of your water, and any deferred capital costs due to conservation.

5. Conservation Pricing / Conservation Rate Structures

During the five-year reporting period, have your rates or rate structure changed? Yes ☒ No ☐

Please indicate the type of rate pricing structures that you use:

☒ Uniform rates	☐ Water Budget Based rates	☐ Surcharge - seasonal
☐ Flat rates	☐ Excess Use Rates	☐ Surcharge - drought
☐ Inclining/ Inverted Block	☐ Drought Demand rates	☐ Surcharge - usage demand
☐ Declining Block rates	☐ Tailored rates	
☐ Seasonal rates		

6. Public Awareness and Education Program

For the five-year reporting period, please check the appropriate boxes regarding any public awareness and educational activities that your entity has provided:

	Implemented	Number/Unit
Example: Brochures Distributed	☐	*10,000/year*
Example: Educational School Programs	☐	*50 students/month*
Brochures Distributed	☒	24,092/year
Messages Provided on Utility Bills	☒	12/year
Press Releases	☒	7/year
TV Public Service Announcements	☐	
Radio Public Service Announcements	☐	
Educational School Programs	☒	3/year
Displays, Exhibits, and Presentations	☒	2/year
Community Events	☒	2/year
Social Media campaigns	☒	7/year
Facility Tours	☐	
Other :	☐	

7. Leak Detection

During the five-year reporting period, how many leaks were repaired in the system or at service connections: CURTIS

Please check the appropriate boxes regarding the main cause of water loss in your system during the reporting period:

☒ Leaks and breaks

☐ Un-metered utility or city uses

☐ Master meter problems

☐ Customer meter problems

☐ Record and data problems

☐ Other: Click here to enter text.

☐ Other: Click here to enter text.

8. Universal Metering and Meter Repair

For the five-year reporting period, please provide the following information regarding meter repair:

	Total Number	Total Tested	Total Repaired	Total
Production Meters	9	9	2	20
Meters larger than 1 ½"	6	6	1	13
Meters 1 ½ or smaller				

Does your system have automated meter reading? Yes ☒ No ☐

9. Conservation Communication Effectiveness

In your opinion, how would you rank the effectiveness of your conservation activities in reaching the following types of customers for the past five years?

	Do not have activities or programs that target this type customer.	Less Than Effective	Somewhat Effective	Highly Effective
Residential Customers	☐	☐	☒	☐
Industrial Customers	☒	☐	☐	☐
Institutional Customers	☐	☐	☒	☐
Commercial Customers	☐	☐	☒	☐
Agricultural Customers	☒	☐	☐	☐

10. Drought Contingency and Emergency Water Demand Management

During the five-year reporting period, did you implement your Drought Contingency Plan?

Yes ☒ No ☐

If yes, indicate the number of days that your water use restrictions were in effect: 888

If yes, please check all the appropriate reasons for your drought contingency efforts going into effect.

☒ Water Supply Shortage	☐ Equipment Failure
☒ High Seasonal Demand	☐ Impaired Infrastructure
☐ Capacity Issues	☐ Other:

If you have any questions on how to fill out this form or about the Water Conservation program, please contact us at 512/239-4691.

Individuals are entitled to request and review their personal information that the agency gathers on its forms. They may also have any errors in their information corrected. To review such information, contact us at 512-239-3282.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 04/21/2014

APPLICANT: Darren Cain, *Skorburg Company*

AGENDA ITEM: **Z2014-007**; Breezy Hill Amendments (PD-74)

SUMMARY:

Hold a public hearing to discuss and consider a request by Darren Cain of the Skorburg Company on behalf of Breezy Hill 405, LTD for the approval of a zoning amendment to Planned Development District 74 (PD-74) to amend the concept plan and allow for changes to the development standards contained in *Exhibit 'C'* of *Ordinance 12-26* for 405.184-acres of land identified as Tract 7 & 7-1 of the J. Strickland Survey, Abstract No. 187, City of Rockwall, Rockwall County, Texas, generally located north of FM-552 and west of Breezy Hill Road, and take any action necessary.

BACKGROUND:

The property was annexed in 2008 after three (3) years of litigation that lead to the execution of a Chapter 212 Development Agreement. In accordance with this agreement, the property was zoned to Planned Development District 74 (PD-74) on April 20, 2009 with the intention of being a master planned residential community that offered tracts of land designated for retail/office, residential, and institutional land uses. The approval of this zoning change altered the existing 212 Development Agreement -- which originally permitted 810 single family residential lots and did not contain any retail acreage -- to include 658 single family residential lots and a 59-acre tract of land designated for general retail land uses. The retail tract of land is located at the northeast corner of the intersection of FM-552 and John King Boulevard (see *Exhibit 'A'* to view the original *PD Concept Plan*).

On October 1, 2012 the City Council approved an amendment to Planned Development District 74 (PD-74) modifying the concept plan to remove the school sites that were originally required by the *Facilities Agreement* and adjusting the lot mix accordingly [*i.e. increasing the number of lots from 658 to 691*] (see *Figure 1* for the adjusted lot mix). As part of this zoning amendment the applicant requested and was granted relief with respect to the construction of Breezy Hill Road. Originally, the developer was required to dedicate the mandatory right-of-way and construct one-half of the roadway adjacent to the entire development. With the zoning change this requirement was modified within the *Facilities Agreement* to include only the portion of the roadway adjacent to the retail acreage (see *Exhibit 'B'* to view the current *PD Concept Plan*; see *Exhibit 'C'* to view an excerpt from the current *Facilities Agreement* with regard to Breezy Hill Road).

Figure 1: Current Lot Mix

Lot Types	*A*	*B*	*C*	*D*
Typical Lot Frontage *(Feet)*	60	70	80	100
Typical Lot Depth *(Feet)*	120	120	125	200
Minimum Lot Size *(Sq. Ft.)*	7,200	8,400	10,000	20,000
Number of Units	134	133	326	98
Dwelling Unit %	19.4%	19.2%	47.2%	14.2%

PURPOSE:

On March 14, 2014 the applicant submitted an alternate concept plan depicting a reduction in the number of acres designated for retail land uses from 59-acres to 26.4-acres for the purpose of amending Planned Development District 74 (PD-74). Additionally, the applicant has submitted changes to the development standards that include a modified lot mix that incorporates a new lot type, *Lot Type 'E'* (*i.e. 50-foot by 120-foot lots*).

The proposed PD Concept Plan is depicted in Exhibit 'D' and a copy of the proposed changes to the development standards is contained in Exhibit 'E'.

CHARACTERISTICS OF THE REQUEST:

The 32.6-acres of land that the applicant is proposing to remove from the retail acreage will establish a new phase of the Breezy Hill Subdivision that will contain 111 single-family homes. These new homes will be constructed on a minimum 50-foot by 120-foot lots that will be a minimum of 6,000 square feet in size. The development standards for this new lot type (identified below in *Figure 2* as *Lot Type 'E'*) are taken directly from the zoning ordinance that regulates the Stone Creek Subdivision (*i.e. Planned Development District 70 [PD-70]*) and are similar to the remaining lot types in Planned Development District 74 (PD-74) with respect to the development standards. The only major difference in this lot type will be the forward facing garages. This is due to the difficulty of incorporating a 'J' swing driveway into a 50-foot lot.

Figure 2: Proposed Lot Mix

Lot Types	*A*	*B*	*C*	*D*	*E*
Typical Lot Frontage *(Feet)*	60	70	80	100	50
Typical Lot Depth *(Feet)*	120	120	125	200	120
Minimum Lot Size *(Sq. Ft.)*	7,200	8,400	10,000	20,000	6,000
Number of Units	107	107	326	98	111
Dwelling Unit %	14.29%	14.29%	43.52%	13.08%	14.82%

With the proposed addition of the new lot type and the proposed changes to the lot mix the total number of single family lots will be increased from 691 to 749. This proposed change would alter the existing residential housing density from 1.99 (*i.e. 691 lots on ~346-acres*) to 2.0 (*i.e. 749 lots on ~379-acres*). With the exception of the proposed changes to the lot mix tables and subsequent changes to accommodate the new lot type, the applicant is not requesting any additional changes to Planned Development District 74 (PD-74).

STAFF ANALYSIS:

The current *Facilities Agreement* states that the "(d)eveloper shall construct Breezy Hill Road in conjunction with the retail tract that is final platted adjacent to Breezy Hill Road." It is important to point out that the concept plan eliminates the adjacency of the retail acreage to Breezy Hill Road and would relieve the developer of this responsibility; however, the developer would continue to be responsible for the dedication of right-of-way and the subsequent improvements to the drainage areas adjacent to the roadway.

In the previous two (2) zoning cases the developer has stated that no direct access will be provided to or from the residential or retail portions of Breezy Hill Road. The proposed concept plan does not change this condition and further clarifies the position by depicting a lot layout that does not take access from the roadway. Additionally, the minutes also indicate that the purpose behind this stipulation was to mitigate the concerns of the property owners (the majority of which are situated within the unincorporated areas of the City's extraterritorial jurisdiction) in regards to

the retail land area. These concerns were further alleviated when the developer proposed to incorporate a 50-foot landscape buffer adjacent to the area designated for retail next to Breezy Hill Road. By removing this adjacency the applicant has further mitigated the concerns that were expressed by residents in previous cases.

With regard to the proposed increase in the number of lots from 691 to 749, it is important to note that the original Chapter 212 Development Agreement permitted the applicant 810 single-family lots, and that the proposed concept plan has a lot count that is less than this number.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map contained within the Comprehensive Plan designates the subject property for *Commercial* land uses. If the zoning case is approved the Future Land Use Map will be required to be amended with the next Comprehensive Plan update to reflect the proposed land use change.

NOTIFICATION:

On March 28, 2014, staff mailed eight (8) notices to property owners within 200 feet of the subject property. Additionally, staff posted a zoning sign at the intersection of FM-552 and SH-205 as required by the Unified Development Code (UDC). At the time this case memo was drafted no responses were received by staff.

RECOMMENDATIONS:

If the City Council approves the applicant's request to amend Planned Development District 74 (PD-74) then staff would propose the following conditions of approval:

1) The proposed development shall be prohibited from providing access to Breezy Hill Road,

2) Prior to accepting a Preliminary Plat for the proposed phase (i.e. depicted in pink of the *PD Concept* Plan in *Exhibit 'D'*) the applicant shall submit a replat of Phase IIB to incorporate the proposed roadway connecting the two phases,

3) Prior to accepting a Preliminary Plat and/or a Planned Development Site Plan for the remaining area designated as *retail* on the *PD Concept Plan*, a *PD Development Plan* must be approved by City Council, and

4) Any construction resulting from the approval of this *zoning amendment* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On April 9, 2014 the Planning and Zoning Commission recommended approval of the amendments to Planned Development District 74 (PD-74) by a vote of 4-2, with Commissioners Jackson and Nielson dissenting and Commissioner Minth absent.

Mr. Robert LaCroix, AICP
Director of Planning
City of Rockwall, TX
385 S. Goliad Street
Rockwall, TX 75087

Re: Explanation Letter to Amend Planned Development No. 12-26

Mr. LaCroix,

We are requesting to amend Planned Development No. 12-26 ("Breezy Hill"). The primary revision as part of this amendment is the addition of 111 50' x 120' lots. This pod of lots will be located at the south end of the development and will replace approximately 26.3 acres of commercial land. The remaining commercial tract will now be a total of 29.1 acres.

Development standards for the new 50 foot lots are modeled on the standards adopted by the 50 foot lots in the Stone Creek development. An additional point of egress has been added along FM 552 to access the new section. One 'Type A' (60' x 120') lot in Breezy Hill II has been deleted in order to allow for street connectivity between the new pod of 50' lots and Phase II-A.

We will not develop more than the allowed number of residential lots (740). We propose to let the market dictate which lots we develop. To compensate for the new pod of 111 50 foot lots, one proposal is to retract lots from Phase VII-A located at the north end of the development. This area can be used as additional open space.

Other phases in the development that have not been developed or platted include:

- Phase V
- Phase VI
- Phase VII-A and VII-B
- Phase VIII-A, Phase VIII-B, and Phase VIII-C

the City's master plan for water facilities and constructed in accordance with the phasing schedule approved in conjunction with the Developer's master plat application. The Developer shall be eligible for City participation in the costs of over-sizing water distribution mains or appurtenances that serve other land in addition to the Property, in accordance with the City's standard policies, or for collection of pro-rata fees for such facilities. Developer also shall be eligible for credits against, water impact fees otherwise due for construction of improvements identified and included in the City's water improvements plan for impact fees, in accordance with the City's then existing impact fee regulations. Provisions for City participation in oversize costs, rebate of pro rata fees or provision of impact fee credits shall be set forth in a facilities and reimbursement agreement between the' Developer and the City.

c. *Payment of Impact Fees.* Water impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations.

4. *Road Improvements.* The Developer shall make the following road improvements.

a. *John King Boulevard (Highway 205 Bypass).* The Developer shall have no obligation with respect to construction of John King Blvd. other than as outlined herein regarding payment of road impact fees.

b. *FM-552 Improvements.* The Developer shall dedicate rights-of-way for and construct turn lanes and acceleration/deceleration lanes concurrent with construction of any road on the Property that intersects FM 552, in accordance with City and TXDOT standards and specifications at the time of development of adjoining property.

c. *Breezy Hill Road Improvements.* The Developer shall dedicate a minimum of twenty-five feet (25') of right-of-way or such right-of-way as is needed to construct a twenty-four foot (24') concrete rural section of Breezy Hill Road and appurtenances adjacent to the Property, together with a two-foot (2') asphalt or concrete shoulder on either side of the concrete section, the total not to exceed twenty-eight feet (28') in width, from the northern point of Breezy Hill Road adjacent to the Property, to FM-552, as shown on the Development Plan. The Developer also shall dedicate and improve a minimum landscape buffer of ten feet (10') for the residential tract and fifty feet (50') for the retail tract, adjacent to the right-of-way for Breezy Hill Road, designed in accordance with the requirements of a PD District then in effect for a rural collector. The bar ditch that abuts the buffer strip, designed to a maximum slope of 3: 1, shall not encroach into the required ten-foot or fifty-foot buffer area, except to the extent that the buffers exceed ten feet (10') in width. The Developer shall dedicate right-of-way for Breezy Hill Road and the landscape buffer at the time of final plat approval for any lot abutting Breezy Hill Road. Developer shall construct Breezy Hill Road in conjunction with the retail tract that is final platted adjacent to Breezy Hill Road. Breezy Hill Road will be constructed from the northernmost intersection created by any portion of the retail tract being platted, south to FM-552. Developer shall install any

BLS

needed expansion of existing culverts created by such construction or the development, of such retail tract.

d. *Payment of Roadway Impact Fees.* Roadway impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations. Construction costs incurred by Developer for roadway improvements in this Agreement that are included in the City's roadway improvements plan for impact fees shall be credited against roadway impact fees otherwise due, in accordance with the City's impact fee regulations.

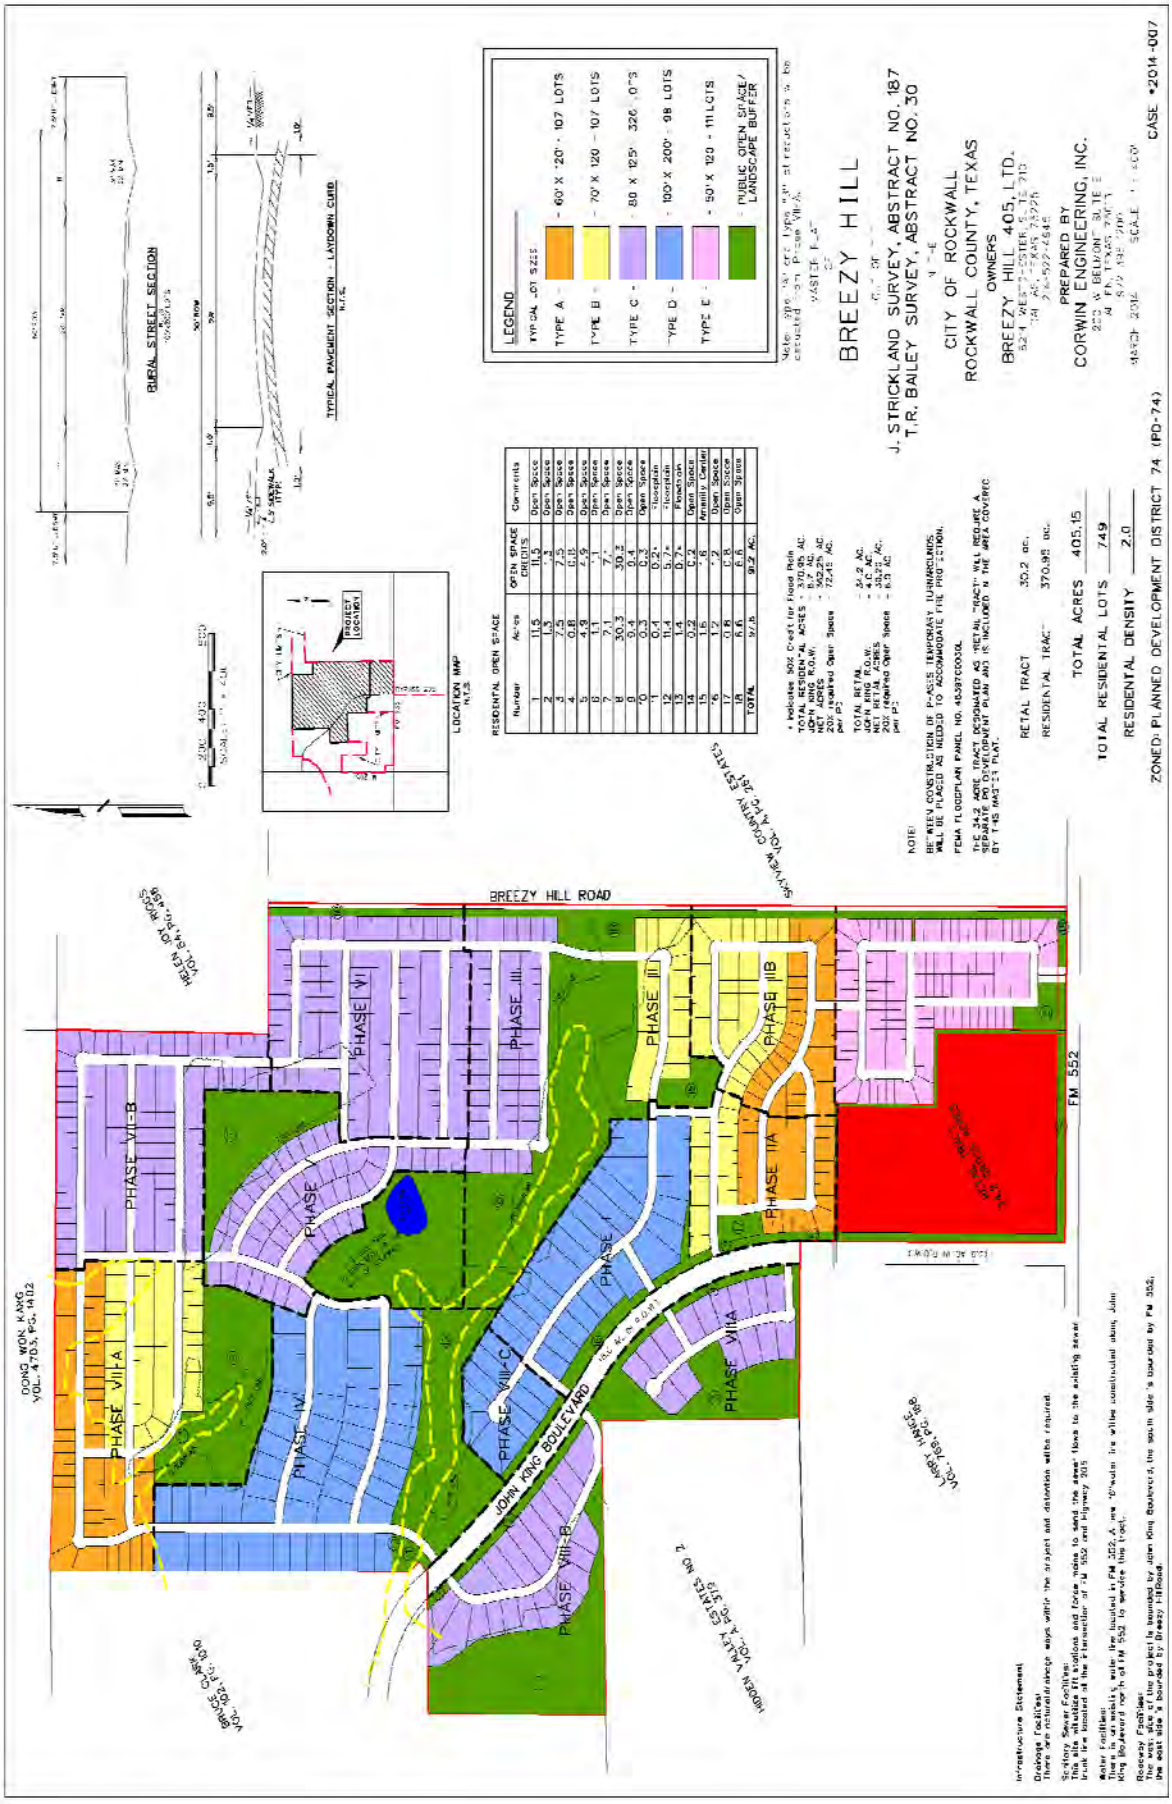
5. *Drainage Improvements.* Dedication of rights-of-way for and construction of drainage improvements shall be provided as specified in conditions imposed with approval of the master plat for development within the PD District and in accordance with City standards and specifications.

6. *Parks and Open Space.*

a. The Developer or a property owners association shall maintain public parklands and improvements within the development for a period of three (3) months from the completion and acceptance of the improvements. Thereafter, the City shall assume responsibilities for maintenance. All open space and improvements which are not dedicated as parkland to the City shall be maintained as common areas in perpetuity by the property owners association for the PD District. Additionally, the property owners association shall maintain Developer-installed landscaping areas in public rights-of-way and public drainage ways internal to and adjacent to the Property.

III. GENERAL PROVISIONS

1. Notice on Sale. The Developer shall provide the City with notice of the sale of any tract or parcel within the District that has not been platted at the following address:



Rockwall City Manager
Rockwall City Hall
385 S. Goliad Street
Rockwall, TX 75087

2. *Recording.* This Agreement is intended to run with the land, and shall be recorded in the Real Property Records, Rockwall County, Texas.

3. *Term of Agreement.* This Agreement shall terminate two (2) years following the City's acceptance of the dedication and construction of the public improvements described herein serving the last phase of development within the PD District, after which the City agrees, upon the request of the Developer to execute a termination of this Agreement in recordable form. Any reimbursements for payment of impact fees shall not expire.

4. *Effective Date.* This Agreement shall take effect upon the date of its execution by the last of the Parties to the Agreement; provided, however, that Breezy shall execute this Agreement no later than five (5) business days following the

Exhibit 'D': PD Concept Plan [Proposed]

134

A. GENERAL REQUIREMENTS

1. *Uses Allowed.* The following uses are permitted for the Property.

   a. *Residential uses*. Uses permitted of right or by special use permit for the (SF-10) Single Family Residential District, as set forth in Article IV, Permissible Uses, of the City of Rockwall Unified Development Code, shall be allowed for areas designated as Single-Family on the Concept Plan, subject to approval of a Special Use Permit if required by the SF-10 District Regulations.

   b. *Non-residential uses*. Non-residential uses shall be allowed only within the area designated as Retail on the approved Concept Plan for the District, and are limited to those uses permitted of right or by special use permit for the (GR) General Retail District subject to approval of a PD Development Plan and PD Site Plan in accordance with the Planned Development District regulations, Article X, Section 2 of the Unified Development Code, and subject to approval of a Special Use Permit if required by the GR District Regulations; provided, however, that the following uses are expressly prohibited:

      - ✓ Animal Hospital, Clinic
      - ✓ Convent or Monastery
      - ✓ Hotel or Motel
      - ✓ Hotel, Residence
      - ✓ Cemetery/Mausoleum
      - ✓ Mortuary of Funeral Chapel
      - ✓ Social Service Provider
      - ✓ Billiard Parlor or Pool Hall
      - ✓ Carnival, Circus, or Amusement Ride
      - ✓ Commercial Amusement/Recreation (Outside)
      - ✓ Gun Club, Skeet or Target Range (indoor)
      - ✓ Astrologer, Hypnotist, or Psychic Art and Science
      - ✓ Garden Supply/Plant Nursery
      - ✓ Night Club, Discotheque, or Dance Hall
      - ✓ Secondhand Dealer
      - ✓ Car Wash, Self Service*
      - ✓ Service Station*
      - ✓ Mining and Extraction (Sand, Gravel, Oil & other)
      - ✓ Helipad
      - ✓ Railroad Yard or Shop
      - ✓ Transit Passenger Facility

      * *Not including a convenience store with an accessory car wash use or more than four (4) gas pumps, which accessory uses are permitted by SUP.*

      The following additional use shall be permitted of right in the PD District:

      - ✓ Grocery Store with a maximum building area of one hundred and thirty thousand (130,000) square feet.

   c. *Design of non-residential uses.* The retail area shall be designed to be pedestrian-oriented and easily accessible to adjacent residential neighborhoods. Additionally, the retail area shall be designed and constructed to be integrated with adjacent uses,

not separated from them by screening walls or other physical barriers. This will be accomplished by creating paths from adjacent development into the retail area and through the use of landscaping buffers, building design and other urban design elements to create compatibility with the surrounding residential neighborhood.

d. *Density and lot composition*. If the retail develops in accordance with the attached Concept Plan, no more than ***~~691~~ 749*** single-family residential dwelling units may be constructed within the Property. Except as provided in subsection (e), single-family residential units shall be allocated by product type in accordance with the following table:

Table 1: Lot Composition

LOT TYPE	**LOT SIZE** (MINIMUM)	**LOT SQ. FT.** (MINIMUM) (TOTAL)	**Driveway Access**	**Units** (TOTAL)	**Total Dwelling Units %**
A	60' x 120'	7,200	Front	***~~134~~ 107***	***~~19.4~~ 14.29%***
B	70' x 120'	8,400	Front	***~~133~~ 107***	***~~19.2~~ 14.29%***
C	80' x 125'	10,000	Front	326	***~~47.2~~ 43.52%***
D	100' x 200'	20,000	Front	98	***~~14.2~~ 13.08%***
E	***50' x 120'***	***6,000***	***Front***	***111***	***14.82%***
Average Lot Size		10,000			
MAXIMUM ALLOWED TOTAL UNITS				***~~691~~ 749***	100%

e. *Variation in lot composition.* The allocation of single-family dwellings among lot types may deviate from that in subsection (d), provided that the maximum allowed total dwelling units does not exceed ***~~691~~ 749*** units, the average lot size for the development is not less than 10,000 sq. ft., and the following rules are met:

(1) Lot types "A & B" may increase not more than 5% in aggregate number.
(2) Lot type "C" shall not be decreased below ***~~45%~~ 40%*** of the total ***~~691~~ 749*** lots.
(3) Lot Type "D" shall not be decreased below 98 of the total lots.
(4) Lot Type "E" shall not increase above 111 of the total lots.

2. Development Standards Applicable. Except as may be modified by these Development Standards, residential uses shall be subject to the development standards for a (SF-10) Single Family Residential District, as set forth in Article V, District Development Standards for Section 3.4 of the City of Rockwall Unified Development Code; to the development standards in the 205 Bypass Overlay District; and to all supplemental standards contained in the Unified Development Code, including but not limited to the tree preservation regulations in the Unified Development Code.

B. SPECIAL DEVELOPMENT STANDARDS

1. Dimensional Standards for Residential Uses

Table 2: Lot Type Matrix

Lot Types	**A**	**B**	**C**	**D**	***E***
Maximum Building Height	36'	36'	36'	36'	***36'***
Air Conditioned Square Footage (Minimum)	2,200	2,400	2,600[2]	3,000	***1,800***
Minimum Building Setback: Front Yard	20'	20'	20'	40' [3]	***15'***
Front porch may encroach to within 10' of front property line.	X				***X***
Rear Yard	10'	10'	15'	15'	***10'***
Interior Side Yard	5'	5'	6'	7'	***5'***
Corner (Side) Yard	15'	15'	15'	15'	***15'***
Minimum Distance of driveway from prop. line. (applicable to front entry only)	20'	20'	20'	40'	***20'***
Minimum Lot Area (Square Feet)	7,200	8,400	10,000	20,000	***6,000***
Minimum Lot Frontage[1]	60'	70'	80'	100'	***50'***

Notes:

[1]: Lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by twenty percent (20%) in lot width measured at the front property line provided that the lot width will be met at the front building line. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by up to 10 percent (10%) but shall meet the minimum lot size for each lot type as referenced within Table 1.

[2]: A maximum of 20% of the lots may have homes not less than 2,500 sq. ft.

[3]: The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.

2. Development Standards for Residential Uses by Lot (Product) Type

a. Detached Single Family Lot Type A

Minimum Lot Size:	7,200 SF
Minimum Lot Width: @ Front Bldg. Line	60'
Minimum Lot Depth:	110'
Minimum Corner Lot Width:	65'
Side Yard Setback:	5'
Front / Rear Bldg. Line:	20'/10'
Minimum House Size:	2,200 air conditioned sq. ft.
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Garages will be allowed to have the garage accessed from the street using traditional "swing" or "J" drive. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 33% of Type 'A' lots shall have 3-car garages.
Maximum Lot Coverage:	65%

b. Detached Single Family Lot Type B

Minimum Lot Size:	8,400 SF
Minimum Lot Width: @ Front Bldg. Line	70'
Minimum Lot Depth:	120'
Minimum Corner Lot Width:	75'
Side Yard Setback:	5'
Front / Rear Bldg. Line:	20'/10'
Minimum House Size:	2,400 air conditioned sq. ft.
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Garages will be allowed to have the garage accessed from the street using traditional "swing" or "J" drives. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 33% of Type 'B' lots shall have 3 car garages.
Maximum Lot Coverage:	65%

c. Detached Single Family Lot Type C

Minimum Lot Size:	10,000 SF
Minimum Lot Width: @ Front Bldg. Line	80'
Minimum Lot Depth:	125'
Minimum Corner Lot Width:	85'
Side Yard Setback:	6'
Front / Rear Bldg. Line:	20'/15'
Minimum House Size:	2600 air conditioned sq. ft.[1]
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Traditional "swing" or "J" drive required. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 80% of Type 'C' lots shall have 3 car garages.
Maximum Lot Coverage:	65%

Notes:

1. A maximum of 20% of the lots may have homes not less than 2,500 sq. ft.

d. Detached Single Family Lot Type D

Minimum Lot Size:	20,000 SF
Minimum Lot Width: @ Front Bldg. Line	100'
Minimum Lot Depth:	175'
Minimum Corner Lot Width:	100'
Side Yard Setback:	7'
Front / Rear Bldg. Line:	40' [1]/15'
Minimum House Size:	3,000 air conditioned sq. ft.
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Traditional "swing" or "J" drive required. Single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. 80% of Type D lots shall have a minimum of 3 car garages.
Maximum Lot Coverage:	70%

Notes:
[1]: The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.

e. Detached Single Family Lot Type E

Minimum Lot Size:	***6,000 SF***
Minimum Lot Width: ***@ Front Bldg. Line***	***50'***
Minimum Lot Depth:	***110'***
Minimum Corner Lot Width:	***55'***
Side Yard Setback:	***5'***
Front / Rear Bldg. Line:	***15'/10'***
Minimum House Size:	***1,800 air conditioned sq. ft.***
Minimum Roof Pitch:	***8:12 except for 4:12 on porch roofs***
Masonry Requirement:	***80% (brick, stone, cultured stone, 3-part stucco)***
Garage Orientation:	***Garages will be allowed to be accessed from the street; however a minimum driveway length of 20-ft must be provided***
Maximum Lot Coverage:	***75%***

3. *Fencing.* All individual residential fencing for lots less than 20,000 square feet shall be cedar standard fencing material (minimum ½" thickness) or better (spruce fencing will not be allowed). All cedar pickets shall be placed on the "public side" facing the street, alley or neighboring property. Lots containing 20,000 sq. ft., lots located along perimeter roadways, and lots abutting open spaces, greenbelts and parks shall be required to install tubular steel fencing. Corner lot fencing (adjacent to the street) shall provide masonry columns at forty-five feet (45') off center spacing that begins at the rear property line corner and terminates ten feet (10') behind the front yard building setback line. A maximum six (6') foot solid board on board "panel" cedar fencing shall be allowed between the masonry columns along the side and/or rear yard lot adjacent to a street. In addition, the fencing shall be setback from the side property line adjacent to a street a minimum of five feet (5'). The property owner shall maintain that portion of the property outside the fence.
4. *Anti-Monotony Features.* Lot types shall incorporate the following elevation features.

Table 3 : Anti-Monotony Matrix

Lot Type	Lot Size (Approx.)	Elevation Features
A	60' x 120'	***i.,*** ii, iii, ~~***iv***~~
B	70' x 120'	***i.,*** ii, iii, ~~***iv***~~
C	80' x 125'	***i.,*** ii, iii, ~~***iv***~~
D	100' x 200'	***i.,*** ii, iii, ~~***iv***~~
E	***50' 120'***	***i, ii***

i. Exterior facade must be composed of eighty percent (80%) masonry (brick, stone, cultured stone, or three-part stucco). Identical brick blends may not occur to adjacent (side-by-side) properties. Elevations shall not repeat along the fronting or siding streetscape without at least four (4) intervening homes of sufficient dissimilarity (to be determined by the ARC) on the same side of the street and (2) intervening homes on the opposite side of the street). The rear elevation of homes backing to open spaces or thoroughfares shall not repeat without at least two (2) intervening homes of sufficient dissimilarity (to be determined by the ARC). Masonry (brick, stone, cultured stone, or three-part stucco) chimneys shall be required on all homes.
ii. Minimum of 8:12 roof pitch, except for 4:12 roof pitches on porches. For each phase, a maximum of four compatible roof colors may be used. Dimensional shingles shall be used. Crown molding will be installed in all living and family rooms, unless vaulted or pop-up ceilings are utilized. No Formica counters in kitchens and bathrooms, no blown acoustic ceilings. No vinyl flooring will be used in kitchens.
iii. For front entry driveway access a traditional "swing" or "J" drive will be used. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only.

5. *Streetscape Landscape.* Prior to issuance of a Certificate of Occupancy, yards for all single-family lots in the District shall be landscaped with large canopy trees.

(1) Two minimum three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of an interior lot.
(2) Two minimum three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of a corner lot and two additional trees of same caliper shall be planted in the side yard facing the street.
(3) For purposes of this section only, the term "front yard" includes the area within the dedicated right-of-way for a parkway immediately adjoining the front yard of the lot.

6. *Master Design Guidelines.* Additional design guidelines specific to each phase of development that shall apply to all single-family dwellings units within that phase of development, shall be submitted to the City prior to issuance of any building permits for that portion of the development.

C. STANDARDS FOR DISTRICT DESIGN AND CONNECTIVITY

1. *Streetscape Standards for Collectors & Non-Fronting Thoroughfares.* All streets, excluding drives, fire lanes and private parking areas, shall be built according to City of Rockwall street standards. Sidewalks and Hike / Bike trails are to be placed according to city requirements and as set forth in the Open Space Master Plan for the District.

    a. *Buffer-Strip* and Sidewalks (John King Boulevard Overlay District). The landscape buffer strip along John King Blvd shall be as described in the City of Rockwall Unified Development Code, Article V (District Development Standards), Section 6.10 E (Landscape Standards) and be a minimum width of fifty (50) feet as shown on the Planned Development Concept Plan in Exhibit 'B'. Additionally, the developer shall construct a minimum of a ten (10) foot sidewalk, on both sides of John King Boulevard, within the fifty (50) foot landscape buffer strip as recommended by the John King Boulevard Design Concept Plan located in the Comprehensive Plan of the City of Rockwall.
    b. *Buffer-Strip (FM 552).* A landscape buffer strip with a minimum width of fifteen (15) feet shall be provided along the frontage of FM 552, and shall be landscaped with at least one canopy tree per 30-ft and a combination of berms and shrubbery to be reviewed with the PD Site Plan(s) for the retail tract.
    ~~c.~~ *Buffer-Strip (Breezy Hill) Retail.* The minimum buffer width between the proposed retail area and Breezy Hill Rd shall be fifty (50) feet, and shall include a berm with a minimum height of five (5) feet with at least three (3) canopy trees and four (4) accent trees per 100-ft of frontage. A detail of this landscape buffer shall be approved by the Planning and Zoning Commission and City Council at the time of PD Development Plan for the retail tract.
    d. *Buffer-Strip (Breezy Hill) Residential.* A landscape buffer strip with a minimum width of ten (10) feet shall be provided between any residential area and Breezy Hill Rd.
    e. *Irrigation.* Any irrigation installed in landscape areas and public parks must be designed by a Texas licensed irrigator or landscape architect.
    f. *Fencing.* The Association will maintain all common area and perimeter fencing surrounding the Property. Such perimeter fencing shall be composed of six foot (6') tall tubular steel fencing with masonry entry features or such other fencing as may be approved by the City at the time of platting. Perimeter screening may also be accomplished by earthen berms landscaped with living screening. Property owners will maintain all fences constructed on private property.
    g. *Curvilinear Walks.* Walks are to be a minimum of five feet (5') wide to six feet (6') maximum width (hike and bike trail) consistent with the approved Open Space Master Plan. "Collector streets" with or without center medians may incorporate sidewalks six feet (6') in width adjacent to or within "front yard" landscape easements. Walks may meander within parkway and common area; however, edge of walk shall be no closer than four feet (4') from back-of-curb.
    h. *Medians.* Any proposed median openings shall meet the City standards at the time of PD site plan approval.

2. *Lighting.* Light poles shall not exceed twenty feet (20') in height. All light fixtures shall direct light downward and be contained to the site.

3. *Sidewalks.* At a minimum, sidewalks located on lay down curb section streets shall begin four feet (4') behind the back of curb and be five feet (5') in overall width. Sidewalks will not be required on rural street sections.
4. Curbing. Within certain lot types "A, B, & C" "roll up, lay down curbing" may be incorporated in an effort to minimize frequent curb cuts and maximize streetscape continuity, as approved by the City of Rockwall (Engineering Department) with approval of the final plat application.
5. *Buried Utilities.* New distribution power-lines required to serve the Property shall be placed underground, whether such lines are located internally or along the perimeter of the Property, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (3 phase lines), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the Property, except along the 205 Bypass. Additionally, if such above ground lines are installed along the perimeter of the property and adjacent to non-residential use, then the lines shall be installed behind the non-residential buildings where the installation is possible. The Developer shall not be required to re-locate existing overhead power-lines along the perimeter of the Property. Temporary power-lines constructed across undeveloped portions of the Property to facilitate development phasing and looping may be allowed above ground, but shall not be considered "existing lines" at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph.
6. *Parks and Open Space.*
    a. Residential and retail acreages (net of right-of-way dedication) shall contain no less than 20% open space and.
    b. Allowable open space may include but is not limited to 50% of floodplain, amenity center, public or private parks, trails, natural areas, buffers, traffic circle medians, entry features, common areas (including any Association recreation center or similar facilities) and other features depicted on the Development Plan, as set forth in the Open Space Master Plan prepared in accordance with subparagraph (c) below. Street right of way will not be included as open space. At least 80% of the single-family dwellings within the development shall be located within eight hundred feet (800') of public or private open space. In order to qualify, such open space must be at least one (1) continuous acre in area, not including roadway buffers less than fifty (50') feet in width.
    c. The Developer shall prepare the Open Space Master Plan to be consistent with the approved Development Plan. The purpose of an Open Space Master Plan is to supplement the Development Plan by providing an additional level of detail for public and private open space areas. The Open Space Master Plan shall identify the locations of and improvements to public parks, and other public and private open space or common areas and shall illustrate an integral system of trail improvements that, together with intervening land held by other property owners or the City, is designed to connect residential areas, schools and retail areas within the District to parks and open space within the District and that provides for continuation and connection of the trail system to off-site parks and open space, in accordance with the City's Master Park and Recreation Plan. The Open Space Master Plan shall clearly differentiate public parks from private facilities and common lands to be maintained by the Association. The locations of public parks, school sites and other public and private open space or common areas shown on the Open Space Master Plan shall be in conformance with the Development Plan. The Open Space Master Plan shall include a phasing plan for construction of all trails, parks, common open space and facilities. The Open Space Master Plan shall be considered for approval if

it complies with this section, the applicable City regulations, the Development Plan, and generally accepted park-planning practices.

d. The District shall contain not less than eleven (11) acres of land to be used as public or private parkland. A minimum of eleven (11) contiguous acres shall be dedicated to the City in accordance with the City's Neighborhood Parkland Dedication Ordinance on approval of the final plats for those phases adjacent to or abutting the proposed parkland dedication and will provide access to said parkland area. The remaining parkland area will be retained as a private park within the District. Park improvements shall be constructed in accordance with the approved Open Space Master Plan. The site plan incorporating the design of park improvements and hike/bike trail improvements shall be considered for approval with the final plat for the phase of the development containing such improvements. Performance of the obligations in this subparagraph shall be deemed to fully satisfy the City's Neighborhood Parkland Dedication Ordinance regarding land dedication. At the time of recordation of final plats for each phase, the Developer shall pay park improvement fees to the City. These fees shall be held in an escrow account until the parkland is dedicated to the City, at which time the Developer shall inform the City if the Developer wishes to use the escrowed fees as well as future fees to construct park improvements. Prior to construction, said improvements shall be approved by Parks Director, approval not to be unreasonably withheld, and invoices for improvements shall be submitted to Parks Director for approval. Performance of the obligations in this subparagraph shall be deemed to fully satisfy the City's Neighborhood Parkland Dedication Ordinance regarding park development fees, provided that park improvements are installed at a value equal or exceeding the value of park improvement fees for the entire District applicable at that time, or improvement fees are paid. Thereafter, the Developer shall not be responsible for additional parkland dedication or park development fees associated with the Property, except as otherwise may be provided in a capital facilities agreement approved by the City.

7. Developer shall provide a minimum of one (1) retention pond in the District with hard edges and fountain features. The exact configuration and location of the ponds will be determined at development. All retention pond hardedges shall be similar to the hardedge shown on Figure 1 (below).

Figure 1: *Retention Pond with Hardedge.*

8. *Signage.* Permanent subdivision identification signage shall be permitted at all major entry points, in general conformance to the signage shown in Figure 2 & 3 (below). Final design of entry features to be determined with the Planned Development Site Plan.

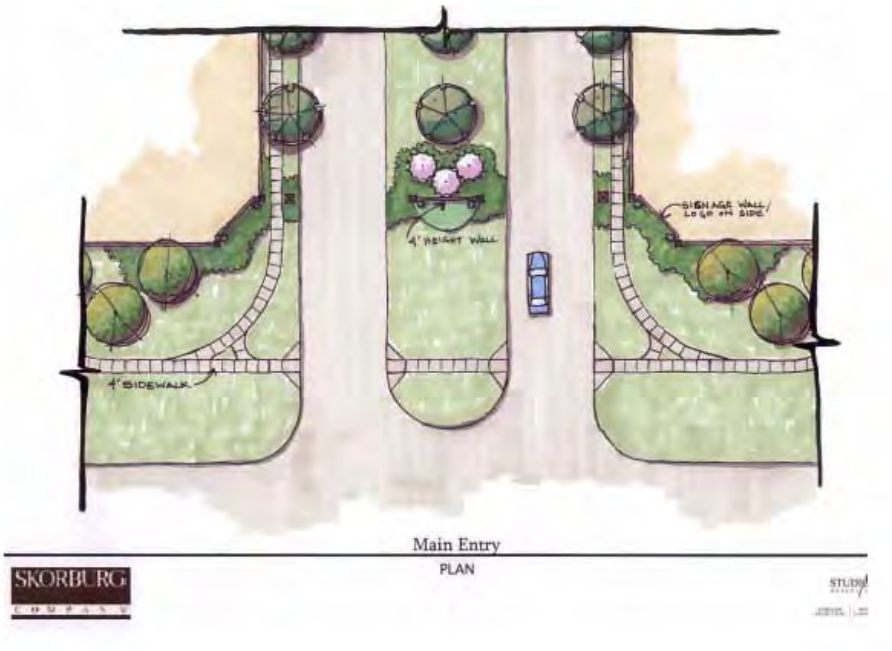


Figure 2: *Example of Subdivision Signage Locations*

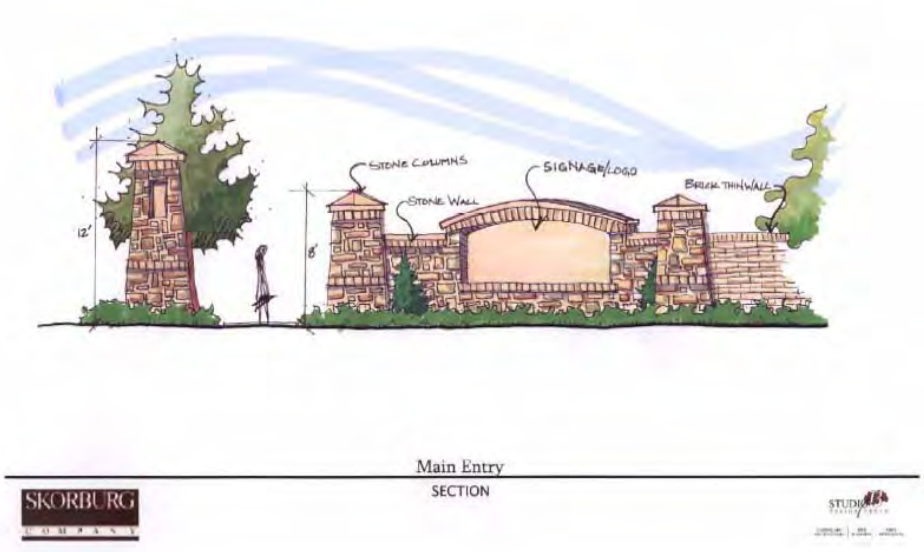

Figure 3: *Example of Subdivision Signage Design Standard*

9. *Variances.* The variance procedures and standards for approval set forth in the Unified Development Code shall apply to any application for variances to this ordinance.
10. *Amenity Center.* Site plan, landscape plan and building elevations for the Amenity Center shall be approved by the Planning and Zoning Commission prior to construction.

11. *Trees.* All trees planted within the District shall be a minimum three (3) inch caliper measured six (6) inches above the root ball.

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 74 (PD-74) [*ORDINANCE NO. 12-26*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING THE PLANNED DEVELOPMENT CONCEPT PLAN AND THE DEVELOPMENT STANDARDS APPROVED WITH ORDINANCE NO. 12-26, BEING A 405.184-ACRE TRACT OF LAND SITUATED IN THE J. STRICKLAND SURVEY, ABSTRACT NO. 187, T. R. BAILEY SURVEY, ABSTRACT NO. 30 AND THE J. SIMMONS SURVEY, ABSTRACT NO. 190, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY EXHIBIT 'A'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE..

WHEREAS, the City has received a request by the Darren Cain of the Skorburg Company on behalf of Breezy Hill 405, LTD for an amendment to the Planned Development Concept Plan and Development Standards contained within Planned Development District 74 (PD-74) [specifically contained within *Ordinance No. 12-26*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, for a 405.184-acre tract of land situated in the J. Strickland Survey, Abstract No. 187, T. R. Bailey Survey, Abstract No. 30 and the J. Simmons Survey, Abstract No. 190, Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 74 [*Ordinance No. 12-26*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the *Subject Property* shall be used only in the manner and for the purposes authorized by Planned Development District 74 (PD-74) [*Ordinance No. 12-26*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 2. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 3. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 4. That a master parks and open space plan for the Property, prepared in accordance with this ordinance and consistent with the *Planned Development Concept Plan*, (*Open Space Master Plan*) shall be considered for approval by the City Council following recommendation of the Parks and Recreation Board.

Section 5.

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City, as amended by this ordinance (*including Subsections 5(b) through 5(f) below*), shall be the exclusive procedures applicable to the subdivision and platting of the Property.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in Section 212.009 of the Texas Local Government Code.

1. Open Space Master Plan
2. Master plat
3. PD development plans (*required for retail areas only*)
4. PD site plans
5. Preliminary plats
6. Final plats

(c) A master plat application covering all of the Property, other than the area designated on the *Planned Development Concept Plan* as *Retail*, shall be submitted and shall identify each phase of development. No master plat application shall be approved until the *Open Space Master Plan* for all of the Property has been approved; however, the *Open Space Master Plan* may be processed by the City concurrently with the master plat application.

(d) A *PD Development Plan* must be approved for the area designated on the Concept Plan as *Retail* prior to submittal of a *PD Site Plan* application and/or a preliminary plat application. No master plat is required for the area designated on the Concept Plan as *Retail*. A traffic impact analysis for the retail tract shall be submitted with the *PD Development Plan* to determine the extent and timing of any recommended facilities and/or improvements to the surrounding roadway network. The traffic impact analysis may be updated with each *PD Site Plan* for the retail tract.

(e) A preliminary plat application shall be submitted for each phase of residential development. A *PD Site* Plan application, including a site plan application for improvements for parkland or trails, may be processed by the City concurrently with a preliminary plat application for that phase of the development.

(f) A *Capital Facilities Agreement* in the form of *Exhibit 'D',* attached hereto and incorporated herein by reference as *Exhibit 'D',* shall be executed by Developer providing for delivery of adequate public facilities and services within the District.

Section 6. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 7. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 8. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 9. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 5TH DAY OF MAY, 2014.

Legal Description

ALL THAT CERTAIN TRACT OR PARCEL OF LAND LYING AND BEING SITUATED IN PARTS OF THE J. STRICKLAND SURVEY, ABSTRACT NUMBER 187, T. R. BAILEY SURVEY, ABSTRACT NUMBER 30 AND THE J. SIMMONS SURVEY, ABSTRACT NUMBER 190 OF ROCKWALL COUNTY, AND BEING THAT TRACT OF LAND CONVEYED TO W.W. CARUTH, JR. ACCORDING TO THE DOCUMENT FILED OF RECORD IN VOLUME 66, PAGE 493, DEED RECORDS OF ROCKWALL COUNTY, TEXAS (D.R.R.C.T.) ALSO A PORTION OF THE J. STRICKLAND SURVEY, ABSTRACT 794•3 LYING IN COLLIN COUNTY, TEXAS, THAT TRACT OF LAND CONVEYED TO MABEL CARUTH ACCORDING TO THE FILE OF RECORD IN COUNTY CLERK FILE NUMBER 92-0054539 OF COLLIN COUNTY, TEXAS, SAID TRACT BEING MORE PARTICULARLY DESCRIBED BY METES AND BOUNDS AS FOLLOWS:

BEGINNING AT A 1/2" IRON ROD FOUND AT THE BASE OF A CORNER POST, SAID IRON ROD BEING THE SOUTHWEST CORNER OF A 1RACT OF LAND DESCRIBED IN DEED TO DONG WON KANG RECORDED IN VOLUME 4703, PAGE 1402, D.R.R.C.T., AND SAME (BEING THE SOUTHEAST CORNER OF SAID TRACT "ONE" AS SHOWN HEREON;

THENCE NORTH 89°21'28" EAST, A DISTANCE OF 2077.92 FEET TO A 1/2" IRON ROD FOUND FOR A CORNER OF THIS TRACT;

THENCE SOUTH 00°01'37" EAST, GENERALLY ALONG THE CENTER OF A GRAVEL ROAD, A DISTANCE OF 1274.60 FEET TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE SOUTH 89°19'07" EAST, GENERALLY ALONG THE CENTER OF A GRAVEL ROAD, A DISTANCE OF 686.18 FEET TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE SOUTH 00'42'37" EAST, ALONG THE CENTER OF BREEZY HILLS ROAD, A DISTANCE OF 4777.93 FEET TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER IN THE NORTH LINE OF F.M. HIGHWAY 552, FOR THE SOUTHEAST CORNER OF THIS TRACT;

THENCE SOUTH 89°20'36" WEST, ALONG THE NORTH LINE OF SAID F.M. HIGHWAY, A DISTANCE OF 1887.13 FEET, TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER IN A ENTRYWAY OF A RANCH ROAD, FOR THE SOUTHWEST CORNER OF THIS TRACT;

THENCE NORTH 00°31'43" WEST, GENERALLY ALONG THE CENTER OF SAID RANCH ROAD, PASSING AT A DISTANCE OF 10.00 FEET A 1/2" IRON ROD FOUND ON THE WEST LINE OF THIS TRACT AND CONTINUING A TOTAL DISTANCE OF J593.55 FEET TO A S/S" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE SOUTH S9°15'47" WEST, A DISTANCE OF S03.29 FEET TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE NORTH 01"31'06" WEST, A DISTANCE OF 1189.10 FEET TO A 5/8" IRON ROD FOUND AT THE BASE OF A CORNER POST, FOR A CORNER OF THIS TRACT;

THENCE SOUTH 88°05'58" WEST, A DISTANCE OF 1546.66 FEET TO A 3/8" IRON ROD

FOUND FOR A CORNER OF THIS TRACT;

THENCE NORTH 00°47'14" WEST, A DISTANCE OF 1067.53 FEET TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE NORTH 88°33'50" E, A DISTANCE OF 748.00 FEET TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE NORTH 00°45'11" W, A DISTANCE OF 2243.67 FEET TO A 5/S" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE NORTH 89°21'28" E, A DISTANCE OF 754.93 FEET TO THE POINT OF BEGINNING, AND CONTAINING 405.184 ACRES OF LAND, MORE OR LESS.

Exhibit 'B':
Concept Plan

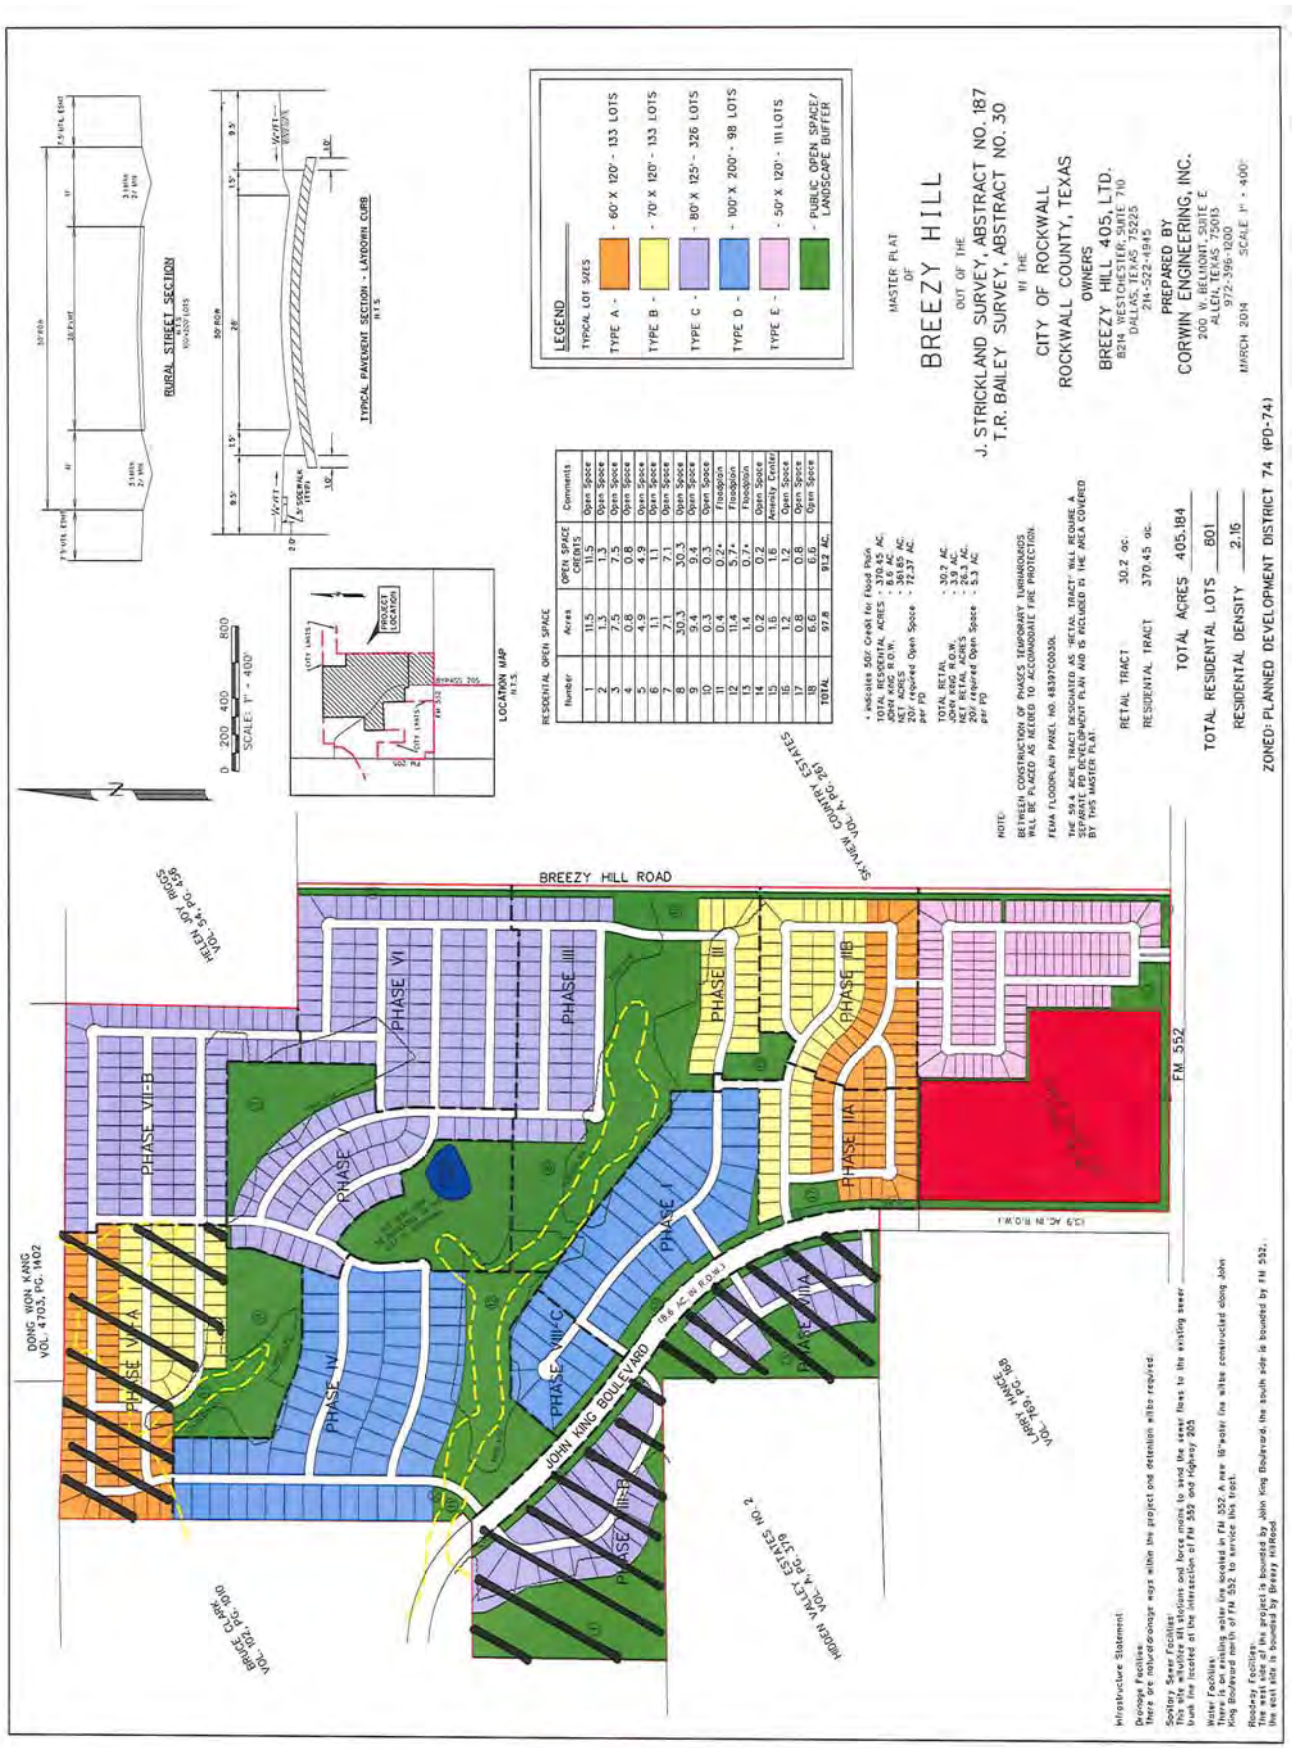

Exhibit 'C':
PD Development Standards

A. GENERAL REQUIREMENTS

1. *Uses Allowed.* The following uses are permitted for the Property.

   a. *Residential uses*. Uses permitted of right or by special use permit for the (SF-10) Single Family Residential District, as set forth in Article IV, Permissible Uses, of the City of Rockwall Unified Development Code, shall be allowed for areas designated as Single-Family on the Concept Plan, subject to approval of a Special Use Permit if required by the SF-10 District Regulations.

   b. *Non-residential uses*. Non-residential uses shall be allowed only within the area designated as Retail on the approved Concept Plan for the District, and are limited to those uses permitted of right or by special use permit for the (GR) General Retail District subject to approval of a PD Development Plan and PD Site Plan in accordance with the Planned Development District regulations, Article X, Section 2 of the Unified Development Code, and subject to approval of a Special Use Permit if required by the GR District Regulations; provided, however, that the following uses are expressly prohibited:

   - ✓ Animal Hospital, Clinic
   - ✓ Convent or Monastery
   - ✓ Hotel or Motel
   - ✓ Hotel, Residence
   - ✓ Cemetery/Mausoleum
   - ✓ Mortuary of Funeral Chapel
   - ✓ Social Service Provider
   - ✓ Billiard Parlor or Pool Hall
   - ✓ Carnival, Circus, or Amusement Ride
   - ✓ Commercial Amusement/Recreation (Outside)
   - ✓ Gun Club, Skeet or Target Range (indoor)
   - ✓ Astrologer, Hypnotist, or Psychic Art and Science
   - ✓ Garden Supply/Plant Nursery
   - ✓ Night Club, Discotheque, or Dance Hall
   - ✓ Secondhand Dealer
   - ✓ Car Wash, Self Service*
   - ✓ Service Station*
   - ✓ Mining and Extraction (Sand, Gravel, Oil & other)
   - ✓ Helipad
   - ✓ Railroad Yard or Shop
   - ✓ Transit Passenger Facility

   * *Not including a convenience store with an accessory car wash use or more than four (4) gas pumps, which accessory uses are permitted by SUP.*

   The following additional use shall be permitted of right in the PD District:

   - ✓ Grocery Store with a maximum building area of one hundred and thirty thousand (130,000) square feet.

   c. *Design of non-residential uses.* The retail area shall be designed to be pedestrian-oriented and easily accessible to adjacent residential neighborhoods. Additionally, the

retail area shall be designed and constructed to be integrated with adjacent uses, not separated from them by screening walls or other physical barriers. This will be accomplished by creating paths from adjacent development into the retail area and through the use of landscaping buffers, building design and other urban design elements to create compatibility with the surrounding residential neighborhood.

d. *Density and lot composition*. If the retail develops in accordance with the attached Concept Plan, no more than ~~***691***~~ ***749*** single-family residential dwelling units may be constructed within the Property. Except as provided in subsection (e), single-family residential units shall be allocated by product type in accordance with the following table:

Table 1: Lot Composition

LOT TYPE	**LOT SIZE** (MINIMUM)	**LOT SQ. FT.** (MINIMUM) (TOTAL)	**Driveway Access**	**Units** (TOTAL)	**Total Dwelling Units %**
A	60' x 120'	7,200	Front	~~***134***~~ ***107***	~~***19.4***~~ ***14.29%***
B	70' x 120'	8,400	Front	~~***133***~~ ***107***	~~***19.2***~~ ***14.29%***
C	80' x 125'	10,000	Front	326	~~***47.2***~~ ***43.52%***
D	100' x 200'	20,000	Front	98	~~***14.2***~~ ***13.08%***
E	***50' x 120'***	***6,000***	***Front***	***111***	***14.82%***
Average Lot Size		10,000			
MAXIMUM ALLOWED TOTAL UNITS				~~***691***~~ ***749***	100%

e. *Variation in lot composition.* The allocation of single-family dwellings among lot types may deviate from that in subsection (d), provided that the maximum allowed total dwelling units does not exceed ~~***691***~~ ***749*** units, the average lot size for the development is not less than 10,000 sq. ft., and the following rules are met:

(1) Lot types "A & B" may increase not more than 5% in aggregate number.
(2) Lot type "C" shall not be decreased below ~~***45%***~~ ***40%*** of the total ~~***691***~~ ***749*** lots.
(3) Lot Type "D" shall not be decreased below 98 of the total lots.
(4) Lot Type "E" shall not increase above 111 of the total lots.

2. Development Standards Applicable. Except as may be modified by these Development Standards, residential uses shall be subject to the development standards for a (SF-10) Single Family Residential District, as set forth in Article V, District Development Standards for Section 3.4 of the City of Rockwall Unified Development Code; to the development standards in the 205 Bypass Overlay District; and to all supplemental standards contained in the Unified Development Code, including but not limited to the tree preservation regulations in the Unified Development Code.

B. SPECIAL DEVELOPMENT STANDARDS

1. Dimensional Standards for Residential Uses

Table 2: Lot Type Matrix

Lot Types	A	B	C	D	E
Maximum Building Height	36'	36'	36'	36'	**36'**
Air Conditioned Square Footage (Minimum)	2,200	2,400	2,600***	3,000	**1,800**
Minimum Building Setback: Front Yard	20'	20'	20'	40' [3]	**15'**
Front porch may encroach to within 10' of front property line.	X				**X**
Rear Yard	10'	10'	15'	15'	**10'**
Interior Side Yard	5'	5'	6'	7'	**5'**
Corner (Side) Yard	15'	15'	15'	15'	**15'**
Minimum Distance of driveway from prop. line. (applicable to front entry only)	20'	20'	20'	40'	**20'**
Minimum Lot Area (Square Feet)	7,200	8,400	10,000	20,000	**6,000**
Minimum Lot Frontage[1]	60'	70'	80'	100'	**50'**

Notes:

[1]: Lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by twenty percent (20%) in lot width measured at the front property line provided that the lot width will be met at the front building line. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by up to 10 percent (10%) but shall meet the minimum lot size for each lot type as referenced within Table 1.

[2]: A maximum of 20% of the lots may have homes not less than 2,500 sq. ft.

[3]: The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.

2. Development Standards for Residential Uses by Lot (Product) Type

a. Detached Single Family Lot Type A

Minimum Lot Size:	7,200 SF
Minimum Lot Width: @ Front Bldg. Line	60'
Minimum Lot Depth:	110'
Minimum Corner Lot Width:	65'
Side Yard Setback:	5'
Front / Rear Bldg. Line:	20'/10'
Minimum House Size:	2,200 air conditioned sq. ft.
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Garages will be allowed to have the garage accessed from the street using traditional "swing" or "J" drive. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 33% of Type 'A' lots shall have 3-car garages.
Maximum Lot Coverage:	65%

b. Detached Single Family Lot Type B

Minimum Lot Size:	8,400 SF
Minimum Lot Width: @ Front Bldg. Line	70'
Minimum Lot Depth:	120'
Minimum Corner Lot Width:	75'
Side Yard Setback:	5'
Front / Rear Bldg. Line:	20'/10'
Minimum House Size:	2,400 air conditioned sq. ft.
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Garages will be allowed to have the garage accessed from the street using traditional "swing" or "J" drives. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 33% of Type 'B' lots shall have 3 car garages.
Maximum Lot Coverage:	65%

c. Detached Single Family Lot Type C

Minimum Lot Size:	10,000 SF
Minimum Lot Width: @ Front Bldg. Line	80'
Minimum Lot Depth:	125'
Minimum Corner Lot Width:	85'
Side Yard Setback:	6'
Front / Rear Bldg. Line:	20'/15'
Minimum House Size:	2600 air conditioned sq. ft.[1]
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Traditional "swing" or "J" drive required. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 80% of Type 'C' lots shall have 3 car garages.
Maximum Lot Coverage:	65%

Notes:
[1]: A maximum of 20% of the lots may have homes not less than 2,500 sq. ft.

d. Detached Single Family Lot Type D

Minimum Lot Size:	20,000 SF
Minimum Lot Width: @ Front Bldg. Line	100'
Minimum Lot Depth:	175'
Minimum Corner Lot Width:	100'
Side Yard Setback:	7'
Front / Rear Bldg. Line:	40' [1]/15'
Minimum House Size:	3,000 air conditioned sq. ft.
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Traditional "swing" or "J" drive required. Single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. 80% of Type D lots shall have a minimum of 3 car garages.
Maximum Lot Coverage:	70%

Notes:
[3]: The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.

e. ***Detached Single Family Lot Type E***

Minimum Lot Size: 6,000 SF

Minimum Lot Width:
@ Front Bldg. Line 50'

Minimum Lot Depth: 110'

Minimum Corner Lot Width: 55'

Side Yard Setback: 5'

Front / Rear Bldg. Line: 15'/10'

Minimum House Size: 1,800 air conditioned sq. ft.

Minimum Roof Pitch: 8:12 except for 4:12 on porch roofs

Masonry Requirement: 80% (brick, stone, cultured stone, 3-part stucco)

Garage Orientation: Garages will be allowed to be accessed from the street; however a minimum driveway length of 20-ft must be provided

Maximum Lot Coverage: 75%

3. *Fencing.* All individual residential fencing for lots less than 20,000 square feet shall be cedar standard fencing material (minimum ½" thickness) or better (spruce fencing will not be allowed). All cedar pickets shall be placed on the "public side" facing the street, alley or neighboring property. Lots containing 20,000 sq. ft., lots located along perimeter roadways, and lots abutting open spaces, greenbelts and parks shall be required to install tubular steel fencing. Corner lot fencing (adjacent to the street) shall provide masonry columns at forty-five feet (45') off center spacing that begins at the rear property line corner and terminates ten feet (10') behind the front yard building setback line. A maximum six (6') foot solid board on board "panel" cedar fencing shall be allowed between the masonry columns along the side and/or rear yard lot adjacent to a street. In addition, the fencing shall be setback from the side property line adjacent to a street a minimum of five feet (5'). The property owner shall maintain that portion of the property outside the fence.
4. *Anti-Monotony Features.* Lot types shall incorporate the following elevation features.

Table 3 : Anti-Monotony Matrix

Lot Type	Lot Size (Approx.)	Elevation Features
A	60' x 120'	***i.,*** ii, iii, ~~***iv***~~
B	70' x 120'	***i.,*** ii, iii, ~~***iv***~~
C	80' x 125'	***i.,*** ii, iii, ~~***iv***~~
D	100' x 200'	***i.,*** ii, iii, ~~***iv***~~
E	***50' 120'***	***ii, iii***

i. Exterior facade must be composed of eighty percent (80%) masonry (brick, stone, cultured stone, or three-part stucco). Identical brick blends may not occur to adjacent (side-by-side) properties. Elevations shall not repeat along the fronting or siding streetscape without at least four (4) intervening homes of sufficient dissimilarity (to be determined by the ARC) on the same side of the street and (2) intervening homes on the opposite side of the street). The rear elevation of homes backing to open spaces or thoroughfares shall not repeat without at least two (2) intervening homes of sufficient dissimilarity (to be determined by the ARC). Masonry (brick, stone, cultured stone, or three-part stucco) chimneys shall be required on all homes.

ii. Minimum of 8:12 roof pitch, except for 4:12 roof pitches on porches. For each phase, a maximum of four compatible roof colors may be used. Dimensional shingles shall be used. Crown molding will be installed in all living and family rooms, unless vaulted or pop-up ceilings are utilized. No Formica counters in kitchens and bathrooms, no blown acoustic ceilings. No vinyl flooring will be used in kitchens.

iii. For front entry driveway access a traditional "swing" or "J" drive will be used. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only.

5. *Streetscape Landscape.* Prior to issuance of a Certificate of Occupancy, yards for all single-family lots in the District shall be landscaped with large canopy trees.

(1) Two minimum three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of an interior lot.

(2) Two minimum three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of a corner lot and two additional trees of same caliper shall be planted in the side yard facing the street.

(3) For purposes of this section only, the term "front yard" includes the area within the dedicated right-of-way for a parkway immediately adjoining the front yard of the lot.

6. *Master Design Guidelines.* Additional design guidelines specific to each phase of development that shall apply to all single-family dwellings units within that phase of development, shall be submitted to the City prior to issuance of any building permits for that portion of the development.

C. STANDARDS FOR DISTRICT DESIGN AND CONNECTIVITY

1. *Streetscape Standards for Collectors & Non-Fronting Thoroughfares.* All streets, excluding drives, fire lanes and private parking areas, shall be built according to City of Rockwall street standards. Sidewalks and Hike / Bike trails are to be placed according to city requirements and as set forth in the Open Space Master Plan for the District.

   a. *Buffer-Strip* and Sidewalks (John King Boulevard Overlay District). The landscape buffer strip along John King Blvd shall be as described in the City of Rockwall Unified Development Code, Article V (District Development Standards), Section 6.10 E (Landscape Standards) and be a minimum width of fifty (50) feet as shown on the Planned Development Concept Plan in Exhibit 'B'. Additionally, the developer shall construct a minimum of a ten (10) foot sidewalk, on both sides of John King Boulevard, within the fifty (50) foot landscape buffer strip as recommended by the John King Boulevard Design Concept Plan located in the Comprehensive Plan of the City of Rockwall.

   b. *Buffer-Strip (FM 552).* A landscape buffer strip with a minimum width of fifteen (15) feet shall be provided along the frontage of FM 552, and shall be landscaped with at least one canopy tree per 30-ft and a combination of berms and shrubbery to be reviewed with the PD Site Plan(s) for the retail tract.

   ~~c.~~ *Buffer-Strip (Breezy Hill) Retail.* The minimum buffer width between the proposed retail area and Breezy Hill Rd shall be fifty (50) feet, and shall include a berm with a minimum height of five (5) feet with at least three (3) canopy trees and four (4) accent trees per 100-ft of frontage. A detail of this landscape buffer shall be approved by the Planning and Zoning Commission and City Council at the time of PD Development Plan for the retail tract.

   d. *Buffer-Strip (Breezy Hill) Residential.* A landscape buffer strip with a minimum width of ten (10) feet shall be provided between any residential area and Breezy Hill Rd.

   e. *Irrigation.* Any irrigation installed in landscape areas and public parks must be designed by a Texas licensed irrigator or landscape architect.

   f. *Fencing.* The Association will maintain all common area and perimeter fencing surrounding the Property. Such perimeter fencing shall be composed of six foot (6') tall tubular steel fencing with masonry entry features or such other fencing as may be approved by the City at the time of platting. Perimeter screening may also be accomplished by earthen berms landscaped with living screening. Property owners will maintain all fences constructed on private property.

   g. *Curvilinear Walks.* Walks are to be a minimum of five feet (5') wide to six feet (6') maximum width (hike and bike trail) consistent with the approved Open Space Master Plan. "Collector streets" with or without center medians may incorporate sidewalks six feet (6') in width adjacent to or within "front yard" landscape easements. Walks may meander within parkway and common area; however, edge of walk shall be no closer than four feet (4') from back-of-curb.

   h. *Medians.* Any proposed median openings shall meet the City standards at the time of PD site plan approval.

2. *Lighting.* Light poles shall not exceed twenty feet (20') in height. All light fixtures shall direct light downward and be contained to the site.
3. *Sidewalks.* At a minimum, sidewalks located on lay down curb section streets shall begin four feet (4') behind the back of curb and be five feet (5') in overall width. Sidewalks will not be required on rural street sections.
4. Curbing. Within certain lot types "A, B, & C" "roll up, lay down curbing" may be incorporated in an effort to minimize frequent curb cuts and maximize streetscape continuity, as approved by the City of Rockwall (Engineering Department) with approval of the final plat application.
5. *Buried Utilities.* New distribution power-lines required to serve the Property shall be placed underground, whether such lines are located internally or along the perimeter of the Property, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (3 phase lines), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the Property, except along the 205 Bypass. Additionally, if such above ground lines are installed along the perimeter of the property and adjacent to non-residential use, then the lines shall be installed behind the non-residential buildings where the installation is possible. The Developer shall not be required to re-locate existing overhead power-lines along the perimeter of the Property. Temporary power-lines constructed across undeveloped portions of the Property to facilitate development phasing and looping may be allowed above ground, but shall not be considered "existing lines" at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph.
6. *Parks and Open Space.*
    a. Residential and retail acreages (net of right-of-way dedication) shall contain no less than 20% open space and.
    b. Allowable open space may include but is not limited to 50% of floodplain, amenity center, public or private parks, trails, natural areas, buffers, traffic circle medians, entry features, common areas (including any Association recreation center or similar facilities) and other features depicted on the Development Plan, as set forth in the Open Space Master Plan prepared in accordance with subparagraph (c) below. Street right of way will not be included as open space. At least 80% of the single-family dwellings within the development shall be located within eight hundred feet (800') of public or private open space. In order to qualify, such open space must be at least one (1) continuous acre in area, not including roadway buffers less than fifty (50') feet in width.
    c. The Developer shall prepare the Open Space Master Plan to be consistent with the approved Development Plan. The purpose of an Open Space Master Plan is to supplement the Development Plan by providing an additional level of detail for public and private open space areas. The Open Space Master Plan shall identify the locations of and improvements to public parks, and other public and private open space or common areas and shall illustrate an integral system of trail improvements that, together with intervening land held by other property owners or the City, is designed to connect residential areas, schools and retail areas within the District to parks and open space within the District and that provides for continuation and connection of the trail system to off-site parks and open space, in accordance with the City's Master Park and Recreation Plan. The Open Space Master Plan shall clearly differentiate public parks from private facilities and common lands to be maintained by the Association. The locations of public parks, school sites and other public and private open space or common areas shown on the Open Space Master Plan shall be in conformance with the Development Plan. The Open Space Master Plan shall include a phasing plan for construction of all trails, parks, common open space and facilities. The Open Space

Master Plan shall be considered for approval if it complies with this section, the applicable City regulations, the Development Plan, and generally accepted park-planning practices.

d. The District shall contain not less than eleven (11) acres of land to be used as public or private parkland. A minimum of eleven (11) contiguous acres shall be dedicated to the City in accordance with the City's Neighborhood Parkland Dedication Ordinance on approval of the final plats for those phases adjacent to or abutting the proposed parkland dedication and will provide access to said parkland area. The remaining parkland area will be retained as a private park within the District. Park improvements shall be constructed in accordance with the approved Open Space Master Plan. The site plan incorporating the design of park improvements and hike/bike trail improvements shall be considered for approval with the final plat for the phase of the development containing such improvements. Performance of the obligations in this subparagraph shall be deemed to fully satisfy the City's Neighborhood Parkland Dedication Ordinance regarding land dedication. At the time of recordation of final plats for each phase, the Developer shall pay park improvement fees to the City. These fees shall be held in an escrow account until the parkland is dedicated to the City, at which time the Developer shall inform the City if the Developer wishes to use the escrowed fees as well as future fees to construct park improvements. Prior to construction, said improvements shall be approved by Parks Director, approval not to be unreasonably withheld, and invoices for improvements shall be submitted to Parks Director for approval. Performance of the obligations in this subparagraph shall be deemed to fully satisfy the City's Neighborhood Parkland Dedication Ordinance regarding park development fees, provided that park improvements are installed at a value equal or exceeding the value of park improvement fees for the entire District applicable at that time, or improvement fees are paid. Thereafter, the Developer shall not be responsible for additional parkland dedication or park development fees associated with the Property, except as otherwise may be provided in a capital facilities agreement approved by the City.

7. Developer shall provide a minimum of one (1) retention pond in the District with hard edges and fountain features. The exact configuration and location of the ponds will be determined at development. All retention pond hardedges shall be similar to the hardedge shown on Figure 1 (below).

Figure 1: *Retention Pond with Hardedge.*

8. *Signage.* Permanent subdivision identification signage shall be permitted at all major entry points, in general conformance to the signage shown in Figure 2 & 3 (below). Final design of entry features to be determined with the Planned Development Site Plan.

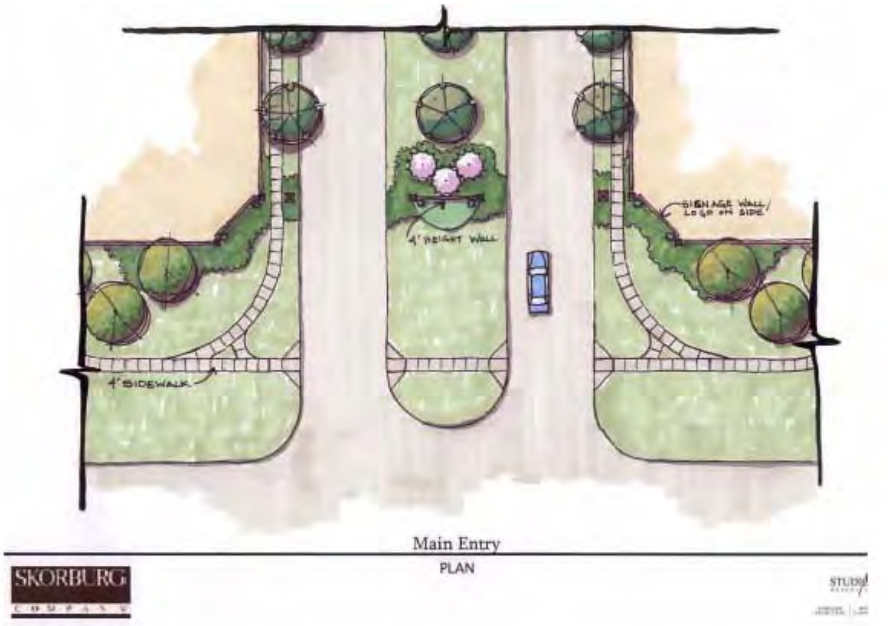

Figure 2: *Example of Subdivision Signage Locations*

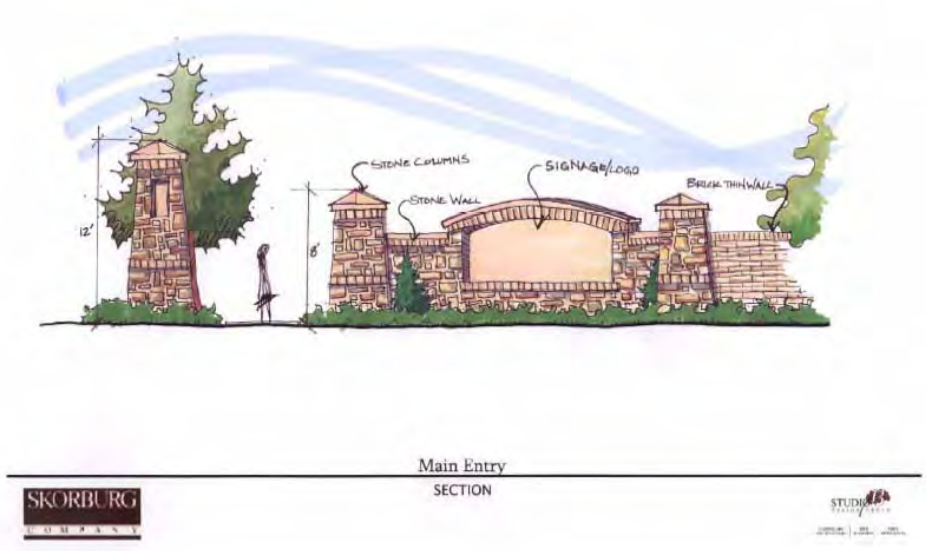

Figure 3: *Example of Subdivision Signage Design Standard*

9. *Variances.* The variance procedures and standards for approval set forth in the Unified Development Code shall apply to any application for variances to this ordinance.

10. *Amenity Center.* Site plan, landscape plan and building elevations for the Amenity Center shall be approved by the Planning and Zoning Commission prior to construction.
11. *Trees.* All trees planted within the District shall be a minimum three (3) inch caliper measured six (6) inches above the root ball.

EXHIBIT 'D': CAPITAL FACILITIES AGREEMENT FOR BREEZY HILL

THIS CAPITAL FACILITIES AGREEMENT (the "Agreement") is by and among the Breezy Hill 405, Ltd, ("Breezy" or "Developer") and the City of Rockwall, Texas ("City" or "Rockwall "),

I. RECITALS

1. Breezy seeks to rezone and subdivide the Property for single-family residential use and certain commercial uses. Breezy shall submit an application to rezone the 405 acres north of FM-552 (the "Property") as a planned development (PD) district for a development currently known as Breezy Hill (the "PD District"),

   NOW, THEREFORE, in consideration of the foregoing recitals and mutual covenants contained herein, the Parties hereto agree as follows:

II. ADEQUATE PUBLIC FACILITIES

1. *General Provisions.*

   a. *Adequacy Required.* Development of the Property shall be supported with adequate levels of public facilities and services, Adequate facilities and services are those that (i) comply with the applicable City regulations, including this Agreement, and (ii) are consistent with generally accepted engineering and planning practices for similar developments, The Parties agree that the dedication and construction of public improvements, or the contribution of proportionate development fees, required to support development of the Property shall precede or be concurrent with the construction of private improvements to the land, in accordance with the phasing provisions incorporated within this section, or as otherwise may be provided through approval of a master plat.

   b. *Proportionality.* The Parties agree that the dedication or construction of public improvements, or the contributions of development fees, provided for in this Agreement are roughly proportional to the nature and extent of the proposed development of the Property on the City's public facilities systems. Breezy hereby covenants not to sue the City for any claim, or otherwise consent to participate in any action against the City arising from any claim by such party or by its affiliates, alleging that application of the adequate facilities requirements set forth in this Part II of the Agreement to the development of the Property, or the imposition of conditions to a plat application for a portion of the Property that are consistent with the requirements of this section, are not roughly proportional to the impacts of the development depicted in the Concept Plan, including but not limited to any action premised upon Tex. Loc. Gov't Code sec. 212.904 or successor statute. Such covenant not to sue touches and concerns the Property, and is a covenant running with the land such that it binds successors-in-interest and assigns of Breezy. Should any successor-in-interest or assign of Breezy other than an affiliate of Breezy assert any of the foregoing claims in a court of competent jurisdiction, in violation of this Subsection 1 (b), with respect to the development of any portion of the Property, the Parties agree that, with respect to such portion of the Property or all of the Property, at the City's option, this Agreement thereupon shall become null and void and any rights that may otherwise have

BLS

vested under then existing state law shall be waived upon such event. Breezy further agrees that the City may expressly rely upon the provisions of this paragraph in any certification under section 212.904 and that a court in determining rough proportionality may consider all of the Property. Should Breezy or an affiliate of Breezy violate the covenant not to sue contained in this paragraph, the City may either enforce the covenant or pursue the remedies provided for herein that are applicable to successors or assigns, other than affiliates. As used in this Agreement, the term "affiliate" means any person, corporation, partnership, or other entity controlled by, controlling, or under common control with Breezy.

c. *No Waiver.* The requirements in this Part II shall be considered additional standards and conditions applicable to development within the PD District. Except in the event of a conflict between the standards in this Agreement and other standards applicable within the District, nothing in this Agreement shall be construed as superseding any requirement or standard in the City's subdivision or utility regulations relating to provision of adequate public facilities and services.

2. *Wastewater Services.*

a. *City as Provider.* The City shall be the supplier of wastewater services to the Property.

b. *Line Extensions.* The Developer shall extend wastewater mains sufficient to serve each phase of development within the PD District, sized in accordance with the City's master plan for wastewater facilities and constructed in accordance with the phasing schedule approved in conjunction with the Developer's master plat application. The Developer shall design and construct a lift station in order to serve the development within the PD District. The Developer shall be entitled to pro-rata fees for the costs of over-sizing the lift station from other future developments using the lift station, calculated on a per acreage basis. Developer also shall be eligible for credits against, wastewater impact fees otherwise due for construction of improvements identified and included in the City's wastewater improvements plan for impact fees, in accordance with the City's then existing impact fee regulations. Provisions for City participation in oversize costs, rebate of pro-rata fees or provision of impact fee credits shall be set forth in a facilities and reimbursement agreement between the Developer and the City.

c. *Payment of Impact Fees.* Wastewater impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations.

3. *Water Services*

a. *City as provider.* The City shall be the supplier of water services to the Property. The City represents that it has sufficient capacity to serve the Property.

b. *Line Extensions.* The Developer shall extend water mains sufficient to serve each phase of development within the PD District, sized in accordance with

BD

the City's master plan for water facilities and constructed in accordance with the phasing schedule approved in conjunction with the Developer's master plat application. The Developer shall be eligible for City participation in the costs of over-sizing water distribution mains or appurtenances that serve other land in addition to the Property, in accordance with the City's standard policies, or for collection of pro-rata fees for such facilities. Developer also shall be eligible for credits against, water impact fees otherwise due for construction of improvements identified and included in the City's water improvements plan for impact fees, in accordance with the City's then existing impact fee regulations. Provisions for City participation in oversize costs, rebate of pro rata fees or provision of impact fee credits shall be set forth in a facilities and reimbursement agreement between the' Developer and the City.

c. *Payment of Impact Fees.* Water impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations.

4. *Road Improvements.* The Developer shall make the following road improvements.

a. *John King Boulevard (Highway 205 Bypass).* The Developer shall have no obligation with respect to construction of John King Blvd. other than as outlined herein regarding payment of road impact fees.

b. *FM-552 Improvements.* The Developer shall dedicate rights-of-way for and construct turn lanes and acceleration/deceleration lanes concurrent with construction of any road on the Property that intersects FM 552, in accordance with City and TXDOT standards and specifications at the time of development of adjoining property.

c. *Breezy Hill Road Improvements.* The Developer shall dedicate a minimum of twenty-five feet (25') of right-of-way or such right-of-way as is needed to construct a twenty-four foot (24') concrete rural section of Breezy Hill Road and appurtenances adjacent to the Property, together with a two-foot (2') asphalt or concrete shoulder on either side of the concrete section, the total not to exceed twenty-eight feet (28') in width, from the northern point of Breezy Hill Road adjacent to the Property, to FM-552, as shown on the Development Plan. The Developer also shall dedicate and improve a minimum landscape buffer of ten feet (10') for the residential tract and fifty feet (50') for the retail tract, adjacent to the right-of-way for Breezy Hill Road, designed in accordance with the requirements of a PD District then in effect for a rural collector. The bar ditch that abuts the buffer strip, designed to a maximum slope of 3: 1, shall not encroach into the required ten-foot or fifty-foot buffer area, except to the extent that the buffers exceed ten feet (10') in width. The Developer shall dedicate right-of-way for Breezy Hill Road and the landscape buffer at the time of final plat approval for any lot abutting Breezy Hill Road. Developer shall construct Breezy Hill Road in conjunction with the retail tract that is final platted adjacent to Breezy Hill Road. Breezy Hill Road will be constructed from the northernmost intersection created by any portion of the retail tract being platted, south to FM-552. Developer shall install any

BL)

needed expansion of existing culverts created by such construction or the development, of such retail tract.

d. *Payment of Roadway Impact Fees.* Roadway impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations. Construction costs incurred by Developer for roadway improvements in this Agreement that are included in the City's roadway improvements plan for impact fees shall be credited against roadway impact fees otherwise due, in accordance with the City's impact fee regulations.

5. *Drainage Improvements.* Dedication of rights-of-way for and construction of drainage improvements shall be provided as specified in conditions imposed with approval of the master plat for development within the PD District and in accordance with City standards and specifications.

6. *Parks and Open Space.*

a. The Developer or a property owners association shall maintain public parklands and improvements within the development for a period of three (3) months from the completion and acceptance of the improvements. Thereafter, the City shall assume responsibilities for maintenance. All open space and improvements which are not dedicated as parkland to the City shall be maintained as common areas in perpetuity by the property owners association for the PD District. Additionally, the property owners association shall maintain Developer-installed landscaping areas in public rights-of-way and public drainage ways internal to and adjacent to the Property.

III. GENERAL PROVISIONS

1. Notice on Sale. The Developer shall provide the City with notice of the sale of any tract or parcel within the District that has not been platted at the following address:

Rockwall City Manager
Rockwall City Hall
385 S. Goliad Street
Rockwall, TX 75087

2. *Recording.* This Agreement is intended to run with the land, and shall be recorded in the Real Property Records, Rockwall County, Texas.

3. *Term of Agreement.* This Agreement shall terminate two (2) years following the City's acceptance of the dedication and construction of the public improvements described herein serving the last phase of development within the PD District, after which the City agrees, upon the request of the Developer to execute a termination of this Agreement in recordable form. Any reimbursements for payment of impact fees shall not expire.

4. *Effective Date.* This Agreement shall take effect upon the date of its execution by the last of the Parties to the Agreement; provided, however, that Breezy shall execute this Agreement no later than five (5) business days following the

BJS

EXHIBIT 'D': CAPITAL FACILITIES AGREEMENT FOR BREEZY HILL

effective date of the PD zoning ordinance for the Property. If Breezy fails to execute this Agreement within such period, this Agreement shall become null and void, and unless a subsequent agreement, acceptable to the City and the Developer, is agreed to, the City may thereafter deny any PD site plan, master plat or other plat application on grounds that the application is not supported by adequate public facilities and services.

5. *Severability.* Invalidation of any provision of this Agreement by judgment or court order shall not invalidate any of the remaining provisions which shall remain in full force and effect, unless such remaining provisions are an integral part of the invalid provisions or the invalid provision is necessary to give effect to the remaining provisions.

6. *Enforcement.* This Agreement may be enforced by the Parties by any proceeding at law or in equity. Failure to do so shall not be deemed a waiver to enforce the provisions of this Agreement thereafter.

7. *Venue.* Venue for this Agreement shall be in Rockwall County, Texas.

8. *Execution.* This Agreement may be separately executed in individual counterparts, and upon execution, shall constitute one and the same instrument.

9. *Amendment.* This Agreement may only be amended in writing upon mutual consent of the City and the Developer.

10. *Joint preparation.* This Agreement shall be deemed to have been jointly prepared by all Parties hereto, and no ambiguity of this Agreement shall be construed against any party based upon the identity of the author of this Agreement or any portion thereof.

11. *Recitals Incorporated.* Statements and representations contained herein are to be considered contractual in nature and not merely recitations of fact. The Recitals contained in Part I of this Agreement hereby are expressly incorporated into this Agreement by reference.

12. *Construction.* All references herein in the singular shall be construed to include the plural where applicable, the masculine to include the feminine and neuter genders.

13. *Authority.* Each of the signatories to this Agreement represents and warrants that he is authorized to execute this Agreement and bind his principals to the terms and provisions hereof. Each Party warrants that any action required to be taken in order for this Agreement to be binding on it has been duly and properly taken prior to the execution of this Agreement.

14. *Conflicts.* In the event of a conflict between this Agreement and any provision of the Unified Development Code, the City Code, or any City ordinance, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this Agreement, the standards in this Agreement shall control.

BJ

EXHIBIT 'D': CAPITAL FACILITIES AGREEMENT FOR BREEZY HILL

15. *No Waiver*. Developer retains the right to challenge the application of any City impact fee regulations to the Property solely on the basis that such regulations fail to comply with Chapter 395 of the Texas Local Government Code, as amended. If Developer prevails in such a claim, impact fees shall be applied to the development of the Property and paid by the Developer, as applicable, in accordance with the court order.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 04/21/2014

APPLICANT: Mike Peoples

AGENDA ITEM: **Z2014-008**; Rezone (AG to HC)

SUMMARY:

Hold a public hearing to discuss and consider a request by Mike Peoples for the approval of a zoning change from an Agriculture (AG) District to a Heavy Commercial (HC) District for a 7.42-acre tract of land identified as a portion of Tract 4-01 of the M. B. Jones Survey, Abstract No. 122, Rockwall, Rockwall County, Texas, situated within the East SH 66 Corridor Overlay (E-SH 66 OV) District, located east of the intersection of John King Boulevard and SH-66, and take any action necessary.

BACKGROUND INFORMATION:

The subject property is identified as a 7.42-acre portion of an approximately 65-acre tract of land located in the M. B. Jones Survey, Abstract No. 122. The property is currently zoned Agricultural (AG) District and is used for grazing cattle. The City's Comprehensive Plan in association with the Future Land Use Map indicates the property as "low density residential." However, the adjacent property to the east, also owned by the applicant, represents non-conforming commercial businesses that have higher intensity type uses that are subject to larger volumes of traffic, noise, vibration, and odor. Although this particular property is zoned AG, the Future Land Use Map indicates this tract to be HC based on the existing uses.

Also to consider is the 55-acre vacant tract of land [Planned Development No. 71 (PD-71)] south of this location that borders SH 66 and John King Blvd. PD-71 has an underlying zoning of Commercial (C) for future development and coupled with the existing businesses along SH 66, would establish a transitional zone between the residential properties that are west of John King Blvd and the future development along the SH 66 corridor. Furthermore, caddie-corner from the proposed location is the municipal airport which may expand in the future. Based on this, a single family residential development could be viewed as not being suitable for the proposed property.

The purpose of the request is to change the zoning from an Agricultural (AG) District to a Heavy Commercial (HC) District in order to develop the property as a construction machinery & equipment rental and service facility. This particular use is permitted by right within the HC District which also allows for outside storage. Under *Article V – Permissible Uses*, *Sec. 4.7 – Heavy Commercial (HC) District*, *C. Development Standards*, *17. Outside Storage*, the *Unified Development Code (UDC)* reads as follows:

> *a. All outside storage shall be placed behind the front façade of the main structure. This does not apply to uses that allow incidental display, in which case only the amount of goods necessary for display purposes shall be exempt from this requirement.*
> *b. All outside storage shall be screened from streets and public areas.*

If approved, the applicant has stated this site will be home to Sunbelt Rentals, a nationally recognized brand for this industry. The property is located within the E SH 66 OV district and would require the development to meet these standards for construction and design.

In your packet is a request to for the zoning change, the standards for the HC district, a legal description and boundary survey indicating the area to be zoned for your review and consideration.

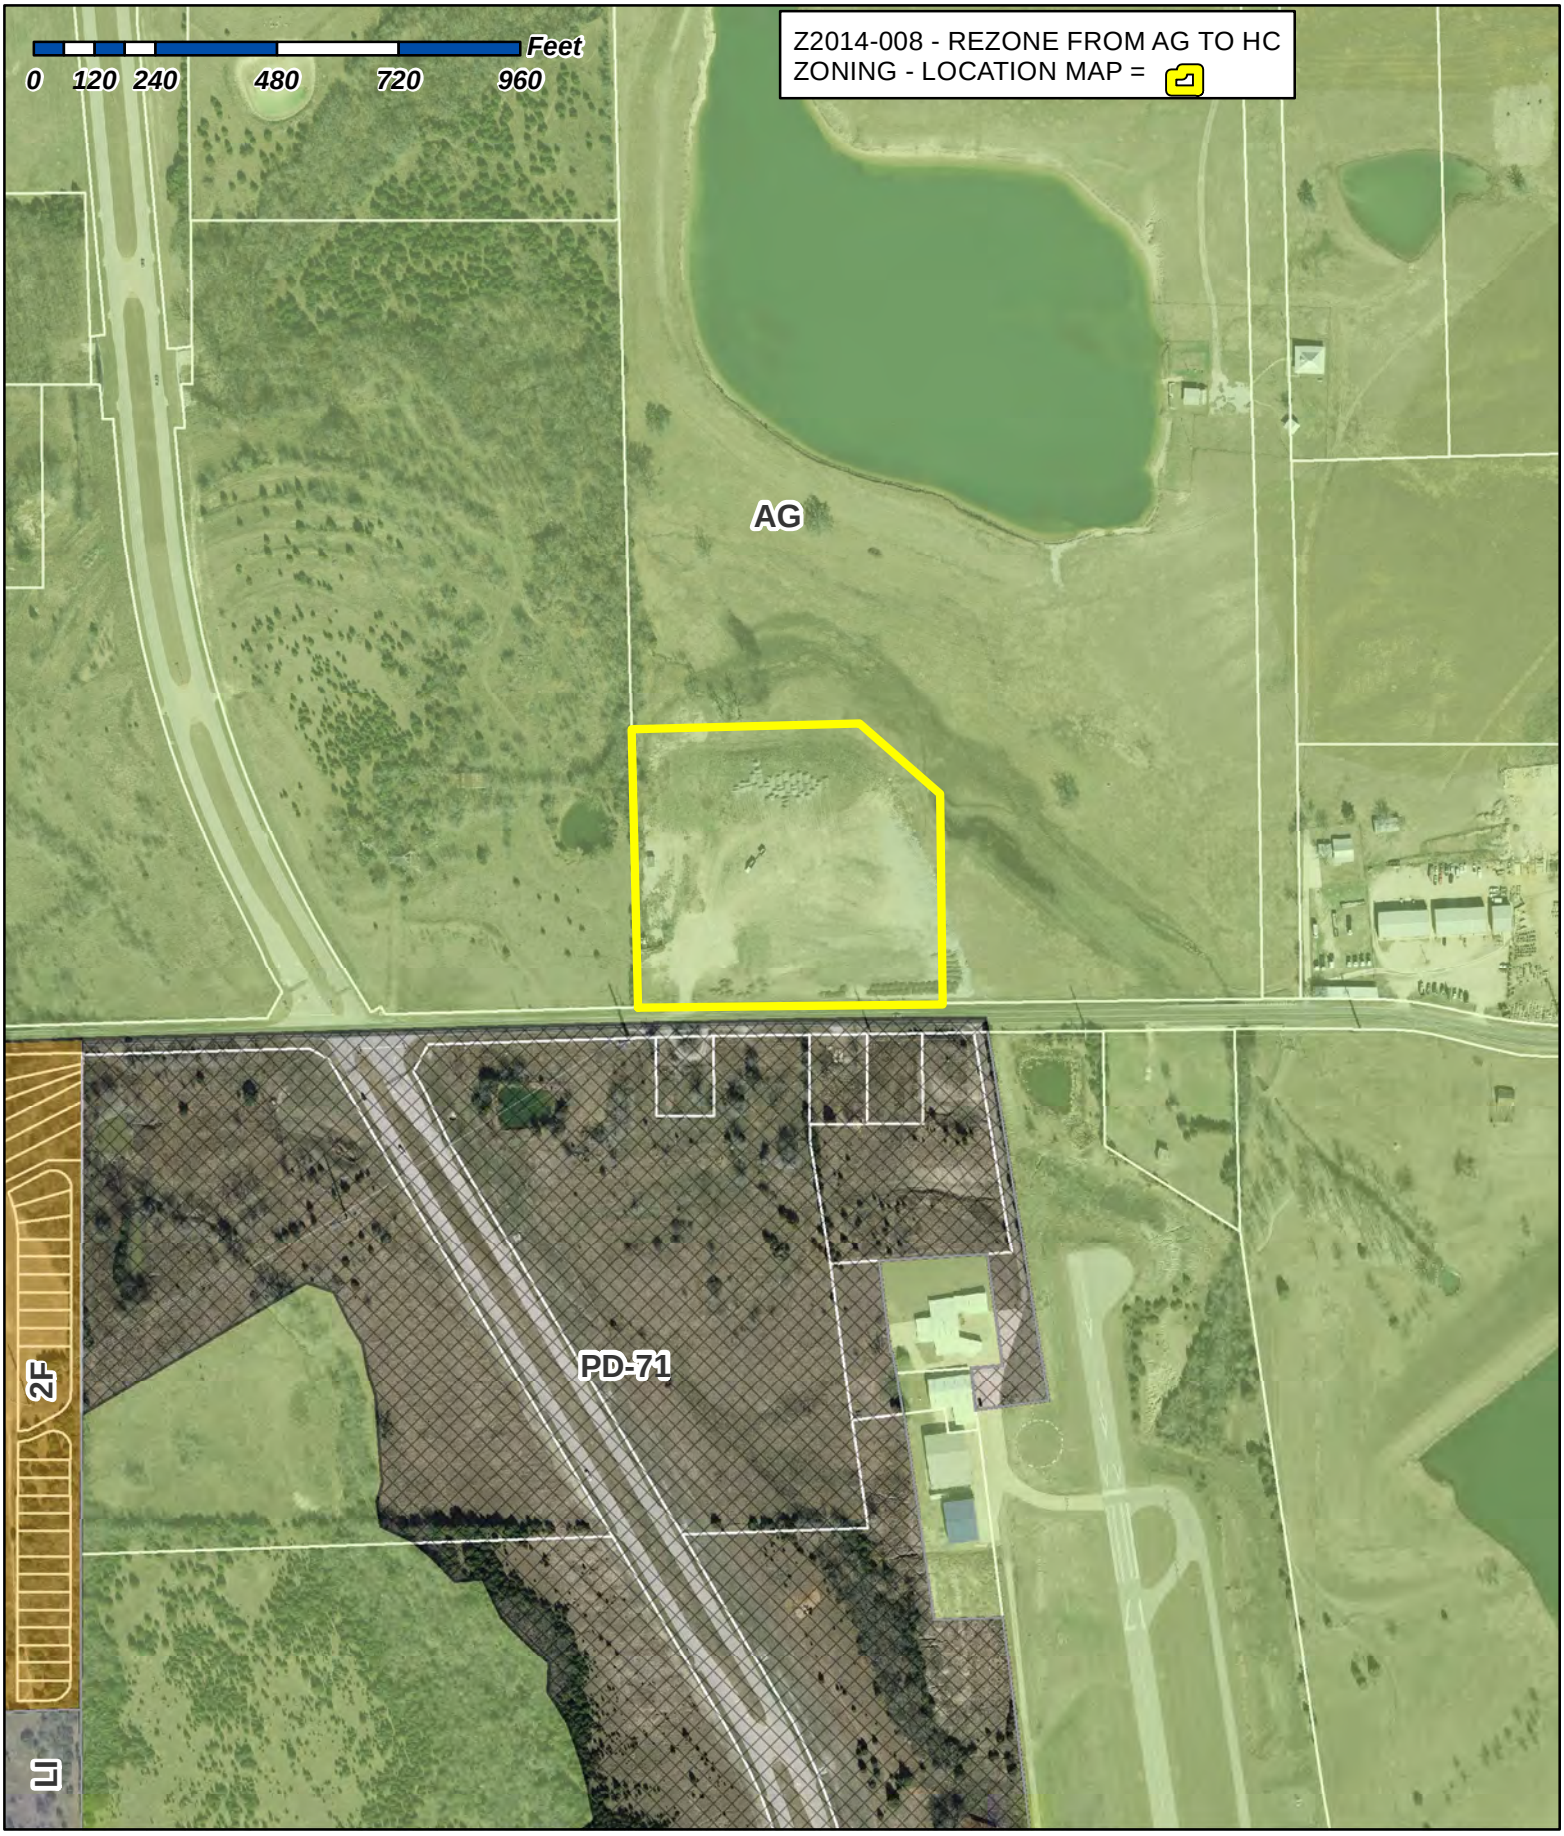
ADJACENT PROPERTIES ZONZING DISTRICTS:

The zoning adjacent to the subject property is as follows:

North: The zoning directly north of the subject property is (AG) Agricultural District.

South: The zoning directly south of the subject property is (PD-71) Planned Development No. 71.

East: The zoning directly east of the subject property is (AG) Agricultural District.



West: The zoning directly west of the subject property is (AG) Agricultural District.

NOTIFICATION:

On March 28, 2014 staff mailed four (4) notices to property owners within 200 feet of the subject property. Additionally, staff posted signage along street frontage adjacent to the subject property, as required by the UDC. At the time this case memo, staff has received one (1) notice "in favor of" and two (2) notices "opposed to" the request. The two notices opposed to the request represents 28.6% of the properties within the 200-ft notice area which constitutes more than 20% of the property owners within this buffer that oppose the request, therefore a vote of three-fourths (3/4) of the City Council will be required for approval of the request.

PLANNING AND ZONING RECOMMENDATION:

On April 08, 2014, the Planning and Zoning Commission recommended to deny the zoning change request by a vote of 6 to 0 (Minth - absent). A recommendation of denial forwarded to the City Council by the Planning and Zoning Commission requires approval of a super majority vote (3/4 majority) of the Council members present in order to approve the zoning change request.

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2014-008: Rezone 7.42 ac tr from AG to HC

Hold a public hearing to discuss and consider a request by Mike Peoples for the approval of a zoning change from an Agriculture (AG) District to a Heavy Commercial (HC) District for a 7.42-acre tract of land identified as a portion of Tract 4-01 of the M. B. Jones Survey, Abstract No. 122, Rockwall, Rockwall County, Texas, situated within the East SH 66 Corridor Overlay (E-SH 66 OV) District, located east of the intersection of John King Boulevard and SH-66, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 4/8/2014 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 4/21/2014 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **4/21/2014** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

The allowed uses under HC zoning could let activities occur that are not conducive to the Commercial/Retail activity on Columbia property on the south of RT 660. We have 55 acres for retail in PD-71 and activity on the proposed HC property could adversely affect our vested interest.

Subject: Re-Zoning Request

I'm writing this regarding the proposed re-zoning request for a parcel of land, part of CAD parcel #11245 adjacent to John King Blvd (Hwy 205 Bypass) near Hwy 66 and 1141 intersection, to Heavy Commercial use. As a homeowner in the nearby Caruth Lakes subdivision, I strongly oppose this request.

Per official definition, "The Heavy Commercial District ... may involve uses that would be objectionable in the other commercial districts or adjacent to residential districts." It would ... "involve large volumes of truck traffic, outside operations and storage of materials and equipment, either for sale or as part of the business, excessive noise from heavy service operations, or any other possibly adverse influences".

Also part of the definition, "The noise, traffic, litter, late night hours, outside storage of materials and equipment, and other influences that could be harmful to residential areas require adequate buffering from residential areas, and the traffic from such uses should not pass through residential areas at all, if possible. These areas should not be located in close proximity to residential areas of any type."

Heavy Commercial districts "should not be zoned to this use unless they are located on or close to arterials capable of carrying commercial and truck traffic. They should be located close to major truck routes."

CAD parcel 11245 is way too close to residential neighborhoods to consider such a re-zoning. Hwy 66 is certainly not constructed in such a manner as to support heavy truck traffic. The impact to John King Blvd would be horrible. Instead of a major road relieving Hwy 205 of heavy traffic through town, it would itself become clogged with large, slow, heavy truck traffic, which would discourage people from taking that alternate route!

Please consider my request that you oppose this re-zoning. Thank you for your time.

--- Randy Howard

Subject: Ag Re-zoning request - Peoples

Hello Mr. Gonzales,

I am requesting through Planning and Zoning of the City of Rockwall, as well as Rockwall City Council, the re-zoning of 7.44 acres along State Highway 66 from agricultural to heavy commercial. This will allow for the planning and development of the Sunbelt Rentals site.

Sincerely,

Mike Peoples
(214) 957-0807

Sec. 4.7. - Heavy Commercial (HC) District.

A. *Purpose.*

1. The Heavy Commercial District is established to provide adequate space and site diversification for commercial establishments may involve uses that would be objectionable in the other commercial districts or adjacent to residential districts. Included in this district are commercial uses that involve large volumes of truck traffic, outside operations and storage of materials and equipment, either for sale or as part of the business, excessive noise from heavy service operations, or any other possibly adverse influences.
2. This district is commercial in nature, but has some aspects that are similar to industrial uses. The noise, traffic, litter, late night hours, outside storage of materials and equipment, and other influences that could be harmful to residential areas require adequate buffering from residential areas, and the traffic from such uses should not pass through residential areas at all, if possible. These areas should not be located in close proximity to residential areas of any type.
3. Areas should not be zoned to this use unless they are located on or close to arterials capable of carrying commercial and truck traffic. They should be located close to major truck routes. Internal streets in such developments should be sized and strengthened to accommodate truck traffic. Fire protection should be adequate for large warehouse type operations, and the water, wastewater, and drainage systems should have enough existing capacity to support such development.

B. *Permitted uses.* In general, commercial uses that may involve large volumes of truck traffic, outside operations and storage of materials and equipment may be allowed. However, no building or land may be used, unless in accordance with the use tables and requirements in article IV, Permissible Uses.

C. *Development standards.*

1. Minimum site size: 12,500 square feet; one-acre when adjacent to Interstate 30.
2. Minimum site frontage on a public street: 100 feet; 200 feet when adjacent to Interstate 30.
3. Minimum site depth: 125 feet; 200 feet when adjacent to Interstate 30.
4. Minimum depth of front yard setback: 25 feet from the future rights-of-way as shown on the adopted thoroughfare plan or as actually exists, whichever is greater.
5. Minimum width of side yard setback:

(Ord. No. 06-14, 4-17-2006)

   a. Without fire retardant wall: 15 feet plus one-half of the building height over 36 feet.
   b. With fire retardant wall: zero feet plus one-half of the building height over 36 feet.
   c. Abutting residentially zoned property: 20 feet plus one-half the building height over 36 feet.
   d. In no case shall more than a 50 foot setback be required.

6. Minimum depth of rear yard setback:
   a. Abutting nonresidentially zoned property, with fire retardant wall and alley separating: zero feet plus one-half the building height over 36 feet.

b. Without fire retardant wall, or alley: 20 feet.
c. Abutting residentially zoned property: 20 feet plus one-half the building height over 36 feet.
d. In no case shall more than a 50 foot setback be required.

7. Minimum distance between detached buildings on the same lot or parcel of land:
   a. Without fire retardant wall: 15 feet plus one-half the building height over 36 feet.
   b. With fire retardant wall: zero feet plus one-half the building height over 36 feet.
   c. In no case shall more than a 50 foot setback be required.
8. Maximum building coverage as a percentage of lot area: 60 percent.
9. Maximum amount of impervious coverage as a percentage of lot area: 90 to 95 percent. See article VIII.5.12, Required Landscaping.
10. Minimum amount of landscaped area: all development shall comply with article VIII, Landscape Standards.
11. Maximum floor area ratio (FAR): 4:1 (FAR).
12. Maximum building height: 240 feet. Any structure over 60 feet shall require a specific use permit.
13. Minimum number of paved off-street parking spaces required: see article VI, Parking and Loading.
14. Maximum number of entrances and/or exits:
   a. Arterial streets: one per each 200 feet of street frontage per site, or as approved by the city council.
   b. Collector streets: one per each 100 feet of street frontage per site, or as approved by the city council.
   c. Local streets: one per each 50 feet of street frontage per site, or as approved by the city council.
15. Residential adjacency. Lots with nonresidential uses that have a side or rear contiguous or separated only by an alley, or easement or street, from any residential district must be separated from such residential district by a buffer as defined in article VIII, Landscape Standards, or as approved by the city council.
16. Building code. The building code may impose more restrictive development standards depending on the size, use and construction of the structures.
17. Outside storage.
   a. All outside storage shall be placed behind the front facade of the main structure. This does not apply to uses that allow incidental display, in which case only the amount of goods necessary for display purposes shall be exempt from this requirement.
   b. All outside storage shall be screened from streets and public areas.

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A HEAVY COMMERCIAL (HC) DISTRICT FOR A 7.42-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF TRACT 4-01 OF THE M. B. JONES SURVEY, ABSTRACT NO. 122, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE AND AS DEPICTED IN EXHIBIT 'B'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Mike Peoples (property owner), for an amendment to the Unified Development Code [Ordinance No. 04-38] of the City of Rockwall to adopt a change in zoning from an Agricultural (Ag) District to a Heavy Commercial (HC) District for a 7.42-acre tract of land identified as a portion of Tract 4-01 of the M. B. Jones Survey, Abstract No. 122, City of Rockwall, Rockwall County, Texas, and more specifically described in Exhibit 'A' of this ordinance and as depicted in Exhibit 'B', which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the Unified Development Code [Ordinance No. 04-38] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning from an Agricultural (Ag) District to a Heavy Commercial (HC) District for the *Subject Property*; and

Section 2. That the *Subject Property* shall be used only in the manner and for the purposes provided for in *Section 4.7, "Heavy Commercial (HC) District", Article V, "District Development Standards", of the Unified Development Code* of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future.

Section 3. That the official zoning map of the City of Rockwall be corrected to reflect the changes in the zoning described herein.

Section 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of two thousand dollars ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 5. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 6. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ON THIS THE ____ DAY OF _____, 2014.

_____
David Sweet, *Mayor*

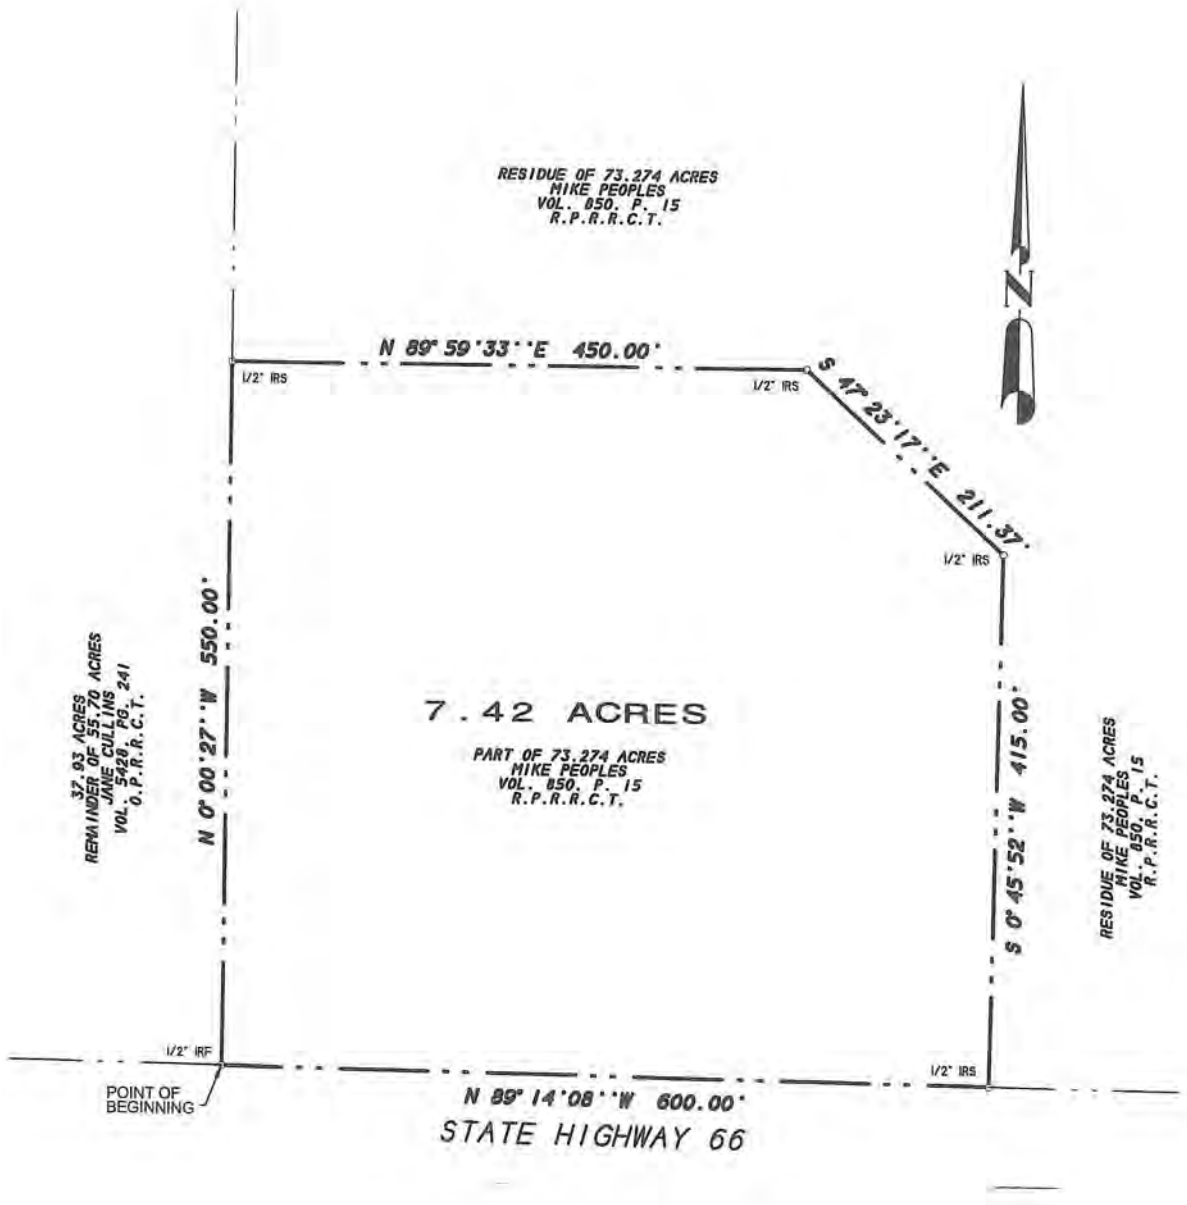
Exhibit 'A'

BEING all that certain lot, tract or parcel of land situated in the M.B. JONES SURVEY, ABSTRACT NO. 122, City of Rockwall, Rockwall County, Texas, and being a part of a 73.274 acres tract of land as described in a Warranty deed from Frank Greene, et al to Mike L. Peoples, dated November 24, 1993 and being recorded in Volume 850, Page 15 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a ½" iron rod found for corner in the north right-of-way line of State Highway 66, at the southwest corner of said 73.274 acres tract of land and being the southeast corner of a 55.704 acres tract of land as described in a Deed recorded in Volume 5428, Page 241 of the Official Public Records of Rockwall County, Texas;

THENCE N. 00 deg. 00 min. 27 sec. W. along the west line of said 73.274 acres tract, a distance of 550.00 feet to a ½" iron rod with yellow plastic cap stamped "RPLS 5034" set for corner;



THENCE N. 89 deg. 59 min. 33 sec. E. a distance of 450.00 feet to a ½" iron rod with yellow plastic cap stamped "RPLS 5034" set for corner;

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and City Council**

FROM: **Jeffrey Widmer, Building Official**

DATE: **04/21/2014**

SUBJECT: **Show Cause Hearing – 410 Yvonne**

We have ordered the property owners of the structure located at 410 Yvonne to appear before the City Council to show cause, if any there is, why the structure should not be demolished. It is the City's opinion that the mobile home is a dilapidated and dangerous structure that needs to be demolished, removed or repaired.

This mobile home is currently vacant and unsecured. Neighbors have complained to us that they have seen vagrants in and out of the structure and they also suspect that drug use is taking place in the vacant structure. Our department obtained an administrative warrant on January 23, 2014 to inspect the interior of the structure. We found it to be in dilapidated condition. We have attached pictures taken during the inspection.

The registered property owners are Jose Cruz and Adrianna Guerrero, with a last known address in Balch Springs, TX. The title search showed that Mr. Cruz and Ms. Guerrero own the property outright and there are no outstanding liens or mortgages on the property. On March 26, 2014 we posted a notice of the Show Cause Hearing on the mobile home. On March 27, 2014 we mailed a notice of Show Cause Hearing via certified mail. A notice of show cause hearing was also published in the Rockwall County News. We are content that we have satisfied all state requirements in the notification processes.

On March 28, 2014 Ms. Guerrero met with us at City Hall to discuss the Show Cause Hearing. During our meeting, Ms. Guerrero gave us a letter indicating that she is in favor of demolishing the mobile home and understands that the City will move forward with the demolition approximately 30 days after the Show Cause Hearing and would follow up by filing a lien on the property for the cost of the demolition.

Ms. Guerrero would be willing to sign a demo contract to allow us to demolish the structure without having to go through the Show Cause Hearing process, but her husband's name is also on the deed. He is currently in Mexico and is unable to provide us with a notarized and signed demolition contract. Due to the fact that we are unable to obtain his signature, we had to move forward with a Show Cause Hearing. If the Council votes to condemn the property, we will demolish the structure on or after May 21, 2014.

Staff requests that the Council order the mobile home to be removed or demolished. The winning demo bid was $4500.00 to remove the structure, dead tree and existing concrete. We have funds in the budget to cover this expense.

NOTICE OF SHOW CAUSE HEARING

3/26/2014

JOSE CRUZ AND ADRIANA GUERRERO
12223 QUAIL DRIVE NO 325
BALCH SPRINGS TX 75180

Re: Notice to owner to repair, demolish or remove the structure located at 410 Yvonne.

Reference City Ordinance: Chapter 10 - BUILDINGS AND BUILDING REGULATIONS ARTICLE XIII. - DANGEROUS BUILDINGS SECTION 10-537

According to the Rockwall County Appraisal District, you are the registered owner of the property known as ROCKWALL LAKE EST #2 LOT 1088 MH SERIAL # 12011978 LABEL # TEX0251898 REDMAN, located at 410 YVONNE, in Rockwall, Texas 75087. This lot contains a vacated structure and has been declared dangerous by the Building Official of the City of Rockwall.

You are hereby ordered to appear before the City Council on **April 21, 2014** at 6:00 P.M., to show cause, if any you have, why the building or structure, or any part thereof, should not be repaired, demolished or removed. At the conclusion of the hearing, the City Council may order the structures repaired, demolished, or removed as the Council deems necessary.

Tony Scorcio
Code Enforcement Officer
EMAIL: tscorcio@rockwall.com

03/28/2014

To Whom It May Concern:

My name is Adriana Guerrero and I am a co-owner the property located at 410 & 416 Yvonne, otherwise known as ROCKWALL LAKE EST #2 LOT 1088 MH SERIAL # 12011978 LABEL # TEX0251898 REDMAN, in Rockwall, TX 75032.

I am in agreement that the mobile home at 410 Yvonne needs to be demolished. My husband is out of the country and cannot sign a demolition contract, so I understand that the City has to hold a show cause hearing to have the mobile home condemned and demolished. I also understand that the City will file a lien in the amount of $4,650.00 for the demolition of the mobile home.

I plan to repair and live in the mobile home located at 416 Yvonne.

Signature: Elsa A. Guerrero

{THE STATE OF TEXAS} {COUNTY OF ROCKWALL} Before me, the undersigned authority, a Notary Public in and for the State and County aforesaid, on this day personally appeared Adriana Guerrero, Property Owner of 410 & 416 Yvonne, Rockwall, TX 75032, known to me to be the person whose name is subscribed to the foregoing instrument, and acknowledged to me that she executed the same for the purposes and consideration therein expressed.

Given under my hand and seal of this office this, the 28th day of March, 2014.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: City Council

FROM: Ryan Miller, *Planning Manager*

CC: Robert LaCroix, *Director of Planning*
Rick Crowley, *City Manager*

DATE: April 21, 2014

SUBJECT: Z2014-004: Public Hearing Notice Amendment

At the April 7, 2014 City Council meeting a motion was made and approved to direct staff to prepare an ordinance amending Section 6.1, *Notice of Public Hearings*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code (UDC) to include the following procedural changes to the public hearing notification requirements:

1) The property owner notification buffer area should be increased from 200 feet to 500 feet,
2) All notices of public hearing should be sent via first class mail with the outside of the envelope being stamped in red with the wording “Zoning Change Requested,”
3) Staff should mail a notification to all known HOA representatives within 1,500’ of the zoning change request,
4) Staff should mail notifications to all property owners listed on the most current and approved city tax rolls and to the actual notification property address if the property owner does not reside at the physical address
5) For Multi-Family properties, staff should mail notifications to the property owner and the leasing office of the apartment or housing complex.
6) A four (4) foot by four (4) foot, doubled sided sign with a distinctive color indicating what type of zoning change is being requested, should be posted on the subject property.

Attached to this memorandum is the updated ordinance. It is important for staff to note that the Texas Local Government Code requires a two-thirds (2/3) majority vote by the approving body to pass any action that prescribes or changes the notification requirements [*TLGC §211.006(c)*].

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTION 6.1, *NOTICE OF PUBLIC HEARINGS*, OF ARTICLE II, *AUTHORITY AND ADMINISTRATIVE PROCEDURES*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, an amendment to the City of Rockwall Unified Development Code [*Ordinance No. 04-38*] has been initiated by the City Council of the City of Rockwall to amend Section 6.1, *Notice of Public Hearings*, of Article II, *Authority and Administrative Procedures*; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the city's corporate boundaries, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That Section 6.1, *Notice of Public Hearings*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'A' & 'B'*.

Section 2. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 3. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 4. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 5. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 5TH DAY OF MAY, 2014.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley – City Manager**

FROM: **Brad Griggs – Assistant City Manager**

DATE: **April 16, 2014**

SUBJECT: **2014 Founders Day Festival Update and Ordinance Amendment**

The 2014 Founders Day Festival will be held at Harry Myers Park on Saturday, May 17. This will be the first time the festival has been held at the park since the inaugural event in 2004. Since 2005, the event has been held on the Square but with the downtown project underway, the festival will return to the park while construction is in progress. The 2014 event will be a celebration of the City of Rockwall's 160th birthday.

The event will be similar to past events with minor adjustments based on visitor and vendor feedback. The festival is scheduled to open to the public at 10:00am. Vendor move-in will begin Friday evening and continue on Saturday morning up until 9:00am. As of right now, there are 60 vendors registered and that number is expected to increase to around 100. Food service will be provided by a selection of gourmet food trucks and typical fair type food vendors.

Entertainment during the day will take place on a smaller stage on the south side of Pickens Lake. The day lineup includes regional bands that will perform a variety of music including Texas Country, Adult Alternative, Classic Rock and Jazz/Dance Music. The Dave Whiteman Band will perform prior to the headline act.

The headline act will be the Charlie Daniels Band. They will play a 75 minute set beginning at 7:00pm on the Myers Park Amphitheater. The Charlie Daniels Band was formed in 1970 and continues to produce new music today. Their most recent release is a tribute album to Bob Dylan and was released within the last three weeks.

Our current ordinance does not permit the possession or consumption of any type of alcoholic beverage in any City park. In 2006, the City Council amended our "Open Container" ordinance to permit the possession and consumption of alcoholic beverages at the public side of the Harbor, the Town Square and the city building complex south of the Square consisting of the Center and City Hall. These changes were made in part to facilitate events such as the Founders Day Festival, the Concert at the Lake Series, the Rib Rub, rentals at the Center, etc.

With the Founders Day Festival being relocated back to Harry Myers Park and the event being labeled as “cooler friendly” for the past eight years, the staff has prepared an amendment to the Code of Ordinances, Section 30-2 titled “Regulated Activities in Parks” for City Council consideration. Contingent on Council approval, the amendment would permit the possession and consumption of alcoholic beverages in Harry Myers Park during designated City sponsored events. The “designation” of these events would be left to the City Council and may be considered when funding is requested. City Attorney Frank Garza has prepared a draft amendment for consideration. The proposed change, if adopted, would only allow alcohol at Harry Myers Park during designated, City sponsored events. Contingent on the construction schedule of the Downtown Project, we expect the 2015 Founders Day Festival being moved back to the Town Square.

217

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 30 PARKS AND RECREATION, ARTICLE I IN GENERAL, SECTION 30-2. REGULATED ACTIVITIES IN PARKS TO AMEND THE POSSESSION AND CONSUMPTION OF ALCOHOL AT HARRY MYERS PARK; PROVIDING FOR A PENALTY CLAUSE; PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; PROVIDING FOR PUBLICATION; AND PROVIDING FOR AN EFFECTIVE DATE OF THIS ORDINANCE.

WHEREAS, the Rockwall City Council deems the public interest to be best served by the adoption of certain rules and regulations regarding Regulated activities in parks as set forth herein;

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That the Code of Ordinances in Chapter 30. Parks and Recreation, Article I. In General, Section 30-2 Regulated activities in parks is hereby repealed in its entirety and is replaced with a new Sec. 30-2 which shall hereby read in its entirety as follows:

Sec. 30-2. Regulated activities in parks.

(a) *Camping.* It shall be unlawful for any person to camp in any public park in the city, except in designated authorized areas.

(b) *Littering.* It shall be unlawful for any person to throw, dump or deposit any litter, garbage, refuse or rubbish upon property in any public park in the city except in receptacles providing therefor.

(c) *Fires.* It shall be unlawful for any person to start, maintain or permit an open fire upon property in any park in the city except in designated authorized areas.

(d) *Parking, driving motor vehicles.* It shall be unlawful for any person to park or drive a motor vehicle upon any property other than a public street in any public park in the city except in designated authorized areas.

(e) *Hours of operation.* Neighborhood parks shall be open to the public from 5:00 a.m. until 10:00 p.m. Myers Park and Tuttle Park shall be open to the public from 5:00 a.m. until 11:00 p.m. All parks other than Myers Park and Tuttle Park are deemed neighborhood parks for purposes of this provision. Each city park shall have the hours in which it is open and closed to the public posted at the entrance to the park. It shall be unlawful for any person to be in a city park at any time except during the hours designated in this provision except by special permission of the city manager.

(f) *Possession and consumption of alcohol is prohibited at any city park except for Harry Myers Park as designated by the City Council for city-sponsored events in designated areas.*

(Code 1982, § 19-3; Ord. No. 81-12, §§ 1—4, 5-4-1981; Ord. No. 85-10, §§ 1, 2, 3-4-1985; Ord. No. 00-11, § 1, 5-1-2000)

SECTION 2. That all ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed to the extent of such conflict.

SECTION 3. That the Code of the City of Rockwall, Texas, as amended, shall remain in full force and effect, save and except as amended by this ordinance.

SECTION 4. That should any section, paragraph, sentence, clause, phrase or word of this ordinance be declared unconstitutional or invalid for any purpose by a court of competent jurisdiction, the remainder of this ordinance shall not be affected thereby, and to this end the provisions of this ordinance are declared to be severable.

SECTION 5. That it is hereby found and determined that the meeting at which this ordinance was passes was open to the public as required by Section 551.001 et seq., Texas Government Code, and that advance public notice of the time, place and purpose of said meeting was given.

SECTION 6. That this Ordinance shall take effect immediately upon its second reading and newspaper publication as required by the City Charter, Section 3.11.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 5th day of May, 2014.

III. EXECUTIVE SESSION (4:15 p.m.)

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).

2. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

IV. ADJOURN EXECUTIVE SESSION

AGENDA
ROCKWALL CITY COUNCIL
Monday, May 05, 2014
6:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

V. RECONVENE PUBLIC MEETING

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – MAYOR PRO TEM WHITE

VIII. PROCLAMATIONS / AWARDS

pg.10 **1.** Rockwall-Heath Highsteppers Day

pg. 12 **2.** Recognition of graduating Rockwall Youth Advisory Council (YAC) seniors

IX. OPEN FORUM

X. CONSENT AGENDA

pg.14 **1.** Consider approval of the minutes from the April 21, 2014 regular city council meeting, and take any action necessary.

pg.25 **2.** Consider approval of an **ordinance** amendment related to "Regulated Activities in City Parks," and take any action necessary. **(2nd reading)**

pg.28 **3.** Z2014-004 – Consider approval of an **ordinance** for a city-initiated request to amend the Unified Development Code (Ordinance No. 04-38), specifically Article II, Authority and Administrative Procedures, Section 6.1, Notice of Public Hearing, and take any action necessary **(2nd Reading).**

XI. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

pg.33 **2.** Appointment with Russell Phillips to discuss and consider a variance to the requirements for signage in conjunction with PD 32, and specifically wall signage for the Trend Tower/parking garage and take any action necessary.

pg.37 **3.** Appointment with representative(s) of the Rockwall Youth Advisory Council (YAC) to hear year-end report and to discuss and consider approval of a resolution amending the YAC bylaws, and take any action necessary.

XII. PUBLIC HEARING ITEMS

pg. 43 **1.** **Z2014-009** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Gregory D. Ollom for the approval of a change in zoning from an Agricultural (AG) District to a Single-Family Estate 4.0 (SFE-4.0) District on a 7.969-acre tract of land situated in the William Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, being located at 941 Cornelius Road and take any action necessary. **(1st Reading)**

XIII. ACTION ITEMS

pg.61 **1.** Discuss and consider approval of an **ordinance** amending Chapter 12, Article III, Section 12-51 through 12-66, of the Code of Ordinances, regulating peddler activities in the city, and take any action necessary. **(1st reading)**

pg.71 **2.** Discuss and consider action as a member of the Atmos Cities Steering Committee on a resolution denying a rate increase request by Atmos Energy Corporation, Mid-Tex Division under the second annual Rate Review Mechanism, and take any action necessary.

pg.80 **3.** Discuss and consider approval of a letter of intent related to radio systems and joint dispatch center, and take any action necessary.

4. Discuss and consider a request by Councilmember Pruitt regarding the naming of a city facility, and take any action necessary.

pg.87 **5.** Discuss and consider an **ordinance** authorizing the issuance of City of Rockwall, Texas, General Obligation Refunding Bond, Series 2014; levying an annual ad valorem tax and providing for the security for and payment of said bond; providing an effective date; enacting other provisions relating to the subject. **(1st reading)** No action will be taken

pg.111 **6.** Discuss and consider a proposed franchise agreement between the City of Rockwall and Leo Rodriguez for the purposes of installing and operating batting cages at Leon Tuttle Athletic Complex, and take any action necessary.

pg.119 **7.** Discuss and consider authorizing the city manager to execute an Automatic Aid Assistance Agreement between City of Rockwall and City of Dallas, and take any action necessary.

XIV. CITY MANAGER'S REPORT TO DISCUSS CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports

p.125 Rockwall Animal Adoption Center - March 2014

Building Inspections Monthly Report - March 2014 p.127

p.139 Fire Dept. Monthly Reports - March 2014

p.171 Internal Operations Department Monthly Report - March 2014

Recreation Monthly Report - March 2014 p.174

p.176 Police Department Monthly Report - March 2014

2. City Manager's Report

XV. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).

2. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

XVI. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

XVII. ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 771-7700 or FAX (972) 771-7727 for further information.

The City of Rockwall City Council reserves the right to adjourn into executive session at any time to discuss any of the matters listed on the agenda above, as authorized by Texas Government Code § 551.071 (Consultation with Attorney) § 551.072 (Deliberations about Real Property) § 551.074 (Personnel Matters) and § 551.086 (Economic Development)

I, Kristy Ashberry, City Secretary for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 2nd day of May, 2014 at 4:00 p.m. and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Timothy M. Tumulty, Director of Public Works/City Engineer

DATE: April 28, 2014

SUBJECT: SH 276 from SH 205 to FM 549

Rockwall County and the Texas Department of Transportation (TxDOT) are partnering to design and re-construct SH 276 from SH 205 to FM 549. The roadway is currently a two lane asphaltic roadway with bar ditches and maintained by TxDOT forces. The proposed section is a six lane divided reinforced concrete roadway. The first phase will probably construct four of the six lanes and construct the remaining lanes when future traffic volumes require expansion.

TxDOT's design engineer is preparing the roadway schematic for comments at an upcoming public hearing. The target bid date is late Summer of 2015 if TxDOT funding is available.

Staff will present the proposed schematic layout to City Council at the May 5, 2014 Council meeting for their input and comment.

Proclamation

Rockwall, Texas

Whereas, on March 1, 2014, the Rockwall-Heath High School Highsteppers won the Grand Champion Title at the HTE Texas State Dance Team Championships; and

Whereas, on March 28, 2014, the Rockwall-Heath High School Highsteppers team then went on to win the National Championship and the Highstepper Officers won the National Champion Title at the American Dance and Drill Team National/International Contest; and

Whereas, the Highsteppers continue to proudly represent Rockwall-Heath High School and their entire community favorably through award-winning performances, personal development, and philanthropic endeavors; and

Whereas, the City of Rockwall is extremely proud of the Rockwall-Heath High School Highsteppers and of their rich tradition of excellence on the football field, on the dance floor, and in the classroom;

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim May 5, 2014 as

ROCKWALL-HEATH HIGHSTEPPERS DAY

in the City of Rockwall in honor and appreciation of the hard work and effort of all the Heath Highstepper students, faculty, support staff and parents.

In Witness Whereof, I hereunto set my hand and official seal this 5th day of May, 2014.

_____

David Sweet, Mayor

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Ashberry, City Secretary / Assistant to the City Manager**

DATE: **May 5, 2014**

SUBJECT: **Youth Advisory Council (YAC) student recognitions**

Members of the Rockwall YAC will be present at Monday's city council meeting, which will mark the last official YAC event of this school year. Mayor Sweet and Mayor Pro Tem White will be presenting recognition certificates to each graduating senior, which includes the following students:

- Eric Jones (Chair, 2013-2014)
- Doug Yancy
- Michael Dawe
- Sharon Maguire
- Aylana Alvarez
- Kennedy Burge
- Samantha Lopez
- Ali Stricklin
- CJ Chidozie

A total of about nine local students typically serve on YAC annually. However, as the council may recall, YAC was 'heavy stacked' with seniors this school year in order to have additional help planning and executing the YAC Summit which was hosted in Rockwall this past February.

Those who are not graduating and, therefore, may be considered by the city council for possible reappointment to the YAC next school year include:

- Heath Terry
- Aaron Stubbs
- Sam Strahan
- Beth Naylor
- Isabella Burzair
- Baldwin Bakkal
- Derek Avenetti

This means at least 2 vacancies will need to be filled by the Council at the start of the school year in fall.

13

MINUTES
ROCKWALL CITY COUNCIL
Monday, April 21, 2014
4:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 4:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem David White and Council Members Jim Pruitt, Mike Townsend, Scott Milder, Dennis Lewis and Bennie Daniels. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs, and City Attorney Frank Garza.

II. WORK SESSION

1. HOLD WORK SESSION TO DISCUSS AND CONSIDER PROPOSAL RELATED TO A COUNTYWIDE INTEROPERABILITY RADIO SYSTEM AND JOINT DISPATCH FACILITY, INCLUDING PROPOSED LETTER OF INTENT, AND TAKE ANY ACTION NECESSARY.

Assistant City Manager Brad Griggs provided a brief summary of the status of this discussion.

Councilmember Daniels indicated that he has concerns about "control" and oversight of the proposed, joint dispatch center. Councilmember Pruitt indicated he spoke with Judge Hogan and expressed that all Rockwall council members have concern about 'control' with regards to the idea of a joint dispatch center. He stated that Judge Hogan explained that a board would be appointed by the various city councils and would be made up of the sheriff and police chiefs. The board would oversee the dispatch center and would be a voting, authoritative board rather than only advisory in nature. Mayor Sweet indicated he spoke at the commissioner's court meeting last week and generalized that he has and expressed the most concerns about cost and control. In addition to these concerns, he also indicated he did mention to the county commissioner's court Chief Poindexter's concerns related to a continued ability to communicate with Hunt County and Dallas under any new radio system. He is also concerned that service will need to be greater than or at least equal to the level of dispatch service that the City of Rockwall is already providing to the public.

Councilmember Lewis asked if there have been any conversations related to the countywide Emergency Services Corporation Board taking over any future, joint dispatch center. Mayor Sweet indicated that he has heard no talk about this possibility.

Councilmember Townsend agreed that a letter of intent should be sent, but he wants to include the caveat that the board should be a governing board, not just advisory. He also thinks it is prudent to split out the two projects (dispatch center separate from radio system).

Mayor Pro Tem White asked Mr. Crowley what the disadvantages are if the City of Rockwall does not pursue these joint, collaborative projects being proposed. Mr. Crowley indicated that the city's radio system that was installed about ten years ago and was new at that time did not come about at a time when other entities within the county were in a position to buy into that new radio system. So, an opportunity for interoperability did not come to fruition at that time with the new radio system, and that same kind of opportunity would potentially

be lost for a number of years with this proposed, new system if all entities do not agree to join in and participate in it. Mayor Pro Tem White asked what the citizens of the City of Rockwall gain or lose with regards to being a part of this new, proposed system or not. Mr. Crowley indicated that if the city does not partner on this proposed, new system, city residents would pay one hundred percent of the cost of a new radio system when the time comes to replace our existing system. Regarding an advantage, Mr. Crowley explained that if the city does choose to partner with other entities on something like what is being proposed, the ability for emergency responders to effectively communicate with one another will be enhanced.

Mayor Sweet asked where the funding for these projects would be coming from within the county's budget. Mr. Crowley indicated he does not know the answer to this question. Mayor Pro Tem White pointed out that, regardless, Rockwall citizens still pay taxes to both the city and the county.

Mr. Crowley expressed a need to evaluate what the cost would be to the city if it partnered on the new radio system but continued to maintain separate dispatch facilities. The cost of upgrades to equipment in the city's dispatch center, for example, is not known at this time and may not be known until further along in the planning process.

After additional discussion, Mayor Sweet made a motion to direct staff to prepare a modified letter of intent to be brought back to the council for consideration and that addresses the Rockwall City Council's concerns, including:

- **More accurate costs**
- **Long term impact of costs associated with the City of Rockwall on both aspects of the proposal**
- **Coverage aspects**
- **Command**

Mayor Pro Tem White seconded the motion, which passed by a vote of 7 ayes to 0 nays.

Mayor Sweet then read the below listed discussion items into the record before recessing the public meeting into Executive Session.

III. EXECUTIVE SESSION. (4:15 P.M.)

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding board composition and duties of Airport Zoning Board pursuant to Section 551.071 (Consultation with Attorney) and 551.074 (Personnel).
2. Discussion regarding potential city-initiated zoning for property currently used for commercial purposes pursuant to Section 551.071 (Consultation with Attorney)
3. Discussion regarding land acquisition in the vicinity of FM-740 and IH-30 for municipal purposes pursuant to Section 551.072 (Real Property).
4. Discussion regarding possible claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)

5. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

6. **From Public Mtg. agenda (Public Hearing item #2 below) - Z2014-008** - Hold a public hearing to discuss and consider approval of an ordinance for a request by Mike Peoples for the approval of a zoning change from an Agriculture (AG) District to a Heavy Commercial (HC) District for a 7.42-acre tract of land identified as a portion of Tract 4-01 of the M. B. Jones Survey, Abstract No. 122, Rockwall, Rockwall County, Texas, situated within the East SH 66 Corridor Overlay (E-SH 66 OV) District, located east of the intersection of John King Boulevard and SH-66, and take any action necessary. (1st reading) (3/4 majority vote required)

IV. ADJOURN EXECUTIVE SESSION

Executive Session adjourned at 5:12 p.m.

MINUTES
ROCKWALL CITY COUNCIL
Monday, April 21, 2014
6:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

V. RECONVENE PUBLIC MEETING

Mayor Sweet reconvened the public meeting. All seven council members and members of city management were present.

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

Mayor Pro Tem White made a motion to direct staff to draft a resolution appointing the Planning and Zoning Commission as the Airport Zoning Board. Councilmember Lewis seconded the motion, which passed unanimously of council (7 ayes to 0 nays).

Mayor Pro Tem White made a motion to not pursue purchase of land or object to adjacent land owner purchasing said land located in the vicinity of FM-740 and IH-30 as discussed in Executive Session. Councilmember Milder seconded the motion, which passed unanimously (7 ayes to 0 nays).

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – COUNCILMEMBER TOWNSEND

Councilmember Townsend delivered the invocation and led the Pledge of Allegiance.

VIII. CONSENT AGENDA

1. Consider approval of the minutes from the April 7, 2014 regular city council meeting, and take any action necessary.

2. Consider approval of the minutes from the April 14, 2014 city council work session, and take any action necessary.

3. Consider approval of an **ordinance** amending the Code of Ordinances in Chapter 44. Utilities, Article V. Water, Division 7. Drought Contingency and Water Emergency Response Plan to keep the city in compliance with Texas Commission on Environmental Quality requirements, and take any action necessary. **(2nd reading)**

4. Consider approval of an **ordinance** amending the city's Water Conservation Plan to keep the city in compliance with Texas Commission on Environmental Quality (TCEQ) requirements, and take any action necessary. **(2nd reading)**

Councilmember Pruitt pulled item #3 for further discussion. Mayor Pro Tem made a motion to approve the remainder of the Consent Agenda (#1, 2, and 4). Councilmember Townsend seconded the motion. The motion passed by a vote of 7 ayes to 0 nays.

Regarding Consent Agenda item #3, Councilmember Pruitt made a motion to allow residents thirty days for watering new plantings, lawns and landscaping until the plants get established and can then be watered once every two weeks. He questioned why the city would permanently change this ordinance to stipulate that watering should take place once every two weeks because, when the drought ends, citizens should then be allowed and encouraged to water as often as they would like.

Councilmember Pruitt made a motion to adopt the ordinance (Consent #3) with the caveat that, as far as new plantings of landscaping are concerned, residents will be able to water those for up to thirty days after they are planted. Councilmember Townsend seconded the motion. After brief discussion, the ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-16

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 44. UTILITIES; ARTICLE V. WATER; DIVISION 7. DROUGHT CONTINGENCY AND WATER EMERGENCY RESPONSE PLAN, TO PROVIDE FOR CERTAIN DELETIONS AND CHANGES TO ITS PROVISIONS; PROVIDING FOR A PENALTY OF A FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE AND A SEPARATE OFFENSE SHALL BE DEEMED COMMITTED ON EACH DAY DURING OR ON WHICH A VIOLATION OCCURS; PROVIDING FOR SEVERABILITY AND REPEALER CLAUSES; PROVIDING FOR AN EFFECTVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

IX. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Chair of the Planning and Zoning Commission, Craig Renfro, came forth and provided a briefing to the council relative to planning-related items on tonight's agenda. The council took no action related to this agenda item.

2. Appointment with Lewis Crain of Rutledge, Crain & Company,PC to present the city's Fiscal Year 2013 Comprehensive Annual Financial Report, and take any action necessary.

Mr. Crain came forth and provided brief comments to the council, generally indicating that the city's finances are in a stable, favorable condition, including a healthy reserve fund balance. He indicated that this is the last year his company will be auditing the City of Rockwall. He offered several compliments, including to the City of Rockwall, the city's Finance Director and the City Manager.

Councilmember Pruitt questioned Mr. Crain's indication that "things are good because ad valorem taxes are up." Mr. Crain stated that the reason why ad valorem taxes are up is because of growth, and that is a good thing. Councilmember Pruitt asked Mr. Crain for clarification as far as city debt is concerned, indicating the city owes about $144 million, which equates to roughly $3,000 for every man, woman and child that lives in the City of Rockwall. Mr. Crain concurred with this rough estimate.

X. PUBLIC HEARING ITEMS

1. **Z2014-007** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Darren Cain of the Skorburg Company on behalf of Breezy Hill 405, LTD for the approval of a zoning amendment to Planned Development District 74 (PD-74) to amend the concept plan and allow for changes to the development standards contained in Exhibit 'C' of Ordinance 12-26 for 405.184-acres of land identified as Tract 7 & 7-1 of the J. Strickland Survey, Abstract No. 187, Rockwall, Rockwall County, Texas, generally located north of FM-552 and west of Breezy Hill Road, and take any action necessary. **(1st Reading)**

Planning Director Robert LaCroix provided background information related to this agenda item. He explained that the density is now proposed to be 749 single family, residential homes. The Planning and Zoning Commission has recommended approval of this item by a vote of 4 ayes to 2 nays. Notices were mailed out to adjacent property owners, and no notices have been received back by staff at this time. Mr. LaCroix went on to explain a history of how the property has evolved over time as far as its proposed development is concerned and the past 212 development agreement. It was indicated that 810 residential lots were reflected in the original 212 agreement, and two school lots were included. Then, when the property was zoned, the developer asked for a portion of it to be retail. The city council at that time wanted 59 acres of it to be 'retail,' and the number of lots were proposed at 658. Currently, the school district has backed out of the two lots, the retail portion is being reduced, and the developer is proposing 749 residential lots.

Mayor Pro Tem White asked if notices were sent to any property owners located east of Breezy Hill, and Mr. LaCroix indicated that no notices were sent to that area. Discussion took place related to density and lot size.

Mayor Sweet opened the public hearing and called the applicant forth to speak.

Adam Buzceck
Skorburg Company
8214 Westchester Drive, Ste. 710
Dallas, TX 75225

Mr. Buzceck clarified that this current proposal does not change the overall density. It increases the number of lots, but the density on residential acreage remains 2.0. Essentially, he is proposing to swap about twenty-five acres of land currently zoned retail for twenty-five acres of residential, which is about fifty more residential lots. Mr. Buczeck provided details related to the structure of the Skorburgh company, including the builders who build within their neighborhoods in Rockwall, the price points of homes within these communities, and the proposed lot sizes.

In response to the Mayor's questions regarding the fifty foot lots, Mr. Buzceck indicated the homes in these areas would be about 1,800 to 3,600 square feet with a price point of about $240,000's to $320,000's. He indicated that they are currently building these types of lots in Rockwall's Stonecreek and in McKinney right now. He explained that this product has been very successful, and it has smaller yards to maintain. Mr. Muczeck explained that they are asking to reduce the number of lots originally proposed to be 60' and 70' lots and instead create a new category of 50' lots (transition the 60' and 70' lots over to 50' lots instead).

Councilmember Lewis asked when the development may begin in this area if council approves what is being proposed this evening. Mr. Buczeck indicated that it would likely be in May. Councilmember Lewis generally expressed concern about adding smaller residential lots and smaller homes and cutting way back on the originally proposed amount of retail. He indicated that there is no way they could absorb approximately 60 acres of retail at this location, as the market does not dictate that at this time.

Councilmember Daniels expressed concern about allowing fifty additional homes, above what was proposed before, to go in at this location. He is concerned about the drought and current water shortages with regards to potentially approving these fifty additional residential homes.

There being no one else to come forth and speak at this time, Mayor Sweet then closed the public hearing.

Councilmember Pruitt made a motion to deny this requested zoning change. Councilmember Daniels seconded the motion. The motion to deny passed by a vote of 6 ayes with 1 against (White).

2. **Z2014-008** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Mike Peoples for the approval of a zoning change from an Agriculture (AG) District to a Heavy Commercial (HC) District for a 7.42-acre tract of land identified as a portion of Tract 4-01 of the M. B. Jones Survey, Abstract No. 122, Rockwall, Rockwall County, Texas, situated within the East SH 66 Corridor Overlay (E-SH 66 OV) District, located east of the intersection of John King Boulevard and SH-66, and take any action necessary. **(1st reading) (3/4 majority vote required)**

Mr. LaCroix provided background information related to this agenda item, explaining that Mr. Peoples has a potential tenant that is interested in this location. He explained that it is heavy machinery, construction rental company called Sunbelt Rentals. Notices were sent out to adjacent property owners regarding this public hearing, and staff did receive three notices back in opposition of this proposed zoning change. The Planning and Zoning Commission recommended denial of this item by a majority vote. Mr. LaCroix indicated that this item will require a ¾ majority vote of the council to be approved.

Mayor Sweet opened the public hearing and called the applicant forward.

Mr. Peoples came forth and indicated that he owns about 200 acres next to Mr. Cain's property. He explained that this company, Sunbelt, runs a daytime only type of business and rents equipment, such as chainsaws. He indicated that he believes there is no "heavy commercial" zoning elsewhere in Rockwall and stated that any traffic concerns associated with his proposed business tenant would be very minimal.

Bill Bricker
505 Westway
Rockwall, TX

Mr. Bricker came forth, indicating he represents Columbia Development and Rockwall Property Corporation. He stated that he submitted documentation in opposition of the proposed HC zoning. He would prefer the council consider allowing a Planned Development (PD) instead with the underlying zoning being 'Commercial' and an allowable use included so that Mr. Peoples can still have his rental business locate there. He is hoping for something such as a small grocer there instead. He expressed concern about traffic. He believes the highest, best use for this property would be 'commercial' rather than 'heavy commercial.'

Harry Green
1235 Waters Edge Drive
Rockwall, TX

Mr. Green pointed out that this areas is located in the SH 66 Corridor Overlay District. He expressed that the proposed 'heavy commercial' zoning does not fit into what the city itself has outlined for this particular overlay district. He is further concerned it would not fit into the Overlay District because of nearby residential areas, and it would increase traffic. He expressed that he objects to this particular function and the request by Mr. Peoples. He suggested that this proposal does not meet the city's own, defined standards, and it is not conducive to heavy trucks and associated traffic.

Donna Doorman
Resident of Caruth Lakes (no address provided)

Mrs. Doorman came forth and expressed general opposition for this zoning request. She has concerns about noise, litter and traffic associated with heavy machinery and trucks that may be associated with a 'heavy commercial' zoning. She believes large trucks will make SH-66 even less safe for pedestrians to walk in this area. She is concerned about diesel trucks and the potential for pollutants to accidentally make their way into the nearby waterway. Overall, she expressed objection to this zoning.

There being no one else to come forth and speak, Mayor Sweet closed the public hearing.

Councilmember Daniels made a motion to deny this item. Councilmember Milder seconded the motion, which passed by a vote of 7 ayes to 0 nays.

XI. ACTION ITEMS

1. Hold a Show Cause Hearing to discuss and consider demolition of a dangerous building located at 410 Yvonne, and take any action necessary.

Building Official Jeffrey Widmer indicated that the applicant, in this case, is in favor of this demolition. However, her husband is out of the country, so he is unable to sign the documentation needed. After brief discussion, Councilmember Lewis made a motion to order the demolition. Councilmember Daniels seconded the motion. There being no indication that the owner of the property was present in the audience, Mayor Sweet called for the vote. The motion passed by a vote of 7 ayes to 0 nays.

2. **Z2014-004** – Discuss and consider approval of an **ordinance** for a city-initiated request to amend the Unified Development Code (Ordinance No. 04-38), specifically Article II, Authority and Administrative Procedures, Section 6.1, Notice of Public Hearing, and take any action necessary **(1st Reading).**

Councilmember Pruitt made a motion to approve the ordinance for Z2014-004. Mayor Pro Tem White seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-__

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTION 6.1, *NOTICE OF PUBLIC HEARINGS*, OF ARTICLE II, *AUTHORITY AND ADMINISTRATIVE PROCEDURES*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

3. Discuss and consider Founders Day Festival update including consideration of an **ordinance** amendment related to “Regulated Activities in City Parks," and take any action necessary. **(1st reading)**

Assistant City Manager Brad Griggs indicated that Founder’s Day is being moved to its inaugural location, Harry Myers Park, due to construction currently taking place in the downtown area. He shared details about the vendors, the entertainment lineup and a brief description of where the activities, vendors and entertainers will be located. The Charlie Daniels Band will be the main, headline act and will perform at the amphitheater on the north side of the lake. Parking will be at Dobbs, Myers, Columbia and the RISD administration building. Mr. Griggs explained the nature of the proposed ordinance amendment. This allowing of alcohol in Harry Myers Park through passage of this ordinance would be only for city sponsored events and only for this particular, city-sponsored event (Founder’s Day 2014).

Mayor Sweet made a motion to approve the ordinance as recommended by staff. Councilmember Lewis seconded the motion. Councilmember Daniels expressed that he is generally opposed to open coolers and open consumption of alcohol on city property.

The ordinance was read as follows:

CITY OF ROCKWALL, TEXAS
ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 30 PARKS AND RECREATION, ARTICLE I IN GENERAL, SECTION 30-2. REGULATED ACTIVITIES IN PARKS TO AMEND THE POSSESSION AND CONSUMPTION OF ALCOHOL AT HARRY MYERS PARK; PROVIDING FOR A PENALTY CLAUSE; PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; PROVIDING FOR PUBLICATION; AND PROVIDING FOR AN EFFECTIVE DATE OF THIS ORDINANCE.

Mayor Sweet asked about policing at this event. Chief Moeller indicated that his police officers will be on-site, on duty policing at the event.

The ordinance passed by a vote of 5 in favor with 2 against (Pruitt and Daniels).

4. Discuss and consider communications with business owners regarding alcohol related arrests that arise from these establishments and take any action necessary.

Councilmember Pruitt explained that he placed this item on the agenda for discussion. He explained that if there is a pattern of arrests coming out of certain business establishments, this is an indication to the city that the business is over serving alcohol to patrons. In these circumstances, he would like the city to speak with the businesses to make them aware.

Mayor Sweet suggested that the City Manager include this topic as part of the ongoing conversations he has with local business owners.

Police Chief Mark Moeller indicated that this has occasionally been done by the city's Police Department on a case-by-case, informal basis. He indicated that he would be happy to speak to local business about these sorts of concerning patterns if they develop.

Councilmember Pruitt made a motion to have staff set up some type of policy by which, when the PD is aware that certain business are over serving patrons, the city manager's office will have a conversation with those business owners to make them aware of arrests and other alcohol-related activities associated with patrons leaving their establishments. Mayor Sweet seconded the motion, which passed by a vote of 7 ayes to 0 nays.

XII. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding board composition and duties of Airport Zoning Board pursuant to Section 551.071 (Consultation with Attorney) and 551.074 (Personnel).

2. Discussion regarding potential city-initiated zoning for property currently used for commercial purposes pursuant to Section 551.071 (Consultation with Attorney)

3. Discussion regarding land acquisition in the vicinity of FM-740 and IH-30 for municipal purposes pursuant to Section 551.072 (Real Property).

4. Discussion regarding possible claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)

5. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

XIII. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

The Council did not reconvene in Executive Session following the close of the public meeting agenda.

XIV. ADJOURNMENT

The meeting was adjourned at 7:51 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 5th day of May, 2014.

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 30 PARKS AND RECREATION, ARTICLE I IN GENERAL, SECTION 30-2. REGULATED ACTIVITIES IN PARKS TO AMEND THE POSSESSION AND CONSUMPTION OF ALCOHOL AT HARRY MYERS PARK; PROVIDING FOR A PENALTY CLAUSE; PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; PROVIDING FOR PUBLICATION; AND PROVIDING FOR AN EFFECTIVE DATE OF THIS ORDINANCE.

WHEREAS, the Rockwall City Council deems the public interest to be best served by the adoption of certain rules and regulations regarding Regulated activities in parks as set forth herein;

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That the Code of Ordinances in Chapter 30. Parks and Recreation, Article I. In General, Section 30-2 Regulated activities in parks is hereby repealed in its entirety and is replaced with a new Sec. 30-2 which shall hereby read in its entirety as follows:

Sec. 30-2. Regulated activities in parks.

(a) *Camping.* It shall be unlawful for any person to camp in any public park in the city, except in designated authorized areas.

(b) *Littering.* It shall be unlawful for any person to throw, dump or deposit any litter, garbage, refuse or rubbish upon property in any public park in the city except in receptacles providing therefor.

(c) *Fires.* It shall be unlawful for any person to start, maintain or permit an open fire upon property in any park in the city except in designated authorized areas.

(d) *Parking, driving motor vehicles.* It shall be unlawful for any person to park or drive a motor vehicle upon any property other than a public street in any public park in the city except in designated authorized areas.

(e) *Hours of operation.* Neighborhood parks shall be open to the public from 5:00 a.m. until 10:00 p.m. Myers Park and Tuttle Park shall be open to the public from 5:00 a.m. until 11:00 p.m. All parks other than Myers Park and Tuttle Park are deemed neighborhood parks for purposes of this provision. Each city park shall have the hours in which it is open and closed to the public posted at the entrance to the park. It shall be unlawful for any person to be in a city park at any time except during the hours designated in this provision except by special permission of the city manager.

(f) *Possession and consumption of alcohol is prohibited at any city park except for Harry Myers Park as designated by the City Council for city-sponsored events in designated areas.*

(Code 1982, § 19-3; Ord. No. 81-12, §§ 1—4, 5-4-1981; Ord. No. 85-10, §§ 1, 2, 3-4-1985; Ord. No. 00-11, § 1, 5-1-2000)

SECTION 2. That all ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed to the extent of such conflict.

SECTION 3. That the Code of the City of Rockwall, Texas, as amended, shall remain in full force and effect, save and except as amended by this ordinance.

SECTION 4. That should any section, paragraph, sentence, clause, phrase or word of this ordinance be declared unconstitutional or invalid for any purpose by a court of competent jurisdiction, the remainder of this ordinance shall not be affected thereby, and to this end the provisions of this ordinance are declared to be severable.

SECTION 5. That it is hereby found and determined that the meeting at which this ordinance was passes was open to the public as required by Section 551.001 et seq., Texas Government Code, and that advance public notice of the time, place and purpose of said meeting was given.

SECTION 6. That this Ordinance shall take effect immediately upon its second reading and newspaper publication as required by the City Charter, Section 3.11.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 5th day of May, 2014.

CITY OF ROCKWALL

ORDINANCE NO. 14-18

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTION 6.1, *NOTICE OF PUBLIC HEARINGS*, OF ARTICLE II, *AUTHORITY AND ADMINISTRATIVE PROCEDURES*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, an amendment to the City of Rockwall Unified Development Code [*Ordinance No. 04-38*] has been initiated by the City Council of the City of Rockwall to amend Section 6.1, *Notice of Public Hearings*, of Article II, *Authority and Administrative Procedures*; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the city's corporate boundaries, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That Section 6.1, *Notice of Public Hearings*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'A' & 'B'*.

Section 2. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 3. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 4. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 5. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 5TH DAY OF MAY, 2014.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and Council**

FROM: **Jeffrey Widmer, Building Official**

DATE: **March 5, 2014**

SUBJECT: **Sign variance request for wall signage for Trend Tower/parking garage.**

Mr. Russell Phillips recently contacted our Building Inspections Department, in an effort to obtain permits for some new signage for the Trend Tower parking garage building. After review of the submitted plans, it was determined that two of the proposed signs are not permitted by our sign ordinance. Our ordinance requires that a building tenant's signage be located on or adjacent to their respected lease spaces within a building. The requested sign locations are for signs that do not meet that standard.

Our PD32 district development standards contain provisions for an applicant/developer to ask the City Council for variances to the sign ordinance, for signage within the approved development where unique or extraordinary conditions exist or where strict adherence to the sign ordinance provisions would create a hardship. Approval of such a variance would require a three-quarter majority vote.

Mr. Phillips has submitted exhibits which show the proposed locations and overall sign sizes that he is requesting. I would like to point out that the overall size of the proposed signs, do not exceed the maximum allowable wall sign size. I have circled the two proposed signs, which would require a variance approval in order for them to be permitted.

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Ashberry, City Secretary / Assistant to the City Manager**

DATE: **May 2, 2014**

SUBJECT: **YAC at May 5th city council meeting**

As you know, members of the Rockwall Youth Advisory Council will be present at the Monday, May 5th city council meeting. They will join the council for dinner between 5:00 and 6:00 p.m. Towards the beginning of the meeting, the mayor and mayor pro tem will recognize outgoing seniors during "Proclamations & Awards," and the YAC will have an appointment item on the meeting agenda as well. During the appointment item, YAC will provide a year-end report to the Council and propose certain changes to the YAC bylaws for council consideration. This proposed resolution is being put forth in an effort to clean up some language and to propose additional language regarding attendance expectations and associated accountability. A draft of the proposed bylaws, which reflects deletions and additions in red font, is included in your meeting packets for review. I will be available to answer any questions you may have.

CITY OF ROCKWALL

RESOLUTION NO. 14-05

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, REPEALING RESOLUTION NO. 11-32 IN ITS ENTIRETY AND ESTABLISHING UPDATED, REVISED BYLAWS FOR THE YOUTH ADVISORY COUNCIL (YAC) OF THE CITY OF ROCKWALL; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Rockwall, Texas finds that modifications to the existing bylaws of the Youth Advisory Council are in the best interest of students participating in the program;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the City Council of the City of Rockwall hereby repeals Resolution No. 11-32 in its entirety, which established revised bylaws for the City of Rockwall Youth Advisory Council (YAC).

Section 2. That a new set of revised bylaws are heretofore adopted as set forth below:

I. CREATION

There will be an established Youth Advisory Council (YAC) for the City of Rockwall, which shall be sponsored by the City of Rockwall.

II. APPOINTMENT OF MEMBERS & ADULT ADVISORS / LIAISONS

The Youth Advisory Council shall consist of no less than nine (9) youth members and no less than two (2) adult advisors. Adult advisors shall be faculty for any school serving students living in the City of Rockwall. The schools shall appoint adult advisors and notify the City of their appointments.

The city council shall designate one of its members to serve as a liaison to the YAC. The City Secretary of Rockwall or his / her designee shall serve as an advisor and staff liaison to the Youth Advisory Council.

All Youth Advisory Council Members shall be selected via an open application process. Applications must be submitted through the City Secretary's Office. A deadline for submitting applications shall be established ~~yearly~~ by the City Secretary's Office. To be eligible for membership potential candidates must be at least freshman level students residing in the City of Rockwall. The Rockwall City Secretary, City Council (or designated member(s) of the Council) and the City Manager and/or her designee shall interview applicants wishing to serve on the Youth Advisory Council.

Selection will be based on the following: (1) residency requirements - they must reside within the corporate city limits of the City of Rockwall or be financially sponsored by either the government of the jurisdiction in which they live, by an individual or by a group; (2) strength of the candidate's application and letter(s) of recommendation; (3) schedule and availability of the candidate; (4) candidate's willingness to commit the time and effort required to participate in the program; and (5) the candidate's performance in the interview process. Preference will be given to those students residing within the City of Rockwall. Once the interview panel has made its selections, it will present the recommended candidates to the full City Council for consideration. The Rockwall City Council will make final selection decisions regarding candidates. Appointments to the YAC shall be made by the City Council whenever vacancies exist.

III TERMS & OFFICERS

Youth Advisory Council members shall be reappointed annually until which time as they either graduate from high school or are no longer willing or able to remain actively involved in serving on the YAC. All Youth Advisory Council members shall serve at the pleasure of the Rockwall City Council. The Youth Advisory Council shall include a chair, vice-chair, secretary and historian ~~treasurer~~, all of whom shall be selected annually by members of the Youth Advisory Council.

IV. ATTENDANCE

~~Absence from two consecutive meetings of the Youth Advisory Council shall operate to vacate a seat of a member, unless such absence is excused by an adult advisor.~~

Members of the Rockwall Youth Advisory Council are expected to take their appointment to the YAC seriously through display of leadership, courtesy, punctuality, and consistent attendance. YAC members are asked to attend all regularly-scheduled, monthly YAC meetings as well as any additional YAC-related events which may be scheduled throughout the school year. Absence from **more than two scheduled YAC meetings or events** during a school year may operate to vacate a member's seat, unless such absences are excused by an adult advisor at least seventy-two hours (72 hours) in advance of said, scheduled meeting or event. Should absenteeism become excessive ("excessive" here is defined as missing more than two YAC meetings or events during the course of a school year), the YAC member in question may be called before his or her fellow YAC members to give an account for his / her absenteeism. It shall then be up to the discretion of the remaining YAC members to determine, through deliberation and majority vote, if the YAC member shall remain in his / her position on the YAC or be recommended for removal from YAC for the remainder of the school year. Recommendations from the YAC regarding removal of a fellow member due to excessive absenteeism shall be submitted to the Rockwall City Council for final determination and disposition.

V. OBJECTIVE AND DUTIES

It shall be the purpose of the Rockwall Youth Advisory Council to educate youth about local government, to provide participation by local youth in municipal government and to routinely report thereon to the Rockwall City Council. The Youth Advisory Council shall be consultative in nature and shall be charged with evaluating issues relevant to youth and submitting recommendations to the Rockwall City Council and other pertinent parties for advisement or consideration.

Specifically, the Rockwall Youth Advisory Council shall be responsible for the following:

A. Promoting participation in and understanding of local government by youth.

B. Working, as necessary, with certain special events, projects, and fundraisers.

C. Periodically attending Rockwall City Council and other Board and Commission meetings to better understand local government operations.

D. "Shadowing" Rockwall City Councilmembers and certain City staff in order to better understand their roles in serving citizens and setting policy.

E. Conducting "pseudo" city council meetings ~~on at least an annual basis~~ on an 'as needed' basis to obtain feedback from youth in the community related to issues of concern to them or related to Council assigned projects.

F. Monitoring municipal programs and Boards/Commissions Agenda topics in regard to their bearing on youth in the Rockwall community.

G. Making recommendations to the Rockwall City Council relative to programs and activities affecting youth in the community.

H. Providing access for comment and input from the youth of the Rockwall community.

I. Performing other duties as assigned by the Rockwall City Council, designated council liaison, City Manager, or staff liaison.

VI. EVALUATION

The Staff liaison for the YAC shall on an annual basis conduct a short survey of YAC members to obtain feedback related to the program. The results of this survey along with a summary of the YAC's yearly events and accomplishments shall be presented to the City Council for review during the summer months. Any recommendations

related to the program may be discussed and considered by Council and Staff at this time each year.

Section 2. That this Resolution shall become effective immediately upon passage and approval and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 5th day of May, 2014.

David Sweet, Mayor

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 5/05/2014

APPLICANT: Gregory D. Ollom

AGENDA ITEM: **Z2014-009;** Ag to SFE-4.0 Single-Family Estate

---

SUMMARY:

Hold a public hearing to discuss and consider a request by Gregory D. Ollom for the approval of a change in zoning from an Agricultural (AG) District to a Single-Family Estate 4.0 (SFE-4.0) District on a 7.969-acre tract of land situated in the William Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas being located at 941 Cornelius Road and take any action necessary.

BACKGROUND INFORMATION:

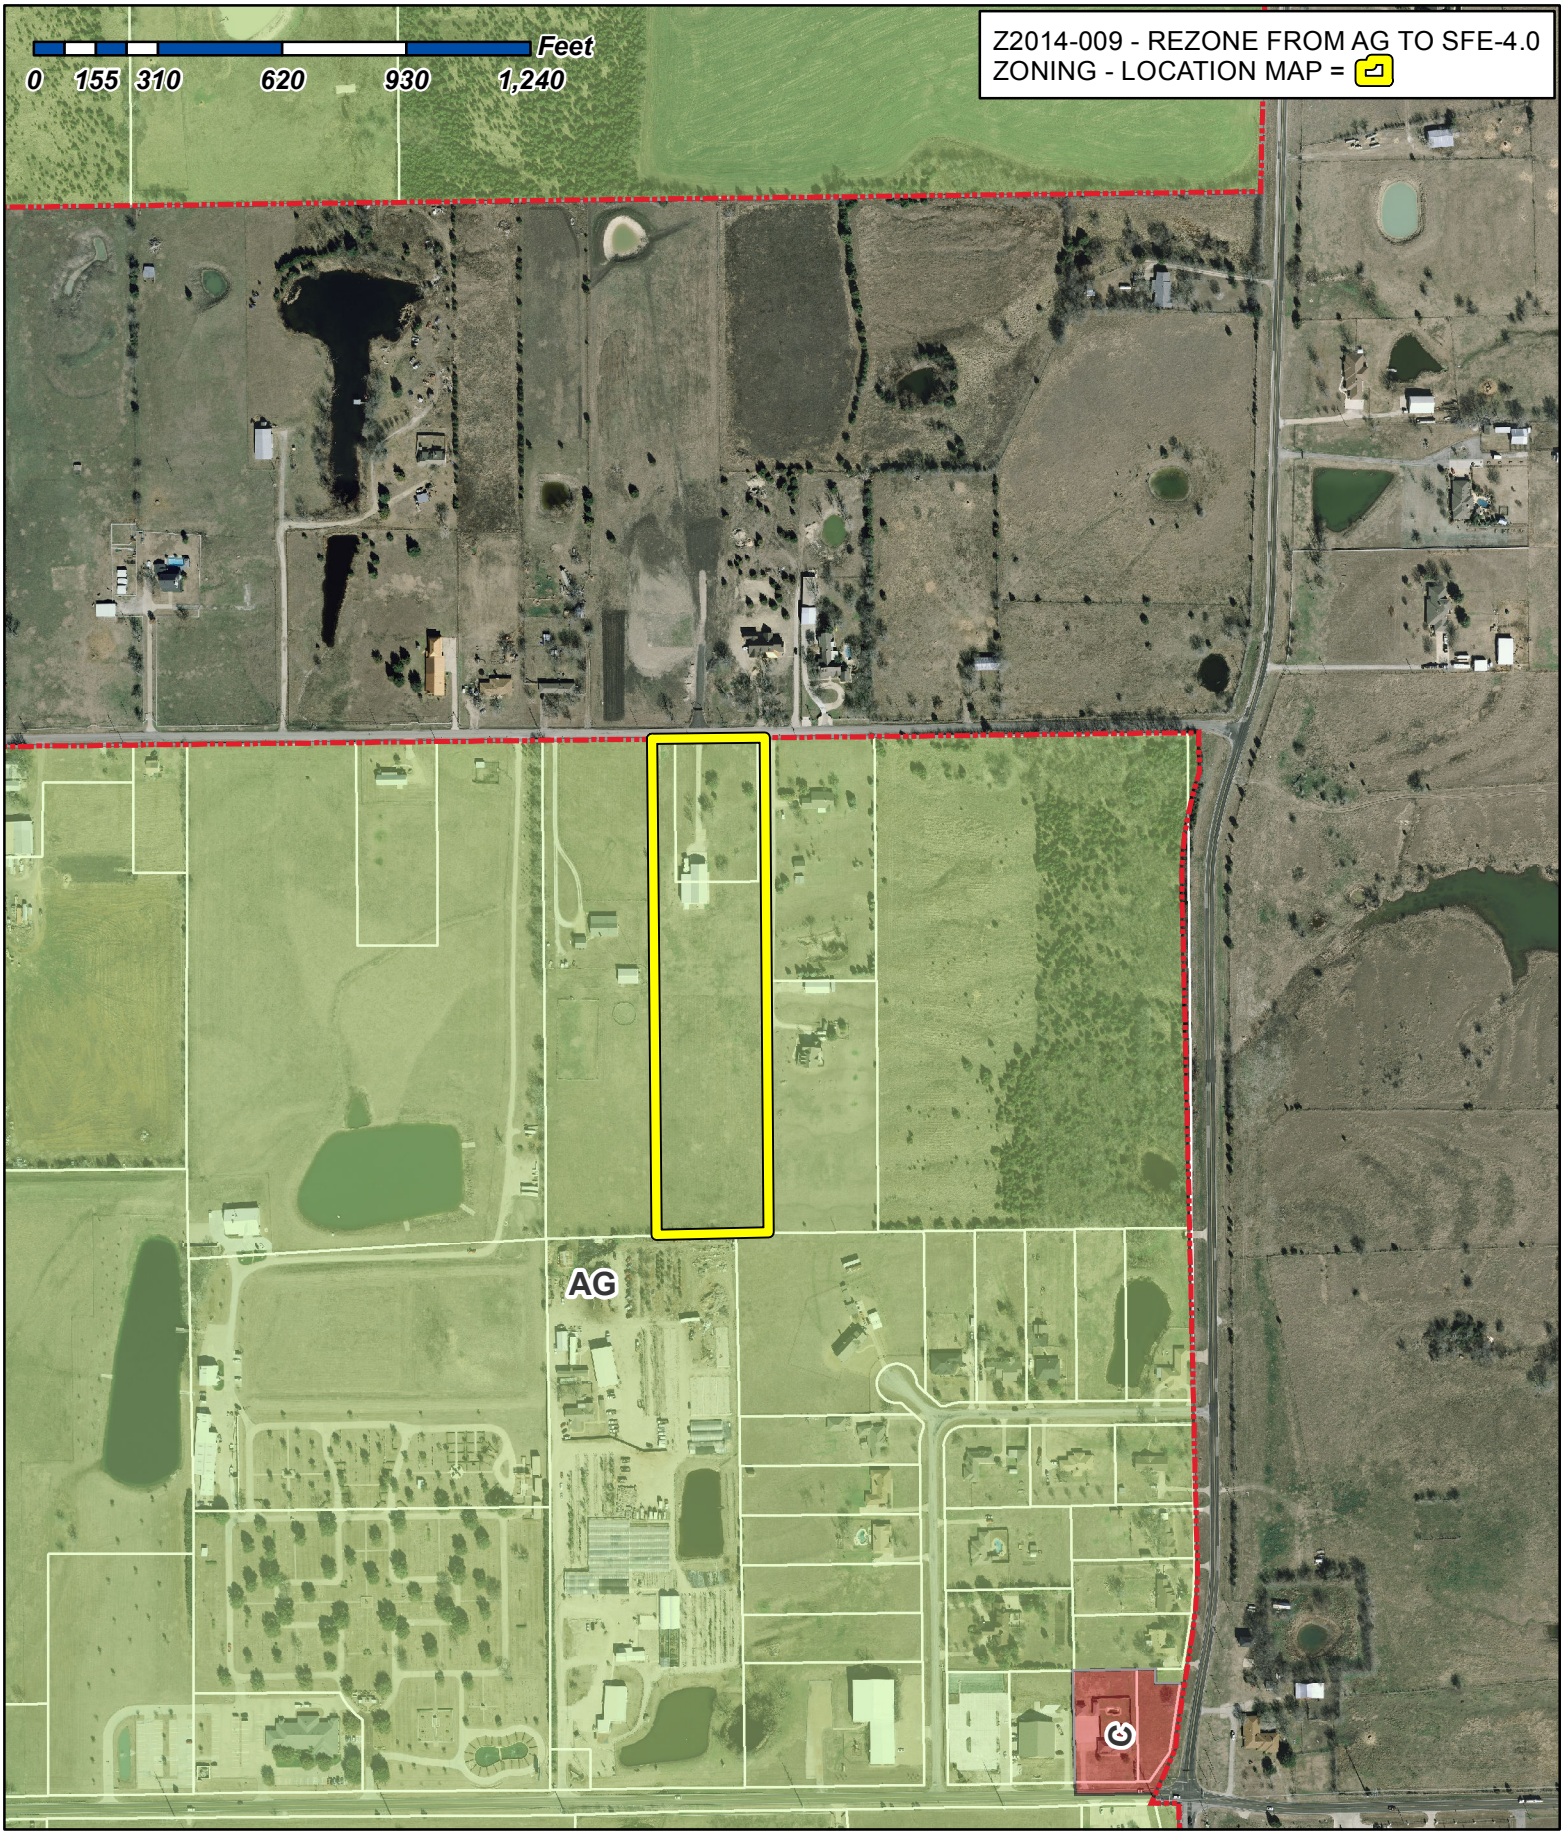
The applicant, Mr. Gregory D. Ollom, is requesting to rezone his property from Agricultural (AG) District to Single Family Estate 4.0 (SFE-4.0) District. The property was annexed in January 2010 along with other properties along the south side of Cornelius Road. This annexed area generally has single family home sites on the properties that remain agriculturally zoned. The property along the north side of Cornelius Road is not within the city limits, but is within the City's extraterritorial jurisdiction and generally has single family homes.

Prior to annexation, a home on this lot was destroyed by fire, and subsequently the applicant is requesting to rebuild a home on this site. However, the AG zoning district requires single family dwellings to be on more than 10 acres to be permitted for construction. The property is less than 10 acres, therefore does not meet the minimum standards established by the AG district to allow for the construction of a single family home. Mr. Ollom is requesting the zoning change for the purpose of constructing a home on his property.

The zoning request is in conformance with the City's Comprehensive Plan and Future Land Use Map.

NOTIFICATION:

A notice was published on April 17, 2014 in the Rockwall County News, on the City's website, and six (6) notices were mailed to property owners of record within 200-ft of the subject property. At the time of this report, staff has received one (1) notice "in favor of" and none "opposed to" the request.



RECOMMENDATIONS:

The applicant's request is in conformance with the Future Land Use map, the Comprehensive Plan, and all applicable local, state and federal requirements. Should the Planning and Zoning Commission recommend approval of the change in zoning from an Agricultural (AG) District to a Single Family Estate 4.0 (SFE-4.0) District for the subject property, staff does not offer any additional recommendations for this request.

PLANNING AND ZONING COMMISSION RECOMMENDATION:

On May 29, 2014, the Planning and Zoning Commission recommended approval of the zoning change request from Agricultural (AG) District to Single-Family Estate 4.0 (SFE-4.0) District by a vote of 6 to 0 (Lyons - absent).

PLEASE RETURN THE BELOW FORM

Case No. Z2014-009: Zoning Change (AG to SFE-4)

Please place a check mark on the appropriate line below:

☒ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

This property was a residence until the house burned; then a shop building was used until the new house building was begun. Therefore it has been a single family for a long time

Name: Michael Brizendine

Address: 965 Cornelius Road Rockwall 75087

Tex. Loc. Gov. Code, Sec. 211.006 (d) **If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.**

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO SINGLE FAMILY ESTATE (SF-E/4.0) DISTRICT FOR A 7.969-ACRE TRACT OF LAND SITUATED IN THE WILLIAM DALTON SURVEY, ABSTRACT NO. 72, AND LOCATED AT 941 CORNELIUS ROAD, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Gregory D. Ollom for an amendment to the Unified Development Code [Ordinance No. 04-38] of the City of Rockwall to adopt a change in zoning from an Agricultural (AG) District to a Single Family Estate (SF-E/4.0) District for a 7.969-acre tract of land situated in the William Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, and located at 941 Cornelius Road, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the Unified Development Code [Ordinance No. 04-38] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning from an Agricultural (AG) District to a Single Family Estate (SF-E/4.0) District for the *Subject Property*; and

Section 2. That the *Subject Property* shall be used only in the manner and for the purposes provided for in *Section 3.2, "Single Family Estate (SF-E) District", Article V, "District Development Standards", of the Unified Development Code* of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future.

Section 3. That the official zoning map of the City be corrected to reflect the changes in the zoning described herein.

Section 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of two thousand dollars ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 5. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 6. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ON THIS THE ____ DAY OF _____, 2014.

DESCRIPTION

All that certain lot, tract or parcel of land situated in the WILLIAM DALTON SURVEY, ABSTRACT NO. 72, Rockwall County, Texas, and being all of that 7.969 acres tract of land as described in a Warranty deed from Janice L. Rohrbacker and Henry L. Rohrbacker to Timothy Bray and wife, Kelly Bray, dated September 30, 2003 and being recorded in Volume 3251, Page 262 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner at the Southwest corner of said 7.969 acres tract and being in the South line of a tract of land as described in a Warranty deed to Reach W. Henry, Sr. as recorded in Volume 111, Page 1005 of the Deed Records of Rockwall County, Texas, said point being N. 89 deg. 32 min. 30 sec. E., 272.64 feet from the Southwest corner of same;

THENCE N. 00 deg. 21 min. 45 sec. E. a distance of 1238.01 feet to a 3/8" iron rod found for corner in the South right-of-way line of Cornelius Road;

THENCE S. 89 deg. 35 min. 37 sec. E. along the South line of Cornelius Road, a distance of 281.66 feet to a 3/8" iron rod found for corner;

THENCE S. 00 deg. 22 min. 21 sec. W. (Controlling bearing line) a distance of 1233.12 feet to a 3/8" iron rod found for corner in the South line of said Henry tract at the Southeast corner of said 7.969 acres tract;

THENCE S. 89 deg. 05 min. 17 sec. W. a distance of 80.31 feet to a 1/2" iron rod found for corner;

THENCE S. 89 deg. 32 min. 30 sec. W. a distance of 201.18 feet to the POINT OF BEGINNING and containing 7.99 acres of land.

NOTES

1) According to F.E.M.A. Flood Insurance Rate Map, Community Panel No. 480543 0035 B dated Sept. 17, 1980, this property lies in Zone X. This property does not appear to lie within a 100-year flood plain.

2) BEARING SOURCE: RECORDED DEED IN VOL. 3251, PG. 262, R.P.R.R.C.T.

3) ALL 1/2" IRS ARE CAPPED WITH YELLOW PLASTIC CAPS "R.S.C.I. RPLS 5034."

SURVEYOR'S CERTIFICATE

I, Harold D. Fetty, III, Registered Professional Land Surveyor No. 5034, do hereby certify that the above plat of the property surveyed for HERITAGE TITLE COMPANY, LONG BEACH MORTGAGE, and TIMOTHY AND KELLY BRAY at 941 CORNELIUS ROAD, ROCKWALL County, Texas, is the result of a careful collection of the best evidence available to me and my opinion is based on the facts as found at the time of survey. This survey meets the requirements of the Minimum Standards of Practice as approved and published by the Texas Board of Professional Land Surveying, effective September 1, 1992 and subsequent revisions, and the same was surveyed under my supervision on the ground this the 24th day of October, 2005.

Harold D. Fetty III, R.P.L.S. No. 5034

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mark Moeller, Chief of Police**

DATE: **April 30, 2014**

SUBJECT: **Additions to the Solicitor's Ordinance, 2.0**

At the April 7, 2014, City Council meeting we submitted changes to the requirements in the application section of our Solicitor's Ordinance, as listed:

Article III. PEDDLERS, SOLICITORS AND ITINERANT VENDORS

Section 12-54. Contents of application; fee; term; renewal

(a) A non-refundable $65.00 fee paid per person.
(b) A criminal history check by the service H.R. uses for applicants. This cost would be covered by the administration fee.
(c) Include a ten business day waiting period to process the application.

During council discussion two additional changes were required. These additions included:
a). the specific criteria for rejecting an applicant for a permit and
b). the specific reasons for revoking an issued permit.

City Attorney Frank Garza has rewritten the ordinance and has addressed those issues. He has also outlined an appeal process when an applicant is denied a permit and when a valid permit is revoked.

We recommend adoption of the ordinance as Mr. Garza has written, except for the non-refundable charged fees which we believe should be $65.00 per applicant.

CITY OF ROCKWALL

ORDINANCE NO. 14-xx

AN ORDINANCE OF THE CITY OF ROCKWALL, TEXAS, AMENDING CHAPTER 12, ARTICLE III, SECTION 12-51 THROUGH 12-66, OF THE CODE OF ORDINANCES, REGULATING PEDDLER ACTIVITIES IN THE CITY; PROVIDING A SEVERABILITY CLAUSE; PROVIDING AN EFFECTIVE DATE AND PROVIDING FOR RELATED MATTERS.

WHEREAS, the City of Rockwall (the "City"), a Home Rule City and by State law and City Charter is permitted to establish ordinances to protect the health, safety and general welfare of its residents; and

WHEREAS, requiring solicitors and peddlers to register may deter inappropriate and or criminal conduct; and

WHEREAS, the City has no desire to interfere with free speech, open dialogue and exchange of opinion;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THAT;

SECTION 1 FINDINGS. The foregoing recitals are hereby found to be true and correct and are hereby adopted by the City Council and made a part hereof for all purposes as findings of fact.

SECTION 2. **AMENDMENT.** Chapter 12, Article III, Section 12-51 through 12-66 of the City of Rockwall Code of Ordinances shall be amended in its entirety as follows:

ARTICLE III. PEDDLERS, SOLICITORS AND ITINERANT VENDORS

Sec. 12-51 Purpose

The primary purpose of the public streets, sidewalks, and other public way is for use by vehicular and pedestrian traffic. Vending on such public ways promotes the public interest by contributing to an active and attractive pedestrian environment. Reasonable regulation of vending on public right of way and in public places is necessary to protect the public health, safety and welfare. To protect local residents against trespassing by Peddlers, Solicitors, and Vendors upon the private property of such residents if they have given reasonable notice that they do not wish to be solicited by such persons or do not desire to receive merchandise or services. The regulations contained in this ordinance are not intended in any way to prohibit or hamper speech that is protected by the constitution of both the United States and the State of Texas but merely to regulate specific activities, which are commercial in nature. This entire ordinance is and shall be deemed an exercise of the police power of the State of Texas and of the City of Rockwall for the process set forth above.

Sec. 12-52 Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Canvasser. Any person who attempts to make contact with a resident at their residence without prior specific invitation or appointment from the resident, for the primary purpose of:

(1) Attempting to enlist support for or against a particular religion, philosophy, ideology, political party, issue, or candidate, even if incidental to such purpose the canvasser accepts the donation of money for or against such cause; or

(2) Distributing a handbill or flyer advertising a non-commercial event or service.

Door-to-door selling means going to one or more residence within the City in person or by the agent for the purpose of peddling, soliciting, or vending, who engages in a business of selling or offering for sale, food, beverages, goods, services, wares and merchandise or engages in soliciting orders for the sale of goods, services, wares and merchandise for future delivery

Nonprofit organization means an organization that can provide a 501(c) 3 letter from the IRS or state documentation indicating its status, and whereby all the proceeds raised during the event will benefit the sponsoring agency.

Peddler means any person who engages in commercial activities within city limits by carrying goods or merchandise and selling or offering for sale for immediate delivery such goods or merchandise from door-to-door, business-to-business, or upon public property.

Person means any natural individual, group, organization, corporation, partnership, or similar association.

Public area means an outdoor area to which the public has access and includes, but is not limited to, a sidewalk, street, highway, park, parking lot, alleyway, pedestrian way, or the common area of a school, hospital, apartment house, office building, transport facility, or shop.

Solicitor means any person who solicits or attempts to solicit, from house-to-house, business-to-business, or upon public property, funds or orders for services, commercial goods, wares, merchandise, subscriptions or publications to be delivered at a future date or time, or who passively begs by standing or sitting with a sign or other indication that a donation or service is being sought, without any vocal request other than in response to an inquiry to another person.

Transient Merchant means a person who temporarily sets up business out of a vehicle, trailer, boxcar, tent, other portable shelter, or empty store front for the purpose of selling goods. Individuals may not remain in one location for more than fourteen (14) consecutive days.

Sec. 12-53 Exceptions to Definitions

For the purpose of this chapter, the terms ***PEDDLER, SOLICITOR*** and ***TRANSIENT MERCHANT*** shall not apply to:

(A) Non-commercial door-to-door advocates. Nothing within this ordinance shall be interpreted to prohibit or restrict non-commercial door-to-door advocates, including, without limitation, religious and charitable organizations, schools, and other non-profit organizations. Persons engaging in door-to-door advocacy shall not be required to register as a solicitor under Section 12-55.

(B) Any person who makes initial contacts with other people for the purpose of establishing or trying to establish a regular customer delivery route for the delivery of perishable food and dairy products, such as baked goods or milk.

(C) Any person making deliveries of perishable food and dairy products to the customers on his or her established delivery route.

(D) Any person making deliveries of newspapers, newsletters, or other similar publications on an established customer delivery route, when attempting to establish a regular delivery route, or when publications are delivered to the community at large.

(E) Any person conducting the type of sale commonly known as garage sales, rummage sales, or estate sales. Provided, as set forth below, nothing herein shall exempt such sales from complying with other sections of the Code of Ordinances which regulate such sales.

(F) Any person participating in an organized multi-person bazaar or flea market.

(G) Any person conducting an auction as a properly licensed auctioneer.

(H) Any officer of the court conducting a court-ordered sale.

Exemption from these definitions shall not, for the scope of this chapter, excuse any person from complying with any other applicable statutory provision or requirements of this Code of Ordinances.

Sec. 12-54 License Required.

It shall be unlawful for any peddler, solicitor or transient merchant to engage in the business of selling, displaying, or offering for sale any food, beverage, goods, services or merchandise at any public area within the City without first obtaining a license from the Chief of Police or his duly authorized representative.

Sec. 12-55 Contents of application; term; renewal.

(A) Application for a license required by section 12-54 shall be made upon forms furnished by the chief of police and shall contain such information as deemed necessary by the chief of police to properly identify the applicant, the nature of his business, and the business entity by which he is employed. The information shall include, but not be limited to, the following:

(1) The name;
(2) The date of birth;
(3) Home and business addresses;
(4) The supervisor's name, address and telephone number;
(5) The applicant's driver's license number and state, if applicable;
(6) The applicant's right thumbprint;
(7) The full legal name, telephone number and address of commercial organization;
(8) Full and complete list of goods to be sold and services to be delivered;
(9) The specific location, if any, in which the vendor/peddler intends to conduct business; and
(10) If the applicant is peddling or making solicitations from private property, a written statement from the property owner consenting to applicant's use of his/her property for the sales activities indicated in the permit application.

(B) Not later than ten (10) days after the filing of a completed permit application the applicant shall be notified by the City of the decision on the issuance or denial of the license.

Sec. 12-56 Fees.

Permit fees shall be accompanied with the permit application. All peddlers and solicitors not exempted by section 12-57 shall be required to pay the permit fee:

(A) $65.00 per individual
(B) $100.00 per group 10 or less
(C) $500.00 per group more than 10

Sec. 12-57 Exemptions

(A) Permit application is not required but notification to the City shall be required for the following individuals or groups:
1) Newspaper carriers
2) Political Groups
3) Canvassers
4) Government Affiliates
5) Deliveries on regular routes
6) Wholesalers making direct sales to retail establishments
7) Sales made pursuant to an invitation by an owner or legal occupant

8) A seller or exhibitor in a firearms collection show involving two or more sellers or exhibitors

(B) Permit application is required but fees may be waived by the City for the following individuals or groups:
1) Farmers who sell agricultural products that were raised or grown by them.
2) Non-profit Organizations.

(C) Permit application is not required for any person or entity exempted by state law in obtaining a permit. However, hours of operation outlined in Section 12-64 still are applicable to all vendors.

Sec. 12-58 Denial

A copy of the application for permit will be referred to the police department who will undertake an investigation of the applicant's record and background, such as shall be reasonably necessary to protect the public. An application for permit under this chapter may be denied where:

(1) Required application information is incomplete or incorrect;
(2) Applicant or any individual involved in the peddling or solicitation campaign is currently wanted on a warrant for arrest, under indictment or has a pending Class B Misdemeanor or above;
(3) The applicant is a person against whom a judgment, conviction or deferred adjudication has been entered within five years preceding the date of application, based upon fraud, deceit or misrepresentation;
(4) The applicant or an employee of an applicant has been convicted of a felony;
(5) The applicant provided no proof of authority to serve as agent for the principal;
(6) The applicant has been denied a permit under this article within the immediate past year, unless the applicant can and does show to the satisfaction of the Chief of Police that the reason for such earlier denial no longer exists;
(7) A permit fee has not been paid; or

Should an applicant be denied a permit, they may appeal that action to the City Manager by submitting a letter within ten days of the denial or revocation. Upon receipt of the letter, the City Manager will review the appeal and render a decision within seven (7) days to reject the action complained of and order that the permit be granted or reinstated or uphold the denial or revocation. The decision of the City Manager on the appeal shall be final and binding on all parties concerned.

Sec. 12-59 Issuance, duration.

(A) If the application for permit is approved, the permit shall be issued. The permit shall be the original application with an official stamp indicating approval. Permit provided for in this Article shall continue so long as the permittee is conducting business in the city, but in no event shall it continue for more twelve (12) months from date of issue.
(B) The permittee is required to update any new or changed information required under the original permit.

(C) The City of Rockwall will retain one copy of the approved permit for official records. The permit may not be represented as an endorsement or approval by the city of the purposes of a solicitation or a product offered by the permittee.

(D) Only those peddlers or solicitors whose names are listed on the approved application may conduct business under the issued permit. If any new peddlers or solicitors join the campaign after the original permit is issued, they must supply the police department with the information required in this Chapter. It shall be unlawful for any peddler or solicitor to intimidate or aggressively solicit or beg a person into giving money, goods or services.

Sec. 12-60 Display

Each peddler or solicitor will carry his or her permit at all times while engaging in business in the city. Upon request or demand, the peddler or solicitor will exhibit the permit to indicate compliance with all of the relevant requirements of this chapter.

Sec. 12-61 Not Transferable

Permits issued under the provisions of this chapter are not transferable in any situation and will be clearly marked "Not transferable."

Sec. 12-62 Suspension

(A) The Chief of Police or the chief's designee may, upon documented complaint, violation of this article or violation of law, suspend and confiscate a permit issued under this article.

(B) Peddlers and solicitors whose licenses are suspended have three (3) business days during which to request an administrative review of the suspension. If request for administrative review is not made within three (3) working days, the permit is revoked.

Sec. 12-63 Revocation

(A) Upon permittee's request, the police department shall provide the permittee with written notice containing particulars of any and all complaints, and the time, date and place for an administrative review of the suspension.

(B) The Chief of Police or his duly authorized representative will conduct an administrative review to determine whether the permit shall be restored or revoked.

(C) After notice and review, the Chief of Police may revoke any permit issued under this article including but not limited to the following reasons:

1) Fraudulent statements, omissions on permit application or in conduct of permitted business;
2) Any violation of federal or state statute, or city ordinance;
3) Endangerment of public welfare, health or safety;
4) The permittee is a registered sex offender;
5) The permittee continues efforts to sell to or solicit from an individual once that individual informs the vendor or solicitor that he does not wish to give anything to or to buy anything from that vendor or solicitor;
6) The permittee misrepresented the purpose of the solicitation or offer to sell;
7) The permittee misrepresented the affiliation of the vendor or solicitor.

(D) If the Chief of Police revokes a permit, applicant may appeal this decision in writing to the City Manager, which may affirm, modify, or reverse the decision of the Chief of Police.

(E) Revocation of any permit shall bar the permittee from eligibility for any person under this article for a period of one year from the date of revocation.

Sec. 12-64 Hours of operation

No peddling or solicitation may occur except between the hours of 8:00 a.m. and 6:00 p.m. local time in Rockwall, Texas.

Sec. 12-65 No solicitor signs

(A) It shall be unlawful for any person to distribute or cause to be distributed, deposited, placed, thrown, scattered or cast any handbill upon any private property if requested by anyone thereon not to do so, or if there is placed on such premises in a conspicuous place upon or near the main entrance to the premises, a weatherproof card, bearing the words "**no solicitation**," "**no advertisements**," "**no handbills**," or any similar notice indicating in any manner that the occupants of such premises do not desire to have any such handbills left upon their premises. The letters on such cards shall be not less than two-thirds (2/3) of an inch in height.

(B) This section does not apply to any department, branch or agency of federal, state, or municipal government and any permitted religious, political or charitable advertisements or handbills.

Sec. 12-66 Violation/penalty

Any person violating the provisions of this article is guilty of a class C misdemeanor and upon conviction shall be subject to a penalty not to exceed five hundred dollars ($500.00) Each and every act constituting a violation hereof and each failure or refusal to comply with any provision shall be a separate offense and shall be punished as such.

SECTION 3 REPEALING ORDINANCES IN CONFLICT. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 4 SEVERABILITY.

If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or illegal, such decision shall not affect the validity of the remaining sections of this ordinance. The City Council hereby declares that it would have passed this ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared void.

SECTION 5 SAVINGS CLAUSE.

All ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed. The balance of such ordinance is hereby saved from repeal.

SECTION 6. EFFECTIVE DATE. The Ordinance shall be effective immediately following its publication in the local newspaper as required by the Texas Local Government Code.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 21st day of April, 2014.

City of Rockwall
The New Horizon

MEMORANDUM

TO: City Council

FROM: Joey Boyd, Director of Internal Operations

DATE: April 30, 2014

SUBJECT: Resolution Denying Rate Increase Under Second Annual RRM

The City, along with approximately 164 other cities served by Atmos Energy Mid-Tex Division ("Atmos Mid-Tex" or "Company"), is a member of the Atmos Cities Steering Committee ("ACSC"). On or about February 28, 2014, Atmos Mid-Tex filed with the City an application to increase natural gas rates pursuant to the Rate Review Mechanism ("RRM") tariff renewed by the City in 2013 as a continuation and refinement of the previous RRM rate review process. This is the second annual RRM filing under the renewed RRM tariff.

The Atmos Mid-Tex RRM filing sought a $45.7 million rate increase system-wide based on an alleged test-year cost of service revenue deficiency of $49 million. Of the total amount requested, almost $37 million is attributable to the affected cities. The City worked with ACSC to analyze the schedules and evidence offered by Atmos Mid-Tex to support its request to increase rates. Although a good faith attempt was made by ACSC to reach a compromise with Atmos Mid-Tex, an agreement was not reached. In the absence of an agreement, the ACSC Executive Committee and ACSC's legal counsel have advised that ACSC members adopt the attached Resolution denying the rate increase request.

The RRM tariff was adopted by the City as an alternative to the Gas Reliability Infrastructure Program ("GRIP"), the statutory provision that allows Atmos to bypass the City's rate regulatory authority to increase its rates annually to recover capital investments. In past years, cities have been able to reach a compromise with Atmos to reduce the rate impact from the requested RRM increases, and these compromises have also been lower than the rates that Atmos would have been entitled to under the GRIP filing. In this case, the Company would have been entitled to an increase from GRIP of no more than $31.5 million. The magnitude of the requested increase under the 2014 RRM filing, and the wide differences between it and the ACSC consultants' recommendations made a compromise much more difficult and ultimately impossible. The Company demanded more than it would be entitled to if it had filed a GRIP case. For this reason, the ACSC Executive Committee and ACSC legal counsel advise that all ACSC Cities adopt the Resolution denying the requested rate change.

RRM Background:

The RRM tariff was originally approved by ACSC Cities as part of the settlement agreement to resolve the Atmos Mid-Tex 2007 system-wide rate filing at the Railroad Commission. In early 2013, the City adopted a renewed RRM tariff for an additional five years. This is the second RRM filing under the renewed tariff. This filing was made by agreement less than one year after the first filing in order for the RRM rate-setting process to hereafter use a calendar year as the test period.

The RRM tariff and the process implementing that tariff were created collaboratively by ACSC and Atmos Mid-Tex as an alternative to the legislatively-authorized GRIP surcharge process. ACSC has opposed GRIP because it constitutes piecemeal ratemaking, does not allow any review of the reasonableness of Atmos' expenditures, and does not allow participation by cities or recovery of cities' rate case expenses. In contrast, the RRM process has allowed for a more comprehensive rate review and annual adjustment as a substitute for GRIP filings. ACSC's consultants have calculated that had Atmos filed under the GRIP provisions, it would have received additional revenues from ratepayers of approximately $31.5 million.

Purpose of the Resolution:

Rates cannot change without the adoption of rate ordinances by cities. No related matter is pending at the Railroad Commission. The purpose of the Resolution is to deny the rate increase requested by Atmos. Under the RRM tariff, Atmos may appeal the rate decision of the cities to the Railroad Commission; such appeal must be filed within thirty (30) days of the City action.

The RRM tariff also allows Atmos to implement its requested rates effective June 1 while any appeal at the Commission is pending, subject to refunds based upon the outcome of the appeal. This would represent a monthly increase of approximately $2.02 for the average residential customer, subject to any refund if the Commission reduces the rates implemented by Atmos. The actual impact will be slightly less than $2.02 for most residential customers because the Company has indicated it will not appeal and thus concedes several of the issues raised by Cities. The Resolution also authorizes the City to participate as a party to the appeal in conjunction with the ACSC, and requires the Company to reimburse the City for its rate case expenses associated with the City's review of the RRM filing, and with the appeal of the City's denial of the rate increase.

Rate Impact of Appeal by Atmos Effective June 1:

The RRM tariff constrains the annual increase in the residential customer charge to no more than $0.50. The current $17.70 customer charge will be increased to $18.22 per month with the addition of an energy conservation program surcharge of $0.02. The current $17.70 customer charge for unincorporated area customers will become $20.32 per month because all of the increase associated with a GRIP filing, which is applicable to all customers not covered by a RRM tariff, is placed on the customer charge. However, the commodity charge for unincorporated residential service will be less than one-half of the commodity charge for residents of incorporated areas—$0.04172 per Ccf vs. $0.08998 per Ccf.

A comparison of rates and rate impact of what Atmos initially proposed in its RRM filing is reflected in the following chart:

Customer Class	Current Bill	New Bill	Difference	New Customer Charge	New Commodity Charge	Base Rate Increase
Residential	48.09	50.11	2.02	$ 18.22	$0.08998 Ccf	9.41%
Commercial	254.85	260.91	6.06	$ 38.85	$0.07678 Ccf	9.59%
Industrial	4,680.30	4,837.10	156.80	$675.00	declining block	9.70%
Transportation	2,836.84	2,993.64	156.80	$675.00	declining block	9.70%

However, Atmos has indicated that it will not appeal all issues raised by Cities and thus the impact should be slightly less than what is reflected in the above chart. A precise impact statement cannot be presented until after the Company's appeal is filed.

Reasons Justifying Approval of the Resolution:

Consultants working on behalf of ACSC Cities have investigated the Company's requested rate increase. While the evidence does not support the $45.7 million increase requested by the Company, ACSC's consultants agree that the Company can justify an increase in revenues of a much lesser amount—namely, an increase of only $19 million. The Executive Committee authorized a settlement value considerably above the consultants' recommendation but it was insufficient to meet the Company's expectation. The Company and ACSC Cities were too far apart in their positions to reach a compromise, and rather than granting a partial increase that the Company will not accept, the option remaining is to deny the rate increase request in its entirety, and participate in the Company's appeal of this decision at the Railroad Commission.

Explanation of "Be It Resolved" Paragraphs:

1. This paragraph approves all findings in the Resolution.

2. This section denies the requested rate increase, finds the proposed rates to be unreasonable and not in the public interest, and finds the existing rates to be just and reasonable.

3. This section requires the Company to reimburse ACSC Cities for reasonable ratemaking costs associated with reviewing and processing the RRM application.

4. This section authorizes participation by the City in conjunction with ACSC in any appeal filed by the Company at the Railroad Commission, and authorizes ACSC and its counsel to act on behalf of the City. This section also requires the Company to reimburse ACSC Cities for reasonable ratemaking costs associated with any appeal filed by the Company to the City's resolution.

5. This section finds that the meeting was conducted in compliance with the Texas Open Meetings Act, Texas Government Code, Chapter 551.

6. This section is a savings clause, which provides that if any section(s) is later found to be unconstitutional or invalid, that finding shall not affect, impair, or invalidate the remaining provisions of this Resolution. This section further directs that the remaining provisions of the Resolution are to be interpreted as if the offending section or clause never existed.

7. This paragraph directs that a copy of the signed Resolution be sent to a representative of the Company and legal counsel for ACSC.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, DENYING THE RATE INCREASE REQUESTED BY ATMOS ENERGY CORP., MID-TEX DIVISION UNDER THE COMPANY'S 2014 ANNUAL RATE REVIEW MECHANISM FILING IN ALL CITIES EXERCISING ORIGINAL JURISDICTION; REQUIRING THE COMPANY TO REIMBURSE CITIES' REASONABLE RATEMAKING EXPENSES PERTAINING TO REVIEW OF THE RRM; AUTHORIZING THE CITY'S PARTICIPATION WITH ATMOS CITIES STEERING COMMITTEE IN ANY APPEAL FILED AT THE RAILROAD COMMISSION OF TEXAS BY THE COMPANY; REQUIRING THE COMPANY TO REIMBURSE CITIES' REASONABLE RATEMAKING EXPENSES IN ANY SUCH APPEAL TO THE RAILROAD COMMISSION; DETERMINING THAT THIS RESOLUTION WAS PASSED IN ACCORDANCE WITH THE REQUIREMENTS OF THE TEXAS OPEN MEETINGS ACT; ADOPTING A SAVINGS CLAUSE; AND REQUIRING DELIVERY OF THIS RESOLUTION TO THE COMPANY AND THE STEERING COMMITTEE'S LEGAL COUNSEL.

WHEREAS, the City of Rockwall, Texas ("City") is a gas utility customer of Atmos Energy Corp., Mid-Tex Division ("Atmos Mid-Tex" or "Company"), and a regulatory authority with an interest in the rates and charges of Atmos Mid-Tex; and

WHEREAS, the City is a member of the Atmos Cities Steering Committee ("ACSC"), a coalition of approximately 164 similarly situated cities served by Atmos Mid-Tex that have joined together to facilitate the review of and response to natural gas issues affecting rates charged in the Atmos Mid-Tex service area; and

WHEREAS, pursuant to the terms of the agreement settling the Company's 2007 Statement of Intent to increase rates, ACSC Cities and the Company worked collaboratively to develop a Rate Review Mechanism ("RRM") tariff that allows for an expedited rate review

process controlled in a three-year experiment by ACSC Cities as a substitute to the current Gas Reliability Infrastructure Program ("GRIP") process instituted by the Legislature; and

WHEREAS, the City took action in 2008 to approve a Settlement Agreement with Atmos Mid-Tex resolving the Company's 2007 rate case and authorizing the RRM tariff; and

WHEREAS, in 2013, ACSC and the Company negotiated a renewal of the RRM tariff process for an additional five years; and

WHEREAS, the City passed an ordinance renewing the RRM tariff process for the City for an additional five years; and

WHEREAS, the RRM renewal tariff contemplates reimbursement of ACSC Cities' reasonable expenses associated with RRM applications; and

WHEREAS, on or about February 28, 2014, the Company filed with the City its second annual RRM filing under the renewed RRM tariff, requesting to increase natural gas base rates by $45.7 million; and

WHEREAS, ACSC coordinated its review of Atmos Mid-Tex's RRM filing through its Executive Committee, assisted by ACSC attorneys and consultants, to investigate issues identified by ACSC in the Company's RRM filing; and

WHEREAS, ACSC attorneys and consultants have concluded that the Company is unable to justify a rate increase of the magnitude requested in the RRM filing; and

WHEREAS, ACSC's consultants determined the Company is only entitled to a $19 million increase, approximately 42% of the Company's request under the 2014 RRM filing; and

WHEREAS, the Company would only be entitled to approximately $31 million if it had a GRIP case; and

WHEREAS, the Company's levels of operating and maintenance expense have dramatically risen without sufficient justification; and

WHEREAS, the Company has awarded its executives and upper management increasing and unreasonable levels of incentives and bonuses, expenses which should be borne by shareholders who received a 23% total return on investment in 2013; and

WHEREAS, the Company requested a drastically high level of medical expense that is unreasonable and speculatively based upon estimates; and

WHEREAS, ACSC and the Company were unable to reach a compromise on the amount of additional revenues that the Company should recover under the 2014 RRM filing; and

WHEREAS, the ACSC Executive Committee, as well as ACSC's counsel and consultants, recommend that ACSC Cities deny the requested rate increase; and

WHEREAS, the Company's current rates are determined to be just, reasonable, and in the public interest.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the findings set forth in this Resolution are hereby in all things approved.

Section 2. That the City Council finds that Atmos Mid-Tex was unable to justify the appropriateness or the need for the increased revenues requested in the 2014 RRM filing, and that existing rates for natural gas service provided by Atmos Mid-Tex are just and reasonable.

Section 3. That Atmos Mid-Tex shall reimburse the reasonable ratemaking expenses of the ACSC Cities in processing the Company's RRM application.

Section 4. That in the event the Company files an appeal of this denial of rate increase to the Railroad Commission of Texas, the City is hereby authorized to intervene in such appeal, and

shall participate in such appeal in conjunction with the ACSC membership. Further, in such event Atmos Mid-Tex shall reimburse the reasonable expenses of the ACSC Cities in participating in the appeal of this and other ACSC City rate actions resulting from the 2014 RRM filing.

Section 5. That the meeting at which this Resolution was approved was in all things conducted in strict compliance with the Texas Open Meetings Act, Texas Government Code, Chapter 551.

Section 6. That if any one or more sections or clauses of this Resolution is adjudged to be unconstitutional or invalid, such judgment shall not affect, impair, or invalidate the remaining provisions of this Resolution and the remaining provisions of the Resolution shall be interpreted as if the offending section or clause never existed.

Section 7. That a copy of this Resolution shall be sent to Atmos Mid-Tex, care of Chris Felan, Manager of Rates and Regulatory Affairs, at Atmos Energy Corporation, 5420 LBJ Freeway, Suite 1862, Dallas, Texas 75240, and to Geoffrey Gay, General Counsel to ACSC, at Lloyd Gosselink Rochelle & Townsend, P.C., P.O. Box 1725, Austin, Texas 78767-1725.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Mayor and City Council**

FROM: **Rick Crowley, City Manager**

DATE: **May 2, 2014**

SUBJECT: **Radio Communication Joint Dispatch Letter of Intent**

At the last Council meeting the staff was directed to prepare a Letter of Intent which would signify the City's positive interest in continuing to evaluate and pursue the interoperable radio system and consolidated dispatch center, but, which also indicates several concerns related to costs and control of the systems. A draft Letter of Intent addressing these matters and addressing several technical issues (about which more information is needed by the City) is attached.

Frank Garza will be reviewing the draft today and will likely also provide comment.

City of Rockwall
The New Horizon

May 2, 2014

The Honorable Jerry Hogan
County Judge, Rockwall County
101 E. Rusk Street
Rockwall, Texas 75087

RE: Letter of Intent

Dear Judge Hogan:

On behalf of the City of Rockwall, Texas, acting by and through its City Council (the "City"), this Letter of Intent (the "Letter of Intent"), sets forth the agreement of the City and Rockwall County, Texas, acting by and through its Commissioners Court (the "County"), to negotiate and enter into an Interlocal Agreement (as described herein) for the participation in the Rockwall County Interoperability Radio Network (the "IRN"). The components of said IRN include a county-wide consolidated radio system (the “Radio Project”) and a county-wide Consolidated Dispatch Center (the “Dispatch Project”). Collectively, the components of the IRN are herein referred to as the “Project.” The aforementioned agreement of the City and the County to negotiate and enter into an Interlocal Agreement or Interlocal Agreements includes the consideration by the Parties for participation in the IRN or consideration by the Parties for participation in the Radio Project.

I. Purpose

The purpose of the development of the IRN, (one or both of its component parts) is to consolidate the radio communication, or the radio communication and dispatch services, throughout all of Rockwall County. In doing so, not only will communication ameliorate, but the result will also be an enhancement of public and first responder safety and provide a more efficient and complete level of interoperability for all public safety agencies in Rockwall County. The Radio Project, or the Radio Project and the Dispatch Project, will serve a legitimate public purpose of Rockwall County and will be governed by adequate controls, contractual or otherwise, to ensure that the public purpose is accomplished.

II. The Project

At this time, the County and the City contemplate that the project would generally consist of the following:

a) The County through its independent consultant will perform and furnish a written needs assessment for the operation of a county-wide consolidated radio and dispatch service and aid the county in executing a formal agreement with an appropriate vendor for the planning, development, procurement, implementation, construction, testing and acceptance of a new P25, Phase II plus radio system and the various systems needed to receive and dispatch calls for service including, but not limited to, radio dispatch consoles, a Next-Generation 911 calling system, a computer aided dispatch (CAD) system acceptable to the City and to the County, a records management system (RMS) acceptable to the City and the County, a logging and instant recall recording system, mobile data system connectivity, and video display walls. Said needs assessment shall incorporate use of equipment that includes all features and capabilities that are equal to, or better than the radio communications system and equipment currently used by the City. The County shall provide to the City, its written consultant's report which shall include, but not necessarily be limited to, a description of each system component, the cost of each system component and the anticipated annual maintenance and operating costs of each component during the warranty period and beyond the warranty period for five years. The City Manager's designee(s) shall have sufficient opportunity to meet with the County consultant for the purpose of evaluating the technical and operational capabilities of each component.

b) The County will provide to the City the new radio equipment to be utilized by the City on a one to one replacement basis as determined by the City's current operable radio equipment inventory at the time of system implementation. Additional radio equipment and ongoing maintenance and replacement costs for user equipment will be the responsibility of the City. The City will receive operational training on the equipment received from the County. The City can choose how to dispose of their current radio inventory. The County will be responsible for funding and building the Radio Project and for its continued operation and maintenance.

c) The County will be responsible for funding construction and operation of a Consolidated Dispatch Center (should agreement be reached on the Dispatch Project) to be located on County property adjacent to the Rockwall County Jail facility. Negotiations will include consideration of the employment status of dispatch operators and other relevant staff to Dispatch Project.

d) A governing board (consisting of the Police Chief, Fire Chief and the City Manager or his designee of each participating municipality, the County Sheriff and County Judge) will be created to direct the operations of the communications systems

that result from the Interlocal Agreement and Interlocal Agreements approved by the County and the municipalities. The governing board shall direct the operations of said systems in accordance with policies and procedures mutually agreed upon by the county and the participating municipalities. The legal structure of this board will be determined during negotiations of the Interlocal Agreement.

e) The County will fund and operate the Consolidated Dispatch Center, if the parties execute an Interlocal Agreement for the dispatch component, for the first two years of its operation. The City and the County will include consideration of the funding for said operations thereafter in the negotiation of the Interlocal Agreement after the cost of operation of the Consolidated Dispatch Center have been more fully identified.

f) The City will respond to all calls for fire service in the City's respective fire service area as designated by the City and its Fire Administration in cooperation with the other municipalities in the county. The funding for providing this service may be negotiated in the Interlocal Agreement.

g) The City, having provided a comprehensive list of Concerns, Issues and Questions, will review the county consultant's report to ensure the City's concerns, issues and questions are addressed.

III. Consideration

The County will, as set forth above, provide funding for the development, purchase, construction, and operation and maintenance of the Radio Project as described herein and in the Interlocal Agreement. The county will, as set forth herein, provide funding for the development, purchase, construction, operation and maintenance of the Consolidated Dispatch Center for the first two years of its operation if an agreement between the Parties on the Dispatch Project is reached. Funding for operation and maintenance of the Consolidated Dispatch Center after the initial two years will be determined in negotiation of the Interlocal Agreement.

IV. IRN Interlocal Agreement

The Parties will cooperate in good faith and use reasonable efforts to negotiate, prepare, execute, and deliver an Interlocal Agreement or Interlocal Agreements prior to the commencement of any project contemplated by this Letter of Intent, setting forth in detail the terms, provisions, and conditions for the purchase, development, and operation and maintenance of the interoperable radio system or the interoperable radio system and Consolidated Dispatch Center including such terms, representations, warranties, covenants, and conditions as may be agreed to by the Parties.

The Parties anticipate that the Interlocal Agreement or Interlocal Agreements would (a) contain conditions to performance in favor of all parties to that agreement as may be

agreed to by the Parties; (b) be subject to approval by the governing bodies of all Parties to that agreement; and (c) be binding and will continue in effect for so long as may be agreed by the Parties to that agreement.

The Parties acknowledge and agree that neither Party shall be under any obligation to enter into an Interlocal Agreement or any other agreement. If an Interlocal Agreement is not executed pursuant to this Letter of Intent prior to the commencement of the Radio Project or the Dispatch Project, then this Letter of Intent and the understandings expressed herein shall automatically terminate.

The development of any project contemplated by this Letter of Intent is contingent upon the participation of each law enforcement agency in the county, excluding the cities of Rowlett, Wylie, Dallas and Mobile City. Should any of the remaining cities choose not to execute the Interlocal Agreement, this Letter of Intent and the understandings expressed herein shall automatically terminate for all participating cities.

V. Other Written Agreements

The County and the City may at any time during the course of their discussion and evaluations enter into one or more written agreements defining specific obligations of each in relation to their continued evaluations and/or the development of any project contemplated by this Letter of Intent.

VI. Confidentiality Agreement

No document or other information provided by either party to the other shall be considered confidential unless the County and the City first enter into a written confidentiality agreement that specifically applies to such document or other information. This section shall not be construed as a waiver of either Party's right to oppose disclosure of documents or other information related to this Letter of Intent or the Party's rights to request a ruling from the Office of the Attorney General regarding public information requests related to this Letter of Intent.

The County and the City desire to cooperate with each other in the preparation of public information and material with respect to this Letter of Intent in their discussions and evaluations of the project. Each will designate a contact person to keep informed about matters related to any public information and public request for such information.

VII. Written Communications/Contact Person

Any written communication between the County and the City will, to the extent practicable, be delivered by hand, sent by fax, or mailed by U.S. Mail, postage prepaid, to each of the following:

To the County:	Rockwall County Attn. County Judge 101 E. Rusk St. Rockwall, Texas 75087 Tel: (972) 204-6000 Fax: (972) 204-6009	To the City:	City of Rockwall Attn. City Manager 385 S. Goliad Rockwall, Texas 75087 Tel: (972) 771-7700 Fax: (972) 771-7727

If this Letter of Intent accurately reflects your understanding of our agreement, please confirm your acceptance of the same, including the reference to the consideration extended, by signing below.

Sincerely,

City of _____

Jerry Hogan, County Judge

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **May 2, 2014**

SUBJECT: **Intent to Refund/Refinance Debt – First Reading – No Action to be Taken**

The bond market now is such that the City can refund (refinance) approximately $9,820,000 of general obligation debt issued in 2005 in order to save $1,047,000 in interest over the remaining life of the bonds. Interest rates at the time were in the 4.0 – 4.5% range and are significantly lower now. The issuance will be accomplished as "bank qualified" which results in savings of issuance costs as well. The debt will be repaid in the same length of time but at a lower interest rate of 2.28%. This refinancing will generate no new dollars.

David Medanich, First Southwest Company, has evaluated the issuance of the bonds and the savings potential. He was able to work with American National Bank to achieve the 2.28% rate. This negates the market risk of the interest rate fluctuation of a sale several weeks in the future and allows the City to avoid underwriter's fees and rating agency fees on this issue.

Adoption of Ordinances

Section 3.11 of the City's Charter provides that ordinances shall be read at two meetings. In past years, a bond ordinance would be considered at two meetings, with the sale and final adoption of the bond ordinance occurring at the second meeting. However, Section 1201.028, Texas Government Code provides that a public security authorization (which by definition includes adoption of an ordinance authorizing the issuance of general obligation or other bonds) becomes effective immediately upon adoption. This section was added to the Code during the legislative session in 2001, became effective September 1, 2001, and specifically provides that it supersede a charter provision to the contrary.

Therefore if the City follows the procedure as outlined in the charter, it is the opinion of Bond Counsel that voting on the first reading of the ordinance on May 5th would cause it to become effective, prior to the actual sale date. In keeping with our practice the last several years, staff will discuss the bonds and the elements of the sale, the caption will be read, but the vote on the actual ordinance will not occur at this meeting, to comply with the State Statute.

CITY OF ROCKWALL

ORDINANCE NO. _____

ORDINANCE AUTHORIZING THE ISSUANCE AND SALE OF CITY OF ROCKWALL, TEXAS, GENERAL OBLIGATION REFUNDING BOND, SERIES 2014; LEVYING AN ANNUAL AD VALOREM TAX AND PROVIDING FOR THE SECURITY FOR AND PAYMENT OF SAID BOND; PROVIDING AN EFFECTIVE DATE; AND ENACTING OTHER PROVISIONS RELATING TO THE SUBJECT

THE STATE OF TEXAS §
COUNTY OF ROCKWALL §
CITY OF ROCKWALL §

WHEREAS, there are presently the outstanding obligations of the City of Rockwall, Texas (the "Issuer") described in Schedule I attached hereto, collectively, the "Refunded Obligations";

WHEREAS, Chapter 1207, Texas Government Code ("Chapter 1207"), authorizes the Issuer to issue refunding bonds and to deposit the proceeds from the sale thereof, and any other available funds or resources, directly with a place of payment (paying agent) for the Refunded Obligations, and such deposit, if made before such payment dates, shall constitute the making of firm banking and financial arrangements for the discharge and final payment of the Refunded Obligations;

WHEREAS, Chapter 1207, Texas Government Code, authorizes the Issuer to issue refunding bonds and to deposit the proceeds from the sale thereof together with any other available funds or resources directly with a paying agent for the Refunded Obligations or a trust company or commercial bank that does not act as a depository for the Issuer and such deposit, if made before the payment dates of the Refunded Obligations, shall constitute the making of firm banking and financial arrangements for the discharge and final payment of the Refunded Obligations;

WHEREAS, Chapter 1207, Texas Government Code, further authorizes the Issuer to enter into an escrow or similar agreement with any such paying agent or trust company or commercial bank with respect to the safekeeping, investment, reinvestment, administration and disposition of any such deposit, upon such terms and conditions as the Issuer and such paying agent or trust company or commercial bank may agree;

WHEREAS, the City Council hereby finds and declares a public purpose and it is in the best interests of the Issuer to refund the Refunded Obligations in order to achieve a debt service savings and to restructure the Issuer's outstanding debt service, and that such refunding will result in a present value debt service savings of approximately $_____ and an actual debt service savings of approximately $_____ to the Issuer;

WHEREAS, all the Refunded Obligations mature or are subject to redemption prior to maturity within 20 years of the date of the bond hereinafter authorized;

WHEREAS, the bond hereafter authorized is being issued and delivered pursuant to said Chapter 1207, Texas Government Code; and

WHEREAS, It is officially found, determined, and declared that the meeting at which this Ordinance has been adopted was open to the public and public notice of the time, place and subject matter of the public business to be considered and acted upon at said meeting, including this Ordinance, was given, all as required by the applicable provisions of Texas Government Code, Chapter 551; Now, Therefore

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. RECITALS, AMOUNT AND PURPOSE OF THE BOND. The recitals set forth in the preamble hereof are incorporated herein and shall have the same force and effect as if set forth in this Section. The bond of the City of Rockwall, Texas (the "Issuer") is hereby authorized to be issued and delivered in the aggregate principal amount of $9,820,000 for the public purpose of refunding the Refunded Obligations, and to pay the costs incurred in connection with the issuance of the Bond.

Section 2. DESIGNATION, DATE, DENOMINATION, NUMBER, AND MATURITY AND INTEREST RATE OF BOND. Each bond issued pursuant to this Ordinance shall be designated: "CITY OF ROCKWALL, TEXAS, GENERAL OBLIGATION REFUNDING BOND, SERIES 2014," and there shall be issued, sold, and delivered hereunder one fully registered bond, without interest coupons, dated May 5, 2014, in the denomination and principal amount of $9,820,000, numbered R-1, with any bond issued in replacement thereof being in the denomination of the full principal amount of the series of which the bond is issued and numbered consecutively from R-2 upward, payable in installments to the registered owner thereof, or to the registered assignee of said bond (in each case, the "Registered Owner"). Principal of said Bond shall mature and be payable in installments on the dates and in the amounts stated in the FORM OF BOND set forth in Exhibit A to this Ordinance. The Bond shall bear interest on the unpaid balance of the principal amount thereof from the date of delivery to the scheduled due date of the principal installments of the Bond at the rate of interest stated in the FORM OF BOND set forth in Exhibit A to this Ordinance. Said interest shall be payable in the manner provided and on the dates stated in the FORM OF BOND set forth in Exhibit A to this Ordinance.

The term "Bond" as used in this Ordinance shall mean and include collectively the bond initially issued and delivered pursuant to this Ordinance and any substitute bond exchanged therefor, as well as any other substitute or replacement bond issued pursuant hereto, and the term "Bond" shall mean any such bond.

Section 3. CHARACTERISTICS OF THE BOND.

(a) Appointment of Paying Agent/Registrar. The Issuer hereby appoints The American National Bank of Texas, Rockwall, Texas, to serve as paying agent and registrar for the Bond (the "Paying Agent/Registrar"). The Mayor or City Manager is authorized and directed to execute and deliver in the name on behalf of the Issuer a Paying Agent/Registrar Agreement with the Paying Agent/Registrar in substantially the form presented at this meeting.

(b) Registration, Transfer and Exchange. The Issuer shall keep or cause to be kept at the corporate trust office of the Paying Agent/Registrar books or records for the registration of the transfer and exchange of the Bond (the "Registration Books"), and the Issuer hereby appoints the Paying Agent/Registrar as its registrar and transfer agent to keep such books or records and make such registrations of transfers and exchanges under such reasonable regulations as the Issuer and Paying Agent/Registrar may prescribe; and the Paying Agent/Registrar shall make such registrations, transfers and exchanges as herein provided within three days of presentation in due and proper form. The Paying Agent/Registrar shall obtain and record in the Registration Books the address of the Registered Owner of each Bond to which payments with respect to the Bond shall be mailed, as herein provided; but it shall be the duty of the Registered Owner to notify the Paying Agent/Registrar in writing of the address to which payments shall be mailed, and such interest payments shall not be mailed unless such notice has been given. The Issuer shall have the right to inspect the Registration Books during regular business hours of the Paying Agent/Registrar, but otherwise the Paying Agent/Registrar shall keep the Registration Books confidential and, unless otherwise required by law, shall not permit their inspection by any other entity. The Issuer shall pay the Paying Agent/Registrar's standard or customary fees and charges for making such registration, transfer exchange and delivery of a substitute Bond. Registration

of assignments, transfers and exchanges of a Bonds shall be made in the manner provided and with the effect stated in the FORM OF BOND attached as Exhibit A to this Ordinance. Each substitute Bond shall bear a letter and/or number to distinguish it from each other Bond.

(c) Authentication. Except as provided in subsection (h) of this section, an authorized representative of the Paying Agent/Registrar shall, before the delivery of any such Bond, date and manually sign said Bond, and no such Bond shall be deemed to be issued or outstanding unless such Bond is so executed. The Paying Agent/Registrar promptly shall cancel any paid Bond and any Bond surrendered for exchange. No additional ordinances, orders or resolutions need be passed or adopted by the governing body of the Issuer or any other body or person so as to accomplish the foregoing exchange of any Bond or portion thereof, and the Paying Agent/Registrar shall provide for the printing, execution and delivery of the substitute Bond in the manner prescribed herein. Pursuant to Subchapter D, Chapter 1201, Texas Government Code, the duty of exchange of a Bond as aforesaid is hereby imposed upon the Paying Agent/Registrar, and, upon the execution of said Bond, the exchanged Bond shall be valid, incontestable, and enforceable in the same manner and with the same effect as the Bond which initially was issued and delivered pursuant to this Ordinance, approved by the Attorney General, and registered by the Comptroller of Public Accounts.

(d) Payment of Principal and Interest. The Issuer hereby further appoints the Paying Agent/Registrar to act as the paying agent for paying the principal of and interest on the Bond, all as provided in this Ordinance. The Paying Agent/Registrar shall keep proper records of all payments made by the Issuer and the Paying Agent/Registrar with respect to the Bond, and of any exchange of a Bond, and any replacement of a Bond, as provided in this Ordinance. However, in the event of a nonpayment of interest on a scheduled payment date, and for thirty (30) days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the Issuer. Notice of the Special Record Date and of the scheduled payment date of the past due interest (which shall be 15 days after the Special Record Date) shall be sent at least five (5) business days prior to the Special Record Date by United States mail, first class postage prepaid, to the address of the Registered Owner appearing on the Registration Books at the close of business on the last business day next preceding the date of mailing of such notice.

(e) Payment to Registered Owner. Notwithstanding any other provision of this Ordinance to the contrary, the Issuer and the Paying Agent/Registrar shall be entitled to treat and consider the person in whose name each Bond is registered in the Registration Books as the absolute owner of such Bond for the purpose of payment of principal and interest with respect to such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. The Paying Agent/Registrar shall pay all principal of and interest on the Bond only to or upon the order of the Registered Owner, as shown in the Registration Books as provided in this Ordinance, or its respective attorney duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the Issuer's obligations with respect to payment of principal of and interest on the Bond to the extent of the sum or sums so paid. No person other than a Registered Owner, as shown in the Registration Books, shall receive a Bond certificate evidencing the obligation of the Issuer to make payments of principal and interest pursuant to this Ordinance.

(f) Paying Agent/Registrar. The Issuer covenants with the Registered Owner of the Bond that at all times while the Bond is outstanding the Issuer will provide a competent and legally qualified bank, trust company, financial institution or other agency to act as and perform the services of Paying Agent/Registrar for the Bond under this Ordinance, and that the Paying Agent/Registrar will be one entity. By accepting the position and performing as such, each Paying Agent/Registrar shall be deemed to have agreed to the provisions of this Ordinance, and a certified copy of this Ordinance shall be delivered to each Paying Agent/Registrar.

(g) Substitute Paying Agent/Registrar. The Issuer reserves the right to, and may, at its option, change the Paying Agent/Registrar upon not less than 120 days written notice to the Paying Agent/Registrar, to be effective not later than 60 days prior to the next principal or interest payment date after such notice. In the event that the entity at any time acting as Paying Agent/Registrar (or its successor by merger, acquisition, or other method) should resign or otherwise cease to act as such, the Issuer covenants that promptly it will appoint a competent and legally qualified bank, trust company, financial institution, or other agency to act as Paying Agent/Registrar under this Ordinance. Upon any change in the Paying Agent/Registrar, the previous Paying Agent/Registrar promptly shall transfer and deliver the Registration Books (or a copy thereof), along with all other pertinent books and records relating to the Bond, to the new Paying Agent/Registrar designated and appointed by the Issuer. Upon any change in the Paying Agent/Registrar, the Issuer promptly will cause a written notice thereof to be sent by the new Paying Agent/Registrar to the Registered Owner of the Bond, by United States mail, first-class postage prepaid, which notice also shall give the address of the new Paying Agent/Registrar.

(h) General Characteristics of the Bond. The Bond (i) shall be issued in fully registered form, without interest coupons, with the principal of and interest on such Bond to be payable only to the Registered Owner thereof, (ii) may and shall be redeemed prior to their scheduled maturities, (iii) may be transferred and assigned, (iii) may be transferred and assigned, (iv) may be exchanged for other Bond, (v) shall have the characteristics, (vi) shall be signed, sealed, executed and authenticated, (vii) the principal of and interest on the Bond shall be payable, and (viii) shall be administered and the Paying Agent/Registrar and the Issuer shall have certain duties and responsibilities with respect to the Bond, all as provided, and in the manner and to the effect as required or indicated, in the FORM OF BOND set forth as Exhibit A to this Ordinance. The Bond initially issued and delivered pursuant to this Ordinance is not required to be, and shall not be, authenticated by the Paying Agent/Registrar, but on each substitute Bond issued in exchange for any Bond issued under this Ordinance the Paying Agent/Registrar shall execute the Paying Agent/registrar's Authentication Bond, in the FORM OF BOND set forth in this Ordinance.

(i) Delivery of Initial Bond. On the closing date, one initial Bond representing the entire principal amount of the Bond, payable in stated installments to the purchaser designated in Section 10 or its designee, executed by manual or facsimile signature of the Mayor and City Secretary of the Issuer, approved by the Attorney General of Texas, and registered and manually signed by the Comptroller of Public Accounts of the State of Texas, and with the date of delivery inserted thereon by the Paying Agent/Registrar, will be delivered to such purchaser or its designee.

Section 4. FORM OF BOND. The form of the Bond, including the form of Paying Agent/Registrar's Authentication Certificate, the form of Assignment and the form of Registration Certificate of the Comptroller of Public Accounts of the State of Texas to be attached to the Bond initially issued and delivered pursuant to this Ordinance, shall be, respectively, substantially as shown in Exhibit A, with such appropriate variations, omissions or insertions as are permitted or required by this Ordinance.

Section 5. INTEREST AND SINKING FUND.

(a) A special "Interest and Sinking Fund" is hereby created and shall be established and maintained by the Issuer at an official depository bank of said Issuer. Said Interest and Sinking Fund shall be kept separate and apart from all other funds and accounts of said Issuer, and shall be used only for paying the interest on and principal of said Bond. All ad valorem taxes levied and collected for and on account of said Bond shall be deposited, as collected, to the credit of said Interest and Sinking Fund. During each year while any of said Bond is outstanding and unpaid, the governing body of said Issuer shall compute and ascertain a rate and amount of ad valorem tax that will be sufficient to raise and produce the money required to pay the interest on said Bond as such interest comes due, and to provide and maintain a sinking fund adequate to pay

the principal of said Bond as such principal matures (but never less than 2% of the original amount of said Bond as a sinking fund each year); and said tax shall be based on the latest approved tax rolls of said Issuer, with full allowances being made for tax delinquencies and the cost of tax collection. Said rate and amount of ad valorem tax is hereby levied, and is hereby ordered to be levied, against all taxable property in said Issuer, for each year while said Bond are outstanding and unpaid, and said tax shall be assessed and collected each such year and deposited to the credit of the aforesaid Interest and Sinking Fund. Said ad valorem taxes sufficient to provide for the payment of the interest on and principal of said Bond, as such interest comes due and such principal matures, are hereby pledged for such payment, within the limit prescribed by law. If lawfully available moneys of the Issuer are actually on deposit in the Interest and Sinking Fund in advance of the time when ad valorem taxes are scheduled to be levied for any year, then the amount of taxes that otherwise would have been required to be levied pursuant to this Section may be reduced to the extent and by the amount of the lawfully available funds then on deposit in the Interest and Sinking Fund.

(b) Article 1208, Government Code, applies to the issuance of the Bond and the pledge of the taxes granted by the Issuer under this Section, and is therefore valid, effective, and perfected. Should Texas law be amended at any time while the Bond is outstanding and unpaid, the result of such amendment being that the pledge of the taxes granted by the Issuer under this Section is to be subject to the filing requirements of Chapter 9, Business & Commerce Code, in order to preserve to the Registered Owner of the Bond a security interest in said pledge, the Issuer agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Chapter 9, Business & Commerce Code and enable a filing of a security interest in said pledge to occur.

Section 6. DEFEASANCE OF BOND.

(a) Any Bond and the interest thereon shall be deemed to be paid, retired and no longer outstanding (a "Defeased Bond") within the meaning of this Ordinance, except to the extent provided in subsection (d) of this Section, when payment of the principal of such Bond, plus interest thereon to the due date (whether such due date be by reason of maturity or otherwise) either (i) shall have been made or caused to be made in accordance with the terms thereof, or (ii) shall have been provided for on or before such due date by irrevocably depositing with or making available to the Paying Agent/Registrar in accordance with an escrow agreement or other instrument (the "Future Escrow Agreement") for such payment (1) lawful money of the United States of America sufficient to make such payment or (2) Defeasance Securities that mature as to principal and interest in such amounts and at such times as will insure the availability, without reinvestment, of sufficient money to provide for such payment, and when proper arrangements have been made by the Issuer with the Paying Agent/Registrar for the payment of its services until the Defeased Bond shall have become due and payable. At such time as a Bond shall be deemed to be a Defeased Bond hereunder, as aforesaid, such Bond and the interest thereon shall no longer be secured by, payable from, or entitled to the benefits of, the ad valorem taxes herein levied and pledged as provided in this Ordinance, and such principal and interest shall be payable solely from such money or Defeasance Securities.

(b) Any moneys so deposited with the Paying Agent/Registrar may at the written direction of the Issuer be invested in Defeasance Securities, maturing in the amounts and times as hereinbefore set forth, and all income from such Defeasance Securities received by the Paying Agent/Registrar that is not required for the payment of the Bond and interest thereon, with respect to which such money has been so deposited, shall be turned over to the Issuer, or deposited as directed in writing by the Issuer. Any Future Escrow Agreement pursuant to which the money and/or Defeasance Securities are held for the payment of a Defeased Bond may contain provisions permitting the investment or reinvestment of such moneys in Defeasance Securities or the substitution of other Defeasance Securities upon the satisfaction of the requirements specified in subsection 6(a)(i) or (ii). All income from such Defeasance Securities received by the Paying Agent/Registrar which

is not required for the payment of the Defeased Bond, with respect to which such money has been so deposited, shall be remitted to the Issuer or deposited as directed in writing by the Issuer.

(c) The term "Defeasance Securities" means any securities and obligations now or hereafter authorized by State law that are eligible to refund, retire or otherwise discharge obligations such as the Bond.

(d) Until the Defeased Bond shall have become due and payable, the Paying Agent/Registrar shall perform the services of Paying Agent/Registrar for such Defeased Bond the same as if they had not been defeased, and the Issuer shall make proper arrangements to provide and pay for such services as required by this Ordinance.

Section 7. DAMAGED, MUTILATED, LOST, STOLEN, OR DESTROYED BOND.

(a) Replacement Bond. In the event any outstanding Bond is damaged, mutilated, lost, stolen or destroyed, the Paying Agent/Registrar shall cause to be printed, executed and delivered, a new Bond of the same principal amount, maturity and interest rate, as the damaged, mutilated, lost, stolen or destroyed Bond, in replacement for such Bond in the manner hereinafter provided.

(b) Application for Replacement Bond. Application for replacement of a damaged, mutilated, lost, stolen or destroyed Bond shall be made by the Registered Owner thereof to the Paying Agent/Registrar. In every case of loss, theft or destruction of a Bond, the Registered Owner applying for a replacement Bond shall furnish to the Issuer and to the Paying Agent/Registrar such security or indemnity as may be required by them to save each of them harmless from any loss or damage with respect thereto. Also, in every case of loss, theft or destruction of a Bond, the Registered Owner shall furnish to the Issuer and to the Paying Agent/Registrar evidence to their satisfaction of the loss, theft or destruction of such Bond, as the case may be. In every case of damage or mutilation of a Bond, the Registered Owner shall surrender to the Paying Agent/Registrar for cancellation the Bond so damaged or mutilated.

(c) No Default Occurred. Notwithstanding the foregoing provisions of this Section, in the event any such Bond shall have matured, and no default has occurred that is then continuing in the payment of the principal of or interest on the Bond, the Issuer may authorize the payment of the same (without surrender thereof except in the case of a damaged or mutilated Bond) instead of issuing a replacement Bond, provided security or indemnity is furnished as above provided in this Section.

(d) Charge for Issuing Replacement Bond. Prior to the issuance of any replacement Bond, the Paying Agent/Registrar shall charge the Registered Owner of such Bond with all legal, printing, and other expenses in connection therewith. Every replacement Bond issued pursuant to the provisions of this Section by virtue of the fact that any Bond is lost, stolen or destroyed shall constitute a contractual obligation of the Issuer whether or not the lost, stolen or destroyed Bond shall be found at any time, or be enforceable by anyone, and shall be entitled to all the benefits of this Ordinance.

(e) Authority for Issuing Replacement Bond. In accordance with Sec. 1206.022, Government Code, this Section 7 of this Ordinance shall constitute authority for the issuance of any such replacement Bond without necessity of further action by the governing body of the Issuer or any other body or person, and the duty of the replacement of such Bond is hereby authorized and imposed upon the Paying Agent/Registrar, and the Paying Agent/Registrar shall authenticate and deliver such Bond in the form and manner and with the effect, as provided in Section 3(a) of this Ordinance for a Bond issued in exchange for another Bond.

Section 8. CUSTODY, APPROVAL, AND REGISTRATION OF BOND; BOND COUNSEL'S OPINION; CUSIP NUMBERS AND CONTINGENT INSURANCE PROVISION, IF OBTAINED; ENGAGEMENT OF BOND COUNSEL.

(a) The Mayor of the Issuer is hereby authorized to have control of the Bond initially issued and delivered hereunder and all necessary records and proceedings pertaining to the Bond pending its delivery and their investigation, examination, and approval by the Attorney General of the State of Texas, and their registration by the Comptroller of Public Accounts of the State of Texas. Upon registration of the Bond said Comptroller of Public Accounts (or a deputy designated in writing to act for said Comptroller) shall manually sign the Comptroller's Registration Certificate attached to such Bond, and the seal of said Comptroller shall be impressed, or placed in facsimile, on such Bond. The approving legal opinion of the Issuer's Bond Counsel and the assigned CUSIP numbers (if obtained) may, at the option of the Issuer, be printed on the Bond issued and delivered under this Ordinance, but neither shall have any legal effect, and shall be solely for the convenience and information of the Registered Owner of the Bond. In addition, if bond insurance is obtained, the Bond may bear an appropriate legend as provided by the insurer.

(b) The obligation of the initial purchaser to accept delivery of the Bond is subject to the initial purchaser being furnished with the final, approving opinion of McCall, Parkhurst & Horton L.L.P., bond counsel to the Issuer, which opinion shall be dated as of and delivered on the date of initial delivery of the Bond to the initial purchaser. The engagement of such firm as bond counsel to the Issuer in connection with issuance, sale and delivery of the Bond is hereby approved and confirmed. The execution and delivery of an engagement letter between the Issuer and such firm, with respect to such services as bond counsel, is hereby authorized in such form as may be approved by the Mayor, and the Mayor is hereby authorized to execute such engagement letter.

Section 9. COVENANTS REGARDING TAX EXEMPTION OF INTEREST ON THE BOND.

(a) Covenants. The Issuer covenants to take any action necessary to assure, or refrain from any action that would adversely affect, the treatment of the Bond as an obligation described in section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), the interest on which is not includable in the "gross income" of the holder for purposes of federal income taxation. In furtherance thereof, the Issuer covenants as follows:

(1) to take any action to assure that no more than 10 percent of the proceeds of the Bond (less amounts deposited to a reserve fund, if any) are used for any "private business use," as defined in section 141(b)(6) of the Code or, if more than 10 percent of the proceeds or the projects financed therewith are so used, such amounts, whether or not received by the Issuer, with respect to such private business use, do not, under the terms of this Ordinance or any underlying arrangement, directly or indirectly, secure or provide for the payment of more than 10 percent of the debt service on the Bond, in contravention of section 141(b)(2) of the Code;

(2) to take any action to assure that in the event that the "private business use" described in subsection (1) hereof exceeds 5 percent of the proceeds of the Bond or the projects financed therewith (less amounts deposited into a reserve fund, if any) then the amount in excess of 5 percent is used for a "private business use" that is "related" and not "disproportionate," within the meaning of section 141(b)(3) of the Code, to the governmental use;

(3) to take any action to assure that no amount that is greater than the lesser of $5,000,000, or 5 percent of the proceeds of the Bond (less amounts deposited into a reserve fund, if any) is

directly or indirectly used to finance loans to persons, other than state or local governmental units, in contravention of section 141(c) of the Code;

(4) to refrain from taking any action that would otherwise result in the Bond being treated as a "private activity bond" within the meaning of section 141(b) of the Code;

(5) to refrain from taking any action that would result in the Bond being "federally guaranteed" within the meaning of section 149(b) of the Code;

(6) to refrain from using any portion of the proceeds of the Bond, directly or indirectly, to acquire or to replace funds that were used, directly or indirectly, to acquire investment property (as defined in section 148(b)(2) of the Code) that produces a materially higher yield over the term of the Bond, other than investment property acquired with –

(A) proceeds of the Bond invested for a reasonable temporary period of 3 years or less or, in the case of an advance refunding bond, for a period of 30 days or less until such proceeds are needed for the purpose for which the Bond is issued, and in the case of a current refunding bond, for a period of 90 days or less,

(B) amounts invested in a bona fide debt service fund, within the meaning of section 1.148-1(b) of the Treasury Regulations, and

(C) amounts deposited in any reasonably required reserve or replacement fund to the extent such amounts do not exceed 10 percent of the proceeds of the Bond;

(7) to otherwise restrict the use of the proceeds of the Bond or amounts treated as proceeds of the Bond, as may be necessary, so that the Bond does not otherwise contravene the requirements of section 148 of the Code (relating to arbitrage) and, to the extent applicable, section 149(d) of the Code (relating to advance refundings); and

(8) to pay to the United States of America at least once during each five-year period (beginning on the date of delivery of the Bond) an amount that is at least equal to 90 percent of the "Excess Earnings," within the meaning of section 148(f) of the Code and to pay to the United States of America, not later than 60 days after the Bond has been paid in full, 100 percent of the amount then required to be paid as a result of Excess Earnings under section 148(f) of the Code.

(b) Rebate Fund. In order to facilitate compliance with the above covenant (a)(8), a "Rebate Fund" is hereby established by the Issuer for the sole benefit of the United States of America, and such Fund shall not be subject to the claim of any other person, including without limitation the Registered Owner. The Rebate Fund is established for the additional purpose of compliance with section 148 of the Code.

(c) Use of Proceeds. The Issuer understands that the term "proceeds" includes "disposition proceeds" as defined in the Treasury Regulations (hereinafter defined) and, in the case of refunding bonds, transferred proceeds (if any) and proceeds of the refunded bonds expended prior to the date of issuance of the Bond. It is the understanding of the Issuer that the covenants contained herein are intended to assure compliance with the Code and any regulations or rulings promulgated by the U.S. Department of the Treasury pursuant thereto (the "Treasury Regulations"). In the event that regulations or rulings are hereafter promulgated that modify or expand provisions of the Code, as applicable to the Bond, the Issuer will not be required to comply with any covenant contained herein to the extent that such failure to comply, in the opinion of nationally recognized bond counsel, will not adversely affect the exemption from federal income taxation of interest on

the Bond under section 103 of the Code. In the event that regulations or rulings are hereafter promulgated that impose additional requirements applicable to the Bond, the Issuer agrees to comply with the additional requirements to the extent necessary, in the opinion of nationally recognized bond counsel, to preserve the exemption from federal income taxation of interest on the Bond under section 103 of the Code. In furtherance of such intention, the Issuer hereby authorizes and directs the Mayor, the City Manager and the Assistant City Manager to execute any documents, certificates or reports required by the Code and to make such elections, on behalf of the Issuer, that may be permitted by the Code as are consistent with the purpose for the issuance of the Bond.

(d) Disposition of Projects. The Issuer covenants that the projects funded with the proceeds of the Refunded Obligations will not be sold or otherwise disposed in a transaction resulting in the receipt by the Issuer of cash or other compensation, unless the Issuer obtains an opinion of nationally-recognized bond counsel that such sale or other disposition will not adversely affect the tax-exempt status of the Bond. For purposes of the foregoing, the portion of the property comprising personal property and disposed in the ordinary course shall not be treated as a transaction resulting in the receipt of cash or other compensation. For purposes hereof, the Issuer shall not be obligated to comply with this covenant if it obtains a legal opinion that such failure to comply will not adversely affect the excludability for federal income tax proposes from gross income of the interest.

(e) Designation as a Qualified Tax-Exempt Obligation. The Issuer hereby designates the Bond as a "qualified tax-exempt obligation" as defined in section 265(b)(3) of the Code. In furtherance of such designation, the Issuer represents, covenants and warrants the following: (a) that during the calendar year in which the Bond is issued, the Issuer (including any subordinate entities) has not designated nor will designate obligations that when aggregated with the Bond, will result in more than $10,000,000 of "qualified tax-exempt bonds" being issued; (b) that the Issuer reasonably anticipates that the amount of tax-exempt obligations issued, during the calendar year in which the Bond is issued, by the Issuer (or any subordinate entities) will not exceed $10,000,000; and, (c) that the Issuer will take such action or refrain from such action as necessary, and as more particularly set forth in this Section, hereof, in order that the Bond will not be considered a "private activity bond" within the meaning of section 141 of the Code.

Section 10. SALE OF BOND. The Bond is hereby initially sold and shall be delivered to The American National Bank of Texas (the "Purchaser") in Terrell, Texas, for cash for the par value thereof, pursuant to the Purchase Agreement dated the date of the final passage of this Ordinance which the Mayor is hereby authorized to execute and deliver. The Bond shall initially be registered in the name of the Purchaser. It is hereby officially found, determined, and declared that the terms of this sale are the most advantageous reasonably obtainable.

Section 11. FURTHER PROCEDURES. The Mayor, the City Manager, the Assistant City Manager and the City Secretary, and each of them, shall be and they are hereby expressly authorized, empowered and directed from time to time and at any time to do and perform all such acts and things and to execute, acknowledge and deliver in the name and on behalf of the Issuer such certificates, documents and other instruments, whether or not herein mentioned, as may be necessary or desirable in order to carry out the terms and provisions of this Ordinance, the Bond and the sale of the Bond. In case any officer whose signature shall appear on any Bond shall cease to be such officer before the delivery of such Bond, such signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery.

Section 12. NO RULE 15c2-12 UNDERTAKING. The Issuer has not made an undertaking in accordance with Rule 15c2-12 of the Securities and Exchange Commission (the "Rule") in connection with

the issuance of the Bond. The Issuer is not, therefore, obligated pursuant to the Rule to provide any on-going disclosure relating to the Issuer or the Bond in connection with the issuance of the Bond.

Section 13. METHOD OF AMENDMENT. The Issuer hereby reserves the right to amend this Ordinance subject to the following terms and conditions, to-wit:

(a) The Issuer may from time to time, without the consent of the Registered Owner, except as otherwise required by paragraph (b) below, amend or supplement this Ordinance in order to (i) cure any ambiguity, defect or omission in this Ordinance that does not materially adversely affect the interests of the holders, (ii) grant additional rights or security for the benefit of the holders, (iii) add events of default as shall not be inconsistent with the provisions of this Ordinance and that shall not materially adversely affect the interests of the holders, (iv) qualify this Ordinance under the Trust Indenture Act of 1939, as amended, or corresponding provisions of federal laws from time to time in effect, or (v) make such other provisions in regard to matters or questions arising under this Ordinance as shall not be inconsistent with the provisions of this Ordinance and that shall not in the opinion of the Issuer's Bond Counsel materially adversely affect the interests of the holders.

(b) Except as provided in paragraph (a) above, the Registered Owner shall have the right from time to time to approve any amendment hereto that may be deemed necessary or desirable by the Issuer; provided, however, that without the consent of the Registered Owner, nothing herein contained shall permit or be construed to permit amendment of the terms and conditions of this Ordinance or in the Bond so as to (i) make any change in the maturity of the Bond; (ii) reduce the rate of interest borne by the Bond; (iii) reduce the amount of the principal of payable on the Bond; (iv) modify the terms of payment of principal or of interest on the Bond or impose any condition with respect to such payment; or (v) change the requirement with respect to Registered Owner consent to such amendment.

(c) If at any time the Issuer shall desire to amend this Ordinance under this Section, the Issuer shall send by U.S. mail to the Registered Owner of the Bond a copy of the proposed amendment.

(d) Whenever at any time within one year from the date of mailing of such notice the Issuer shall receive an instrument or instruments executed by the Registered Owner of the Bond, which instrument or instruments shall refer to the proposed amendment and that shall specifically consent to and approve such amendment, the Issuer may adopt the amendment in substantially the same form.

(e) Upon the adoption of any amendatory Ordinance pursuant to the provisions of this Section, this Ordinance shall be deemed to be modified and amended in accordance with such amendatory Ordinance, and the respective rights, duties, and obligations of the Issuer and the Registered Owner of the Bond shall thereafter be determined, exercised, and enforced, subject in all respects to such amendment.

(f) Any consent given by the Registered Owner of the Bond pursuant to the provisions of this Section shall be irrevocable for a period of six months from the date of the mailing of the notice provided for in this Section, and shall be conclusive and binding upon all future holders of the same Bond during such period. Such consent may be revoked at any time after six months from the date of the mailing of said notice by the Registered Owner, or by a successor in title, by filing notice with the Issuer.

(g) For the purposes of establishing ownership of the Bond, the Issuer shall rely solely upon the registration of the ownership of such Bond on the registration books kept by the Paying Agent/Registrar.

Section 14. DEFAULT AND REMEDIES

(a) Events of Default. Each of the following occurrences or events for the purpose of this Ordinance is hereby declared to be an Event of Default:

(i) the failure to make payment of the principal of or interest on the Bond when the same becomes due and payable; or

(ii) default in the performance or observance of any other covenant, agreement or obligation of the Issuer, the failure to perform which materially, adversely affects the rights of the Registered Owner of the Bond, including, but not limited to, their prospect or ability to be repaid in accordance with this Ordinance, and the continuation thereof for a period of 60 days after notice of such default is given by the Registered Owner to the Issuer.

(b) Remedies for Default. Upon the happening of any Event of Default, then and in every case, the Registered Owner or an authorized representative thereof, including, but not limited to, a trustee or trustees therefor, may proceed against the Issuer for the purpose of protecting and enforcing the rights of the Registered Owner under this Ordinance, by mandamus or other suit, action or special proceeding in equity or at law, in any court of competent jurisdiction, for any relief permitted by law, including the specific performance of any covenant or agreement contained herein, or thereby to enjoin any act or thing that may be unlawful or in violation of any right of the Registered Owner hereunder or any combination of such remedies.

(c) Remedies Not Exclusive.

(i) No remedy herein conferred or reserved is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or under the Bond or now or hereafter existing at law or in equity; provided, however, that notwithstanding any other provision of this Ordinance, the right to accelerate the debt evidenced by the Bond shall not be available as a remedy under this Ordinance.

(ii) The exercise of any remedy herein conferred or reserved shall not be deemed a waiver of any other available remedy.

(iii) By accepting the delivery of a Bond authorized under this Ordinance, the Registered Owner agrees that the certifications required to effectuate any covenants or representations contained in this Ordinance do not and shall never constitute or give rise to a personal or pecuniary liability or charge against the officers, employees or trustees of the Issuer or the City Council.

Section 15. APPROVAL OF ESCROW AGREEMENT AND TRANSFER OF FUNDS. The Mayor or City Manager of the Issuer is hereby authorized and directed to execute and deliver an escrow or similar agreement with The Bank of New York Mellon Trust Company, N.A., in substantially the form presented at this meeting. In addition, the Mayor or other officer of the Issuer is authorized to purchase such securities, to execute subscriptions for the purchase of U. S. Treasury Securities, State and Local Government Series, and to authorize such contributions, as may be necessary for the Escrow Fund.

Section 16. REDEMPTION OF REFUNDED OBLIGATIONS.

(a) The Issuer hereby directs that the Refunded Obligations be called for redemption on the dates set forth on Schedule I. Such Refunded Obligations shall be redeemed at the redemption price of par plus accrued interest. The Mayor of the Issuer is hereby authorized to issue or cause to be issued the Notice of

Redemption of the Refunded Obligations, in the forms set forth in Exhibit B attached hereto, to the paying agent/registrar for the Refunded Obligations.

(b) In addition, the paying agent/registrar for the Refunded Obligations is hereby directed to provide notice of redemption to the registered owners of the Refunded Obligations and is hereby directed to make appropriate arrangements so that the Refunded Obligations may be redeemed on their respective redemption dates. The Refunded Obligations shall be presented for redemption at the paying agent/registrar therefor, and shall not bear interest after the date fixed for redemption.

(c) The source of funds for payment of the principal of and interest on the Refunded Obligations on their redemption date shall be from the funds deposited with the Escrow Agent, pursuant to the Escrow Agreement approved in Section 15 of this Ordinance.

Section 17. APPROPRIATION. To pay the debt service coming due on the Bond prior to receipt of the taxes levied to pay such debt service, there is hereby appropriated from current funds on hand, which are hereby certified to be on hand and available for such purpose, an amount sufficient to pay such debt service, and such amount shall be used for no other purpose.

Section 18. SEVERABILITY. If any section, article, paragraph, sentence, clause, phrase or word in this Ordinance, or application thereof to any persons or circumstances is held invalid or unconstitutional by a court of competent jurisdiction, such holding shall not affect the validity of the remaining portion of this Ordinance, despite such invalidity, which remaining portions shall remain in full force and effect.

Section 19. EFFECTIVE DATE. In accordance with the provisions of Texas Government Code, Section 1201.028, this Ordinance shall be effective immediately upon its adoption by the City Council.

EXHIBIT A

FORM OF BOND

A. The form of the Bond, including the form of Paying Agent/Registrar's Authentication Certificate, the form of Assignment and the form of Registration Certificate of the Comptroller of Public Accounts of the State of Texas to be attached to the Bond initially issued and delivered pursuant to this Ordinance, shall be, respectively, substantially as follows, with such appropriate variations, omissions or insertions as are permitted or required by this Ordinance.

NO. R-

UNITED STATES OF AMERICA
STATE OF TEXAS

PRINCIPAL AMOUNT
$9,820,000

CITY OF ROCKWALL, TEXAS
GENERAL OBLIGATION REFUNDING BOND
SERIES 2014

Interest Rate	Delivery Date
As shown below	_____

REGISTERED OWNER: THE AMERICAN NATIONAL BANK OF TEXAS

PRINCIPAL AMOUNT: NINE MILLION EIGHT HUNDRED TWENTY THOUSAND DOLLARS

The City of Rockwall, Texas (the "Issuer"), being a political subdivision of the State of Texas located in Rockwall County, Texas, for value received, promises to pay, from the sources described herein, to the registered owner specified above, or registered assign (hereinafter called the "Registered Owner"), the principal amount specified above, and to pay interest thereon, from the Delivery Date set forth above, on the balance of said principal amount from time to time remaining unpaid, at the rates per annum set forth in the table below, calculated on the basis of a 360-day year of twelve 30-day months. The unpaid principal of this Bond shall mature and shall be paid in installments on the dates and in the amounts set forth in the table below:

Payment Date	Principal Installment	Interest Rate
August 1, 2014	$ 160,000	2.280%
August 1, 2015	80,000	2.280%
August 1, 2016	85,000	2.280%
August 1, 2017	85,000	2.280%
August 1, 2018	85,000	2.280%
August 1, 2019	885,000	2.280%
August 1, 2020	1,330,000	2.280%
August 1, 2021	1,360,000	2.280%
August 1, 2022	1,390,000	2.280%
August 1, 2023	1,420,000	2.280%
August 1, 2024	1,455,000	2.280%
August 1, 2025	1,485,000	2.280%

THE PRINCIPAL OF AND INTEREST ON THIS BOND are payable in lawful money of the United States of America, without exchange or collection charges. The Issuer shall pay interest on this Bond on August 1, 2014, and on each February 1 and August 1 thereafter to the date of maturity or redemption prior to maturity. The last principal installment of this Bond shall be paid to the Registered Owner hereof upon presentation and surrender of this Bond at maturity, or upon the date fixed for its redemption prior to maturity, at the principal office of The American National Bank of Texas in Rockwall, Texas, which is the "Paying Agent/Registrar" for this Bond. The payment of all other principal installments of and interest on this Bond shall be made by the Paying Agent/Registrar to the Registered Owner hereof on each principal and interest payment date by check or draft, dated as of such principal and interest payment date, drawn by the Paying Agent/Registrar on, and payable solely from, funds of the Issuer required by the Bond Ordinance to be on deposit with the Paying Agent/Registrar for such purpose as hereinafter provided; and such check or draft shall be sent by the Paying Agent/Registrar by United States mail, first-class postage prepaid, on each such interest payment date, to the Registered Owner hereof, at its address as it appeared on the fifteenth day of the month next preceding each such date (the "Record Date") on the Registration Books kept by the Paying Agent/Registrar, as hereinafter described. In addition, principal and interest may be paid by such other method, acceptable to the Paying Agent/Registrar, requested by, and at the risk and expense of, the Registered Owner.

ANY ACCRUED INTEREST due in connection with the final installment of principal of this Bond or upon redemption of this Bond in whole at the option of the Issuer prior to maturity as provided herein shall be paid to the Registered Owner upon presentation and surrender of this Bond for payment at the principal corporate trust office of the Paying Agent/Registrar. The Issuer covenants with the Registered Owner of this Bond that on or before each principal payment date and interest payment date for this Bond it will make available to the Paying Agent/Registrar, from the "Interest and Sinking Fund" created by the Bond Ordinance, the amounts required to provide for the payment, in immediately available funds, of all principal of and interest on the Bond, when due.

IF THE DATE for the payment of the principal of or interest on this Bond shall be a Saturday, Sunday, a legal holiday or a day on which banking institutions in the city where the principal corporate trust office of the Paying Agent/Registrar is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding day that is not such a Saturday, Sunday, legal holiday or day on which banking institutions are authorized to close; and payment on such date shall have the same force and effect as if made on the original date payment was due.

THIS BOND is dated May 5, 2014, authorized in accordance with the Constitution and laws of the State of Texas in the principal amount of $9,820,000 for the public purpose of refunding certain outstanding obligations of the Issuer, and to pay the costs incurred in connection with the issuance of the Bond.

ON FEBRUARY 1, 2022, or any date thereafter, the principal installments of this Bond may be redeemed prior to their scheduled maturities, at the option of the Issuer, with funds derived from any available and lawful source, as a whole, or in part, and, if in part, the particular principal installments or portions thereof, to be redeemed shall be selected and designated by the Issuer, at a redemption price equal to the principal amount to be redeemed plus accrued interest to the date fixed for redemption.

AT LEAST 20 days prior to the date fixed for any optional redemption of the Bond or portions thereof prior to maturity a written notice of such redemption shall be sent by the Paying Agent/Registrar by United States mail, first-class postage prepaid, to the Registered Owner of the Bond at its address as it appeared on the Registration Books on the day such notice of redemption is mailed; provided, however, that the failure of the Registered Owner to receive such notice, or any defect therein or in the sending or mailing thereof, shall not affect the validity or effectiveness of the proceedings for the redemption of this Bond. By

the date fixed for any such redemption, due provision shall be made with the Paying Agent/Registrar for the payment of the required redemption price for the Bond or portions thereof which are to be so redeemed. If such written notice of redemption is sent and if due provision for such payment is made, all as provided above, the Bond or portions thereof which are to be so redeemed thereby automatically shall be treated as redeemed prior to its scheduled maturity, and shall not bear interest after the date fixed for redemption, and shall not be regarded as being outstanding except for the right of the Registered Owner to receive the redemption price from the Paying Agent/Registrar out of the funds provided for such payment.

IF AT THE TIME OF MAILING of notice of optional redemption there shall not have either been deposited with the Paying Agent/Registrar or legally authorized escrow agent immediately available funds sufficient to redeem the Bond called for redemption, such notice must state that it is conditional, and is subject to the deposit of the redemption moneys with the Paying Agent/Registrar or legally authorized escrow agent at or prior to the redemption date, and such notice shall be of no effect unless such moneys are so deposited on or prior to the redemption date.

UPON THE PAYMENT of principal on this Bond, or partial redemption of this Bond, the Paying Agent/Registrar, shall note in the Payment Record appearing on this Bond the amount of such prepayment, the date said payment was made and the remaining unpaid principal balance of this Bond and shall then have said entry signed by an authorized official of the Paying Agent/Registrar. The Paying Agent/Registrar shall also record such information in the Bond Registration Books, and the Paying Agent/Registrar shall also record in the Bond Registration Books all payments of principal installments on such Bond when made on their respective due dates.

THIS BOND IS ISSUABLE IN THE FORM of one fully-registered Bond without coupons in the denomination of $9,820,000. This Bond may be transferred or exchanged as provided in the Bond Ordinance, only upon the registration books kept for that purpose at the above-mentioned office of the Paying Agent/Registrar upon surrender of this Bond together with a written instrument of transfer or authorization for exchange satisfactory to the Paying Agent/Registrar and duly executed by the Registered Owner or his duly authorized attorney, and thereupon a new Bond of the same maturity and in the same aggregate principal amount shall be issued by the Paying Agent/Registrar to the transferee in exchange therefor as provided in the Bond Ordinance, and upon payment of the charges therein prescribed. The Issuer and the Paying Agent/Registrar may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or redemption price hereof and interest due hereon and for all other purposes. The Paying Agent/Registrar shall not be required to make any such transfer or exchange (i) during the period commencing with the close of business on any Record Date and ending with the opening of business on the next following principal or interest payment date, or (ii) within 30 days prior to a redemption date.

IN THE EVENT any Paying Agent/Registrar for this Bond is changed by the Issuer, resigns, or otherwise ceases to act as such, the Issuer has covenanted in the Bond Ordinance that it promptly will appoint a competent and legally qualified substitute therefor, and cause written notice thereof to be mailed to the Registered Owner of the Bond.

THIS BOND shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Bond Ordinance until the Certificate of Authentication shall have been executed by the Paying Agent/Registrar or the Comptroller's Registration Certificate hereon shall have been executed by the Texas Comptroller of Public Accounts.

IT IS HEREBY certified, recited and covenanted that this Bond has been duly and validly authorized, issued and delivered; that all acts, conditions and things required or proper to be performed, exist and be done

precedent to or in the authorization, issuance and delivery of this Bond have been performed, existed and been done in accordance with law; and that annual ad valorem taxes sufficient to provide for the payment of the interest on and principal of this Bond, as such interest comes due and such principal matures, have been levied and ordered to be levied against all taxable property in said Issuer, and have been pledged for such payment, within the limit prescribed by law.

THE ISSUER HAS RESERVED THE RIGHT to amend the Bond Ordinance as provided therein, and under some (but not all) circumstances amendments thereto must be approved by the Registered Owner of the Bond.

BY BECOMING the Registered Owner of this Bond, the Registered Owner thereby acknowledges all of the terms and provisions of the Bond Ordinance, agrees to be bound by such terms and provisions, acknowledges that the Bond Ordinance is duly recorded and available for inspection in the official minutes and records of the governing body of the Issuer, and agrees that the terms and provisions of this Bond and the Bond Ordinance constitute a contract between each Registered Owner hereof and the Issuer.

IN WITNESS WHEREOF, the Issuer has caused this Bond to be signed with the manual or facsimile signature of the Mayor of the Issuer and countersigned with the manual or facsimile signature of the City Secretary of said Issuer, and has caused the official seal of the Issuer to be duly impressed, or placed in facsimile, on this Bond.

NOTICE OF REDEMPTION

CITY OF ROCKWALL, TEXAS
CUSIP Prefix No. 77428

NOTICE IS HEREBY GIVEN that the City of Rockwall, Texas, has called for redemption the outstanding Bonds and Certificates of the City (collectively, the Redeemed Obligations") described as follows:

City of Rockwall, Texas Combination Tax and Limited Surplus Revenue Certificates of Obligation, Series 2005, dated August 1, 2005, maturing August 1, 2019 through August 1, 2025, in the aggregate principal amount of $6,340,000 as shown below (the "Series 2005 Redeemed Certificates"), to the call date of the Series 2005 Redeemed Certificates so called for redemption at The Bank of New York Mellon Trust Company, N.A.. Call date: August 1, 2015.

Maturities	Principal Amount Outstanding	Principal Amount Refunded	CUSIP Suffix
8/1/2019	$ 795,000	$ 795,000	SQ 5
8/1/2020	830,000	830,000	SR 3
8/1/2021	865,000	865,000	SS 1
8/1/2022	900,000	900,000	ST 9
8/1/2023	940,000	940,000	SU 6
8/1/2024	985,000	985,000	SV 4
8/1/2025	1,025,000	1,025,000	SW 2
	$ 6,340,000	$ 6,340,000	

On August 1, 2015 interest on the Series 2005 Redeemed Certificates shall cease to accrue and be payable.

City of Rockwall, Texas General Obligation Refunding and Improvement Bonds, Series 2005, dated August 1, 2005, maturing August 1, 2020 through August 1, 2025, in the aggregate principal amount of $2,820,000 as shown below (the "Series 2005 Redeemed Bonds") , to the call date of the Series 2005 Redeemed Bonds so called for redemption at The Bank of New York Mellon Trust Company, N.A.. Call date: August 1, 2015.

Maturities	Principal Amount Outstanding	Principal Amount Refunded	CUSIP Suffix
8/1/2020	$ 420,000	$ 420,000	TM 3
8/1/2021	440,000	440,000	TN 1
8/1/2022	460,000	460,000	T9 6
8/1/2023	480,000	480,000	TQ 4

8/1/2025	520,000	520,000	TS 0
	$ 2,820,000	$ 2,820,000	

On August 1, 2015 interest on the Series 2005 Redeemed Bonds shall cease to accrue and be payable.

THE REDEEMED OBLIGATIONS shall be redeemed at The Bank of New York Mellon Trust Company, N.A., as the Paying Agent/Registrar for said Redeemed Obligations. Upon presentation of the Redeemed Obligations at the Paying Agent/Registrar on the aforementioned redemption date, the holder thereof shall be entitled to receive the redemption price equal to the principal amount called for redemption plus accrued interest thereon to the redemption date.

NOTICE IS GIVEN that due and proper arrangements have been made for providing the place of payment of said Redeemed Obligations called for redemption with funds sufficient to pay the principal amount of said Redeemed Obligations and the interest thereon to the redemption date. In the event said Redeemed Obligations, or any of them are not presented for redemption by the date fixed for their redemption, they shall not thereafter bear interest.

UNDER THE PROVISIONS of Section 3406 of the Internal Revenue Code of 1986, as amended, paying agents making payments of interest and principal on municipal securities may be obligated to withhold a tax from remittance to individuals who have failed to furnish the paying agent with a valid taxpayer identification number. Registered holders who wish to avoid the imposition of the tax should submit certified taxpayer identification numbers (via form W-9) when presenting the Series 2001 Redeemed Bonds for payment.

THIS NOTICE is issued and given pursuant to the redemption provisions in the proceedings authorizing the issuance of the aforementioned Redeemed Obligations and in accordance with the recitals and provisions of said Redeemed Obligations.

NOTICE IS FURTHER GIVEN that the Redeemed Obligations should be submitted to either of the following addresses:

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Brad Griggs, Assistant City Manager**

FROM: **Andy Hesser, Parks and Recreation Manager**

DATE: **April 16, 2014**

SUBJECT: **BATTING CAGE FRANCHISE AGREEMENT**

At the April Park Board meeting, Leo Rodriguez of Legends Batting Cages presented a proposal to install and operate three batting cages located within Leon Tuttle Athletic Complex. Mr. Rodriguez currently has a contract with the City to operate the concession services at Tuttle Athletic Complex.

The facility would consist of three batting cages 60' long by 14' wide side-by-side on a concrete pad located on the southeast end of Tuttle Athletic Complex between fields #6 and #4 (a location map is included in your packet).

Mr. Rodriguez estimates the cost of the improvements to be approximately $45,000. That cost includes $12,000 for the concrete pad and $33,000 for netting, poles, signage, lighting, and three baseball pitching machines. One of the pitching machines will be available to be adapted for softball use. The cost of all equipment and improvements would be the responsibility of Mr. Rodriguez.

According to Mr. Rodriguez approximately $33,000 of the funding will be provided by the Rockwall Baseball Association (RBA). The RBA has pledged to provide the funding with the caveat that the equipment stay in Rockwall to be available for the benefit of Rockwall kids. The balance of the funding for the concrete pad will be provided through fund raising efforts and in-kind donations.

All maintenance of equipment and supplies would be the responsibility of Mr. Rodriguez. Any changes to fees, operating hours or alterations to the batting cages would first require approval by the City.

The batting cages are proposed to be used primarily by reservation only. Rockwall Baseball Softball League (RBSL) will receive free warm up time on game nights and a reduced hourly rental fee. The proposed fees and hours of operation are as follows:

Fees:

$35/hr for RBSL teams; $55/hr for non-RBSL teams

Hours of operation:

Monday – Thursday

4:00 to 5:00 pm Free for RBSL team warm ups
5:00 – 8:00 pm

Friday

5:00 to 8:00 pm

Saturday

10:00 am – 6:00 pm

Sunday

12:00 – 6:00 pm

The Park Board voted unanimously to recommend to City Council to authorize the City Manager to negotiate a Franchise Agreement with Legends Batting Cages to operate three batting cages at Leon Tuttle Athletic Complex. The draft agreement is included in your packet and has been reviewed by the City Attorney. Also included in the packet is a copy of the Park Board minutes. Staff will be available to answer any questions.

STATE OF TEXAS §
COUNTY OF ROCKWALL §
CITY OF ROCKWALL §

FRANCHISE AGREEMENT

THIS FRANCHISE AGREEMENT ("Agreement") is made and entered into by and between **Legends Batting Cages** ("Service Provider"), and the City of Rockwall, Texas ("City").

WHEREAS, the City, subject to the terms and conditions set forth herein, desires to grant to the Service Provider the non-exclusive franchise, license and privilege to provide, install, maintain and operate three (3) batting cages with pitching machines.

NOW THEREFORE, in consideration of the premises and the mutual promises, covenants and agreements set forth herein, the Service Provider and the City hereby agree as follows:

Section 1. Award of Concession Agreement. The City hereby grants to the Service Provider the non-exclusive franchise, license and privilege to provide, install, maintain and operate three (3) batting cages with pitching machines located at Leon Tuttle Athletic Complex 1550 Airport Rd. The layout and location of the batting cages must be approved by the City and may not be installed until the City has given written approval.

Section 2. Insurance. The Service Provider shall carry and maintain at all times during the term of this Agreement, or any extensions thereof, at a minimum, comprehensive liability insurance for bodily injury, including death, and property damage in the amounts of $2,000,000 per person, and $500,000 per occurrence, with the City being named as an additional insured. Such certificates of insurance shall be submitted annually to the Director of Parks and Recreation or his/her designee. Before commencement of services hereunder, the Service Provider agrees to furnish the City certificates of insurance or other evidence satisfactory to the City to the effect that such insurance has been procured and is in force. Such certificates of insurance shall be filed with the Parks and Recreation Director for its records. The City its officers, servants, and employees shall be named as additional insureds during the initial term and any renewals. The certificates shall contain the following express obligation:

> "This is to certify that the policies of insurance described herein have been issued to the insured for whom this certificate is executed and are in force at this time. In the event of cancellation or material change in a policy affecting the certificate holder, thirty (30) days prior written notice will be given to the City of Rockwall certificate holder."

Section 3. Maintenance. The Service Provider is solely responsible for maintenance of the batting cages, pitching machines and all improvements including but not limited to structures, supplies, equipment, signage, lighting, netting and support poles. All pitching machines shall be maintained and operated according to manufacturers recommendations.

Section 4. Operating hours and Fees charged. The Service Provider shall provide to the City's Park and Recreation Department a schedule of fees to be charged for the use of the batting cages. Service provider must give thirty (30) days written notice of any proposed

increase in fees from those established as of the date of this Agreement and such increase shall first be approved by the City's Park and Recreation Director and Park Board, whose approval shall not be unreasonably withheld. In addition, a schedule of the hours of operation shall be approved by the City's Parks and Recreation Department. Any signage advertising the cages shall be in conformance with the City's sign ordinance. Any time the batting cages are not being used on a rental or fee basis during normal park hours, the Service Provider shall make the batting cages available to the public to use as manual pitching tunnels without use of the Service Provider's pitching machines unless the pitching machines are under repair or maintenance. The City shall not be liable or responsible for any loss of revenue because of suspension or inability to provide the service due to causes beyond the reasonable control of either the City or Service Provider. Such causes shall include, but not be limited to, acts of God, acts of war, accident, explosion, fire, flood, riot, sabotage, or unusually severe weather conditions

Section 5. Concession Fee. The Service Provider agrees to remit to the City, on a monthly basis, a concession fee of 30% of all fees collected from patrons using the batting cage services. The Service Provider shall maintain at his respective place of business adequate books and records relating to the fees collected for batting cage rental or use. Such books and records shall be available at any time during normal business hours for inspection review and possible audit by the City, at the City's expense, upon reasonable advance notice.

Section 6. Modifications. The Service Provider and the City agree that should any additions, modification or alteration of the batting cages, signage, lighting, netting or other equipment be necessary to accommodate the service provided herein, such modification or alteration shall be done at the sole expense of the Service Provider, contingent upon the plans and specifications being reviewed and approved by the City. Any modification or alteration of the batting cages shall be ADA compliant.

Section 7. Terms. The term for this Agreement shall be for a period of two (2) years from the date hereof, with the ability to automatically renew annually for one (1) year periods for a maximum of three (3) additional years. Any failure by the Service Provider, or his successors and assigns, to observe the terms and conditions of this Agreement shall, if continuing or persisting without remedy for more than thirty (30) days after the receipt of due written notice from the City, constitute grounds for forfeiture and immediate termination of all the Service Provider's rights under this Agreement, and all such rights shall become null and void.

In the event of contract termination, The Service Provider shall remove all equipment and improvements and return the site to its original condition at the Service Provider's expense within 30 days of termination or give the City first rights of refusal to take possession of all equipment and improvements with mutually agreed upon terms.

Section 8. The Service Provider shall not deny employment to any person on the basis of race, creed, gender, or religion, and will insure that all federal and state laws pertaining to salaries, wages and operating requirements are met or exceeded.

Section 9. **THE SERVICE PROVIDER ASSUMES ALL RISKS OF LOSS OR INJURY TO PROPERTY OR PERSONS CAUSED BY ITS PERFORMANCE OF THE SERVICES. THE SERVICE PROVIDER AGREES TO INDEMNIFY AND HOLD HARMLESS THE CITY AND ITS AGENTS, DIRECTORS, EMPLOYEES, OFFICERS AND SERVANTS FROM AND AGAINST ANY AND ALL SUITS, ACTIONS, LEGAL PROCEEDINGS, CLAIMS, DEMANDS, DAMAGES, COSTS, LIABILITIES, LOSSES OR EXPENSES (INCLUDING, BUT NOT LIMITED TO, REASONABLE ATTORNEYS' FEES) INCIDENT TO**

ITS PERFORMANCE OF THE SERVICES CAUSED BY A WILLFUL OR NEGLIGENT ACT OR OMISSION OF THE SERVICE PROVIDER, ITS OFFICERS AND EMPLOYEES.

Section 11. Notices under this Agreement shall be deemed sufficient if sent to the following:

Service Provider:	City of Rockwall:
Legends Batting Cages 801 E. Interstate 30 Rockwall, TX 75087	Rick Crowley, City Manager 385 S. Goliad Rockwall, Texas 75087

Section 12. This Agreement shall be governed by the laws of the State of Texas, and venue for this Agreement shall be in Rockwall County, Texas.

Section 13. The City shall not be liable or responsible for any loss of revenue because of suspension or inability to provide the service at the docking area due to causes beyond the reasonable control of either the City or Service Provider. Such causes shall include, but not be limited to, acts of God, acts of war, accident, explosion, fire, flood, riot, sabotage, or unusually severe weather conditions.

Section 14: This **FRANCHISE AGREEMENT** is not assignable or transferable to any other party.

Section 15. Severability – If any section, sentence, clause, or paragraph of this ordinance is for any reason held to be illegal or invalid, such invalidity shall not affect the validity of the remaining portions of this ordinance.

This Agreement shall be effective as of the last date signed by either party below.

CITY OF ROCKWALL, TEXAS
FIRE DEPARTMENT
MEMORANDUM

DATE: April 21, 2014

TO: Mayor & City Council

Cc: Rick Crowley, City Manager
Brad Griggs, Assistant City Manager

FROM: Mark Poindexter, Fire Chief

SUBJECT: Automatic Aid Agreement

Attached you will find an agreement for Automatic Aid Assistance between City of Rockwall and City of Dallas. The Rockwall Fire Department has been working with Dallas Fire & Rescue for over nine months to formalize a written Automatic Aid Agreement. This agreement will allow the Fire Chiefs of both Cities' to create and execute a Memorandum of Understanding (MOU) in reference to emergency calls / rescue response on Lake Ray Hubbard and on the causeways over the lake. The agreement has been reviewed and approved in form by Frank Garza. I would ask for the Mayor and Council to approve this agreement and authorize Rick Crowley to execute the agreement. If you have any questions I would be glad to answer them.

AGREEMENT FOR AUTOMATIC ASSISTANCE
BETWEEN THE CITY OF DALLAS AND THE CITY OF ROCKWALL

THIS AGREEMENT FOR AUTOMATIC ASSISTANCE (this "Agreement") is entered into this _____ day of _____, 2014, by and between the Cities of Dallas and Rockwall, hereinafter referred to as "Dallas" and "Rockwall," (respectively, or, collectively the "cities"), both of which are Texas municipal corporations; and each acting herein through their duly authorized officials.

WITNESSETH:

WHEREAS, this Agreement serves to maximize cooperation between the cities and promote a stronger homeland security effort through regionalism as promulgated by the Department of Homeland Security; and

WHEREAS, the governing officials of the cities, political subdivisions of the State of Texas and the United States of America, desire to secure for each such entity the benefits of automatic assistance in the protection of life and property from fire and other disasters;

NOW, THEREFORE, IT IS AGREED AS FOLLOWS:

1. In consideration for each party's automatic assistance to the other upon the occurrence of an emergency condition in any portion of the designated area where this Agreement for Automatic Assistance is in effect, a predetermined number and amount of water rescue equipment and personnel, fire fighting equipment and/or emergency medical equipment or personnel of both parties shall be dispatched, to such point where the emergency condition exists in order to assist in the protection of life and property subject to the conditions hereinafter stated. For the purposes of this Agreement, "emergency condition" shall include any condition requiring water rescue or fire protection. Details as to amounts and types of assistance to be dispatched, methods of dispatching and communications, training programs and procedures and areas to be assisted will be developed by the Chief of the Dallas Fire-Rescue Department and the Chief of the Rockwall Fire Department. These details will be stipulated in a Memorandum of Understanding and signed by the Chiefs of both departments. Said Memorandum of Understanding may be revised or amended at any time by mutual agreement of the Fire Chiefs as conditions may warrant.

2. Any dispatch of equipment and personnel pursuant to this Agreement is subject to the following conditions:

a. The predetermined amount of aid, type of equipment and number of personnel shall be sent, unless such amount of assistance is unavailable due to emergency conditions confronting either party's forces at the time of need for assistance under this Agreement.

120

b. In fulfilling their obligations provided for in this Agreement, both parties shall comply with the procedures set forth in the Memorandum of Understanding, to be attached hereto and made part hereof for all purposes upon its completion and execution by the Chiefs.

3. Each party to this Agreement waives all claims against the other party for compensation for any loss, damage, personal injury, or death occurring as a consequence of the performance of this Agreement. THE ASSIGNMENT OF LIABILITY UNDER THIS AGREEMENT IS INTENDED TO BE DIFFERENT THAN LIABILITY OTHERWISE ASSIGNED UNDER TEXAS GOVERNMENT CODE SECTION 791.006, SUBSECTION (a). INSTEAD, LIABILITY, IF ANY, SHALL BE AS SET OUT IN THIS AGREEMENT, AS PROVIDED BY TEXAS GOVERNMENT CODE SECTION 791.006, SUBSECTION (a1). EACH PARTY SHALL BE RESPONSIBLE FOR ANY LIABILITY RESULTING FROM ITS ACTIONS OR OMISSIONS REGARDLESS OF WHICH PARTY WOULD HAVE BEEN RESPONSIBLE, IN THE ABSENCE OF THIS AGREEMENT, FOR FURNISHING THE SERVICES PROVIDED. THIS PROVISION IS FOR THE BENEFIT OF THE PARTIES AND IS NOT INTENDED TO CREATE A THIRD-PARTY CAUSE OF ACTION OR WAIVE ANY IMMUNITIES OR DEFENSES AVAILABLE TO THE PARTIES.

4. Neither party shall be reimbursed by the other for costs incurred pursuant to this Agreement. It is understood and agreed that both parties have heretofore entered into an "Agreement for Mutual Aid in Disaster Assistance." Costs incurred pursuant to the Agreement for Mutual Aid in Disaster Assistance shall be governed under the terms of that agreement. Personnel who are assigned, designated or ordered by their governing body to perform duties, pursuant to this Agreement, shall receive the same wage, salary, pension, and all other compensation and rights for the performance of such duties, including injury or death benefits, and Workmen's Compensation benefits, as though the service had been rendered within the limits of entity where he or she is regularly employed. Moreover, all medical expenses, wage and disability payments, except for those payments each party is required to pay under the Interlocal Cooperation Act cited above, pension payments, damage to equipment and clothing, and expenses of travel, food, and lodging shall be paid by the entity in which the employee in question is regularly employed.

5. All equipment used by each party's fire department in carrying out this Agreement will, during the time response services are being performed, be owned by it; and all personnel acting for the party's fire department under this Agreement will, during the time response services are required, be paid firefighters of the fire department of the party where they are regularly employed or members of an organized volunteer fire department which normally renders firefighting services of the party which sends the forces of equipment.

6. At all times while equipment and personnel of either party's fire department are traveling to, from, or within the geographical limits of the other party in accordance with the terms of this Agreement, such personnel and equipment shall be deemed to be employed or used by the party which regularly employs such personnel and equipment. Further, such equipment and personnel shall be deemed to be engaged in a governmental function of its governmental entity.

7. In the event that any individual performing duties subject to this Agreement shall be cited as a defendant party to any state or federal civil lawsuit, arising out of his or her official acts while performing duties pursuant to the terms of the Agreement, such individual shall be entitled to the same benefits that he or she would be entitled to receive had such civil action arisen out of an official act within the course and scope of his or her duties as a member of the department where regularly employed and occurred within the jurisdiction of the governmental entity where regularly employed. The benefits described in this paragraph shall be supplied by the party where the individual is regularly employed. However, in situations where the other party may be liable, in whole or in part, for the payment of damages, then the other party may intervene in such cause of action to protect its interests.

8. It is agreed by and between the parties hereto that any party hereto shall have the right to terminate this Agreement upon ninety (90) days written notice to the other parties hereto.

9. It is understood and agreed that both parties have heretofore entered into an "Agreement for Mutual Aid in Disaster Assistance". However, as to any mutual assistance between the parties arising out of the occurrence of an emergency condition in the areas described in the Memorandum of Understanding, the conditions and obligations of this Agreement shall take precedence over the conditions and obligations of all other agreements. For the purposes of the Agreement for Mutual Aid in Disaster Assistance, the resources necessary for parties to meet obligations under this Agreement are unavailable.

10. Each party agrees that if legal action is brought under this Agreement, exclusive venue shall lie in the county where the emergency condition occurred.

11. In case one or more of the provisions contained in this Agreement shall be for any reason held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

12. This Agreement is made for each respective fire department as automatic assistance pursuant to the Texas Government Code, chapter 418, commonly referred to as the Disaster Act of 1975;

and nothing in this Agreement is intended to limit the availability of benefits to each party's personnel under Texas Government Code Chapter 615, as amended, and as it may be amended in the future.

13. Effective date of this Agreement shall be on the last date of the signature of any party hereto. Any prior Agreement for Automatic Assistance between the parties shall be terminated and superseded on the effective date of this Agreement

EXECUTED by the Cities of Dallas and Rockwall each respective governmental entity acting by and through its City Manager or other duly authorized official in the manner required by each respective City's Charter, or otherwise as required by law, on the date herein below specified.

Re: March 2014 Structure Fire Report.
Date: April 17, 2014

313 StoneCrest

We responded to a report of a fire at 301 StoneCrest on March 03, 2014. The first unit on scene arrived and reported light smoke showing from the front of the residential structure. Upon investigation firefighters located a fire in the dishwasher that was producing moderately heavy smoke. The fire was quickly extinguished. There was minimal damage to the structure. No firefighter injuries were reported on this incident.

Dispatch time: 21:55.01
Enroute time: 21:55.47
On scene time: 21:59.56
Clear time: 00:00.55

8 men on scene 22:07

We had a total of 5 on duty Firefighters on scene, 4 Volunteers, 1 Chief and 3 apparatus.

657 Cornelius

We responded to a report of a structure fire on March 07, 2014 at 657 Cornelius. The first unit arrived on scene and reported heavy smoke and fire showing from a residential structure. The structure ended up being a total loss. No injuries were reported on this incident.

Dispatch Time: 21:27.27
Enroute Time: 21:28.36
On Scene Time: 21:33.38
Clear Time: 01:17.08

8 men on scene 21:21.45

We had a total of 5 0n duty firefighters, 1 off duty, 11 volunteer firefighters, 1 Chief, 2 investigators and 3 apparatus on scene.

3686 Juniper Hills

We responded to a report of a structure fire at 3686 Juniper Hills on March 10, 2014. The first unit arrived on scene and reported heavy smoke and fire coming from the residential structure. Despite great efforts by firefighters the complete structure was

140

heavily damaged but no damage was done to neighboring structures. No firefighter injuries were reported on this incident

Dispatch time: 02:16.07
Enroute time: 02:16.09
On scene time: 02:23.20
Clear time: 05:40.16

6 men on scene 02:27.11

We had a total of 5 on duty Firefighters on scene, 2 off duty, 2 Chiefs, 6 Volunteers, 3 Investigators and 3 apparatus on scene.

W.W. "Bill" Caruth III and Minnie Arnold Caruth

North Texas Crime Commission - Law Enforcement Liaison Committee

Texoma HIDTA

and

Rockwall Police Department

PRESENT

LTC David Grossman, U.S. Army (Ret.)

"**The Bulletproof Mind: Mental Preparation for Combat.**" Col. Grossman is one of the nation's leading law enforcement trainers. He is the author of the Pulitzer-nominated book, *On Killing*. He has served as a trainer and keynote speaker for all major national and international law enforcement training organizations (including: FLETC, IALEFI, ASLET, NTOA and PPCT) and he has taught the representatives of literally thousands of federal, state, county and local agencies in the US, Canada, New Zealand, and Australia.

The Colonel also speaks to the mindset of violence in youth, domestic and international terrorism, soft targets like schools and churches and preparedness for law enforcement. He has written many books on the subject and is an international speaker. Col. Grossman is a former Army Ranger, West Point psychology professor, Professor of Military Science.

8 TCOLE HOURS

When: **April 29, 2014**
Where: **Lake Pointe Church – Rockwall, TX**
701 E. Interstate 30
Rockwall, TX 75087
(Cross Streets: Between 67C and Market Center Dr.)
Time: **8:30am-4:30pm**
Cost: **$0 – Including a catered Barnhill Bros. BBQ Luncheon with all the fixings**

To register for this one day training, please go to the Texoma HIDTA Web Site: http://texoma.hidta.org/?AspxAutoDetectCookieSupport=1

Note: ***If you attended this presentation on October 5, 2013, please do not re-register for this training. This will allow other officers who were on a long waiting list to attend***.
Attendees who are registered, and do not show up the day of the training will be billed $18 for the lunch and beverages that will be provided along with this *"tuition free"* training.

Proclamation

Rockwall, Texas

Whereas, today's society finds more citizens involved in motorcycling on the roads of our country; and

Whereas, motorcyclists are roughly unprotected and are much more likely to be injured or killed in a crash than other vehicle drivers; and

Whereas, campaigns have helped inform riders and motorists alike on motorcycle safety issues to reduce motorcycle related risks, injuries, and most of all fatalities, through a comprehensive approach to motorcycle safety; and

Whereas, it is the responsibility of all who put themselves behind the wheel to become aware of motorcyclists and to regard them with the same respect as any other vehicle traveling the highways of this country; and

Whereas, we urge our community to be aware of the inherent dangers involved in operating a motorcycle and for drivers to give motorcyclists the respect on the road they deserve;

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim **May 2014** as:

MOTORCYCLE SAFETY & AWARENESS MONTH

In the City of Rockwall and urge all citizens to do their part to increase safety and awareness of motorcyclists in and around our community.

In Witness Whereof, I hereby affix my official hand and seal this 19th day of May, 2014.

David Sweet, Mayor

THIS PAGE INTENTIONALLY LEFT BLANK

12

MINUTES
ROCKWALL CITY COUNCIL
Monday, May 05, 2014
4:00 p.m. Regular City Council Meeting
City Hall - 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 4:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem David White, and Council Members Jim Pruitt, Mike Townsend, Scott Milder, Bennie Daniels and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs, and City Attorney Frank Garza.

II. WORK SESSION (4:00 P.M.)

1. HOLD A WORK SESSION TO PRESENT THE PROPOSED SCHEMATIC LAYOUT OF SH 276 FROM SH 205 TO FM 549 TO CITY COUNCIL FOR THEIR INFORMATION, AND TAKE ANY ACTION NECESSARY.

City Manager Rick Crowley provided a brief introduction related to this item, indicating this item covers the schematic layout of SH-276, which is a project of the countywide road consortium and is being worked on by TXDOT and its consultant. City Engineer Tim Tumulty gave a short briefing to council related to the project. He explained that, on March 9, a public meeting was held by TXDOT, and about twelve people attended. He generally indicated that this roadway will be a six land roadway (instead of the current two lanes). Mr. Tumulty explained that an alignment study was conducted in close consultation with TXDOT and that the Rockwall Economic Development Corporation (REDC) provided input as well since this roadway is located near the Tech Park. The goal is to have this project ready to go to bid in July of next year (2015), but its start is contingent on TXDOT receiving funding for it. Mayor Sweet clarified that SH-276 will be under reconstruction at the same time that FM-549 will be under construction. Mr. Tumulty generally indicated that the ramp reversals at the IH-30 exit will help, and two lanes will always remain open during construction. It is anticipated that this will be a two year project. Mr. Crowley explained that, while funding is not yet available for this project, the consultant who works with the countywide road consortium is working to have the project proposal finished, waiting and ready to go when funding does become available. Discussion ensued related to signalization of intersections on state roadways, with Mr. Crowley explaining that TXDOT installs signals in a reactive manner once traffic warrants installation (rather than proactively, ahead of time). The Council took no action related to this agenda item.

2. HOLD WORK SESSION TO HEAR UPDATE REGARDING PARK ACCESSIBILITY ASSESSMENT, AND TAKE ANY ACTION NECESSARY.

Parks Manager, Andy Hesser, came forth and briefed the council on a recently conducted park accessibility assessment which was performed at the request of the City Council at its March 17 meeting. Mr. Hesser explained the various accessibility standards at both the state and federal levels. He further explained "fall zones" and materials such as "Fibar" (engineered, shredded, wood fiber) and "poured in place rubber surfacing" (rubber and epoxy that is poured in a similar manner as concrete). Mr. Hesser shared that two individuals on the Parks staff are Certified Playground Safety Inspectors, and they helped with this study. Furthermore, Registered Accessibility Specialists were also utilized during

the study, helping to perform the detailed accessibility inspections. The city's nineteen playgrounds were assessed (on sixteen or seventeen different pieces of property). He explained that accessibility of equipment, routes and fall zone surfacing. He indicated that route improvements could be considered in six of the city's older playgrounds, a couple of which were built by developers and then dedicated to the city. However, most all of them meet accessibility standards by various methods. Mr. Hesser mentioned that four parks in the city do have 'poured in place' rubber surfacing, which Mr. Crowley explained is easier for a wheel chair to navigate on. Mr. Hesser mentioned Casey's Clubhouse, a 15,000 square foot playground that is considered one of the premier playscapes in North Texas. It has very specific handicap elements, with about $600,000 being spent on equipment and about $215,000 on surfacing and about. He mentioned it was an older park that the city renovated with the help of a great deal of private donations.

Several alternatives were discussed with council if it were decided to make modifications to some parks to make them even more accessible. Mr. Crowley mentioned that funding for any such modifications would either be budgeted out of the general fund or be taken out of the city's Recreational Development Fund. Mrs. Smith indicated that over $200,000 is currently in the city's Recreation Development Fund.

Mayor Sweet acknowledged that he understands most city parks meet accessibility standards; however, he also understands the reality of not very easily being able to maneuver around in a wheelchair on the ground level at playgrounds.

Mayor Sweet made a motion to instruct staff to evaluate and bring back costs associated with making surface modifications at Myers Park Kid Zone (on the north side) and Fox Chase (on the south side) to make these parks more handicapped accessible. Councilmember Lewis seconded the motion, which passed by a vote of 7 ayes to 0 nays.

At 4:50 p.m., Mayor Sweet read the below-listed discussion items into the public record before recessing into Executive Session.

III. EXECUTIVE SESSION (4:15 P.M.)

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).

2. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

Mayor Sweet recessed Executive Session to allow Russell Phillips to make a short presentation showing plans for PD-32 and the needs for extending the Property Exchange Agreement with Harbor Heights. Once the presentation was completed, Mayor Sweet reconvened Executive Session.

IV. ADJOURN EXECUTIVE SESSION

Executive Session adjourned at 5:55 p.m.

AGENDA
ROCKWALL CITY COUNCIL
Monday, May 05, 2014
6:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

V. RECONVENE PUBLIC MEETING

Mayor Sweet reconvened the public meeting at 6:00 p.m. All seven council members were present.

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

No action was taken as a result of Executive Session.

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – MAYOR PRO TEM WHITE

Mayor Pro Tem White delivered the invocation and led the Pledge of Allegiance.

VIII. PROCLAMATIONS / AWARDS

1. Rockwall-Heath Highsteppers Day

Mayor Sweet called forth members of the Rockwall-Heath Highsteppers drill team. After their representative said a few words, Mayor Sweet then read and presented them with a proclamation to recognize their championship accomplishments.

2. Recognition of graduating Rockwall Youth Advisory Council (YAC) seniors

Mayor Sweet and Mayor Pro Tem White recognized the outgoing, graduating seniors by thanking and giving each one a certificate.

IX. OPEN FORUM

Mayor Sweet explained how Open Forum is conducted and asked if anyone in the audience would like to come forth and speak. There being no one wishing to come forth, Mayor Sweet then closed Open Forum.

X. CONSENT AGENDA

1. Consider approval of the minutes from the April 21, 2014 regular city council meeting, and take any action necessary.

2. Consider approval of an **ordinance** amendment related to "Regulated Activities in City Parks," and take any action necessary. **(2nd reading)**

3. Z2014-004 – Consider approval of an **ordinance** for a city-initiated request to amend the Unified Development Code (Ordinance No. 04-38), specifically Article II, Authority and Administrative Procedures, Section 6.1, Notice of Public Hearing, and take any action necessary **(2nd Reading).**

Mayor Pro Tem White made a motion to approve the remainder of the Consent Agenda (#1 and #3.) Councilmember Lewis seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-18

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTION 6.1, *NOTICE OF PUBLIC HEARINGS*, OF ARTICLE II, *AUTHORITY AND ADMINISTRATIVE PROCEDURES*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The ordinance passed by a vote of 7 ayes to 0 nays.

Councilmember Daniels pulled item #2, indicating he is opposed to the city allowing or promoting the consumption of alcohol on any city owned property. Mayor Pro Tem White made a motion to approve Consent Agenda item #2. Councilmember Townsend seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL, TEXAS
ORDINANCE NO. 14-19

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 30 PARKS AND RECREATION, ARTICLE I IN GENERAL, SECTION 30-2. REGULATED ACTIVITIES IN PARKS TO AMEND THE POSSESSION AND CONSUMPTION OF ALCOHOL AT HARRY MYERS PARK; PROVIDING FOR A PENALTY CLAUSE; PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; PROVIDING FOR PUBLICATION; AND PROVIDING FOR AN EFFECTIVE DATE OF THIS ORDINANCE.

The motion passed by a vote of 5 ayes with 2 opposed (Daniels and Pruitt).

Mayor Sweet addressed Action Item #2 next.

XI. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Mr. LaCroix indicated that the chairman is caught up in traffic and will be unable to make the meeting. No discussion took place and no action was taken regarding this item.

2. Appointment with Russell Phillips to discuss and consider a variance to the requirements for signage in conjunction with PD 32, and specifically wall signage for the Trend Tower/parking garage and take any action necessary.

Russell Phillips came forth and briefed the council on his request. Councilmember Pruitt then made a motion to approve the signage-related variance request related to the wall

signage on Trend Tower, including a caveat that the City of Rockwall will be able to put up a sign at the back of the garage letting the public know that free public, Harbor parking is located there. Councilmember Milder seconded the motion, which passed by a vote of 7 ayes to 0 nays.

3. Appointment with representative(s) of the Rockwall Youth Advisory Council (YAC) to hear year-end report and to discuss and consider approval of a resolution amending the YAC bylaws, and take any action necessary.

CJ Chidozie and Gunner Avenetti of the Rockwall YAC came forth and briefed the council on the various YAC-related activities the group completed throughout this school year. Following CJ and Gunner's presentation, Beth Naylor and Isabella Burzair of the YAC came forth and explained details of the proposed YAC bylaw changes. After brief discussion, Councilmember Pruitt made a motion to approve the resolution amending the bylaws. Mayor Pro Tem White seconded the motion. Mayor Pro Tem White indicated that the YAC students themselves debated for about forty-five minutes at a recent meeting regarding attendance concerns and proposed language changes to the bylaws. After these brief comments, the motion passed by a vote of 7 ayes to 0 nays.

XII. PUBLIC HEARING ITEMS

1. **Z2014-009** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Gregory D. Ollom for the approval of a change in zoning from an Agricultural (AG) District to a Single-Family Estate 4.0 (SFE-4.0) District on a 7.969-acre tract of land situated in the William Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, being located at 941 Cornelius Road and take any action necessary. **(1st Reading)**

Planning Director Robert LaCroix provided brief background information related to this agenda item. He indicated that notices were sent out to property owners located within two hundred feet, and staff received one reply back in favor. The Planning & Zoning Commission has recommended approval of this zoning change request.

Mayor Sweet opened the public hearing. There being no one in the audience wishing to come forth and speak, including the applicant, Mayor Sweet then closed the public hearing.

Mayor Pro Tem White made a motion to approve Z2014-009. Councilmember Lewis seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-21

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO SINGLE FAMILY ESTATE (SF-E/4.0) DISTRICT FOR A 7.969-ACRE TRACT OF LAND SITUATED IN THE WILLIAM DALTON SURVEY, ABSTRACT NO. 72, AND LOCATED AT 941 CORNELIUS ROAD, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

XIII. ACTION ITEMS

1. Discuss and consider approval of an **ordinance** amending Chapter 12, Article III, Section 12-51 through 12-66, of the Code of Ordinances, regulating peddler activities in the city, and take any action necessary. **(1st reading)**

City Attorney Frank Garza provided introductory comments to the council related to this proposed ordinance. He explained he believes this ordinance protects our citizens, but, at the same time, protects constitutional freedom of speech as well. All commercial businesses would have to obtain a permit from the Chief of Police at a fee of $65.00 per individual, which would cover the cost of doing a background check, and the permit would be good for one year. He explained that this ordinance contains clearly identified definitions and those who would be exempt from obtaining a permit. He explained that under state law, security alarm companies and life insurance companies are exempt and do not have to obtain a permit from a local entity. He explained that there is an appellate process defined within the ordinance in cases where the applicant is denied a permit or the permit is revoked. Mr. Garza indicated that residents may place notice on their personal property stating "no solicitation, no handbills, or no trespassing," and then individuals would not be allowed to go onto that resident's property, even with a city issued permit. Hours of operation under permits issued would be 8AM until 6PM.

Councilmember Pruitt thanked staff for the work on this ordinance. He indicated he is in disagreement with a portion of the provisions, specifically contained within Section 12-57 (exemptions) of the proposed ordinance. Councilmember Pruitt made a motion to approve the ordinance, but with the caveat that only (a) of 12-56 would be retained and (b) and (c) would be deleted out. Also, regarding 12-57, he would like to omit the stated requirement regarding notification to the city on the part of those individuals who are exempt from obtaining a permit from the city. Mayor Pro Tem White seconded the motion, indicating he agrees with the changes proposed within the motion made by Councilmember Pruitt. After several questions and answers were addressed, the ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-____

AN ORDINANCE OF THE CITY OF ROCKWALL, TEXAS, AMENDING CHAPTER 12, ARTICLE III, SECTION 12-51 THROUGH 12-66, OF THE CODE OF ORDINANCES, REGULATING PEDDLER ACTIVITIES IN THE CITY; PROVIDING A SEVERABILITY CLAUSE; PROVIDING AN EFFECTIVE DATE AND PROVIDING FOR RELATED MATTERS.

The motion passed by a vote of 7 ayes to 0 nays.

2. Discuss and consider action as a member of the Atmos Cities Steering Committee on a resolution denying a rate increase request by Atmos Energy Corporation, Mid-Tex Division under the second annual Rate Review Mechanism, and take any action necessary.

Mr. Boyd, Director of Internal Operations, explained the nature of this resolution, explaining that approval of this resolution would deny Atmos' proposed rate increase. Councilmember

Daniels made a motion to deny the Atmos request through approval of the resolution. Councilmember Milder seconded the motion. Councilmember Pruitt indicated that he has never received information from the lawyer that represents the Atmos Cities Steering Committee regarding how much his law firm got paid as a result of last year's approved rate increase, even though the gentleman said he would submit said information to the city council when he was here last year.

City Attorney Frank Garza clarified that the intended motion is to deny Atmos' proposed rate increase.

Mr. Garza indicated that he will personally contact Lloyd Gosselink (attorney) to get information that Councilmember Pruitt and our council sought last year (regarding money earned).

Councilmember Daniels clarified that his motion is to approve the resolution denying Atmos' proposed rate increase. The motion passed unanimously (7 ayes to 0 nays).

Mayor Sweet then reordered the agenda to address Appointment Item #3 on the agenda.

3. Discuss and consider approval of a letter of intent related to radio systems and joint dispatch center, and take any action necessary.

Mr. Crowley indicated that staff has drafted this letter of intent at the request of the city council as a result of discussions at the last council meeting. Mr. Crowley touched on details contained within the letter. Councilmember Pruitt made a motion to approve the letter of intent and have it forwarded to the County. Councilmember Townsend seconded the motion. Mayor Pro Tem White clarified that the city sending this letter of intent in no way commits the city to follow through, in any way, with future participation in either of the proposed, joint projects. Mr. Garza agreed that this letter does not bind the city in any way, explaining that a proposed interlocal agreement would have to come before the council for action for anything to be binding in the future. Mayor Sweet indicated that cost, control / command and coverage are the three issues that each one of the cities he has spoken with has expressed. After brief comments, the motion passed by a vote of 7 ayes to 0 nays.

4. Discuss and consider a request by Councilmember Pruitt regarding the naming of a city facility, and take any action necessary.

Councilmember Pruitt asked Mayor Sweet to recuse himself from this discussion, but asked that he listen in on it. Mr. Pruitt explained that Mayor Sweet will soon be leaving to take office as County Judge. He explained that he and Mayor Pro Tem White have evaluated ways to properly honor Mayor Sweet and his contributions to the city. They have decided to propose naming a 'mobile monument' after Mayor Sweet (the city's portable restroom facilities trailer).

Councilmember Pruitt made a motion to name this mobile monument after Mayor Sweet. Mayor Pro Tem White seconded the motion. After much laughter, the motion failed by a vote of two in favor (Pruitt, White), four against (Townsend, Milder, Daniels, Lewis) and one abstention (Sweet).

5. Discuss and consider an **ordinance** authorizing the issuance of City of Rockwall, Texas, General Obligation Refunding Bond, Series 2014; levying an annual ad valorem tax and providing for the security for and payment of said bond; providing an effective date; enacting other provisions relating to the subject. **(1st reading)** No action will be taken

Assistant City Manager Mary Smith provided background information related to this agenda item, generally indicating that this proposed refinancing is related to GO bonds originally issued in 2005 ($9.82 million worth) at an interest rate of about four to four-and-a-half percent. American National Bank is now offering a refinance interest rate of 2.28%, which will save the city just over $1,047,000.00 for the remaining life of the original term (the term will remain the same and will not be extended). Overall, she explained that this refinancing will result in a much better rate and significant savings to the city. After the comments, the following ordinance caption was read into the record:

CITY OF ROCKWALL

ORDINANCE NO. 14-___

ORDINANCE AUTHORIZING THE ISSUANCE AND SALE OF CITY OF ROCKWALL, TEXAS, GENERAL OBLIGATION REFUNDING BOND, SERIES 2014; LEVYING AN ANNUAL AD VALOREM TAX AND PROVIDING FOR THE SECURITY FOR AND PAYMENT OF SAID BOND; PROVIDING AN EFFECTIVE DATE; AND ENACTING OTHER PROVISIONS RELATING TO THE SUBJECT

No action was taken by the council related to this agenda item at this time.

6. Discuss and consider a proposed franchise agreement between the City of Rockwall and Leo Rodriguez for the purposes of installing and operating batting cages at Leon Tuttle Athletic Complex, and take any action necessary.

Assistant City Manager Brad Griggs provided brief background information related to this agenda item. Parks Manager Andy Hesser came forth and showed a map of the proposed location of these batting cages. He explained that the cages would be 60' x 14', and there would be a total of three (3) cages. He explained that one of the three would be outfitted with an interchangeable "arm" that would allow for fast pitch practice. Thirty percent of all gross revenue would go to the city as part of the concessions agreement. A substantial discount would be offered to RBSL teams and players.

After brief comments, Mayor Sweet made a motion to approve the proposed franchise agreement. Councilmember Lewis seconded the motion.

Brief discussion took place related to RBSA teams and players having scheduling preference for use of the batting cages as well as access to the batting cages "after hours" when city staff is not present at Tuttle Field. Mr. Hesser indicated that staff will work with the owner of the cages to coordinate locking and unlocking of the city gates at Tuttle. Mr. Hesser indicated that only about two to three lights are needed to illuminate the cages, and they can be metered separately.

It was clarified by Mr. Garza for Councilmember Daniels that there is no annual cap on the insurance coverages expressed in the agreement (since it remains silent on this point).

Councilmember Milder asked how this particular space was decided on. Mr. Hesser indicated that the proposed location is best because it offers the most room and will pose the least interference with utilized warm up areas.

The motion passed by a vote of 7 ayes to 0 nays.

7. Discuss and consider authorizing the city manager to execute an Automatic Aid Assistance Agreement between City of Rockwall and City of Dallas, and take any action necessary.

Mr. Crowley provided brief, introductory comments. Fire Chief Mark Poindexter indicated that this agreement has been in negotiation for quite a while, and it will focus mainly on the Rockwall Fire Department's rescue boat.

Mayor Pro Tem White made a motion to authorize the city manager to execute the automatic aid assistance agreement with the City of Dallas. Councilmember Milder seconded the motion. After brief comments, the motion passed by a vote of 7 ayes to 0 nays.

XIV. CITY MANAGER'S REPORT TO DISCUSS CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports
Rockwall Animal Adoption Center - March 2014
Building Inspections Monthly Report - March 2014
Fire Dept. Monthly Reports - March 2014
Harbor PD Monthly Report - March 2014
Internal Operations Department Monthly Report - March 2014
Recreation Monthly Report - March 2014
Police Department Monthly Report - March 2014

2. City Manager's Report

Mr. Crowley indicated that quite a few upcoming events will be taking place. Work continues in the downtown area, and several public works projects will be in process in the next few weeks.

Director of Internal Operations, Joey Boyd, shared that representatives of the city will be visiting guests this Wednesday, May 7 in the studios of the Good Morning Texas television show in Victory Park Plaza in Dallas. Mayor Sweet mentioned that he will be there, in part, promoting the city's upcoming Founder's Day Festival on May 17.

Police Chief Mark Moeller briefed the council on a recent police-related training event that took place related to how the city can better protect its children and students. Councilmember Milder gave kudos to our police department and our school district officials for their proactive participation in this great training event.

No action was taken regarding this agenda item.

The public meeting was adjourned at 8:16 p.m.

XV. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).

2. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real

property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

XVI. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

Council did not reconvene into Executive Session following the public meeting agenda.

XVII. ADJOURNMENT

Mayor Sweet adjourned the meeting at 8:16 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 19th day of May, 2014.

CITY OF ROCKWALL

ORDINANCE NO. 14-21

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO SINGLE FAMILY ESTATE (SF-E/4.0) DISTRICT FOR A 7.969-ACRE TRACT OF LAND SITUATED IN THE WILLIAM DALTON SURVEY, ABSTRACT NO. 72, AND LOCATED AT 941 CORNELIUS ROAD, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Gregory D. Ollom for an amendment to the Unified Development Code [Ordinance No. 04-38] of the City of Rockwall to adopt a change in zoning from an Agricultural (AG) District to a Single Family Estate (SF-E/4.0) District for a 7.969-acre tract of land situated in the William Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, and located at 941 Cornelius Road, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the Unified Development Code [Ordinance No. 04-38] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning from an Agricultural (AG) District to a Single Family Estate (SF-E/4.0) District for the *Subject Property*; and

Section 2. That the *Subject Property* shall be used only in the manner and for the purposes provided for in *Section 3.2, "Single Family Estate (SF-E) District", Article V, "District Development Standards", of the Unified Development Code* of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future.

Section 3. That the official zoning map of the City be corrected to reflect the changes in the zoning described herein.

Section 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of two thousand dollars ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 5. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 6. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ON THIS THE 19th DAY OF May, 2014.

David Sweet, Mayor

CITY OF ROCKWALL

ORDINANCE NO. 14-20

AN ORDINANCE OF THE CITY OF ROCKWALL, TEXAS, AMENDING CHAPTER 12, ARTICLE III, SECTION 12-51 THROUGH 12-66, OF THE CODE OF ORDINANCES, REGULATING PEDDLER ACTIVITIES IN THE CITY; PROVIDING A SEVERABILITY CLAUSE; PROVIDING AN EFFECTIVE DATE AND PROVIDING FOR RELATED MATTERS.

WHEREAS, the City of Rockwall (the "City"), a Home Rule City and by State law and City Charter is permitted to establish ordinances to protect the health, safety and general welfare of its residents; and

WHEREAS, requiring solicitors and peddlers to register may deter inappropriate and or criminal conduct; and

WHEREAS, the City has no desire to interfere with free speech, open dialogue and exchange of opinion;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THAT;

SECTION 1 FINDINGS. The foregoing recitals are hereby found to be true and correct and are hereby adopted by the City Council and made a part hereof for all purposes as findings of fact.

SECTION 2. **AMENDMENT.** Chapter 12, Article III, Section 12-51 through 12-66 of the City of Rockwall Code of Ordinances shall be amended in its entirety as follows:

ARTICLE III. PEDDLERS, SOLICITORS AND ITINERANT VENDORS

Sec. 12-51 Purpose

The primary purpose of the public streets, sidewalks, and other public way is for use by vehicular and pedestrian traffic. Vending on such public ways promotes the public interest by contributing to an active and attractive pedestrian environment. Reasonable regulation of vending on public right of way and in public places is necessary to protect the public health, safety and welfare. To protect local residents against trespassing by Peddlers, Solicitors, and Vendors upon the private property of such residents if they have given reasonable notice that they do not wish to be solicited by such persons or do not desire to receive merchandise or services. The regulations contained in this ordinance are not intended in any way to prohibit or hamper speech that is protected by the constitution of both the United States and the State of Texas but merely to regulate specific activities, which are commercial in nature. This entire ordinance is and shall be

deemed an exercise of the police power of the State of Texas and of the City of Rockwall for the process set forth above.

Sec. 12-52 Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Canvasser. Any person who attempts to make contact with a resident at their residence without prior specific invitation or appointment from the resident, for the primary purpose of:

(1) Attempting to enlist support for or against a particular religion, philosophy, ideology, political party, issue, or candidate, even if incidental to such purpose the canvasser accepts the donation of money for or against such cause; or

(2) Distributing a handbill or flyer advertising a non-commercial event or service.

Door-to-door selling means going to one or more residence within the City in person or by the agent for the purpose of peddling, soliciting, or vending, who engages in a business of selling or offering for sale, food, beverages, goods, services, wares and merchandise or engages in soliciting orders for the sale of goods, services, wares and merchandise for future delivery

Nonprofit organization means an organization that can provide a 501(c) 3 letter from the IRS or state documentation indicating its status, and whereby all the proceeds raised during the event will benefit the sponsoring agency.

Peddler means any person who engages in commercial activities within city limits by carrying goods or merchandise and selling or offering for sale for immediate delivery such goods or merchandise from door-to-door, business-to-business, or upon public property.

Person means any natural individual, group, organization, corporation, partnership, or similar association.

Public area means an outdoor area to which the public has access and includes, but is not limited to, a sidewalk, street, highway, park, parking lot, alleyway, pedestrian way, or the common area of a school, hospital, apartment house, office building, transport facility, or shop.

Solicitor means any person who solicits or attempts to solicit, from house-to-house, business-to-business, or upon public property, funds or orders for services, commercial goods, wares, merchandise, subscriptions or publications to be delivered at a future date or time, or who passively begs by standing or sitting with a sign or other indication that a donation or service is being sought, without any vocal request other than in response to an inquiry to another person.

Transient Merchant means a person who temporarily sets up business out of a vehicle, trailer, boxcar, tent, other portable shelter, or empty store front for the purpose of selling goods. Individuals may not remain in one location for more than fourteen (14) consecutive days.

Sec. 12-53 Exceptions to Definitions

For the purpose of this chapter, the terms ***PEDDLER, SOLICITOR*** and ***TRANSIENT MERCHANT*** shall not apply to:

(A) Non-commercial door-to-door advocates. Nothing within this ordinance shall be interpreted to prohibit or restrict non-commercial door-to-door advocates, including, without limitation, religious and charitable organizations, schools, and other non-profit organizations. Persons engaging in door-to-door advocacy shall not be required to register as a solicitor under Section 12-55.

(B) Any person who makes initial contacts with other people for the purpose of establishing or trying to establish a regular customer delivery route for the delivery of perishable food and dairy products, such as baked goods or milk.

(C) Any person making deliveries of perishable food and dairy products to the customers on his or her established delivery route.

(D) Any person making deliveries of newspapers, newsletters, or other similar publications on an established customer delivery route, when attempting to establish a regular delivery route, or when publications are delivered to the community at large.

(E) Any person conducting the type of sale commonly known as garage sales, rummage sales, or estate sales. Provided, as set forth below, nothing herein shall exempt such sales from complying with other sections of the Code of Ordinances which regulate such sales.

(F) Any person participating in an organized multi-person bazaar or flea market.

(G) Any person conducting an auction as a properly licensed auctioneer.

(H) Any officer of the court conducting a court-ordered sale.

Exemption from these definitions shall not, for the scope of this chapter, excuse any person from complying with any other applicable statutory provision or requirements of this Code of Ordinances.

Sec. 12-54 License Required.

It shall be unlawful for any peddler, solicitor or transient merchant to engage in the business of selling, displaying, or offering for sale any food, beverage, goods, services or merchandise at any public area within the City without first obtaining a license from the Chief of Police or his duly authorized representative.

Sec. 12-55 Contents of application; term; renewal.

(A) Application for a license required by section 12-54 shall be made upon forms furnished by the chief of police and shall contain such information as deemed necessary by the chief of police to properly identify the applicant, the nature of his business, and the business entity by which he is employed. The information shall include, but not be limited to, the following:

(1) The name;
(2) The date of birth;
(3) Home and business addresses;
(4) The supervisor's name, address and telephone number;
(5) The applicant's driver's license number and state, if applicable;
(6) The applicant's right thumbprint;
(7) The full legal name, telephone number and address of commercial organization;
(8) Full and complete list of goods to be sold and services to be delivered;
(9) The specific location, if any, in which the vendor/peddler intends to conduct business; and
(10) If the applicant is peddling or making solicitations from private property, a written statement from the property owner consenting to applicant's use of his/her property for the sales activities indicated in the permit application.

(B) Not later than ten (10) days after the filing of a completed permit application the applicant shall be notified by the City of the decision on the issuance or denial of the license.

Sec. 12-56 Fees.

Permit fees shall be accompanied with the permit application. All peddlers and solicitors not exempted by section 12-57 shall be required to pay the permit fee of:

$65.00 per individual

Sec. 12-57 Exemptions

(A) Permit application is not required for the following individuals or groups:
1) Newspaper carriers
2) Political Groups
3) Canvassers
4) Government Affiliates
5) Deliveries on regular routes
6) Wholesalers making direct sales to retail establishments
7) Sales made pursuant to an invitation by an owner or legal occupant
8) A seller or exhibitor in a firearms collection show involving two or more sellers or exhibitors

(B) Permit application is required but fees may be waived by the City for the following individuals or groups:
1) Farmers who sell agricultural products that were raised or grown by them.
2) Non-profit Organizations.

(C) Permit application is not required for any person or entity exempted by state law in obtaining a permit. However, hours of operation outlined in Section 12-64 still are applicable to all vendors.

Sec. 12-58 Denial; Appeal

A copy of the application for permit will be referred to the police department who will undertake an investigation of the applicant's record and background, such as shall be reasonably necessary to protect the public. An application for permit under this chapter may be denied where:

(1) Required application information is incomplete or incorrect;
(2) Applicant or any individual involved in the peddling or solicitation campaign is currently wanted on a warrant for arrest, under indictment or has a pending Class B Misdemeanor or above;
(3) The applicant is a person against whom a judgment, conviction or deferred adjudication has been entered within five years preceding the date of application, based upon fraud, deceit or misrepresentation;
(4) The applicant or an employee of an applicant has been convicted of a felony;
(5) The applicant provided no proof of authority to serve as agent for the principal;
(6) The applicant has been denied a permit under this article within the immediate past year, unless the applicant can and does show to the satisfaction of the Chief of Police that the reason for such earlier denial no longer exists; or
(7) A permit fee has not been paid.

Should an applicant be denied a permit, they may appeal that action to the City Manager by submitting a letter within ten days of the denial or revocation. Upon receipt of the letter, the City Manager will review the appeal and render a decision within seven (7) days to reject the action complained of and order that the permit be granted or reinstated or uphold the denial or revocation. The decision of the City Manager on the appeal shall be final and binding on all parties concerned.

Sec. 12-59 Issuance, duration.

(A) If the application for permit is approved, the permit shall be issued. The permit shall be the original application with an official stamp indicating approval. Permit provided for in this Article shall continue so long as the permittee is conducting business in the city, but in no event shall it continue for more twelve (12) months from date of issue.
(B) The permittee is required to update any new or changed information required under the original permit.
(C) The City of Rockwall will retain one copy of the approved permit for official records. The permit may not be represented as an endorsement or approval by the city of the purposes of a solicitation or a product offered by the permittee.

(D) Only those peddlers or solicitors whose names are listed on the approved application may conduct business under the issued permit. If any new peddlers or solicitors join the campaign after the original permit is issued, they must supply the police department with the information required in this Chapter. It shall be unlawful for any peddler or solicitor to intimidate or aggressively solicit or beg a person into giving money, goods or services.

Sec. 12-60 Display

Each peddler or solicitor will carry his or her permit at all times while engaging in business in the city. Upon request or demand, the peddler or solicitor will exhibit the permit to indicate compliance with all of the relevant requirements of this chapter.

Sec. 12-61 Not Transferable

Permits issued under the provisions of this chapter are not transferable in any situation and will be clearly marked "Not transferable."

Sec. 12-62 Suspension

(A) The Chief of Police or the chief's designee may, upon documented complaint, violation of this article or violation of law, suspend and confiscate a permit issued under this article.

(B) Peddlers and solicitors whose licenses are suspended have three (3) business days during which to request an administrative review of the suspension. If request for administrative review is not made within three (3) working days, the permit is revoked.

Sec. 12-63 Revocation

(A) Upon permittee's request, the police department shall provide the permittee with written notice containing particulars of any and all complaints, and the time, date and place for an administrative review of the suspension.

(B) The Chief of Police or his duly authorized representative will conduct an administrative review to determine whether the permit shall be restored or revoked.

(C) After notice and review, the Chief of Police may revoke any permit issued under this article including but not limited to the following reasons:

1) Fraudulent statements, omissions on permit application or in conduct of permitted business;
2) Any violation of federal or state statute, or city ordinance;
3) Endangerment of public welfare, health or safety;
4) The permittee is a registered sex offender;
5) The permittee continues efforts to sell to or solicit from an individual once that individual informs the vendor or solicitor that he does not wish to give anything to or to buy anything from that vendor or solicitor;
6) The permittee misrepresented the purpose of the solicitation or offer to sell;
7) The permittee misrepresented the affiliation of the vendor or solicitor.

(D) If the Chief of Police revokes a permit, applicant may appeal this decision in writing to the City Manager, which may affirm, modify, or reverse the decision of the Chief of Police.

(E) Revocation of any permit shall bar the permittee from eligibility for any person under this article for a period of one year from the date of revocation.

Sec. 12-64 Hours of operation

No peddling or solicitation may occur except between the hours of 8:00 a.m. and 6:00 p.m. local time in Rockwall, Texas.

Sec. 12-65 No solicitor signs

(A) It shall be unlawful for any person to distribute or cause to be distributed, deposited, placed, thrown, scattered or cast any handbill upon any private property if requested by anyone thereon not to do so, or if there is placed on such premises in a conspicuous place upon or near the main entrance to the premises, a weatherproof card, bearing the words "**no solicitation**," "**no advertisements**," "**no handbills**," or any similar notice indicating in any manner that the occupants of such premises do not desire to have any such handbills left upon their premises. The letters on such cards shall be not less than two-thirds (2/3) of an inch in height.

(B) This section does not apply to any department, branch or agency of federal, state, or municipal government and any permitted religious, political or charitable advertisements or handbills.

Sec. 12-66 Violation/penalty

Any person violating the provisions of this article is guilty of a class C misdemeanor and upon conviction shall be subject to a penalty not to exceed five hundred dollars ($500.00) Each and every act constituting a violation hereof and each failure or refusal to comply with any provision shall be a separate offense and shall be punished as such.

SECTION 3 REPEALING ORDINANCES IN CONFLICT. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 4 SEVERABILITY.

If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or illegal, such decision shall not affect the validity of the remaining sections of this ordinance. The City Council hereby declares that it would have passed this ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared void.

SECTION 5 SAVINGS CLAUSE.

All ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed. The balance of such ordinance is hereby saved from repeal.

SECTION 6. EFFECTIVE DATE. The Ordinance shall be effective immediately following its publication in the local newspaper as required by the Texas Local Government Code.

PASSED AND APPROVED BY THE CITY COUNCIL OF ROCKWALL TEXAS, this 19th day of May, 2014.

David Sweet, Mayor

ATTEST:

Kristy Ashberry, City Secretary

CITY OF ROCKWALL

ORDINANCE NO. 14-22

ORDINANCE AUTHORIZING THE ISSUANCE AND SALE OF CITY OF ROCKWALL, TEXAS, GENERAL OBLIGATION REFUNDING BOND, SERIES 2014; LEVYING AN ANNUAL AD VALOREM TAX AND PROVIDING FOR THE SECURITY FOR AND PAYMENT OF SAID BOND; PROVIDING AN EFFECTIVE DATE; AND ENACTING OTHER PROVISIONS RELATING TO THE SUBJECT

THE STATE OF TEXAS §
COUNTY OF ROCKWALL §
CITY OF ROCKWALL §

WHEREAS, there are presently the outstanding obligations of the City of Rockwall, Texas (the "Issuer") described in Schedule I attached hereto, collectively, the "Refunded Obligations";

WHEREAS, Chapter 1207, Texas Government Code ("Chapter 1207"), authorizes the Issuer to issue refunding bonds and to deposit the proceeds from the sale thereof, and any other available funds or resources, directly with a place of payment (paying agent) for the Refunded Obligations, and such deposit, if made before such payment dates, shall constitute the making of firm banking and financial arrangements for the discharge and final payment of the Refunded Obligations;

WHEREAS, Chapter 1207, Texas Government Code, authorizes the Issuer to issue refunding bonds and to deposit the proceeds from the sale thereof together with any other available funds or resources directly with a paying agent for the Refunded Obligations or a trust company or commercial bank that does not act as a depository for the Issuer and such deposit, if made before the payment dates of the Refunded Obligations, shall constitute the making of firm banking and financial arrangements for the discharge and final payment of the Refunded Obligations;

WHEREAS, Chapter 1207, Texas Government Code, further authorizes the Issuer to enter into an escrow or similar agreement with any such paying agent or trust company or commercial bank with respect to the safekeeping, investment, reinvestment, administration and disposition of any such deposit, upon such terms and conditions as the Issuer and such paying agent or trust company or commercial bank may agree;

WHEREAS, the City Council hereby finds and declares a public purpose and it is in the best interests of the Issuer to refund the Refunded Obligations in order to achieve a debt service savings and to restructure the Issuer's outstanding debt service, and that such refunding will result in a present value debt service savings of approximately $_____ and an actual debt service savings of approximately $_____ to the Issuer;

WHEREAS, all the Refunded Obligations mature or are subject to redemption prior to maturity within 20 years of the date of the bond hereinafter authorized;

WHEREAS, the bond hereafter authorized is being issued and delivered pursuant to said Chapter 1207, Texas Government Code; and

WHEREAS, It is officially found, determined, and declared that the meeting at which this Ordinance has been adopted was open to the public and public notice of the time, place and subject matter of the public business to be considered and acted upon at said meeting, including this Ordinance, was given, all as required by the applicable provisions of Texas Government Code, Chapter 551; Now, Therefore

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. RECITALS, AMOUNT AND PURPOSE OF THE BOND. The recitals set forth in the preamble hereof are incorporated herein and shall have the same force and effect as if set forth in this Section. The bond of the City of Rockwall, Texas (the "Issuer") is hereby authorized to be issued and delivered in the aggregate principal amount of $9,820,000 for the public purpose of refunding the Refunded Obligations, and to pay the costs incurred in connection with the issuance of the Bond.

Section 2. DESIGNATION, DATE, DENOMINATION, NUMBER, AND MATURITY AND INTEREST RATE OF BOND. Each bond issued pursuant to this Ordinance shall be designated: "CITY OF ROCKWALL, TEXAS, GENERAL OBLIGATION REFUNDING BOND, SERIES 2014," and there shall be issued, sold, and delivered hereunder one fully registered bond, without interest coupons, dated May 5, 2014, in the denomination and principal amount of $9,820,000, numbered R-1, with any bond issued in replacement thereof being in the denomination of the full principal amount of the series of which the bond is issued and numbered consecutively from R-2 upward, payable in installments to the registered owner thereof, or to the registered assignee of said bond (in each case, the "Registered Owner"). Principal of said Bond shall mature and be payable in installments on the dates and in the amounts stated in the FORM OF BOND set forth in Exhibit A to this Ordinance. The Bond shall bear interest on the unpaid balance of the principal amount thereof from the date of delivery to the scheduled due date of the principal installments of the Bond at the rate of interest stated in the FORM OF BOND set forth in Exhibit A to this Ordinance. Said interest shall be payable in the manner provided and on the dates stated in the FORM OF BOND set forth in Exhibit A to this Ordinance.

The term "Bond" as used in this Ordinance shall mean and include collectively the bond initially issued and delivered pursuant to this Ordinance and any substitute bond exchanged therefor, as well as any other substitute or replacement bond issued pursuant hereto, and the term "Bond" shall mean any such bond.

Section 3. CHARACTERISTICS OF THE BOND.

(a) Appointment of Paying Agent/Registrar. The Issuer hereby appoints The American National Bank of Texas, Rockwall, Texas, to serve as paying agent and registrar for the Bond (the "Paying Agent/Registrar"). The Mayor or City Manager is authorized and directed to execute and deliver in the name on behalf of the Issuer a Paying Agent/Registrar Agreement with the Paying Agent/Registrar in substantially the form presented at this meeting.

(b) Registration, Transfer and Exchange. The Issuer shall keep or cause to be kept at the corporate trust office of the Paying Agent/Registrar books or records for the registration of the transfer and exchange of the Bond (the "Registration Books"), and the Issuer hereby appoints the Paying Agent/Registrar as its registrar and transfer agent to keep such books or records and make such registrations of transfers and exchanges under such reasonable regulations as the Issuer and Paying Agent/Registrar may prescribe; and the Paying Agent/Registrar shall make such registrations, transfers and exchanges as herein provided within three days of presentation in due and proper form. The Paying Agent/Registrar shall obtain and record in the Registration Books the address of the Registered Owner of each Bond to which payments with respect to the Bond shall be mailed, as herein provided; but it shall be the duty of the Registered Owner to notify the Paying Agent/Registrar in writing of the address to which payments shall be mailed, and such interest payments shall not be mailed unless such notice has been given. The Issuer shall have the right to inspect the Registration Books during regular business hours of the Paying Agent/Registrar, but otherwise the Paying Agent/Registrar shall keep the Registration Books confidential and, unless otherwise required by law, shall not permit their inspection by any other entity. The Issuer shall pay the Paying Agent/Registrar's standard or customary fees and charges for making such registration, transfer exchange and delivery of a substitute Bond. Registration

of assignments, transfers and exchanges of a Bonds shall be made in the manner provided and with the effect stated in the FORM OF BOND attached as Exhibit A to this Ordinance. Each substitute Bond shall bear a letter and/or number to distinguish it from each other Bond.

(c) Authentication. Except as provided in subsection (h) of this section, an authorized representative of the Paying Agent/Registrar shall, before the delivery of any such Bond, date and manually sign said Bond, and no such Bond shall be deemed to be issued or outstanding unless such Bond is so executed. The Paying Agent/Registrar promptly shall cancel any paid Bond and any Bond surrendered for exchange. No additional ordinances, orders or resolutions need be passed or adopted by the governing body of the Issuer or any other body or person so as to accomplish the foregoing exchange of any Bond or portion thereof, and the Paying Agent/Registrar shall provide for the printing, execution and delivery of the substitute Bond in the manner prescribed herein. Pursuant to Subchapter D, Chapter 1201, Texas Government Code, the duty of exchange of a Bond as aforesaid is hereby imposed upon the Paying Agent/Registrar, and, upon the execution of said Bond, the exchanged Bond shall be valid, incontestable, and enforceable in the same manner and with the same effect as the Bond which initially was issued and delivered pursuant to this Ordinance, approved by the Attorney General, and registered by the Comptroller of Public Accounts.

(d) Payment of Principal and Interest. The Issuer hereby further appoints the Paying Agent/Registrar to act as the paying agent for paying the principal of and interest on the Bond, all as provided in this Ordinance. The Paying Agent/Registrar shall keep proper records of all payments made by the Issuer and the Paying Agent/Registrar with respect to the Bond, and of any exchange of a Bond, and any replacement of a Bond, as provided in this Ordinance. However, in the event of a nonpayment of interest on a scheduled payment date, and for thirty (30) days thereafter, a new record date for such interest payment (a "Special Record Date") will be established by the Paying Agent/Registrar, if and when funds for the payment of such interest have been received from the Issuer. Notice of the Special Record Date and of the scheduled payment date of the past due interest (which shall be 15 days after the Special Record Date) shall be sent at least five (5) business days prior to the Special Record Date by United States mail, first class postage prepaid, to the address of the Registered Owner appearing on the Registration Books at the close of business on the last business day next preceding the date of mailing of such notice.

(e) Payment to Registered Owner. Notwithstanding any other provision of this Ordinance to the contrary, the Issuer and the Paying Agent/Registrar shall be entitled to treat and consider the person in whose name each Bond is registered in the Registration Books as the absolute owner of such Bond for the purpose of payment of principal and interest with respect to such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. The Paying Agent/Registrar shall pay all principal of and interest on the Bond only to or upon the order of the Registered Owner, as shown in the Registration Books as provided in this Ordinance, or its respective attorney duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the Issuer's obligations with respect to payment of principal of and interest on the Bond to the extent of the sum or sums so paid. No person other than a Registered Owner, as shown in the Registration Books, shall receive a Bond certificate evidencing the obligation of the Issuer to make payments of principal and interest pursuant to this Ordinance.

(f) Paying Agent/Registrar. The Issuer covenants with the Registered Owner of the Bond that at all times while the Bond is outstanding the Issuer will provide a competent and legally qualified bank, trust company, financial institution or other agency to act as and perform the services of Paying Agent/Registrar for the Bond under this Ordinance, and that the Paying Agent/Registrar will be one entity. By accepting the position and performing as such, each Paying Agent/Registrar shall be deemed to have agreed to the provisions of this Ordinance, and a certified copy of this Ordinance shall be delivered to each Paying Agent/Registrar.

(g) Substitute Paying Agent/Registrar. The Issuer reserves the right to, and may, at its option, change the Paying Agent/Registrar upon not less than 120 days written notice to the Paying Agent/Registrar, to be effective not later than 60 days prior to the next principal or interest payment date after such notice. In the event that the entity at any time acting as Paying Agent/Registrar (or its successor by merger, acquisition, or other method) should resign or otherwise cease to act as such, the Issuer covenants that promptly it will appoint a competent and legally qualified bank, trust company, financial institution, or other agency to act as Paying Agent/Registrar under this Ordinance. Upon any change in the Paying Agent/Registrar, the previous Paying Agent/Registrar promptly shall transfer and deliver the Registration Books (or a copy thereof), along with all other pertinent books and records relating to the Bond, to the new Paying Agent/Registrar designated and appointed by the Issuer. Upon any change in the Paying Agent/Registrar, the Issuer promptly will cause a written notice thereof to be sent by the new Paying Agent/Registrar to the Registered Owner of the Bond, by United States mail, first-class postage prepaid, which notice also shall give the address of the new Paying Agent/Registrar.

(h) General Characteristics of the Bond. The Bond (i) shall be issued in fully registered form, without interest coupons, with the principal of and interest on such Bond to be payable only to the Registered Owner thereof, (ii) may and shall be redeemed prior to their scheduled maturities, (iii) may be transferred and assigned, (iii) may be transferred and assigned, (iv) may be exchanged for other Bond, (v) shall have the characteristics, (vi) shall be signed, sealed, executed and authenticated, (vii) the principal of and interest on the Bond shall be payable, and (viii) shall be administered and the Paying Agent/Registrar and the Issuer shall have certain duties and responsibilities with respect to the Bond, all as provided, and in the manner and to the effect as required or indicated, in the FORM OF BOND set forth as Exhibit A to this Ordinance. The Bond initially issued and delivered pursuant to this Ordinance is not required to be, and shall not be, authenticated by the Paying Agent/Registrar, but on each substitute Bond issued in exchange for any Bond issued under this Ordinance the Paying Agent/Registrar shall execute the Paying Agent/registrar's Authentication Bond, in the FORM OF BOND set forth in this Ordinance.

(i) Delivery of Initial Bond. On the closing date, one initial Bond representing the entire principal amount of the Bond, payable in stated installments to the purchaser designated in Section 10 or its designee, executed by manual or facsimile signature of the Mayor and City Secretary of the Issuer, approved by the Attorney General of Texas, and registered and manually signed by the Comptroller of Public Accounts of the State of Texas, and with the date of delivery inserted thereon by the Paying Agent/Registrar, will be delivered to such purchaser or its designee.

Section 4. FORM OF BOND. The form of the Bond, including the form of Paying Agent/Registrar's Authentication Certificate, the form of Assignment and the form of Registration Certificate of the Comptroller of Public Accounts of the State of Texas to be attached to the Bond initially issued and delivered pursuant to this Ordinance, shall be, respectively, substantially as shown in Exhibit A, with such appropriate variations, omissions or insertions as are permitted or required by this Ordinance.

Section 5. INTEREST AND SINKING FUND.

(a) A special "Interest and Sinking Fund" is hereby created and shall be established and maintained by the Issuer at an official depository bank of said Issuer. Said Interest and Sinking Fund shall be kept separate and apart from all other funds and accounts of said Issuer, and shall be used only for paying the interest on and principal of said Bond. All ad valorem taxes levied and collected for and on account of said Bond shall be deposited, as collected, to the credit of said Interest and Sinking Fund. During each year while any of said Bond is outstanding and unpaid, the governing body of said Issuer shall compute and ascertain a rate and amount of ad valorem tax that will be sufficient to raise and produce the money required to pay the interest on said Bond as such interest comes due, and to provide and maintain a sinking fund adequate to pay

the principal of said Bond as such principal matures (but never less than 2% of the original amount of said Bond as a sinking fund each year); and said tax shall be based on the latest approved tax rolls of said Issuer, with full allowances being made for tax delinquencies and the cost of tax collection. Said rate and amount of ad valorem tax is hereby levied, and is hereby ordered to be levied, against all taxable property in said Issuer, for each year while said Bond are outstanding and unpaid, and said tax shall be assessed and collected each such year and deposited to the credit of the aforesaid Interest and Sinking Fund. Said ad valorem taxes sufficient to provide for the payment of the interest on and principal of said Bond, as such interest comes due and such principal matures, are hereby pledged for such payment, within the limit prescribed by law. If lawfully available moneys of the Issuer are actually on deposit in the Interest and Sinking Fund in advance of the time when ad valorem taxes are scheduled to be levied for any year, then the amount of taxes that otherwise would have been required to be levied pursuant to this Section may be reduced to the extent and by the amount of the lawfully available funds then on deposit in the Interest and Sinking Fund.

(b) Article 1208, Government Code, applies to the issuance of the Bond and the pledge of the taxes granted by the Issuer under this Section, and is therefore valid, effective, and perfected. Should Texas law be amended at any time while the Bond is outstanding and unpaid, the result of such amendment being that the pledge of the taxes granted by the Issuer under this Section is to be subject to the filing requirements of Chapter 9, Business & Commerce Code, in order to preserve to the Registered Owner of the Bond a security interest in said pledge, the Issuer agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Chapter 9, Business & Commerce Code and enable a filing of a security interest in said pledge to occur.

Section 6. DEFEASANCE OF BOND.

(a) Any Bond and the interest thereon shall be deemed to be paid, retired and no longer outstanding (a "Defeased Bond") within the meaning of this Ordinance, except to the extent provided in subsection (d) of this Section, when payment of the principal of such Bond, plus interest thereon to the due date (whether such due date be by reason of maturity or otherwise) either (i) shall have been made or caused to be made in accordance with the terms thereof, or (ii) shall have been provided for on or before such due date by irrevocably depositing with or making available to the Paying Agent/Registrar in accordance with an escrow agreement or other instrument (the "Future Escrow Agreement") for such payment (1) lawful money of the United States of America sufficient to make such payment or (2) Defeasance Securities that mature as to principal and interest in such amounts and at such times as will insure the availability, without reinvestment, of sufficient money to provide for such payment, and when proper arrangements have been made by the Issuer with the Paying Agent/Registrar for the payment of its services until the Defeased Bond shall have become due and payable. At such time as a Bond shall be deemed to be a Defeased Bond hereunder, as aforesaid, such Bond and the interest thereon shall no longer be secured by, payable from, or entitled to the benefits of, the ad valorem taxes herein levied and pledged as provided in this Ordinance, and such principal and interest shall be payable solely from such money or Defeasance Securities.

(b) Any moneys so deposited with the Paying Agent/Registrar may at the written direction of the Issuer be invested in Defeasance Securities, maturing in the amounts and times as hereinbefore set forth, and all income from such Defeasance Securities received by the Paying Agent/Registrar that is not required for the payment of the Bond and interest thereon, with respect to which such money has been so deposited, shall be turned over to the Issuer, or deposited as directed in writing by the Issuer. Any Future Escrow Agreement pursuant to which the money and/or Defeasance Securities are held for the payment of a Defeased Bond may contain provisions permitting the investment or reinvestment of such moneys in Defeasance Securities or the substitution of other Defeasance Securities upon the satisfaction of the requirements specified in subsection 6(a)(i) or (ii). All income from such Defeasance Securities received by the Paying Agent/Registrar which

is not required for the payment of the Defeased Bond, with respect to which such money has been so deposited, shall be remitted to the Issuer or deposited as directed in writing by the Issuer.

(c) The term "Defeasance Securities" means any securities and obligations now or hereafter authorized by State law that are eligible to refund, retire or otherwise discharge obligations such as the Bond.

(d) Until the Defeased Bond shall have become due and payable, the Paying Agent/Registrar shall perform the services of Paying Agent/Registrar for such Defeased Bond the same as if they had not been defeased, and the Issuer shall make proper arrangements to provide and pay for such services as required by this Ordinance.

Section 7. DAMAGED, MUTILATED, LOST, STOLEN, OR DESTROYED BOND.

(a) Replacement Bond. In the event any outstanding Bond is damaged, mutilated, lost, stolen or destroyed, the Paying Agent/Registrar shall cause to be printed, executed and delivered, a new Bond of the same principal amount, maturity and interest rate, as the damaged, mutilated, lost, stolen or destroyed Bond, in replacement for such Bond in the manner hereinafter provided.

(b) Application for Replacement Bond. Application for replacement of a damaged, mutilated, lost, stolen or destroyed Bond shall be made by the Registered Owner thereof to the Paying Agent/Registrar. In every case of loss, theft or destruction of a Bond, the Registered Owner applying for a replacement Bond shall furnish to the Issuer and to the Paying Agent/Registrar such security or indemnity as may be required by them to save each of them harmless from any loss or damage with respect thereto. Also, in every case of loss, theft or destruction of a Bond, the Registered Owner shall furnish to the Issuer and to the Paying Agent/Registrar evidence to their satisfaction of the loss, theft or destruction of such Bond, as the case may be. In every case of damage or mutilation of a Bond, the Registered Owner shall surrender to the Paying Agent/Registrar for cancellation the Bond so damaged or mutilated.

(c) No Default Occurred. Notwithstanding the foregoing provisions of this Section, in the event any such Bond shall have matured, and no default has occurred that is then continuing in the payment of the principal of or interest on the Bond, the Issuer may authorize the payment of the same (without surrender thereof except in the case of a damaged or mutilated Bond) instead of issuing a replacement Bond, provided security or indemnity is furnished as above provided in this Section.

(d) Charge for Issuing Replacement Bond. Prior to the issuance of any replacement Bond, the Paying Agent/Registrar shall charge the Registered Owner of such Bond with all legal, printing, and other expenses in connection therewith. Every replacement Bond issued pursuant to the provisions of this Section by virtue of the fact that any Bond is lost, stolen or destroyed shall constitute a contractual obligation of the Issuer whether or not the lost, stolen or destroyed Bond shall be found at any time, or be enforceable by anyone, and shall be entitled to all the benefits of this Ordinance.

(e) Authority for Issuing Replacement Bond. In accordance with Sec. 1206.022, Government Code, this Section 7 of this Ordinance shall constitute authority for the issuance of any such replacement Bond without necessity of further action by the governing body of the Issuer or any other body or person, and the duty of the replacement of such Bond is hereby authorized and imposed upon the Paying Agent/Registrar, and the Paying Agent/Registrar shall authenticate and deliver such Bond in the form and manner and with the effect, as provided in Section 3(a) of this Ordinance for a Bond issued in exchange for another Bond.

Section 8. CUSTODY, APPROVAL, AND REGISTRATION OF BOND; BOND COUNSEL'S OPINION; CUSIP NUMBERS AND CONTINGENT INSURANCE PROVISION, IF OBTAINED; ENGAGEMENT OF BOND COUNSEL.

(a) The Mayor of the Issuer is hereby authorized to have control of the Bond initially issued and delivered hereunder and all necessary records and proceedings pertaining to the Bond pending its delivery and their investigation, examination, and approval by the Attorney General of the State of Texas, and their registration by the Comptroller of Public Accounts of the State of Texas. Upon registration of the Bond said Comptroller of Public Accounts (or a deputy designated in writing to act for said Comptroller) shall manually sign the Comptroller's Registration Certificate attached to such Bond, and the seal of said Comptroller shall be impressed, or placed in facsimile, on such Bond. The approving legal opinion of the Issuer's Bond Counsel and the assigned CUSIP numbers (if obtained) may, at the option of the Issuer, be printed on the Bond issued and delivered under this Ordinance, but neither shall have any legal effect, and shall be solely for the convenience and information of the Registered Owner of the Bond. In addition, if bond insurance is obtained, the Bond may bear an appropriate legend as provided by the insurer.

(b) The obligation of the initial purchaser to accept delivery of the Bond is subject to the initial purchaser being furnished with the final, approving opinion of McCall, Parkhurst & Horton L.L.P., bond counsel to the Issuer, which opinion shall be dated as of and delivered on the date of initial delivery of the Bond to the initial purchaser. The engagement of such firm as bond counsel to the Issuer in connection with issuance, sale and delivery of the Bond is hereby approved and confirmed. The execution and delivery of an engagement letter between the Issuer and such firm, with respect to such services as bond counsel, is hereby authorized in such form as may be approved by the Mayor, and the Mayor is hereby authorized to execute such engagement letter.

Section 9. COVENANTS REGARDING TAX EXEMPTION OF INTEREST ON THE BOND.

(a) Covenants. The Issuer covenants to take any action necessary to assure, or refrain from any action that would adversely affect, the treatment of the Bond as an obligation described in section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), the interest on which is not includable in the "gross income" of the holder for purposes of federal income taxation. In furtherance thereof, the Issuer covenants as follows:

(1) to take any action to assure that no more than 10 percent of the proceeds of the Bond (less amounts deposited to a reserve fund, if any) are used for any "private business use," as defined in section 141(b)(6) of the Code or, if more than 10 percent of the proceeds or the projects financed therewith are so used, such amounts, whether or not received by the Issuer, with respect to such private business use, do not, under the terms of this Ordinance or any underlying arrangement, directly or indirectly, secure or provide for the payment of more than 10 percent of the debt service on the Bond, in contravention of section 141(b)(2) of the Code;

(2) to take any action to assure that in the event that the "private business use" described in subsection (1) hereof exceeds 5 percent of the proceeds of the Bond or the projects financed therewith (less amounts deposited into a reserve fund, if any) then the amount in excess of 5 percent is used for a "private business use" that is "related" and not "disproportionate," within the meaning of section 141(b)(3) of the Code, to the governmental use;

(3) to take any action to assure that no amount that is greater than the lesser of $5,000,000, or 5 percent of the proceeds of the Bond (less amounts deposited into a reserve fund, if any) is

directly or indirectly used to finance loans to persons, other than state or local governmental units, in contravention of section 141(c) of the Code;

(4) to refrain from taking any action that would otherwise result in the Bond being treated as a "private activity bond" within the meaning of section 141(b) of the Code;

(5) to refrain from taking any action that would result in the Bond being "federally guaranteed" within the meaning of section 149(b) of the Code;

(6) to refrain from using any portion of the proceeds of the Bond, directly or indirectly, to acquire or to replace funds that were used, directly or indirectly, to acquire investment property (as defined in section 148(b)(2) of the Code) that produces a materially higher yield over the term of the Bond, other than investment property acquired with –

(A) proceeds of the Bond invested for a reasonable temporary period of 3 years or less or, in the case of an advance refunding bond, for a period of 30 days or less until such proceeds are needed for the purpose for which the Bond is issued, and in the case of a current refunding bond, for a period of 90 days or less,

(B) amounts invested in a bona fide debt service fund, within the meaning of section 1.148-1(b) of the Treasury Regulations, and

(C) amounts deposited in any reasonably required reserve or replacement fund to the extent such amounts do not exceed 10 percent of the proceeds of the Bond;

(7) to otherwise restrict the use of the proceeds of the Bond or amounts treated as proceeds of the Bond, as may be necessary, so that the Bond does not otherwise contravene the requirements of section 148 of the Code (relating to arbitrage) and, to the extent applicable, section 149(d) of the Code (relating to advance refundings); and

(8) to pay to the United States of America at least once during each five-year period (beginning on the date of delivery of the Bond) an amount that is at least equal to 90 percent of the "Excess Earnings," within the meaning of section 148(f) of the Code and to pay to the United States of America, not later than 60 days after the Bond has been paid in full, 100 percent of the amount then required to be paid as a result of Excess Earnings under section 148(f) of the Code.

(b) Rebate Fund. In order to facilitate compliance with the above covenant (a)(8), a "Rebate Fund" is hereby established by the Issuer for the sole benefit of the United States of America, and such Fund shall not be subject to the claim of any other person, including without limitation the Registered Owner. The Rebate Fund is established for the additional purpose of compliance with section 148 of the Code.

(c) Use of Proceeds. The Issuer understands that the term "proceeds" includes "disposition proceeds" as defined in the Treasury Regulations (hereinafter defined) and, in the case of refunding bonds, transferred proceeds (if any) and proceeds of the refunded bonds expended prior to the date of issuance of the Bond. It is the understanding of the Issuer that the covenants contained herein are intended to assure compliance with the Code and any regulations or rulings promulgated by the U.S. Department of the Treasury pursuant thereto (the "Treasury Regulations"). In the event that regulations or rulings are hereafter promulgated that modify or expand provisions of the Code, as applicable to the Bond, the Issuer will not be required to comply with any covenant contained herein to the extent that such failure to comply, in the opinion of nationally recognized bond counsel, will not adversely affect the exemption from federal income taxation of interest on

the Bond under section 103 of the Code. In the event that regulations or rulings are hereafter promulgated that impose additional requirements applicable to the Bond, the Issuer agrees to comply with the additional requirements to the extent necessary, in the opinion of nationally recognized bond counsel, to preserve the exemption from federal income taxation of interest on the Bond under section 103 of the Code. In furtherance of such intention, the Issuer hereby authorizes and directs the Mayor, the City Manager and the Assistant City Manager to execute any documents, certificates or reports required by the Code and to make such elections, on behalf of the Issuer, that may be permitted by the Code as are consistent with the purpose for the issuance of the Bond.

(d) Disposition of Projects. The Issuer covenants that the projects funded with the proceeds of the Refunded Obligations will not be sold or otherwise disposed in a transaction resulting in the receipt by the Issuer of cash or other compensation, unless the Issuer obtains an opinion of nationally-recognized bond counsel that such sale or other disposition will not adversely affect the tax-exempt status of the Bond. For purposes of the foregoing, the portion of the property comprising personal property and disposed in the ordinary course shall not be treated as a transaction resulting in the receipt of cash or other compensation. For purposes hereof, the Issuer shall not be obligated to comply with this covenant if it obtains a legal opinion that such failure to comply will not adversely affect the excludability for federal income tax proposes from gross income of the interest.

(e) Designation as a Qualified Tax-Exempt Obligation. The Issuer hereby designates the Bond as a "qualified tax-exempt obligation" as defined in section 265(b)(3) of the Code. In furtherance of such designation, the Issuer represents, covenants and warrants the following: (a) that during the calendar year in which the Bond is issued, the Issuer (including any subordinate entities) has not designated nor will designate obligations that when aggregated with the Bond, will result in more than $10,000,000 of "qualified tax-exempt bonds" being issued; (b) that the Issuer reasonably anticipates that the amount of tax-exempt obligations issued, during the calendar year in which the Bond is issued, by the Issuer (or any subordinate entities) will not exceed $10,000,000; and, (c) that the Issuer will take such action or refrain from such action as necessary, and as more particularly set forth in this Section, hereof, in order that the Bond will not be considered a "private activity bond" within the meaning of section 141 of the Code.

Section 10. SALE OF BOND. The Bond is hereby initially sold and shall be delivered to The American National Bank of Texas (the "Purchaser") in Terrell, Texas, for cash for the par value thereof, pursuant to the Purchase Agreement dated the date of the final passage of this Ordinance which the Mayor is hereby authorized to execute and deliver. The Bond shall initially be registered in the name of the Purchaser. It is hereby officially found, determined, and declared that the terms of this sale are the most advantageous reasonably obtainable.

Section 11. FURTHER PROCEDURES. The Mayor, the City Manager, the Assistant City Manager and the City Secretary, and each of them, shall be and they are hereby expressly authorized, empowered and directed from time to time and at any time to do and perform all such acts and things and to execute, acknowledge and deliver in the name and on behalf of the Issuer such certificates, documents and other instruments, whether or not herein mentioned, as may be necessary or desirable in order to carry out the terms and provisions of this Ordinance, the Bond and the sale of the Bond. In case any officer whose signature shall appear on any Bond shall cease to be such officer before the delivery of such Bond, such signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery.

Section 12. NO RULE 15c2-12 UNDERTAKING. The Issuer has not made an undertaking in accordance with Rule 15c2-12 of the Securities and Exchange Commission (the "Rule") in connection with

the issuance of the Bond. The Issuer is not, therefore, obligated pursuant to the Rule to provide any on-going disclosure relating to the Issuer or the Bond in connection with the issuance of the Bond.

Section 13. METHOD OF AMENDMENT. The Issuer hereby reserves the right to amend this Ordinance subject to the following terms and conditions, to-wit:

(a) The Issuer may from time to time, without the consent of the Registered Owner, except as otherwise required by paragraph (b) below, amend or supplement this Ordinance in order to (i) cure any ambiguity, defect or omission in this Ordinance that does not materially adversely affect the interests of the holders, (ii) grant additional rights or security for the benefit of the holders, (iii) add events of default as shall not be inconsistent with the provisions of this Ordinance and that shall not materially adversely affect the interests of the holders, (iv) qualify this Ordinance under the Trust Indenture Act of 1939, as amended, or corresponding provisions of federal laws from time to time in effect, or (v) make such other provisions in regard to matters or questions arising under this Ordinance as shall not be inconsistent with the provisions of this Ordinance and that shall not in the opinion of the Issuer's Bond Counsel materially adversely affect the interests of the holders.

(b) Except as provided in paragraph (a) above, the Registered Owner shall have the right from time to time to approve any amendment hereto that may be deemed necessary or desirable by the Issuer; provided, however, that without the consent of the Registered Owner, nothing herein contained shall permit or be construed to permit amendment of the terms and conditions of this Ordinance or in the Bond so as to (i) make any change in the maturity of the Bond; (ii) reduce the rate of interest borne by the Bond; (iii) reduce the amount of the principal of payable on the Bond; (iv) modify the terms of payment of principal or of interest on the Bond or impose any condition with respect to such payment; or (v) change the requirement with respect to Registered Owner consent to such amendment.

(c) If at any time the Issuer shall desire to amend this Ordinance under this Section, the Issuer shall send by U.S. mail to the Registered Owner of the Bond a copy of the proposed amendment.

(d) Whenever at any time within one year from the date of mailing of such notice the Issuer shall receive an instrument or instruments executed by the Registered Owner of the Bond, which instrument or instruments shall refer to the proposed amendment and that shall specifically consent to and approve such amendment, the Issuer may adopt the amendment in substantially the same form.

(e) Upon the adoption of any amendatory Ordinance pursuant to the provisions of this Section, this Ordinance shall be deemed to be modified and amended in accordance with such amendatory Ordinance, and the respective rights, duties, and obligations of the Issuer and the Registered Owner of the Bond shall thereafter be determined, exercised, and enforced, subject in all respects to such amendment.

(f) Any consent given by the Registered Owner of the Bond pursuant to the provisions of this Section shall be irrevocable for a period of six months from the date of the mailing of the notice provided for in this Section, and shall be conclusive and binding upon all future holders of the same Bond during such period. Such consent may be revoked at any time after six months from the date of the mailing of said notice by the Registered Owner, or by a successor in title, by filing notice with the Issuer.

(g) For the purposes of establishing ownership of the Bond, the Issuer shall rely solely upon the registration of the ownership of such Bond on the registration books kept by the Paying Agent/Registrar.

Section 14. DEFAULT AND REMEDIES

(a) Events of Default. Each of the following occurrences or events for the purpose of this Ordinance is hereby declared to be an Event of Default:

(i) the failure to make payment of the principal of or interest on the Bond when the same becomes due and payable; or

(ii) default in the performance or observance of any other covenant, agreement or obligation of the Issuer, the failure to perform which materially, adversely affects the rights of the Registered Owner of the Bond, including, but not limited to, their prospect or ability to be repaid in accordance with this Ordinance, and the continuation thereof for a period of 60 days after notice of such default is given by the Registered Owner to the Issuer.

(b) Remedies for Default. Upon the happening of any Event of Default, then and in every case, the Registered Owner or an authorized representative thereof, including, but not limited to, a trustee or trustees therefor, may proceed against the Issuer for the purpose of protecting and enforcing the rights of the Registered Owner under this Ordinance, by mandamus or other suit, action or special proceeding in equity or at law, in any court of competent jurisdiction, for any relief permitted by law, including the specific performance of any covenant or agreement contained herein, or thereby to enjoin any act or thing that may be unlawful or in violation of any right of the Registered Owner hereunder or any combination of such remedies.

(c) Remedies Not Exclusive.

(i) No remedy herein conferred or reserved is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or under the Bond or now or hereafter existing at law or in equity; provided, however, that notwithstanding any other provision of this Ordinance, the right to accelerate the debt evidenced by the Bond shall not be available as a remedy under this Ordinance.

(ii) The exercise of any remedy herein conferred or reserved shall not be deemed a waiver of any other available remedy.

(iii) By accepting the delivery of a Bond authorized under this Ordinance, the Registered Owner agrees that the certifications required to effectuate any covenants or representations contained in this Ordinance do not and shall never constitute or give rise to a personal or pecuniary liability or charge against the officers, employees or trustees of the Issuer or the City Council.

Section 15. APPROVAL OF ESCROW AGREEMENT AND TRANSFER OF FUNDS. The Mayor or City Manager of the Issuer is hereby authorized and directed to execute and deliver an escrow or similar agreement with The Bank of New York Mellon Trust Company, N.A., in substantially the form presented at this meeting. In addition, the Mayor or other officer of the Issuer is authorized to purchase such securities, to execute subscriptions for the purchase of U. S. Treasury Securities, State and Local Government Series, and to authorize such contributions, as may be necessary for the Escrow Fund.

Section 16. REDEMPTION OF REFUNDED OBLIGATIONS.

(a) The Issuer hereby directs that the Refunded Obligations be called for redemption on the dates set forth on Schedule I. Such Refunded Obligations shall be redeemed at the redemption price of par plus accrued interest. The Mayor of the Issuer is hereby authorized to issue or cause to be issued the Notice of

Redemption of the Refunded Obligations, in the forms set forth in Exhibit B attached hereto, to the paying agent/registrar for the Refunded Obligations.

(b) In addition, the paying agent/registrar for the Refunded Obligations is hereby directed to provide notice of redemption to the registered owners of the Refunded Obligations and is hereby directed to make appropriate arrangements so that the Refunded Obligations may be redeemed on their respective redemption dates. The Refunded Obligations shall be presented for redemption at the paying agent/registrar therefor, and shall not bear interest after the date fixed for redemption.

(c) The source of funds for payment of the principal of and interest on the Refunded Obligations on their redemption date shall be from the funds deposited with the Escrow Agent, pursuant to the Escrow Agreement approved in Section 15 of this Ordinance.

Section 17. APPROPRIATION. To pay the debt service coming due on the Bond prior to receipt of the taxes levied to pay such debt service, there is hereby appropriated from current funds on hand, which are hereby certified to be on hand and available for such purpose, an amount sufficient to pay such debt service, and such amount shall be used for no other purpose.

Section 18. SEVERABILITY. If any section, article, paragraph, sentence, clause, phrase or word in this Ordinance, or application thereof to any persons or circumstances is held invalid or unconstitutional by a court of competent jurisdiction, such holding shall not affect the validity of the remaining portion of this Ordinance, despite such invalidity, which remaining portions shall remain in full force and effect.

Section 19. EFFECTIVE DATE. In accordance with the provisions of Texas Government Code, Section 1201.028, this Ordinance shall be effective immediately upon its adoption by the City Council.

Total		$ 2,820,000	$ 2,820,000

Called for redemption on August 1, 2015, at par plus accrued interest.

EXHIBIT A

FORM OF BOND

A. The form of the Bond, including the form of Paying Agent/Registrar's Authentication Certificate, the form of Assignment and the form of Registration Certificate of the Comptroller of Public Accounts of the State of Texas to be attached to the Bond initially issued and delivered pursuant to this Ordinance, shall be, respectively, substantially as follows, with such appropriate variations, omissions or insertions as are permitted or required by this Ordinance.

NO. R-

UNITED STATES OF AMERICA
STATE OF TEXAS

PRINCIPAL AMOUNT
$9,820,000

CITY OF ROCKWALL, TEXAS
GENERAL OBLIGATION REFUNDING BOND
SERIES 2014

Interest Rate	Delivery Date
As shown below	_____

REGISTERED OWNER: THE AMERICAN NATIONAL BANK OF TEXAS

PRINCIPAL AMOUNT: NINE MILLION EIGHT HUNDRED TWENTY THOUSAND DOLLARS

The City of Rockwall, Texas (the "Issuer"), being a political subdivision of the State of Texas located in Rockwall County, Texas, for value received, promises to pay, from the sources described herein, to the registered owner specified above, or registered assign (hereinafter called the "Registered Owner"), the principal amount specified above, and to pay interest thereon, from the Delivery Date set forth above, on the balance of said principal amount from time to time remaining unpaid, at the rates per annum set forth in the table below, calculated on the basis of a 360-day year of twelve 30-day months. The unpaid principal of this Bond shall mature and shall be paid in installments on the dates and in the amounts set forth in the table below:

Payment Date	Principal Installment	Interest Rate
August 1, 2014	$ 160,000	2.280%
August 1, 2015	80,000	2.280%
August 1, 2016	85,000	2.280%
August 1, 2017	85,000	2.280%
August 1, 2018	85,000	2.280%
August 1, 2019	885,000	2.280%
August 1, 2020	1,330,000	2.280%
August 1, 2021	1,360,000	2.280%
August 1, 2022	1,390,000	2.280%
August 1, 2023	1,420,000	2.280%
August 1, 2024	1,455,000	2.280%
August 1, 2025	1,485,000	2.280%

THE PRINCIPAL OF AND INTEREST ON THIS BOND are payable in lawful money of the United States of America, without exchange or collection charges. The Issuer shall pay interest on this Bond on August 1, 2014, and on each February 1 and August 1 thereafter to the date of maturity or redemption prior to maturity. The last principal installment of this Bond shall be paid to the Registered Owner hereof upon presentation and surrender of this Bond at maturity, or upon the date fixed for its redemption prior to maturity, at the principal office of The American National Bank of Texas in Rockwall, Texas, which is the "Paying Agent/Registrar" for this Bond. The payment of all other principal installments of and interest on this Bond shall be made by the Paying Agent/Registrar to the Registered Owner hereof on each principal and interest payment date by check or draft, dated as of such principal and interest payment date, drawn by the Paying Agent/Registrar on, and payable solely from, funds of the Issuer required by the Bond Ordinance to be on deposit with the Paying Agent/Registrar for such purpose as hereinafter provided; and such check or draft shall be sent by the Paying Agent/Registrar by United States mail, first-class postage prepaid, on each such interest payment date, to the Registered Owner hereof, at its address as it appeared on the fifteenth day of the month next preceding each such date (the "Record Date") on the Registration Books kept by the Paying Agent/Registrar, as hereinafter described. In addition, principal and interest may be paid by such other method, acceptable to the Paying Agent/Registrar, requested by, and at the risk and expense of, the Registered Owner.

ANY ACCRUED INTEREST due in connection with the final installment of principal of this Bond or upon redemption of this Bond in whole at the option of the Issuer prior to maturity as provided herein shall be paid to the Registered Owner upon presentation and surrender of this Bond for payment at the principal corporate trust office of the Paying Agent/Registrar. The Issuer covenants with the Registered Owner of this Bond that on or before each principal payment date and interest payment date for this Bond it will make available to the Paying Agent/Registrar, from the "Interest and Sinking Fund" created by the Bond Ordinance, the amounts required to provide for the payment, in immediately available funds, of all principal of and interest on the Bond, when due.

IF THE DATE for the payment of the principal of or interest on this Bond shall be a Saturday, Sunday, a legal holiday or a day on which banking institutions in the city where the principal corporate trust office of the Paying Agent/Registrar is located are authorized by law or executive order to close, then the date for such payment shall be the next succeeding day that is not such a Saturday, Sunday, legal holiday or day on which banking institutions are authorized to close; and payment on such date shall have the same force and effect as if made on the original date payment was due.

THIS BOND is dated May 5, 2014, authorized in accordance with the Constitution and laws of the State of Texas in the principal amount of $9,820,000 for the public purpose of refunding certain outstanding obligations of the Issuer, and to pay the costs incurred in connection with the issuance of the Bond.

ON FEBRUARY 1, 2022, or any date thereafter, the principal installments of this Bond may be redeemed prior to their scheduled maturities, at the option of the Issuer, with funds derived from any available and lawful source, as a whole, or in part, and, if in part, the particular principal installments or portions thereof, to be redeemed shall be selected and designated by the Issuer, at a redemption price equal to the principal amount to be redeemed plus accrued interest to the date fixed for redemption.

AT LEAST 20 days prior to the date fixed for any optional redemption of the Bond or portions thereof prior to maturity a written notice of such redemption shall be sent by the Paying Agent/Registrar by United States mail, first-class postage prepaid, to the Registered Owner of the Bond at its address as it appeared on the Registration Books on the day such notice of redemption is mailed; provided, however, that the failure of the Registered Owner to receive such notice, or any defect therein or in the sending or mailing thereof, shall not affect the validity or effectiveness of the proceedings for the redemption of this Bond. By

the date fixed for any such redemption, due provision shall be made with the Paying Agent/Registrar for the payment of the required redemption price for the Bond or portions thereof which are to be so redeemed. If such written notice of redemption is sent and if due provision for such payment is made, all as provided above, the Bond or portions thereof which are to be so redeemed thereby automatically shall be treated as redeemed prior to its scheduled maturity, and shall not bear interest after the date fixed for redemption, and shall not be regarded as being outstanding except for the right of the Registered Owner to receive the redemption price from the Paying Agent/Registrar out of the funds provided for such payment.

IF AT THE TIME OF MAILING of notice of optional redemption there shall not have either been deposited with the Paying Agent/Registrar or legally authorized escrow agent immediately available funds sufficient to redeem the Bond called for redemption, such notice must state that it is conditional, and is subject to the deposit of the redemption moneys with the Paying Agent/Registrar or legally authorized escrow agent at or prior to the redemption date, and such notice shall be of no effect unless such moneys are so deposited on or prior to the redemption date.

UPON THE PAYMENT of principal on this Bond, or partial redemption of this Bond, the Paying Agent/Registrar, shall note in the Payment Record appearing on this Bond the amount of such prepayment, the date said payment was made and the remaining unpaid principal balance of this Bond and shall then have said entry signed by an authorized official of the Paying Agent/Registrar. The Paying Agent/Registrar shall also record such information in the Bond Registration Books, and the Paying Agent/Registrar shall also record in the Bond Registration Books all payments of principal installments on such Bond when made on their respective due dates.

THIS BOND IS ISSUABLE IN THE FORM of one fully-registered Bond without coupons in the denomination of $9,820,000. This Bond may be transferred or exchanged as provided in the Bond Ordinance, only upon the registration books kept for that purpose at the above-mentioned office of the Paying Agent/Registrar upon surrender of this Bond together with a written instrument of transfer or authorization for exchange satisfactory to the Paying Agent/Registrar and duly executed by the Registered Owner or his duly authorized attorney, and thereupon a new Bond of the same maturity and in the same aggregate principal amount shall be issued by the Paying Agent/Registrar to the transferee in exchange therefor as provided in the Bond Ordinance, and upon payment of the charges therein prescribed. The Issuer and the Paying Agent/Registrar may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or redemption price hereof and interest due hereon and for all other purposes. The Paying Agent/Registrar shall not be required to make any such transfer or exchange (i) during the period commencing with the close of business on any Record Date and ending with the opening of business on the next following principal or interest payment date, or (ii) within 30 days prior to a redemption date.

IN THE EVENT any Paying Agent/Registrar for this Bond is changed by the Issuer, resigns, or otherwise ceases to act as such, the Issuer has covenanted in the Bond Ordinance that it promptly will appoint a competent and legally qualified substitute therefor, and cause written notice thereof to be mailed to the Registered Owner of the Bond.

THIS BOND shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Bond Ordinance until the Certificate of Authentication shall have been executed by the Paying Agent/Registrar or the Comptroller's Registration Certificate hereon shall have been executed by the Texas Comptroller of Public Accounts.

IT IS HEREBY certified, recited and covenanted that this Bond has been duly and validly authorized, issued and delivered; that all acts, conditions and things required or proper to be performed, exist and be done

precedent to or in the authorization, issuance and delivery of this Bond have been performed, existed and been done in accordance with law; and that annual ad valorem taxes sufficient to provide for the payment of the interest on and principal of this Bond, as such interest comes due and such principal matures, have been levied and ordered to be levied against all taxable property in said Issuer, and have been pledged for such payment, within the limit prescribed by law.

THE ISSUER HAS RESERVED THE RIGHT to amend the Bond Ordinance as provided therein, and under some (but not all) circumstances amendments thereto must be approved by the Registered Owner of the Bond.

BY BECOMING the Registered Owner of this Bond, the Registered Owner thereby acknowledges all of the terms and provisions of the Bond Ordinance, agrees to be bound by such terms and provisions, acknowledges that the Bond Ordinance is duly recorded and available for inspection in the official minutes and records of the governing body of the Issuer, and agrees that the terms and provisions of this Bond and the Bond Ordinance constitute a contract between each Registered Owner hereof and the Issuer.

IN WITNESS WHEREOF, the Issuer has caused this Bond to be signed with the manual or facsimile signature of the Mayor of the Issuer and countersigned with the manual or facsimile signature of the City Secretary of said Issuer, and has caused the official seal of the Issuer to be duly impressed, or placed in facsimile, on this Bond.

	$ 2,820,000	$ 2,820,000	

On August 1, 2015 interest on the Series 2005 Redeemed Bonds shall cease to accrue and be payable.

THE REDEEMED OBLIGATIONS shall be redeemed at The Bank of New York Mellon Trust Company, N.A., as the Paying Agent/Registrar for said Redeemed Obligations. Upon presentation of the Redeemed Obligations at the Paying Agent/Registrar on the aforementioned redemption date, the holder thereof shall be entitled to receive the redemption price equal to the principal amount called for redemption plus accrued interest thereon to the redemption date.

NOTICE IS GIVEN that due and proper arrangements have been made for providing the place of payment of said Redeemed Obligations called for redemption with funds sufficient to pay the principal amount of said Redeemed Obligations and the interest thereon to the redemption date. In the event said Redeemed Obligations, or any of them are not presented for redemption by the date fixed for their redemption, they shall not thereafter bear interest.

UNDER THE PROVISIONS of Section 3406 of the Internal Revenue Code of 1986, as amended, paying agents making payments of interest and principal on municipal securities may be obligated to withhold a tax from remittance to individuals who have failed to furnish the paying agent with a valid taxpayer identification number. Registered holders who wish to avoid the imposition of the tax should submit certified taxpayer identification numbers (via form W-9) when presenting the Series 2001 Redeemed Bonds for payment.

THIS NOTICE is issued and given pursuant to the redemption provisions in the proceedings authorizing the issuance of the aforementioned Redeemed Obligations and in accordance with the recitals and provisions of said Redeemed Obligations.

NOTICE IS FURTHER GIVEN that the Redeemed Obligations should be submitted to either of the following addresses:

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Timothy M. Tumulty, Director of Public Works/City Engineer

DATE: May 14, 2014

SUBJECT: Notice of Water/Wastewater Impact Fee Update

In accordance with Section 395.047, *Hearing on Impact Fee*, of Chapter 395 of the Texas Local Government Code, attached is a proposed resolution that would set the required public hearing date for the consideration of the Water/Wastewater Impact Fee Program on Monday, July 7, 2014. As part of this consideration the City Council will be required to adopt the Land Use Assumptions and Capital Improvements Plan for water and wastewater facilities.

The City's consultant, Birkhoff, Hendricks and Carter, L.L.P. will continue to work with staff and the Capital Improvements Advisory Committee (CIAC) on finalizing the water/wastewater impact fee report that will be delivered to City Council on June 2, 2014.

CITY OF ROCKWALL

RESOLUTION NO. 14-07

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ESTABLISHING A PUBLIC HEARING DATE TO CONSIDER APPROVAL OF UPDATED LAND USE ASSUMPTIONS, CAPITAL IMPROVEMENT PLANS AND IMPACT FEES FOR THE 2014 WATER/WASTEWATER IMPACT FEE UPDATE; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City Council of Rockwall has authorized an impact fee study to determine whether to adopt updated land use assumptions, capital improvement plans, and impact fees for water and wastewater infrastructure in accordance with Texas Local Government Code Chapter 385; and

WHEREAS, Chapter 395 requires the City Council to set a public hearing to consider whether to adopt updated land use assumptions, capital improvement plans and impact fees for water and wastewater infrastructure;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, that:

Section 1. That the above recitals are found to be true and correct and they are incorporated herein as findings of the City Council for all purposes.

Section 2. That a public hearing of the City Council shall be held on July 7, 2014 at 6:00 p.m. at City Hall 385 S. Goliad Street, Rockwall, Texas for the purpose of considering amendments to the land use assumptions, capital improvements plans and impact fees for water and wastewater infrastructure.

Section 3. That notice of the hearing shall be published in one or newspapers of general circulation in Rockwall County before the 30th day before the date set for the hearing.

Section 4. This resolution takes effect immediately from and after its adoption, and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 19th day of May, 2014.

David Sweet, Mayor

ATTEST:

Kristy Ashberry, City Secretary

APPROVED AS TO FORM:

Frank Garza, City Attorney

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 05/19/2014

APPLICANT: Dewayne Cain

AGENDA ITEM: **Z2014-011**; 1002 Ridge Road (SF-10 to PD-53)

SUMMARY:

Hold a public hearing to discuss and consider a request by Dewayne Cain, on behalf of the Cain Family Revocable Trust, for the approval of a zoning change from a Single Family 10 (SF-10) District to Planned Development District 53 (PD-53) for Residential-Office (RO) District uses and to amend the boundaries of Planned Development District 53 (PD-53) [Ordinance No. 02-33] for a 0.651-acre parcel of land identified as Lot 3, Block A, Lee Rhoades Subdivision, City of Rockwall, Rockwall County, Texas, addressed as 1002 Ridge Road, and take any action necessary.

BACKGROUND AND PURPOSE OF THE REQUEST:

On July 1, 2003 the City Council adopted Planned Development District 53 (PD-53) [*Ordinance No. 02-33; Case No. PZ2002-33*], which granted uses permitted within the Residential-Office (RO) District to nine (9) properties adjacent to Ridge Road (FM-740) [*i.e. 1004, 1008, 1010, 1012, 1014, 1018, 1020, 1022 & 1024 Ridge Road*]. This was in response to the expansion of Ridge Road, which required the Texas Department of Transportation (TXDOT) to acquire substantial portions of several of the properties adjacent to the west side of the thoroughfare. This acquisition essentially removed the front yards of these properties, and created a condition that was less desirable for residential uses and more conducive to non-residential uses. It was the intent of the planned development district to provide additional options to the owners of the nine (9) properties that were affected by the acquisition of right-of-way, and to create a "transitional" buffer between Ridge Road and the remaining residential properties located west of the subject properties. Originally, the proposed zoning case included 15 properties [*i.e. 1104, 1026 & 1002 Ridge Road and 101 & 102 Glen Road*] (*four [4] of which were city initiated*); however, six (6) of the properties were removed from the request by the Planning & Zoning Commission due to concerns voiced by adjacent property owners. The subject property was a part of this original request and was one of the removed properties.

The subject property is a 0.651-acre parcel of land located directly north of the nine (9) properties that currently make up Planned Development District 53 (PD-53), and is addressed as 1002 Ridge Road. Currently, there is an existing home situated on the subject property that is vacant. The owner, Dewayne Cain, is requesting to change the zoning of the property from Single Family 10 (SF-10) District to Planned Development District 53 (PD-53) for the purpose of establishing a future office use on the property. According to a letter submitted by Mr. Cain the purpose of the zoning change is because "…residential is no longer the best and highest use for the property; nor is it consistent with other properties in the area."

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is ten (10) feet of alley right-of-way followed by several properties developed with single-family homes. These properties are a part of the L&W Subdivision and are zoned Single Family 10 (SF-10) District.

South: Directly south of the subject property is Summit Ridge Drive (80-feet of right-of-way) followed by several properties zoned Planned Development District 53 (PD-53) for Residential-Office (RO) District uses.

East: Directly east of the subject property is Ridge Road (variable width of right-of-way) followed by a property zoned Commercial (C) District and developed with a gas station and convenience store. Beyond this property is TXDOT right-of-way followed by SH-205 (*S. Goliad Street*).

West: Directly west of the subject property is a single family home owned by the applicant and zoned Single Family 10 (SF-10) District. Beyond this structure are several single-family homes situated within the Ridge Road Village Subdivision and zoned Single Family 10 (SF-10) District.

ANALYSIS AND CONFORMANCE WITH THE UDC/COMPREHENSIVE PLAN:

The underlying zoning of Planned Development District 53 (PD-53) is Residential-Office (RO) District, which according to the Unified Development Code is a zoning district that is reserved for "…area(s) of transition between residential and high-intensity non-residential uses or busy arterial thoroughfares." In this case, the subject property has an existing house that is situated 15-feet from the right-of-way of Ridge Road. Ridge Road or FM-740 is classified as an M4D (*Minor Arterial, Four [4] Lane, Divided Roadway*) and accommodates a moderate level of traffic. According to the Texas Department of Transportation's (TXDOT's) 2012 District Traffic Maps, Ridge Road currently accommodates between 17,800 to 25,000 trips per day between the SH-205/FM-740 split and IH-30. The average residential street accommodates less than 1,000 trips per day. Additionally, the property's orientation and set backs are similar to the existing properties within the planned development district (as opposed to properties north of the subject property).

The Future Land Use Map contained within the Comprehensive Plan designates the subject property for *Medium Density Single-Family Residential* land uses. If the zoning case is approved the Future Land Use Map will be required to be amended with the next Comprehensive Plan update to reflect the proposed change in land use from *Medium Density Single-Family Residential* to a *Commercial* designation.

NOTIFICATION:

On May 2, 2014, staff mailed 21 notices to property owners within 200 feet of the subject property. Additionally, staff posted a sign adjacent to Ridge Road in front of the existing single family home as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had received three (3) notifications in favor of the applicant's request.

RECOMMENDATIONS:

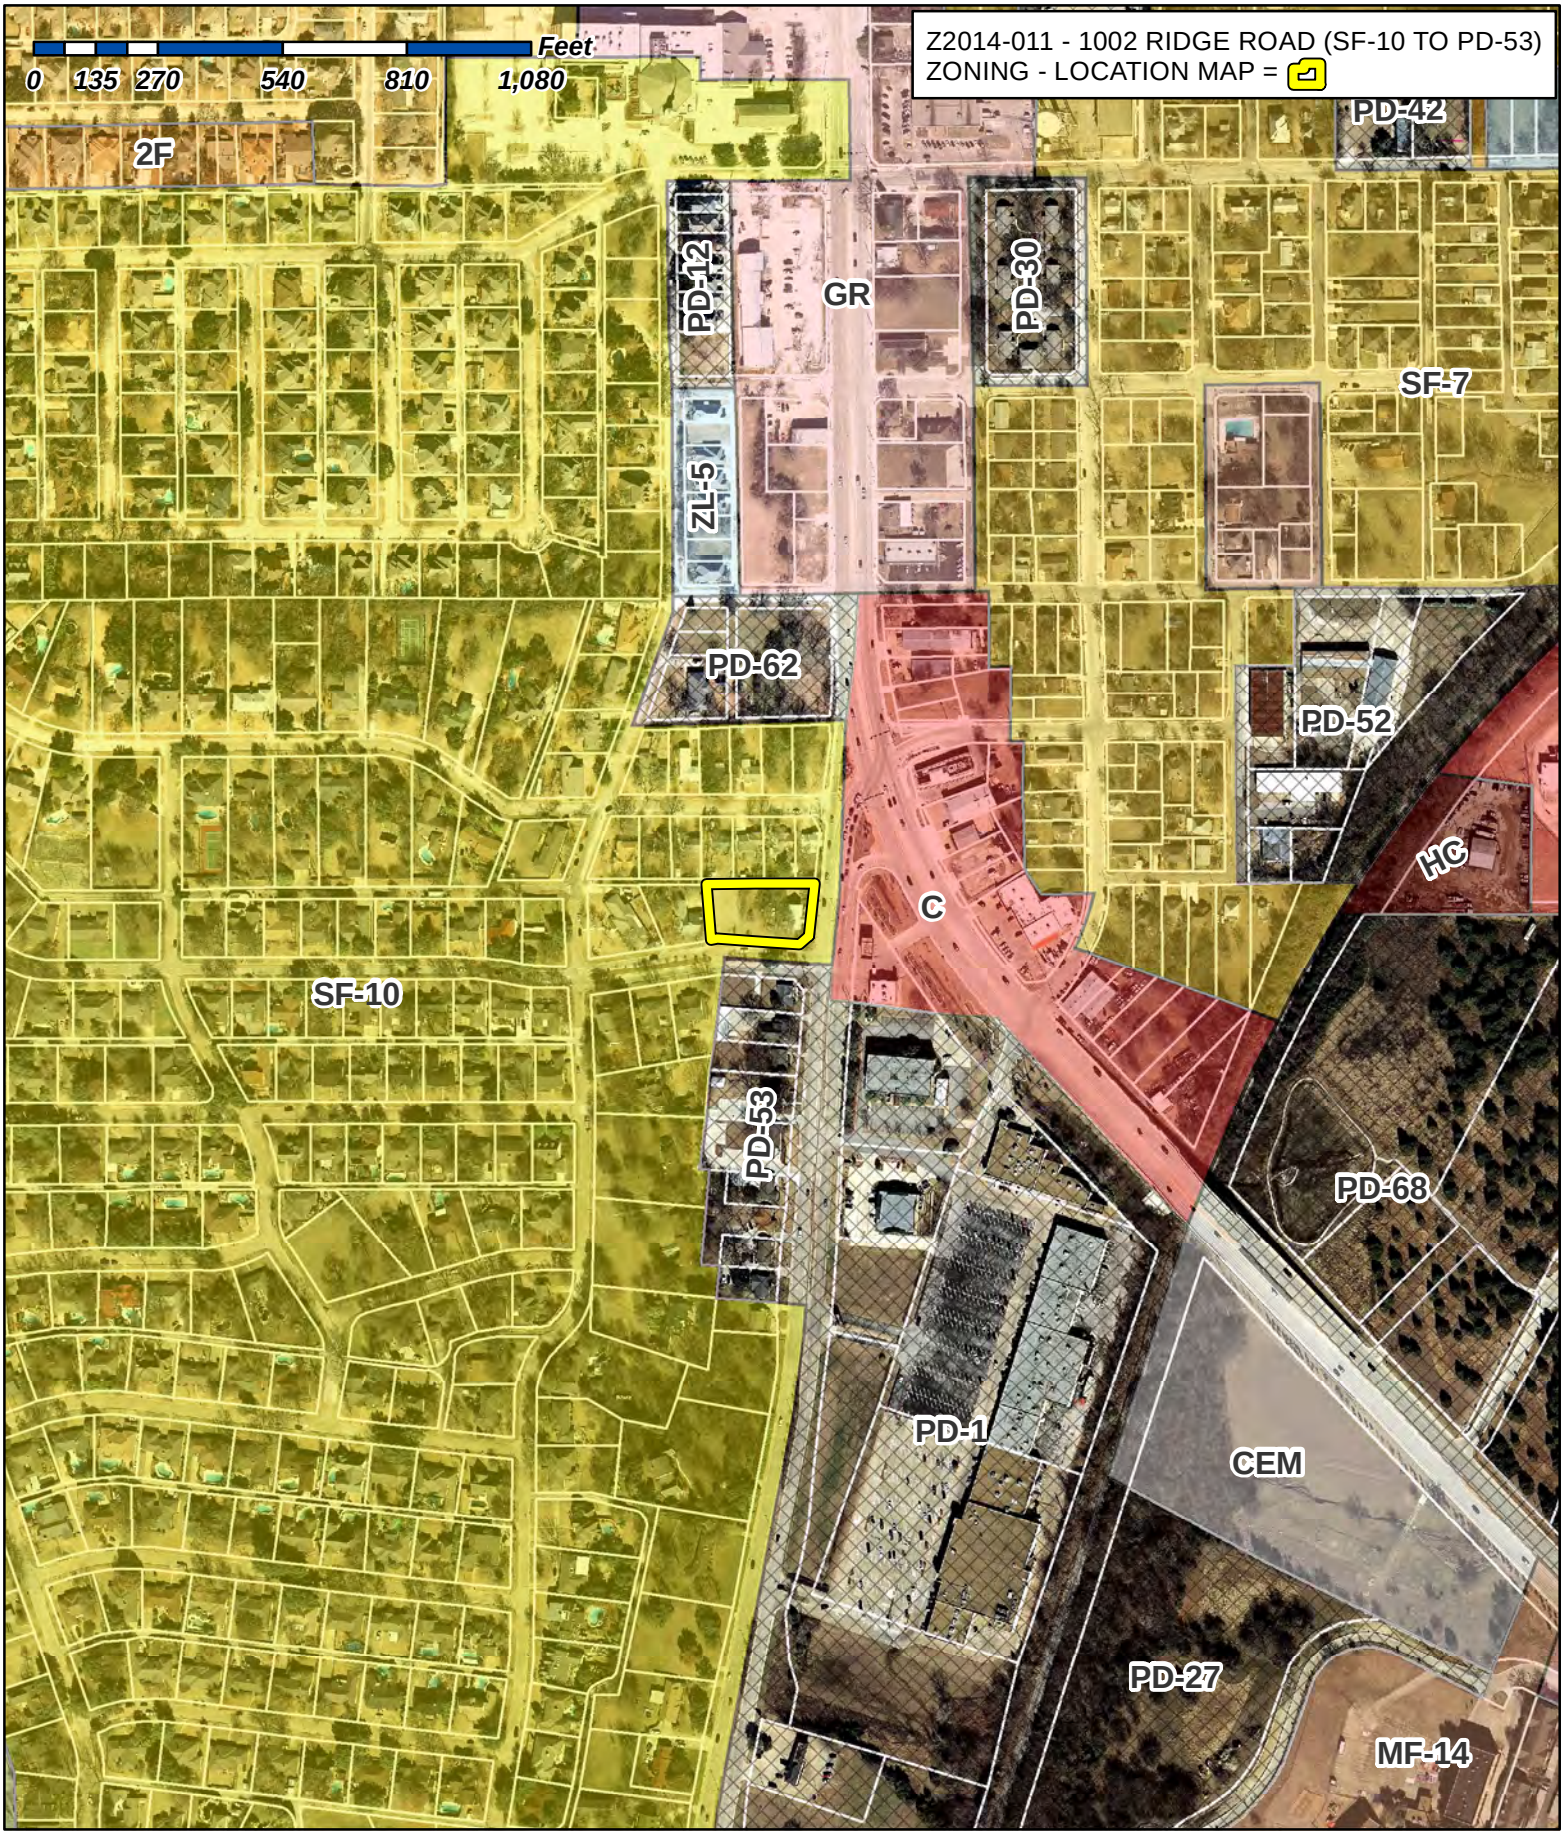
If the City Council approves the applicant's request to change the zoning of the subject property from Single Family 10 (SF-10) District to Planned Development District 53 (PD-53) then staff would propose the following conditions of approval:

1) The *Subject Property* shall comply with all the requirements specified by Section 6.8, *Scenic Overlay (SOV) District*, of Article IV, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*],

2) In addition to the uses permitted in the Residential Office (RO) District that the *Subject Property* shall be permitted to be used as a single-family residence; however, only one (1) single family dwelling unit shall be permitted on each lot,

3) All parking provided on the *Subject Property* shall be located behind the primary structure and no parking may be provided adjacent to or visible from Ridge Road. For the purposes of the draft ordinance parking maybe visible, accessible and adjacent to Summit Ridge Drive on the *Subject Property*,

4) The parking requirement for the *Subject Property* shall be one (1) parking space per 500 square feet of floor area for an office and/or professional use. All other uses shall comply with the parking requirements stipulated in Article VI, *Parking and Loading Standards*, of the Unified Development Code [*Ordinance 04-38*],



5) A six (6) foot, wood fence constructed to a residential standard is required adjacent to all single family residential adjacencies (i.e. the northern and western property lines) for the purpose of screening the parking area,

6) Prior to the *Subject Property* being utilized for any use other than a single family residential dwelling a site plan must be submitted, reviewed and approved by the Director of Planning or his designee, and

7) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On May 13, 2014, the Planning and Zoning Commission recommended approval of the applicant's request to change the zoning of the subject property from Single Family 10 (SF-10) District to Planned Development District 53 (PD-53) by a vote of 7-0.

Case No. Z2014-011: Zoning Change (SF-10 to PD-53)

Please place a check mark on the appropriate line below:

☑ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

Will make the zoning consistent with the other properties in the area that face Ridge Road

Name: Dewayne Cain
Address: Rockwall, TX.

Tex. Loc. Gov. Code, Sec. 211.006 (d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.

April 16, 2014

City of Rockwall
Planning and Zoning Department
385 S. Goliad Street
Rockwall, Texas 75087

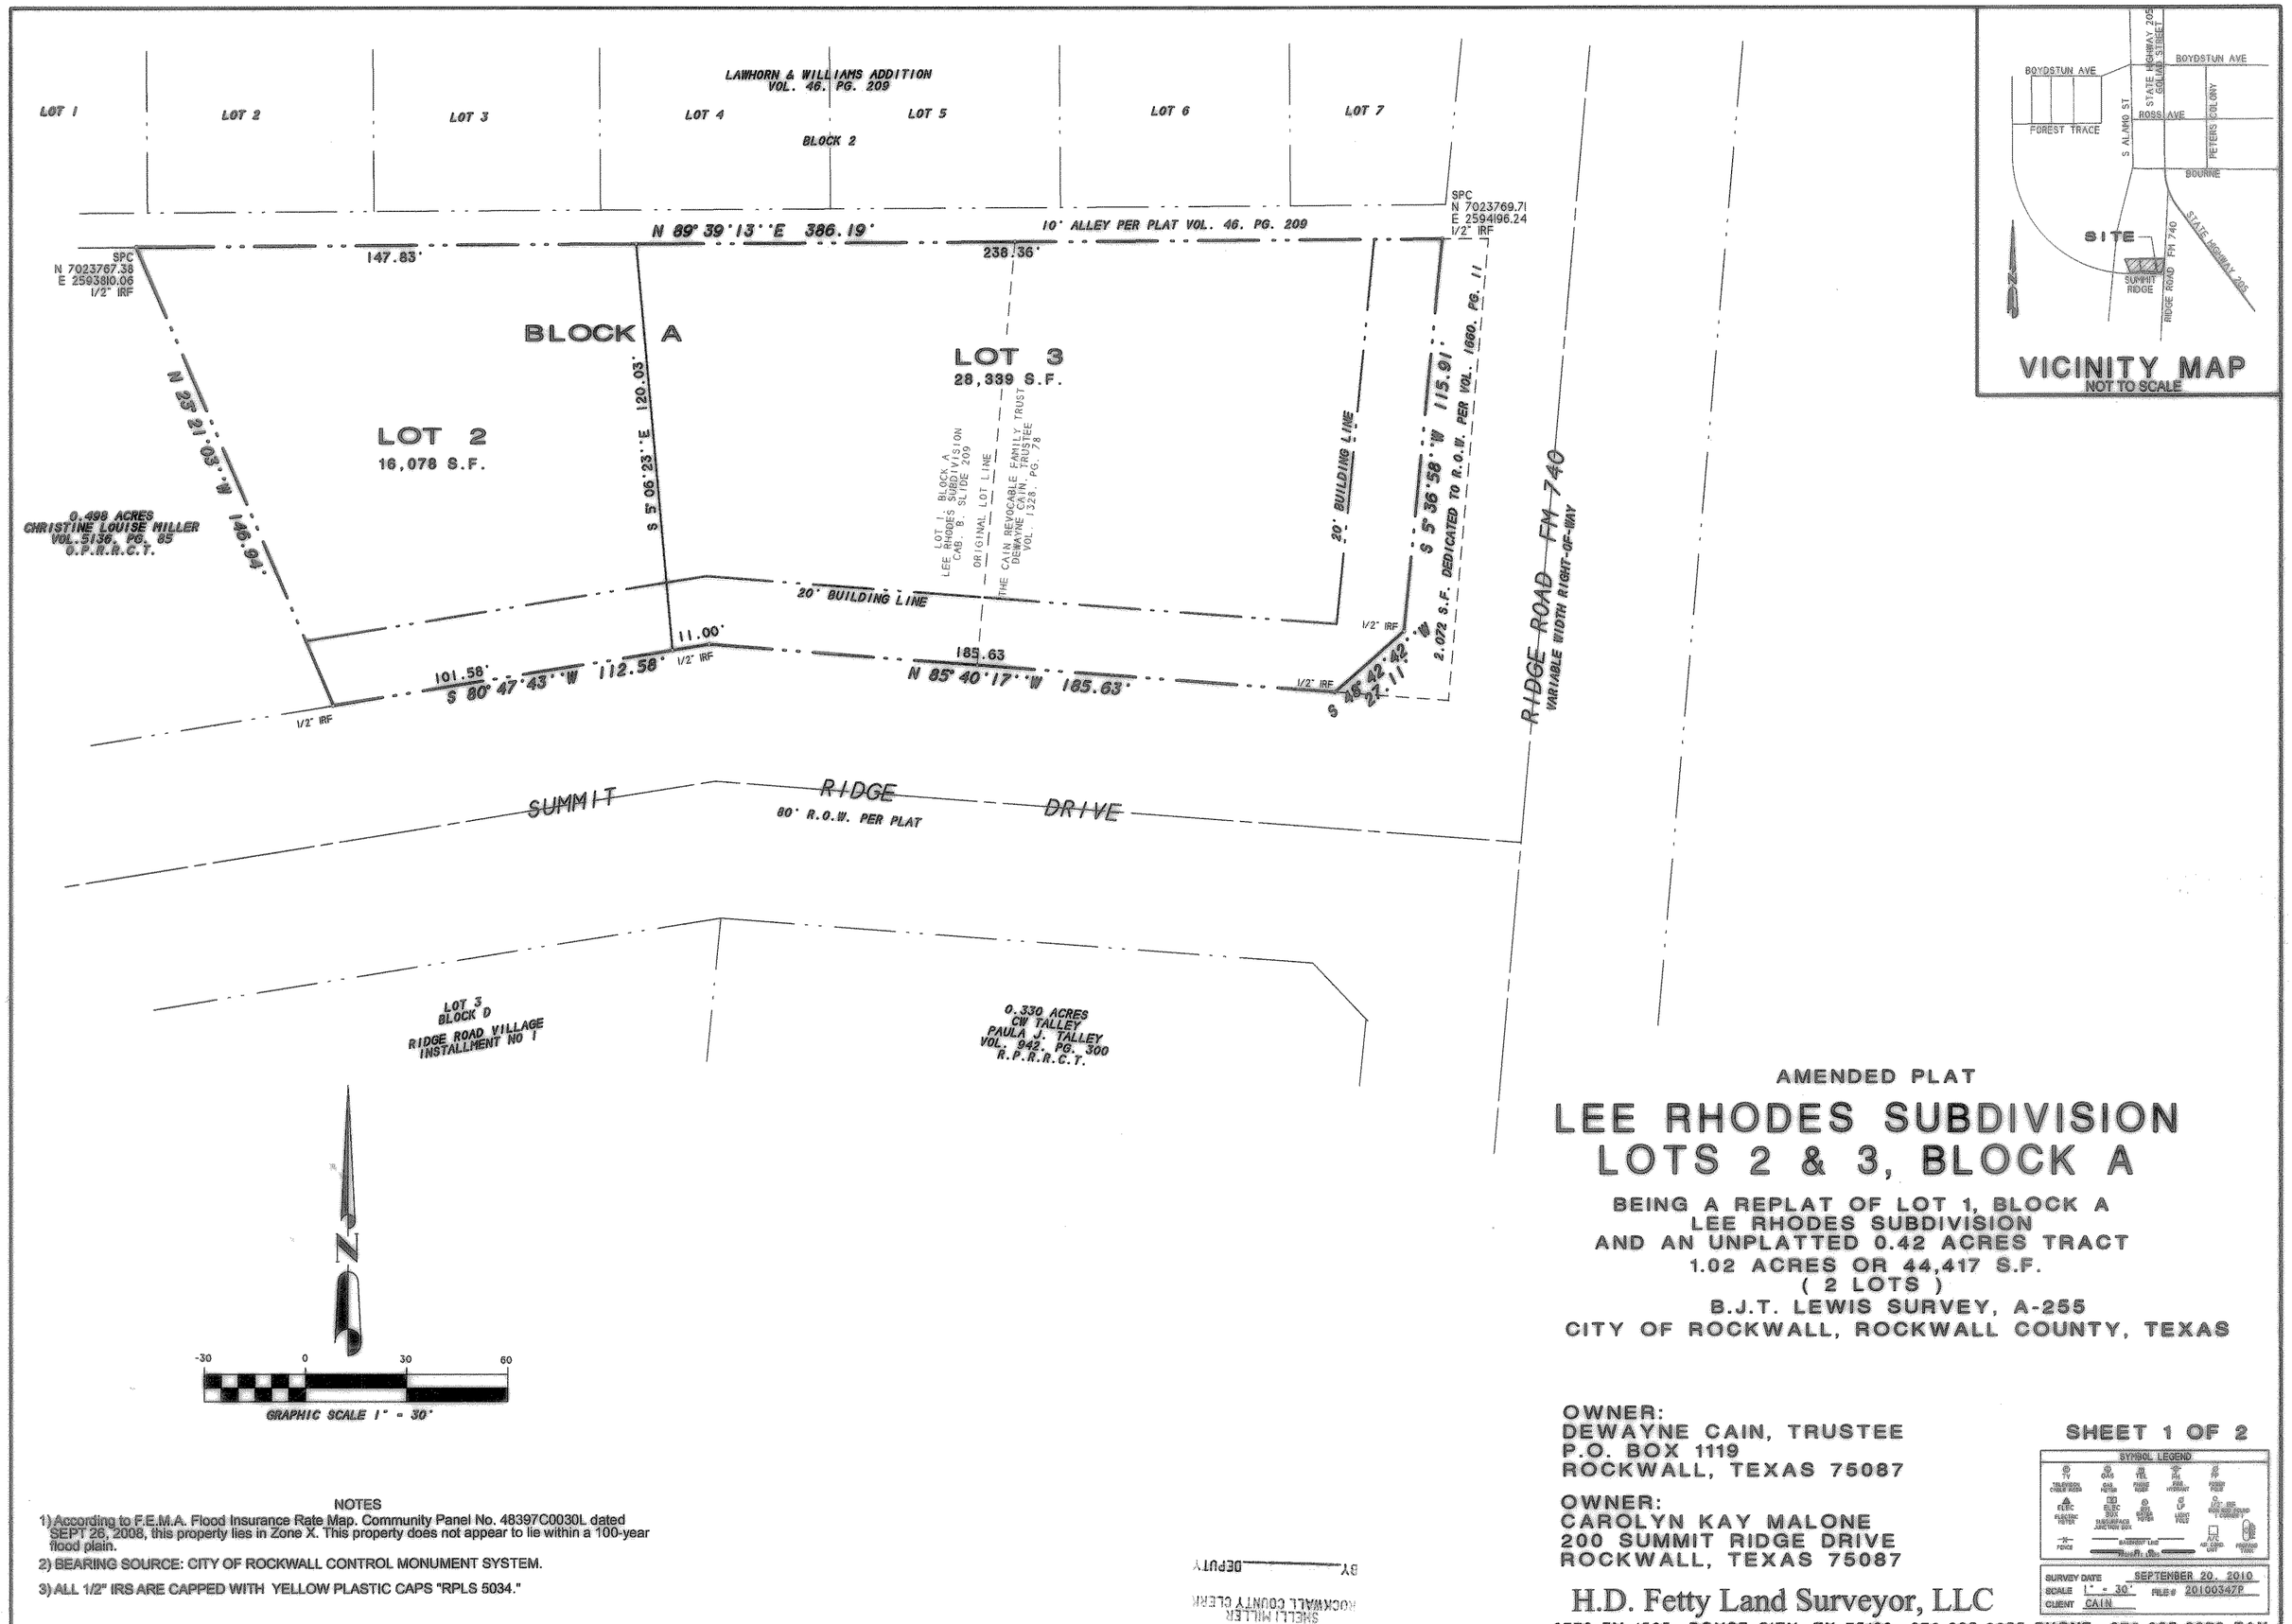
To Whom It May Concern:

We request that the City of Rockwall amend and extend the current PD 53 zoning to include our property located at the corner of Ridge Road and Summit Ridge Drive.

Currently, the property is zoned for residential use. However, because of its location, residential is no longer the best and highest use for the property; nor is it consistent with other properties in the area.

Enclosed please find:

- a check made payable to the City of Rockwall for the Zoning Change Application Fee;
- a Pre-Application Meeting Request;
- the completed Zoning Change Application Submittal Requirements;
- the Notarized Development Application;
- a Detailed Legal Description of the property;
- an Amended Plat of the Lee Rhodes Subdivision, and:
- pictures of the current structure on the property.



If you have any questions, or need any further information, please do not hesitate to contact me.

Sincerely,

Dewayne Cain

Dewayne Cain, Trustee
Cain Family Revocable Trust

PLANNED DEVELOPMENT DISTRICT 53 (PD-53)

CITY OF ROCKWALL

ORDINANCE NO. 02-33

AN ORDINANCE OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE COMPREHENSIVE ZONING ORDINANCE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO CHANGE THE ZONING ON A TRACT OF LAND LOCATED ON THE WEST SIDE OF FM 740 SOUTH OF SUMMIT RIDGE, D. ATKINS ABSTRACT NO. 1, TRACTS 23, 20, 21, 29, 30, 12, 25, 13 AND 16, WHICH IS MORE FULLY DESCRIBED HEREIN, FROM "SF-10" SINGLE FAMILY RESIDENTIAL TO "PD", PLANNED DEVELOPMENT DISTRICT NO.53; CORRECTING THE OFFICIAL ZONING MAP; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000) FOR EACH OFFENSE; PROVIDING A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Comprehensive Zoning Ordinance of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Comprehensive Zoning Ordinance of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning on a tract of land which is more fully described herein as Exhibit "A" from "SF-10", Single Family Residential to "PD", Planned Development District No. 53, and;

Section 2. That the property described herein shall be used only in the manner and for the purposes provided for in the Comprehensive Zoning Ordinance of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future and subject to the following additional conditions:

1. That the Planned Development be subject to the requirements and uses listed in the "R-O", Residential Office District and all uses, site and building plans shall comply with the requirements as specified in Article III of the Comprehensive Zoning Ordinance and the Scenic Overlay District development guidelines.

2. That joint or shared driveways and access to rear parking be required on all adjoining lots as one of the properties is used for office purposes or any of the uses listed in the "R-O", Residential Office District.

3. That a single family residential use be allowed in addition to any of the uses listed in the "R-O", Residential Office District, one single family residential unit per property.

4. That parking in the front yard area of any property within this Planned Development

District is prohibited and all parking for those uses listed in the "R-O", Residential Office District be located behind the front facade of the main building structure.

5. That the parking requirement for office and professional buildings comply with Section 5.5 of the Comprehensive Zoning Ordinance (Ord. No. 83-23).

7. That all properties within the Planned Development District shall be subject to site plan review if changing to other than residential use and all requirements related to redevelopment as per the City of Rockwall.

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 5. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation, or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation, or circumstance, nor shall adjudication affect any other section or provision of the Comprehensive Zoning Ordinance of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 6. That all ordinances of the City of Rockwall in conflict with the provisions of this be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 53 (PD-53) [*ORDINANCE NO. 02-33*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM A SINGLE FAMILY 10 (SF-10) DISTRICT TO PLANNED DEVELOPMENT DISTRICT 53 (PD-53) AND TO AMEND THE BOUNDARIES OF PLANNED DEVELOPMENT DISTRICT 53 (PD-53) AS ESTABLISHED IN ORDINANCE 02-33 TO INCLUDE A 0.651-ACRE PARCEL OF LAND IDENTIFIED AS LOT 3, BLOCK A, LEE RHOADES SUBDIVISION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS [*1002 RIDGE ROAD*] AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by Dewayne Cain on behalf of the Cain Family Revocable Trust for the approval of an amendment to Planned Development District 53 (PD-53) [*Ordinance No. 02*-33] and the Unified Development Code [*Ordinance No. 04*-38] of the City of Rockwall to adopt a zoning change from a Single Family 10 (SF-10) District to Planned Development District (PD-53) and to amend the boundaries of Planned Development District 53 (PD-53) as established in *Ordinance No. 02-33* to include a 0.651-acre parcel of land addressed as 1002 Ridge Road, further identified as Lot 3, Block A, Lee Rhoades Subdivision, City of Rockwall, Rockwall County, Texas, and more specifically described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and,

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 53 [*Ordinance No. 02-33*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That Planned Development District 53 (PD-53) [*Ordinance No. 02-33*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, Rockwall County, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from a Single Family 10 (SF-10) District to Planned Development District 53 (PD-53);

Section 2. That the *Subject Property* shall be used only in the manner and for the purposes provided for a property located within a Residential Office (RO) District as stipulated by *Section 1.1,*

"Use of Land and Buildings," of *Article IV, "Permissible Uses"* and *Section 4.2, "Residential Office (RO) District",* of *Article V, "District Development Standards",* of the *Unified Development Code* [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as maybe amended in the future;

Section 3. That in addition to the requirements stipulated in the Unified Development Code [*Ordinance No. 04*-38] the *Subject Property* shall be subject to the following additional conditions:

1. That the *Subject Property* shall comply with all the requirements specified by *Section 6.8, Scenic Overlay (SOV) District,* of *Article IV, District Development Standards*, of the *Unified Development Code* [*Ordinance No. 04*-38],

2. That in addition to the uses permitted in the Residential Office (RO) District that the *Subject Property* be permitted to be used as a single-family residence. Only one (1) single family dwelling unit shall be permitted on each lot.

3. That all parking provided on the *Subject Property* shall be located behind the primary structure and no parking may be provided adjacent to or visible from Ridge Road. For the purposes of this ordinance parking maybe visible, accessible and adjacent to Summit Ridge Drive on the *Subject Property*.

4. That the parking requirement for the Subject Property shall be one (1) parking space per 500 square feet of floor area for an office and/or professional use. All other uses shall comply with the parking requirements stipulated in *Article VI, Parking and Loading Standards,* of the *Unified development Code* [*Ordinance 04-38*].

5. That prior to the *Subject Property* being utilized for any use other than single family residential a site plan must be submitted, reviewed and approved by the Director of Planning or his designee.

Section 4. The *Official Zoning Map* of the City of Rockwall, Texas shall be amended to reflect the change in zoning for the *Subject Property* as described in this ordinance;

Section 5. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 6. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 7. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those

in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 8. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 2ND DAY OF JUNE, 2014.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

FROM: Ryan Miller, *Planning Manager*

DATE: May 19, 2014

SUBJECT: Request to Postpone Case No. Z2014-012

On May 6, 2014, the applicant, Dallas Cothrum of *Masterplan Consulting*, submitted an email to staff requesting to postpone the public hearing for *Case No. Z2014-012* from May 13, 2014 to May 27, 2014. According to the email, the applicant is requesting the postponement in order to prepare a line of sight study and take photographs of the site using a skylift for the purpose of better addressing the questions posed by the Planning and Zoning Commission at the April 27, 2014 work session meeting. The new meeting dates for this case are as follows:

Planning & Zoning Public Hearing: May 27, 2014
City Council [1st Reading]: June 2, 2014
City Council [2nd Reading]: June 16, 2014

The postponement and new public hearing dates will need to be announced and read into the record to satisfy the notification requirements stipulated by the Unified Development Code (*§6.2, Article II, UDC*).

Miller, Ryan

To: Dallas Cothrum
Cc: 'Maxwell Fisher'
Subject: RE: Z2014-012: Mini-Warehouse

Sent: Tuesday, May 06, 2014 6:23 PM
To: Miller, Ryan
Cc: 'Maxwell Fisher'
Subject: RE: Z2014-012: Mini-Warehouse

We are working on the site line study; it is a little unclear how long it will take. We also are going to get a skylift out to the site and have it go up 50ft and get pics. This should help provide another reference for commission.

As such, I think it's in the best interest to request a delay. Thanks for your assistance and please do not hesitate to contact either of us should you have any questions.

Dallas

From: Miller, Ryan [redacted]
Sent: Friday, May 02, 2014 1:38 PM
To: 'Dallas Cothrum [redacted]
Cc: 'Maxwell Fisher [redacted]
Subject: Z2014-012: Mini-Warehouse

Dallas,

If you choose to request a postponement staff would need to know prior to this coming Wednesday (May 7th) in order to prepare a memorandum to the P&Z. The case will remain on both the P&Z and City Council agendas so that a new meeting time can be announced to avoid additional advertising fees. The postponement would mean that the new meeting dates would be as follows:

P&Z: May 27th
City Council (1st Reading): June 2nd
City Council (2nd Reading): June 16th

Please let me know how you wish to proceed. Thanks.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 05/19/2014

APPLICANT: Dean Cathey

AGENDA ITEM: **Z2014-013**; Zoning Change from ZL-5 to PD

SUMMARY:

Hold a public hearing to discuss and consider a request by Dean Cathey, on behalf of ASCOT Investments, LLC, for the approval of a zoning change from a Zero Lot Line (ZL-5) District to a Planned Development District for single-family attached uses for a 1.25-acre subdivision of land identified as Lots 4, 5, 6 & 7 of the Integrity Addition Phase 2, City of Rockwall, Rockwall County, Texas, addressed as 617, 619, 621 & 623 Boydstun Avenue, and take any action necessary.

BACKGROUND INFORMATION:

The applicant, Dean Cathey, on behalf of ASCOT Investments, LLC, has submitted an application to rezone a 1.25-acre subdivision, identified as the Integrity Addition Phase 2, from a Zero Lot Line Residential (ZL-5) District to a Planned Development District for the purpose of constructing eight (8) single-family "attached" homes. The subdivision is located at the northwest corner of Boydstun Avenue and Clark Street. Currently, the zoning ordinance permits the development of single-family homes on the four (4) lots meeting the ZL-5 zoning requirements.

The PD Concept Plan indicates the 1.25-acre (four parcels) addition as being sub-divided into eight (8) individual lots with the intent of constructing a single-family "attached" home on each lot. Each home site will have one (1) common wall between two (2) individual homes, and the ordinance establishes a 5-ft setback for the non-zero lot line in order to prevent the appearance of townhomes. The ordinance establishes a minimum lot size of 25-ft X 120-ft with a minimum lot area of 3500 sq. ft.; however, the minimum lot size proposed by the applicant is 4750 sq. ft.

Mr. Cathey has informed staff that he intends to build a 2400 sq.-ft. home (minimum) on each lot. The concept rendering provides a perspective of an attached 2-story home site with a pitched roof system and gabled elements, an articulated covered patio entry feature extending beyond the side property's façade, and a one car garage for each unit. The overall minimum masonry requirement for this development will be 80%; however, stucco may not be used as a primary material. Each home will be constructed using a cementaceous lap siding material (e.g. Hardi Plank, Cemplank, etc.) in order to ensure consistency with the surrounding and adjacent developments and may incorporate a stone or brick wainscot, matching the concept rendering.

ANALYSIS & CONFORMANCE WITH THE COMPREHENSIVE PLAN:

West of and adjacent to the Integrity Addition is Planned Development No. 42 (PD-42) which allows for professional offices. Planned Development No. 52 (PD-52) allows for (HC) Heavy Commercial, (C) Commercial, (2F) Duplex Residential, and (SF-7) Single-Family Residential

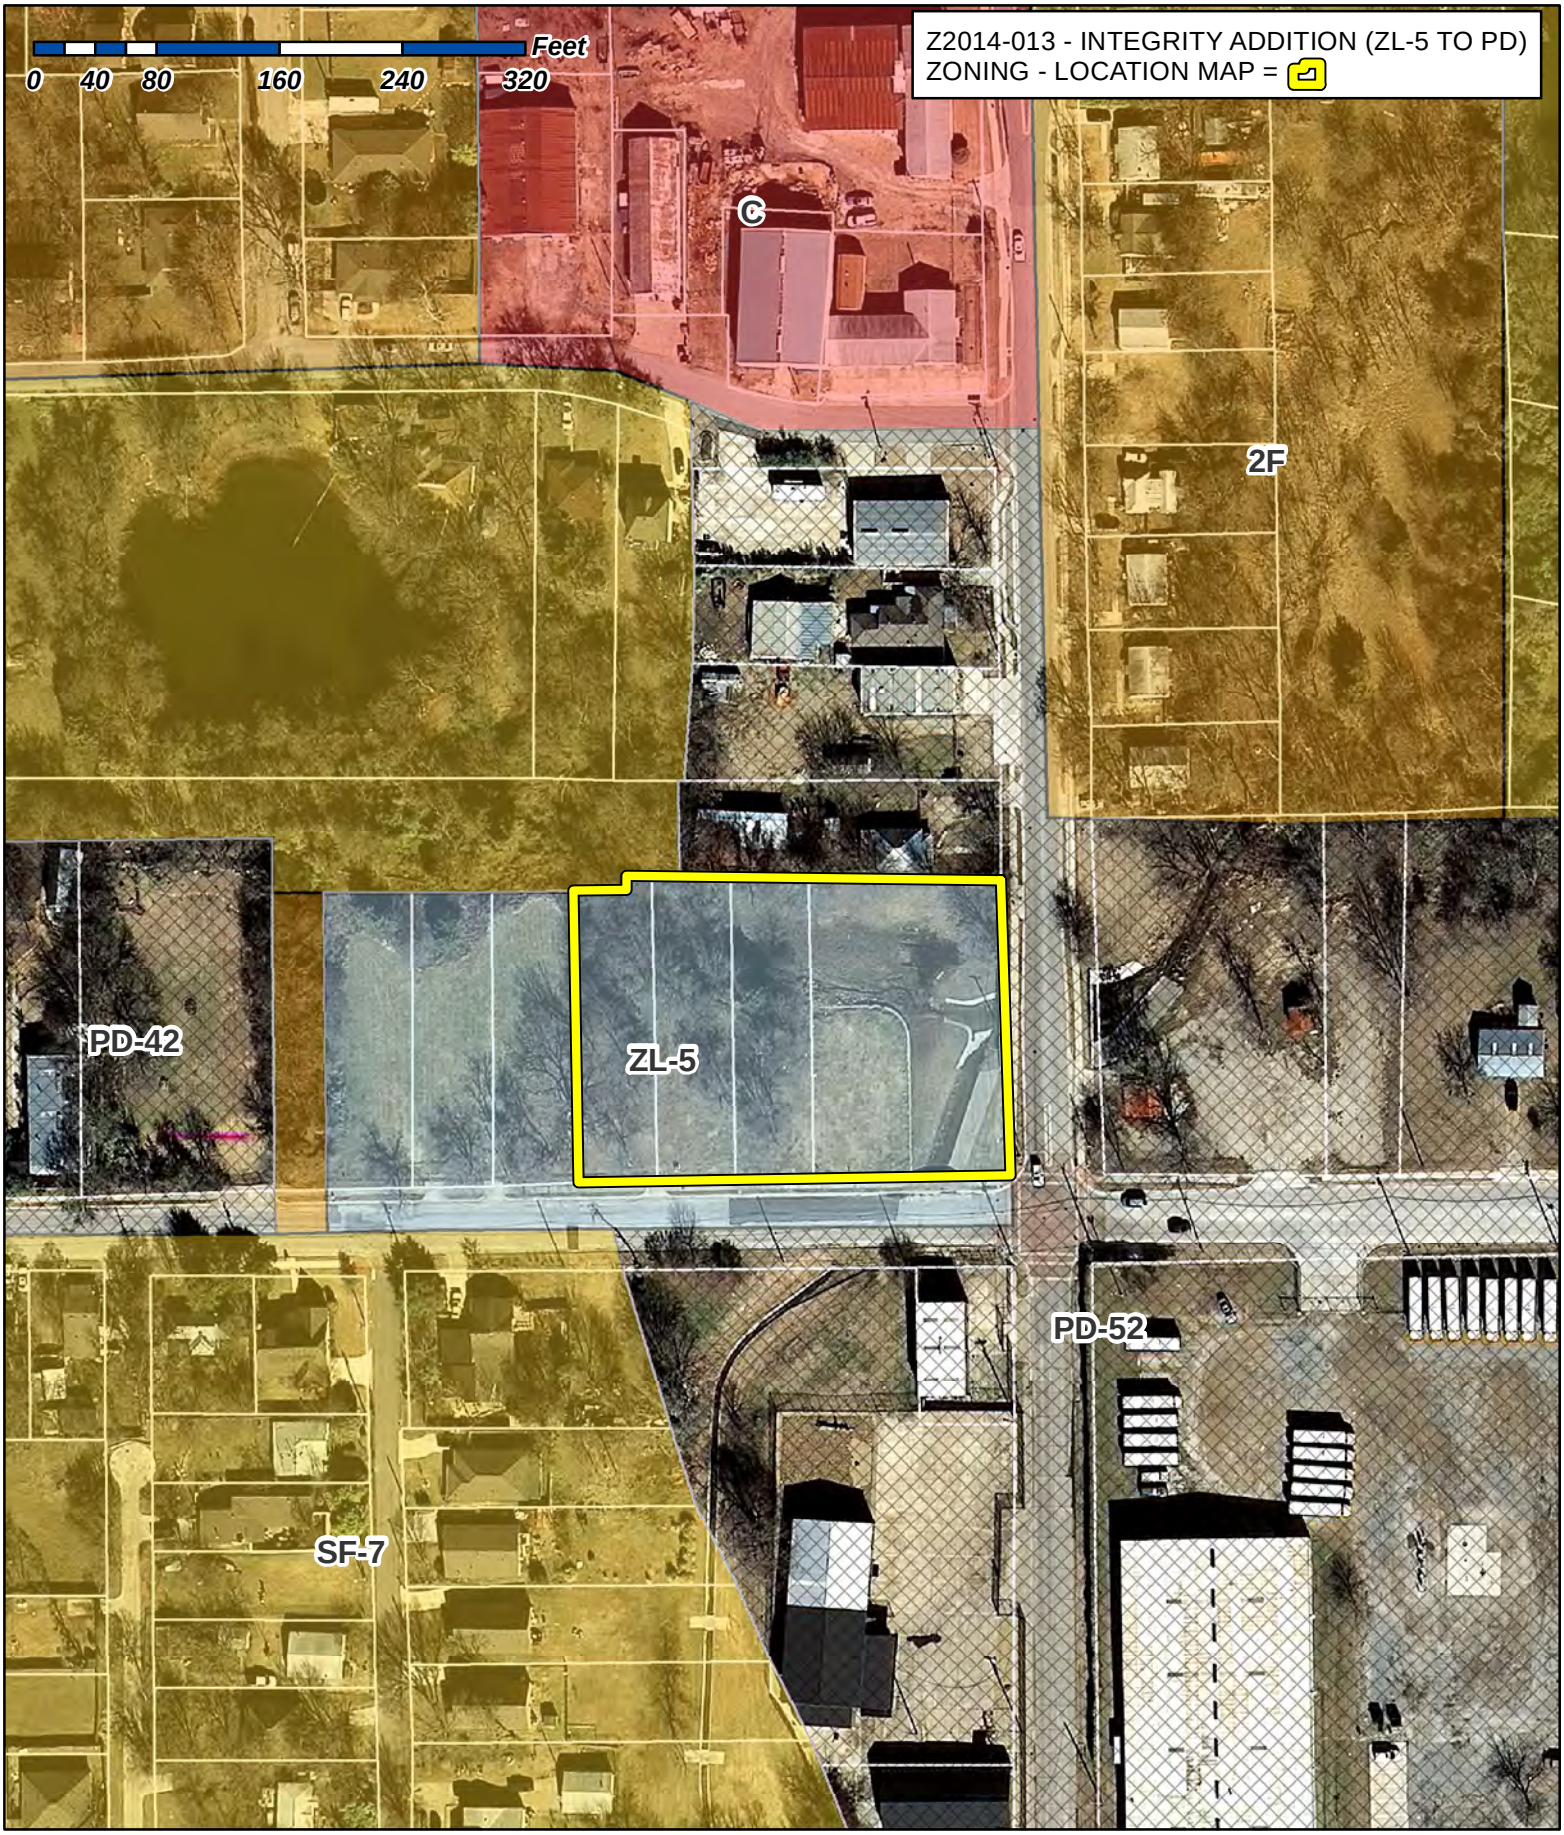
uses, and is located adjacent to the north, south and east portions of the Integrity Addition. Due to the existing non-residential and residential uses, this area is viewed as a transitional zone. According to the Comprehensive Plan, "(h)igh density residential (uses) should be used as a transitional use from commercial (or existing retail) use, or where it will serve as a logical extension of an existing high density development." With the non-residential land uses and nearby duplexes, this area is a logical extension of the higher intensity use and will create a transition of land uses from the higher intensity to the single-family.

NOTIFICATION:

On May 1, 2014, staff mailed sixteen (16) notices to property owners within 200 feet of the subject property. Additionally, staff posted a sign along Boydstun adjacent to the subject property as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received one (1) notice "opposed to" the zoning change requested.

RECOMMENDATIONS:

Should the Planning & Zoning Commission and City Council approve the applicant's request, staff recommends the following conditions of approval:



1) That a replat of the proposed eight (8) lots be required prior to the issuance of a building permit;

2) Development of the proposed eight (8) lots shall generally conform with the intent of the PD Development Standards, PD Concept Plan, and the PD Concept Rendering as depicted and attached to the PD Ordinance;

3) Any construction resulting from the approval of this zoning ordinance shall conform to the requirements set forth by Planned Development District Ordinance, the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Planning and Zoning Recommendation:

On May 13, 2014, the Planning and Zoning Commission recommended denial of the request for a zoning change from ZL-5 to PD by a vote of 7 to 0. A recommendation of denial forwarded to the City Council by the Planning and Zoning Commission requires approval of a super majority vote (3/4 majority) of the Council members present in order to approve the zoning change request.

Ryan Miller, Senior Planner

On behalf of Ascot Investments LLC we are requesting a zoning change for 617,619 ~~621~~ and ~~623~~ Boydstun from single home to townhome. Our target demographic is a senior who would like to downsize to a smaller home and yard. We would like to have 2400-3200 total sq. ft. of living space, 2 car garages and some covered Patio per lot. We will need to have front entry garages and 2-story construction. I have attached some concept front elevations of what we would like them to look like.

Thank you for your consideration.

CITY OF ROCKWALL

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS PREVIOULSY AMENDED, SO AS TO GRANT A CHANGE IN ZONING FROM ZERO LOT LINE RESIDENTIAL (ZL-5) DISTRICT TO A PLANNED DEVELOPMENT DISTRICT, TO ALLOW FOR A SINGLE FAMILY–ATTACHED RESIDENTIAL (SF-A) DISTRICT AND ESTABLISH DEVELOPMENT STANDARDS FOR SUCH USE AS SHOWN IN EXHIBIT 'B' OF THIS ORDINANCE, BEING A 1.25-ACRE SUBDIVISION OF LAND IDENTIFED AS LOTS 4, 5, 6 & 7 OF THE INTEGRITY ADDITION PHASE 2 AS DESCRIBED IN EXHIBIT 'A', CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND MORE FULLY DEPICTED IN THE CONCEPT PLAN ATTACHED HERETO AS EXHIBIT 'C'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Dean Cathey, on behalf of ASCOT Investments, LLC (hereinafter, together with its successors and assigns, shall be referred to as the "Developer"), to grant a change in zoning from a Zero Lot Line Residential (ZL-5) District to a Planned Development District to allow for a Single Family-Attached Residential (SF-A) District and establish development standards for such use as shown in Exhibit 'B' of this ordinance, being a 1.25-acre subdivision of land identified as Lots, 4, 5, 6, & 7 of the Integrity Addition Phase 2 as described in Exhibit 'A', City of Rockwall, Rockwall County, Texas, and more fully depicted in the concept plan attached hereto as Exhibit 'C' of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the Unified Development Code [Ordinance No. 04-38] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning from a Zero Lot Line Residential (ZL-5) District to a Planned Development District for the *Subject Property*; and

Section 2. That development of the *Subject Property* shall generally be in accordance with the Planned Development Districts Development Standards, attached hereto and incorporated herein by reference as *Exhibit 'B'*, and the Planned Development Concept Plan, attached hereto and incorporated herein by reference as *Exhibit 'C'*, and the Planned Development Conceptual Rendering, attached hereto and incorporated herein by reference as *Exhibit 'D'*, each of which is

deemed hereby to be a condition of approval of the change in zoning classification for the *Subject Property*;

Section 3. The official zoning map of the City of Rockwall, Texas be corrected to reflect the changes in zoning described in this ordinance.

Section 4. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 5. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 6. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the "Unified Development Code"), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this___day of_____, 2014.

INTEGRITY ADDITION PHASE II
P.D. ZONING DEVELOPMENT STANDARDS

Single Family - Attached (SF-A) Residential District

1. Minimum lot area – 3,500 square feet
2. Maximum number of single family units per lot – one
3. Minimum square footage per dwelling unit – 1200 square feet
4. Minimum lot frontage on a public street – 25 feet
5. Minimum lot depth – 120 feet
6. Minimum depth of front setback – 20 feet
7. Minimum depth of rear setback – 10 feet
8. Minimum width of side setback:
    a) Abutting structures separated by fire retardant walls – zero feet
    b) Internal lot – 5 feet*
    c) Side yard abutting arterial – 20 feet

*Single Family units separated by firewall meeting the requirements of the building code may build to the property line where such structures abut; however, the minimum internal side yard setback (i.e. 5 feet) will be required on the non-zero lot line.

9. Minimum distance between buildings on the same lot or parcel of ground – ten feet
10. Minimum length and width of driveway pavement from public right-of-way – 20 feet (depth) by 12 feet (width)
11. Maximum building coverage as percent of lot area – 75 percent
12. Maximum height of structures – 36 feet
13. Maximum number of paved parking spaces – one off street space plus one garage parking space for each dwelling unit.
14. Masonry requirements - Buildings shall be constructed of a minimum of 80% masonry materials, excluding windows and doors, as defined in article XII, Definitions. The use of a cementaceous product (e.g. Hardy Plank, Cemplank, etc.) may be used up to 100 percent of the building's exterior; however, stucco may not be used as a primary masonry material. Generally, any development shall conform to the PD Conceptual Rendering provided in Exhibit 'C.'
15. Dwelling Unit Orientation – All Single Family dwelling units shall face a public street.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 05/19/2014

APPLICANT: Brad Fenton, Fenton Motor Group, LLC

AGENDA ITEM: **Z2014-014**; SUP for New Car Dealership

Hold a public hearing to discuss and consider a request by Brad Fenton of Fenton Motor Group, on behalf of Cambridge Companies Inc., for approval of a Specific Use Permit (SUP) to allow for a new car dealership being a 4.08-acre tract of land located in the J. LOCKHART SURVEY, Abstract No.134, being a portion of that certain tract of land described in deed to the Cambridge Companies, Inc. as recorded in Volume 101, Page 795 of the Deed Records of Rockwall County, Texas and zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District and the 205 By-Pass Corridor Overlay (205 BY-OV) District and generally located on the southeast corner of John King Boulevard and IH-30, City of Rockwall, Rockwall County, Texas, and take any action necessary.

BACKGROUND INFORMATION:

The applicant, Brad Fenton of Fenton Motor Group, LLC and on behalf of Cambridge Companies Inc., has submitted an application for a Specific Use Permit to allow for new car dealership on a 4.08-acre tract of land located on the southeast corner of John Kind Boulevard and IH-30. This site is zoned Commercial (C) District and is also located within the IH-30 Overlay (IH-30 OV) and 205 By-Pass Overlay (205 BY-OV) Districts. The overlay districts include additional standards intended to provide a visual as well as an architectural impact for the development. The proposed dealership will be situated on the aforementioned 4.08-acre tract and will adjoin the 11.568-acre tract east of this location that has an approved SUP (Ord. 13-36, SUP No. 111) for a new car dealership that was approved in October 2013.

The applicant has provided a conceptual site plan indicating the proposed layout of the project for this development that incorporates the areas of both SUP's (15.648-acres) should this request be approved. The new car dealership will be home to Fenton Nissan of Rockwall and will feature an approximately 50,000 square foot facility and separate service building. A pre-owned car facility will also be housed as an accessory use to the new car dealership. If approved, the project requires a full site plan review (including building elevations, landscape, treescape, and photometric plans), review and recommendation of the Architectural Review Board, Engineering review and submittal, and platting approval of the property prior to issuance of a building permit.

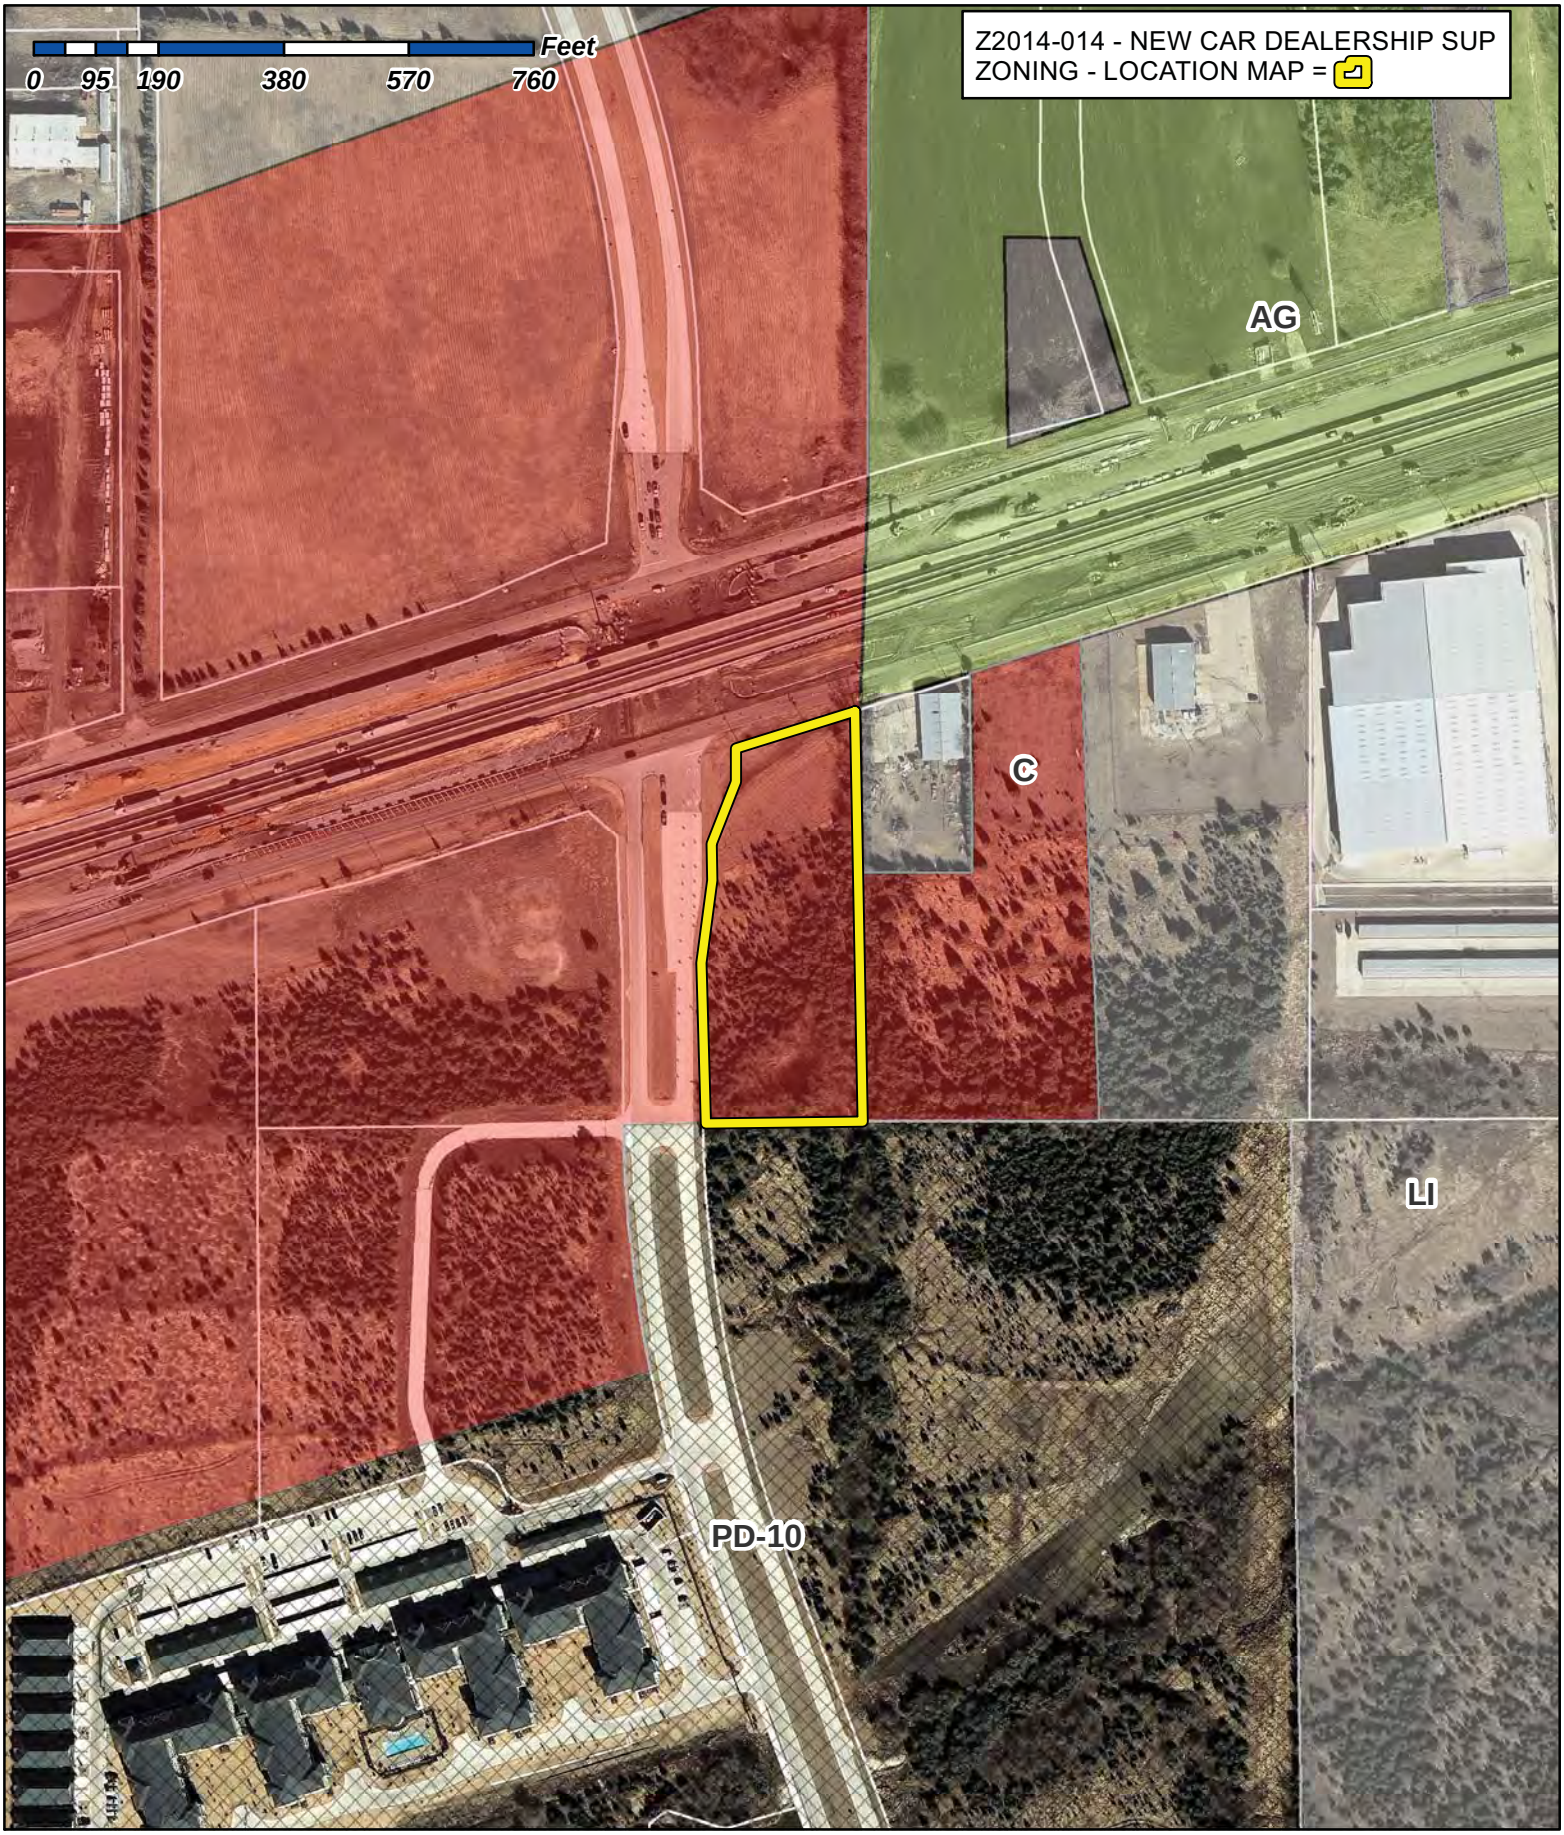
The applicant has submitted a corner enhancement detail for a gateway identifying freestanding wall element in an effort to compliment the corridor. The John King Blvd Design Guidelines Concept Plan introduces an opportunity for a developer to provide enhancements along this corridor with key features that will serve as an image of the City of Rockwall. The freestanding wall element for this location provides an opportunity to be the first gateway identifying element for the John King Blvd corridor. This corner will feature a decorative wall element that will incorporate limestone with cast stone caps. The area surrounding the wall will be decorated with accent trees, ornamental shrubbery, including seasonal colors, and ground cover to soften

the appearance. If approved, staff would recommend tying the details of the corner enhancement to the SUP. The freestanding wall element will also incorporate a 10-ft walkway/trail along John King Blvd adjacent to the property and will eventually tie-in to the City's trail system for pedestrians and cyclists.

Provided in your packet is a letter of authorization, a legal description, an exhibit indicating the proposed boundary for the SUP, the gateway identify freestanding wall conceptual plan, and a conceptual site plan adjoining the proposed 4.08-acre site with the 11.568-acre site. The applicant has also provided a letter of intent to construct the gateway identity corner enhancement (i.e. freestanding wall element) as well as a ten (10) foot walkway/trail along John King Blvd for your review.

NOTIFICATION:

A public notice has been published in the Rockwall County News, on the City's web-site, and a sign has been posted on the property. Also, notices have been mailed to three (3) property owners within 200-ft of the subject property as required by law. At time of this report, staff has received three (3) response "in favor of" and none "opposed to" the request.



RECOMMENDATIONS:

Should the request be approved, staff would offer the following conditions:

1. The SUP is for the proposed land use only (i.e. "Motor Vehicle Dealership, New").
2. Future site plan submittal and approval shall be required. Since the project is located within the IH-30 OV and the 205 BY-OV districts, a review from the Architectural Review Board is required with its recommendation forwarded to the Planning and Zoning Commission.
3. Any variance to the IH-30 OV or 205 BY- OV Districts or any other section of the Unified Development Code shall be considered at the time of site plan approval.
4. Submittal and approval of engineering plans and final plat shall be completed prior to the issuance of a building permit.
5. That the corner enhancement details (i.e. freestanding wall element) for John King Blvd be contained within a pedestrian access easement.
6. That the corner enhancement details (i.e. freestanding wall element) for John King Blvd be attached to the SUP as a requirement to the new car dealership.
7. The SUP shall expire if development has not commenced within three (3) years from the approval date of the SUP ordinance.

On May 13, 2014, the Planning and Zoning Commission recommended approval of the SUP requested with staff conditions and to include that the SUP be tied to SUP No. 111 (Ord. 13-36) for the purpose of establishing one (1) development of a new car dealership totaling approximately 15-acres as per the boundary established in the concept site plan submitted by a vote of 7 to 0.

Case No. Z2014-014: New Car Dealership SUP

Hold a public hearing to discuss and consider a request by Brad Fenton of Fenton Motor Group, on behalf of Cambridge Companies Inc., for approval of a Specific Use Permit (SUP) to allow for a new car dealership being a 4.08-acre tract of land located in the J. LOCKHART SURVEY, Abstract No.134, being a portion of that certain tract of land described in deed to the Cambridge Companies, Inc. as recorded in Volume 101, Page 795 of the Deed Records of Rockwall County, Texas and zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District and the 205 By-Pass Corridor Overlay (205 BY-OV) District and generally located on the southeast corner of John King Boulevard and IH-30, City of Rockwall, Rockwall County, Texas, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 5/13/2014 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 5/19/2014 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **5/19/2014** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

Attachments: D13049-14.05.08-Rockwall Gateway Concept.pdf; D13049-14.05.08-ROCKWALL NISSAN PROPOSED SITE CONCEPT PLAN.pdf

David,

Attached is the latest concept site plan for the above-mentioned project. As per our conversation earlier today, regarding the gateway elements at the NW corner of the site, our intentions are to propose a design that would be very similar to the one previously submitted for the site at the SW corner of John King Blvd and I-30, however, we would not be providing the pylon element. We are currently working on a proposed gateway concept sketch of this corner. For the time being, I have included a copy of the previously-submitted gateway concept sketch for the previous site, with the pylon elements omitted.

If you have any questions, or wish to discuss, please do not hesitate to call.

Thank you.

Mr. David Gonzales
City of Rockwall, Texas

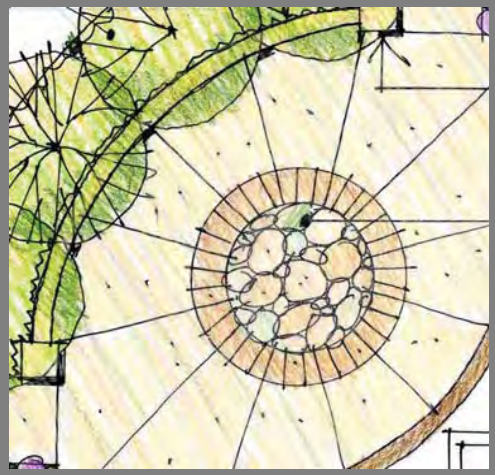
RE: SUP Application for Fenton Motor Group, LLC
IH-30 and John King Blvd
Rockwall, Texas

Dear David:

Please let this letter serve as notice that Fenton Motor Group, LLC (Fenton) hereby commits to construct at its expense the attached Gateway Freestanding Wall Element and an ten (10) foot wide sidewalk (collectively referred to as Design Elements) as called for in the John King Blvd. Design Concept Plan dated September 2009 as part of its application for a Special Use Permit (SUP). Construction of the Gateway Freestanding Wall Element and ten (10) foot wide sidewalk will be subject to the approval of the SUP, as well as all other governmental approvals required for the construction of the automobile dealership and service facility, and will be constructed when the automobile dealership and service facility are constructed.

Please let me know if you have any questions.

Sincerely,



Brad Fenton
President
Fenton Motor Group, LLC

ROCKWALL

JOHN KING BLVD. DESIGN CONCEPT PLAN

City of Rockwall, Texas

September 2009

TOWNSCAPE, Inc.

JOHN KING BLVD. DESIGN CONCEPT PLAN

1. BACKGROUND & INTRODUCTION

John King Blvd. is a City initiated, funded and constructed roadway. Named for an exceptional City leader, statesman and former Councilman, it was conceived to provide by-pass traffic relief to Texas highway 205 which penetrates downtown, and to provide access and structure for developing properties on the east side of the City.

The design concept for this corridor is intended to evoke and enhance an image of the City of Rockwall that has evolved through the Comprehensive Plan, development standards and development approvals over recent years.

From the outset, it was determined that this concept would provide the City with a "kit of parts" and clear direction on how they could be applied to this specific corridor. A side benefit is that elements of this design concept are flexible enough to be used to meet identity and enhancement needs throughout the City – along other roadway corridors, entries, hike and bike trails and such.

It is anticipated that the elements for John King Blvd. would be detailed by a landscape architect for each specific application. The quality of construction of the physical elements is paramount. They will provide a timeless legacy to the community – aging with grace and beauty for all to enjoy.

1

2. ISSUES AND OPPORTUNITIES

OBSERVATIONS

The strongest enhancement concepts for John King Boulevard should build on the existing landscape character, both natural and manmade, that the roadway traverses. It must also recognize the likely character of future land uses, and build upon existing branding efforts throughout the city so that a cohesive community character continues to emerge and strengthen through these efforts. Townscape's field observations and analysis of aerial photos and planning documents recognized the following attributes as significant cues and inspiration for enhancement concepts.

Several wooded creeks and drainage ways cross the boulevard at fairly regular intervals. These wooded bottoms are the most dramatic landscape feature of the corridor. Their visual impact can be heightened and the corridor made more interesting extending the character of these woods into the boulevard parkways and medians at the crossings, reinforcing the character of the creeks and creating a visual rhythm for the roadway traveler.

Prairie uplands with broad, rolling slopes and long views occur between the wooded bottoms. The dominant visual character here is of prairie grasses sparsely studded with lower-growing tree species.

Gateway identity opportunities exist where John King Boulevard begins at North Goliad, at South Goliad, and on both sides of Interstate 30.

Key intersections offer opportunities to create "pulse points" along the driver's path with enhanced paving and plantings, and to provide seating and shade for trail users.

Future land uses, as presently zoned or called for in the Comprehensive Plan, can cue related design treatments. For example, more structured, formal plantings and material finishes would be appropriate at commercial and mixed-use intersections, while more naturalistic arrangements might be used in rural/future residential areas that have yet to be developed.

Existing community icons and branding efforts, including the Rockwall County Courthouse, existing limestone "gateway" walls, and the Rockwall Technology Park entrances all share a consistent look of native limestone, the classic Times Roman font and drought tolerant plantings that are appropriate to carry forward into new designs. Newer additions such as the Harbor Place development and the newest murals at I-30 and 205 have introduced a pale yellow color into the townscape that can enhance plain concrete abutments along the roadway.

JOHN KING BOULEVARD CONCEPT

CITY OF ROCKWALL TEXAS

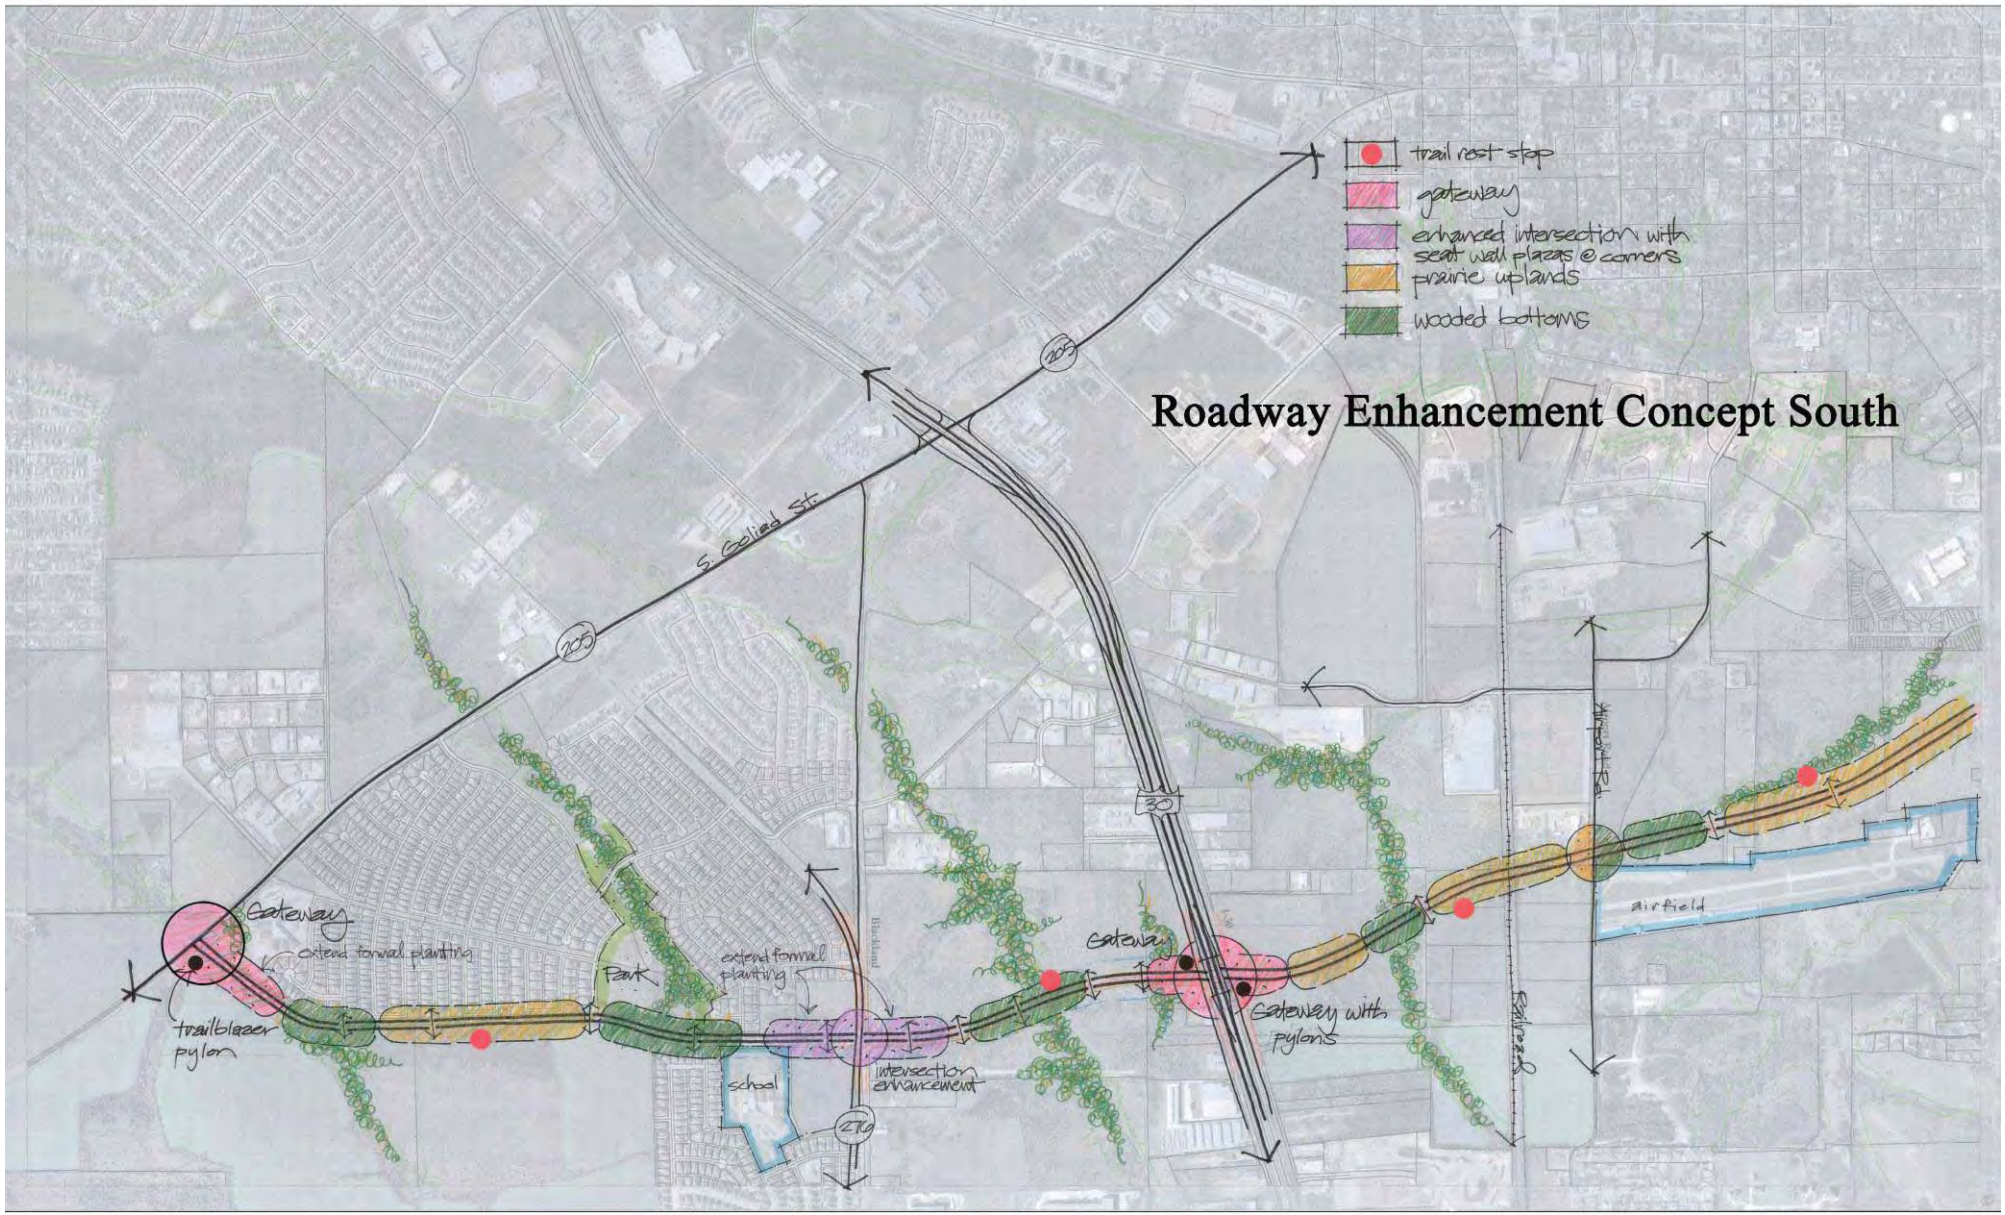
TOWNSCAPE, INC.

3. DESIGN CONCEPT AND PALETTE

John King Boulevard provides opportunities for enhancement and placemaking that can be a strong reflection of Rockwall's history, culture, natural landscape and values, and an important investment in furthering the city's position as a first-tier home and business location. To realize this potential, these impressions must be translated into usable architectural terms, and guided by overarching concepts that tie the individual parts together into a perceivable and pleasing whole.

GUIDING CONCEPTS

Build on the Strengths of the Existing Landscape. Heighten the visual impact of the wooded bottoms and prairie uplands by emulating and enhancing those landscape types in the medians and parkways.



Unity with Variety. Consistent architectural and planting materials, colors, sign fonts, and related elements will lend overall unity to the road corridors. While unity is desirable, "sameness" is not. Varying configurations to fit the unique characteristics of individual sites will allow this consistent palette to be interpreted in slightly different yet complementary designs, providing variety within a unified whole.

Pulse Points. The "wooded bottoms" crossings and major intersection enhancements will act as "pulse points" in the driving experience, punctuating the boulevard corridor with sophisticated design forms and eye-catching detail at regular intervals, producing a pleasing and predictable visual rhythm in the driving experience.

Quality and Timelessness. The design forms for John King Boulevard should be rooted in Rockwall's strong landscape and heritage, while coexisting comfortably with new development, never looking "dated." High quality of materials and construction should be a defining characteristic of new enhancement projects.

PALETTE OF FORMS AND MATERIALS

- Austin limestone block
- Native fossil limestone
- Cast stone
- Times Roman font
- Pale cream/yellow concrete stain
- Native and drought-tolerant trees, shrubs and grasses in bold, rhythmic patterns
- Freestanding horizontal limestone walls
- Vertical landmarks and focal points
- Sailboat icon or city logo repeated in architectural elements
- Pure geometries; timeless classic forms

4. DESIGN ELEMENTS

ROADWAY ENHANCEMENT CONCEPT DIAGRAM

The Roadway Enhancements Concept diagrams identify locations for the boulevard "character zones," and key architectural and landscape architectural elements, which collectively comprise a "family" of related design treatments to lend character and a distinct Rockwall image to the boulevard corridor.

DESIGN ELEMENTS

MEDIANS AND PARKWAYS

The median and parkway design concepts reflect the "character zones" in which they are located:

The Wooded Bottoms: These areas are intended to appear as extensions of the vegetation in the natural wooded creeks and drainage ways that are spanned by the boulevard. Accordingly, planting arrangements should be tight, informally grouped masses of native and adapted riparian canopy and understory trees designed to emulate the character of the creek vegetation. These tree masses are to be set in native ornamental grasses to minimize the need for maintenance.

The Prairie Uplands: In these areas lower growing tree species native (or adapted and of similar character to the natives) to the rolling hills of eastern Rockwall County would be arranged to emulate the sparser tree cover of the surrounding uplands. These informal tree groupings would also be set in masses of native ornamental grasses, minimizing maintenance needs.

The concepts illustrated reflect accurate roadway dimensions and indicate that trees should not be planted in the median areas where future roadway expansion is likely to occur. The illustrated plant materials and their design arrangements are indicative of the size and character appropriate for the character zones in which they occur; subsequent detailed planting plans will make specific plant species recommendations that take into account site-specific horticultural conditions and established project budgets.

KEY ENHANCED INTERSECTIONS

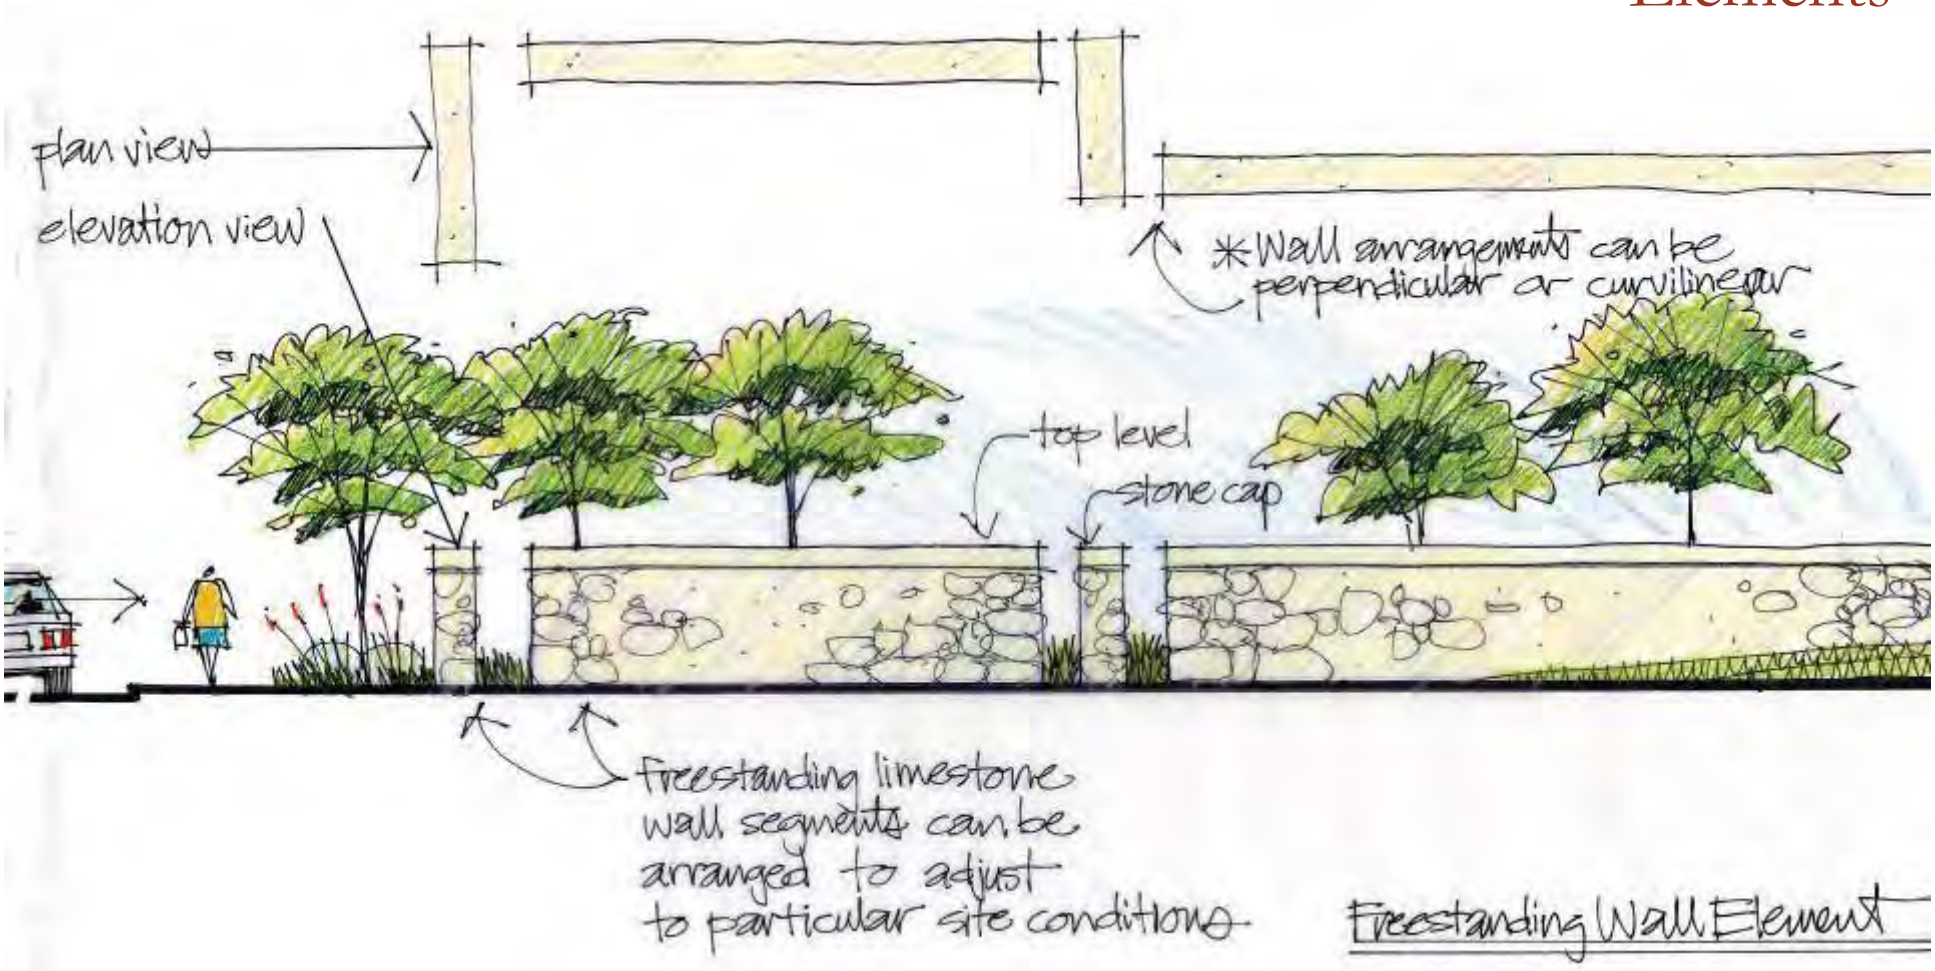
Special intersection enhancements are proposed for three key intersections (shown in purple on the Enhancements diagram). The adjacent boulevard medians would be planted with three or more formal groupings of matching canopy trees set in beds of ornamental grasses. The three or more tree groupings should be separated by conventional turf, such as Bermuda to create a visual pattern and rhythm that signals the intersection for the approaching motorist. As the median narrows to accommodate its turn lane, the median plantings would transition to ornamental grasses and drought-tolerant shrubs.

Small paved "plaza" areas with seat-height limestone walls would anchor each corner of the intersection, providing visual interest for motorists as well as informal seating and shade for trail users and other pedestrians and cyclists.

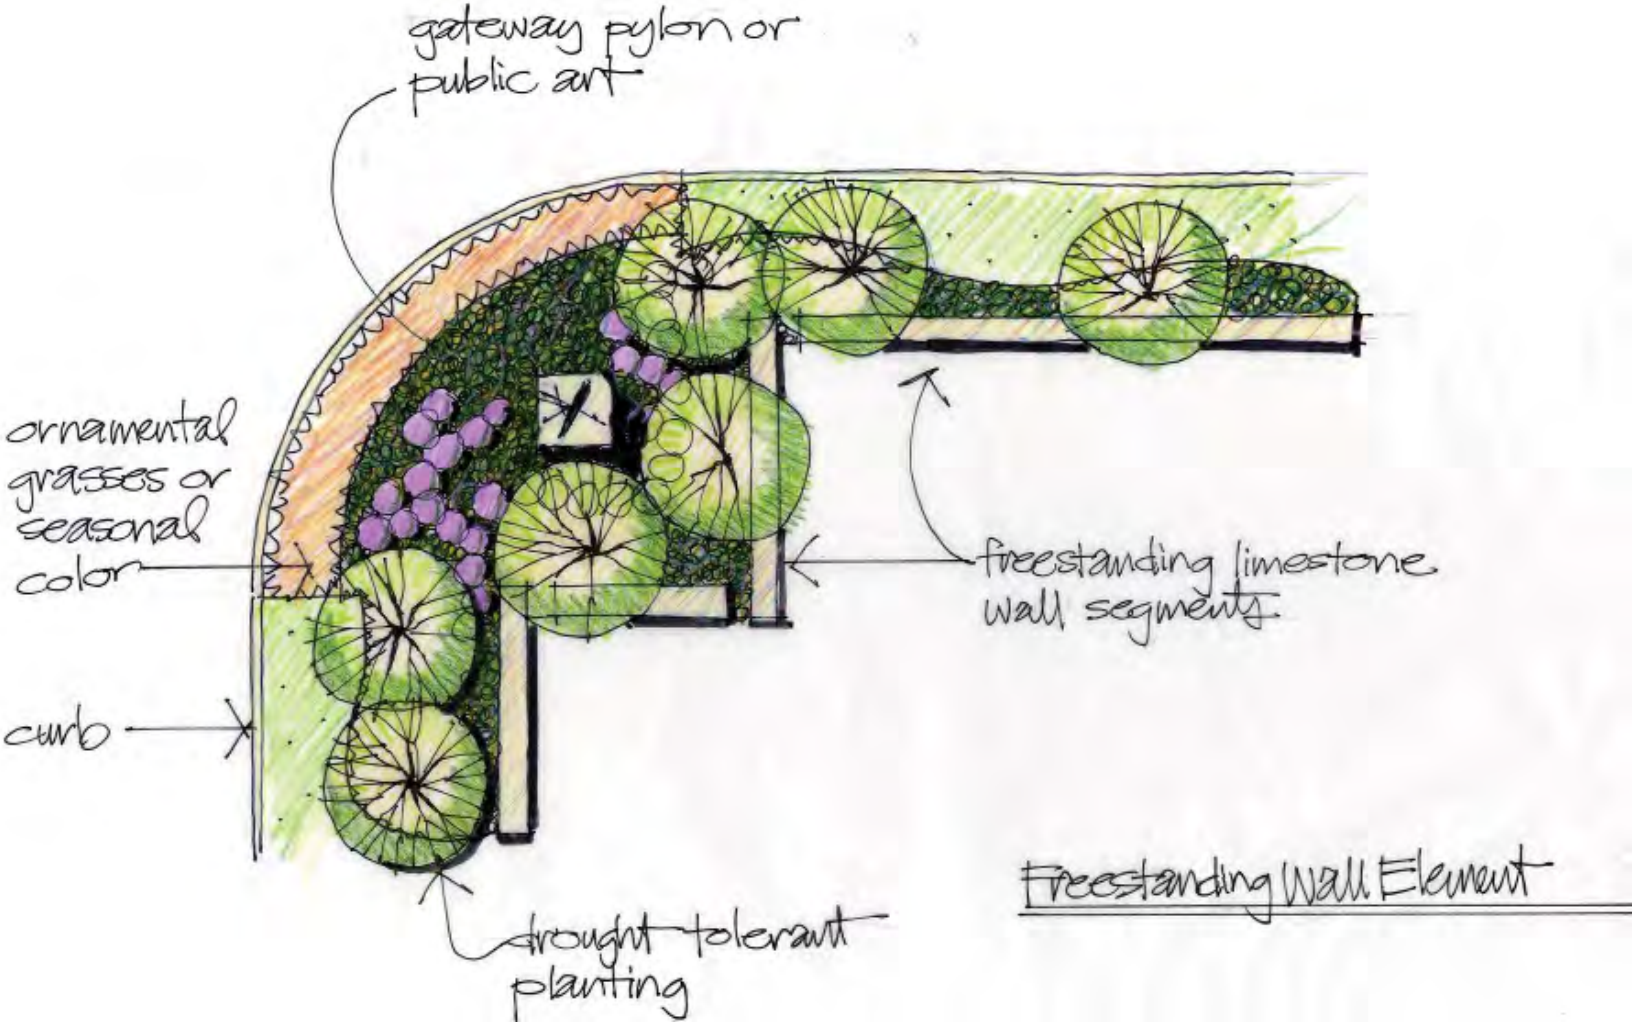
GATEWAY IDENTITY

Due to the wide variation in site size and configuration at potential gateway sites, the "kit of parts" approach, utilizing a combination of limestone walls, the vertical "trailblazer" monument pylon, canopy or ornamental trees and broad masses of drought tolerant shrubs and grasses can be used to great effect. This will result in a "family" of gateway designs comprised of the same key elements, but arranged in unique compositions

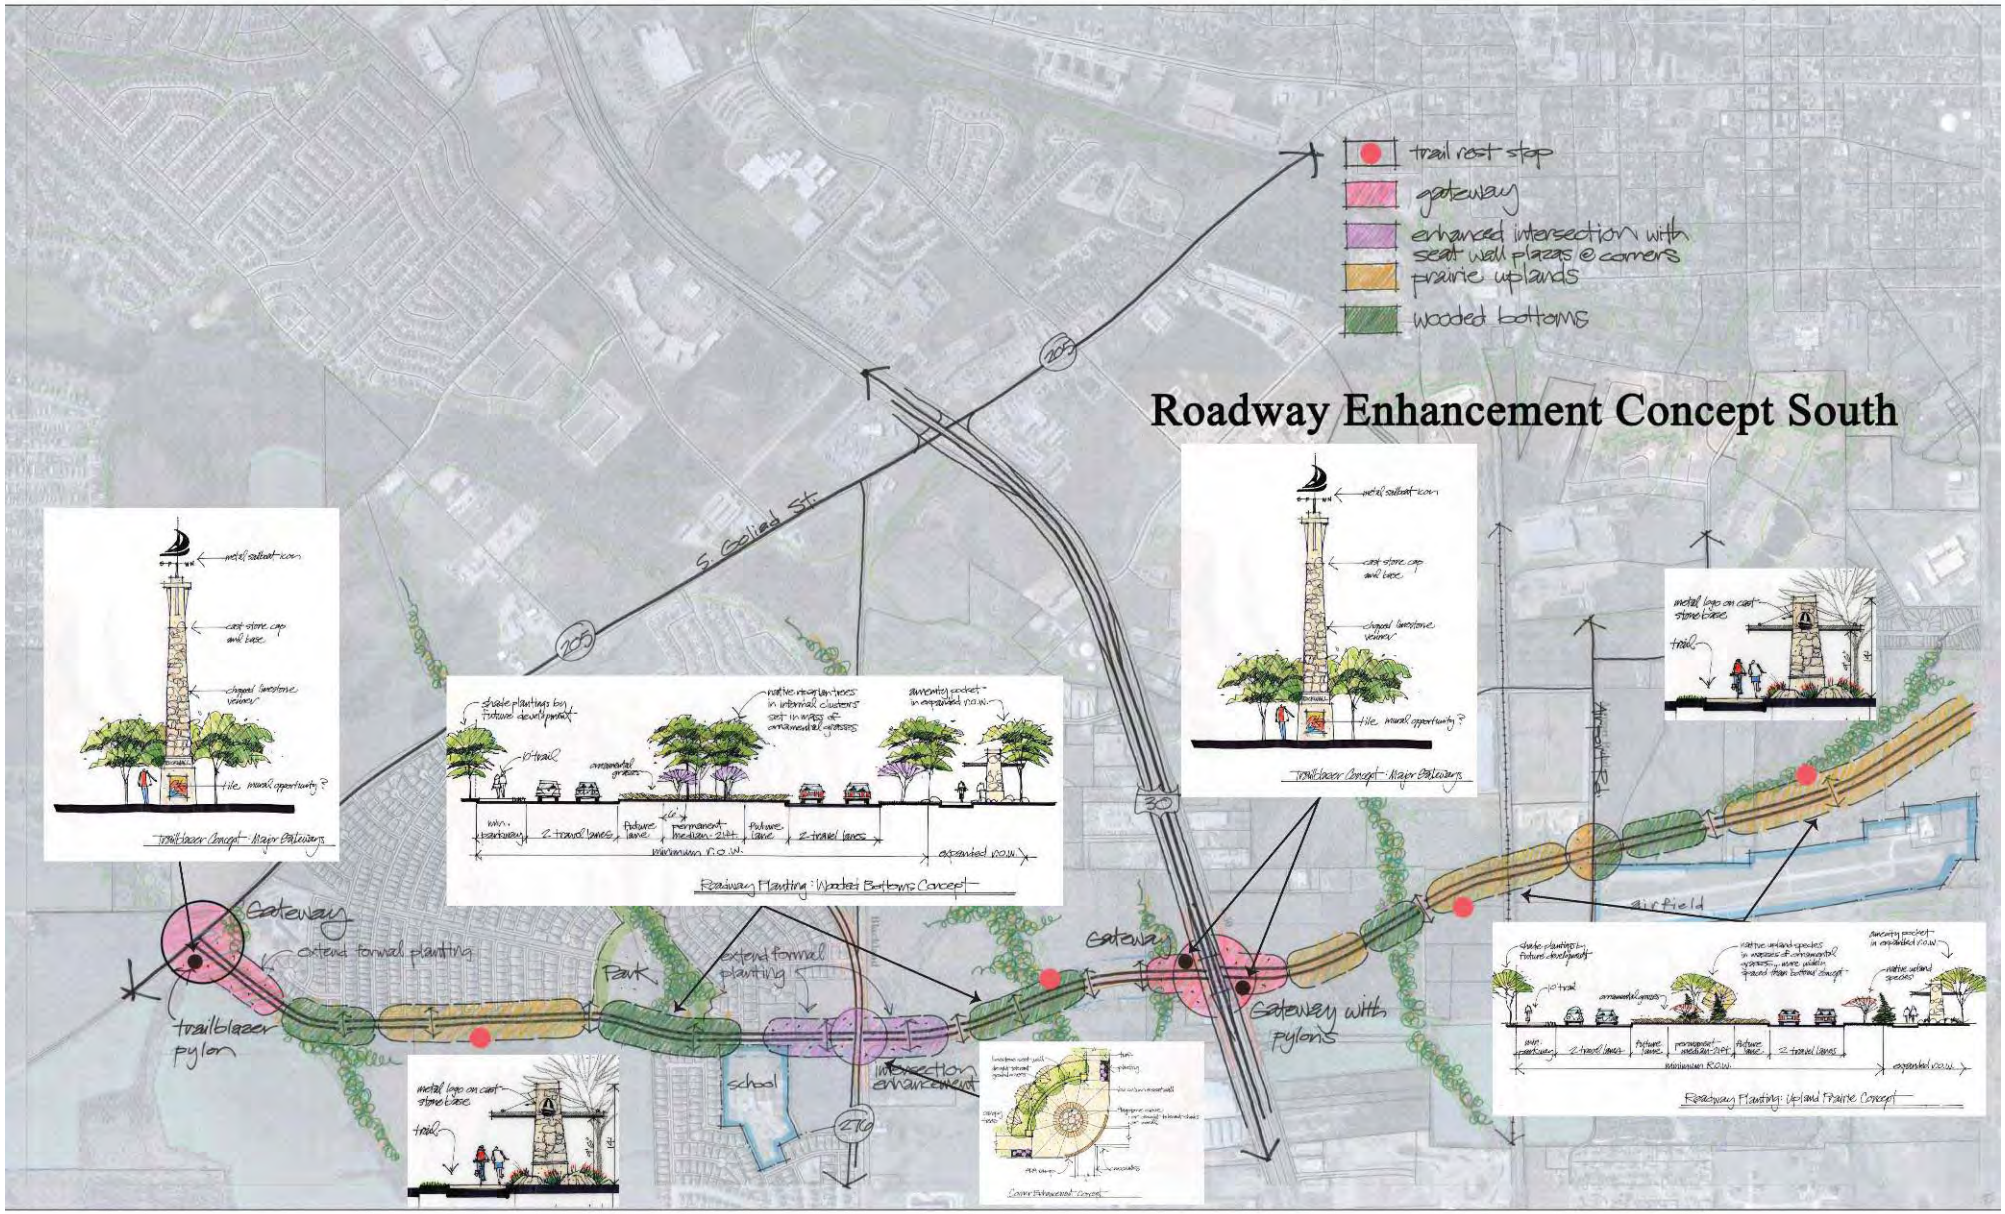
to best fit their particular site configuration and topography.



TRAIL REST STOPS



Shaded "rest areas" are shown in preliminary locations on the Enhancements diagram, spaced roughly one mile apart on both sides of the boulevard. This results in a rest area along the boulevard about every half mile. The key design elements shown in the prototype design consist of a shaded shelter of limestone and architectural metal, a seat-height wall for informal seating, a waste receptacle and a drinking fountain with dog dish. The edges should be enhanced with boulders and drought tolerant plantings as shown.



EXPOSED CONCRETE WALLS

Low exposed concrete headwalls visible from the travel lanes of the boulevard should be colored with the same pale yellow concrete stain utilized for the new John King Boulevard bridge spanning Phelps Branch. This subtle color change will be helpful in tying disparate elements of the corridor together and giving the boulevard design a "finished" appearance.

Placemaking Elements

gateway pylon or public art
ornamental grasses or seasonal color
curb
drought tolerant planting
freestanding limestone wall segments
Freestanding Wall Element

JOHN KING BOULEVARD CONCEPT

CITY OF ROCKWALL TEXAS

132

6. IMPLEMENTATION

This concept design represents a long term vision for enhancement of the corridor. It will not likely be built within a short time horizon.

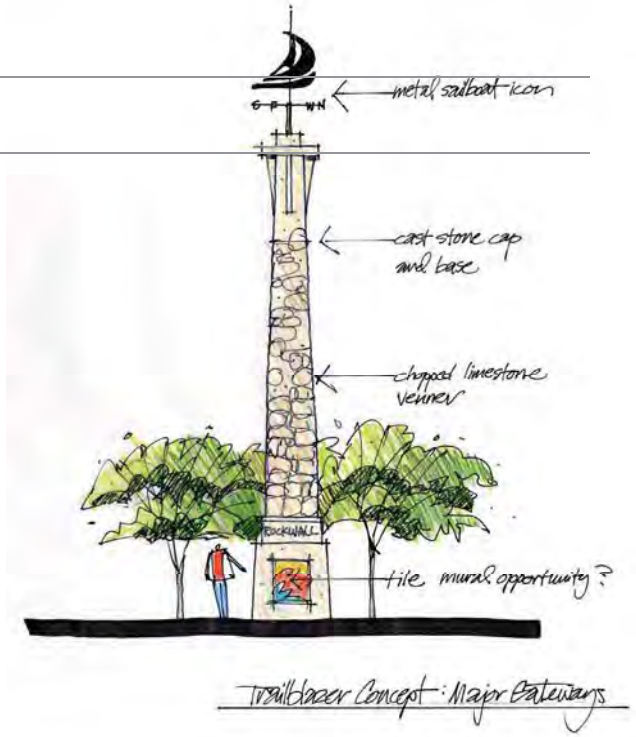
INCORPORATE TRAIL SYSTEM INTO THE THOROUGHFARE PLAN

Nationally as well as within the Metroplex region, communities are realizing that multi-modal access such as bicycle and pedestrian trails are an important ingredient to becoming sustainable. This is reflected in the new LEED-ND (Neighborhood Development) standards. The trail system should therefore be added to the Thoroughfare Plan in order to ensure continuity of the system.

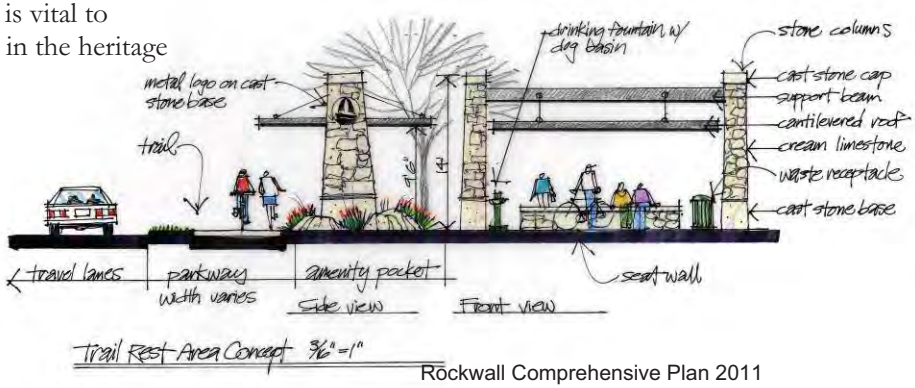
ADOPT PLAN AS DESIGN GUIDELINES FOR THE OVERLAY DISTRICT

Adopt this John King Boulevard Plan as guidelines and standards for the 205 By-Pass Overlay District.

COST SHARING OF ENHANCEMENTS



As a general rule, developments make improvements to the curb line which would include sidewalk/trails and landscaping elements of this plan. Notable exceptions would be Landmark Pylons and trailhead washroom facilities. The City should provide landscaping within the median except when development requires additional median cuts in accordance with the City adopted standards.



CITY ENHANCEMENT PRIORITIES

The highest visual impact improvement would be landscaping the medians in the "Wooded Bottoms" area as a first priority. This could be followed by additional landscaping of medians and the introduction of gateway pylons.

QUALITY STRUCTURAL FEATURES

A qualified landscape architect should be engaged to provide final design and detailed specifications for all structural elements including wall, pylons, corner plazas and amenity pockets. The quality of design and construction of these elements is vital to building upon an image rooted in the heritage of the community.

CITY OF ROCKWALL

ORDINANCE NO. 14-___

SUP NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT TO ALLOW FOR A "MOTOR VEHICLE DEALERSHIP, NEW" ON A 4.08-ACRE TRACT OF LAND LOCATED IN THE J. LOCKHART SURVEY, ABSTRACT NO. 134 AND BEING THAT CERTAIN TRACT OF LAND DESCRIBED IN A DEED TO THE CAMBRIDGE COMPANIES, INC. AS RECORDED IN VOLUME 101, PAGE 795 OF THE DEED RECORDS OF ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A"; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a Specific Use Permit (SUP) for a "Motor Vehicle Dealership, New" within the Commercial (C) District has been requested by Brad Fenton of Fenton Motor Group, LLC and on behalf of Cambridge Companies, Inc., on a 4.08-acre tract of land known as the J. Lockhart Survey, Abstract 134, and being that certain tract of land described in a deed to the Cambridge Companies, Inc. as recorded in Volume 101, Page 795 of the deed records of Rockwall County, TX, and more specifically described in Exhibit "A" of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Unified Development Code of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit for a "Motor Vehicle Dealership, New" within the Commercial (C) District for the *Subject Property*; and

Section 2. That the Specific Use Permit shall be subject to the conditions set forth in ***Article V, Section 4.5, Commercial District*** of the City of Rockwall Unified Development Code (Ord. No. 04-38) as heretofore amended and as may be amended in the future, and shall be subject to the additional following additions:

1. The SUP is for the proposed land use only (i.e. "Motor Vehicle Dealership, New"); and

2. The proposed conceptual site plan shall be attached to the SUP Ordinance for the purpose of establishing a boundary that will incorporate said SUP Ordinance with SUP No. 111 (Ord. No. 13-36) for the purpose of developing a "Motor Vehicle Dealership, New" on a 15.658-acre tract of land as depicted in Exhibit "B"; and

3. A development for a "Motor Vehicle Dealership, New" shall provide, and maintain in a pedestrian access easement, a corner enhancement Gateway Freestanding Wall Element as conceptually rendered or of similar quality as per the John King Blvd Design Guidelines Concept Plan located in the City's 2011 Comprehensive Plan; and as attached hereto as Exhibit 'C' and Exhibit 'D'; and

4. Future site plan submittal and approval shall be required, including Architectural Review and adherence to all standards specified in the IH-30 Overlay and 205 By-Pass Corridor Overlay districts and other applicable sections of the Unified Development Code; and

5. Submittal and approval of engineering plans and final plat prior to the issuance of a building permit; and

6. Any variance to the IH-30 Overlay and/or 205 By-Pass Corridor Overlay districts or other sections of the Unified Development shall be considered at the time of site plan approval; and

7. The SUP shall expire if development has not commenced within three (3) years from the approval date of the SUP ordinance.

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code No. 04-38 of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this ___ day of _____, 2014.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 5/19/2014

APPLICANT: Seitz Architects, Inc.

AGENDA ITEM: **SP2014-007**; St. Marys Office Building

SUMMARY:

Discuss and consider a request by Stephen Seitz Architects, Inc. on behalf of the owner of the property for the approval of variances to the building material and screening requirements stipulated for buildings located within a General Retail (GR) District with residential adjacency for a 0.75-acre tract of land identified as Lot E, Block 117 & Lot D, Block 117 of B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, located at the northeast corner of the intersection of SH-205 [S. Goliad Street] and St. Mary's Street, and take any action necessary.

BACKGROUND INFORMATION:

The applicant, Stephen Seitz of Seitz Architects, Inc., is requesting approval of a site plan to allow for the construction of a new office building located at 105 St. Mary's Street. The subject property is identified as a portion of Tract II of the B.F. Boydstun Survey, Abstract No. 14, Rockwall, Texas, which is zoned General Retail (GR) District. The property is located on the northeast corner of S. Goliad and St. Mary's Street.

VARIANCE REQUEST(S):

According to Section 4.1, General Commercial District Standards, of Article V, District Development Standards, of the UDC:

"Each exterior wall shall consist of 90 percent masonry materials … excluding doors and windows, on walls which are visible from a public street or open space, including a minimum of 20% stone. All buildings shall have exterior walls constructed of stone, brick, glass block, tile, cast metals, cast or cultured stone, or a combination of those materials. The use of other cementaceous products (e.g. stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first eight [8] feet above grade on a façade visible from a street or public area."

The applicant is requesting variances to the material requirements stipulated for properties located within a General Retail (GR) District. Specifically, the applicant is requesting to exceed the 50% cementaceous stucco allowance on the south and east elevations. The elevations currently show a total stucco percentage of approximately 53% on the south side and 70% on the east side of the building. Additionally, stucco is shown as being located within the first eight feet above grade, which also requires approval of a variance.

One additional variance to the residential adjacency standards is being requested. According to Section 5.6, Screening from Residential Uses, of Article VIII, Landscape Standards, of the UDC:

“Any commercial or industrial use or parking lot that has side or rear contiguous to any residential district…shall be screened with a masonry fence (excluding tilt wall or concrete block unless approved by the city council), six feet in height, unless otherwise approved by the city council.”

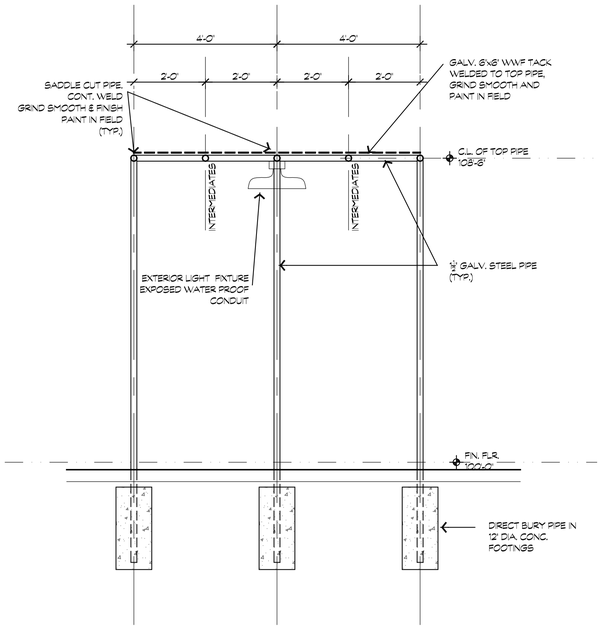
The applicant is requesting to utilize a natural landscape screening in lieu of a masonry fence adjacent to the residential property.

RECOMMENDATIONS:

Should the request be approved, staff offers the following conditions:

1) Adherence to all Planning, Engineering and Fire Department standards;

2) Any construction or building necessary to complete this Site Plan request must conform to the requirements set forth by the UDC, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.



PLANNING AND ZONING COMMISSION:

On May 13, 2014, the Planning and Zoning Commission approved the site plan and made a motion to recommended approval of variances to the building material and screening requirements. The motion was approved by a vote of 7-0.

TREE PLANTING LIST

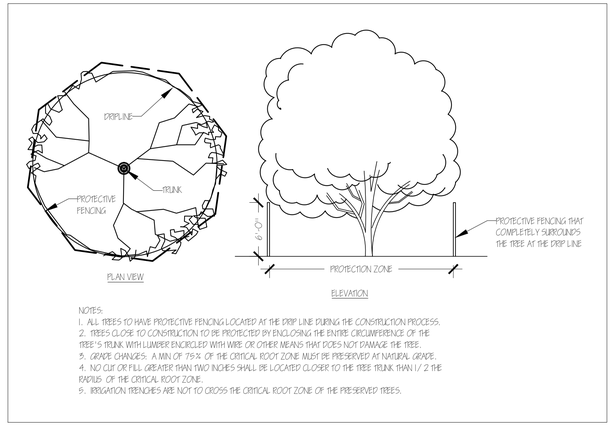
TREE PLANTING PLAN

Scale: 1" = 20'

Sec. 9.1. Tree protection.
A. Prior to any construction or land development, the developer shall mark with an aluminum tag which indicates its relationship to the treescape plan and clearly flag with bright fluorescent red vinyl tape all protected trees. The red tape should be wrapped around the main trunk of the protected tree at a height of approximately five feet so that the tape is clearly visible during construction. In those instances where a protected tree is so close to the construction area that construction equipment could possibly damage the tree, a protective fence shall be required. The protective fence must be maintained during all construction phases until the project is finished.
B. Property owner shall be responsible for protecting feature trees including the use of an arborist, as necessary.

Sec. 9.2. Material and equipment storage. The developer or contractor shall not store any material or equipment under the canopy of any protected tree. During the construction stage of the development no cleaning or storage of equipment or material shall be allowed within the drip line of a protected tree. Those materials include, but are not limited to, oils, solvents, mortar, asphalt and concrete.

Sec. 9.3. Signs. No signs, wire or other attachments shall be attached to the protected trees.



Sec. 9.4. Traffic. No vehicular traffic, construction equipment traffic or parking shall take place within the drip line of a protected tree other than on an existing street pavement. This restriction does not apply to single incident access for purposes of clearing underbrush, establishing the building pad and associated lot grading, vehicular traffic necessary for routine utility maintenance or emergency restoration of utility service or routine mowing operations.

Sec. 9.5. Grade. No grade change in excess of two inches shall be allowed within the drip line of any protected tree unless adequate construction methods are approved beforehand. If approved, major grade changes (i.e., two inches or greater) within the critical root zone of a protected tree will require additional measures to maintain proper oxygen and water exchange with the roots. Root pruning will be required when disturbance will result in root exposure.

Sec. 9.6. Tree flagging. At the time of submittal of the treescape plan all protected trees should be marked with an aluminum tag which indicates its relationship to the treescape plan and clearly flagged with bright fluorescent red vinyl tape. The red tape should be wrapped around the main trunk of the protected tree at a height of approximately four feet so that the tape is clearly visible.

Sec. 9.7. Boring. Boring of utilities under protected trees shall be required in those circumstances where it is not possible to trench around the critical root zone of a protected tree. When required, the length of the bore shall be the width of the critical root zone plus two feet on either side of the critical root zone and shall be at a minimum depth of 48 inches.

Sec. 9.8. Damage. Any physical damage to a tree preserved for credit that is considered to place the survival of the tree in doubt shall be eliminated as a credited tree and will require additional trees to planted in its place at the required ratio. A certified arborist shall be consulted to determine whether physical damage to a tree places the survival of the tree in doubt.

NOTES:
1. ALL TREES TO HAVE PROTECTIVE FENCING LOCATED AT THE DRIP LINE DURING THE CONSTRUCTION PROCESS.
2. TREES CLOSE TO CONSTRUCTION TO BE PROTECTED BY ENCLOSING THE ENTIRE CIRCUMFERENCE OF THE TREE'S TRUNK WITH LUMBER ENCIRCLED WITH WIRE OR OTHER MEANS THAT DOES NOT DAMAGE THE TREE.
3. GRADE CHANGES: A MIN OF 75% OF THE CRITICAL ROOT ZONE MUST BE PRESERVED AT NATURAL GRADE.
4. NO CUT OR FILL GREATER THAN TWO INCHES SHALL BE LOCATED CLOSER TO THE TREE TRUNK THAN 1/2 THE RADIUS OF THE CRITICAL ROOT ZONE.
5. IRRIGATION TRENCHES ARE NOT TO CROSS THE CRITICAL ROOT ZONE OF THE PRESERVED TREES.

SECTION 02910 – SOIL PREPARATION
PART 1 – GENERAL
A. DESCRIPTION
1. PROVIDE COMPLETE GRADING AND SOIL PREPARATION, INCLUDING AMENDMENTS, AS SPECIFIED HEREIN.
B. EXAMINATION
1. EXAMINE SITE TO VERIFY REQUIRED ROUGH GRADING HAS BEEN COMPLETED CORRECTLY PRIOR TO BED PREPARATION WORK.
2. EXAMINE SITE TO VERIFY THAT ALL INVASIVE PLANTS AND THEIR ROOTS HAVE BEEN REMOVED PRIOR TO BED REPARATION WORK.
C. APPROVALS
1. ALL 'APPROVED EQUAL' MATERIALS MUST BE APPROVED BY LANDSCAPE ARCHITECT.

PART 2 – PRODUCTS
A. MATERIALS
1. COMPOST:
1.1. COTTON BUR COMPOST
1.2. SHALL BE SUPPLIED BY: GREENSENSE COMPOST, GARLAND, TX. OR, CLEAR FORK MATERIALS, ALEDO, TX, OR APPROVED EQUAL.
2. FERTILIZERS AND SUPPLEMENTS:
2.1. A 6–2–4 GRANULAR FERTILIZER WITH A WATER SOLUBLE SLOW RELEASE ORGANIC BASE SUCH AS GREENSENSE, OR SUSTANE. OR APPROVED EQUAL.
3. MULCH
3.1. SHALL BE SHREDDED HARDWOOD MULCH, SHREDDED CEDAR MULCH, SHREDDED NATIVE MULCH, OR APPROVED EQUAL.

PART 3 – EXECUTION
A. BED PREPARATION AND PREPARATION FOR SOD INSTALLATION
1. GENERAL
1.1. INSPECT ALL EXISTING CONDITIONS AND OTHER ITEMS OF WORK PREVIOUSLY COMPLETED. DO NOT PROCEED UNTIL DEFECTS ARE CORRECTED.
1.2. INSPECT THAT ALL INVASIVE PLANTS AND THEIR ROOTS HAVE BEEN REMOVED COMPLETELY.
1.3. ALL AREAS TO BE PREPARED WITH ORGANIC TECHNIQUES ONLY.
2. SHRUB BEDS:
2.1. BREAK UP AND TILL EXISTING SOIL TO A DEPTH OF 6 INCHES,
2.2. ADD A 3 INCH LAYER OF COMPOST TO THE BEDS,
2.3. TILL EXISTING SOIL AND COMPOST TOGETHER TO A TOTAL OVERALL DEPTH OF 8 INCHES.
2.4. RAKE OUT ROCKS AND CLODS AND FINE GRADE THE BEDS TO DRAIN IN APPROPRIATE DIRECTIONS.
2.5. TOP–DRESS BED WITH A 3 INCH LAYER OF MULCH AFTER PLANTING.
3. SOD AND SEED AREAS
3.1. LIGHTLY CULTIVATE COMPACTED SOIL AND RAKE THE SOIL SMOOTH.
3.2. ADD ½ INCH COMPOST TO ALL AREAS.
3.3. FINE GRADE TO DRAIN IN APPROPRIATE DIRECTIONS.

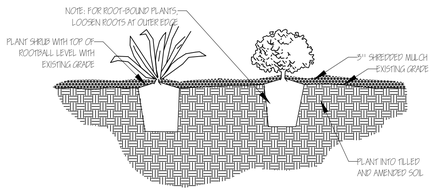
END OF SECTION 02910

NOTES
GENERAL LANDSCAPE

1. LANDSCAPE CONTRACTOR IS RESPONSIBLE FOR LOCATING ALL UNDERGROUND UTILITIES AND STRUCTURES WHETHER OR NOT SHOWN ON THE PLANS, AND SHALL BE RESPONSIBLE FOR DAMAGE TO SAID UTILITIES OR STRUCTURES CAUSED BY HIS/HER CREW AND SUBCONTRACTORS.

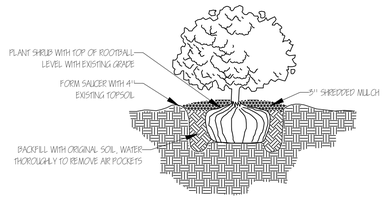
2. NO PLANTING TO TAKE PLACE UNTIL OWNER HAS INSPECTED AND APPROVED THE BED PREPARATION.

3. NO PLANTING TO TAKE PLACE UNTIL OWNER HAS INSPECTED AND APPROVED ALL PLANT MATERIAL AND ALL PLANT PLACEMENT. FIELD ADJUSTMENTS OF PLANT LOCATIONS TO BE COORDINATED WITH OWNER.



4. ALL CANOPY AND ORNAMENTAL TREES TO BE STAKED (SEE DETAIL.)

SECTION 02915 – LANDSCAPE PLANTING
PART 1 – GENERAL
A. SPECIAL CONDITIONS
1. COMPLY WITH APPLICABLE FEDERAL, STATE, COUNTY AND LOCAL REGULATIONS GOVERNING LANDSCAPE MATERIALS AND WORK.
2. EMPLOY ONLY EXPERIENCE PERSONNEL FAMILIAR WITH REQUIRED WORK. PROVIDE ADEQUATE SUPERVISION BY A QUALIFIED FOREMAN WITH A MINIMUM OF TEN(10) YEARS EXPERIENCE WITH PROJECTS OF SIMILAR COMPLEXITY.
3. DO NOT MAKE SUBSTITUTIONS OF TREE, SHRUB AND GRASS MATERIALS. IF REQUIRED MATERIAL IS NOT OBTAINABLE, SUBMIT PROOF OF NON–AVAILABILITY TO OWNER'S REPRESENTATIVE.
4. PROVIDE QUANTITY, SIZE, GENUS, SPECIES AND VARIETY OF TREES AND SHRUBS INDICATED AND SCHEDULED FOR LANDSCAPE WORK WHICH COMPLY WITH APPLICABLE REQUIREMENTS OF ANSI Z60.1 AMERICAN STANDARD FOR NURSERY STOCK , AND ANY APPLICABLE STATE AND FEDERAL LAWS CONCERNING DISEASE AND INSECT INFESTATION.
B. REFERENCE STANDARDS
1. AMERICAN STANDARD FOR NURSERY STOCK, APPROVED NOV. 6, 1996 BY AMERICAN NATIONAL STANDARDS INSTITUTE, INC.
2. SHINNERS & MAHLER'S, ILLUSTRATED FLORA OF NORTH CENTRAL TEXAS, BOTANICAL RESEARCH INSTITUTE OF TEXAS (BRIT), FORT WORTH, TEXAS, 1999.
3. HORTUS THIRD, CORNELL UNIVERSITY, 1967.
C. PREPARATION
4. COORDINATION WITH BUILDING AND ENGINEERING PROJECT ACTIVITIES.
5. COORDINATE THE WORK OF THIS SECTION WITH THAT OF REGULAR AND EMERGENCY WATER UTILITY ACTIVITIES ON THE SITE.
6. COORDINATION WITH IRRIGATION SYSTEM:
6.1. THE UNDERGROUND IRRIGATION SYSTEM MUST BE INSTALLED PRIOR TO COMMENCEMENT OF THE PLANTING OPERATIONS.
6.2. THE IRRIGATION SYSTEM SHALL BE OPERATIONAL AT THE TIME THAT PLANTING OPERATIONS COMMENCE.
6.3. COORDINATE WORK WITH THE IRRIGATION CONTRACTOR TO PREVENT DAMAGE TO THE IRRIGATION SYSTEM.
D. ALL PLANT MATERIALS FOR THIS PROJECT SHALL BE NURSERY–GROWN, INCLUDING TREES.
1. CONTAINER GROWN PLANTS SHALL HAVE BEEN STEPPED–UP AS NECESSARY TO PREVENT ROOT GIRDLING.
2. CONTAINER GROWN PLANTS SHALL HAVE BEEN IN THE CONTAINER FOR A MINIMUM OF SIX (6) MONTHS PRIOR TO DELIVERY TO THE SITE TO ENSURE ADEQUATE ROOT DEVELOPMENT.
3. THE 'ROOT FLARE' OF ALL TREES AND SHRUBS SHALL NOT BE COVERED WITH SOIL.
E. THE FOLLOWING TREE CARE PROCEDURES SHALL BE ADHERED TO:
1. DO NOT MAKE FLUSH CUTS OR LEAVE STUBS WHEN PRUNING. LEAVE THE BRANCH COLLAR INTACT.
2. DO NOT USE ANY TYPE OF PRUNING PAINT ON WOUNDS.
3. DO NOT USE ANY TYPE OF TREE WRAP, EXCEPT, TRUNKS MAY BE WRAPPED WITH BURLAP DURING PLANTING OPERATIONS ONLY.
4. DO NOT STAKE OR GUY ANY TREES. IN SPECIAL CASES, TREE STAKING MAY BE NECESSARY TO PRESERVE A TREE THAT CONTINUES TO BLOW OVER. THE CONTRACTOR WILL BE RESPONSIBLE FOR ANY TREES THAT NEED STAKING FOR A PERIOD OF ONE YEAR.
5. DO NOT HANDLE ANY TREE BY ITS TRUNK. ANY TREE HANDLED IN SUCH A MANNER SHOULD BE REJECTED.



F. WARRANTEE
1. UNCONDITIONALLY WARRANT ALL PLANTS FOR A PERIOD OF ONE (1) YEAR AFTER THE DATE OF INSTALLATION INITIAL ACCEPTANCE. REPLACE MATERIALS NOT IN VIGOROUS, THRIVING CONDITION AS SOON AS WEATHER PERMITS AFTER NOTIFICATION BY OWNERS THAT THE PLANTS HAVE DIED OR ARE OTHER WISE NOT ACCEPTABLE. GUARANTEE REPLACEMENT PLANTS FOR ONE YEAR, STARTING FROM THE DATE REPLACEMENT IS MADE.
2. WARRANTY EXCLUDES REPLACEMENT OF PLANTS BECAUSE OF INJURY BY STORM, NATURAL DROUGHT, DROWNING, HAIL FOR FREEZING, IF REASONABLE CARE WAS TAKEN TO ADEQUATELY PROTECT THE MATERIAL, AND IN THE OPINION OF THE OWNER'S REPRESENTATIVE THAT THE PROBLEM OCCURRED AFTER THE DATE OF INITIAL ACCEPTANCE.

PART 3 – EXECUTION
A. PREPARATION FOR PLANT MATERIAL INSTALLATION
1. EXAMINE THE SUB–GRADE UPON WHICH THE WORK IS TO BE PERFORMED, VERIFY GRADE ELEVATIONS AND VERIFY THAT BEDS HAVE BEEN LEFT LOW BY OTHER TRADES. OBSERVE THE CONDITIONS UNDER WHICH THE WORK IS TO BE PERFORMED AND CONFIRM THAT UNSATISFACTORY CONDITIONS HAVE BEEN CORRECTED PRIOR TO PROCEEDING.
B. TIME OF PLANTING
1. CARE IS TO BE TAKEN SO THAT NO PLANTS SIT IN POTS IN THE SUMMER HEAT FOR MORE THAN 1 HOUR. IF PLANTING DURING HOT SEASONS (NOT PREFERRED) PLANTING IS TO BE DONE IN SMALL SECTIONS WITH STOCKPILED PLANTS TO BE PROTECTED FROM THE SUMMER HEAT (SHADE AREAS).
C. TREE PLANTING
1. STAKE LOCATIONS FOR TREES PRIOR TO DIGGING HOLES.
2. DIG PITS WITH ROUGH SIDES AND WHICH HAVE TAPERED WALLS, A MINIMUM OF TWICE THE WIDTH OF THE TREE BALL. A PEDESTAL SHOULD BE LEFT IN THE CENTER OF THE HOLE AND THE TREE BALL SET UPON THAT PEDESTAL.
3. SET PLANTS IN THE CENTER OF THE HOLE AND ON THE PEDESTAL, PLUM AND VERTICAL, AND AT SUCH A DEPTH THAT THE CROWN OF THE TREE BALL WILL BE LEVEL WITH THE SURROUNDING GRADE.
4. ALL PLANTS SHALL BE SET TO MEET THE SAME RELATIONSHIP TO THE FINISHED GRADE OF THE SURROUNDING SOIL THAT THEY BORE TO PREVIOUS EXISTING GRADE OF SOIL.
5. BACKFILL WITH EXISTING TOPSOIL AND WATER IMMEDIATELY.
6. FORM A SHALLOW BASIN SLIGHTLY LARGER THAN THE PIT TO FACILITATE WATERING. REMOVE PRIOR TO MULCHING.
7. COVER ALL TREE BALLS WITH A MINIMUM OF 3 OF SPECIFIED MULCH. EXTEND MULCH OUT TO THE EDGE OF THE TREE PIT, BUT KEEP AWAY FROM TRUNKS.
8. ALL EXCAVATED MATERIAL UNACCEPTABLE FOR REUSE SHALL BE DISPOSED OF OFF SITE, OR AS DIRECTED BY THE OWNER.
D. SHRUBS, TALL GRASSES AND PERENNIAL PLANTING.
1. REMOVE CONTAINER AND SET PLANT MATERIAL AT SUCH A LEVEL THAT AFTER SETTLEMENT, THE CROWN OF THE BALL WILL BE AT FINISHED GRADE.
2. GENTLY CUT OUTER ROOTS OF ANY ROOTBALLS THAT HAVE POT–BOUND PRIOR TO INSTALLATION.
3. COVER PLANTING BEDS WITH A MINIMUM 3 LAYER OF SPECIFIED MULCH.
E. SOD PLANTING
1. LAY SOD IN AN ORDERLY MANNER TO COVER ALL BARE SOIL AREAS.
2. WATER ALL AREAS OF THE SOD UNTIL THOROUGHLY WET.
3. ROLL SOD WITH A SOD ROLLER AFTER 24 HOURS AFTER LAYING AND WATERING SOD TO OBTAIN A UNIFORM, SMOOTH FINISH.
4. FILL JOINTS WITH COMPOST IF NECESSARY TO FORM A UNIFORM GRASS LAYER.
5. KEEP SOD ADEQUATELY WATERED UNTIL SOD MAKES A FIRM CONNECTION TO THE SOIL.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 05/19/2014

APPLICANT: Froylan H. Torres

AGENDA ITEM: **MIS2013-004**; Carport & Material Exception (486 Perch Road)

SUMMARY:

Discuss and consider a request for the approval of a special request for the purpose of permitting the construction of a carport that does not conform to the setback and material requirements as stipulated by Section 2.1.2(1) [*Carports*] of Article IV, *Permissible Uses*, of the Unified Development Code, for a 0.12-acre property that is identified as Lot 877, Block E of Rockwall Lake Estates #1 Addition, City of Rockwall, Rockwall County, Texas, is zoned Planned Development District 75 (PD-75), is generally located at 486 Perch Road, and take any action necessary.

CHARACTERISTICS OF REQUEST:

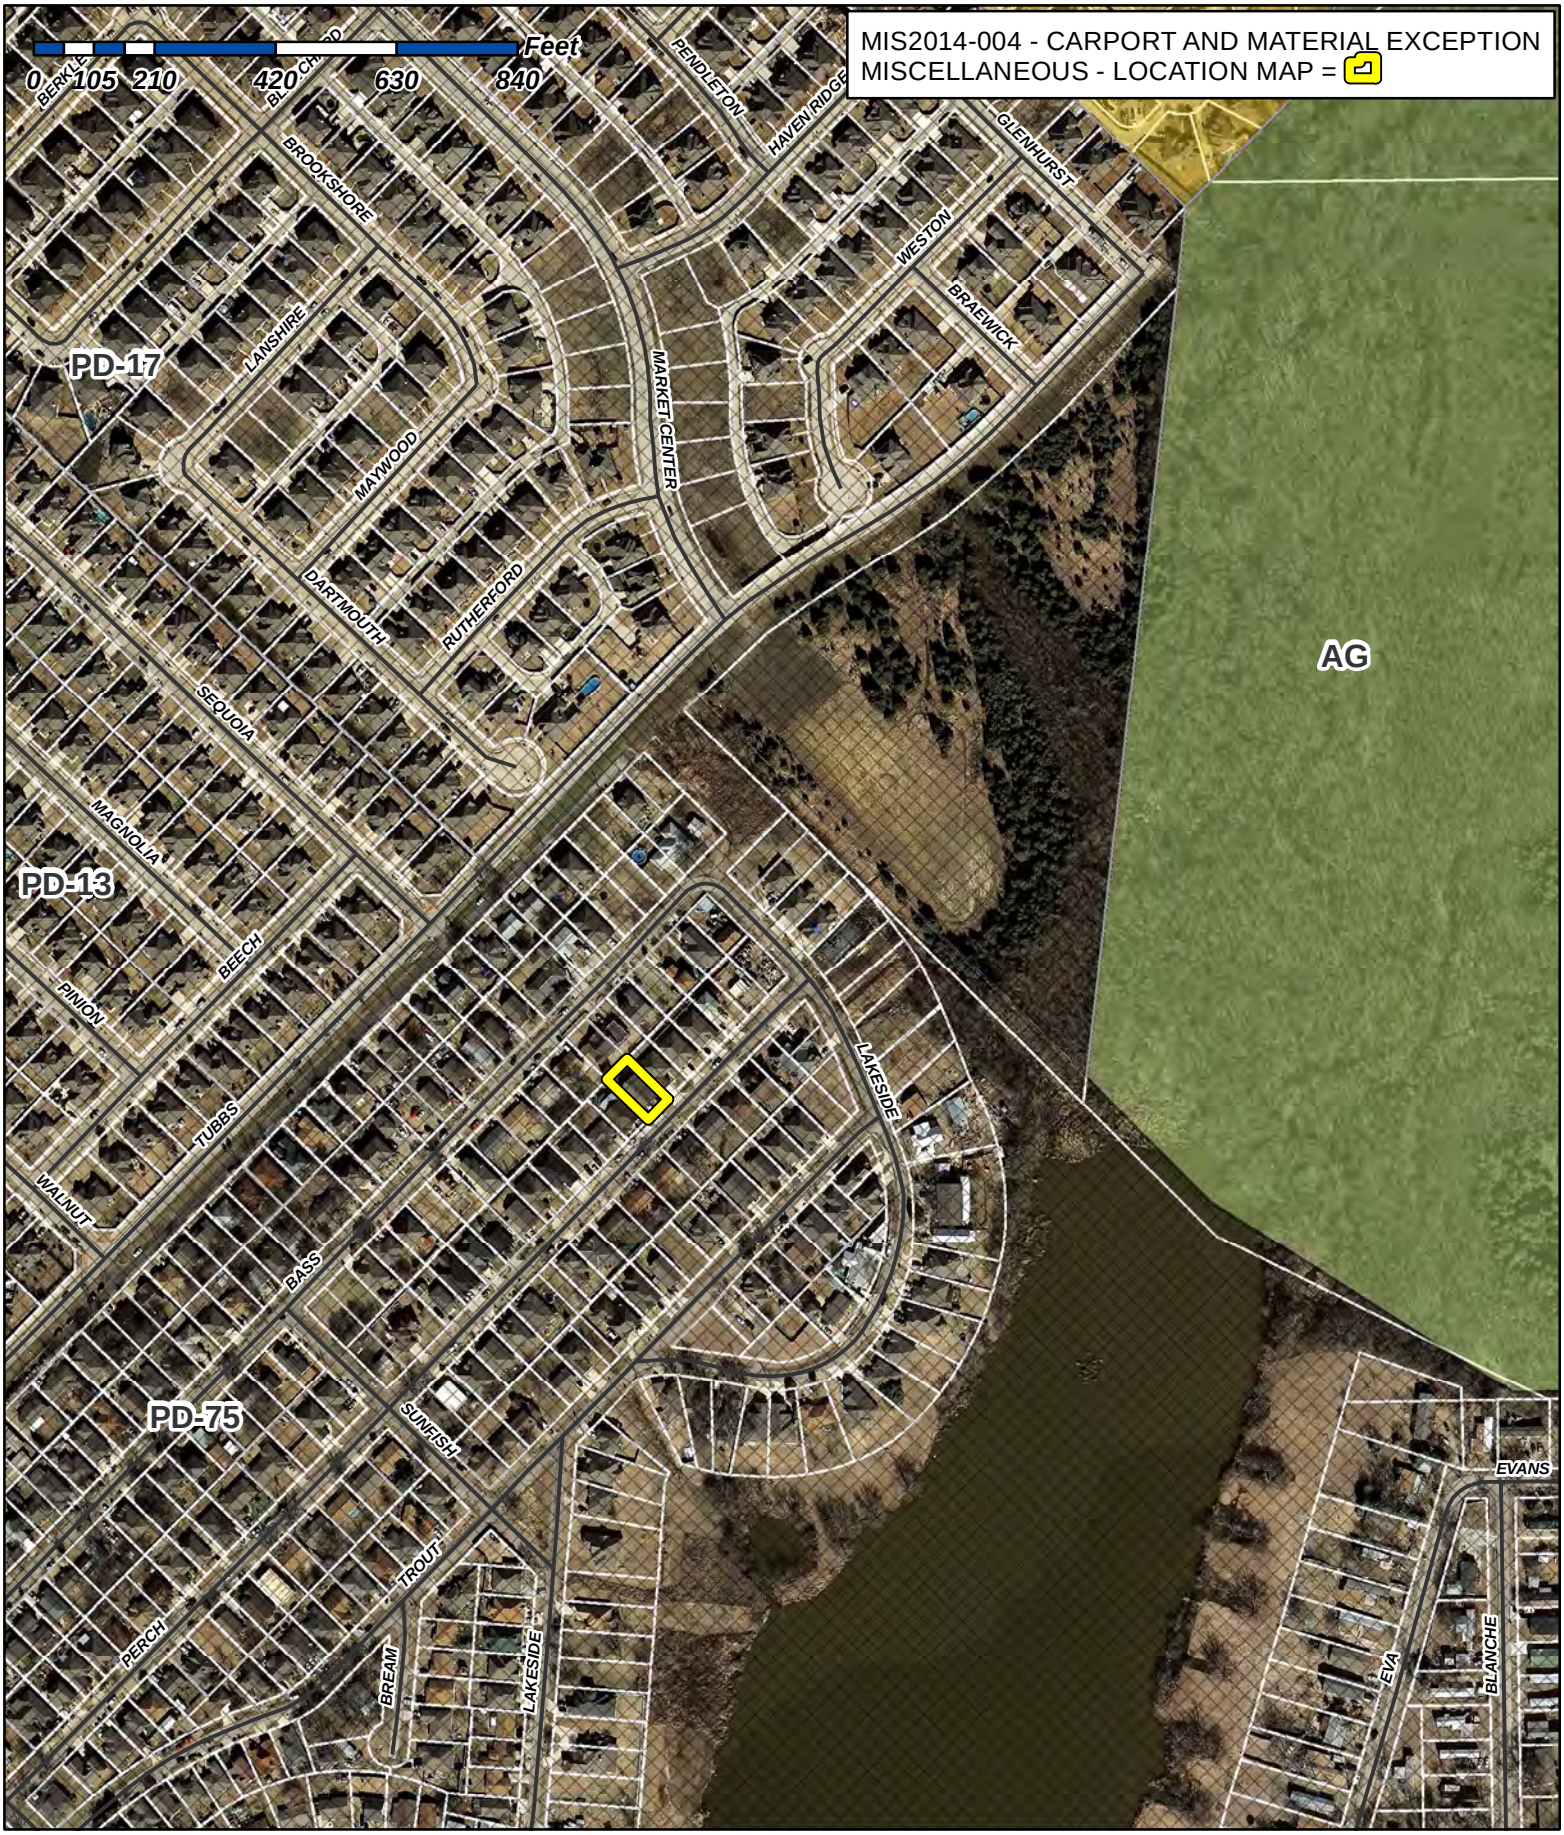
The applicant, Froylan H. Torres, is requesting a special exception to the requirements stipulated by Section 2.1.2(1) [*Carports*] of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) for the purpose of constructing a carport, adjacent to the front façade of an existing single family home. According to the information provided by the applicant the carport will be situated adjacent to the front façade of the existing garage and be contiguous with the front (eastern) property line. The structure will consist of four (4) (4" x 4", 11 gauge) metal post anchored to a metal plate bolted into concrete of the driveway. The posts will support a 20-foot x 20-foot (or 400 square foot) tin roof, which will be pitched to allow for storm water runoff. The carport will encroach into the 20-foot front yard building setback, but will not encroach into any other established building setbacks or easements located on the subject property. Additionally, the carport should not create a sight obstruction to motorist as there is approximately 15-feet of right-of-way between the edge of pavement of Perch Road and the front property line of the subject property.

Planned Development District 75 (PD-75) states that properties within *Area '1',* such as the subject property, are subject to the land use standards and density and dimensional requirements stipulated for properties located within the Single Family 7 (SF-7) District. According to Article IV of the UDC, carports are allowed by right in a Single Family-7 (SF-7) District pending they meet the requirements stipulated in the Section 2.1.2 of Article IV. Section 2.1.2(1) [*Carports*] of Article IV states that carports are required to be setback a minimum of 20 feet from the front building façade. As mentioned above the proposed carport will be located in front of the garage and extend to the front property line. The applicant has stated that the purpose for the proposed position of the carport is to accommodate the existing garage, which restricts the ability of the carport to conform to the required 20-foot setback requirement. Section 2.1.2(2) [*Carports*] of Article IV states that carports that are visible from a public right-of-way should be constructed of materials that match the primary residence. In this case the

applicant is proposing to use a metal construction. The primary structure's exterior façade is composed of 100% stucco.

Generally, this request would require a Specific Use Permit (SUP) in conformance with Section 2.1.2(3) [*Carports*] of Article IV for not meeting the requirements stipulated in Section 2.1.2(1) of Article IV; however, the subject property is located within Planned Development District 75 (PD-75), which allows City Council to consider special requests on a case-by-case basis pending a recommendation by the Planning & Zoning Commission. The approval of any special request shall preempt any other underlying zoning restrictions stipulated by the zoning ordinance. Staff would like to acknowledge that the applicant's design appears to be consistent with existing designs in the neighborhood, and the approval of the request would not alter the essential character of the planned development district.

RECOMMENDATIONS:



If the City Council chooses to approve the applicant's request for a waiver to the carport requirements staff recommends the following conditions:

1) Prior to the construction of the carport the applicant will need to apply for a Building Permit from the Building Inspections Division,

2) Any construction or building allowed by this request must conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On May 13, 2014, the Planning and Zoning Commission recommended to approve the applicant's request by a vote of 7-0.

To whom it may concern:

I, Froylan Horacio Torres, am writing to obtain approval from the City of Rockwall, Texas to build a carport in my house property located at the address below. This will be built to cover and protect my vehicles from weather damage (e.g. rain, heat, hail etc.). The measurements, drawings and detailed information will be provided to the City of Rockwall for review and approval. I ask that you please consider my request and I would be more than happy to answer any questions you may have. Feel free to contact me at anytime.

Address: Mr. & Mrs. Froylan H. Torres

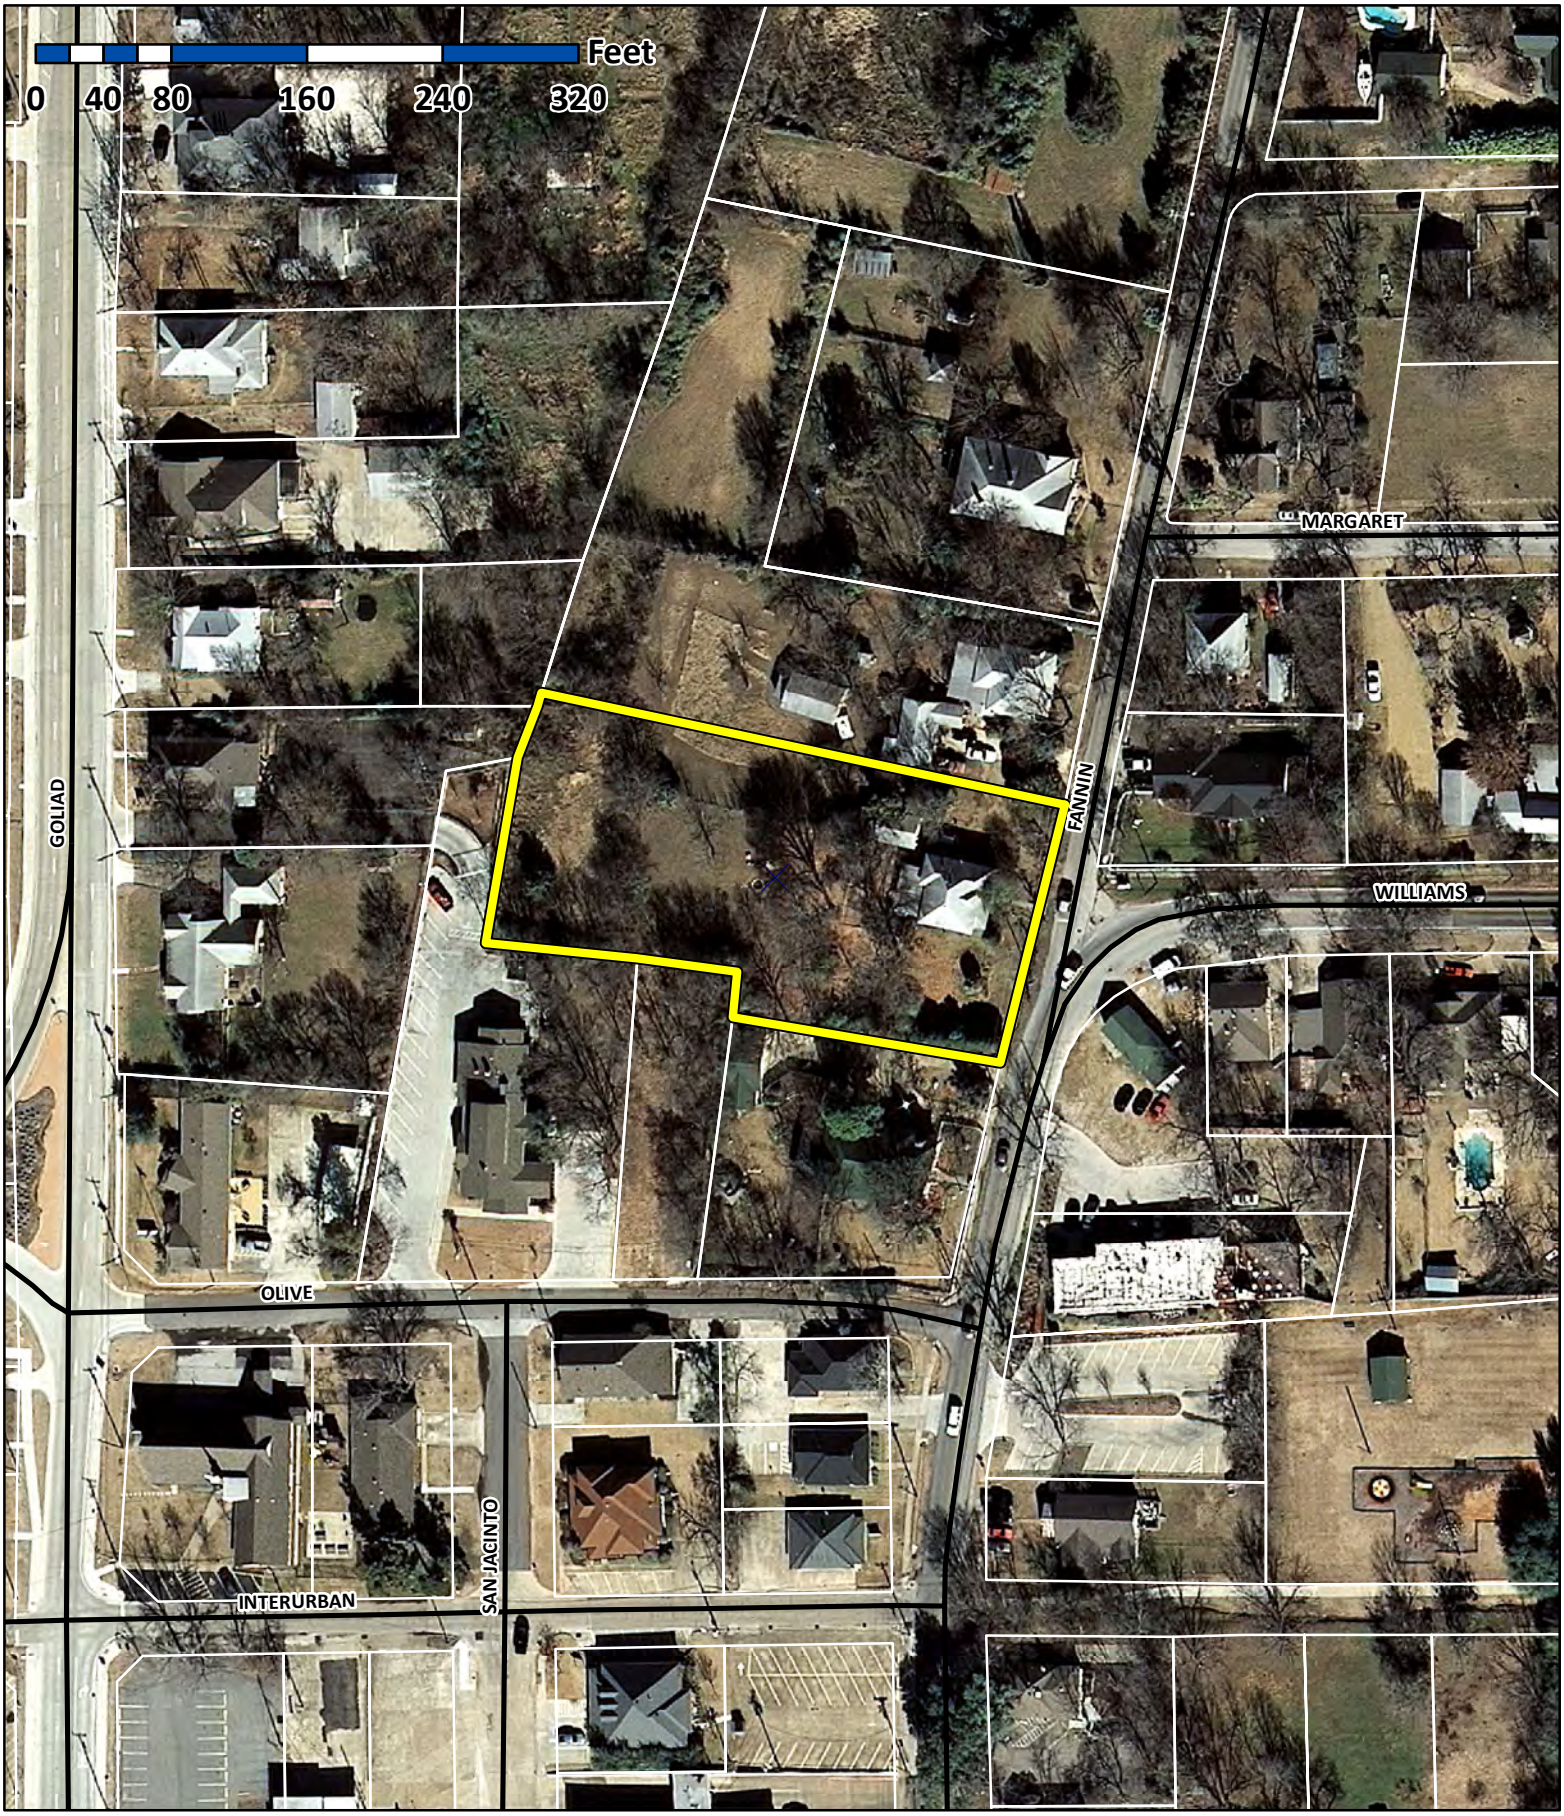
CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

FROM: Ryan Miller, *Planning Manager*



DATE: May 19, 2014

SUBJECT: Structure Preservation Tax Exemption

Ordinance No. 03-28 was drafted in 2003 with the intent of providing an incentive program for redevelopment within the *"Old Town" Rockwall (OTR) Historic District*, *Southside Residential Neighborhood Overlay (SRO) District* and designated *Landmark* properties. In accordance with this ordinance the applicant's, Jay and Alison Odom, are requesting to have the assessed value for ad valorem taxation "frozen" for a period of seven (7) years on the subject property at 405 N. Fannin Street for the purpose of rehabilitating and enlarging an existing single family home. Specifically, the applicants are investing an estimated $100,000.00 into the property in order to make the following improvements: 1) repair the foundation, 2) replace the existing siding, 3) replace the roof, 4) replace the windows, and 5) construct a 600 square foot addition to the rear of the home (*a complete set of plans has been provided in the attached packet*). On August 15, 2013, the applicants received approval from the Historic Preservation Advisory Board (HPAB) for a Certificate of Appropriateness (COA) [*Case No. H2013-009*] for the proposed rehabilitation and expansion of the home. The board approved the request finding that the proposed scope of work did not have an adverse impact on the essential character of the neighborhood, nor would it have a negative impact on the historic nature of the subject property or its adjacent properties.

According to Ordinance No. 03-28 a tax abatement of seven (7) years can be approved, "…if the amount of the increment project is equal to or exceeds 25% of the assessed value of the improvement on January 1st of the year the increment project was completed." In this case, the current taxable value of the subject property is $125,000.00 for which the proposed investment represents 80% of this value. If the City Council chooses to approve the applicants' request then the effective tax rate for the subject property would be fixed at $125,000.00 for a period of seven (7) years. The applicants have provided all required supporting information stipulated by the ordinance including a legal description, proof of title, an owner's affidavit, and a tax certificate verifying that all current taxes have been paid. Should the request be approved the applicant would be required to submit a sworn statement of completion, at the conclusion of the proposed work, acknowledging that the property has been restored in compliance with the plans submitted to staff. Additionally, the applicant shall be required to provide staff with documentation verifying the total cost of all improvements. All information will be verified prior to staff notifying the Rockwall County Central Appraisal District's (RCAD's) Chief Appraiser of the applicable ad valorem tax exemption, and the applicant will be required to fill out and sign a "Repay Certificate" in the event of default.

Should the City Council have any questions concerning the scope of work the applicant will be present at the meeting. Staff will also be available to answer any technical questions concerning the request.

Affidavit of Eligibility for Tax Exemption

To Whom It May Concern:

We, Jay Odom and Alison Odom, are respectfully requesting consideration for tax exemption for our property at 405 N Fannin St, Rockwall, TX 75087, B F BOYDSTON, BLOCK 122, LOT B-1, ACRES 1.05 . Our property lies within the historic district and was in great need of repair and rehabilitation. We began a large construction project to remove a bad addition and add square footage in the form of additional bedrooms and updated kitchen and bathrooms. The project will cost a minimum of $100,000.

The completion date is tentatively scheduled for approximately June 15th. We will be informing the City of Rockwall upon completion and will turn in a signed completion affidavit.

Upon completion of the project, we will be using this property as our primary residence with no intention of selling or moving.

Thank you for your consideration. Please let us know if there are any questions we can answer or clarify.

Sincerely,

Jay Odom

THENCE N. 10 deg. 32 min. 07 sec. E. a distance of 108.67 feet to a 1/2" iron rod found for corner;

THENCE N. 19 deg. 00 min. 00 sec. E. a distance of 42.00 feet to a 1/2" iron rod found for corner;

THENCE S. 78 deg. 00 min. 00 sec. E. a distance of 130.00 feet to a 1/2" iron rod found for corner;

THENCE S. 79 deg. 22 min. 00 sec. E. a distance of 182.00 feet to a 1/2" iron rod found for corner in the West right-of-way line of N. Fannin Street;

THENCE S. 13 deg. 00 min. 00 sec. W. along said right-of-way line, a distance of 146.72 feet to the POINT OF BEGINNING and containing 1.05 acres of land.

The Company is prohibited from insuring the area or quantity of the land herein described. Therefore, the Company does not represent that the acreage or square footage calculations are correct. References to quantity are for informational purposes only.

COMMITMENT FOR TITLE INSURANCE

Issued By

Westcor Land Title Insurance Company

SCHEDULE B

EXCEPTIONS FROM COVERAGE

In addition to the Exclusions and Conditions and Stipulations, your Policy will not cover loss, costs, attorneys' fees, and expenses resulting from:

1. The following restrictive covenants of record itemized below (We must either insert specific recording data or delete this exception):

   This Item Intentionally deleted.

2. Any discrepancies, conflicts, or shortages in area or boundary lines, or any encroachments or protrusions, or any overlapping of improvements.

3. Homestead or community property or survivorship rights, if any, of any spouse of any insured. (Applies to the Owner's Policy only.)

4. Any titles or rights asserted by anyone, including, but not limited to, persons, the public, corporations, governments or other entities,

   a. to tidelands, or lands comprising the shores or beds of navigable or perennial rivers and streams, lakes, bays, gulfs or oceans, or

   b. to lands beyond the line of harbor or bulkhead lines as established or changed by any government, or

   c. to filled-in lands, or artificial islands, or

   d. to statutory water rights, including riparian rights, or

   e. to the area extending from the line of mean low tide to the line of vegetation, or the rights of access to that area or easement along and across that area.

   (Applies to the Owner's Policy only.)

5. Standby fees, taxes and assessments by any taxing authority for the year **2013**, and subsequent years; and subsequent taxes and assessments by any taxing authority for prior years due to change in land usage or ownership, but not those taxes or assessments for prior years because of an exemption granted to a previous owner of the property under Section 11.13, *Texas Tax Code*, or because of improvements not assessed for a previous tax year. (If Texas Short Form Residential Loan Policy (T-2R) is issued, that policy will substitute "which become due and payable subsequent to Date of Policy" in lieu of "for the year _____ and subsequent years.")

6. The terms and conditions of the documents creating your interest in the land.

7. Materials furnished or labor performed in connection with planned construction before signing and delivering the lien document described in Schedule A, if the land is part of the homestead of the owner. (Applies to the Loan Title Policy Binder on Interim Construction Loan only, and may be deleted if satisfactory evidence is furnished to us before a binder is issued.)

8. Liens and leases that affect the title to the land, but that are subordinate to the lien of the insured mortgage. (Applies to Loan Policy (T-2) only.)

9. The Exceptions from Coverage and Express Insurance in Schedule B of the Texas Short Form Residential Loan Policy (T-2R). (Applies to Texas Short Form Residential Loan Policy (T-2R) only. Separate exceptions 1 through 8 of this Schedule B do not apply to the Texas Short Form Residential Loan Policy (T-2R).

10. The following matters and all terms of the documents creating or offering evidence of the matters (We must insert matters or delete this exception.):

a. **Rights of parties in possession.**

b. **Intentionally deleted.**

c. **All leases, grants, exceptions or reservations of coal, lignite, oil, gas and other minerals, together with all rights, privileges, and immunities relating thereto, appearing in the Public Records whether listed in Schedule B or not. There may be leases, grants, exceptions or reservations of mineral interest that are not listed.**

d. **Easement dated January 24, 2002, executed by City of Rockwall, to Texas Power & Light Company, recorded in Volume 2423, Page 80, Deed Records, Rockwall County, Texas.**

e. **No liability is assumed by reason of the following as shown on survey dated November 14, 2012, prepared by Harold D. Fetty III, RPLS No. 5034:**

Fences over and across property lines;
Overhead electric crossing property lines;
Gravel drive over property line.

COMMITMENT FOR TITLE INSURANCE

Issued By

Westcor Land Title Insurance Company

SCHEDULE C

Your Policy will not cover loss, costs, attorneys' fees, and expenses resulting from the following requirements that will appear as Exceptions in Schedule B of the Policy, unless you dispose of these matters to our satisfaction, before the date the Policy is issued:

1. Documents creating your title or interest must be approved by us and must be signed, notarized and filed for record.

2. Satisfactory evidence must be provided that:

   a. no person occupying the land claims any interest in that land against the persons named in paragraph 3 of Schedule A,

   b. all standby fees, taxes, assessments and charges against the property have been paid,

   c. all improvements or repairs to the property are completed and accepted by the owner, and that all contractors, subcontractors, laborers and suppliers have been fully paid, and that no mechanic's, laborer's or materialmen's liens have attached to the property,

   d. there is legal right of access to and from the land,

   e. (on a Loan Policy only) restrictions have not been and will not be violated that affect the validity and priority of the insured mortgage.

3. You must pay the seller or borrower the agreed amount for your property or interest.

4. Any defect, lien or other matter that may affect title to the land or interest insured, that arises or is filed after the effective date of this Commitment.

5. **Vendor's Lien retained in Deed dated April 8, 2013, executed by Cedo Rakich and Julia Rakich, husband and wife to Jay Odom and Alison Odom, husband and wife, filed for record in Clerk's File No. 2013-2486792, of the Official Public Records, Rockwall County, Texas, securing Cedo Rakich and Julia Rakich; in the payment of one note of even date in the principal sum of $120,000.00, due and payable and bearing interest as therein provided, said Note being additionally secured by a Deed of Trust of even date therewith to Hudson Henley Trustee, filed on April 16, 2013, in Clerk's File No. 2013-486793, Official Public Records, Rockwall County, Texas.**

6. **"If the loan to be insured is a Home Equity Mortgage made pursuant to Section 50(a)(6), Article XVI of the Texas Constitution, then the policy to be issued will include and be subject to the terms of the Equity Loan Mortgage Endorsement (T-42), and issuance of our policy, and said endorsement is subject to the compliance with our requirements, including the following:**

   A. The land must be the homestead of the owners;
   B. All owners (and their spouses) of the insured property must execute the lien instrument; and
   C. Company must be provided satisfactory evidence that the land is not designated for agriculture use or open space use by applicable Texas statutes and the Texas Constitution; and
   D. The release of any prior liens as required by Section 50(a)(6), Article XVI of the Texas Constitution; and
   E. There must have been NO Home Equity Loans made within 12 months of the date of the loan to be insured;
   F. Execution of the insured mortgage and the promissory note secured thereby must occur at the office of the company (underwriter) or of its agent which issued this commitment; (if the mortgage and note are executed at a place other than that required herein, then said policy may still be issued, provided that said loan documents are executed at the office of the lender or at the office of an attorney. However, the coverage in the endorsement related to the place of closing of the loan will NOT be provided.);
   G. The mortgage to be insured must contain a disclosure that the extension of credit is the type of credit defined by Section 50(a)(6), Article XVI, of the Texas Constitution."

7. On the policy to be issued, the following will be added as an exception in Schedule B: (This policy is issued with and must have attached to it a Equity Loan Mortgage Endorsement T-42).

8. NOTICE: Notwithstanding any provisions of the Closing Instructions or other written requirements, the title company is not making a determination of compliance with, nor providing information on the Texas constitutional requirements for creating a valid extension of credit lien (Section 50(a)(6)). These determinations are the responsibility of the lender. The title policy will only cover the items specifically stated therein.

9. When amending the "area and boundary" exception in the mortgagee policy, the Company may rely upon a copy of a prior survey and affidavit by the borrower on residential real property if the borrower executes an acceptable affidavit. The Company may except to matters shown on the survey or the affidavit.

10. Article 9.39A of the Texas Insurance Code requires certified checks, cashier's checks, cash or wire transfers for all transactions that involve the payment of $1500.00 or more. Title Company must require compliance with Article 9.39A (Procedural Rule 27).

11. NOTE: The following is for informational purposes only:
The following deed(s) affecting the subject property were recorded within the last 24 month period prior to the effective date of this commitment:

2013-48692, 2013-48693.

Current/Delinquent Taxes

This is to certify that, after a careful check of the tax records of this office, the following delinquent taxes, penalties, interest and any known costs and expenses as provided by Tax Code §33.48, are due on the described property for the following taxing unit(s):

Year	Entity	Taxable	Tax Due	Disc./P&I	Attorney Fee	Total Due
Totals:			0.00	0.00	0.00	0.00

Outstanding Litigation Fees

Fee Date	Fee Description	Amount Due
05/13/2014	TAX CERTIFICATE	10.00
	Total Fees Due:	10.00

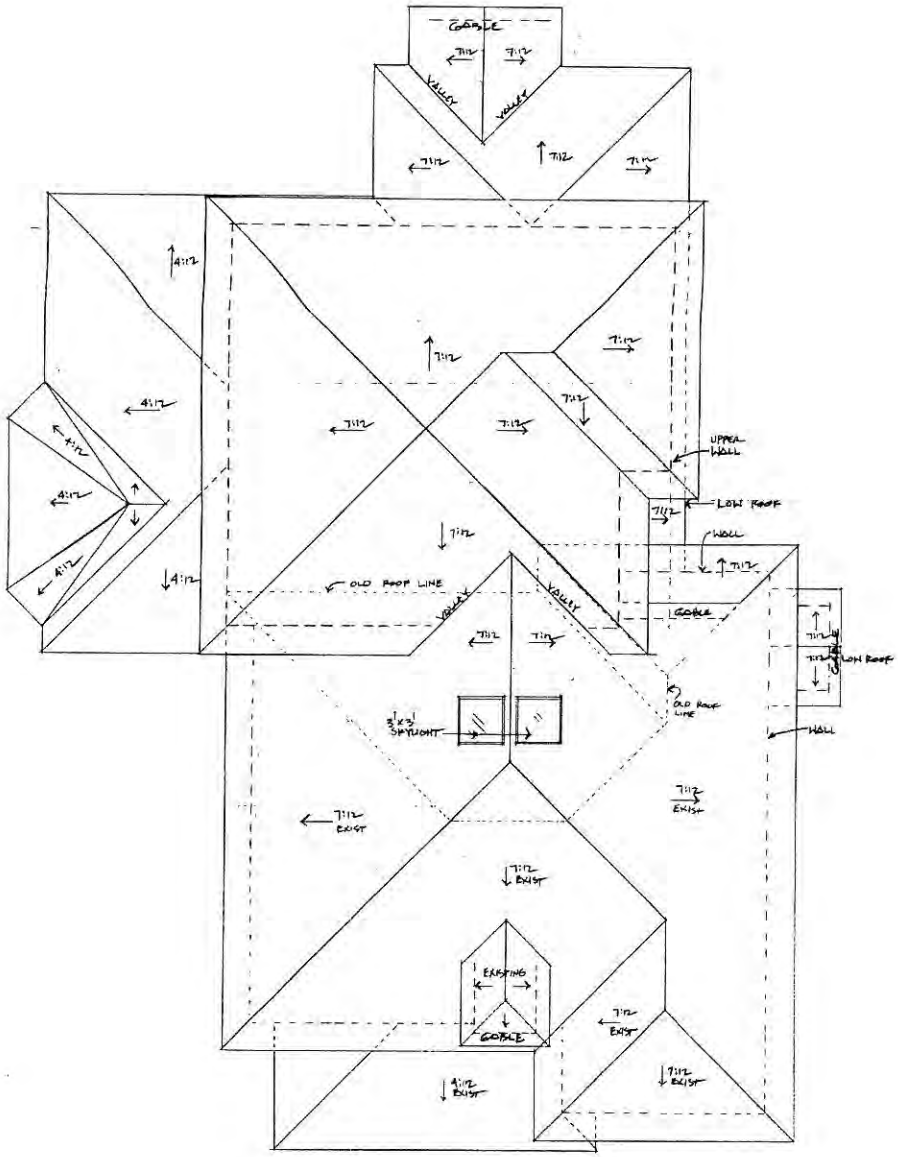
Effective Date: 05/13/2014

Total Due if paid by: 05/31/2014 10.00

Tax Certificate Issued for:	Taxes Paid in 2013
CITY OF ROCKWALL	628.13
ROCKWALL COUNTY	494.88
ROCKWALL ISD	1,825.00

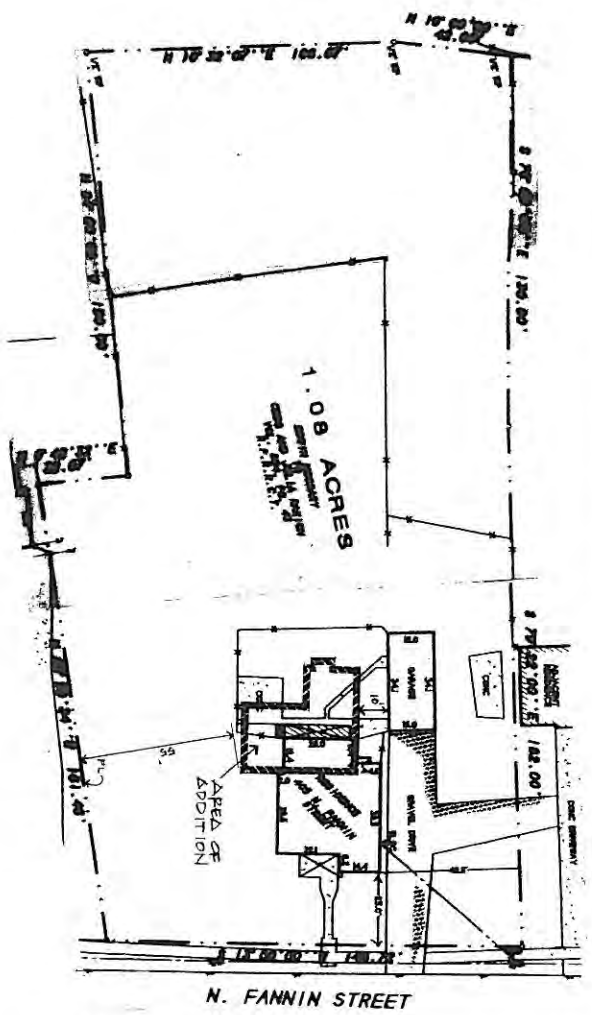
If applicable, the above-described property has/is receiving special appraisal based on its use, and additional rollback taxes may become due based on the provisions of the special appraisal (Comptroller Rule 9.3040) or property omitted from the appraisal roll as described under Tax Code Section 25.21 is not included in this certificate [Tax Code Section 31.08(b)].

Pursuant to Tax Code Section 31.08, if a person transfers property accompanied by a tax certificate that erroneously indicates that no delinquent taxes, penalties or interest are due a taxing unit on the property or that fails to include property because of its omission from an appraisal roll, the unit's tax lien on the property is extinguished and the purchaser of the property is absolved of liability to the unit for delinquent taxes, penalties or interest on the property or for taxes based on omitted property. The person who was liable for the tax for the year the tax was imposed or the property was omitted remains personally liable for the tax and for any penalties or interest.



A tax certificate issued through fraud or collusion is void.

This certificate does not clear abuse of granted exemptions as defined in Section 11.43 Paragraph(1) of the Texas Property Tax Code.



May Be Subject to Court Costs if Suit is Pending

CITY OF ROCKWALL

ORDINANCE NO. 03-28

AN ORDINANCE OF THE CITY OF ROCKWALL, TEXAS AMENDING THE ROCKWALL CODE OF ORDINANCES TO PROVIDE AN AD VALOREM TAX EXEMPTION FOR STRUCTURES IN NEED OF TAX RELIEF TO ENCOURAGE THEIR ENHANCEMENT AS HEREIN DEFINED; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; AND PROVIDING A PENALTY OF A FINE OF $500.00 FOR EACH OFFENSE; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the 65th Legislature in June 1977 passed S.B. 595 amending Title 122, Revised Civil Statues of Texas (1925), by adding Article 7150i authorizing the governing body of a political subdivision to exempt historic sites from certain property taxation; and

WHEREAS, Article 7150i was made effective upon adoption of Section 1-f to Article VIII of the Texas Constitution which authorized the State Legislature to allow political subdivisions to exempt historical sites from certain property taxation; and

WHEREAS, Texas voters on November 7, 1977, amended Article VIII of the Texas Constitution by adding Section 1-f; and

WHEREAS, effective January 1, 1980, the 66th Legislature codified Section 7150i as Section 11.24 of the Property Tax Code (1979); and

WHEREAS, there has been adopted in the City of Rockwall certain historic overlay districts which are in need of tax relief to encourage enhancement of structures as herein defined;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. Chapter 25 of the Code of Ordinances is amended to add a new Article III to read as follows:

"ARTICLE III

EXEMPTION FOR HISTORICALLY SIGNIFICANT SITES

SECTION 25 - 38: DEFINITIONS

As used in this Article, the following terms shall have the meanings described herein:

A. "Assessed Value Prior to Preservation" means the value assessed by the Rockwall County Appraisal District for the tax year of verification.

B. "Certification" means the attestation by the Director of Community Development that the structure in question is a

structure located in the boundaries of the Old Town Rockwall Historic District or a Landmark Property as defined herein, in need of tax relief to encourage enhancement of structures and that the plans submitted will meet the definition of enhancement of a structure as defined herein.

C. "Enhancement of a Structure" means the completion of a building project to improve a structure and the certifiable expenditure of at least $5,000 for that project which has occurred after the adoption of this ordinance.

D. "Historic District" includes the Old Town Rockwall Historic District, the Southside Overlay District, designated Landmark Properties, and such historic districts that may be adopted by the City in the future.

E. "Increment Project" shall mean the monetary amount invested by the property owner in enhancing the subject structure (i.e. improvement) located within an official Historic Overlay District, which shall include the Old Town Rockwall Historic District, Southside Overlay District, designated Landmark Properties, and such historic districts that may be adopted by the City subsequent to the adoption of this ordinance.

F. "The Improvement" shall mean the monetary value of the property minus the value of the land upon which property taxes are levied by the City.

G. "Landmark Property" shall mean a property or structure(s), not contiguous to or part of an existing historic district, that is deemed worthy of preserving.

H. "Property in need of tax relief to encourage enhancement of a structure" shall mean any structure located in the Old Town Rockwall Historic District, Southside Overlay District, designated Landmark Properties, and any such historic districts that may be adopted by the City subsequent to the adoption of this ordinance.

I. "Property" shall mean the monetary value of the land plus the value of the improvement.

J. "Structure" is defined herein as a building located in an official historic district, which shall include the Old Town Rockwall Historic District, Southside Overlay District, designated Landmark Properties, and such historic districts that may be adopted by the City subsequent to the adoption of this ordinance within the City of Rockwall.

SECTION 25 - 39: STRUCTURE PRESERVATION TAX EXEMPTION

A residential building or designated landmark property which meets the requirements of this ordinance shall be certified by the Director of Community Development to have the assessed value for ad valorem taxation "frozen" as described and listed below in order to qualify for ad valorem tax exemption. The assessed value shall be frozen at the value for the tax year in which the increment project was completed. The assessed value of the improvement shall be so "frozen" in accordance with the schedule below:

The period of the tax abatement shall be five (5) years if the amount of the increment project is $5,000 or greater; or

The period of the tax abatement shall be seven (7) years if the amount of the increment project is equal to or exceeds 25% of the assessed value of the improvement on January 1st of the year the increment project was completed.

Furthermore, this exemption shall begin on the first day of the next tax year after verification of completion of the preservation required for certification; provided that: The building shall comply with the applicable zoning regulations for its use and location; and

SECTION 25 - 40: APPLICATION PROCESS

Applications for an ad valorem tax exemption pursuant to this ordinance are to be filed with the Community Development Department. Each application shall be signed and sworn to by the owner of the property and shall:

A. State the legal description of the property proposed for certification;

B. Provide proof of title in the applicant to the property proposed for certification;

C. Include an affidavit by the owner describing the structure in need of tax relief and its compliance with the requirements of Section 25 - 39 herein;

D. Provide proof that taxes or other assessments are not delinquent on the property;

E. Include a final complete set of plans for the structure's enhancement as required to secure a building permit;

F. Include a statement of costs for the restoration or rehabilitation work;

G. Include a projection of the estimated construction time and predicted completion date of the restoration or rehabilitation;

H. Authorize representatives of the City of Rockwall to visit and inspect the property and the records and books of the owner as necessary to certify that the property in question is in substantial need of restoration or rehabilitation;

I. Include a detailed statement of the proposed use for the property; and

J. Provide any additional information that the owner deems relevant.

K. Provide such other information as may be required by the Director of Community Development to properly consider certification of the project.

L. Provide a written acknowledgement by the property owner acknowledging the owners future obligation to notify the Director of Community Development upon completion of the increment project. This will begin the verification process noted in Section 25 - 42 below.

Each application shall contain documentation confirming or supporting the information submitted.

SECTION 25 - 41: CERTIFICATION PROCESS

Within 30 days after receipt of the properly completed application, the City shall make an investigation of the property and shall certify the facts to the Director of Community Development along with the documentation and recommendation for approval or disapproval.

Upon receipt of a recommendation, the Director of Community Development shall immediately forward the application to the Rockwall City Council and, within thirty (30) days, the Council shall consider approval or disapproval eligibility of the property for tax relief pursuant to this ordinance. In determining eligibility, the City Council shall first determine that all the requirements of this ordinance have been met and that only the structure is to be provided favorable tax relief as provided in Section II herein. Written notice of the determination shall be sent to the applicant.

SECTION 25 - 42: VERIFICATION PROCESS

Upon completion of the enhancement of a structure, the certified applicant shall submit a sworn statement of completion acknowledging that the property has been substantially rehabilitated or restored. Within (30) days after receipt of the sworn statement of completion, the Director of Community Development shall make an investigation of the property and shall determine if the enhancement has been completed as required for certification. If the enhancement is deemed incomplete, the applicant shall be required to complete the enhancement in order to secure the tax exemption. If the enhancement is determined to be complete, the Director of Community Development shall notify the Chief Appraiser of the

Rockwall County Central Appraisal District in writing that the applicable ad valorem tax exemption shall apply.

Thereafter, the Chief Appraiser of the Rockwall County Central Appraisal District shall provide the property with the tax exemption provided in Section 25 - 39 herein."

Section 2. That any person who violates any provision of this ordinance shall, upon conviction, be subject to a fine in accordance with the general provisions of the Code of Ordinances, and that each day in violation shall constitute a separate offence.

Section 3. The provisions of this ordinance are severable. If any provision of this ordinance or the application thereof to any person or circumstances shall be held to be invalid or unconstitutional, the remainder of this ordinance shall nevertheless be valid.

Section 4. That all ordinances or part of ordinances in conflict herewith are repealed to the extent of the conflict only.

Section 5. This ordinance shall become effective from and after its adoption, and it is so ordained.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 2nd day of September, 2003.

Ken Jones, Mayor

p.40 **2.** Appointment with Rob Dixon of Hill & Wilkinson, General Contractors to hear and discuss a progress update of the Downtown Rockwall Improvement Project, and take any action necessary.

XII. ACTION ITEMS

p.42 **1.** **Z2014-014** - Discuss and consider approval of **ordinance** for a request by Brad Fenton of Fenton Motor Group, on behalf of Cambridge Companies Inc., for approval of a Specific Use Permit (SUP) to allow for a new car dealership being a 4.08-acre tract of land located in the J. LOCKHART SURVEY, Abstract No.134, being a portion of that certain tract of land described in deed to the Cambridge Companies, Inc. as recorded in Volume 101, Page 795 of the Deed Records of Rockwall County, Texas and zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District and the 205 By-Pass Corridor Overlay (205 BY-OV) District and generally located on the southeast corner of John King Boulevard and IH-30, City of Rockwall, Rockwall County, Texas, and take any action necessary. **(2nd Reading)**

p.50 **2.** **MIS2014-007** - Discuss and consider a request by the Josh Houser for the approval of an exception to the minimum masonry requirements stipulated in Section 3.1, General Residential District Standards, of Article V, District Development Standards, of the Unified Development Code, for a 0.24-acre parcel of land identified as Lot 11, Block A, Chandler's Landing, Phase 19, zoned Planned Development District 8 (PD-8), located at 105 Weatherly Circle, City of Rockwall, Rockwall County, Texas, and take any action necessary.

p.57 **3.** Discuss and consider water conservation program, and take any action necessary.

XIII. CITY MANAGER'S REPORT TO DISCUSS CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports

p.60 Building Inspections Monthly Report - April 2014
p.70 Finance Department Monthly Report - April 2014
p.81 Fire Department Monthly Report - April 2014
p.106 Harbor PD Monthly Report - April 2014
p.108 Internal Operations Department Monthly Report for April 2014
p.112 Police Department Monthly Report - April 2014
p.115 Recreation Monthly Report - April 2014
p.117 Rockwall Animal Adoption Center Monthly Report - April 2014

2. City Manager's Report

XIV. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding Economic Development incentives, procedures and possible projects pursuant to Section 551.087 (Economic Development)
2. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).
3. Discussion regarding the terms and conditions of contract with Collin County Humane Society to operate the City's animal adoption center pursuant to Section 551.071 (Consultation with Attorney)
4. Discussion regarding the following legal claim: TF-Harbor LLC v. City of Rockwall, Texas and Rockwall Rental Properties L.P. pursuant to Section 551.071 (Consultation with Attorney)
5. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

XV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

XVI. ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 771-7700 or FAX (972) 771-7727 for further information.

The City of Rockwall City Council reserves the right to adjourn into executive session at any time to discuss any of the matters listed on the agenda above, as authorized by Texas Government Code § 551.071 (Consultation with Attorney) § 551.072 (Deliberations about Real Property) § 551.074 (Personnel Matters) and § 551.086 (Economic Development)

I, Kristy Ashberry, City Secretary for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 30th day of May, 2014 at 4:00 p.m. and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **May 30, 2014**

SUBJECT: **Conservation Program**

The NTMWD Board voted to extend Stage 3 conservation measures calling for once every two week watering to continue through the month of September and for member and customer cities to achieve a minimum 10% consumption reduction goal. District staff updates cities monthly on our progress toward this cumulative annual goal.

Through April, our residents and businesses have achieved an additional 17% savings over our minimum goal. This achievement came through the voluntary cooperation of our customers and the advantage of a few good rains. Our goals will be increasingly difficult to achieve as we move forward through the hot summer months and we know that the appearance of landscaping will suffer. Staff would suggest the following actions in order to continue to reinforce the need for cooperation and good results.

1st Tier – month of June and beyond if goals are being achieved

- Increase education efforts emphasizing the need for continued conservation and encourage customers to turn off automatic sprinkler systems
- Continue to monitor the success of conservation efforts and be prepared to assign "watering days" based on address numbers to facilitate enhanced enforcement if needed.
- Meet with RISD and apartment complexes – (top 10 users)
- Notify wholesale customers
- Monitor area cities conservation measures and results
- Use existing staff to monitor compliance on a limited hours basis with emphasis on curbing waste

2nd Tier – if goals are not achieved

- Assign watering days based on address for all customers
- Step up monitoring / enforcement efforts
- Discontinue watering city medians and city facility lawns
- Meet with RISD to encourage discontinuing watering school lawns
- Prohibit car washing at home and charity car washes
- Further enhance education efforts

A number of questions will need to be answered as we move forward:

- Continue any new plantings exception?
- Continue allowing fountains and not using spraygrounds?
- Continue athletic field exceptions?
- Discourage or prohibit new shrubs, sod – city or private or both?
- Definition of acceptable runoff/waste for enforcement purposes?

Financial Outlook

The continued restriction of once every two weeks will further erode the water/wastewater fund's financial position. Our policy recommends 60 days working capital (fund balance). With last year's decreased sales, we ended fiscal year 2013 with approximately 18 days of working capital. Rates were increased by 10% in January but very successful conservation by our customers has held our total revenue increase to 5.5%. Council may recall NTMWD increased their rate for treated water by 10% for this year. We have attempted to estimate the impact of continuing to achieve our goals for the remainder of the summer and believe we may miss sales projections by as much as $1.3 million. Utility staff has been on a spending freeze most of this budget year. No capital purchases have been completed, several staff openings have been held for many months and purchases are limited to those considered essential to keep our systems running.

NTMWD staff has advised they will be presenting an 11% increase in rates for their next budget year. Recent communication from the district has indicated a need to achieve greater than 10% reduction citing a need for 15 – 20% reductions this year. Member cities must pay for water under the take or pay system with a rebate at year's end to reflect costs saved by the district for water they did not treat or pump. This has typically amounted to about 50 cents per thousand gallons less than the minimum take. The City would likely have sold this water for closer to $5.00 per thousand gallons. The district staff has discussed not paying the rebate to any cities not meeting goal although the board has not considered this policy yet.

We believe the member cities should press for more opportunity to review the district's budget proposals and urge district staff and board members to look for innovative ways to forestall the next proposed rate increase to assist member cities in recovering from diminished sales as we successfully meet conservation goals.

Proclamation

Rockwall, Texas

Whereas, Academic Decathlon is a national school competition consisting of seven multiple choice tests in art, economics, language and literature, math, music, science and social science, a speech, an interview and an essay, for a total of 10 events; and

Whereas, the Rockwall High School AcDec team has been the top team in its state division since 2010, the top overall team in Texas for three, straight years and has posted the 3rd highest total score in the history of Texas' Academic Decathlon; and

Whereas, only the top 2 teams from each state advance to the national competition, with teams having to include students from multiple GPA brackets; and

Whereas, this year, Rockwall's AcDec team finished third in the nation for the third, straight year in a row and achieved second place in the Super Quiz competition; and

Whereas, competing team members Hope Wallace, Ryan Rock, Rebecca Voth, Evan Cedor, Miguel Pacheco, Drew Troxler, Enrico Trevisani, Sarah Jester and Grant Workings, along with their supporting team members, Jessie Hall, Amber Adams and Same Warren, all rallied together to make this year's team a huge success once again.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim Monday, June 2, 2014 as

Rockwall High School Academic Decathlon Champs Day

in the City of Rockwall, Texas and urge all citizens to applaud and congratulate these young students for their noteworthy accomplishments and hard work towards achieving these high honors.

David Sweet, Mayor

Proclamation

Rockwall, Texas

Whereas, a charter water polo team comprised of Rockwall homeschool students, the majority of whom had never before played water polo, recently made history; and

Whereas, despite the challenges of learning a new game, building endurance for a water sport, and periodically desiring to quit, this team of athletes persevered to the end of the season and beyond; and

Whereas, as a result of its dedicated efforts, this group became the first homeschool team in the nation to compete at the high school level and the first homeschool high school team to compete in Texas in the Texas Interscholastic Swimming Coaches Association (TISCA); and

Whereas, through hard work and determination, this water polo team has made Rockwall proud, ending the season with a 4 and 4 record and placing 9th in the first year of competition; and

Whereas, the experiences of this charter homeschooled water polo team have taught each of these young athletes the value of playing well together, supporting one another in spite of challenges, and the importance of displaying Christian sportsmanship.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim Monday, June 2, 2014 as

Rockwall Homeschool Water Polo Team Day

in the City of Rockwall, Texas and urge all citizens to applaud and congratulate these young students for their athleticism and accomplishments and to spur them on to achieve even greater things in the years to come.

David Sweet, Mayor

MINUTES
ROCKWALL CITY COUNCIL
Monday, May 19, 2014
4:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 4:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem David White, and Council Members Jim Pruitt, Mike Townsend, Scott Milder, Bennie Daniels and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs, City Attorney Frank Garza, and outside Counsel Lyndon Bittle.

At 4:00 p.m., Mayor Sweet read the below-listed discussion items into the public record before recessing into Executive Session.

II. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding securing legal representation from Scott Doggett of Burford and Ryburn, LLP for legal services associated with Condemnation/Acquisitions/Related Municipal Improvements pursuant to Tex. Gov't. Code, § 551.071 (Consultation with Attorney).
2. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).
3. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).
4. Discussion regarding the following legal claim: TF-Harbor LLC v. City of Rockwall, Texas and Rockwall Rental Properties L.P. pursuant to Section 551.071 (Consultation with Attorney).
5. Discussion regarding appointment of Mayor Pro-Tem, County of Rockwall Emergency Services Corporation board members (2), Regional Transportation Council's Surface Transportation Technical Committee members, and city council subcommittees pursuant to Section, § 551.074 (Personnel Matters).
6. Discussion regarding the terms and conditions of contract with Collin County Humane Society to operate the City's animal adoption center pursuant to Section 551.071 (Consultation with Attorney).

III. ADJOURN EXECUTIVE SESSION

Executive Session adjourned at 5:55 p.m.

MINUTES
ROCKWALL CITY COUNCIL
Monday, May 19, 2014
6:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

IV. RECONVENE PUBLIC MEETING

Mayor Sweet reconvened the public meeting at 6:00 p.m. All seven council members were present.

V. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

Mayor Pro Tem White made a motion to secure legal representation from Scott Doggett of Buford & Ryburn, LLP for legal services associated with Condemnation, Acquisitions, and Related Municipal Improvements. Councilmember Townsend seconded the motion, which passed unanimously of council (7 ayes to 0 nays).

VI. INVOCATION AND PLEDGE OF ALLEGIANCE – MAYOR SWEET

Mayor Sweet delivered the invocation and led the Pledge of Allegiance.

VII. PROCLAMATIONS / AWARDS

1. Motorcycle Safety and Awareness Month

Mayor Sweet called forth members of the Wolverine MC, and the Blacksheep MC. Representatives accepting the proclamation were Richard Goff and Curtis Henderson. After each representative said a few words, Mayor Sweet then read and presented them with a proclamation.

2. Swearing in of newly elected city council members

Assistant City Secretary Jacky Casey came forth to administer the Oaths of Office to Councilmembers Jim Pruitt, Dennis Lewis and Mike Townsend. Each newly elected member of council introduced their family members and accepted a Certificate of Appointment.

Mayor Sweet read a proclamation and presented a service award to City Manager, Rick Crowley, thanking him on behalf of the Council for his 30 years of service in various roles throughout his career at the City of Rockwall.

VIII. CONSENT AGENDA

1. Consider approval of the minutes from the May 5, 2014 regular city council meeting, and take any action necessary.

2. **Z2014-009** - Consider approval of an **ordinance** for a request by Gregory D. Ollom for the approval of a change in zoning from an Agricultural (AG) District to a Single-Family Estate 4.0 (SFE-4.0) District on a 7.969-acre tract of land situated in the William Dalton Survey, Abstract No. 72, City of Rockwall, Rockwall County, Texas, being located at 941 Cornelius Road and take any action necessary. **(2nd Reading)**

3. Consider approval of an **ordinance** amending Chapter 12, Article III, Section 12-51 through 12-66, of the Code of Ordinances, regulating peddler activities in the city, and take any action necessary. **(2nd reading)**

4. Consider an **ordinance** authorizing the issuance of City of Rockwall, Texas, General Obligation Refunding Bond, Series 2014; levying an annual ad valorem tax and providing for the security for and payment of said bond; providing an effective date; enacting other provisions relating to the subject. **(2nd reading)**

5. Consider approval of a resolution setting a public hearing date to consider the updated land use assumptions for establishing updated water/wastewater impact fees, a capital improvements plan and the adoption of water/wastewater impact fees, and take any action necessary.

Mayor Pro Tem White made a motion to approve all consent items. Councilmember Milder seconded the motion. The ordinances were read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-20

AN ORDINANCE OF THE CITY OF ROCKWALL, TEXAS, AMENDING CHAPTER 12, ARTICLE III, SECTION 12-51 THROUGH 12-66, OF THE CODE OF ORDINANCES, REGULATING PEDDLER ACTIVITIES IN THE CITY; PROVIDING A SEVERABILITY CLAUSE; PROVIDING AN EFFECTIVE DATE AND PROVIDING FOR RELATED MATTERS.

CITY OF ROCKWALL
ORDINANCE NO. 14-21

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO SINGLE FAMILY ESTATE (SF-E/4.0) DISTRICT FOR A 7.969-ACRE TRACT OF LAND SITUATED IN THE WILLIAM DALTON SURVEY, ABSTRACT NO. 72, AND LOCATED AT 941 CORNELIUS ROAD, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 14-22

ORDINANCE AUTHORIZING THE ISSUANCE AND SALE OF CITY OF ROCKWALL, TEXAS, GENERAL OBLIGATION REFUNDING BOND, SERIES 2014; LEVYING AN ANNUAL AD VALOREM TAX AND PROVIDING FOR THE SECURITY FOR AND PAYMENT OF SAID BOND; PROVIDING AN EFFECTIVE DATE; AND ENACTING OTHER PROVISIONS RELATING TO THE SUBJECT.

The motion passed unanimously of council present (7 ayes / 0 nays).

IX. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Mr. Craig Renfro, chairman of the Planning & Zoning Commission, came forth and provided a brief update to the city council regarding recommendations of the Commission relative to planning-related items on tonight's city council agenda.

X. PUBLIC HEARING ITEMS

1. **Z2014-011** - Hold a public hearing to discuss and consider approval of **ordinance** for a request by Dewayne Cain, on behalf of the Cain Family Revocable Trust, for the approval of a zoning change from a Single Family 10 (SF-10) District to Planned Development District 53 (PD-53) for Residential-Office (RO) District uses and to amend the boundaries of Planned Development District 53 (PD-53) [Ordinance No. 02-33] for a 0.651-acre parcel of land identified as Lot 3, Block A, Lee Rhoades Subdivision, City of Rockwall, Rockwall County, Texas, addressed as 1002 Ridge Road, and take any action necessary **(1st Reading)**.

Mr. LaCroix, Planning Director, gave brief background information related to this piece of property. Notices were mailed out to adjacent property owners, three responses were received back in favor of the request and one was received in opposition. The Planning & Zoning Commission did recommend approval of this item.

Mayor Sweet opened the public hearing, and he called the applicant forth to speak if he wished. Applicant Dewayne Cain came forth and explained he would like to make this property consistent with all the others, and it would also give him the opportunity to tear down the current eye sore that is there. There being no one else wishing to come forth and speak, Mayor Sweet then closed the public hearing.

Councilmember Milder asked for brief clarification from Mr. Cain that he would maintain the current Residential-Office zoning. Dewayne Cain advised that he would in fact be maintaining this zoning status.

Councilmember Jim Pruitt made a motion to approve this agenda item (Z2014-011). Mayor Pro Tem White seconded the motion.

Councilmember Daniels asked for clarification regarding the screening fence requirements of a wooden fence and why there are other masonry requirements in other locations. Robert LaCroix explained that in there were already wooden fences up due to the fact that it's in a residential location at said time of zoning. After brief comments from Councilmember Lewis regarding the location of the entry, the ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 53 (PD-53) [*ORDINANCE NO. 02-33*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM A SINGLE FAMILY 10 (SF-10) DISTRICT TO PLANNED DEVELOPMENT DISTRICT 53 (PD-53) AND TO AMEND

THE BOUNDARIES OF PLANNED DEVELOPMENT DISTRICT 53 (PD-53) AS ESTABLISHED IN ORDINANCE 02-33 TO INCLUDE A 0.651-ACRE PARCEL OF LAND IDENTIFIED AS LOT 3, BLOCK A, LEE RHOADES SUBDIVISION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS [*1002 RIDGE ROAD*] AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed unanimously of council present (7 ayes / 0 nays).

2. **Z2014-012** - Hold a public hearing to discuss and consider approval of **ordinance** for a request by Master Plan, on behalf of Rockwall SH-205 Venture, LLC, for the approval of a Specific Use Permit (SUP) to allow a mini-warehouse facility on a 2.857-acre tract of land, zoned Commercial (C) District, being a portion of a larger 5.549-acre tract of land identified as a part of Tract 2 of the J. Cadle Survey, Abstract No. 65, City of Rockwall, Rockwall County, Texas, generally located south of the intersection of the IH-30 frontage road and Townsend Drive, and take any action necessary. ***(Postponement Requested)***

Mayor David Sweet read the public hearing into record and advised that it would be postponed until the June 16th Council Meeting. No action was taken.

3. **Z2014-013** - Hold a public hearing to discuss and consider approval of **ordinance** for a request by Dean Cathey, on behalf of ASCDT Investments, LLC, for the approval of a zoning change from a Zero Lot Line (ZL-5) District to a Planned Development District for single-family attached uses for a 1.25-acre subdivision of land identified as Lots 4, 5, 6 & 7 of the Integrity Addition Phase 2, City of Rockwall, Rockwall County, Texas, addressed as 617, 619, 621 & 623 Boydstun Avenue, and take any action necessary. **(1st Reading)**

This item was withdrawn by the applicant. No discussion took place.

4. **Z2014-014** - Hold a public hearing to discuss and consider approval of **ordinance** for a request by Brad Fenton of Fenton Motor Group, on behalf of Cambridge Companies Inc., for approval of a Specific Use Permit (SUP) to allow for a new car dealership being a 4.08-acre tract of land located in the J. LOCKHART SURVEY, Abstract No.134, being a portion of that certain tract of land described in deed to the Cambridge Companies, Inc. as recorded in Volume 101, Page 795 of the Deed Records of Rockwall County, Texas and zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District and the 205 By-Pass Corridor Overlay (205 BY-OV) District and generally located on the southeast corner of John King Boulevard and IH-30, City of Rockwall, Rockwall County, Texas, and take any action necessary. **(1st Reading)**

Mr. LaCroix, Planning Director, gave brief background information related to this piece of property. Notices were mailed out to adjacent property owners, and three responses were received back in favor of the request. The Planning & Zoning Commission recommended approval of this item, with the condition that only one dealership would be on all fifteen acres of land.

Mayor Sweet indicated this is a public hearing. He opened it and called the applicant forth to speak if he wished. The applicant, Brad Fenton, came forth to make a quick

statement that this facility would not only be an asset to the community, but that it would create about 350 jobs with a payroll of about 35 million dollars over the next ten years. This dealership will provide regular maintenance as well as safety recalls to the surrounding Nissan owners in Rockwall County. Mr. Fenton explained that Nissan will be making this dealership the newest of its kind. He then thanked the City Manager and staff for working with them during the process. There being no one else wishing to come forth and speak, Mayor Sweet then closed the public hearing.

Mayor Pro Tem White made a motion to approve this agenda item (Z2014-014). Councilmember Lewis seconded the motion.

Councilmember Pruitt expressed concern regarding advertising on the main corners of the dealership. Brad Fenton explained that Nissan has specific requirements and standards for advertising, and none of the dealerships that he is familiar with currently use things like car lifts to showcase their vehicles. They also do not use paint on windows for marketing. After brief discussion, the ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-XX; SUP 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT TO ALLOW FOR A "MOTOR VEHICLE DEALERSHIP, NEW" ON A 4.08-ACRE TRACT OF LAND LOCATED IN THE J. LOCKHART SURVEY, ABSTRACT NO. 134 AND BEING THAT CERTAIN TRACT OF LAND DESCRIBED IN A DEED TO THE CAMBRIDGE COMPANIES, INC. AS RECORDED IN VOLUME 101, PAGE 795 OF THE DEED RECORDS OF ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A"; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 6 ayes and 1 nay by Councilmember Milder.

XI. SITE PLANS / PLATS

1. **SP2014-007** - Discuss and consider a request by Stephen Seitz Architects, Inc. on behalf of the owner of the property for the approval of variances to the building material and screening requirements stipulated for buildings located within a General Retail (GR) District with residential adjacency for a 0.75-acre tract of land identified as Lot E, Block 117 & Lot D, Block 117 of B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, located at the northeast corner of the intersection of SH-205 [S. Goliad Street] and St. Mary's Street, and take any action necessary.

Planning Director, Robert LaCroix gave brief history regarding said location. This is a site plan approved by the Planning & Zoning Commission, and this matter concerns variances for building materials. There requirement is to not go over 50 percent of the used building material, and the applicant is slightly over that requirement. The other part of the request is regarding a screen fence requirement that is next to a historical home, and the applicant is requesting to use landscaping instead of putting up a masonry wall.

Applicant Matthew Mulliken came forth as the contractor working on this property and further explained the reasons for these requests.

Councilmember Daniels asked for clarification regarding the requirement for the live screening and whether the city has approved these types of fence variances in the past. He expressed concerns regarding maintaining a live fence and would like for this option to be taken out of the request and would prefer a wooden or masonry fence be put up instead.

Councilmember Pruitt made a motion to approve the stucco requirement as is. Mayor Pro Tem seconded the motion. The vote passed by a vote of 6 ayes and 1 nay by Councilmember Milder.

Councilmember Pruitt made a motion to deny the live screening variance request, and require the masonry fence. Councilmember Daniels seconded the motion, which passed by a vote of 6 ayes and 1 nay by Mayor Pro Tem White.

XII. ACTION ITEMS

1. **MIS2014-004** - Discuss and consider approval of a special request for the purpose of permitting the construction of a carport that does not conform to the setback and material requirements as stipulated by Section 2.1.2(1) [Carports] of Article IV, Permissible Uses, of the Unified Development Code, for a 0.12-acre property that is identified as Lot 877, Block E of Rockwall Lake Estates #1 Addition, City of Rockwall, Rockwall County, Texas, is zoned Planned Development District 75 (PD-75), is generally located at 486 Perch Road, and take any action necessary.

Planning Director, Robert LaCroix gave brief details regarding this request and indicated the Planning and Zoning Commission did approve this request.

The applicant, **Mr. Torres, came forth and explained that he would like to install the carport for additional parking and to shield his vehicles from inclement weather. He further explained that he would be using tin material for the structure and 4X4 square tubing anchored down to the concrete; open on all sides.**

Councilmember Bennie Daniels made a motion to approve this item (MIS2014-004). Mayor Pro Tem White seconded the motion, which passed unanimously of council present (7 ayes / 0 nays).

2. Discuss and consider a request by Jay and Alison Odom for the approval of a structure preservation tax exemption application seeking to have the assessed value for ad valorem taxation fixed for a period of seven (7) years on the subject property at 405 N. Fannin Street, further identified as Lot B-1, Block 122 of the B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, located within the Old Town Rockwall (OTR) Historic District, and take any action necessary.

Planning Director, Robert LaCroix gave brief details regarding this request, indicating the Historic Preservation Board did approve this request.

Councilmember Scott Milder made a motion to approve this item. Councilmember Dennis Lewis seconded the motion. The vote passed by a vote of 6 ayes and 1 nay by Councilmember Jim Pruitt.

At 7:11 p.m., Mayor Sweet then read Executive Session discussion items # 2 and #5 (see below) into the public record before recessing the public meeting into Executive Session.

XIII. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding securing legal representation from Scott Doggett of Burford and Ryburn, LLP for legal services associated with Condemnation/Acquisitions/Related Municipal Improvements pursuant to Tex. Gov't. Code, § 551.071 (Consultation with Attorney).
2. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).
3. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).
4. Discussion regarding the following legal claim: TF-Harbor LLC v. City of Rockwall, Texas and Rockwall Rental Properties L.P. pursuant to Section 551.071 (Consultation with Attorney)
5. Discussion regarding appointment of Mayor Pro-Tem, County of Rockwall Emergency Services Corporation board members (2), Regional Transportation Council's Surface Transportation Technical Committee members, and city council subcommittees pursuant to Section, § 551.074 (Personnel Matters)
6. Discussion regarding the terms and conditions of contract with Collin County Humane Society to operate the City's animal adoption center pursuant to Section 551.071 (Consultation with Attorney)

XIV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

CITY OF ROCKWALL

ORDINANCE NO. 14-23

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 53 (PD-53) [*ORDINANCE NO. 02-33*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM A SINGLE FAMILY 10 (SF-10) DISTRICT TO PLANNED DEVELOPMENT DISTRICT 53 (PD-53) AND TO AMEND THE BOUNDARIES OF PLANNED DEVELOPMENT DISTRICT 53 (PD-53) AS ESTABLISHED IN ORDINANCE 02-33 TO INCLUDE A 0.651-ACRE PARCEL OF LAND IDENTIFIED AS LOT 3, BLOCK A, LEE RHOADES SUBDIVISION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS [*1002 RIDGE ROAD*] AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by Dewayne Cain on behalf of the Cain Family Revocable Trust for the approval of an amendment to Planned Development District 53 (PD-53) [*Ordinance No. 02*-33] and the Unified Development Code [*Ordinance No. 04*-38] of the City of Rockwall to adopt a zoning change from a Single Family 10 (SF-10) District to Planned Development District (PD-53) and to amend the boundaries of Planned Development District 53 (PD-53) as established in *Ordinance No. 02-33* to include a 0.651-acre parcel of land addressed as 1002 Ridge Road, further identified as Lot 3, Block A, Lee Rhoades Subdivision, City of Rockwall, Rockwall County, Texas, and more specifically described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and,

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 53 [*Ordinance No. 02-33*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That Planned Development District 53 (PD-53) [*Ordinance No. 02-33*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, Rockwall County, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from a Single Family 10 (SF-10) District to Planned Development District 53 (PD-53);

Section 2. That the *Subject Property* shall be used only in the manner and for the purposes provided for a property located within a Residential Office (RO) District as stipulated by *Section 1.1,*

"Use of Land and Buildings," of *Article IV, "Permissible Uses"* and *Section 4.2, "Residential Office (RO) District",* of *Article V, "District Development Standards",* of the *Unified Development Code* [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as maybe amended in the future;

Section 3. That in addition to the requirements stipulated in the Unified Development Code [*Ordinance No. 04*-38] the *Subject Property* shall be subject to the following additional conditions:

1. The *Subject Property* shall comply with all the requirements specified by Section 6.8, *Scenic Overlay (SOV) District*, of Article IV, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*],

2. In addition to the uses permitted in the Residential Office (RO) District that the *Subject Property* shall be permitted to be used as a single-family residence; however, only one (1) single family dwelling unit shall be permitted on each lot,

3. All parking provided on the *Subject Property* shall be located behind the primary structure and no parking may be provided adjacent to or visible from Ridge Road. For the purposes of the draft ordinance parking maybe visible, accessible and adjacent to Summit Ridge Drive on the Subject Property,

4. The parking requirement for the *Subject Property* shall be one (1) parking space per 500 square feet of floor area for an office and/or professional use. All other uses shall comply with the parking requirements stipulated in Article VI, *Parking and Loading Standards*, of the Unified Development Code [*Ordinance 04-38*],

5. A six (6) foot, wood fence constructed to a residential standard is required adjacent to all single family residential adjacencies (*i.e. the northern and western property lines*) for the purpose of screening the parking area,

6. Prior to the *Subject Property* being utilized for any use other than a single family residential dwelling a site plan must be submitted, reviewed and approved by the Director of Planning or his designee, and

Section 4. The *Official Zoning Map* of the City of Rockwall, Texas shall be amended to reflect the change in zoning for the *Subject Property* as described in this ordinance;

Section 5. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 6. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 7. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code,

ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 8. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 2ND DAY OF JUNE, 2014.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 6/2/2014

APPLICANT: Terrence Rowe

AGENDA ITEM: **P2014-012;** Double T Ventures Addition, Lt 1, Blk A

SUMMARY:

Discuss and consider a request by Terrence Rowe of Double T. Ventures, LLC for the approval of a replat for Lot 1, Block A, Double T. Ventures Addition being one (1) lot currently identified as a portion of Lot 24, Amick Addition, zoned Planned Development District 50 (PD-50), located at 807 N. Goliad Street, City of Rockwall, Rockwall County, Texas, and take any action necessary.

COMMENTS:

- The purpose of this plat is to dedicate a 12' public access easement on the north side of the property and a 24' public access easement at the back of the property.

- The Engineer has completed the technical revisions requested by staff, and this plat is recommended for conditional approval pending the completion of final technical modifications and submittal requirements required for the recordation by the applicant or owner.

- Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the Recommendation section below.

With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the final plat for Lot 1, Block A, Double T Ventures Addition, the following conditions of approval are offered:

1) All the technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat; and

2) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On May 27, 2014, the Planning and Zoning Commission recommended approval of the final plat by a vote of 5-0, with Commissioners Renfro and Minth absent.

THENCE S. 00 deg. 16 min. 41 sec. W. along said right-of-way line, a distance of 62.03 feet to the POINT OF BEGINNING and containing 7,096 square feet or 0.16 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

We the undersigned owner of the land shown on this plat, and designated herein as DOUBLE T VENTURES ADDITION, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exaction's made herein.

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **May 20, 2014**

SUBJECT: **U.S. Open Triathlon – City Council Resolution**

The U.S. Open Triathlon is scheduled for Sunday, October 12, 2014 from 7:00 AM to 1:00 PM. This is the fifth year for this event to be held in the City of Rockwall. A portion of the triathlon course will utilize a section of FM 740 from Summer Lee Drive to the South City limits. The Rockwall Police Department will assist in the partial closure of various lanes of FM 740 as well as furnish traffic control at other intersections along the race route. The Texas Department of Transportation (TxDOT) will require a City Council resolution supporting a request to allow the partial closure of FM 740 from Summer Lee Drive to the City of Rockwall south City limits.

Staff request City Council consideration to approve the attached resolution allowing a temporary partial closure of FM 740 from Summer Lee Drive to the south City limits to facilitate the U.S. Open Triathlon on Sunday, October 12, 2014 from 7:00 AM to 1:00 PM.

CITY OF ROCKWALL, TEXAS

RESOLUTION NO. 14-08

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL,TEXAS, FINDING THAT A NECESSITY EXISTS TO TEMPORARILY CLOSE A PORTION OF A CERTAIN STATE ROADWAYS TO FACILITATE THE US OPEN TRIATHLON; HEREBY REQUESTING THAT THE TEXAS DEPARTMENT OF TRANSPORTATION (TXDOT) GRANT PERMISSION TO THE CITY OF ROCKWALL FOR SAID EVENT AND AUTHORIZE THE CITY OF ROCKWALL TO PARTIALLY CLOSE FM 740 FROM SUMMER LEE DRIVE TO THE SOUTH CITY LIMITS BETWEEN THE HOURS OF 7:00 A.M. AND 1:00 P.M. ON SUNDAY, OCTOBER 12, 2014 PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Rockwall City Council recognizes the value of physical fitness and the benefits of a healthy community; and

WHEREAS, the Rockwall City Council wants to promote healthy lifestyles in our community by providing fitness opportunities and encouraging athletes to compete in the US Open Triathlon in Rockwall, Texas; and

WHEREAS, the Rockwall City Council hereby finds that necessity exists to temporarily partially close FM 740 from Summer Lee Drive to the South City limits, for the US Open Triathlon; and

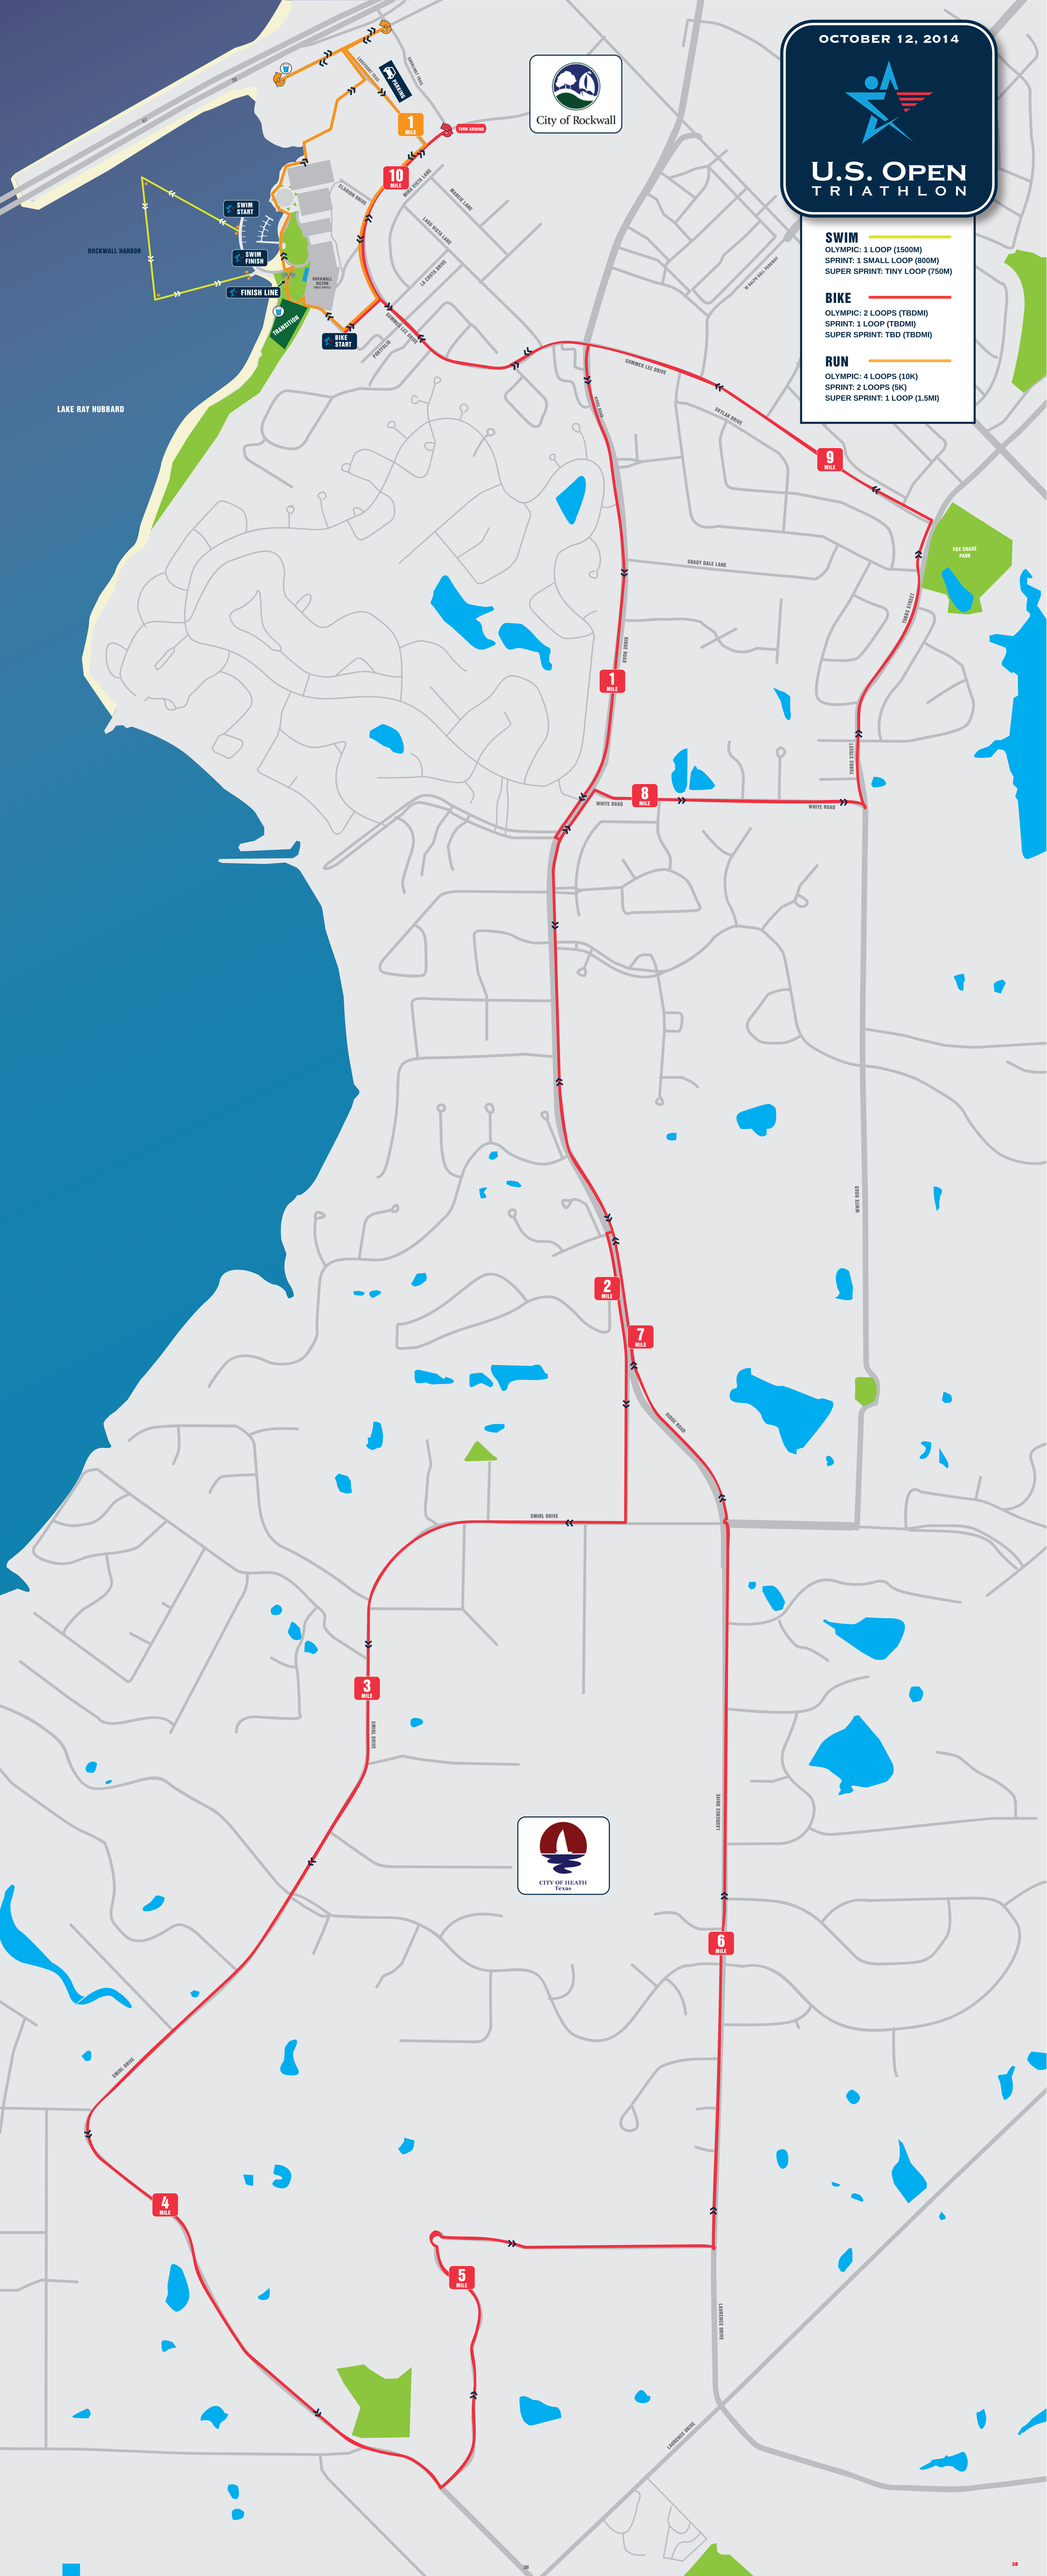
WHEREAS, the Rockwall City Council supports submission of a temporary partial closure request for State maintained roadways, for FM 740 from Summer Lee Drive to the South City limits, to the Texas Department of Transportation to facilitate the US Open Triathlon on Sunday, October 12, 2014 between the hours of 7:00 a.m. and 1:00 p.m.; and

WHEREAS, the Rockwall City Council hereby agrees to support said request by providing traffic control for the event; and

WHEREAS, the temporary partial closing of this section of FM 740 will create a safer environment for event participants and spectators;

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That a formal request is hereby made to TXDOT to approve the request of the Rockwall City Council to temporarily partial close the aforementioned section of FM 740 at the above stated date and time; and



Section 2. That this resolution shall be in full force and effect from and after its passage and it is accordingly so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 2nd day of June 2014.

LOCKHART SURVEY, ABSTRACT NO. 134 AND BEING THAT CERTAIN TRACT OF LAND DESCRIBED IN A DEED TO THE CAMBRIDGE COMPANIES, INC. AS RECORDED IN VOLUME 101, PAGE 795 OF THE DEED RECORDS OF ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A"; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a Specific Use Permit (SUP) for a "Motor Vehicle Dealership, New" within the Commercial (C) District has been requested by Brad Fenton of Fenton Motor Group, LLC and on behalf of Cambridge Companies, Inc., on a 4.08-acre tract of land known as the J. Lockhart Survey, Abstract 134, and being that certain tract of land described in a deed to the Cambridge Companies, Inc. as recorded in Volume 101, Page 795 of the deed records of Rockwall County, TX, and more specifically described in Exhibit "A" of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Unified Development Code of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit for a "Motor Vehicle Dealership, New" within the Commercial (C) District for the *Subject Property*; and

Section 2. That the Specific Use Permit shall be subject to the conditions set forth in ***Article V, Section 4.5, Commercial District*** of the City of Rockwall Unified Development Code (Ord. No. 04-38) as heretofore amended and as may be amended in the future, and shall be subject to the additional following additions:

1. The SUP is for the proposed land use only (i.e. "Motor Vehicle Dealership, New"); and

2. The proposed conceptual site plan shall be attached to the SUP Ordinance for the purpose of establishing a boundary that will incorporate said SUP Ordinance with SUP No. 111 (Ord. No. 13-36) for the purpose of developing a "Motor Vehicle Dealership, New" on a 15.658-acre tract of land as depicted in Exhibit "B"; and

3. A development for a "Motor Vehicle Dealership, New" shall provide, and maintain in a pedestrian access easement, a corner enhancement Gateway Freestanding Wall Element as conceptually rendered or of similar quality as per the John King Blvd Design Guidelines Concept Plan located in the City's 2011 Comprehensive Plan; and as attached hereto as Exhibit 'C' and Exhibit 'D'; and

4. Future site plan submittal and approval shall be required, including Architectural Review and adherence to all standards specified in the IH-30 Overlay and 205 By-Pass Corridor Overlay districts and other applicable sections of the Unified Development Code; and

5. Submittal and approval of engineering plans and final plat prior to the issuance of a building permit; and

6. Any variance to the IH-30 Overlay and/or 205 By-Pass Corridor Overlay districts or other sections of the Unified Development shall be considered at the time of site plan approval; and

7. The SUP shall expire if development has not commenced within three (3) years from the approval date of the SUP ordinance.

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code No. 04-38 of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 7. That this ordinance shall take effect immediately from and after its passage

and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 2nd day of June, 2014.

David Sweet, Mayor

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 6/2/2014

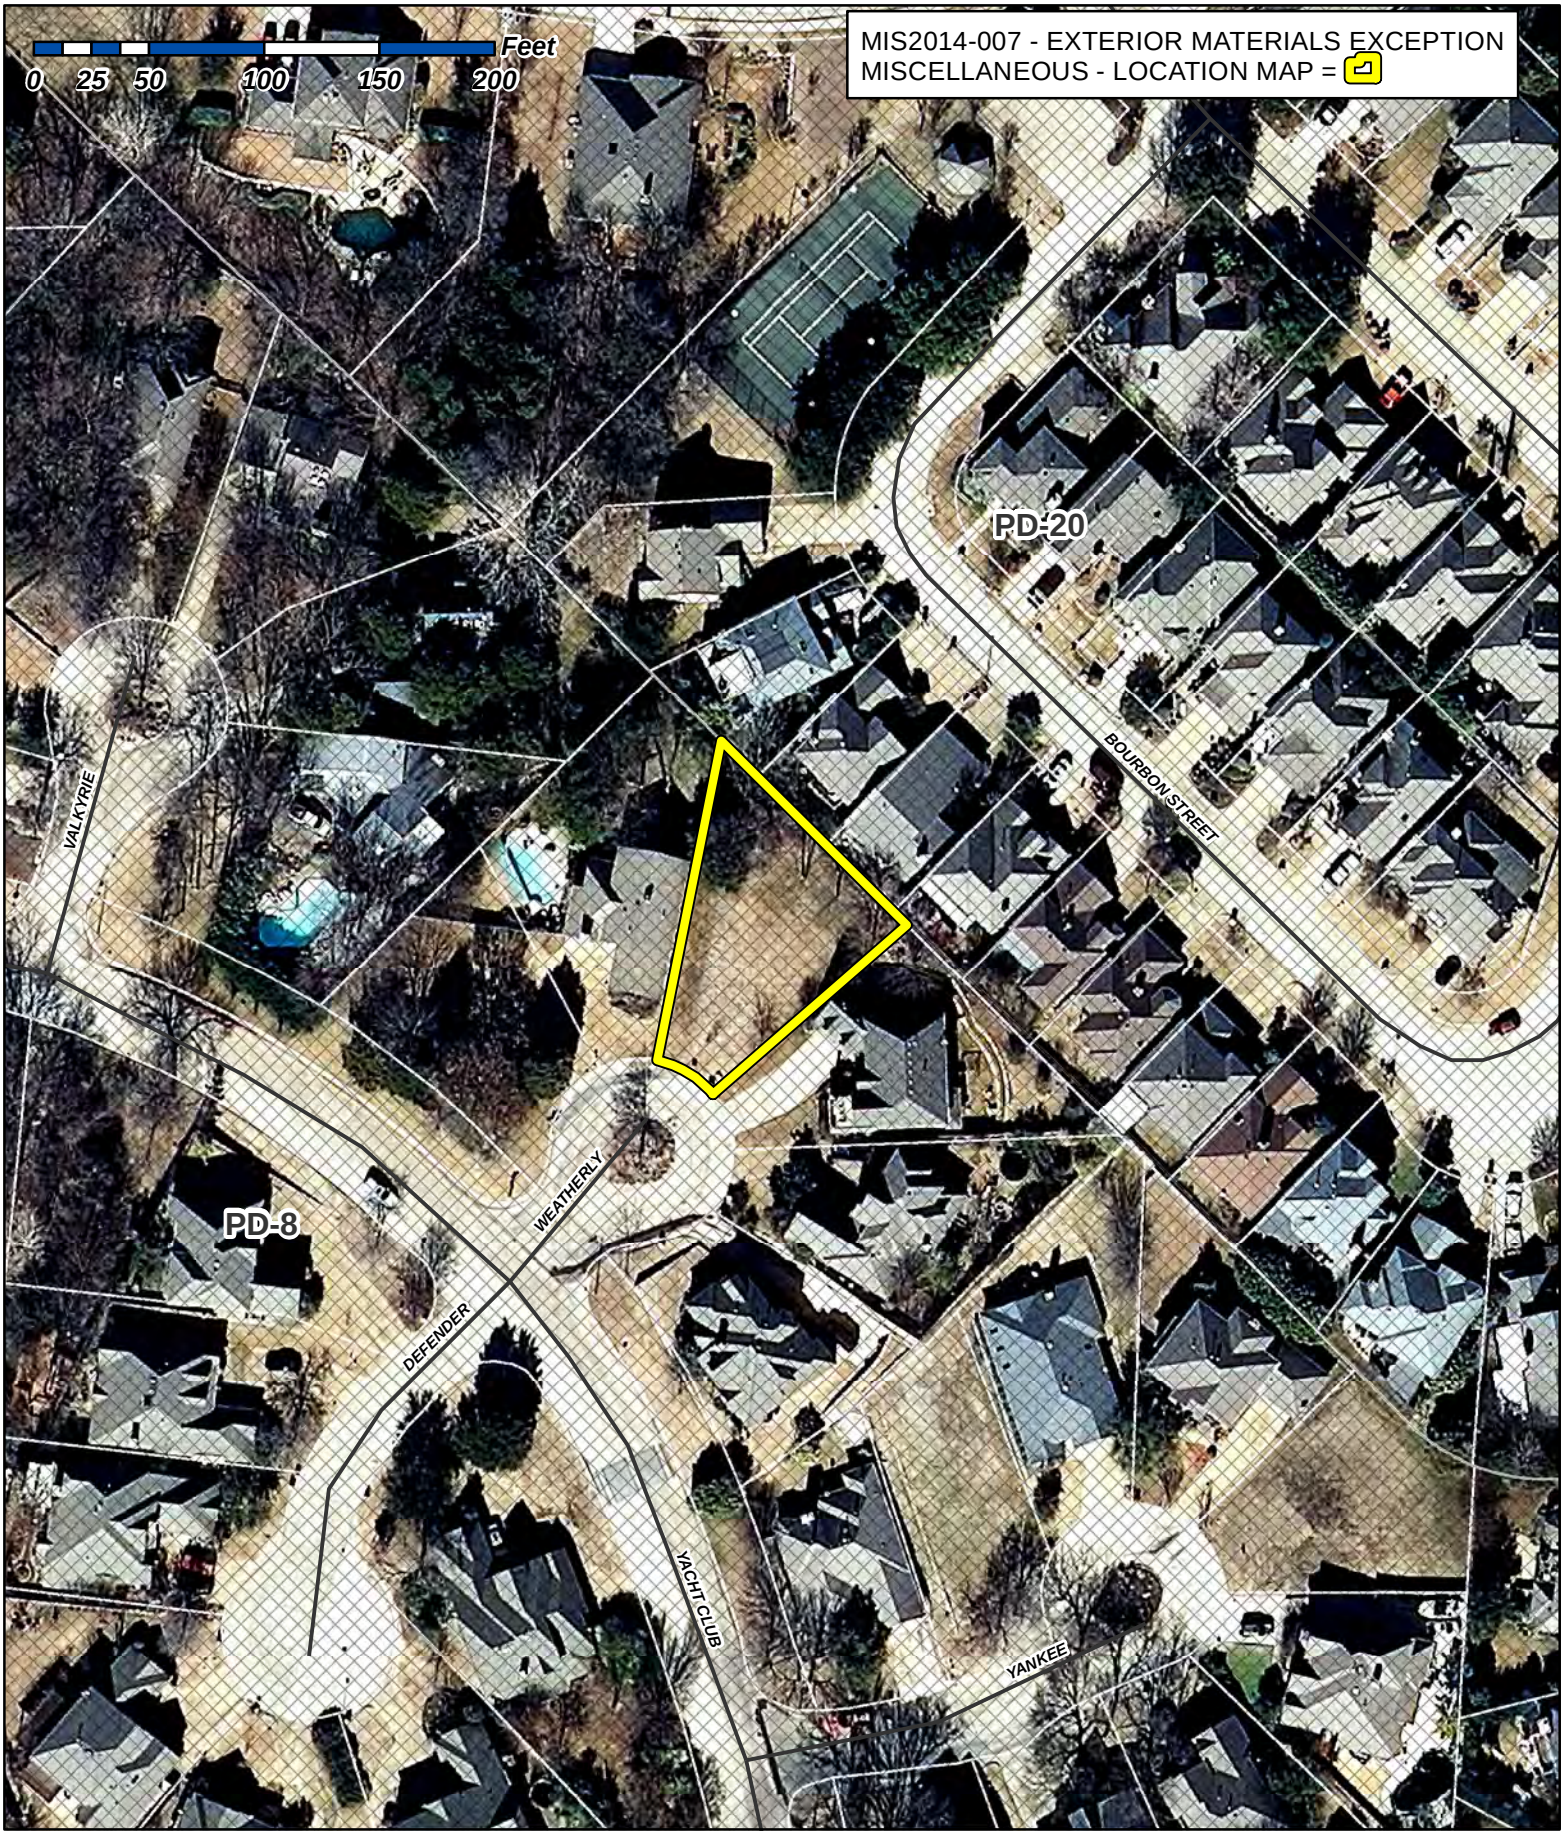
APPLICANT: Josh Houser

AGENDA ITEM: **MIS2014-007;** Exterior Materials Exception

SUMMARY:

Discuss and consider a request by the Josh Houser for the approval of an exception to the minimum masonry requirements stipulated in Section 3.1, General Residential District Standards, of Article V, District Development Standards, of the Unified Development Code, for a 0.24-acre parcel of land identified as Lot 11, Block A, Chandler's Landing, Phase 19, zoned Planned Development District 8 (PD-8), located at 105 Weatherly Circle, City of Rockwall, Rockwall County, Texas, and take any action necessary.

BACKGROUND INFORMATION:



The applicant, Josh Houser, is requesting a waiver to Section 3.1(A)(1) of the Unified Development Code. The above referenced section states "Hardy Plank or similar cementaceous material may be used for up to 50% of the masonry requirement" of a residential home. The section does allow the Planning and Zoning Commission to approve a waiver for proposals not meeting the requirements of said section.

The applicant is proposing a 3,880 square foot home with exterior cladding being comprised of approximately 62% stucco and 38% stone veneer. The subject site is an 8,043 square foot tract being Lot 11, Block A, Chandlers Landing Phase 19, located at 105 Weatherly Circle.

The applicant has provided a letter from the Chandlers Landing Community Association indicating their approval of the house plans as submitted.

PLANNING & ZONING COMMISSION:

On May 27, 2014, the Planning & Zoning Commission recommended approval of the exception by a vote of 5 to 0, with Commissioners Renfro and Minth absent.

Gonzales, David

From: Josh Houser [redacted]
Sent: Thursday, May 15, 2014 6:22 AM
To: Gonzales, David
Subject: New residence at 105 Weatherly Cir.

Dear Mr. Gonzales,

We are the owners of 105 Weatherly Cir. in Chandlers Landing here in Rockwall, Texas. We understand that the city ordinances call for a minimum of 40% unitized masonry on a residential home. We would like however, to request a variance from this 40% in order to replace a portion of the required masonry with stucco. We will still have a great deal of stone on the house, we are only requesting that we are not required to fulfill the entire 40% as it would change the look of our house. The removal of approximately 500 ft.^{2} would be from the back of the house as it is currently drawn.

We do not feel like this slight variance will detract from the appearance of our house inside of Chandlers Landing as there are already several homes that do not appear to meet the 40% requirement based on our best judgment from looking at these houses. A couple of examples are 432 Columbia Dr. and 291 Victory Ln. Please let us know of any further questions that you may have and please let us also thank you in advance for your attention in this matter.

Thank You,

Josh Houser

Re: House Plans for 105 Weatherly, Chandlers Landing

Dear Mr. Houser:

This is written confirmation of the Environmental Committee's approval of your house plans for Lot 11, Block A, Phase 19, in Chandlers Landing. Plans are approved as submitted per remark and subject to the following:

SETBACKS:
A minimum front setback of 30 feet shall be maintained.
A minimum rear setback of 15 feet shall be maintained.
Minimum side setbacks as determined by the City of Rockwall shall be maintained.

EXTERIOR:
Automatic garage door openers are required.
A mailbox utilizing the same brick as the exterior is encouraged.
All City of Rockwall ordinances and requirements shall be observed.
All external mechanical units shall be screened and service entrance is not permitted on the front elevation.
Exterior surface samples shall be submitted prior to installation.
Silt fencing is required in areas with a down hill slope that allows drainage to other lots or to the street.
A landscaping plan must be submitted for approval.
Construction, including landscaping must be completed within twelve months of approval.
The maximum roof elevation shall not exceed 569.0' measured in U.S.G.S. datum.
A clean worksite free of trash and building debris shall be maintained at all times.
A trash receptacle is required on the construction site and must be emptied as needed.
Construction hours are 7:00 AM – 6:00 PM Monday – Friday and 9:00AM - 5:00PM on Saturday. No construction is allowed on Sundays or Holidays.

1. Any exterior material or structural changes from the approved plans must be approved in advance by CLCA.
2. A forms board survey including top of form elevations is required before the foundation is poured.
3. In the event that you fail to maintain the worksite free of trash and building debris, you consent and give your authorization to CLCA to enter the property and perform your duties and you further agree to pay all costs incurred by CLCA to maintain the worksite.
4. If you agree to the terms and conditions stated herein, please date and sign this letter and return with the fees indicated below.

New construction fees have not been paid.

Sincerely,

Kama Roux

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **May 30, 2014**

SUBJECT: **Conservation Program**

The NTMWD Board voted to extend Stage 3 conservation measures calling for once every two week watering to continue through the month of September and for member and customer cities to achieve a minimum 10% consumption reduction goal. District staff updates cities monthly on our progress toward this cumulative annual goal.

Through April, our residents and businesses have achieved an additional 17% savings over our minimum goal. This achievement came through the voluntary cooperation of our customers and the advantage of a few good rains. Our goals will be increasingly difficult to achieve as we move forward through the hot summer months and we know that the appearance of landscaping will suffer. Staff would suggest the following actions in order to continue to reinforce the need for cooperation and good results.

1st Tier – month of June and beyond if goals are being achieved

- Increase education efforts emphasizing the need for continued conservation and encourage customers to turn off automatic sprinkler systems
- Continue to monitor the success of conservation efforts and be prepared to assign "watering days" based on address numbers to facilitate enhanced enforcement if needed.
- Meet with RISD and apartment complexes – (top 10 users)
- Notify wholesale customers
- Monitor area cities conservation measures and results
- Use existing staff to monitor compliance on a limited hours basis with emphasis on curbing waste

2nd Tier – if goals are not achieved

- Assign watering days based on address for all customers
- Step up monitoring / enforcement efforts
- Discontinue watering city medians and city facility lawns
- Meet with RISD to encourage discontinuing watering school lawns
- Prohibit car washing at home and charity car washes
- Further enhance education efforts

A number of questions will need to be answered as we move forward:

- Continue any new plantings exception?
- Continue allowing fountains and not using spraygrounds?
- Continue athletic field exceptions?
- Discourage or prohibit new shrubs, sod – city or private or both?
- Definition of acceptable runoff/waste for enforcement purposes?

Financial Outlook

The continued restriction of once every two weeks will further erode the water/wastewater fund's financial position. Our policy recommends 60 days working capital (fund balance). With last year's decreased sales, we ended fiscal year 2013 with approximately 18 days of working capital. Rates were increased by 10% in January but very successful conservation by our customers has held our total revenue increase to 5.5%. Council may recall NTMWD increased their rate for treated water by 10% for this year. We have attempted to estimate the impact of continuing to achieve our goals for the remainder of the summer and believe we may miss sales projections by as much as $1.3 million. Utility staff has been on a spending freeze most of this budget year. No capital purchases have been completed, several staff openings have been held for many months and purchases are limited to those considered essential to keep our systems running.

NTMWD staff has advised they will be presenting an 11% increase in rates for their next budget year. Recent communication from the district has indicated a need to achieve greater than 10% reduction citing a need for 15 – 20% reductions this year. Member cities must pay for water under the take or pay system with a rebate at year's end to reflect costs saved by the district for water they did not treat or pump. This has typically amounted to about 50 cents per thousand gallons less than the minimum take. The City would likely have sold this water for closer to $5.00 per thousand gallons. The district staff has discussed not paying the rebate to any cities not meeting goal although the board has not considered this policy yet.

We believe the member cities should press for more opportunity to review the district's budget proposals and urge district staff and board members to look for innovative ways to forestall the next proposed rate increase to assist member cities in recovering from diminished sales as we successfully meet conservation goals.

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **May 30, 2014**

SUBJECT: **April 2014 Budget Report**

The following analysis is offered for the period ended April 30, 2014 budget report. The budget is established in broad categories with line item estimates. In each category actual expenses as a whole should be considered rather than at the line item level. The budget threshold for this period is 58%.

General Fund Revenues

- All revenues are coming in at or above expected levels.
- Sales tax decreased by 25.35% for the month of April (February sales) as compared to the prior year, same month. This is due to significant audit and one-time construction related sales tax payments received in the prior year, which we did not expect to be repeated this year and budgeted accordingly.
- Franchise revenues for electric, gas and cable have been stronger than anticipated. Atmos fees were 24% higher than budgeted.

General Fund Expenditures

- Administration Contractual – legal fees will exceed budget projections due to recently finalized litigation.
- Internal Operations Contractual – all of the annual maintenance agreements were paid.
- Fire Operations Contractual – Engine 4 has required unanticipated transmission and frame repairs this budget year.
- Fire Marshal Contractual – division's pickup truck required significant repairs this budget year.
- Police Communications Contractual – annual lease payment and maintenance agreement for CAD package were paid.
- Police Community Services Contractual – annual CAM payment and lease
- Inspections Contractual – annual maintenance agreement on department software was paid
- Inspections Operations – annual training and associated training is held early in the budget year.
- Parks Supplies – the department undertakes facility and equipment repair projects ahead of the busy summer parks use.

Water / Sewer Revenues

- Water sales – sales are up 5.5% when compared to the prior year. This is a reflection of increased rates while our customers continue to conserve, as we have required them to do.
- All other revenues are in line with projections – the majority of sales to wholesale customers takes place June – September but will be affected by continued conservation measures.

Water / Sewer Expenditures

- Sewer Operations Contractual – NTMWD requires payments in advance for the sewer treatment plants in order to fund their operating expenses.
- All other accounts are within thresholds.

Re: April 2014 Structure Fire Report.
Date: May 21, 2014

2995 Horizon

We responded to a report of a fire alarm at 2995 Horizon Road on April 29, 2014. The first unit on scene arrived and reported nothing showing from the outside of the structure. Upon making entry the firefighters discovered heavy smoke inside of the building. The call was immediately upgraded to a structure fire. Upon investigation firefighters discovered a sprinkler that was flowing water due to a commercial dryer that had been on fire. The sprinkler system was immediately shut down to minimize water damage. The sprinkler system extinguished the fire. There was minimal damage to the structure from the fire, smoke and water from the sprinkler system. No firefighter injuries were reported on this incident.

Dispatch time: 22:41
Enroute time: 22:42
On scene time: 22:44
Clear time: 00:34

4 men on scene 22:48
8 men on scene 22:58
12 men not achieved

We had a total of 5 on duty Firefighters on scene, 4 Volunteers, 2 Chiefs, 2 Investigators and 3 apparatus.

3. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).

XIV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

XV. ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 771-7700 or FAX (972) 771-7727 for further information.

The City of Rockwall City Council reserves the right to adjourn into executive session at any time to discuss any of the matters listed on the agenda above, as authorized by Texas Government Code § 551.071 (Consultation with Attorney) § 551.072 (Deliberations about Real Property) § 551.074 (Personnel Matters) and § 551.086 (Economic Development)

I, Kristy Ashberry, City Secretary for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 11th day of June, 2014 at 5:00 p.m. and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

Kristy Ashberry, City Secretary — Date Removed

Jacky Casey, Assistant Secretary

Rockwall, Texas

Proclamation

Whereas, on June 1, 2014, Emma Santoro, who is eight, and her brothers, Noah, who is six years old and Ethan, who is eighteen months, were home with a babysitter and were playing in the backyard of their Rockwall home; and

Whereas, while the babysitter momentarily stepped inside the house, Ethan wandered over to the family swimming pool and fell in; and

Whereas, after hearing the water splash, big sister, Emma, immediately told Noah to go get the babysitter, and she jumped in to save her brother who was face down in the pool; and

Whereas, Emma demonstrated extraordinary courage and composure while rescuing her little brother; and

Whereas, to recognize her selfless act of bravery, the Rockwall Fire Department is awarding Emma the Civilian Medal of Honor Lifesaving Award, an honor presented to a civilian who, at great personal risk, is instrumental in saving another person through quick thinking and courage in an emergency.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim **EMMA SANTORO** as a **LIFESAVING HERO** in the City of Rockwall and encourage all citizens to recognize and applaud Emma for her extreme bravery and swift action which led to saving the life of her little brother, Ethan.

In Witness Whereof, I hereunto set my hand and official seal this 16th day of June, 2014.

David Sweet, Mayor

Proclamation

Rockwall, Texas

Whereas, on June 19, 1865, Major General Gordon Granger landed at Galveston and issued a general order declaring the emancipation of slaves in Texas; and

Whereas, this date signifies the end of slavery in Texas and is a date different from the emancipation celebrations in other states; and

Whereas, celebrations commemorating this historic date have occurred since 1866 in the State of Texas; and

Whereas, African-American's cheerful celebrations reflect a rich and enduring culture, a benevolence for life, and a true understanding of liberty; and

Now, therefore I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim June 19, 2014, as

Juneteenth

in the City of Rockwall and encourage all citizens to recognize the significance of this day and join in the jubilation and celebration of this great event.

In Witness Whereof, I hereunto set my hand and seal this 16th day of June, 2014.

David Sweet, Mayor

11

MINUTES
ROCKWALL CITY COUNCIL
Monday, June 02, 2014
4:00 p.m. Regular City Council Meeting
City Hall - 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 4:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem Jim Pruitt, and Council Members David White, Mike Townsend, Scott Milder, Bennie Daniels and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Manager Mary Smith and City Attorney Frank Garza.

II. (4:00 P.M.) WORK SESSION

1. HOLD WORK SESSION TO DISCUSS AND CONSIDER WATER CONSERVATION PROGRAM, AND TAKE ANY ACTION NECESSARY.

City Manager Rick Crowley began discussion of this item, indicating that the North Texas Municipal Water District (NTMWD) has asked its member cities to institute once every two week watering. The City of Frisco will likely not go to once every two week watering like other NTMWD member cities plan to do, as Frisco continues to meet its conservation goals with utilizing once per week watering. We in Rockwall are achieving not only the 10% reduction goal, but also an additional 17-18% reduction in water usage compared to the baseline year utilized by NTMWD. Rockwall will continue with its a once every two week watering schedule and will educate residents on this schedule, including the need to turn off "automatic" settings on irrigation systems and to instead operate them manually. In the future, the city may educate residents on an assigned watering day (once every two weeks). The NTMWD is proposing an upcoming ten percent increase in water rates, a cost that will be charged to the member cities. Mr. Crowley spoke briefly about the top ten water users in the city, indicating that the city itself is the top user, and the school district and a local apartment complex are among the top ten. He indicated that the city and school district athletic fields are exempt from water conservation measures. Mr. Crowley indicated that during second tier conservation, as a user, the city would eliminate watering of medians and grass at city facilities. He stated that the City of Heath, Blackland Water Supply Corporation and the RCH Water Supply Corporation are all wholesale water customers of the City of Rockwall.

Mayor Pro Tem Pruitt is concerned about the NTMWD having increased water rates by thirty-one percent in the last three years and will be proposing an additional 10% cost increase. He is concerned they are using the recent Texoma project as a justification for continuing to increase their rates by 10-11% each year. In addition, he remains concerned about how these increases affect our city and our residents, as they are paying more for water but are not being able to use the water anyway. He does not feel it is fair for our city and our residents to be doing over and above what other member cities are doing regarding conservation while some of those other cities continue to do whatever they want to do. He would like the NTMWD to put some sort of enforcement mechanism(s) in place instead of making conservation 'voluntary' for member cities.

Mr. Crowley indicated that Plano is down by about 25-30% in water consumption, and lowered water usage and sales will be affecting many other cities' budgets as well. Plano, Richardson, and Garland will be designating days. Mesquite will allow customers to pick their watering day. Wylie will likely designate watering days. McKinney indicates on its website that it has made no changes from once per week watering on garbage pick-up days; however, perhaps they have not yet updated their website. Frisco is more than achieving its goal of ten percent reduction; however, it continues to allow once per week (instead of once every other week) watering.

Mr. Crowley generally indicated that the NTMWD is limited and does not have a lot of clout in instituting or enforcing penalty provisions for non-compliance associated with conservation; however, they could go to stage 4, which would mean no outside watering for anyone other than watering foundations. They could also go to an 'allocation' type system if member cities all refused to voluntarily comply with conservation measures ascribed by the District. That would mean our city would be allocated a certain amount of water daily, and once it ran out, there would be no more.

Councilmember Lewis expressed concern about compliance being voluntary with the NTMWD having no penalty or enforcement in place for member cities that choose to not comply. He suggested that we engage in some thinking outside the box. For example, perhaps have half the city water once per week for one month during the summer and have the other half of the city water once every other week during the same month, and then flip the schedule the next month.

Assistant City Manager Mary Smith indicated that the city down $1.3 million this year with regards to its water budget, in part due to an inability to sell water, which means we are not "going in the hole" - we are already "in the hole," so to speak. She went on to express that the city has continued to not fill empty staff positions and continues to make no non-critical enhancements or maintenance to the water system infrastructure.

Mr. Crowley indicated that our city is experiencing a great deal of hurt and financial burden due to the grim water / drought circumstances and outlook. He explained that our city will be meeting with representatives of the NTMWD next week, and expressed that we want to feel as though the NTMWD is joining us in this financial burden and hurt. Furthermore, if there are things they can do to avoid the potential cost hike in the coming year, we want them to do so; however, at the same time, we don't want them to do anything that it would inhibit their ability to produce water needed in the coming year.

At 4:25 p.m., Mayor Sweet read the below listed discussion items into the public record before recessing the public meeting into Executive Session.

III. (4:15 P.M.) EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding Economic Development incentives, procedures and possible projects pursuant to Section 551.087 (Economic Development)

2. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).

3. Discussion regarding the terms and conditions of contract with Collin County Humane Society to operate the City's animal adoption center pursuant to Section 551.071 (Consultation with Attorney)

4. Discussion regarding the following legal claim: TF-Harbor LLC v. City of Rockwall, Texas and Rockwall Rental Properties L.P. pursuant to Section 551.071 (Consultation with Attorney)

5. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

IV. ADJOURN EXECUTIVE SESSION

Executive Session was adjourned at 5:58 p.m.

V. RECONVENE PUBLIC MEETING (6:00 P.M. REGULAR CITY COUNCIL MEETING)

Mayor Sweet reconvened the public meeting at 6:00 p.m. with all seven council members present.

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

The Council took no action as a result of Executive Session at this time.

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – COUNCILMEMBER MILDER

Councilmember Milder delivered the invocation and led the Pledge of Allegiance.

VIII. PROCLAMATIONS / AWARDS

1. Rockwall High School Academic Decathlon Champs Day

Mayor Sweet called the team forward to be recognized. After brief comments, Mayor Sweet read and presented a proclamation to the team sponsor and students to recognize them for achieving third place in the recent national championship competition.

2. Rockwall Homeschool Water Polo Team Day

Mayor Sweet called forth members of the water polo team. He then read and presented them with a proclamation, recognizing them for their accomplishments during the year.

IX. OPEN FORUM

Mayor Sweet explained how Open Forum is conducted and asked if anyone in the audience would like to come forth and speak during this time. There being no one indicating a desire to do so, Mayor Sweet then closed Open Forum.

Next, Mayor Sweet recessed the public meeting into Executives Session (at 6:12 p.m.) to discuss the following matter as authorized by Chapter 551 of the Texas Government Code:

> ***Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).***

Mayor Sweet called the meeting back to order at 6:25 p.m.

X. CONSENT AGENDA

1. Consider approval of the minutes from the May 19, 2014 regular city council meeting, and take any action necessary.

2. **Z2014-011** - Consider approval of **ordinance** for a request by Dewayne Cain, on behalf of the Cain Family Revocable Trust, for the approval of a zoning change from a Single Family 10 (SF-10) District to Planned Development District 53 (PD-53) for Residential-Office (RO) District uses and to amend the boundaries of Planned Development District 53 (PD-53) [Ordinance No. 02-33] for a 0.651-acre parcel of land identified as Lot 3, Block A, Lee Rhoades Subdivision, City of Rockwall, Rockwall County, Texas, addressed as 1002 Ridge Road, and take any action necessary **(2nd Reading)**.

3. **P2014-012** - Consider a request by Terrence Rowe of Double T. Ventures, LLC for the approval of a replat for Lot 1, Block A, Double T. Ventures Addition being one (1) lot currently identified as a portion of Lot 24, Amick Addition, zoned Planned Development District 50 (PD-50), located at 807 N. Goliad Street, City of Rockwall, Rockwall County, Texas, and take any action necessary.

4. Consider approval of a resolution allowing a temporary, partial closure of FM 740 from Summer Lee Drive to the south City limits to facilitate the U.S. Open Triathlon on Sunday, October 12, 2014 from 7:00 AM to 1:00 PM, and take any action necessary.

Mayor Pro Tem Pruitt pulled item #1. Councilmember Daniels pulled item #4.

Councilmember White made a motion to approve the remaining Consent Agenda items (# 2 and #3). Councilmember Daniels seconded the motion. The ordinance for #2 was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-23

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 53 (PD-53) [*ORDINANCE NO. 02-33*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM A SINGLE FAMILY 10 (SF-10) DISTRICT TO PLANNED DEVELOPMENT DISTRICT 53 (PD-53) AND TO AMEND THE

BOUNDARIES OF PLANNED DEVELOPMENT DISTRICT 53 (PD-53) AS ESTABLISHED IN ORDINANCE 02-33 TO INCLUDE A 0.651-ACRE PARCEL OF LAND IDENTIFIED AS LOT 3, BLOCK A, LEE RHOADES SUBDIVISION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS [*1002 RIDGE ROAD*] AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

After the ordinance was read, the motion passed by a vote of 7 ayes to 0 nays.

Mayor Pro Tem Pruitt made a motion to approve the May 19, 2014 minutes contingent upon them reflecting the actual wording of the approved motion that was made pertaining to the Harbor Heights Planned Development amendment. Councilmember White seconded the motion, which passed unanimously of council (7 ayes to 0 nays).

Councilmember Daniels pulled item #4, indicating he supports this effort. However, he would like staff to briefly explain the difference between the upcoming triathlon and the one last year, and he would like some assurances that staff will have proper control and monitoring of the event. Tim Tumulty, City Engineer, briefly explained some differences related to the route, explaining that a portion of the route will go into the City of Heath this year. Also, it will be held the second weekend in October (10/12/14), versus the first weekend in October. Mr. Tumulty went on to explain that this resolution is necessary to seek permission from TXDOT regarding necessary, temporary lane closures. Assistant Chief Riggs of the Rockwall PD indicated that police staff will be able to be reduced to 75 (versus 120 in past years), staff will be meeting with the City of Heath, and the PD is overall satisfied with this proposed route, believing it will be a better route for our staff and our citizens. Councilmember Daniels urged staff to ensure that advanced communication with the public regarding the event takes place and is sufficient.

Councilmember Daniels made a motion to approve Consent Agenda item #4. Councilmember Milder seconded the motion, which passed unanimously.

Mayor Sweet then reordered the agenda, asking if there was any action to be taken as a result of Executive Session. Mayor Pro Tem Pruitt made a motion that JBR2, by June 18, 2014, shall submit a plan of a new realignment of the location of the garage or a design that the current alignment is workable and, if such plan is acceptable to the city council, then JBR2 shall be granted an extension for the commencement of construction of the garage until June 18, 2015. Councilmember Milder seconded the motion, which passed unanimously of council (7 ayes to 0 nays).

XI. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Mr. John McCutcheon of the Planning & Zoning Commission came forth and briefed the council on MIS2014-007, indicating that the P&Z Commission unanimously recommended approval of this item. No action was taken.

2. Appointment with Rob Dixon of Hill & Wilkinson, General Contractors to hear and discuss a progress update of the Downtown Rockwall Improvement Project, and take any action necessary.

Mr. Dixon came forth and briefed the council on the progress of the downtown improvements project. Mr. Dixon indicated that Phase I is almost complete, and Phase II is expected to begin in the next couple of weeks. He estimated that July to September of 2015 should be the overall completion date for the project (about a year-and-a-half). Also, they will plan to be out of the immediate downtown area during the 2014 holiday shopping season. Mr. Crowley indicated that the County Commissioners Court has tentatively agreed to place funding in the upcoming budget to cover costs associated with redoing their sidewalk and their parking area as the city has requested. After brief discussion, no action was taken related to this agenda item.

XII. ACTION ITEMS

1. **Z2014-014** - Discuss and consider approval of **ordinance** for a request by Brad Fenton of Fenton Motor Group, on behalf of Cambridge Companies Inc., for approval of a Specific Use Permit (SUP) to allow for a new car dealership being a 4.08-acre tract of land located in the J. LOCKHART SURVEY, Abstract No.134, being a portion of that certain tract of land described in deed to the Cambridge Companies, Inc. as recorded in Volume 101, Page 795 of the Deed Records of Rockwall County, Texas and zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District and the 205 By-Pass Corridor Overlay (205 BY-OV) District and generally located on the southeast corner of John King Boulevard and IH-30, City of Rockwall, Rockwall County, Texas, and take any action necessary. **(2nd Reading)**

Councilmember White made a motion to approve Z2014-014. Councilmember Lewis seconded the motion. Councilmember Townsend affirmed with staff that there will in fact be pre-owned car sales at this "new" Nissan dealership. Councilmember Milder expressed general concern about prime IH-30 corridor real estate being occupied by numerous car dealerships. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-24
SUP NO. 120

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT TO ALLOW FOR A "MOTOR VEHICLE DEALERSHIP, NEW" ON A 4.08-ACRE TRACT OF LAND LOCATED IN THE J. LOCKHART SURVEY, ABSTRACT NO. 134 AND BEING THAT CERTAIN TRACT OF LAND DESCRIBED IN A DEED TO THE CAMBRIDGE COMPANIES, INC. AS RECORDED IN VOLUME 101, PAGE 795 OF THE DEED RECORDS OF ROCKWALL COUNTY, TEXAS, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A"; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 6 in favor with one against (Milder).

2. **MIS2014-007** - Discuss and consider a request by the Josh Houser for the approval of an exception to the minimum masonry requirements stipulated in Section 3.1, General Residential District Standards, of Article V, District Development Standards, of the Unified Development Code, for a 0.24-acre parcel of land identified as Lot 11, Block A, Chandler's Landing, Phase 19, zoned Planned Development District 8 (PD-8), located at 105 Weatherly Circle, City of Rockwall, Rockwall County, Texas, and take any action necessary.

Mr. Ryan Miller, Planning Manager, indicated that the applicant is wanting to utilize up to 62% stucco (as opposed to the allowable amount, which is up to 50%), and would like to have the remainder be stone veneer. The Planning & Zoning Commission did recommend approval of this item by a vote of 5 to 0, and the Chandler's Landing HOA submitted a letter stating they have no opposition to the request. Councilmember Lewis made a motion to approve MIS2014-007. Councilmember White seconded the motion.

Councilmember Milder expressed concern about so many variances coming before the city council related to the Unified Development Code. He generally questioned why we have a code if we are not adhering to it. He suggested that the Architectural Review Board may be able to be involved in the process related to such variances.

After brief comments, the motion passed by a vote of 7 ayes to 0 nays.

3. Discuss and consider water conservation program, and take any action necessary.

City Manager Rick Crowley indicated that the board of directors of the North TX Municipal Water District (NTMWD) has extended its recommendation through the end of the summer for once every other week watering for its member cities and their residents. Despite recent rains in the last month or so, the water surface elevations in water supply reservoirs have only changed by a number of inches, rather than feet. Lavon, our city's water source, remains 'down' in excess of eleven feet. Rockwall has achieved its ten percent water reduction plus an additional seventeen percent reduction beyond that. The NTMWD is hoping its member cities will achieve an additional fifteen to twenty percent reduction in water usage throughout this summer. The city will be communicating with our citizens in the month of June to educate them and encourage them to conserve even more, including asking them to turn off automatic sprinkler systems and operate them manually instead. The city will visit with its top ten water users to educate them on the importance of water conservation and see if there are additional steps that can be taken towards achieving more conservation. There may be a need to assign watering days in the future if doing so becomes necessary to achieve conservation goals. Mr. Crowley indicated that existing staff will be monitoring things like water running down sidewalks and streets. He mentioned that the city itself, as well as the school district, is among the top ten water users. Regarding shrubs and new plantings, residents and businesses currently have thirty days to water these; however, depending on the water situation, council may be asked to revisit this issue.

Mrs. Smith commented that reduced water sales on the part of the City have resulted in negative impacts to the city's fund balance in the water and sewer fund. Raising rates by ten percent this past January did have somewhat of an impact on the revenue stream; however, residents have done a tremendous job conserving water. An additional rate

increase is expected to be proposed by the NTMWD board next year as well. We expect that with the conservation our residents have done, the city will miss sales projections by about $1.3 million dollars, which will exhaust the fund and any reserves. The Water and Sewer Fund will need to be supplemented with some assistance from the General Fund. We have frozen some positions and have proceeded to not make any "non-critical" or major system repairs, but some assistance from General Fund reserves is anticipated in the future.

Mayor Pro Tem Pruitt indicated that in the last three years, NTMWD has increased rates by over 30%, and these increases have been passed along to and realized by our Rockwall residents and customers. We have a "can't take but will pay" contract with the District. Until which time as the District implements 'punishment provisions' for other member cities who do not 'voluntarily' comply with the conservation measures suggested by NTMWD, he does not feel inclined to have our city customers comply. He further indicated that our citizens are funding the other cities who continue to not choose to. Councilmember Lewis indicated general agreement with Mayor Pro Tem Pruitt's sentiments regarding our city not complying if other member cities are not made to comply.

Mr. Crowley indicated that two member cities have not adopted the once-every-two week watering schedule as recommended by the NTMWD board. One of those two cities is in compliance with the ten percent reduction goal, but the other city is not in compliance.

Councilmember White suggested that he does not agree with the City of Rockwall not complying with the conservation plan because, if every city chose to not adhere to the plan, there would be no water. He does believe Rockwall should send a letter to the NTMWD board to encourage them to implement strong penalty provisions for member cities that do not follow the conservation plan requested by the NTMWD.

Councilmember Milder suggested he believes we should remain in compliance with the requested ten percent water reduction; however, he does not feel our city should be an "over achiever" with regards to reduction in water usage.

No action was taken related to this agenda item at this time.

XIII. CITY MANAGER'S REPORT TO DISCUSS CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports
Building Inspections Monthly Report - April 2014
Finance Department Monthly Report - April 2014
Fire Department Monthly Report - April 2014
Harbor PD Monthly Report - April 2014
Internal Operations Department Monthly Report for April 2014
Police Department Monthly Report - April 2014
Recreation Monthly Report - April 2014
Rockwall Animal Adoption Center Monthly Report - April 2014

2. City Manager's Report

Mr. Crowley indicated that a draft agenda for the upcoming Council / Staff retreat will be provided to council in the next day or so.

XIV. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding Economic Development incentives, procedures and possible projects pursuant to Section 551.087 (Economic Development)
2. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).
3. Discussion regarding the terms and conditions of contract with Collin County Humane Society to operate the City's animal adoption center pursuant to Section 551.071 (Consultation with Attorney)
4. Discussion regarding the following legal claim: TF-Harbor LLC v. City of Rockwall, Texas and Rockwall Rental Properties L.P. pursuant to Section 551.071 (Consultation with Attorney)
5. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

XV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

The Council did not reconvene in Executive Session following the close of the public meeting. See line 231 for action taken as a result of earlier Executive Session.

XVI. ADJOURNMENT

The meeting was adjourned at 7:06 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 16th day of June, 2014.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **June 6, 2014**

SUBJECT: **Construction Contract Award – N Lakeshore Left Turn Lane**

Background:
North Lakeshore Drive at East Fork Drive has been identified for improvements because the existing turn lane layout does not allow for a left turn on to East Fork Drive. The project will improve traffic flow patterns on North Lakeshore Drive by allowing access to and from East Fork Drive. The project consists of 389 square yards of 10" concrete pavement and 2 concrete median noses.

The City received and opened bids on April 10, 2014 and are as follows:

1.	Bowman Construction	$64,295.50
2.	Camino Construction	$74,502.00
3.	Quality Excavation	$89,161.00
4.	XIT Paving	$91,154.00
5.	Pavecon	$95,609.50

Bowman Construction has experience on projects within the City and demonstrates the resources to adequately complete a roadway modification project.

Financial Implications:
Funding for this project is available in the Street Maintenance General Operating Fund.

Action Desired/Recommendation:
Staff recommends Council consideration to approve the award of the North Lakeshore Left Turn Lane construction contract to Bowman Construction, in the amount of $64,295.50.

Subject: Request for Placement on Agenda Next City Council Meeting

Although Code Enforcement has been extremely flexible in this regard, there seems to be some ambiguity with a "common sense" approach on whether or not to issue a citation when dealing with loading and unloading of a recreational vehicle such as a boat or RV. The ordinance as it stands, does not allow for any parking of such vehicle longer than " a. The oversized vehicle or utility trailer is being used in the loading or delivery of passengers or goods within a residential zone and only for **such period of time as is actually necessary to accomplish such loading or delivery;"**

The issue is two fold, a property owners perception of what is actually necessary, their neighbors, and code enforcements are all subject to one anothers perceptions, there are no guidelines here that clearly dictate a length of time that is put forth clearly and in black and white. This is an issue when a neighbor calls because an hour is too long for them, code enforcement may think four hours is enough, however as a boat or RV owner we deal with storage issues and other pertinent details that do not always allow us a safe place to immediately store a boat or RV. This is exasperated when boats are frequently used during the weekends. Here is a scenario that is extremely likely and difficult to overcome:

Boat is removed from storage by property owner, boat is temporarily placed at home on a Friday, then said boat is used for the weekend. However most storage units have scheduled times or days they may be closed. Therefore you are forced to find a temporary place or drastically shorten your recreation period in order to meet open and closings that our out of your control. Boat returns, unloaded, cleaned, and then ready to return on the next available opened day for storage. Boats also require water sources and electric for other common upkeep of a boat, typically not offered by a boat and rv storage facility.

To myself, as the property owner, my perception says this is reasonable, however this may go against a homeowner who never has owned a boat and RV and lacks the knowledge of what it entails. Where is the line drawn?

Rockwall City ordinances have drawn a line in **Sec. 4.1. - Lots less than five acres.**
Please refer to the bold areas....

C. Storage of vehicles. On lots less than five acres, motor homes, camper cabins, non-street legal motorcycles (including all-terrain vehicles, dirt or motocross bikes, or similar type vehicles) boats, farm machinery, or similar equipment, excluding golf carts, shall not be parked or stored on any residential or agricultural lot or the adjacent street except when in conformance with the following provisions:
1. Such equipment shall be located beside or behind the primary structure and back from the nearest corner of the front facade of the house a minimum of ten feet, (if such equipment is six feet or less in height, the ten-foot minimum setback shall not apply); and
2. On lots less than 1.5 acres, such equipment shall be screened from view of public street rights-of-way with a minimum six-foot solid fence or equivalent landscaping; and

3. On lots less than 1.5 acres, equipment taller than eight feet above grade shall respect a three-foot setback from all side and rear property lines; and
4. If located on a lot which is less than 1.5 acres, it shall be parked on an approved surface of concrete, asphalt or stabilized gravel.
5. Property owners with recreational vehicles over eight feet in height who were in compliance with the City of Rockwall zoning ordinance (Ord. No. 83-23) prior to the adoption of this Unified Development Code (Ord. No. 04-38) on June 7, 2004, and who file an affidavit with the building official no later than April 1, 2005, shall register their property for "exception status" to the storage requirements for recreational vehicles over eight feet in height. However, no recreational vehicle of any height shall be allowed to be stored in front of any portion of the facade of the primary residential structure, including lots with two frontages, and shall not encroach into the minimum three-foot setback from all side and rear property lines, as required in this section.
(Ord. No. 05-06, 2-7-2005; Ord. No. 08-23, 5-5-2008)
D. Loading and unloading. Notwithstanding other requirements of this section, such equipment may be parked anywhere on a residential, agricultural or commercial premises not to exceed 48 hours for the purpose of loading and unloading only.
E. Living or sleeping. No such equipment shall be used for living, sleeping or housekeeping purposes when parked or stored on any lot not approved for such purposes.

However, even though I may pay the same property taxes as another resident, that resident may enjoy a bigger lot, or maybe an easier entry way that allows for temporary storage of a boat on their property. I do not have this luxury, as any storage of a boat on my property would be a great eye sore in the community. However, you will notice that Rockwall City has created a precedence in previous ordinances by essentially claiming that 48 hours is understandable for loading and unloading purposes only. Surely the spirit of the law was to allow residents the opportunity to load and unload their vehicles and this meets the common sense test.

If loading and unloading is already deemed acceptable and the line has been drawn at 48 hours, why can't the same be done for boats temporarily parked on the street for loading and unloading purposes. This allows for an appropriate amount of time for property owners to return their vehicles to storage, and allows all parties involved to have a clear line drawn on when a violation occurs. Frivolous complaints can be rebutted as so, property owners will alleviate themselves of the discomfort of knowing exactly at what time a violation can occur and not worry that its possible a city representative may not see eye to eye, this eliminates the clouding of the complaint system and calls for code enforcement, and clears up code enforcements interpretation and they can be comfortable when making a citation that its clearly a violation.

Rockwall boast itself as a city that prides itself in recreational activities. We live on a lake, it is a big part of this community and is attractive to homeowners like myself, however this particular ordinance seems to go against the core values of the city and really makes it unfriendly for recreational vehicle usage.

I have not been cited for these instances to date, however I am in constant fear that I could at any time be considered a target and my entire defense would be my reality against a code enforcement officers. And this seems extremely unfair. I am proposing that the 48 hour rule be expanded to recreational vehicle parking in residential areas, in the vicinity of the property owners residence. This will draw a clear line of when a violation occurs, and settle a vague calculation for everyone involved.

I would like to be placed on the agenda at the next city council meeting for the following:

I am proposing that the 48 hour rule be expanded to recreational vehicle parking in residential areas, in the vicinity of the property owners residence. This will draw a clear line of when a violation occurs, and settle a vague calculation for everyone involved.

Sec. 26-507. Parking oversized and recreational vehicles in residential areas.

(a)

Definitions. The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Oversized vehicle.

(1) The term "oversized vehicle" means a tow truck (wrecker), truck tractor, road tractor, semitrailer (whether or not attached to a truck tractor or a road tractor), dump truck, bus, and passenger motor vehicle designed to carry more than 16 persons (including the driver), any vehicle greater than 23 feet in length, or any truck with a rated capacity in excess on 1½ tons, according to the manufacturer's classification.

(2) The term "oversized vehicle" does not include any motor vehicle owned or operated by a governmental entity.

Residential zone means any property zoned single-family, duplex, multifamily or planned development for single-family, duplex or multifamily uses. The term "residential zone" includes both private and public property within such zoning districts.

Utility trailer means an enclosed or open cargo trailer designed for the transportation of a variety of products, goods, equipment, livestock or vehicles.

Vehicle for recreational use means a motor vehicle designed as temporary living quarters for recreational travel or vacation use, a boat or personal watercraft, and a motorcycle or all-terrain vehicle designed or equipped only for off-road use. The term "vehicle for recreational use" includes a travel trailer, camping trailer, truck camper, motor home, trailers used to carry boats, personal watercraft, motorcycles and all-terrain vehicles.

(b) *Penalty.* Any person violating the provisions of this section shall be deemed guilty of a misdemeanor and, upon conviction be subject to a fine in accordance with general provision section 1-13.

(c) *Parking oversized vehicles and utility trailers in residential zones.*

(1) A person commits an offense if the person parks or stands or allows the parking or standing of an oversized vehicle at any place within a residential zone.

(2) A person commits an offense if the person parks or stands or allows the parking or standing of a utility trailer at any place within a residential zone, unless it meets the following screening requirements:

a. Such equipment shall be located beside or behind the primary structure and back from the nearest corner of the front facade of the house a minimum of ten feet (if such equipment is six feet or less in height, the ten-foot minimum setback shall not apply);

b. On lots less than 1½ acres; it shall be screened from view of public street rights-of-way with a minimum six-foot solid fence or equivalent landscaping; and

c. If located on a lot which is less than 1½ acres, it shall be parked on an approved surface of concrete, asphalt or stabilized gravel.

(3) It shall be an affirmative defense to prosecution under this section that, at the time of the offense:

a. The oversized vehicle or utility trailer is being used in the loading or delivery of passengers or goods within a residential zone and only for such period of time as is actually necessary to accomplish such loading or delivery;

b. The oversized vehicle or utility trailer is being used in the repair or construction of a public utility or for construction activities; or

c. The oversized vehicle is associated with a service person performing work at a residence, other than the service person's residence.

(d) ***Parking recreational vehicles on public property in residential zones.*** **A person commits an offense if the person parks or stands or allows the parking or standing of a recreational vehicle on public property within a residential zone FOR OVER 48 HOURS.**

Thanks, and please confirm receipt and scheduling of request.

MEMORANDUM

TO: **Honorable Mayor and Council**

FROM: **Cliff Griffin, Neighborhood Improvement Services Supervisor**

DATE: **06/16/2014**

SUBJECT: **Council appointment with Michael Turner concerning parking boats on public streets.**

Mr. Michael Turner, who resides at 925 Mont Cascades in The Shores, has requested an appointment with the City Council to request the Council to amend the ordinance regarding the parking of residential vehicles on public property within a residential zone. Mr. Turner wants to ask for an amendment that will allow a time limit for a recreational vehicle to be parked on the public street.

I issued a citation to Mr. Turner on Tuesday, June 10, 2014 for having a pontoon boat parked on the street in the 900 block of Mont Cascades. I received a complaint at 2:00 PM on Monday that the pontoon boat was parked in the street and causing visibility problems. This was not the first complaint we have received on this particular boat. I drove by there on Monday afternoon and saw the boat, but did not take any action at that time. I planned to wait until Tuesday morning to see if it might possibly be gone, but when I drove by there at 10:30 AM on Tuesday, it was still there. While I was parked behind the boat, 4 different residents from the neighborhood walked over to my car and voiced their concerns about the boat always being parked there on the street. One of them told me they were considering placing their house for sale because the boat has been parked there on numerous occasions.

After I finished talking to the neighbors, Mr. Turner walked outside and came over to where I was standing. I let him know this was not the first time we had addressed the boat being parked on the street, and that I had received 4 additional complaints while I was sitting there in my car. He told me the truck that they hauled the boat with had broken down and they could not get it moved until the truck was fixed. I explained to him that due to the previous complaints we received about the boat being parked on the street and the fact the Code Officer Laura Morales had previously spoke to him concerning the violation, I was going to go ahead and issue him a citation. Once I informed him of my intent to issue a citation, he claimed the boat was not his, but that he knew the owner. I told him I needed to issue the citation anyway and I asked him for his drivers license. He told me he did not have a drivers license, so I told him I needed to see some other kind of identification. He refused to give me anything. I informed him

that I was going to have to call the police for assistance in getting him to produce an ID for me. I told him I was going to get my phone from the car and call the Police Department.

As I reached in the car to get my phone to call Police Dispatch, he got in his car and drove away. Since he did not furnish identification to me, I used LexisNexis to obtain his date of birth and drivers license number to use on the citation. I left the citation attached to the boat with a zip tie cord. Later that morning he sent me an email and accused me of wrongdoing by issuing him a citation for a boat that was not his. I then received an email and phone call from the “owner” of the boat, whose name is also not yet on the boat registration, and who happens to be an employee of Mr. Turner. He said he would claim full responsibility for the boat and that the ticket should be issued to him. Because of this action by Mr. Sams, I agreed to void the citation for Mr. Turner, which I did, since I had not turned it in to Municipal Court yet.

Mr. Sams then told me that he and Mr. Turner had already discussed approaching the Council with Mr. Turner’s wife, who according to Mr. Sams, is a member of the District Attorney’s office. They planned to ask the Council to establish some kind of time frame for a recreational vehicle to be legally parked in the street.

Currently, the ordinance states that it is a violation to park a recreational vehicle on public property anywhere within a residential zone. Our department practice is to exercise discretion with this ordinance and work with residents as much as possible. When it gets to a point where there is a continual violation, that is when we may issue a citation. I have included a picture of the pontoon boat and the appropriate section of the Code of Ordinances.

31

Sec. 26-507. Parking oversized and recreational vehicles in residential areas.

(a) *Definitions.* The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Oversized vehicle.

(1) The term "oversized vehicle" means a tow truck (wrecker), truck tractor, road tractor, semitrailer (whether or not attached to a truck tractor or a road tractor), dump truck, bus, and passenger motor vehicle designed to carry more than 16 persons (including the driver), any vehicle greater than 23 feet in length, or any truck with a rated capacity in excess on 1½ tons, according to the manufacturer's classification.

(2) The term "oversized vehicle" does not include any motor vehicle owned or operated by a governmental entity.

Residential zone means any property zoned single-family, duplex, multifamily or planned development for single-family, duplex or multifamily uses. The term "residential zone" includes both private and public property within such zoning districts.

Utility trailer means an enclosed or open cargo trailer designed for the transportation of a variety of products, goods, equipment, livestock or vehicles.

Vehicle for recreational use means a motor vehicle designed as temporary living quarters for recreational travel or vacation use, a boat or personal watercraft, and a motorcycle or all-terrain vehicle designed or equipped only for off-road use. The term "vehicle for recreational use" includes a travel trailer, camping trailer, truck camper, motor home, trailers used to carry boats, personal watercraft, motorcycles and all-terrain vehicles.

(b) *Penalty.* Any person violating the provisions of this section shall be deemed guilty of a misdemeanor and, upon conviction be subject to a fine in accordance with general provision section 1-13.

(c) *Parking oversized vehicles and utility trailers in residential zones.*

(1) A person commits an offense if the person parks or stands or allows the parking or standing of an oversized vehicle at any place within a residential zone.

(2) A person commits an offense if the person parks or stands or allows the parking or standing of a utility trailer at any place within a residential zone, unless it meets the following screening requirements:

a. Such equipment shall be located beside or behind the primary structure and back from the nearest corner of the front facade of the house a minimum of ten feet (if such equipment is six feet or less in height, the ten-foot minimum setback shall not apply);

b. On lots less than 1½ acres; it shall be screened from view of public street rights-of-way with a minimum six-foot solid fence or equivalent landscaping; and

c. If located on a lot which is less than 1½ acres, it shall be parked on an approved surface of concrete, asphalt or stabilized gravel.

(3) It shall be an affirmative defense to prosecution under this section that, at the time of the offense:

a. The oversized vehicle or utility trailer is being used in the loading or delivery of passengers or goods within a residential zone and only for such period of time as is actually necessary to accomplish such loading or delivery;

b. The oversized vehicle or utility trailer is being used in the repair or construction of a public utility or for construction activities; or

c. The oversized vehicle is associated with a service person performing work at a residence, other than the service person's residence.

(d) *Parking recreational vehicles on public property in residential zones.* A person commits an offense if the person parks or stands or allows the parking or standing of a recreational vehicle on public property within a residential zone.

(Code 1982, § 16-230; Ord. of 4-1-1968, § II; Ord. No. 08-17, §§ 1, 2, 3-3-2008)

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 06/16/2014

APPLICANT: Maxwell Fisher; *Masterplan Consulting*

AGENDA ITEM: **Z2014-012**; Platinum Self-Storage (SUP)

SUMMARY:

Hold a public hearing to discuss and consider a request by Masterplan Consulting, on behalf of Rockwall SH-205 Venture, LLC, for the approval of a Specific Use Permit (SUP) to allow a mini-warehouse facility on a 2.857-acre tract of land, zoned Commercial (C) District, being a portion of a larger 5.549-acre tract of land identified as a part of Tract 2 of the J. Cadle Survey, Abstract No. 65, City of Rockwall, Rockwall County, Texas, generally located south of the intersection of the IH-30 frontage road and Townsend Drive, and take any action necessary.

PURPOSE OF REQUEST:

According to the *Permissible Use Charts* located in Article 4, *Permissible Uses*, of the Unified Development Code (UDC) a mini-warehouse facility requires a Specific Use Permit (SUP) within a Commercial (C) District. In conformance with this requirement the applicant, *Masterplan Consulting*, submitted an application on April 18, 2014 requesting an SUP on a 2.857-acre portion of a larger 5.549-acre tract of vacant land zoned Commercial (C) District. The subject property is located behind Shenaniganz Entertainment Center and Toyota of Rockwall, and is south of the intersection of IH-30 and T. L. Townsend Drive.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is the remainder of the 5.549-acre tract of land (*i.e. 2.692-acre tract of land*) followed by a three (3) acre tract of land containing a City of Rockwall water storage facility, Shenaniganz Entertainment Center (*five [5] acres*), and Toyota of Rockwall (*11.26-acres*). Both Shenaniganz and Toyota of Rockwall are zoned Light Industrial (LI) District and the remainder of the properties are zoned Commercial (C) District.

South: Directly south of the subject property is a 20.29-acre parcel of land, zoned Commercial (C) District, and developed with a Costco Wholesale Center. Beyond this use is SH-276.

East: Directly east of the subject property is a tributary of Buffalo Creek containing several acres of 100-year floodplain and a conservation and drainage easement. East of this is the Townsend Village Subdivision, which contains 77 residential lots on 27.689-acres of land and is zoned Planned Development District 10 (PD-10).

West: Directly west of the subject property is the remainder of the Toyota of Rockwall property, which is zoned Light Industrial (LI) District. Beyond this is Interstate Highway 30 (IH-30).

CHARACTERISTICS OF REQUEST:

The applicant has submitted a conceptual site plan, building elevations and landscape plans detailing the anticipated layout of the proposed mini-warehouse facility. According to the conceptual site plan the proposed facility will be composed of one (1) building with a capacity of 579 storage units and be situated on a 2.857-acre tract of land. The subject property is located between three (3) large developments (*i.e. CostCo Wholesale Center, Shenaniganz and Toyota of Rockwall*) along the northern and western property lines and adjacent to floodplain containing dense vegetation protected by a conservation easement along the eastern property line. The site is visibly shielded from all public rights-of-way and will not have frontage on to a public street. The site is accessible by two cross access easements that [1] extend from T. L. Townsend Drive on to the City of Rockwall's water storage facility's' property and [2] from SH-276 onto CostCo Wholesale Center's property. If this Specific Use Permit (SUP) request is approved the applicant will be required to connect the two (2) cross access easements as generally shown on the concept site plan. Additionally, if approved the City Council will in effect be granting a variance to the minimum lot frontage on a public right-of-way stipulated by the Commercial (C) District standards (*§4.5.C.2, Article V, UDC*) [*see Conditions of Approval*].

The facility being proposed by the applicant will have the appearance of a four (4) story office building and will not have any units facing to the exterior of the building. The facility will be gated and further screened by a six (6) foot masonry fence that will completely enclose the proposed building, parking areas and outside storage areas. As stated above visibility of the site is impaired by adjacent development and floodplain with dense vegetation. Additionally, the building itself will be situated on a lower grade than the adjacent development, and all parking and outside storage areas will be further screened by the proposed masonry wall and adjacent landscaping. *The applicant is preparing a line of site study and will be taking pictures of the property from a sky-crane to address the concerns the Planning and Zoning Commission raised in the work session meeting on April 27, 2014.*

Section 2.1.10 of Article IV, *Permissible Uses*, of the Unified Development Code (UDC) details the specific land use requirements for a *Mini-Warehouse Facility*. The following is a summary of the applicant's proposal and its compliance to these land use requirements:

Code Requirement	*Proposed Plan*	*Compliance*
The maximum site area shall not exceed five (5) acres.	2.857-Acres	In Compliance
The maximum number of storage units shall not exceed 125 units per acre.	A maximum of 579 units is permitted by the SUP Ordinance.	*Not In Conformance*
The maximum height shall not exceed one (1) story.	The building is constructed to emulate an office building and is not comparable to the standard mini-warehouse design. The design is permitted by the SUP Ordinance.	*Not In Conformance*
The minimum number of parking spaces required is two (2). Parking requirement is three (3) spaces plus one (1) per 100 units.	Nine (9) parking spaces are and nine (9) parking spaces are provided.	In Conformance
No direct access from FM740, SH205, SH66, SH276, FM3097, FM552, FM549 or John King Boulevard.	The site does not have direct access from any roadway and is only accessible via Costco or the City's Water Storage Facility.	In Conformance
Overhead doors shall not face adjacent streets.	The buildings is not visible from any adjacent streets or roadways.	In Conformance
All exterior walls facing the front, side and rear property lines shall be 100% brick construction.	All exterior walls will incorporate brick and stone.	In Conformance

The front, side and rear building setback areas shall incorporate clustered landscaping.	The Concept Landscape Plan provided shows clustered landscaping along the front and sides of the facility; however, due to the visibility of the subject property the proposed facility is incompliance with the intent of this requirement.	Landscaping Plan (Site Plan); Concept Landscape Plan (In Conformance)
Gates shall be incorporated limiting access to the facility.	Wrought iron gates are being proposed.	In Conformance
Screening fences shall be wrought iron or masonry.	Landscape screening and wrought Iron fencing as well as an eight (8) foot masonry face are shown on the site plan.	In Conformance
Concrete shall be used for all paving.	All future paving will be concrete.	In Conformance
Roof shall have a minimum roof pitch of 1:3 and be constructed with metal standing seam.	The building is constructed to emulate an office building and will incorporate a parapet wall and flat roof to achieve this look. The design is permitted by the SUP Ordinance.	*Not In Conformance*
Lighting standards shall be limited to a maximum of 20-feet in height.	Will be handled at the time of site plan submittal on the Photometric Plan. The SUP Ordinance include this requirement under the Operational Conditions.	Photometric Plan (Site Plan)
A single residential unit not exceeding 1,600 SF in size is permitted.	Single Residential Unit (1,200 SF)	In Conformance
Outside Storage shall be prohibited.	The site will include limited outside storage of boats, recreation vehicles, vehicles and/or similar motor/self-propelled vehicles.	*Not In Conformance*

It is important to note that the requirements contained within Section 2.1.10 of the UDC (listed above) were prepared with the intent of regulating campus style facilities that incorporate several buildings, generally being one (1) story in height, and that have storage units that are accessible from the exterior of the building. The facility being proposed by the applicant is more comparable or similar to an office or retail building. As a result the proposed building is not in compliance with several of the standards that are intended to regulate a typical mini-warehouse building. Specifically, the structure exceeds one (1) story in height and incorporates a flat roof with a parapet (more typical of an office or commercial development) as opposed to a pitched roof, which is required by the code. In addition, the applicant is requesting to incorporate outside storage on the grounds that the site has limited visibility from adjacent properties and a six (6) foot masonry fence will be incorporated surrounding the site and parking areas. Finally, the applicant is requesting a maximum of 579 units, which represents 207 units per acre as opposed to the permitted 125 units per acre. If approved the SUP ordinance will limit the number of units to a maximum of 579 units. With the exception of these items, the applicant's proposal meets all the requirements stipulated by the UDC.

In order to insure that the plan, submitted by the applicant, for the Specific Use Permit will conform to the future site plan submittal, staff has incorporated both the conceptual site plan and building elevations into the SUP ordinance, as well as, the operational conditions listed in the *Recommendations* section below.

NOTIFICATION:

On May 2, 2014, staff mailed 21 notices to property owners within 200 feet of the subject property. Additionally, staff posted a sign adjacent to the closest roadway (i.e. Townsend Drive) as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had received one (1) notification in favor of the applicant's request.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the applicant's request for a Specific Use Permit (SUP) for a *Mini-Warehouse Facility* on the subject property then staff would recommend the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the operational conditions contained in the approved SUP ordinance and summarized as follows:

    a) Prior to the issuance of a building permit a site plan conforming to the requirements stipulated by the Unified Development Code [*Ordinance No. 04*-38] shall be submitted and approved by the Planning & Zoning Commission, and if necessary City Council.

    b) All construction and operations on this property shall generally conform to the Concept Plan depicted in *Exhibit 'B'* of this ordinance.

    c) The building elevations submitted with the site plan shall strictly adhere to the Concept Building Elevations depicted in *Exhibit 'C'* of this ordinance, unless required to be modified to conform to the recommendations of the Planning & Zoning Commission and/or City Council.

    d) The maximum number of storage units provided shall not exceed 579 units for the facility.

    e) All transparent fences shall be wrought iron or similar, and when necessary incorporate landscaping/living screening to screen the interior of the facility. Chain-link fencing shall be prohibited.

    f) The height of the building shall not exceed four (4) stories or 60-feet in total height.

    g) Outside storage shall be limited to the areas depicted on the Concept Plan in Exhibit 'A' and shall be screened from adjacent properties using a minimum of an eight (8) foot masonry fence. No outside storage of any kind shall be permitted outside of the areas depicted on the Concept Plan. Outside storage shall be limited to the storage of boats, recreational vehicles, and motor or self-propelled vehicles.

    h) Businesses shall not be allowed to operate within individual storage units.

    i) The commercial operation of rental trucks and trailers shall be prohibited.

    j) All signage shall be required to conform to the requirements stipulated by the Code of Ordinances. Additionally, pole signage shall be prohibited on this site.

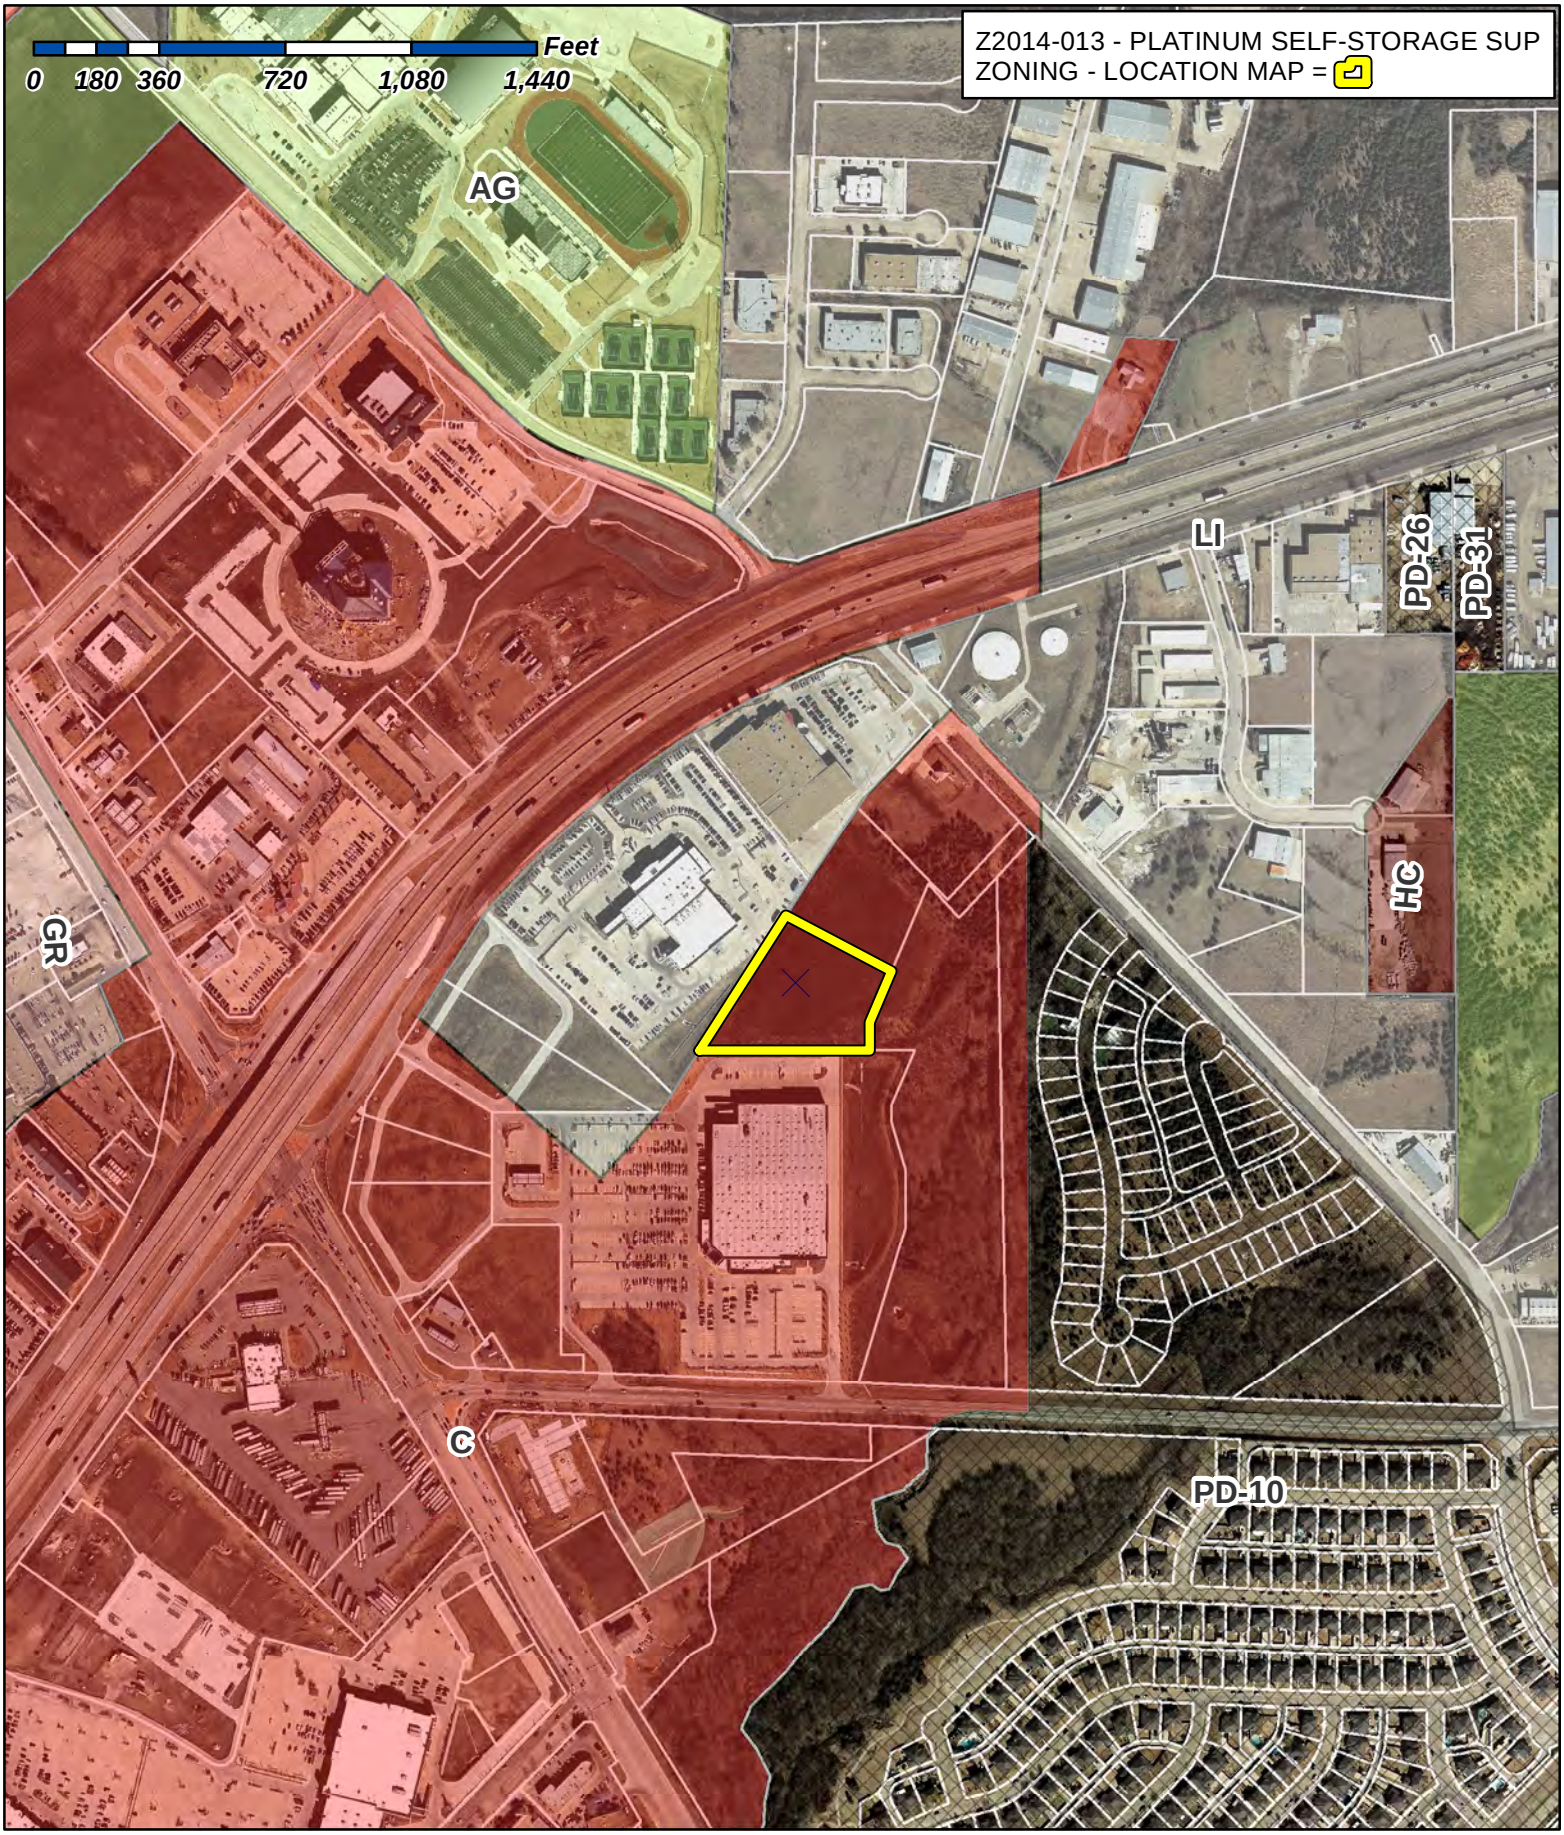
    k) All light poles shall be limited to a maximum height of 20-feet and all light fixture proposed for the site shall comply with the requirements of Article VII, *Environmental Performance*, of the Unified Development Code.

2) In conformance with the requirements of Section 2.2 of Article XI, *Zoning-Related Applications*, of the UDC the applicant shall be required to submit a site plan prior to the issuance of a building permit;

3) Unless specifically addressed within this case memo the site plan, landscape plan, building elevations and photometric plan shall comply with the land use requirements for the *Mini-Warehouse* land use stipulated by Section 2.1.10, *Wholesale, Distribution and Storage*, of Article IV, *Permissible Uses*, of the UDC;

4) Prior to the issuance of a building permit the applicant will be required to certify that the driveway existing on the City's water storage facility property will meet current city standard for fire lane. If the driveway does not meet the City's current requirements for fire lane the applicant will be required to upgrade the driveway to ensure the subject property has proper fire protection;

5) A final plat shall be required for the subject property prior to the issuance of a building permit. Additionally, through the approval of the Specific Use Permit a variance to the minimum lot frontage on a public right-of-way stipulated by the Commercial (C) District shall be considered to be approved for the purpose of platting the property;



6) The applicant shall submit a revised legal description and address all Planning, Engineering and Fire comments prior to the approval of the Specific Use Permit (SUP);

7) The City Council reserves the right to review this SUP request [*Case No. Z2014-012*] one (1) year after the approval and adoption of the SUP ordinance; and

8) Any construction or building necessary to complete this request must conform to the requirements set forth by the UDC, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On June 10, 2014 the Planning and Zoning Commission made a motion to approve the applicant's request for a Specific Use Permit (SUP) for a mini-warehouse facility per staff's recommendations with the caveat that all outside storage of boats, recreational vehicles and/or motor vehicles be limited to eight (8) feet in total height. The motion passed by a vote of 6-0, with Commissioner Minth absent.

Please place a check mark on the appropriate line below:

☑ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

Name: Rick Justiss

Address: 312 Foxwood Ln Wylie TX 75098

214-335-4006

Tex. Loc. Gov. Code, Sec. 211.006 (d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.

PLEASE SEE LOCATION MAP OF SUBJECT PROPERTY ON THE BACK OF THIS NOTICE

Masterplan

Explanation of Request

South and east of IH30, south and west of Townsend Road

Site:

The 2.8-acre SUP site is part of an undeveloped 5.5-acre parcel located north of Costco and southeast of the Toyota dealership. The site is removed from public rights-of-way; and as such, it has limited visibility and circuitous access, making retail development infeasible. The site also sits lower than the properties to the north so this grade differential and the existing building infrastructure further limit view from nearby public rights-of-way. Access to the site would be provided via access easements across the Costco site and across the property northeast to Townsend Road.

Specific Use Permit:

The request is for approval of a specific use permit to construct a 4-story, 118,800-square foot mini-warehouse. The facility would include a 1,200-square foot caretaker's quarters as well as a 900-square foot office. Nearly all the units would be accessed from interior corridors.

Although this is a storage facility, the exterior elevations will include complimentary masonry materials along with glazing akin to an office development. It will look and feel like an office without the office traffic. The elevations also include wall and roof articulation for additional visual appeal.

This would be an upscale facility offering a temperature controlled wine cellar, safety deposit boxes for jewelry and other valuable items, and a small ancillary component of boat and RV storage. Although the site is removed from public streets and its visibility is limited, there would be a minimum 8-foot tall masonry screen wall surrounding the entire perimeter. Robust landscaping is planned around the perimeter to enhance site aesthetics from adjacent properties, in compliance with city landscaping standards.

Exceptions:

The proposal includes waiver of the storage unit density parameter of 125 units per acre. This facility would include up to 579 units on 2.8 acres, yielding a density of 207 units per acre. In order for this type of facility to have the visibility necessary to be successful, it must be 4 stories tall and have a density that supports, and is commensurate with the invested infrastructure. If the entire 5.5 acres were developed with a conventional one-story storage facility, it could yield up to 687 storage units.

900 Jackson St. Suite 640, Dallas, TX 75202 ▶ tel 214 761 9197 fax 214 748 7211 ▶ masterplancommunities.com

Likewise, the proposal also includes an exception to the one-story building height parameter for mini-warehouses. We believe the one-story height parameter is intended to regulate the height of conventional storage facilities with exterior accessed units. The additional height is required to accommodate this particular style of storage facility that relies on visibility from the highway. Furthermore, this type of storage facility, as opposed to a conventional one, would be superior from a visual standpoint. Other factors that mitigate the height of the building include the aforementioned grade differential as well as its shear distance to major streets.

We request an exception of the pitched roof requirement. We believe this requirement is geared toward a conventional one-story facility whereas a flat roof with parapet better suits the taller, office looking facility. Likewise, a pitched roof would be better suited in a traditional residential setting.

The proposal also includes an ancillary component of outside RV/boat storage limited to the area shown on the preliminary site plan. There is demand for storage of recreational vehicles. The convenient location will allow those in the community a convenient storage option, which deters homeowners from storing recreational vehicles illegally at home or on the street in conventional neighborhoods where they can have functional and aesthetic impacts.

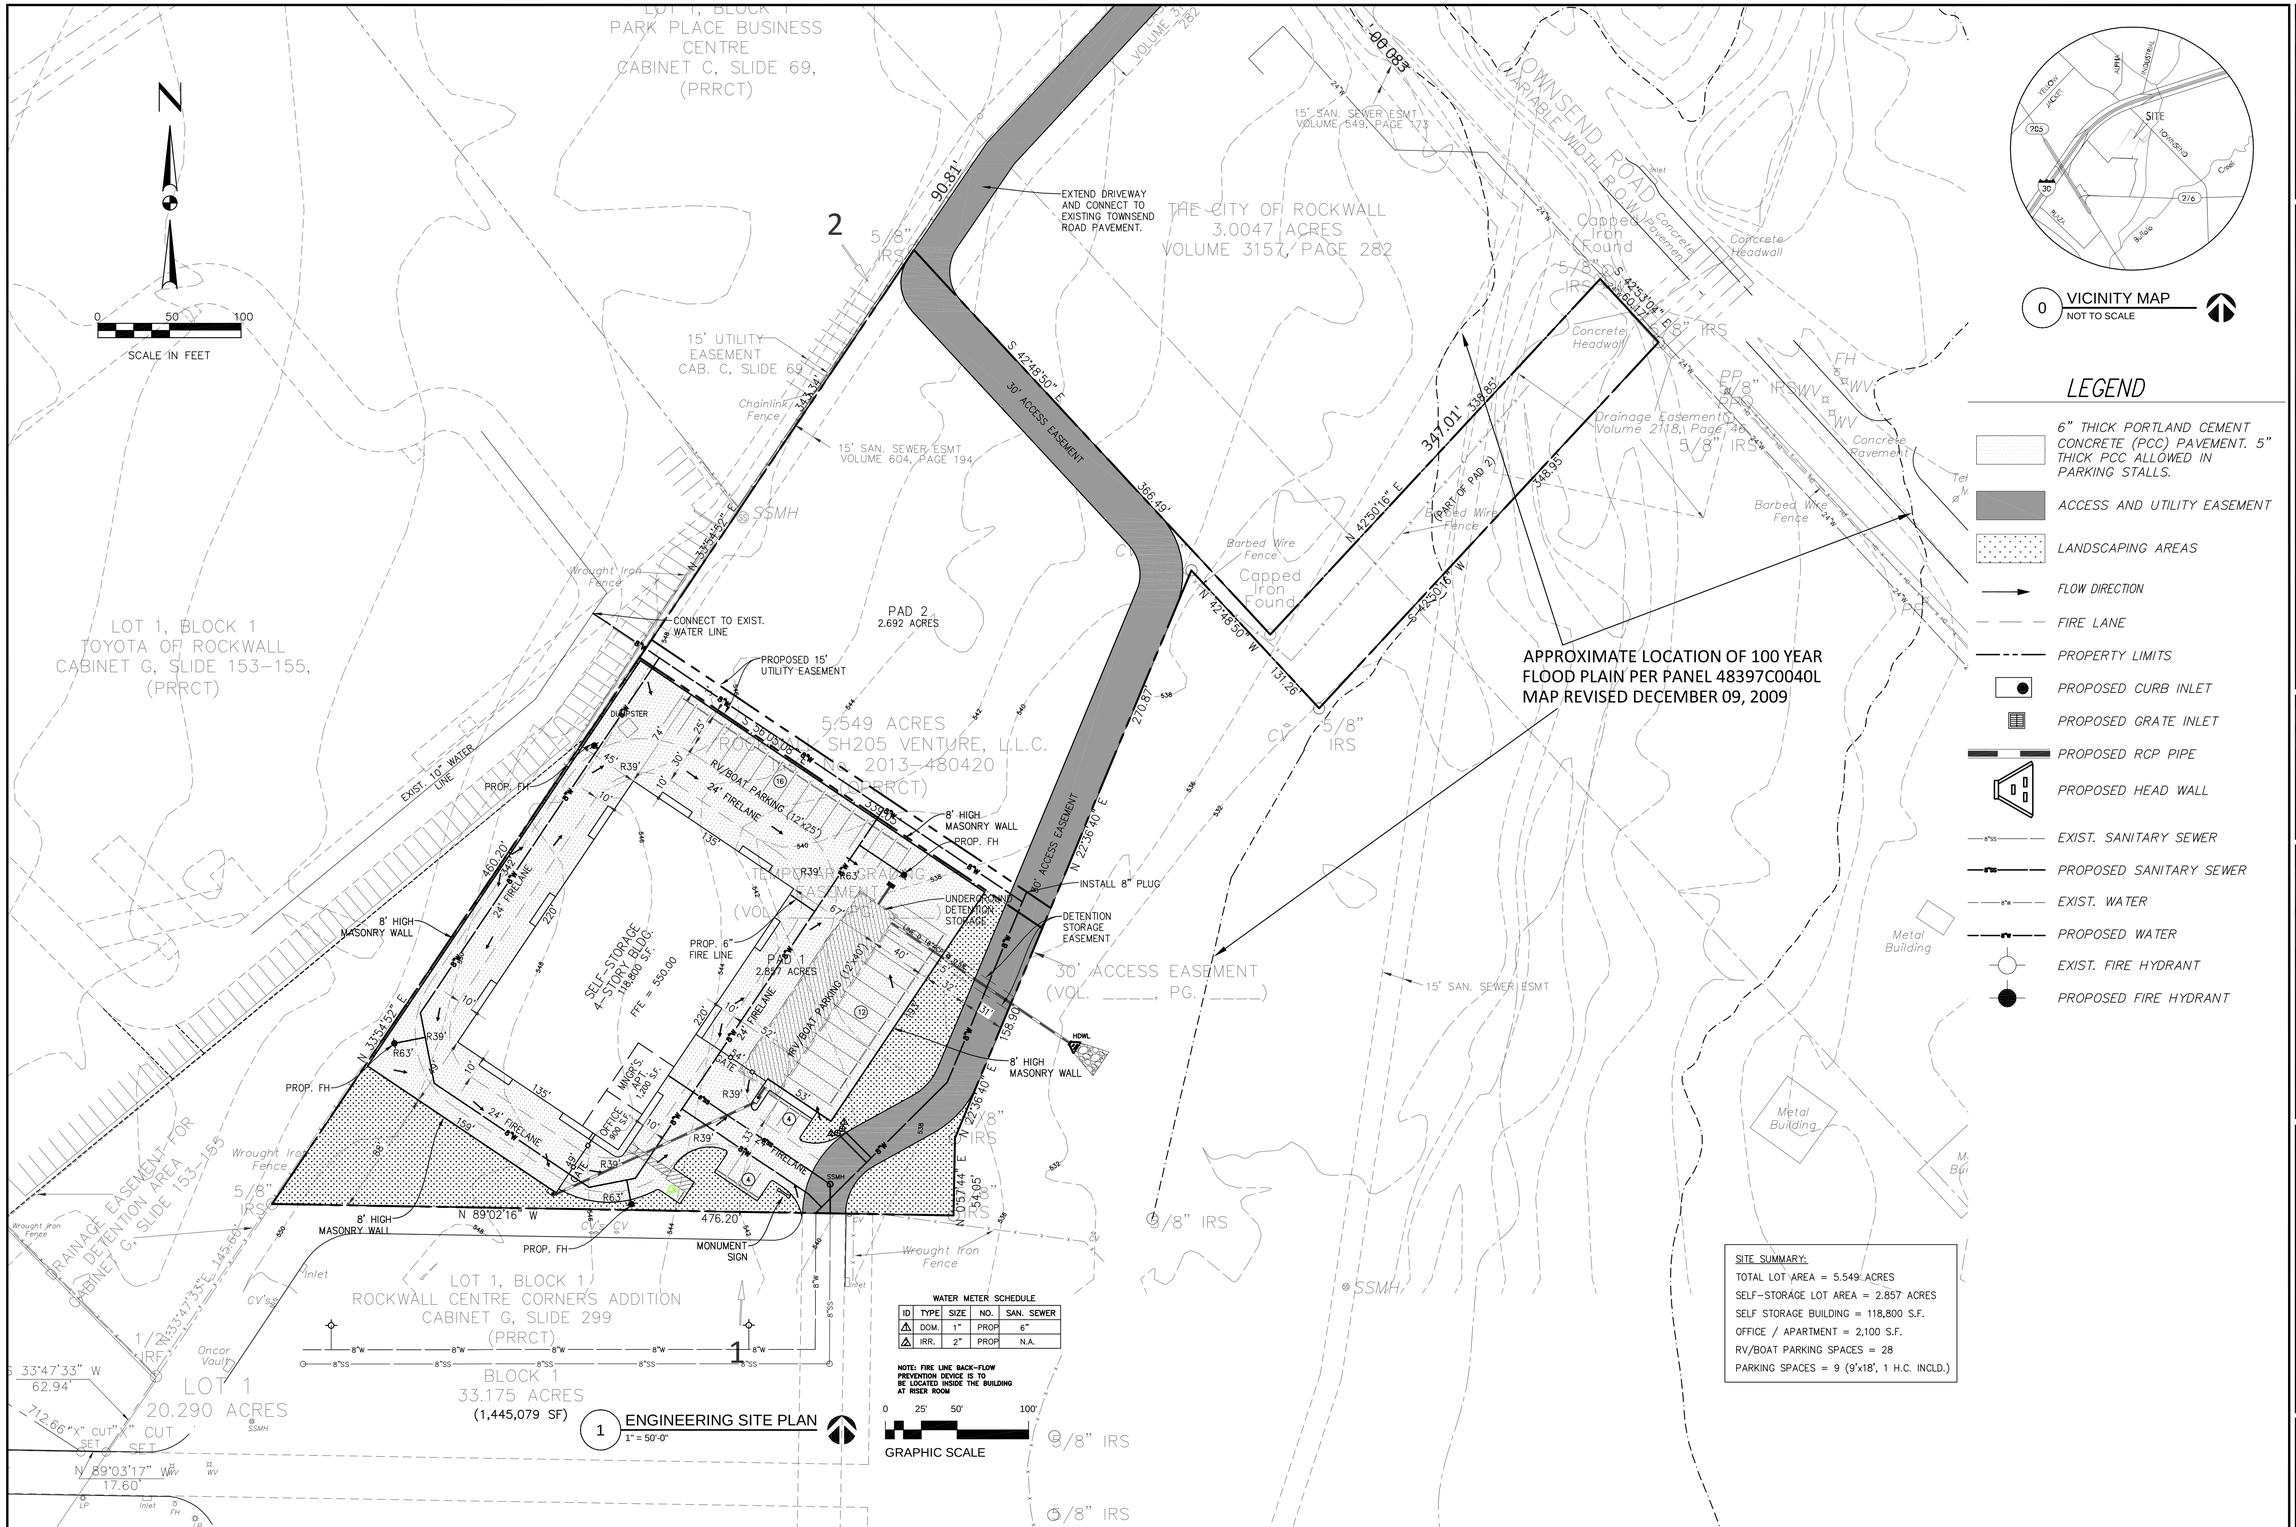
We see this as a great site to allow limited RV/boat storage. View of the storage area would be obstructed by the building, the 8-foot perimeter walls and the site's distance and grade differential from its surroundings. It gives another storage option with no little to any impact on the area.

BEING a 2.857 acre tract of land, being a portion of a 5.549 acres tract of land recorded in instrument No. 2013-480420, situated in the JOSEPTH CADLE SURVEY, ABST#65 and the N.M. BALLARD SURVEY ABST. #48, in the City of Rockwall, Rockwall County, Texas, and being a portion of a 65.96 tract of land recorded in Volume 4663, page 281 of the Official Public Records of Rockwall County, Texas and being all and being more particularly described as follows:

BEGINNING at 5/8 inch iron rod set for the northerly northwest corner of Lot 1, Block 1 of Rockwall Centre Corners Addition according to the plat recorded in Cabinet G, Slide 299 of the Plat Records of Rockwall County, Texas and being located in the southeasterly line of Lot 1, Block 1 of Toyota of Rockwall according to the plat recorded in Cabinet G, Slide 153-155 Plat Records of Rockwall County, Texas;

THENCE along the southeasterly line of said Toyota of Rockwall Addition, NORTH 33°54'52" EAST a distance of 460.20 feet to a 5/8 inch iron rod to be set in the southeasterly line of Lot 1, Block 1 of Toyota of Rockwall according to the plat recorded in Cabinet G, Slide 153-155 Plat Records of Rockwall County, Texas and being the west corner of a 2.692 acre tract being a portion of a 5.549 acre tract of land recoded in instrument No. 2013-480420 Rockwall SH205 Venture, LLC of the Official Public Records of Rockwall County, Texas;

THENCE departing the southeasterly line of said Lot 1, Block 1, SOUTH 56°05'08" EAST a distance of 339.05 feet to a 5/8 inch iron road to be set in the southwest line of said 65.96 acre tract of land being the southeast corner of a 2.692 acre tract being a portion of a 5.549 acre tract of land recoded in instrument No. 2013-480420 Rockwall SH205 Venture, LLC of the Official Public Records of Rockwall County, Texas;



THENCE departing the southwest corner of said 2.692 acre tract of land and traveling through said 65.96 acre tract of land the following course and distances:

SOUTH 22°36'40" WEST a distance of 158.90 feet to a 5/8 inch iron rod set;

SOUTH 00°57'44" WEST a distance of 54.05 feet to a 5/8 inch iron rod set in the north line of said Lot 1 of Rockwall Centre Corners Addition;

THENCE along said north line, NORTH 89°02'16" WEST a distance of 476.20 feet to the POINT OF BEGINNING;

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO APPROVE A SPECIFIC USE PERMIT (SUP) TO ALLOW A MINI-WAREHOUSE FACILITY WITHIN A COMMERCIAL (C) DISTRICT AS SPECIFIED WITHIN ARTICLE IV, *PERMISSIBLE USES*, OF THE UNIFIED DEVELOPMENT CODE, FOR A 2.857-ACRE TRACT OF LAND, BEING A PORTION OF A LARGER 5.549-ACRE TRACT OF LAND IDENTIFIED AS PART OF TRACT 2 OF THE J. CADLE SURVEY, ABSTRACT NO. 65, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Master Plan, on behalf of Rockwall SH-205 Venture, LLC for the approval of a Specific Use Permit (SUP) to allow a mini-warehouse facility on a 2.857-acre tract of land, zoned Commercial (C) District, being a portion of a larger 5.549-acre tract land identified as a part of Tract 2 of the J. Cadle Survey, Abstract No. 65, City of Rockwall, Rockwall County, Texas, which is generally located south of the intersection of the IH-30 Frontage Road and Townsend Drive, and more specifically described in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the Unified Development Code [*Ordinance No. 04-*38] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for the construction of a mini-warehouse facility within a Commercial (C) District as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code on the *Subject Property*; and

SECTION 2. That the *Subject Property* shall be used only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and set forth in Section 2.1.10, *Wholesale,*

Distribution and Storage, of Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future, and shall be subject to the additional following conditions and compliance standards:

2.1 Operational Conditions

The following conditions pertain to the operation of a mini-warehouse facility on the *Subject Property*, and conformance to these operational conditions are required for continued operations:

1) Prior to the issuance of a building permit a site plan conforming to the requirements stipulated by the Unified Development Code [*Ordinance No. 04*-38] shall be submitted and approved by the Planning & Zoning Commission, and if necessary City Council.

2) All construction and operations on this property shall generally conform to the Concept Plan depicted in *Exhibit 'B'* of this ordinance.

3) The building elevations submitted with the site plan shall strictly adhere to the Concept Building Elevations depicted in *Exhibit 'C'* of this ordinance, unless required to be modified to conform to the recommendations of the Planning & Zoning Commission and/or City Council.

4) The maximum number of storage units provided shall not exceed 579 units for the facility.

5) All transparent fences shall be wrought iron or similar, and when necessary incorporate landscaping/living screening to screen the interior of the facility. Chain-link fencing shall be prohibited.

6) The height of the building shall not exceed four (4) stories or 60-feet in total height.

7) Outside storage shall be limited to the areas depicted on the Concept Plan in Exhibit 'A', shall not exceed be eight (8) feet in total height, and shall be screened from adjacent properties using a minimum of an eight (8) foot masonry fence. No outside storage of any kind shall be permitted outside of the areas depicted on the Concept Plan. Outside storage shall be limited to the storage of boats, recreational vehicles, and motor or self-propelled vehicles.

8) Businesses shall not be allowed to operate within individual storage units.

9) The commercial operation of rental trucks and trailers shall be prohibited.

10) All signage shall be required to conform to the requirements stipulated by the Code of Ordinances. Additionally, pole signage shall be prohibited on this site.

11) All light poles shall be limited to a maximum height of 20-feet and all light fixture proposed for the site shall comply with the requirements of Article VII, *Environmental Performance*, of the Unified Development Code.

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

FROM: David Gonzales, *Planner*

DATE: June 16, 2014

SUBJECT: Request to Postpone Case No. Z2014-015

On May 29, 2014, the applicant, Dennis D. Alsup, submitted an email to staff requesting to postpone the public hearing for *Case No. Z2014-015* from June 10, 2014 to June 24, 2014. According to the email, the applicant is requesting the postponement due to an annual vacation scheduled during the middle two weeks of June. The new meeting dates for this case are as follows:

Planning & Zoning Public Hearing: June 24, 2014
City Council [1st Reading]: July 7, 2014
City Council [2nd Reading]: July 21, 2014

The postponement and new public hearing dates will need to be announced and read into the record to satisfy the notification requirements stipulated by the Unified Development Code (*§6.2, Article II, UDC*).

Gonzales, David

From: Dennis Alsup <Dennis.Alsup@lamb-star.com>
Sent: Thursday, May 29, 2014 9:20 AM
To: Gonzales, David
Subject: Alsup Accessory Building SUP

Mr. Gonzales, it is with much regret that I must request that the Public Hearing for my SUP for the addition of an Accessory Building on my property be continued to the June 24th P&Z Meeting.

As I have we have discussed, I have my annual vacation scheduled for the middle two weeks in June and I will not be available to attend the first meeting in June.

Please pass my apologizes to the Commissioners.

Thanks again for all of you assistance.

Dennis D. Alsup CCM

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 6/16/2014

APPLICANT: Dennis D. Alsup

AGENDA ITEM: **Z2014-015**; Accessory Building - SUP

Hold a public hearing to discuss and consider a request by Dennis D. Alsup for the approval of a Specific Use Permit (SUP) for an accessory building that does not conform to the size requirements as specified by Section 2.1.2, *Residential and Lodging Use Conditions*, of Article IV, *Permissible Uses*, of the Unified Development Code for a property in a Single-Family 10 (SF-10) District on a 0.74-acre parcel of land identified as a portion of Block 4, Garner Addition, zoned Single-Family 10 (SF-10) District, situated within the North Goliad Overlay (NGC OV) District, located at 921 Alamo Road, City of Rockwall, Rockwall County, Texas, and take any action necessary.

BACKGROUND INFORMATION:

The applicant, Mr. Dennis D. Alsup, is requesting a Specific Use Permit (SUP) to allow for a 240 sq. ft. accessory building exceeding the size requirements of the Single-Family 10 (SF-10) Residential District standards by 15 sq. ft. Under the use standards of the Unified Development Code, the accessory building shall be accessory to a residential use and located on the same lot. By right, in the SF-10 district, no more than two (2) accessory buildings shall be allowed which are up to 225 sq-ft (each) and are 15 ft or less in height, provided the exterior cladding contains only materials found on the main structure. Accessory buildings not meeting these standards shall require approval of an SUP.

The proposed accessory building is a 20' X 12' (240 sq. ft.) wooden structure, matching the materials of the primary structure and will be used for storage purposes. Mr. Alsup has provided a color prospective that indicates his intent of painting the building to match that of their existing home. The roof will be composed of galvalume (metal roof) and the building will have an overall height of 13-ft 6-in. and does not exceed the height requirement established in the UDC. Included in your packet is a survey depicting the accessory building(s) location which exceeds the minimum rear and side yard set-backs as well as the separation requirements from another structure. The accessory building meets or exceeds the minimum standards established by the UDC for a property with the exception of the additional 15 sq. ft. in area requested.

Based on certain findings, a requisition for a zoning change is considered a discretionary act by the Planning and Zoning Commission and City Council. The applicant has provided a letter requesting the SUP, a survey indicating the location of the proposed building (and existing structures), detailed photos and a color prospective for your consideration.

NOTIFICATION:

On May 30, 2014, staff mailed 55 notices to property owners and residents within 500 feet of the subject property. Staff also sent notices to the Lake View Summit and Caruth Lakes Homeowner's Associations (HOA) which are located within 1,500 feet of the subject property. Additionally, staff posted a sign adjacent to the subject property on Alamo Dr. as required by the Unified Development Code (UDC). A public notice has been published in the Rockwall County News meeting state statutes and has been posted on the City's web-site. At the time this case memo was drafted, staff has received one (1) notice "in favor" of and none "opposed" to the request.

RECOMMENDATIONS:

Should the request for an SUP be approved, staff offers the following conditions:

1. That the structure must meet all Building Inspections, Engineering, and Fire Department standards.
2. Submittal and approval of a building permit is required prior to the construction of the accessory building.
3. The accessory building shall comply with the approved site plan and building elevations.
4. The accessory building shall not exceed 240 sq. ft. in area.
5. The accessory building shall not exceed a maximum height of 15 ft. (measured at the midpoint of the pitched roof).
6. The accessory building is subject to administrative review in the event that the subject property is sold to another party, conveyed in any manner to another party, subdivided, or re-platted.
7. The City Council reserves the right to review the Specific Use Permit granted herein upon the expiration of one (1) year from the date hereof.
8. Any construction or building allowed by this request must conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Planning and Zoning Recommendation:

On June 10, 2014, the Planning and Zoning Commission accepted the applicants request to postpone the public hearing until the June 24, 2014 Planning and Zoning meeting.

RE: SUP for 240 S.F. Accessory Building at 921 N. Alamo Rd., Rockwall, TX

To Whom It May Concern:

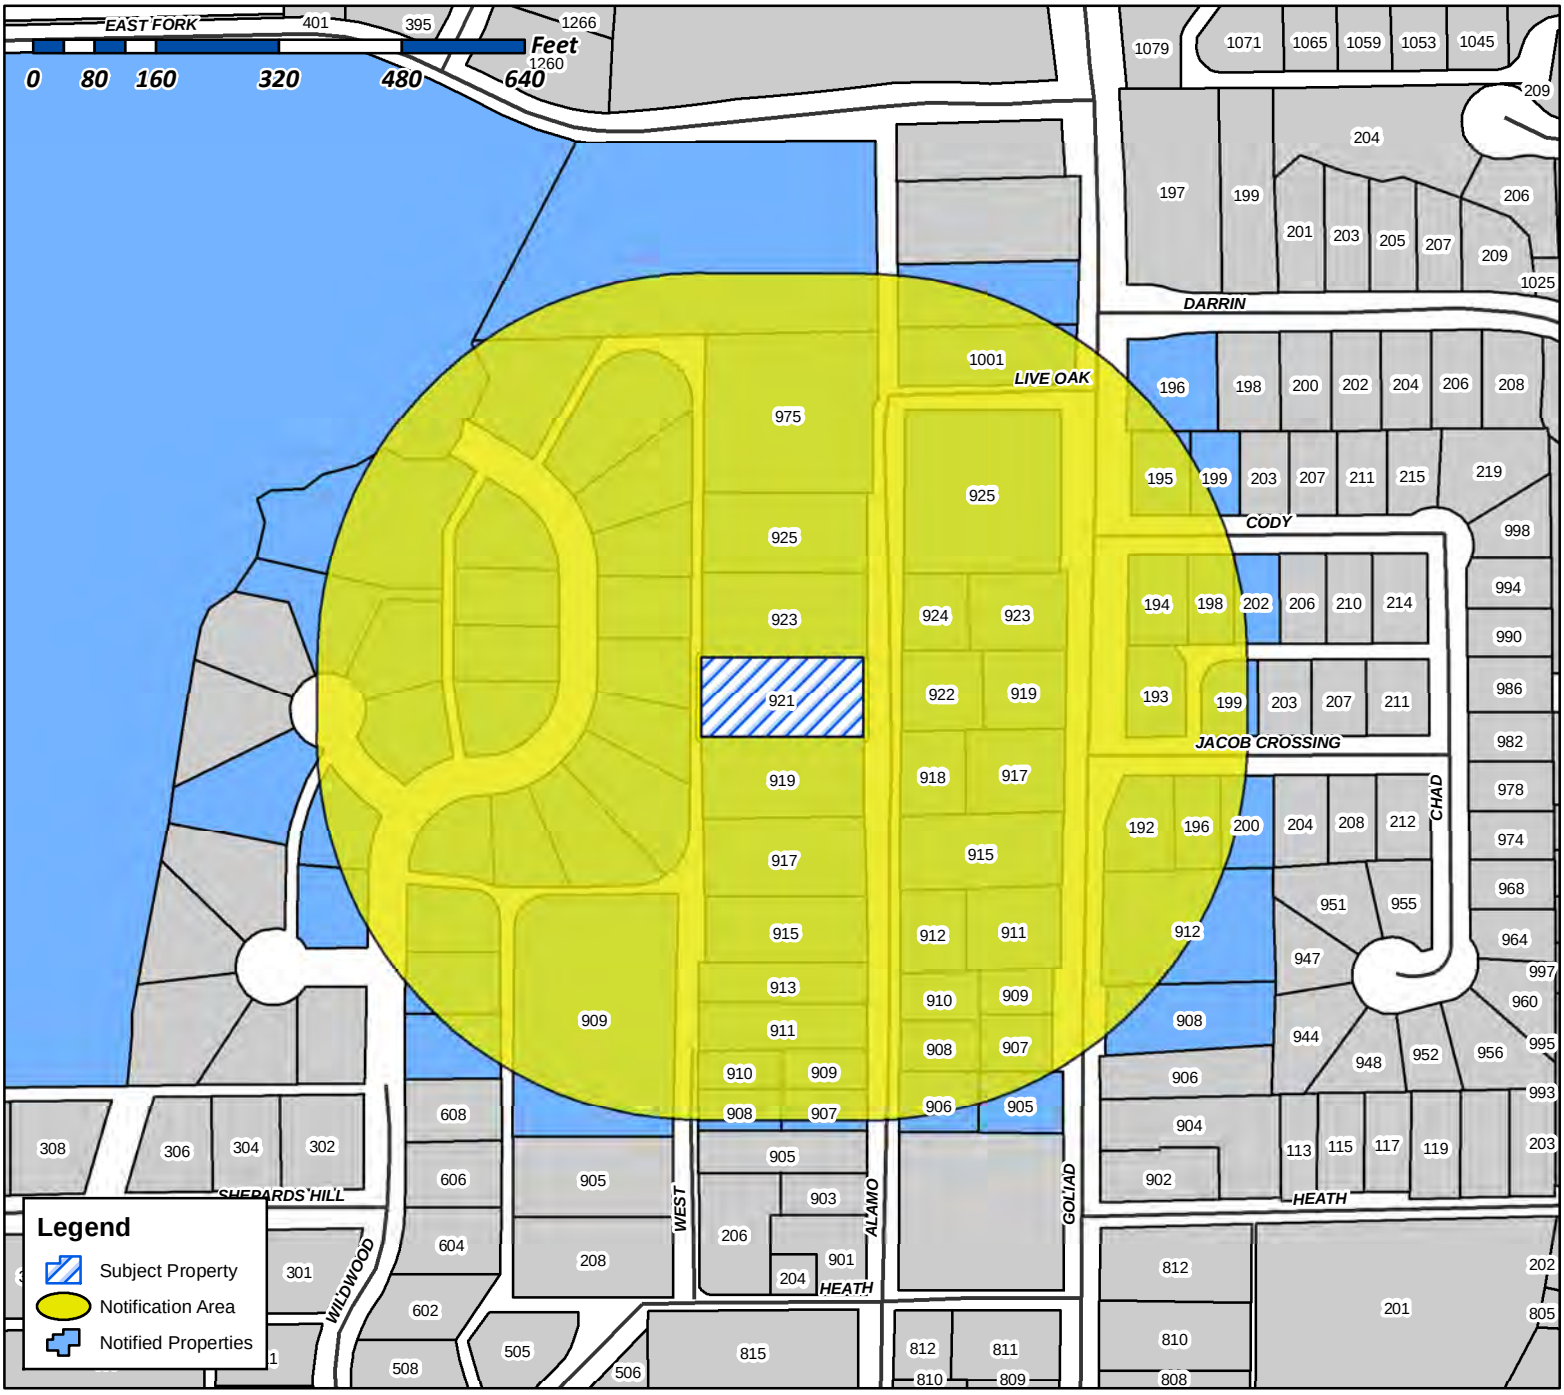
My wife and I would like to place a 12'x20' Shed on the property that we are in the process of purchasing from Mr. Paul Wilcoxson at 921 N. Alamo Rd. in Rockwall.

We have a lot of 0.51 Acres in size.

This building matches the current exterior of our home, which is wood siding and will be painted to match.

We believe that this will be an asset to our home and property value and will in no way adversely affect any of our neighbors, or the value of their property and respectfully ask for approval of this Special Use Permit.

Repectfully,



Dennis and Angie Alsup
921 N. Alamo Rd.
Rockwall, TX 75087

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2014-015: Accessory Building SUP

Hold a public hearing to discuss and consider a request by Dennis D. Alsup for the approval of a Specific Use Permit (SUP) for an accessory building that does not conform to the size requirements as specified by Section 2.1.2, Residential and Lodging Use Conditions, of Article IV, Permissible Uses, of the Unified Development Code for a property in a Single-Family 10 (SF-10) District on a 0.74-acre parcel of land identified as a portion of Block 4, Garner Addition, zoned Single-Family 10 (SF-10) District, situated within the North Goliad Overlay (NGC OV) District, located at 921 Alamo Road, City of Rockwall, Rockwall County, Texas, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 6/10/2014 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 6/16/2014 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **6/16/2014** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

Subject: Case # Z2014-015: Accessory Building SUP

Robert LaCroix,
David Gonzalez,

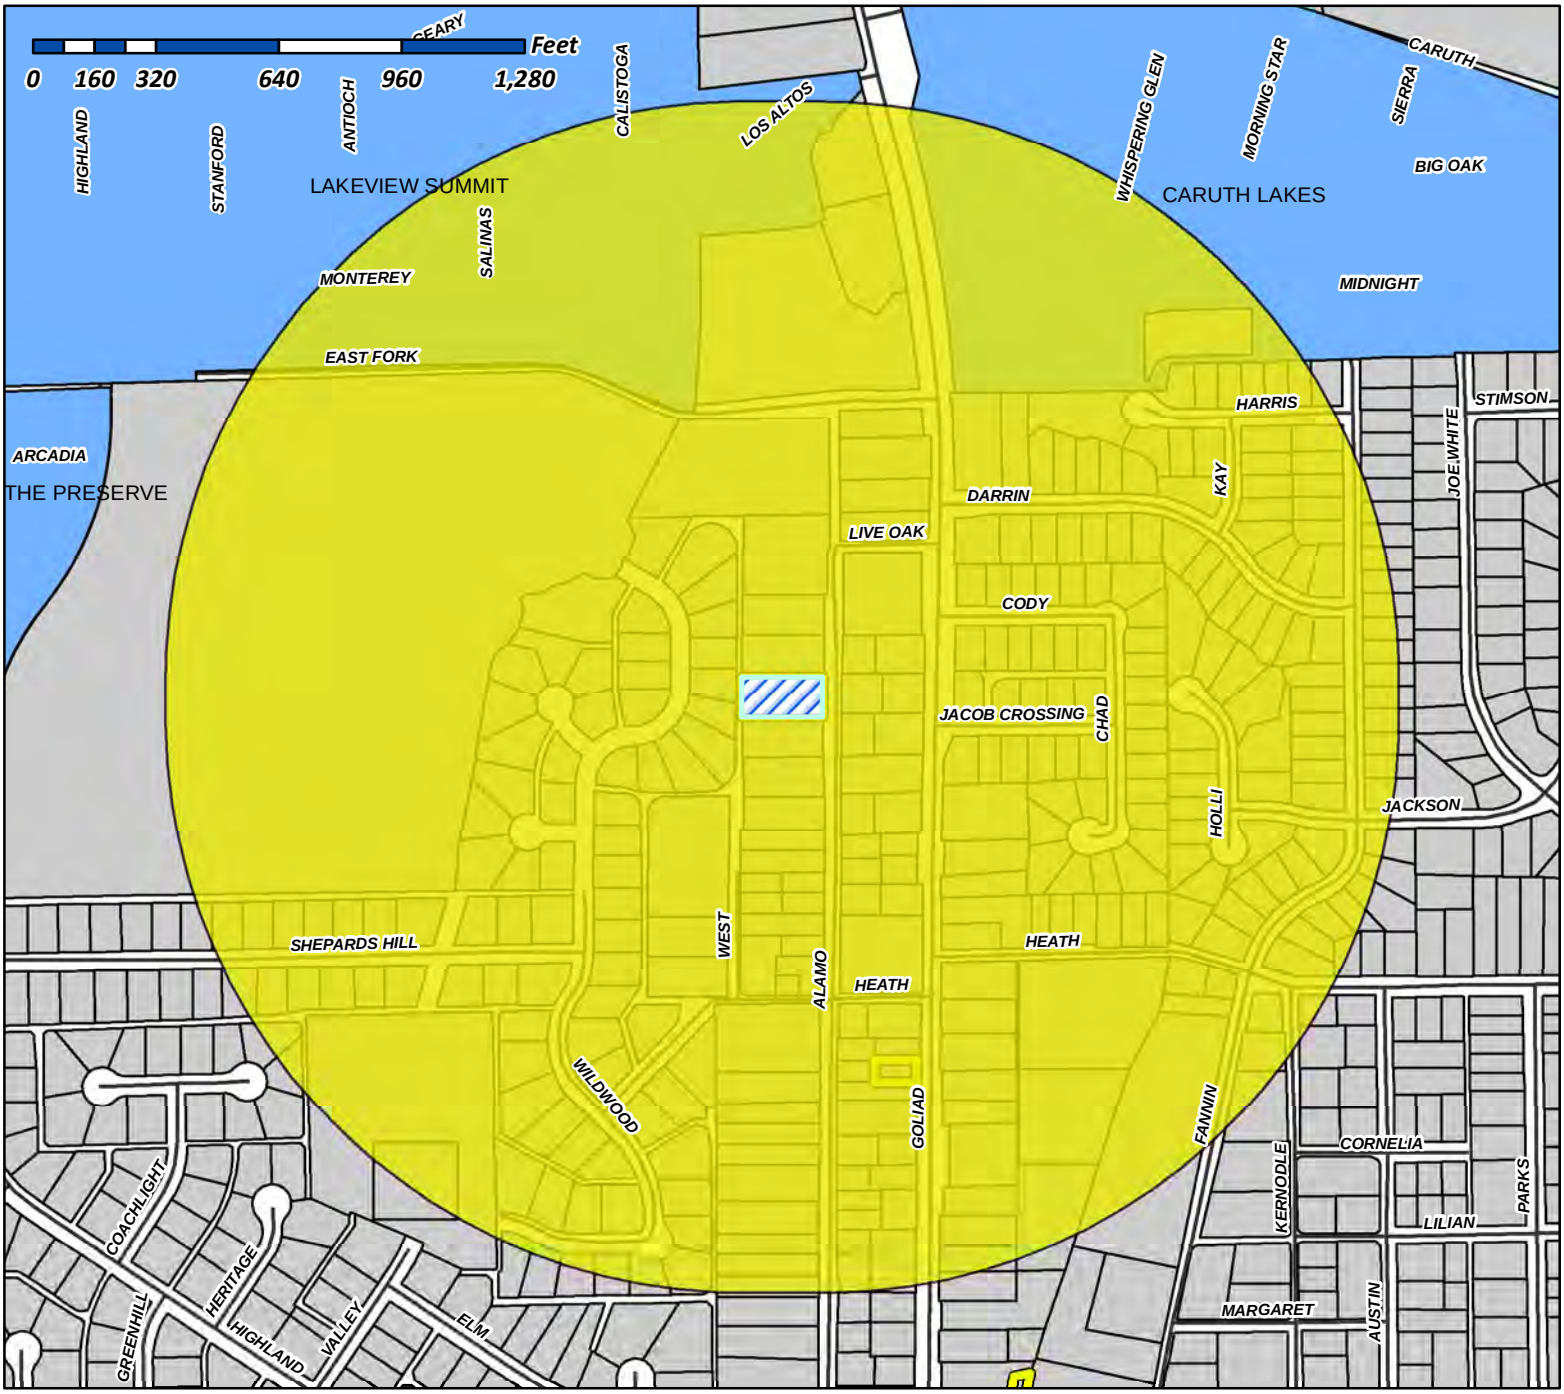
We are the neighbors of Dennis and his wife who live at 921 N. Alamo, we live at 923 N. Alamo Rd. In regards to the new building that Dennis is wanting to put on his property, we ***do not*** have an issue with it.

If having the new building on his property helps him to accomplish the things he wants to or needs to as a home owner then nobody should stop him from achieving his goals. If the building helps to increase his property value, which we all know it will, then let him improve the value of it. If we, as his immediate neighbors, who will see the building everyday do not have a problem with the building, let him build it.

As far as the other people in the area that can not see his property, house, let alone a building behind his house that have a say, who cares. His new building and property have no effect on them. In working for a local Law Enforcement Agency I understand the reason why rules, regulations, and documentation is so important. However, I feel that sometimes common sense goes out the window. But as we hope nobody interferes with the wants/needs in this case, we also hope that if somebody does have an issue with new building that you take into account the opinion of the people the building will have a direct impact on (property that immediately adjoins 921 N. Alamo Rd.) and that it carries more weight, than those who are down the street or can not see his property.

Having grown up in Rockwall and even working for the city in Parks and Rec. while in high school, I know why this city is in such high demand. That is why I recently moved back with my wife and look forward to starting my family here. All we ask is that you include this letter to City Council and take into account the opinions of the neighbors who will be in direct contact with the property at 921 N. Alamo Rd. Unfortunately, as neither of us can make the public hearings due to our work schedules, we ask that this letter be our voice in the matter of case Z2014-015. Thank you for your time and have a blessed day.

Sincerely,



Nick & Alyssa Titlow

p.s. We were just married and we do not know if the records have been updated in your files to verify that we are the home owners. If you have any questions feel free to contact Nick on his cell phone (972) 768-9401.

CITY OF ROCKWALL

ORDINANCE NO. 14-___

SUP NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT WITHIN THE SINGLE-FAMILY RESIDENTIAL (SF-10) DISTRICT ALLOWING FOR AN ACCESSORY BUILDING EXCEEDING THE SIZE REQUIREMENTS, ON THE PROPERTY LOCATED AT 921 ALAMO ROAD, BEING A 0.74-ACRE PARCEL OF LAND IDENTIFED AS A PORTION OF BLOCK 4, GARNER ADDITION, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A'; CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Dennis D. Alsup for a Specific Use Permit allowing for an accessory building exceeding the size requirements within the Single-Family Residential (SF-10) District, on the property located at 921 Alamo Road, being a 0.74-acre parcel of land identified as a portion of Block 4, Garner Addition, City of Rockwall, Rockwall County, Texas, and more specifically described in Exhibit 'A' of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Unified Development Code of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit allowing for an accessory building exceeding the size requirements within the Single-Family Residential (SF-10) District for the *Subject Property*; and

Section 2. That the Specific Use Permit shall be subject to the conditions set forth in ***Article IV, Section 2.1.2, Residential and Lodging Use Conditions,*** of the City of Rockwall Unified Development Code (Ord. No. 04-38) as heretofore amended and as may be amended in the future, and shall be subject to the additional following additions:

1) The accessory building must conform to all Engineering and Fire Department standards; and

2) Submittal and approval of a building permit is required prior to the construction of the

accessory building; and

3) The accessory building must conform to the approved site plan (survey) and building elevations (photo) depicted in Exhibits 'A' & 'B' of this ordinance; and

4) The accessory building shall not exceed 240 square feet in area; and

5) The accessory building shall not exceed a maximum height of 15 feet; and

6) The accessory building is subject to administrative review in the event that the subject property is sold or conveyed in any manner to another party, subdivided, or re-platted; and

7) The City Council reserves the right to review the Specific Use Permit granted herein upon the expiration of one (1) year from the date hereof; and

8) Any construction or building allowed by this request must conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE ____ DAY OF _____, 2014.

NOTES

1) According to F.E.M.A. Flood Insurance Rate Map, Community Panel No. 48397C0030 L dated Sept. 26, 2008, this property lies in Zone X. This property does not appear to lie within a 100-year flood plain.

2) BEARING SOURCE: RECORDED PLAT.

3) ALL 1/2" IRS ARE CAPPED WITH YELLOW PLASTIC CAPS "RPLS 5034."

DESCRIPTION

All that certain lot, tract or parcel of land situated in the J.H.B. JONES SURVEY, ABSTRACT NO. 124, City of Rockwall, Rockwall County, Texas, and being all of that called 1/2 acres tract of land as described in a Warranty deed from Juanita Walker and husband, Roy Walker, et al to Paul Wilcoxson, dated July 31, 1972 and being recorded in Volume 104, Page 358 of the Deed Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner in the West right-of-way line of N. Alamo Road, said point being at the Southeast corner of said Wilcoxson 1/2 acres tract, said point also being at the Northeast corner of a tract of land as described in a Warranty deed from J.D. Jayroe to Carl and Lillian Samples, as recorded in Volume 80, Page 244 of the Deed Records of Rockwall County, Texas;

THENCE N. 89 deg. 47 min. 16 sec. W. along the North line of said Samples tract and South line of said Wilcoxson tract, a distance of 208.70 feet to a 1/2" iron rod found for corner;

THENCE N. 01 deg. 57 min. 27 sec. E. a distance of 108.88 feet to a 3/8" iron rod found for corner at the base of a fence corner post;

THENCE EAST (Controlling bearing line) along the North line of said Wilcoxson tract, a distance of 211.02 feet to a 1/2" iron rod found for corner in the West line of N. Alamo Road;

THENCE S. 03 deg. 09 min. 18 sec. W. along the West line of N. Alamo Road, a distance of 109.76 feet to the POINT OF BEGINNING and containing 0.53 acres of land.

I, Harold D. Fetty, III, Registered Professional Land Surveyor No. 5034, do hereby certify that the above plat of the property surveyed for CAPITAL TITLE COMPANY and DENNIS ALSUP at 921 N. ALAMO ROAD, ROCKWALL, ROCKWALL County, Texas, is the result of a careful collection of the best evidence available to me and my opinion is based on the facts as found at the time of survey. This survey meets the requirements of the Minimum Standards of Practice as approved and published by the Texas Board of Professional Land Surveying, effective September 1, 1992 and subsequent revisions, and the same was surveyed under my supervision on the ground this the 19th day of May, 2014.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 06/16/2014

APPLICANT: Scott W. Blackwood

AGENDA ITEM: **Z2014-016**; Zoning Change (AG to PD)

SUMMARY:

Hold a public hearing to discuss and consider a request by Scott W. Blackwood for the approval of a zoning change from Agricultural (AG) District to a Planned Development District for limited commercial/retail land uses on a 12.493-acre tract of land identified as Tract 17-14 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, located west of the intersection of SH-205 [S. Goliad Street] and S. FM-549, and take any action necessary.

BACKGROUND INFORMATION AND PURPOSE:

On January 21, 2014, the subject property was annexed under *Case No. A2013-001* (*Ordinance No. 14-04*) and issued an Agricultural (AG) District zoning designation. The intent of the applicant's request is to change the zoning designation of the subject property from an Agricultural (AG) District to a Planned Development District for limited commercial/retail land uses to facilitate the sale of the property. According to a letter provided by the owner of the property the reason the Planned Development District is being requested is to limit the potential uses and provide transition between the commercial property to the north and the residential property to the south. Currently, the 12.493-acre tract of land is being utilized for residential land uses and has an existing single family home situated on it.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property is a 7.32-acre tract of land zoned Commercial (C) District that has a residential structure being utilized as an office building. To the northeast of the subject property is a residential home situated on a 6.0-acre tract of land. Beyond these uses are S. Goliad Street [*SH-205*] and S. FM-549.

South: Directly south of the subject property is a residential home situated on a 12.5-acre tract of land. Beyond this is a 134.33-acre tract of vacant land that is a portion of a larger 254.082-acre tract of land. Both properties are zoned Agricultural (AG) District.

East: Directly east of the subject property is remainder of the 134.33-acre tract of vacant land that is a portion of a larger 254.082-acre tract of land zoned Agricultural (AG) District. Beyond this property is S. Goliad Street [*SH-205*].

West: Directly west of the subject property is S. FM-549 followed by the Oaks of Buffalo Way, which is a 109.57-acre development containing 58 single-family homes that are zoned Single Family Estate 1.5 (SFE-1.5) District.

ANALYSIS:

The UDC indicates that Commercial (C) Districts are general in nature and contain development standards that are less stringent than the development standards required for the Residential-Office (RO), Neighborhood Services (NS) and General Retail (GR) Districts (*§4.5.4; Art. V; UDC*). Additionally, it states that Commercial (C) Districts are generally developed with intensive commercial uses that carry large volumes of traffic and should be adjacent to arterials or major collectors that can absorb the added capacity (*§4.5.2; Art. V; UDC*). The subject property is approximately 650-feet from the intersection of SH-205 and FM-549, which is currently a 'T' intersection. On the north side of the intersection is a 43.812-acre tract of land that was rezoned to a Commercial (C) District designation on March 4, 2013 [*Case No. Z2013-002; Ordinance No. 13-03*]. The City's current Thoroughfare Plan, contained within the Comprehensive Plan, indicates that this 43.812-acre tract of land will eventually be divided by the realignment of FM-549, which will connect into the existing 'T' intersection. In addition, the 7.32-acre tract of land located at the southern corner of the intersection was rezoned to a Commercial (C) District designation on April 4, 2010 [*Case No. Z2010-021; Ordinance No. 11-12*]. The approval of this zoning case would increase the commercial acreage offered at this intersection from 51.132-acres to 63.625-acres. It is also important to note that the 7.130-acre property on the west side of the intersection is currently zoned Agricultural (AG) District; however, due to the adjacent land uses and the size and location of the property it would best be served by a Commercial (C) District (*or comparable*) zoning designation. Additionally, it is designated for *Commercial* land uses on the Future Land Use Map.

Directly northwest of the subject is the Oaks of Buffalo Way subdivision (zoned SFE-1.5), which contains 58 single-family lots on 109.57-acres of land. Addressing adjacency issues the Comprehensive Plan states that commercial "(z)oning should only be allowed where the [a] commercial use is eminent and where it would be planned and integrated with the adjacent residential neighborhoods." The applicant has stated that the purpose of the zoning request is to facilitate the sale of the property and that no end user has been identified. Through the Planned Development District the applicant has attempted to mitigate potential uses, which could be viewed as undesirable to the adjacent residential neighborhood. Additionally, staff has included a condition that the heights of buildings be further regulated to require a Specific Use Permit (SUP) if they exceed 36-feet in height with a maximum permissible height of 60-feet (the maximum permissible height in a SFE-1.5 zoning district is 36-feet) [*see the #2 in the Recommendations section below*]. Currently the Commercial (C) District allows for a maximum permissible height of 240-feet, requiring an SUP after exceeding 60-feet.

In approving a Planned Development District the City Council is asked to consider the plans conformance to the comprehensive plan, the proposed land uses and there potential impact on adjacent land uses, and if the proposed plan furthers the public health, safety and general welfare of the community (*§2.1.I; Art. X; UDC*). In this case the applicant intends to rezone the property to facilitate the sale of said property, and is requesting the Planned Development District zoning designation for the purpose of limiting the uses permitted in a Commercial (C) District to lessen the potential impact on the adjacent residential properties. Should the request be approved a PD Development Plan and PD Site Plan would be required prior to the development of the property.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map, adopted with the Comprehensive Plan, designates the subject property for *Low Density Residential* land uses. Should the City Council approve the applicant's request, the Future Land Use Map will be required to be amended with the next Comprehensive

Plan update to reflect the proposed change in land use from *Low Density Residential* to a *Commercial* designation.

NOTIFICATION:

On May 30, 2014, staff mailed 17 notices to property owners and residents within 500 feet of the subject property. Staff also sent a notice to the Oaks of Buffalo Way Homeowner's Associations (HOA), which is the only HOA located within 1,500 feet of the subject property. Additionally, staff posted a sign along FM-549, which is the only street frontage adjacent to the subject property as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had received one (1) in favor of the request and two (2) notices in opposition to the request.

According to Section 8.4, *Protest of Proposed Change in Zoning*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code in the event that written and signed protest is received by owners representing 20% or more of the area of the lots or land within 200-feet of the subject property in such zoning change the request shall require a favorable vote of three-fourths (¾) of all eligible member of the City Council. In this case, the two (2) notices received in opposition represent ~30.04% of the land area within 200-feet of the subject property. This case will require a three-fourths (¾) majority vote to be approved by the City Council.

RECOMMENDATIONS:

If the City Council approves the applicant's request to change the zoning of the subject property from an Agricultural (AG) District to a Planned Development District for limited commercial/retail uses then staff would propose the following conditions of approval:

1) The *Subject Property* shall comply with all the requirements specified by Section 4.1, *General Commercial District Standards*, and Section 4.5, *Commercial (C) District*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] unless specifically stated within the draft ordinance,

2) Any structure exceeding 36-feet in height shall require a Specific Use Permit (SUP) with the maximum permissible building height on the *Subject Property* being limited to 60-feet,

3) The *Subject Property* shall be used only in accordance with the uses stipulated by the attached list of *Permissible Uses*,

4) Prior to the acceptance of a preliminary plat and/or site plan for the *Subject Property* a PD Development Plan shall be required to be submitted and reviewed by the Planning and Zoning Commission, and upon recommendation by the Planning and Zoning Commission, acted on by the City Council,

5) Prior to the acceptance of a preliminary plat for the *Subject Property* a PD Site Plan shall be required to be considered by the Planning and Zoning Commission, and if applicable acted on by the City Council, and

6) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire

codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On June 10, 2014, the Planning and Zoning Commission recommended denial of the applicants request by a vote of 5-1, with Commissioner Lyons dissenting and Commissioner Minth absent.

ADDENDUM (06/11/2014):

Based on the concerns raised by the Planning and Zoning Commission at their meeting on June 10, 2014 the applicant has requested to remove the following uses from the draft ordinance:

- ☑ Pawn Shop
- ☑ Private Club
- ☑ Restaurant, Less than 2,000 Sq. Ft., with Drive-Through or Drive-in
- ☑ Restaurant, 2,000 Sq. Ft., with Drive-Through or Drive-in
- ☑ Restaurant with Accessory Private Club or Brew Pub

If the City Council chooses to approve the applicant's request with these changes a motion will need to be made specifically addressing the exclusion of these uses.

Subject: Fwd: Scott & Glenita Blackwood Zoning Application Changes

Mr. Miller,

First of all, as I pointed out to Scott, I was thoroughly impressed with your presentation and how you represented an unbiased view for all involved. I admire and appreciate your professionalism and applaud you!

Here is a list of planned zoning changes we wish to address and remove for all to be comfortable and our desire is to find a fair platform for all parties involved with our proposed planning zone change.

Please remove the following uses made below:

Pawn Shop
Private Club
Restaurant, Less than 2000 Sq. Ft., w/Drive-Thru or Drive-in
Restaurant, 2000 Sq. Ft. or more, w/ Drive-Thru or Drive-in
Restaurant with accessory Private Club or Brew Pub

Thank you for including us in next week's City Council Agenda.

Subject: Zoning Case # Z2014-16. In Favor of Change.

Mr. Lacroix,

RE: Zoning Case # Z2014-016

We own the 264 acres adjacent to the subject property. Rockwall HighGate LP. The physical address is 5565 FM 549.

We support the zoning change for this parcel to commercial and other parcels around the future 4 way intersection at 205 & 549. There is no doubt that commercial is the highest and best use for this corner, and we believe that this intersection will someday be a significant commercial intersection and will help support future residential and commercial development in the area. This development area will add a significant amount to the Rockwall tax base. Additionally, we believe that Rockwall must continue to promote growth in order to attract world class companies and people to the area.

Sincerely,

Scott Asbury
Managing Member, Rockwall HighGate LP

Rockwall, TX 75087

Ryan,

I am writing to voice my concerns regarding case Z2014-016 for a proposed zoning change. Rezoning the property in question to commercial would drastically affect the homeowners at Oaks of Buffalo Way, my family (the adjoining property) and the homeowner abutting this property on 205. We have all invested a lot of time and money in our homes and certainly don't want to be faced with having an Exxon or worse literally in our neighborhood. This is not what Rockwall was built on and not what Rockwall is known for.

The current zoning is the correct zoning and this should not be taken lightly. A few years ago Rockwall was ranked as the number one place to raise a family and everyone was proud of that. Changing the zoning of this property will affect the quality of life for so many families that built here with the intentions of living a quiet, peaceful life away from the trappings of the city.

The Mission Statement for the City Rockwall states:

The purpose of the government of the City of Rockwall is to provide responsible leadership and the services and infrastructure necessary for a safe environment and a high quality of life for our citizens.

Please do not approve this zoning change request as it does not protect the high quality of life for the citizens in our neighborhood that is mentioned in the mission statement.

Sincerely,

Greg Faris

PLEASE RETURN THE BELOW FORM

Case No. Z2014-016: Zoning Change (AG to PD)

Please place a check mark on the appropriate line below:

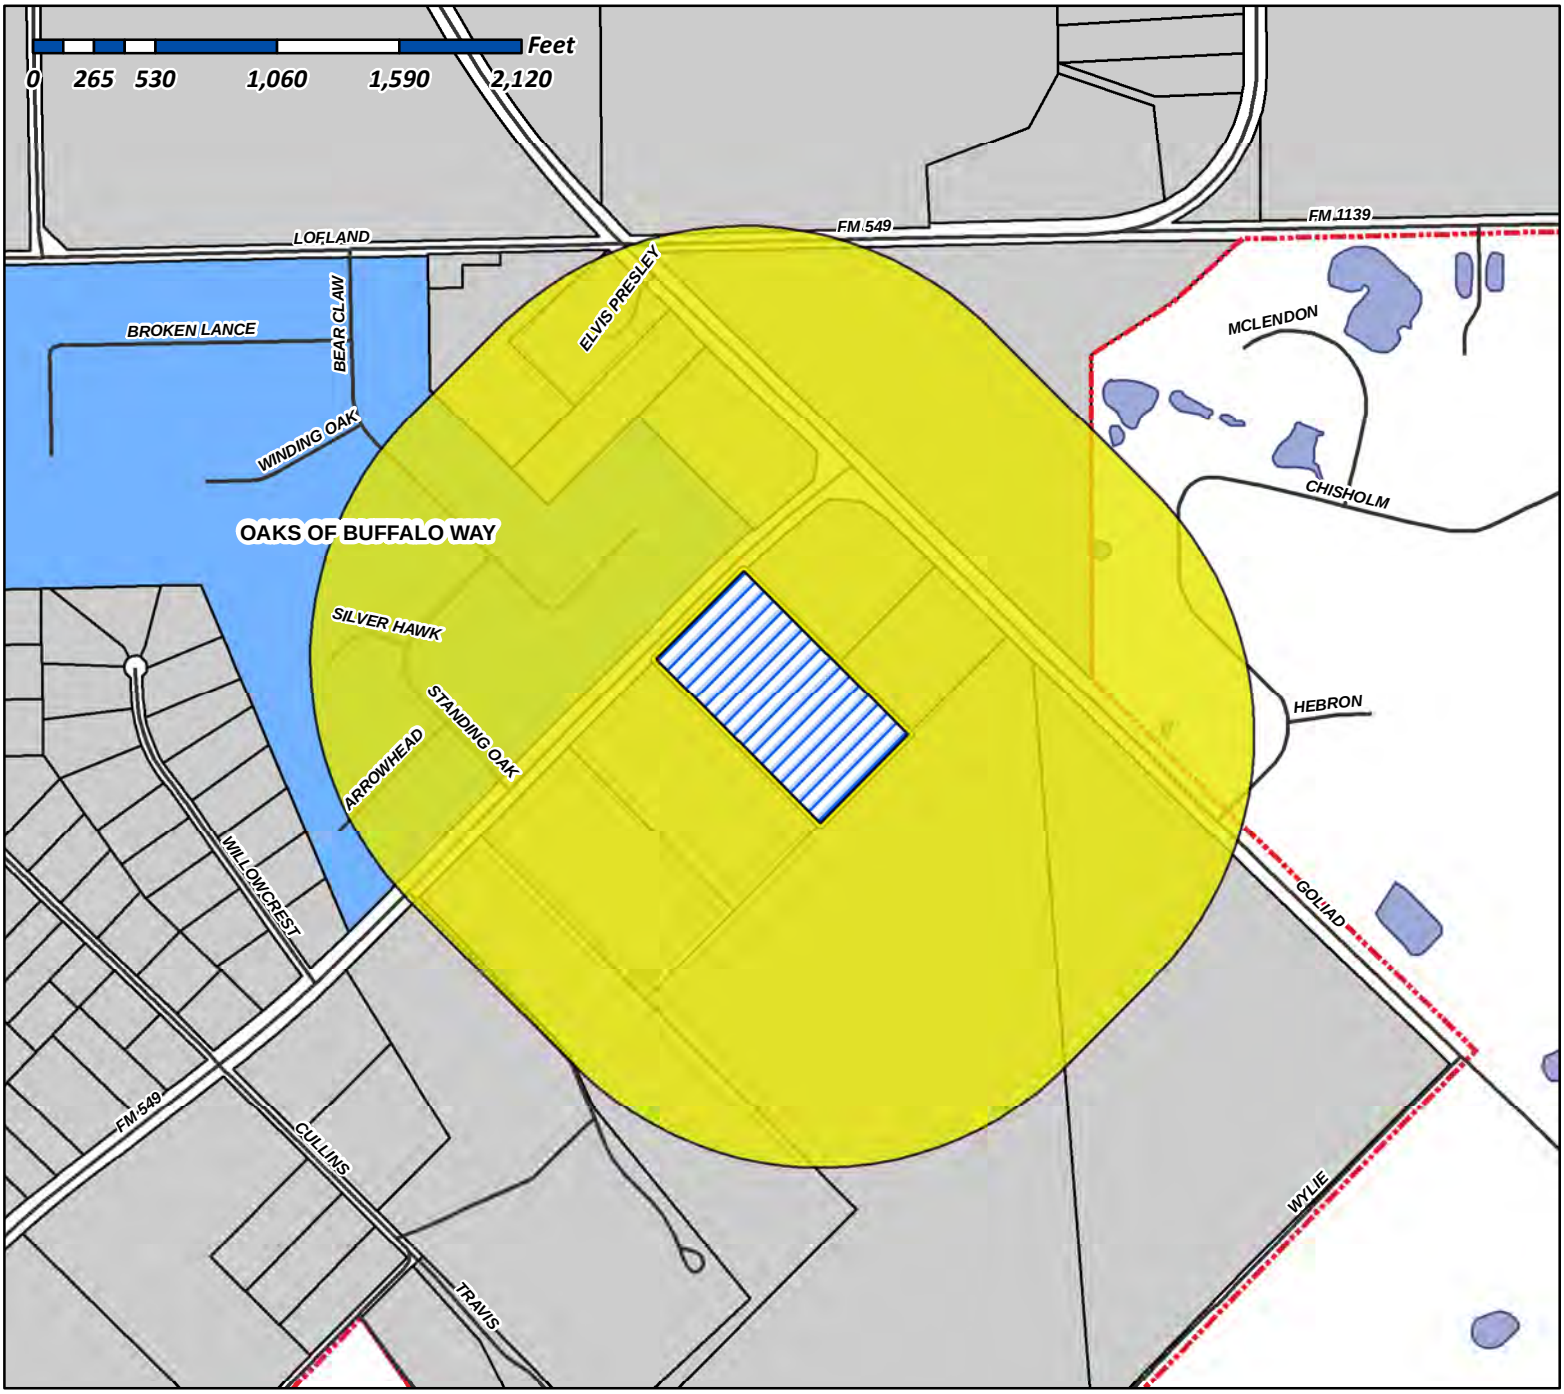
☐ I am in favor of the request for the reasons listed below.

☑ I am opposed to the request for the reasons listed below.

It affects property value and could potentially affect the security of our home. It also increases traffic in the area which is already very bad.

Name: PHILIP LIVING TRUST, MOHAN PHILIP

Address: 5160 BEAR CLAW LN, ROCKWALL, TX- 75032



Tex. Loc. Gov. Code, Sec. 211.006 (d) **If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.**

Dear Sirs:

On the advice of our real estate agent, Stephen Straughan, we are making a formal request for a zoning change to Planned Development. With the adjacent property to the east with commercial zoning being offered for sale and the undeveloped land to the south, we believe that the best zoning for our land is a Planned Development.

My wife and I are selling our residence and are requesting the Planned Development to limit potential uses.

Within this request are the uses that we would like to have included within the Planned Development, either as a permitted use or a use with a Special Use Permit.

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A PLANNED DEVELOPMENT DISTRICT FOR LIMITED COMMERCIAL (C) DISTRICT LAND USES ON A 12.493-ACRE TRACT OF LAND IDENTIFIED AS TRACT 17-14 OF THE W. W. FORD SURVEY, ABSTRACT NO. 80, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AND BEING MORE SPECIFICALLY DESCRIBED IN EXHIBITS 'A' & 'B' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by Scott W. Blackwood for a change in zoning from an Agricultural (AG) District to a Planned Development District for limited Commercial (C) District land uses on a 12.493-acre tract of land identified as Tract 17-14 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A' & 'B'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning of the *Subject Property* from an Agricultural (AG) District to a Planned Development District.

Section 2. In accordance with *Section 1.3(B), "PD Development Plan*," of *Article X, "Planned Development Regulations,"* of the *Unified Development Code* of the City of Rockwall, prior to the acceptance of an application for preliminary plat and/or site plan for the *Subject Property* a PD Development Plan shall be required to be submitted and reviewed by the Planning and Zoning Commission, and upon recommendation by the Planning and Zoning Commission, acted on by City Council.

Section 3. In accordance with *Section 1.3(C), "PD Site Plan*," of *Article X, "Planned Development Regulations,"* of the *Unified Development Code* of the City of Rockwall, prior to or concurrently with the acceptance of an application for preliminary plat for the *Subject Property* a PD Site Plan shall be required to be considered by the Planning and Zoning Commission, and if

applicable acted on by the City Council.

Section 4. That the *Subject Property* shall be developed only in the manner and for the purposes provided for a Commercial (C) District as stipulated in *Section 4.1, "General Commercial District Standards,"* and *Section 4.5, "Commercial (C) District",* of *Article V, "District Development Standards",* of the *Unified Development Code* of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as maybe amended in the future, with the exception of the following requirements:

☑ *Maximum Building Height.* Any structure exceeding 36-feet in height shall require a Specific Use Permit (SUP) with the maximum permissible building height being limited to 60-feet.

Section 5. That the *Subject Property* shall be used only in accordance with the following permitted uses and that all other applicable requirements that control land use shall conform to the Commercial (C) District requirements as stipulated in *Section 1.1, "Use of Land and Buildings,"* of *Article IV, "Permissible Uses,"* of the *Unified Development Code* of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as maybe amended in the future.

Section 6. The *Official Zoning Map* of the City of Rockwall, Texas shall be amended to reflect the change in zoning for the *Subject Property* as described in this ordinance.

Section 7. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 8. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 9. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas.

Section 8. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 7TH DAY OF JULY, 2014.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 06/16/2014

APPLICANT: Dick Skorburg, *Skorburg Company*

AGENDA ITEM: **Z2014-017**; Breezy Hill Amendments (PD-74)

SUMMARY:

Hold a public hearing to discuss and consider a request by Dick Skorburg of the Skorburg Company on behalf of Breezy Hill 405, LTD for the approval of a zoning amendment to Planned Development District 74 (PD-74) to amend the concept plan to allow for additional single-family residential lots and allow for changes to the development standards contained in Exhibit 'C' of Ordinance 12-26 for 405.184-acres of land identified as Tract 7 & 7-1 of the J. Strickland Survey, Abstract No. 187, Rockwall, Rockwall County, Texas, generally located north of FM-552 and west of Breezy Hill Road, and take any action necessary.

BACKGROUND:

The property was annexed in 2008 after three (3) years of litigation that lead to the execution of a Chapter 212 Development Agreement. In accordance with this agreement, the property was zoned to Planned Development District 74 (PD-74) on April 20, 2009 with the intention of being a master planned residential community that offered tracts of land designated for retail/office, residential, and institutional land uses. The approval of this zoning change altered the existing 212 Development Agreement -- which originally permitted 810 single family residential lots and did not contain any retail acreage -- to include 658 single family residential lots and a 59-acre tract of land designated for general retail land uses. The retail tract of land is located at the northeast corner of the intersection of FM-552 and John King Boulevard (see *Exhibit 'A'* to view the original *PD Concept Plan*).

On October 1, 2012 the City Council approved an amendment to Planned Development District 74 (PD-74) modifying the concept plan to remove the school sites that were originally required by the *Facilities Agreement* and adjusting the lot mix accordingly [*i.e. increasing the number of lots from 658 to 691*] (see *Figure 1* for the adjusted lot mix). As part of this zoning amendment, the applicant requested and was granted relief with respect to the construction of Breezy Hill Road. Originally, the developer was required to dedicate the mandatory right-of-way and construct one-half of the roadway adjacent to the entire development. With the zoning change this requirement was modified within the *Facilities Agreement* to include only the portion of the roadway adjacent to the retail acreage (see *Exhibit 'B'* to view the current *PD Concept Plan*; see *Exhibit 'C'* to view an excerpt from the current *Facilities Agreement* with regard to Breezy Hill Road).

Figure 1: Current Lot Mix

Lot Types	*A*	*B*	*C*	*D*
Typical Lot Frontage *(Feet)*	60	70	80	100
Typical Lot Depth *(Feet)*	120	120	125	200
Minimum Lot Size *(Sq. Ft.)*	7,200	8,400	10,000	20,000
Number of Units	134	133	326	98
Dwelling Unit %	19.4%	19.2%	47.2%	14.2%

On March 14, 2014 the applicant submitted an alternate concept plan depicting a reduction in the number of acres designated for retail land uses from 59-acres to 26.4-acres for the purpose

of incorporating a new phase of 111, 50' x 120' lots into Planned Development District 74 (PD-74). City Council denied this request on April 21, 2014 and since the request was denied without an indication of prejudice the action was considered to be a *denial with prejudice* (*§8.3.B; Article II, UDC*). This motion restricts the applicant's ability to submit a zoning application for any portion of the subject property -- unless the application is for a more restrictive, less intense use or development *(§8.3.B; Article II, UDC*) -- for a period of one (1) year from the date of denial.

In accordance with Section 8.3.D, *Council Approval or Denial*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code the applicant submitted a written request to the Director of Planning on May 2, 2014 seeking approval from the Planning and Zoning Commission to refile a zoning amendment to Planned Development District 74 (PD-74). As part of the written request the applicant included a concept plan showing 55, 50' x 120' lots and 47, 60' x 120' lots (*total of 102 lots*), which represented a decrease of nine (9) lots from the original application. The Planning and Zoning Commission denied this request on May 13, 2014 on the grounds that the proposed changes did not represent a substantial change from the original request.

In response to this denial, the applicant further amended the proposed zoning concept plan to incorporate 92, 60' x 120' lots, which represented a 17% reduction from the original zoning amendment. Additionally, the applicant also included increased open space and a five (5) foot trail running east to west in order to increase the connectivity of the retail areas to the proposed single-family acreage. This request was resubmitted on May 21, 2014 and on May 27, 2014 the Planning and Zoning Commission ruled that the submitted plan represented enough of a substantial change to allow the applicant to resubmit a zoning application.

PURPOSE AND CHARACTERISTICS OF THE REQUEST:

The applicant has submitted an alternate concept plan depicting a reduction in the number of acres designated for retail land uses from 59-acres to 33.7-acres for the purpose of amending Planned Development District 74 (PD-74). The reduction in the retail acreage is to accommodate a new phase of the Breezy Hill Subdivision (*identified as Phase IX on the PD Concept Plan*) that will incorporate 92, 60' x 120' lots, or *Type 'A'* lots. As part of this change the applicant has included adjustments to the lot percentages contained in the PD Ordinance; however, this does not change the number of large lots (*i.e. Type 'C' & 'D' lots*) being proposed. *The proposed PD Concept Plan is depicted in Exhibit 'D' and a copy of the proposed changes to the development standards is contained in Exhibit 'E'.*

The new lot mix is as follows:

Figure 2: Proposed Lot Mix

Lot Types	*A*	*B*	*C*	*D*
Typical Lot Frontage *(Feet)*	60	70	80	100
Typical Lot Depth *(Feet)*	120	120	125	200
Minimum Lot Size *(Sq. Ft.)*	7,200	8,400	10,000	20,000
Number of Units	206	112	326	98
Dwelling Unit %	27.80%	15.10%	43.90%	13.20%

STAFF ANALYSIS:

The current *Facilities Agreement* states that the "(d)eveloper shall construct Breezy Hill Road in conjunction with the retail tract that is final platted adjacent to Breezy Hill Road." It is important to point out that the concept plan eliminates the adjacency of the retail acreage to Breezy Hill Road and would relieve the developer of this responsibility; however, the developer would

continue to be responsible for the dedication of right-of-way and the subsequent improvements to the drainage areas adjacent to the roadway.

In the previous three (3) zoning cases the developer has stated that no direct access will be provided to Breezy Hill Road from the residential or retail portions of the development. The proposed concept plan does not change this condition and further clarifies the position by depicting a lot layout that does not access the roadway. Additionally, the minutes from the previous meetings indicate that the purpose behind this stipulation was to mitigate the concerns of the property owners (the majority of which are situated within the unincorporated areas of the City's extraterritorial jurisdiction) in regard to the retail land area. By removing this retail use adjacency the applicant has further mitigated the concerns expressed by residents in the previous cases.

With regard to the proposed increase in the number of lots from 691 to 742, it is important to note that the original Chapter 212 Development Agreement permitted the applicant 810 single-family lots, and that the proposed concept plan has a lot count that is substantially less.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map contained within the Comprehensive Plan designates the subject property for *Commercial* land uses. If the zoning case is approved the Future Land Use Map will be required to be amended with the next Comprehensive Plan update to reflect the proposed land use change.

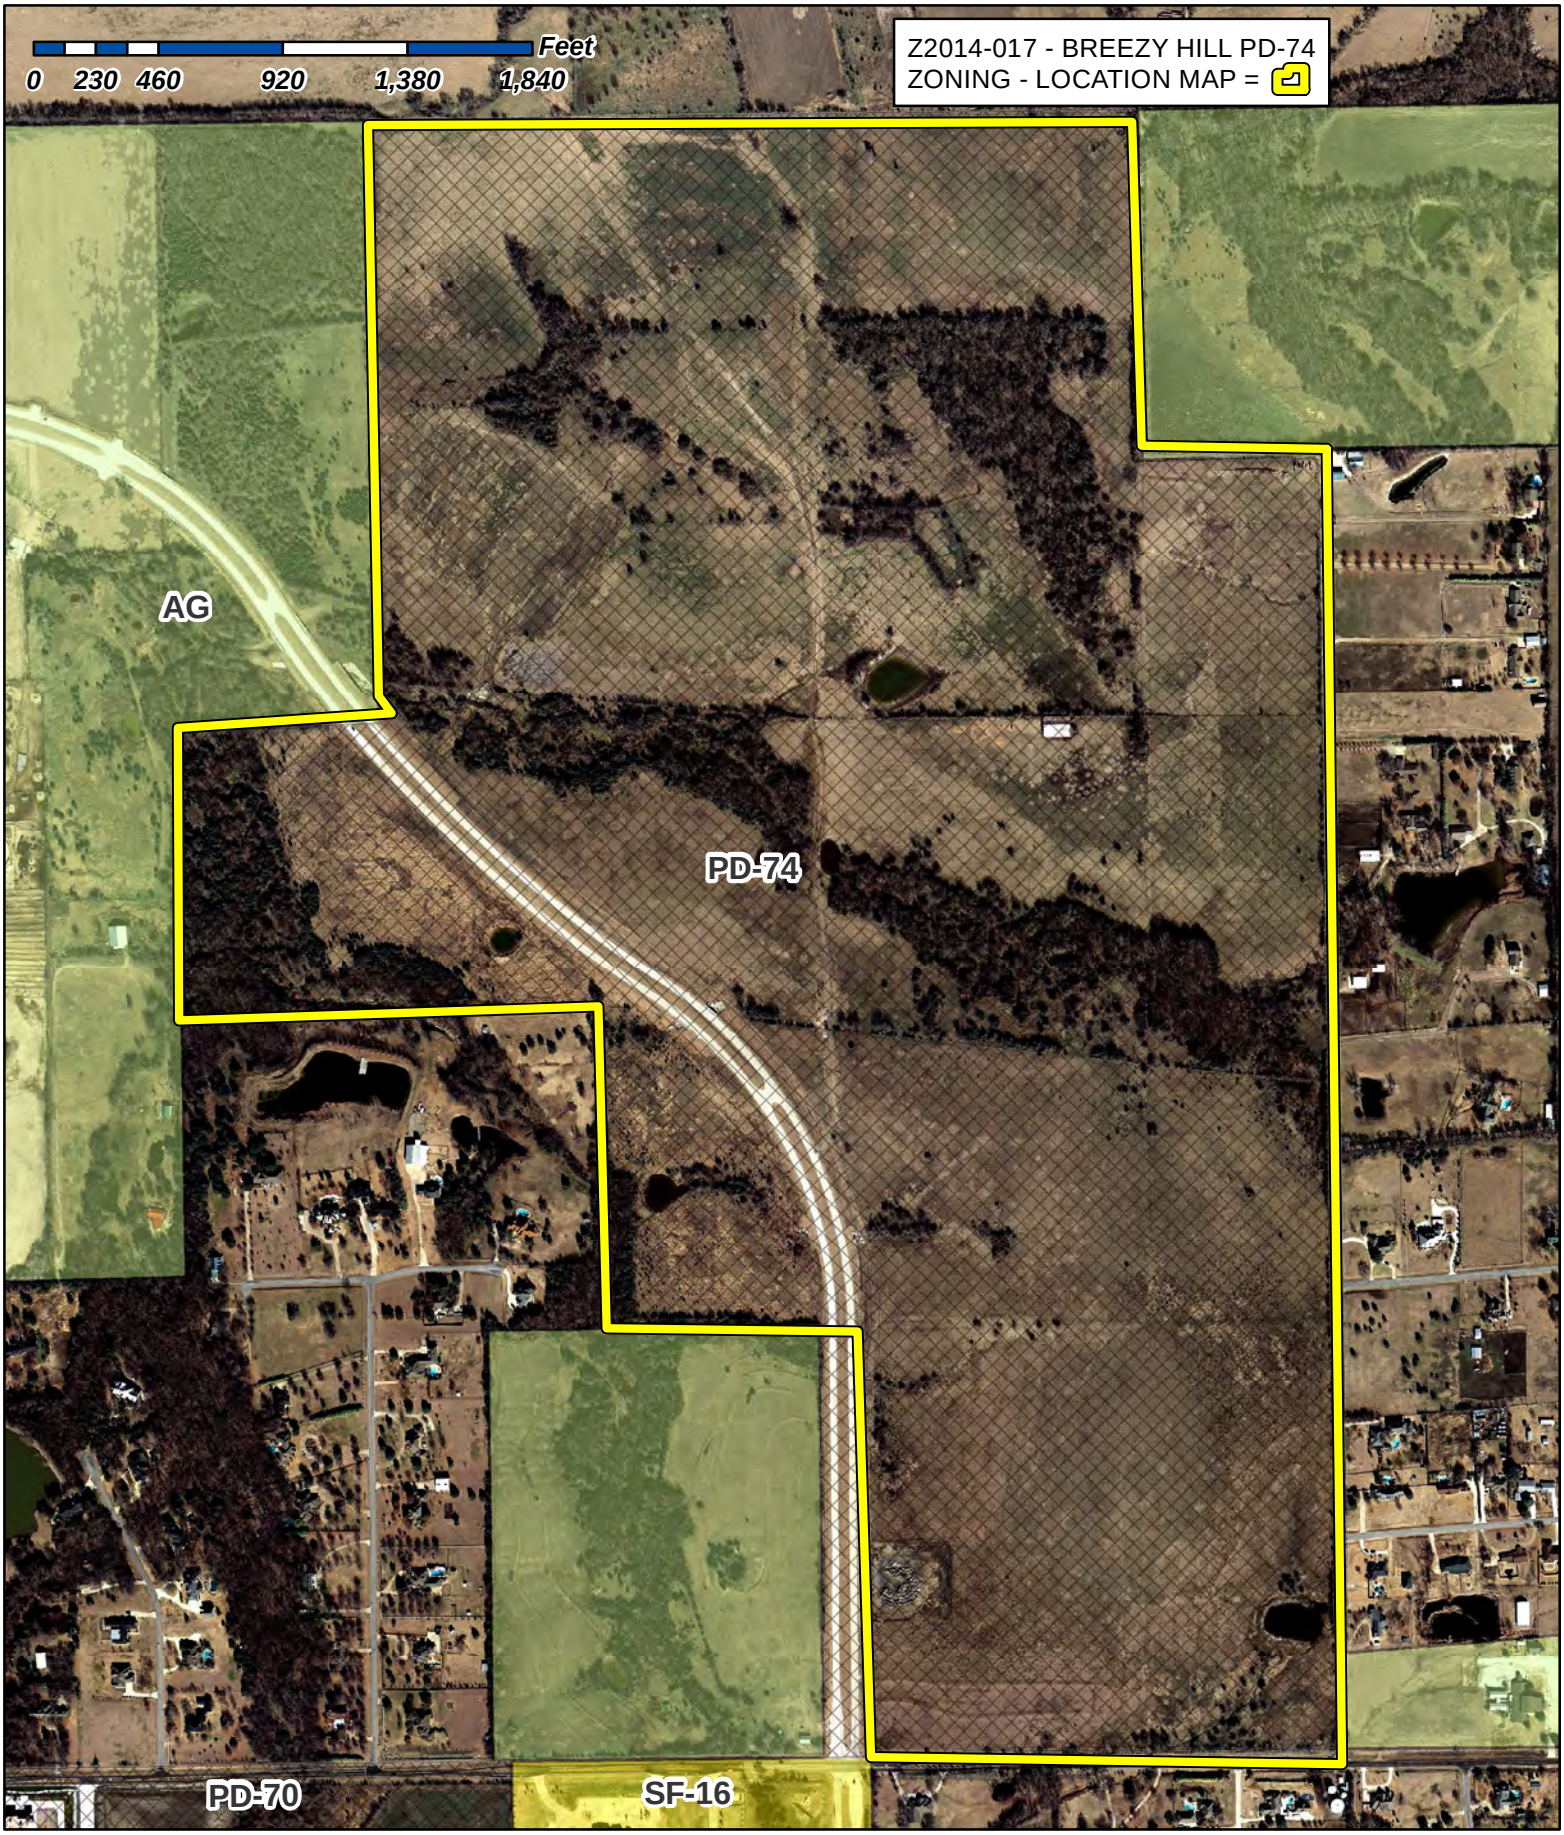
NOTIFICATION:

On May 30, 2014, staff mailed 16 notices to property owners and residents within 500 feet of the subject property. Staff also sent notices to the Stoney Hollow and Stone Creek Homeowner's Associations (HOA), which are the only HOA's located within 1,500 feet of the subject property. Additionally, staff posted a sign at the northwest corner of the intersection of FM-552 and John King Boulevard as required by the Unified Development Code (UDC). At the time this case memo was drafted no responses were received by staff.

RECOMMENDATIONS:

If the Planning and Zoning Commission recommends approval of the applicant's request to amend Planned Development District 74 (PD-74) then staff would propose the following conditions of approval:

1) The proposed development shall be prohibited from providing access to Breezy Hill Road,



2) Prior to accepting a Preliminary Plat for the proposed phase (i.e. depicted in pink of the *PD Concept* Plan in *Exhibit 'D'*) the applicant shall submit a replat of Phase IIB to incorporate the proposed roadway connecting the two phases,

3) Prior to accepting a Preliminary Plat and/or a Planned Development Site Plan for the remaining area designated as *retail* on the *PD Concept Plan*, a *PD Development Plan* must be approved by City Council, and

4) Any construction resulting from the approval of this *zoning amendment* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On June 10, 2014, the Planning and Zoning Commission recommended approval of the applicant's request to amend Planned Development District 74 (PD-74) by a vote of 5-1, with Commissioner Nielson dissenting and Commissioner Minth absent.

To: Miller, Ryan; Planning
Subject: 2014-017

Mr. Miller-
I have been trying to get information regarding yet another 'Proposed Zoning Change" sign at the NE corner of John King/FM 552. I've visited the website but the details of the request are not available. I noticed there is a public hearing on June 10th but, again, there are no specific details regarding the zoning change request.

I have lived in Rockwall for 29 years and live across the street from this massive new development. I have watched with interest the developer's manipulations of the original plan and the subsequent approval of your committee almost every step of the way, of all the proposed amendments. While I admittedly do not know what the zoning request entails, I strongly suspect it is not for larger lots. So, given this assumption I would like to share a few points.

The Rockwall Comprehensive Plan 2012 adopts very specific recommendations for the development of Rockwall. The Breezy Hill 405 is zoned low density housing to protect the "rural feel" of NE Rockwall county. While I understand the definition of low density, living in the adjacent neighborhood, the building of 691 homes and a retail center doesn't appear to be low density to us. That being said, I would like to share with you a few of the Comprehensive Plan items:

Existing surrounding conditions such as lot size, house styles and existing development patterns should be considered in conjunction with the current comprehensive plan to determine appropriate zoning. I point this out because all the neighboring homes are on 1.5 acre minimums.

But in addition to the above, the plan also sites: **"Utilizing a "housing tree" as areas are developed, whereby the largest lots and homes are located on the main entry or perimeter streets, and smaller lots and homes are located internal to the neighborhood."** The initial development plan of the PD-074 certainly was designed this way, but the subsequent revisions (Exhibit B) show the majority of the homes along the perimeter are the *smaller* lot size and all the *larger* lot sizes along the greenbelt and inner areas.

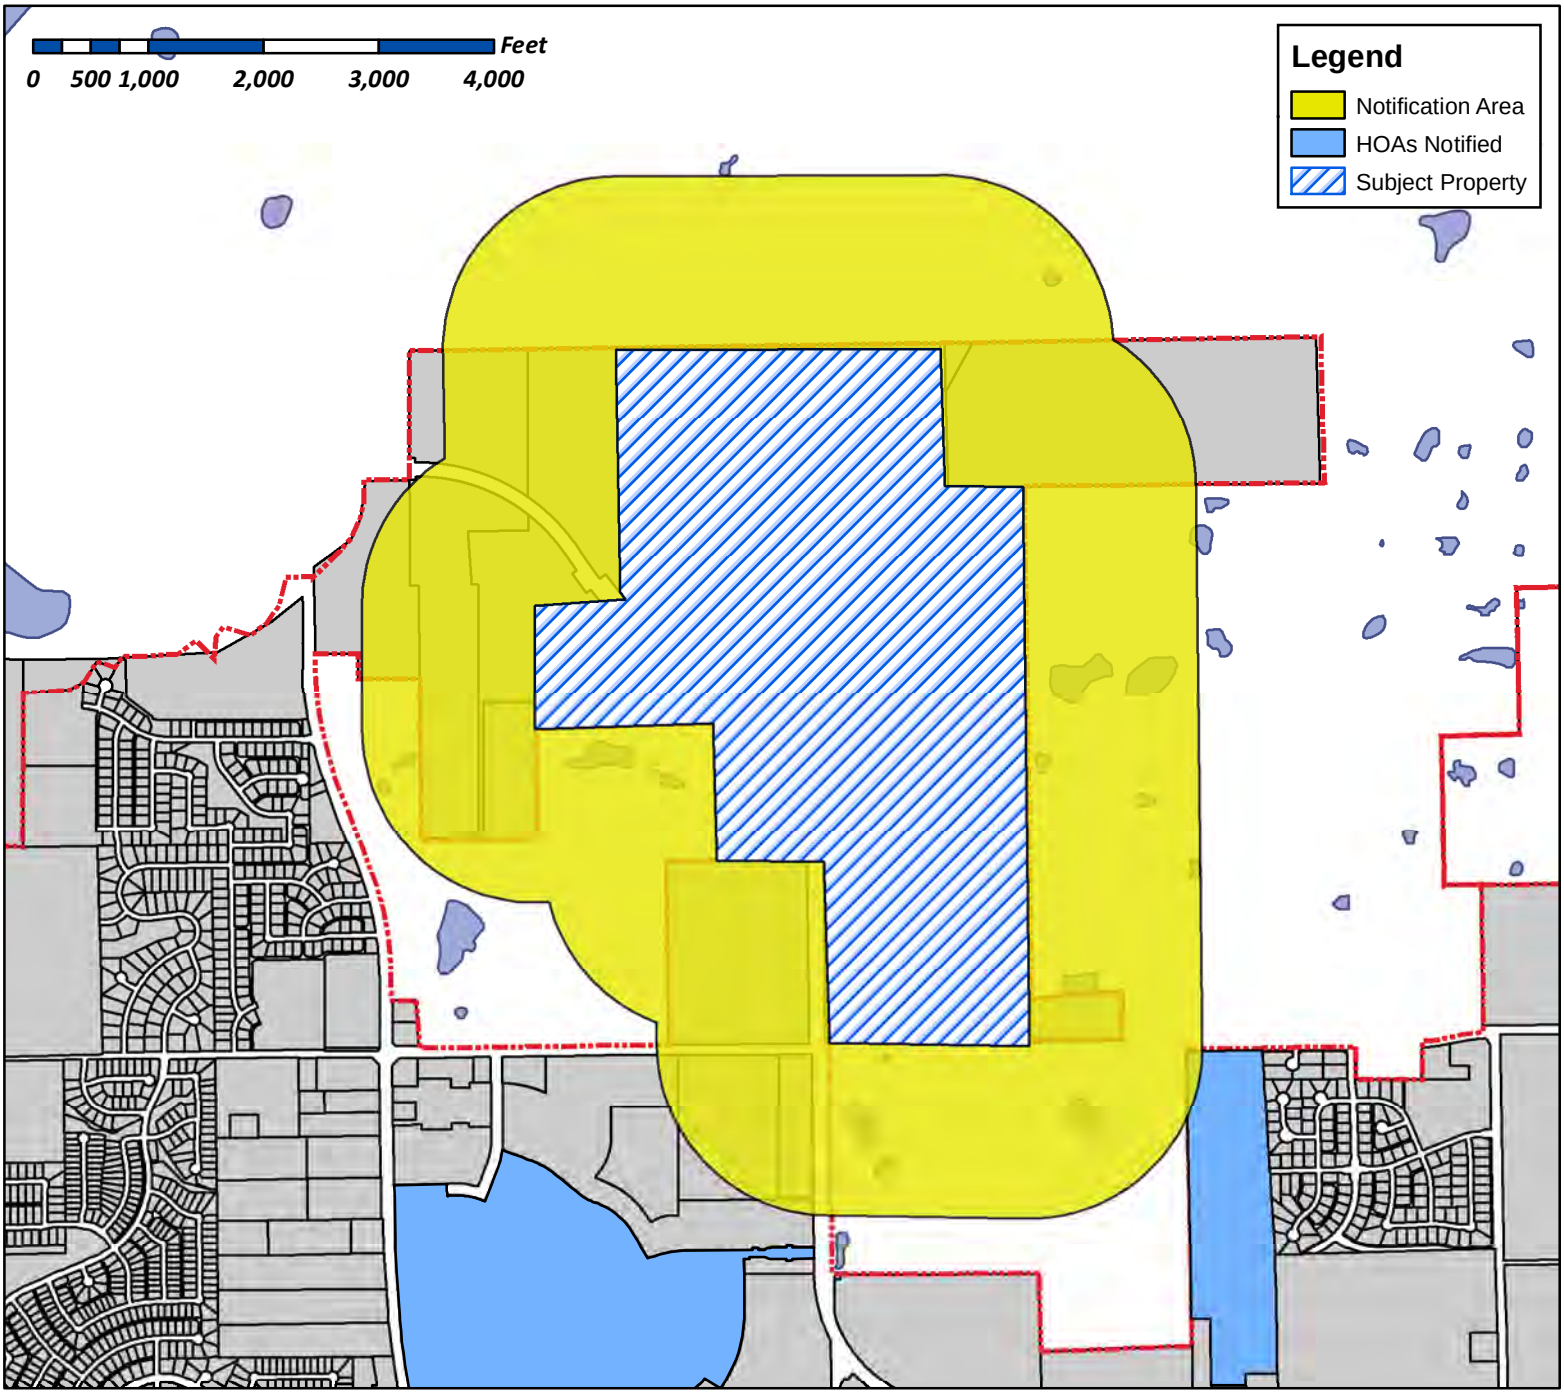
Again, this is in direct opposition to the Comprehensive Plan which also states:"**Encourage large master planned neighborhoods within neighborhoods, smaller residential lots or *more dense residential units should be located in the closest proximity to the parks and open spaces provided* – this will maximize the value of those lots and areas, and the parks and open spaces off-set smaller lot sizes.**

The developer, no doubt, feels he will have difficulty selling homes next to a retail center and has asked for smaller lot sizes, even smaller than originally zoned. Thanks to the City Council, that request was not approved. I ask you to please adhere to the development standards in sections d and e, on page 27 of the PD-074. This states, in brief:

(MINIMUM) Access	(TOTAL) Units	% (MINIMUM) (TOTAL)	
A 60' x 120' 7,200 Front	134	19.4%	
B 70' x 120' 8,400 Front	133		19.2%
C 80' x 125' 10,000 Front	326		47.2%
D 100' x 200' 20,000 Front	98		14.2%
Average Lot Size 10,000			

As the developer requests additional residential lots, should you not require the same percentages of types of housing in the new acreage that you did in the original request? I urge you to do so and honor the signatures on the Comprehensive Plan as well as the Facilities Agreement for Breezy Hill 405.

I am unable to attend the public hearing and appreciate having my voice heard via this e mail. I was unable to locate email addresses of any of the commission members, perhaps this can be shared via your department.



Thank you for your consideration-

--Claudia Engle

the City's master plan for water facilities and constructed in accordance with the phasing schedule approved in conjunction with the Developer's master plat application. The Developer shall be eligible for City participation in the costs of over-sizing water distribution mains or appurtenances that serve other land in addition to the Property, in accordance with the City's standard policies, or for collection of pro-rata fees for such facilities. Developer also shall be eligible for credits against, water impact fees otherwise due for construction of improvements identified and included in the City's water improvements plan for impact fees, in accordance with the City's then existing impact fee regulations. Provisions for City participation in oversize costs, rebate of pro rata fees or provision of impact fee credits shall be set forth in a facilities and reimbursement agreement between the' Developer and the City.

c. *Payment of Impact Fees.* Water impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations.

4. *Road Improvements.* The Developer shall make the following road improvements.

a. *John King Boulevard (Highway 205 Bypass).* The Developer shall have no obligation with respect to construction of John King Blvd. other than as outlined herein regarding payment of road impact fees.

b. *FM-552 Improvements.* The Developer shall dedicate rights-of-way for and construct turn lanes and acceleration/deceleration lanes concurrent with construction of any road on the Property that intersects FM 552, in accordance with City and TXDOT standards and specifications at the time of development of adjoining property.

c. *Breezy Hill Road Improvements.* The Developer shall dedicate a minimum of twenty-five feet (25') of right-of-way or such right-of-way as is needed to construct a twenty-four foot (24') concrete rural section of Breezy Hill Road and appurtenances adjacent to the Property, together with a two-foot (2') asphalt or concrete shoulder on either side of the concrete section, the total not to exceed twenty-eight feet (28') in width, from the northern point of Breezy Hill Road adjacent to the Property, to FM-552, as shown on the Development Plan. The Developer also shall dedicate and improve a minimum landscape buffer of ten feet (10') for the residential tract and fifty feet (50') for the retail tract, adjacent to the right-of-way for Breezy Hill Road, designed in accordance with the requirements of a PD District then in effect for a rural collector. The bar ditch that abuts the buffer strip, designed to a maximum slope of 3: 1, shall not encroach into the required ten-foot or fifty-foot buffer area, except to the extent that the buffers exceed ten feet (10') in width. The Developer shall dedicate right-of-way for Breezy Hill Road and the landscape buffer at the time of final plat approval for any lot abutting Breezy Hill Road. Developer shall construct Breezy Hill Road in conjunction with the retail tract that is final platted adjacent to Breezy Hill Road. Breezy Hill Road will be constructed from the northernmost intersection created by any portion of the retail tract being platted, south to FM-552. Developer shall install any

BLS

needed expansion of existing culverts created by such construction or the development, of such retail tract.

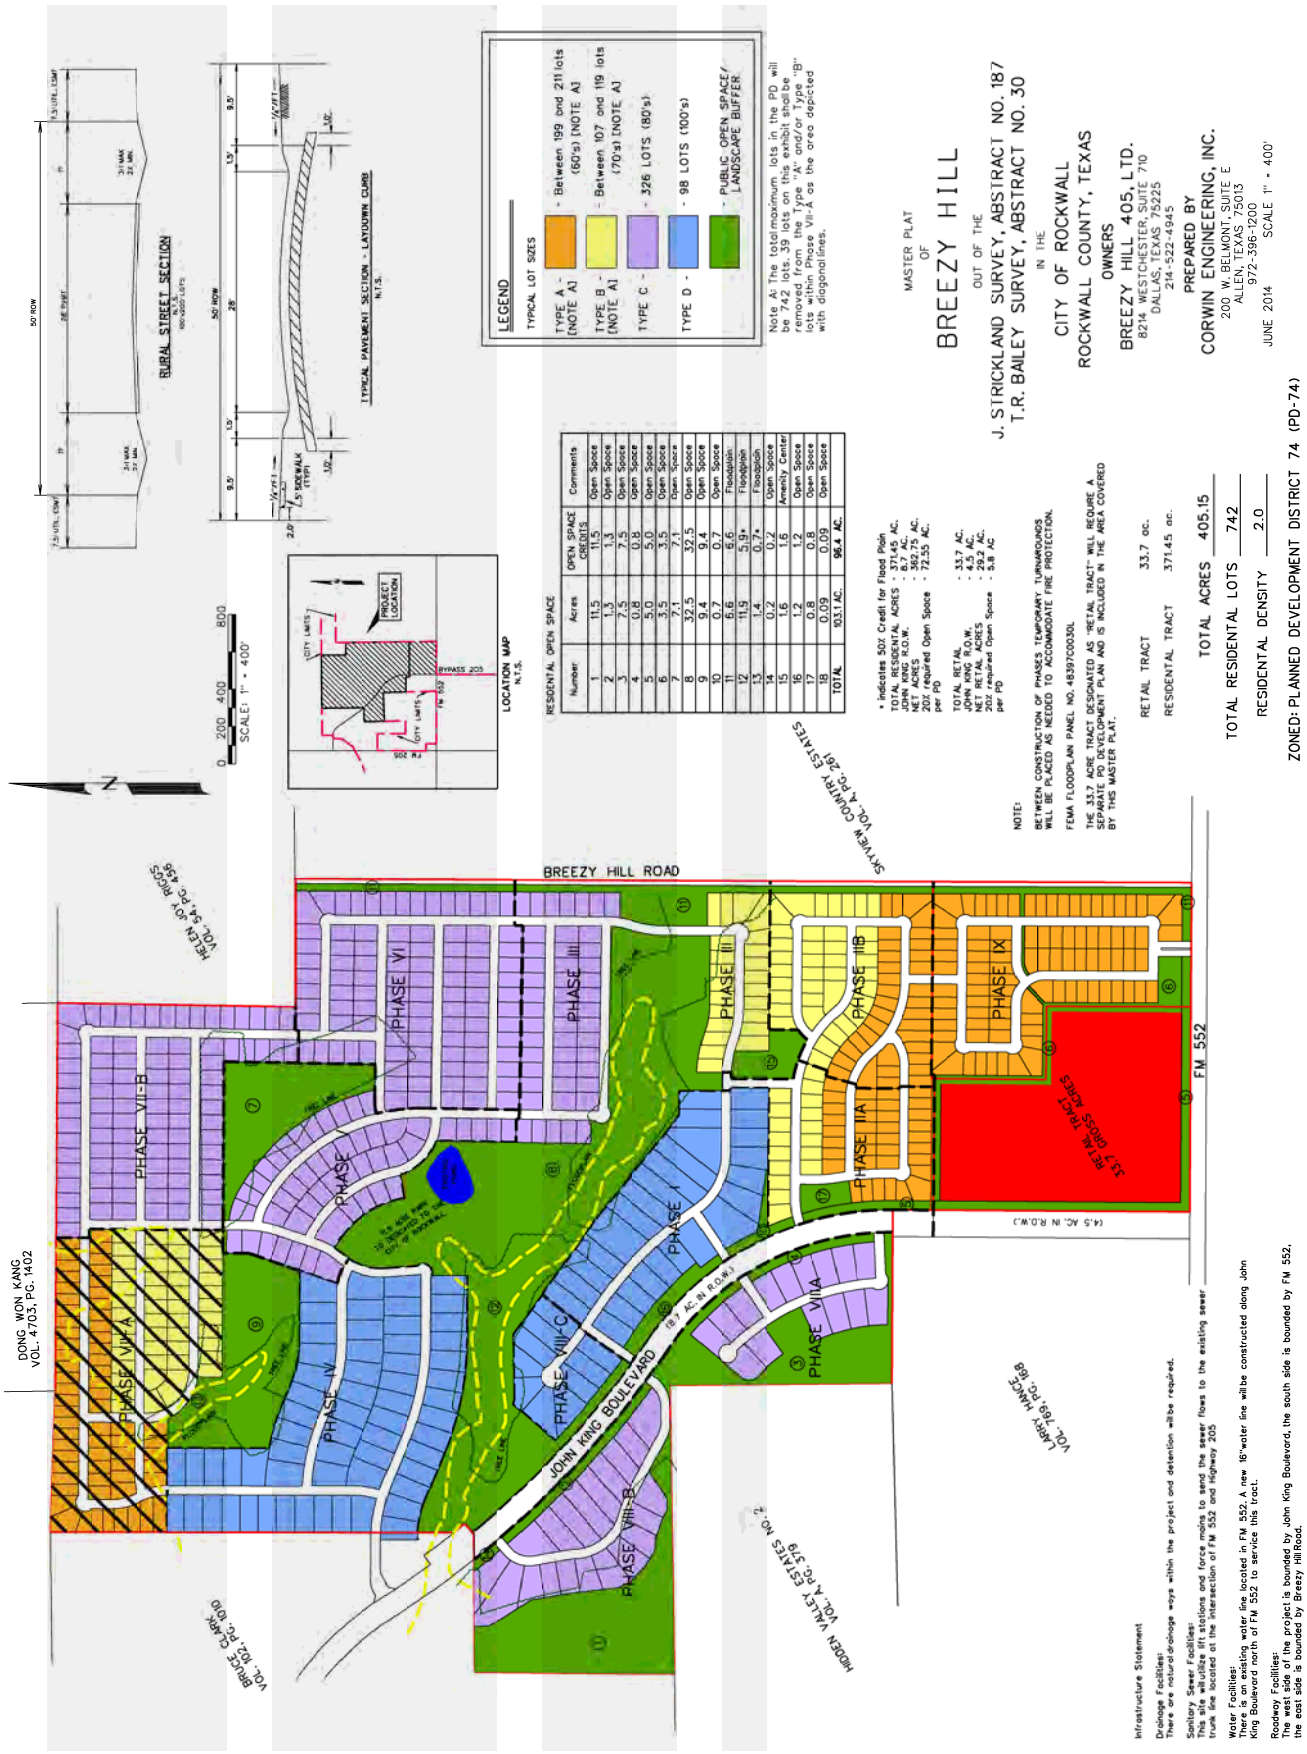
d. *Payment of Roadway Impact Fees.* Roadway impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations. Construction costs incurred by Developer for roadway improvements in this Agreement that are included in the City's roadway improvements plan for impact fees shall be credited against roadway impact fees otherwise due, in accordance with the City's impact fee regulations.

5. *Drainage Improvements.* Dedication of rights-of-way for and construction of drainage improvements shall be provided as specified in conditions imposed with approval of the master plat for development within the PD District and in accordance with City standards and specifications.

6. *Parks and Open Space.*

a. The Developer or a property owners association shall maintain public parklands and improvements within the development for a period of three (3) months from the completion and acceptance of the improvements. Thereafter, the City shall assume responsibilities for maintenance. All open space and improvements which are not dedicated as parkland to the City shall be maintained as common areas in perpetuity by the property owners association for the PD District. Additionally, the property owners association shall maintain Developer-installed landscaping areas in public rights-of-way and public drainage ways internal to and adjacent to the Property.

III. GENERAL PROVISIONS



1. Notice on Sale. The Developer shall provide the City with notice of the sale of any tract or parcel within the District that has not been platted at the following address:

Rockwall City Manager
Rockwall City Hall
385 S. Goliad Street
Rockwall, TX 75087

2. *Recording.* This Agreement is intended to run with the land, and shall be recorded in the Real Property Records, Rockwall County, Texas.

3. *Term of Agreement.* This Agreement shall terminate two (2) years following the City's acceptance of the dedication and construction of the public improvements described herein serving the last phase of development within the PD District, after which the City agrees, upon the request of the Developer to execute a termination of this Agreement in recordable form. Any reimbursements for payment of impact fees shall not expire.

4. *Effective Date.* This Agreement shall take effect upon the date of its execution by the last of the Parties to the Agreement; provided, however, that Breezy shall execute this Agreement no later than five (5) business days following the

Infrastructure Statement
Drainage Facilities:
There are natural drainage ways within the project and detention will be required.
Sanitary Sewer Facilities:
This site will utilize lift stations and force mains to send the sewer flows to the existing sewer trunk line located at the intersection of FM 552 and Highway 205
Water Facilities:
There is an existing water line located in FM 552. A new 16" water line will be constructed along John King Boulevard north of FM 552 to service this tract.
Roadway Facilities:
The west side of the project is bounded by John King Boulevard, the south side is bounded by FM 552, the east side is bounded by Breezy Hill Road.

141

A. GENERAL REQUIREMENTS

1. *Uses Allowed.* The following uses are permitted for the Property.

   a. *Residential uses*. Uses permitted of right or by special use permit for the (SF-10) Single Family Residential District, as set forth in Article IV, Permissible Uses, of the City of Rockwall Unified Development Code, shall be allowed for areas designated as Single-Family on the Concept Plan, subject to approval of a Special Use Permit if required by the SF-10 District Regulations.

   b. *Non-residential uses*. Non-residential uses shall be allowed only within the area designated as Retail on the approved Concept Plan for the District, and are limited to those uses permitted of right or by special use permit for the (GR) General Retail District subject to approval of a PD Development Plan and PD Site Plan in accordance with the Planned Development District regulations, Article X, Section 2 of the Unified Development Code, and subject to approval of a Special Use Permit if required by the GR District Regulations; provided, however, that the following uses are expressly prohibited:

      - ✓ Animal Hospital, Clinic
      - ✓ Convent or Monastery
      - ✓ Hotel or Motel
      - ✓ Hotel, Residence
      - ✓ Cemetery/Mausoleum
      - ✓ Mortuary of Funeral Chapel
      - ✓ Social Service Provider
      - ✓ Billiard Parlor or Pool Hall
      - ✓ Carnival, Circus, or Amusement Ride
      - ✓ Commercial Amusement/Recreation (Outside)
      - ✓ Gun Club, Skeet or Target Range (indoor)
      - ✓ Astrologer, Hypnotist, or Psychic Art and Science
      - ✓ Garden Supply/Plant Nursery
      - ✓ Night Club, Discotheque, or Dance Hall
      - ✓ Secondhand Dealer
      - ✓ Car Wash, Self Service*
      - ✓ Service Station*
      - ✓ Mining and Extraction (Sand, Gravel, Oil & other)
      - ✓ Helipad
      - ✓ Railroad Yard or Shop
      - ✓ Transit Passenger Facility

      * *Not including a convenience store with an accessory car wash use or more than four (4) gas pumps, which accessory uses are permitted by SUP.*

      The following additional use shall be permitted of right in the PD District:

      - ✓ Grocery Store with a maximum building area of one hundred and thirty thousand (130,000) square feet.

   c. *Design of non-residential uses.* The retail area shall be designed to be pedestrian-oriented and easily accessible to adjacent residential neighborhoods. Additionally, the retail area shall be designed and constructed to be integrated with adjacent uses,

not separated from them by screening walls or other physical barriers. This will be accomplished by creating paths from adjacent development into the retail area and through the use of landscaping buffers, building design and other urban design elements to create compatibility with the surrounding residential neighborhood.

d. *Density and lot composition*. If the retail develops in accordance with the attached Concept Plan, no more than ~~***691***~~ ***742*** single-family residential dwelling units may be constructed within the Property. Except as provided in subsection (e), single-family residential units shall be allocated by product type in accordance with the following table:

Table 1: Lot Composition

LOT TYPE	**LOT SIZE** (MINIMUM)	**LOT SQ. FT.** (MINIMUM) (TOTAL)	**Driveway Access**	**Units** (TOTAL)	**Total Dwelling Units %**
A	60' x 120'	7,200	Front	~~***134***~~ ***206***	~~***19.4***~~ ***27.80%***
B	70' x 120'	8,400	Front	~~***133***~~ ***112***	~~***19.2***~~ ***15.10%***
C	80' x 125'	10,000	Front	326	~~***47.2***~~ ***43.90%***
D	100' x 200'	20,000	Front	98	~~***14.2***~~ ***13.20%***
Average Lot Size		10,000			
MAXIMUM ALLOWED TOTAL UNITS				~~***691***~~ ***742***	100%

e. *Variation in lot composition.* The allocation of single-family dwellings among lot types may deviate from that in subsection (d), provided that the maximum allowed total dwelling units does not exceed ~~***691***~~ ***742*** units, the average lot size for the development is not less than 10,000 sq. ft., and the following rules are met:

(1) Lot types "A & B" may increase not more than 5% in aggregate number.
(2) Lot type "C" shall not be decreased below ~~***45%***~~ ***42%*** of the total ~~***691***~~ ***742*** lots.
(3) Lot Type "D" shall not be decreased below 98 of the total lots.

2. Development Standards Applicable. Except as may be modified by these Development Standards, residential uses shall be subject to the development standards for a (SF-10) Single Family Residential District, as set forth in Article V, District Development Standards for Section 3.4 of the City of Rockwall Unified Development Code; to the development standards in the 205 Bypass Overlay District; and to all supplemental standards contained in the Unified Development Code, including but not limited to the tree preservation regulations in the Unified Development Code.

B. SPECIAL DEVELOPMENT STANDARDS

1. Dimensional Standards for Residential Uses

Table 2: Lot Type Matrix

Lot Types	**A**	**B**	**C**	**D**
Maximum Building Height	36'	36'	36'	36'
Air Conditioned Square Footage (Minimum)	2,200	2,400	2,600 [2]	3,000
Minimum Building Setback: Front Yard *Front porch may encroach to within 10' of front property line.*	20'	20'	20'	40' [3]
	X			
Rear Yard	10'	10'	15'	15'
Interior Side Yard	5'	5'	6'	7'
Corner (Side) Yard	15'	15'	15'	15'
Minimum Distance of driveway from prop. line. (applicable to front entry only)	20'	20'	20'	40'
Minimum Lot Area (Square Feet)	7,200	8,400	10,000	20,000
Minimum Lot Frontage [1]	60'	70'	80'	100'

Notes:

[1]: Lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by twenty percent (20%) in lot width measured at the front property line provided that the lot width will be met at the front building line. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by up to 10 percent (10%) but shall meet the minimum lot size for each lot type as referenced within Table 1.

[2]: A maximum of 20% of the lots may have homes not less than 2,500 sq. ft.

[3]: The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.

2. Development Standards for Residential Uses by Lot (Product) Type

   a. Detached Single Family Lot Type A

Minimum Lot Size:	7,200 SF
Minimum Lot Width: @ Front Bldg. Line	60'
Minimum Lot Depth:	110'
Minimum Corner Lot Width:	65'
Side Yard Setback:	5'
Front / Rear Bldg. Line:	20'/10'
Minimum House Size:	2,200 air conditioned sq. ft.
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Garages will be allowed to have the garage accessed from the street using traditional "swing" or "J" drive. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 33% of Type 'A' lots shall have 3-car garages.
Maximum Lot Coverage:	65%

b. Detached Single Family Lot Type B

Minimum Lot Size:	8,400 SF
Minimum Lot Width: @ Front Bldg. Line	70'
Minimum Lot Depth:	120'
Minimum Corner Lot Width:	75'
Side Yard Setback:	5'
Front / Rear Bldg. Line:	20'/10'
Minimum House Size:	2,400 air conditioned sq. ft.
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Garages will be allowed to have the garage accessed from the street using traditional "swing" or "J" drives. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 33% of Type 'B' lots shall have 3 car garages.
Maximum Lot Coverage:	65%

c. Detached Single Family Lot Type C

Minimum Lot Size:	10,000 SF
Minimum Lot Width: @ Front Bldg. Line	80'
Minimum Lot Depth:	125'
Minimum Corner Lot Width:	85'
Side Yard Setback:	6'
Front / Rear Bldg. Line:	20'/15'
Minimum House Size:	2600 air conditioned sq. ft. [1]
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Traditional "swing" or "J" drive required. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 80% of Type 'C' lots shall have 3 car garages.
Maximum Lot Coverage:	65%

Notes:

[1]: A maximum of 20% of the lots may have homes not less than 2,500 sq. ft.

d. Detached Single Family Lot Type D

Minimum Lot Size:	20,000 SF
Minimum Lot Width: @ Front Bldg. Line	100'
Minimum Lot Depth:	175'
Minimum Corner Lot Width:	100'
Side Yard Setback:	7'
Front / Rear Bldg. Line:	40' [1]/15'
Minimum House Size:	3,000 air conditioned sq. ft.
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Traditional "swing" or "J" drive required. Single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. 80% of Type D lots shall have a minimum of 3 car garages.
Maximum Lot Coverage:	70%

Notes:

[1]: The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.

Fencing. All individual residential fencing for lots less than 20,000 square feet shall be cedar standard fencing material (minimum ½" thickness) or better (spruce fencing will not be allowed). All cedar pickets shall be placed on the "public side" facing the street, alley or neighboring property. Lots containing 20,000 sq. ft., lots located along perimeter roadways, and lots abutting open spaces, greenbelts and parks shall be required to install tubular steel fencing. Corner lot fencing (adjacent to the street) shall provide masonry columns at forty-five feet (45') off center spacing that begins at the rear property line corner and terminates ten feet (10') behind the front yard building setback line. A maximum six (6') foot solid board on board "panel" cedar fencing shall be allowed between the masonry columns along the side and/or rear yard lot adjacent to a street. In addition, the fencing shall be setback from the side property line adjacent to a street a minimum of five feet (5'). The property owner shall maintain that portion of the property outside the fence.

3. *Anti-Monotony Features.* Lot types shall incorporate the following elevation features.

Table 3 : Anti-Monotony Matrix

Lot Type	Lot Size (Approx.)	Elevation Features
A	60' x 120'	***i.,*** ii, iii, ~~***iv***~~
B	70' x 120'	***i.,*** ii, iii, ~~***iv***~~
C	80' x 125'	***i.,*** ii, iii, ~~***iv***~~
D	100' x 200'	***i.,*** ii, iii, ~~***iv***~~
E	***50' 120'***	***i, ii***

i. Exterior facade must be composed of eighty percent (80%) masonry (brick, stone, cultured stone, or three-part stucco). Identical brick blends may not occur to adjacent (side-by-side) properties. Elevations shall not repeat along the fronting or siding streetscape without at least four (4) intervening homes of sufficient dissimilarity (to be determined by the ARC) on the same side of the street and (2) intervening homes on the opposite side of the street). The rear elevation of homes backing to open spaces or thoroughfares shall not repeat without at least two (2) intervening homes of sufficient dissimilarity (to be determined by the ARC). Masonry (brick, stone, cultured stone, or three-part stucco) chimneys shall be required on all homes.

ii. Minimum of 8:12 roof pitch, except for 4:12 roof pitches on porches. For each phase, a maximum of four compatible roof colors may be used. Dimensional shingles shall be used. Crown molding will be installed in all living and family rooms, unless vaulted or pop-up ceilings are utilized. No Formica counters in kitchens and bathrooms, no blown acoustic ceilings. No vinyl flooring will be used in kitchens.

iii. For front entry driveway access a traditional "swing" or "J" drive will be used. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only.

4. Streetscape Landscape. Prior to issuance of a Certificate of Occupancy, yards for all single-family lots in the District shall be landscaped with large canopy trees.

(1) Two minimum three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of an interior lot.

(2) Two minimum three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of a corner lot and two additional trees of same caliper shall be planted in the side yard facing the street.

(3) For purposes of this section only, the term "front yard" includes the area within the dedicated right-of-way for a parkway immediately adjoining the front yard of the lot.

5. *Master Design Guidelines.* Additional design guidelines specific to each phase of development that shall apply to all single-family dwellings units within that phase of development, shall be submitted to the City prior to issuance of any building permits for that portion of the development.

C. STANDARDS FOR DISTRICT DESIGN AND CONNECTIVITY

1. *Streetscape Standards for Collectors & Non-Fronting Thoroughfares.* All streets, excluding drives, fire lanes and private parking areas, shall be built according to City of Rockwall street standards. Sidewalks and Hike / Bike trails are to be placed according to city requirements and as set forth in the Open Space Master Plan for the District.

    a. *Buffer-Strip* and Sidewalks (John King Boulevard Overlay District). The landscape buffer strip along John King Blvd shall be as described in the City of Rockwall Unified Development Code, Article V (District Development Standards), Section 6.10 E (Landscape Standards) and be a minimum width of fifty (50) feet as shown on the Planned Development Concept Plan in Exhibit 'B'. Additionally, the developer shall construct a minimum of a ten (10) foot sidewalk, on both sides of John King Boulevard, within the fifty (50) foot landscape buffer strip as recommended by the John King Boulevard Design Concept Plan located in the Comprehensive Plan of the City of Rockwall.
    b. *Buffer-Strip (FM 552).* A landscape buffer strip with a minimum width of fifteen (15) feet shall be provided along the frontage of FM 552, and shall be landscaped with at least one canopy tree per 30-ft and a combination of berms and shrubbery to be reviewed with the PD Site Plan(s) for the retail tract.
    ~~c.~~ *Buffer-Strip (Breezy Hill) Retail.* The minimum buffer width between the proposed retail area and Breezy Hill Rd shall be fifty (50) feet, and shall include a berm with a minimum height of five (5) feet with at least three (3) canopy trees and four (4) accent trees per 100-ft of frontage. A detail of this landscape buffer shall be approved by the Planning and Zoning Commission and City Council at the time of PD Development Plan for the retail tract.
    d. *Buffer-Strip (Breezy Hill) Residential.* A landscape buffer strip with a minimum width of ten (10) feet shall be provided between any residential area and Breezy Hill Rd.
    e. *Irrigation.* Any irrigation installed in landscape areas and public parks must be designed by a Texas licensed irrigator or landscape architect.
    f. *Fencing.* The Association will maintain all common area and perimeter fencing surrounding the Property. Such perimeter fencing shall be composed of six foot (6') tall tubular steel fencing with masonry entry features or such other fencing as may be approved by the City at the time of platting. Perimeter screening may also be accomplished by earthen berms landscaped with living screening. Property owners will maintain all fences constructed on private property.
    g. *Curvilinear Walks.* Walks are to be a minimum of five feet (5') wide to six feet (6') maximum width (hike and bike trail) consistent with the approved Open Space Master Plan. "Collector streets" with or without center medians may incorporate sidewalks six feet (6') in width adjacent to or within "front yard" landscape easements. Walks may meander within parkway and common area; however, edge of walk shall be no closer than four feet (4') from back-of-curb.
    h. *Medians.* Any proposed median openings shall meet the City standards at the time of PD site plan approval.

2. *Lighting.* Light poles shall not exceed twenty feet (20') in height. All light fixtures shall direct light downward and be contained to the site.

3. *Sidewalks.* At a minimum, sidewalks located on lay down curb section streets shall begin four feet (4') behind the back of curb and be five feet (5') in overall width. Sidewalks will not be required on rural street sections.
4. Curbing. Within certain lot types "A, B, & C" "roll up, lay down curbing" may be incorporated in an effort to minimize frequent curb cuts and maximize streetscape continuity, as approved by the City of Rockwall (Engineering Department) with approval of the final plat application.
5. *Buried Utilities.* New distribution power-lines required to serve the Property shall be placed underground, whether such lines are located internally or along the perimeter of the Property, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (3 phase lines), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the Property, except along the 205 Bypass. Additionally, if such above ground lines are installed along the perimeter of the property and adjacent to non-residential use, then the lines shall be installed behind the non-residential buildings where the installation is possible. The Developer shall not be required to re-locate existing overhead power-lines along the perimeter of the Property. Temporary power-lines constructed across undeveloped portions of the Property to facilitate development phasing and looping may be allowed above ground, but shall not be considered "existing lines" at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph.
6. *Parks and Open Space.*
    a. Residential and retail acreages (net of right-of-way dedication) shall contain no less than 20% open space and.
    b. Allowable open space may include but is not limited to 50% of floodplain, amenity center, public or private parks, trails, natural areas, buffers, traffic circle medians, entry features, common areas (including any Association recreation center or similar facilities) and other features depicted on the Development Plan, as set forth in the Open Space Master Plan prepared in accordance with subparagraph (c) below. Street right of way will not be included as open space. At least 80% of the single-family dwellings within the development shall be located within eight hundred feet (800') of public or private open space. In order to qualify, such open space must be at least one (1) continuous acre in area, not including roadway buffers less than fifty (50') feet in width.
    c. The Developer shall prepare the Open Space Master Plan to be consistent with the approved Development Plan. The purpose of an Open Space Master Plan is to supplement the Development Plan by providing an additional level of detail for public and private open space areas. The Open Space Master Plan shall identify the locations of and improvements to public parks, and other public and private open space or common areas and shall illustrate an integral system of trail improvements that, together with intervening land held by other property owners or the City, is designed to connect residential areas, schools and retail areas within the District to parks and open space within the District and that provides for continuation and connection of the trail system to off-site parks and open space, in accordance with the City's Master Park and Recreation Plan. The Open Space Master Plan shall clearly differentiate public parks from private facilities and common lands to be maintained by the Association. The locations of public parks, school sites and other public and private open space or common areas shown on the Open Space Master Plan shall be in conformance with the Development Plan. The Open Space Master Plan shall include a phasing plan for construction of all trails, parks, common open space and facilities. The Open Space Master Plan shall be considered for approval if

it complies with this section, the applicable City regulations, the Development Plan, and generally accepted park-planning practices.

d. The District shall contain not less than eleven (11) acres of land to be used as public or private parkland. A minimum of eleven (11) contiguous acres shall be dedicated to the City in accordance with the City's Neighborhood Parkland Dedication Ordinance on approval of the final plats for those phases adjacent to or abutting the proposed parkland dedication and will provide access to said parkland area. The remaining parkland area will be retained as a private park within the District. Park improvements shall be constructed in accordance with the approved Open Space Master Plan. The site plan incorporating the design of park improvements and hike/bike trail improvements shall be considered for approval with the final plat for the phase of the development containing such improvements. Performance of the obligations in this subparagraph shall be deemed to fully satisfy the City's Neighborhood Parkland Dedication Ordinance regarding land dedication. At the time of recordation of final plats for each phase, the Developer shall pay park improvement fees to the City. These fees shall be held in an escrow account until the parkland is dedicated to the City, at which time the Developer shall inform the City if the Developer wishes to use the escrowed fees as well as future fees to construct park improvements. Prior to construction, said improvements shall be approved by Parks Director, approval not to be unreasonably withheld, and invoices for improvements shall be submitted to Parks Director for approval. Performance of the obligations in this subparagraph shall be deemed to fully satisfy the City's Neighborhood Parkland Dedication Ordinance regarding park development fees, provided that park improvements are installed at a value equal or exceeding the value of park improvement fees for the entire District applicable at that time, or improvement fees are paid. Thereafter, the Developer shall not be responsible for additional parkland dedication or park development fees associated with the Property, except as otherwise may be provided in a capital facilities agreement approved by the City.

7. Developer shall provide a minimum of one (1) retention pond in the District with hard edges and fountain features. The exact configuration and location of the ponds will be determined at development. All retention pond hardedges shall be similar to the hardedge shown on Figure 1 (below).

Figure 1: *Retention Pond with Hardedge.*

8. *Signage.* Permanent subdivision identification signage shall be permitted at all major entry points, in general conformance to the signage shown in Figure 2 & 3 (below). Final design of entry features to be determined with the Planned Development Site Plan.

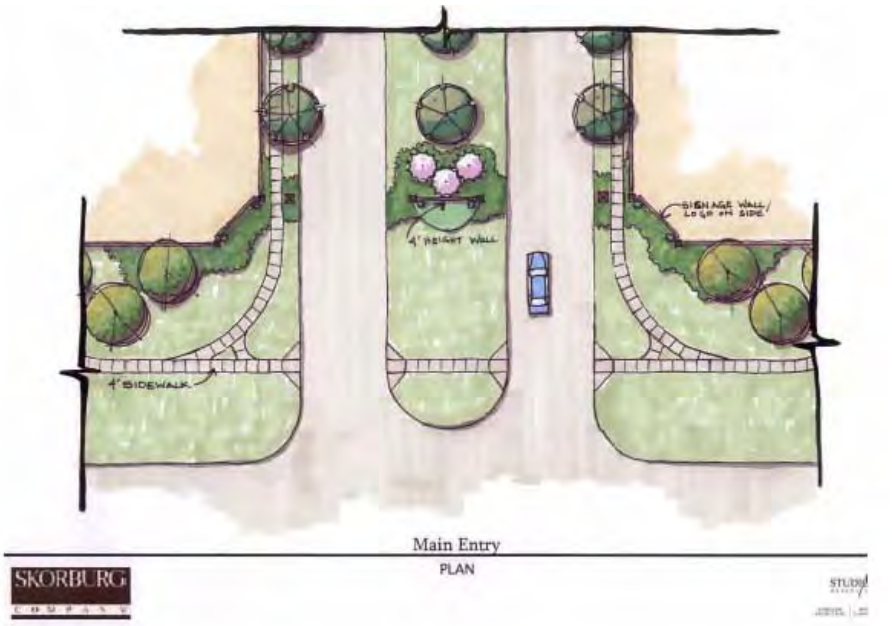

Figure 2: *Example of Subdivision Signage Locations*

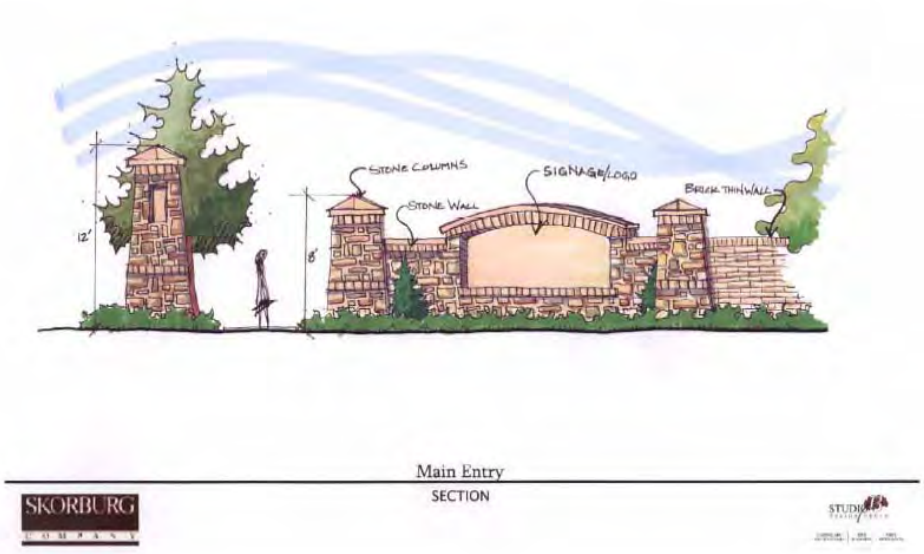

Figure 3: *Example of Subdivision Signage Design Standard*

9. *Variances.* The variance procedures and standards for approval set forth in the Unified Development Code shall apply to any application for variances to this ordinance.
10. *Amenity Center.* Site plan, landscape plan and building elevations for the Amenity Center shall be approved by the Planning and Zoning Commission prior to construction.
11. *Trees.* All trees planted within the District shall be a minimum three (3) inch caliper measured six (6) inches above the root ball.

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 74 (PD-74) [*ORDINANCE NO. 12-26*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING THE PLANNED DEVELOPMENT CONCEPT PLAN AND THE DEVELOPMENT STANDARDS APPROVED WITH ORDINANCE NO. 12-26, BEING A 405.184-ACRE TRACT OF LAND SITUATED IN THE J. STRICKLAND SURVEY, ABSTRACT NO. 187, T. R. BAILEY SURVEY, ABSTRACT NO. 30 AND THE J. SIMMONS SURVEY, ABSTRACT NO. 190, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY EXHIBIT 'A'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE..

WHEREAS, the City has received a request by the Darren Cain of the Skorburg Company on behalf of Breezy Hill 405, LTD for an amendment to the Planned Development Concept Plan and Development Standards contained within Planned Development District 74 (PD-74) [specifically contained within *Ordinance No. 12-26*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, for a 405.184-acre tract of land situated in the J. Strickland Survey, Abstract No. 187, T. R. Bailey Survey, Abstract No. 30 and the J. Simmons Survey, Abstract No. 190, Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 74 [*Ordinance No. 12-26*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the *Subject Property* shall be used only in the manner and for the purposes authorized by Planned Development District 74 (PD-74) [*Ordinance No. 12-26*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 2. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 3. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 4. That a master parks and open space plan for the Property, prepared in accordance with this ordinance and consistent with the *Planned Development Concept Plan*, (*Open Space Master Plan*) shall be considered for approval by the City Council following recommendation of the Parks and Recreation Board.

Section 5.

(a) The procedures set forth in the City's subdivision regulations on the date this ordinance is approved by the City, as amended by this ordinance (*including Subsections 5(b) through 5(f) below*), shall be the exclusive procedures applicable to the subdivision and platting of the Property.

(b) The following plans and plats shall be required in the order listed below (*except as set forth below with regard to simultaneous processing and approvals*). The City Council shall act on an application for an *Open Space Master Plan* in accordance with the time period specified in Section 212.009 of the Texas Local Government Code.

1. Open Space Master Plan
2. Master plat
3. PD development plans (*required for retail areas only*)
4. PD site plans
5. Preliminary plats
6. Final plats

(c) A master plat application covering all of the Property, other than the area designated on the *Planned Development Concept Plan* as *Retail*, shall be submitted and shall identify each phase of development. No master plat application shall be approved until the *Open Space Master Plan* for all of the Property has been approved; however, the *Open Space Master Plan* may be processed by the City concurrently with the master plat application.

(d) A *PD Development Plan* must be approved for the area designated on the Concept Plan as *Retail* prior to submittal of a *PD Site Plan* application and/or a preliminary plat application. No master plat is required for the area designated on the Concept Plan as *Retail*. A traffic impact analysis for the retail tract shall be submitted with the *PD Development Plan* to determine the extent and timing of any recommended facilities and/or improvements to the surrounding roadway network. The traffic impact analysis may be updated with each *PD Site Plan* for the retail tract.

(e) A preliminary plat application shall be submitted for each phase of residential development. A *PD Site* Plan application, including a site plan application for improvements for parkland or trails, may be processed by the City concurrently with a preliminary plat application for that phase of the development.

(f) A *Capital Facilities Agreement* in the form of *Exhibit 'D',* attached hereto and incorporated herein by reference as *Exhibit 'D',* shall be executed by Developer providing for delivery of adequate public facilities and services within the District.

Section 6. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 7. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 8. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 9. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 16TH DAY OF JUNE, 2014.

_____
David Sweet, *Mayor*

Legal Description

ALL THAT CERTAIN TRACT OR PARCEL OF LAND LYING AND BEING SITUATED IN PARTS OF THE J. STRICKLAND SURVEY, ABSTRACT NUMBER 187, T. R. BAILEY SURVEY, ABSTRACT NUMBER 30 AND THE J. SIMMONS SURVEY, ABSTRACT NUMBER 190 OF ROCKWALL COUNTY, AND BEING THAT TRACT OF LAND CONVEYED TO W.W. CARUTH, JR. ACCORDING TO THE DOCUMENT FILED OF RECORD IN VOLUME 66, PAGE 493, DEED RECORDS OF ROCKWALL COUNTY, TEXAS (D.R.R.C.T.) ALSO A PORTION OF THE J. STRICKLAND SURVEY, ABSTRACT 794•3 LYING IN COLLIN COUNTY, TEXAS, THAT TRACT OF LAND CONVEYED TO MABEL CARUTH ACCORDING TO THE FILE OF RECORD IN COUNTY CLERK FILE NUMBER 92-0054539 OF COLLIN COUNTY, TEXAS, SAID TRACT BEING MORE PARTICULARLY DESCRIBED BY METES AND BOUNDS AS FOLLOWS:

BEGINNING AT A 1/2" IRON ROD FOUND AT THE BASE OF A CORNER POST, SAID IRON ROD BEING THE SOUTHWEST CORNER OF A 1RACT OF LAND DESCRIBED IN DEED TO DONG WON KANG RECORDED IN VOLUME 4703, PAGE 1402, D.R.R.C.T., AND SAME (BEING THE SOUTHEAST CORNER OF SAID TRACT "ONE" AS SHOWN HEREON;

THENCE NORTH 89°21'28" EAST, A DISTANCE OF 2077.92 FEET TO A 1/2" IRON ROD FOUND FOR A CORNER OF THIS TRACT;

THENCE SOUTH 00°01'37" EAST, GENERALLY ALONG THE CENTER OF A GRAVEL ROAD, A DISTANCE OF 1274.60 FEET TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE SOUTH 89°19'07" EAST, GENERALLY ALONG THE CENTER OF A GRAVEL ROAD, A DISTANCE OF 686.18 FEET TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE SOUTH 00'42'37" EAST, ALONG THE CENTER OF BREEZY HILLS ROAD, A DISTANCE OF 4777.93 FEET TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER IN THE NORTH LINE OF F.M. HIGHWAY 552, FOR THE SOUTHEAST CORNER OF THIS TRACT;

THENCE SOUTH 89°20'36" WEST, ALONG THE NORTH LINE OF SAID F.M. HIGHWAY, A DISTANCE OF 1887.13 FEET, TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER IN A ENTRYWAY OF A RANCH ROAD, FOR THE SOUTHWEST CORNER OF THIS TRACT;

THENCE NORTH 00°31'43" WEST, GENERALLY ALONG THE CENTER OF SAID RANCH ROAD, PASSING AT A DISTANCE OF 10.00 FEET A 1/2" IRON ROD FOUND ON THE WEST LINE OF THIS TRACT AND CONTINUING A TOTAL DISTANCE OF J593.55 FEET TO A S/S" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE SOUTH S9°15'47" WEST, A DISTANCE OF S03.29 FEET TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE NORTH 01"31'06" WEST, A DISTANCE OF 1189.10 FEET TO A 5/8" IRON ROD FOUND AT THE BASE OF A CORNER POST, FOR A CORNER OF THIS TRACT;

THENCE SOUTH 88°05'58" WEST, A DISTANCE OF 1546.66 FEET TO A 3/8" IRON ROD

FOUND FOR A CORNER OF THIS TRACT;

THENCE NORTH 00°47'14" WEST, A DISTANCE OF 1067.53 FEET TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE NORTH 88°33'50" E, A DISTANCE OF 748.00 FEET TO A 5/8" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE NORTH 00°45'11" W, A DISTANCE OF 2243.67 FEET TO A 5/S" IRON ROD WITH YELLOW PLASTIC CAP STAMPED "CARTER BURGESS" SET FOR CORNER FOR A CORNER OF THIS TRACT;

THENCE NORTH 89°21'28" E, A DISTANCE OF 754.93 FEET TO THE POINT OF BEGINNING, AND CONTAINING 405.184 ACRES OF LAND, MORE OR LESS.

Exhibit 'B':
Concept Plan

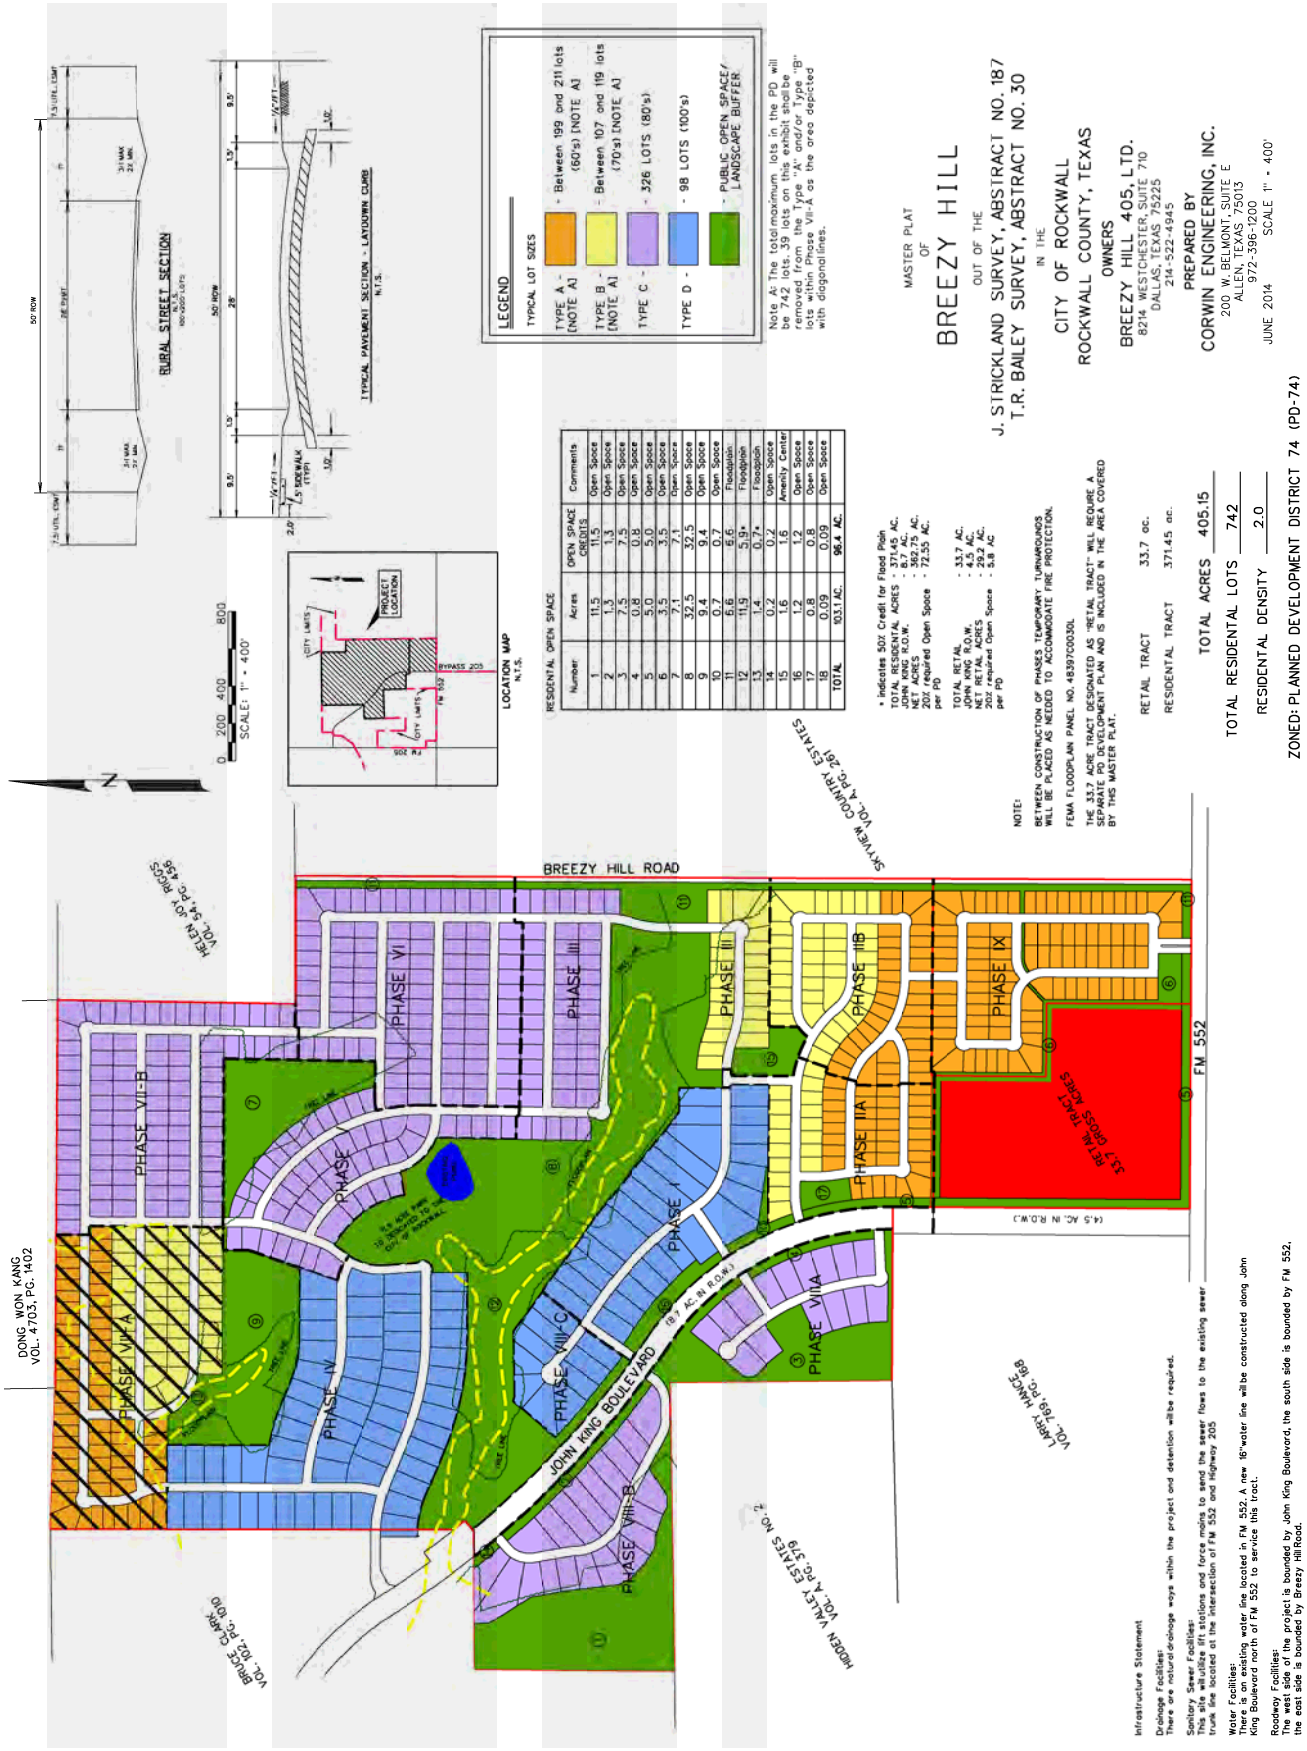

Exhibit 'C':
PD Development Standards

A. GENERAL REQUIREMENTS

1. *Uses Allowed.* The following uses are permitted for the Property.

   a. *Residential uses*. Uses permitted of right or by special use permit for the (SF-10) Single Family Residential District, as set forth in Article IV, Permissible Uses, of the City of Rockwall Unified Development Code, shall be allowed for areas designated as Single-Family on the Concept Plan, subject to approval of a Special Use Permit if required by the SF-10 District Regulations.

   b. *Non-residential uses*. Non-residential uses shall be allowed only within the area designated as Retail on the approved Concept Plan for the District, and are limited to those uses permitted of right or by special use permit for the (GR) General Retail District subject to approval of a PD Development Plan and PD Site Plan in accordance with the Planned Development District regulations, Article X, Section 2 of the Unified Development Code, and subject to approval of a Special Use Permit if required by the GR District Regulations; provided, however, that the following uses are expressly prohibited:

   - ✓ Animal Hospital, Clinic
   - ✓ Convent or Monastery
   - ✓ Hotel or Motel
   - ✓ Hotel, Residence
   - ✓ Cemetery/Mausoleum
   - ✓ Mortuary of Funeral Chapel
   - ✓ Social Service Provider
   - ✓ Billiard Parlor or Pool Hall
   - ✓ Carnival, Circus, or Amusement Ride
   - ✓ Commercial Amusement/Recreation (Outside)
   - ✓ Gun Club, Skeet or Target Range (indoor)
   - ✓ Astrologer, Hypnotist, or Psychic Art and Science
   - ✓ Garden Supply/Plant Nursery
   - ✓ Night Club, Discotheque, or Dance Hall
   - ✓ Secondhand Dealer
   - ✓ Car Wash, Self Service*
   - ✓ Service Station*
   - ✓ Mining and Extraction (Sand, Gravel, Oil & other)
   - ✓ Helipad
   - ✓ Railroad Yard or Shop
   - ✓ Transit Passenger Facility

   * *Not including a convenience store with an accessory car wash use or more than four (4) gas pumps, which accessory uses are permitted by SUP.*

   The following additional use shall be permitted of right in the PD District:

   - ✓ Grocery Store with a maximum building area of one hundred and thirty thousand (130,000) square feet.

   c. *Design of non-residential uses.* The retail area shall be designed to be pedestrian-oriented and easily accessible to adjacent residential neighborhoods. Additionally, the

retail area shall be designed and constructed to be integrated with adjacent uses, not separated from them by screening walls or other physical barriers. This will be accomplished by creating paths from adjacent development into the retail area and through the use of landscaping buffers, building design and other urban design elements to create compatibility with the surrounding residential neighborhood.

d. *Density and lot composition*. If the retail develops in accordance with the attached Concept Plan, no more than ~~***691***~~ ***742*** single-family residential dwelling units may be constructed within the Property. Except as provided in subsection (e), single-family residential units shall be allocated by product type in accordance with the following table:

Table 1: Lot Composition

LOT TYPE	**LOT SIZE** (MINIMUM)	**LOT SQ. FT.** (MINIMUM) (TOTAL)	**Driveway Access**	**Units** (TOTAL)	**Total Dwelling Units %**
A	60' x 120'	7,200	Front	~~***134***~~ ***206***	~~***19.4***~~ ***27.80%***
B	70' x 120'	8,400	Front	~~***133***~~ ***112***	~~***19.2***~~ ***15.10%***
C	80' x 125'	10,000	Front	326	~~***47.2***~~ ***43.90%***
D	100' x 200'	20,000	Front	98	~~***14.2***~~ ***13.20%***
Average Lot Size		10,000			
MAXIMUM ALLOWED TOTAL UNITS				~~***691***~~ ***742***	100%

e. *Variation in lot composition.* The allocation of single-family dwellings among lot types may deviate from that in subsection (d), provided that the maximum allowed total dwelling units does not exceed ~~***691***~~ ***742*** units, the average lot size for the development is not less than 10,000 sq. ft., and the following rules are met:

(1) Lot types "A & B" may increase not more than 5% in aggregate number.
(2) Lot type "C" shall not be decreased below ~~***45%***~~ ***42%*** of the total ~~***691***~~ ***742*** lots.
(3) Lot Type "D" shall not be decreased below 98 of the total lots.

2. Development Standards Applicable. Except as may be modified by these Development Standards, residential uses shall be subject to the development standards for a (SF-10) Single Family Residential District, as set forth in Article V, District Development Standards for Section 3.4 of the City of Rockwall Unified Development Code; to the development standards in the 205 Bypass Overlay District; and to all supplemental standards contained in the Unified Development Code, including but not limited to the tree preservation regulations in the Unified Development Code.

B. SPECIAL DEVELOPMENT STANDARDS

1. Dimensional Standards for Residential Uses

Table 2: Lot Type Matrix

Lot Types	A	B	C	D
Maximum Building Height	36'	36'	36'	36'
Air Conditioned Square Footage (Minimum)	2,200	2,400	2,600***	3,000
Minimum Building Setback: Front Yard *Front porch may encroach to within 10' of front property line.*	20'	20'	20'	40' [3]
	X			
Rear Yard	10'	10'	15'	15'
Interior Side Yard	5'	5'	6'	7'
Corner (Side) Yard	15'	15'	15'	15'
Minimum Distance of driveway from prop. line. (applicable to front entry only)	20'	20'	20'	40'
Minimum Lot Area (Square Feet)	7,200	8,400	10,000	20,000
Minimum Lot Frontage [1]	60'	70'	80'	100'

Notes:

[1]: Lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by twenty percent (20%) in lot width measured at the front property line provided that the lot width will be met at the front building line. Additionally, the lot depth on lots fronting onto curvilinear streets, cul-de-sacs and eyebrows may be reduced by up to 10 percent (10%) but shall meet the minimum lot size for each lot type as referenced within Table 1.

[2]: A maximum of 20% of the lots may have homes not less than 2,500 sq. ft.

[3]: The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.

2. Development Standards for Residential Uses by Lot (Product) Type

a. Detached Single Family Lot Type A

Minimum Lot Size:	7,200 SF
Minimum Lot Width: @ Front Bldg. Line	60'
Minimum Lot Depth:	110'
Minimum Corner Lot Width:	65'
Side Yard Setback:	5'
Front / Rear Bldg. Line:	20'/10'
Minimum House Size:	2,200 air conditioned sq. ft.
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Garages will be allowed to have the garage accessed from the street using traditional "swing" or "J" drive. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 33% of Type 'A' lots shall have 3-car garages.
Maximum Lot Coverage:	65%

b. Detached Single Family Lot Type B

Minimum Lot Size:	8,400 SF
Minimum Lot Width: @ Front Bldg. Line	70'
Minimum Lot Depth:	120'
Minimum Corner Lot Width:	75'
Side Yard Setback:	5'
Front / Rear Bldg. Line:	20'/10'
Minimum House Size:	2,400 air conditioned sq. ft.
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Garages will be allowed to have the garage accessed from the street using traditional "swing" or "J" drives. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 33% of Type 'B' lots shall have 3 car garages.
Maximum Lot Coverage:	65%

c. Detached Single Family Lot Type C

Minimum Lot Size:	10,000 SF
Minimum Lot Width: @ Front Bldg. Line	80'
Minimum Lot Depth:	125'
Minimum Corner Lot Width:	85'
Side Yard Setback:	6'
Front / Rear Bldg. Line:	20'/15'
Minimum House Size:	2600 air conditioned sq. ft.[1]
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Traditional "swing" or "J" drive required. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. A minimum of 80% of Type 'C' lots shall have 3 car garages.
Maximum Lot Coverage:	65%

Notes:
[1]: A maximum of 20% of the lots may have homes not less than 2,500 sq. ft.

d. Detached Single Family Lot Type D

Minimum Lot Size:	20,000 SF
Minimum Lot Width: @ Front Bldg. Line	100'
Minimum Lot Depth:	175'
Minimum Corner Lot Width:	100'
Side Yard Setback:	7'
Front / Rear Bldg. Line:	40' [1]/15'
Minimum House Size:	3,000 air conditioned sq. ft.
Minimum Roof Pitch:	8:12 except for 4:12 on porch roofs
Masonry Requirement:	80% (brick, stone, cultured stone, 3-part stucco)
Garage Orientation:	Traditional "swing" or "J" drive required. Single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only. 80% of Type D lots shall have a minimum of 3 car garages.
Maximum Lot Coverage:	70%

Notes:
[1]: The Director of Planning or his designee may grant a reduction in the required 40-foot front yard building setback of up to five (5) feet for lots situated along cul-de-sacs or curvilinear streets, or where a 40-foot front yard building setback would create an undue hardship on the property.

3. *Fencing.* All individual residential fencing for lots less than 20,000 square feet shall be cedar standard fencing material (minimum ½" thickness) or better (spruce fencing will not be allowed). All cedar pickets shall be placed on the "public side" facing the street, alley or neighboring property. Lots containing 20,000 sq. ft., lots located along perimeter roadways, and lots abutting open spaces, greenbelts and parks shall be required to install tubular steel fencing. Corner lot fencing (adjacent to the street) shall provide masonry columns at forty-five feet (45') off center spacing that begins at the rear property line corner and terminates ten feet (10') behind the front yard building setback line. A maximum six (6') foot solid board on board "panel" cedar fencing shall be allowed between the masonry columns along the side and/or rear yard lot adjacent to a street. In addition, the fencing shall be setback from the side property line adjacent to a street a minimum of five feet (5'). The property owner shall maintain that portion of the property outside the fence.
4. *Anti-Monotony Features.* Lot types shall incorporate the following elevation features.

Table 3 : Anti-Monotony Matrix

Lot Type	Lot Size (Approx.)	Elevation Features
A	60' x 120'	***i.,*** ii, iii, ~~***iv***~~
B	70' x 120'	***i.,*** ii, iii, ~~***iv***~~
C	80' x 125'	***i.,*** ii, iii, ~~***iv***~~
D	100' x 200'	***i.,*** ii, iii, ~~***iv***~~

i. Exterior facade must be composed of eighty percent (80%) masonry (brick, stone, cultured stone, or three-part stucco). Identical brick blends may not occur to adjacent (side-by-side) properties. Elevations shall not repeat along the fronting or siding streetscape without at least four (4) intervening homes of sufficient dissimilarity (to be determined by the ARC) on the same side of the street and (2) intervening homes on the opposite side of the street). The rear elevation of homes backing to open spaces or thoroughfares shall not repeat without at least two (2) intervening homes of sufficient dissimilarity (to be determined by the ARC). Masonry (brick, stone, cultured stone, or three-part stucco) chimneys shall be required on all homes.
ii. Minimum of 8:12 roof pitch, except for 4:12 roof pitches on porches. For each phase, a maximum of four compatible roof colors may be used. Dimensional shingles shall be used. Crown molding will be installed in all living and family rooms, unless vaulted or pop-up ceilings are utilized. No Formica counters in kitchens and bathrooms, no blown acoustic ceilings. No vinyl flooring will be used in kitchens.
iii. For front entry driveway access a traditional "swing" or "J" drive will be used. Second single garage door facing street is permitted behind (width) of double garage door in "swing" or "J" configuration only.

5. *Streetscape Landscape.* Prior to issuance of a Certificate of Occupancy, yards for all single-family lots in the District shall be landscaped with large canopy trees.

(1) Two minimum three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of an interior lot.
(2) Two minimum three (3) inch trees measured six (6) inches above the root ball shall be planted in the front yard of a corner lot and two additional trees of same caliper shall be planted in the side yard facing the street.
(3) For purposes of this section only, the term "front yard" includes the area within the dedicated right-of-way for a parkway immediately adjoining the front yard of the lot.

6. *Master Design Guidelines.* Additional design guidelines specific to each phase of development that shall apply to all single-family dwellings units within that phase of development, shall be submitted to the City prior to issuance of any building permits for that portion of the development.

C. STANDARDS FOR DISTRICT DESIGN AND CONNECTIVITY

1. *Streetscape Standards for Collectors & Non-Fronting Thoroughfares.* All streets, excluding drives, fire lanes and private parking areas, shall be built according to City of Rockwall street standards. Sidewalks and Hike / Bike trails are to be placed according to city requirements and as set forth in the Open Space Master Plan for the District.

    a. *Buffer-Strip* and Sidewalks (John King Boulevard Overlay District). The landscape buffer strip along John King Blvd shall be as described in the City of Rockwall Unified Development Code, Article V (District Development Standards), Section 6.10 E (Landscape Standards) and be a minimum width of fifty (50) feet as shown on the Planned Development Concept Plan in Exhibit 'B'. Additionally, the developer shall construct a minimum of a ten (10) foot sidewalk, on both sides of John King Boulevard, within the fifty (50) foot landscape buffer strip as recommended by the John King Boulevard Design Concept Plan located in the Comprehensive Plan of the City of Rockwall.

    b. *Buffer-Strip (FM 552).* A landscape buffer strip with a minimum width of fifteen (15) feet shall be provided along the frontage of FM 552, and shall be landscaped with at least one canopy tree per 30-ft and a combination of berms and shrubbery to be reviewed with the PD Site Plan(s) for the retail tract.

    ~~c.~~ *Buffer-Strip (Breezy Hill) Retail.* The minimum buffer width between the proposed retail area and Breezy Hill Rd shall be fifty (50) feet, and shall include a berm with a minimum height of five (5) feet with at least three (3) canopy trees and four (4) accent trees per 100-ft of frontage. A detail of this landscape buffer shall be approved by the Planning and Zoning Commission and City Council at the time of PD Development Plan for the retail tract.

    d. *Buffer-Strip (Breezy Hill) Residential.* A landscape buffer strip with a minimum width of ten (10) feet shall be provided between any residential area and Breezy Hill Rd.

    e. *Irrigation.* Any irrigation installed in landscape areas and public parks must be designed by a Texas licensed irrigator or landscape architect.

    f. *Fencing.* The Association will maintain all common area and perimeter fencing surrounding the Property. Such perimeter fencing shall be composed of six foot (6') tall tubular steel fencing with masonry entry features or such other fencing as may be approved by the City at the time of platting. Perimeter screening may also be accomplished by earthen berms landscaped with living screening. Property owners will maintain all fences constructed on private property.

    g. *Curvilinear Walks.* Walks are to be a minimum of five feet (5') wide to six feet (6') maximum width (hike and bike trail) consistent with the approved Open Space Master Plan. "Collector streets" with or without center medians may incorporate sidewalks six feet (6') in width adjacent to or within "front yard" landscape easements. Walks may meander within parkway and common area; however, edge of walk shall be no closer than four feet (4') from back-of-curb.

    h. *Medians.* Any proposed median openings shall meet the City standards at the time of PD site plan approval.

2. *Lighting.* Light poles shall not exceed twenty feet (20') in height. All light fixtures shall direct light downward and be contained to the site.
3. *Sidewalks.* At a minimum, sidewalks located on lay down curb section streets shall begin four feet (4') behind the back of curb and be five feet (5') in overall width. Sidewalks will not be required on rural street sections.
4. Curbing. Within certain lot types "A, B, & C" "roll up, lay down curbing" may be incorporated in an effort to minimize frequent curb cuts and maximize streetscape continuity, as approved by the City of Rockwall (Engineering Department) with approval of the final plat application.
5. *Buried Utilities.* New distribution power-lines required to serve the Property shall be placed underground, whether such lines are located internally or along the perimeter of the Property, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (3 phase lines), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the Property, except along the 205 Bypass. Additionally, if such above ground lines are installed along the perimeter of the property and adjacent to non-residential use, then the lines shall be installed behind the non-residential buildings where the installation is possible. The Developer shall not be required to re-locate existing overhead power-lines along the perimeter of the Property. Temporary power-lines constructed across undeveloped portions of the Property to facilitate development phasing and looping may be allowed above ground, but shall not be considered "existing lines" at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph.
6. *Parks and Open Space.*
    a. Residential and retail acreages (net of right-of-way dedication) shall contain no less than 20% open space and.
    b. Allowable open space may include but is not limited to 50% of floodplain, amenity center, public or private parks, trails, natural areas, buffers, traffic circle medians, entry features, common areas (including any Association recreation center or similar facilities) and other features depicted on the Development Plan, as set forth in the Open Space Master Plan prepared in accordance with subparagraph (c) below. Street right of way will not be included as open space. At least 80% of the single-family dwellings within the development shall be located within eight hundred feet (800') of public or private open space. In order to qualify, such open space must be at least one (1) continuous acre in area, not including roadway buffers less than fifty (50') feet in width.
    c. The Developer shall prepare the Open Space Master Plan to be consistent with the approved Development Plan. The purpose of an Open Space Master Plan is to supplement the Development Plan by providing an additional level of detail for public and private open space areas. The Open Space Master Plan shall identify the locations of and improvements to public parks, and other public and private open space or common areas and shall illustrate an integral system of trail improvements that, together with intervening land held by other property owners or the City, is designed to connect residential areas, schools and retail areas within the District to parks and open space within the District and that provides for continuation and connection of the trail system to off-site parks and open space, in accordance with the City's Master Park and Recreation Plan. The Open Space Master Plan shall clearly differentiate public parks from private facilities and common lands to be maintained by the Association. The locations of public parks, school sites and other public and private open space or common areas shown on the Open Space Master Plan shall be in conformance with the Development Plan. The Open Space Master Plan shall include a phasing plan for construction of all trails, parks, common open space and facilities. The Open Space

Master Plan shall be considered for approval if it complies with this section, the applicable City regulations, the Development Plan, and generally accepted park-planning practices.

d. The District shall contain not less than eleven (11) acres of land to be used as public or private parkland. A minimum of eleven (11) contiguous acres shall be dedicated to the City in accordance with the City's Neighborhood Parkland Dedication Ordinance on approval of the final plats for those phases adjacent to or abutting the proposed parkland dedication and will provide access to said parkland area. The remaining parkland area will be retained as a private park within the District. Park improvements shall be constructed in accordance with the approved Open Space Master Plan. The site plan incorporating the design of park improvements and hike/bike trail improvements shall be considered for approval with the final plat for the phase of the development containing such improvements. Performance of the obligations in this subparagraph shall be deemed to fully satisfy the City's Neighborhood Parkland Dedication Ordinance regarding land dedication. At the time of recordation of final plats for each phase, the Developer shall pay park improvement fees to the City. These fees shall be held in an escrow account until the parkland is dedicated to the City, at which time the Developer shall inform the City if the Developer wishes to use the escrowed fees as well as future fees to construct park improvements. Prior to construction, said improvements shall be approved by Parks Director, approval not to be unreasonably withheld, and invoices for improvements shall be submitted to Parks Director for approval. Performance of the obligations in this subparagraph shall be deemed to fully satisfy the City's Neighborhood Parkland Dedication Ordinance regarding park development fees, provided that park improvements are installed at a value equal or exceeding the value of park improvement fees for the entire District applicable at that time, or improvement fees are paid. Thereafter, the Developer shall not be responsible for additional parkland dedication or park development fees associated with the Property, except as otherwise may be provided in a capital facilities agreement approved by the City.

7. Developer shall provide a minimum of one (1) retention pond in the District with hard edges and fountain features. The exact configuration and location of the ponds will be determined at development. All retention pond hardedges shall be similar to the hardedge shown on Figure 1 (below).

Figure 1: *Retention Pond with Hardedge.*

8. *Signage.* Permanent subdivision identification signage shall be permitted at all major entry points, in general conformance to the signage shown in Figure 2 & 3 (below). Final design of entry features to be determined with the Planned Development Site Plan.

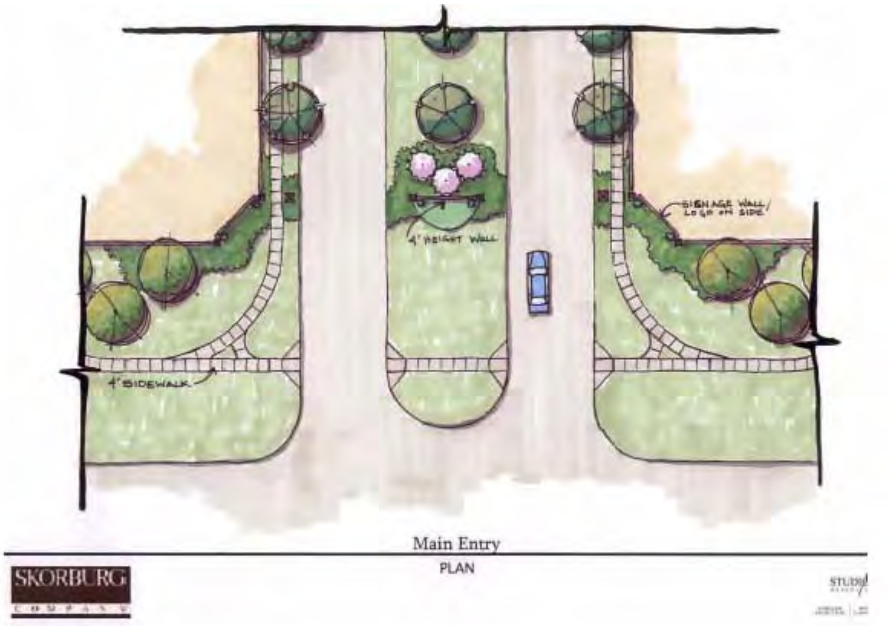

Figure 2: *Example of Subdivision Signage Locations*

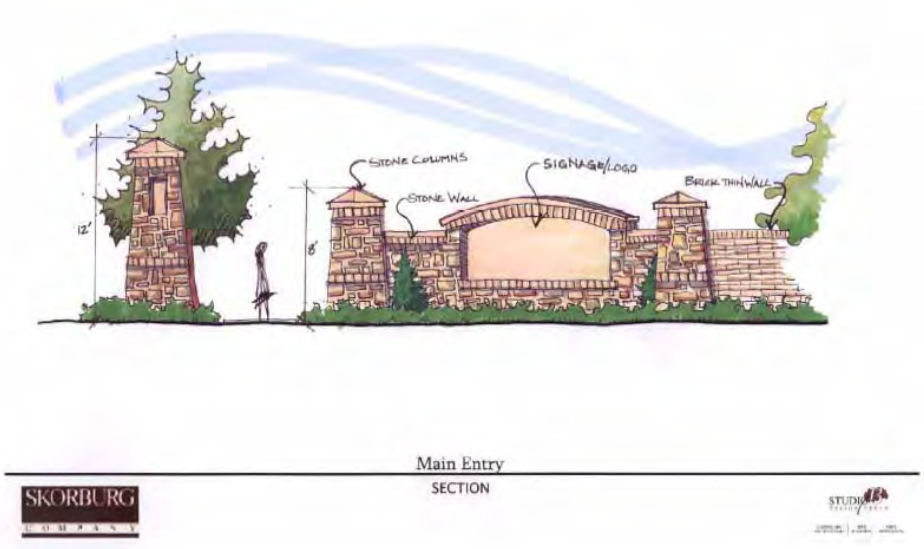

Figure 3: *Example of Subdivision Signage Design Standard*

9. *Variances.* The variance procedures and standards for approval set forth in the Unified Development Code shall apply to any application for variances to this ordinance.

10. *Amenity Center.* Site plan, landscape plan and building elevations for the Amenity Center shall be approved by the Planning and Zoning Commission prior to construction.
11. *Trees.* All trees planted within the District shall be a minimum three (3) inch caliper measured six (6) inches above the root ball.

EXHIBIT 'D': CAPITAL FACILITIES AGREEMENT FOR BREEZY HILL

THIS CAPITAL FACILITIES AGREEMENT (the "Agreement") is by and among the Breezy Hill 405, Ltd, ("Breezy" or "Developer") and the City of Rockwall, Texas ("City" or "Rockwall "),

I. RECITALS

1. Breezy seeks to rezone and subdivide the Property for single-family residential use and certain commercial uses. Breezy shall submit an application to rezone the 405 acres north of FM-552 (the "Property") as a planned development (PD) district for a development currently known as Breezy Hill (the "PD District"),

   NOW, THEREFORE, in consideration of the foregoing recitals and mutual covenants contained herein, the Parties hereto agree as follows:

II. ADEQUATE PUBLIC FACILITIES

1. *General Provisions.*

   a. *Adequacy Required.* Development of the Property shall be supported with adequate levels of public facilities and services, Adequate facilities and services are those that (i) comply with the applicable City regulations, including this Agreement, and (ii) are consistent with generally accepted engineering and planning practices for similar developments, The Parties agree that the dedication and construction of public improvements, or the contribution of proportionate development fees, required to support development of the Property shall precede or be concurrent with the construction of private improvements to the land, in accordance with the phasing provisions incorporated within this section, or as otherwise may be provided through approval of a master plat.

   b. *Proportionality.* The Parties agree that the dedication or construction of public improvements, or the contributions of development fees, provided for in this Agreement are roughly proportional to the nature and extent of the proposed development of the Property on the City's public facilities systems. Breezy hereby covenants not to sue the City for any claim, or otherwise consent to participate in any action against the City arising from any claim by such party or by its affiliates, alleging that application of the adequate facilities requirements set forth in this Part II of the Agreement to the development of the Property, or the imposition of conditions to a plat application for a portion of the Property that are consistent with the requirements of this section, are not roughly proportional to the impacts of the development depicted in the Concept Plan, including but not limited to any action premised upon Tex. Loc. Gov't Code sec. 212.904 or successor statute. Such covenant not to sue touches and concerns the Property, and is a covenant running with the land such that it binds successors-in-interest and assigns of Breezy. Should any successor-in-interest or assign of Breezy other than an affiliate of Breezy assert any of the foregoing claims in a court of competent jurisdiction, in violation of this Subsection 1 (b), with respect to the development of any portion of the Property, the Parties agree that, with respect to such portion of the Property or all of the Property, at the City's option, this Agreement thereupon shall become null and void and any rights that may otherwise have

BLS

vested under then existing state law shall be waived upon such event. Breezy further agrees that the City may expressly rely upon the provisions of this paragraph in any certification under section 212.904 and that a court in determining rough proportionality may consider all of the Property. Should Breezy or an affiliate of Breezy violate the covenant not to sue contained in this paragraph, the City may either enforce the covenant or pursue the remedies provided for herein that are applicable to successors or assigns, other than affiliates. As used in this Agreement, the term "affiliate" means any person, corporation, partnership, or other entity controlled by, controlling, or under common control with Breezy.

c. *No Waiver.* The requirements in this Part II shall be considered additional standards and conditions applicable to development within the PD District. Except in the event of a conflict between the standards in this Agreement and other standards applicable within the District, nothing in this Agreement shall be construed as superseding any requirement or standard in the City's subdivision or utility regulations relating to provision of adequate public facilities and services.

2. *Wastewater Services.*

a. *City as Provider.* The City shall be the supplier of wastewater services to the Property.

b. *Line Extensions.* The Developer shall extend wastewater mains sufficient to serve each phase of development within the PD District, sized in accordance with the City's master plan for wastewater facilities and constructed in accordance with the phasing schedule approved in conjunction with the Developer's master plat application. The Developer shall design and construct a lift station in order to serve the development within the PD District. The Developer shall be entitled to pro-rata fees for the costs of over-sizing the lift station from other future developments using the lift station, calculated on a per acreage basis. Developer also shall be eligible for credits against, wastewater impact fees otherwise due for construction of improvements identified and included in the City's wastewater improvements plan for impact fees, in accordance with the City's then existing impact fee regulations. Provisions for City participation in oversize costs, rebate of pro-rata fees or provision of impact fee credits shall be set forth in a facilities and reimbursement agreement between the Developer and the City.

c. *Payment of Impact Fees.* Wastewater impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations.

3. *Water Services*

a. *City as provider.* The City shall be the supplier of water services to the Property. The City represents that it has sufficient capacity to serve the Property.

b. *Line Extensions.* The Developer shall extend water mains sufficient to serve each phase of development within the PD District, sized in accordance with

BD

the City's master plan for water facilities and constructed in accordance with the phasing schedule approved in conjunction with the Developer's master plat application. The Developer shall be eligible for City participation in the costs of over-sizing water distribution mains or appurtenances that serve other land in addition to the Property, in accordance with the City's standard policies, or for collection of pro-rata fees for such facilities. Developer also shall be eligible for credits against, water impact fees otherwise due for construction of improvements identified and included in the City's water improvements plan for impact fees, in accordance with the City's then existing impact fee regulations. Provisions for City participation in oversize costs, rebate of pro rata fees or provision of impact fee credits shall be set forth in a facilities and reimbursement agreement between the' Developer and the City.

c. *Payment of Impact Fees.* Water impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations.

4. *Road Improvements.* The Developer shall make the following road improvements.

a. *John King Boulevard (Highway 205 Bypass).* The Developer shall have no obligation with respect to construction of John King Blvd. other than as outlined herein regarding payment of road impact fees.

b. *FM-552 Improvements.* The Developer shall dedicate rights-of-way for and construct turn lanes and acceleration/deceleration lanes concurrent with construction of any road on the Property that intersects FM 552, in accordance with City and TXDOT standards and specifications at the time of development of adjoining property.

c. *Breezy Hill Road Improvements.* The Developer shall dedicate a minimum of twenty-five feet (25') of right-of-way or such right-of-way as is needed to construct a twenty-four foot (24') concrete rural section of Breezy Hill Road and appurtenances adjacent to the Property, together with a two-foot (2') asphalt or concrete shoulder on either side of the concrete section, the total not to exceed twenty-eight feet (28') in width, from the northern point of Breezy Hill Road adjacent to the Property, to FM-552, as shown on the Development Plan. The Developer also shall dedicate and improve a minimum landscape buffer of ten feet (10') for the residential tract and fifty feet (50') for the retail tract, adjacent to the right-of-way for Breezy Hill Road, designed in accordance with the requirements of a PD District then in effect for a rural collector. The bar ditch that abuts the buffer strip, designed to a maximum slope of 3: 1, shall not encroach into the required ten-foot or fifty-foot buffer area, except to the extent that the buffers exceed ten feet (10') in width. The Developer shall dedicate right-of-way for Breezy Hill Road and the landscape buffer at the time of final plat approval for any lot abutting Breezy Hill Road. Developer shall construct Breezy Hill Road in conjunction with the retail tract that is final platted adjacent to Breezy Hill Road. Breezy Hill Road will be constructed from the northernmost intersection created by any portion of the retail tract being platted, south to FM-552. Developer shall install any

BL)

needed expansion of existing culverts created by such construction or the development, of such retail tract.

d. *Payment of Roadway Impact Fees.* Roadway impact fees shall be paid at rates and at the times provided for in the City's then existing impact fee regulations. Construction costs incurred by Developer for roadway improvements in this Agreement that are included in the City's roadway improvements plan for impact fees shall be credited against roadway impact fees otherwise due, in accordance with the City's impact fee regulations.

5. *Drainage Improvements.* Dedication of rights-of-way for and construction of drainage improvements shall be provided as specified in conditions imposed with approval of the master plat for development within the PD District and in accordance with City standards and specifications.

6. *Parks and Open Space.*

a. The Developer or a property owners association shall maintain public parklands and improvements within the development for a period of three (3) months from the completion and acceptance of the improvements. Thereafter, the City shall assume responsibilities for maintenance. All open space and improvements which are not dedicated as parkland to the City shall be maintained as common areas in perpetuity by the property owners association for the PD District. Additionally, the property owners association shall maintain Developer-installed landscaping areas in public rights-of-way and public drainage ways internal to and adjacent to the Property.

III. GENERAL PROVISIONS

1. Notice on Sale. The Developer shall provide the City with notice of the sale of any tract or parcel within the District that has not been platted at the following address:

Rockwall City Manager
Rockwall City Hall
385 S. Goliad Street
Rockwall, TX 75087

2. *Recording.* This Agreement is intended to run with the land, and shall be recorded in the Real Property Records, Rockwall County, Texas.

3. *Term of Agreement.* This Agreement shall terminate two (2) years following the City's acceptance of the dedication and construction of the public improvements described herein serving the last phase of development within the PD District, after which the City agrees, upon the request of the Developer to execute a termination of this Agreement in recordable form. Any reimbursements for payment of impact fees shall not expire.

4. *Effective Date.* This Agreement shall take effect upon the date of its execution by the last of the Parties to the Agreement; provided, however, that Breezy shall execute this Agreement no later than five (5) business days following the

BJS

EXHIBIT 'D': CAPITAL FACILITIES AGREEMENT FOR BREEZY HILL

effective date of the PD zoning ordinance for the Property. If Breezy fails to execute this Agreement within such period, this Agreement shall become null and void, and unless a subsequent agreement, acceptable to the City and the Developer, is agreed to, the City may thereafter deny any PD site plan, master plat or other plat application on grounds that the application is not supported by adequate public facilities and services.

5. *Severability.* Invalidation of any provision of this Agreement by judgment or court order shall not invalidate any of the remaining provisions which shall remain in full force and effect, unless such remaining provisions are an integral part of the invalid provisions or the invalid provision is necessary to give effect to the remaining provisions.

6. *Enforcement.* This Agreement may be enforced by the Parties by any proceeding at law or in equity. Failure to do so shall not be deemed a waiver to enforce the provisions of this Agreement thereafter.

7. *Venue.* Venue for this Agreement shall be in Rockwall County, Texas.

8. *Execution.* This Agreement may be separately executed in individual counterparts, and upon execution, shall constitute one and the same instrument.

9. *Amendment.* This Agreement may only be amended in writing upon mutual consent of the City and the Developer.

10. *Joint preparation.* This Agreement shall be deemed to have been jointly prepared by all Parties hereto, and no ambiguity of this Agreement shall be construed against any party based upon the identity of the author of this Agreement or any portion thereof.

11. *Recitals Incorporated.* Statements and representations contained herein are to be considered contractual in nature and not merely recitations of fact. The Recitals contained in Part I of this Agreement hereby are expressly incorporated into this Agreement by reference.

12. *Construction.* All references herein in the singular shall be construed to include the plural where applicable, the masculine to include the feminine and neuter genders.

13. *Authority.* Each of the signatories to this Agreement represents and warrants that he is authorized to execute this Agreement and bind his principals to the terms and provisions hereof. Each Party warrants that any action required to be taken in order for this Agreement to be binding on it has been duly and properly taken prior to the execution of this Agreement.

14. *Conflicts.* In the event of a conflict between this Agreement and any provision of the Unified Development Code, the City Code, or any City ordinance, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this Agreement, the standards in this Agreement shall control.

BJ

EXHIBIT 'D': CAPITAL FACILITIES AGREEMENT FOR BREEZY HILL

15. *No Waiver*. Developer retains the right to challenge the application of any City impact fee regulations to the Property solely on the basis that such regulations fail to comply with Chapter 395 of the Texas Local Government Code, as amended. If Developer prevails in such a claim, impact fees shall be applied to the development of the Property and paid by the Developer, as applicable, in accordance with the court order.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 06/16/2014

APPLICANT: NADC Architects, LLC

AGENDA ITEM: **SP2014-008**; Heritage Buick Pontiac GMC Amended Elevations

---

SUMMARY:

Discuss and consider a request by Ken Hill of NADC Architects, LLC on behalf of Heritage Buick, Pontiac, GMC, for the approval of a variance to the material requirements stipulated by Section 6.6, IH-30 Overlay (IH-30) District, of Article V, District Development Standards, of the Unified Development Code for a 5.285-acre parcel of land identified as Lot 1, Block 1, Heritage BPG Addition, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, located at 930 E. IH-30, City of Rockwall, Rockwall County, Texas, and take any action necessary.

BACKGROUND INFORMATION:

On January 18, 2000, the City Council approved a Conditional Use Permit (CUP) [*Case No. PZ1999-101-01*] to allow a Chrysler Dealership on the 5.285-acre subject property; however, this dealership was never constructed. In 2006, the current owner of the property, Robert Bobo, submitted a site plan application proposing the construction of a Buick, Pontiac, and GMC dealership. This site plan request was approved on November 14, 2006 by the Planning and Zoning Commission upon a positive recommendation by the Architectural Review Board (ARB). At the time of approval the site plan conformed to all requirements stipulated by the CUP ordinance (*i.e. Ordinance No. 00-01*) and the IH-30 Overlay (IH-30 OV) and Commercial (C) Districts as stated in the Unified Development Code (UDC). The only variance requested by the applicant was to the cross access requirements, which was approved by the City Council on November 20, 2006. This was approved on the grounds that other new car dealerships along IH-30 had been granted similar relief in previous cases.

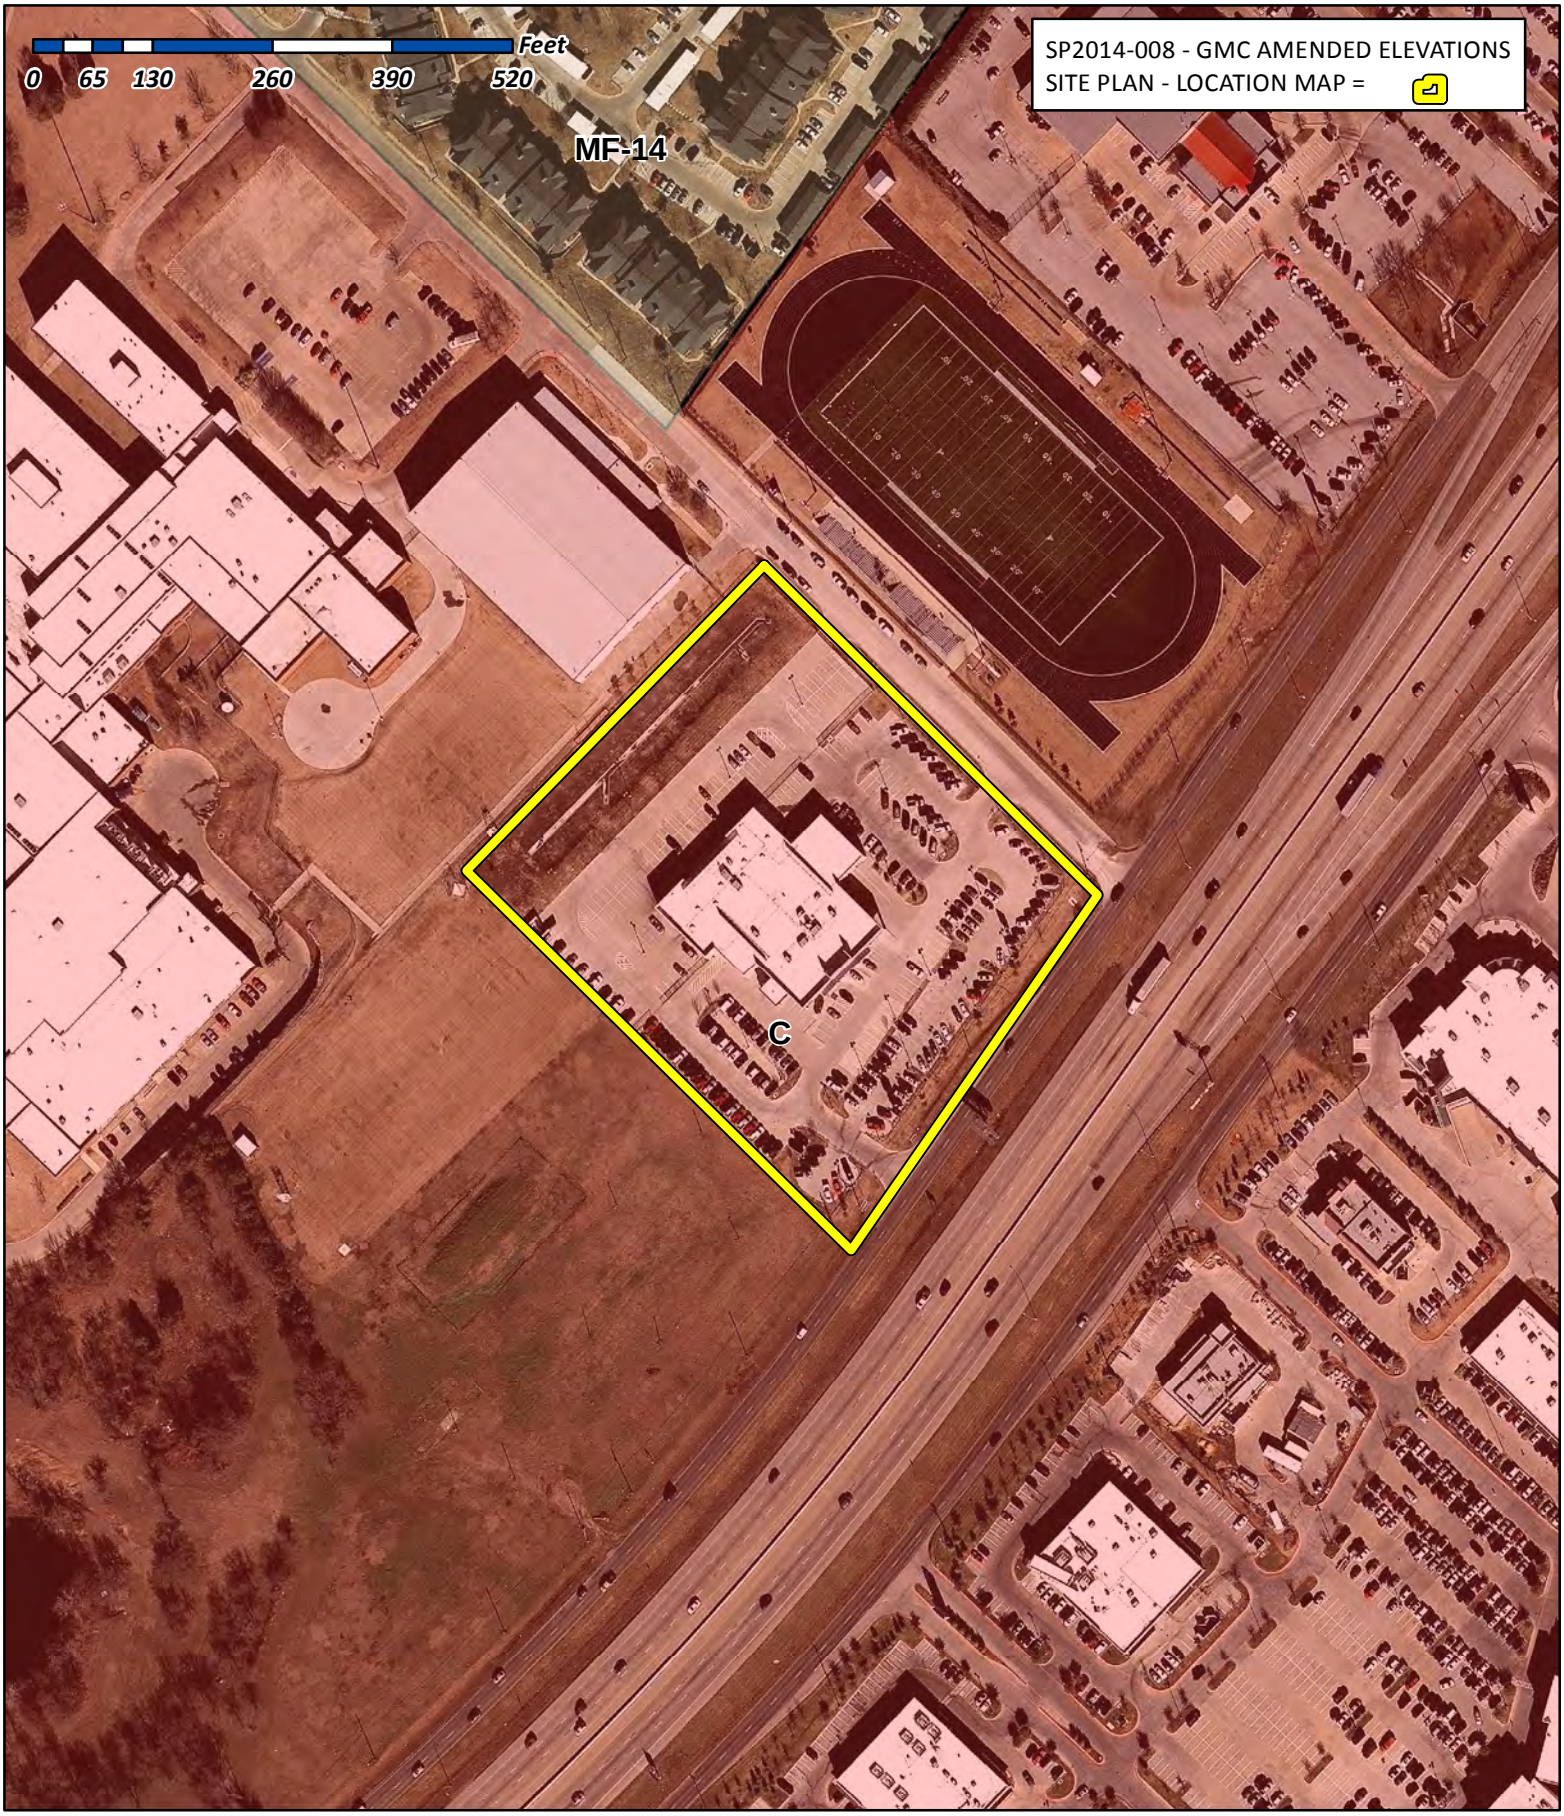
PURPOSE:

The purpose of this site plan amendment is to revise the existing building elevations to allow for the use of Aluminum Composite Material (ACM) on the majority of the exterior façade. According to a letter submitted by the applicant the automobile manufacturer (*i.e. General Motors*), *and not the owner of the property*, has requested that the building conform to the branding scheme adopted for all Buick/GMC Dealerships.

BUILDING ELEVATIONS:

According to Section 6.6, *IH-30 Overlay (IH-30 OV) District*, of Article V, *District Development Standards*, of the UDC the masonry requirements for properties located within this corridor are 90% masonry (*excluding windows and doors*) with a minimum of 20% of the masonry requirement being a natural or quarried stone. Currently, the existing building conforms to these standards and incorporates a blend of natural/native stone, split faced concrete masonry units (CMU), glazed CMU tile, EIFS, and architectural aluminum.

The elevations submitted with this request show that the building will be entirely re-clad in an ACM or *Sandwich Board*, which is a product that incorporates a composite material sandwiched in between two (2) sheets of aluminum sheeting. The areas that will remain CMU will be repainted a white color to match the ACM panels. Currently, the UDC allows ACM to be used as a secondary material or non-masonry material (*i.e. allowed to be incorporated on up to ten [10%] percent of the building's façade*).



According to Subsection G, *Variances*, of Section 6.6, *IH-30 Overlay (IH-30 OV) District*, of Article V, *District Development Standards*, of the UDC the City Council may grant variances to the provision contained within the overlay district requirements in cases where "unique or extraordinary conditions exist or where strict adherence to any provision of this section would create a hardship." A variance request must be approved by a *minimum of three-fourths (3/4's)* [*i.e. a minimum of four (4) affirmative votes*] of all City Council members present.

ARCHITECTURAL REVIEW BOARD (ARB):

On May 27, 2014 the Architectural Review Board (ARB) reviewed the request and recommended that the building maintain conformance to the masonry requirements stated in Section 6.6, *IH-30 Overlay (IH-30 OV) District*, of Article V, *District Development Standards*, of the UDC. Specifically, the ARB recommended that if used the ACM should not exceed ten (10%) percent of the building's façade.

PLANNING AND ZONING COMMISSION:

On June 10, 2014, the Planning and Zoning Commission recommended denial of the applicant's request by a vote of 6-0.

(Hand Delivered)

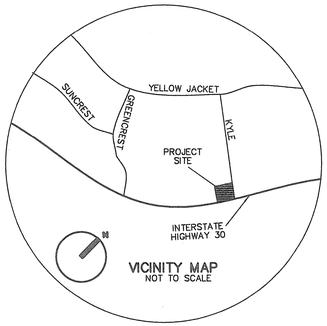
RE: Requested Site Plan Amendment-Heritage Buick-GMC-Cover Letter

Please refer to attached executed form, drawings, and other documentation with the following explanation:

Overview:
The requested change is to partially re-clad the exterior wall faces of an existing Automobile Dealership building on I-30 at Kyle Drive. The existing building was designed and approved according to the prevailing material requirements for the City of Rockwall, including the I-30 overlay restrictions.

Purpose for Amendment:
The automobile manufacturer, (General Motors, NOT the local dealership franchise owner) has requested that the building be re-clad with Aluminum Composite Material (ACM) according to the submitted material. The purpose for this change by General Motors is so that the building will adopt the identical image of all other Buick-GMC dealerships throughout the nation. Ironically, the Architect of Record, NADC Architects, LLC, and the local Franchise owner, Heritage Motors, do not favor this change. Together we feel that changes shown will destroy the character of the existing building. Whereas other existing dealerships in the Rockwall area may have been upgraded and enhanced by requested General Motors changes, we feel the requested change to Heritage Motors will degrade the facility.

Scope of change:



There are no requested changes to the site, the building, or any other aspect of the project other than the re-cladding of the entire south façade, and the partial re-cladding of the east and west exterior walls with ACM. This re-cladding would cover the existing stone columns, much of the existing stone veneer, and all of the existing tile faced CMU. Additionally, General Motors has requested that the integrally colored CMU veneer on all parts of the building not being re-clad be painted a stark white color to match the white ACM panels.

Conclusions:

We ask that the following be considered when the City of Rockwall staff and Boards evaluate this request:

1. The Architect of Record and the local dealership franchise owner do NOT favor this change of appearance to the existing building. However, as a course of business we must "officially" seek the change from the City of Rockwall.
2. That the staff, the Architectural Review Board, and any other City Board involved in the review of this requested change carefully consider the quality of the appearance of existing building and the change of appearance which will occur if the re-cladding is done.\
3. That if the City of Rockwall does not feel the change is appropriate, a written rejection be issued with reasons stated for the rejection.

End of Cover letter

GENERAL NOTES

1. SITE ADDRESS: Interstate Highway 30 & Kyle Drive
2. All construction shall be in compliance with the 2000 edition of the International Building Code & Local Amendments and shall comply with all codes, ordinances, and requirements set forth by the city of Rockwall and Rockwall County.
3. Zoning District: 'C' Commercial Zoning District / IH-30 Overlay
4. Occupancy Type: Storage Group S-1 (Parts Storage, Service bays) & Business Group B (Showroom & Offices, Service Reception)
5. Construction Type: IIB
6. Provide a fully supervised sprinkle system for the entire building. Unless otherwise approved by the authority having jurisdiction, the design of the sprinkler system shall comply with a classification of Ordinary Hazard Occupancy (Group 3) at the Service Shop and a classification of Ordinary Hazard Occupancy (Group 2) at all other areas as indicated in NFPA 13 Standard for the Installation of Sprinkler Systems.
7. It is the responsibility of the general contractor to become aware of the location of all underground utilities on the site before any drilling or excavation begins.
8. All dimensions are to be field verified for correctness. If any variances occur, the Architect shall be contacted for verification. Written dimensions on these drawings shall have precedence over scaled dimensions. All interior dimensions are to be to face of gypsum board partition walls unless otherwise noted. All exterior dimensions are to be to face of (finish) (stud) for clear opening unless otherwise noted.
9. All signage to be placed on this site is subject to approval by the City of Rockwall, Tx. All signage is not in contract. Refer to electrical drawings for conduits and wiring included as part of the contract.
10. Saw cut concrete shown with ¼" wide chamfer blade as shown. Clean and fill all joints with sealant of color by Architect.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 06/16/2014

APPLICANT: Lori Stevens

AGENDA ITEM: **SP2014-009**; Patriot PAWS

SUMMARY:

Discuss and consider a request by Lori Stevens of Patriot PAWS for the approval of an exception to the exterior material requirements as stipulated by Section 4.1, General Commercial District Standards, of Article V, District Development Standards, of the Unified Development Code to allow for an addition to an existing facility, which is located on a 1.5304-acre parcel of land, being identified as Lot 4, Block A, Maverick Ranch Addition, zoned Commercial (C) District, and located at 254 Ranch Trail, City of Rockwall, Rockwall County, Texas, and take any action necessary.

BACKGROUND INFORMATION:

Lori Stevens of Patriot PAWS (a non-profit organization) has submitted an application for site plan approval for an additional facility to their existing operations in order to meet demand for their services. The proposed 4,000 sq. ft. training facility (with indoor kennels) will be located behind the two existing metal buildings located at 254 Ranch Trail. Due to the limited visibility from Ranch Trail, the applicant will be seeking an exterior materials exception to allow for less than a 90% masonry exterior for the south, east & west elevations. Please see the attached color renderings.

EXCEPTION REQUESTED:

Based on the standards established for the commercial district and the general location of the 4,000 sq. ft. training facility, the applicant is requesting an exception to the exterior materials requirements. The requested exception is to allow for:

> *Not meeting the minimum 90% masonry requirement for the south, east and west exterior elevations and allowing exposed pre-engineered metal finished panels for these particular elevations.*
>
> ***Under Sec. 4.1. General commercial district standards.***
> *A. Construction materials.*
>
> *1. Exterior walls. Each exterior wall shall consist of 90 percent masonry materials as defined in article XIII, Definitions, excluding doors and windows, on walls which are visible from a public street or open space, including a minimum of 20 percent stone. All buildings shall have exterior walls constructed of stone, brick, glass block, tile, cast metal, cast or cultured stone, or a combination of those materials…**Exceptions to this requirement may be permitted on a case by case basis by the council upon submission and approval of elevation drawings…***

Staff would point out that the majority of the existing commercial buildings along Ranch Trail are metal buildings, many of which were built during the annexation process in 2004. Given the

limited visibility, the proposed 4,000 sq. ft. metal building will generally be screened from the view of public rights-of-way; however, the majority of the building will contain a masonry product, but this remains a discretionary action for the Planning and Zoning Commission and City Council.

RECOMMENDATIONS:

If approved, staff would offer the following conditions:

1. Adherence to all engineering and fire department standards.
2. Submittal and approval of a building permit.
3. Submittal and approval of replat.
4. Approval of an exception to the exterior material requirements to allow for a metal building by the City Council.

Site Plan:

The plan meets the intent of the Unified Development Code as submitted.

Landscape Plan:

The plan meets the intent of the Unified Development Code as submitted.

Building Elevations:

1. Other than the exception requested, the proposed building meets the intent of the Unified Development Code.

Photometric Plan:

The plan meets the intent of the Unified Development Code as submitted.

Planning and Zoning Recommendation:

On June 10, 2014, the Planning and Zoning Commission approved the Site Plan request that includes a recommendation of approval for an exception to allow less than 90% masonry for the south, east, and west elevations by a vote of 6 to 0 (Minth - absent).

RE: Patriot PAWS – 254 Ranch Trail – Masonry/Articulation Variance

Dear David,

We understand that new buildings are required to have 90% of masonry on the exterior of the buildings; however, since our new building is behind two existing metal buildings, we propose to clad the existing buildings in a masonry wainscot as presented, and then treat the new building in the back of the existing structures in the same manner. We believe that this will better address the intent of the ordinance by making the areas that are visible to the public have masonry on them. The new building requires 2,977 s.f. of masonry to meet the 90% masonry requirements. We are proposing 1,968 s.f. or 72% for the new building and an additional 1,912 s.f. to the existing buildings for a total of 3,880 s.f. of masonry with much of the masonry on areas visible to the public.

The new 4,000 s.f. building will have additional articulation with the set back of the kennels by use of masonry wainscot and articulation. We are proposing to add articulation to the existing buildings with a matching wainscot as the new building, as well as new masonry columns at the entry canopy. (see attached rendering).

Sincerely,

Kim Dowdy

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council
Rick Crowley, *City Manager*

FROM: Robert LaCroix, *Director of Planning and Zoning*

DATE: June 16, 2014

SUBJECT: Administrative and Enforcement Authority for the Ralph M. Hall/Municipal Airport

As directed by the Airport Subcommittee staff has prepared an ordinance that transfers the administrative and enforcement authority of the Ralph M. Hall/Rockwall Municipal Airport zoning regulations from the Joint Airport Zoning Board to the Planning and Zoning Commission as authorized by the Texas Local Government Code (*§241.012*).

CITY OF ROCKWALL

ORDINANCE NO. 14-

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, DESIGNATING THE CITY OF ROCKWALL PLANNING AND ZONING COMMISSION AS THE ADMINISTRATIVE AGENCY FOR THE ADMINISTRATION AND ENFORCEMENT OF THE ROCKWALL MUNICIPAL AIRPORT ZONING REGULATIONS; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Rockwall did establish a Joint Airport Zoning Board on December 2, 1963, and investing it with the powers such Boards are authorized to exercise under the provisions of Chapter 391 of the Acts of the Regular Session of the 50th Legislature, 1947, and

WHEREAS, the Rockwall Municipal Airport lies entirely within the corporate city limits of the City of Rockwall and may, as authorized under Texas Local Government Code, Chapter 241, Municipal and County Zoning Authority around Airports, Section 241.012 Airport Compatible Land Use Zoning Regulations, adopt, administer, and enforce, under its police power, airport compatible land use zoning regulations for the part of a controlled compatible land use area located within the political subdivision if the airport is used in the interest of the public to the benefit of the political subdivision, and

WHEREAS, the City Council of the City of Rockwall, as authorized under Texas Local Government Code, Chapter 241, Municipal and County Zoning Authority around Airports and more specifically Subchapter C. Administrative Agency and Board of Adjustment, Section 241.031 Administrative Agency, seeks to provide an administrative agency to provide for administration and enforcement of the Rockwall Municipal Airport zoning regulations, and

WHEREAS, the City Council of the City of Rockwall hereby designates the Rockwall Planning and Zoning Commission as the administrative agency for the administration and enforcement of the Rockwall Municipal Airport zoning regulations, and

WHEREAS, the designation of the Rockwall Planning and Zoning Commission as the administrative agency for the administrative and enforcement of the Rockwall Municipal Airport zoning regulations, supersedes and repeals the act creating the Joint Airport Zoning Board established on December 2, 1963.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Rockwall, Texas:

Section 1. That the Rockwall Planning and Zoning Commission shall be designated as the administrative agency for the administrative and enforcement of the Rockwall Municipal Airport zoning regulations.

Section 2. That in interpreting and applying the provisions of this Ordinance, they shall be held to be minimum requirements for the promotion of the public safety, health, convenience, comfort, morals, prosperity and general welfare. It is not intended

by this ordinance to interfere with or abrogate or annul any easements, covenants or other agreements between parties, or any statute, local ordinance or regulations, except that if this ordinance imposes a greater restriction, or higher standard, this ordinance shall control.

Section 3. That all other ordinances of the City of Rockwall in conflict with the provisions of this be and the same are hereby repealed.

Section 4. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this ____ day of _____, 2014.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council
Rick Crowley, *City Manager*

FROM: Robert LaCroix, *Director of Planning and Zoning*

DATE: June 16, 2014

SUBJECT: Airport Overlay (AP OV) District

On June 2, 2014, the Airport Subcommittee reviewed a draft copy of the design requirements and land use criteria for a proposed Airport Overlay (AP OV) District. As part of this meeting, the subcommittee made a recommendation to forward this document to the Planning and Zoning Commission for their consideration. Approval of this action item will enable the Planning and Zoning Commission to consider the creation of an Airport Overlay (AP OV) District.

Proclamation

Rockwall, Texas

Whereas, 2013-2014 marked the inaugural season of the Rockwall Baseball Softball League (RBSL); and

Whereas, "Texas Sports," an 8U division, boy's baseball team, finished the season undefeated; and

Whereas, the team had an impressive 132 run differential; and

Whereas, the Rockwall City Council would like to recognize this team for its success in this, the inaugural season of the RBSL.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby designate July 7, 2014 as

TEXAS SPORT CHAMPIONS DAY

in the City of Rockwall and encourage all citizens to recognize and applaud these young baseball players for a successful, first season.

In Witness Whereof, I hereunto set my hand and official seal this 3rd day of July, 2014.

David Sweet, Mayor

Proclamation

Rockwall, Texas

Whereas, Soroptimist, which means "best for women," is a global women's organization whose members volunteer to improve the lives of women and girls through programs leading to social and economic empowerment; and

Whereas, more than 80,000 Soroptimists in about 120 countries and territories support community–based and global projects benefiting women and girls, particularly providing access to education, as this is the most effective path to self-determination; and

Whereas, in 2014, Soroptimist International of Rockwall proudly celebrates its 30th anniversary; and

Whereas, Soroptimist Rockwall's service projects include programs such as STARS, which provides financial assistance for low income seniors; "We Expect Respect," a high school and middle school curriculum taught free of charge about dating violence; Eloise's Closet, which provides free clothes and accessories to women in need; and Helping Hands Clinic assistance, which focuses on diagnostic testing for women and children; and

Whereas, Soroptimist provides scholarships to mature women through its Women's Opportunity Award as well as scholarships to high school seniors through the Violet Richardson Award and the Susan Faulkner Scholarships; and

Whereas, the Soroptimist Ruby Award honors women who have worked to improve the lives of women and girls through their professional and/or volunteer work.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim July 7, 2014 as

Rockwall Soroptimist Appreciation Day

in the City of Rockwall and encourage all citizens to recognize and applaud this organization for its philanthropic endeavors which benefit our community and beyond.

In Witness Whereof, I hereunto set my hand and official seal this 7th day of July, 2014.

MINUTES
ROCKWALL CITY COUNCIL
ANNUAL RETREAT
June 12-14, 2014
Star Brand Ranch
1182 Star Brand Drive
Kaufman, Texas 75142

Thursday, June 12, 2014

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 7:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem Jim Pruitt, and Council Members David White, Mike Townsend, Scott Milder, and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs, City Attorney Frank Garza, and all department directors. Councilmember Bennie Daniels was absent from the meeting Thursday evening.

City Engineer Tim Tumulty briefed the city council on retention and detention. The council took no action related to this item.

Mayor Sweet adjourned the meeting at 7:35 p.m.

Friday, June 13, 2014

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 8:00 a.m. Present were Mayor David Sweet, Mayor Pro Tem Jim Pruitt, and Council Members David White, Mike Townsend, Scott Milder, Bennie Daniels, and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs, City Attorney Frank Garza, and all department directors.

II. STAR TRANSIT

Omega Hawkins of STAR Transit was present and gave the city council an overview of funding sources for the STAR transportation system as well as the 2013 needs assessment. She indicated the City of Mesquite has been evaluating the possibility of contracting with STAR. Discussion took place related to ridership and user costs versus subsidies paid by entities in Rockwall County. Mrs. Hawkins indicated that riders under sixty years of age are charged $2 each way for rides, and senior citizens (those beyond age 60) are charged $1 each way to ride. Mrs. Hawkins explained that STAR is in the process of increasing board members, but they currently only have four board members. Mrs. Hawkins indicated that she will provide the bylaws of the organization to the Rockwall council members for review. It was indicated that in Texas, counties are the entities who designate the countywide transit service provider. The council took no action related to this item.

III. PD 32 / The Harbor

Planning Director Robert LaCroix briefed the council on the current PD 32 plan. Discussion took place related to the council's comfort level and satisfaction with various aspects of the plan including lot sizes and density. The council generally indicated that they are mainly concerned about the number of multifamily residential units (1161). After brief discussion related to zoning and the plan, the council took no action related to this item.

IV. Land / Open Space Dedication

City Manager Rick Crowley led this discussion, suggesting the council consider continuing on with having park land dedicated to the city with all other types of land being dedicated to homeowners associations (HOAs). The council may wish to move forward with formal adoption of this policy at an upcoming, regular city council meeting. The council took no action related to this discussion item.

V. Main Street / Downtown Plan

Mr. LaCroix provided a history of the development of the downtown plan, and he explained each of its elements. Bethany Golden, the city's Main Street Manager, came forth and provided some statistics which showed positive increases in both sales tax revenues and property values in the downtown area since 2009. Mr. Crowley suggested the council may wish to consider formulating some downtown-related volunteer opportunities in addition to the two year advisory board appointments. The council may also consider some improved and added marketing of our city, including the downtown area. City council members generally indicated they do not desire to make changes to the downtown plan at this time. No action was taken regarding this discussion item.

VI. Regulated businesses / City Charter / Rate Cases

Regarding the city charter, Mayor Pro Tem Pruitt indicated that he believes a lawyer, rather than a clerk, needs to serve as the judge. Discussion took place related to the last time a Charter Review Commission was established. Council gave indication they would like to move forward with appointing a Charter Review Commission to evaluate and make recommendations regarding ballot propositions for the May 2015 election. Brief discussion took place related to public utilities, such as Atmos, proposing rate increases. Thereafter, the council discussed how to encourage large homes on large estate lots within the City of Rockwall as well as diversification of the overall housing products in the city. The council took no formal action regarding these discussions.

VII. Land Use / Comprehensive Plan

The city manager and council members briefly discussed the "Blacklands Corridor Toll Road," a project that is currently being evaluated by a private company called "Public Works." Discussion also took place related to the city's comprehensive plan. No action was taken by council regarding this item.

VIII. STRATEGIC PLANNING, BRANDING, AND CITIZEN SURVEY

Mr. Crowley briefed the council on past strategic planning and branding as well as the last citizen survey. The council took no action related to this discussion item.

IX. ADJOURNMENT

Friday's meeting was adjourned at 4:35 p.m.

Saturday, June 14, 2014

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 8:30 a.m. Present were Mayor David Sweet, Mayor Pro Tem Jim Pruitt, and Council Members David White, Mike Townsend, Scott Milder, Bennie Daniels, and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs, City Attorney Frank Garza, and all department directors on staff.

II. WATER (NORTH TX MUNICIPAL WATER DISTRICT)

Mike Rickman, Deputy Director of the North TX Municipal Water District, as well as Rockwall's NTMWD board members, Bill Lofland and Larry Parks, were present for this discussion item. Mr. Rickman gave an in-depth presentation related to the drought, including past, present and future effects and plans to try and address water-related concerns. The council took no action related to this discussion item.

III. BUDGET PRIORITIES

City Manager Rick Crowley and Assistant City Manager Mary Smith spoke about the upcoming fiscal year 2015 budget. Indication was given that all department directors have submitted their requests at this time; however, city management has not yet reviewed these proposals. Emphasis was placed on the negative impact that the current drought has had on the city's water/sewer revenue fund. Indication was given that this revenue shortage will be a large topic during the upcoming budget meetings, and revenue from the general fund is expected to have to be transferred in order to make up for the shortage. Discussion took place regarding possible meeting dates/times for the budget work session and public hearings related to the budget. The council took no action related to this item.

IV. CAPITAL IMPROVEMENT PROJECTS AND PLANNING (CIP)

Tim Tumulty, City Engineer, provided a presentation regarding roadway-related capital improvement projects in the City. Regarding police and fire related CIP, Mr. Crowley indicated that a short work session may be scheduled with the city council prior to one of its regularly scheduled 1st and 3rd Monday council meetings. The council took no action related to this item.

V. CITY MANAGER'S WORK PLAN

This item was not discussed, and no action was taken.

VI. ADJOURNMENT

Mayor Sweet adjourned the meeting at 11:45 a.m. on Saturday, June 14, 2014.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 7th day of July, 2014.

MINUTES
ROCKWALL CITY COUNCIL
Monday, June 16, 2014
4:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 4:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem Jim Pruitt, and Council Members David White, Mike Townsend, Scott Milder, Bennie Daniels and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs and City Attorney Frank Garza.

Mayor Sweet read the below listed items into the record before recessing the public meeting into Executive Session:

II. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding the following legal claim: TF-Harbor LLC v. City of Rockwall, Texas and Rockwall Rental Properties L.P. pursuant to Section 551.071 (Consultation with Attorney)
2. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).
3. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).

III. ADJOURN EXECUTIVE SESSION

Executive Session was adjourned at 4:26 p.m.

MINUTES
ROCKWALL CITY COUNCIL
Monday, June 16, 2014
6:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

IV. RECONVENE PUBLIC MEETING

Mayor Sweet reconvened the public meeting at 6:00 p.m. with all seven council members present.

V. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

No action was taken as a result of Executive Session.

VI. INVOCATION AND PLEDGE OF ALLEGIANCE – COUNCILMEMBER DANIELS

Councilmember Daniels delivered the invocation and led the Pledge of Allegiance.

VII. PROCLAMATIONS / AWARDS

1. Emma Santoro, Life Saving Hero

Mayor Sweet called Fire Chief Mark Poindexter forward as well as Miss Emma Santoro, her mother and father and her little brother. It was explained that Emma saved her little brother from drowning when she jumped in and pulled him out of the family swimming pool after he fell in. Mayor Sweet read and presented Emma with a proclamation, and Chief Poindexter gave her the Civilian Medal of Honor Lifesaving Award.

2. Juneteenth

Mayor Sweet read a proclamation into the record to commemorate Juneteenth.

VIII. CONSENT AGENDA

1. Consider approval of the minutes from the June 2, 2014 city council meeting, and take any action necessary.

2. Consider approval of the award of the North Lakeshore Left Turn Lane construction contract to Bowman Construction in the amount of $64,295.50 to be funded from the Streets Division Operations Budget, and take any action necessary.

City Manager Rick Crowley stepped out of the room during the time Consent Agenda was addressed by the Council. Councilmember White made a motion to approve both items on the Consent Agenda. Councilmember Townsend seconded the motion, which passed unanimously of council present (7 ayes to 0 nays).

IX. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Mr. Craig Renfro, Chairman of the Planning & Zoning Commission, came forth and briefed the council on recommendations of the Commission relative to planning-related items on tonight's meeting agenda. The council took no action related to this agenda item.

2. Appointment with Michael Turner to discuss and consider proposed changes to the city's Recreational Vehicle (RV) ordinance regulations, and take any action necessary.

Michael Turner
925 Mont Cascades
Rockwall, TX 75087

Mr. Turner came forth and explained that he has concerns related to the city's ordinance regulating parking of boats in neighborhoods for loading and unloading purposes. He explained that he would like some clarity in the ordinance regulations related to the definition of "loading and unloading." He explained that he feels harassed by neighbors who constantly call the city to complain about his boat or utility trailer being parked for "loading and unloading" in front of his home. After brief comments, the council took no action related to this agenda item.

X. PUBLIC HEARING ITEMS

1. **Z2014-012** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Master Plan, on behalf of Rockwall SH-205 Venture, LLC, for the approval of a Specific Use Permit (SUP) to allow a mini-warehouse facility on a 2.857-acre tract of land, zoned Commercial (C) District, being a portion of a larger 5.549-acre tract of land identified as a part of Tract 2 of the J. Cadle Survey, Abstract No. 65, City of Rockwall, Rockwall County, Texas, generally located south of the intersection of the IH-30 frontage road and Townsend Drive, and take any action necessary. **(1st Reading)**

Planning Director Robert LaCroix provided background information related to this item, indicating notices were mailed out to twenty-one adjacent property owners located within two hundred feet of the property with one notice being returned in favor. He explained the Planning & Zoning commission did recommend approval of this facility with the caveat that any and all storage would be limited to a maximum height of eight feet and would be fully screened behind the 8' masonry wall.

Mayor Sweet opened the public hearing and called the applicant forth.

Maxwell Fisher
Master Plan

Mr. Fisher came forth and provided a presentation to council, detailing the characteristics of this proposed mini-warehouse facility. He explained that the product his company builds is not like traditional storage facilities. Instead, the buildings look more like very nice office buildings. He showed renderings / drawings as well as pictures of facilities like this proposed one that have been built in other cities.

Councilmember White made a motion to approve Z2014-012. Councilmember Milder seconded the motion. Mayor Pro Tem Pruitt asked for clarification regarding if the motion does or does not include the stipulation of requiring an eight foot fence. Councilmember White amended his motion to clarify approval of the item, indicating a requirement that the applicant must install an 8' masonry fence in addition to planting Leland Cypress trees to screen anything above the 8' screening fence. Councilmember Milder seconded the amended motion.

Councilmember Daniels asked if the facility would have twenty-four hour access for renters. Mr. Fisher indicated that access will be from 6:00 a.m. until 9:00 p.m., but there will be 24/7 surveillance.

The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-XX
SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO APPROVE A SPECIFIC USE PERMIT (SUP) TO ALLOW A MINI-WAREHOUSE FACILITY WITHIN A COMMERCIAL (C) DISTRICT AS SPECIFIED WITHIN ARTICLE IV, *PERMISSIBLE USES*, OF THE UNIFIED DEVELOPMENT CODE, FOR A 2.857-ACRE TRACT OF LAND, BEING A PORTION OF A LARGER 5.549-ACRE TRACT OF LAND IDENTIFIED AS PART OF TRACT 2 OF THE J. CADLE SURVEY, ABSTRACT NO. 65, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

2. **Z2014-015** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Dennis D. Alsup for the approval of a Specific Use Permit (SUP) for an accessory building that does not conform to the size requirements as specified by Section 2.1.2, Residential and Lodging Use Conditions, of Article IV, Permissible Uses, of the Unified Development Code for a property in a Single-Family 10 (SF-10) District on a 0.74-acre parcel of land identified as a portion of Block 4, Garner Addition, zoned Single-Family 10 (SF-10) District, situated within the North Goliad Overlay (NGC OV) District, located at 921 Alamo Road, City

of Rockwall, Rockwall County, Texas, and take any action necessary. **(1st Reading) (Postponement requested by applicant)**

Mayor Sweet acknowledged the requested postponement and announced that the public hearing for this case will be held on July 7, 2014. No action was taken at this time.

3. **Z2014-016** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Scott W. Blackwood for the approval of a zoning change from Agricultural (AG) District to a Planned Development District for limited commercial/retail land uses on a 12.493-acre tract of land identified as Tract 17-14 of the W. W. Ford Survey, Abstract No. 80, City of Rockwall, Rockwall County, Texas, located west of the intersection of SH-205 [S. Goliad Street] and S. FM-549, and take any action necessary. **(1st Reading) [Requires a 3/4 Majority Vote by the City Council for Approval]**

Mr. LaCroix provided brief background information related to this agenda item. He indicated that the Planning & Zoning Commission had some concerns about this property transitioning to Commercial at this time. However, since the time the Planning & Zoning Commission review took place, the applicant has since informed staff that he is willing to make some modifications to his original proposal. Seventeen notices were mailed out to property owners located within five hundred feet of the subject property, and nearby homeowners associations were informed as well. Two notices of oppositions were received back by staff. Mr. LaCroix explained that these two oppositions triggered at least thirty percent opposition, which has led to the need for a ¾ majority vote of the Council in order to be approved.

Mayor Sweet opened the public hearing and called the applicant forth to address the council.

Scott Blackwood
5205 S. FM-549
Rockwall, TX

Stephen Straughan
5802 Constellation Circle
Rockwall, TX

Mr. Blackwood read a letter, explaining his reasons for requesting this zoning change and urging the city council to approve this request.

Mr. Straughan indicated that Mr. Blackwood has been trying to sell his home for nearly five years. So, with his appraisal experience, he recommended to Mr. Blackwood that he may wish to consider a zoning change request as an option. He explained that he understands it may be difficult for the city council to approve this request without a concept plan being provided by the applicant. He asked the council to consider approving this zoning change, but, if the council denies it, he asked that it do so without prejudice.

Mayor Sweet asked if anyone else would like to come forth and speak at this time. There being no one else in the audience wishing to come forth and speak, Mayor Sweet then closed the public hearing.

Mayor Pro Tem Pruitt made a motion to send this item back to the Planning & Zoning Commission for further review and consideration, and he tabled this item until further input from the Planning & Zoning Commission is received. Councilmember Daniels seconded the motion, which, after brief comments, passed unanimously of Council (7 ayes to 0 nays).

4. **Z2014-017** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Dick Skorburg of the Skorburg Company on behalf of Breezy Hill 405, LTD for the approval of a zoning amendment to Planned Development District 74 (PD-74) to amend the concept plan to allow for additional single-family residential lots and allow for changes to the development standards contained in Exhibit 'C' of Ordinance 12-26 for 405.184-acres of land identified as Tract 7 & 7-1 of the J. Strickland Survey, Abstract No. 187, Rockwall, Rockwall County, Texas, generally located north of FM-552 and west of Breezy Hill Road, and take any action necessary. **(1st Reading)**

Mr. LaCroix provided background information related to this agenda item, indicating that sixteen notices were sent out to adjacent property owners. No notices were received back by any property owner located within the city limits. However, one notice of opposition was received back, but it was submitted by a property owner located in the county. The Planning & Zoning Commission did recommend approval of this item.

Mayor Sweet opened the public hearing and called the applicant forth.

Mr. Dick Skorburgh
8214 Westchester Drive

Mr. Skorburgh came forth and provided extensive background information related to his company, housing products that his company has built both in Rockwall and elsewhere in the Metroplex, and the nature of this particular request being considered this evening. He generally asked council for approval of this item.

Mayor Sweet asked if anyone would like to come forth and speak. There being no one else expressing such, Mayor Sweet then closed the public hearing.

Councilmember White made a motion to approve Z2014-017. Councilmember Lewis seconded the motion.

After extensive discussion regarding lot sizes and maximum number of lots, the ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 74 (PD-74) [*ORDINANCE NO. 12-26*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING THE PLANNED DEVELOPMENT CONCEPT PLAN AND THE DEVELOPMENT STANDARDS APPROVED WITH ORDINANCE NO. 12-26, BEING A 405.184-ACRE TRACT OF LAND

SITUATED IN THE J. STRICKLAND SURVEY, ABSTRACT NO. 187, T. R. BAILEY SURVEY, ABSTRACT NO. 30 AND THE J. SIMMONS SURVEY, ABSTRACT NO. 190, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY EXHIBIT 'A'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion to approve passed by a vote of 6 in favor with one against (Sweet).

XI. SITE PLANS / PLATS

1. **SP2014-008** - Discuss and consider a request by Ken Hill of NADC Architects, LLC on behalf of Heritage Buick, Pontiac, GMC, for the approval of a variance to the material requirements stipulated by Section 6.6, IH-30 Overlay (IH-30) District, of Article V, District Development Standards, of the Unified Development Code for a 5.285-acre parcel of land identified as Lot 1, Block 1, Heritage BPG Addition, zoned Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District, located at 930 E. IH-30, City of Rockwall, Rockwall County, Texas, and take any action necessary. [Requires a 3/4 Majority Vote by the City Council for Approval]

Mr. LaCroix provided background information related to this agenda item, generally indicating that the applicant would actually prefer that the city deny this request.

Ken Hill
NADC Architects, LLC
206 South Bois D' Arc
Forney, TX 75126

Mr. Hill came forth and indicated that the umbrella company for this car dealership desires for the exterior façade of all their dealerships, nationwide, to be uniform. However, he explained that doing so, in this case, would be a 'down grade' as far as materials and aesthetics are concerned. He therefore asked the council to deny this request.

Mayor Pro Tem Pruitt made a motion to deny this request. Councilmember Lewis seconded the motion, which passed by a vote of 7 ayes to 0 nays.

2. **SP2014-009** - Discuss and consider a request by Lori Stevens of Patriot PAWS for the approval of an exception to the exterior material requirements as stipulated by Section 4.1, General Commercial District Standards, of Article V, District Development Standards, of the Unified Development Code to allow for an addition to an existing facility, which is located on a 1.5304-acre parcel of land, being identified as Lot 4, Block A, Maverick Ranch Addition, zoned Commercial (C) District, and located at 254 Ranch Trail, City of Rockwall, Rockwall County, Texas, and take any action necessary.

Mr. LaCroix explained that Patriot Paws purchased this property, and they would like to build an additional building at the rear of the property. This building would be screened from the public view.

The applicant(s) came forth, introduced themselves and respectfully asked the council to approve this exception.

Mayor Pro Tem Pruitt made a motion to approve the request. Councilmember Lewis seconded the motion, which passed by a vote of 7 ayes to 0 nays.

XII. ACTION ITEMS

1. Discuss and consider approval of an **ordinance** at the recommendation of the Airport Subcommittee to transfer the administrative and enforcement authority of zoning regulations for the Ralph M. Hall/Rockwall Municipal Airport from the Joint Airport Board to the Planning and Zoning Commission, and take any action necessary. **(1st reading)**

Mayor Pro Tem Pruitt made a motion to table this item until the next council meeting. Councilmember Townsend seconded the motion, which passed by a vote of 7 ayes to 0 nays.

2. Discuss and consider a recommendation by the Airport Subcommittee to direct staff to forward the consideration of design guidelines and land use criteria for an Airport Overlay District (AP OV) District to the Planning and Zoning Commission, and take any action necessary.

Councilmember Townsend made a motion to table this item until the next council meeting. Councilmember White seconded the motion, which passed by a vote of 7 ayes to 0 nays.

Mayor Sweet indicated that there is no need to reconvene in Executive Session at this time.

XIII. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding the following legal claim: TF-Harbor LLC v. City of Rockwall, Texas and Rockwall Rental Properties L.P. pursuant to Section 551.071 (Consultation with Attorney)

2. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

3. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).

XIV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

The council did not reconvene in Executive Session following the close of the 6:00 p.m. public meeting.

XV. ADJOURNMENT

The meeting was adjourned at 7:39 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 7th day of July, 2014.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Julie Couch, City Manager**

FROM: **Mary Smith, Director of Finance**

DATE: **July 2, 2014**

SUBJECT: **Select Audit Firm**

The City Charter requires an audit be performed at the end of each fiscal year, with the audit firm to be rotated every 5 years.

City staff requested proposals for audit services in May 2014. Proposal packages were sent to all audit firms in the Metroplex who conduct government audits, as well as to the national level firms, with offices in the area. In addition, all Rockwall CPA's were sent a proposal package. Lists of audit firms in the Metroplex were garnered from the Dallas Chapter of the Texas Society of Certified Public Accountants.

Five proposals for audit services were received from firms including Fox, Byrd & Company, Patillo, Hill & Brown, Brooks Cardiel PLLC, Conway Company CPAs, and Weaver.

Fox, Byrd were the City's auditors from 2004 – 2008, while Rutledge Crain audited the City from 1998 – 2003 and 2009-2013. All of the submitting firms are qualified to conduct the annual audit of the City's financial statements and prepare the Comprehensive Annual Financial Report (CAFR) and all have a long established presence in the area. All firms propose to provide staff that are registered with the State Board of Public Accountancy and offer a significant number of individual years of experience in the audit of local governments.

The proposals are very close on the cost of service to be provided as well. Evaluating fees over the five-year engagement, a total of $17,000 separates the least and most expensive, therefore all are competitive on price as well. The fee proposed by Fox, Byrd of $49,000 per year reflects a 4% decrease over the prior year's expense.

After interviews and extensive review of references, staff proposes the City Council authorize the City Manager to engage the firm of Fox, Byrd & Company, PC to conduct the audit of the City's financial statements for the year ended September 30, 2014. The firm will prepare the City's CAFR and meet with the Finance Sub-committee prior to their presentation to the full Council in the month of March 2015.

THIS PAGE INTENTIONALLY LEFT BLANK

36

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **July 2, 2014**

SUBJECT: **Grading Permit Ordinance**

All developments within our City limits are required to provide erosion control measures to prohibit soil from washing out into the streets or a nearby storm sewer system. These erosion control features are installed prior to the beginning of site construction and should be removed after the completion of a project provided grass has been established on all dirt surfaces.

Recently Engineering staff was notified of existing erosion control devices that were left in place years after the completion of a residential subdivision. When this occurs, City forces are utilized to remove the devices.

Staff has developed a Grading and Floodplain Development Permit very similar to one used in another Metroplex community. This permit has several positive features for the city and the development. For the City, it requires the development to erect all erosion control devises prior to beginning of construction, to maintain the erosion control devices throughout construction and remove them after project completion. For the development, it allows excavation work to begin prior to approval of engineering design plans for construction with a caveat that plans must be approved and any permanent work that occurs prior to approval is done at the developments risk.

This proposed permit would charge a monetary deposit based on acreage within the development to assure the City that these devices will be erected and maintained throughout the project and removed at completion. If the development maintains and removes these erosion control devices, their entire deposit would be returned to them once the City accepts the development and final cover has been established. If the development fails to maintain or remove the devices, the City can hire a contractor to perform these services and use the deposit as payment.

This matter was discussed with City Council at the March 17, 2014 Work Session. Per City Council direction to City Staff, the proposed grading permit was provided to D.R. Horton and Skorburg Company for review and comment. Staff received positive responses from both companies. Their main concern was receiving proper notice when repairs are needed.

Staff requests City Council consider approval of the attached ordinance adding Sections 38-433 through Section 38-439 of the Chapter 38 (Subdivisions) Article 5; and taken any action necessary.

CITY OF ROCKWALL

OWNER'S STATEMENT OF PERMISSION AND RESPONSIBILITY

I, _____, being the Owner and/or Officer of

_____,

The Company/Individual/Partnership (*circle one*) that owns the property described in the attached Grading Permit and being fully authorized to execute this statement for the purposes stated herein, do hereby give permission to

_____,

contractor, to fill, grade, excavate, or otherwise disturb the described property. Further, I acknowledge and understand all of the responsibilities and obligations of the Property Owner described in Sections 38-443 to 38-439 of the *Code of the City of Rockwall*, *Texas* and all of the provisions of such Sections including the right of the City of Rockwall to go upon the property to perform any requirements unfulfilled by the Owner.

City of Rockwall – Engineering Department

ALLOWABLE FILL MATERIALS

(Per Section 38-436 of the City Code of Rockwall)

FILL IN AREAS ZONED FOR COMMERCIAL USE (excluding ROW or Easements):

- Clean soil, clay, shale, gravel or sands.
- Broken concrete pavement, if the maximum particle size is 4" in diameter and all reinforcing steel is removed.
- All fill on commercial lots shall be compacted to minimum **95% of standard proctor** (ASTM D-698) under building pad.

*****Note: Consult with the Building Inspection Department for Compacting Requirements.

FILL IN AREAS ZONED FOR RESIDENTIAL DEVELOPMENT (excluding ROW Easements):

- Clean soil, clay, shale, gravel or sands.

All fill on residential lots and pads shall be compacted to a minimum **95% of standard proctor** (ASTM D-698) with optimum moisture content of 0% to +6%. Compaction shall be placed with a maximum of 8" loose lifts and shall be compacted with sheep's foot vibratory roller.

FILL IN AREAS THAT ARE OR MAY BECOME CITY RIGHT-OF-WAY OR EASEMENT:

- Clean soil, clay, shale, gravel or sands.

All fill within City right-of-way or easements shall be compacted to a minimum **95% of standard proctor** (ASTM D-698) within optimum moisture content of 0% to +6%. Compaction shall be placed with a maximum of 8" loose lifts and shall be compacted with sheep's foot vibratory roller.

MATERIALS UNSUITABLE FOR FILL:

The following materials are unsuitable for fill due to their high potential for settlement, decomposition, or other unsatisfactory engineering properties:

- Trash or debris of any kind.
- Any soil or debris that has a high organic content, such as pond silt, topsoil with roots, wood chips, brush or tree limbs, etc… Topsoil may be used in landscaping areas when there is an approved site plan that details the location of future paving and structures and landscape areas.
- Broken concrete pavement, if the particle size is greater than 4" in diameter or if there is any reinforcing steel.
- Reinforcing steel or other steel products.
- Asphaltic materials.

NOTE: Per the Texas Administrative Code, Title 30 Environmental Quality, Chapter 330 "Municipal Solid Waste" – the use of asphaltic materials and concrete containing reinforcing steel for fill is not permitted.

ARTICLE IV. – GRADING, EXCAVATION, EARTHWORK, AND EROSION CONTROL

Sec. 38-433 – Applicability of article.
Sec. 38-434 – Grading permit required for filling, grading, excavation, etc.
Sec. 38-435 – Duty of property owner to prevent dirt, mud, etc., from washing onto public streets, alleys, etc.
Sec. 38-436 – Requirements for filling, grading, excavation, etc.
Sec. 38-437 – Issuance of permits; criteria.
Sec. 38-438 – Exceptions to the permit, permit fee and deposit.
Sec. 38-439 – Owner's responsibility.

Sec. 38-433. – Applicability of article.

The provisions of this article shall apply to all property owners, persons or their agents filling, grading, excavating or otherwise disturbing the surface of real property within the city, whether they be contractors, subcontractors, supervisors, inspectors, managers, agents, employees or otherwise. Failure to comply with the requirements of this article shall constitute an offense, and each day such failure continues shall constitute a separate offense.

Sec. 38-434. – Grading permit required for filling, grading, excavation, etc.

No person shall fill, grade, excavate or otherwise disturb the surface of real property within the City without first having secured a grading permit from the City Engineer. No owner of real property shall knowingly permit another person to fill, grade, excavate or otherwise disturb the surface of real property within the city without first having secured a permit from the City Engineer. In addition, if the property to be filled, graded, excavated or otherwise disturbed is within flood hazard area, a development permit must be secured from the City Engineer as required in Chapter 38 of this Code.

Sec. 38-435. – Duty of property owner to prevent dirt, mud, etc., from washing onto public streets, alleys, etc.

It shall be unlawful and an offense and shall constitute a nuisance for any person owning or having control of real property within the city to suffer or permit soil, mud, rock, pollutants or debris to wash, slide, erode or otherwise be moved from said real property onto streets, alleys, utility facilities, drainage facilities, rights-of-way or easements. It shall be the duty of each property owner or party in control thereof to prevent soil, mud, rock, pollutants or debris from such real property being deposited or otherwise transported onto the streets, alleys, utility facilities, rights-of-way or easements of the City and to inspect such property and acquaint themselves with the conditions existing and to remedy any conditions likely or calculated to allow soil, mud, rock or debris to wash, slide, erode or otherwise be transported onto the streets, alleys, utility facilities, rights-of-way or easements and failure to do so shall be deemed criminal negligence for the purpose of the offense described herein.

Sec. 38-436. – Requirements for filling, grading, excavation, etc.

The City Engineer shall prepare a list of allowable fill materials and minimum required compaction requirements. All filling shall use only the materials listed for fill. All fill placed on a site and visible from a public thoroughfare shall be leveled and have a final cover of topsoil, six (6) inches minimum depth, that will support vigorous plant growth, immediately following completion of filling operations. Intermediate leveling and cover shall be required at intervals not to exceed thirty (30) days for filling operations that will exceed thirty (30) days in duration. In areas where fill is being placed to control erosion, the City Engineer may substitute an alternate cover that is resistant to erosion for the requirement to cover fill with topsoil.

Sec. 38-437. – Issuance of permits; criteria.

(a) The City Engineer's office shall issue permits for the grading, filling, excavating or otherwise disturbing the surface of real property upon satisfaction of the following criteria:

(1) Applicant provides adequate assurance that the City will be reimbursed for any expense of cleaning or removal of dirt, rock, debris or other pollutants from city streets, alleys, utility facilities, rights-of-way and easements or the barricading thereof by the posting of a deposit of cash with the city to guarantee same.

(2) The amount of such deposit shall be established by the City Council from time to time and is hereby established as follows:

Area	Amount
One (1) acre or less	$500.00 minimum
From one (1) acre up	$100.00 for each additional acre

(3) The applicant provides a notarized statement from the property owner giving permission for the applicant to fill, grade, excavate or otherwise disturb the property and acknowledgment by property owner of the responsibilities of the property owner as described in section 38-30 of this Code.

(4) Submission by the applicant of a Storm Water Pollution Prevention Plan (SWP3) for all work disturbing one (1) acre of land or more. This Storm Water Pollution Prevention Plan (SWP3) must be prepared by a licensed professional engineer in accordance with applicable Environmental Protection Agency (EPA) and Texas Commission on Environmental Quality (TCEQ) regulations and approved by the City Engineer prior to issuing the grading permit.

(5) Submission by the applicant of a copy of Notice of Intent (NOI) and or a Construction Site Notice (CSN) as required by the Texas Commission on Environmental Quality (TCEQ) regulations for all work disturbing one (1) acre of land or more.

(6) The City Engineer may exclude that portion of tracts in excess of ten (10) acres that he/she determines to be so situated as to not contribute to erosion due to location and topography.

(b) If removal by the City of soil, rock, mud and debris from its streets, alleys, utility facilities, rights-of-way or easements is required by reason of work performed on property for which a deposit has been made pursuant to subsection (a), reasonable charges shall be billed to the applicant and subtracted from balance of the applicant's deposit. The City will attempt to notify applicant to clean the affected area unless deemed an emergency requiring immediate attention.

(c) Upon written request by the applicant to the City Engineer, the unused portion of the applicant's deposit shall be refunded if the following criteria is met:

(1) The site for which the deposit exists has been stabilized against erosion; and permanent ground cover has been established.

(2) No further hazard of erosion is present at the site;

(3) All temporary erosion control structures have been removed;

(4) Permanent erosion control facilities are in place and functioning properly as designed; and

(5) The City Engineer or his designee has given written acceptance of public improvements.

(d) An applicant who has submitted a written request for return of their deposit who meets the requirements of subsection (c) shall be refunded all funds not used to reimburse the City for the removal of soil, rock, mud, debris and pollutants from its streets, alleys, utility facilities, drainage facilities, rights-of-way or easements. Should an applicant fail to meet all requirements for a refund, the applicant's request will be rejected until such time as they are met. When the requirements have been met, the funds subject to refund will be sent via first class mail to the address on the applicant's grading permit application or if such address has been updated pursuant to application instructions to the applicant's updated address. If the refund mailed to the applicant is returned by the United States Postal Service as undeliverable, the funds shall be forfeited to the City and placed in the general fund if City Council is unable to determine the legal address.

(e) If a written request for return of a deposit is not made within two (2) years of the date the project on the property for which the deposit has been made receives written acceptance from the City Engineer or his designee of the public improvements, the unused portion of the applicant's deposit shall be forfeited to the City and placed in the general fund after the City notifies the applicant.

(f) Grading permits shall be valid for two-years after date of issuance by the City. Grading permits may be extended for one additional year (for a total of three years) upon written request by the applicant to the City Engineer. The City Engineer will have the site inspected to verify compliance with the permit conditions and the provisions of the submitted SWP3 before making the permit extension. Failure of the applicant to maintain compliance with the permit conditions and the provisions of the submitted SWP3 shall be adequate cause to deny a request for grading permit extension.

Sec. 38-438. – Exceptions to the permit, permit fee and deposit.

Construction, grading, filling or excavation undertaken by the City of Rockwall, franchised utility companies and existing individual single-family lots with existing residences under one acre in size shall be exempt from the permit, deposit and permit fee as required by this article.

Sec. 38-439. – Owner's responsibility.

The property owner shall be responsible for implementation and operation of a Storm Water Pollution Prevention Plan (SWP3) in accordance with applicable Environmental Protection Agency (EPA) and Texas Commission on Environmental Quality (TCEQ) regulations and all cleanup operations incidental to the grading, filling, excavation, construction or other disturbance of the surface of real property including leveling, establishment of ground cover, erosion and sediment control and removal of all trash, debris or other materials not suitable for fill including those deposited on streets, alleys, utility facilities, rights-of way or easements.

In addition, the property owner shall be responsible for compliance with the approved grading plan.

If the property owner fails in any respect to fulfill the requirement of this article, the City may go upon the owner's property and perform such work as may be necessary to fulfill such requirements and may level, establish ground cover, construct erosion control, remove all soil, rock, debris and other

materials not suitable for fill including those deposited on streets, alleys, utility facilities, rights-of-way or easements, at the property owner's expense and charge same against the deposit of the applicant unless deemed and emergency requiring immediate attention, the City will first contact applicant to address the matter.

If a deposit has not been made with the City, or if the cost incurred by the City exceeds the amount of the deposit, the City shall bill the property owner for the unpaid expenses and if the owner fails to pay the City for such expenses within thirty (30) days of being billed for same, the City shall have the right to place a lien on the owner's property which shall be filed with the county clerk as in the case of paving assessment liens for all amounts expended by the City in excess of the deposit plus interest at the current lawful rate. If the property owner fails to fulfill the requirement of this article the City may revoke the grading permit, issue citations or take other legal remedies as may be necessary to enforce compliance with this article.

GRADING & FLOODPLAIN DEVELOPMENT

City of Rockwall

Permit No. _____

This permit allows the owner to fill, grade, excavate, or otherwise disturb the surface of property described below, in accordance with Rockwall City Code, Section 38-443 to 38-439.

PROJECT NAME: _____

PLAT NAME: _____

PROPERTY OWNER: _____

DEPOSIT REQUIRED **$ 0.00 (Disturbed land area-acreage)**
TOTAL: **$ 0.00**

Requirements and conditions of this permit:

- ☐ Grading plans have been submitted and approved by the City.
- ☐ Submission of a notarized statement from the property owner giving permission to the Contractor to fill, grade, excavate, or otherwise disturb the property and acknowledgement by property owner of his responsibilities as described in section 38-439 of the Rockwall City Code.
- ☐ For projects disturbing 1 acre or more of land, submission of a Storm Water Pollution Prevention Plan (SWP3) in accordance with City, TCEQ and EPA regulations and requirements.
- ☐ For projects disturbing 5 acres or more of land submit a copy of the Notice of Intent (NOI) from all site "Operators".
- ☐ When applicable, submit copy of Planning Department Approval of the tree preservation plan to the City Engineer.
- ☐ When applicable (floodplain encroachment), provide a copy of a Conditional Letter of Map Revision (CLOMR) from FEMA.
- ☐ Special Conditions -

The Developer, Contractor and Engineer is hereby notified that issuance of this permit does not indicate approval of the engineering plans and that grade revisions can and will be made if determined necessary after a complete review of the final plans.

At any time the City determines that the project is in non-compliance with this permit or any other applicable permits and/or letters of permission, this permit shall be revoked and a stop order shall be issued to the Developer and/or Contractor.

If it is necessary for the City to remove soil, rock, mud or debris from its streets, alleys, utility facilities, rights of way or easements, or construct erosion devices on the permit site to prevent erosion in connection with this permit, after notification to permittee and/or under an emergency, the cost of such will be charged to the holder of this permit and subtracted from the balance of the deposit required herein. To be reimbursed for deposited funds NOT used to reimburse the City for construction or removal of soil, rock, mud and debris, a written request must be made to the City Engineer from the depositor named below within two (2) years of written project acceptance by the City Engineer, and the following conditions must be met. Failure to request funds within the prescribed time will result in forfeiture of such funds to the City's General Fund.

1. All disturbed areas on and off site are vegetated with a 70% coverage of grass or other ground cover.
2. Temporary erosion control devices are no longer required and have been removed.
3. Permanent erosion control devices are in place on the site and working properly and do further hazard of erosion is present on the site.
4. Where applicable, a copy of the TCEQ Notice of Termination (NOT) for the project has been submitted to the City.
5. The City Engineer has given written acceptance of the project.

The Depositor must notify the City of Rockwall, Attn: Engineering Department in writing of all address changes.

CITY OF ROCKWALL, TEXAS
ORDINANCE # 14-__

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS AMENDING THE CODE OF ORDINANCES IN CHAPTER 38. SUBDIVISIONS TO ADD ARTICLE V. REGARDING GRADING, EXCAVATION, EARTHWORK AND EROSION CONTROL; PROVIDING FOR SEVERABILITY AND SAVINGS CLAUSES; PROVIDING FOR AN EFFECTIVE DATE.

Whereas, the City Council of the City of Rockwall values development and recognizes the need for erosion control provisions, including appropriate devices, to be in place in order to minimize the impacts of new development; and

Whereas, the development of land causes large quantities of soil to be displaced and transported to downstream locations which can create significant soil erosion and sedimentation problems and may result in potentially destructive consequences; and

Whereas, a build-up of sediment degrades water quality, destroys valuable environmental resources and obstructs watercourses and storm drains which can cause flooding, thereby damaging public and private lands and property; and

Whereas, the City Council believes it to be in the best interest of the public and the environment to adopt the regulations set forth below to govern erosion control to provide and maintain a safe, efficient and effective drainage system within the City and to require a permit for grading and floodplain development in order to ensure soil does not wash out into streets or nearby storm sewers.

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. The findings set forth in the preamble above are adopted in their entirety.

SECTION 2. **Purpose**: During the construction process, soil is highly vulnerable to erosion by wind and water. Eroded soil endangers water resources by reducing water quality and causing the siltation of aquatic habitat for fish and other desirable species. Eroded soil also necessitates repair of sewers and ditches and the dredging of lakes. In addition, clearing and grading during construction cause the loss of native vegetation necessary for terrestrial and aquatic habitat. The purpose of this ordinance is to safeguard persons, protect property, and prevent damage to the environment. This ordinance also promotes the public welfare by guiding, regulating, and controlling the design, construction, use, and maintenance of any development or other activity that disturbs or breaks the topsoil or results in the movement of earth on land

SECTION 3. Article V is hereby added to Chapter 38. Subdivisions and shall henceforth read in its entirety as follows:

ARTICLE V. – GRADING, EXCAVATION, EARTHWORK, AND EROSION CONTROL

Sec. 38-430 – Definitions
Sec. 38-431-432 - Reserved
Sec. 38-433 – Applicability of article.
Sec. 38-434 – Grading permit required for filling, grading, excavation, etc.
Sec. 38-435 – Duty of property owner to prevent dirt, mud, etc., from washing onto public streets, alleys, etc.
Sec. 38-436 – Requirements for filling, grading, excavation, etc.
Sec. 38-437 – Issuance of permits; criteria.
Sec. 38-438 – Exceptions to the permit, permit fee and deposit.
Sec. 38-439 – Owner's responsibility.

Sec. 38-430. – Definitions.

CITY ENGINEER. The City Engineer of the City of Rockwall or the Engineer's authorized representative.

EROSION CONTROL. A measure that prevents erosion.

GRADING. Any stripping, cutting, filling, stockpiling or combination thereof which modifies the existing land surface contour.

SEDIMENT CONTROL. Measures that prevent eroded sediment from leaving the site.

Sec. 38-431 - 432. – Reserved.

Sec. 38-433. – Applicability of article.

The provisions of this article shall apply to all property owners, persons or their agents filling, grading, excavating or otherwise disturbing the surface of real property within the city, whether they be contractors, subcontractors, supervisors, inspectors, managers, agents, employees or otherwise. Failure to comply with the requirements of this article shall constitute an offense, and each day such failure continues shall constitute a separate offense.

Sec. 38-434. – Grading permit required for filling, grading, excavation, etc.

No person shall fill, grade, excavate or otherwise disturb the surface of real property within the City without first having secured a grading permit from the City Engineer. No owner of real property shall knowingly permit another person to fill, grade, excavate or otherwise disturb the surface of real property within the city without first having secured a permit from the City Engineer. In addition, if the property to be filled, graded, excavated or otherwise disturbed is within flood hazard area, a development permit must be secured from the City Engineer as required in Chapter 38 of this Code.

Sec. 38-435. – Duty of property owner to prevent dirt, mud, etc., from washing onto public streets, alleys, etc.

It shall be unlawful and an offense and shall constitute a nuisance for any person owning or having control of real property within the city to suffer or permit soil, mud, rock, pollutants or debris to wash, slide, erode or otherwise be moved from said real property onto streets, alleys, utility facilities, drainage facilities, rights-of-way or easements. It shall be the duty of each

property owner or party in control thereof to prevent soil, mud, rock, pollutants or debris from such real property being deposited or otherwise transported onto the streets, alleys, utility facilities, rights-of-way or easements of the City and to inspect such property and acquaint themselves with the conditions existing and to remedy any conditions likely or calculated to allow soil, mud, rock or debris to wash, slide, erode or otherwise be transported onto the streets, alleys, utility facilities, rights-of-way or easements and failure to do so shall be deemed criminal negligence for the purpose of the offense described herein.

Sec. 38-436. – Requirements for filling, grading, excavation, etc.

The City Engineer shall prepare a list of allowable fill materials and minimum required compaction requirements. All filling shall use only the materials listed for fill. All fill placed on a site and visible from a public thoroughfare shall be leveled and have a final cover of topsoil, six (6) inches minimum depth, that will support vigorous plant growth, immediately following completion of filling operations. Intermediate leveling and cover shall be required at intervals not to exceed thirty (30) days for filling operations that will exceed thirty (30) days in duration. In areas where fill is being placed to control erosion, the City Engineer may substitute an alternate cover that is resistant to erosion for the requirement to cover fill with topsoil.

Sec. 38-437. – Issuance of permits; criteria.

(a) The City Engineer's office shall issue permits for the grading, filling, excavating or otherwise disturbing the surface of real property upon satisfaction of the following criteria:

(1) Applicant provides adequate assurance that the City will be reimbursed for any expense of cleaning or removal of dirt, rock, debris or other pollutants from city streets, alleys, utility facilities, rights-of-way and easements or the barricading thereof by the posting of a deposit of cash with the city to guarantee same.

(2) The amount of such deposit shall be established by the City Council from time to time and is hereby established as follows:

Area	Amount
One (1) acre or less	$500.00 minimum
From one (1) acre up	$100.00 for each additional acre

(3) The applicant provides a notarized statement from the property owner giving permission for the applicant to fill, grade, excavate or otherwise disturb the property and acknowledgment by property owner of the responsibilities of the property owner as described in section 38-30 of this Code.

(4) Submission by the applicant of a Storm Water Pollution Prevention Plan (SWP3) for all work disturbing one (1) acre of land or more. This Storm Water Pollution Prevention Plan (SWP3) must be prepared by a licensed professional engineer in accordance with applicable Environmental Protection Agency (EPA) and Texas Commission on Environmental Quality (TCEQ) regulations and approved by the City Engineer prior to issuing the grading permit.

(5) Submission by the applicant of a copy of Notice of Intent (NOI) and or a Construction Site Notice (CSN) as required by the Texas Commission on Environmental Quality (TCEQ) regulations for all work disturbing one (1) acre of land or more.

(6) The City Engineer may exclude that portion of tracts in excess of ten (10) acres that he/she determines to be so situated as to not contribute to erosion due to location and topography.

(b) If removal by the City of soil, rock, mud and debris from its streets, alleys, utility facilities, rights-of-way or easements is required by reason of work performed on property for which a deposit has been made pursuant to subsection (a), reasonable charges shall be billed to the applicant and subtracted from balance of the applicant's deposit. The City will attempt to notify applicant to clean the affected area unless deemed an emergency requiring immediate attention.

(c) Upon written request by the applicant to the City Engineer, the unused portion of the applicant's deposit shall be refunded if the following criteria is met:

(1) The site for which the deposit exists has been stabilized against erosion; and permanent ground cover has been established.

(2) No further hazard of erosion is present at the site;

(3) All temporary erosion control structures have been removed;

(4) Permanent erosion control facilities are in place and functioning properly as designed; and

(5) The City Engineer or his designee has given written acceptance of public improvements.

(d) An applicant who has submitted a written request for return of their deposit who meets the requirements of subsection (c) shall be refunded all funds not used to reimburse the City for the removal of soil, rock, mud, debris and pollutants from its streets, alleys, utility facilities, drainage facilities, rights-of-way or easements. Should an applicant fail to meet all requirements for a refund, the applicant's request will be rejected until such time as they are met. When the requirements have been met, the funds subject to refund will be sent via first class mail to the address on the applicant's grading permit application or if such address has been updated pursuant to application instructions to the applicant's updated address. If the refund mailed to the applicant is returned by the United States Postal Service as undeliverable, the funds shall be forfeited to the City and placed in the general fund if City Council is unable to determine the legal address.

(e) If a written request for return of a deposit is not made within two (2) years of the date the project on the property for which the deposit has been made receives written acceptance from the City Engineer or his designee of the public improvements, the unused portion of the applicant's deposit shall be forfeited to the City and placed in the general fund after the City notifies the applicant.

(f) Grading permits shall be valid for two-years after date of issuance by the City. Grading permits may be extended for one additional year (for a total of three years) upon written request by the applicant to the City Engineer. The City Engineer will have the site inspected to verify compliance with the permit conditions and the provisions of the submitted SWP3 before making the permit extension. Failure of the applicant to maintain compliance with the permit conditions and the provisions of the submitted SWP3 shall be adequate cause to deny a request for grading permit extension.

Sec. 38-438. – Exceptions to the permit, permit fee and deposit.

Construction, grading, filling or excavation undertaken by the City of Rockwall, franchised utility companies and existing individual single-family lots with existing residences under one acre in size shall be exempt from the permit, deposit and permit fee as required by this article.

Sec. 38-439. – Owner's responsibility.

The property owner shall be responsible for implementation and operation of a Storm Water Pollution Prevention Plan (SWP3) in accordance with applicable Environmental Protection Agency (EPA) and Texas Commission on Environmental Quality (TCEQ) regulations and all cleanup operations incidental to the grading, filling, excavation, construction or other disturbance of the surface of real property including leveling, establishment of ground cover, erosion and sediment control and removal of all trash, debris or other materials not suitable for fill including those deposited on streets, alleys, utility facilities, rights-of way or easements.

In addition, the property owner shall be responsible for compliance with the approved grading plan.

If the property owner fails in any respect to fulfill the requirement of this article, the City may go upon the owner's property and perform such work as may be necessary to fulfill such requirements and may level, establish ground cover, construct erosion control, remove all soil, rock, debris and other materials not suitable for fill including those deposited on streets, alleys, utility facilities, rights-of-way or easements, at the property owner's expense and charge same against the deposit of the applicant unless deemed and emergency requiring immediate attention, the City will first contact applicant to address the matter.

If a deposit has not been made with the City, or if the cost incurred by the City exceeds the amount of the deposit, the City shall bill the property owner for the unpaid expenses and if the owner fails to pay the City for such expenses within thirty (30) days of being billed for same, the City shall have the right to place a lien on the owner's property which shall be filed with the county clerk as in the case of paving assessment liens for all amounts expended by the City in excess of the deposit plus interest at the current lawful rate. If the property owner fails to fulfill the requirement of this article the City may revoke the grading permit, issue citations or take other legal remedies as may be necessary to enforce compliance with this article.

SECTION 4. SEVERABILITY. That if any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or illegal, such decision shall not affect the validity of the remaining sections of this ordinance. The City Council hereby declares that it would have passed this ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared void.

SECTION 5. SAVINGS CLAUSE. That all ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed. The balance of such ordinance is hereby saved from repeal.

SECTION 6. EFFECTIVE DATE. That the Ordinance shall be effective immediately following its second reading and publication in accordance with the City Charter.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **July 1, 2014**

SUBJECT: **Central Water and Sewer Improvements Project- Change Order No. 1**

Background:
City Council awarded a contract to Barson Utilities, Inc. on April 7, 2014 to construct new water lines on Forest Trace and Lake Meadows Drive and to build a retaining wall in the creek running between the Rockwall Memorial Cemetery and Lake Meadows Drive.

Attached is Change Order No. 1 which is for additional pavement repairs (portions of the existing concrete roadways are in poor condition and cannot be matched and tied into the pavement installed over the newly constructed water lines), an added 6" gate valve and modifications to the original design of the retaining wall. The attached change order provides further details of the additional work.

Financial Implications:
The original contract amount for the project is $786,973.00 and is funded from the 2008 water and sewer revenue bonds. The cost for Change Order No. 1 is $107,766.25, with an adjusted contract amount of $864,739.25. The cost is within the contingency on the project; therefore, no additional funding is needed as a result of Change Order No. 1.

Action Desired/Recommendation:
Staff requests City Council consider approval of Change Order No. 1 to City Contract CIP2013-004, Central Water and Sewer Improvements with Barson Utilities, Inc. in the amount of $107,766.25.

CENTRAL WATER AND SEWER IMPROVEMENTS PROJECT

City Contract No. CIP2013-004

Change Order No. 1

July 1, 2014

Description and Reason for Proposed Change:

Item No. 1:
Additional pavement repair is needed on Forest Trace and Lake Meadows Drive due to the water line construction. Portions of the existing concrete roads are in poor condition and cannot be matched and tied into the pavement installed over the newly constructed water lines.

Item No. 7 to CO-2:
The existing valve at Ridgeview Drive and W. Boydstun Avenue would not close and required replacement so the contractor could isolate the existing water line and make the tie in with the new water line installed on Forest Trace.

Item No. CO-3 to CO-5:
The geotechnical analysis and structural design completed for the Redi-rock retaining wall specified additional items not included in the original scope and bid of the project: additional rock backfill, a pipe drain system and a toe wall on the leveling pad.

Itemized Additional Quantities:

Item No.	Additional Quantity		Item Description	Unit Price	Extension
1	1949	SY	Remove & Replace 8" Concrete Pavement	$ 50.00	$ 97,450.00
7	6	LF	6" PVC Waterline	$ 46.50	$ 279.00
13	1	EA	6" Gate Valve	$ 1,030.00	$ 1,030.00
CO1-1	2	EA	Transition Coupling	$ 419.00	$ 838.00
CO1-2	2	EA	Mega Lugs	$ 96.00	$ 192.00
CO1-3	60	CY	Stone Backfill	$ 33.75	$ 2,025.00
CO1-4	145	LF	Drain Pipe System	$ 8.80	$ 1,276.00

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Timothy M. Tumulty, Director of Public Works/City Engineer

DATE: July 2, 2014

SUBJECT: Dirty Rock Triathlon – City Council Resolution

The Dirty Rock Triathlon sponsored by the YMCA is scheduled for Sunday, July 20, 2014 from 7:00 AM to 12:00 PM. This is the fifth year for this event to be held in the City of Rockwall. This event is a fundraiser for the YMCA and offers exposure to people who want to get healthy to the multisport lifestyle. A portion of the triathlon course will utilize a section of the shoulder of northbound SH 205 from the YMCA facility to Memorial Drive. The Rockwall Police Department will assist in the partial closure of the shoulder of SH 205 as well as furnish traffic control at other intersections along the race route. The Texas Department of Transportation (TxDOT) will require a City Council resolution supporting a request to allow the partial closure of SH 205 from the YMCA facility to Memorial Drive.

Staff request City Council consideration to approve the attached resolution allowing a temporary partial closure of northbound shoulder of SH 205 from the YMCA facilty to Memorial Drive to facilitate the Dirty Rocks Triathlon on Sunday, July 20, 2014 from 7:00 AM to 12:00 PM.

CITY OF ROCKWALL, TEXAS

RESOLUTION NO. 14-09

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL,TEXAS, FINDING THAT A NECESSITY EXISTS TO TEMPORARILY CLOSE A PORTION OF A CERTAIN STATE ROADWAYS TO FACILITATE THE DIRTY ROCK TRIATHLON; HEREBY REQUESTING THAT THE TEXAS DEPARTMENT OF TRANSPORTATION (TXDOT) GRANT PERMISSION TO THE CITY OF ROCKWALL FOR SAID EVENT AND AUTHORIZE THE CITY OF ROCKWALL TO PARTIALLY CLOSE THE NORTHBOUND SHOULDER OF SH205 FROM THE YMCA FACILITY AT 1210 N. GOLIAD STREET TO MEMORIAL DRIVE BETWEEN THE HOURS OF 7:00 A.M. AND 12:00 P.M. ON SUNDAY, JULY 20, 2014 PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Rockwall City Council recognizes the value of physical fitness and the benefits of a healthy community; and

WHEREAS, the Rockwall City Council wants to promote healthy lifestyles in our community by providing fitness opportunities and encouraging athletes to compete in the Dirty Rock Triathlon in Rockwall, Texas; and

WHEREAS, the Rockwall City Council hereby finds that necessity exists to temporarily partially close the northbound shoulder of SH205 from the YMCA Facility at 1210 N. Goliad Street to Memorial Drive, for the Dirty Rock Triathlon; and

WHEREAS, the Rockwall City Council supports submission of a temporary partial closure request for State maintained roadways, for the northbound shoulder of SH205 from the YMCA Facility at 1210 N. Goliad Street to Memorial Drive, to the Texas Department of Transportation to facilitate the Dirty Rock Triathlon on Sunday, July 20, 2014 between the hours of 7:00 a.m. and 12:00 p.m.; and

WHEREAS, the Rockwall City Council hereby agrees to support said request by providing traffic control for the event; and

WHEREAS, the temporary partial closing of this section of SH205 will create a safer environment for event participants and spectators;

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That a formal request is hereby made to TXDOT to approve the request of the Rockwall City Council to temporarily partial close the aforementioned section of SH205 at the above stated date and time; and

Section 2. That this resolution shall be in full force and effect from and after its passage and it is accordingly so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 7th day of July 2014.

David Sweet, Mayor

ATTEST:

Kristy Ashberry, City Secretary

STATE OF TEXAS §

COUNTY OF TRAVIS §

AGREEMENT FOR THE TEMPORARY CLOSURE OF STATE RIGHT OF WAY

THIS AGREEMENT is made by and between the State of Texas, acting by and through the Texas Department of Transportation, hereinafter called the "State," and the City of Rockwall, a municipal corporation, acting by and through its duly authorized officers, hereinafter called the "local government."

W I T N E S S E T H

WHEREAS, the State owns and operates a system of highways for public use and benefit, including SH 205, in THE City of Rockwall, Rockwall County; and

WHEREAS, the local government has requested the temporary closure of northbound shoulder of SH 205 from the YMCA Facility at 1210 N. Goliad Street to Memorial Drive for the purpose of Dirty Rocks Triathlon sponsored by the YMCA on July20, 2014, from 7:00 A.M. to 12:00 P.M. as described in the attached "Exhibit A," hereinafter identified as the "Event;" and

WHEREAS, the Event will be located within the local government's incorporated area; and

WHEREAS, the State, in recognition of the public purpose of the Event, wishes to cooperate with the City so long as the safety and convenience of the traveling public is ensured and that the closure of the State's right of way will be performed within the State's requirements; and

WHEREAS, on the 7th day of July, 2014, the Rockwall City Council passed Resolution No. 14-__, attached hereto and identified as "Exhibit B," establishing that the Event serves a public purpose and authorizing the local government to enter into this agreement with the State; and

WHEREAS, 43 TAC, Section 22.12 establishes the rules and procedures for the temporary closure of a segment of the State highway system; and

WHEREAS, this agreement has been developed in accordance with the rules and procedures of 43 TAC, Section 22.12;

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties hereto, to be by them respectively kept and performed as hereinafter set forth, it is agreed as follows:

A G R E E M E N T

Article 1. CONTRACT PERIOD
This agreement becomes effective upon final execution by the State and shall terminate upon completion of the Event or unless terminated or modified as hereinafter provided.

Article 2. EVENT DESCRIPTION
The physical description of the limits of the Event, including county names and highway numbers, the number of lanes the highway has and the number of lanes to be used, the proposed schedule of start and stop times and dates at each location, a brief description of the proposed activities involved, approximate number of people attending the Event, the number and types of animals and equipment, planned physical modifications of any man-made or natural features in or adjacent to the right of way involved shall be attached hereto along with a location map and identified as "Exhibit C."

Article 3. OPERATIONS OF THE EVENT
A. The local government shall assume all costs for the operations associated with the Event, to include but not limited to, plan development, materials, labor, public notification, providing protective barriers and barricades, protection of highway traffic and highway facilities, and all traffic control and temporary signing.
B. The local government shall submit to the State for review and approval the construction plans, if construction or modifications to the State's right of way is required, the traffic control and signing plans, traffic enforcement plans, and all other plans deemed necessary by the State. The State may require that any traffic control plans of sufficient complexity be signed, sealed and dated by a registered professional engineer. The traffic control plan shall be in accordance with the latest edition of the Texas Manual on Uniform Traffic Control Devices. All temporary traffic control devices used on state highway right of way must be included in the State's Compliant Work Zone Traffic Control Devices List. The State reserves the right to inspect the implementation of the traffic control plan and if it is found to be inadequate, the local government will bring the traffic control into compliance with the originally submitted plan, upon written notice from the State noting the required changes, prior to the event. The State may request changes to the traffic control plan in order to ensure public safety due to changing or unforeseen circumstances regarding the closure.
C. The local government will ensure that the appropriate law enforcement agency has reviewed the traffic control for the closures and that the agency has deemed them to be adequate. If the law enforcement agency is unsure as to the adequacy of the traffic control, it will contact the State for consultation no less than 10 workdays prior to the closure.
D. The local government will complete all revisions to the traffic control plan as requested by the State within the required timeframe or that the agreement will be terminated upon written notice from the State to the local government. The local government hereby agrees that any failure to cooperate with the State may constitute reckless endangerment of the public and that the Texas Department of Public Safety may be notified of the situation as soon as possible for the appropriate action, and failing to follow the traffic control plan or State instructions may result in a denial of future use of the right of way for three years.

E. The local government will not initiate closure prior to 24 hours before the scheduled Event and all barriers and barricades will be removed and the highway reopened to traffic within 24 hours after the completion of the Event.
F. The local government will provide adequate enforcement personnel to prevent vehicles from stopping and parking along the main lanes of highway right of way and otherwise prevent interference with the main lane traffic by both vehicles and pedestrians. The local government will prepare a traffic enforcement plan, to be approved by the State in writing at least 48 hours prior to the scheduled Event. Additionally, the local government shall provide to the State a letter of certification from the law enforcement agency that will be providing traffic control for the Event, certifying that they agree with the enforcement plan and will be able to meet its requirements.
G. The local government hereby assures the State that there will be appropriate passage allowance for emergency vehicle travel and adequate access for abutting property owners during construction and closure of the highway facility. These allowances and accesses will be included in the local government's traffic control plan.
H. The local government will avoid or minimize damage, and will, at its own expense, restore or repair damage occurring outside the State's right of way and restore or repair the State's right of way, including, but not limited to, roadway and drainage structures, signs, overhead signs, pavement markings, traffic signals, power poles and pavement, etc. to a condition equal to that existing before the closure, and, to the extent practicable, restore the natural and cultural environment in accordance with federal and state law, including landscape and historical features.

Article 4. OWNERSHIP OF DOCUMENTS
Upon completion or termination of this agreement, all documents prepared by the local government will remain the property of the local government. All data prepared under this agreement shall be made available to the State without restriction or limitation on their further use. At the request of the State, the Local Government shall submit any information required by the State in the format directed by the State.

Article 5. TERMINATION
A. This agreement may be terminated by any of the following conditions:
(1) By mutual written agreement and consent of both parties.
(2) By the State upon determination that use of the State's right of way is not feasible or is not in the best interest of the State and the traveling public.
(3) By either party, upon the failure of the other party to fulfill the obligations as set forth herein.
(4) By satisfactory completion of all services and obligations as set forth herein.
B. The termination of this agreement shall extinguish all rights, duties, obligations, and liabilities of the State and local government under this agreement. If the potential termination of this agreement is due to the failure of the local government to fulfill its contractual obligations as set forth herein, the State will notify the local government that possible breach of contract has occurred. The local government must remedy the breach as outlined by the State within ten (10) days from receipt of the State's notification. In the event the local government does not remedy the breach to the

satisfaction of the State, the local government shall be liable to the State for the costs of remedying the breach and any additional costs occasioned by the State.

Article 6. DISPUTES
Should disputes arise as to the parties' responsibilities or additional work under this agreement, the State's decision shall be final and binding.

Article 7. RESPONSIBILITIES OF THE PARTIES
The State and the Local Government agree that neither party is an agent, servant, or employee of the other party and each party agrees it is responsible for its individual acts and deeds as well as the acts and deeds of its contractors, employees, representatives, and agents.

Article 8. INSURANCE
A. Prior to beginning any work upon the State's right of way, the local government and/or its contractors shall furnish to the State a completed "Certificate of Insurance" (TxDOT Form 1560, latest edition) and shall maintain the insurance in full force and effect during the period that the local government and/or its contractors are encroaching upon the State right of way.
B. In the event the local government is a self-insured entity, the local government shall provide the State proof of its self-insurance. The local government agrees to pay any and all claims and damages that may occur during the period of this closing of the highway in accordance with the terms of this agreement.

Article 9. AMENDMENTS
Any changes in the time frame, character, agreement provisions or obligations of the parties hereto shall be enacted by written amendment executed by both the local government and the State.

Article 10. COMPLIANCE WITH LAWS
The local government shall comply with all applicable federal, state and local environmental laws, regulations, ordinances and any conditions or restrictions required by the State to protect the natural environment and cultural resources of the State's right of way.

Article 11. LEGAL CONSTRUCTION
In case one or more of the provisions contained in this agreement shall for any reason be held invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provisions hereof and this agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

Article 12. NOTICES
All notices to either party by the other required under this agreement shall be delivered personally or sent by certified U.S. mail, postage prepaid, addressed to such party at the following respective addresses:

Local Government:	State:
City of Rockwall 385 S. Goliad Rockwall, Texas 75087 Attn: City Manager	Texas Department of Transportation 4777 U.S. Highway 80 East Mesquite, TX 75150-6643 Attn: William L. Hale, P.E.

All notices shall be deemed given on the date so delivered or so deposited in the mail, unless otherwise provided herein. Either party hereto may change the above address by sending written notice of such change to the other in the manner provided herein.

Article 13. SOLE AGREEMENT
This agreement constitutes the sole and only agreement between the parties hereto and supersedes any prior understandings or written or oral agreements respecting the within subject matter.

IN TESTIMONY WHEREOF, the parties hereto have caused these presents to be executed in duplicate counterparts.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mark Moeller, Chief of Police**

DATE: **June 24, 2014**

SUBJECT: **Sex Offender – Child Safety Zones**

It has recently come to our attention that we have a minor discrepancy in the section of our ordinance which limits an area where a sex offender may reside if their case involved a juvenile victim who was sixteen years of age.

State Law defines a juvenile as a person younger than seventeen (17) years of age.

Our ordinance

Chapter 22
MISCELLANEOUS OFFENSES
Article II. OFFENSES REGARDING MINORS
Division 5. Sex Offender Residency

Section 22-136. Limitation.

Prohibits a violator, where the case involved a victim who was less than 16 years of age, from residing within 1,000 feet of any premises where children commonly gather. This language omits those juvenile victims who are 16 years of age and therefore allows an offender whose victim was 16 years of age to reside within the 1,000 foot Child Safety Zone.

We recommend a change in the wording of our ordinance to state, **less than 17 years of age.** This change will include all juvenile victims as it relates to residency limitations. We are also recommending Resolution No. 05-33 which addresses "Publication of Notice of Information on Registered Sex Offenders" be included in the Sex Offender Residency ordinance instead of being a separate document.

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 14-__

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS AMENDING THE CODE OF ORDINANCES IN CHAPTER 22. MISCELLANEOUS OFFENSES, ARTICLE II. OFFENSES REGARDING MINORS, DIVISION 5. SEX OFFENDER RESIDENCY, SECTIONS 22-136 AND 22-137 TO MODIFY PROVISIONS SPECIFYING VICTIMS AGE; ADDING A SECTION REGARDING NOTICE TO RESIDENTS OF REGISTERED SEX OFFENDERS; PROVIDING FOR SEVERABILITY AND SAVINGS CLAUSES; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, upon original passage of these ordinance provisions, the age for juvenile victims for certain provisions was incorrect and created confusion; and

WHEREAS, amendments to sections of the Code specified herein are necessary in order to ensure said victims are covered under the provisions of these regulations; and

WHEREAS, notice to the citizens of Rockwall should be provided regarding any person who moves into the City of Rockwall who is required to register as a Sex Offender under Article 62.02 of the Texas Code of Criminal Procedure.

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That the Code of Ordinances in Chapter 22. Miscellaneous Offenses; Article II. Offenses Regarding Minors; Division 5. Sex Offender Residency; Sections 22-136 and 22-137 is hereby amended to reflect the following changes regarding victims' age and Section 22-138 is hereby added to read as follows:.

Sec. 22-136. Limitations

For each person required to register on the Texas Department of Public Safety's Sex Offender Database (the "database") because of a violation involving a victim who was less than 17 years of age, it is unlawful for that person to establish a permanent residence or temporary residence within 1,000 feet of any premises where children commonly gather, which, for purposes of this division, shall be a private or public park, private or public playground, private or public school or day care center, public or private youth center, public swimming pool or video arcade facility, as such terms are defined in the city's Unified Development Code, as it exists or may be amended, homeowners association swimming pools or commercial pools located in residential subdivisions. For the purposes of defining a premises, any portion of a property, on which a residence is established, that

adjoins or is located within 1,000 feet shall be included in these regulations. If any term used in this division is not defined in the city's Unified Development Code, the terms shall have the meaning ascribed by V.T.C.A., Health and Safety Code § 581.134, as it exists or may be amended. For the purposes of this division, the premises stated in this section are depicted on a map of the city which is attached to the ordinance from which this section is derived and labeled "Exhibit A." In addition, planted street medians shall not be considered as public parks.

Sec. 22-137. Evidentiary Matters, Measurements

(a) It shall be prima facie evidence that this division applies to such a person if that person's record appears on the database and the database indicates that the victim was less than 17 years of age.

Sec. 22-138. Notice

(a) The Police Department will notify the residents of the City the information of all persons required to register as a Sex Offender under Article 62.02 of the Texas Code of Criminal Procedure anytime an offender moves into or within the City of Rockwall.
(b) Within fifteen (15) business days of receiving notice of moving from a registered sex offender, the Police Department will send written notice providing the same information to all City of Rockwall residential addresses within one thousand five hundred (1,500) feet of the registrant's new home address.

SECTION 2. The remainder of Chapter 22, Miscellaneous Offenses; Article II. Offenses Regarding Minors; Division 5. Sex Offender Residency of the City Code of Ordinances remains unchanged.

SECTION 3. SEVERABILITY. That if any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or illegal, such decision shall not affect the validity of the remaining sections of this ordinance. The City Council hereby declares that it would have passed this ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared void.

SECTION 4. SAVINGS CLAUSE. All ordinances or parts of ordinances, resolutions or parts of resolutions in conflict herewith are to the extent of such conflict hereby repealed. The balance of such ordinance is hereby saved from repeal.

SECTION 5. EFFECTIVE DATE. That the Ordinance shall be effective immediately following its second reading and publication in accordance with the City Charter.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 7/7/2014

APPLICANT: Jeanette Gibson

AGENDA ITEM: **P2014-007;** Chandler's Landing Cabanas

SUMMARY:

Discuss and consider a request by the Cabana's at Chandler's Landing Homeowner's Association on behalf of the residents of the Cabana's at Chandler's Landing for the approval of a replat of Lots 1-10, Block A, The Cabanas at Chandler's Landing, City of Rockwall, Rockwall County, Texas, for a 1.13-acre portion of a parcel of land identified as the Cabanas at Chandler's Landing, zoned Planned Development District 8 (PD-8) for multi-family or condominium uses as established in Ordinance 73-48 & 84-04, generally located south of Yacht Club Drive and west of Harbor View Drive, and take any action necessary.

COMMENTS:

- The purpose of this plat is to create separate lots for each townhome, separate the ownership of the lots, and to dedicate open space to be maintained by the Chandler's Landing Homeowner's Association.

- The Engineer has completed the technical revisions requested by staff, and this plat is recommended for conditional approval pending the completion of final technical modifications and submittal requirements required for the recordation by the applicant or owner.

- Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the Recommendation section below.

With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the final plat for Lots 1 - 10, Block A, The Cabanas at Chandler's Landing, the following conditions of approval are offered:

1) All the technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat; and

2) Any construction resulting from the approval of this replat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On June 24, 2014, the Planning and Zoning Commission recommended approval of the replat by a vote of 5-0, with Commissioners Conley and Jackson absent.

THENCE in a northeasterly direction along a curve to the left having a central angle of 18 deg. 52 min. 39 sec., a radius of 234.00 feet, a tangent of 38.90 feet, a chord of N. 61 deg. 14 min. 33 sec. E., 76.75 feet along said Addition, an arc distance of 76.75 feet to a 1/2" iron rod found for corner;

THENCE in a northeasterly direction along a curve to the left having a central angle of 00 deg. 29 min. 04 sec., a radius of 300.00 feet, a tangent of 1.27 feet, a chord of N. 46 deg. 10 min. 04 sec. E., 2.54 feet along said Addition, an arc distance of 2.54 feet to the POINT OF BEGINNING and containing 49,220 square feet or 1.13 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

We the undersigned owner of the land shown on this plat, and designated herein as LOTS 1-9, BLOCK A, THE CABANAS AT CHANDLERS LANDING, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exaction's made herein.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 7/7/2014

APPLICANT: Pulliam Construction Mgmt Inc

AGENDA ITEM: **P2014-013;** Rayburn Country Addition

SUMMARY:

Discuss and consider a request by Tommy Pulliam of Pulliam Construction Management Inc. on behalf of Rayburn Electric Cooperation, Inc. for the approval of a Final Plat for Lots 1-3, Block A, Rayburn Country Addition being 11.407-acres of land situated in the W. H. Barnes Survey, Abstract No. 26, Rockwall, Rockwall County, Texas, zoned Heavy Commercial (HC) District and Agricultural (AG) District, located on the south side of Sids Road west of S. Goliad Street [SH-205], and take any action necessary.

COMMENTS:

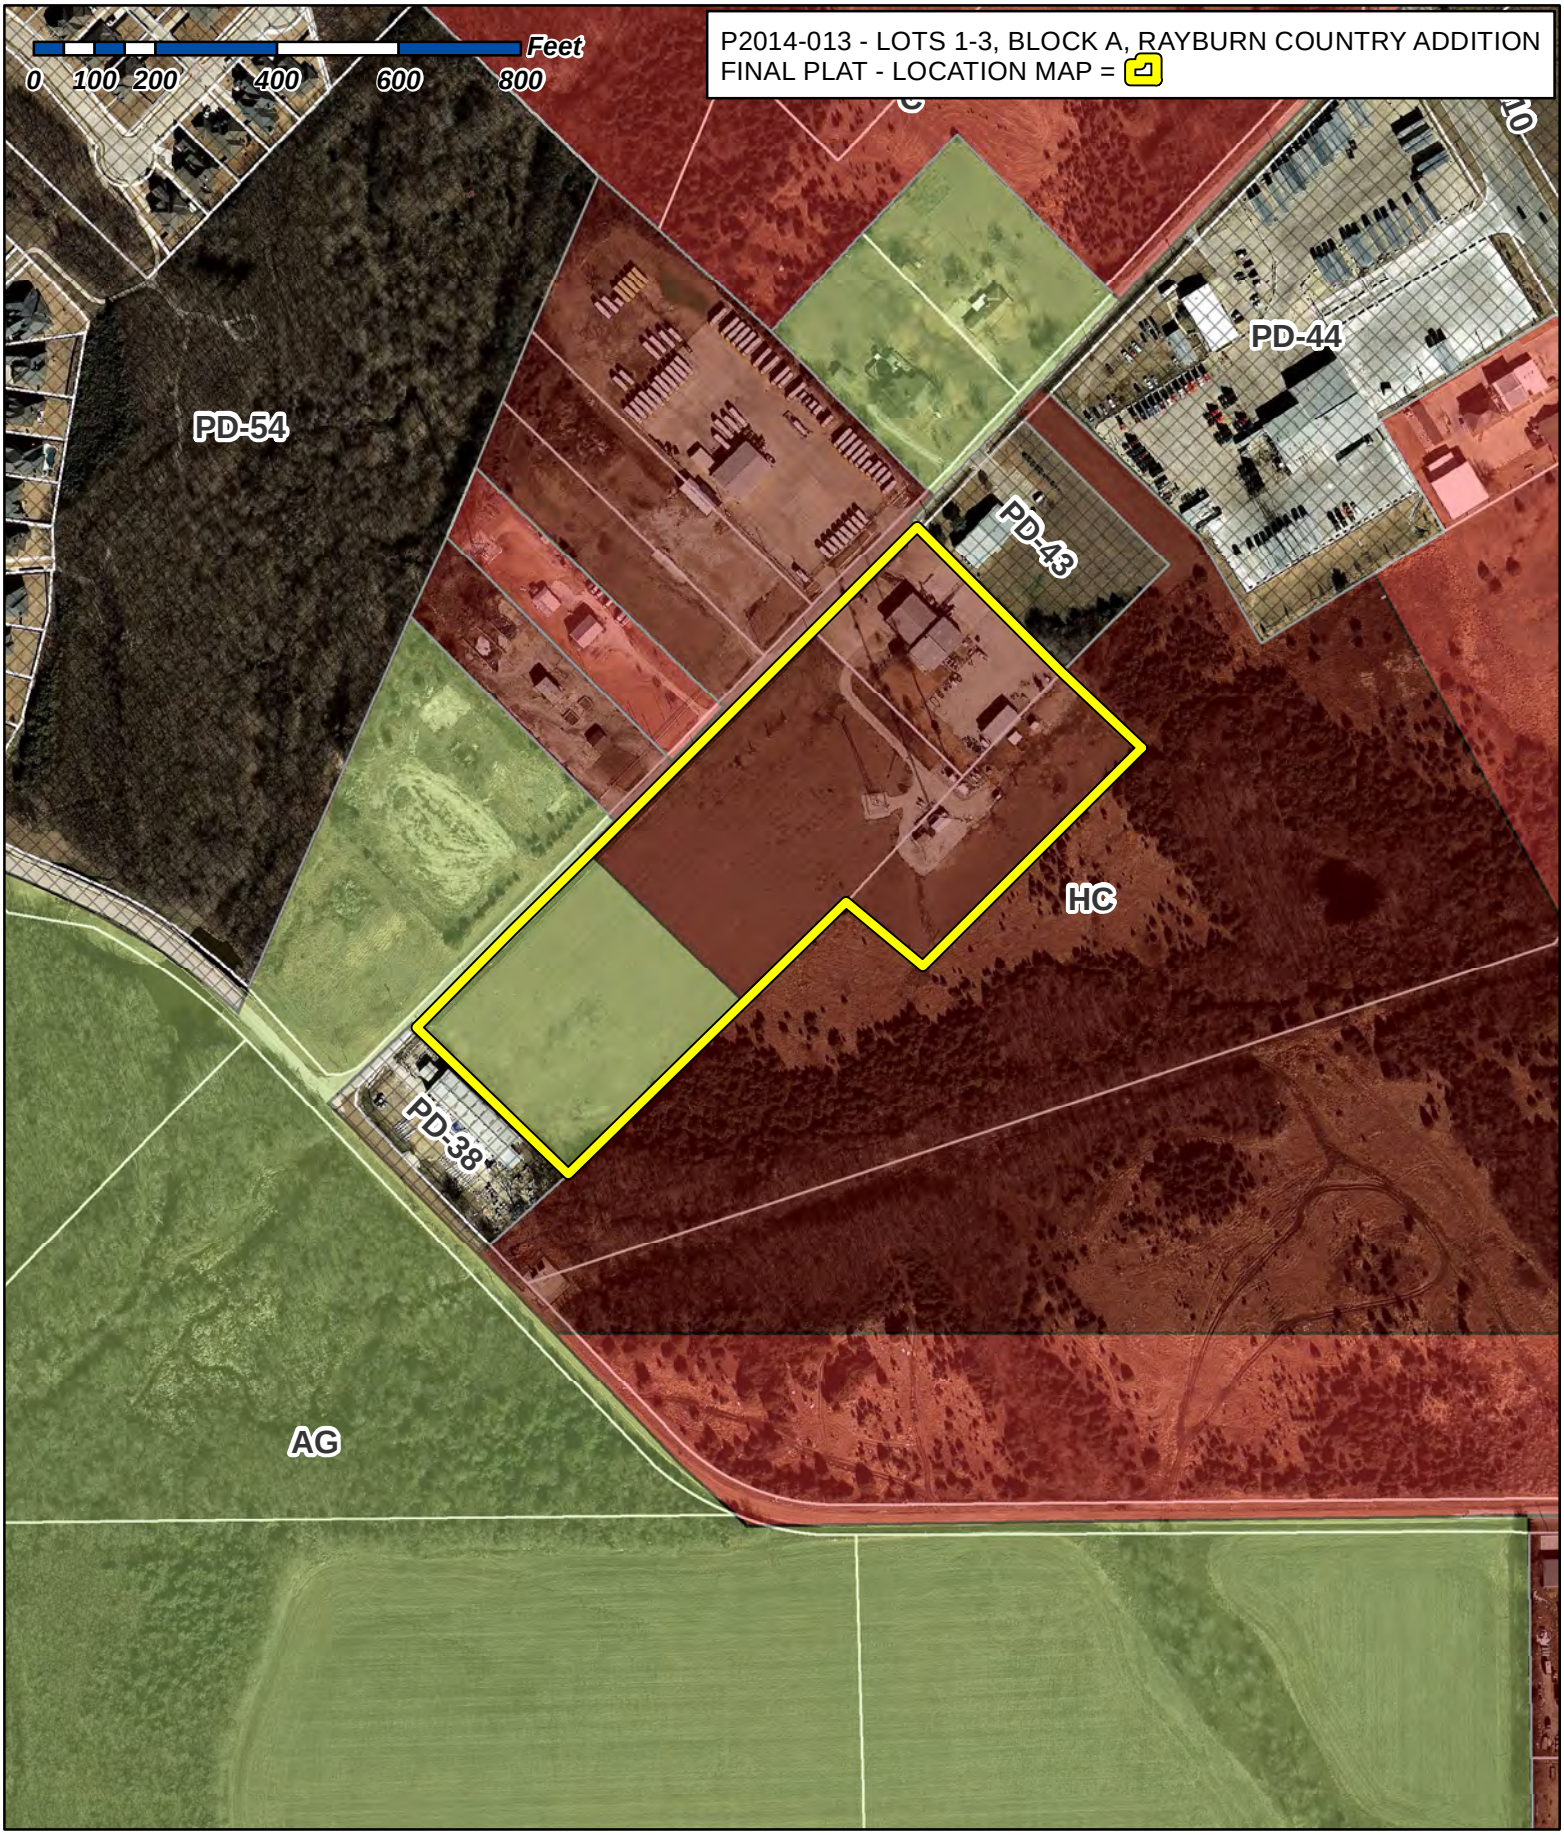
- The purpose of this request is to final plat an 11.407-acre tract of land for the purpose of constructing a 15,300 square foot commercial office building.

- The Engineer has completed the technical revisions requested by staff, and this plat is recommended for conditional approval pending the completion of final technical modifications and submittal requirements required for the recordation by the applicant or owner.

- Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the Recommendation section below.

With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:



If the Planning & Zoning Commission and City Council choose to approve the final plat for Lots 1-3, Block A, Rayburn Country Addition, the following conditions of approval are offered:

1) All the technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat; and

2) Any construction resulting from the approval of this replat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On June 24, 2014, the Planning and Zoning Commission recommended approval of the final plat by a vote of 5-0, with Commissioners Conley and Jackson absent.

GENERAL NOTES:

1. It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83 -]54.

2. Bearings are based on Texas State Plane Coordinates. Projection: State Plane NAD83 Texas North Central Zone 4202, Lambert Conformal Conic, Feet (TX83-NCF).

3. By graphical plotting, part of the parcel described hereon lies within a Special Flood Hazard Area (SPHA) Zone "AE" as delineated on the Rockwall County, Texas and Incorporated Areas, Flood Insurance Rate Map, Map Number 4839C0040L, dated September 26, 2008, as published by the Federal Emergency Management Agency. The Surveyor utilized the above referenced floodplain information for this determination and the Surveyor does not certify that revised floodplain information has or has not been published by the Federal Emergency Management Agency or some other source. This statement shall not create liability on the part of the surveyor.

4. A 1/2" Iron Rod with a yellow cap stamped RPLS Number 3963 will be set at all lot corners and R.O.W. points located on natural ground after construction of subdivision is completed, wherever possible. An "X" will be substituted for any lot corner located on a smooth concrete surface such as sidewalks, pavement, and retaining walls, whenever possible. A PK nail or 60D nail will be substituted for lot corners located on any surface on which a 1/2 "Iron Rod or an "X" cannot be set.

5. The floodplain section elevations and locations shown on this plat were provided by the City of Rockwall.

OWNER'S CERTIFICATE AND DEDICATION

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS RAYBURN COUNTRY ELECTRIC COOPERATIVE, INC., BEING THE OWNER OF A TRACT of land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING AN 11.407 acre tract of land situated in the William H. Barnes Survey, Abstract No. 26, City of Rockwall, Rockwall County, Texas and being all of a 2.00 acre tract of land described in deed to Rayburn Country Electric Cooperative, Inc., as recorded in Volume 829, Page 111, Deed Records, Rockwall County, Texas, all of a 2.00 acre tract of land described in deed to Rayburn Country Electric Cooperative, Inc., as recorded in Volume 428, Page 214 of said Deed Records and all of a 7.403 acre tract of land described in deed to Rayburn Country Electric Cooperative, Inc., as recorded in Volume 731, Page 263 of said Deed Records, said 11.407 acre tract being more particularly described by metes and bounds as follows:

BEGINNING at a 1/2–inch iron rod with yellow cap stamped "RPLS 3963" set for the north corner of said 2.00 acre tract (Vol. 428, Pg. 214), said corner being in the southeast right–of–way line of Sids Road, a 62.5' right–of–way at this point;

THENCE South 46 degrees 15 minute 45 seconds East, with the northeast boundary line of said 2.00 acre tract (Vol. 428, Pg. 214), passing the west corner of Lot 1, Block 1, Pott Shrigley Addition, an addition to the City of Rockwall, as recorded in Cabinet C, Slide 367, Plat Records, Rockwall County, Texas and continuing with the common boundary line of said Lot 1 and said 2.00 acre tract (Vol. 428, Pg. 214) a total distance of 351.23 feet to a 1/2–inch iron rod found for the south corner of said Lot 1, the east corner of said 2.00 acre tract (Vol. 428, Pg. 214), the north corner of said 2.00 acre tract (Vol. 829, Pg. 111) and an exterior ell corner of a 24.971 acre tract of land described in deed to OSEE Property Management, LLC, as recorded in Volume 5556, Page 93 of said Deed Records;

THENCE, with the common boundary lines of said 24.971 acre tract and said 2.00 acre tract (Vol. 829, Pg. 111), the following courses:

South 46 degrees 04 minute 51 seconds East, a distance of 166.79 feet to a 1/2–inch iron rod with cap stamped "RSCI" found for the east corner of said 2.00 acre tract and an interior ell corner of said 24.971 acre tract;

South 44 degrees 02 minute 43 seconds West, a distance of 523.42 feet to a 1/2–inch iron rod with cap stamped "RSCI" found for the south corner of said 2.00 acre tract and an interior ell corner of said 24.971 acre tract;

North 46 degrees 03 minute 00 seconds West, a distance of 166.66 feet to a 1/2–inch iron rod found for an exterior ell corner of said 24.971 acre tract and the west corner of said 2.00 acre tract, said corner being in the southeast boundary line of said 7.403 acre tract;

THENCE South 44 degrees 06 minutes 36 seconds West, with the common boundary line of said 24.971 acre tract and said 7.403 acre tract, a distance of 643.15 feet to a 3/8–inch iron rod found for the south corner of said 7.403 acre tract and the east corner of a 1.50 acre tract of land described in deed to Richard E. Slaughter, Jr., as recorded in Volume 1531, Page 145 of said Deed Records;

THENCE North 46 degrees 14 minutes 22 seconds West, with the common boundary line of said 1.50 acre tract and said 7.403 acre tract, a distance of 350.74 feet to a 1/2–inch iron rod found for the north corner of said 1.50 acre tract and the west corner of said 7.403 acre tract, said corner being in the southeast right–of–way line of said Sids Road, a 40 ft. right–of–way at this point;

THENCE North 44 degrees 03 minutes 02 seconds East, with the common boundary line of said Sids Road, said 7.403 acre tract and said 2.00 acre tract (Vol. 428, Pg. 214), a distance of 1166.33 feet to the POINT OF BEGINNING AND CONTAINING 496,877 square feet or 11.407 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

I (we) the undersigned owner(s) of the land shown on this plat, and designated herein as the RAYBURN COUNTRY ADDITION to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I (we) further certify that all other parties who have a mortgage or lien interest in the RAYBURN COUNTRY ADDITION have been notified and signed this plat. I (we) understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I (we) also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I (we) further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 07/07/2014

APPLICANT: R. Fifty Green Homes, LLC [*Rich Houston*]

AGENDA ITEM: **P2014-014**; Lots 1-6, Block A, Solar Village Addition

---

SUMMARY:

Discuss and consider a request by Rich Houston on behalf of R. Fifty Green Homes, LLC for the approval of a final plat for Lots 1-6, Block A, Solar Village Addition, containing six (6) single family lots on a 2.055-acre tract of land situated within the Rueben Ballard Survey, Abstract No. 29, Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, located directly west of the intersection of Williams Street (SH-66) and Caruth Lane, and take any action necessary.

FINAL PLAT COMMENTS:

☑ The purpose of the applicant's request is to final plat six (6) single family, residential lots on a 2.055-acre tract of land for the construction of a single-family subdivision. It is the applicant's intent for this subdivision to provide modern homes that are designed to be energy neutral or net-zero housing. This shall be achieved by incorporating solar panels, a rain collection system and a design that utilizes a passive cooling/heating system. Additionally, the homes will be between 2,000 – 3,000 SF in size and will be constructed facing onto a pedestrian/common space that extends from Heath Street.

☑ The subject property is zoned Single Family 7 (SF-7) District. The development standards for a property within a Single Family 7 (SF-7) District are as follows:

	Ordinance Requirements
Minimum Lot Area	7,000 SF
Maximum Number of Dwellings Per Lot	1
Minimum SF Per Dwelling Unit	1,100
Lot Frontage on a Public Street	60'
Minimum Lot Depth	100'
Minimum Front Yard Setback	20'
Minimum Rear Yard Setback	10'
Minimum Internal Side Yard Setback	6'
Minimum Distance Between Buildings	10'
Maximum Lot Coverage	45%
Maximum Building Height	32'

☑ On November 5, 2013 the Parks Board reviewed the applicant's request with the preliminary plat and recommended the following:

1. The developer pay the pro-rata equipment fees required for Parks District No. 9 in the amount of $2,064.00 [*i.e. 6 lots @ $344.00 per lot*].

2. The developer pay the cash-in-lieu of land fees in the amount of $1,212.00 [*i.e. 6 lots @ $202.00 per lot*].

☑ On November 4, 2013, the City Council approved a masonry exception that allows the applicant to deviate from the required 80% masonry requirement for the purpose of allowing a combination of lime plaster [75%] (which is similar in nature to stucco) and natural wood slats as siding [25%]. The natural wood slats will be a combination of Ipe, a fire resistant Brazilian Walnut that is resilient to mildew and decay, and Cedar.

☑ On November 12, 2013, the City Council approved a waiver to the requirements stipulated within the Section 2.11, *Alleys and Alley Widths*, of the *Standards of Design Construction Manual* [*Public Works Department*], requiring all residential properties to be accessible by an alleyway.

☑ The Treescape Plan provided by the applicant at the time of preliminary plat shows that there are 24 hackberry trees, one (1) pecan tree, one (1) redbud tree and two (2) white ash trees existing on the site. According to the applicant's mitigation plan five (5) trees, consisting of a total of 69 caliper inches of tree and requiring 63.5 caliper inches of total mitigation, will be removed and 35 trees (consisting of live oak, pecan and redbud trees) for a total of 105 caliper inches will be planted on the site. The applicant has stated that the remaining 23 existing trees will be inspected by an arborist to ensure that they are in a healthy growing condition.

☑ The Engineer has completed the majority of the technical revisions requested by staff, and this plat, conforming with the preliminary plat approved by the City Council on November 12, 2013 by Case No. P2013-032, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements required for the recordation by the applicant or owner.

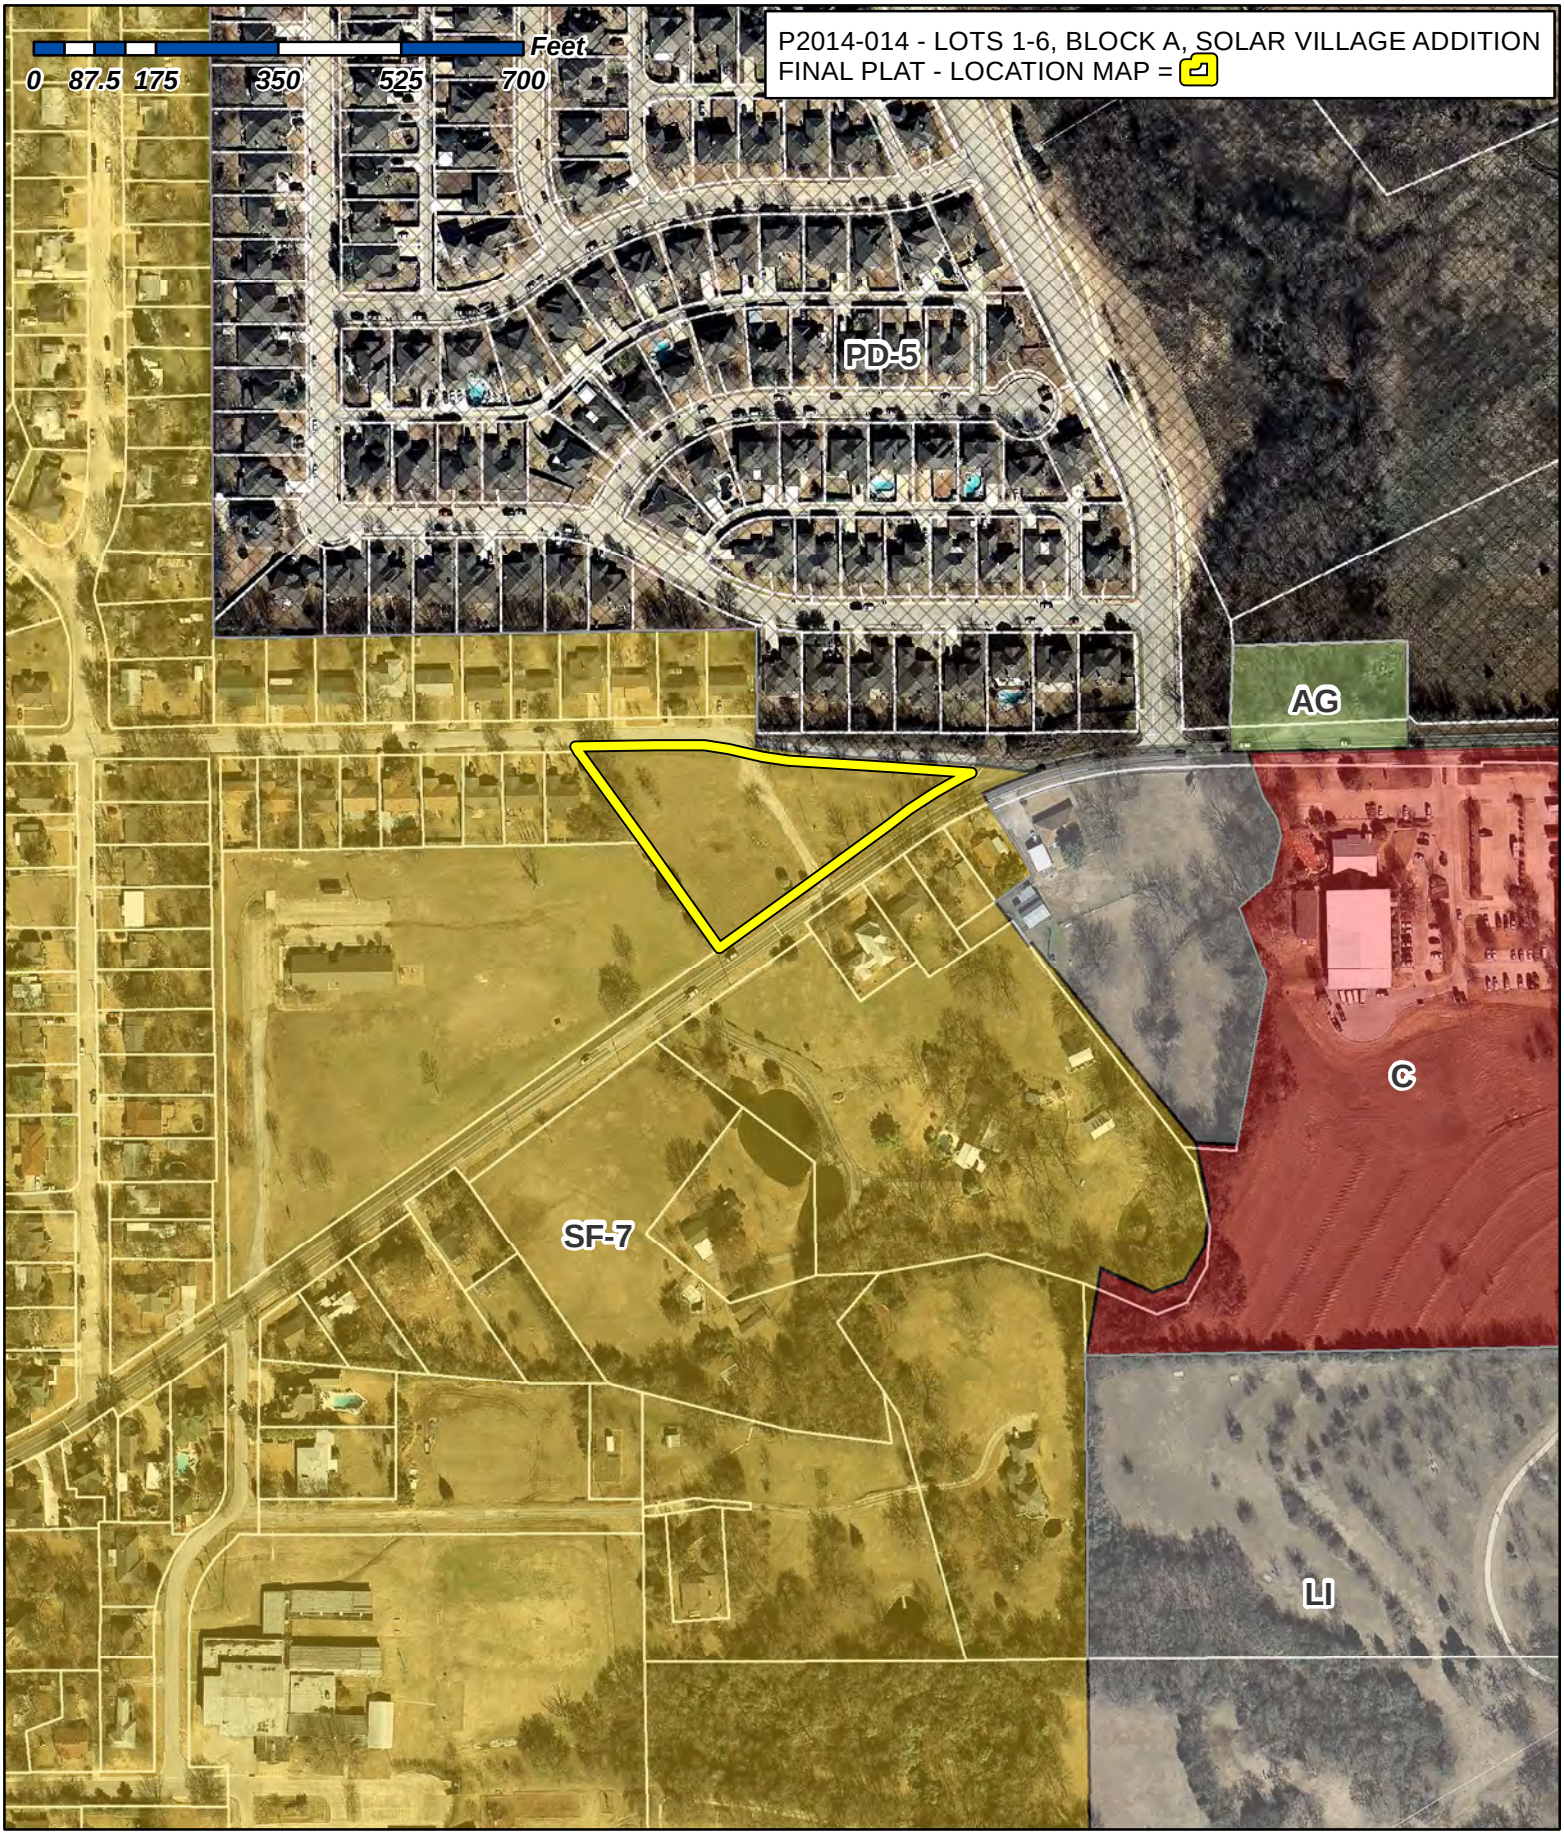
☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the Recommendation section below.

With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the City Council chooses to approve the final plat for *Lots 1-6, Block A, Solar Village Addition* then staff would recommend the following conditions of approval:

1) All the technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;



2) The applicant shall adhere to the tree mitigation plan approved with the preliminary plat;

3) The applicant shall adhere to the recommendations made by the Parks Board and approved as conditions of approval with the preliminary plat; and,

4) Any construction resulting from the approval of this *final plat* shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On June 24, 2014, the Planning and Zoning Commission recommended approval of the final plat by a vote of 4-0, with Commissioners Jackson and Conley absent.

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS R FIFTY GREEN HOMES, BEING THE OWNER OF A TRACT of land in the County of Rockwall, State of Texas, said tract being described as follows:

WHEREAS R FIFTY GREEN HOMES is the owner of all that certain lot, tract, or parcel of land lying and being situated in the Reuben Ballard Survey, Abstract Number 29, having a Patent date of February 23, 1854, Patent Number 112, Patent Volume 9, Certificate Number 889, File Number 001573, City of Rockwall, Rockwall County, Texas, and being all of a 2.055 acre tract of land conveyed by Douglas D. Morris To Douglas and Lynda Morris 2010 Revocable Trust by Warranty Deed dated July 15, 2011, as recorded in Volume 6502, Page 189, of the Deed Records of Rockwall, Rockwall County, Texas, and being that certain tract of land conveyed by Douglas Dwight Morris, as Trustee of the Douglas and Lynda Morris Revocabel Trust and Billy Peoples, individually, to R Fifty Green Homes by General Warranty Deed dated October 24, 2013, as recorded in the Official Public Records of Rockwall, Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for the southwest corner of the said R Fifty Green Homes tract and being the southeast corner of a called 6.300 acre tract of land conveyed to Rockwall Assembly of God as recorded in Volume 119, Page 973, of the Deed Records of Rockwall, Rockwall County, Texas, said 1/2" iron rod also being in the northwesterly right of way line of Williams Street, a.k.a. State Highway 66, being a (60' Foot Right of Way);

THENCE NORTH 31° 49' 08" WEST, leaving the northwesterly right of way line of said State Highway 66, with the southwesterly line of the said R Fifty Green Homes tract and with the northeasterly line of the said Rockwall Assembly of God tract, passing at a distance of 345.11 feet, a 1/2" iron rod found for the northeast corner of Lot 9, Block A, of Green Meadows Addition, an addition to the City of Rockwall according to the Map or Plat thereof recorded in Cabinet A, Slide 117, of the Plat Records of Rockwall, Rockwall County, Texas, and continuing a total distance of 369.72 feet, to a point for the northwest corner fo the said R Fifty Green Homes tract, said point being in the centerline of Heath Street (Variable Width Right of Way);

THENCE NORTH 87° 44' 07" EAST, with the north line of the said R Fifty Green Homes tract , with the centerline of said Heath Street, a distance of 107.50 feet to a point for corner;

THENCE SOUTH 82° 29' 07" EAST, continuing with the north line of said R Fifty Green Homes tract and the centerline of said Heath Street, a distance of 517.42 feet, to a point for the northeast corner of the said R Fifty Green Homes tract, said point being the northwesterly right of way line of said State Highway 66, said point being the beginning of a non-tangent curve to the left, having a radius of 775.01 feet, a chord bearing of South 64° 27' 02" West, and a chord distance of 169.26 feet;

THENCE Southwesterly, with said curve to the left, with the southeasterly line of the said R Fifty Green Homes tract, and with the northwesterly right of way line of said State Highway 66, through a centeral angle of 12° 32' 18", an arc distance of 169.60 feet, to a 5/8" iron rod with an orange plastic cap stamped "PROBECK 5187" set for the corner;

THENCE SOUTH 58° 10' 53" WEST, continuing with the southwesterly line of the said R Fifty Green Homes tract, with the northwesterly right of way line of said State Highway 66, a distance of 321.00 feet, to the PLACE OF BEGINNING, and containing approximately 89,497 square feet, or 2.055 acres of land, there being 10,007 square feeet or 0.229 acres within the roadway of Heath Street, leaving a net of 79,460 square feet or 1.824 acres or land, more or less.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as the SOLAR VILLAGE subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, watercourses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the SOLAR VILLAGE subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by th establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City o Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exactions made herein.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **June 23, 2014**

SUBJECT: **Construction Contract Award –** FM 3097 Utility Relocation Project

Background:
The Texas Department of Transportation (TxDOT) has completed the engineering design for FM 3097 from FM 740 to Tubbs Road. The proposed roadway will be a four lane divided concrete roadway with an enclosed storm sewer system. As part of the Local Project Advanced Funding Agreement, the City is responsible for relocating our water and sanitary sewer to prevent conflicts with the new improvements. There are two water lines that must be relocated for this project that bids in July 2014. The City hired a consultant to prepare the engineering plans for the relocations.

The City received and opened bids on June 19, 2014. The results are as follows:

1. War Horse Enterprises, Inc. $135,872.27
2. Double R Utilities, Inc. $176,071.00

War Horse Enterprises, Inc. has experience on projects within the City and demonstrates the resources to adequately complete this utility project in State Right-of-Way.

Financial Implications:
Funding for this project is available from the 2008 Water and Sewer Revenue Bonds.

Action Desired/Recommendation:
Staff asks Council to consider approving the award of the FM 3097 Utility Relocation Project contract to War Horse Enterprises, Inc. in the amount of $135,872.72.

VERDUNITY
A better future, by design.

June 20, 2014

Amy Williams, P.E.
Assistant City Engineer
City of Rockwall
385 S. Goliad
Rockwall, Texas 75087

Reference: BID EVALUATION AND RECOMMENDATION FOR AWARD
FM 3097 Utility Relocation, Rockwall TX

Dear Ms. Williams:

Bids for the above referenced project were submitted Thursday, June 19th. Two bids were received from the following contractors:

Bidder	Total Base Bid (Submitted)	Total Base Bid (Checked/Corrected)
Double R Utilities, Inc.	$171,191.00	$176,071.00
War Horse Enterprises, Inc.	$133,092.02	$135,872.27

We have reviewed all of the bids for accuracy and completeness, and prepared a bid tabulation spreadsheet showing the unit prices and total bids for our engineer's estimate and the bidders (attached). Both bids received had a few minor mathematical errors. The submitted bids have been updated to correct those errors, which resulted in a small increase for both bids. **The low bidder is War Horse Enterprises, Inc. with a total base bid of $135,872.27.**

War Horse Enterprises, Inc. (WHE) has completed numerous projects for the City in the past, and in good standing with city staff and inspectors. Based on their good standing with the city, prior experience on similar projects, and their low bid, **VERDUNITY would recommend that the City proceed with awarding the construction contract for this project to War Horse Enterprises, Inc**.

If you have any questions regarding this recommendation, please do not hesitate to call me at (214) 425-6720 or email me at kevin@verdunity.com. We look forward to beginning construction soon.

Respectfully Submitted,

VERDUNITY, Inc.
Texas Registered Engineering Firm F-13496

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO APPROVE A SPECIFIC USE PERMIT (SUP) TO ALLOW A MINI-WAREHOUSE FACILITY WITHIN A COMMERCIAL (C) DISTRICT AS SPECIFIED WITHIN ARTICLE IV, *PERMISSIBLE USES*, OF THE UNIFIED DEVELOPMENT CODE, FOR A 2.857-ACRE TRACT OF LAND, BEING A PORTION OF A LARGER 5.549-ACRE TRACT OF LAND IDENTIFIED AS PART OF TRACT 2 OF THE J. CADLE SURVEY, ABSTRACT NO. 65, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Master Plan, on behalf of Rockwall SH-205 Venture, LLC for the approval of a Specific Use Permit (SUP) to allow a mini-warehouse facility on a 2.857-acre tract of land, zoned Commercial (C) District, being a portion of a larger 5.549-acre tract land identified as a part of Tract 2 of the J. Cadle Survey, Abstract No. 65, City of Rockwall, Rockwall County, Texas, which is generally located south of the intersection of the IH-30 Frontage Road and Townsend Drive, and more specifically described in *Exhibit 'A'* of this ordinance, which herein after shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the Unified Development Code [*Ordinance No. 04*-38] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for the construction of a mini-warehouse facility within a Commercial (C) District as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code on the *Subject Property*; and

SECTION 2. That the *Subject Property* shall be used only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and set forth in Section 2.1.10,

Wholesale, Distribution and Storage, of Article IV, *Permissible Uses*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future, and shall be subject to the additional following conditions and compliance standards:

2.1 Operational Conditions

The following conditions pertain to the operation of a mini-warehouse facility on the *Subject Property*, and conformance to these operational conditions are required for continued operations:

1) Prior to the issuance of a building permit a site plan conforming to the requirements stipulated by the Unified Development Code [*Ordinance No. 04*-38] shall be submitted and approved by the Planning & Zoning Commission, and if necessary City Council.

2) All construction and operations on this property shall generally conform to the Concept Plan depicted in *Exhibit 'B'* of this ordinance.

3) The building elevations submitted with the site plan shall strictly adhere to the Concept Building Elevations depicted in *Exhibit 'C'* of this ordinance, unless required to be modified to conform to the recommendations of the Planning & Zoning Commission and/or City Council.

4) The maximum number of storage units provided shall not exceed 579 units for the facility.

5) All transparent fences shall be wrought iron or similar, and when necessary incorporate landscaping/living screening to screen the interior of the facility. Chain-link fencing shall be prohibited.

6) The height of the building shall not exceed four (4) stories or 60-feet in total height.

7) Outside storage shall be limited to the areas depicted on the Concept Plan in Exhibit 'A', shall not exceed be eight (8) feet in total height, and shall be screened from adjacent properties using a minimum of an eight (8) foot masonry fence. No outside storage of any kind shall be permitted outside of the areas depicted on the Concept Plan. Outside storage shall be limited to the storage of boats, recreational vehicles, and motor or self-propelled vehicles.

8) Businesses shall not be allowed to operate within individual storage units.

9) The commercial operation of rental trucks and trailers shall be prohibited.

10) All signage shall be required to conform to the requirements stipulated by the Code of Ordinances. Additionally, pole signage shall be prohibited on this site.

11) All light poles shall be limited to a maximum height of 20-feet and all light fixture proposed for the site shall comply with the requirements of Article VII, *Environmental Performance*, of the Unified Development Code.

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mark Moeller, Chief of Police**

DATE: **June 25, 2014**

SUBJECT: **Revisions to the Solicitor's Ordinance**

In May, changes to the requirements in the application section of our Solicitor's Ordinance were presented and approved by the City Council.

In that process, sections regulating Solicitations to Occupants of Vehicles on Public Roadways, Solicitation by Coercion and Solicitation on Public Area Prohibited were inadvertently omitted. City Attorney Frank Garza has drafted an ordinance amending the Code to add these provisions back in.

The section dealing with Temporary Habitation in Public Places has been moved to Chapter 22, Miscellaneous Offenses. This chapter is a more appropriate location for this violation, which has no connection to solicitors or peddlers.

CITY OF ROCKWALL

ORDINANCE NO. 14-___

AN ORDINANCE OF THE CITY OF ROCKWALL, TEXAS, AMENDING CHAPTER 12, ARTICLE III, SECTION 12 BY ADDING SECTION 12-66 TO 12-68 OF THE CODE OF ORDINANCES, REGULATING PEDDLER ACTIVITIES TO OCCUPANTS OF VEHICLES ON PUBLIC ROADWAYS IN THE CITY AND SOLICITATION IN A PUBLIC AREA; PROVIDING A SEVERABILITY CLAUSE; PROVIDING AN EFFECTIVE DATE AND PROVIDING FOR RELATED MATTERS.

WHEREAS, the City of Rockwall (the "City"), a Home Rule City and by State law and City Charter is permitted to establish ordinances to protect the health, safety and general welfare of its residents; and

WHEREAS, on May 22, 2014 the City Council adopted a new Ordinance regulating peddler activities and after careful review, additional amendments are necessary because of the health and safety concerns in soliciting occupants in vehicles and in public areas, the Council is amending the ordinance regulating such activity; and

WHEREAS, the amended ordinance will not interfere with free speech, open dialogue and exchange of opinion;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THAT;

SECTION 1 FINDINGS. The foregoing recitals are hereby found to be true and correct and are hereby adopted by the City Council and made a part hereof for all purposes as findings of fact.

SECTION 2. **AMENDMENT.** Chapter 12, Article III, Sections 12-66 to 12-68 are hereby added to Chapter 12 and should read as follows:

ARTICLE III. PEDDLERS, SOLICITORS AND ITINERANT VENDORS

Sec. 12-66. Solicitations to occupants of vehicles on public roadways prohibited.

(A) The following words, terms and phrases, when used in this section shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Goods means property of every kind.

Public area means an outdoor area to which the public has access and includes, but is not limited to, a sidewalk, street, highway, park, parking lot, alleyway, pedestrian way, or the common area of a school, hospital, apartment house, office building, transport facility, or shop.

Roadway has the meaning given that term in V.T.C.A., Transportation Code Chapter. 541.

Services means any work done for the benefit of another person.

Solicitation means any conduct or act where by a person:

(1) Either orally, or in writing, asks, begs, or pleads for a ride, employment, goods, services, financial aid, monetary gifts, or any article representing monetary value, for any purpose;
(2) Either orally, or in writing, sells or offers for sale goods, services, or publications;
(3) Distributes without remuneration goods, services, or publications; or
(4) Solicits signatures on a petition or opinions for a survey.

Vehicle has the meaning given that term in V.T.C.A., Transportation Code Chapter 541.

(B) A person commits an offense if, while occupying any public area adjacent to any public roadway in the city, he knowingly conducts or attempts to conduct a solicitation directed to, or intended to attract the attention of, the occupant of any vehicle stopped or traveling on the roadway. An offense occurs when the solicitation is made, whether or not an actual employment relationship is created, a transaction is completed, or an exchange of money, goods, or services takes place. Evidence of an attempted solicitation shall include, but not be limited to, the display of any sign requesting donations of money, food, or clothing.

(C) It shall be unlawful for a person to knowingly cause a child sixteen (16) years of age or younger to stand on a traffic median, shoulder, improved shoulder or sidewalk and solicit, or attempt to solicit, employment, business or charitable contributions from the occupants of any vehicle on a roadway. For purposes of this section, the term "cause" shall mean aid, direct, hire, encourage, permit, or allow.

(D) It is a defense to prosecution under subsection (b) of this section that the person summoning aid or requesting assistance is in an emergency situation.

Sec. 12-67. Solicitation by coercion and solicitation on public area prohibited.

(A) The following words, terms and phrases, when used in this section, shall have the meanings ascribed to them in this subsection, except where the context clearly indicates a different meaning:

Coercion means:

(1) To approach or speak to a person in such a manner as would cause a reasonable person to believe that the person is being threatened with:
   a. Imminent bodily injury; or
   b. The commission of a criminal act upon the person or another person, or upon property in the person's immediate possession;

(2) To persist in a solicitation after the person solicited has given a negative response;

(3) To block, either individually or as part of a group of persons, the passage of a solicited person; or

(4) To engage in conduct that would reasonably be construed as intended to compel or force a solicited person to accede to demands.

(B) A person commits an offense if he conducts a solicitation by coercion or conducts a solicitation in any public area in the city at any time on any day of the week.

(C) It is a defense to prosecution under subsection (b) of this section if the solicitation:

(1) Consisted exclusively of passive, nonverbal acts; or

(2) Was being conducted on private property with the advance written permission of the owner, manager, or other person in control of the property.

(D) The provisions of section 12-57 regarding exemptions shall apply to this section.

Sec. 12-68 Violation/penalty

Any person violating the provisions of this article is guilty of a class C misdemeanor and upon conviction shall be subject to a penalty not to exceed five hundred dollars ($500.00) Each and every act constituting a violation hereof and each failure or refusal to comply with any provision shall be a separate offense and shall be punished as such.

SECTION 3 REPEALING ORDINANCES IN CONFLICT. All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

SECTION 4 SEVERABILITY.
If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or illegal, such decision shall not affect the validity of the remaining sections of this ordinance. The City Council hereby declares that it would have passed this ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared void.

SECTION 5 SAVINGS CLAUSE.
All ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed. The balance of such ordinance is hereby saved from repeal.

SECTION 6. EFFECTIVE DATE. The Ordinance shall be effective immediately following its publication in the local newspaper as required by the Texas Local Government Code.

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Kristy Ashberry, City Secretary**

DATE: **June 25, 2014**

SUBJECT: **Ordinance reestablishing prohibition on temp. habitation in public places**

Recently in May, the City Council passed an ordinance making certain changes to requirements associated with application provisions within the city's Solicitor's / Peddlers regulations.

At that time, sections regulating "Temporary Habitation in Public Places" were removed from the adopting ordinance. The city attorney has advised that proper placement of said regulations should be in an entirely different Chapter of the Code, separate from regulations regarding peddlers/solicitors. As such, the ordinance being presented to council for consideration at the July 7, 2014 meeting reestablishes this prohibition by moving the provisions to Chapter 22, Miscellaneous Offenses. This chapter is a more appropriate location for this type of violation.

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 14-__

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS ESTABLISHING A PROHIBITION REGARDING TEMPORARY HABITATION IN PUBLIC PLACES IN CHAPTER 22. MISCELLANEOUS OFFENSES. ARTICLE I. IN GENERAL, SECTION 22-4; PROVIDING FOR SEVERABILITY AND SAVINGS CLAUSES; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Council of the City of Rockwall, Texas recently amended Chapter 12, Article III, Section 12-51 through 12-66 of the City of Rockwall Code of Ordinances regulating peddler activities in the City; and

WHEREAS, in the revision of Chapter 12, Article III, Section 12-51 through 12-66, the City deleted a provision prohibiting temporary habitation in a public place because the provision was not compatible with the regulations regarding peddlers; and

WHEREAS, the City Council of the City of Rockwall, Texas believes that the regulation prohibiting temporary habitation in a public place is more appropriate in Chapter 22, Miscellaneous Offenses; and

WHEREAS, the City Council of the City of Rockwall, Texas believes it to be in the best interest of the public to promote public safety and welfare through prohibiting temporary habitation in public places;

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That Chapter 22. Miscellaneous Offenses; Article I. In General; Section 22-4. Temporary Habitation in a Public Place Prohibited is hereby established and shall henceforth read in its entirety as follows:

Sec. 22-4. Temporary habitation in a public place prohibited.

(a) It shall be unlawful for any person to lodge, to live in for a time, or to take temporary habitation in any portion of a public park, culvert, or drainage way, or underneath a viaduct or bridge over any public roadway within the city. Evidence of lodging or temporary habitation shall include, but not be limited to, bedrolls, mattresses, blankets, cooking utensils, clothing, or any other personal belongings.

(b) It is a defense to prosecution under this section that the person is seeking temporary shelter during a verified tornado.

SECTION 2. SEVERABILITY. That if any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or illegal, such decision shall not affect the validity of the remaining sections of this ordinance. The City Council hereby declares that it would have passed this ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared void.

SECTION 3. SAVINGS CLAUSE. All ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed. The balance of such ordinance is hereby saved from repeal.

SECTION 4. EFFECTIVE DATE. That the Ordinance shall be effective immediately following its second reading and publication in accordance with the City Charter.

David Sweet, Mayor

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 7/07/2014

APPLICANT: Dennis D. Alsup

AGENDA ITEM: **Z2014-015**; Accessory Building - SUP

Hold a public hearing to discuss and consider a request by Dennis D. Alsup for the approval of a Specific Use Permit (SUP) for an accessory building that does not conform to the size requirements as specified by Section 2.1.2, *Residential and Lodging Use Conditions*, of Article IV, *Permissible Uses*, of the Unified Development Code for a property in a Single-Family 10 (SF-10) District on a 0.74-acre parcel of land identified as a portion of Block 4, Garner Addition, zoned Single-Family 10 (SF-10) District, situated within the North Goliad Overlay (NGC OV) District, located at 921 Alamo Road, City of Rockwall, Rockwall County, Texas, and take any action necessary.

BACKGROUND INFORMATION:

The applicant, Mr. Dennis D. Alsup, is requesting a Specific Use Permit (SUP) to allow for a 240 sq. ft. accessory building exceeding the size requirements of the Single-Family 10 (SF-10) Residential District standards by 15 sq. ft. Under the use standards of the Unified Development Code, the accessory building shall be accessory to a residential use and located on the same lot. By right, in the SF-10 district, no more than two (2) accessory buildings shall be allowed which are up to 225 sq-ft (each) and are 15 ft or less in height, provided the exterior cladding contains only materials found on the main structure. Accessory buildings not meeting these standards shall require approval of an SUP.

The proposed accessory building is a 20' X 12' (240 sq. ft.) wooden structure, matching the materials of the primary structure and will be used for storage purposes. Mr. Alsup has provided a color prospective that indicates his intent of painting the building to match that of their existing home. The roof will be composed of galvalume (metal roof) and the building will have an overall height of 13-ft 6-in. and does not exceed the height requirement established in the UDC. Included in your packet is a survey depicting the accessory building(s) location which exceeds the minimum rear and side yard set-backs as well as the separation requirements from another structure. The accessory building meets or exceeds the minimum standards established by the UDC for a property with the exception of the additional 15 sq. ft. in area requested.

Based on certain findings, a requisition for a zoning change is considered a discretionary act by the Planning and Zoning Commission and City Council. The applicant has provided a letter requesting the SUP, a survey indicating the location of the proposed building (and existing structures), detailed photos and a color prospective for your consideration.

NOTIFICATION:

On May 30, 2014, staff mailed 55 notices to property owners and residents within 500 feet of the subject property. Staff also sent notices to the Lake View Summit and Caruth Lakes Homeowner's Associations (HOA) which are located within 1,500 feet of the subject property. Additionally, staff posted a sign adjacent to the subject property on Alamo Dr. as required by the Unified Development Code (UDC). A public notice has been published in the Rockwall County News meeting state statutes and has been posted on the City's web-site. At the time this case memo was drafted, staff has received two (2) notices "in favor" of and none "opposed" to the request.

RECOMMENDATIONS:

Should the request for an SUP be approved, staff offers the following conditions:

1. That the structure must meet all Building Inspections, Engineering, and Fire Department standards.
2. Submittal and approval of a building permit is required prior to the construction of the accessory building.
3. The accessory building shall comply with the approved site plan and building elevations.
4. The accessory building shall not exceed 240 sq. ft. in area.
5. The accessory building shall not exceed a maximum height of 15 ft. (measured at the midpoint of the pitched roof).
6. The accessory building is subject to administrative review in the event that the subject property is sold to another party, conveyed in any manner to another party, subdivided, or re-platted.
7. The City Council reserves the right to review the Specific Use Permit granted herein upon the expiration of one (1) year from the date hereof.
8. Any construction or building allowed by this request must conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Planning and Zoning:

On June 10, 2014, the Planning and Zoning Commission accepted the applicants request to postpone the public hearing until the June 24, 2014 Planning and Zoning meeting.

City Council:

On June 16, 2014, the City Council announced the applicant's intent to postpone the City Council public hearing to July 7, 2014.

Planning and Zoning Recommendation:

On June 24, 2014, the Planning and Zoning Commission recommended approval of the SUP with staff conditions by a vote of 5 to 0 (Jackson and Conley – absent).

RE: SUP for 240 S.F. Accessory Building at 921 N. Alamo Rd., Rockwall, TX

To Whom It May Concern:

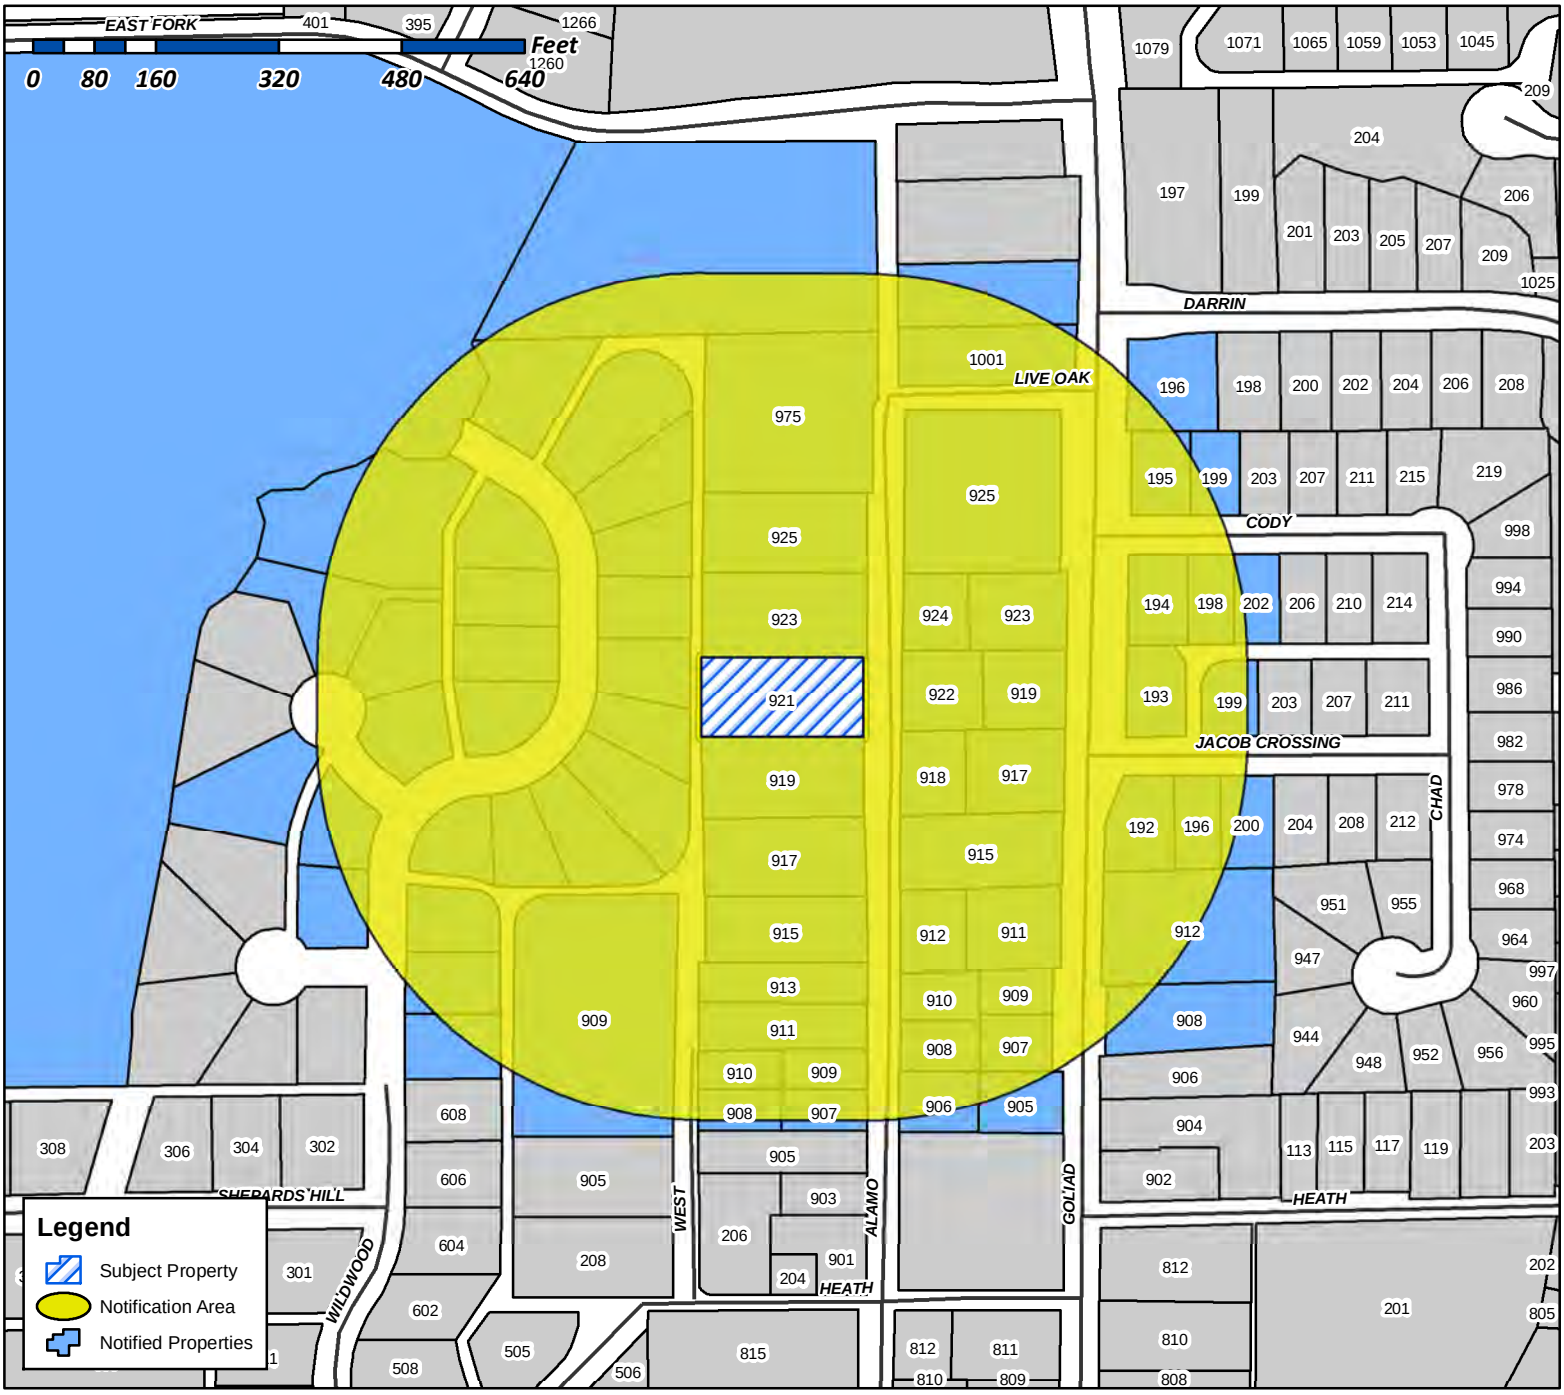
My wife and I would like to place a 12'x20' Shed on the property that we are in the process of purchasing from Mr. Paul Wilcoxson at 921 N. Alamo Rd. in Rockwall.

We have a lot of 0.51 Acres in size.

This building matches the current exterior of our home, which is wood siding and will be painted to match.

We believe that this will be an asset to our home and property value and will in no way adversely affect any of our neighbors, or the value of their property and respectfully ask for approval of this Special Use Permit.

Repectfully,



Dennis and Angie Alsup
921 N. Alamo Rd.
