CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 10/06/2014

APPLICANT: Harold Fetty

AGENDA ITEM: **P2014-028** (Adams Addition - Replat)

SUMMARY:

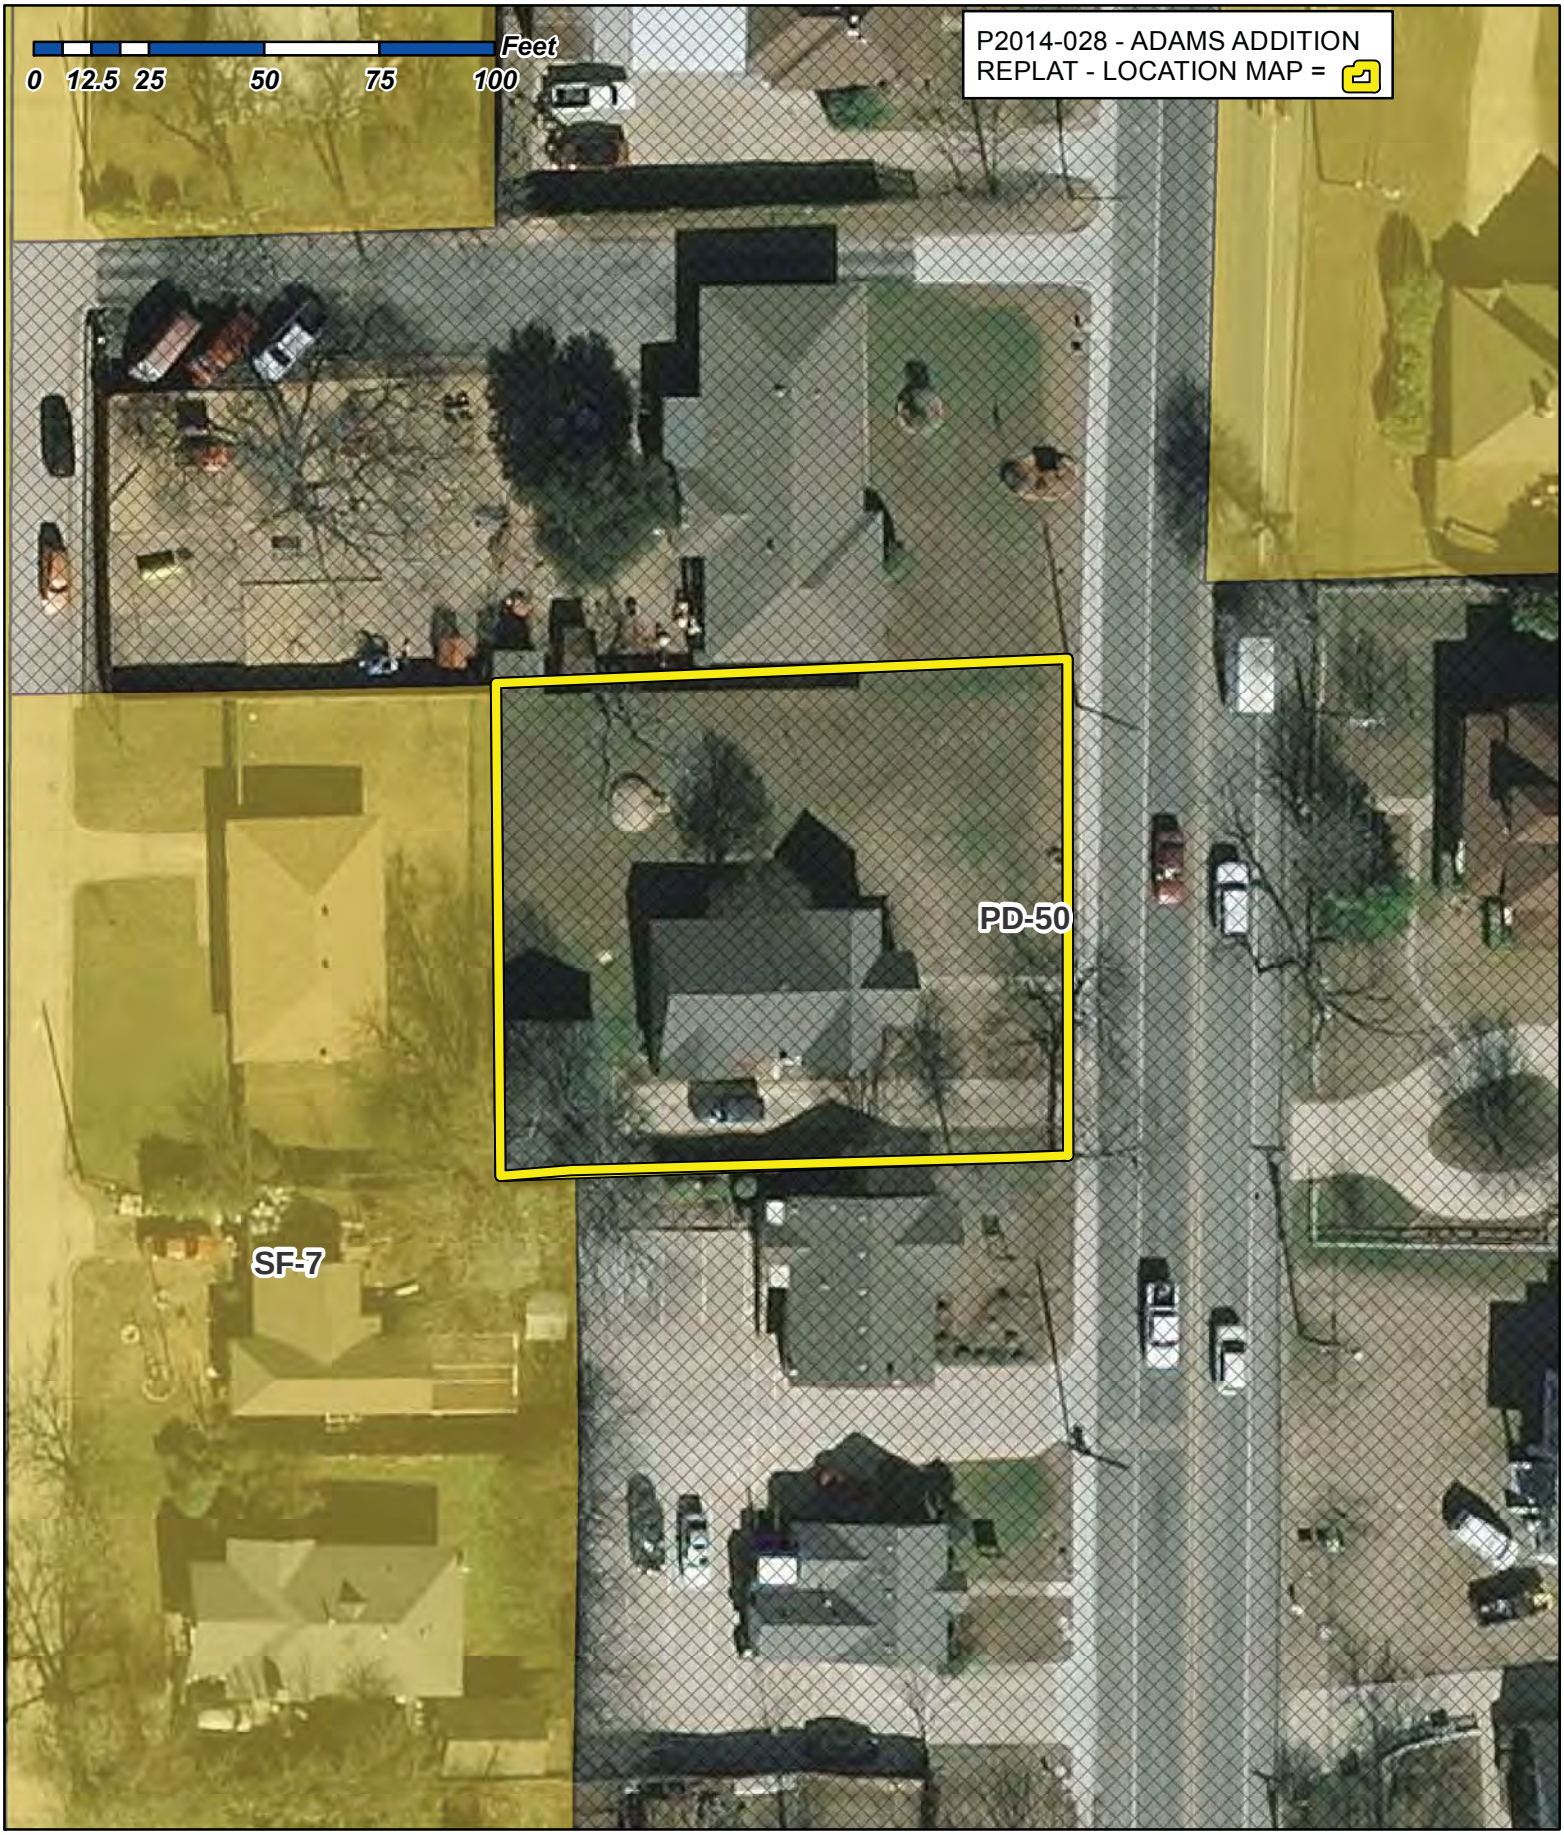
Discuss and consider a request by Harold Fetty of H. D. Fetty Land Surveying, LLC on behalf of the owner R. D. Vanderslice for the approval of a replat for Lot 3, Block A, Adams Addition, being a 0.30-acre parcel of land identified as Lot 1, Block A, Adams Addition, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 911 N. Goliad Street, and take any action necessary.

COMMENTS:

- The objective of this request is to replat a 0.30-acre parcel of land for the purpose of developing the property.
- Conditional approval of this plat by the City Council shall constitute approval subject to the conditions below.
- With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the request for replat, staff would recommend the following conditions of approval:



1) All the technical comments from the Engineering and Fire Departments shall be addressed prior to the filing of this plat, including the following Planning Comments;

    1. Adherence to Engineering and Fire Department standards.
    2. Provide label for a (POB) Point of Beginning.
    3. Re-label Lot 1 on plat to indicate "Lot 3."
    4. Provide case number (P2014-028) on both pages
    5. Need grading plan and TXDOT permit for new driveway prior to filing of the plat.

    .

2) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

On September 30, 2014, the Planning and Zoning Commission recommended approval of the request with staff conditions by a vote of 7 to 0.

OWNER'S CERTIFICATE
(Public Dedication)

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS, R.D. VANDERSLICE, BEING THE OWNER OF A TRACT OF land in the S.S. McCURRY SURVEY, ABSTRACT NO. 146, County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the S.S. McCURRY SURVEY, ABSTRACT NO. 146, City of Rockwall, Rockwall County, Texas, and being all of Lot 1, Block A, ADAMS ADDITION, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet B, Slide 88, of teh Plat Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner at the northeast corner of said Lot 1, Block A, said point being in the west right-of-way line of State Highway 205 N. Goliad Street (50' R.O.W.);

THENCE S. 00 deg. 20 min. 31 sec. W. along the west line of said State Highway 205 N. Goliad Street, a distance of 104.34 feet to a 1/2" iron rod found for corner at the northeast corner of MISTY ADDITION, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet G, Slide 135 of the Plat Records of Rockwall County, Texas;

THENCE S. 88 deg. 08 min. 14 sec. W. along the north line of said Misty Addition, a distance of 124.58 feet to a 1/2" iron rod found for corner at the southeast corner of Lot 2, Block A, Adams Addition;

THENCE N. 00 deg. 35 min. 25 sec. E. along the east line of Lot 2, a distance of 104.94 feet to a 1/2" iron rod found for corner at the northeast corner of Lot 2, of said Adams Addition;

THENCE N. 88 deg. 24 min. 18 sec. E. along the north line of said Adams Addition, a distance of 124.11 feet to the POINT OF BEGINNING and containing 13,001 sqaure feet or 0.30 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as ADAMS ADDITION, LOT 3, BLOCK A, an Addition to the City of Rockwall, Texas and whose name is subscribed hereto, hereby dedicated to the use of public forever all streets, alleys parks water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasional by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

87

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Richard Crowley, City Manager**

FROM: **Lea Ann Ewing, Purchasing Agent**

DATE: **October 1, 2014**

SUBJECT: **New Restroom Facility at Tuttle Sports Complex**

Approved in the Recreation Development budget is $135,000 for a permanent precast concrete flush toilet facility to be built at the east end of Tuttle Sports Complex. This new restroom will be the same structure as the rest rooms built in 2004 at Myers Park and one built in 2007 at Yellow Jacket Ball Park. We would use the same construction company, CXT Precast Products and the cost of this new facility is $110,409.37. Attached for your information is the CXT construction proposal. The remaining budget dollars will be used to provide facility electrical, water, sewer and the foundation which are not included in the CXT construction contract.

CXT is a Texas Multiple Award Schedule (TXMAS) contract vendor. TXMAS is a program created by the State of Texas Building and Procurement Commission to adapt existing competitively awarded government contracts to the procurement needs of the State. As a member and participant in the State's cooperative procurement program, the City may use the TXMAS contracts and therefore has met all formal bidding requirements pertaining to the purchase of this facility.

Staff would like City Council to consider awarding this contract to CXT and authorize the City Manager to enter into a construction agreement.

CONDITIONS OF SALE

1 Taxes: Prices exclude all Federal/State/Local taxes. Tax will be charged where applicable if customer is unable to provide proof of exemption.

2 Payment Terms

Payment to CXT by the purchaser shall be made net 30 days after the submission of the invoice to the purchaser. Interest at a rate equal to the lower of (i) the highest rate permitted by law; or (ii) 1.5% per month will be charged monthly on all unpaid invoices beginning the 35th day (includes 5 day grace period) from the date of the invoice. Under no circumstances can a retention be taken and purchaser shall pay the full invoiced amount without offset or reduction. These terms are available upon approval of credit. If CXT initiates legal proceeding to collect any unpaid amount or other dispute arising out of or relating to this Quote, purchaser shall be liable for all of CXT's costs, expenses and attorneys fees associated with such litigation, including the fees and costs of any appeal

3 Quotation Term: This offer is subject to acceptance within 60 days from the date of this quotation. After that time, prices are subject to change without notice.

4. Drawings

Prices do not include any documentation other than standard drawings, packing lists, and invoices, unless otherwise stated in quote. Special documentation, reports, or submittals can be supplied at an additional cost. If additional engineering, engineering seals, state approvals, drawings, or insignias are required additional charges may incur.

5. Delivery

Delivery will be scheduled immediately upon receipt of written customer approval of all building submittals, building worksheet(s) and signed contract/purchase order. In the event delivery of the buildings ordered is/are not completed within 30 days of the agreed to schedule through no fault of CXT, an invoice for the full contract value (excluding shipping and installation costs) will be submitted for payment, the terms of which will be as per item 2 in our quotation. Delivery and installation charges will be invoiced at the time of delivery and installation. Should the delivery and installation costs increase due to changes in the delivery period, this increase in cost will be added to the price originally quoted, and will be subject to the contract payment terms. In the event that the delivery is delayed more than 45 days after the agreed to schedule and through no fault of CXT, then in addition to the remedies above, a storage fee of *Va%* of contract price per month or part of any month will be charged.

6. Fuel Costs

Fuel costs for crane and freight have been quoted at fuel prices furnished at the time of quotation. If at the time of delivery and installation these costs have risen, CXT reserves the right to adjust the freight and crane costs to reflect the fuel costs furnished at the time of delivery.

7. Responsibilities of the Customer

A. Stake exact location building is to be set, including orientation.

B. Provide clear and level site, free of overhead and/or underground obstructions.

C. Provide site accessible to normal highway trucks and sufficient area for the crane to install and other equipment to perform the contract requirements

D. Customer shall provide notice in writing of low bridges, roadway width or grade, unimproved roads or any other possible obstacles from State highway and/or main county road to site. CXT reserves the right to charge the customer for additional costs incurred for special equipment required to perform delivery and installation.

E. Customer is responsible for all permits required.

F. Completing and complying with Pre-Order Information Worksheet that is incorporated herein by this reference.

8. Access to Site

For Installation methods described below in paragraph 9 A & B, delivery will be made in normal highway trucks and trailers. If at the time of delivery conditions of access are hazardous or unsuitable for truck equipment for any reason, CXT shall be entitled to payment for extra costs to ensure a safe and quality installation to the chosen site or will agree to an alternative site with better access.

To safely offload the facility referred to within this quotation, CXT must have clear and unobstructed access next to the gravel pad or hole where the facility will be placed. CXT is not responsible for cracked or damaged roads, driveways, sidewalks or aprons that are in the path of the delivery trucks or cranes at the final offloading site. Should CXT be required to obtain a larger crane than quoted due to site amenities or hardscapes, CXT will charge the customer the difference between the crane originally quoted, and the one that was hired to successfully offload the facility safely and efficiently.

9. Installation

A. **Full Install.** If the customer opts to have full installation of their new building, CXT will provide a backhoe trailered into the site, and prepare the customer site at the marked hole/pad area. The crane will arrive and set up next to the hole/pad. Any requirements to lift the building over obstacles or not having the ability of the crane to be right next to the hole could incur additional charges. The size of the crane varies however most cranes require an area of 18'x18' for their outriggers. Truck(s) carrying the vaults and the building systematically pull up right next to the crane and are offloaded onto the site. Any requirements to lift the building over obstacles or not having the ability of the truck to be right next to the crane could incur additional charges. Installation crew then performs all necessary excavation, backfill, compaction, site grading, and connection of utilities (if applicable). Please note: additional time and any special equipment needed by the installation crew for unscheduled site work will be billed to the customer.

B. **Set-Only Install.** If the customer opts to prepare the hole, and do earthwork preparation for the site, the customer will move all excess dirt to allow access by the crane and semi-truck. The crane will arrive and set up next to the hole/pad. Any requirements to lift the building over obstacles or not having the ability of the crane to be right next to the hole could incur additional charges. The size of the crane varies however most cranes require an area of 18'x18' for their outriggers. Truck(s) carrying the vaults and the building systematically pull up right next to the crane and are offloaded onto the site. Any requirements to lift the building over obstacles or not having the ability of the truck to be right next to the crane could incur additional charges. Customer performs all necessary excavation, backfill, compaction, site grading, connection of utilities (if applicable). If the pad for a flush building, or a customer prepared excavation/ hole prep is not to CXT specifications, and results in extra costs the customer will be responsible for these extra costs.

C. **Ship-Only**. If customer opts to self-install their building CXT can provide a drawing of the recommended lifting /rigging arrangement plus the four special lifting plates for the buildings itself with a refundable deposit of $1,000.00 payable by credit card only. The customer must return lifting plates and hardware to CXT (at customers cost) within 2 weeks (14) days or a $1,000.00 fee will be charged to the customer credit card. Please note: It is highly recommended that you use our lifting/rigging arrangements. The CXT arrangements will help prevent damage to the building. CXT will not take responsibility for any damage/accidents to the building or workers during the use or non-use of our recommended lifting/rigging arrangements.

D. CXT shall be entitled to reimbursement from customer for any expenses that are the result of conditions encountered at the site which are (1) subsurface or otherwise concealed physical conditions which differ materially from those indicated by the customer or (2) unknown physical conditions of an unusual nature, which differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities at the customer 's location.

E. Should customer request additions or changes to the work, CXT shall be entitled to payment for additional or changed work. Any request for additions or changed work shall be in writing executed by Customer Field Representative by signing the additional work required section of the Building Acceptance Form, incorporated herein by this reference.

10. Transportation

Your building(s) will be transported from our plant to your installation site via semi-truck with trailer. The length and clearance vary with the style of trailer used to accommodate your building model(s) and must be taken into consideration when determining access to site. If you ordered a(n)....

Cascadian/Rocky Mountain - Requires 1 truck: When shipped in 2-pieces (standard) the building with vault is shipped on a flatbed trailer. The length of the

tractor-trailer can be up to 75' long. Must have a 14' height clearance to access site.

Gunnison - Requires 1 truck: Shipped with its vault, this building is typically shipped on a step-deck trailer. The length of the tractor-trailer can be up to 75' long. Must have 14' height clearance to access site.

Tioga Special - Requires 2 trucks: 1 to transport the building and 1 to transport vaults. The building is typically shipped on a step-deck trailer and 2 vaults are typically transported on a flatbed trailer. The length of the tractor-trailer can be up to 75' long. Must have 14' height and 14' width clearance to access site.

Dbl Cascadian/Dbl Rocky Mountain - Requires 2 trucks: 1 to transport the building and 1 to transport the vaults. The building is typically shipped on a dbl-drop or low boy trailer (approximate ground clearance of 4 to 6") and the 2 vaults are typically transported on a flatbed trailer. The length of the tractor-trailer can range from 75' to 80'. Must have 14' height and 14' width clearance to access site.

Cortez/Ozark I/Teton/Pioneer - Requires 1 truck. Generally shipped on a step-deck trailer. The length of the tractor-trailer can be up to 75' long. Must have a 14' height and 14' width clearance to access site.

Large Flush, Sectional, or Custom Bldgs -

(Arapahoe/OzarkII/Cheyenne/Montrose/Taos/Rainier/PomonayNavajo/Malibu/Kodiak/FontanayDiablo/Denali)

Requires 2-4 trucks, depending on size of building. Each section will be shipped on an RGN trailer (approximate ground clearance of 4 to 6"). The length of the tractor-trailer can range from 80' to 115'. Must have 14' height and 14' width clearance to access site. The Denali model could ship on either an RGN trailer or a dbl-drop.

Schweltzer/Mendocino - Requires 1-2 trucks, depending on size of building. Generally shipped on a step-deck trailer. The length of the tractor-trailer can be up to 75' long. Must have 14' height and 14' width clearance to access site.

11 CXT Warranty

CXT warrants that all structures sold pursuant hereto will, when delivered, conform to specifications of the building listed on the quote. Structures shall be deemed accepted and meeting specifications unless notice identifying the nature of any non- conformity is provided to CXT in writing within one (1) year of delivery. It is specifically understood that CXT's obligation hereunder is for credit or repair only. CXT will repair structural defects against materials and workmanship for one (1) year from date of delivery provided CXT is first given the opportunity to inspect said structure. CXT warranties all components sold within all structures pursuant here to when delivered within structures. Components deemed accepted and meeting specifications shall be warranted for a period of one (1) year against defects in the materials and/or workmanship from said date of delivery. CXT is not responsible for components that are damaged due to misuse, acts of violence, negligence, acts of God, or accidents. Shipping, handling, installation or other incidental or consequential costs, unless otherwise agreed to in writing by CXT, are not included.

This warranty shall not apply to:

Any goods which have been repaired or altered without CXT's express written consent, in such a way as in the reasonable judgment of CXT, to adversely effect the stability or reliability thereof;

To any goods which have been subject to misuse, negligence, acts of God, or accidents;

To any goods which have not been installed to manufacturer's specifications and guidelines, improperly maintained, or used outside of the specifications for which such goods were designed.

12. Disclaimer of Other Warranties

THE WARRANTY SET FORTH ABOVE IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. ALL OTHER WARRANTIES ARE HEREBY DISCLAIMED. CXT MAKES NO OTHER WARRANTY EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE.

13. Limitation of Remedies

In the event of any breach of any obligations hereunder; breach of any warranty regarding the goods, or any negligent act or omission of any party, the parties agree to submit all claims to binding arbitration. Any settlement reached shall include all reasonable costs including attorney fees. In no event shall CXT be subject to or liable for any incidental or consequential damages. Without limitation on the foregoing, in no event shall CXT be liable for damages in excess of the purchase price of the goods herein offered

14. Acceptance

The foregoing terms will be deemed accepted in full by signature and return of one copy to CXT, subject to customer credit approval. A copy of any applicable form of payment security device (i.e. payment bonds) available to CXT shall be included with the signed copy of this agreement.

15. Timing of Billing to Buyer

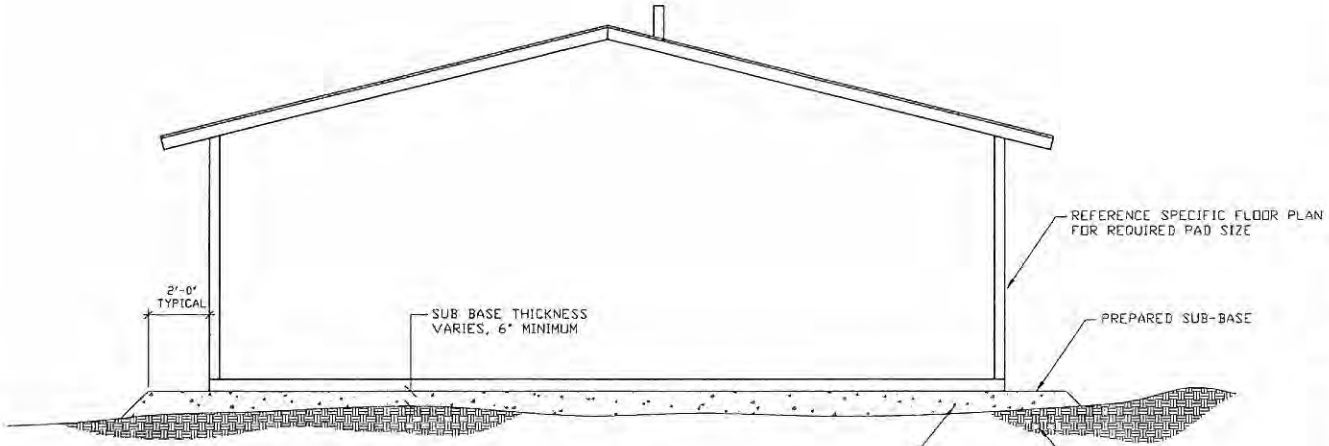
Seller will invoice Buyer upon shipment from its supplier or facility, unless otherwise indicated on the face of this document.

16. Storage of Material For Buyer

If, at Buyer's request, goods covered by this document are held at Seller's facility or service provider for more than 21 days after they are available for shipment, Buyer shall accept Seller's invoice and pay said invoice based on payment terms set forth herein.

17. Material Reservation

Seller will only reserve material for 30 days with receipt of an executed purchase order, quote or order acknowledgement acceptable to Seller. After that time, material availability, price and shipment date may be adjusted, at Seller's option.



NOTE

THIS FACTORY ASSEMBLED BUILDING AS CONSTRUCTED PROVIDES A RIGID BOX TYPE STRUCTURAL SYSTEM. VERTICAL LOADS ARE TRANSFERRED PRIMARILY THROUGH BEARING WALLS TO A PREPARED GRANULAR SUB-BASE WHICH DISSIPATES VERTICAL LOADS UNIFORMLY TO THE NATIVE SUBGRADE AND ALSO ACTS AS A FROST BARRIER. DUE TO THE INHERENT STIFFNESS OF THE BUILDING, IT WILL REMAIN SAFE AND STRUCTURALLY SOUND IN THE UNLIKELY EVENT OF FREEZING ACTION BELOW THE BUILDING.

LATERAL LOADS ARE TRANSFERRED TO THE GROUND THROUGH FRICTIONAL RESISTANCE WITHOUT SLIDING OR SHIFTING BETWEEN THE BUILDING FLOOR SLAB AND THE PREPARED SOIL AND GRAVEL SUB-BASE ON WHICH THE BUILDING RESTS. SEISMIC ANALYSES ARE BASED ON LOADS DETERMINED IN ACCORDANCE WITH THE 2003 INTERNATIONAL BUILDING CODE USING THE FOLLOWING PARAMETERS, WHICH MEET OR EXCEED THE CODE PRESCRIBED REQUIREMENTS FOR THIS INSTALLATION:

SPECTRAL ACCELERATIONS SS = 3.41 & S1 = 1.59
BEARING WALL SYSTEM WITH CONCRETE SHEAR WALLS, R = 5.5 & OMEGA0 = 2.5
SITE CLASS D
SEISMIC USE GROUP = I
20% OF THE 250 PSF SNOW LOAD IS INCLUDED TO DETERMINE SEISMIC LOADS
SOIL/CONCRETE FRICTION FACTOR = 0.35

THIS BUILDING, AS DESIGNED, RESTING ON A PROPERLY PREPARED GRANULAR SUB-BASE WILL BE SAFE AND STRUCTURALLY SOUND FOR VERTICAL AND LATERAL LOADS AS DISCUSSED ABOVE. A FULL DEPTH FOUNDATION WALL AT THE BUILDING PERIMETER, TYPICAL FOR OTHER TYPES OF BUILDING CONSTRUCTION, IS NOT REQUIRED FOR THIS BUILDING.

PRIOR TO PLACEMENT OF BUILDING A PROPERLY PREPARED SUB-BASE SHALL BE PROVIDED. SUB-BASE SHALL BE A MINIMUM OF 6" THICK AND CONSIST OF ¾" MINUS CRUSHED ROCK COMPACTED TO 95% OF OPTIMUM DENSITY IN ACCORDANCE WITH ASTM D 1557. FINISHED SURFACE OF SUB-BASE SHALL BE UNIFORMLY LEVEL, NOT VARYING MORE THAT ½" FROM A TRUE HORIZONTAL PLANE. REFER TO BUILDING HANDLING SHEET FOR SUB-BASE REQUIREMENTS DURING BUILDING PLACEMENT. (PREPARED SUB-BASE NOT BY CXT)

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Mayor and Council**

FROM: **Joey Boyd, Director of Internal Operations**

DATE: **September 29, 2014**

SUBJECT: **Contract with Rockwall County Committee on Aging**

As part of the budget process, Margie VerHagen, Executive Director of Rockwall County Committee on Aging, requested funding for nutritional / senior service programs provided in Rockwall.

RCCOA's request of $30,000 was approved in the operating budget for this fiscal year. Attached for the Council's review is a contract with RCCOA for 2014-2015.

Staff asks the Council to consider the proposed contract and authorize the City Manager to enter into an agreement with Rockwall County Committee on Aging for nutritional and senior service programs in the City of Rockwall.

97

AGREEMENT FOR NUTRITIONAL PROGRAMS FOR THE ELDERLY AND DISABLED

STATE OF TEXAS §
COUNTY OF ROCKWALL § **KNOW ALL MEN BY THESE PRESENTS:**

THIS AGREEMENT is entered into by the **CITY OF ROCKWALL, COUNTY OF ROCKWALL, TEXAS (hereinafter referred to as "City"),** a municipal corporation, acting by and through Rick Crowley, City Manager, its duly authorized representative and **ROCKWALL COUNTY COMMITTEE ON AGING, INC. (hereinafter referred to as "Committee", a nonprofit Texas corporation)**, acting by and through Margie VerHagen, its duly authorized representative. The parties do hereby covenant and agree as follows:

Section 1. **Grant**. For and in consideration of compliance by the Committee with covenants and conditions herein set forth, and the ordinances and regulations of the City, the City hereby contracts with the Committee to provide certain nutritional programs to the elderly and disabled within the corporate limits of the City.

Committee shall conduct operations in accordance with all federal, state and local laws that exist at the time of the execution of this agreement and any additional laws, regulations, or requirements that may become effective during the term of this agreement. In addition, Committee agrees to conduct operations in accordance with the description of services outlined in Attachment "A" attached hereto and made a part hereof for all purposes. Committee shall be responsible for obtaining any permits or licenses required to fulfill its obligations under this agreement.

Section 2. **Payment.** City agrees to pay Committee the sum of **Thirty Thousand Dollars and No/Cents ($30,000.00)** for the provision of certain nutritional / service programs to the elderly and disabled. Said payments shall be made on the following dates: **December 31, 2014 for 1st Quarter, March 31, 2015 for 2nd Quarter, June 30, 2015 for 3rd Quarter, and September 30, 2015 for 4th Quarter Upon Receiving a Quarterly Report and Invoice.**

Section 3. **Term**. This agreement is to take effect and continue and remain in full force and effect for a period to expire on September 30, 2015.

Section 4. **Scope and Nature of Operation.** It is expressly agreed and understood that the Committee shall provide the services as outlined in Attachment "A" continuously during the contract period.

Section 5. **Surety and Cancellation.** If at any time, the City Council determines that the Committee has failed to perform, or performed in an unacceptable manner, any of the terms, covenants or conditions herein set forth, the City may revoke and cancel this agreement. The City Council shall be the sole judge of whether the Committee has failed to perform. The Committee shall be given written notice at least 10 days prior to consideration by the City Council of such action. Should the City Council revoke this agreement, the Committee shall be responsible for reimbursing the City on a pro-rata basis any unearned funds paid by the City.

Section 6. **Complaint Handling by the Committee.** Committee shall, at its own expense, provide a locally accessible telephone number and will answer calls from 8:00 a.m. until 5:00 p.m. daily, Monday through Friday, excluding such holidays as may be approved by the City, for the purpose of handling complaints and other calls regarding services provided by

the Committee. The Committee shall maintain a log of all complaints and disposition of the complaints. This log shall be submitted to the City on a monthly basis. All complaints shall be given prompt and courteous attention and when possible, shall be resolved within a 24-hour period.

Section 7. **Vehicular Identification.** There are no vehicle identification requirements at this time. Provided that such markings or identification becomes necessary during the term of this agreement, the parties agree to implement such markings, and if so, will be the responsibility of the Committee.

Section 8. **Reporting.** The Committee shall provide quarterly reports to the City detailing the following:

Nutritional Programs for the Elderly and Disabled

a. Number of users – average daily and monthly totals

b. Type of services provided

c. Complaint logs

Section 9. **Books and Records.** The Committee agrees to maintain adequate books and records relating to their performance under the provisions of the Agreement. The City may request from the Committee specific periodic reports containing information deemed necessary by the City. The records of the Committee applicable to the performance of this agreement shall and will be available when wanted for inspection by the City at any time during normal working hours upon 10 days written request.

Section 10. **Indemnification Insurance.** The Committee assumes risk of loss or injury to property or persons arising from any of its operations under this agreement and agrees to indemnify and hold harmless the City from all claims, demands, suits, judgments, costs or expenses, including expenses of litigation and attorney's fees, arising from any such loss or injury. It is expressly understood that the foregoing provisions shall not in any way limit the liability of the Committee. The Committee shall require that all drivers carry at all times, in the vehicle, insurance certificates of financial responsibility.

Section 11. **Assignment.** No assignment, transfer, subletting, conveyance or disposition of this agreement or any right occurring under it shall be made in whole or in party by the Committee without the prior written consent of the City Council. In the event the Committee assigns, transfers, sublets, conveys, or disposes of this agreement without the prior consent of the City Council, the City may, at its discretion, terminate this agreement.

Section 12. **Venue.** This agreement shall be considered consummated in Rockwall County, Texas. All actions brought hereunder shall be brought in Rockwall County, Texas.

Section 13. **Modification.** This agreement constitutes the entire agreement and understanding between the parties hereto, and it shall not be considered modified, altered, changed, or amended in any respect unless modified by approval of the City Council as provided herein.

Section 14. **Right to Require Performance.** The failure of the City at any time to require performance by the Committee of any provisions hereof shall in no way affect the rights of the City thereafter to enforce the same. No waiver by the City of any breach of any provisions hereof shall be taken or held to be a waiver of any provision itself.

Section 15. **Illegal Provisions.** If any provision of this agreement shall be declared illegal, void or unenforceable, the other provisions shall not be affected and shall remain in full force and effect.

Section 16. **Notices.** Any notice required or permitted to be delivered hereunder shall be in writing and shall be deemed to be delivered, whether or not actually received, when deposited in the United States Mail, postage prepaid, certified mail, return receipt requested, addressed to a respective party at the addresses set forth below:

If intended for the City:	City of Rockwall Attention: City Secretary 385 S. Goliad Rockwall, Texas 75087
If intended for Committee:	Rockwall County Committee on Aging Attention: Executive Director 950 Williams Street, Suite 200 Rockwall, Texas 75087

Section 17. **Approval by the City.** This agreement shall not be considered fully executed, nor binding on the City, until the same shall have been executed by Committee, the City Manager and the City Secretary.

Section 18. **Effective Date.** This contract shall be effective on the ____ day of

_____, 2014.

City of Rockwall
The New Horizon

MEMORANDUM

TO: Mayor and Council

FROM: Joey Boyd, Director of Internal Operations

DATE: September 29, 2014

SUBJECT: Routine Airport Maintenance Program Grant Agreement

As part of the budget process, the City Council approved funds for maintenance and improvements at the Ralph M. Hall / Rockwall Municipal Airport. The Routine Airport Maintenance Program grant funds up to $100,000.00 per year for each general aviation airport and reimburses local governments 50% of the cost of these smaller projects.

The approved budget includes maintenance of the AWOS - Automated Weather Observation System, painting of both box hangars, and maintenance shop lighting and electrical improvements, and any other smaller projects that may be necessary.

Attached is the FY 2015 RAMP grant agreement for the Ralph M. Hall / Rockwall Municipal Airport for consideration. The City Council is asked to consider the proposed contract and authorize the City Manager to enter into an agreement with the Texas Department of Transportation – Aviation Division for the City of Rockwall to participate in the Routine Airport Maintenance Program.

Texas Department of Transportation
AVIATION DIVISION
125 E. 11TH STREET • AUSTIN, TEXAS 78701-2483 • 512/416-4500 • FAX 512/416-4510

September 2, 2014

Mr. Joey Boyd, Assistant City Manager
The City of Rockwall
385 S. Goliad Street
Rockwall, Texas 75087

TxDOT CSJ No.: M1518RCKW
Fund Source: 4363000927

Dear Mr. Boyd:

A FY2015 Routine Airport Maintenance Grant is enclosed for the Ralph M Hall/Rockwall Municipal Airport. The City of Rockwall has participated in the Routine Airport Maintenance Program in past years, and the 2015 grant is provided to continue your maintenance efforts.

The TxDOT CSJ No. M1518RCKW grant for airport maintenance between the City of Rockwall, as airport sponsor, and the Texas Department of Transportation is attached as an Adobe Acrobat document.

The amount of the FY2015 grant is based on previous year grant expenditures - if the amount needs to be adjusted, please let me know. An airport General Maintenance description has been included on Attachment-A Scope of Services so that grant funds can be used for these types of items without having to amend the grant as projects come up. Amendments can be done at your request any time after execution to add special projects or to increase the grant amount.

Please print out the grant and however many additional copies the City of Rockwall may need for retained paper records and execute the Agreement, complete the Certifications, and return the accepted grant as soon as possible. It will be necessary for your attorney to endorse your acceptance of the Agreement to assure that it has been accepted in accordance with local laws. The Grant Agreement and Certifications should have original signatures for acceptance.

TxDOT will be retaining the grant file electronically and will not retain a paper record copy of your executed grant.

If you **do not need a paper copy** of the executed grant returned to you, please scan the fully signed and witnessed grant document and e-mail it to me at megan.caffall@txdot.gov. I will have the grant executed by the state and return an electronic copy of the executed grant to you by e-mail.

If you **need a paper cop(ies)** of the executed grant, please return **all** copies of the fully signed and witnessed documents to:

Mailing Address - ***TxDOT Aviation Division***
125 E. 11th Street
Austin, Texas 78701-2483.

Overnight Address - ***TxDOT Aviation Division***
150 E. Riverside Dr., 5th Floor South Tower,
Austin TX 78704

If you have any questions, or need additional information please contact me at 1-800-687-4568 or megan.caffall@txdot.gov. The Texas Department of Transportation Aviation Division appreciates your participation in preserving and improving the Texas Airport System, and looks forward to working with you at the Ralph M Hall/Rockwall Municipal Airport.

Sincerely,

Megan Caffall

Megan Caffall
RAMP Program Manager

TEXAS DEPARTMENT OF TRANSPORTATION
GRANT FOR ROUTINE AIRPORT MAINTENANCE PROGRAM

(State Assisted Airport Routine Maintenance)

TxDOT CSJ No.: M1518RCKW

Part I - Identification of the Project

TO: The City of Rockwall, Texas

FROM: The State of Texas, acting through the Texas Department of Transportation

This Grant is made between the Texas Department of Transportation, (hereinafter referred to as the "State"), on behalf of the State of Texas, and the City of Rockwall, Texas, (hereinafter referred to as the "Sponsor").

This Grant Agreement is entered into between the State and Sponsor shown above, under the authority granted and in compliance with the provisions of the Transportation Code Chapter 21.

The project is for **airport maintenance** at the Ralph M Hall/Rockwall Municipal Airport.

Part II - Offer of Financial Assistance

1. For the purposes of this Grant, the annual routine maintenance project cost, Amount A, is estimated as found on Attachment A, Scope of Services, attached hereto and made a part of this grant agreement.

   State financial assistance granted will be used solely and exclusively for airport maintenance and other incidental items as approved by the State. Actual work to be performed under this agreement is found on Attachment A, Scope of Services. State financial assistance, Amount B, will be for fifty percent (50%) of the eligible project costs for this project or $50,000.00, whichever is less, per fiscal year and subject to availability of state appropriations.

   Scope of Services, Attachment A, of this Grant, may be amended, subject to availability of state funds, to include additional approved airport maintenance work. Scope amendments require submittal of an Amended Scope of Services, Attachment A.

   Services will not be accomplished by the State until receipt of Sponsor's share of project costs.

Only work items as described in Attachment A, Scope of Services of this Grant are reimbursable under this grant.

Work shall be accomplished by August 31, 2015, unless otherwise approved by the State.

2. The State shall determine fair and eligible project costs for work scope. Sponsor's share of estimated project costs, Amount C, shall be as found on Attachment A and any amendments.

It is mutually understood and agreed that if, during the term of this agreement, the State determines that there is an overrun in the estimated annual routine maintenance costs, the State may increase the grant to cover the amount of the overrun within the above stated percentages and subject to the maximum amount of state funding.

The State will not authorize expenditures in excess of the dollar amounts identified in this Agreement and any amendments, without the consent of the Sponsor.

3. Sponsor, by accepting this Grant certifies and, upon request, shall furnish proof to the State that it has sufficient funds to meet its share of the costs. The Sponsor grants to the State the right to audit any books and records of the Sponsor to verify expended funds.

Upon execution of this Agreement and written demand by the State, the Sponsor's financial obligation (Amount C) shall be due in cash and payable in full to the State. State may request the Sponsor's financial obligation in partial payments. Should the Sponsor fail to pay their obligation, either in whole or in part, within 30 days of written demand, the State may exercise its rights under Paragraph V-3. Likewise, should the State be unwilling or unable to pay its obligation in a timely manner, the failure to pay shall be considered a breach and the Sponsor may exercise any rights and remedies it has at law or equity.

The State shall reimburse or credit the Sponsor, at the financial closure of the project, any excess funds provided by the Sponsor which exceed Sponsor's share (Amount C).

4. The Sponsor specifically agrees that it shall pay any project costs which exceed the amount of financial participation agreed to by the State. It is further agreed that the Sponsor will reimburse the State for any payment or payments made by the State which are in excess of the percentage of financial assistance (Amount B) as stated in Paragraph II-1.

5. Scope of Services may be accomplished by State contracts or through local contracts of the Sponsor as determined appropriate by the State. All locally contracted work must be approved by the State for scope and reasonable cost. Reimbursement requests for locally contracted work shall be submitted on forms provided by the State and shall include copies of the invoices for materials or services. Payment shall be made for no more than 50% of allowable charges.

The State will not participate in funding for force account work conducted by the Sponsor.

6. This Grant shall terminate upon completion of the scope of services.

Part III - Sponsor Responsibilities

1. In accepting this Grant, if applicable, the Sponsor guarantees that:

   a. it will, in the operation of the facility, comply with all applicable state and federal laws, rules, regulations, procedures, covenants and assurances required by the State in connection with this Grant; and

   b. the Airport or navigational facility which is the subject of this Grant shall be controlled by the Sponsor for a period of at least 20 years; and

   c. consistent with safety and security requirements, it shall make the airport or air navigational facility available to all types, kinds and classes of aeronautical use without discrimination between such types, kinds and classes and shall provide adequate public access during the period of this Grant; and

   d. it shall not grant or permit anyone to exercise an exclusive right for the conduct of aeronautical activity on or about an airport landing area. Aeronautical activities include, but are not limited to scheduled airline flights, charter flights, flight instruction, aircraft sales, rental and repair, sale of aviation petroleum products and aerial applications. The landing area consists of runways or landing strips, taxiways, parking aprons, roads, airport lighting and navigational aids; and

   e. it shall not enter into any agreement nor permit any aircraft to gain direct ground access to the sponsor's airport from private property adjacent to or in the immediate area of the airport. Further, Sponsor shall not allow aircraft direct ground access to private property. Sponsor shall be subject to this prohibition, commonly known as a "through-the-fence operation," unless an exception is granted in writing by the State due to extreme circumstances; and

   f. it shall not permit non-aeronautical use of airport facilities without prior approval of the State; and

   g. the Sponsor shall submit to the State annual statements of airport revenues and expenses when requested; and

   h. all fees collected for the use of the airport shall be reasonable and nondiscriminatory. The proceeds from such fees shall be used solely for the development, operation and maintenance of the airport or navigational facility; and

i. an Airport Fund shall be established by resolution, order or ordinance in the treasury of the Sponsor, or evidence of the prior creation of an existing airport fund or a properly executed copy of the resolution, order, or ordinance creating such a fund, shall be submitted to the State. The fund may be an account as part of another fund, but must be accounted for in such a manner that all revenues, expenses, retained earnings, and balances in the account are discernible from other types of moneys identified in the fund as a whole. All fees, charges, rents, and money from any source derived from airport operations must be deposited in the Airport Fund and shall not be diverted to the general revenue fund or any other revenue fund of the Sponsor. All expenditures from the Airport Fund shall be solely for airport purposes. Sponsor shall be ineligible for a subsequent grant or loan by the State unless, prior to such subsequent approval of a grant or loan, Sponsor has complied with the requirements of this subparagraph; and

j. the Sponsor shall operate runway lighting at least at low intensity from sunset to sunrise; and

k. insofar as it is reasonable and within its power, Sponsor shall adopt and enforce zoning regulations to restrict the height of structures and use of land adjacent to or in the immediate vicinity of the airport to heights and activities compatible with normal airport operations as provided in Tex. Loc. Govt. Code Ann. Sections 241.001 et seq. (Vernon and Vernon Supp.). Sponsor shall also acquire and retain aviation easements or other property interests in or rights to use of land or airspace, unless sponsor can show that acquisition and retention of such interest will be impractical or will result in undue hardship to Sponsor. Sponsor shall be ineligible for a subsequent grant or loan by the State unless Sponsor has, prior to subsequent approval of a grant or loan, adopted and passed an airport hazard zoning ordinance or order approved by the State.

l. mowing services will not be eligible for state financial assistance. Sponsor will be responsible for 100% of any mowing services.

2. The Sponsor, to the extent of its legal authority to do so, shall save harmless the State, the State's agents, employees or contractors from all claims and liability due to activities of the Sponsor, the Sponsor's agents or employees performed under this agreement. The Sponsor, to the extent of its legal authority to do so, shall also save harmless the State, the State's agents, employees or contractors from any and all expenses, including attorney fees which might be incurred by the State in litigation or otherwise resisting claim or liabilities which might be imposed on the State as the result of those activities by the Sponsor, the Sponsor's agents or employees.

3. The Sponsor's acceptance of this Offer and ratification and adoption of this Grant shall be evidenced by execution of this Grant by the Sponsor. The Grant shall comprise a contract, constituting the obligations and rights of the State of Texas and the Sponsor with respect to the accomplishment of the project and the operation and maintenance of the airport.

If it becomes unreasonable or impractical to complete the project, the State may void this agreement and release the Sponsor from any further obligation of project costs.

4. Upon entering into this Grant, Sponsor agrees to name an individual, as the Sponsor's Authorized Representative, who shall be the State's contact with regard to this project. The Representative shall receive all correspondence and documents associated with this grant and shall make or shall acquire approvals and disapprovals for this grant as required on behalf of the Sponsor, and coordinate schedule for work items as required.

5. By the acceptance of grant funds for the maintenance of eligible airport buildings, the Sponsor certifies that the buildings are owned by the Sponsor. The buildings may be leased but if the lease agreement specifies that the lessee is responsible for the upkeep and repairs of the building no state funds shall be used for that purpose.

6. Sponsor shall request reimbursement of eligible project costs on forms provided by the State. All reimbursement requests are required to include a copy of the invoices for the materials or services. The reimbursement request will be submitted no more than once a month.

7. The Sponsor's acceptance of this Agreement shall comprise a Grant Agreement, as provided by the Transportation Code, Chapter 21, constituting the contractual obligations and rights of the State of Texas and the Sponsor with respect to the accomplishment of the airport maintenance and compliance with the assurances and conditions as provided. Such Grant Agreement shall become effective upon the State's written Notice to Proceed issued following execution of this agreement.

PART IV - Nomination of the Agent

1. The Sponsor designates the State as the party to receive and disburse all funds used, or to be used, in payment of the costs of the project, or in reimbursement to either of the parties for costs incurred.

2. The State shall, for all purposes in connection with the project identified above, be the Agent of the Sponsor. The Sponsor grants the State a power of attorney to act as its agent to perform the following services:

   a. accept, receive, and deposit with the State any and all project funds granted, allowed, and paid or made available by the Sponsor, the State of Texas, or any other entity;

   b. enter into contracts as necessary for execution of scope of services;

   c. if State enters into a contract as Agent: exercise supervision and direction of the

project work as the State reasonably finds appropriate. Where there is an irreconcilable conflict or difference of opinion, judgment, order or direction between the State and the Sponsor or any service provider, the State shall issue a written order which shall prevail and be controlling;

d. receive, review, approve and pay invoices and payment requests for services and materials supplied in accordance with the State approved contracts;

e. obtain an audit as may be required by state regulations; the State Auditor may conduct an audit or investigation of any entity receiving funds from TxDOT directly under this contract or indirectly through a subcontract under this contract. Acceptance of funds directly under this contract or indirectly through a subcontract under this contract acts as acceptance of the authority of the State Auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. An entity that is the subject of an audit or investigation must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit.

f. reimburse sponsor for approved contract maintenance costs no more than once a month.

PART V - Recitals

1. This Grant is executed for the sole benefit of the contracting parties and is not intended or executed for the direct or incidental benefit of any third party.

2. It is the intent of this grant to not supplant local funds normally utilized for airport maintenance, and that any state financial assistance offered under this grant be in addition to those local funds normally dedicated for airport maintenance.

3. This Grant is subject to the applicable provisions of the Transportation Code, Chapters 21 and 22, and the Airport Zoning Act, Tex. Loc. Govt. Code Ann. Sections 241.001 et seq. (Vernon and Vernon Supp.). Failure to comply with the terms of this Grant or with the rules and statutes shall be considered a breach of this contract and will allow the State to pursue the remedies for breach as stated below.

   a. Of primary importance to the State is compliance with the terms and conditions of this Grant. If, however, after all reasonable attempts to require compliance have failed, the State finds that the Sponsor is unwilling and/or unable to comply with any of the terms of this Grant, the State, may pursue any of the following remedies: (1) require a refund of any financial assistance money expended pursuant to this Grant, (2) deny Sponsor's future requests for aid, (3) request the Attorney General to bring suit seeking reimbursement of any financial assistance money expended on the project pursuant to this Grant, provided however, these

remedies shall not limit the State's authority to enforce its rules, regulations or orders as otherwise provided by law, (4) declare this Grant null and void, or (5) any other remedy available at law or in equity.

b. Venue for resolution by a court of competent jurisdiction of any dispute arising under the terms of this Grant, or for enforcement of any of the provisions of this Grant, is specifically set by Grant of the parties in Travis County, Texas.

4. The State reserves the right to amend or withdraw this Grant at any time prior to acceptance by the Sponsor. The acceptance period cannot be greater than 30 days after issuance unless extended by the State.

5. This Grant constitutes the full and total understanding of the parties concerning their rights and responsibilities in regard to this project and shall not be modified, amended, rescinded or revoked unless such modification, amendment, rescission or revocation is agreed to by both parties in writing and executed by both parties.

6. All commitments by the Sponsor and the State are subject to constitutional and statutory limitations and restrictions binding upon the Sponsor and the State (including Sections 5 and 7 of Article 11 of the Texas Constitution, if applicable) and to the availability of funds which lawfully may be applied.

Part VI - Acceptances

MEMORANDUM

TO: **Mayor & City Council**

FROM: **Rick Crowley, City Manager**

DATE: **September 30, 2014**

SUBJECT: **Agenda Item – Interlocal Agreement for Fire Protection Services**

Please find the attached Interlocal Agreement provided by Rockwall County related to our continuation of providing Fire Department services in the unincorporated area of Rockwall County. This will be the same compensation as last year.

If you have any questions, please do not hesitate to contact me.

STATE OF TEXAS §
COUNTY OF ROCKWALL §
CITY OF ROCKWALL §

INTERLOCAL AGREEMENT FOR FIRE PROTECTION SERVICES

THIS AGREEMENT is made and entered into by and between the County of Rockwall, Texas, hereinafter referred to as "County" and the City of Rockwall, Texas, hereinafter referred to as "City" or "Rockwall".

WITNESSETH:

WHEREAS, pursuant to §352.001(b)(3) of the Texas Local Government Code, a county is authorized to execute interlocal agreements with any city, town or village within such county to provide fire protection services to the citizens of any such county residing outside the corporate limits of any city, town or village; and

WHEREAS, pursuant to Chapter 791 of the Texas Government Code, the City is authorized to execute interlocal agreements with a county to provide governmental services and functions such as fire protection; and

WHEREAS, the City is the owner of certain trucks and other equipment designed for and capable of being used in the protection of persons and property from and in the suppression and fighting of fires; and

WHEREAS, the County desires to obtain such services for its citizens residing in unincorporated areas of the County, and the City is willing to provide such services as hereinafter set forth and provided.

NOW, THEREFORE, it is mutually agreed by and between the parties hereto as follows:

Section 1. That the recitals set forth above are true and correct and incorporated herein.

Section 2. Definitions. The following words shall have the following meanings when used in this Agreement:

a) "Call" means each response by the City of Rockwall Fire Department to rescues, auto accidents, actual fire, false alarms, fires to be found extinguished on arrival of the City's fire unit or units, potential fire situations or emergencies.

b) "Chief Administrative Officer" means the Mayor or City Manager of the City.

c) "District" means the area within the boundaries of Rockwall County, Texas, for which the City of Rockwall Fire Department has permanent responsibility for first alarm response to fires in such district. This includes Public Protected Classification, outside protected areas, and Fire Districts defined by the Texas Department of Insurance.

d) "Employed" means a fire fighter who is paid a salary by the City, or volunteer fire fighter.

e) "Fire Chief" means the Fire Chief of the City or his duly authorized designees.

f) "Fire Fighter" means a fire fighter of the City.

g) "Requesting Party" means the entity requesting fire protection assistance from the City for fire services for residents of the County, but not living within any city's incorporated limit.

Section 3. The parties hereto hereby agree that the City will provide fire equipment and services to points in the County which are outside the corporate limits of any city in the County, but inside the boundary limits known as First Alarm County District for the City. Areas outside such boundary shall be known as the Second Alarm County District for the City, and a closer fire department shall be notified for first response.

Section 4. In consideration of such service, the County will pay to the City the sum of Fifty-Eight Thousand Two Hundred and Fifty (58,250.00) dollars for calls outside the corporate limits of any city in the County subject to annual funding approval by the Rockwall County Commissioner's Court during the regular budget process. Said payment shall be made on an annual basis upon written request from the City to the Rockwall County Auditor and will be payable within thirty (30) days after receipt of such, by the Auditor's Office.

Section 5. County hereby gives and grants to the City full and complete authority to operate its fire fighting vehicles on and over public roads, highways, and other thoroughfares of the County and other public places.

Section 6. City shall, at its own cost and expense, purchase and keep in force at all times insurance for the minimum amount of liability under the Texas Tort Claims Act. City agrees to provide copies of such policy or policies of insurance and/or other evidence satisfactory to the County Auditor of Rockwall County, Texas.

Section 7. The Fire Chief shall be the sole judge of the amount and type of equipment and number of personnel dispatched to calls made pursuant to this Agreement. Said Fire Chief, or his designee, shall be in charge of the firefighting techniques used in response to any calls.

For each call made pursuant to this Agreement, the Fire Chief shall prepare a report showing the date, location, and description of the call. True copies of such reports shall be on file with the Fire Chief and available for review by the County Auditor or Commissioner's Court of the County.

Section 8. City hereby agrees to render services to other Fire Districts within the County if backup emergency assistance is requested. The City's fire fighters shall report to the Requesting Party's Officer In Control at the location to which they have been assigned, and shall be under the command of the Requesting Party's Fire Chief and will be released when their services are no longer required.

Calls for assistance may be aborted only by (1) another Fire Department at the scene; (2) an officer of the Sheriff's Department at the scene; (3) a State Department of Public Safety Officer at the scene; (4) the responding department's Fire Chief or designee; (5) or Dispatch.

Section 9. While any fire fighter, regularly employed as such by the City, is in the service of the Requesting Party, such fire fighter shall be a fire fighter of the Requesting Party and be under the command of the Requesting Party's Chief, with all the powers of a regular fire fighter of the Requesting Party, as fully as if such fire fighter were within the territorial limits of the governmental entity where such fire fighter is regularly employed. A fire fighter's qualifications for employment by the governmental entity by which he or she is regularly employed shall constitute such fire fighter's qualifications for such position within the territorial limits of the Requesting Party, and no other oath, bond or compensation need be made.

Section 10. Each party to this Agreement expressly waives the right to recovery from the other party for reimbursement of wages, disability, pension payments, damages to equipment and clothing, medical expenses, travel, food and lodging expenses.

Section 11. Any fire fighter or other person who is assigned, designated or ordered by the Fire Chief of the party which regularly employs such, to perform duties pursuant to this Agreement, shall receive the same wages, salary, pension, compensation and all other rights for such service, including injury benefits, death benefits, and worker's compensation benefits, as if the service had been rendered within the territorial limits of the party where such fire fighter is regularly employed. Moreover, all wage and disability payments, including worker's compensation benefits, pension payments, damage to equipment and clothing, medical expenses, and expenses of travel, food and lodging, shall be paid by the party which regularly employs such person in the same manner as if the service had been rendered within the territorial limits of the party where such fire fighter is regularly employed.

Section 12. In the event that any person performing fire fighting services pursuant to this Agreement shall be cited as a party to any civil lawsuit, state or federal, arising out of the performance of those services, such fire fighter shall be entitled to the same benefits that he or she would be entitled to receive if such civil action had arisen out of the performance of such person's

duties as a member of the department where and in the jurisdiction of the party where such person is regularly employed.

Section 13. Each party to this Agreement expressly waives all claims against the other party for compensation arising from loss, damage, personal injury or death occurring as a consequence of the performance of this Agreement.

Section 14. Third party claims against parties hereto shall be governed by the Texas Tort Claims Act or other appropriate statutes, charters and ordinances of the parties.

Section 15. It is expressly understood and agreed that by executing this Agreement, neither party waives, nor shall be deemed hereby to waive, any immunity or defense that would otherwise by available to it, against claims arising in the exercise of governmental powers and functions.

Section 16. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns.

Section 17. This Agreement shall be governed by and constructed in accordance with the laws of the State of Texas. Venue shall be in Rockwall County, Texas.

Section 18. If any one or more of the provisions contained in this Agreement shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, such invalidity or illegality shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein, and shall not render the entire Agreement invalid.

Section 19. This Agreement constitutes the entire Agreement and understanding between parties. Any modification, change or amendment to this Agreement shall be in writing and approved by both parties.

Section 20. This Agreement shall become effective as of October 1, 2014 and shall continue through September 30, 2015.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed under authority of appropriate action taken by their respective governing bodies.

MEMORANDUM

TO: **Rick Crowley – City Manager**

FROM: **Brad Griggs – Assistant City Manager**

DATE: **September 29, 2014**

SUBJECT: **2015 Founders Day Festival Entertainment**

In preparation for the 2015 Founders Day Festival to be held at Harry Myers Park on Saturday, May 16, we have made an offer and received confirmation for the Sawyer Brown Band to perform as the headline entertainment. Staff is requesting the City Council to authorize the City Manager to enter in to a contract with Agency for the Performing Arts (APA) in the amount of $30,000 for the Sawyer Brown performance.

The source of funding is the 2014-15 Hotel/Motel Tax and funding has been appropriated for the event. Mr. Garza has reviewed the contract agreement and his changes will be added to the contract. Staff is available to answer any questions.

STANDARD TERMS AND CONDITIONS

PRODUCTION CONTROLS: Artist shall have sole and exclusive creative control over the production, presentation and performance of Artist's engagement hereunder and any changes thereto. Purchaser agrees to comply promptly with the directions of Artist or Artist's representative concerning stage settings for Artist's engagement hereunder.

ARTIST'S COMPENSATION: If payment to Artist is based in whole or in part on receipts from Artist's engagement hereunder, Purchaser shall first apply any and all receipts derived from Artist's engagement toward the payments required to be made by Purchaser hereunder. Purchaser agrees to provide Artist or Artist's representative with a certified statement of the gross receipts of Artist's engagement within two (2) hours following Artist's engagement. Artist may have a representative present at the box office who shall have access to Purchaser's box office records relating to Artist's engagement. Artist's compensation shall be paid to Artist without any deductions for taxes, fees, levies or union dues whatsoever, all of which shall be the sole responsibility of Purchaser.

BALANCE OF GUARANTEE: The balance of the Guarantee shall be paid to Artist via bank wire no later than the scheduled engagement date if Purchaser fails to present the engagement.

OVERAGES: All overage monies owed to Artist shall be paid to Artist immediately following Artist's performance by cash or cashier's check only.

ROYALTIES: Purchaser will be responsible for the payment of all music royalties in connection with Artist's engagement hereunder.

WORK PERMITS AND VISAS: Purchaser shall be solely responsible for procuring and paying for, at no cost to Artist, all work permits and visas required for the engagement. Failure to procure such work permits and visas or provide necessary documentation to obtain them will be deemed a material breach of this Agreement, and Artist (i) will be relieved of any further obligations Artist may have pursuant to this Agreement; (ii) shall have the right to retain all monies previously paid by Purchaser; and (iii) shall be entitled to exercise all rights and remedies otherwise available to Artist at law, in equity or otherwise as if Artist has fully performed all obligations under this Agreement. Artist agrees to provide all personal information reasonably required in order to enable Purchaser to procure such work permits and visas.

CONFIDENTIALITY: Purchaser understands and agrees that no information regarding show grosses or attendance will be reported to any third party without the express prior written permission of Artist or Artist's representative. Failure to comply will be treated as a material breach of this Agreement, and Artist reserves all rights and remedies available to Artist at law, in equity or otherwise. Under no circumstance is Purchaser to announce or advertise the engagement without the prior written approval of Artist or Artist's representative.

ARTIST'S RIGHT TO PAYMENT OF GUARANTEE IN ADVANCE: If: (a) Purchaser fails to pay when due any amounts owed Artist hereunder when due; or (b) Purchaser fails to perform any material obligations hereunder, or (c) Artist has good faith reason to believe the Engagement may be cancelled, then Artist shall have the right to request full payment of the Guarantee in advance of the engagement date(s) and Purchaser agrees to remit full payment of the Guarantee to Artist via bank wire promptly upon request.

BILLING: Artist's engagement hereunder shall receive billing in such order, form, size and prominence as directed by Artist or Artist's representative in all advertising and publicity issued by or under the control of Purchaser, including, but not limited to, displays, newspapers, radio and television ads, posters and house boards.

USE OF ARTIST'S NAME AND IMAGE: Purchaser may only use Artist's name and pre-approved voice, photograph, likeness, image or other identification of Artist in connection with Purchaser's advertisements and publicity for Artist's engagement hereunder. Purchaser may not use Artist's name, voice, photograph, likeness, image or other identification of Artist as a direct or implied endorsement of any product or service. There shall be no corporate or product or service name or logo included in any such advertising or publicity without the prior written approval of Artist or Artist's representative obtained in each instance. Notwithstanding the foregoing, the placement, form, content, appearance and all other aspects of Purchaser's use of Artist's name, voice, photograph, likeness, image or other identification of Artist shall at all times be subject to the prior written approval of Artist or Artist's representative.

MERCHANDISING: Artist shall have the exclusive right to sell merchandise in connection with Artist's engagement hereunder, including but not limited to, soft goods (e.g. T-shirts), souvenir programs, photographs, posters, stickers and CDs, on the premises or otherwise, and Purchaser shall have no right to share in the proceeds from the sale of such merchandise.

NO REPRODUCTION PERMITTED: Purchaser will not and will not permit or authorize others (including, but not limited to, venue employees, representatives and contractors) to record, broadcast, photograph or otherwise reproduce in any manner the audio or visual performance by Artist or any part thereof.

STAGE SEATS: It is understood and agreed that no stage seats are to be sold or used without the prior written consent of Artist or Artist's representative.

PROMOTION: Purchaser shall not announce, advertise, promote or sell tickets to Artist's engagement until written authorization has been obtained from Artist or Artist's representative. Purchaser agrees to promote the engagement to the best of Purchaser's ability by print, radio, and website and otherwise. There shall be no promotion or co-promotion with any radio station without the prior written approval of Artist or Artist's representative. Purchaser shall not commit Artist to any interviews, promotional appearances, meet and greets or other promotional activities without the prior written consent of Artist or Artist's representative

TICKETS: All tickets shall be numbered. No tickets shall be priced at higher than the agreed upon price (exclusive of tax) without the prior written approval of Artist or Artist's representative. If ticket price scaling is varied in any manner, the percentage of compensation payable to Artist shall be based on whichever of the following is more favorable to Artist: (i) the ticket price scaling set for in the underlying Agreement or as otherwise agreed in writing by the parties; or (ii) the actual ticket price. There shall be no dynamic ticket pricing without the prior written approval of Artist or Artist's representative. Any inclusion of Artist's engagement hereunder in a subscription or series offer shall be subject to the prior written consent of Artist or Artist's representative.

INDEMNIFICATION: Purchaser shall defend, indemnify and hold harmless Artist, and any and all employees of Artist and any and all representatives of Artist from and against any and all costs, claims, expenses (including attorneys' fees and court costs), liabilities, damages, losses or judgments arising out of or in connection with, any claim, action or demand sustained as an indirect or direct result of, Artist's engagement hereunder.

INSURANCE: Purchaser shall add Artist and Artist's employees as additional insureds to a commercial general liability insurance policy with limits of liability of Five Million Dollars ($5,000,000) for each occurrence in the event of death or bodily injury arising from the negligence of Purchaser as promoter and operator of the Venue. In addition, Artist and Artist's employees shall be covered by Purchaser's worker's compensation insurance. Purchaser shall provide evidence of the required insurance coverage prior to Artist's engagement hereunder.

PURCHASER'S DEFAULT/CANCELLATION: If, on or before the date of Artist's engagement, Purchaser fails or refuses to perform any contractual obligations relating to Artist's engagement herein and/or any contractual obligation with any other performer, or if the financial status of Purchaser has been impaired, or in the opinion of Artist or Artist's representative, is unsatisfactory, Artist shall have the right to demand payment of the full Guarantee. If Purchaser fails or refuses to make such payment, then such failure shall be deemed a material breach of this Agreement, and Artist shall have the right, without prejudice to any other rights or remedies, to: (i) immediately terminate this Agreement and cancel Artist's engagement hereunder; (ii) retain all amounts previously paid to Artist by Purchaser; (iii) receive the full Guarantee (or balance thereof)and all out of pocket expenses incurred by Artist in connection with Artist's engagement. For the avoidance of doubt, Purchaser shall remain responsible for all transportation, accommodations and expense reimbursements for Artist and Artist's entourage pursuant to this Agreement.

ARTIST'S CANCELLATION: Purchaser agrees that Artist may cancel Artist’s engagement hereunder without liability by giving the Purchaser notice thereof at least thirty (30) days prior to the commencement date of the engagement hereunder. Upon termination of this agreement in accordance with this paragraph, Artist shall return to Purchaser any deposit previously received by Artist in connection with the engagement. Subject to the foregoing, upon such termination, the parties shall have no further rights or obligations hereunder, and each of the parties shall bear its own costs incurred in connection with this agreement.

FORCE MAJEURE: If, as the result of a Force Majeure Event (as defined below), Artist is unable to, or is prevented from, performing the engagement or any portion thereof, Artist's obligations hereunder will be fully excused, there shall be no claims of any kind for damages or expenses of any kind by Purchaser, and Purchaser shall bear its own costs and expenses in connection with this Agreement. Notwithstanding the foregoing: (i) Purchaser shall be obligated and liable to Artist for such proportionate amount of the payments provided for herein as may be due hereunder for any performance(s) which Artist may have rendered up to the time of the inability to perform by reason of such Force Majeure Event; and (ii) in the event of such non-performance as a result of a Force Majeure Event, if Artist is ready, willing and able to perform (but for the occurrence of such Force Majeure Event), Purchaser shall nevertheless pay Artist an amount equal to the full Guarantee plus all other payments and compensation due hereunder. For clarification, in the event of cancellation due to any Force Majeure Event, and whether or not Artist is ready, willing and able to perform, Purchaser shall remain responsible for all transportation, accommodations, expense reimbursements and any other payments or compensation due Artist and Artist's crew and entourage pursuant to the terms of this Agreement.

A "Force Majeure Event" shall mean, but shall not be limited to, any one or more of the following acts which makes any performance by Artist contemplated by this Agreement impossible, infeasible or unsafe: acts of God; acts of public enemy; acts or threats of terrorism; insurrections; riots or other forms of civil disorder; embargoes; labor disputes (including, without limitation, strikes, lockouts or boycotts); fires; explosions; floods; shortages of power or other essential services; failure of technical facilities; failure or delay of transportation; death, disability, illness, injury or other inability to perform by Artist, any of Artist's musicians, other performers, crew, representatives or advisors, any of Artist's family members, any of Purchaser's key personnel, or any other person personally known to Artist whose death, disability, illness or injury adversely impacts Artist's ability to perform in connection with the engagement; or other similar or dissimilar causes beyond the control of Artist which make any performance(s) contemplated by this Agreement impossible, infeasible or unsafe. For the avoidance of doubt, poor ticket sales shall not be deemed a Force Majeure Event.

INCLEMENT WEATHER: Notwithstanding anything to the contrary contained herein, inclement weather shall not be deemed a Force Majeure Event, and Purchaser shall remain liable for payment to Artist of the full Guarantee plus all other compensation due hereunder if Artist's engagement is rendered impossible, infeasible or unsafe by such weather conditions. For clarification, Purchaser shall remain responsible for all other terms and conditions of this Agreement, including, without limitation, accommodations, transportation and expense reimbursements for Artist and Artist's crew and entourage.

LIMITATION OF LIABILITY: In no event shall Artist (nor any of Artist's agents, representatives, principals, employees, officers, directors and affiliates) be liable to Purchaser for any indirect, incidental, consequential, special, punitive, exemplary or any similar damages, including, without limitation, lost profits, loss of revenues or income, cost of capital or loss of business reputation or opportunity, as to any matter relating to, or arising out of, Artist's engagement hereunder or the transactions contemplated by this Agreement, whether in contract, tort or otherwise.

NOTHING CONTRARY TO LAW: Nothing herein contained shall require the commission of any act contrary to law or contrary to the restrictions of any guild or union having jurisdiction over Artist's engagement hereunder. In the event of any conflict between any provision of this Agreement and any such law or restriction, such law or restriction shall prevail and this Agreement shall be curtailed, modified, or limited only to the extent necessary to eliminate such conflict.

ENTIRE AGREEMENT: These Standard Terms and Conditions are hereby incorporated into the Agreement and any addendum(s) thereto. In the event of any conflict between these Standard Terms and Conditions and the Artist's rider provided by Artist or Artist's representative attached hereto (if any), Artist's rider shall control. This Agreement shall constitute the entire agreement between the parties hereto concerning the subject matter hereof and may not be modified except by an instrument in writing signed by both parties. This Agreement shall be construed in accordance with the laws of the State of California, and the state and federal courts located in Los Angeles County in the State of California shall have exclusive jurisdiction over any matters pertaining hereto.

This Agreement may be executed in two or more counterparts, each of which shall be deemed an original and all of which taken together shall constitute one and the same instrument. Delivery of an executed copy of this Agreement by facsimile or electronic delivery shall be deemed a valid and binding original.

SAWYER BROWN CONTRACT RIDER

Rider to the agreement dated _____ between SAWYER BROWN, INC. ("Artist") f/s/o SAWYER BROWN and _____ ("Purchaser") for the engagement at _____.

GENERAL PROVISIONS

The following provisions are deemed incorporated in and an integral part of the agreement to which this rider is annexed.

In all cases of conflict of interpretation or inconsistency between the provisions of this rider and terms located elsewhere in the contract, the rider terms will prevail, except as otherwise noted herein.

Any changes, modifications or waivers of these provisions are invalid unless initialled by both Artist and Purchaser. Any contract returned with this rider altered, unattached, or unsigned without prior written consent of Artist may be deemed void at Artist's election.

Artist has sole and exclusive artistic control over the production and presentation of the performance hereunder, including, without limitation, lighting, staging, wardrobe, material, accompaniment, and length.

MERCHANDISE

ARTIST shall have sole and exclusive right to sell, in and around the venue, all non-food and non-beverage merchandise of any nature, embodying Artist's (and its' individual members) names, likeness, biographical materials, logos, trademarks and other personality attributes and retain 100% of the receipts thereof. Any percentage splits must be approved in writing by O-Seven Artist Management at: 615-799-2229.

There shall be no sale or distribution of phonographic records, tapes, CD's, program books or any souvenir materials or other items of merchandise without Artist's written consent. Additionally, inclusion of Artist's name or likeness on any event related merchandise, (i.e. event shirt); either to be sold or given away must be approved in writing in advance by Artist. The Purchaser agrees to use its' best efforts to prevent and stop the sale or distribution by any person other than Artist representative, whether inside or outside the venue, of any merchandise, at the engagement at which the Artist performs without Artist's prior written consent.

None of the above provisions are intended to prevent the opening or following acts from being able to sell their merchandise in and around the venue.

Purchaser shall provide four (4) six foot tables for each location that ARTIST SELLS.

All inquiries concerning any aspect of this rider should be directed to Artist's representatives as follows:

ADVERTISING, PUBLICITY AND PROMOTION

Applicable deposit must be received prior to advertising, publicity and promotion.

All radio and television spots must be produced by Tour Design (Fergie: 317-579-7844) has pre-approved sound beds and video clips only.

All print advertising must contain the most recent photo of Artist provided by Sawyer Brown, Inc. High res photos may be downloaded at www.sawyerbrown.com/media for your convenience.

Artist will receive one hundred percent (100%) headline billing in all advertising, publicity and promotion, including, but not limited to, programs, flyers, lobby boards, marquees, tickets, and newspaper, magazine and radio advertising. Buyer must use SAWYER BROWN's pre-approved radio, television spots, and ad mats for print advertising.

There will be no signs, placards, banners, commercial or political advertising material on or near the stage. Purchaser will not represent, nor permit another party to represent, that Artist's performance is co-promoted, sponsored, or in any way tied with any commercial product, service, radio or television station, political party or cause. No commercial, political or any other material will be distributed at the venue prior to, during, or after Artist's performance.

There will be no master of ceremonies or emcee on any part of the stage prior to and during the performance unless approved by O-Seven Artist Management. There will be no announcements or speeches prior to Artist's performance or during any intermission.

Any other artist appearing on the show will be subject to Artist's prior written consent. Should any other artist be appearing with Artist, Artist shall have one hundred percent (100%) equal access to all stage, technical and support equipment and personnel. During Artist's performance, Artist shall have sole control of all sound and light equipment, including, without limitation, personnel and sound level.

Any promotional material containing Artist's name or likeness may be used by Purchaser solely to promote the engagement hereunder and may not be sold or marketed in any way by Purchaser.

Purchaser will not authorize, schedule, or promise interviews, appearances, or other promotional activities involving Artist without prior consent of Artist. All requests for interviews, promotional appearances and support should be directed to:

O-Seven Artist Management
(615) 799-2229
(615) 799-9312 Fax

No portion of Artist's performance, sound check, or backstage activities may be photographed, recorded, filmed, taped, broadcast, reproduced by video, motion picture or sight and sound device or mechanically reproduced in any form without prior written consent of Artist. Purchaser shall not authorize such, nor permit in the place of performance any device or mechanism that could be used for such purposes. If any unauthorized recording is discovered, Artist shall have the right to withhold Artist's performance without prejudice to Artist's rights hereunder until all copies of same and all mechanical instruments having to do with same have been surrendered to Artist or Artist's representative.
All advertising concerning the show will be subject to Artist's prior approval.

TICKETING

All tickets will be printed by a bonded ticket printer, and be on the one stub, one price variety. There shall be no multiple price tickets printed. Tickets sold at different prices must be of separate and distinct colors.

Ticket price(s) will be those stated on the face of the contract accompanying this rider. Purchaser will provide gross seating capacity and, in the case of multiple pricing, gross capacities for each pricing, accompanied by a map or drawing clearly marking each location and stating the ticket price for that location. Ticket prices will not be changed or modified without prior written consent of Artist.

In cases in which Artist's fee is not based on percentage of box office receipts, and the gross box office receipts and/or ticket prices exceed those specified on the face of the contract, Purchaser will pay to Artist one hundred percent (100%) of the total difference between the agreed upon gross potential and the actual gross.

No tickets will be sold for seats located where stage and/or equipment obstruct normal eye-level viewing of performance, unless the words OBSTRUCTED VIEW are printed on tickets in clear view. Any obstructed view seating must be approved in advance by Artist.

Purchaser will not discount tickets or offer tickets as a premium without first obtaining Artist's written consent.

Purchaser agrees to distribute no more than two percent (2%) of total capacity of facility as designated herein as complimentary tickets to each performance without written prior consent of Artist. Purchaser will provide Artist or road manager with an exact list of complimentary distribution at sound check and an affidavit signed by box office manager for proof of distribution.

ARTIST COMPS

For each show, Purchaser will make available to Artist for Artist's use at no charge, thirty (30) tickets located in the first ten (10) rows and fifty (50) tickets located between the tenth and twentieth rows. An additional fifty (50) tickets (GOOD SEATS) will be held (on either side of venue) for purchase. In the event the additional seats are not needed, they will be released for sale no later than 10 days prior to performance.

Purchaser will be solely responsible for all lost, stolen, or counterfeit tickets.

PAYMENTS AND EXPENSES

(Federal I.D. #62-1216094)

Unless otherwise specified on the face of the contract, a deposit in the amount of fifty percent (50%) of Artist's guaranteed fee shown on the face of the contract shall be paid in advance by Purchaser by cashier's check, certified funds or wire transfer. Deposit is due concurrent with the receipt and execution of the contract by Purchaser and subsequent delivery to Artist's agent. If the deposit is not received by the date specified on the face of the contract, Artist may cancel the performance with no liability or further obligation to Purchaser, with no prejudice to Artist's rights herein.

Under no circumstances can advertising begin until full/applicable deposit is received.

All payments herein shall be made in United States currency unless otherwise agreed to in writing.

The balance of Artist's guaranteed fee will be paid to Artist's representative by cash, certified check or money order at the venue, upon request day of show, unless Artist's fee is based in whole or part on a percentage of box office receipts. In such cases, payment is due as soon as practicable after box office closes, but no later than the end of show. At that time, Purchaser will provide Artist's representative with the following:

*Original notarized ticket manifest.
*Detailed box office statement.
*Affidavits of expenses pertaining to this agreement.

Artist reserves the right to demand the balance of any guaranteed fee prior to performance in any case.

In cases where Artist's fee is based in whole or part upon a percentage of box office receipts, Artist's representative has the right to be present in the box office prior to and during the performance and intermission periods, and will otherwise be permitted to reasonably satisfy him/herself as to gross receipts and expenditures at each performance, and to examine and make extracts from the box office records relating to said performance. Purchaser will provide for examination copies of all bills, statements, and receipts that enter into computation of Purchaser's expenses for the performance hereunder. Only expenses accompanied by legitimate bills will be acceptable. HANDWRITTEN BILLS ARE NOT ACCEPTABLE AND THE ORIGINALS MUST BE PRESENT AT SETTLEMENT. Copies of all bills are to be given Artist for Artist's files at time of settlement.

The specific capacity, gross potential and ticket price breakdown of the facility where Artist is to perform will be specified on the face of the contract. In cases where Artist's fee is based in whole or part upon a percentage of box office receipts, an expense sheet itemizing Purchaser's estimated expenditures for the performance hereunder shall be attached to and made part of this contract.

Purchaser will have on hand at the place of performance for counting and verification by Artist's representative all unsold tickets and all stubs of tickets sold. In cases where Artist's fee is based in whole or part upon a percentage of box office receipts, Artist will be compensated for the difference between the number of unsold tickets on hand and the number of tickets printed as shown on the manifest. Unless an unsold ticket is shown to Artist's representative, it shall be deemed that Purchaser has sold a ticket for that seat at the highest price for which the entire facility is scaled.

Purchaser is solely responsible for any monies, dues, or fees in respect to any unions, whether musicians, stagehands, electrical, trucking, catering, or any other trade whatsoever.

INSURANCE

Purchaser will maintain in full force a comprehensive general liability (wall-to-wall liability coverage) insurance policy with a reputable insurance company licensed to do business in the state and country in which this engagement occurs in form acceptable to Artist which provides coverage of at lease One Million U.S. Dollars ($1,000,000.00) for combined single limit Property Damage and Bodily Injury, including Accidental Death for Artist or any of Artist's agents, employees or independent contractors.

Purchaser warrants and represents that said insurance policy will name Sawyer Brown, Inc., Mark Miller, Gregg Hubbard, Joe Smyth, Jim Scholten, and Shayne Hill and their authorized representatives and employees as additional insured parties for the full period of this engagement, including all rehearsal and post-production periods. Certificates of insurance relating to the coverage listed above shall be furnished by Purchaser at least fourteen (14) days prior to engagement.

Purchaser indemnifies and agrees to defend and hold harmless Sawyer Brown, Inc., Mark Miller, Gregg Hubbard, Joe Smyth, Jim Scholten, and Shayne Hill and their authorized representatives and employees from all liability, claims, demands, actions, damages, costs and expenses (including attorneys' fees) that may arise from damage to or loss of property, or death or injury sustained by any persons because of this engagement.

Purchaser agrees to acquire and maintain all insurance (including, without limitation, Workman's Compensation) required to cover its employees who are involved in the performance of its obligations pursuant to this agreement such as stage manager, stagehands, security personnel, sound and light operators, or any others deemed necessary by the Purchaser.

SECURITY

Purchaser shall provide first class professional security at all times to insure the safety of Artist and Artist's instruments, costumes, supporting personnel and personal property before, during and after Artist's performance(s). All security personnel shall be under Artist's supervision and direction.

Only Artist issued passes will be honored. Only those personnel required to work the show shall be admitted. Our crew regards the backstage area as a work environment. Please see that backstage traffic and access is held to a minimum. Additionally, Artist maintains that during sound check the performance area will be closed to the public, with only necessary staff and crew present.

DRESSING ROOMS

Two (2) dressing rooms large enough to accommodate ten (10) people will be needed. Rooms should be well lit, have tables, chairs and at least three (3) working electrical outlets provided.

Access to toilet facilities reserved for sole use of ARTIST is necessary. The crew will need a room as well with shower facilities where possible.

At least eight (8) bottles of room temperature water and Eight (8) full size bath towels (the towel size that a grown man would dry off with after taking a shower) need to be provided per show.

CATERING

Refer to Catering Rider as provided. **For any questions concerning catering, please contact Colin DeFevers at 615-405-2377.**

TRANSPORTATION AND PARKING

Sufficient space should be allowed near the stage door or venue parking for one (1) 45-foot bus.

Purchaser shall provide at no cost to Artist, a full size nine (9) passenger van with driver, to be available to Artist for transportation to venue prior to load-in and to return Artist from venue at end of show. Such transportation shall remain at Artist's disposal from time of pick up prior to load-in until return from venue performance.

MISCELLANEOUS

This agreement has been entered into in Nashville, Tennessee, and its enforcement and interpretation shall be governed by Tennessee law. The state and federal courts located in Davidson County, Tennessee, shall have exclusive jurisdiction over any litigation concerning this agreement and both parties irrevocably submit themselves to the personal jurisdiction of said courts. The provisions contained in the immediately preceding sentence are of the essence of this agreement.

Artist's obligations hereunder are subject to prevention or detention by reason of sickness, inability to perform, accident, failure of means of transportation, acts of God, riots, strikes, labor disputes, any act of public authority, or any cause similar or dissimilar which is beyond Artist's control.

Artist reserves the right to cancel this agreement without liability upon written notice to Purchaser no less than forty-five (45) days prior to the date of the first performance hereunder.

In the event of any failure by Purchaser to fulfill any of the terms and conditions provided herein, Artist shall have the election, without waiving any of Artist's other rights or remedies, to cancel the engagement hereunder and Purchaser shall remain obligated to pay Artist the full specified contract fee. If Artist elects to perform notwithstanding a breach of this agreement, the performance shall not constitute a waiver of any of the Artist's legal or equitable claims against Purchaser, or of any of Purchaser's obligations hereunder.

Notwithstanding anything contained herein to the contrary, Purchaser shall remain liable for payment of the full contract price regardless of any cancellation of the engagement or non-performance by Artist by virtue of inclement weather. Artist shall have the sole right to determine in good faith whether any such weather conditions shall render the performance(s) impossible, hazardous or unsafe, and Artist shall have no obligation to perform in any such event.

The contract and the rider(s) attached hereto constitute the entire agreement of Artist and Purchaser with regard to the subject matter hereof, and there are no promises or representations not specifically contained herein. No modification or amendment of the contract or the rider(s) shall be deemed effective unless reflected in a written document executed by both Artist and Purchaser. No waiver by Artist of Purchaser's breach of any provision hereof shall be effective unless evidenced by a writing signed by Artist, and no such waiver shall operate as a waiver of any subsequent breach of any provision by Purchaser. In the event of litigation brought by either party to interpret or enforce any of the terms or conditions hereof the substantially prevailing party shall

be entitled to recover its reasonable attorneys' fees and costs in addition to any other relief available to it.

Purchaser acknowledges and agrees that APA Agency., Frank Miller, Ron Harris, O-Seven Artist Management, and their respective representatives and employees are acting merely as agents of Artist, that none of them is a party to this agreement and that none of them is obligated to Purchaser in any manner with regard to the engagement in question.

HOTEL ACCOMMODATIONS

If Purchaser is to provide hotel accommodations, Artist requires 1 suite or King room, 6 single rooms, & 3 double rooms.

GOLF/HEALTH CLUB

Purchaser shall make reservations for four (4) people to play a full round of golf at a private, championship golf course, if the weather permits. In the event of inclement weather, the Purchaser shall reserve a suitable health club for the Artist. Arrangements for the above must be coordinated with Colin DeFevers at 615-405-2377.

CATERING RIDER

Questions or concerns regarding catering should be directed to Colin DeFevers, Production Manager, 615-405-2377.

BAND & CREW DRESSING ROOMS

Sawyer Brown Technical Rider

Updated 06/22/11

I.Staging

i. Stage dimensions must be at least forty (40) feet wide, thirty-two (32) feet deep, and five (5) feet tall.
ii. Three (3) 8’ x 8’ risers (see stage plot for riser locations)
    1. One (1) riser should be 24” in height
    2. Two (2) risers should be 16” to 18” in height
iii. Stairs are to be provided stage left and stage right, according to stage diagram and description.
iv. A lighting platform, 8’ x 8’ x 16”, must be provided behind or next to the FOH sound mixing platform.
v. For outdoor venues, a first-class weatherproof top must be provided to cover the entire stage area as well as a first-class weatherproof top to cover the FOH sound and lighting platform(s).

II.Crew Call

i. Without exception, at least eight (8) skilled stagehands are required ___ hour(s) before scheduled load-in and immediately following the performance for load-out of equipment.
ii. The stagehand count and call time is subject to change according to union rules, amount of equipment used, of stairs, elevators, ramps, shallow, or narrow doorways, truck to stage distance, performance times, degree of stagehand skill, and travel distance and will be subject to change by Sawyer Brown.
iii. One (1) electrician, and one (1) fork lift operator will be needed ___ hour(s) before scheduled load in and must be dedicated over and above the stagehand count of eight (8).
iv. Artist does not carry any type of ramp. Four wheel carts and two wheel carts will be needed.

III.Lighting Requirements

i. Front and rear lighting is required. Trusses with double-hung instruments no less than 40 feet in length are required with no less than sixty (60) 1000 watt instruments per truss.
ii. The lighting console should be a Lepricon, Avolite, or of similar quality.
iii. Special effects lighting is required (On separate dimmer controls):
    1. Two (2) sets of mole phase or 8 Par 64 lighting instruments mounted on front truss facing the audience.
    2. Four (4) bars of 4 Par 64 mounted on rear truss – ACL’s.
iv. When and wherever possible, the lighting truss system should always be flown by way of electric chain motors. If only ground support is possible, Genie Super Towers complete with all four (4) outriggers will only be accepted.
v. Three (3) follow spots of Super Trooper quality must be provided at all venues.
vi. Smoke, Haze, or Fog should **NOT** be used at any time during Sawyer Brown’s performance.
vii. The stage should remain bright during Sawyer Brown’s entire performance unless otherwise directed by a member of Sawyer Brown’s crew.
viii. One (1) spotlight needs to remain on and follow the lead singer **at all times** unless otherwise directed by a member of the Sawyer Brown crew.
ix. The lighting console should be at the same location as the FOH sound mixing location and must have communication to all spotlight and house light operators.

IV. Front Of House Sound System

i. A 3 or 4-way sound system is required.
ii. The front of house (FOH) speaker cabinets should be of JBL Ver-Tec, EAW V-DOSC, EV-XARRAY, Meyer, or Nexo quality.
iii. The FOH speaker array must be properly positioned and be capable of delivering 105db, 115db peaks (10db headroom), of clean, undistorted sound to all sold seating areas.
iv. Forty-eight (48) channels are required on the FOH console.
v. Preferred FOH consoles:
    1. Digital
        a. Yamaha MC7L
        b. Yamaha PM5D
        c. DigiDesign D-Show, Venue, Profile, or SC48
    2. Analog
        a. Midas H3000, XL3, or XL4
        b. Yamaha PM4000 (or 4000M)
        c. Any other Midas model
        d. Soundcraft SM or MH models

vi. Power amps such as QSC, Crown, or Crest are preferred and must be capable of delivering no less than 500 watts at 4 ohms.
vii. The FOH processing equipment is to consist of at least:
    1. Two (2) one-third octave equalizers of either Klark Teknik, White, or BSS quality.
    2. Two (2) Yamaha SPX990, one (1) TC Electronics M3000, M5000, or M1, Lexicon PCM81, or PCM91, and one (1) TC Electronics D-Two or equipment of similar quality.
    3. Eight (8) patchable compressor / limiter and noise gates of DBX, Klark Teknik, or BSS quality.
    4. **Please no Behringer equipment unless absolutely nothing else is available.**
    5. One (1) compact disc player.

viii. Must provide full stage package (mics, stands, cables, etc).

V.Monitor Sound System

i. At least eight (8) mono mixes and one (1) dedicated stereo mix (**with panning**) are needed.
ii. Forty-eight (48) channels are required on the monitor console.
iii. Preferred monitor consoles:
    1. Digital
        a. Yamaha MC7L
        b. Yamaha PM5D
        c. Yamaha PM1D
        d. DigiDesign D-Show, Venue, Profile, or SC48
    2. Analog
        a. Midas H3000, XL3, or XL4
        b. Yamaha PM4000 (or 4000M)
        c. Any other Midas model
        d. Soundcraft SM or MH Series – **Please no Spirit models**

iv. Eight (8) floor monitors are required. Each must have either one (1) 15 inch or two (2) 12 inch speakers for low frequencies and one (1) 2 inch horn driver in diameter for high frequencies. **Each monitor must be bi-amplified.**
v. Eight (8) one-third octave equalizers must be provided and should be of Klark Teknik, or BSS quality.
vi. Power amps such as QSC, Crown, or Crest are preferred and must be capable of delivering no less than 500 watts at 4 ohms.
vii. Monitor position is located **STAGE LEFT ONLY!!!**

VI. Additional Fly Rider Requirements ***(please note that this section "VI" applies to FLY DATES ONLY!)***

i. Drums (Pearl Maple w/ Rack System)
    1. 22" Kick
    2. 10" Tom
    3. 12" Tom
    4. 13" Tom
    5. 14" Floor Tom
    6. 16" Floor Tom
    7. 5 ½" Snare w/ Stand
    8. (6) Boom Cymbal Stands
    9. Pearl Kick Drum Pedal (Double Pedal if Available)
    10. (1) High Hat Stand
    11. (1) Remote Closed Hi-Hat Stand
    12. (1) Drum Throne
    13. (1) 8x8' Drum Carpet (No Indoor/Outdoor)
    14. (1) 6' tall 8 Panel Drum Shield
ii. Cymbals (Zildjian)
    1. 13" or 14" Hi-Hats
    2. 13" or 14" Hi-Hats (for Remote Closed Hi-Hat)
    3. 20" Ride
    4. 16" Crash
    5. 17" Crash
    6. 18" Crash
    7. 16" China
    8. 18" China
iii. Keys
    1. Yamaha M08, ES8, or XS8 w/ Sustain Pedal
    2. Yamaha M06
    3. (1) Two Tier Stand
iv. Guitars & Amps
    1. (2) Fender Hot Rod DeVille or Hot Rod Deluxe 2x12 Amps
    2. (2) Matchless DC 30, Vox AC 30, Fender Twin, or Fender Bassman Amps
    3. (10) Guitar Stands
v. Bass
    1. (1) Eden, Ampeg, SWR, or Gallion Krueger Head (250-300 watts or more) with:
        a. SWR, Eden, or Ampeg Cabinet ((1) 4x10", (1) 4x12", or (2) 15")
        b. No Hartke gear unless nothing else is available
vi. Microphones
    1. Two (2) wireless vocal microphones – Shure Beta 87.

2. Two (2) vocal microphones – Shure SM58 or Beta 58.
3. Four (4) instrument microphones – Shure SM57.
4. Twelve (12) drum microphones:
    a. One (1) SM91, Beta 91, or Audix D6
    b. One (1) Shure SM57
    c. Four (4) Shure KSM137 or SM81
    d. Four (4) ATM25 or 35, EV-408, or Shure SM98
5. Eight (8) passive direct boxes.

vii. All accessories must be provided and include:

1. Eight (8) tall tripod mic stands with telescopic booms.
2. Six (6) short mic stands with telescopic booms.
3. Two (2) Shure Z Brackets or two (2) additional short stands.
4. Four (4) straight mic stands, one of which has short legs.
5. Forty (40) low impedance microphone cables at least 25 feet in length.
6. Two (2) high impedance instrument cables at least 50 feet in length – or – two (2) 25 foot cables with two (2) ¼" female to female barrel connectors.

viii. Additional requirements:

1. Four IEM (in ear monitors) Shure PSM600 or 700, Seinheiser G2 or G3 with transmitters, receivers, and antenna.

VII.Other Requirements

i. No less than four (4) quad box power outlets on stage for instruments and amps (see stage plot for locations of quad boxes).
ii. No less than twenty four (24) channels of sub snake / stage box are required and should reach the rear, stage right corner of the drum riser (see stage plot for exact location).
iii. A 40 channel snake system to reach at least 100 feet to FOH with a stage monitor split capable of extending at least 30 feet.

NOTE: All sound and lighting equipment, staging, power service, and crew must be approved and is subject to disapproval by Sawyer Brown's Production Manager.
Any questions concerning this technical rider should be directed to Colin DeFevers at 615.405.2377.

City of Rockwall
The New Horizon

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Timothy M. Tumulty, Director of Public Works/City Engineer

DATE: September 18, 2014

SUBJECT: Engineering Flood Study Review Contract Extension

The City of Rockwall's storm drainage system encompasses 14 separate watersheds (52 stream miles) located totally or partially within the corporate limits of the City. These watersheds have been analyzed for existing and fully developed conditions. Whenever a development occurs that potentially impacts any floodplain area, development standards requires a registered engineer to perform a flood study to determine the impacts to the floodplain and an engineering solution that minimizes the increase of water surface elevations and velocities. A flood study review fee was implemented in 2013 by the City for developments requiring a flood study to recoup our review cost. The City uses Hydrological Support Services, LLC. to perform reviews to verify City drainage requirement compliance. Their contract expires on September 30, 2014. Staff has been satisfied with their service and recommend extending the contract another year.

Staff requests consideration of approval of the engineering services contract with Hydrological Support Services, LLC to perform flood study reviews for developments within the City in an amount not to exceed $40,000.00. Funding will be provided from the FY 2014-15 Department Operations Budget and developer reimbursement. If you have any questions, please advise.

STATE OF TEXAS ♦

♦

COUNTY OF ROCKWALL ♦

PROFESSIONAL ENGINEERING SERVICES CONTRACT

This Agreement is made and entered into in Rockwall County, Texas, between City of Rockwall, Texas ("CITY"), a municipal corporation and political subdivision of the State of Texas, acting by and through its City Manager and HydroLogical Support Services, LLC, ("ENGINEER"), located at 97 Old Turkey Farm Rd, Denison, Texas, Engineers duly licensed and practicing under the laws of the State of Texas.

WHEREAS, CITY desires to engage Engineer as an independent contractor to render certain technical and professional services necessary for performing:

PROFESSIONAL ENGINEERING SERVICES for Miscellaneous Consulting Services.

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements contained herein, the Parties hereby agree as follows:

1. Scope of Work

Engineer agrees to perform professional engineering services as specifically defined in this Contract as Exhibit "A" and as authorized by CITY. Specifically, Engineer shall perform Professional services as requested by CITY and detailed in Exhibit "A".

The Parties by mutual agreement through contract amendments may provide for additional technical and professional services to be performed under the basic general terms and conditions of this Contract. CITY reserves the right to enter into another agreement with other engineering firms to provide the same or similar professional services during the term of this Contract for different projects.

2. Compensation & Term of Agreement

Cost for such services will be an annual amount not to exceed forty thousand dollars ($40,000.00) and billed as an hourly basis per rates provided in Exhibit "B". Engineer is not authorized to perform any work beyond the limited not to exceed amount without authorized written approval by CITY.

The term of this Agreement shall commence upon execution of this agreement and follow the schedule described in Exhibit "C". In the event of termination, Engineer will assist the CITY in

arranging a smooth transition process. However, Engineer's obligation to provide services to the CITY will cease upon the effective date of termination, unless otherwise agreed in writing.

3. Method of Payment

CITY shall pay Engineer its fees based on the presentation by Engineer to CITY of a correct monthly statement for all the amounts earned under the Contract together with reasonable supporting documentation verifying the accuracy of the fees and expenses. CITY shall then pay Engineer its fee within thirty (30) days after presentation of the accurate monthly statement by Engineer to CITY. CITY is a State sales and use tax exempt political subdivision of the State of Texas. All records supporting payment shall be kept in the offices of Engineer for a period of not less than three (3) years and shall be made available to CITY for inspection, audit or copying upon reasonable request.

4. Engineer's Standard of Care

Engineer shall provide its services under this Contract with the same degree of care, skill and diligence as is ordinarily provided by a professional Engineer under similar circumstances for a similar project. Engineer represents that it has the capability, experience, available personnel, and means required to perform the services contemplated by this Contract. Services will be performed using personnel and equipment qualified and/or suitable to perform the work requested by the CITY. CITY retains the right to report to Engineer any unsatisfactory performance of Engineer personnel for appropriate corrective action. Engineer shall comply with applicable federal, state, and local laws in connection with any work performed hereunder.

Engineer will seek written CITY approval to accept any contract or perform any services for any person, entity, or business that has an agreement or is in negotiations of an agreement with CITY. CITY may waive this conflict, but such waiver is at CITY's sole discretion and its decision shall be final.

5. Ownership of Documents

As part of the total compensation which CITY has agreed to pay Engineer for the professional services to be rendered under this Contract, Engineer agrees that hard copies of all finished and unfinished documents, data, studies, surveys, drawings, specifications, field notes, maps, models, photographs, preliminary reports, reports, bid packet/construction contract documents/advertisement for bids incorporating any CITY standard provisions provided by Engineer, will remain the property of the CITY. Engineer will furnish CITY with paper and electronic copies, to the extent they are available, of all of the foregoing to facilitate coordination, however, ownership of the underlying work product shall remain the intellectual property of the Engineer. Engineer shall have the right to use such work products for Engineer's purposes. However, such documents are not intended to be suitable for reuse by CITY or others on extension of the Project or on any other project. Any reuse without the express written consent of the Engineer will

be at reuser's sole risk and without liability or legal exposure to the Engineer, and CITY to the extent allowed by law, shall hold harmless the Engineer from all claims, damages, losses, expenses, and costs, including attorneys' fees arising out of or resulting from the reuse of said documents without the Engineer's consent. The granting of such consent will entitle the Engineer to further compensation at rates to be agreed upon by CITY and the Engineer. The above notwithstanding, Engineer shall retain all rights in its standard drawing details, designs, specifications, databases, computer software and any other proprietary and intellectual property information provided pursuant to this Contract, whether or not such proprietary information was modified during the course of providing the services.

6. Insurance

A. Engineer agrees to maintain Worker's Compensation and Employer's Liability Insurance to cover all of its own personnel engaged in performing services for CITY under this Contract in at least the following amounts:

Workmen's Compensation – Statutory
Employer's Liability – $100,000.00
Bodily Injury by Disease - $500,000 (policy limits)
Bodily Injury by Disease - $100,000 (each employee)

B. Engineer also agrees to maintain Commercial General Liability, Business Automobile Liability, and Umbrella Liability Insurance covering claims against Engineer for damages resulting from bodily injury, death or property damages from accidents arising in the course of work performed under this Contract in not less than the following amounts:

$2,000,000.00 General aggregate limit

$1,000,000.00 each occurrence sub-limit for all bodily injury or property damage incurred all in one occurrence

$1,000,000.00 each occurrence sub-limit for Personal Injury and Advertising

C. Engineer shall add CITY, its City Council members and employees, as an additional insureds on all required insurance policies, except worker's compensation, employer's liability and errors and omissions insurance. The Commercial General Liability Policy and Umbrella Liability Policy shall be of an "occurrence" type policy.

D. Engineer shall furnish CITY with an Insurance Certificate on the date this Contract is executed and accepted by CITY, which confirms that all above required insurance policies are in full force and effect.

E. Engineer agrees to maintain errors and omissions professional liability insurance in the amount of not less than one million dollars ($1,000,000) annual aggregate, on a claims made basis for a period of two years after termination of this contract, as long as reasonably available under standard policies.

7. **INDEMNIFICATION**

ENGINEER SHALL INDEMNIFY AND SAVE HARMLESS THE CITY AND ITS CITY COUNCIL MEMBERS AND EMPLOYEES FROM SUITS, ACTIONS, LOSSES, DAMAGES, CLAIMS, OR LIABILITY, INCLUDING WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, ALL EXPENSES OF LITIGATION, COURT COSTS, AND REASONABLE ATTORNEY'S FEES FOR INJURY OR DEATH TO ANY PERSON, OR INJURY TO ANY PROPERTY, RECEIVED OR SUSTAINED BY ANY PERSON OR PERSONS OR PROPERTY, TO THE EXTENT CAUSED BY THE NEGLIGENT ACTS OF ENGINEER OR EMPLOYEES OR ANYONE FOR WHOM THE ENGINEER IS LEGALLY LIABLE FOR, IN THE EXECUTION OF PERFORMANCE OF THIS CONTRACT.

ENGINEER'S TOTAL LIABILITY TO CITY FOR ANY LOSS OR DAMAGES FROM CLAIMS ARISING OUT OF, OR IN CONNECTION WITH, THIS CONTRACT FROM ANY CAUSE INCLUDING ENGINEER'S STRICT LIABILITY, BREACH OF CONTRACT, OR PROFESSIONAL NEGLIGENCE, ERRORS AND OMISSIONS SHALL NOT EXCEED ONE MILLION DOLLARS ($1,000,000.00). NEITHER PARTY TO THIS AGREEMENT SHALL BE LIABLE TO THE OTHER PARTY OR ANY THIRD PARTY CLAIMING THROUGH THE OTHER RESPECTIVE PARTY, FOR ANY SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE, LIQUIDATED, DELAY OR CONSEQUENTIAL DAMAGES OF ANY KIND INCLUDING BUT NOT LIMITED TO LOST PROFITS OR USE OF PROPERTY, FACILITIES OR RESOURCES, THAT MAY RESULT FROM THIS AGREEMENT, OR OUT OF ANY GOODS OR SERVICES FURNISHED HEREUNDER.

Deliveries:
HydroLogical Support Services, LLC
Attn: Dwayne Stubblefield, President
97 Old Turkey Farm Rd
Denison, TX 75021

All notices and communications under this Contract shall be mailed or delivered to **CITY** and **Engineer** at the above addresses.

9. Successors and Assigns

CITY and Engineer each binds itself and its successors, executors, administrators and assigns to the other parties of this Contract and to the successors, executors, administrators and assigns of such other parties, in respect to all covenants of this Contract. Except as noted in the first part of this Paragraph, neither CITY nor Engineer shall assign, sublet or transfer its interest in this Contract without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer, council member, employee or agent of any public body which is a party hereto.

10. Termination for Convenience of the Parties

Engineer and CITY may terminate this Contract for their convenience at any time by giving at least thirty (30) days notice in writing to each other. If the Contract is terminated by CITY and/or Engineer as provided herein, Engineer will be paid for the Work provided and expenses incurred up to the termination date, if such final compensation is approved by CITY, in its sole discretion. If this Contract is terminated due to the fault of Engineer, Paragraph 10 hereof, relative to Termination for Cause, shall apply.

11. Changes

CITY may, from time to time, request changes in the Scope of Work of **Engineer** to be performed hereunder. Such changes, including any increase or decrease in the amount of **Engineer's** compensation, or time for performance, which are mutually agreed upon by and between **CITY** and **Engineer**, shall be incorporated in written amendments to this Contract. Any subsequent contract amendments shall be executed by the City Manager or other authorized representative as designated by the City Manager or City Council.

Any alterations, additions or deletions to the terms of this Contract, including the scope of work, shall be by amendment **in writing** executed by both CITY and Contractor.

13. Reports and Information

Engineer, at such times and in such forms as **CITY** may reasonably require, and as specified in the Scope of Work or in additional Contract Amendments shall furnish **CITY** periodic reports pertaining to the Work or services undertaken pursuant to this Contract, the cost and obligations incurred, or to be incurred in connection therewith, and any other matter covered by this Contract.

14. Entire Agreement

This Contract and its Exhibits and any future Contract Amendments constitute the entire agreement, and supersede all prior agreements and understandings between the parties concerning the subject matter of this Contract.

15. Waiver

The failure on the part of either party herein at any time to require the performance by the other party, of any portion of this Contract, shall not be deemed a waiver of, or in any way affect that party's rights to enforce such provision, or any other provision. Any waiver by any party herein of any provision hereof, shall not be taken or held to be a waiver of any other provision hereof, or any other breach hereof.

16. Severability

The invalidity or unenforceability of any provision of this Contract shall not affect the validity or enforceability of any other provision of this Contract.

17. Survival

Any and all representations, conditions and warranties made by Engineer under this Contract are of the essence of this Contract and shall survive the execution, delivery and termination of it.

18. Governing Powers and Law

Both Parties agree and understand that the City does not waive or surrender any of its governmental powers by execution of this Agreement. To that end, the parties further understand that this agreement shall not be considered a contract for goods or services under Texas Local Government Code, Section 271.151 and Contractor waives any right or entitlement granted said provisions. This Contract is governed by the laws of the State of Texas and all obligations of the parties under this Contract are performable in Rockwall County, Texas.

19. Attorney's Fees

If it is necessary for either Party herein to file a cause of action at law or in equity against the other Party due to: (a) a breach of this Contract by the other Party and/or (b) any intentional and/or negligent act or omission by the other Party arising out of this Contract, the non-breaching or non-negligent Party shall be entitled to reasonable attorney's fees and costs, and any necessary disbursements, in addition to any other relief to which it is legally entitled.

20. State or Federal Laws

This Contract is subject to all applicable federal and state laws, statutes, codes, and any applicable permits, ordinances, rules, orders and regulations of any local, state or federal government authority having or asserting jurisdiction, but nothing contained herein shall be construed as a waiver of any right to question or contest any such law, ordinance, order, rule or regulation in any forum having jurisdiction.

_____
Richard Crowley, City Manager

EXHIBIT "A"

HydroLogical Support Services, LLC

Scope of Services

Miscellaneous Consulting Services

The scope of services for this contract is for HydroLogical Support Services, LLC (HSS) to provide miscellaneous consulting services on an as-needed basis for issues related to stormwater and other water resources matters, which may be requested from time to time by, or approved by, the City of Rockwall's City Engineer/Public Works Director, or by the City Engineer's/Public Works Director's representative(s) or assistant(s). Such services are anticipated to typically consist of the following:

1. Review of proposed development projects and other proposed construction within the City on issues related to drainage, flood hazard potential, and regulatory issues, and provide review comments to the City.

2. Consultation or coordination with project owners and their representatives, and provide readily-available City data and other information pertinent to general location of their proposed or existing projects.

3. Provide opinions, advice, recommendations and other miscellaneous assistance to the City regarding drainage, flood hazard protection, and regulatory issues related to water resources.

4. Other miscellaneous services as requested by the City and agreed by HSS provided that such services are within the field of expertise of HSS.

Exclusions: Engineering design, design plans, construction plans, construction inspection, construction administration, surveying, geotechnical services, environmental services, groundwater services, water quality services, and any other services which are not within the field of expertise or services offered by HSS are specifically excluded from this scope of services.

This scope of services is to be provided on a time and materials cost basis in accordance with attached rate schedule (Exhibit "B"). The termination date of this contract is September 30, 2015, unless agreed in writing by both parties to extend this contract, or unless either party gives notice to other party to terminate this contract prior to this termination date.

EXHIBIT "B"

HydroLogical Support Services, LLC

Special Rate Schedule and Compensation for Miscellaneous Consulting Services for the City of Rockwall, Texas

Personnel costs for time-and-materials services will be invoiced on an hourly basis in accordance with the following rate schedule:

Principal Engineer	$158 - 195/hr
Senior Engineer	$135 - 175/hr
Project Engineer	$ 85 - 145/hr
Engineer-in-Training	$ 55 - 95/hr
CADD Support/Technician	$ 45 – 95/hr
Clerical/Administrative Support	$ 28 – 55/hr

Rates for expert consulting, witness, and/or testimony services related to depositions, court, hearings, arbitration dispute negotiations, meetings with opposing parties, and preparation with legal representation for deposition and/or trial are billed at personnel costs plus 35% and include all time away from the office on the date(s) of such services on behalf of the client. Personnel rates are effective through September 30, 2015, and may be renegotiated for services performed thereafter.

Non-labor expenses (including sub-contractual services, if any) will be invoiced at cost plus 8%. Mileage costs will be at the same rate as established by the Internal Revenue Service at the time of occurrence. In-office black-and-white photocopies directly related to a project or task and exceeding more than 50 pages will be at a cost of 10 cents each. Color copies will be at a cost of 25 cents each for 8.5x11 size and 50 cents each for 11x17 size.

Invoices will be submitted to the City typically at the end of the month and on a monthly basis.. However, the final invoice will be submitted upon termination of this contract. Payment for each invoice is due "net 30" days following date of the invoice. Delayed payment of any invoice may result in delays of the contracted services (Exhibit "A").

Unless otherwise agreed in writing to extend this contract, or unless either party to this contract gives notice to terminate, this contract will terminate on September 30, 2015.

EXHIBIT "C"

HydroLogical Support Services, LLC

Term of Agreement and

Schedule for

Miscellaneous Consulting Services

The term of this agreement shall commence upon execution of the agreement by both parties and will extend through September 30, 2015, unless otherwise terminated or extended as agreed in writing. Consulting services listed in Exhibit A will be scheduled on an as-needed basis during the term of contract and any extension as agreed. Consulting services will end immediately upon termination of the contract.

City of Rockwall
The New Horizon

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Timothy M. Tumulty, Director of Public Works/City Engineer

DATE: September 16, 2014

SUBJECT: SH 205 Speed Limit Reduction

The speed limit on SH 205 from E. Interurban Street to south of S. Heath Street is currently posted at 45 miles per hour. Police Department and Public Works staff felt this speed was too fast for the existing conditions adjacent to the roadway. The roadway is under the Texas Department of Transportation (TxDOT) responsibility and maintenance. Staff requested TxDOT re-evaluate the posted speed from the previous speed study on this section of roadway. The results of their evaluation recommended decreasing the speed limit along SH 205 between E. Interurban Street and south of S. Heath Street from 45 mph to 35 mph.

To proceed with the changing of the speed limit, TxDOT requires an approved City ordinance matching the zones on the speed study. Upon receiving the executed ordinance, TxDOT will furnish and install the necessary signs at the proper locations.

Staff requests City Council consideration to approve the attached ordinance establishing the speed limit along SH 205 from E. Interurban Street to south of S. Heath Street at 35 miles per hour and take any action necessary.

If you have any questions, please advise.

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS ALTERING THE PRIMA FACIE SPEED LIMITS ESTABLISHED FOR VEHICLES UNDER THE PROVISIONS OF TRANSPORTATION CODE, SECTION 545.356 UPON STATE HIGHWAY NO. 205 GENERALLY FROM E. INTERURBAN STREET TO SOUTH OF S. HEATH STREET OR PARTS THEREOF, WITHIN THE INCORPORATE LIMITS OF THE CITY OF ROCKWALL, TEXAS, AS SET OUT IN THIS ORDINANCE; AND PROVIDING A PENALTY OF A FINE NOT TO EXCEED $200.00 FOR THE VOILATION OF THIS ORDINANCE.

WHEREAS, Section 545.356 of the Texas Transportation Code, provides that whenever the governing body of the City shall determine upon the basis of an engineering and traffic investigation that any prima facie speed therein set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of a street or highway within the City, taking into consideration that width and condition of the pavement and other circumstances such portion of said street or highway, as well as the traffic thereon, said governing body may determine and declare a reasonable and safe prima facie speed limit thereat or thereon by the passage of an ordinance, which shall be effective when appropriate signs giving notice thereof are erected at such intersection or other place or part of the street or highway;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THAT:

SECTION 1. Upon the basis of an engineering and traffic investigation heretofore made as a authorized by the provisions of Transportation Code, Section 545.356, the following prima facie speed limits hereafter indicated for vehicles on the attached Exhibit “A” (strip map) are herby determined and declared to be reasonable and safe; and such speed limits are hereby fixed at the rate of speed indicated for vehicles traveling upon the named streets and highways, or parts thereof, described as follows:

SECTION 2. From and after the date of the passage of this speed zone ordinance, no motor vehicle shall be operated along and upon State Highway No. 205 from E. Interurban Street to south of S. Heath Street within the corporate limits of the City of Rockwall in excess of speeds of 35 miles per hour as set forth in Exhibit “A”.

SECTION 3. The Mayor of Rockwall is hereby authorized to cause to be erected, appropriated signs indicating such speed zones.

SECTION 4. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not to exceed Two Hundred Dollars ($200.00).

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS ON THIS THE 20TH DAY OF OCTOBER, 2014.

David Sweet, Mayor

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Timothy M. Tumulty, Director of Public Works/City Engineer**

DATE: **September 11, 2014**

SUBJECT: **Engineering Inspection Fee**

The City Council originally approved establishment of an engineering inspection fee of two percent on October 15, 2001. The fee covers expenses related to construction inspection and is based on the estimated cost of public improvements including water, sanitary sewer, sanitary sewer lift stations, storm sewer, drainage structures, paving, screening walls and other improvements within City right-of-way. The fee is collected prior to the beginning of construction.

The engineering inspection fee amount has remained unchanged since the original ordinance effective date. Staff recently performed a survey of various Metroplex cities to determine if they charge an inspection fee and if so, what percent. Eleven cities were contacted with most charging three and one-half to four percent (survey attached).

Staff request consideration of approval of the Engineering Inspection Fee Ordinance in a revised amount of four percent and take any action necessary.

CITY OF ROCKWALL, TEXAS
ORDINANCE NO. 14-___

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING CHAPTER 38. SUBDIVISIONS; ARTICLE I. IN GENERAL; SECTION 38-15. MISCELLANEOUS REQUIRMENTS BY AMENDING SUBSECTION (m) TO REVISE THE ENGINEERING INSPECTION FEE TO RAISE IT FROM TWO PERCENT TO FOUR PERCENT; REPEALING ALL ORDINANCES IN CONFLICT WITH THE PROVISIONS OF THIS ORDINANCE; PROVIDING A SEVERABILITY CLAUSE; PROVIDING AN EFFECTIVE DATE.

WHEREAS the City Council has directed the City Manager and staff to conduct cost studies and reviews, from time to time, of various fees and charges of the City of Rockwall, Texas, and submit recommendations to the City Council for review and creation of said fees and charges, as needed; and

WHEREAS, the City Council of the City of Rockwall, Texas, has reviewed the recommendations and has determined that certain fees need to be raised in order to adequately reimburse the City for its costs of administration.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That subsection (m) of Chapter 38. Subdivisions; Article I. In General; Section 38-15. Miscellaneous Requirements is here by repealed in its entirety and is replaced by a new subsection (m) which shall henceforth read as follows:

> (m) *Engineering Inspection Fee*. Any person desiring to submit for approval construction plans shall, at the time of said plan being filed with the engineering department or at the time deemed appropriate by said department, pay to the city a fee in accordance with the following fee schedule:
>
> An engineering fee of four percent of the actual contract costs of city-maintained improvements shall be established. The fee shall be based on a percentage of the estimated cost of public improvements including, but not limited to water, sanitary sewer, lift stations, storm sewer, drainage structures, bridges, culverts, paving, screening walls, etc. If actual contract costs are not available at the time of plan approval, the city will be furnished estimated quantities and costs sealed and signed by a professional engineer. Prior to final acceptance by the city, the actual quantity and costs will be furnished to the city and the fee will be adjusted accordingly. The fee shall be due and payable prior to engineering plan approval and start of construction.

Section 2. That all ordinances or portions thereof in conflict with the provisions of this ordinance, to the extent of such conflict, are hereby repealed. To the extent that such ordinances or portions thereof are not in conflict herewith, the same shall remain in full force and effect.

Section 3. That should any word, sentence, clause, paragraph or provision of this ordinance be held to be unconstitutional, the remaining provisions of this ordinance shall remain in full force and effect.

Section 4. That this ordinance shall be effective on and after November 1, 2014 with an exception for any and all plans submitted before this date.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THIS THE 20th DAY OF OCTOBER, 2014.

CITY OF ROCKWALL

ORDINANCE NO. 14-41

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 6. ANIMALS; ARTICLE II. ADMINISTRATION; DIVISION 2. ANIMAL ADOPTION CENTER / ADVISORY COMMITTEE; SECTION 6-51. ESTABLISHED; COMPOSITION TO AMEND COMMITTEE MEMBER COMPOSITION IN ACCORDANCE WITH STATE LAW REQUIREMENTS. PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; AND PROVIDING FOR AN EFFECTIVE DATE OF THIS ORDINANCE.

WHEREAS, the Rockwall Animal Adoption Center / Shelter Advisory Committee assists in complying with the requirements of Chapter 823 of the State of Texas Health and Safety Code (Standards for Animal Shelters); and

WHEREAS, State Law calls for the advisory committee to be composed of at least one licensed veterinarian, one county or municipal official, one person whose duties include the daily operation of an animal shelter, and one representative from an animal welfare organization; and

WHEREAS, the City Council has determined that a local amendment regarding the initially established composition of the Animal Adoption Center / Shelter Advisory Committee is in the best interest of the citizens of the City of Rockwall in order to align with State law;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That Chapter 6. Animals; Article II. Administration; Division 2. Animal Adoption Center/Advisory Committee; Section 6-51. "Established; Composition" is hereby amended to henceforth read in its entirety as follows:

> ***Sec. 6-51. Established; composition***
> An animal adoption center/advisory committee shall hereby be established and comprised of a minimum of the following: licensed local veterinarian, one municipal official, one representative from an animal welfare organization, ~~and three city citizens to be appointed by the city council~~, and one person whose duties include the daily operation of the city's animal adoption center/shelter. The animal welfare organization representative may not also be employed by the shelter. All committee members shall be appointed by and serve at the pleasure of the city council. ~~to be appointed by the city manager, and who shall serve as an ex officio member.~~

Section 2. That all ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict;

Section 3. That if any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or illegal, such decision shall not affect the validity of the remaining sections of this ordinance. The City Council hereby declares that it would have passed this ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared void;

Section 4. That all ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed. The balance of such ordinance is hereby saved from repeal;

Section 5. That this Ordinance shall become effective immediately upon passage and approval and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 6th day of October, 2014.

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Timothy M. Tumulty, Director of Public Works/City Engineer

DATE: September 22, 2014

SUBJECT: Agreement for Construction, Maintenance and Operations of Safety Lighting Systems with Municipalities

The Texas Department of Transportation (TxDOT) has requested the City Council to review and approve the attached "Agreement for Construction, Maintenance and Operations of Safety Lighting Systems Within Municipalities". The original agreement was approved by the City on September 15, 1986. This agreement allows TxDOT to provide adequate safety lighting systems along State roadways for the traveling public in our City.

TxDOT will prepare plans and specifications, award construction and provide construction inspection of a safety lighting project within our City. TxDOT will require the City's consent to construct the lighting system prior to awarding the contract. All costs of construction, maintenance and operation of the lighting system will be borne by TxDOT.

TxDOT is currently bidding a safety lighting system improvement project along IH30 from the City west City limits to SH 205. The project will be bid and awarded in November and should be complete in July of 2015.

Staff requests City Council consider approval of the attached resolution authorizing the City Manager to execute the attached Agreement for Construction, Maintenance and Operations of Safety Lighting Systems Within Municipalities with the Texas Department of Transportation and take any action necessary.

CITY OF ROCKWALL, TEXAS

RESOLUTION NO. 14-19

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, HEREBY AUTHORIZING THE CITY MANAGER TO EXECUTE AN AGREEMENT WITH THE TEXAS DEPARTMENT OF TRANSPORTATION (STATE OF TEXAS) FOR THE CONSTRUCTION, MAINTENANCE AND OPERATIONS OF SAFETY LIGHTING SYSTEMS WITHIN MUNICIPALITIES; PROVIDING AN EFFECTIVE DATE.

WHEREAS, in order to provide a more adequate facility to the traveling public, the construction, maintenance, and operation of certain safety lighting systems is required within the corporate limits of the City. Within the City, said safety lighting systems, hereinafter referred to as the "lighting system," is to consist of safety lighting to be built in sections as financed and designated by the Texas Transportation Commission; and

WHEREAS, the Executive Director, acting for and in behalf of the Texas Transportation Commission, has made it known to the City that the State will construct, maintain, and operate said lighting systems, subject to the conditions and provisions stated herein, as provided for in the Title 43 Texas Administrative Code Section, Sections 25.11 and Chapter 221.002, Texas Transportation Code.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THAT:

Section 1. The State will prepare the plans and specifications, advertise for bids, let the construction contract, or otherwise provide for the construction, and will supervise construction, reconstruction, or betterment work a required by said plans and specifications. As a project is developed to construction stage, either as a unit or in increments, the State will submit plans and specifications of the proposed work to the City and will secure the City's consent to construct the lighting system prior to awarding the contract, said City consent to be signatures of duly authorized City officers in the spaces provided on the title sheet of plans.

All costs of construction, maintenance, and operation of the lighting system will be borne by the State, and the lighting system will remain the property of the State.

Section 2. The City Manager of the City of Rockwall, Texas, is hereby authorized execute, on behalf of he City Council of the City of Rockwall, Texas, an agreement between the City of Rockwall, Texas and the Texas Department of Transportation (State of Texas) for construction, maintenance and operations of safety lighting systems within municipalities, which is attached hereto as Exhibit "A"

Section 3. That this resolution shall be in full force and effect from and after its passage and it is accordingly so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 6th day of October, 2014.

STATE OF TEXAS §

COUNTY OF TRAVIS §

AGREEMENT FOR CONSTRUCTION, MAINTENANCE AND OPERATION OF SAFETY LIGHTING SYSTEMS WITHIN MUNICIPALITIES
(State Maintains and Contracts for Power)
(Blanket Agreement)

THIS AGREEMENT, dated this ____ day of _____, 20____, by and between the State of Texas, hereinafter referred to as the "State," party of the first part, acting by and through the Texas Department of Transportation, and the City of Rockwall, Rockwall County, Texas, acting by and through its duly authorized officers under a resolution or ordinance passed the ____ day of_____, 20____, hereinafter called the "City," party of the second part.

W I T N E S S E T H

WHEREAS, in order to provide a more adequate facility to the traveling public, the construction, maintenance, and operation of certain safety lighting systems is required within the corporate limits of the City. Within the City, said safety lighting system, hereinafter referred to as the "lighting system," is to consist of safety lighting to be built in sections as financed and designated by the Texas Transportation Commission; and

WHEREAS, the Executive Director, acting for and in behalf of the Texas Transportation Commission, has made it known to the City that the State will construct, maintain, and operate said lighting systems, subject to the conditions and provisions stated herein, as provided for in Title 43 Texas Administrative Code Section, Section 25.11 and Chapter 221.002, Texas Transportation Code.

NOW THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties hereto to be by them respectively kept and performed as hereinafter set forth, it is agreed as follows:

A G R E E M E N T

Article 1. CONSTRUCTION AND MAINTENANCE RESPONSIBILITIES

a. The State will prepare or provide for the plans and specifications, advertise for bids, let the construction contract, or otherwise provide for the construction, and will supervise construction, reconstruction, or betterment work as required by said plans and specifications. As a project is developed to construction stage, either as a unit or in increments, the State will submit plans and specifications of the proposed work to the City and will secure the City's consent to construct the lighting system prior to awarding the contract, said City consent to be signified by the signatures of duly authorized City officers in the spaces provided on the title sheet of plans containing the following notation:

> "Attachment No._____ to special AGREEMENT FOR CONSTRUCTION, MAINTENANCE, AND OPERATION OF SAFETY LIGHTING SYSTEMS WITHIN MUNICIPALITIES, dated _____. The City-State construction, maintenance, and operation responsibilities shall be as heretofore

agreed to, accepted, and specified in the Agreement to which these plans are made a part."

b. All costs of construction, maintenance, and operation of the lighting system will be borne by the State, and the lighting system will remain the property of the state.

Article 2. GENERAL

a. The State's obligation for operation and maintenance of the lighting system shall cease should the route on which it is located be dropped from the State Highway System.

b. This Agreement will cease to apply to sections of the lighting system in the event that those sections are removed or become a part of a continuous illumination system.

c. This agreement shall remain in force for a period of two years from the date that it is signed by the State, and it is understood by both parties that at the end of the initial two-year period, the Agreement will be automatically renewed for two-year periods thereafter unless modified by mutual agreement of both parties. In the event that the lighting system installed in accordance with this Agreement becomes unnecessary or is removed for any reason, this agreement will terminate.

d. Changes in time frame, character, cost, or obligations authorized herein shall be enacted by written amendment. Any amendment to this Agreement must be executed by both parties within the contract period.

e. This Agreement constitutes the sole and only agreement for lighting at the location described herein of the parties hereto and supersedes any prior understandings or written or oral agreement between the parties respecting the within subject matter.

IN WITNESS WHEREOF, the parties have thereunto affixed their signature, the City of Rockwall on the ____ day of _____, 20__, and the Texas Department of Transportation on the ____ day of _____, 20__.

Rockwall, Texas 75087

RE: Concession between Suntex RHCL, LLC and City of Rockwall - Chandler's Landing

Dear Brad:

As you may be aware, the ongoing drought conditions in North Texas have severely impacted our ability to sustain economically viable operations at Captain's Cove and Chandler's Landing, our two marinas located on Lake Ray Hubbard.

With lake levels hovering around historic lows, we respectfully request that the City of Rockwall consider granting relief under its concession agreement with Suntex RHCL, LLC.

Specifically, Suntex requests the following amendments to the existing concession agreement:

1) An abatement of all payments to the City effective immediately and continuing through such point that the lake level for Lake Ray Hubbard returns to 434 feet above MSL.
2) After this lake level is achieved, payments to the City would be deferred until such time that the marina achieves wet slip / dry storage revenues in line with historically normal operating levels, which we estimate to be $146,000 per month. Once the marina achieves this line item revenue amount, any deferred payments would be paid in full and the concession would revert back to the normal payment structure thereafter.

Enclosed with this letter you will find copies of correspondence we have also sent to our lender, Capital One Bank, seeking relief under our mortgage affecting both marinas.

We plan to follow up with the City of Rockwall soon with a more detailed proposal regarding what we think both the City and Suntex RHCL, LLC can and should do to mitigate the long term effects that persistent drought conditions and low lake levels have on our ability to sustain profitable operations at Chandler's Landing.

We sincerely appreciate your consideration of this request. If you need any additional information, please let me know.

Sincerely,

Bryan Redmond
Principal

RE: Captain's Cove & Chandler's Landing Marinas – Lake Ray Hubbard

Dear Mike:

This letter outlines a request for a modification of the loan between Suntex RHCC Marina, LLC, Suntex RHCL Marina, LLC and Capital One, NA, dated September 6, 2011.

Suntex is requesting **interest only payments through remaining term under the loan.** In addition to this, Suntex will still need to make a capital call of approximately $545,000, subject to equity partner approval, in order to cover cash projected short falls from operations.

This request for modification is due primarily to the following conditions:

- Water levels at Lake Ray Hubbard are at historic lows, causing significant impact to our ability to not only drive revenues, but sustain them.
- Expenses necessary to combat water level issues have further impacted cash flow.

Suntex has taken significant measures to battle the lake level issues including dredging nearly five days a week since Suntex Marinas purchased a dredge ($418,000) in September of 2013. Numerous docks have been reconfigured or repositioned during this time to further compensate for the challenging water levels. Since June of 2013, we have spent **$279,537.74** on dredge related expenses at these two marinas. Unfortunately, dredging at current lake levels will not be productive any longer.

Enclosed as Exhibit 1 is a cash flow projection through June 2015 that assumes water levels do not improve over this time period. This projection is a reforecast based on actuals through June 2014. We have plugged December 2014 results for January – March of 2015 and we plugged 2014 actuals from April – June for the same period in 2015.

Enclosed as Exhibit 2 is a timeline indicating various milestones during the life of this loan and the corresponding lake levels and slip revenues at each point in time (monthly).

Enclosed with this letter we have included consolidated financials through June 30, 2014. We appreciate your time in consideration of this request.

Sincerely,

Stephen Lehn

Rest Haven

FUNERAL HOMES • CEMETERY • CREMATORY • FLORIST

September 25, 2014

Mr. Rick Crowley
City Manager
City of Rockwall
385 S. Goliad Street
Rockwall, Texas 75087

Dear Rick,

As a result of our growing business and the ensuing staffing requirements, we are faced with a critical need for additional office space. Working with the architect, it was determined that a minimum of 1,500 square feet needs to be added to our existing funeral home structure to accommodate this growth.

After discussing these plans with the City staff, we were informed that the installation of a fire sprinkler system would be required in any addition, as well as the existing structure. I would like to meet with the City Council to request approval of a temporary postponement of the fire sprinkler system requirement due to the following circumstances:

- in spite of our annexation into the City several years ago, we do not have city water or sewer service yet;
- after the annexation, the City extended the water line from John King Boulevard to serve residential and commercial customers in this area, but the lines were not extended to serve Rest Haven Funeral Home;
- our existing water line off of Cornelius Street (Mount Zion Water Supply) will not provide the volume of water required by a fire sprinkler system; and
- our cost to bring the current City water line to the funeral home is in excess of $300,000.00, which is more than twice the cost of the new addition.

I am not requesting exemption from the fire sprinkler system requirement. I am asking the City to consider a contractual agreement with me allowing construction of the building addition now, and requiring the fire sprinkler system installation as soon as the City extends water and sewer service to the funeral home.

Sincerely,

Dewayne Cain
President and Founder

CITY OF ROCKWALL, TEXAS
FIRE DEPARTMENT
MEMORANDUM

DATE: September 30, 2014

TO: Mayor Sweet and Council

FROM: Mark Poindexter, Fire Chief

SUBJECT: Rest Haven Funeral Home Expansion

This memo is in reference to the request by Rest Haven Funeral Home for waivers to Chapter 18, Fire Prevention and Protection, Article II, Section 18-32 and Section 18-33 of the City of Rockwall Code of Ordinances for a proposed expansion to the existing Rest Haven Funeral Home and business office.

Background

On February 4, 2013, Rest Haven Funeral Home applied for a building permit for the expansion of the existing building located at 2500 SH 66 in Rockwall.

A plan review was completed on behalf of the Rockwall Fire Department that resulted in several comments on the proposed project that needed to be addressed before the permit could proceed with the review process.

The major areas of concern indicated during the plan review:
1. Allowable building area calculations
2. Fire apparatus access roadways
3. Fire hydrant hose lay coverage
4. Required fire flow availability
5. Fire sprinkler coverage
6. Sprinkler System Supervision

The Codes

The City of Rockwall has chosen to adopt and enforce the International Codes, which are a comprehensive set of internationally accepted codes. The City of Rockwall first adopted the International Codes in January of 2004 and have continually update the editions for the past 9 years with the latest edition, 2009, being adopted in January of 2012. The International Codes are widely utilized and endorsed, including being adopted by the State of Texas as the State Building Code.

In 2005, S.B. 1458 was passed to "protect the public health, safety, and welfare". It provides that: (1) the International Building Code (IBC) is adopted as the municipal building code in Texas for commercial and multifamily construction; (2) a city that has adopted a more stringent commercial building code before January 1, 2006, is not required to repeal that code and may adopt future editions of that code; and (3) the NEC applies to all commercial buildings in a city for which construction begins on or after January 1, 2006, and to any alteration, remodeling, enlargement, or repair of those commercial buildings.

Chapter 34, Section 3403 of the 2009 IBC states that additions to any building or structure shall comply with the requirements of the code for new construction. Alterations to the existing building or structure shall be made to ensure that the existing building or structure together with the addition are no less conforming with the provisions of the code than the existing building or structure was prior to the addition .

Legal Considerations

Based on the opinion of the legal representation for the City of Rockwall, "as a home-rule municipality, the final determination of whether the local fire code may be amended or weather a section of the International Fire Code (IFC) may be waived must be decided by the City Council. However, these changes and amendments will be restricted by conflicts with state law and national standards".

With S.B. 1458, the state law would be the minimums set forth within the 2003 International Building Code. Areas that would be covered by the IBC directly or by reference would include:

1. Allowable building area calculations (IBC Chapter 5)
2. Fire apparatus access roadways (IBC 101.4.5 reference to IFC 503)
3. Fire hydrant hose lay coverage (IBC 101.4.5 reference to IFC 507.5)
4. Required fire flow availability (IBC 101.4.5 reference to IFC 507.3)

The following two items are local amendments that are not part to the State law.

1. Fire sprinkler coverage for buildings exceeding 5,000 sq. ft. (IFC 903. 2 as amended by COR)
2. Sprinkler System Supervision (IFC 903.4 as amended by COR)

IBC Section 102.10 and IFC Section 104.8 allows for modifications to the code through amendments or exceptions whenever there are practical difficulties involved in carrying out the provisions of the code. The code officials are charged with first finding that special individual reasons make the strict letter of the code impractical, the modification complies with the intent and purpose of the code, and that such modification does not lessen health and life and fire safety requirements. This section is not intended to allow a code provision to be set aside or ignored; rather, it is intended to provide for the acceptance of equivalent protection. Such modifications should not be affected by economics or the potential impact on any party. The only consideration should be protection of public health, safety, and welfare.

MEMORANDUM
CITY OF ROCKWALL, TEXAS

TO: **Brad Griggs, Assistant City Manager**

FROM: **Andy Hesser, Parks and Recreation Manager**

DATE: **October 3, 2014**

SUBJECT: APPOINTMENT WITH MARK SPENCER OF MHS PLANNING TO PRESENT THE PARK AT STONE CREEK MASTER PLAN

BACKGROUND:

The Stone Creek subdivision located east of SH 205 and south of FM 552 has recently completed the first five phases of development. The proposed Phase 6 contains an 11.8 acre parcel that is planned to be dedicated as the neighborhood park for Park District #5.

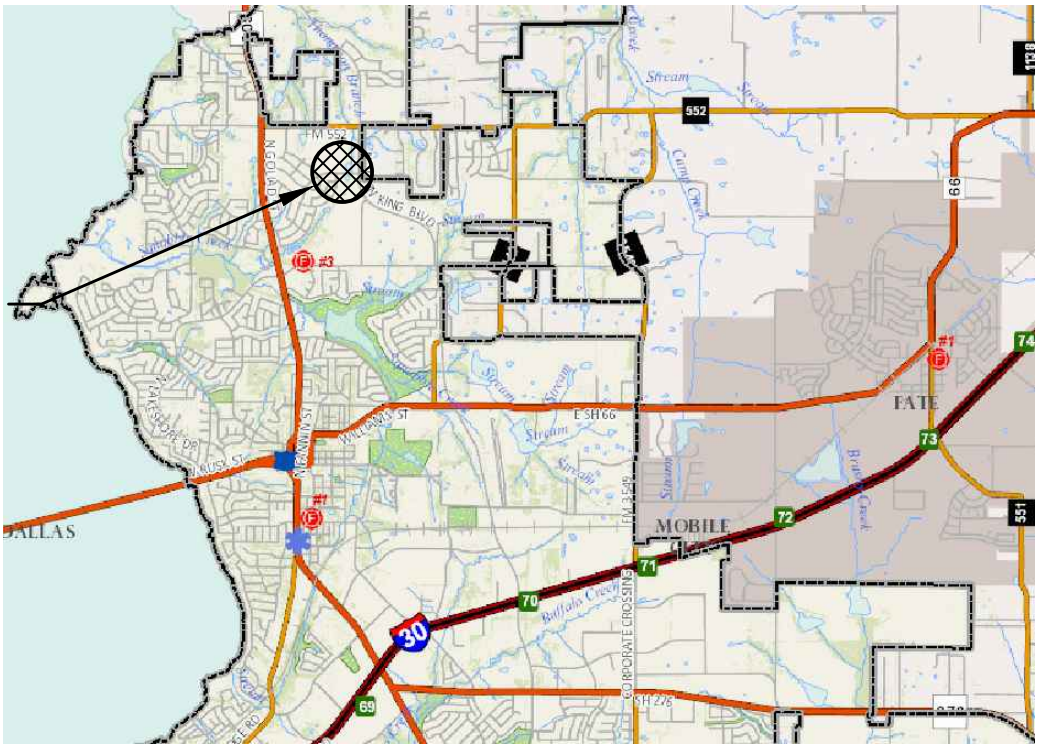
At the July 21st meeting, City Council voted to approve pursuing a matching grant application to the Texas Recreation and Parks Account program (TRPA) administered by the Texas Parks and Wildlife Department for the proposed neighborhood park at Stone Creek. Simultaneously Council approved the contract with MHS Planning and Design to prepare the grant application and master plan on behalf of the City.

The grant is a 50% matching grant for a maximum funding level of $400,000. Applicants are generally notified in January 2015 of their award status.

At the time of Phase 6 Final Plat, the fees collected for the pro-rata equipment fees will total $214,200 in accordance with the Mandatory Park Land Dedication Ordinance. As the remaining phases develop, there are 470 lots yet to be platted. The future pro-rata equipment fees owed on those lots are estimated to be $207,270 based on the current adopted ordinance and fees.

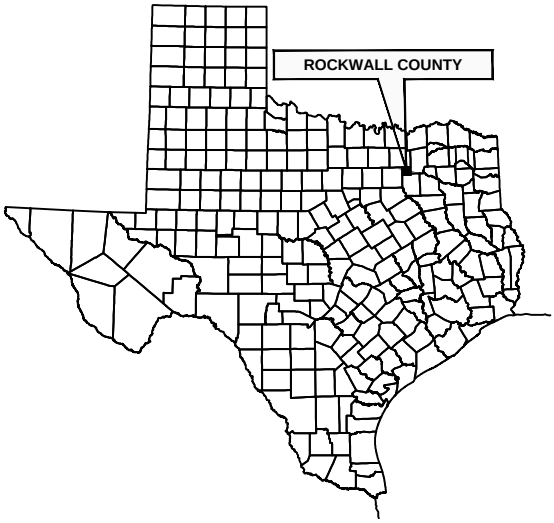
The developer has also committed to providing approximately 9,600 SF of trail to be installed at a future date to be determined. This trail was originally planned to be constructed somewhere else in the development but ultimately was not feasible due to drainage and slope challenges. The approximate value of this trail portion is $33,600 bringing the total in potential developer contributions to $455,070. The estimated value of the 11.8 acre park land dedication is $385,000. The value of the land is used to count toward the 50% matching portion of the grant.

Should the grant be awarded, the total funds available for the development of the Stone Creek neighborhood park would be approximately $840,070. If the grant is not awarded, the total funds available for park development are estimated to be $455,070. Contingent upon Council approval, the final master plan would prioritize the phasing plan based on funding and feedback from residents, Park Board and City Council.

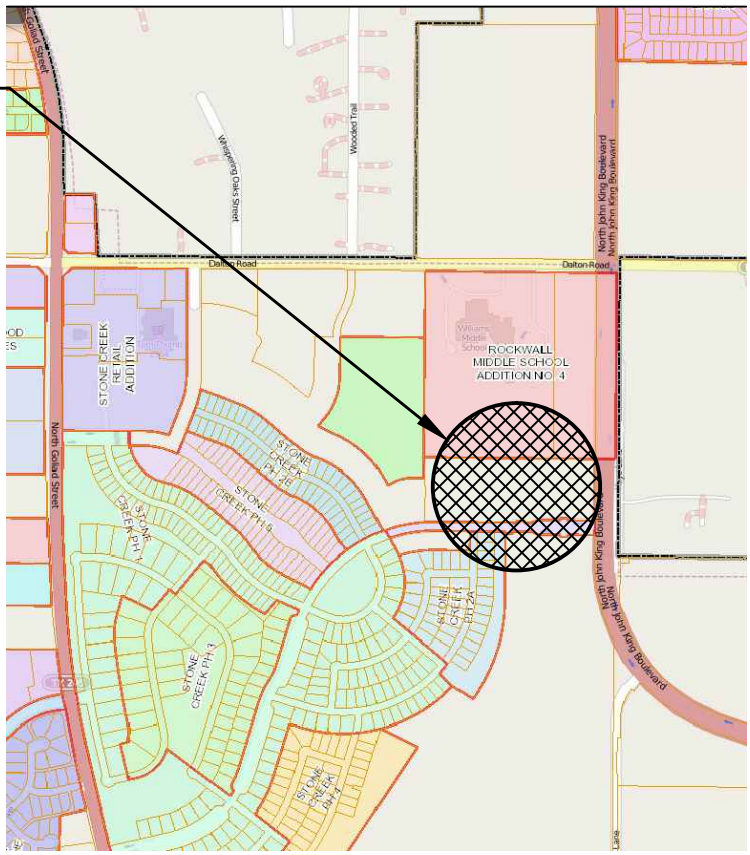


Due to the adjacency of Williams Middle School and a proposed elementary school, staff approached the Rockwall ISD Elementary and Middle School Curriculum Directors about a potential collaboration related to the programming and use of the Stone Creek park.

The nature of the partnership includes: building and installing bird houses, and bat boxes; planting native annuals and perennials; installing plant identification signage; and utilizing weather station and other natural features for educational study and observation. All educational activities take advantage of the property's natural assets and are aligned with the Texas Essential Knowledge and Skills (TEKS) curriculum. A letter of commitment from RISD was submitted the grant application.



A presentation of the preliminary master plan for the park at Stone Creek was made by Mark Spencer of MHS Planning at a public hearing held at the August 5, 2014 Park Board meeting. Approximately 15 to 20 residents attended this meeting, of which four requested to comment on the project. All comments were in support of the project.



At the August 5th meeting, Park Board voted unanimously to recommend that City Council approve the Park at Stone Creek Master Plan as presented. Mr. Spencer will present the proposed master plan to Council and be available to answer any questions related to the plan as well as the grant.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and Council**

FROM: **Jeffrey Widmer, Building Official**

DATE: **October 6, 2014**

SUBJECT: **Two special event permit requests for the Harbor**

Kim Lovett with Eventive Marketing Solutions representing UCR Asset Services is requesting permission to hold two special events on the Harbor property. The first event would be a Harbor HOWL-O-Ween held on October 25 and the second event would be a Harbor Holiday to be held on November 15th. This would be the 4th year that these events have been conducted.

The HOWL-O-Ween event consists of a Doggy Costume Contest as the main focal point, with a local pet organization as the Beneficiary. Historically, that has been Rockwall PAWS with all proceeds from the contest entrants ($10 per dog entered) going as a donation to PAWS. In addition, several vendors would set up under small canopies, to promote and market their goods and services. The dog costume stage and all vendor booths would be on private property.

The Harbor Holiday and tree lighting event includes Toy Drive boxes on Harbor property, with donated items going to Helping Hands. Historically, the stage has been utilized for a live performance during the tree lighting. Last year it was Rockwall Heath High School students, and the year before, it was the Lakeside Civic Chorus. No act has been scheduled yet; however if the permit is granted, the Applicant would definitely make plans to have a local group included in their event. Historically, this event has included a small train that gives rides & conductor hats to children. The ride begins at a small train depot and travels in the area located Zeus Boutique and the Cinemark Theater. The rides are totally contained on Harbor property; with no parking lot area is affected. In addition several vendors would set up under small canopies, to promote and market their goods and services. The stage, tree lighting and all vendor booths would be on private property.

The Police Department and Parks & Rec. Departments are currently performing their normal review of these applications. If a Police presence is required or additional rest rooms/trash detail is needed, the Applicant will be required to secure them prior to issuance of any permits.

The Applicant has not yet contacted either of the Non-Profit Organizations or circulated any advertising for these events, awaiting City Council approval first.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council
Rick Crowley, *City Manager*

FROM: Ryan Miller, *Planning Manager*

CC: Robert LaCroix, *Director of Planning and Zoning*
Tim Tumulty, *Director of Public Works/City Engineer*

DATE: October 6, 2014

SUBJECT: Adoption of Water/Wastewater Impact Fees

In accordance with the requirements of Chapter 395 of the Texas Local Government Code, the City Council is scheduled to hold a public hearing on October 6, 2014 to consider an ordinance that will establish an updated impact fee for water/wastewater facilities. The approval of this ordinance will amend Section 38-360 through 38-368 of the City's Municipal Code, and will include the updates previously adopted by City Council with regards to the land use assumptions and capital improvements plan.

Included with this memo is the CIAC's written recommendation relative to the proposed updated impact fee program, as well as an ordinance outlining the proposed changes. The study performed by Birkhoff, Hendricks & Carter details the proposed changes to *Schedule '1' & '2'* of the *Water/Wastewater Impact Fee* section of the Municipal Code as follows:

(1) *Schedule 1: Maximum Water/Wastewater Impact Fees. The following schedule is the maximum impact fees per single family/living unit equivalent for water and wastewater facilities. The below impact fees per service unit depicted in each column also apply to new developments that were unplatted and which did not require platting at the time of development within the period listed.*

	Land Platted or Replatted Between 07/16/1990 & 06/02/2008	*Land Platted or Replatted Between 06/02/2008 & 10/20/2014*	*Land Platted or Replatted After 10/20/2014*
Water (per SFLUE)	*$848.00*	*$4,229.03*	*$3,111.05*
Wastewater (per SFLUE)	*$3,340.00*	*$783.49*	*$2,472.58*

Notes:
[1]: For non-residential uses, assessment was expressed as SFLUEs per acre: 2.11 SFLUE/acre for water impact fees and 2.17 SFLUE/acre for wastewater impact fees, within the period listed.

(2) *Schedule 2: Impact Fees to be Paid per Service Unit for Water and Wastewater Facilities.*

	Per Living Unit Equivalent (5/8" – 1" Water Meter)
Water Facilities	*$1,555.53*
Wastewater Facilities	*$1,236.29*

The CIAC has recommended approval of these changes. Matt Hickey of Birkhoff, Hendricks & Carter will be making a presentation at the October 6, 2014 City Council meeting concerning the updated study and will be available for any questions.

May 27, 2014

To: Rockwall City Council, City Manager and Staff

From: Capital Improvement Advisory Committee Chairperson (CIAC), Craig Renfro

Subject Updated Water and Wastewater Impact Fee Recommendation

The Capital Improvement Advisory Committee Chairperson (CIAC) in accordance with Section 395.058 of the Texas Local Government Code has been conducting meetings with staff and the City's consultant, *Birkhoff, Hendricks & Carter, LLP*, for the purpose of reviewing the City's Water and Wastewater Impact Fee program. The periodic review of impact fees are required by the Texas Local Government Code at least every five (5) years.

The CIAC has reviewed the updated Water and Wastewater Impact Fee Land Use Assumptions prepared by city staff and the updated Water and Wastewater Improvement Plan prepared by *Birkhoff, Hendircks & Carter, LLP*.

On behalf of the Advisory Committee, we find the update Impact Fee Land Use Plan to be consistent with the City's Comprehensive Plan, and updated Water and Wastewater Capital Improvement Plan to be consistent with the land use plan. Both are in general conformance with the requirements of Chapter 395 of the Texas Local Government Code.

The CIAC would recommend that the City Council approve the updated Land Use Assumptions and updated Water and Wastewater Capital Improvement Plan as submitted.

Sincerely,

Craig Renfro
Chairman, Capital Improvement Advisory Committee (CIAC)

216

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, AMENDING SECTIONS 38-360 THROUGH 38-368 OF CHAPTER 38, *SUBDIVISIONS*, OF THE MUNICIPAL CODE OF ORDINANCES OF THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, CONCERNING UPDATED IMPACT FEES FOR WATER AND WASTEWATER FACILITIES BY UPDATING THE LAND USE ASSUMPTIONS, CAPITAL IMPROVEMENTS PLANS, EQUIVALENCY TABLES, AND IMPACT FEE ASSESSMENT AND COLLECTION RATES FOR SUCH FACILITIES; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR PENALTIES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Rockwall adopted its impact fee program for water and wastewater impact fees by *Ordinance No. 90-22*, and has subsequently updated its capital improvements plans and impact fees; and

WHEREAS, the City of Rockwall has prepared studies updating its land use assumptions, capital improvement plans and impact fees for water and wastewater facilities and associated service areas and equivalency tables; and

WHEREAS, the City of Rockwall has recalculated the maximum impact fee for water and wastewater facilities that may be assessed against new development (*see Schedule '1'*) based on such land use assumptions and capital improvements plans; and

WHEREAS, a public hearing, following written endorsement of the impact fee update study by the Capital Improvements Advisory Committee (CIAC) [*Planning & Zoning Commission*], was held before the City Council and testimony was taken on *July 7, 2014*, to consider proposed amendments to land use assumptions, capital improvements plans and impact fees for water and wastewater facilities and associated service areas and equivalency tables, and corresponding changes to rates of assessment and collection for impact fees; and

WHEREAS, the City published notice of such public hearing in a newspaper of general circulation within the City in accordance with the requirements of Chapter 395 of the Texas Local Government Code; and

WHEREAS, the City Council finds that the collection of impact fees for new developments at revised rates in order to fund water and wastewater improvements to serve such developments substantially furthers the public health, safety and general welfare; and

WHEREAS, the City Council finds that changes to the land use assumptions, capital improvements plans and impact fee assessment and collection rates are fully warranted, as presented in the impact fee update studies prepared by the City's engineering consultants; and

WHEREAS, the City Council further finds that the collection rates for water and wastewater impact fees reasonable further the public health, safety and general welfare;

WHEREAS, the City Council further finds that the collection rates for water and wastewater facilities is substantially less than the City's actually costs of mitigating the impacts from new development on the City's water and wastewater systems;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. ***Land Use Assumptions.*** The land use assumptions for water and wastewater impact fees, hereby are updated and amended, as set forth in *Exhibit 'A'* of this ordinance, which shall be incorporated herein by reference, and as set forth in *Exhibit 'B': Land Use Assumptions for Impact Fees* of this ordinance, which herein after shall be referred to as *Exhibit 'B'*, and incorporated herein by reference; and

Section 2. ***Service Areas.*** The service areas for water and wastewater impact fees hereby are updated and amended, as depicted in *Figure 4: Water/Wastewater Service Area* of *Exhibit 'A'* of this ordinance.

Section 3. ***Capital Improvements Plans.*** The service areas for water and wastewater impact fees hereby are updated and amended, as set forth in *Exhibit 'C': 2013 – 2023 Water & Wastewater Impact Fee* of this ordinance, which herein after shall be referred to as *Exhibit 'C'*, and incorporated herein by reference; and

Section 4. ***Land Use Equivalency Tables.*** The land use equivalency table that coverts land uses into numbers of living units equivalents (service units) for water and wastewater impact fees, hereby is updated and amended, as set forth in *Table No. 20: Maximum Assessable Water & Wastewater Impact Fee* of *Exhibit 'C'* of this ordinance.

Section 5. ***Impact Fee Assessment.*** The amount of the water and wastewater impact fees to be assessed per living unit equivalent hereby is established as set forth in *Schedule 1* of *Section 362.(b).(1)* of *Exhibit 'A'*.

Section 6. ***Impact Fee Collection.*** The amount of the water and wastewater impact fees to be collected per living unit equivalent hereby is established as set forth in *Schedule 2* of *Section 362.(b).(2)* of *Exhibit 'A'*.

Section 7. ***Administrative Provisions.*** *Sections 38-360* through *38-368* of Chapter 38, *Subdivisions*, of the City of Rockwall's Municipal Code of Ordinances is hereby superseded by the provisions contained herein.

Section 8. ***Ordinances Cumulative.*** All ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby superseded to the extent of that conflict.

Section 9. ***Severability.*** If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Subdivision Regulations of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 10. ***Effective Date.*** This ordinance shall take effect immediately.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 20TH DAY OF OCTOBER, 2014.

_____
David Sweet, *Mayor*

ATTEST:

_____
Kristy Ashberry, *City Secretary*

APPROVED AS TO FORM:

_____
Frank J. Garza, *City Attorney*

1st Reading: *October 6, 2014*

2nd Reading: *October 20, 2014*

Language to be Removed = ~~Highlighted/Strikeout~~

~~*Sec. 38-360. Purpose.*~~

~~(a) V.T.C.A., Local Government Code Ch. 395 prescribes the process by which cities in the state must formulate development impact fees. The initial process is the establishment of land use assumptions. These land use assumptions, which include population and employment projections, will become the basis for the preparation of impact fee capital improvement plans for water, wastewater, and roadway facilities.~~

~~(b) To assist the city in determining the need and timing of capital improvements to serve future development, a reasonable estimation of future growth is required. The purpose of this report is to formulate growth and development projections based upon assumptions pertaining to the type, location, quantity and timing of various future land uses within the community, and to establish and document the methodology used for preparing the growth and land use assumptions.~~

~~*(Ord. No. 08-21, exh. 1, 4-21-2008; Ord. No. 08-26, § 1(exh. 1), 6-2-2008)*~~

~~*Sec. 38-361. Elements of land use assumptions report.*~~

~~This report contains the following components:~~

~~(1) *Methodology.* The methodology is an explanation of the general methodology used to prepare the land use assumptions.~~
~~(2) *Data collection zones and service area maps (plates 1, 2 and 3).* This is an explanation of data collection zones (traffic survey zones), and division of the city into four impact fee service areas for water facilities, wastewater facilities, and roadways facilities.~~
~~(3) Historical Data and Perspective. Information regarding Rockwall's settlement history and the population growth associated with the construction of Lake Ray Hubbard.~~
~~(4) *Base year data.* This information on population and employment for the city as of 2013 for each capital facility service area.~~
~~(5) *Ten-year growth assumptions.* Population and employment growth assumptions for ten years by impact fee service areas.~~
~~(6) *Summary.* The summary is a brief synopsis of the land use assumptions report.~~

~~*(Ord. No. 08-21, exh. 1, 4-21-2008; Ord. No. 08-26, § 1(exh. 1), 6-2-2008; Ord. No. 13-42, § 1, 11-4-2013)*~~

~~*Sec. 38-362. Methodology.*~~

~~(a) Based upon the growth assumptions and the capital improvements needed to support growth, it is possible to develop an impact fee structure which fairly allocates improvement costs to growth areas in relationship to their impact upon the entire infrastructure system. The data in this report has been formulated using reasonable and generally accepted planning principles for the preparation of impact fee systems in Texas.~~

(b) These land use assumptions and future growth projections take into consideration several factors influencing development patterns, including the following:

(1) The character, type, density, and quantity of existing development.
(2) Existing zoning patterns and anticipated future land use (city's future land use plan map).
(3) Availability of land for future expansion.
(4) Current and historical growth trends of population and employment within the city.
(5) Location and configuration of vacant land.
(6) Growth of employment [per the North Central Texas Council of Governments (NCTOG)].
(7) Known or anticipated development projects as defined by city staff.

(c) Following is the general methodology used for the preparation of this report:

(Ord. No. 08-21, exh. 1, 4-21-2008; Ord. No. 08-26, § 1(exh. 1), 6-2-2008; Ord. No. 13-42, § 1, 11-4-2013)

Sec. 38-363. Data collection zones and service area maps.

Service areas are required by State Law to define the area served by the Roadway Capital Improvements. Chapter 395 of the Texas Local Government Code (TLGC) requires that service areas be defined for impact fees to ensure that facility improvements are located in proximity to the area that is generating needs. Roadway service areas are different from water/wastewater impact fee service areas, which can include the city limits and Extra-Territorial Jurisdiction (ETJ). This is primarily because roadway systems are "open" to both local and regional use as opposed to a defined limit of service that is provided with water and wastewater systems. The result is that new development can only be assessed an impact fee based on the cost of necessary capital improvements within that service area.

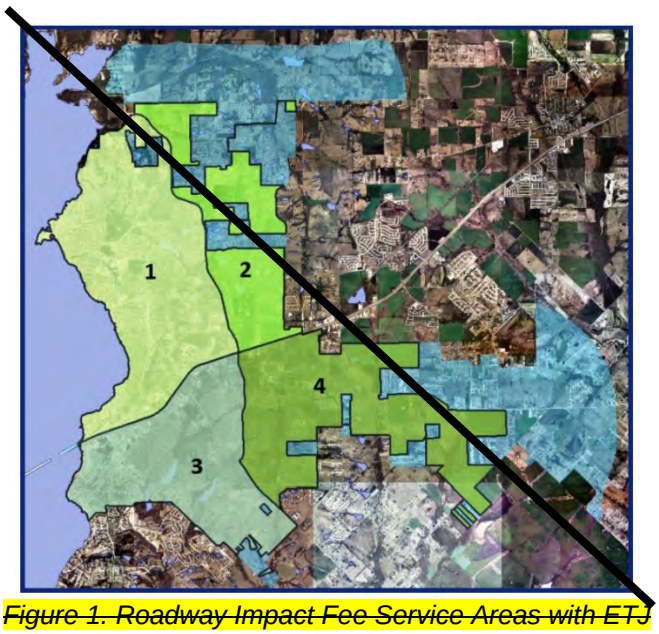

Figure 1. Roadway Impact Fee Service Areas with ETJ

~~Current legislation allows for roadway service areas to be limited to a six-mile maximum, but must be located within the current city limits. Although the roadway service areas only recognize current municipal limits, an analysis including the ETJ was conducted in order to consider long-term coverage of the ultimate corporate boundaries. Another consideration in the development of the service area structure was the city's thoroughfare plan, a portion of which will ultimately serve as the service area geographic boundaries for the impact fee program.~~

~~(a) Data collection zones. The data collection zones used for the land use assumptions also considered the North Central Texas Council of Government's (NCTCOG's) traffic survey zones (TSZs) for purposes of facilitating system updates. TSZs within Rockwall vary in size and serve as the basis for the regional TransCAD system updates. TSZs were originally formulated on the basis of homogeneity and traffic generation potential using major arterials, creeks, railroad lines and other physical boundaries for delineation. It should be noted that several TSZs were adjusted in the calculations because portions include areas outside of the city limits.~~

~~(b) Service area maps. Plates 1, 2 and 3 show the proposed service zones for water, wastewater and roadway facilities. Plates 1 and 2 show the proposed service areas for water and wastewater facilities. The boundary for these facilities is the existing city limits and the city's CCN-approved area (that is, the area certified by the Texas Commission on Environmental Quality (TCEQ), to which the city can provide water and wastewater service). Plate 3, entitled "Service Areas for Roadway Impact Fees," show the four service areas for roadway facilities. All of the roadway service area boundaries encompass several traffic survey zones. The capital improvement plans and impact fees will be prepared as separate documents for water, wastewater, and roadway facilities.~~

~~(c) Historical data and perspective. Rockwall traces its history as a community to the construction of the National Road of the Republic of Texas in the mid-1840s, which was a major route for settlers traveling westward to Peter's Colony near present-day Dallas. Occasionally, high water on the East Fork of the Trinity River prevented crossing to the west, and pioneers chose to settle near the highway on the east side of the river. In 1854, Elijah Elgin donated 40 acres on a hill east of the river overlooking the valley to establish a town. The community was named Rockwall after a curious rock formation resembling a "rock wall" discovered by farmers digging a well, and variously attributed to a lost prehistoric tribe or natural geologic phenomena. In 1873, Rockwall County was formed from the panhandle of Kaufman County, and Rockwall became the county seat.~~

~~The construction of Lake Ray Hubbard in 1969 and 1970 accelerated growth in Rockwall dramatically. The county's employment tripled from the lake's completion in 1970 to 1980, and the city's population almost doubled in the same time frame. *See Figure 2 below.*~~

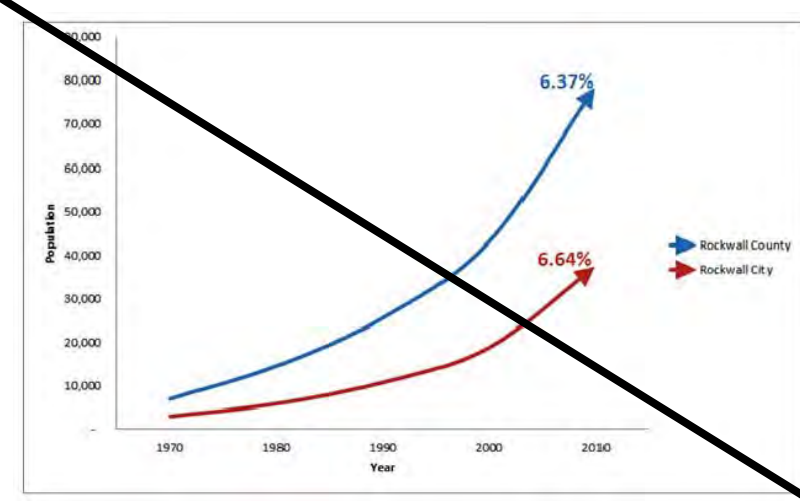

Figure 2. Rockwall City and County Population Growth (1970-2010)

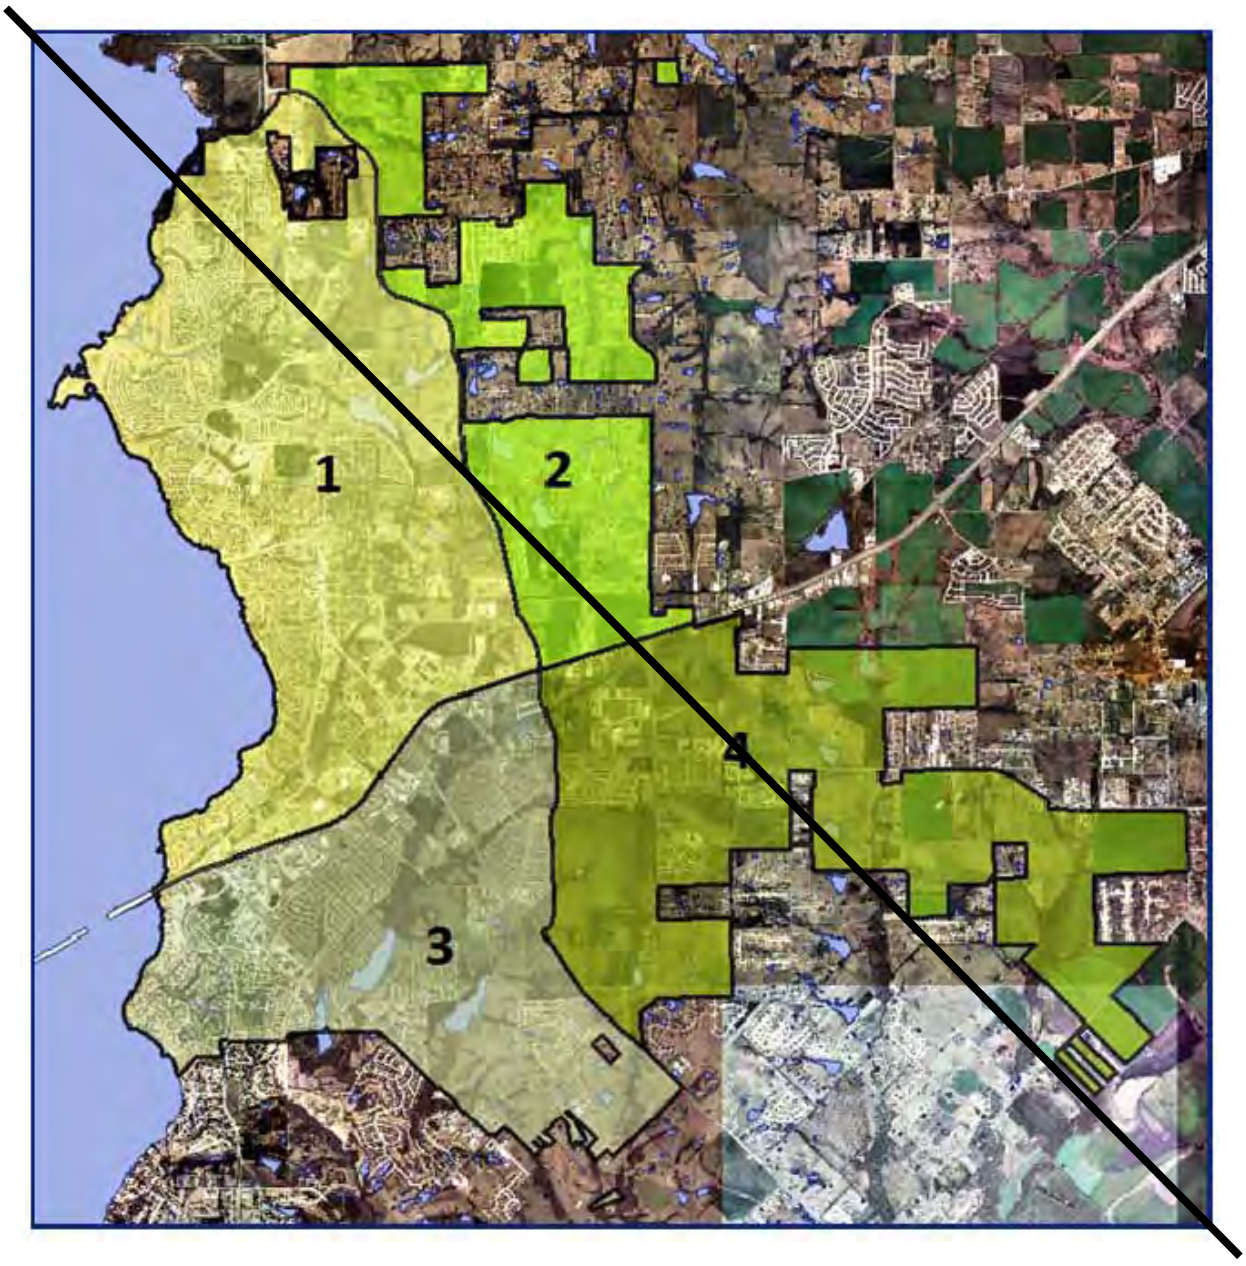
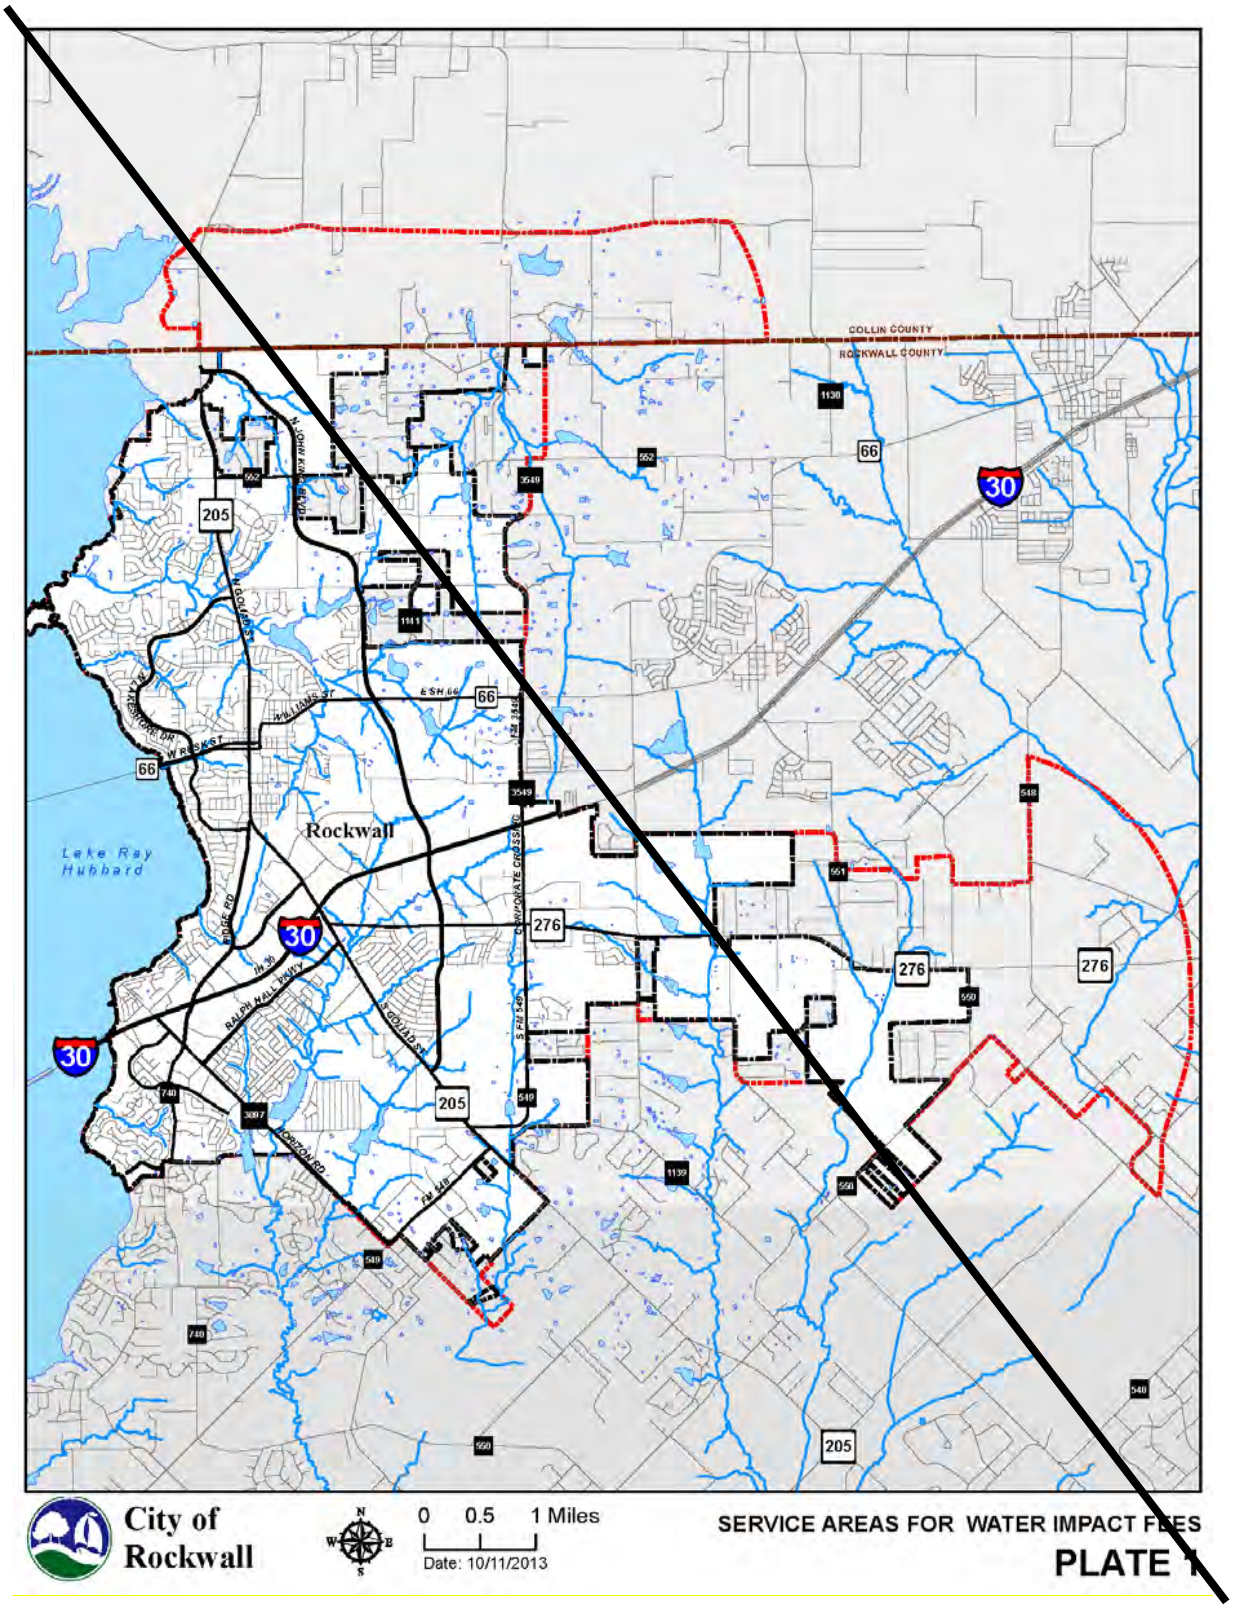


In the new millennium, dramatic growth continues. Population as of the 2000 census was 17,976, a 300% increase from 1980. The population in the 2010 U.S. Census was over 37,000 residents. As land near the lake has been built out, the city has continued to grow into the rolling uplands to the north, east and south. In 2006, Rockwall County was the fastest growing county in the United States.



The I-30 Corridor continues to be the city's primary commercial center; however, other significant commercial and employment sectors have emerged in the past ten years. These include the Harbor District adjacent to Lake Ray Hubbard, the hospital/medical office district along FM 3097, the Rockwall Technology Park at SH 276 and FM 549, and other developed or planned retail centers along SH 205, SH 66 and other major arterials.

(d) Data format. The existing base data, as well as the future projections, were formulated according to the following format and categories:

(1) *Service area.* Correlates to the proposed roadway, water and wastewater service areas identified on the attached maps. The roadway service areas are identified on the map in Figure 3. The city limits serve as the roadway service area boundary.

(2) *Traffic survey zone/TSZ.* Geographic areas established by the North Central Texas Council of Governments (NCTCOG) which are used for data collection purposes and termed traffic survey zones (TSZs) within this report.

(3) *Housing units (2013).* All living units including single-family, duplex, multifamily and group quarters existing at the end of 2012. The number is based upon 2010 U.S.

(4) *Housing units (2013).* Projected housing units by service zone for the year 2023 (ten-year growth projections).

(5) *Population (2007).* Existing population for the base year (January 2007).

(6) *Population (2017).* Projected population by service zone for the year 2017 (ten-year growth projections).

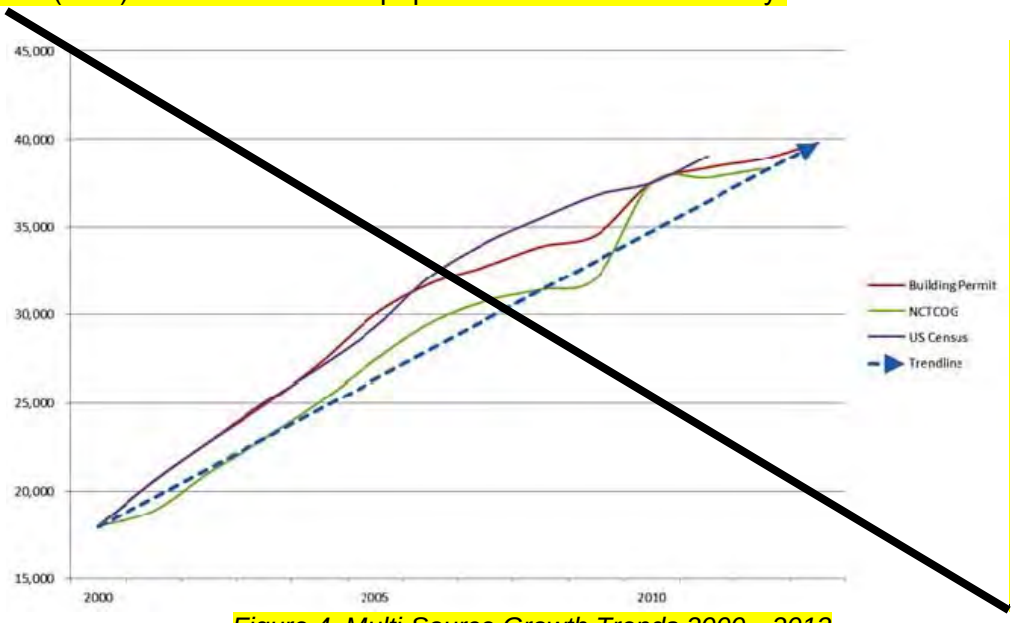
(7) *Employment (2013, 2023).* Employment data is aggregated to three employment sectors and include basic, retail, and service, as provided by the NCTCOG. These service sectors serve as the basis for non-residential trip generation. The following details which North American Industry Classification System (NAICS) codes fall within each three sectors.

a. *Basic (#210000 to #422999).* Land use activities that produce goods and services such as those that are exported outside the local economy; manufacturing, construction, transportation, wholesale trade, warehousing and other industrial uses.

b. *Service (#520000 to #928199).* Land use activities which provide personal and professional services such as financial, insurance, government, and other professional administrative offices.

c. *Retail (#440000 to #454390).* Land use activities which provide for the retail sale of goods that primarily serve households and whose location choice is oriented toward the household sector such as grocery stores, restaurants, etc.

(Ord. No. 08-21, exh. 1, 4-21-2008; Ord. No. 08-26, § 1(exh. 1), 6-2-2008; Ord. No. 13-42, § 1, 11-4-2013)



Sec. 38-364. Base year data.

This section documents the data used to derive the 2013 base year population estimate for the city.

(1) *Population growth.*

(a) One method of predicting future growth is looking at past growth. Rockwall, and Rockwall County as a whole, has experienced robust growth over the past decade. Past growth trends from the U.S. Census and the North Central Texas Council of Governments (NCTCOG) were examined in conjunction with

~~building permit data from the city (Figure 4). Building permits were multiplied by both the 2010 U.S. Census occupancy rate (94.7%) and average household size (2.81) to derive the 2013 population estimate for the city.~~

~~*Figure 4. Multi-Source Growth Trends 2000 – 2013*~~

~~The City's rapid growth often makes calculating populations estimates difficult. Data from the 2010 U.S. Census indicates that the city's population was 37,490 persons in 2010. Based upon an examination of available data, including 2010 U.S. Census household counts, city staff has derived a January 2013 population estimate of 39,817 residents. This number will serve as the base residential assumption for this report.~~

~~***Table 1. Growth Rates***~~

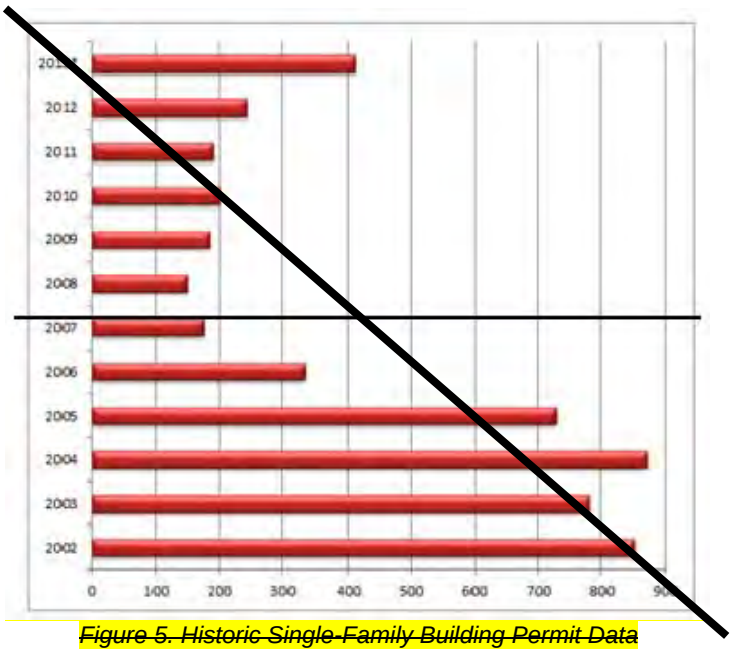

Figure 5. Historic Single-Family Building Permit Data

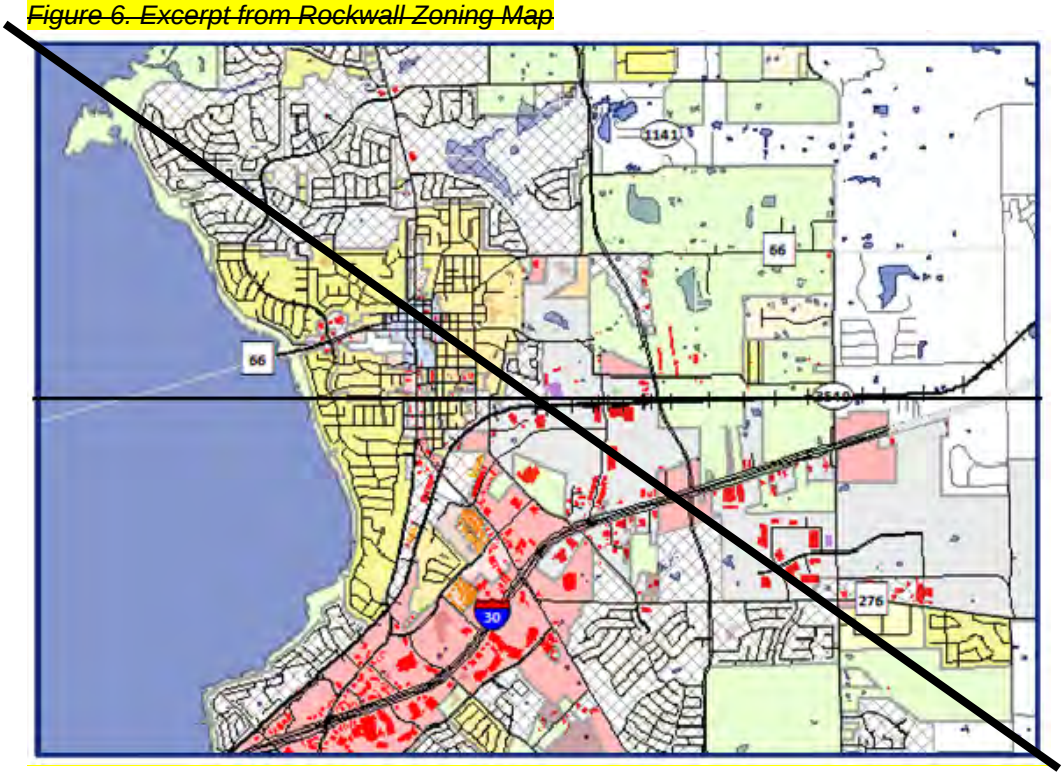
**2013 Data based on 70% assumed growth from 2012 (2013 SF permits up 70% from January 1-February 28 compared to same period in 2012).*

(2) Compound annual growth rate (CAGR) population. A compound annual growth rate (CAGR) allows for a general assessment of growth, considering periodic increases and decreases in residential population growth coinciding with changing economic conditions. Various sources were used to derive past growth rates. These sources indicated rates of growth between 3.25 and 4.75 percent. Based upon this data, analysis of ten-year forecasts, and city staff judgment, a four percent CAGR was determined to be a sound assumption for the ten-year study period.

(3) *Additional growth indicators.* Annual population growth rates have slowed in the city, from 10.8% between 2000—2005 to 4.6 percent between 2005—2010 and finally down to 2.0% between 2010 and current estimates (see table 1). Residential building permits, specifically single-family permits as depicted in Figure 5, coincide with the fluctuations in growth rates. Recent permit data shows an increase in single-family activity. In fact, 2013 single-family permits (issued 1-1-13 to 2-18-13) are up 70 percent from the same period in 2012. This recent increase, combined with Texas Water Board ten-year and 20-year county population projections and an overall sense of a recovering market led city staff to comfortably assume that overall growth over the ten-year period will average four percent. Likely, the annual growth will increase from its current two percent rate gradually to a five percent rate near the end of the forecast period.



(4) *Existing land use.* In any evaluation and projection of future land use patterns, a documentation of existing conditions is essential. Analysis of existing land use patterns was prepared based on a zoning classification inventory of the city. This also serves to document the present physical condition of the city with regard to any infrastructure deficiencies that may exist. The city's comprehensive plan will

~~serve as an additional basis for future growth projections. Nearly 25 percent of the city's land area is devoted to planned development districts, which are difficult to define in terms of land use since most of them are mixed-use in nature. Estimates of land use categories within PDs are included in the land use categories in table 2.~~

~~*Table 2. Existing Land Use Acreage*~~

~~Land Use Category~~	~~Acres~~	~~Percent of Total Land~~	~~Acres per 100 Persons[1]~~

~~Total~~	~~19,045~~	~~100%~~	
~~[1] Based on a 2013 estimated population of 39,817~~			

~~*Figure 6. Excerpt from Rockwall Zoning Map*~~

~~*(5) Existing employment.* 2013 base employment data was calculated using NCTCOG traffic survey zone (TSZ) data. As the TSZs do not follow city limits, allocations were made based on the locations of existing land uses and the percentage of each TSZ located within city limits.~~

~~Staff reviewed 2010 and 2015 NCTCOG employment estimates at the TSZ level and applied manual adjustments based on knowledge of development currently constructed and the portion of that development that is within the city limits. Once these numbers were tabulated, a CAGR was calculated between the 2010 and 2015 employment numbers. Finally, the CAGR was applied using the linear extrapolation method to the 2010 employment data, resulting in the 2013 employment data shown in Table 3.~~

Sec. 38-365. Ten-year growth assumptions.

(a) Growth is summarized by population and employment. A series of assumptions were made to arrive at reasonable growth rates for population and employment. The following assumptions have been made as a basis from which ten-year projections could be initiated:

(1) Future land uses will occur based on similar trends of the past and consistent with the future land use plan map;
(2) The city will be able to finance the necessary improvements to accommodate growth;
(3) School facilities will accommodate increases in population; and
(4) Densities will be as projected in the future land use plan map.

(b) The ten-year projections are based upon the growth rate which was discussed earlier and considers past trends of the city. Table 4 details the ten-year population projection.

Table 4. Ten Year Population and Household Projections by Service Area

Service Area	2010 Census		2013 Projection		2023 Projection	
	Households	Population	Households	Population	Households	Population
1	7,148	19,334	7,720	20,697	10,915	29,525

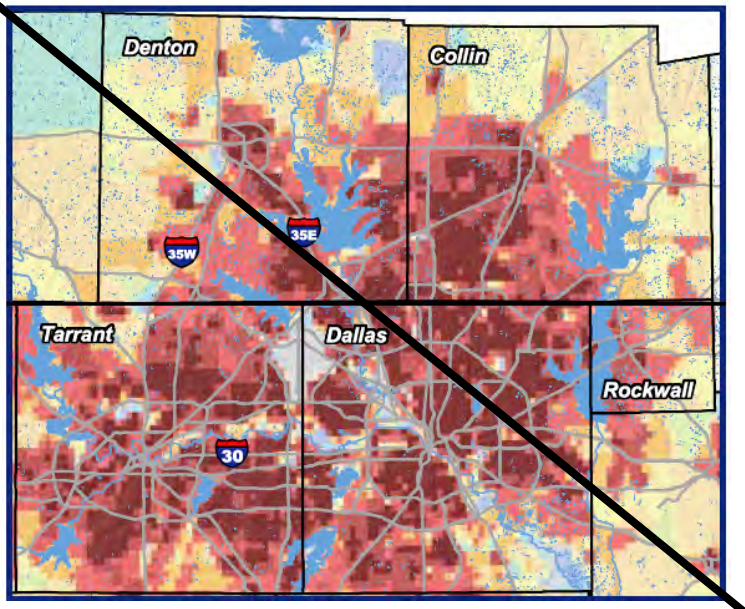
4	878	2,687	878	2,687	2,826	8,626
TOTAL	13,212	37,490	14,170	39,817	20,989	58,940
	Assumes 2.81 PPH (for 2013 Projections) per the 2010 Census					

The city has experienced significant growth over the past decade. The city's 2000 population stood at just under 18,000 residents. By the end of the decade, the city has more than doubled in population to a 2013 estimate of 39,817. This population growth is occurring within the context of the greater Dallas-Fort Worth metropolitan region, which has become one of the fastest growing regions in the nation, both in terms of population and employment. Figure 7 shows the projected population density in 2030 for the Metroplex. Darker reds indicate the more dense population centers, areas where growth is likely to continue. Although local growth has slowed since 2006, all data appears to indicate that growth will once again return to the area as the economy continues to recover. Using a four percent compound annual growth rate (CAGR), the projected 2023 population for the city is 58,939 (Figure 8).

Figure 7. Vision North Texas 2030 Population Density Map



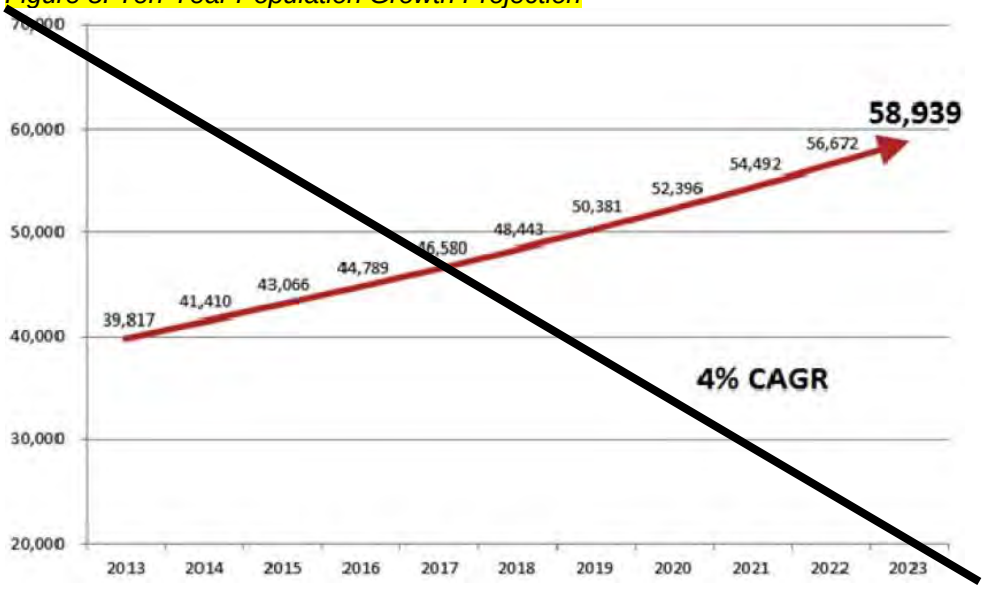


Figure 8. Ten-Year Population Growth Projection

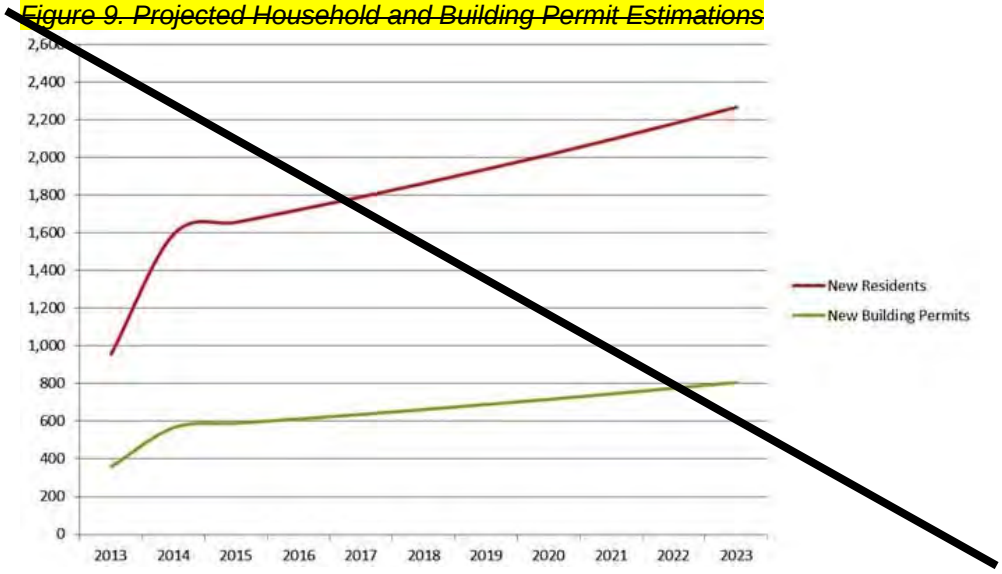

Building permit calculations were based upon the analysis described previously. An average of 2.81 PPH was used in our estimation to account for a mixture of multi-family and single-family, which is the average household size per the most recent U.S. Census (2010). Between 2000 and 2012, the city issued an average of 623 building permits a year with the highest number of permits, 1,033, being issued in 2005 and the lowest number of permits, 150, issued in 2008. The city may average 651 new dwelling units a year over the next ten-year period (Table 5 and Figure 9). This estimate reflects the type of construction which would likely occur based upon population projections, which considers both single-family and multi-family construction.

Table 5. Projected Household Estimations

Year	Population	New Residents	New Building Permits
2013	39,817	958	360
2014	41,410	1,593	567
2015	43,066	1,656	590

2023	58,939	2,267	807
Average Number of Annual Permits: 651			

Figure 9. Projected Household and Building Permit Estimations

Employment 2023

Employment data for the year 2023 was based upon data provided by the North Central Texas Council of Governments (NCTCOG). NCTCOG has provided employment data by traffic survey zone (TSZ) for 2015 and 2035. After staff adjustments for TSZ coverage area and anticipated future development were completed, a CAGR was derived between the 2015 and 2035 staff-adjusted NCTCOG employment numbers. Linear extrapolation of the CAGR produced the 2023 employment estimates by TSZ as listed in Table 6. It is important to note that TSZs do not follow city limits.

~~*Table 6. 2023 Employment Data by TSZ and Service Area*~~
~~Assumptions for future growth are confirmed based upon 2030 data from the Vision North Texas study. Most of the city is forecast for an employment density greater than 1.7 per acre, and upwards of 3.5+ per acre in areas around Interstate 30 and within the industrial park.~~

Sec. 38-367. Summary.

(a) Approximately 63 percent of the total land within the city limits is developed, with approximately 37 percent of land within the city limits being vacant and available for future development, where infrastructure and topography permit.

(b) The existing estimated 2013 population for Rockwall stands at approximately 39,817 persons, with an existing estimated employment of 16,007 jobs.

(c) A compound annual growth rate (CAGR) of FOUR percent was used to calculate the Rockwall ten-year growth projections. This growth rate is based upon historical U.S. Census data, 2011 Texas Water Commission population projections for Rockwall County, building permit information received from the city and North Central Texas Council of Governments (NCTCOG) projections.

(d) Ten-year (2023) population growth is forecasted to be 58,939 persons, with an employment of 22,928 jobs.

Table 7. Employment and Population Projection Summary

	2013	2023	% Increase

Sec. 38-360. Land Use Assumptions Report.

FORWARD

IMPACT FEES are charges imposed against new development to generate revenue for or recoup the cost of capital facilities (or infrastructure) necessitated by and attributed to new development. These fees are generally implemented to reduce the economic burden of a municipality when addressing the need for adequate capital improvements to accommodate growth.

PURPOSE

Chapter 395, *Financing Capital Improvements Required by New Development in Municipalities, Counties, and Certain Other Local Governments*, of the Texas Local Government Code outlines the process for adopting and updating impact fees for political subdivisions. On April 21, 2008 the City of Rockwall adopted roadway and water/wastewater impact fees per Ordinance No. 08-21. According to the statutory requirements stipulated by the Texas Local Government Code impact fees are required to be updated a minimum of every five (5) years [*§395.052*].

In approaching an update to existing impact fees it is important for a city to assess its growth and employment potential and establish land use assumptions that will guide development for a ten (10) year planning period (i.e. 2013-2023) [*§395.001(5)*]. These land use assumptions form the basis for the preparation of the *Impact Fee Capital Improvement Plan* for water, wastewater and roadway facilities.

In order to determine the need and timing of capital improvements to serve future development, a rational estimate of future growth is required. The purpose of this report is to formulate growth and employment projections based upon assumptions pertaining to the type, location, quantity and timing of future development within the city, and to establish and document the methodology used for preparing these land use assumptions.

ELEMENTS OF THE LAND USE ASSUMPTIONS REPORT

This report contains the following components:

- ☑ *Methodology*: This component of the report contains the systematic and theoretical analysis of the methods and principals used to prepare the projections and land use assumptions contain within this report.

- ☑ *Service Areas and Data Collection Zones*: This component provides an explanation of the data collection zones (i.e. Traffic Survey Zones [TSZ]) and the Roadway, Water and Wastewater Impact Fee Service Areas for capital facilities.

- ☑ *Base Year Data*: This component provides information on population, housing and employment in the City of Rockwall as of 2013 for each capital facility service area.

- ☑ *Ten-Year Growth Assumptions*: This component provides assumptions with respect to the population, housing and employment for the City of Rockwall in ten (10) years (i.e. 2023). This information is broken out by capital facility service area.

- ☑ *Build Out Assumptions:* This component provides projections for population, housing and employment under the assumption that the City and its Extraterritorial Jurisdiction (ETJ) are completely developed, or *Built Out*.

- ☑ *Summary*: This component provides a synopsis of the land use assumptions contained within this report.

- ☑ *Appendix:* This component contains information that was important in deriving the population, housing and employment projections for 2013-2023.

METHODOLOGY

Based upon the growth assumptions and the capital improvements needed to support growth, it is possible to develop an impact fee structure which fairly allocates improvement costs to growth areas in relationship to their impact upon the entire infrastructure system. The data in this report has been formulated using reasonable and generally accepted planning principles.

These land use assumptions and future growth projections take into consideration several factors influencing development patterns. These factors include:

- ☑ The character, type, density and quantity of existing development.

- ☑ The current zoning patterns and anticipated future land uses as established in the Comprehensive Plan (i.e. the City's *Future Land Use Plan Map*).

- ☑ The availability of land to support future expansion of development.

- ☑ The current and historical growth trends of both population and employment within the City.

- ☑ The location and configuration of vacant parcels of land and their ability to support development.

- ☑ The growth of employment utilizing previously established and generally accepted data (i.e. North Central Texas Council of Governments [*NCTCOG*] 2010 & 2015 Employment Projections).

- ☑ Local knowledge concerning future development projects or anticipated development within the city.

LAND USE ASSUMPTIONS REPORT ELEMENTS

The following is the general methodology that was used for the preparation of this report:

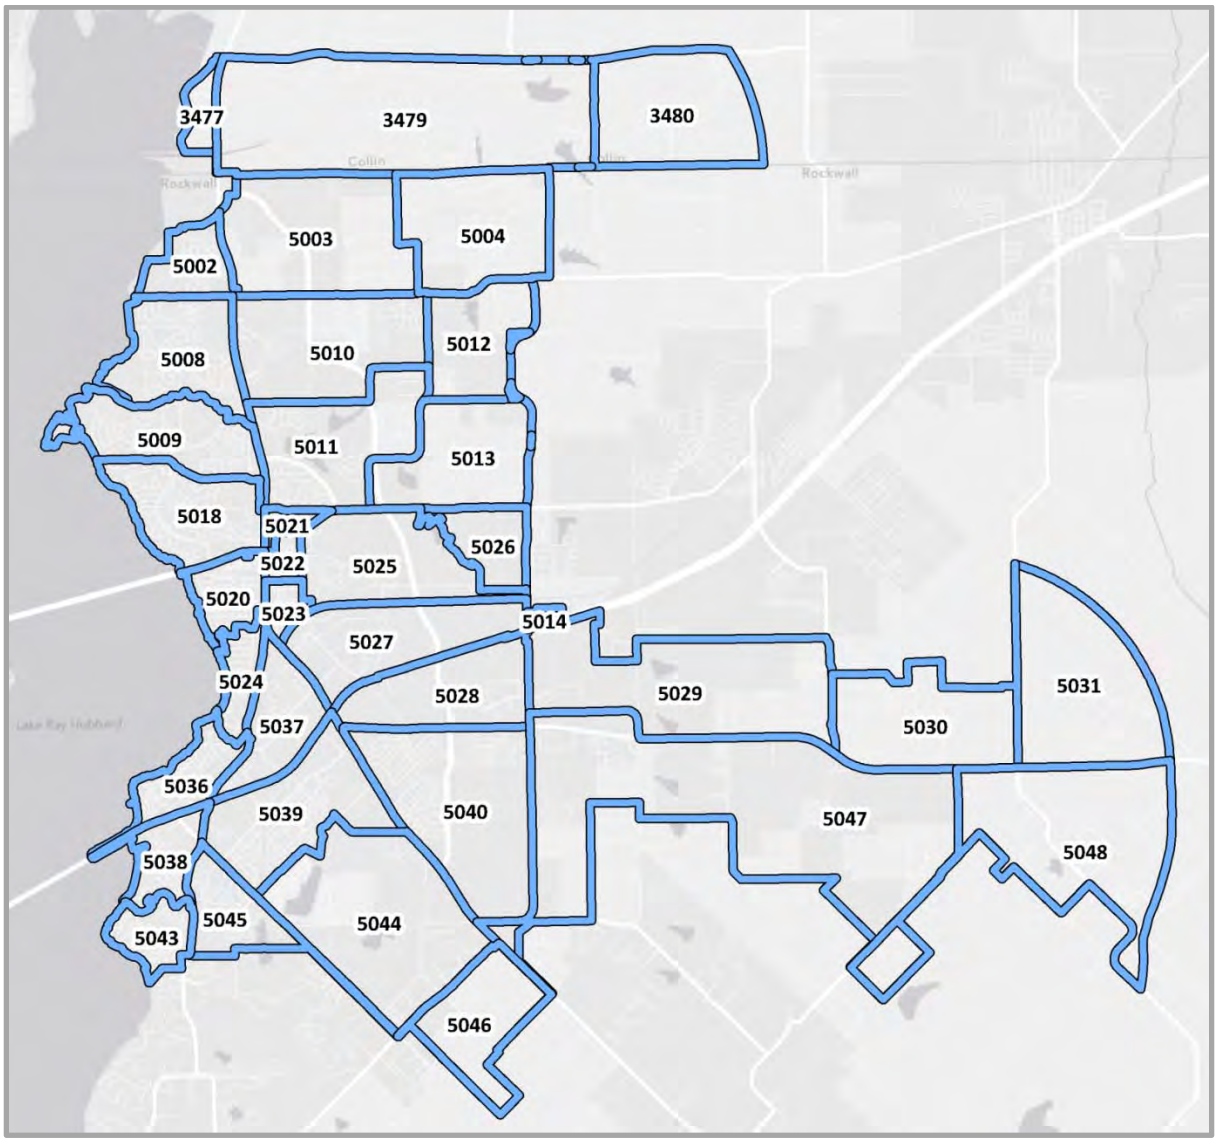
1. Population, housing and employment data was collected from the United States Census Bureau, North Central Texas Council of Governments (*NCTCOG*), the City of Rockwall Geographical Information Systems (GIS) Department, the City of Rockwall Building Inspection Department and other acceptable sources. This

information was then analyzed and used to provide base information for all service areas from which projections could be extrapolated [see *Service Areas and Data Collection Zones*].

2. The base year (i.e. 2013) estimates for housing, population and employment were calculated based on the information collected [see *Base Year Data*].

3. From the base year and the information gathered from various sources a growth rate was established by examining recent building permit information, past growth trends and anticipated development over the next ten (10) years. This growth rate was then applied to each of the impact fee service areas to project the base year data over the ten (10) year planning period (i.e. 2013-2023) [see *Ten Year Growth Assumptions*].

4. After the projections for housing, population and employment were prepared for the ten (10) year planning period city staff made adjustments to account for known or anticipated development activity within the planning periods. In making these adjustments city staff took into consideration the recommendations made within the 2012 Rockwall Comprehensive Plan Update, existing public works data, economic information provided by the Rockwall Economic Development Corporation (REDC) and demographic information provided by the GIS and Building Inspections Departments.



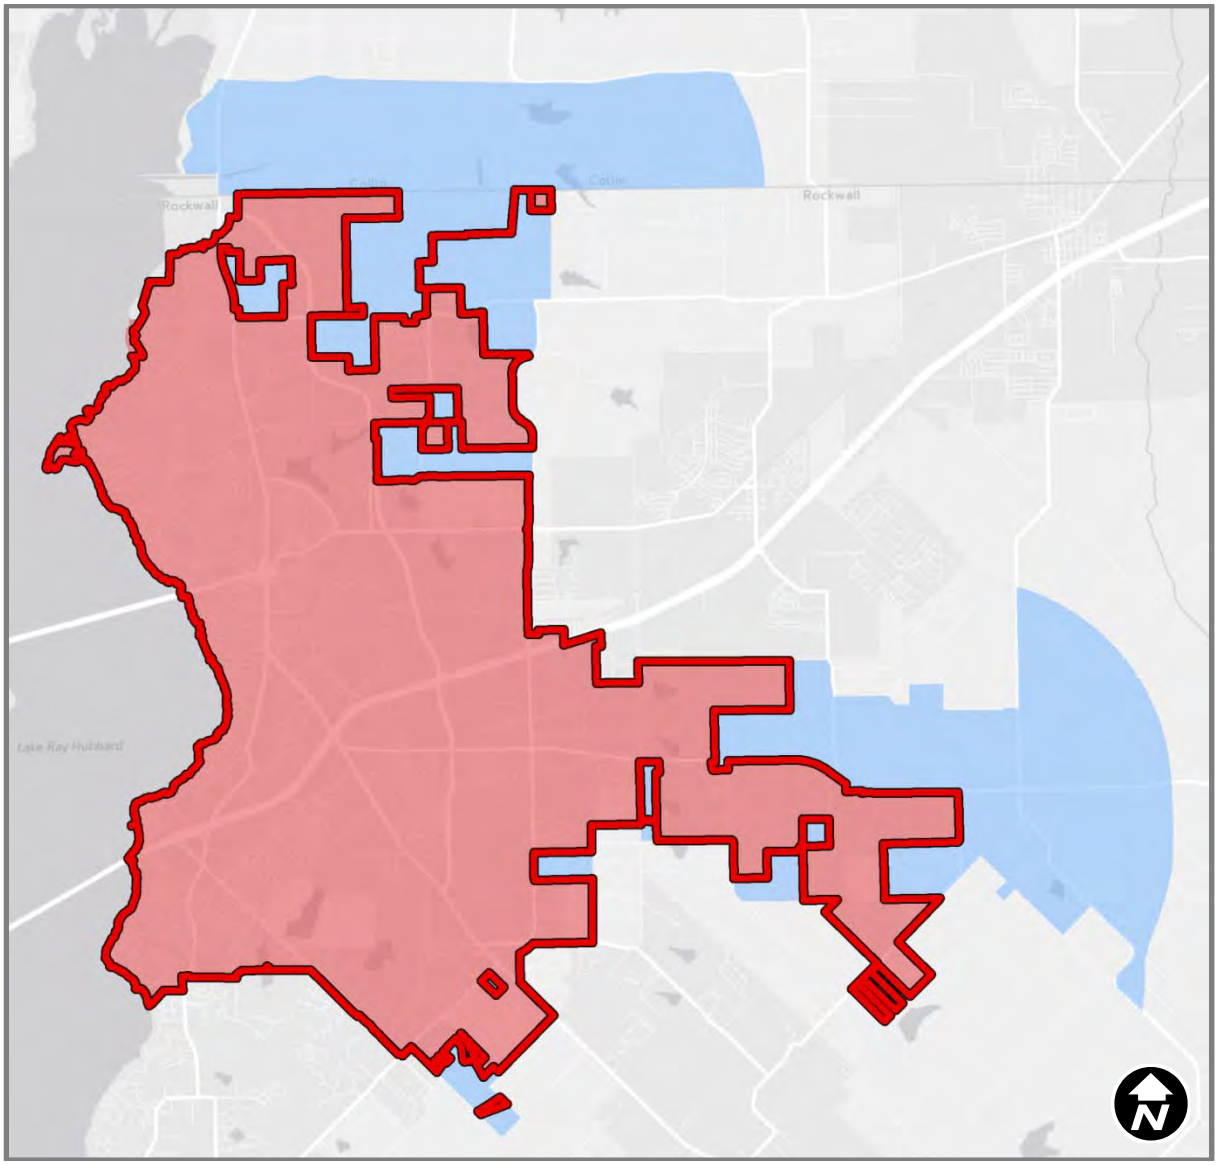
5. Finally, the City's *Build Out* projections for housing, population and employment were calculated by establishing the City's carrying capacity in terms of developable acres and projecting population forward using the previously established Compound Annual Growth Rate (CAGR) to establish a *Build Out Year*. The housing and employment information were then projected to the *Build Out Year* [see *Build Out Projections*].

DATA COLLECTION ZONES AND SERVICE AREAS

DATA COLLECTION ZONES

The *Data Collection Zones* used for this study were the North Central Texas Council of Government's (NCTOG's) Traffic Survey Zones (TSZs). A TSZ is a small geographic area developed by the NCTOG to serve as the basis for the regional TransCAD travel demand model and for the purpose of performing various other regional planning activities. TSZ's were originally formulated on the basis of homogeneity and traffic generation potential using major arterials, creeks, railroad lines and other physical boundaries for delineation. It should be noted that several TSZ's were adjusted in the calculations because portions include areas outside of the City limits.

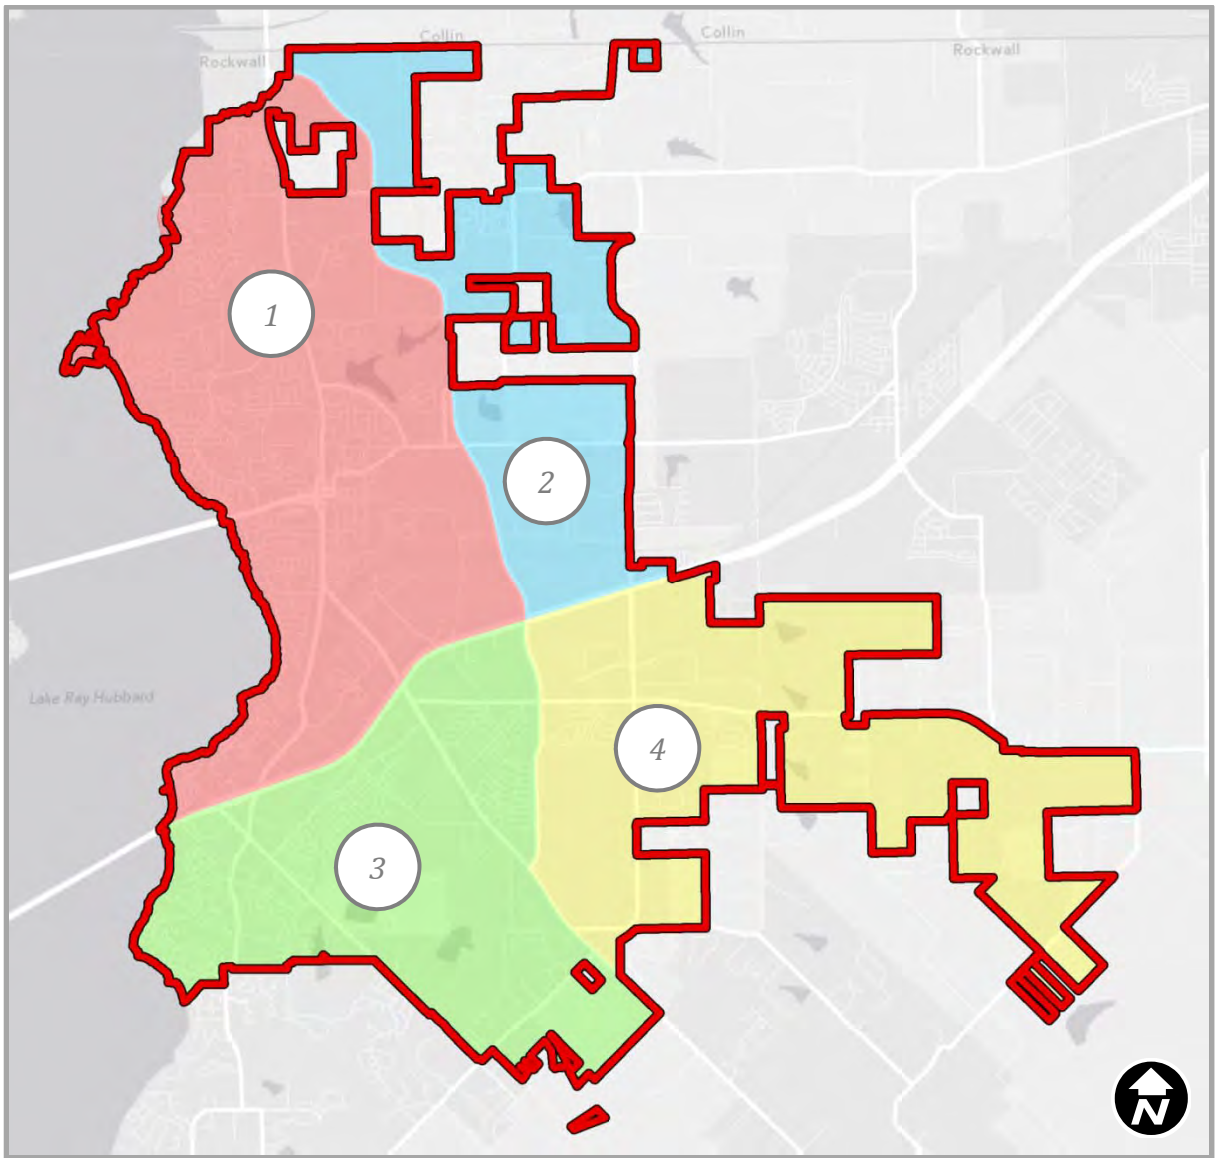
FIGURE 1: TRAFFIC SURVEY ZONES (TSZs)
Note: The TSZs below have been clipped to the Extraterritorial Jurisdiction (ETJ)



SERVICE AREAS

The Texas Local Government Code (TLGC) requires that services areas be established within the corporate boundaries of a political subdivision for the purpose of ensuring that the capital improvements service the areas generating need. The boundaries for impact fees are defined as follows:

Roadway Impact Fees refers to a service area that is limited to the corporate boundaries of a political subdivision or city, and cannot extend into the Extraterritorial Jurisdiction (ETJ) or for a distance exceeding more than six (6) miles. The City of Rockwall is divided into four (4) service areas that are depicted in *Figure 3* on *Page 5*.



Water and Wastewater Impact Fees refers to a service area that includes a city's corporate boundaries and Extraterritorial Jurisdiction (ETJ). This service area is depicted in *Figure 4* on *Page 6*.

FIGURE 2: CITY OF ROCKWALL CITY LIMITS AND EXTRATERRITORIAL JURISDICTION (ETJ)
Note: The City Limits of Rockwall are depicted in RED. The Extraterritorial Jurisdiction (ETJ) is depicted in BLUE.

ROADWAY SERVICE AREAS

MAP KEY

BLUE: Service Area

SUMMARY OF DATA

The current database and the database prepared in 2007, along with all future projections, were drafted utilizing the following geographic areas:

- ☑ *Service Area.* The Service Area correlates to the Water, Wastewater and Roadway Service Areas identified in *Figures 3 & 4*. As previously state the corporate boundaries of the City of Rockwall serve as the limits for the Roadway Service Areas and the Water and Waste Water Service Areas include the corporate boundaries and the Extraterritorial Jurisdiction (ETJ).

- ☑ *Traffic Survey Zone (TSZ).* A Traffic Survey Zone or *TSZ* are geographic areas established by the North Central Texas Council of Governments (NCTCOG), which are used for data collection purposes.

Additionally, all databases and projections utilized the following variables:

- ☑ *Households (2013).* Household data includes living units (i.e. *single-family, duplex, multi-family, group home/quarters, etc.*) existing at the end of the calendar year 2012 (*January 1, 2013 to December 31, 2012*). This number was derived using 2010 United States Census data relating to households, residential building permits obtained from the Rockwall Building Inspections Department, and address point data obtained from the Rockwall Geographic Information Systems Department (GIS).

- ☑ *Households (2023).* This is the projected household data by service area for the year 2023, which represents a ten (10) year growth projection. This information was derived by staff using proper projection techniques.

- ☑ *Population (2013)*. This is the existing population for the base year (i.e. *2013*). This information was calculated utilizing the number of households existing at the end of the calendar year 2012, the occupancy rate and average household size as established by the United State Census Bureau, and the population of all group quarters (i.e. *[# of Households – Vacancy Rate] x Household Size + Group Quarters Population = Population*).

- ☑ *Population (2023)*. The projected population by service area for the year 2023, which represents a ten (10) year growth projection. This information was derived by staff using proper projection techniques.

- ☑ *Employment (2013).* Employment data was aggregated to three (3) employment sectors, which include *Basic*, *Retail* and *Service* as provided by the North Central Texas Council of Governments (NCTCOG). These service sectors serve as the basis for non-residential trip generation. The following is a summary of these employment sectors followed by corresponding North American Industry Classification System (NAICS) code:

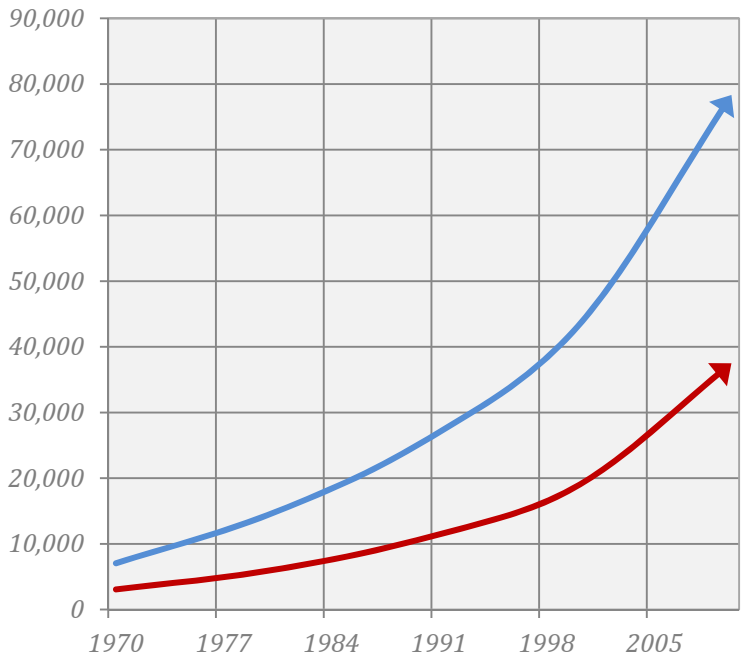
  - ➢ *Basic.* Land use activities that produce goods and services such as those that are exported outside the local economy. These include manufacturing, construction, transportation, wholesale trade, warehousing and other industrial uses (NAICS Code: *#210000 - #422999*).

- *Retail.* Land use activities which provide for the retail sale of goods that primarily serve households and whose location choice is oriented toward the household sector. These include uses such as grocery stores, restaurants, etc. (NAICS Code: *#440000 - #454390*).

- *Service.* Land use activities which provide personal and professional services. These include such uses as financial, insurance, government, and other professional and administrative offices (NAICS Code *#520000 - #928199*).

☑ *Employment (2023).* The projected employment data was aggregated to three (3) employment sectors, which include *Basic*, *Retail* and *Service* as provided by the North Central Texas Council of Governments (NCTCOG). These service sectors were then projected by service area to the year 2023, which represents a ten (10) year growth projection. This information was derived by staff using proper projection techniques.

BASE YEAR DATA



This section documents the methods used to derive the base year data for the City of Rockwall as of January 1, 2013. This *benchmark* information provides a starting point in which to extrapolate the ten (10) year growth assumptions that are presented in the following section (see *Ten-Year Growth Assumptions*).

POPULATION GROWTH

One method of predicting future growth is to examine past growth trends. The City of Rockwall and Rockwall County have experienced robust growth over the past decade (see *Figure 5*). Past growth trends from the United States Census Bureau and the North Central Texas Council of Governments (NCTCOG) were examined in conjunction with building permit data provided from the City of Rockwall Building Inspections Department (this information is summarized in *Figure 6*). The following formula lays out the methodology used to calculate the 2013 population estimate:

POP = (NH x OR) x AHS + GQP
[POP = (14,831 x 0.947) x 2.81 + 325, or POP = 39,817]

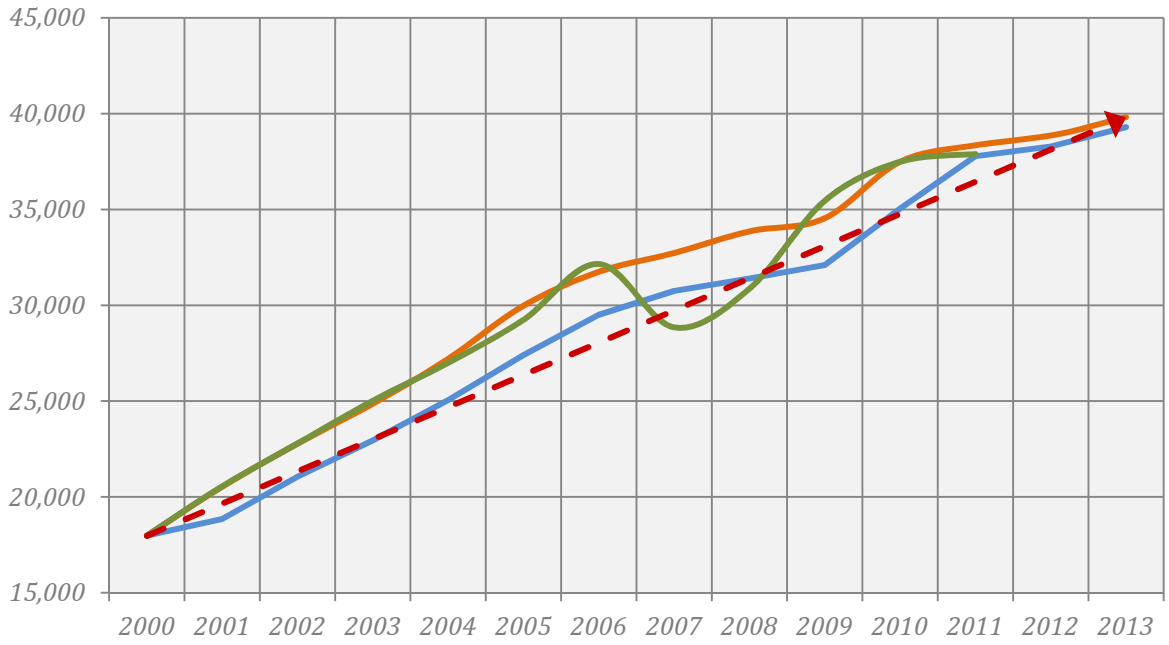


FIGURE 5: CITY OF ROCKWALL VS. COUNTY OF ROCKWALL [POPULATION]
MAP KEY: BLUE = ROCKWALL COUNTY; RED = CITY OF ROCKWALL

WHERE,
POP = 2013 Population
NH = Number of Households [14,831 per City of Rockwall]
OR = Occupancy Rate [94.7 % per US Census Bureau]
AHS = Average Household Size [2.81185 per US Census Bureau]
GQP = Group Quarter Population [325 per City of Rockwall]

This population (i.e. *39,817*) will serve as the base population for this report.

FIGURE 6: POPULATION BY AGENCY 2000 - 2013
MAP KEY: ORANGE = CITY OF ROCKWALL; BLUE = NORTH CENTRAL TEXAS COUNCIL OF GOVERNMENTS (NCTCOG); GREEN = US CENSUS BUREAU; RED = TREND LINE

POPULATION GROWTH RATE

A *Compound Annual Growth Rate (CAGR)* allows for a general assessment of growth when considering periodic increases and decreases in residential population growths that coincide with changing economic conditions. Various sources were used in establishing the past growth rates. These sources indicate rates of growth change between *3.25%* and *4.75%* (see *Table 1*). Based upon this data, an analysis of the ten (10) year forecast, and City staff's judgment, a four (4) percent CAGR was determined to be a sufficient assumption for the ten (10) year projection period. The calculated population numbers for all service areas for the years 2013 & 2023 are depicted in *Appendix 'A' & 'B'* of this document.

ADDITIONAL GROWTH INDICATORS

The annual population growth rate has slowed in the city from *10.8%* (2000-2005) to *4.6%* (2005-2010), and finally decreasing to *2.0%* in 2010 (see *Table 1*). The increase/decrease of residential building permits coincides with the fluctuations in growth rates (see *Figure 7*). Recent permit data shows an increase in single-family activity. In fact, in 2013 single family permits (issued from January 1, 2013 to February 28, 2013) were up 70% from the same period in 2012. This recent increase in single family building permits combined with the Texas Water Board's ten (10) year and twenty (20) year County population projections, coupled with an overall sense of market recovery has led the City's staff to comfortably assume that the overall growth for the next ten (10) year period will average four (4) percent. However, it is likely that annual growth will gradually increase from its current two (2) percent rate to a five (5) percent rate near the end of the forecasted period.

TABLE 1: CITY OF ROCKWALL GROWTH RATES

Data Source	Growth Rate (%)
2010 – 2012 US Census [1]	1.81
2007 – 2012 US Census [1]	3.49

EXISTING LAND USE

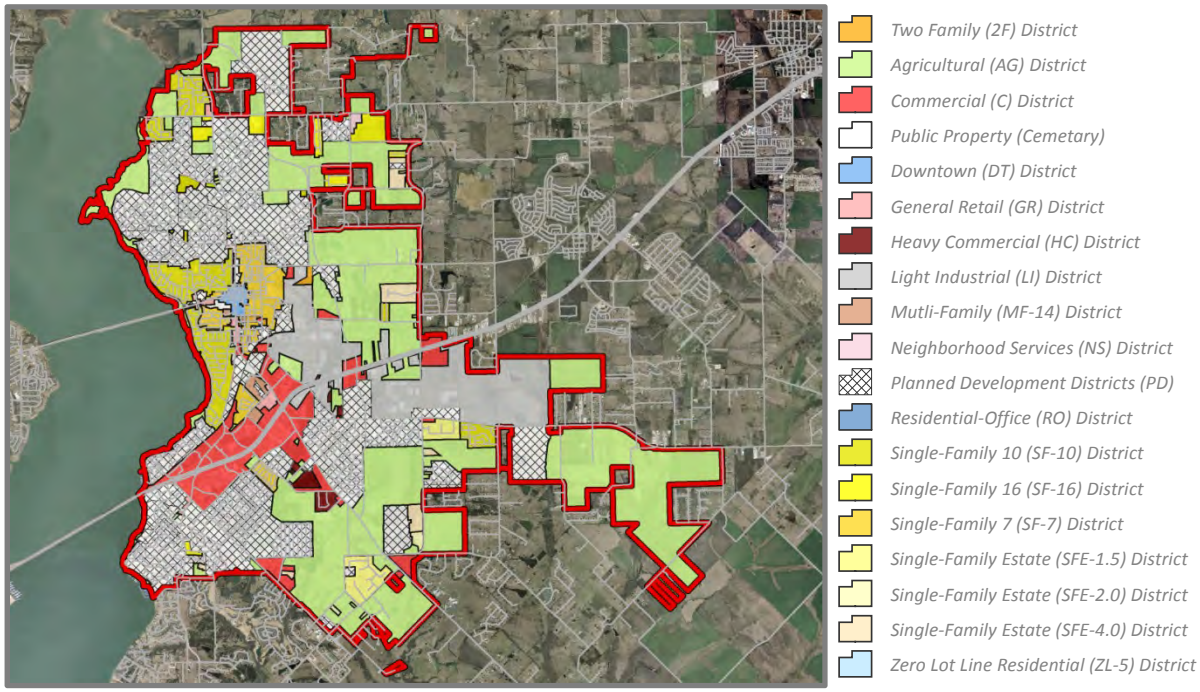

TABLE 2: EXISTING LAND USE ACREAGE

Land Use Category	Acres	% of Total Land	Acres per 100 People
Single Family	6,167	32.4	15.5
Multi-Family	280	1.5	0.7
Manufactured Home	218	1.1	0.5
Parks and Open Space	780	4.1	2.0
Public & Semi-Public	167	0.9	0.4
Office & Retail	617	3.2	1.6
Commercial	1,852	,9.7	4.6
Industrial	1,847	9.7	4.6
Agricultural	7,117	37.4	17.9
TOTAL:	19,045	100%	

NOTES: Based on 2013 estimated population of 39,817.

In any evaluation and projection of future land use patterns, a documentation of existing conditions is necessary. An analysis of existing land use patterns was prepared based on a zoning classification inventory of the City (see *Table 2*). This also serves to document the present physical condition of the City with regard to any infrastructure deficiencies that may exist. The City's Comprehensive Plan will serve as an additional basis for future growth projections. Nearly twenty-five (25%) percent of the City's land area is devoted to Planned Development Districts, which are difficult to define in terms of land use since most of them contain allowances for a mixture of land uses. In addition to current zoning classifications *Table 2* also contains estimates of the land use categories permitted within the City's Planned Development Districts.

FIGURE 8: EXISTING LAND USE MAP (ZONING MAP)

EXISTING EMPLOYMENT

The base employment data (*i.e. 2013*) was calculated by Traffic Survey Zone (TSZ) from employment estimates provided by the North Central Texas Council of Governments (NCTCOG). As TSZ's do not conform to the corporate boundaries of a city, staff made allocations based on the locations of existing land uses and the percentage of the TSZ located within the City Limits/Extraterritorial Jurisdiction (ETJ). Additionally, staff reviewed the 2010 and 2015 NCTCOG employment estimates and applied manual adjustments based on local knowledge of the city and proposed/current development. From this employment data staff determined the Compound Annual Growth Rate (CAGR) and applied it using the linear extrapolation method to the 2010 employment data. This resulted in the 2013 employment data depicted in *Appendix 'C' & 'D'* of this report.

TEN-YEAR GROWTH ASSUMPTIONS

In this study growth is characterized by two (2) forms: 1) Population (*i.e. residential land use*), and 2) Employment (*i.e. non-residential land use*). To calculate a reasonable growth rate for population and employment it was necessary for staff to make a series of assumptions on which to base the ten (10) year growth projections. These assumptions are summarized as follows:

- ☑ Future growth identified within this study will conform to the Future Land Use Plan depicted in the Comprehensive Plan.
- ☑ The City will be able to finance the necessary improvements to accommodate future growth.
- ☑ School facilities will sufficiently accommodate any identified increases in the population.
- ☑ Densities will conform to the land classifications identified within the Comprehensive Plan and as depicted on the Future Land Use Plan.

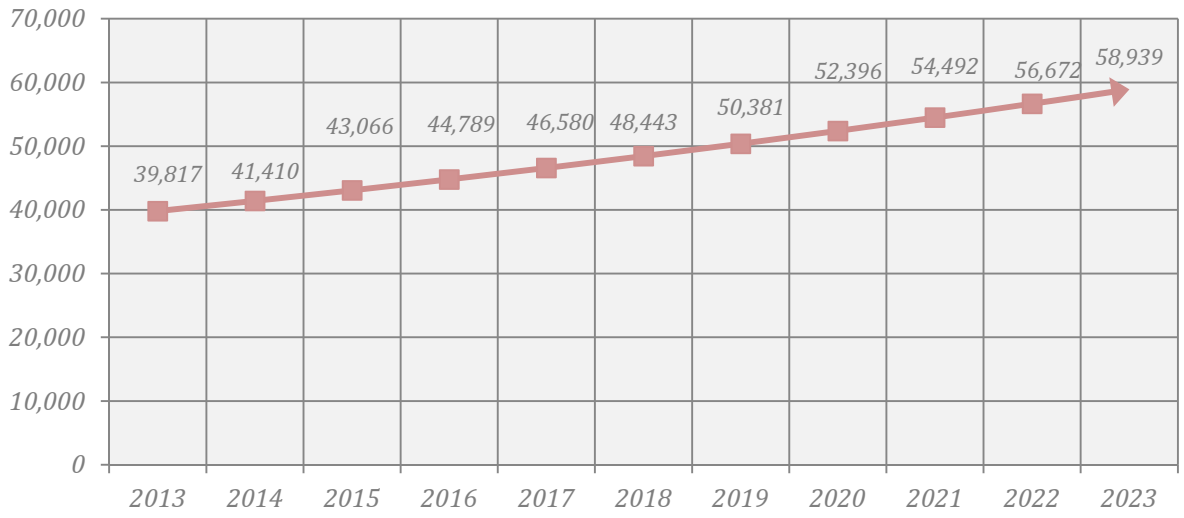
TABLE 3: SUMMARY OF TEN-YEAR GROWTH
(ALL ROADWAY SERVICE AREAS)

	2013	2023	Increase
Households	14,170	20,989	32.49%
Population	39,817	58,940	32.44%
Total Employment	16,023	23,182	30.88%
Basic	1,521	2,519	39.60%
Service	5,902	8,179	27.84%
Retail	8,600	12,484	31.11%

TABLE 4: SUMMARY OF TEN-YEAR GROWTH
(WATER/WASTE WATER SERVICE AREA)

	2013	2023	Increase
Households	15,682	23,171	32.32%
Population	44,066	65,073	32.28%
Total Employment	18,014	25,559	29.52%
Basic	3,148	4,342	27.51%
Service	5,902	8,179	27.84%
Retail	8,964	13,038	31.25%

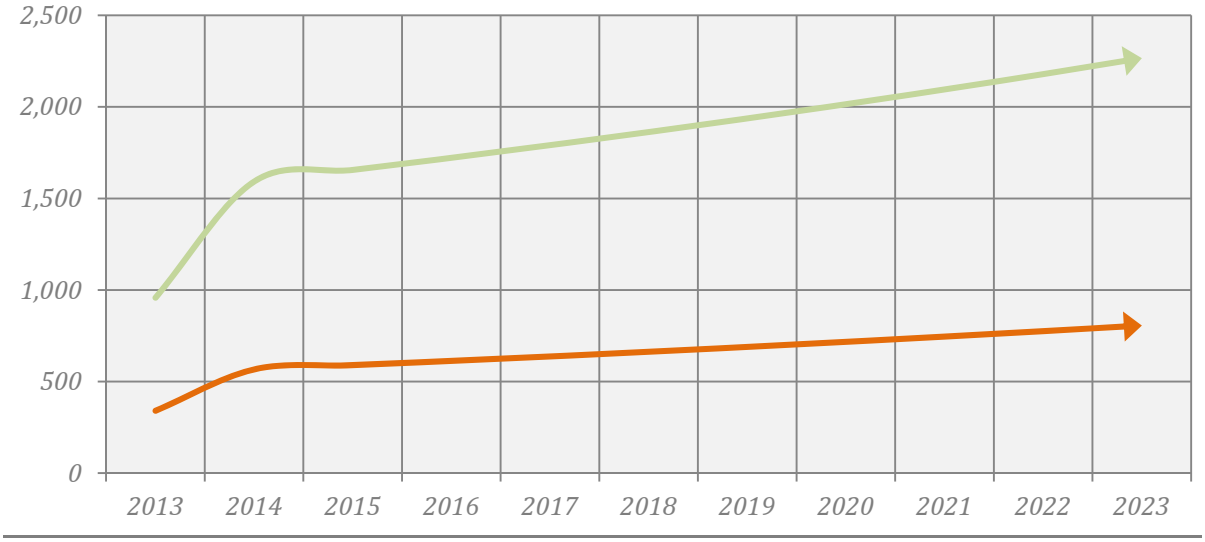
The ten (10) year projections are based on the growth rate which was previously discussed and staff's consideration of past development trends. Tables 3 & 4 detail the ten (10) year projections for households, population and employment for the service areas associated with roadway and water/wastewater impact fees.



POPULATION 2023

The City of Rockwall has experienced significant growth since 2000 when the estimated population was 18,000 residents. Today the population is over double the 2000 population at an estimated 39,817. This growth trend is not just evident in the City of Rockwall as the greater Dallas-Fort Worth metropolitan area has become one of the fastest growing regions in the United States both in terms of population and employment. Although local growth has slowed since 2006 all data appears to indicate that this is only a temporary condition as the area's economy continues to recover from the national housing slump that began in 2008. Using the Compound Annual Growth Rate (CAGR) method staff projects that the population for the City will be 58,939 residents by 2023 (see *Figure 9*).

TABLE 5: PROJECTED HOUSEHOLD ESTIMATIONS



Year	Population	New Residents	New Building Permits
2013	39,817	958	360
2014	41,410	1,593	567
2015	43,066	1,656	590
2016	44,789	1,723	613
2017	46,580	1,791	637
2018	48,443	1,863	663
2019	50,381	1,938	690
2020	52,396	2,015	717
2021	54,492	2,096	746
2022	56,672	2,180	776
2023	58,939	2,267	807
Average Number of Annual Permits:			651

FIGURE 9: TEN-YEAR POPULATION GROWTH @ A 4% COMPOUND ANNUAL GROWTH RATE

In determining this population projection staff utilized residential building permit counts coupled with an assumption that the average people per household was 2.81 (*2010 US Census*). This figure was used to account for a mixture of multi-family and single family households. Additionally, between 2000 and 2012 the City issued an average of 623 building permits per year; with the highest number of permits topping out at 1,033 in 2005, and the lowest number of building permits issued in 2008 at 150 (see *Table 5*). From this information staff estimated that the City will issue an average of 651 residential building permits per year over the next ten (10) year period (see *Table 5* and *Figure 10*). This estimate takes into consideration the type of development likely (i.e. single family or multifamily) to occur in a given area.

FIGURE 10: PROJECTED HOUSEHOLD AND BUILDING PERMIT ESTIMATIONS
MAP KEY: ORANGE = NEW BUILDING PERMITS; GREEN = NEW RESIDENTS

EMPLOYMENT 2023

Employment data for the year 2023 was based upon data provided by the North Central Texas Council of Governments (NCTCOG). NCTCOG has provided employment data by Traffic Survey Zone (TSZ) for 2015 and 2035. After staff's adjustments for TSZ coverage area and anticipated future development were accounted for, a Compound Annual Growth Rate (CAGR) was derived between the 2015 and 2035 staff-adjusted NCTCOG employment numbers. Linear extrapolation of the CAGR produced the 2023 employment estimates by TSZ as listed in the appendices of this document (see *Appendix 'C' & 'D'*).

Staff's assumptions of future growth are confirmed by 2030 data derived from the *North Texas 2050* study published by Vision North Texas. The majority of the city is forecasted to have an employment density of greater than *1.7* units per acre, and upwards of *3.5*+ units per acre in areas adjacent Interstate Highway 30 (IH-30) and within Rockwall's Industrial Park (located adjacent to State Highway 276 [SH-276]).

Build Out 139,919

A *Build Out Projection* for a city (also referred to as the city's *Carrying Capacity*) is an estimate of the location and density of all potential development, employment and population that a city can support within its future corporate boundaries.

ESTABLISHING THE CITY'S POPULATION AT BUILD OUT

In establishing the city's population at build out staff made the following assumptions:

- ☑ All vacant land w/in the City's corporate boundaries will develop with the maximum density permitted for the current zoning per the Unified Development Code.
- ☑ All Agricultural (Ag) District property is assumed to be vacant and will develop at 2.0 units per acre.
- ☑ All property within the Extraterritorial Jurisdiction (ETJ) is assumed to be vacant and will be developed in conformance with the Future Land Use Map at the maximum density permitted by the Comprehensive Plan.
- ☑ The city's ETJ is fixed and will not increase in the future.

Taking these assumptions into consideration, staff utilized Geographical Information Systems (GIS) software to calculate all the undeveloped land within the city's corporate boundaries, including the ETJ (see *Table 6*). Once calculated the acreages were broken down by land use and multiplied by the maximum density permitted for each of the land uses as established within the Unified Development Code and the Comprehensive Plan. These totals were then multiplied by the average people per household [*i.e. 2.81*] (*2010 US Census*) to establish the population at build out (i.e. 139,919). From this point staff projected the population forward using the previously established four (4%) percent Compound Annual Growth Rate (CAGR) [see the *Ten-Year Growth Assumptions* section] until the build out population was reached (see *Table 7*). This established a build out year of 2046. The

following formula lays out the methodology used to calculate the numbers:

BO = POP + VPOP + EPOP
[BO = 39,817 + 48,663 + 51,439, or BO = 136,657]

VPOP = Σ [(LU_1 x D_1) … (LU_x x D_x)] x AHS or VPOP = 48,663
EPOP = (LDR x 2.0) + (MDR x 3.0) + (HDR x 5), (i.e. EPOP = 50,123 + 1,316 + 0) or
EPOP = 51,439

WHERE,
BO = Build Out Population
POP = 2013 Population (i.e. Current Population)
VPOP = Population of Vacant Land w/in the City Limits
EPOP = Population of Vacant Land w/in ETJ
LU = Vacant Available Land (inside the City Limits) for a Given Land Use
D = Maximum Density Permitted for a Given Land Use [Unified Development Code]
AHS = Average Household Size [2.81185 per US Census Bureau]
LDR = Low Density Residential Acreage Available in the ETJ
MDR = Medium Density Residential Acreage Available in the ETJ
HDR = High Density Residential Acreage Available in the ETJ

SUMMARY

The following is a summary of staff's findings when preparing the Land Use Assumption Report in preparation for updating the Roadway, Water and Wastewater Impact Fees for 2013:

- ☑ The average annual growth rate as calculated by staff is four (4) percent. This growth rate was established based on data from the US Census, Texas Water Commission, North Texas Council of Governments (NCTCOG), the City and County of Rockwall. Using this growth rate staff projected the following population numbers:
  - ➢ The population of the City of Rockwall as of 2013 is 39,817. This is expected to increase by ~32% in the next ten (10) years to an estimated 58,940 by 2023.
  - ➢ The population for the City of Rockwall and its Extraterritorial Jurisdiction (ETJ) as of 2013 is 44,066. This is expected to increase by ~32% in the next ten (10) years to an estimated 65,073 by 2023.
- ☑ The estimated employment for the City of Rockwall as of 2013 is 16,023 jobs, with another 1,991 jobs existing within its ETJ. Staff estimates this number to climb to 23,182 jobs within the city limits, and another 2,377 jobs within the ETJ by 2023.
- ☑ Staff has established that there are currently 8,610.53 undeveloped acres of land within the city limits. This represents ~45% of the current land in the City (see *Table 8*). Additionally, the City of Rockwall has access to another 10,521.60 acres of land within its current ETJ (see *Table 9*). At the bottom of this page is a summary of all vacant land by current land use existing within the city's corporate boundaries and its ETJ (*see Tables 8 & 9*).
- ☑ According to staff estimates the City of Rockwall is expected to be built out in the year 2046, with a total population of 139,919.

Secs. 38-361. Schedules for Impact Fees

(a) Roadway Impact Fees.

(1) *Schedule 1: Roadway Impact Fee Assessment*. The following schedule is for roadway impact fee assessment.

Service Area	*Cost Per Service Unit*
1	$1,278.00
2	$5,058.00
3	$240.00
4	$738.00

(2) *Schedule 2: Roadway Impact Fee Collection.* The following schedule is for roadway impact fee collection.

Service Area	*Cost Per Service Unit*
1	$256.00
2	$2.56.00
3	$120.00
4	$256.00

(Ord. No. 08-21, exh. 1, 4-21-2008; Ord. No. 08-26, § 1(exh. 1), 6-2-2008; Ord. No. 13-42, § 1, 11-4-2013)

(b) Water/Wastewater Impact Fees.

(1) *Schedule 1: Maximum Water/Wastewater Impact Fees*. The following schedule is the maximum impact fees per single family/living unit equivalent for water and wastewater facilities. *The below impact fees per service unit depicted in each column also apply to new developments that were unplatted and which did not require platting at the time of development within the period listed.*

	Land Platted or Replatted Between 07/16/1990 & 06/02/2008	*Land Platted or Replatted Between 06/02/2008 & 10/20/2014*	*Land Platted or Replatted After 10/20/2014*
Water (per SFLUE)	$848.00	$4,229.03	$3,111.05
Wastewater (per SFLUE)	$3,340.00	$783.49	$2,472.58

Notes:
[1]: For non-residential uses, assessment was expressed as SFLUEs per acre: 2.11 SFLUE/acre for water impact fees and 2.17 SFLUE/acre for wastewater impact fees, within the period listed.

(2) *Schedule 2: Impact Fees to be Paid per Service Unit for Water and Wastewater Facilities*.

	Per Living Unit Equivalent (5/8" – 1" Water Meter)
Water Facilities	$1,555.53
Wastewater Facilities	$1,236.29

Secs. 38-363—38-398. Reserved.

FORWARD

IMPACT FEES are charges imposed against new development to generate revenue for or recoup the cost of capital facilities (or infrastructure) necessitated by and attributed to new development. These fees are generally implemented to reduce the economic burden of a municipality when addressing the need for adequate capital improvements to accommodate growth.

PURPOSE

Chapter 395, *Financing Capital Improvements Required by New Development in Municipalities, Counties, and Certain Other Local Governments*, of the Texas Local Government Code outlines the process for adopting and updating impact fees for political subdivisions. On April 21, 2008 the City of Rockwall adopted roadway and water/wastewater impact fees per Ordinance No. 08-21. According to the statutory requirements stipulated by the Texas Local Government Code impact fees are required to be updated a minimum of every five (5) years [*§395.052*].

In approaching an update to existing impact fees it is important for a city to assess its growth and employment potential and establish land use assumptions that will guide development for a ten (10) year planning period (i.e. 2013-2023) [*§395.001(5)*]. These land use assumptions form the basis for the preparation of the *Impact Fee Capital Improvement Plan* for water, wastewater and roadway facilities.

In order to determine the need and timing of capital improvements to serve future development, a rational estimate of future growth is required. The purpose of this report is to formulate growth and employment projections based upon assumptions pertaining to the type, location, quantity and timing of future development within the city, and to establish and document the methodology used for preparing these land use assumptions.

ELEMENTS OF THE LAND USE ASSUMPTIONS REPORT

This report contains the following components:

- ☑ *Methodology*: This component of the report contains the systematic and theoretical analysis of the methods and principals used to prepare the projections and land use assumptions contain within this report.
- ☑ *Service Areas and Data Collection Zones*: This component provides an explanation of the data collection zones (i.e. Traffic Survey Zones [TSZ]) and the Roadway, Water and Wastewater Impact Fee Service Areas for capital facilities.
- ☑ *Base Year Data*: This component provides information on population, housing and employment in the City of Rockwall as of 2013 for each capital facility service area.
- ☑ *Ten-Year Growth Assumptions*: This component provides assumptions with respect to the population, housing and employment for the City of Rockwall in ten (10) years (i.e. 2023). This information is broken out by capital facility service area.
- ☑ *Build Out Assumptions:* This component provides projections for population, housing and employment under the assumption that the City and its Extraterritorial Jurisdiction (ETJ) are completely developed, or *Built Out*.
- ☑ *Summary*: This component provides a synopsis of the land use assumptions contained within this report.
- ☑ *Appendix:* This component contains information that was important in deriving the population, housing and employment projections for 2013-2023.

METHODOLOGY

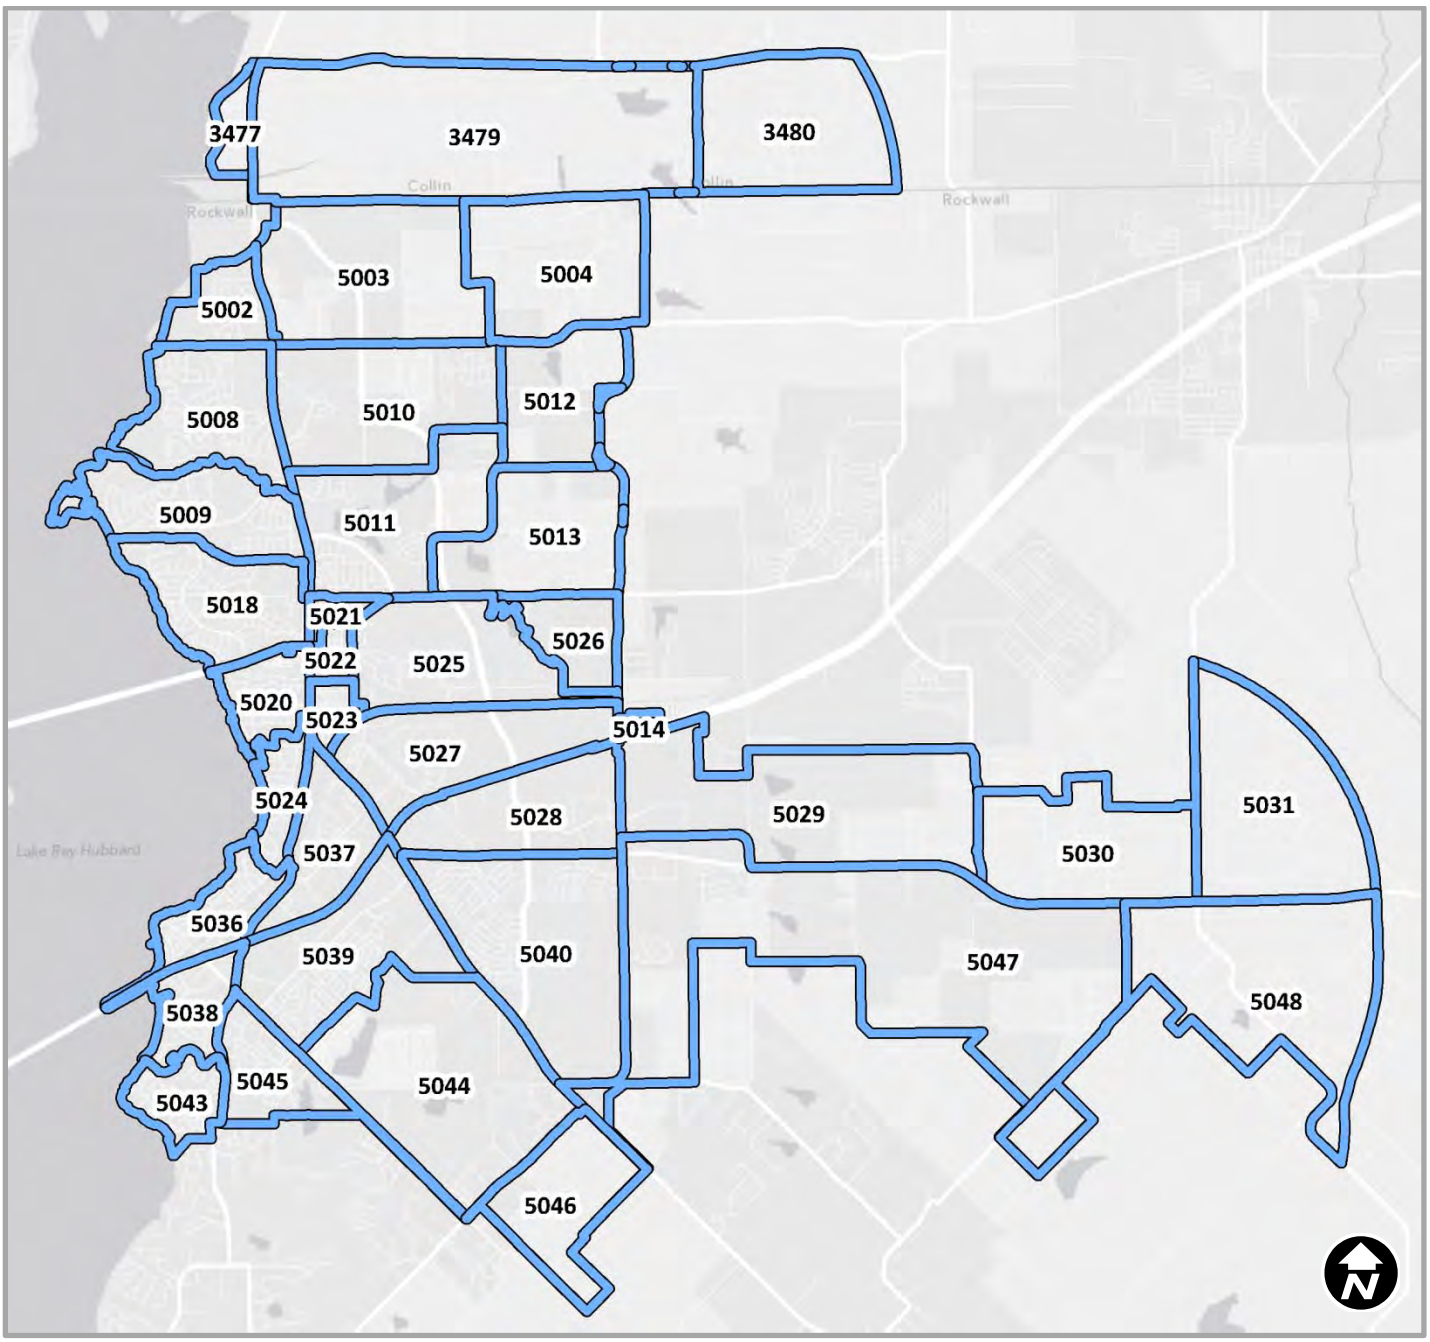
Based upon the growth assumptions and the capital improvements needed to support growth, it is possible to develop an impact fee structure which fairly allocates improvement costs to growth areas in relationship to their impact upon the entire infrastructure system. The data in this report has been formulated using reasonable and generally accepted planning principles.

These land use assumptions and future growth projections take into consideration several factors influencing development patterns. These factors include:

- ☑ The character, type, density and quantity of existing development.
- ☑ The current zoning patterns and anticipated future land uses as established in the Comprehensive Plan (i.e. the City's *Future Land Use Plan Map*).
- ☑ The availability of land to support future expansion of development.
- ☑ The current and historical growth trends of both population and employment within the City.
- ☑ The location and configuration of vacant parcels of land and their ability to support development.
- ☑ The growth of employment utilizing previously established and generally accepted data (i.e. North Central Texas Council of Governments [*NCTCOG*] 2010 & 2015 Employment Projections).
- ☑ Local knowledge concerning future development projects or anticipated development within the city.

LAND USE ASSUMPTIONS REPORT ELEMENTS

The following is the general methodology that was used for the preparation of this report:



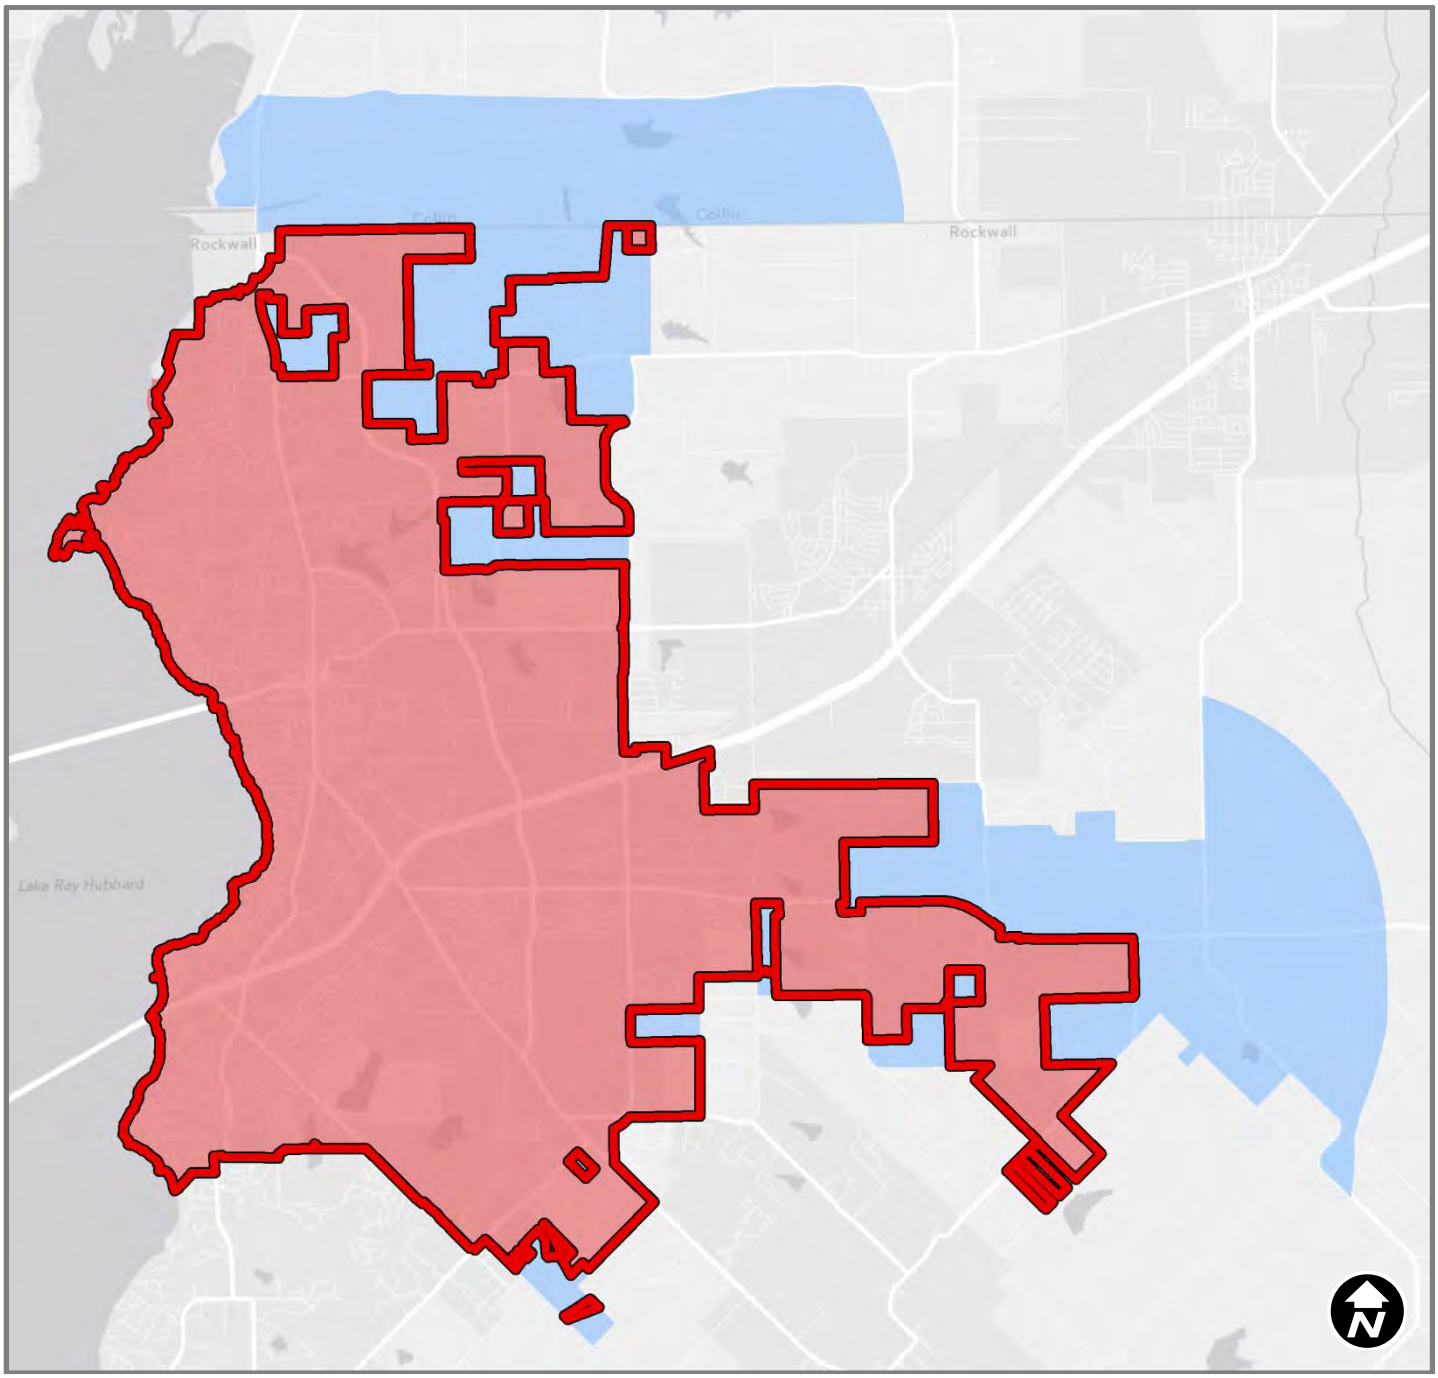
1. Population, housing and employment data was collected from the United States Census Bureau, North Central Texas Council of Governments (*NCTCOG*), the City of Rockwall Geographical Information Systems (GIS) Department, the City of Rockwall Building Inspection Department and other acceptable sources. This information was then analyzed and used to provide base information for all service areas from which projections could be extrapolated [see *Service Areas and Data Collection Zones*].
2. The base year (i.e. 2013) estimates for housing, population and employment were calculated based on the information collected [see *Base Year Data*].
3. From the base year and the information gathered from various sources a growth rate was established by examining recent building permit information, past growth trends and anticipated development over the next ten (10) years. This growth rate was then applied to each of the impact fee service areas to project the base year data over the ten (10) year planning period (i.e. 2013-2023) [see *Ten Year Growth Assumptions*].
4. After the projections for housing, population and employment were prepared for the ten (10) year planning period city staff made adjustments to account for known or anticipated development activity within the planning periods. In making these adjustments city staff took into consideration the recommendations made within the 2012 Rockwall Comprehensive Plan Update, existing public works data, economic information provided by the Rockwall Economic Development Corporation (REDC) and demographic information provided by the GIS and Building Inspections Departments.
5. Finally, the City's *Build Out* projections for housing, population and employment were calculated by establishing the City's carrying capacity in terms of developable acres and projecting population forward using the previously established Compound Annual Growth Rate (CAGR) to establish a *Build Out Year*. The housing and employment information were then projected to the *Build Out Year* [see *Build Out Projections*].

DATA COLLECTION ZONES AND SERVICE AREAS

DATA COLLECTION ZONES

The *Data Collection Zones* used for this study were the North Central Texas Council of Government's (NCTOG's) Traffic Survey Zones (TSZs). A TSZ is a small geographic area developed by the NCTOG to serve as the basis for the regional TransCAD travel demand model and for the purpose of performing various other regional planning activities. TSZ's were originally formulated on the basis of homogeneity and traffic generation potential using major arterials, creeks, railroad lines and other physical boundaries for delineation. It should be noted that several TSZ's were adjusted in the calculations because portions include areas outside of the City limits.

FIGURE 1: TRAFFIC SURVEY ZONES (TSZs)
Note: The TSZs below have been clipped to the Extraterritorial Jurisdiction (ETJ)



SERVICE AREAS

The Texas Local Government Code (TLGC) requires that services areas be established within the corporate boundaries of a political subdivision for the purpose of ensuring that the capital improvements service the areas generating need. The boundaries for impact fees are defined as follows:

Roadway Impact Fees refers to a service area that is limited to the corporate boundaries of a political subdivision or city, and cannot extend into the Extraterritorial Jurisdiction (ETJ) or for a distance exceeding more than six (6) miles. The City of Rockwall is divided into four (4) service areas that are depicted in *Figure 3* on *Page 5*.

Water and Wastewater Impact Fees refers to a service area that includes a city's corporate boundaries and Extraterritorial Jurisdiction (ETJ). This service area is depicted in *Figure 4* on *Page 6*.

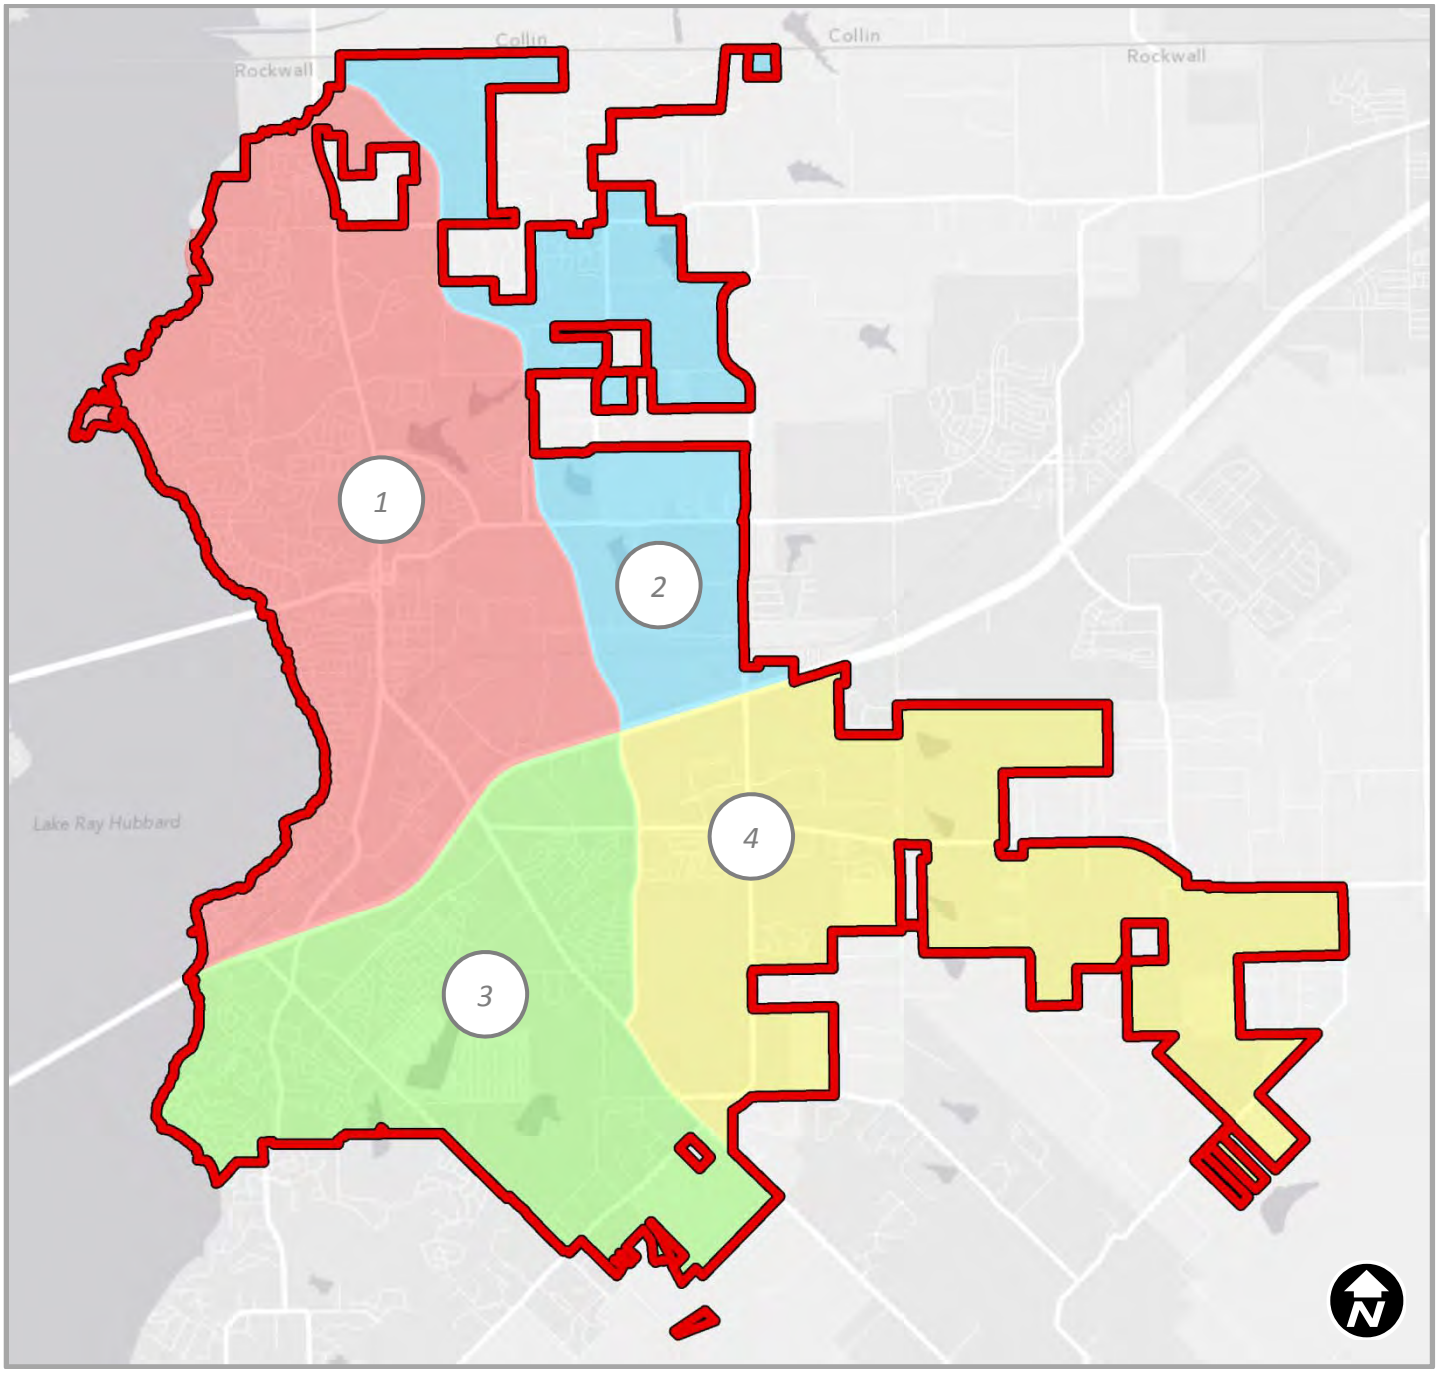


FIGURE 2: CITY OF ROCKWALL CITY LIMITS AND EXTRATERRITORIAL JURISDICTION (ETJ)
Note: The City Limits of Rockwall are depicted in RED. The Extraterritorial Jurisdiction (ETJ) is depicted in BLUE.

ROADWAY SERVICE AREAS

FIGURE 3: ROADWAY SERVICE AREAS

This is the derived service area structure for roadway facilities. These service areas conform to the current city limits of the City of Rockwall and are divided by John King Boulevard and Interstate Highway 30.

SUMMARY OF DATA

The current database and the database prepared in 2007, along with all future projections, were drafted utilizing the following geographic areas:

- ☑ *Service Area.* The Service Area correlates to the Water, Wastewater and Roadway Service Areas identified in *Figures 3 & 4*. As previously state the corporate boundaries of the City of Rockwall serve as the limits for the Roadway Service Areas and the Water and Waste Water Service Areas include the corporate boundaries and the Extraterritorial Jurisdiction (ETJ).
- ☑ *Traffic Survey Zone (TSZ).* A Traffic Survey Zone or *TSZ* are geographic areas established by the North Central Texas Council of Governments (NCTCOG), which are used for data collection purposes.

Additionally, all databases and projections utilized the following variables:

- ☑ *Households (2013).* Household data includes living units (i.e. *single-family, duplex, multi-family, group home/quarters, etc.*) existing at the end of the calendar year 2012 (*January 1, 2013 to December 31, 2012*). This number was derived using 2010 United States Census data relating to households, residential building permits obtained from the Rockwall Building Inspections Department, and address point data obtained from the Rockwall Geographic Information Systems Department (GIS).
- ☑ *Households (2023).* This is the projected household data by service area for the year 2023, which represents a ten (10) year growth projection. This information was derived by staff using proper projection techniques.
- ☑ *Population (2013)*. This is the existing population for the base year (i.e. *2013*). This information was calculated utilizing the number of households existing at the end of the calendar year 2012, the occupancy rate and average household size as established by the United State Census Bureau, and the population of all group quarters (i.e. *[# of Households – Vacancy Rate] x Household Size + Group Quarters Population = Population*).
- ☑ *Population (2023)*. The projected population by service area for the year 2023, which represents a ten (10) year growth projection. This information was derived by staff using proper projection techniques.
- ☑ *Employment (2013).* Employment data was aggregated to three (3) employment sectors, which include *Basic*, *Retail* and *Service* as provided by the North Central Texas Council of Governments (NCTCOG). These service sectors serve as the basis for non-residential trip generation. The following is a summary of these employment sectors followed by corresponding North American Industry Classification System (NAICS) code:

  - ➢ *Basic.* Land use activities that produce goods and services such as those that are exported outside the local economy. These include manufacturing, construction, transportation, wholesale trade, warehousing and other industrial uses (NAICS Code: *#210000 - #422999*).
  - ➢ *Retail.* Land use activities which provide for the retail sale of goods that primarily serve households and whose location choice is oriented toward the household sector. These include uses such as grocery stores, restaurants, etc. (NAICS Code: *#440000 - #454390*).
  - ➢ *Service.* Land use activities which provide personal and professional services. These include such uses as financial, insurance, government, and other professional and administrative offices (NAICS Code *#520000 - #928199*).

- ☑ *Employment (2023).* The projected employment data was aggregated to three (3) employment sectors, which include *Basic*, *Retail* and *Service* as provided by the North Central Texas Council of Governments (NCTCOG). These service sectors were then projected by service area to the year 2023, which represents a ten (10) year growth projection. This information was derived by staff using proper projection techniques.

BASE YEAR DATA

This section documents the methods used to derive the base year data for the City of Rockwall as of January 1, 2013. This *benchmark* information provides a starting point in which to extrapolate the ten (10) year growth assumptions that are presented in the following section (see *Ten-Year Growth Assumptions*).

POPULATION GROWTH

One method of predicting future growth is to examine past growth trends. The City of Rockwall and Rockwall County have experienced robust growth over the past decade (see *Figure 5*). Past growth trends from the United States Census Bureau and the North Central Texas Council of Governments (NCTCOG) were examined in conjunction with building permit data provided from the City of Rockwall Building Inspections Department (this information is summarized in *Figure 6*). The following formula lays out the methodology used to calculate the 2013 population estimate:

POP = (NH x OR) x AHS + GQP
[POP = (14,831 x 0.947) x 2.81 + 325, or POP = 39,817]

WHERE,
POP = 2013 Population
NH = Number of Households [14,831 per City of Rockwall]
OR = Occupancy Rate [94.7 % per US Census Bureau]
AHS = Average Household Size [2.81185 per US Census Bureau]
GQP = Group Quarter Population [325 per City of Rockwall]

This population (i.e. *39,817*) will serve as the base population for this report.

FIGURE 5: CITY OF ROCKWALL VS. COUNTY OF ROCKWALL [POPULATION]

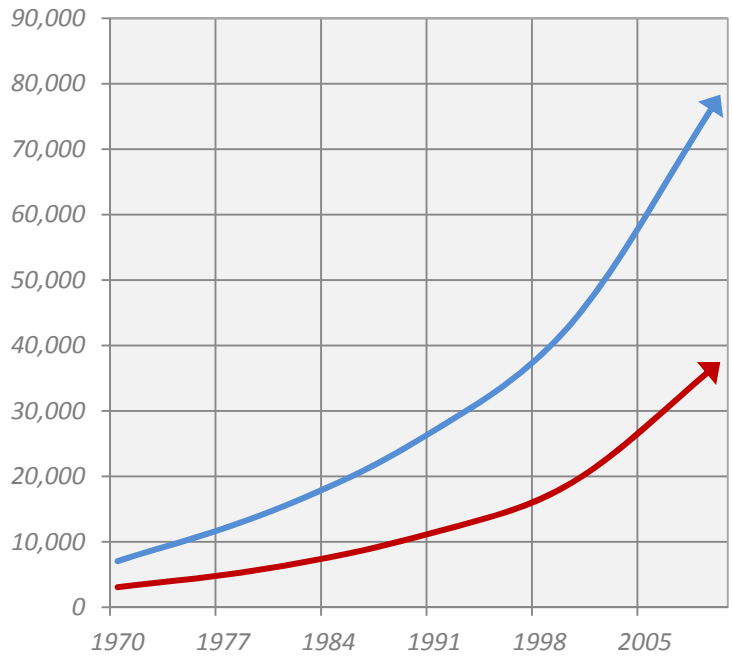

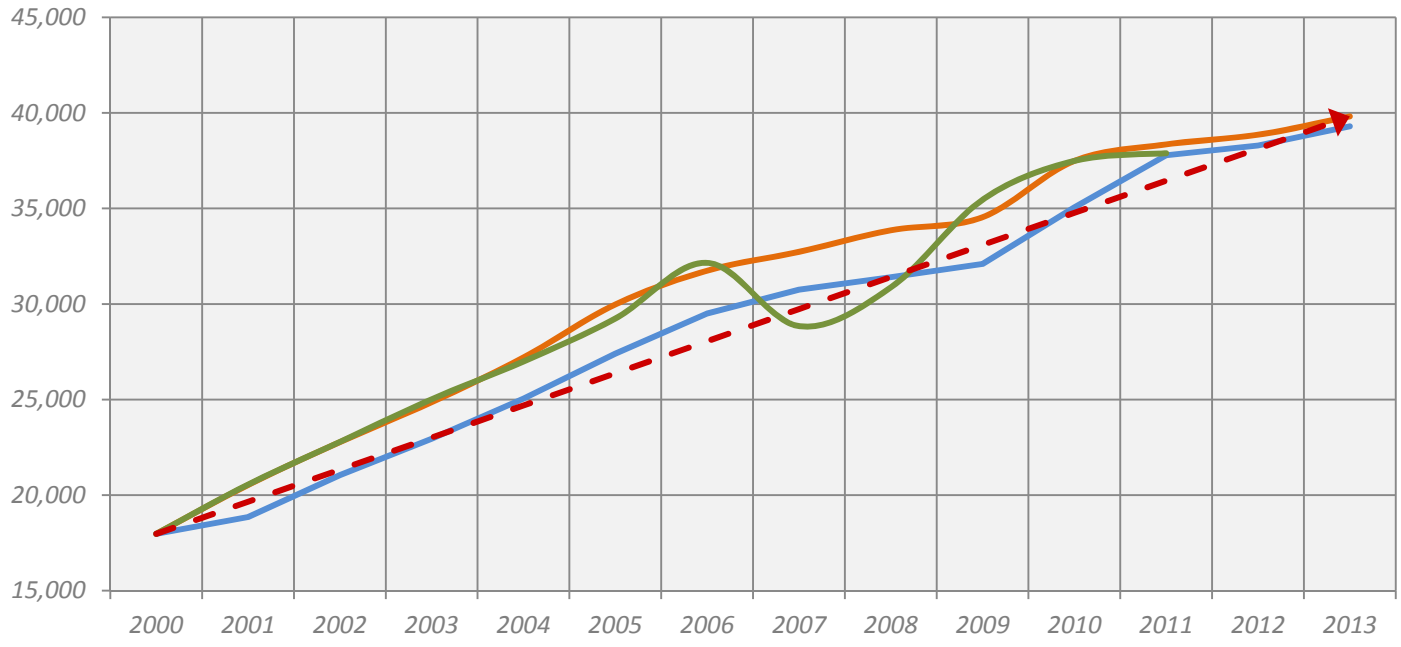

FIGURE 6: POPULATION BY AGENCY 2000 - 2013
MAP KEY: ORANGE = CITY OF ROCKWALL; BLUE = NORTH CENTRAL TEXAS COUNCIL OF GOVERNMENTS (NCTCOG); GREEN = US CENSUS BUREAU; RED = TREND LINE

POPULATION GROWTH RATE

A *Compound Annual Growth Rate (CAGR)* allows for a general assessment of growth when considering periodic increases and decreases in residential population growths that coincide with changing economic conditions. Various sources were used in establishing the past growth rates. These sources indicate rates of growth change between *3.25%* and *4.75%* (see *Table 1*). Based upon this data, an analysis of the ten (10) year forecast, and City staff's judgment, a four (4) percent CAGR was determined to be a sufficient assumption for the ten (10) year projection period. The calculated population numbers for all service areas for the years 2013 & 2023 are depicted in *Appendix 'A' & 'B'* of this document.

TABLE 1: CITY OF ROCKWALL GROWTH RATES

Data Source	Growth Rate (%)
2010 – 2012 US Census [1]	1.81
2007 – 2012 US Census [1]	3.49
2002 – 2012 US Census [1]	5.49
2010 – 2012 Single Family Permits [2]	11.2
2007 – 2012 Single Family Permits [2]	8.0
2002 – 2012 Single Family Permits [2]	-7.5
Texas Water Board 10-Year Growth [3]	4.75
Texas Water Board 20-Year Growth [3]	3.25
FUTURE GROWTH PROJECTION	4.0

NOTES:
[1]: Based on 2002 – 2012 US Census Data
[2]: Information Provided by the City of Rockwall
[3]: Texas Water Board 2011 Region 'C' Water Plan

ADDITIONAL GROWTH INDICATORS

The annual population growth rate has slowed in the city from *10.8%* (2000-2005) to *4.6%* (2005-2010), and finally decreasing to *2.0%* in 2010 (see *Table 1*). The increase/decrease of residential building permits coincides with the fluctuations in growth rates (see *Figure 7*). Recent permit data shows an increase in single-family activity. In fact, in 2013 single family permits (issued from January 1, 2013 to February 28, 2013) were up 70% from the same period in 2012. This recent increase in single family building permits combined with the Texas Water Board's ten (10) year and twenty (20) year County population projections, coupled with an overall sense of market recovery has led the City's staff to comfortably assume that the overall growth for the next ten (10) year period will average four (4) percent. However, it is likely that annual growth will gradually increase from its current two (2) percent rate to a five (5) percent rate near the end of the forecasted period.

FIGURE 7: HISTORIC SINGLE-FAMILY BUILDING PERMITS DATA
* 2013: January 1, 2013 – March 21, 2013

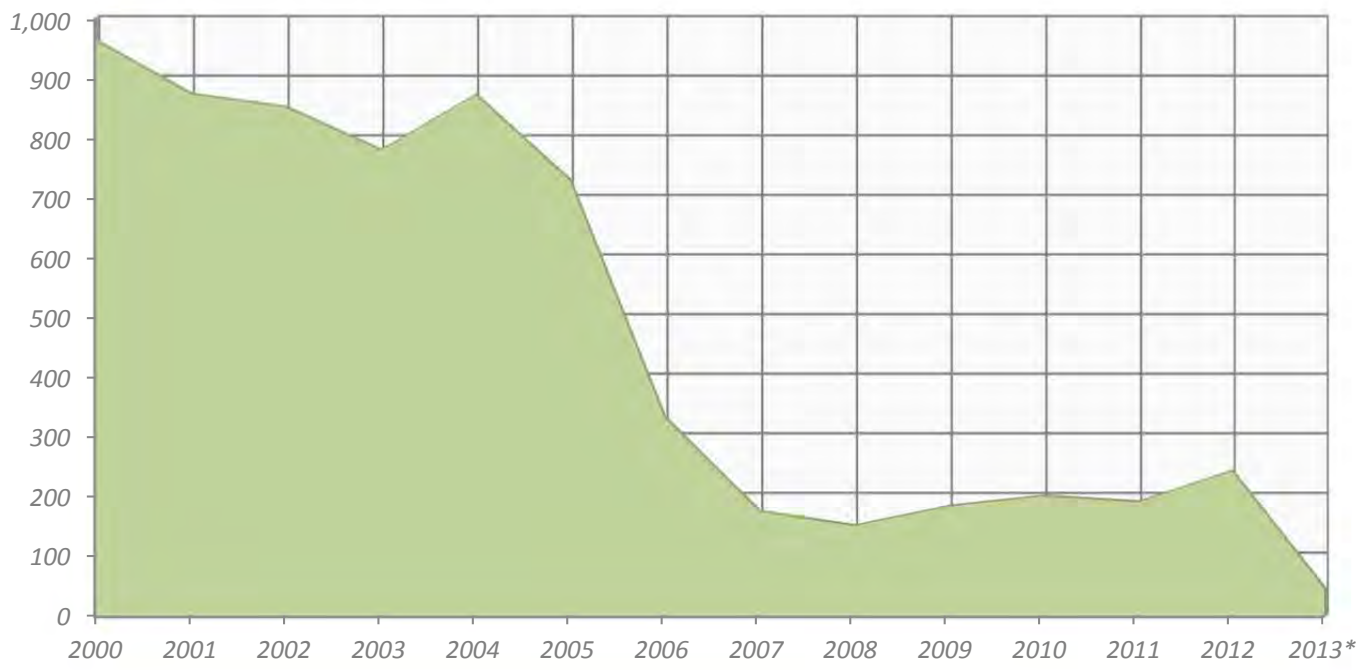

TABLE 2: EXISTING LAND USE ACREAGE

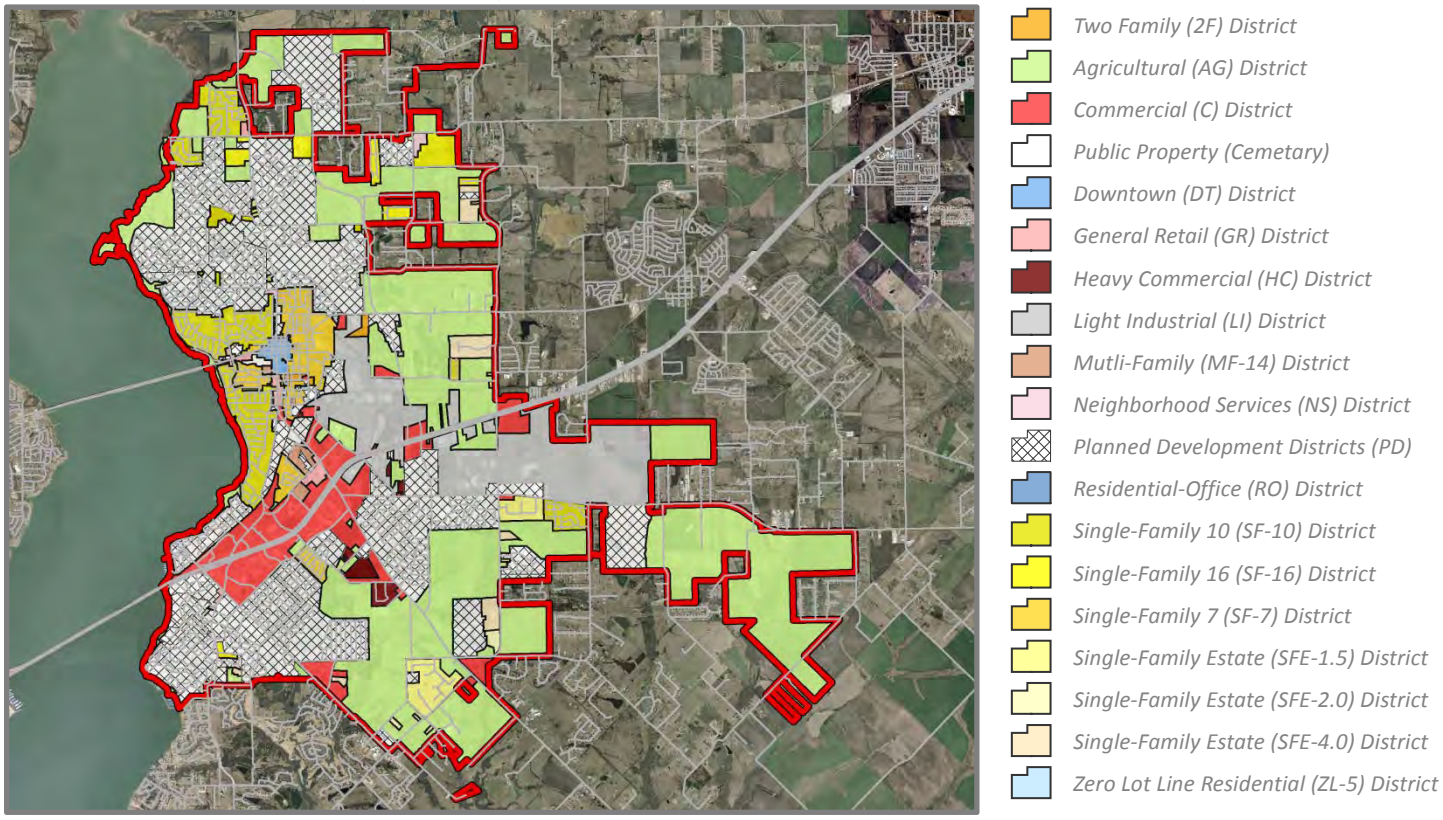


Land Use Category	Acres	% of Total Land	Acres per 100 People
Single Family	6,167	32.4	15.5
Multi-Family	280	1.5	0.7
Manufactured Home	218	1.1	0.5
Parks and Open Space	780	4.1	2.0
Public & Semi-Public	167	0.9	0.4
Office & Retail	617	3.2	1.6
Commercial	1,852	,9.7	4.6
Industrial	1,847	9.7	4.6
Agricultural	7,117	37.4	17.9
TOTAL:	19,045	100%	

NOTES: Based on 2013 estimated population of 39,817.

EXISTING LAND USE

In any evaluation and projection of future land use patterns, a documentation of existing conditions is necessary. An analysis of existing land use patterns was prepared based on a zoning classification inventory of the City (see *Table 2*). This also serves to document the present physical condition of the City with regard to any infrastructure deficiencies that may exist. The City's Comprehensive Plan will serve as an additional basis for future growth projections. Nearly twenty-five (25%) percent of the City's land area is devoted to Planned Development Districts, which are difficult to define in terms of land use since most of them contain allowances for a mixture of land uses. In addition to current zoning classifications *Table 2* also contains estimates of the land use categories permitted within the City's Planned Development Districts.

FIGURE 8: EXISTING LAND USE MAP (ZONING MAP)

EXISTING EMPLOYMENT

The base employment data (*i.e. 2013*) was calculated by Traffic Survey Zone (TSZ) from employment estimates provided by the North Central Texas Council of Governments (NCTCOG). As TSZ's do not conform to the corporate boundaries of a city, staff made allocations based on the locations of existing land uses and the percentage of the TSZ located within the City Limits/Extraterritorial Jurisdiction (ETJ). Additionally, staff reviewed the 2010 and 2015 NCTCOG employment estimates and applied manual adjustments based on local knowledge of the city and proposed/current development. From this employment data staff determined the Compound Annual Growth Rate (CAGR) and applied it using the linear extrapolation method to the 2010 employment data. This resulted in the 2013 employment data depicted in *Appendix 'C' & 'D'* of this report.

TEN-YEAR GROWTH ASSUMPTIONS

In this study growth is characterized by two (2) forms: 1) Population (*i.e. residential land use*), and 2) Employment (*i.e. non-residential land use*). To calculate a reasonable growth rate for population and employment it was necessary for staff to make a series of assumptions on which to base the ten (10) year growth projections. These assumptions are summarized as follows:

- ☑ Future growth identified within this study will conform to the Future Land Use Plan depicted in the Comprehensive Plan.
- ☑ The City will be able to finance the necessary improvements to accommodate future growth.
- ☑ School facilities will sufficiently accommodate any identified increases in the population.
- ☑ Densities will conform to the land classifications identified within the Comprehensive Plan and as depicted on the Future Land Use Plan.

The ten (10) year projections are based on the growth rate which was previously discussed and staff's consideration of past development trends. Tables 3 & 4 detail the ten (10) year projections for households, population and employment for the service areas associated with roadway and water/wastewater impact fees.

TABLE 3: SUMMARY OF TEN-YEAR GROWTH (ALL ROADWAY SERVICE AREAS)

	2013	2023	Increase
Households	14,170	20,989	32.49%
Population	39,817	58,940	32.44%
Total Employment	16,023	23,182	30.88%
Basic	1,521	2,519	39.60%
Service	5,902	8,179	27.84%
Retail	8,600	12,484	31.11%

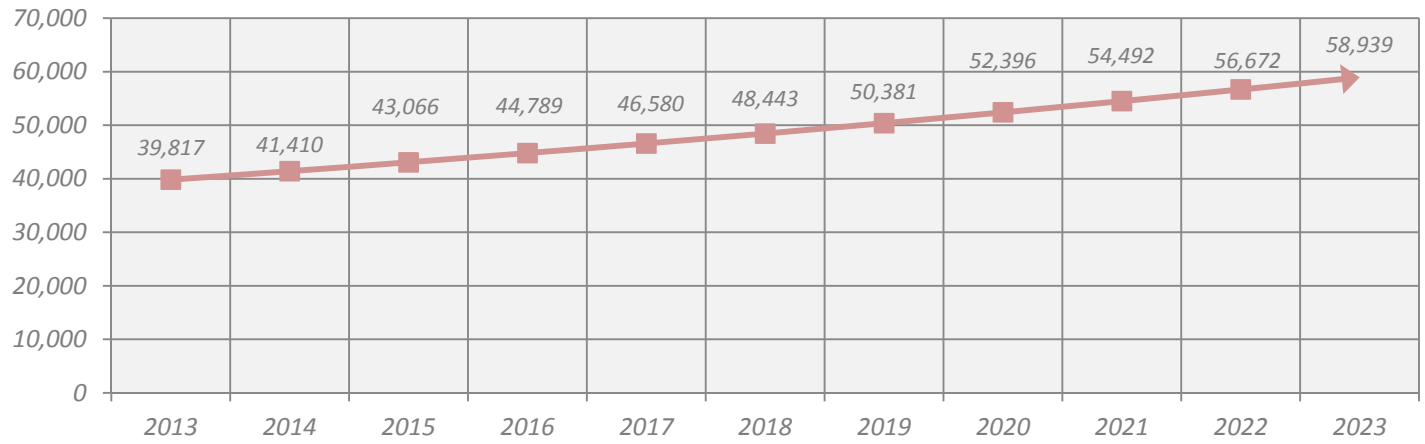
TABLE 4: SUMMARY OF TEN-YEAR GROWTH (WATER/WASTE WATER SERVICE AREA)

	2013	2023	Increase
Households	15,682	23,171	32.32%
Population	44,066	65,073	32.28%
Total Employment	18,014	25,559	29.52%
Basic	3,148	4,342	27.51%
Service	5,902	8,179	27.84%
Retail	8,964	13,038	31.25%

POPULATION 2023

The City of Rockwall has experienced significant growth since 2000 when the estimated population was 18,000 residents. Today the population is over double the 2000 population at an estimated 39,817. This growth trend is not just evident in the City of Rockwall as the greater Dallas-Fort Worth metropolitan area has become one of the fastest growing regions in the United States both in terms of population and employment. Although local growth has slowed since 2006 all data appears to indicate that this is only a temporary condition as the area's economy continues to recover from the national housing slump that began in 2008. Using the Compound Annual Growth Rate (CAGR) method staff projects that the population for the City will be 58,939 residents by 2023 (see *Figure 9*).

FIGURE 9: TEN-YEAR POPULATION GROWTH @ A 4% COMPOUND ANNUAL GROWTH RATE



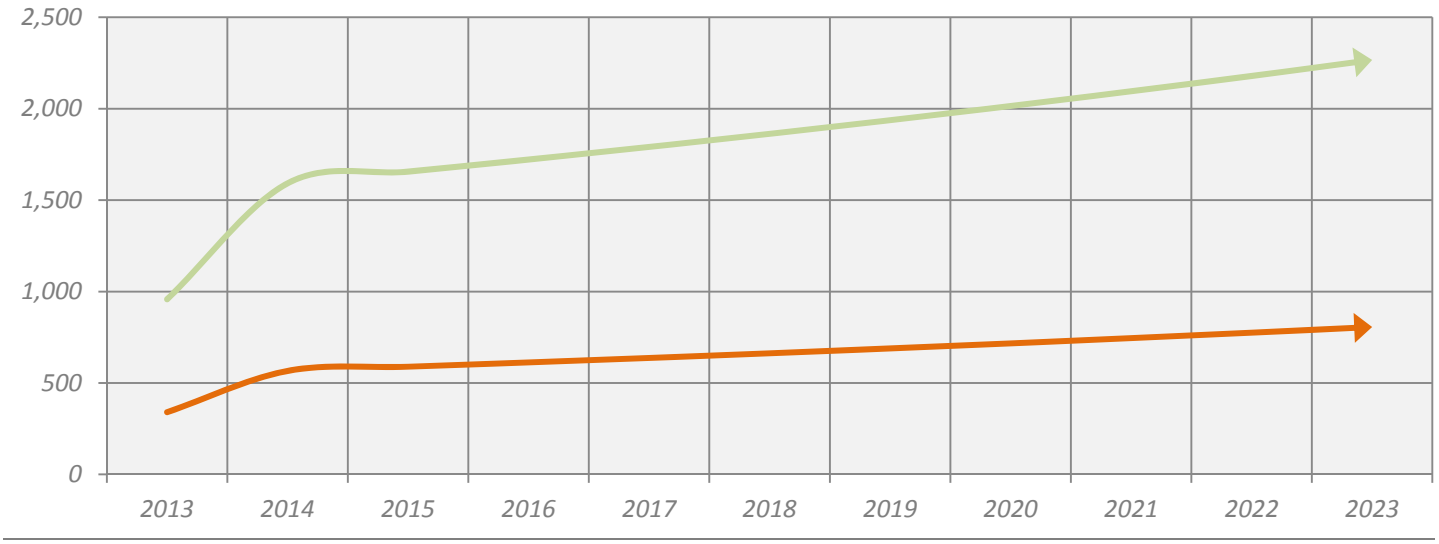


TABLE 5: PROJECTED HOUSEHOLD ESTIMATIONS

Year	Population	New Residents	New Building Permits
2013	39,817	958	360
2014	41,410	1,593	567
2015	43,066	1,656	590
2016	44,789	1,723	613
2017	46,580	1,791	637
2018	48,443	1,863	663
2019	50,381	1,938	690
2020	52,396	2,015	717
2021	54,492	2,096	746
2022	56,672	2,180	776
2023	58,939	2,267	807
Average Number of Annual Permits:			651

In determining this population projection staff utilized residential building permit counts coupled with an assumption that the average people per household was 2.81 (*2010 US Census*). This figure was used to account for a mixture of multi-family and single family households. Additionally, between 2000 and 2012 the City issued an average of 623 building permits per year; with the highest number of permits topping out at 1,033 in 2005, and the lowest number of building permits issued in 2008 at 150 (see *Table 5*). From this information staff estimated that the City will issue an average of 651 residential building permits per year over the next ten (10) year period (see *Table 5* and *Figure 10*). This estimate takes into consideration the type of development likely (i.e. single family or multifamily) to occur in a given area.

FIGURE 10: PROJECTED HOUSEHOLD AND BUILDING PERMIT ESTIMATIONS
MAP KEY: ORANGE = NEW BUILDING PERMITS; GREEN = NEW RESIDENTS

EMPLOYMENT 2023

Employment data for the year 2023 was based upon data provided by the North Central Texas Council of Governments (NCTCOG). NCTCOG has provided employment data by Traffic Survey Zone (TSZ) for 2015 and 2035. After staff's adjustments for TSZ coverage area and anticipated future development were accounted for, a Compound Annual Growth Rate (CAGR) was derived between the 2015 and 2035 staff-adjusted NCTCOG employment numbers. Linear extrapolation of the CAGR produced the 2023 employment estimates by TSZ as listed in the appendices of this document (see *Appendix 'C' & 'D'*).

Staff's assumptions of future growth are confirmed by 2030 data derived from the *North Texas 2050* study published by Vision North Texas. The majority of the city is forecasted to have an employment density of greater than *1.7* units per acre, and upwards of *3.5+* units per acre in areas adjacent Interstate Highway 30 (IH-30) and within Rockwall's Industrial Park (located adjacent to State Highway 276 [SH-276]).

BUILD OUT PROJECTIONS

A *Build Out Projection* for a city (also referred to as the city's *Carrying Capacity*) is an estimate of the location and density of all potential development, employment and population that a city can support within its future corporate boundaries.

TABLE 6: TOTAL ACREAGE

City Limits	*19,046.00*
Built Acres	*8,322.31*
Vacant Acres	*8,610.53*
Right-of-Way	*2,113.37*
Extraterritorial Jurisdiction (ETJ)	*10,521.60*
TOTAL ACRES:	*29,567.60*

2039	*110,391*	
2040	*114,807*	
2041	*119,399*	
2042	*124,175*	
2043	*129,142*	
2044	*134,308*	
2045	*139,680*	*Build Out 139,919*
2046	*145,268*	

ESTABLISHING THE CITY'S POPULATION AT BUILD OUT

In establishing the city's population at build out staff made the following assumptions:

- ☑ All vacant land w/in the City's corporate boundaries will develop with the maximum density permitted for the current zoning per the Unified Development Code.
- ☑ All Agricultural (Ag) District property is assumed to be vacant and will develop at 2.0 units per acre.
- ☑ All property within the Extraterritorial Jurisdiction (ETJ) is assumed to be vacant and will be developed in conformance with the Future Land Use Map at the maximum density permitted by the Comprehensive Plan.
- ☑ The city's ETJ is fixed and will not increase in the future.

Taking these assumptions into consideration, staff utilized Geographical Information Systems (GIS) software to calculate all the undeveloped land within the city's corporate boundaries, including the ETJ (see *Table 6*). Once calculated the acreages were broken down by land use and multiplied by the maximum density permitted for each of the land uses as established within the Unified Development Code and the Comprehensive Plan. These totals were then multiplied by the average people per household [*i.e. 2.81*] (*2010 US Census*) to establish the population at build out (i.e. 139,919). From this point staff projected the population forward using the previously established four (4%) percent Compound Annual Growth Rate (CAGR) [see the *Ten-Year Growth Assumptions* section] until the build out population was reached (see *Table 7*). This established a build out year of 2046. The following formula lays out the methodology used to calculate the numbers:

BO = POP + VPOP + EPOP
[BO = 39,817 + 48,663 + 51,439, or BO = 136,657]

VPOP = Σ [(LU$_1$ x D$_1$) … (LU$_x$ x D$_x$)] x AHS or VPOP = 48,663
EPOP = (LDR x 2.0) + (MDR x 3.0) + (HDR x 5), (i.e. EPOP = 50,123 + 1,316 + 0) or EPOP = 51,439

WHERE,
BO = Build Out Population
POP = 2013 Population (i.e. Current Population)
VPOP = Population of Vacant Land w/in the City Limits
EPOP = Population of Vacant Land w/in ETJ
LU = Vacant Available Land (inside the City Limits) for a Given Land Use
D = Maximum Density Permitted for a Given Land Use [Unified Development Code]
AHS = Average Household Size [2.81185 per US Census Bureau]
LDR = Low Density Residential Acreage Available in the ETJ
MDR = Medium Density Residential Acreage Available in the ETJ
HDR = High Density Residential Acreage Available in the ETJ

SUMMARY

The following is a summary of staff's findings when preparing the Land Use Assumption Report in preparation for updating the Roadway, Water and Wastewater Impact Fees for 2013:

- ☑ The average annual growth rate as calculated by staff is four (4) percent. This growth rate was established based on data from the US Census, Texas Water Commission, North Texas Council of Governments (NCTCOG), the City and County of Rockwall. Using this growth rate staff projected the following population numbers:
  - ➢ The population of the City of Rockwall as of 2013 is 39,817. This is expected to increase by ~32% in the next ten (10) years to an estimated 58,940 by 2023.
  - ➢ The population for the City of Rockwall and its Extraterritorial Jurisdiction (ETJ) as of 2013 is 44,066. This is expected to increase by ~32% in the next ten (10) years to an estimated 65,073 by 2023.
- ☑ The estimated employment for the City of Rockwall as of 2013 is 16,023 jobs, with another 1,991 jobs existing within its ETJ. Staff estimates this number to climb to 23,182 jobs within the city limits, and another 2,377 jobs within the ETJ by 2023.
- ☑ Staff has established that there are currently 8,610.53 undeveloped acres of land within the city limits. This represents ~45% of the current land in the City (see *Table 8*). Additionally, the City of Rockwall has access to another 10,521.60 acres of land within its current ETJ (see *Table 9*). At the bottom of this page is a summary of all vacant land by current land use existing within the city's corporate boundaries and its ETJ (*see Tables 8 & 9*).
- ☑ According to staff estimates the City of Rockwall is expected to be built out in the year 2046, with a total population of 139,919.

CITY OF ROCKWALL
2013 – 2023 WATER & WASTEWATER IMPACT FEE UPDATE

SECTION I – INTRODUCTION

A. GENERAL

In accordance with the requirements of Chapter 395.052 of the Local Government Code, this report establishes the City of Rockwall's Capital Improvement Plan for water and wastewater impact fees and calculates the maximum allowable fee for each. Land use assumptions for impact fees were generated under a separate document by the City of Rockwall's Planning Department.

Chapter 395, of the Local Government Code is an act that provides guidelines for financing capital improvements required by new development in municipalities, counties, and certain other local governments. The basis for determination of an impact fee requires the preparation and adoption of a land use plan and growth assumption, and the preparation of a 10-year capital improvement plan. The capital improvement plan requires an analysis of total capacity, the level of current usage and commitments of capacity of existing capital improvements. From these two phases, a maximum impact fee is calculated.

The Act allows the maximum impact fee to be charged if revenues from future ad valorem taxes, and water and sewer bills are included as a credit in the analysis. If not, the Act allows the maximum fee to be set at 50% of the calculated maximum fee. The following items were included in the impact fee calculation:

1. The portion of the cost of the new infrastructure that is to be paid by the City, including engineering, property acquisition and construction cost.

2. Existing excess capacity in lines and facilities that will serve future growth and which were paid for in whole or part by the City.

3. Engineering and quality control fees for construction projects.

4. Interest and other finance charges on bonds issued by the City to cover its portion of the cost.

Exhibit C

The engineering analysis portion of the Water and Wastewater Fee determines utilized capacity cost of the major water distribution and wastewater collection facilities between the year 2013 and the year 2023. Facilities in this analysis include, water pump stations, water storage tanks, water transmission lines and wastewater collection lines. The North Texas Municipal Water District (NTMWD) water treatment, wastewater treatment and distribution components were excluded from this analysis. The study period is a ten-year period with 2013 as the base year. The impact fee calculations for the water and wastewater systems are based on land use assumptions provided by the City of Rockwall. Prior to this impact fee update, the City's Water Distribution and Wastewater Collection hydraulic models were updated for 2013, 2023 and buildout conditions. The hydraulic model results are available for review from the City of Rockwall. The equivalency factors utilized in this analysis conform to the latest American Water Works Association Standards (C700 - C703).

B. WATER & WASTEWATER IMPACT FEE GLOSSARY

1. Advisory Committee means the capital improvements advisory committee established by the City for purposes of reviewing and making recommendations to the City Council on adoption of the City's impact fee program.

2. Area-Related Facility means a capital improvement or facility expansion which is designated in the impact fee capital improvements plan and which is not a site-related facility. Area-Related Facility may include capital improvements that are located off-site, or within or on the perimeter of the development site.

3. Assessment means the determination of the amount of the maximum impact fee per service unit that can be imposed on new development.

4. Capital Improvement means either a water facility or a wastewater facility with a life expectancy of three or more years, to be owned and operated by or on behalf of the City.

5. City means the City of Rockwall, Texas.

6. Credit means the amount of the reduction of an impact fee due, determined under this ordinance or pursuant to administrative guidelines that is equal to the value of area-related

Exhibit C

facilities provided by a property owner pursuant to the City's subdivision or zoning regulations or requirements, for the same type of facility.

7. Debt Service means the 20-year financing costs of projects applied to all eligible existing and proposed water and wastewater facilities.

8. Facility Expansion means either a water facility expansion or a sewer facility expansion.

9. Impact Fee means either a fee for water facilities or a fee for wastewater facilities, imposed on new development by the City pursuant to Chapter 395 of the Texas Local Government Code in order to generate revenue to fund or recoup the costs of capital improvements or facility expansion necessitated by and attributable to such new development. Impact fees do not include the dedication of rights-of-way or easements for such facilities, or the construction of such improvements, imposed pursuant to the City's zoning or subdivision regulations.

10. Impact Fee Capital Improvements Plan means either a water capital improvements plan or a wastewater capital improvement plan adopted or revised pursuant to the impact fee regulations.

11. Land Use Assumptions means the projections of population and growth, and associated changes in land uses, densities and intensities over at least a ten-year period, as adopted by the City and as may be amended from time to time, upon which the capital improvements plans are based.

12. Land Use Equivalency Table means a table converting the demands for capital improvements generated by various land uses to numbers of service units, as may be amended from time to time.

13. New Development means the subdivision of land; the construction, reconstruction, redevelopment, conversion, structural alteration, relocation, or enlargement of any structure; or any use or extension of the use of land; any of which increases the number of service units.

Exhibit C

14. Recoupment means the imposition of an impact fee to reimburse the City for capital improvements that the City had previously oversized to serve new development.

15. Service Area means either a water service area or wastewater service area which impact fees for capital improvements or facility expansion will be collected for new development occurring within such area, and within which fees so collected will be expended for those types of improvements or expansions identified in the type of capital improvements plan applicable to the service area.

16. Service Unit means the applicable standard units of measure shown on the land use equivalency table in the Impact Fees Capital Improvements Plan that can be converted to water meter equivalents, for water or for wastewater facilities, which serves as the standardized measure of consumption, use or generation attributable to the new unit of development.

17. Site-Related Facility means an improvement or facility which is for the primary use or benefit of a new development, and/or which is for the primary purpose of safe and adequate provision of water or wastewater facilities to serve the new development, and which is not included in the impact fees capital improvements plan and for which the property owner is solely responsible under subdivision or other applicable development regulations.

18. Utility Connection means installation of a water meter for connecting a new development to the City's water system, or connection to the City's wastewater system.

19. Wastewater Facility means a wastewater interceptor or main, lift station or other facility included within and comprising an integral component of the City's collection system for wastewater. Wastewater facility includes land, easements or structure associated with such facilities. Wastewater facility excludes site-related facilities.

Exhibit C

20. Wastewater Facility Expansion means the expansion of the capacity of any existing wastewater improvement for the purpose of serving new development, but does not include the repair, maintenance, modernization, or expansion of an existing sewer facility to serve existing development.

21. Wastewater Capital Improvements Plan means the adopted plan, as may be amended from time to time, which identifies the wastewater facilities or wastewater expansions and their associated costs which are necessitated by and which are attributable to new development, for a period not to exceed 10 years.

22. Water Facility means a water main, pump station, storage tank or other facility included within and comprising an integral component of the City's water storage or distribution system. Water facility includes CCN acquisition, land, easements or structures associated with such facilities. Water facility excludes site-related facilities.

23. Water Facility Expansion means the expansion of the capacity of any existing water facility for the purpose of serving new development, but does not include the repair, maintenance, modernization, or expansion of an existing water improvement to serve existing development.

24. Water Capital Improvements Plan means the adopted plan, as may be amended from time to time, which identifies the water facilities or water expansions and their associated costs which are necessitated by and which are attributable to new development, for a period not to exceed 10 years.

25. Water Meter means a device for measuring the flow of water to a development, whether for domestic or for irrigation purposes.

C. LAND USE ASSUMPTIONS *(Provided By: City of Rockwall Planning Department)*

The impact fee land use assumptions utilized in this update were prepared by the City of Rockwall's Planning Department and are presented in a separate document. The land use assumptions projected an ultimate residential population of approximately 139,920 in the City of Rockwall's ultimate planning boundary.

Exhibit 'C'

The residential and non-residential growth provided by the City for the year 2013 through 2023 is summarized in Table No. 1.

TABLE NO. 1

Residential and Non-Residential Growth from 2013 to 2023

Year	LUA Residential Population *	Residential Population Served **	Non-Residential Uses***	
			Type	**Employees**
2013	44,066	39,948	Basic Employment	3,148
			Retail Employment	5,902
			Service Employment	8,964
			Total:	**18,014**
2023	65,073	60,393	Basic Employment	4,342
			Retail Employment	8,179
			Service Employment	13,038
			Total:	25,559
Res. Growth Rate		**1.5**	**Non-Res. Growth Rate**	**1.4**

** Residential Population Inside Planning Boundary*
*** Residential Population Served Inside Existing City of Rockwall CCN or Future CCN*
**** Basic – Industrial Land Uses*
**** Service – Office & Institutional Land Uses*
**** Retail – Commercial Land Uses*

As shown in Table No. 1, increases in the residential population and non-residential uses will occur during the 10-year capital recovery period. The water demand and wastewater flows from the residential and non-residential uses dictate the ultimate size of facilities, while the rate of growth is important to determine the timing of system improvements to meet the City's growing needs. The eligible water impact fee facilities are shown **on Exhibit 1**. The eligible wastewater facilities are shown on **Exhibit 2** in this report.

Exhibit

SECTION II

WATER & WASTEWATER C.I.P. AND IMPACT FEE ANALYSIS

A. DEFINITION OF A SERVICE UNIT – WATER AND WASTEWATER

Chapter 395 of the Local Government Code requires that impact fees be based on a defined service unit. A "service unit" means a standardized measure of consumption, use generation, or discharge attributable to an individual unit of development calculated in accordance with generally accepted engineering or planning standards. This impact fee defines a water and wastewater service unit to be a *5/8-inch water meter* and has referred to this service unit as a Single Family Living Unit Equivalent (SFLUE). The SFLUE is based on the continuous duty capacity of a 5/8-inch water meter. This is the City of Rockwall's typical meter used for a single family detached dwelling, and therefore is considered to be equivalent to one "living unit". Other meter sizes can be compared to the 5/8-inch meter through a ratio of water flows as published by the American Water Works Association as shown in **Table No. 2** below. This same ratio is then used to determine the proportional water and wastewater impact fee amount for each water meter size.

TABLE NO. 2

Living Unit Equivalencies For Various Types and Sizes of Water Meters

Meter Type	Meter Size	Continuous Duty Maximum Rate (gpm) [a]	Ratio to 5/8" Meter
Simple	5/8"	10	1.0
Simple	1"	25	2.5
Simple	1-1/2"	50	5.0
Simple	2"	80	8.0
Compound	2"	80	8.0
Turbine (Irrigation)	2"	160	16.0
Compound	3"	160	16.0
Turbine (Irrigation)	3"	350	35.0
Compound	4"	250	25.0
Turbine (Irrigation)	4"	650	65.0
Compound	6"	500	50.0
Turbine (Irrigation)	6"	1,400	140.0
Compound	8"	800	80.0
Turbine (Irrigation)	8"	2,400	240.0
Turbine	10"	3,500	350.0
Turbine	12"	4,400	444.0

[a] *Source: AWWA Standard C700 - C703*

Exhibit C

B. CALCULATION OF WATER & WASTEWATER - LIVING UNIT EQUIVALENTS

The City of Rockwall provided the existing water meter count by size category as of December 2013. In total, there are 14,813 domestic water and irrigation meters serving an existing population of 39,948 residents and business. **Table No. 3** shows the number of existing meters, the living unit equivalent factor and the total number of living unit equivalents for each sized water meter.

Similar, the City provided the number of wastewater accounts by corresponding water meter size. This number of wastewater accounts is 13,530. **Table No. 4** illustrates the existing wastewater accounts and the SFLUE's.

The residential growth rate of 1.5 in **Table 1** was applied to 5/8-inch through 1-1/2-inch meters. The non-residential growth rate of 1.4 in **Table 1** was applied to 2-inch through 12-inch meters. Utilizing these growth rates in a straight-line extrapolation of the existing water and wastewater accounts, the numbers of new accounts was calculated for the year 2023. City records indicate the historical growth of 5/8-inch and 1-inch meters is approximately 96% 5/8-inch meters and 4% 1-inch meters for the base meter sizes. These percentages were applied to the total growth of 5/8-inch and 1-inch meters. Living unit equivalents were then applied to the water meters and wastewater accounts for 2013 and 2023, resulting in a total number of living units. The difference in the total number of 2013 and 2023 living units results in the new living unit equivalents during the impact fee period. The calculation of living unit equivalents is summarized in **Table 3 and Table 4**.

TABLE NO. 3

Water Living Unit Equivalents 2013 - 2023

Meter Size	2013			2023			New Living Unit Equivalents During Impact Fee Period
	Number of Water Meters	Living Unit Equivalent Ratio for 5/8" Used	Total Number of Living Units	Number of Water Meters	Living Unit Equivalent Ratio for 5/8" Used	Total Number of Living Units	
5/8"	13,449	1.0	13,449	20,160	1.0	20,160	6,711
1"	532	2.5	1,330	812	2.5	2,030	700
1-1/2"	176	5.0	880	260	5.0	1,300	420
2"	639	8.0	5,112	960	8.0	7,680	2,568
3"	4	16.0	64	10	16.0	160	96
4"	11	25.0	275	20	25.0	500	225

Totals	**13,530**		**16,783**	**20,258**		**24,909.0**	**8,126**

C. COST OF FACILITIES

Unit costs for proposed water and wastewater lines larger than 12 inches in diameter that are anticipated to be constructed by private development include the City's oversize cost participation only. These water and wastewater lines are colored green on **Exhibits 1 through 2**. Oversize cost participation from City is based on availability of funds. For City participation, the developer must bid the 12-inch as a base and the oversize as an additive alternate. City initiated water and waste water lines include the full cost of the proposed facility. These water and wastewater lines are colored red on **Exhibits 1 through 2**. Developer initiated water and wastewater line projects which are 12 inches or less in diameter are not included in this Impact Fee analysis, as the cost for these size lines are the responsibility of the developer. These water and wastewater lines are colored light blue (cyan) on **Exhibits 1 through 2**.

Actual construction costs of the various existing elements of the water and wastewater systems were utilized where the information was known. The existing cost of facilities was determined from Contractor's final pay requests, City purchase orders, bid tabulation forms and developer's agreements. Existing water and wastewater facilities included in the impact fee analysis with excess capacity available for future growth are colored dark blue on **Exhibits 1 through 2**.

Exhibit C

Cost data for existing water and wastewater facilities included in the impact fee analysis were provided by the City. A 5% debt service, over a period of 20-years, has been added to all projects. Actual costs were used for those existing projects where records were available.

D. WATER DISTRIBUTION SYSTEM

Computer models for the years 2013, 2023 and Buildout were prepared and analyzed by Birkhoff, Hendricks & Carter. The models were developed and water demand distributed from residential population and non-residential land use projections provided by the City of Rockwall's Planning Department. The projected developed land areas from the City's Land Use Assumptions follow closely to the construction of major facilities in the system. These facilities include pump stations, storage tanks, and major distribution lines. All computer models were run for the Maximum Hourly Demands in a three-day extended period simulation to insure proper sizing of the facilities to meet peak demands.

1. Existing Pump Stations, Ground Storage Reservoirs & Elevated Storage Tanks

The existing water distribution system included in the impact fee analysis (As of December 2013) includes the facilities summarized in **Table No. 5** and **Table No. 6**.

TABLE NO. 5

Water Distribution System -- Existing Pump Stations & Ground Storage

Pump Station	Number of Pumps	Rated Capacity (MGD)	Number of Ground Storage Tanks	Total Ground Storage Available (Gallons)
Heath Street	6	17.7	1	3,000,000
Eastside 698.75	9	34.5	2	4,000,000
Total:	**15**	**52.2**	**3**	**7,000,000**

Exhibit C

TABLE NO. 6

Existing Elevated Storage Tanks

Elevated Storage Tanks	Capacity in Million Gallons
Southside Elevated Storage Tank	1.5
Country Lane Elevated Storage Tank	2.0
Springer Elevated Storage Tank	2.0
Total	**5.5**

The pump stations and ground storage facilities were analyzed with the maximum daily demand, while elevated storage acts dynamically and therefore was analyzed utilizing the difference between the Maximum Hourly Demand and the Maximum Daily Demand.

2. Distribution Lines

The distribution lines consist of all lines within the Service Area planning boundary supplying water to customers in the City of Rockwall. Existing and proposed distribution lines vary in size from 5/8-inch services to 48-inch transmission lines and pump station piping. The cost of water lines includes construction cost, appurtenances (water valves, fire hydrants, taps and the like), utility relocations, purchase of easements and engineering costs. Financing cost over a 20-year term is included for each project.

Unit cost for proposed capital improvement water lines 12-inches and larger in diameter classified as City initiated, or City participation in oversize water lines, include the City's full cost of the proposed facility. Developer's initiated water line projects, 12 inches or less in diameter were not included in this Impact Fee analysis, as the cost for these size lines are the responsibility of the developer.

3. Water Supply

The City of Rockwall currently receives all of its water supply from the North Texas Municipal Water District (NTMWD). Rockwall's allocation of the capital cost of services as a Member of the NTMWD was specifically excluded from the impact fee analysis.

If included, Rockwall's share of the NTMWD capital cost could include the original construction cost, expansion cost and financing cost of the following components:

Exhibit C

a) Water Rights Cost in Lake Lavon and other Sources

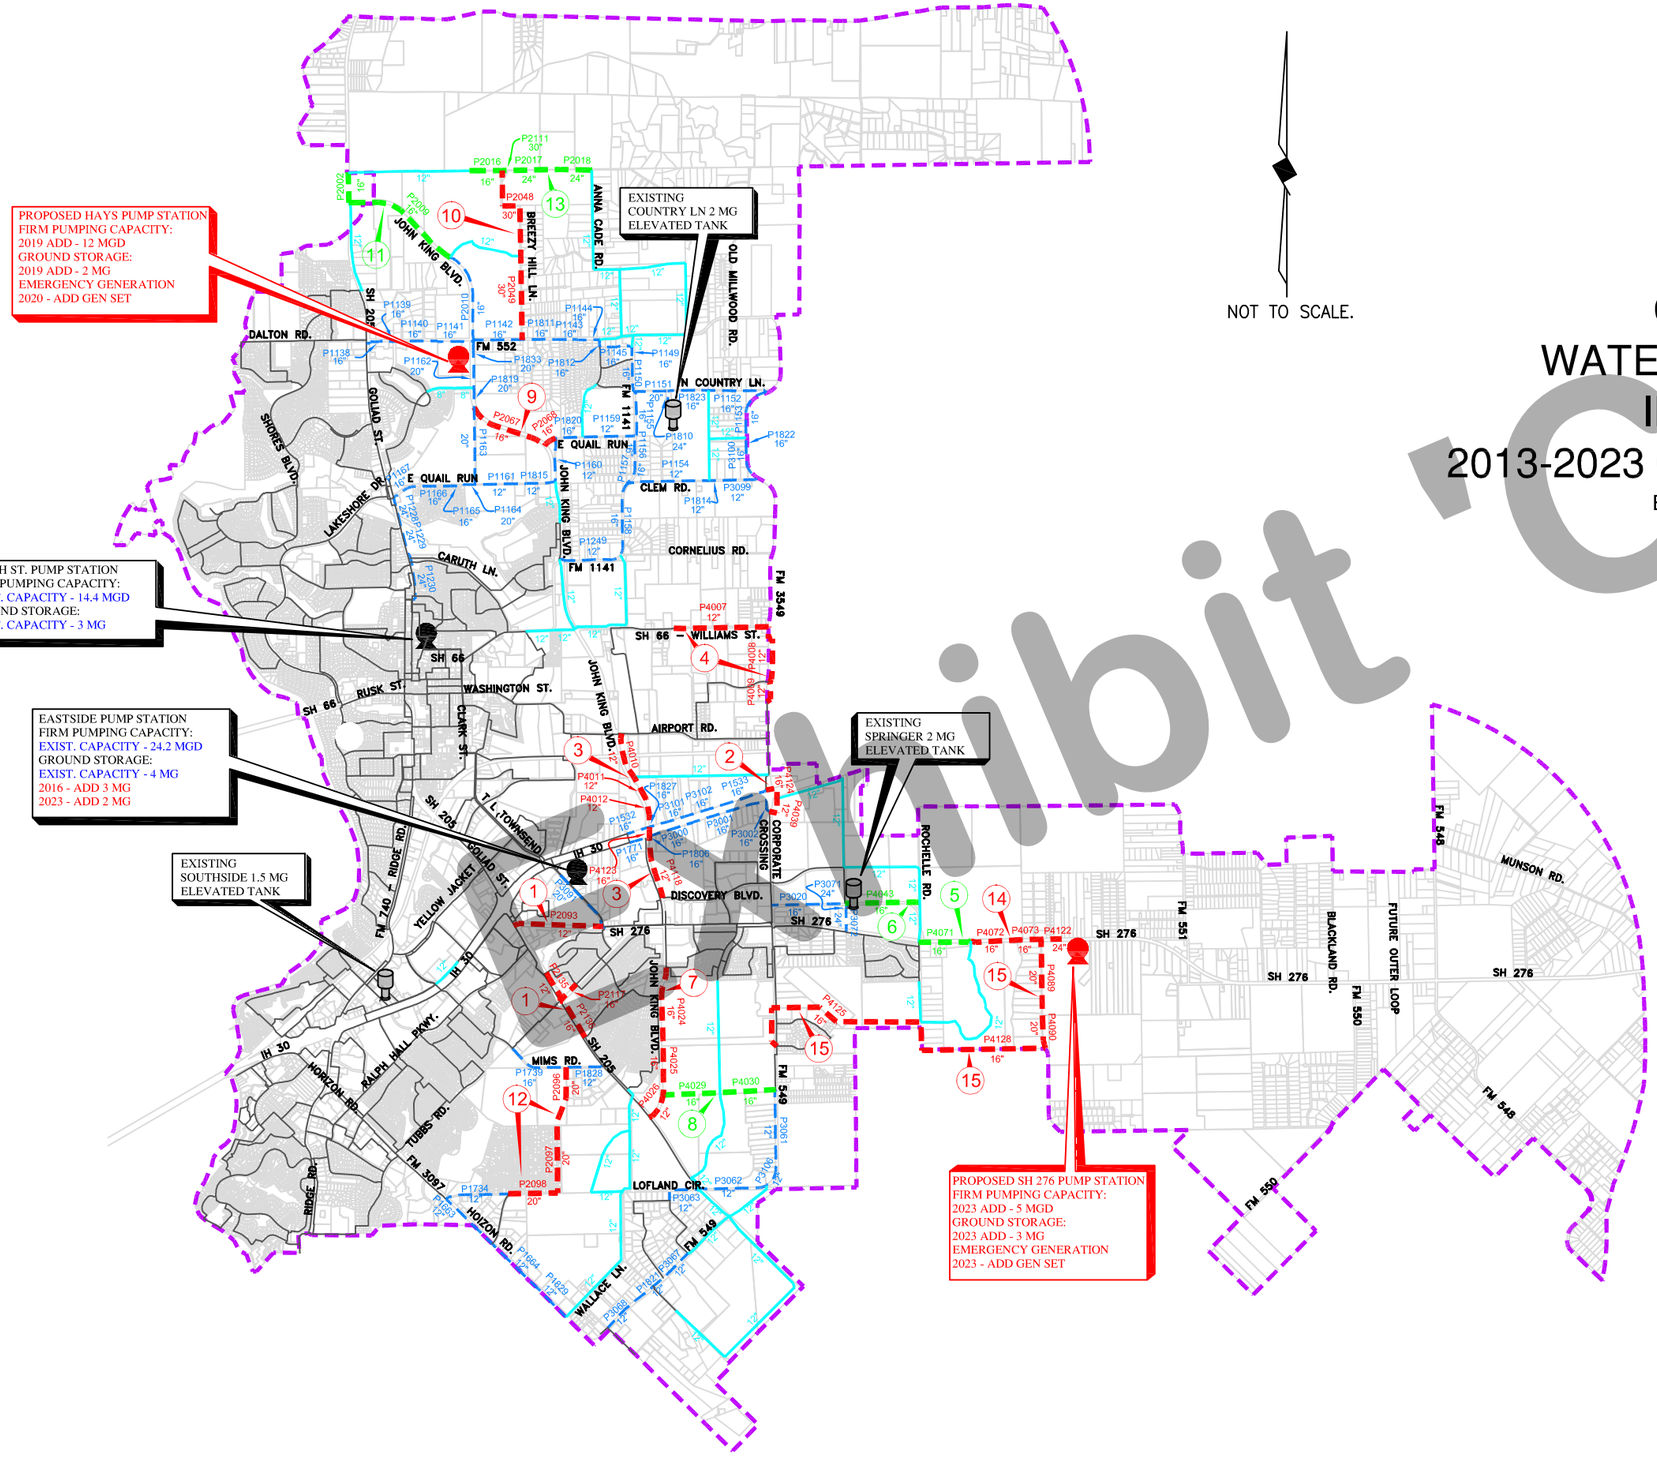
b) Raw Water Intake Structures

c) Raw Water Pump Stations

d) Treatment Plant and Expansion

e) High Service Pump Stations

f) Transmission Lines



g) NTMWD Owned Ground Storage Facilities

4. Water Distribution System Capital Improvement Projects for Impact Fees

In order to meet the demands of the anticipated growth over the next 10-years, as provided in the Land Use Assumptions prepared by the City of Rockwall, certain water distribution system improvements are required. **Exhibit 1** shows the recommended water system improvements and **Table No. 7** itemizes each project and the project cost in 2013 dollars. These recommended improvements form the basis for the water system impact fee calculation.

The capital improvement plan for impact fees provides for system improvements within the defined Service Area Planning Boundary.

Exhibit

5. Utilized Capacity

Utilized capacity for the water distribution system was calculated based on the water line size required for each model year (2013, 2023 and buildout). Analysis of the water distribution system is based on the maximum daily demand, maximum hourly demand, and the minimum hourly demand. Pump station capacity is generally based on the maximum daily system demand while transmission and distribution facilities are sized based on either the maximum hourly demand or the minimum hourly demand, whichever demand is greater for a particular water line. Often times, the capacity of water lines are determined by the flows generated by the minimum hourly demand. The minimum hourly flows are usually higher in those lines that are used to refill elevated storage. For each line segment in the water distribution model, the maximum buildout flow rate in the line was compared to the flow rate in the same line segment for the 2013 and the 2023 models.

The percent utilized capacity was then calculated for each year based on the buildout capacity. The utilized capacity during the Impact Fee period is the difference between the year 2023 capacity and the year 2013 capacity. **Table No. 8** below summarizes the project cost and utilized cost over the Capital Recovery Period (CRP) of 2013 - 2023 for each element of the Water Distribution System. The utilized capacity for each water distribution facility, both existing and proposed, is presented in detail in Impact Fee Capacity Calculation **Table Nos. 9, 10, 11, 12 and 13.**

Table No. 8

Summary of Eligible Water Distribution Project Cost and Utilized Capacity Cost

Water System Facility	20-Year Project Cost	Utilized Capacity ($) In the CRP
Existing Pump Stations & Storage	$24,635,679	$3,163,082
Existing Transmission/Distribution Lines	$12,959,214	$2,260,886
Proposed Pump Stations & Storage	$34,640,375	$19,032,542
Proposed Transmission/Distribution Lines	$16,346,496	$8,278,022
CCN Acquisition	$5,048,042	$656,510
Planning Expenses	$115,000	$115,000
Total:	**$93,744,806**	**$33,506,042**

Exhibit C

E. WASTEWATER COLLECTION SYSTEM

Computer models for the years 2013, 2023 and Buildout were prepared by Birkhoff, Hendricks & Carter. The models were developed and peak flows calculated from the residential population and non-residential land use projections provided by the City of Rockwall's Planning Department. Computer models were run to determine peak wet weather flow to insure proper sizing of the collection system.

1. Collection Lines

The natural creeks, whose basins will collect wastewater through the installed system of collection lines that flow into the geographic area serviced by the NTMWD.

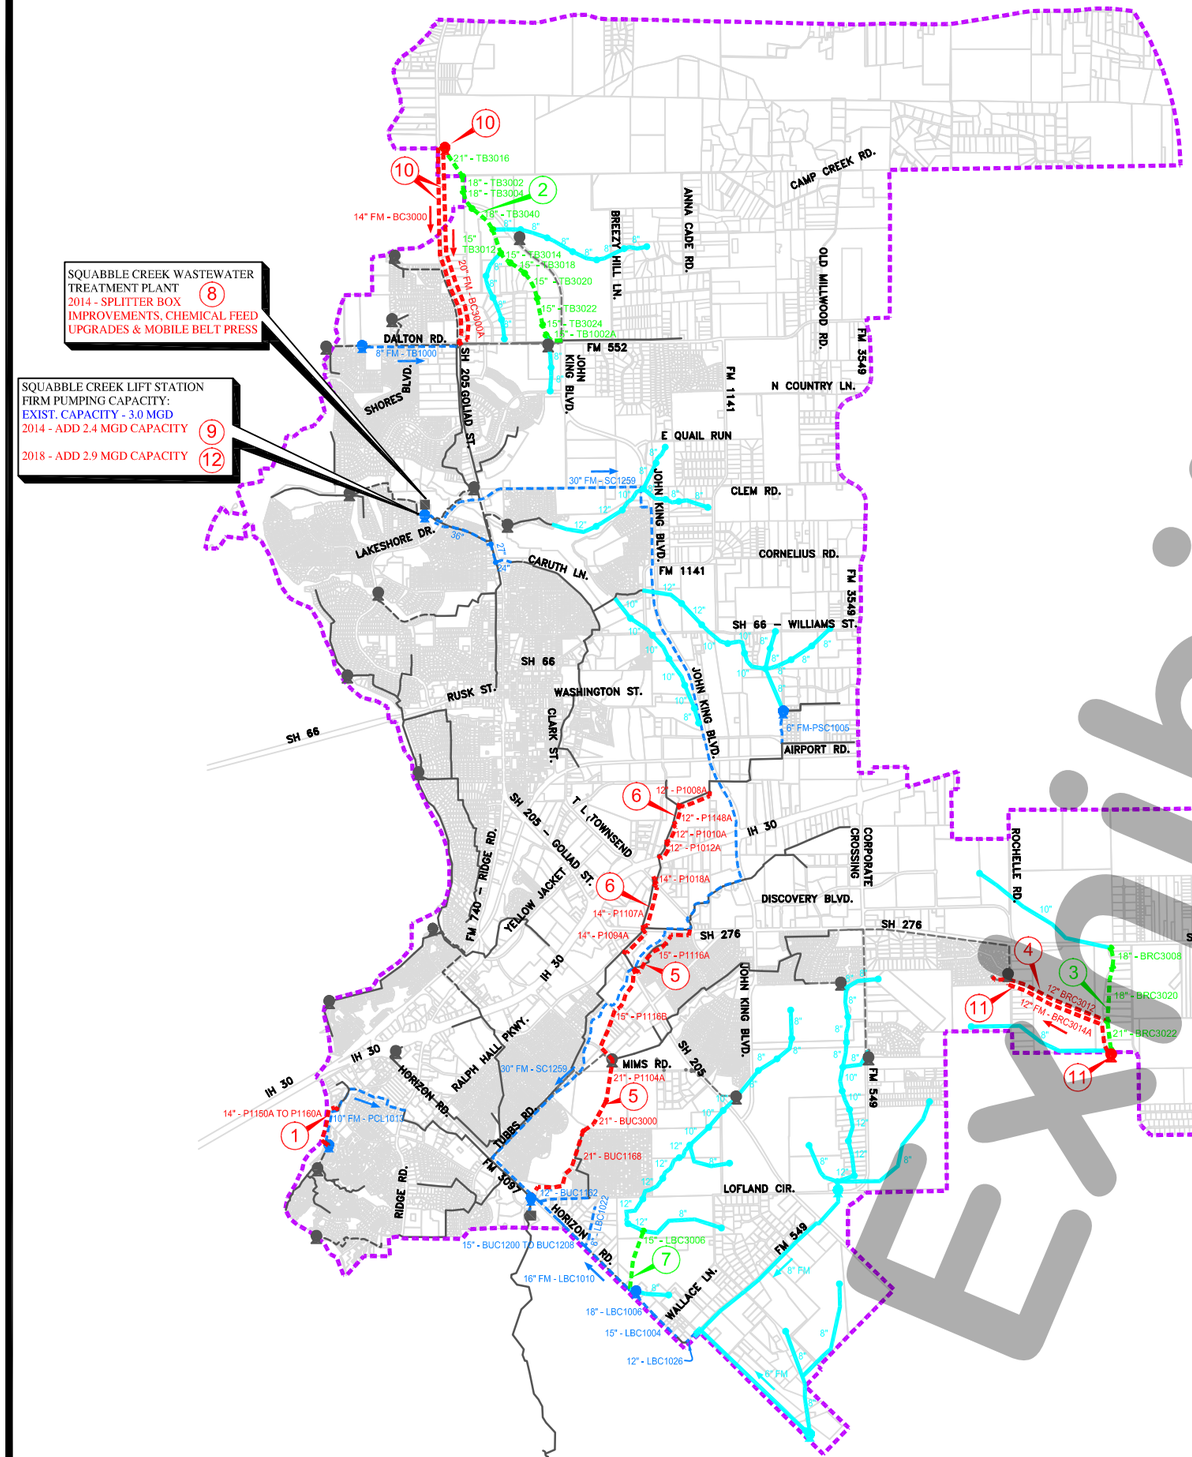
The wastewater collection system analysis covered all of the drainage basins within the Service Area planning boundary. Each collection system was analyzed for line sizes 12-inches in diameter and larger. Eliminating line sizes smaller than 12-inches in diameter from the study leaves only the interceptor and trunk lines included in the study. The wastewater project costs include necessary appurtenances (manholes, lift stations, aerial crossings and the like), purchase of easements, utility relocation, pavement removal and replacement, and engineering costs. For existing Impact Fee projects, actual costs were utilized where known. Future project cost estimates were based on 2013 average unit cost per linear foot and includes engineering, easements, and construction cost.

All eligible wastewater collection line projects in the Service Area planning boundary were included in the impact fee analysis. Eligible existing and proposed wastewater facilities are shown on **Exhibit 2**.

2. Treatment

The North Texas Municipal Water District (NTMWD) provides the City of Rockwall with the entirety of wastewater treatment. NTMWD owns and operates the Squabble Creek and Buffalo Creek Wastewater Treatment Plants (WWTP). Excess flows above the permit levels of the Squabble Creek and Buffalo Creek WWTP's are conveyed to the NTMWD Buffalo Creek Regional system. Rockwall pays NTMWD for the cost of this service according to the City's percentage wastewater flow contributions in any given year.

Exhibit C



This Impact Fee study excludes the cost of NTMWD regional collection and transportation and facilities located within the City's Service Area planning boundary that were paid for by NTMWD. Existing treatment plant and future treatment plant expansion costs of NTMWD were specifically excluded from this Impact Fee analysis.

3. Wastewater System Capital Improvement Projects for Impact Fees

The 10-year Wastewater System Capital Improvement Plan for Impact Fees was developed by Birkhoff, Hendricks & Carter. **Exhibit 2** shows the recommended system improvements and **Table No. 15** itemizes each project and the project cost. These recommended improvements form the basis for the Wastewater System Impact Fee Calculation.

The capital improvement plan for impact fees provides for system improvements within the defined Service Area Planning Boundary.

2016	2	(10) Proposed Bluff Creek Lift Station & 20" Force Main (7,360-LF)		$ 1,609,770	$ 845,129	$ 2,454,899
2017	2	(11) Proposed Brushy Creek Lift Station & 12" Force Main	1.5	$ 1,799,750	$ 944,869	$ 2,744,619
2020	2	(12) Squabble Creek Lift Station Improvements - Replace Pumps 2 & 3 with 335 HP Pumps	+2.9	$ 793,500	$ 416,588	$ 1,210,088
		Subtotal: Proposed Wastewater Facilities		**$ 10,032,370**	**$ 5,266,995**	**$ 15,299,365**
		GRAND TOTAL WASTEWATER 10-YEAR CIP:		**$ 15,658,234**	**$ 8,220,574**	**$ 23,878,808**

* *Allows for Expansion and Operation of Squabble Creek Lift Station*

(A) Opinion of Cost includes:

a) Engineer's Opinion of Construction Cost
b) Professional Services Fees (Survey, Engineering, Testing, Legal)
c) Cost of Easement or Land Acquisitions

(B) Debt Service Based on 20-Year Simple Interest Bonds at 5%

Exhibit

4. Utilized Capacity

Utilized capacity for the wastewater collection system was calculated based on land use assumptions provided by the City of Rockwall. The population and non-residential growth in each wastewater drainage basin was determined utilizing the City's growth projections. These growth rates were utilized to calculate 2013, 2023 and buildout peak design flows.

The percent-utilized capacity was calculated for the design flow of each study year based on the buildout capacity. The utilized capacity during the Impact Fee period is the difference between the year 2013 capacity and the year 2023 capacity. **Table No. 16** below summarizes the project cost and utilized cost over the impact fee period of 2013 – 2023. The utilized capacity for each eligible existing and proposed wastewater collection line is presented in detail in the Impact Fee Capacity Calculation **Table Nos. 17 and 18**. **Table No. 19** summarizes the utilized capacity of lift stations eligible for impact fee recovery.

TABLE NO. 16

Summary of Eligible Capital Cost and Utilized Capacity Cost

Wastewater System Facility	20-Year Project Cost	Utilized Capacity ($) in the CRP Period
Existing Wastewater Collection Line	$12,344,481	$2,836,953
Existing Wastewater Facilities	$6,402,514	$1,789,767
Proposed Wastewater Collection Line	$8,579,443	$3,569,651
Proposed Wastewater Facilities	$15,299,365	$11,895,781
Total:	**$42,625,803**	**$20,092,152**

Exhibit C

F. CALCULATION OF MAXIMUM IMPACT FEES - WATER & WASTEWATER

Chapter 395, of the Local Government Code allows the maximum impact fee to be charged if revenues from Future Ad Valorem Taxes, and water and sewer bills are included as a credit in the analysis. If not, the Act allows the maximum assessable fee to be set at 50% of the calculated maximum fee. The maximum impact fees for the water and wastewater systems are calculated separately by dividing the cost of the capital improvements or facility expansions necessitated and attributable to new development in the Service Area within the ten year period by the number of living units anticipated to be added to City within the ten year period. To simplify collection, we recommend the fee remain fixed throughout the 5-year period, unless changed by Council.

The **Water System** impact fee for a 5/8" meter is calculated as follows:

$$\text{Maximum Impact Fee} = \frac{\text{Eligible Existing Facility Cost} + \text{Eligible Proposed Facility Cost}}{\text{Number of New Living Unit Equivalent over the Next 10-Years}}$$

$$= \frac{\$6,080,477 + \$27,425,564}{10,770} = \frac{\$33,506,042}{10,770}$$

Calculated Water Maximum Impact Fee = $3,111.05 *

* Maximum Allowable Water Impact Fee is 50% of the Calculated Water Maximum Impact Fee

Maximum Assessable Water Impact Fee = $3,111.05 X 50% = $1,555.53

The **Wastewater System** impact fee for a 5/8" water meter is calculated as follows:

$$\text{Maximum Impact Fee} = \frac{\text{Eligible Existing Facility Cost} + \text{Eligible Proposed Facility Cost}}{\text{Number of New Living Unit Equivalent over the Next 10-Years}}$$

$$= \frac{\$4,626,720 + \$15,465,432}{8,126} = \frac{\$20,092,152}{8,126}$$

Calculated Water Maximum Impact Fee = $2,472.58 *

* Maximum Allowable Water Impact Fee is 50% of the Calculated Water Maximum Impact Fee

Maximum Assessable Wastewater Impact Fee = $2,472.58 X 50% = $1,236.29

Table No. 20 summarizes the per service unit equivalent maximum assessable impact fee that can be charged based on the calculated 50% credit above.

Exhibit C

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 10/06/2014

APPLICANT: Scott Lay of Lay Construction, LLC

AGENDA ITEM: **SP2014-018**; Dairy Queen Restaurant

Discuss and consider a request by Scott Lay on behalf of Lay Construction, LLC for the approval of certain variances to the SH 205 Overlay District for a Dairy Queen restaurant on a 2.0638-acre tract of land identified as Tract 36 of the B. J. T. Lewis Survey, Abstract No. 255, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, situated within the SH-205 Overlay (SH 205 OV) District, located on the east side of SH 205 [*S. Goliad Street*] north of the intersection of SH-205 and Yellow Jacket Lane, and take any action necessary.

BACKGROUND INFORMATION:

The applicant, Scott Lay of Lay Construction, LLC, is requesting approval of a site plan for a proposed Dairy Queen Restaurant on a 2.0638-acre tract of land. The site is generally located at the northeast corner of SH 205 and Yellow Jacket Lane *(just north of 7-Eleven)* and is zoned Commercial (C) district. The property is within the SH 205 OV District and is subject to the standards established for the district. The applicant will be seeking variances to certain standards established in the overlay district as outlined in staff's report.

VARIANCE REQUEST:

The applicant is requesting the following variances to *Sec. 6.7, SH 205 OV District* requirements of the UDC as stated below:

1) To allow for stucco exceeding 50% of the masonry requirement on the east facing façade.
2) To allow for secondary materials (i.e. pre-finished metal panels and/or ceramic tile) exceeding the maximum allowed of less than 10% on the north, south, and west facing elevations.
3) To allow for parking spaces within the 20-ft Landscape Buffer as depicted on the site plan and to relocate the required landscape buffer trees (canopy and accent) within the development.
4) To allow for a flat roof design with parapet walls on a building less than 6,000 sq. ft.

Under *Sec. 6.7, SH 205 OV District*, *H. Variance*, the Unified Development Code provides for the following:

The City Council may, upon request from the applicant, grant a variance to any provision of this section where unique or extraordinary conditions exist or where strict adherence to the provisions of this section would create a hardship. Approval of any variance to any provision of this section shall require city council approval by a three-quarter majority vote of those city council members present with a minimum of four affirmative votes.

RECOMMENDATIONS:

Architectural Review Board Recommendation:

On July 29, 2014, the Architectural Review Board recommended approval of the building elevations as submitted.

Planning and Zoning Recommendation:

Should the request be approved, staff would offer the following recommendations:

1. Adherence to all Engineering and Fire Department standards.
2. Consider recommendations forwarded to the Planning and Zoning Commission from the Architectural Review Board.
3. All exterior signage requires approval and submittal of a separate permit through the building inspections department prior to installation.
4. Submittal and approval of a replat prior to issuance of a Certificate of Occupancy.
5. Should the property be subdivided, an off-site parking agreement must be submitted at the time of platting if the parking space(s) for either lot are to be shared.

On September 30, 2014, the Planning and Zoning Commission approved the Site Plan request with staff conditions and recommended approval of the variances requested with the exception of the allowance for parking spaces within the 20-ft Landscape Buffer and the relocation of the required landscaping trees by a vote of 7 to 0.

LAY CONSTRUCTION LLC

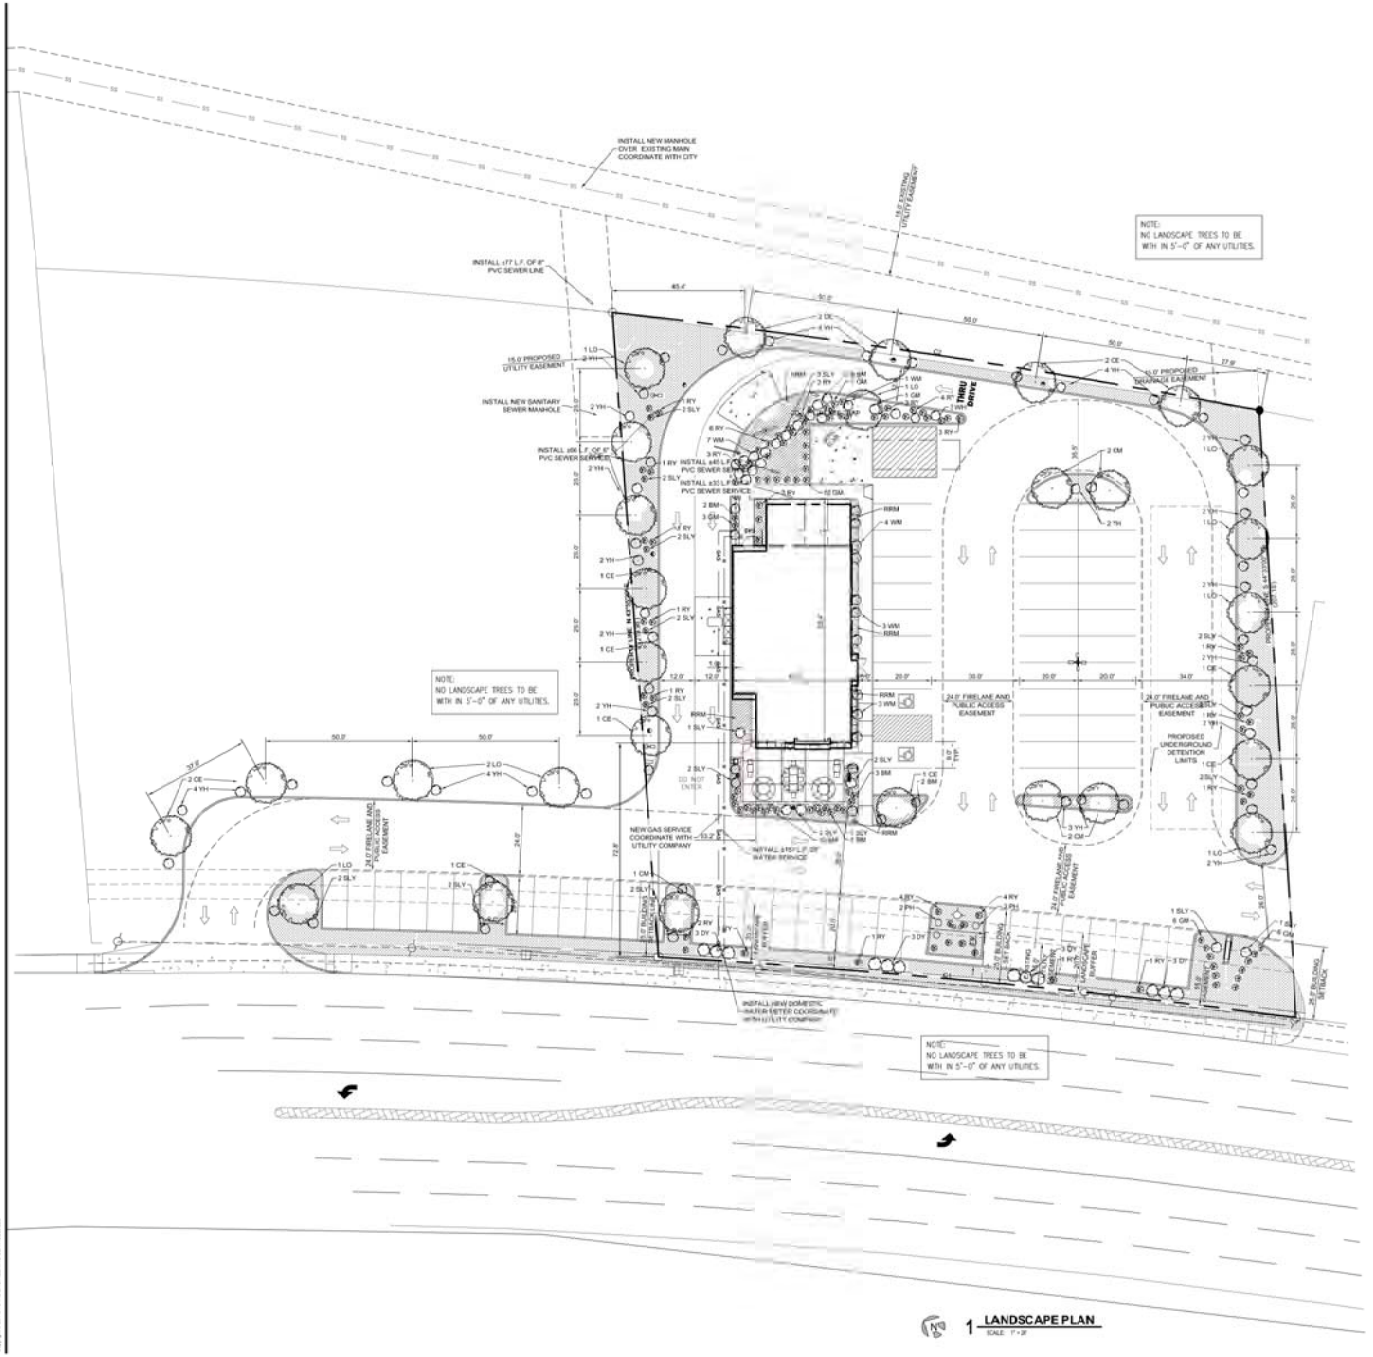
GENERAL CONTRACTOR

...helping build your future today.

City Council
385 S. Goliad Street
Rockwall, Texas 75087

September 4, 2014

RE: Letter requesting variances regarding the Dairy Queen Job directed to the City of Rockwall: Attention: City Council.



City Council,

Since we are trying to stay within the Dairy Queen regulations as well as meeting the City of Rockwall's regulations, we request the following:

- The amount of stucco being used be allowed to exceed the maximum 50 % of the masonry requirement.
- That the secondary material amount to exceed the amount of "less than 10 %" for all materials – pre-finished metal panels including the ceramic tile.
- The allowance for 17 parking spaces located within the required 20 landscape buffer as well as the 13 off-site parking spaces in this buffer.
- Roof design standards require a pitched roof for buildings less than 6000 sq. ft. Allowance for flat roof design with parapet walls.

Sincerely,

Rachel Anders
Project Coordinator Assistant

1 LANDSCAPE PLAN
SCALE: 1" = 2'

LANDSCAPE PLAN NOTES

1. Contractor to verify all site dimensions and layout prior to the commencement of landscape construction. Any discrepancies between the drawings and the actual site conditions shall be brought to the attention of the Owner's Representative immediately.
2. Contractor is responsible for verification of the location all underground utilities. Repair to said utilities as a result of the work of the Contractor shall be the responsibility of the Contractor. NOTE: All existing and proposed utilities may not be shown on this plan.
3. Utilities may exist on site that were unknown during the development of this drawing. Contractor to notify the Owner's Representative immediately if the location of any proposed plant material conflicts with any site utility lines including but not limited to manholes, pull boxes, valve boxes, meters, transformers, etc. Do not plant a tree within 20' feet of the above-mentioned structures unless otherwise directed by the drawings. Failure to notify the Owner's Representative of such conflicts will result in the Contractor being responsible in replacing the affected plant material at the Owner's discretion.
4. Contractor is responsible for verification of all plant quantities based on the drawings and actual field conditions. Plant quantities have been provided for estimating purposes only. Contractor shall provide unit prices to the owner in case of any shortages\ overages or revisions to the planting design.
5. Contractor shall supply nursery-grown trees (except for ball & burlap as approved by the Landscape Architect), shrubs, and ground covers of species, type and size as specified in the Plant List.
6. All plants shall be legibly labelled true to specified size and variety in accordance with Standardized Plant Names, American Joint Committee on Horticulture. Sizes must be in accordance with the American Association of Nurserymen Standards.
7. Irrigation system installation to be complete (with the exception of tree bubblers if applicable) prior to the installation of any plant material.
8. Contractor to remove all clods, rocks, concrete, trash and any other debris prior to installation of soil mix or plant material.
9. Contractor is responsible for removal of trash and repair of hazardous conditions (tools, open holes, etc.) on a daily basis by the end of the work day.
10. All planting beds shall be separated from turf areas by using 1/8" x 4" x 16' Colmet steel edging. Trim steel edging at a 45° angle at pavement or curb intersections.
11. Upon completion of construction and prior to final approval, Contractor shall thoroughly clean the site of all trash, spilled soil, and litter, etc. that has resulted from landscape construction operations. Repair all damage to finish grade including tailings from excavations, wheel ruts, etc. caused from construction.
12. Remove all tags, ribbons and wires from all newly installed plant material upon Owner's authorization.
13. Contractor to replace all materials which are dead, unhealthy, or unsightly (as determined by the Owner) with the cost of replacement to be at the Contractor's expence. Replacement material to be in accordance with the drawings and shall be warranted per the garantee requirements stated herein.
14. All plant material to be guaranteed to remain alive and in healthy vigorous condition for a period of one year after acceptance by the Owner.
15. Warranty shall not include damage or loss of plants due to acts of God, acts of vandalism or negligence on the part of the Owner.

PLANT LIST

ABBREVIATION	QUANTITY	DESCRIPTION
	5,893 SQ. FT	COMMON BERMUDAGRASS – Cynodon dactylon Hydromulch (Refer to Turf Application Notes)
	5,893 SQ. FT	ANNUAL RYE – Lolium spp. (Refer to Turf Application Notes)
PH	4	PURPLE HEART – Setcreasea pallida 1 gal., 3' o.c., dark green, full
GM	33	GULF MUHLY – Muhlenbergia capillaris 1 gal., 2.5' o.c., 18" ht. 12" sprd., dark green, full,
RY	43	RED YUCCA – Hesperaloe parviflora 5 gal., 3' o.c., 12" ht., 12" sprd., dark green, full
BM	28	BIG MUHLY – Muhlenbergia lindheimeri 5 gal., 3.5' o.c., 24" ht., 18" sprd., dark green, full
WM	18	DWARF WAX MYRTLE – Myrica pusilla 5 gal., 4' o.c., 24" ht., 18" sprd., dark green, full
SLY	35	SOFT LEAF YUCCA – Yucca gloriosa 15 gal., 3.5' o.c., 24" ht., 24" sprd., dark green, full

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 10/6/2014

APPLICANT: Darryl LaCaze

AGENDA ITEM: **MIS2014-013;** Accessory Building - LRE

SUMMARY:

Discuss and consider a request by Darryl LaCaze for the approval of a special request for the purpose of permitting an accessory structure that exceeds the maximum permissible size stipulated by Section 2.1.2 of Article IV, Permissible Uses, of the Unified Development Code and does not meet the exterior material requirements as stipulated in Ordinance No. 09-37 for a 33.05-acre property identified as Lots 1340 & 1341 of Rockwall Lake Estates #2 Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 75 (PD-75) [Ordinance No. 09-37], addressed as 503 Nicole Drive, and take any action necessary.

BACKGROUND INFORMATION:

The applicant, Darryl LaCaze, has submitted a special request to allow for the construction of an accessory building exceeding the size requirements of the UDC, as well as, not meeting the exterior material standards for PD-75. The proposed accessory building is a 12' x 24' (288 sq ft) wooden structure that will be used for storage purposes. The applicant has provided a photo of a similar building which will feature fiber cement panel siding, a double lock standing seam metal roof and stone underpinning. In addition, the applicant has indicated that the structure will not exceed 15 feet in height. The survey provided depicts the building's location which meets the minimum rear and side yard setbacks as well as the separation requirements.

Under the use standards of the Unified Development Code, the accessory building shall be accessory to a residential use and located on the same lot. The underlying zoning for PD-75 is Single-Family 7 (SF-7) Residential District. Generally, the SF-7 district requires no more than two (2) accessory buildings which are up to 225 sq ft (each) and are 15 ft or less in height, provided the exterior cladding contains only materials found on the main structure. Accessory buildings not meeting these standards must obtain an SUP. However, the PD-75 Development Standards for Lake Rockwall Estates established in Ordinance 09-37 require that any structure over 120 sq ft be constructed with at least 80% masonry materials with Hardy Plank comprising no more than 50% of the masonry requirement. Additionally, according the ordinance, these requirements may be varied by the Planning and Zoning Commission and City Council upon request of the applicant.

Enclosed in your packet you will find a letter of explanation for the special request, a photo of a similar building, and a survey indicating the location of the proposed structure for your consideration.

RECOMMENDATION:

Should the special request be approved, staff offers the following conditions:
1. Adherence to Building Inspections, Engineering and Fire Department standards.
2. Submittal and approval of a building permit.
3. The accessory building shall comply with the approved site plan and building elevations.

4. The accessory building shall not exceed 288 sq ft in area.
5. The accessory building shall not exceed a maximum height of 15 feet (measured at the midpoint of the roof).
6. Any construction or building allowed by this request must conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On September 30, 2014, the Planning & Zoning Commission recommended approval of the applicant's request by a vote of 7-0.

Re: Variance Request for the allowable square footage for an accessory building.

ROCKWALL LAKE EST #2, LOT 1340,1341
Zoned SF-7
PD-75
Darryl LaCaze
503 Nicole Dr
Rockwall, Tx
469-209-3657

Sec. 2.1.2. Residential and lodging use conditions.
In SF-7, SF-8.4, SF-10, SF-16, and SF-1, no more than two accessory buildings shall be allowed which are up to 225 square feet (each) in area and 15 feet or less in height, provided the exterior cladding contains only materials found on the main structure. (Greenhouses are exempt from the materials requirement.)

I am requesting a variance from the allowable 225 square feet in area to 288 square feet in area for an accessory building. My property is 14400 Square feet in area.
In the short term the extra space is needed as storage so that I may begin remodeling the existing dwelling.
In the long term the extra space will be used for equipment storage and carpentry work space.
While I am allowed two accessory buildings up to 225 square feet in area, one building 288 square feet in area would be more efficient for my needs, cost less than two building and be more aesthetically pleasing than two building.

I would like to thank you in advance for your time and consideration in this matter. If you have any question or need any additional information to facilitate a decision please let me know.

Sencerely

Darryl LaCaze

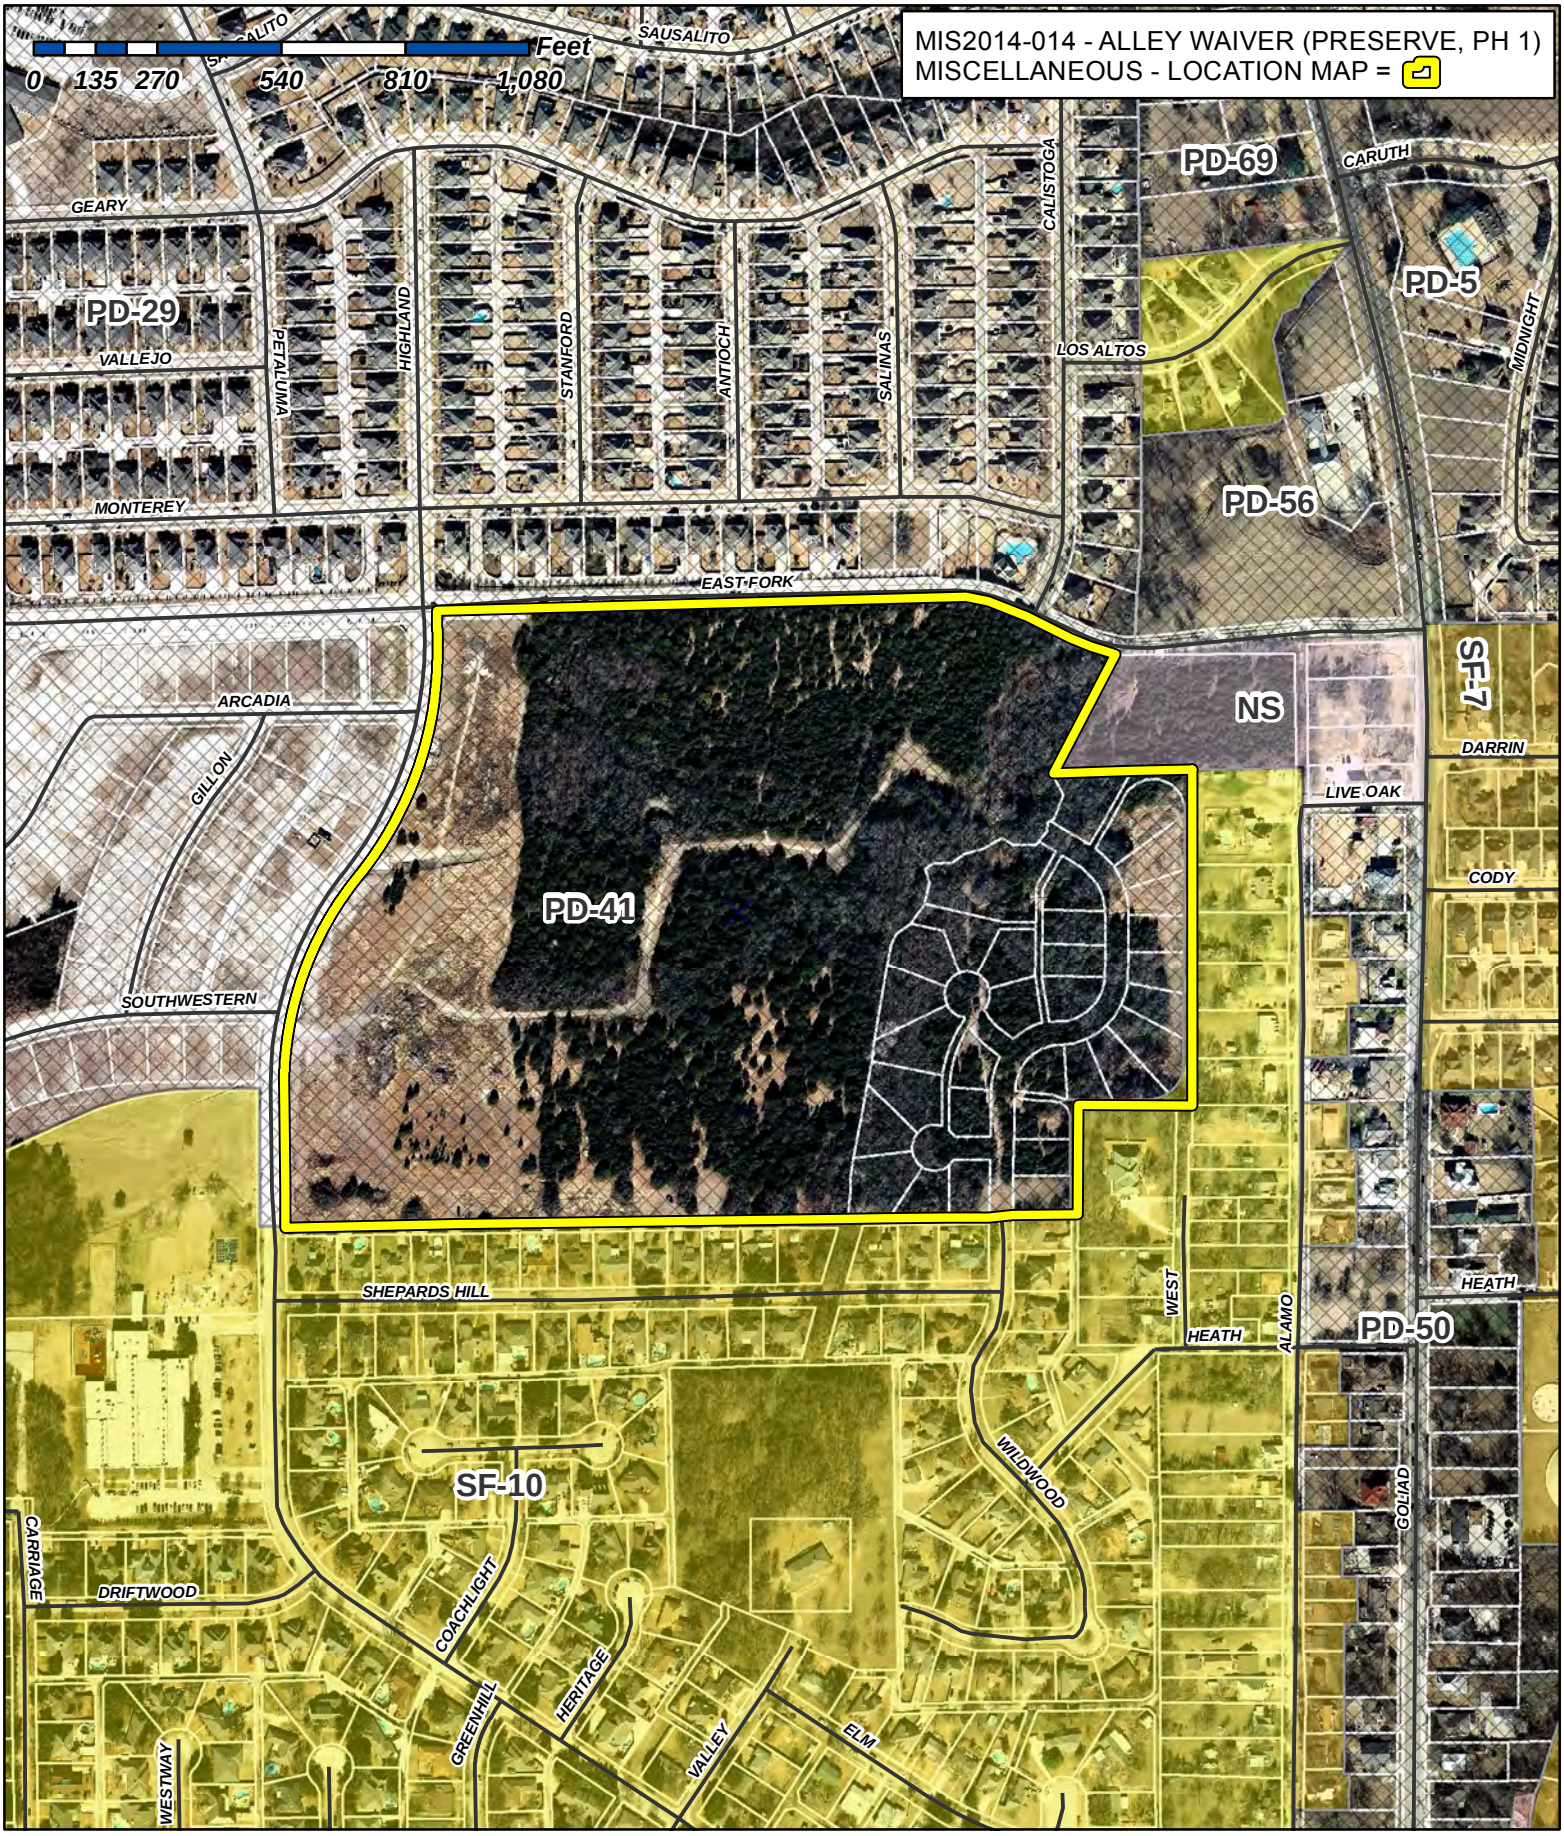
CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

CC: Robert LaCroix, *Director of Planning and Zoning*



FROM: Ryan Miller, *Planning Manager*

DATE: September 30, 2014

SUBJECT: MIS2014-014; *Alley Waiver Request (Preserve, Phase 1)*

The applicant, Tim Spiars of *Spiars Engineering*, has submitted a request for a waiver to the alley requirements stipulated by the *Standards of Design and Construction Manual* for the purpose of modifying the lots on the eastern side of *Phase 1* of the *Preserve Subdivision*. Currently, this area of the preliminary plat is platted as *North Shore, Phase 3*, and was approved in 1976. According to the applicant's letter, the purpose of the waiver request is to accommodate a grade difference between the existing single-family development to the east and the proposed phase of the Preserve and to allow a retaining wall to be constructed without encroachment into a potential right-of-way (*i.e. the alleyway*). According to Section 2.11, *Alleys and Alley Widths*, of the *Standards of Design and Construction Manual* [*Engineering Department*], "(a)lleys shall be provided in all residential areas … [*however*] The City council may waive the residential alley requirement upon determination by the Council, if it is in the best interest of the City … The City may waive this requirement where other definite and assured provisions are made for service access such as off street loading, unloading and parking consistent with and adequate for the uses proposed." In this case, the applicant's ability to increase the size of the lots to accommodate the alleyway is restricted by existing floodplain, which divides the proposed phase in two (2) separate areas. The zoning, Planned Development District 41 (PD-41) [*Ordinance No. 01-27*], does contain a provision that allows for lots not accessible by a paved alley to have a *J-Swing* or *Swing* garage access. Additionally, the City has provided waivers to this requirement for other developments upon a finding that adequate city services can be provided to the proposed subdivision. Should the City Council choose to grant this request, the applicant would be required to replat this portion of the subdivision at the time of final platting for *Phase 1*.

On September 30, 2014, the Planning and Zoning Commission recommended approval of the applicant's request to waive the alley requirements for a portion of *Phase 1* of the Preserve Subdivision by a vote of 7-0.

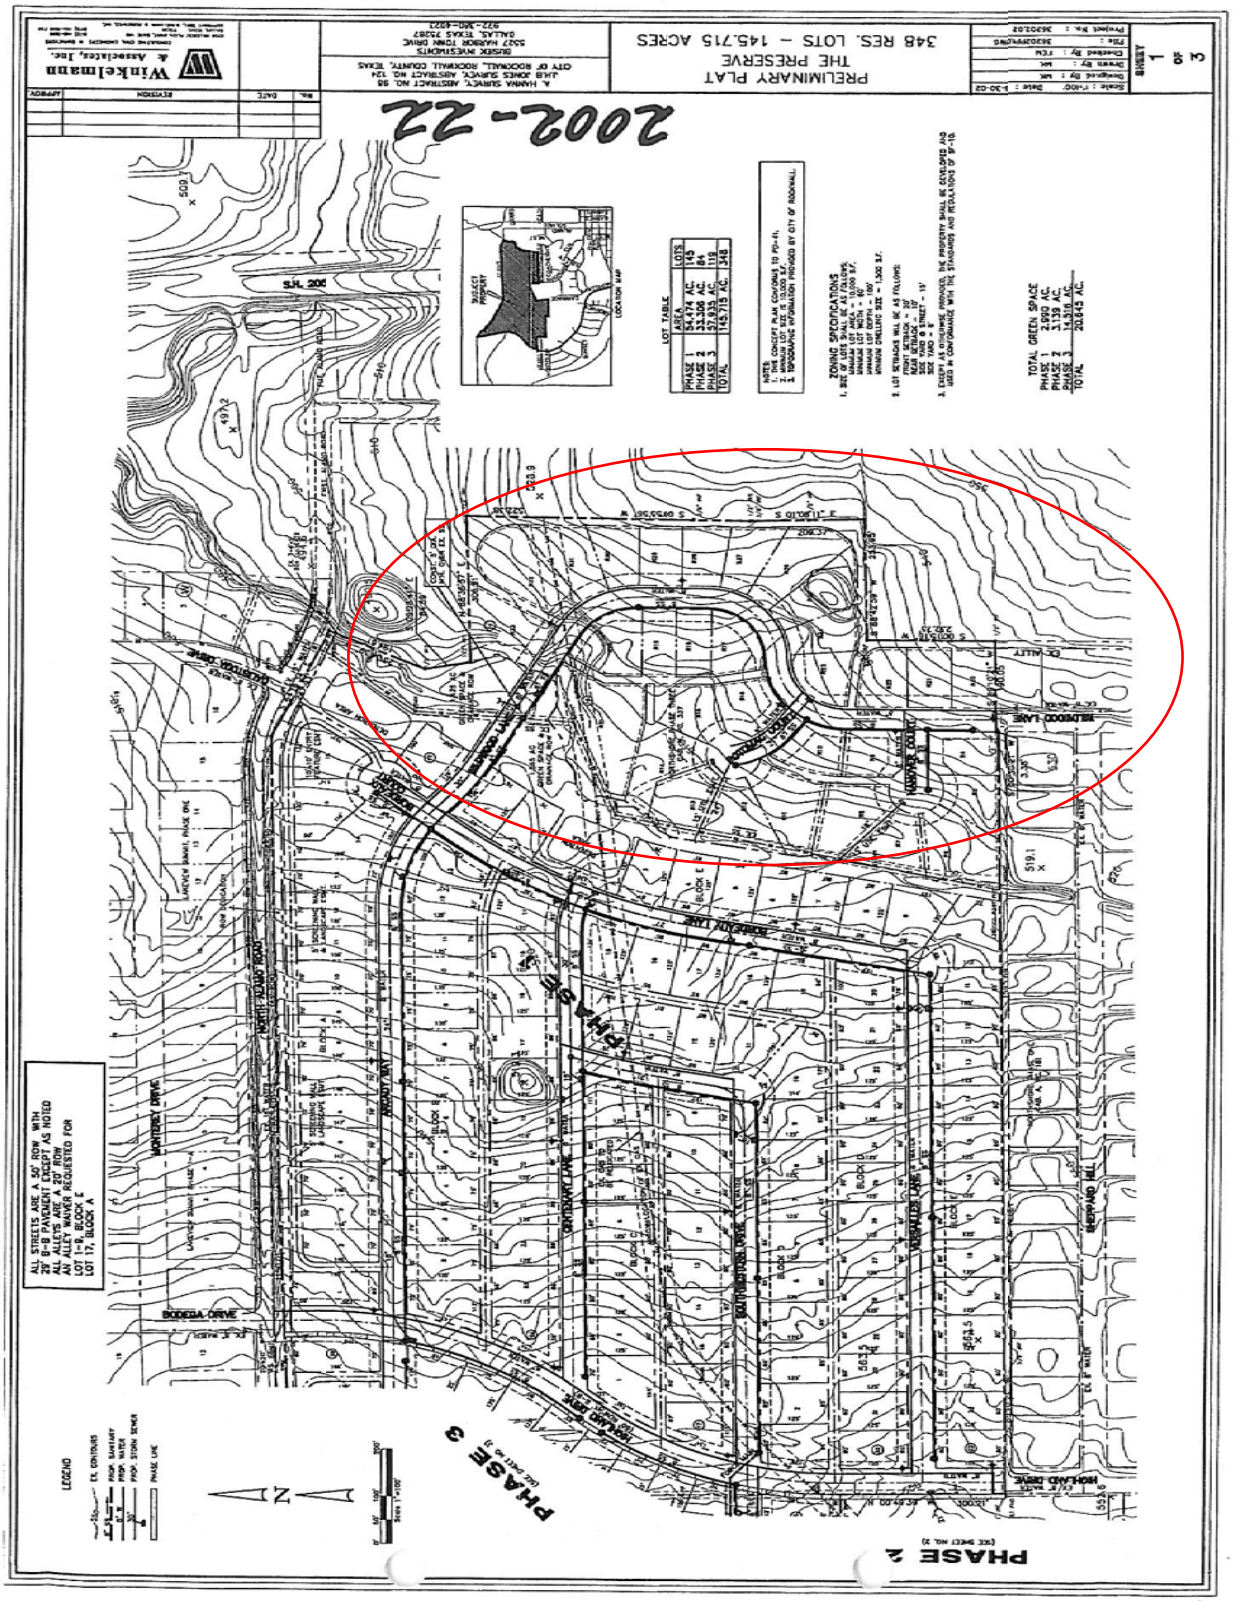
Re: Request for Alley Variance for the Preserve Phase 1 Preliminary Plat
(Miscellaneous Case)
Rockwall, Texas
SEI Project No.: 13-141

Dear Mr. Miller:

I would like to respectfully request a variance to the requirement for alleys, with exception of Lots 1-5, Block F, on the east side of the subdivision. The new layout allows for sufficient on- and off-street parking provided for each lot in the development as evidenced by a minimum 80' lot width and the 29' B-B roadway sections (50' ROW). The new design for the east side of the subdivision will also allow for an efficient solid waste collection pattern. And, there is adequate area dedicated for storm drainage facilities and utilities.

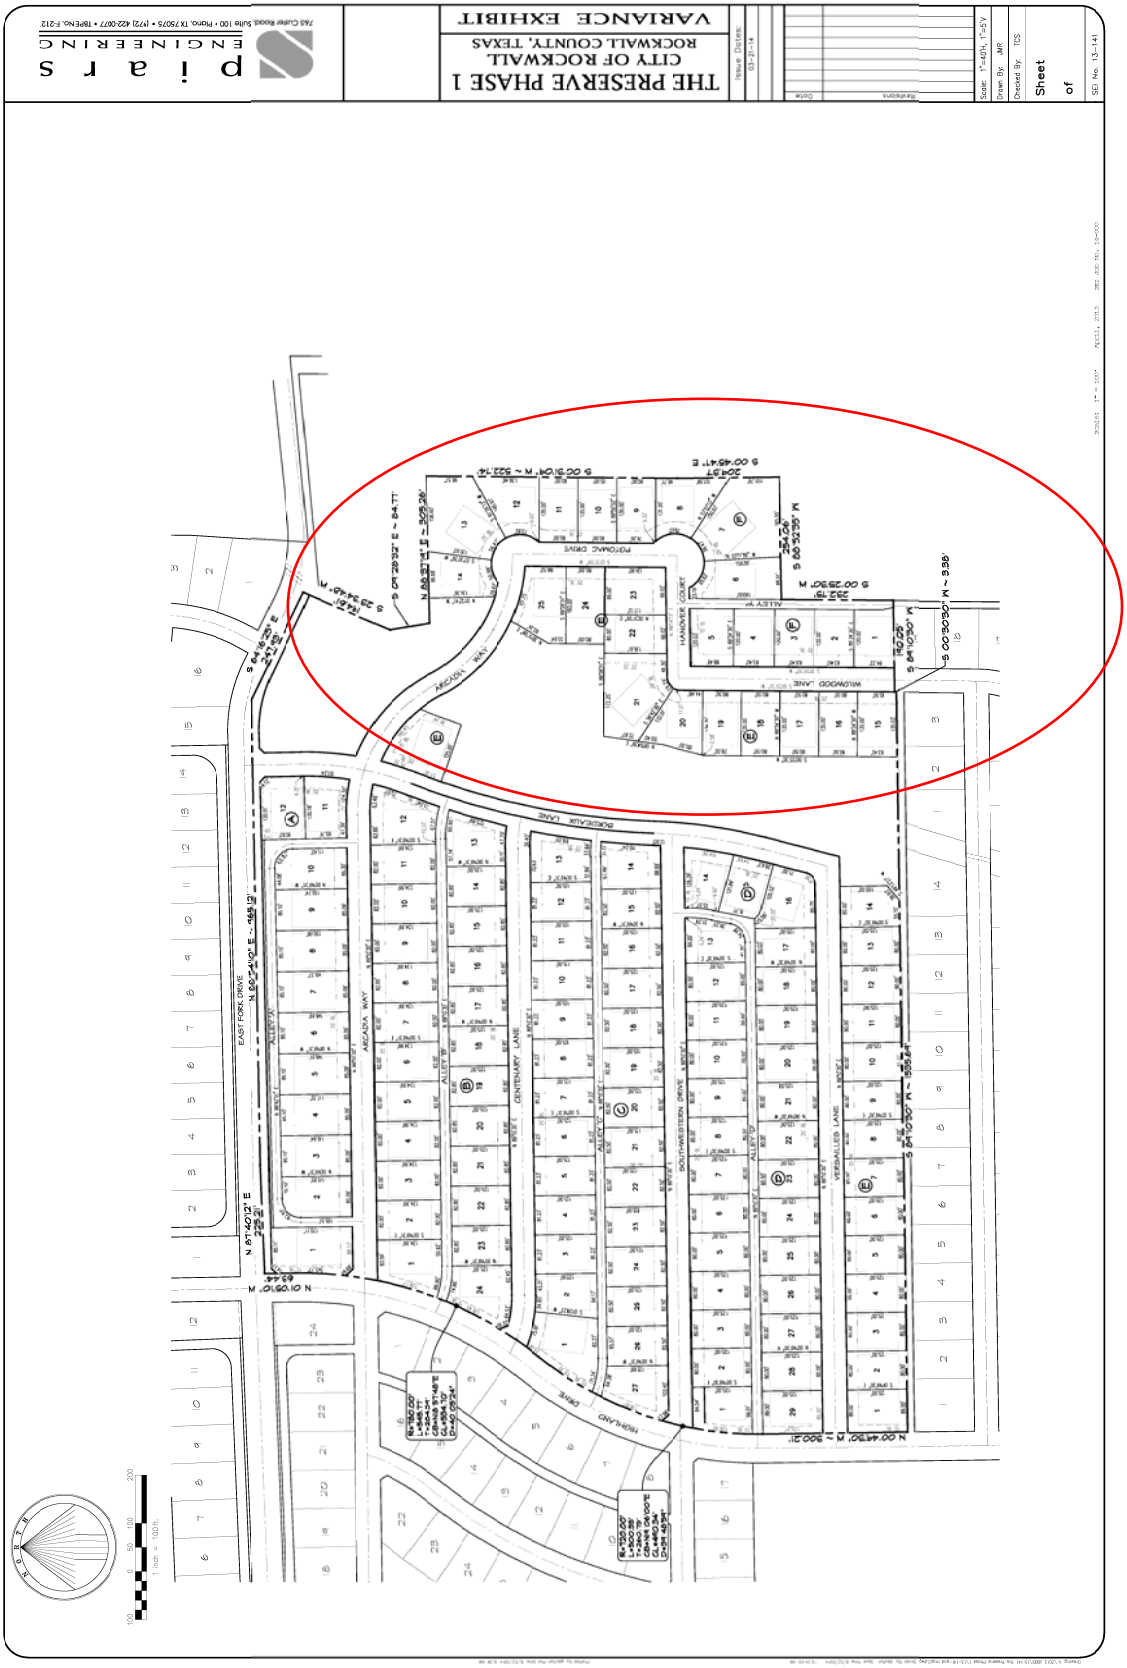
In addition, there are several reasons that the alleys need to be eliminated. Specifically, the elimination of the alley along the east property line will make it possible to construct a retaining wall without encroaching in the ROW or on the adjacent property. At present, there are alleys proposed that prevent some lots from backing to open space (one creek side lot would require an alley, but seems unfeasible). We feel that it would benefit these lots to eliminate this alley. Furthermore, with this variance, Shaddock Developers, the owner, has agreed to provide J-Swing drives on all front entry lots.



In conclusion, we believe that there is an overall improvement to the layout on the east side of the creek with the elimination of the alleys. The average lot size has increased to 12,802 SF, lot dimensions have improved to make for more desirable lots, and all lots meet the required minimum width of 80' at the front building line. Finally, the granting of this variance, in my professional opinion, will not be detrimental to the public health, safety or welfare or injurious to other property in the area.

Please give me a call me if you have any questions.

Sincerely,
SPIARS ENGINEERING, INC.



Tim C. Spiars, P.E.

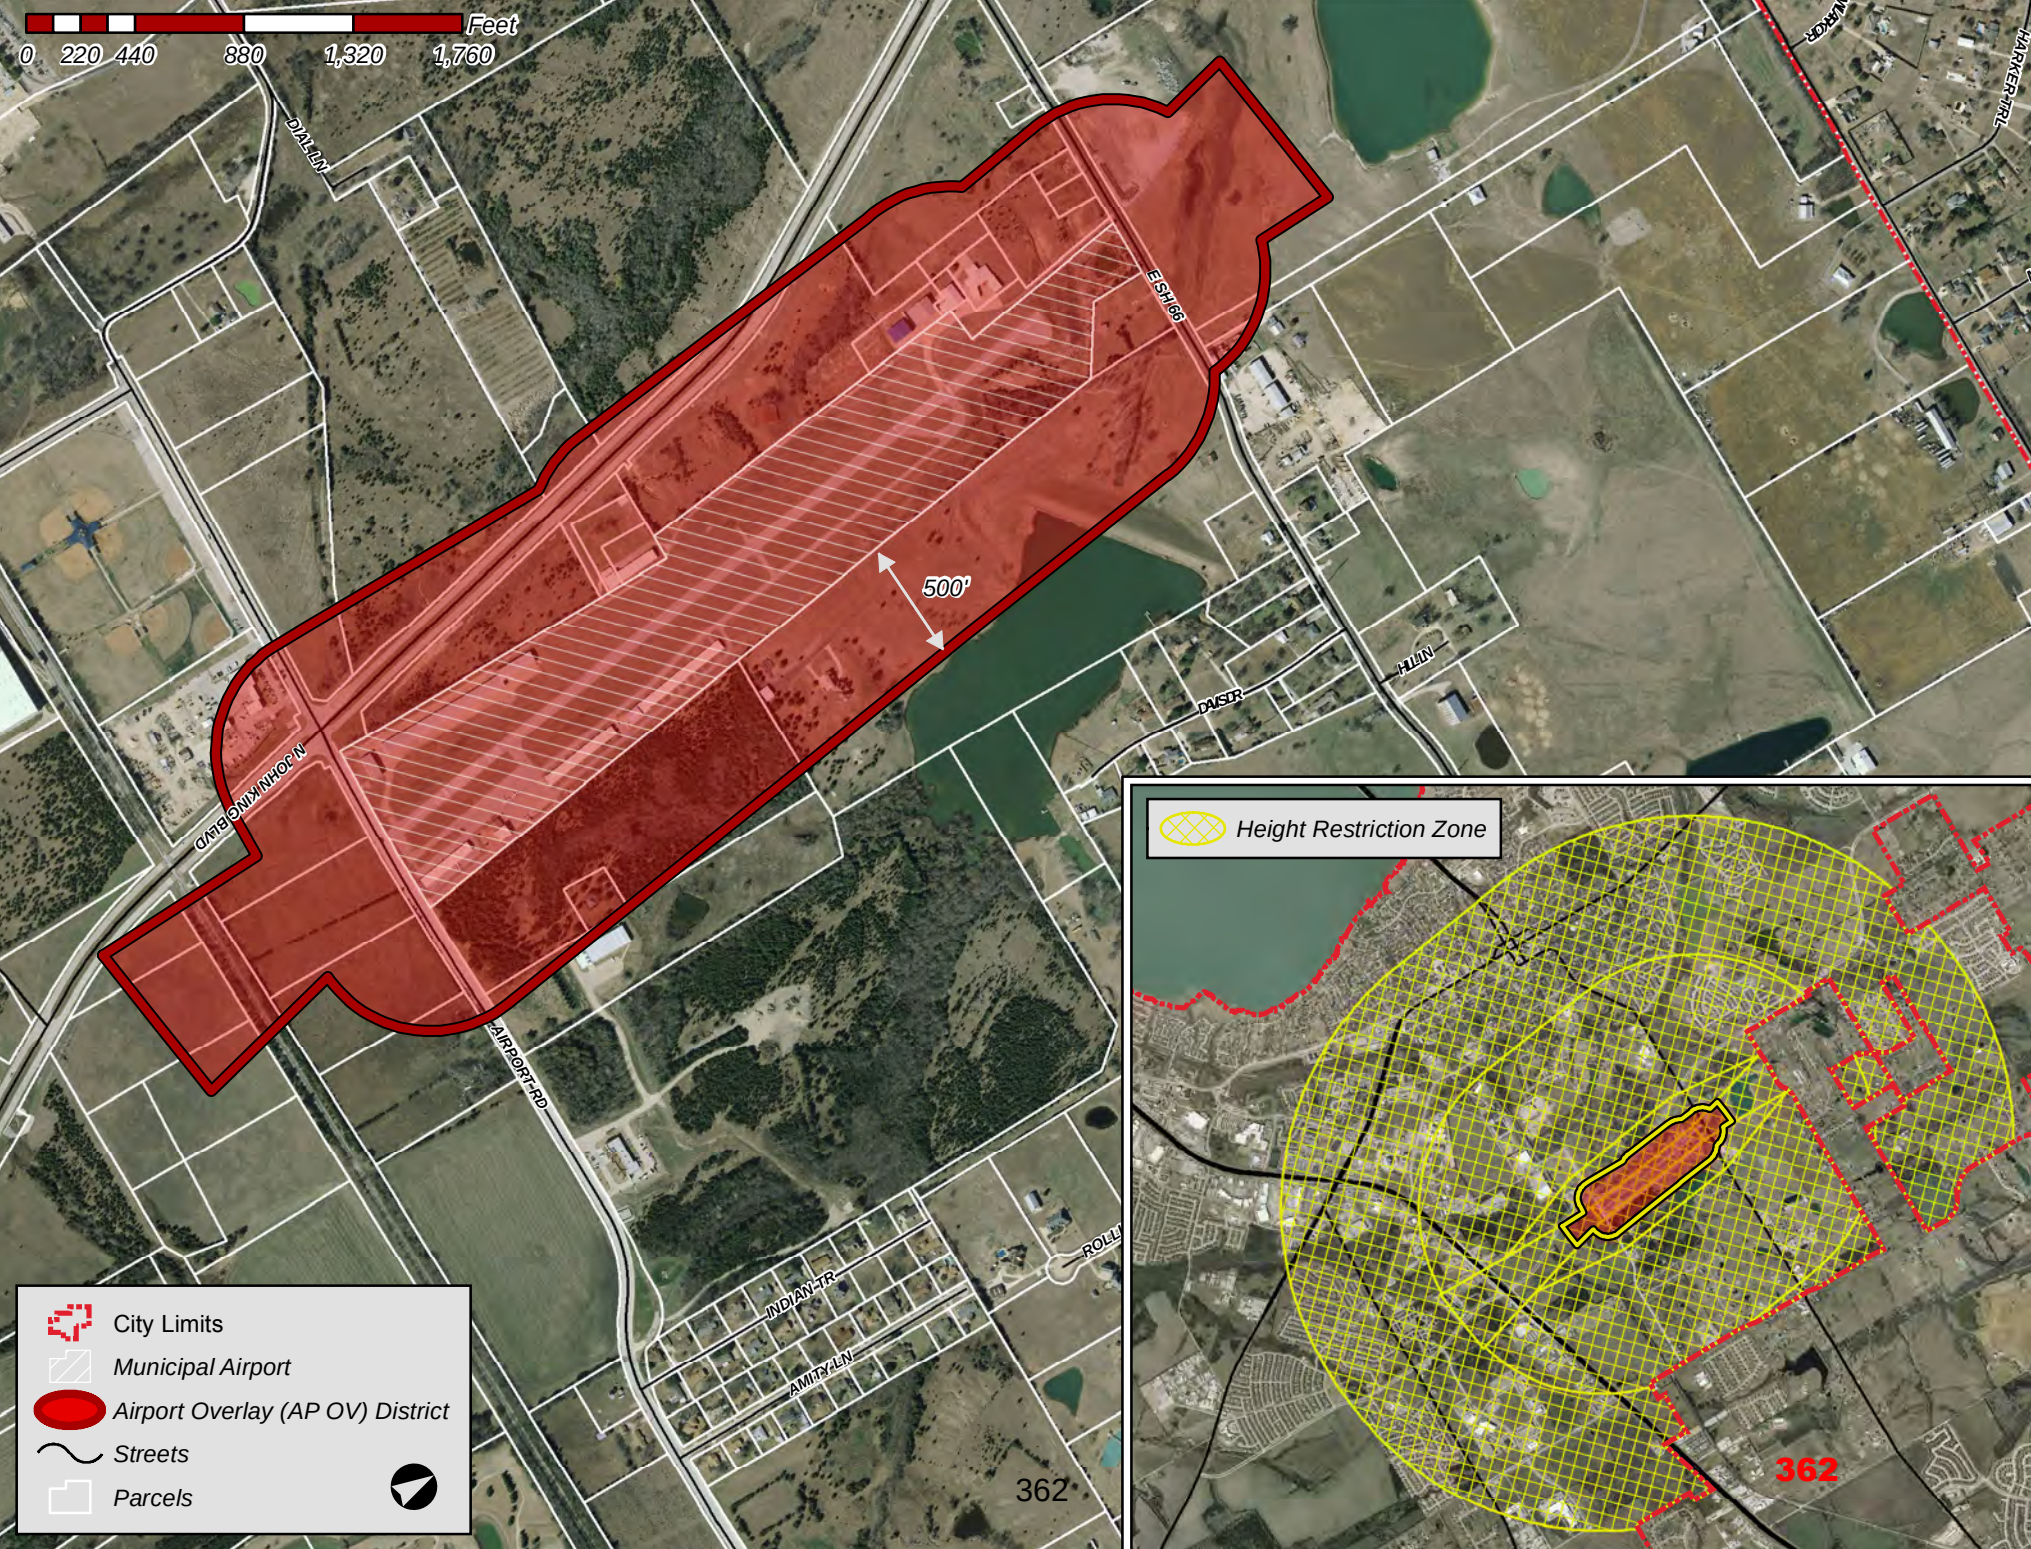
CITY OF ROCKWALL, TEXAS
MEMORANDUM

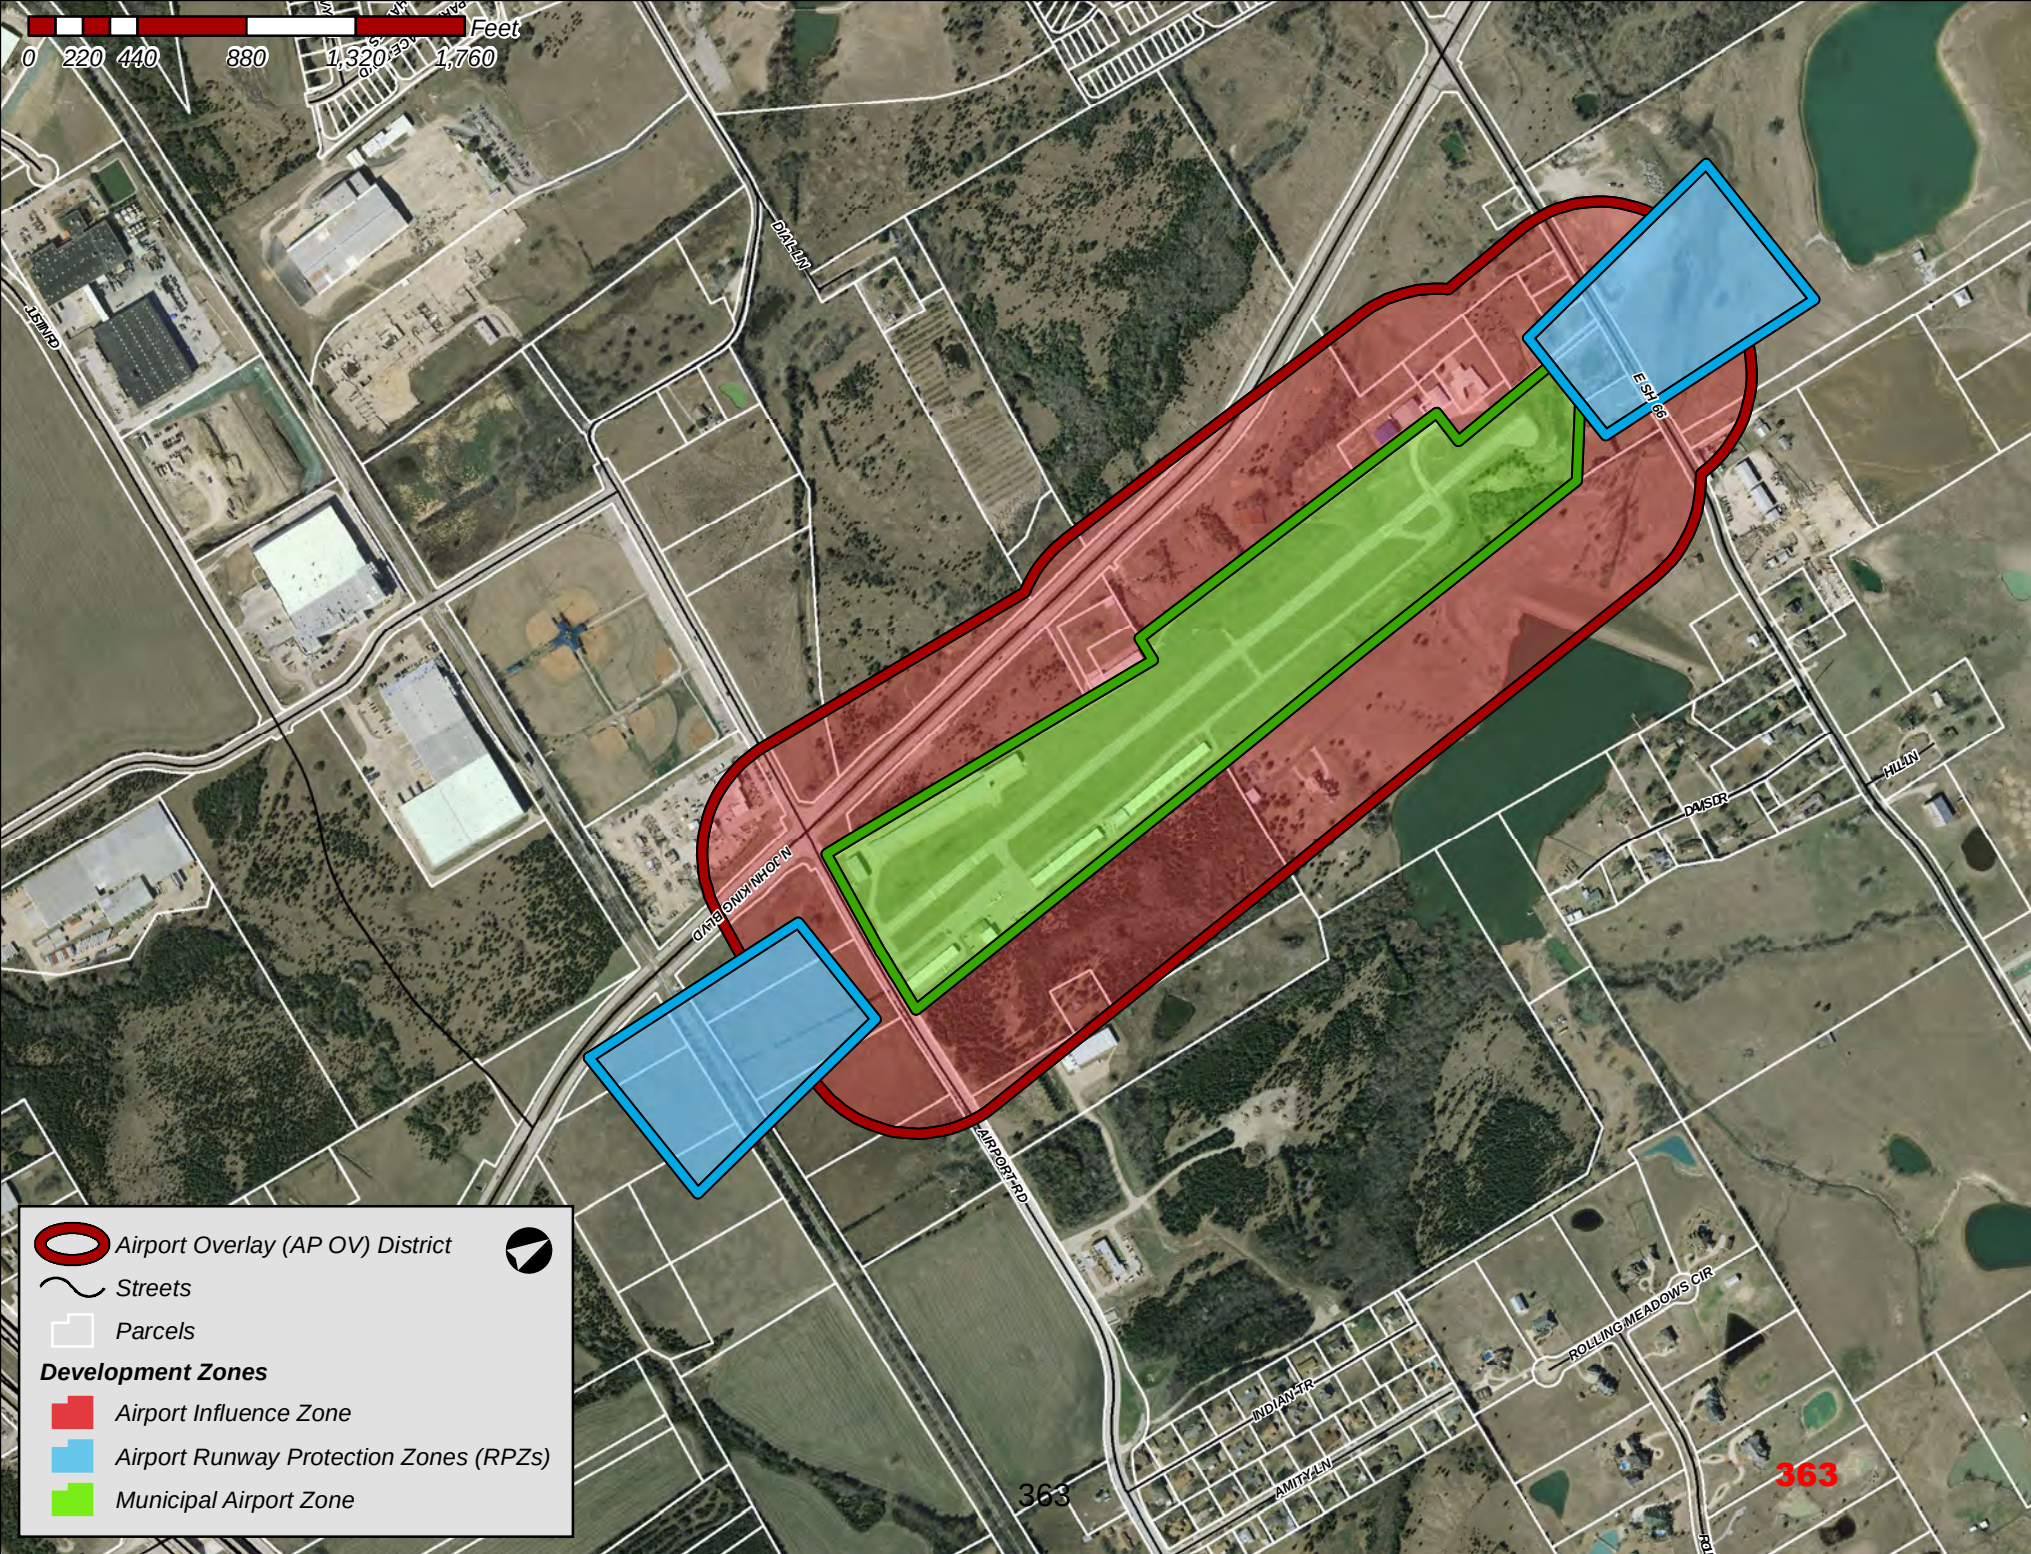
TO: Mayor and City Council

FROM: Ryan Miller, *Planning Manager*

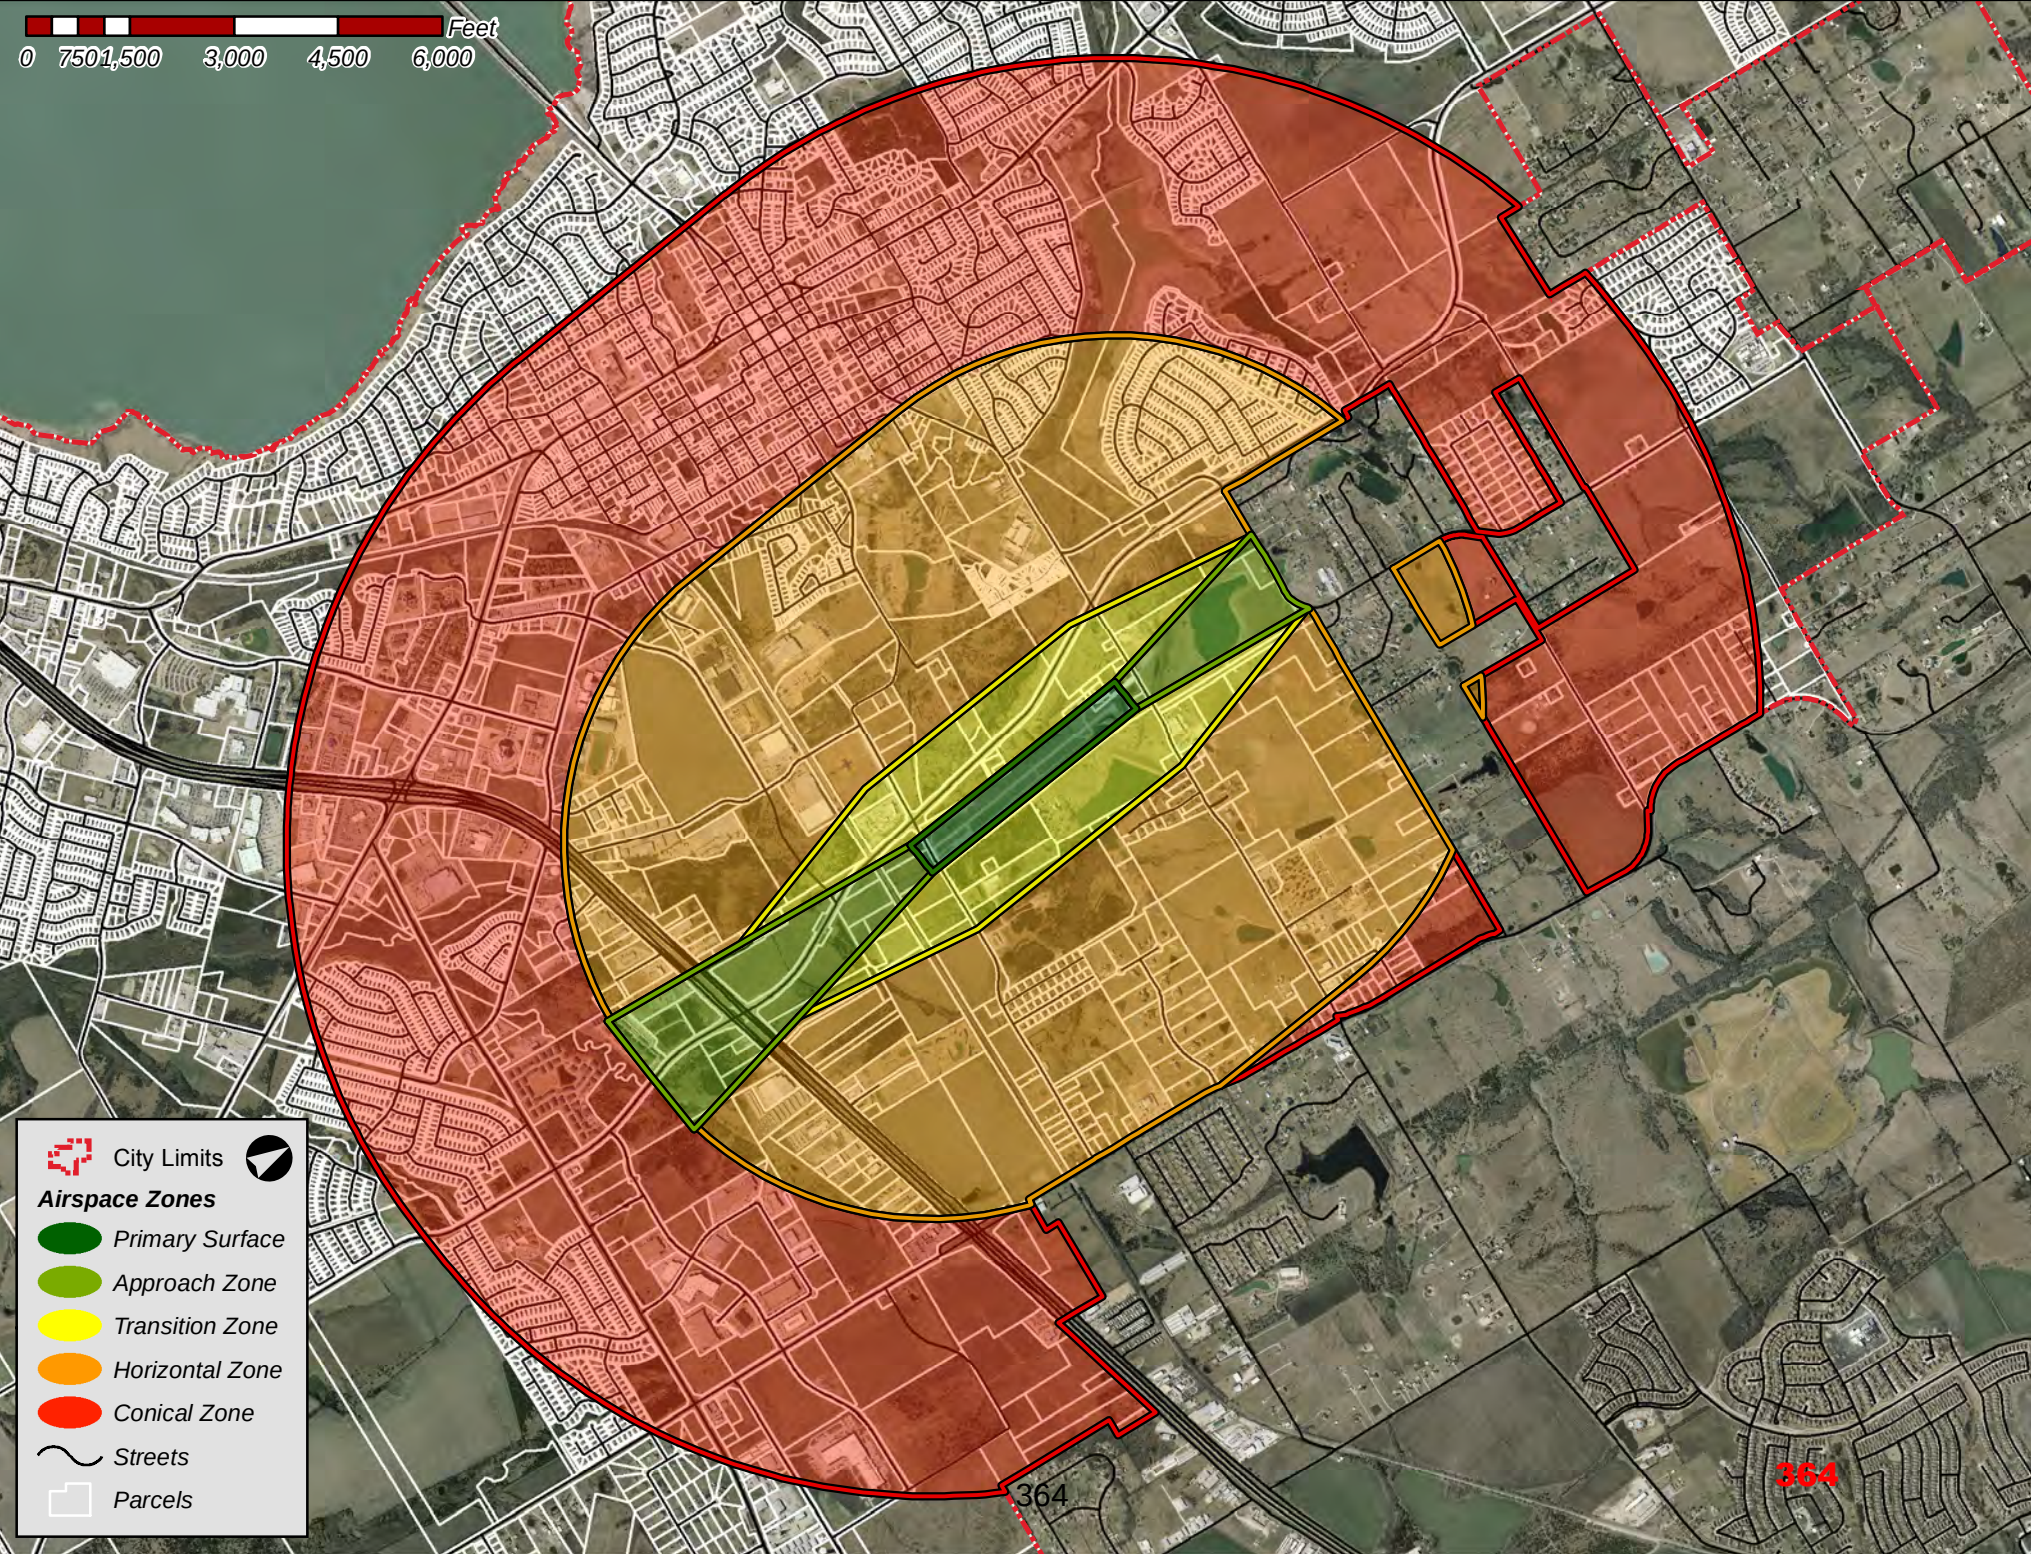
CC: Rick Crowley, *City Manager*
Robert LaCroix, *Director of Planning*



DATE: September 15, 2014



SUBJECT: Z2014-022: Airport Overlay (AP OV) District



At their regularly scheduled meeting on September 9, 2014, the Airport Zoning Commission (*Planning and Zoning Commission*) voted 7-0 to recommend approval of the 500-foot boundary proposed by the Airport Subcommittee, and forward the attached land use regulations and development standards for an Airport Overlay (AP OV) District to the City Council. The document was prepared in accordance with Chapter 241, *Municipal and County Zoning Authority Around Airports*, of the Texas Local Government Code, which enables municipalities to draft land use restrictions for properties adjacent to airports -- which are used in the interest of the general public -- to prevent the creation of an airport hazard (§214.012). In addition, the document has been reviewed by the Aviation Department at the Texas Department of Transportation (TXDOT) for compliance to all applicable standards, and all comments have been addressed.

On August 29, 2014, staff sent out 35 notices to property owners and residents within 500-feet of the subject property. At the time this case memo was drafted staff had received one (1) email in support of the request, one (1) email in opposition to the request, and four (4) notifications returned in opposition of the request. *City staff has no knowledge of any Homeowner's Associations or Neighborhood Organizations located within 1,500-feet of the subject property.* Additionally, Mr. Bill Bricker acting on behalf of Rockwall Property Corporation stated his opposition to the request at the Planning and Zoning Commission meeting on September 9, 2014. Staff has prepared a *For/Against Map* showing all support/opposition to the zoning change. Since the opposition to this case exceeds 20% of the total land area located within the 200-foot buffer, this case will require a ¾-majority vote by the City Council in accordance with the requirements of §211.006 of the Texas Local Government Code.

Should the text amendment be approved, it will be inserted into the UDC as Section 6.16, *Airport Overlay (AP OV) District*, of Article V, *District Development Standards*. This case is a public hearing and staff will be available to answer any questions.

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2014-022: Airport Overlay (AP OV) District

Hold a public hearing to discuss and consider a City initiated zoning request for the approval of a text amendment to Article V, District Development Standards, of the Unified Development Code [Ordinance No. 04-38] for the purpose of creating and implementing an Airport Overlay (AP OV) District, which will be applicable for the Ralph M. Hall/Rockwall Municipal Airport property, and for all properties located within 500-feet of the airport property and/or located within the Airport's Runway Protection Zones as defined by AC150/5300-13A, Airport Design, of the FAA standards, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 9/9/2014 at 6:00 p.m.**, and the City Council will hold a public hearing on **Monday, 9/15/2014 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Ryan Miller
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **9/15/2014** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

Brad Griggs RE: Bobby F. Athey's Aiprort Rd Property right in front of the entrance to airport and all the way back to l/10

mile off I-30 on John King Blvd, back to behind Jackie Athey.
16.44 acres total, for sale for $1.79 sf.

09-02-14

What is the Overlay about if the plans to expand the airport have been called off? I hardly know what to tell our realtor anymore. She wanted us to declare the City's plans before she would sign on to sell it for us and I told her a while back Sherri said you are no longer interested in purchasing our land, as the Airport was not going to be expanded, after keeping us dangling for 2 years that you were interested and had ask us not to sell it to anybody else.
Seems all the damages of that overlay would cost you more than purchasing that property from us out right. Bob is now 80 years old and you know, we do not plan on cutting down any trees or lowering anything. I would think there is some sort of grandfather clause that protect farmers who own land there since 1946 and your airport came in around 1963 and damaged our property considerably ever since . It is not our place to keep you a clear runway view. If you want an airport there, which you told us a few months ago

you did not, you are going to have to purchase our land. I see on line where people are fighting this in other towns and will not let city's even cut down trees that the city already owns. Also city's have clear cut proeprty and left it lay for years. All obviously not good for the citizens, only good for the airport.

NO. This proposed zoning change will place onerous restrictions and cause irreparable harm to our farmland which has been in our family since 1946, long before the airport was there. It appears to be a "back door" attempt to take our property without compensation.

Tex. Loc. Gov. Code, Sec. 211.006 (d) If a proposed change to a regulation or boundary is protested in accordance with this subsection, the proposed change must receive, in order to take effect, the affirmative vote of at least three-fourths of all members of the governing body. The protest must be written and signed by the owners of at least 20 percent of either: (1) the area of the lots or land covered by the proposed change; or (2) the area of the lots or land immediately adjoining the area covered by the proposed change and extending 200 feet from that area.

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY ADDING SECTION 6.16, *AIRPORT OVERLAY (AP OV) DISTRICT*, OF ARTICLE V, *DISTRICT DEVELOPMENT STANDARDS*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, an amendment to the City of Rockwall Unified Development Code [*Ordinance No. 04-38*] has been initiated by the City Council of the City of Rockwall to add Section 6.16, *Airport Overlay (AP OV) District*, of Article V, *District Development Standards*; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the city's corporate boundaries, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That Section 6.16, *Airport Overlay (AP OV) District*, shall be added to Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'A'* of this ordinance.

Section 2. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 3. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 4. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 5. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 6TH DAY OF OCTOBER, 2014.

_____
David Sweet, *Mayor*

ATTEST:

_____
Kristy Ashberry, *City Secretary*

APPROVED AS TO FORM:

_____
Frank J. Garza, *City Attorney*

1st Reading: *September 15, 2014*

2nd Reading: *October 6, 2014*

Sec. 6.16. Airport Overlay (AP OV) District.

Note: This document was prepared using FAA guidelines as of June 23, 2014 and using AC150/5300-13A [issued on September 28, 2012].

A. ***Purpose.*** The purpose of this district is to provide both airspace protection and land use compatibility with airport operations at the Ralph M. Hall/Rockwall Municipal Airport. This district, through establishment of airport zones and corresponding regulations, provides for independent review of development proposals in order to promote the public interest in safety, health and general welfare of the City of Rockwall. Therefore, the City of Rockwall deems it necessary to regulate uses of land located within or near the traffic patterns of the airport through regulation of height of structures and objects of natural growth, andthrough the regulation of land uses within the Airport Overlay (AP OV) District.

B. ***Airport Zones.*** In order to implement the intent of this ordinance, the Airport Overlay (AP OV) District hereby includes the following three (3) exhibits that depict the zones withinthe controlled area and shown on the official zoning map as depicted in *Exhibit 'A'*:

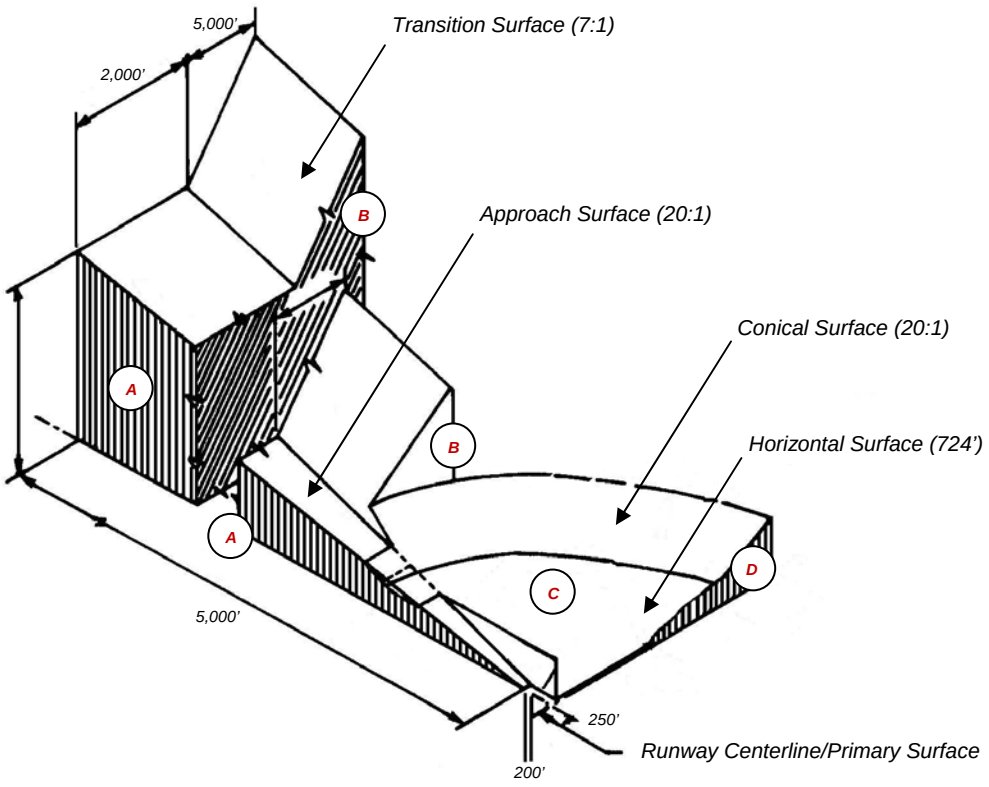
- ☑ Airport Overlay (AP OV) District Boundaries (*see Exhibit 'A'*)
- ☑ Development Zones within the Airport Overlay (AP OV) District (*see Exhibit 'B'*)
- ☑ Airport Airspace Zones Boundaries (*see Exhibit 'C'*)

C. ***Permitted Uses.*** All uses otherwise permitted by existing zoning ordinances within the boundaries of the AP OV District are permitted within the district, except where there is a conflict between the AP OV District and the existing zoning ordinances. Where the provisions of the AP OV District are more restrictive, the provisions of the AP OV District shall govern.

D. ***Controlled Area.*** The area within which airport land use compatibility controls may be instituted, as defined by *Section 241, Municipal and County Zoning Authority Around Airports,* of the *V.T.C.A., Texas Local Government Code,* shall be defined as the controlled area. The controlled area is located outside the Airport boundaries and within an area measured no farther than one and one-half (1½) statute miles from the centerline of the Ralph M. Hall/Rockwall Municipal Airport runway and lies no farther than five (5) statute miles from each end of the paved surface of the runway.

E. ***Airspace Zones.*** The following *Airspace Zones* are hereby established and set forth (*see Exhibit 'B' & Figure 1.1 [below]*):

1. *Primary Surface.* The *Primary Surface* is a surface that is longitudinally centered on the runway. It extends 200-feet beyondthe end of each runway and 250-feet on either side of the centerline of the runway for a total width of 500-feet (*i.e. a 250-foot side buffer of the runway centerline*).



2. *Approach Zone.* The *Approach Zone* is a fan shaped zone that is established at both ends of the runway for the purpose of landings and take-offs. The *Approach Zone* commences at the end of the *Primary Surface* (*i.e. 200-feet beyond the end of the runway*) and has a beginning width of 500-feet. It then extends uniformly along the continuation of the centerline of the runway to a width of 2,000-feet at a distance of 5,000-feet from the point of commencement, and a slope of 20:1 or one (1) foot in height for each 20-feet in horizontal distance *[this is the land area that exists underneath the Approach Surface]*.

3. *Transition Zones.* The *Transition Zones* are symmetrically located on either side of runway, and have variable widths. The *Transition Zones* extend outward and upward commencing from the edge of the *Primary Surface* (*i.e. 250-feet on either side of the centerline of the runway and 200-feet on either end of the runway*), and are parallel and level with the runway centerline. The *Transition Zones* extend upward and outward at slope of 7:1 or one (1) foot vertically for each seven (7) feet horizontally to the point where they intersect the surface of the *Horizontal Zone*. The *Transition Zones* are established adjacent to the *Approach Zones* and extend their entire length. The *Transition Zones* flare symmetrically with either side of the runway*Approach Zone* from the base of said zones and slope upward and outward at the rate of 7:1 or one (1) foot vertically for each seven (7) feet horizontally to the points where they intersect the surface of the *Horizontal Zone* and the *Conical Zone [this is the land area that exists underneath the Transition Surface]*.

4. *Horizontal Zone.* The *Horizontal Zone* consists of the land area within the perimeter of which is constructed by swinging arcs of 5,000-feet from the center of each *Primary Surface*, 200-feet beyond the centerline of each runway and connecting the adjacent arcs by lines of tangent to those arcs. The *Horizontal Zone* does not include the *Approach Zone* and/or the *Transition Zone [this is the land area that exists underneath the Horizontal Surface]*.

5. *Conical Zone.* The *Conical Zone* consists of the land area that commences at the periphery of the *Horizontal Zone* and extends outward for a distance of 4,000-feet, at a 20:1 slope or one (1) foot in height for each 20-feet of horizontal distance. The*Conical Zone* does not include the *Approach Zone* and/or the *Transition Zone [this is the land area that exists underneath the Conical Surface]*.

Figure 1.1: Airspace Zones
***A**: Approach Zone; **B**: Transition Zone; **C**: Horizontal Zone; **D**: Conical Zone*

F. ***Height Limitations.*** Except as otherwise provided in this ordinance, no structure or tree shall be erected, altered, allowed to grow, or be maintained in any zone created above to a height in excess of the limits established herein for each of the imaginary surfaces created by the airspace zones (*Section 77.19, Civil Airport Imaginary Surfaces, FAR)*, which are defined as follows:

1. *Approach Surface.* The *Approach Surface* is the surface that is created by the *Approach Zone*, and is required to prevent existing or proposed objects, objects of natural growth or terrain from extending into the area required for an aircraft's navigable airspace. The *Approach Surface* is the same width as the *Primary Surface* (*i.e. 500-feet*), and has a slope of 20:1 or one (1) foot in height for each 20-feet in horizontal distance commencing at the *Primary Surface* and extending to a point 5,000-feet from the point of beginning.

2. *Transition Surface.* The *Transition Surface* is the surface that is created by the *Transition Zone*, and is required to prevent existing or proposed objects, objects of natural growth or terrain from extending in the area required for an aircraft's navigable airspace. The *Transition Surface* is the surface that extends outward and upward, at right angles to the runway centerline (*at any point 250-feet normal to and at the elevation of the centerline*) and extended runway centerline (*i.e. 200-feet beyond the end of the runway*), from the sides of the *Primary Surface* and the *Approach Surfaces* to a point of 150-feet above the airport elevation (*i.e. 724-feet*) [*the airport elevation is 574-feet above mean sea level*]. The *Transition Surface* has a slope of 7:1 or one (1) foot in height for each seven (7) feet in horizontal distance.

3. *Horizontal Surface.* The *Horizontal Surface* is the surface that is created by the *Horizontal* Zone, and is required to prevent existing or proposed objects, objects of

natural growth or terrain from extending into the area required for an aircraft's navigable airspace. The *Horizontal Surface* is the horizontal plane created by swinging arcs centered on the extended runway centerline where it crosses the *Primary Surface*, and is situated 150-feet above the established airport elevation (*i.e. 724-feet) [the airport elevation is 574-feet above mean sea level],* which coincides with the extent of the *Horizontal Zone*.

4. <u>*Conical Surface.*</u> The *Conical Surface* is the surface that is created by the *Conical Zone*, and is required to prevent existing or proposed objects, objects of natural growth or terrain from extending into the area required for an aircraft's navigable airspace. The *Conical Surface* extends upward and outward from the outer limits or the periphery of the *Horizontal Surface* at a slope of 20:1 or one (1) foot in height for each 20-feet of horizontal distance. The *Conical Surface* extends to a height of 350-feet above the airport's elevation (*i.e. 924-feet*) [*the airport elevation is 574-feet above mean sea level*].

[Where an area is covered by more than one (1) height limitation, the more restrictive limitation shall prevail. Nothing in this ordinance shall be construed as prohibiting the growth, construction or maintenance of any tree or structure to a height up to 45-feet above the surface of the land, except in the Approach Zones.]

G. ***Airport Hazard Area.*** The *Airport Hazard Area* is an area of land or water on which an airport hazard could exist. An *airport hazard* is defined as a structure or object of natural growth that obstructs the airspace required for the taking off, landing, and flight of aircraft or that interferes with visual, radar, radio, or other systems for tracking, acquiring data relating to, monitoring, or controlling aircraft. For the purposes of this ordinance, the *Airport Hazard Area* is defined as the entirety of all the imaginary surfaces stated in Section G, *Height Limitations*, of this ordinance (*see Exhibit 'C'*).

H. ***Airport Overlay (AP OV) District.*** This *Airport Overlay (AP OV) District* is hereby established as the land area owned by the City of Rockwall and held as Ralph M. Hall/Rockwall Municipal Airport, the Airport Runway Protection Zone (RPZs), and a buffer area extending five-hundred (500) feet from all property lines of the Ralph M. Hall/Rockwall Municipal Airport (*see Exhibit 'A'*).

1. *Intent.* The Airport Overlay (AP OV) District is intended to overlay any other zoning district's regulations comprising or pertaining to areas to which it is applicable, to prevent undue negative interaction between aviation activities associated with the airport and the surrounding community. It is intended to protect the lives and property of the users of the airport and of the occupants of the land in its general vicinity by restricting places of public assembly within this Airport Overlay (AP OV) District. The overlay is intended to preserve the utility of the airport and the public investment therein.

2. *Development Zones.* The *Development Zones* are hereby established within the Airport Overlay (AP OV) District. These zones are depicted in *Exhibit 'B'* of this ordinance. The *Development Zones* are defined and described as follows:

    a. <u>*Airport Runway Protection Zones (RPZs).*</u> The *Airport Runway Protection Zones* are hereby established as the trapezoidal areas centered about the extended runway centerline. The *RPZ* dimensions for a particular runway end are a function of the type of aircraft and approach/departure visibility minimum associated with the runway end. The *RPZs* for the Ralph M. Hall/Rockwall Municipal Airport commence

200-feet from the edge of pavement at the end of each runway, beginning with a base of 500-feet (*i.e. inner width or 'W_1'*), extending 1,000 feet along the runway centerline (*i.e. length or 'L'*), and terminating at the outboard corners of a 700-foot line segment (*i.e. outer width or 'W_2'*) [*see Figure 1.2*], creating a 13.770-acre trapezoidal area, which is intended to service *Aircraft Approach/Departure Categories 'A' & 'B'* (*i.e. small single and multi-engine planes*). Contained within the two (2) trapezoidal areas that make up the *RPZs* are the *Controlled Activity Area* and a portion of the *Runway OFA (Object Free Area)*. These areas are defined as follows:

(1) *The Runway Object Free Area (OFA).* The *Runway Object Free Area (OFA)* is centered on the runway centerline. The *Runway OFA* clearing standard requires clearing the *OFA* of above ground objects protruding above the runway safety area edge elevation. Except where precluded by other clearing standards, it is acceptable to place objects that need to be located in the *OFA* for air navigation or aircraft ground maneuvering purposes and to taxi and hold aircraft in the *OFA*. Objects non-essential for air navigation or aircraft ground maneuvering purposes are not permitted to be placed in the *OFA*. This includes parked airplanes and agricultural operations.

(2) *The Controlled Activity Area.* The *Controlled Activity Area* is the portion of the *RPZ* beyond the boundaries of the *Runway OFA*.

Figure 1.2: Airport Runway Protection Zone (RPZ)

For additional references pertaining to RPZ's, see AC150/5300-13A, Airport Design issued by the FAA on September 28, 2012.

b. *Municipal Airport Zone.* The *Municipal Airport Zone* is hereby established as the real property boundaries of the Ralph M. Hall/Rockwall Municipal Airport. This zone contains the majority of all airport related land uses and structures.

c. *Airport Influence Zone.* The *Airport Influence Zone* contains all areas within the 500-foot buffer excluding the *Municipal Airport Zone* and the *RPZ*.

d. *Height Restriction Zone.* The *Height Restriction Zone* extends to the edge of the *Conical Zone* and is subject only to the requirements stipulated in Section F, *Height Limitations*, of this ordinance (*see Exhibit 'A'*).

3. *Use Restrictions.*

a. *Airport Runway Protection Zone (RPZ) [Runway Object Free Area (OFA) and Controlled Activity Area].* No uses are permitted within the *Runway Object Free Area (OFA)* or the *Controlled Activity Area* unless deemed essential to air navigation or aircraft ground maneuvering purposes by the Federal Aviation Administration (FAA) with the following exceptions:

(1) *Permitted Uses.*

(a) Agriculture (*other than Forestry or Livestock*)

(2) *Specific Use Permit (SUP).*

(a) Roadways, Automobile Parking Areas, and Railroads that Adhere to the Height Restrictions

b. *Municipal Airport Zone.*

(1) *Permitted Uses.*

(a) Aircraft Runways, Taxiways, Taxilanes, Ramps, Parking Areas and Fuel Storage Facilities
(b) Aircraft Operational Facilities (*including but not limited to Instrument Landing Systems, Visual Navigational Aids, and Related Equipment; Communication Facilities; Weather Service Offices And Equipment*)
(c) Hangars (*includes all buildings which may be used for the Storage or Maintenance of Aircraft, Airport Snow Removal, Sweeping and Other Maintenance Equipment, and/or Other Aviation-Related or Ancillary Activities*)
(d) Terminal Buildings (*which may contain Offices or Airline Companies, and Other Businesses and Concessionaires*)
(e) Offices and Facilities for Airport Management, Air Charter, Air Taxi, Crop Spraying, Aircraft Sales or Rentals, and Air Cargo Processing Facilities
(f) Agriculture (*other than Forestry or Livestock*), Tourism Information Centers and Museums
(g) Flight Schools, Flying Clubs, and Other Schools or Training Facilities (*relating to Aviation or Air-Related Transportation*)
(h) Offices and Facilities for the Operation and Maintenance of Air Rescue, Emergency and Firefighting Services
(i) Aircraft Maintenance, Manufacturing, and Testing Facilities
(j) Offices and Facilities of Federal, State and Local Government Entities

(2) *Prohibited Uses.*

(a) No uses other than those uses explicitly permitted above.

c. *Airport Influence Zone.* All uses permitted within the underlying zoning depicted on the official zoning map of the Cityof Rockwall, with the following additional uses and exceptions:

(1) *Permitted Uses.*

(a) Outdoor Baseball/Softball Facilities and/or Other Public or Private Recreational Uses (*Day Time Operations Only*); *these uses are prohibited from incorporating any outside lighting that could create a potential hazard to airport operations.*
(b) Municipal Water Ground Storage Tanks (*i.e. Non-Elevated Storage*)

(2) *Specific Use Permits (SUP):*

(a) Residential Airpark or Aviation Homes
(b) Driving Test Track

(3) *Prohibited Uses:*

(a) Residential Uses (*e.g. Single Family, Multi Family, etc.*)
(b) Educational Centers (*including all types of Primary and Secondary Schools, Pre-Schools, and Child Care Facilities*)
(c) Hospitals, Medical Inpatient Treatment Facilities, Nursing Homes and/or Convalescent Home Facilities
(d) Places of Worship
(e) Places of Public Assembly (*Not Previously Listed*)
(f) Fuel Handling and Storage Facilities (*Does Not Include Gas Stations*)

d. *Height Restriction Zone.* Properties within the *Height Restriction Zone*, outside of the Airport Overlay (AP OV District), are subject to the use requirements stipulated by the underlying zoning depicted on the official zoning map of the City of Rockwall (*see Exhibit 'A'*).

4. *Additional Use Restrictions.*

(a) Notwithstanding any other provision of this ordinance, no use may be made of land within any zone established by this ordinance in such a manner as to (*1*) create electrical interference with radio communication between the Airport and aircraft, (*2*) make it difficult for flyers to distinguish between airport lights and others, (*3*) result in glare in the eyes of flyers using the Airport, (*4*) impair visibility in the vicinity of the Airport or otherwise endanger the landing, taking-off, or maneuvering of aircraft.

5. *Legal Non-Conforming Uses.*

(a) *Regulations Not Retroactive.* The regulations prescribed by this ordinance shall not be construed to require the removal, lowering, changes and/or alteration of any structure (*e.g. building*) or object of natural growth (*e.g. tree*) not conforming to the regulations as of the effective date of this ordinance, or otherwise interfere with the continuance of any legal non-conforming use. Nothing herein contained shall require any change in the construction, alteration, or intended use of any structure or property, for which the construction or alteration of said structure or property was commenced prior to the effective date of this ordinance.

(b) *Hazard Marking and Lighting*. Notwithstanding the preceding provision of this section, the owner of any non-conforming structure or tree is hereby required to permit the installation, operation, and maintenance thereon of such markers and lights as shall be deemed necessary by the City Manager or his designee to indicate to the operators of aircraft in the vicinity of the Airport, the presence of such airport hazards. Markers and lighting necessary for existing non-conforming structures or trees shall be operated and maintained at the expense of the property owner. Markers and lighting necessary for future non-conforming structures or trees, approved per the requirements of this ordinance, shall be installed, operated, and maintained at the expense of the property owner.

6. *Architectural Standards.*

(a) All buildings within the *Municipal Airport Zone* shall be designed by a licensed, professional architect and all drawings submitted for approval and/or permits shall bear the architect's seal of the State of Texas.

(b) All buildings intended for airport relateduse such as hangars, maintenance facilities, offices and facilities for airport management, terminal buildings and other similar types of uses with exterior walls visible from a public right-of-way shall consist of 90% masonry materials, excluding doors and windows as defined in Article X III, *Definitions*, of the Unified Development Code (*i.e. "Masonry"*). Building exterior walls not visible from the public rights-of-way may be earth-tone colored, pre-finished aluminum, steel or masonry. Materials that are unfinished are prohibited.

[All other buildings not related to airport uses within the Airport Overlay (AP OV) District shall conform to building materials requirements as stipulated within the Unified Development Code.]

In addition, all buildings intended for airpot related uses shall adhere to the following standards:

1) A *Material Sample Board* indicating all exterior materials and colors must be submitted to the Planning and Zoning Commission, upon a recommendation by the Architecture Review Board (ARB), for approval prior to the commencement of construction. All sides of the exterior building shall be architecturally integrated and similar in nature with respect to the design and aesthetic.

2) All roofs shall be metal. If galvanized metalis being proposed, it shall be limited to a roofing material only.

3) Building glazing or reflectors shall not be incorporated into a building if it will cause a glare or reflection that could interfere with airport operations or ground circulation.

4) All windows or large glass elements shall be oriented and/or treated to avoid reflections that could cause a distraction to air traffic that is landing or taking off.

5) All new construction shall be of a high quality and utilize materials and finishes that will maintain their appearance with relatively low maintenance.

6) All steel used for roofing or siding shall be a minimum of 28 gauge steel, with a factory finish in a color that has been approved by the Planning and Zoning Commission, and which has been warranted by the manufacturer for a minimum of 20 years with regards to the durability and color fastness.

7) All floors must be constructed of a minimum of four (4) inches thick concrete and reinforced with steel to a standard approved by the Engineering and Building Inspections Departments.

8) All buildings facing a taxiway (*i.e. a path connecting runways with ramps, hangars, terminals, etc.*) shall have a hangar door that has a minimum opening of 55-feet in width by 16-feet in height (*i.e. 55' [w] x 16' [h]*). Buildings facing a taxilane (*i.e. a path connecting the taxiways to aircraft parking positions*) shall have a hangar door that has a minimum opening of 41-feet, 6-inches in width by 12-feet in height (*i.e. 41'-6" [w] x 12' [h]*). Approved swing out, overhead or sliding doors may also be used. All pedestrian doors must be of a pre-finished metal construction positioned in metal doorjambs. No wood doorjambs will are permitted on exterior doors.

9) Mechanical equipment shall be screened so as not to be visible from the public and private right-of-ways. All screens, whether situated on the ground or on the building, shall be constructed to be aesthetically integrated into the design of the building. The rooftops of all buildings shall be free of any mechanical equipment unless completely screened from all points of view along all public right-of-ways by an architectural parapet. All screening materials shall be compatible with the material used on the building.

7. *Landscaping.*

(a) The requirements contained within Article V, *District Development Standards*, and Article VIII, *Landscape Standards*, of the Unified Development Code, whichever would be applicable to the subject property independent of the AP OV District, shall apply to a property located within the overlay (*i.e. the landscaping percentage of the underlying zoning district would apply*). In cases where aircraft requirements would conflict with certain landscaping elements, the Planning and Zoning Commission may approve requirements that deviate from those stipulated by the Unified Development Code if, in its opinion, such alternate requirements provide for a safer and more efficient use of the property.

8. *Variances.* The City Council may, upon request from the applicant, grant a variance to the any of the provisions contained within Section H.6, *Architectural Standards*, and Section H.7, *Landscaping*, of this ordinance where unique or extraordinary conditions exist or where strict adherence to the provisions of this ordinance would create a hardship. Approval of any variance to any provision of this section shall require City Council approval by a three-quarter (¾) majority vote of the City Council members present with a minimum of four (4) affirmative votes.

I. Administrative Procedures and Permits

1. *Future Use.* Except as specifically provided herein, no change shall be made in the use of land and no structure or tree shall be erected, altered, planted or otherwise

established in any zone hereby created unless a permit therefore shall have been applied for and granted. Each application for a permit shall indicate the purpose for which the permit is desired, with sufficient particularity to permit it to be determined whether the resulting use, structure or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit shall be granted.

a) In the area lying within the limits of the *Horizontal Zone* and *Conical Zone*, no permit shall be required for any tree or structure less than 75-feet of vertical height above the ground as measured at grade, except when because of terrain, land contour or topographic features such tree or structure would extend above the height limits prescribed for such zone.

b) In the areas lying within the limits of the *Approach Zones* but at the horizontal distance of not less than 4,000 feet from each end of the runways, no permit shall be required for any tree or structure less than 75-feet of vertical height above the ground as measured at grade, except when because of terrain, land contour or topographic features such tree or structure would extend above the height limit prescribed for the *Approach Zone*.

c) In the areas lying within the limits of the *Transition Zones* ending at the perimeter of the *Horizontal Zone*, no permit shall be required for any tree or structure less than 75-feet of vertical height above the ground as measured at grade, except when such tree or structure because of terrain, land-contour or topographic features would extend above the height limit prescribed for such *Transition Zones*.

Nothing contained in any of the foregoing exceptions shall be construed as permitting or intending to permit any construction, alteration or growth of any structure or tree in excess of any of the height limits established by this Ordinance except as set forth in Section F, *Height Limitations*.

(1) *Existing Uses.* No permit shall be granted that would allow the establishment or creation of an airport hazard or permit a non-conforming use, structure, or tree to be made or become higher, or become a greater hazard to air navigation, than it was on the effective date of this Ordinance or any amendments thereto or than it is when the application for a permit is made. Except as indicated, all applications for such a permit shall be granted.

(2) *Non-Conforming Uses Abandoned or Destroyed.* Whenever the Board of Adjustment (BOA) determines that a non-conforming structure or use has been abandoned for a period of six (6) months, or more than eighty (80%) percent of a non-conforming structure or tree has been torn down, physically deteriorated, or decayed, no permit shall be granted that would allow such structure or tree to exceed the applicable height limit or otherwise deviate from the zoning regulations.

(3) *Variances.* Any person desiring to erect or increase the height of any structure, or permit the growth of any tree, or use of their property, not in accordance with the regulations prescribed in this ordinance, may apply to the Board of Adjustment (BOA) for a variance from such regulations. Such variances shall be allowed where it is duly found that a literal application or enforcement of the regulation would result in practical difficulty or unnecessary hardship and the

relief granted would not be contrary to the public interest but will dosubstantial justice to be in accordance with the spirit and intent of this Ordinance.

(4) *Hazard Marking and Lighting.* Any permit or variance granted may, if such action is deemed advisable to effectuate the purpose of this Ordinance and be reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to permit the owners at their own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

J. ***Enforcement.*** It shall be the duty of the City Manager or his designee to administer and enforce the regulations prescribed herein. Application of permits shall be made to the City Manager or his designee upon a form published for that purpose. Applications requiredby this ordinance to be submitted to the City Manager or his designee shall be promptly considered and granted or denied. Applications for variances shall be made to the Board of Adjustment (BOA) by first filing said application for variance with the City Manager or his designee who shall forthwith transmit said application to the Board of Adjustment for determination.

K. ***Appeals.*** Requests for appeals to administrative dec isions by the City Manager or his designee concerning the enforcement of this ordinance shall be directed to the Board of Adjustment (BOA) in compliance with Section 11, *Board of Adjustments*, of Article II, *Authority and Administrative Procedures*, of the Unified Development Code.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: The Mayor and City Council
Rick Crolley, *City Manager*
Robert LaCroix, *Director of Planning and Zoning*

FROM: Ryan Miller, *Planning Manager/Historic Preservation Officer*

DATE: October 10, 2014

SUBJECT: *Preserve America Communities and Neighborhood Program*

On September 18, 2014, the Historic Preservation Advisory Board (HPAB), following a positive recommendation from the Main Street Advisory Board, directed staff to bring the attached resolution to the City Council for the purpose of seeking approval to submit an application to the *Preserve America Communities and Neighborhoods Program*. The *Preserve America Communities and Neighborhoods Program* was enacted by *Executive Order 13287* on March 3, 2003 (*by then President George W. Bush*) for the purpose of encouraging and supporting a community's efforts to preserve cultural and natural heritage. The program is intended to recognize and designate communities that have demonstrated a willingness to protect and celebrate their heritage, use their historic assets for economic development and revitalization, and encourage people to experience and appreciate local historic resources through heritage tourism and education programs. The City of Rockwall has a proven history of striving to meet these goals and objectives through its boards and commissions, and various projects and programs that have dealt directly with historic and cultural preservation.

Should the City Council choose to pursue and be approved for *Preserve America Community* designation, the city would become eligible for federal matching grants for projects with a focus on economic and educational opportunities related to heritage tourism and historic preservation. In addition, all *Preserve America* communities are recognized by the White House through a national and regional press release, and receive an official certificate and roadway sign in recognition of this designation. Finally, the City would be listed in the *Web-Based Preserve America Community Directory*.

Staff has performed a preliminary review of the application form and determined that the City exceeds all the criteria required to apply for this designation. There are no monetary requirements associated with this application or maintaining the designation. In addition, the City is eligible for an expedited application process because of its *Certified Local Government* status. Staff will be available at the meeting to answer any questions concerning this agenda item.

CITY OF ROCKWALL

RESOLUTION NO. 14-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ESTABLISHING AN INTENT TO APPLY FOR *PRESERVE AMERICA* COMMUNITY DESIGNATION.

WHEREAS, *Preserve America* is a White House initiative developed in cooperation with the Advisory Council on Historic Preservation, the U.S. Department of the Interior, and the U.S. Department of Commerce; and

WHEREAS, the goals of this initiative include a greater shared knowledge about our Nation's past, strengthened regional identities and local pride, increased local participation in preserving the country's irreplaceable cultural and natural heritage assets, and support for the economic vitality of communities; and

WHEREAS, this initiative is compatible with our community's interests and goals related to historic preservation; and

WHEREAS, designation as a *Preserve America* Community will improve our community's ability to protect and promote its historical resources; now therefore be it

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, that:

Section 1. That the City of Rockwall will apply for the designation of The City of Rockwall as a Preserve America Community; and be it further

Section 2. That the City of Rockwall City Council will protect and celebrate our heritage, use our historic assets for economic development and community revitalization, and encourage people to experience and appreciate local historic resources through education and heritage tourism programs.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE _ DAY OF _ 2014.

The Preserve America Program

Preserve America is a federal program that encourages and supports community efforts to preserve and enjoy our priceless cultural and natural heritage. The goals of the program include a greater shared knowledge about the nation's past, strengthened regional identities and local pride, increased local participation in preserving the country's cultural and natural heritage assets, and support for the economic vitality of our communities. Since the program's inception in 2003, the First Lady of the United States has been involved in supporting and promoting Preserve America. Permanent authorizing legislation for the program was passed by Congress and signed by President Obama in March, 2009. Detailed information on all aspects of this initiative can be found at www.preserveamerica.gov. Major components of Preserve America include the following:

Preserve America Communities
This program recognizes and designates communities, including neighborhoods within large cities, which protect and celebrate their heritage, use their historic assets for economic development and community revitalization, and encourage people to experience and appreciate local historic resources through heritage tourism and education programs. To date, 890 Preserve America communities have been designated in all 50 states, the District of Columbia, and two U.S. territories, including 20 neighborhoods and five tribal communities.

Jonesborough, Tennessee, became a Preserve America Community in August 2005 and showcases its history as the oldest town in the state.

Benefits of designation include White House recognition; a certificate of recognition; a Preserve America Community road sign; authorization to use the Preserve America logo on signs, flags, banners, and promotional materials; listing in an on-line Preserve America Community directory; inclusion in national and regional press releases; eligibility to apply for Preserve America Grants, when funded by Congress; and enhanced community visibility and pride. Preserve America Communities are also featured in National Register Travel Itineraries and in "Teaching with Historic Places" curricular material created by the National Park Service. There are quarterly deadlines to apply for designation annually on March 1, June 1, September 1, and December 1. Application forms and more information are available at www.preserveamerica.gov/communities.html.

Preserve America Stewards
The Preserve America Stewards program honors exemplary volunteer efforts at historic resources around the country. There are currently 41 Preserve America Stewards. Honorees are recognized for stewardship programs that have demonstrated a successful use of volunteer time and commitment to help care for our cultural heritage. Government entities (federal, tribal, state, or local), non-profit organizations, and businesses are eligible to apply to have their programs recognized. The application form and further information is available at www.preserveamerica.gov/stewards.html.

Volunteers of the Chimney Rock Interpretive Association, a Preserve America Steward, work to help bring the past to life.

Executive Order 13287: "Preserve America"
The Preserve America Executive Order (2003) emphasizes federal policy for the protection, enhancement, and contemporary use of historic properties owned by the federal government. The order encourages agencies to seek partnerships with state, tribal, and local governments and the private sector to make more informed use of these resources for local economic development and other recognized public benefits. It also directs agencies to support state, tribal, and local heritage tourism with existing authorities and resources. As required by the order, the Advisory Council on Historic Preservation reviews agency stewardship and partnership efforts and provides a status report to the President every three years. The reports were compiled and issued in 2006, 2009, and 2012, based on reporting from individual federal agencies with land and property management responsibilities.

Preserve America Grants
From 2006 through 2010 more than $21 million in matching grants were awarded to 280 projects throughout the country. The grants are designed to support community efforts to develop sustainable resource management strategies and sound business practices for the continued preservation and use of historic and cultural sites. The focus is on economic and educational opportunities related to heritage tourism. Grant amounts ranged from $20,000 to $250,000 and required a 1:1 match. Some grants leveraged a great deal more support than the basic match requirement.

State Historic Preservation Offices, Tribal Historic Preservation Offices, designated Preserve America Communities, and Certified Local Governments that have applied for Preserve America Community designation are eligible to apply for Preserve America Grants pending congressional appropriations. Though the Preserve America Grants have been authorized by Congress, no funding has been allocated for the grants in the current budget. Further information, including descriptions of funded projects, is available at www.nps.gov/history/hps/hpg/PreserveAmerica.

Preserve America Presidential Awards
Up to four awards were given annually though 2008 to organizations, businesses, or government entities for exemplary accomplishments in the sustainable use and preservation of cultural or natural heritage assets; demonstrated commitment to the protection and interpretation of America's heritage assets; and integration of these assets into contemporary community life, combining innovative, creative, and responsible approaches to showcasing historic local resources. Awards were presented to two national initiatives as well as regional, statewide, and local programs in 19 states. For a full list of winners and photographs, visit www.preserveamerica.gov/presidentialaward.

National History Teacher of the Year Award
Since 2004, outstanding history teachers at the K-12 level have been recognized in each state, the District of Columbia, and U.S. territories, followed by selection of the National History Teacher of the Year from among the state winners. State winners each receive $1,000 and a core archive of history materials for their school libraries. The Gilder Lehrman Institute of American History administers this award program, in association with HISTORY™, and Preserve America, and hosts a national recognition event each fall.

Preserve America Summit and the Future of Preservation
In recognition of the 40th anniversary of the National Historic Preservation Act, a Preserve America Summit was convened in 2006 with 450 participants to consider the future of the national preservation program. A Youth Summit met in conjunction with the larger conference and has provided a model for subsequent youth projects, including promotion of historic preservation service-learning as an educational tool. Key recommendations emerging from the Summit to improve the effectiveness of historic preservation efforts nationally through better resource identification, stewardship, community support, education, and leadership were adopted by the Advisory Council on Historic Preservation and are now being implemented by federal agencies in cooperation with non-federal partners.

Program Management
A Web site (www.preserveamerica.gov) and an e-newsletter provide details and updates on Preserve America, with information on how to get involved and links to related programs and resources. Preserve America is administered jointly by the Advisory Council on Historic Preservation and the Department of the Interior, in cooperation with representatives from the White House and the Executive Office of the President,; the Departments of Agriculture, Commerce, Defense, Education, Housing and Urban Development, Interior, and Transportation; the General Services Administration; the Institute of Museum and Library Services; the National Endowment for the Humanities; the President's Council on Environmental Quality; and the President's Committee on the Arts and the Humanities. For more information about Preserve America, visit www.preserveamerica.gov.

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Ashberry, City Secretary**

DATE: **October 1, 2014**

SUBJECT: **Resolution re: Charter Review Commission**

If approved by the city council, the attached resolution formally establishes a Charter Review Commission, including naming the ten members who will serve, prescribes the Commission's duties and specifies more definitive dates (i.e. terms of members and deadline for reporting to Council).

While the Secretary of State has not yet published an election calendar for the May 9, 2015 election, Jacky and Frank pulled together a preliminary timetable, which was presented at the last meeting. I have slightly modified that timetable, taking into account when regularly scheduled city council meetings are held. Below is the modified timetable. Please note the February 2nd date, which would be the very last regularly-scheduled city council meeting that the Commission could deliver its findings/recommendations to Council before the election is to be called, is reflected in the text of the resolution.

Timeline to Appoint Charter Review Commission and Call Election	
October 6th or October 20th	Proposed period to appoint Charter Review Commission
October 7th (or Oct. 21st) - January 16, 2015	Proposed period for Commission to meet and discuss proposed changes to Charter
January 20th or February 2nd	Proposed period for Commission to report to Council and Council review proposed Charter changes for consideration (at regularly scheduled cc. mtg.)
February 3rd – February 27th	Proposed period for publication of recommendations of Charter Review Commission in newspaper (as prescribed by Charter)
February 16th	Last possible regularly scheduled City Council meeting for ordering Charter Amendment (and city council member) election
February 27th	Statutory last day for ordering election

CITY OF ROCKWALL

RESOLUTION NO. 14-20

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ESTABLISHING A CHARTER REVIEW COMMISSION, INCLUDING APPOINTMENT OF ITS MEMBERS AND ASSIGNMENT OF DUTIES; PROVIDING FOR AN EFFECTIVE DATE.

Whereas, Section 11.14 of the City Charter provides for the process to follow in order to adopt an amendment to the City Charter; and

Whereas, Section 11.15 of the City Charter authorizes the City Council to establish a Charter Review Commission made up of ten citizens; and

Whereas, the City Council desires to appoint such a Commission to determine if any revisions to the Charter should be submitted to voters for consideration in accordance with Section 11.15 of the City Charter;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That a Charter Review Commission (the "Commission") is hereby established as provided for in Section 11.15 of the Rockwall City Charter; and

Section 2. That the "Commission" shall consist of the following ten citizens of the City, which are hereby appointed by the City Council:

1.
2.
3.
4.
5.
6.
7.
8.
9.
10.

Section 3. That these appointed members shall select from among themselves a Chairman and Vice Chairman to serve during the term of the Commission; and

Section 4. That, in accordance with Section 11.15 of the City Charter, the Commission shall be charged with the following duties:

(a) Inquire into the operation of the City government under the Charter and determine whether any provisions require revision. To this end, public hearings may be held. The Commission may compel the attendance of any officer or employee of the City and require submission of any City records it deems necessary to conduct the hearings.

(b) Propose any recommendations it deems desirable to ensure compliance with the Charter of the City government.

(c) Report its findings and present its recommendations to the City Council; and

Section 5. That the Commission may be requested by the City Council to consider and develop recommendations related to certain specific issues, which may be provided to the Commission by the City Council or staff; and

Section 6. That the Commission is instructed to propose any recommendations it deems desirable, including those to ensure compliance with State law; and

Section 7. That the Commission shall report is findings and present its recommendations to the City Council on or before the Monday, February 2, 2015 regular Rockwall City Council meeting in order to timely call for an election in May 2015, and that any and all records of proceedings of the Commission shall be filed with the City Secretary and become public record at that time; and

Section 8. That, in accordance with the City Charter, the Commission shall have a term of office of no more than six months and that the term of members shall subsequently expire no later than April 2, 2015; and

Section 9. That following presentation of recommendations to the City Council for consideration of possible placement on the May 9, 2015 general election ballot, the City Council may call upon members of the Charter Review Commission to assist with public education efforts related to said ballot proposals; and

Section 10. That this Resolution shall become effective immediately upon passage and approval, and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 6th day of October, 2014.

David Sweet, Mayor

Re: August 2014 Structure Fire Report.
Date: September 16, 2014

2625 Discovery Blvd

We responded to a report of a Structure fire on August 20, 2014. The first unit on scene arrived and reported smoke showing from the outside of the building. Upon entry into the building firefighters discovered a fire in a large grinding machine. The fire sprinkler system was flowing but the fire was still burning. Firefighters quickly extinguished the fire and shut down the sprinkler system to minimize the water damage due to the large amount of water that was flowing from the system. There was no major damage to the building itself only the machine that was involved and some other materials that were affected by the water from the sprinkler system. No firefighter injuries were reported on this incident.

Dispatch time: 13:34
Enroute time: 13:35
On scene time: 13:39
Clear time: 15:14

4 men on scene 13:41
8 men on scene not reported
12 men on scene 14:00

We had a total of 6 on duty Firefighters on scene, 6 Volunteers, 2 Chief, 3 Investigators and 4 apparatus.

Airport Operations Report

For Month of August 2014

FUEL SALES

	GALLONS SOLD	GROSS SALES
Jet - A Sales	922.00	$4,287.30
Av-Gas Sales	3,268.80	$17,150.04
TOTAL FUEL SALES	4,190.80	$21,437.34

HANGAR RENTAL REVENUE

Open T Hangar Rental Revenue	$1,540.00
Terminal Office Rental Revenue	$250.00
Enclosed Hangar Rental Revenue	$120.00
North Maintenance Hangar Rental Revenue	$500.00
TOTAL HANGAR RENTALS	$2,410.00

HANGAR OCCUPANCY RATES

	TOTAL HANGARS	QTY RENTABLE	QUANTITY LEASED	OCCUPANCY RATE
Open T Hangars	45	40	27	67.50%
Terminal Office Rentals	1	1	1	100%
Closed Hangar Rentals	1	1	1	100%
Open Hangar Cap Rentals	2	1	1	100%
TOTAL HANGAR OCCUPANCY	49	43	30	70%

Of the forty five hangars only forty can actually be rented. Most of these forty should be considered substandard and not easily marketed due to pad slope and width, electrical, and drainage issues.

CITY FEES DUE	FEE RATE	FRANCHISE FEE DUE	FUEL FLOWAGE FEES DUE	TOTAL FEES DUE
Fuel Sales (Gallons Sold)	$0.10	$0.00	$419.08	$419.08
City Owned Hangar Rentals	5.00%	$120.50		$0.00
TOTAL FEES DUE		$120.50	$419.08	$539.58

I certify the information and amounts submitted on this form are true and correct.

Kristy Ashberry, City Secretary — Date Removed

Jacky Casey, Assistant Secretary

ARTICLE IV. - ART IN PUBLIC PLACES MASTER PLAN

DIVISION 1. - GENERALLY

Sec. 36-56. - Definitions.

The following words, terms and phrases, when used in this article, shall have the meanings ascribed to them in this section, except where the context clearly indicates a different meaning:

Art committee means five members, appointed by the city council, to conduct an analysis of the concept of the art in public places program and develop a comprehensive master plan.

Art review team (ART) commission means the commission responsible for the review and approval of public art applications and/or projects according to the process outlined in this master plan.

Artist means a practitioner in the visual arts generally recognized by critics and peers as a professional possessing serious intent and ability.

Construction project means any capital project paid for wholly, or in part, by the city to construct or remodel any building, park or parking facility.

Coordinator means the staff person appointed by the city manager to coordinate and facilitate the implementation of this article and the master plan as adopted by the city council.

Eligible project means a construction or remodeling project, as defined in this section, for which the source of funds is not restricted by law or regulation as to its use for artworks.

Project consultant means an individual working for the artist, the city, or the construction company.

Visual arts professional means an artist, arts educator, art critic, arts administrator, arts dealer, designer, art historian, curator, fine art collector, architect, urban planner or landscape architect who is well respected in his field, knowledgeable with regards to multiple disciplines and styles of visual art and willing to participate effectively in a review process without conflict of interest.

Work of art means tangible creations by artists exhibiting the highest quality of skill and aesthetic principles including, but not limited to, paintings, sculptures, stained glass, engravings, mosaics, carvings, etchings, frescoes, mobiles, murals, collages, tapestries, memorials, environmental, photographs, drawings, monuments, fountains, or utilitarian/functional works.

(Ord. No. 06-17, § 1(23-32), 6-5-2006)

Sec. 36-57. - Purpose; established.

(a) It is the intention of the city to contribute to the cultural and artistic nature of this area by establishing a public art program which will:

(1) Foster development of cultural awareness and enrich the public environment for both residents and visitors through the visual arts;

(2) Celebrate the cultural, topographic and historical aspects of the area as well as the quality of life, lifestyle and diverse character of our community;

(3) Integrate the work and thinking of artists into the planning, design and construction of public buildings and spaces;

(4) Contribute a sense of ownership and civic pride in public facilities and spaces to citizens;

(5) Support, educate and assist citizens with their community activities in which public art plays a part; and

(6) Support a variety of artistic expressions and the visual arts.

(b) In an effort to accomplish the goals of the public art program, the council-appointed arts committee has developed a master plan to establish a process, which could include the selection, purchase, commission, placement, funding, maintenance and insurance of works of art on city-owned or city-controlled property.

(Ord. No. 06-17, § 1(23-31), 6-5-2006)

Sec. 36-58. - Appropriate forms of public art.

(a) The following are considered appropriate forms of public art:

(1) Works of art that reflect the purposes of the art in public places program, always aiming to achieve the highest aesthetic quality.

(2) Works of art that give due consideration to the proposed design in terms of scale, form and content with respect to its immediate and general, social and physical environment.

(3) Works of art that give due consideration to materials and construction for questions of durability, maintenance, public access, appropriateness, safety and security.

(4) Works of art that seek to reflect enduring artistic concepts, not transitory ones.

(b) Items not to be considered as works of art:

(1) Directional elements such as signage, except where these elements are integral parts of the original works of art.

(2) Art objects which are mass produced from a standard design, such as playground equipment or fountains.

(3) Reproductions of original art works.

(4) Decorative, ornamental or functional elements, including signage, which are designed by the building architect as opposed to an artist commissioned for the purpose of creating the art work.

(5) Landscape architecture and landscape gardening except where these elements are designed for and recognized by the ART commission as an integral part of the work of art.

(Ord. No. 06-17, § 1(23-33), 6-5-2006)

Sec. 36-59. - Appropriation; allocation and management of funds.

(a) Potential sources of funding to be considered:

(1) City-budgeted funds;

(2) Individual donations;

(3) Receiving grant monies; and

(4) Sale of tiles or plaques for recognition purposes.

(b) Recognition for sizable donations could be given by placing plaques in conjunction with the artwork.

(c) Management of the art in public places fund will be administered by the city manager or his designee.

(Ord. No. 06-17, § 1(23-34), 6-5-2006)

Sec. 36-60. - Funding of the public art program.

(a) *Appropriations.* Beginning with the 2011-12 fiscal year, all appropriations for city capital improvement projects, whether financed with city bond proceeds or city monies from any other source, shall include an amount equal to 1.0 percent of the total capital improvement project appropriation, to be used for design services of artists, for the selection, acquisition, commissioning, and display of

artworks, and for administration of the public art projects. Such appropriations shall apply to a capital improvement project financed with proceeds from general obligation bonds authorized by the voters beginning with the 2011-12 fiscal year; or revenue bonds, certificates, notes, or other obligations authorized by the city council beginning with the 2011-12 fiscal year. Monies appropriated as part of one project, but not deemed necessary by the city council in total or in part for the project, may be expended on other projects approved under the annual public art projects plan; provided that proceeds from bonds issued and authorized for a particular use or purpose shall not be used or diverted for a different use or purpose.

(b) *Grants and contributions from non-city sources.* Beginning with the 2011-12 fiscal year, each city department shall include in every application to a granting authority for a capital improvement project grant an amount for artists' services and artworks in accordance with this article. The public art appropriation shall apply to all capital improvement projects financed with grants or contributions from private persons or governmental or public agencies, subject to conditions of the granting or contributing person or agency. If the public art appropriation is not allowed as a reimbursable expense, only the city-funded portion of the project is subject to the public art appropriation.

(c) *Method of calculation.* The minimum amount to be appropriated for artists' services and artworks is equal to the total city capital improvement project appropriation multiplied by 0.010; provided that amounts budgeted for real property acquisition costs, demolition costs, equipment costs, normal major maintenance costs, financing costs, costs paid for from the contingency reserve fund, capital reserve funds, or interest earnings on city bond proceeds, costs of any below-grade water or wastewater improvements, and costs of resurfacing or repair of existing streets, sidewalks, and appurtenant drainage improvements are not subject to the calculation.

(d) *Public art accounts.* Amounts appropriated pursuant to this article shall be established by the city manager, or his designee, in a public art account within each capital improvement project fund.

(e) *City bond proceeds.*

(1) If a city capital improvement project is financed with city bond proceeds, the use of any amounts appropriated for artists' services and works of art in accordance with this article must be consistent with any voted proposition approved by the voters of the city, any resolution or ordinance adopted by the city council authorizing issuance of the bonds, and applicable state or federal law. In no event shall city bond proceeds be used for public art maintenance purposes.

(2) This section shall not apply to any refunding bond proceeds.

(3) This section shall not apply to any capital improvement project financed with water utility revenues that is located outside the city limits; or any below-grade capital improvement financed with water utility revenues, whether or not the below-grade improvement is part of a city capital improvement project that involves at-grade or above grade improvements.

(f) *City council exclusions.* When considering the capital improvements plan, or any amendment thereto, the city council may exclude individual city capital improvement projects from the application of this section.

(Ord. No. 11-10, § 1(23-45), 3-7-2011)

DIVISION 2. - ART REVIEW TEAM (ART) COMMISSION

Sec. 36-77. - Established.

(a) *Composition; appointment of members; term; compensation.* There is hereby created a commission known as the art review team (ART) commission. The commission shall be organized as follows:

(1) The art review team (ART) commission shall consist of five members, appointed by the city council. The team members will include two visual arts professionals, two members of the business community who will be representative of the environmental design fields (architecture, landscape architecture, urban planning/design), and one resident of the community. Selection of

the team will reflect ethnic, artistic, economic and demographic diversity of the community. All team members must possess knowledge of, or have an interest in contemporary, visual art, artistic principles and art media. A board member of the Rockwall Alliance for the Arts and the director of parks and recreation or his designee will serve as ex officio (nonvoting) members.

a. The art review team (ART) commission shall consist of five regular members appointed by a majority of the city council. The ex officio member from the Rockwall Alliance for the Arts will also be appointed by the city council. The ex officio member from the parks and recreation department will be appointed by the city manager.

b. In the case of a vacancy of the commission, the city council, by a majority vote, may appoint a replacement member to the commission. Any person appointed shall serve until the expiration of the term of office of the vacated position.

c. Each member of the commission shall be a resident citizen and qualified voter of the city.

d. Upon the initial appointment of the commission by the city council, members shall draw lots for three two-year terms and three one-year terms of service. Thereafter, the term of office of members of the commission shall be for two years. Members may be removed, as determined by the city council.

e. Members shall serve without compensation.

(b) *Meetings.* The commission shall hold its meetings on the call of the chairperson, or at such other times as the commission may determine. All meetings shall be open to the public.

(c) *Quorum.* All cases to be heard by the commission must be heard by at least four members.

(d) *Chairperson and vice-chairperson.* A chairperson and vice-chairperson shall be elected by the members of the commission at the first meeting following the annual appointment of the new members.

(e) *Records.* The commission shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the commission and shall be a public record.

(f) *Vote.* The concurring vote of four members of the commission shall be necessary for the approval of any application. Only the members of the commission present shall have voting privileges.

(g) *Rules and regulations.* The commission shall adopt rules in accordance with this article.

(Ord. No. 06-17, § 1(23-35), 6-5-2006)

Sec. 36-78. - Duties and responsibilities regarding education and public relations.

(a) The art review team (ART) commission shall promote the art in public places master plan.

(b) The art review team (ART) commission shall develop, evaluate and recommend projects in accordance with these guidelines:

(1) Press releases to all applicable news sources;

(2) Presentations to local civic organizations and area schools;

(3) Fundraising efforts for the art in public places fund;

(4) Grant applications for the art in public places program or its proposed projects; and

(5) Public forum.

(c) The art review team (ART) commission shall promote the art in public places master plan by various means, including:

(1) Acquiring suitable speakers to make presentations;

(2) Scheduling presentations; and

(3) Providing a copy of the information to outside sources wishing to use it to promote and further the art in public places master plan.

(d) The art review team (ART) commission, on an ongoing basis, shall actively explore potential sites for art in public places projects. In this, the commission shall seek the input of various city departments, as well as the community at large, to identify both future planned and existing sites. Upon development of an art project, information will be disseminated, as appropriate, through various mediums well in advance of the selection process to provide adequate time for applicants to prepare submissions. The coordinator will promote communication between the artist, art review team (ART) commission, city departments and any contractor or consultant involved with the project.

(Ord. No. 06-17, § 1(23-36), 6-5-2006)

DIVISION 3. - APPLICATIONS

Sec. 36-100. - Development of an art in public places project.

An art in public places project may originate from a number of sources:

(1) *City initiated.* City-initiated projects shall be given due consideration and the $150.00 application fee shall be waived. All other requirements of the application process shall apply.

(2) *Externally initiated.* Individuals, businesses and/or organizations wishing to submit a proposal for a project.

(Ord. No. 06-17, § 1(23-37), 6-5-2006)

Sec. 36-101. - Procedure; eligibility requirements.

(a) When the idea for placing a work of art is developed, the idea should be submitted in a "letter of intent" to the commission for consideration.

(b) The city will provide the following to all applicants for the art in public places program:

(1) A copy of the art in public places master plan; and

(2) An application form, which (at a minimum) will request the following information (if available at the time of submittal of the application):

a. Artist's name and resume;

b. Photos, slides, renderings, scaled models or other illustrations of work;

c. Requested location;

d. Processing fee of $150.00;

e. Size and material specifications;

f. Scope and schedule of work;

g. Lighting specifications, if applicable;

h. Estimated cost; and

i. Any additional information deemed necessary.

(c) The application, along with any other pertinent information, must be submitted to the coordinator for consultation by the commission.

(d) In order to foster community awareness of the art in public places master plan, appreciation of the visual arts, its potential for the enhancement of the public environment and to maximize its positive

effect on the community, applications must include educational information as to the nature of the project. Information will include, but not be limited to, the following:

(1) The artistic intention or goal of the project;

(2) The artist's statement;

(3) The artist's background information;

(4) Information on the artistic discipline, style, medium, technique and creative process, including their relative historical information; and

(5) Any other informative document relative to the educational aspect of the project.

(Ord. No. 06-17, § 1(23-38), 6-5-2006)

Sec. 36-102. - Approval.

(a) *Criteria.* The art review team (ART) commission will evaluate the project based on the following criteria:

(1) Health, safety and public welfare.

(2) Appropriateness to the site:

a. Size and scale;

b. Color scheme;

c. Theme; and

d. Materials.

(3) Size relative to the site and surroundings.

(4) Potential longevity:

a. Resistance to elements; and

b. Theme.

(5) Maintenance requirements.

(6) Aesthetic value.

(b) *Review and hearing.* After their review and approval, the art review team (ART) commission will then forward the application and its recommendations to the city council for review. If appropriate, the city council will hold a public hearing to assess public opinion of a proposal, deny the request, or approve the application. The council may give direction to and ask the art review team (ART) commission to continue to work with the applicant and/or project.

(c) *Denial; appeals made to council.* In the event the art review team (ART) commission determines a project is not suitable, the applicant may appeal their decision to the city council within 30 days of the denial. The appeal must be made through the coordinator and placed on the city council agenda.

(Ord. No. 06-17, § 1(23-39), 6-5-2006)

DIVISION 4. - PROCEDURE FOLLOWING APPROVAL

Sec. 36-133. - Project implementation and coordination.

(a) Once a project is approved, the art review team (ART) commission, in conjunction with the coordinator, shall make recommendations to the city council regarding the details of completion, which could include the following methods of implementation:

(1) *Open entry competition.* Any artist is eligible to enter. The site proposal will be appropriately advertised. Artists may be asked to submit slides of their past work, resumes and letters of intent related to the specific project or specific proposals for the project under review.

(2) *Limited entry competition.* The art review team (ART) commission invites a limited number of artists to participate in the selection process. The artists selected may be asked to submit slides of past work or proposals based on the proposed project. The names of the artists invited to participate shall be publicly announced upon receipt of written acceptance of the invitation.

(3) *Direct selection of artist.* An artist is invited to participate in the project and may be asked to develop a proposal for the project. If desired, a team of several artists may be put together.

(4) *Direct purchase of existing artwork.* A completed work of art is purchased.

(b) Upon approval of the art review team (ART) commission's recommendation by the city council, the city shall contract with the artist for services or for the purchase and installation of a specific artwork. In general, art in public places project contracts shall require the artist to produce, deliver, and install a work of art for a guaranteed maximum cost and by a predetermined time. Depending on the nature of the project, performance by the artist may be contractually ensured through phased payment for work completed and/or professional liability coverage. The coordinator shall work with the artist to determine the appropriate budget for each project to ensure that all necessary costs are met. Council approval of the budget for an art in public places project is a prerequisite for the project's final approval. In addition, the artist may be asked to make a public presentation at an appropriate time and in an appropriate forum in the community, possibly where the work is to be sited.

(c) In the case of an artist who has contracted with the city to produce a specific work of art, approval of the design prior to the signing of that contract shall be considered sufficient. If, however, the design changes substantially from that which was initially approved, the artist must return to the art review team (ART) commission for subsequent review. Any design changes approved by the art review team (ART) commission must be presented to the city manager or his designee for approval.

(d) In the case of a design team approach, it shall be the primary responsibility of the artist and the project consultant to collaborate on the design of the artwork and its relationship with the site. They shall be required to bring the design, in its formative stages, back to the art review team (ART) commission for review. The stage at which final approval of the design occurs will vary from project to project, as specifically stated in the artist's contractual agreement with the city.

(e) All project consultants expressing interest in an eligible construction or renovation project shall be advised of the art in public places program requirements and guidelines. The selected consultant and appropriate city representatives shall work closely with the coordinator in the development of the artwork project and with the art review team (ART) commission in selection of the artist/artwork. The project consultant shall incorporate the requirements of the work of art into the construction documents, including time of delivery and installation.

(f) On-site activity in connection with installation of artwork shall be handled by the artist, coordinator, and appropriate city representatives within the departments having jurisdiction over the site and/or construction.

(g) The coordinator shall function as a liaison between the artist and the various city departments involved in the completion of each artwork project. In instances where construction matters cannot be resolved between the artist and the consultant, the city shall have final authority.

(h) The coordinator shall establish and maintain appropriate records of each project, which shall include the contract with the artist, records of the art commission and council's actions, interdepartmental agreements, all billings made in connection with the project and all related correspondence. In addition, the coordinator shall maintain records particular to the project to ensure adequate standards of documentation, registration, care, and installation of the artwork.

(Ord. No. 06-17, § 1(23-40), 6-5-2006)

Sec. 36-134. - Maintenance, insurance and repair of public art.

(a) The art review team (ART) commission shall make an annual review of the city's art in public places collection for the purposes of a maintenance needs assessment. The art review team (ART) commission shall communicate those needs and the appropriate actions to the coordinator.

(b) The works of art acquired through the art in public places program become the property of the city and are held in trust by the city. Therefore, the expenses associated with the routine maintenance and operation of each artwork shall be incurred by the city. Routine maintenance shall be understood to include such things as the periodic cleaning and the operational costs of a work. Any substantive repair of the work, such as structural repair, or major maintenance, shall be considered to be an expense of the related art in public places fund.

(c) So far as is practical, in the event repair of the artwork is required, the city shall give the artist the opportunity to do that work for a reasonable fee. Disputes concerning what constitutes a reasonable fee shall be settled by a panel of three visual art professionals with knowledge of curatorial concerns, to be appointed by the art review team (ART) commission. If the artist declines to perform the needed repairs for such a fee, the city may solicit proposals from qualified conservators.

(Ord. No. 06-17, § 1(23-41), 6-5-2006)

Sec. 36-135. - Eligible costs for art in public places funds.

(a) All art in public places contracts shall require the artist to design, produce, deliver and install a work of art for a guaranteed maximum cost. This cost may include the cost of the work itself and any associated costs which may be required by the city or inherently related to the implementation of the project. Therefore, the following costs are eligible expenditures for the monies included in the total project commission:

(1) The work of art itself including, but not limited to:

a. The artist's design fee;

b. Additional labor, materials and contracted services required for the production and installation of the work;

c. Transportation of the work to the site; and

d. Installation of the work.

(2) Identification plaques and labels.

(3) Frames, mats, mountings, anchorages, containments, pedestals, or materials necessary for the installation, location or security of the work of art.

(4) Photographs or slides of the completed work for the purposes of routine documentation of the project.

(5) Permits or fees necessary for the installation of the work of art.

(6) Legal costs incurred by the city, directly related to the project.

(7) Associated administrative costs incurred by the city.

(8) Other types of expenses specifically provided for in the contract and approved by the council.

(b) In addition to the actual costs associated with an art in public places project, the monies are to be used for the selection, acquisition, and substantive maintenance of the work of art commissioned or purchased through the art in public places program. Therefore, the following items are eligible expenditures of the monies:

(1) The project specific costs of the art in public places program associated with the selection and acquisition of the artwork.

(2) Substantive structural repair and maintenance of the works of art commissioned through the art in public places program.

(Ord. No. 06-17, § 1(23-42), 6-5-2006)

Sec. 36-136. - Ineligible costs for art in public places funds.

The following are ineligible costs for art in public places funding:

(1) Services or utilities needed to routinely operate or maintain the artwork.

(2) Modifications in or improvements to building surfaces or structural elements of the building.

(Ord. No. 06-17, § 1(23-43), 6-5-2006)

Sec. 36-137. - Relocation and removal of art.

(a) The following policy has been included to provide a consistent method for determining if a work has remained relevant and/or useful in the context of its original purpose. It also provides a mechanism for the proper removal of a work of art that has deteriorated or has been damaged beyond repair. In this document, the term "removal" means permanent removal of a work of art, and relocation means reinstallation of a work of art at a new site. Works of art may be considered for removal only after five years have passed from the date of the acquisition, unless the installation site has been substantially altered, or the work has deteriorated or been damaged, or the council otherwise determines that circumstances warrant the need for removal or relocation.

(b) Requests for removal or relocation shall be acted on through the following process:

(1) Requests for removal or relocation may be city or externally initiated (i.e., by a recognized civic group with evidence of community support). These requests must be submitted through the coordinator.

(2) The coordinator shall review the request and forward it to the art review team (ART) commission. The art review team (ART) commission will evaluate the request and make a formal recommendation to the council. In evaluating a relocation or removal request, the art review team (ART) commission shall apply the following criteria:

a. Visual record of alteration, damage to, or deterioration of the site or work of art;

b. Cost estimates for repair, relocation or disposal; and

c. A new site plan for relocation.

(3) The city council will ultimately determine if an art in public places piece should be relocated.

(4) The city council will not generally consider removing an art in public places piece before five years unless there are extenuating circumstances involved.

(Ord. No. 06-17, § 1(23-44), 6-5-2006)

Proclamation

Rockwall, Texas

Whereas, Cain Middle School earned distinction designations under the 2014 Texas State Accountability system in the following areas: mathematics, science, and social studies; and

Whereas, also in 2014, Cain ranked in the top 25% in the area of student progress and also received recognition for Postsecondary Readiness; and

Whereas, eighty-one (81) students qualified for Duke TIP, which means they each performed in the top 8 percent of Reading/Writing STAAR scores for the state and/or the top 6 percent of STAAR math scores statewide; and

Whereas, in addition to the smart, talented students who attend Cain Middle School, the school also employs some outstanding faculty, including Theater Arts Teacher, Ms. Jenae Glanton, who was recently named K-8 Educator of the Year by the Texas Educational Theater Association.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim Monday, October 20, 2014 as

Cain Middle School Recognition Day

in the City of Rockwall, Texas and urge all citizens to applaud and congratulate the students, teachers and staff of Cain Middle School for their noteworthy accomplishments and continued hard work towards quality education in Rockwall.

David Sweet, Mayor

City of Rockwall
The New Horizon

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Mark Moeller, Chief of Police

DATE: October 20, 2014

SUBJECT: Citizen Certificate of Merit Presentation

On Tuesday, June 24, 2014, a crew from Farmers Electric Company was working on a ground transformer when crewmember Brandin Fielding was accidentally electrocuted and went into cardiac arrest. Mr. David Earls, who was working with Mr. Fielding, immediately began CPR on Mr. Fielding. Rockwall Police Officer Russell Lambert was in the area at the time and was flagged down for help. Officer Lambert and Mr. Earls continued CPR on Mr. Fielding until EMS arrived. Mr. Fielding was transported to the hospital by Rockwall County EMS and has made a full recovery.

Rockwall County EMS personnel reported that the CPR given by Mr. Earls and Officer Lambert prior to their arrival directly led to Mr. Fielding surviving the accident. The Rockwall Police Department wants to publicly thank Mr. Earls for his life saving actions on that day and is presenting Mr. David Earls with a Citizen Certificate of Merit.

Proclamation

Rockwall, Texas

Whereas, through its Food for Kids Program, the Rockwall Kiwanis club provides individual breakfast and dinner meals to over 300 area kids each month; and

Whereas, the club also sponsors the Angel League, a unique, fun, celebratory baseball program benefitting special needs children and adults each spring and fall at Tuttle Park; and

Whereas, Rockwall Kiwanis Club members present awards to local grade school children after being selected by their teachers for exhibiting good behavior, such as being kind, polite and helpful to others; and

Whereas, Kiwanis is also involved locally in charitable projects such as scholarships for high school seniors, wheelchair ramps at private homes, 4-H, Lone Star Casa and others; and

Whereas, Rockwall Kiwanis proudly sponsors local Boy Scout Troop 690 and assists with the annual Christmas parade, Halloween candy distribution at The Harbor, and the club's annual fundraising event, the Tri Rock, each August; and

Whereas, the local club supports Kiwanis International's effort to eliminate maternal and neonatal tetanus, recognizing that this deadly disease takes the lives of nearly 60,000 newborn babies and a significant number of mothers each year and encouraging immunization of more than 100 million mothers and their future babies.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim October 20, 2014 as

Rockwall Kiwanis Appreciation Day

in the City of Rockwall and encourage all citizens to recognize and applaud this organization for its philanthropic endeavors which benefit our community and beyond.

In Witness Whereof, I hereunto set my hand and official seal this 20th day of October, 2014.

Proclamation

Rockwall, Texas

Whereas, the Rockwall Memorial Youth Center was chartered in January of 1956 and became the YMCA in 1969; and

Whereas, the Rockwall County YMCA was renamed the JER Chilton YMCA at Rockwall in November of 2012; and

Whereas, the JER Chilton YMCA provides sports programs for over 2,300 children from the community per year including swimming which teaches over 600 students every year; and

Whereas, the JER Chilton YMCA offers camp for special needs children every year called Angel Camp free of charge to children ages 6-18 in our community; and

Whereas, the JER Chilton YMCA offers financial assistance for anyone in the Community that cannot afford to participate in programs or membership; and

Whereas, the JER Chilton YMCA is adding 12,000 square feet of area to be open November, 2014.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim Monday, October 20, 2014 as

"JER CHILTON YMCA RECOGNITION DAY"

in the City of Rockwall and encourage all citizens to recognize and applaud this organization for its numerous endeavors which benefit our community and beyond.

In Witness Whereof, I hereunto set my hand and official seal this 20th day of October, 2014.

Proclamation

Rockwall, Texas

Whereas, Chambers of Commerce work with area businesses, merchants, and industry to advance the civic, economic, industrial, professional, and cultural life of our city; and

Whereas, Chambers of Commerce were first chartered by the Republic of Texas in 1840 and contributed to the civic and economic life of Texas for 174 years, and

Whereas, this year marks the 106th Anniversary of the Texas Association of Chamber of Commerce Executives (TCCE), the state's longest standing association of chamber of commerce professionals in the nation, and the 85th anniversary of the Rockwall Area Chamber of Commerce, founded in 1929 as the County's leading broad-based business organization that serves as the unified voice for business; and

Whereas, Chambers of Commerce encourage the growth of existing industries, services, and commercial firms and encourage new businesses and individuals to locate in Rockwall, acting as a liaison with the State of Texas, City and County of Rockwall, schools and the business community; and

Whereas, Chambers of Commerce, remain strong, viable organizations of professionals in the nation; and

Whereas, Chambers of Commerce provide guidance and leadership to communities across the state and serve as career development organizations for chamber of commerce professionals.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim October 20-24th, 2014 as

Chamber of Commerce Week

in the City of Rockwall and encourage all citizens to recognize and applaud this organization for its professional endeavors which benefit our city and beyond.

In Witness Whereof, I hereunto set my hand and official seal this 20th day of October, 2014.

Proclamation
Rockwall, Texas

Whereas, alcohol and other drug abuse in this nation has reached epidemic stages; and

Whereas, it is imperative that visible, unified prevention education efforts by community members be launched to eliminate the demand for drugs; and

Whereas, the National Family Partnership (NFP) annually sponsors the National Red Ribbon Campaign, which offers citizens the opportunity to demonstrate their commitment to drug-free lifestyles; and

Whereas, the National Red Ribbon Campaign will be celebrated in every community across America during "Red Ribbon Week;" and

Whereas, businesses, governments, parents, law enforcement, media, medical, religious institutions, schools, senior citizens, service organizations and youth will demonstrate their commitment to healthy, drug-free lifestyles by wearing and displaying Red Ribbons during this week long campaign; and

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim the week of October 23-31, 2014 as

RED RIBBON WEEK

in the City of Rockwall and encourage all citizens to participate in drug prevention education activities, making a visible statement that we are strongly committed to a drug free community and state.

In Witness Whereof, I hereunto set my hand and official seal this 20th day of October, 2014.

MINUTES
ROCKWALL CITY COUNCIL
Monday, October 06, 2014
4:00 p.m. Regular City Council Meeting
City Hall - 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the public meeting to order at 4:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem Jim Pruitt and City Council Members David White, Mike Townsend, and Scott Milder. Also present were City Manager Rick Crowley, Assistant City Manager Brad Griggs and City Attorney Frank Garza. Council Members Bennie Daniels and Dennis Lewis were absent from the council meeting.

II. WORK SESSION

1. HOLD WORK SESSION TO DISCUSS AND CONSIDER THE CITY'S ART IN PUBLIC PLACES PROVISIONS, INCLUDING THE ART REVIEW TEAM (ART) COMMISSION, AND TAKE ANY ACTION NECESSARY.

Assistant City Manager Brad Griggs provided background information related to this agenda item. He indicated that the Art Review Team / Commission was established by council about eight years ago. The council may soon wish to consider revamping the Art Review Team to begin evaluating the city's first piece of public art, including public art for the downtown area. It was indicated that, according to the current ordinance provisions, five members are to be appointed to serve on this committee. About $72,000 has been allocated associated with the downtown bond improvements project related to public art, and that money is segregated to be utilized for downtown. Mr. Crowley asked the council to please review the ordinance provisions related to the Art in Public Places Master Plan and the Art Review Team and let staff know if any ordinance changes are desired, including any related to the composition of the board as far as specialization of its membership is concerned. Mayor Sweet asked staff to place an agenda item on the next council meeting to discuss and consider appointments to the Art Review Team. Council took no action related to this agenda item at this time.

2. HOLD WORK SESSION TO DISCUSS AND CONSIDER THE CITY'S RADIO SYSTEM, AND TAKE ANY ACTION NECESSARY.

Mr. Crowley provided the council with information related to this work session item. He also passed out a draft interlocal agreement between Rockwall County and the City of Rockwall for participation in the Rockwall County interoperability radio system. He explained that the draft has been reviewed and marked up by both city staff and the city's radio consultant. Staff is still gathering information and will be having conversations with the county regarding this draft agreement and distribution of an RFP associated with this new radio system. This proposed countywide radio system is expected to be equally as good if not better than the radio system the city has been accustomed to having. Our current equipment is going to be replaced with new equipment, perhaps somewhat sooner than might have otherwise been expected. Regarding cost, staff member Joey Boyd indicated that he is unsure what the county's total cost of the new radio system may be. At one time, the county had preliminarily said about $13 million. Mr. Crowley explained that the City of Rockwall's cost will include costs associated with maintaining our user equipment and adding any user equipment we may need. The cost and joint program does not include a joint dispatch system under one roof. A dispatch center at Rockwall County and a separate dispatch center at the City of Rockwall will

still be in place and maintained by each entity. Mr. Crowley indicated that this joint radio system project will allow the City of Rockwall to upgrade its radio system at a much less cost than the city would incur on its own sometime in the future. Also, it will allow the various public safety and emergency response agencies throughout Rockwall County to readily communicate with each other during times when those agencies are assisting us (mutual aid) and/or our city is assisting them. We hope to discover from the RFP process what costs the City of Rockwall will be expected to incur.

Staff was asked to evaluate cost estimates such as the following: What is the cost savings to the citizens of the City of Rockwall over ten years (if we buy into this system vs. if we do not partner on this system)? Mr. Crowley said that staff is able to do so, but most likely not until after the RFP process takes place and more information is gathered.

Mr. Crowley indicated that this system will have a warranty and service contract associated with it. Brief discussion took place related to how dependent the City may have to be on the County in order to have issues which may arise associated with the system addressed timely and adequately. Discussion also took place related to what the city will do at the end of the expected ten year "life expectancy" of this new radio system. Also, future use of existing facilities and future sites for radio towers was discussed.

The Council took no action related to this agenda item.

Mayor Sweet then read the below listed discussion items into the public record before recessing the public meeting into Executive session at 4:40 p.m., indicating Executive Session will commence at 4:45 p.m.

III. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding appointment of Mayor Pro-Tem pursuant to Section 551.074 (Personnel Matters)
2. Discussion regarding appointment to fill city council member vacancy in accordance with City Charter provisions pursuant to Section 551.074 (Personnel Matters)
3. Discussion regarding appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Board of Adjustments, Planning & Zoning Commission, Rockwall Economic Development Corporation, and Charter Review Commission pursuant to Section 551.074 (Personnel Matters)
4. Discussion regarding City Manager performance evaluation pursuant to Section 551.074 (Personnel Matters).
5. Pulled from public meeting agenda for discussion:

   Consent Agenda Item #13 Consider authorizing the City Manager to enter into an agreement with APA for the 2015 Founders Day Festival headline entertainment in the amount of $30,0000 to be funded by Hotel/Motel Tax Funds, and take any action necessary.

   Appointment Item #4 Appointment with Dewayne Cain regarding Rest Haven Funeral Home expansion, and take any action necessary.

   Appointment Item #6 Appointment with Kim Lovett with Eventive Marketing Solutions, representing UCR Asset Services, to request permission to hold two special events

(Harbor HOWL-O-Ween on 10/25/14 and Harbor Holiday on 11/15/14) on the Harbor property, and take any action necessary.

IV. ADJOURN EXECUTIVE SESSION

Executive Session was adjourned at 5:52 p.m.

V. RECONVENE PUBLIC MEETING

Mayor Sweet reconvened the public meeting at 6:00 p.m.

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

Mayor Pro Tem Pruitt made a motion to establish and appoint the following individuals to serve on a Charter Review Commission (in accordance with the Charter and resolution to be signed by the mayor):

Bill Lofland	Adam Tovar
Nell Welborn	Bill Houser
Charles Johnson	Daniel Nichols
Connie Jackson	Larry Parks
Freddie Jackson	Bill Cecil

Councilmember Milder seconded the motion, which passed by a vote of 5 ayes with 2 absent (Lewis and Daniels).

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – COUNCILMEMBER WHITE

Councilmember David White delivered the invocation and led the Pledge of Allegiance.

VIII. PROCLAMATIONS / AWARDS

1. Fire Prevention Month

Fire Marshal Ariana Hargrove came forth and offered brief comments, indicating that the Fire Department Open House over the weekend was a huge success. Also, staff began visiting every elementary school in Rockwall this week to share a public education program related to fire safety and prevention. Mrs. Hargrove also shared that the City of Rockwall Fire Department offers free smoke detectors to Rockwall city residents through a grant, and they will come to your home and install them and/or change batteries in existing ones free of charge. Mayor Sweet then read the proclamation for Fire Prevention Month.

2. Texas Night Out

Mayor Sweet called Police Chief Mark Moeller forth to say a few words about National Night Out and Texas Night Out. Chief Moeller explained that the State of Texas celebrates Texas Night Out each year in October, which is affiliated with National Night Out but is celebrated later in the year when the weather in Texas is cooler. Chief Moeller indicated that Texas Night Out in Rockwall will be celebrated tomorrow night, and many neighborhoods throughout the city will be hosting outdoor gatherings in recognition and celebration of Texas Night Out. He encouraged all residents to find a gathering to attend to enjoy the event and interac with the Rockwall Police Department. Mayor Sweet then read the proclamation.

3. Breast Cancer Awareness Month

Mayor Sweet read a proclamation declaring October as Breast Cancer Awareness Month.

IX. OPEN FORUM

Mayor Sweet explained how Open Forum is conducted. He then asked if anyone in the audience would like to come forth and speak during this time.

Alice Bland
Pebblebrook Apartments on Goliad
Rockwall, TX

Mrs. Bland expressed that she heard a rumor that Race Track over near Fudrucker's/Luby's may be moving out. Also, she has heard that there will be some work done to redirect traffic in and around the SH-205 / SH-276 area. Staff indicated that they do not believe Fudrucker's/Luby's is going anywhere but that TXDOT is planning to reroute a part of SH-276.

Judith Matherne
(address not provided)
Rockwall, TX

Mrs. Matherne came forth to express concern regarding a brick wall that was blown off of the back of Signal Ridge Place and an ongoing electrical power outage caused by a recent storm. On behalf of the residents she asked if the city council fast track a building permit to repair the wall. She also inquired about if the city may be able to encourage Oncor to provide temporary power to the residents living at these condominiums. Mr. Crowley indicated that the city will definitely fast track any permit that Oncor requests. It was indicated that electricians may be needed to do some preparatory work before Oncor can turn power back on. Mr. Crowley indicated the city's willingness to help in any way it is able to.

There being no one else wishing to come forth and speak, Mayor Sweet then closed Open Forum.

X. CONSENT AGENDA

1. Consider approval of the minutes from the September 15, 2014 regular city council meeting, and take any action necessary.

2. Consider approval of change orders number 1 and number 2 with War Horse Inc. for the FM 3097 waterline connections relocation project in the amount of $27,854.16 to be funded from 2008 revenue bonds, and take any action necessary.

3. **Z2014-023** - Consider approval of an **ordinance** for a request by Beth Godfrey of TKC CLXXXVI, LLC on behalf of the owner, Rick Sharp, for the approval of a zoning amendment to Planned Development District 46 (PD-46) [Ordinance No. 99-05] to allow for a Rental Store with Outside Storage (i.e. Sunbelt Rentals Company) to be established on a ~3.35-acre portion of a larger 6.222-acre parcel of land identified as Lot 2, Block A, Sharp Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 46 (PD-46) for commercial land uses, situated within the SH-276 Corridor Overlay (SH-276

OV) District, located east of Corporate Crossing (FM-549) in between SH-276 and Springer Lane, and take any action necessary. **(2nd Reading)**

4. **Z2014-024** - Consider approval of an **ordinance** for a request by Juan J. Vasquez, PE of Vasquez Engineering, LLC on behalf of James R. Thompson of Cavender Investment Properties E, LTD for the approval of a Specific Use Permit (SUP) for a general retail store within a Light Industrial (LI) District for the purpose of constructing a Cavender's Boot City on a 3.27-acre parcel of land identified as Tract 9-4 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, located on the south side of the E. IH-30 frontage Road west of Corporate Crossing (FM-549), and take any action necessary. **(2nd Reading)**

5. **Z2014-026** - Consider approval of an **ordinance** for a request by Caprice Michelle of Rockwall's Rustic Ranch, LLC for the approval of a Specific Use Permit (SUP) for a restaurant within Planned Development District 50 (PD-50) on a 0.53-acre parcel of land identified as Lot B, Block 123, B. F. Boydston Addition, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 406 N. Goliad Street, City of Rockwall, Rockwall County, Texas, and take any action necessary. **(2nd Reading)**

6. **P2014-024** - Consider a request by Glenn Breyszcher of Dallas Mapping & Design on behalf of David Spiegel of the Lakes Assembly of God Church for the approval of a replat for Lot 1, Block A, Lakes Assembly Addition, being a 6.210-acre parcel of land, currently identified as Blocks B & C, Green Meadows Addition, City of Rockwall, Rockwall County, Texas, zoned Single Family 7 (SF-7) District, located on the north side of Williams Street (SH-66) east of the intersection of N. Clark Street and Williams Street, and take any action necessary.

7. **P2014-026** - Consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of the Skorburg Company (BH Phase IIB SF, LTD) for the approval of a replat of Lots 51-60, Block D, Breezy Hill, Phases IIA & IIB, being a 3.624-acre portion of land that is currently identified as Lots 20-26 & 50, Block D, Breezy Hill, Phases IIA & IIB, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for residential land uses, generally located north of the intersection of FM-552 and John King Boulevard, and take any action necessary.

8. **P2014-028** - Consider a request by Harold Fetty of H. D. Fetty Land Surveying, LLC on behalf of the owner R. D. Vanderslice for the approval of a replat for Lot 3, Block A, Adams Addition, being a 0.30-acre parcel of land identified as Lot 1, Block A, Adams Addition, zoned Planned Development District 50 (PD-50) for Residential Office (RO) District uses, situated within the North Goliad Corridor Overlay (NGC OV) District, addressed as 911 N. Goliad Street, and take any action necessary.

9. Consider authorizing the City Manager to execute a contract with CXT Precast Products for the construction of a restroom at Tuttle Sports Complex in the amount of $110,409.37 to be funded from the Recreation Development Fund, and take any action necessary.

10. Consider authorizing the City Manager to execute a contract with Rockwall County Committee on Aging for certain nutritional and senior service programs

in the amount of $30,000.00 to be funded from the Administration Department operating budget, and take any action necessary.

11. Consider authorizing the City Manager to execute a contract with the Texas Department of Transportation, Aviation Division for participation in the Routine Airport Maintenance Program at the Ralph M. Hall / Rockwall Municipal Airport, with matching funds for the grant to be provided by the Airport Operating Budget, and take any action necessary.

12. Consider authorizing the Mayor to execute an interlocal agreement for fire protection services between Rockwall County and the City of Rockwall, and take any action necessary.

13. Consider authorizing the City Manager to enter into an agreement with APA for the 2015 Founders Day Festival headline entertainment in the amount of $30,0000 to be funded by Hotel/Motel Tax Funds, and take any action necessary.

14. Consider authorizing the City Manager to execute an engineering services contract with Hydrological Support Services, LLC to perform flood study reviews for developments within the City in an amount not to exceed $40,000.00 to be funded from the FY 2014-15 Engineering Department Operations Budget and developer reimbursement, and take any action necessary.

15. Consider approval of an **ordinance** establishing the speed limit along SH 205 from E. Interurban Street to south of S. Heath Street at 35 miles per hour and take any action necessary. **(1st Reading)**

16. Consider approval of an **ordinance** amending Chapter 38. Subdivisions; Article I. In General; Section 38-15. Miscellaneous requirements, Subsection (m) to increase Engineering Inspection fees from two percent to four percent, and taken any action necessary. **(1st reading)**

17. Consider approval of an **ordinance** amending the Code of Ordinances in Chapter 6. Animals, Article II. Administration, Division 2. Adoption Center Advisory Committee, Sec. 6-51 to modify the composition of the committee to align with state law, and take any action necessary. **(2nd reading)**

18. Consider approval of a resolution authorizing the City Manager to execute an agreement with TXDOT for Construction, Maintenance and Operations of Safety Lighting Systems Within Municipalities with the Texas Department of Transportation, and take any action necessary.

Councilmember White made a motion to approve the entire Consent Agenda (items #1-18). Councilmember Townsend seconded the motion. The ordinances were read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-42

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT NO. 46 (PD-46) *[ORDINANCE NO. 99-05]* AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS HERETOFORE AMENDED, BY ALLOWING A RENTAL STORE WITH OUTSIDE STORAGE TO BE DESIGNATED ON TRACK 2, LOT 00 OF EXHIBIT 'B' WITHIN ORDINANCE NO. 99-05, BEING A 3.211-ACRE PORTION OF A LARGER 6.222-ACRE TRACT OF LAND IDENTIFIED AS LOT 2, BLOCK A, SHARP ADDITION, ABSTRACT 186 J. A. RAMSEY SURVEY, LOCATED AT 2582 STATE HWY 276, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A"; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY

CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 14-43
SPECIFIC USE PERMIT NO. S-126

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) WITHIN A LIGHT INDUSTRIAL (LI) DISTRICT ALLOWING FOR A GENERAL RETAIL STORE ON A 3.27-ACRE PARCEL OF LAND IDENTIFIED AS TRACT 9-4 OF THE J. LOCKHART SURVEY, ABSTRACT NO. 134; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.
CITY OF ROCKWALL

ORDINANCE NO. 14-44
SPECIFIC USE PERMIT NO. S-127

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) FOR A RESTAURANT THAT IS LESS THAN 2,000 SF IN SERVICE AREA AND THAT DOES NOT HAVE A DRIVE-THROUGH OR DRIVE-IN SERVICE ON A 0.53-ACRE PARCEL OF LAND; ZONED PLANNED DEVELOPMENT DISTRICT 50 (PD-50) FOR RESIDENTIAL OFFICE (RO) DISTRICT LAND USES; BEING ADDRESSED AS 406 N. GOLIAD STREET AND IDENTIFIED AS LOT B, BLOCK 123, B. F. BOYDSTON ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OR FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE;
PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL, TEXAS
ORDINANCE NO. 14-45

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS ALTERING THE PRIMA FACIE SPEED LIMITS ESTABLISHED FOR VEHICLES UNDER THE PROVISIONS OF TRANSPORTATION CODE, SECTION 545.356 UPON STATE HIGHWAY NO. 205 GENERALLY FROM E. MISCELLANEOUS REQUIRMENTS BY AMENDING SUBSECTION (m) TO REVISE THE ENGINEERING INSPECTION FEE TO RAISE IT FROM TWO PERCENT TO FOUR PERCENT; REPEALING ALL ORDINANCES IN CONFLICT WITH THE PROVISIONS OF THIS ORDINANCE; PROVIDING A SEVERABILITY CLAUSE; PROVIDING AN EFFECTIVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 14-41

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CHAPTER 6. ANIMALS; ARTICLE II. ADMINISTRATION; DIVISION 2. ANIMAL ADOPTION CENTER / ADVISORY COMMITTEE; SECTION 6-51.

ESTABLISHED; COMPOSITION TO AMEND COMMITTEE MEMBER COMPOSITION IN ACCORDANCE WITH STATE LAW REQUIREMENTS. PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; AND PROVIDING FOR AN EFFECTIVE DATE OF THIS ORDINANCE.

The motion to approve passed by a vote of 5 ayes with 2 absent (Daniels and Lewis).

XI. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Mayor Sweet indicated that the Chairman of the Planning & Zoning Commission, Craig Renfro, is unable to attend this evening. So this item was not discussed, and no action was taken.

2. Appointment with Dana Macalik of the Rockwall Area Chamber of Commerce to hear report on Hotel Motel Occupancy Tax funding utilized for various projects including a community map, "Visit Rockwall" website and visitor's brochure, and Rockwall Chamber website, and take any action necessary.

Dana Macalik of the Rockwall Chamber came forth and handed out several pieces of printed material to the city council members. She then provided brief comments regarding how hotel/motel tax funds granted to the Chamber by the City of Rockwall were spent. The council thanked Mrs. Macalik for her well organized, informative report, and no action was taken.

3. Appointment with representatives from Suntex RHCL, LLC to request relief from the concession agreement to operate the marina within Chandlers Landing, and take any action necessary.

Stephen Lehn
17330 Preston Road, Ste. 220A
Dallas, TX 75252

Mr. Lehn explained that the water level at the lake has hit a historic low, and close to $300,000 of his company's own capital has been spent on dredging operations thus far. He indicated that his company is asking for an abatement of dues owed to the city until which time as the lake water levels raise back up to 434 feet. They are currently at about 425 feet. He explained that his business is at stake because boat slip fees are being hindered due to low lake levels.

Mayor Pro Tem Pruitt expressed concern about Suntex not giving slip tenants financial relief when some have had to leave and take their boats elsewhere to be stored due to very low lake levels at Lake Ray Hubbard. He expressed that he is still paying about $3,000 per year to the marina at Chandlers Landing even though he has had to move his boat elsewhere and is now paying those fees at the alternate location on top of those he is paying here locally. Mr. Lehn indicated that some financial relief has occurred on a case-by-case basis for those who are unable to access their boat. Mayor Pro Tem Pruitt indicated that no one at Suntex has ever proactively reached out to him regarding his boat storage, including levels reaching lows which have inhibited his ability to access his boat.

Chris Petty with Suntex joined the meeting at this point.

Mr. Griggs indicated that a portion of funds from things such as slip revenues, fuel sales, and store sales contribute towards this concessions agreement. He indicated that revenues

typically received from Suntex associated with this concessions agreement are about $100,000 per year.

Mr. Petty offered general comments related to the lake levels and varying circumstances related to individual boat slips at the marina as well as individual contracts with boat owners related to lease of those slips. He indicated that dredging in, around and under the slips at the marina has been challenging.

Councilmember White asked what percentage of revenue has been lost due to tenants pulling out, cancelling their membership and docking their boats elsewhere. Mr. Petty indicated that revenue has declined about 33% due to "rent relief" arrangements that have been negotiated between tenants and the marina and/or due to those who've cancelled and moved their boats elsewhere entirely.

Mr. Griggs indicated that money received from this concessions agreement is deposited into the city's Recreational Development Fund, and the money is used to fund recreational projects for city residents (example: most recently used to renovate Tuttle and Yellow Jacket ball fields). Also, part of the revenues anticipated to be received by the city from this concessions agreement has been budgeted in the 2015 fiscal year for upcoming projects.

Councilmember Milder pointed out that the City of Rockwall is also feeling a lot of stress and financial strain due to the drought and the lack of water sales. So, as a result, he expressed an uncertainty about the city's ability to grant the company's request for relief this evening. Mr. Petty indicated that the company operates twenty-two other marinas elsewhere outside of Rockwall. Councilmember Milder suggested the company consider seeking financial relief from elsewhere within the company itself so that Rockwall taxpayers do not have to bail out the company.

Councilmember Townsend expressed that their concessions agreement is based on a percentage of sales. His struggle is that the company is still charging Rockwall citizens associated with the boat docks, yet then the company wants the city to not charge the company associated with the concessions agreement and the associated financial obligations. He has a problem with the company charging Rockwall residents for boat dock slips they are unable to utilize due to the drought. Mayor Sweet generally echoed Councilmember Townsend's concerns.

Councilmember White asked if the company has sales other than slip rentals. Mr. Petty indicated that the rentals makes up a majority of the sales (about 85%).

Mr. Petty offered brief, closing remarks, indicating that his company may be able to partner with the City in the future to come up with and execute a long term plan which may be beneficial to both the company and the citizens of Rockwall, for example with regards to future dredging operations and green space for residents (using backfill/dredged material).

The council took no action related to this agenda item.

4. Appointment with Dewayne Cain regarding Rest Haven Funeral Home expansion, and take any action necessary.

Dewayne Cain
305 Stonebridge
Rockwall, TX

Mr. Cain came forth and indicated he owns the Rest Haven Funeral Home and Memorial Park in Rockwall, a building which has never been expanded since it was originally constructed in 1992. There is now a tremendous need to expand, adding about 1,500 square feet. He would like the city council to consider a temporary postponement associated with the requirement that the new construction and existing construction be equipped with a fire sprinkler suppression system. He explained that his business was annexed into the city several years ago, and, since that time, no city water or sewer lines have been extended to his particular business. He explained that his existing water line is a small line from Mt. Zion Water Supply that comes from Cornelius Street; however, it does not have the capacity to supply sufficient water to service a fire sprinkler system. He explained that he is requesting that the council consider allowing him to go ahead and proceed with construction of the building expansion but defer the fire sprinkler system requirement for a period of time. He suggested that his company could enter into a legal contract with the city that would postpone putting the fire system in until such time as the city extends water to his business. He explained that he is willing to include with the building expansion/construction the fire suppression lines needed to activate the system once city water lines have been extended to his property. After brief discussion, Councilmember Pruitt made a motion for the City to enter into a contract with Dewayne Cain on behalf of Rest Haven Funeral Home to delay installation of the fire sprinkler system until which time as the city extends the water line to his business so he may tie into it and activate the sprinkler system at that future date. Councilmember Townsend seconded the motion. The motion passed by a vote of 5 ayes with 2 absent (Daniels and Lewis).

Staff indicated that a contract will be drawn up and brought back to the City Council for review and final approval at a future date.

5. Appointment with Mark Spencer to discuss and consider the master plan for the Park at Stone Creek, and take any action necessary.

Assistant City Manager Brad Griggs provided brief introductory comments related to this agenda item, indicating that the city authorized submission of a grant application to the Texas Department of Parks and Wildlife to assist with development of this park. The Park Board voted unanimously on August 5 to approve the master plan for the Park at Stone Creek.

Mr. Spencer with MHS Planning and Design then came forth to address council. He indicated that this park is located on the northwest corner of Featherstone and John King Boulevard next to a middle school. He indicated that a portion of a flood plain is included in this tract, and some sort of a water works play area may be incorporated there. The master plan for this park includes a playground area, a 1/3 mile trail loop, a 9-hole executive disc golf area, a basketball court, plaza with covered pavilion, open lawn area, 1 acre pond, fishing pier, nature area with native grasses and trees and a bike rest stop along the trail along John King. Two parking lots are included for this particular park. About 3.5 acres will be irrigated (out of about 16-17 total acres). He indicated that the play area in this particular park will have about twice as much funding devoted to the playground area than that which has been devoted in other neighborhood parks in Rockwall because a lot of young families live in this particular area.

Mr. Griggs indicated that this park land came about through the city's mandatory park land dedication policy which calls for a developer to either dedicate open space land for parks or pay cash in lieu of land. In this case, the developer dedicated actual land to the city (11.88 acres) for future development of a park. In addition, the developer pays pro rata equipment fees, and those have been collected in the first five phases of the developer's development. Those funds will be utilized as the "matching funds" if the city is awarded the grant for which it has applied. If the grant does not come to fruition, the city will plan to utilize those funds to develop the park more slowly over time in phases and will reapply for a grant again later on.

Mr. Spencer indicated that resident feedback at the Park Board meeting was very positive, especially related to the emphasis that will be placed on developing the playground area.

Mayor Pro Tem Pruitt asked about what sort of barrier will be in place between the park and the nearby middle school. Mr. Spencer indicated that there is currently a chain link fence there, but staff is still working to determine what sort of access might be put in place. Mr. Griggs indicated that staff has spoken to a science teacher at the middle school to glean feedback as to what sort of vegetation could be placed at the park that would be of benefit to his students regarding nature studies, and that feedback will be incorporated into the selection and planting of that vegetation.

Mayor Sweet made a motion to approve the Master Plan at Stone Creek. Councilmember White seconded the motion. Councilmember White asked if the school will partner with the city on development and maintenance of the native grasslands/plant/tree area. Mr. Griggs indicated that it is not anticipated that there will be large, ongoing expense associated with the grasslands area, so a financial partnership with the school should not be necessary. After brief comments, the motion passed by a vote of 5 ayes with 2 absent (Daniels and Lewis).

Mayor Sweet then called for a brief, ten minute break (at 7:16 p.m.).

At 7:27 p.m., Mayor Sweet called the public meeting back to order.

6. Appointment with Kim Lovett with Eventive Marketing Solutions, representing UCR Asset Services, to request permission to hold two special events (Harbor HOWL-O-Ween on 10/25/14 and Harbor Holiday on 11/15/14) on the Harbor property, and take any action necessary.

Sylvana Garcia Senior Property Manager with USR / representing The Harbor (TF Harbor) and Kim Lovett with Eventive Marketing Solutions came forth and briefly explained the events that they would like to host at The Harbor. They briefly explained that each one will benefit certain local non-profit organizations. Mrs. Lovett indicated that last year they donated a couple hundred dollars to the Rockwall Paws organization, and that money was generated from the "per pet entry fee" charged for the Halloween doggy costume contest. Mayor Sweet mentioned that the city will be hosting a public event at The Harbor that same day, and he asked staff to extend an invitation to Rockwall PAWS to participate in some way.

Mayor Pro Tem Pruitt pointed out that a legal counsel representative associated with Mrs. Garcia and Mrs. Lovett (TF Harbor) is present in the audience this evening. He invited the gentleman to come forth and introduce himself. Mr. Curt M. Covington then came forth and provided his business card to the City Secretary. He introduced himself, explaining that he is not a lawyer, but he is here on behalf of the legal firm to observe the city council's discussions and actions this evening. Mr. Covington's business card information is as follows:

Curt M. Covington
Munsch, Hardt, Kopf and Harr, PC
3800 Lincoln Plaza
500 N. Akard Street
Dallas, TX 75201-6659.

Mayor Pro Tem Pruitt made a motion to deny the permit request for the Howl-o-Ween event at The Harbor. Councilmember Milder seconded the motion. The motion passed unanimously of council (5 ayes with 2 absent (Daniels and Lewis)).

Councilmember Townsend made a motion to approve the Harbor Holiday and tree lighting event and the associated city special event permit. Councilmember White seconded the

motion, which passed by a vote of 3 ayes with 2 against (Pruitt, Sweet) and 2 absent (Daniels and Lewis).

PUBLIC HEARING ITEMS

1. **MIS2013-006** – Hold a public hearing to discuss and consider approval of an ordinance for a City initiated amendment to Sections 38-360 through 38-368 of Chapter 38, Subdivisions, of the Municipal Code of Ordinances of the City of Rockwall, Texas, concerning updated impact fees for water and wastewater facilities based on recently approved and updated land use assumptions and utility capital improvement plans for such facilities. **(1st Reading)**

City Engineer Tim Tumulty provided brief introductory comments associated with this agenda item, indicating that the city hired a consultant to do an in depth fee study associated with the city's water and wastewater impact fees. He then called for the consultant to come forth and speak.

Mr. Matt Hickey, P.E.
11910 Greenville Avenue, Suite 600
Dallas, TX 75243

Mr. Hickey came forth and briefed the council on the results of a water / wastewater impact fee study. He indicated that water/wastewater impact fees are charged to developers of new development in the city in order to fund water/wastewater related capital improvements. He explained that ten year growth projections for residential and commercial are taken into account as a part of the process associated with establishing appropriate fees.

After Mr. Hickey's presentation, Mayor Sweet then opened the Public Hearing and asked if anyone would like to come forth and speak. There being no one indicating a desire to do so, Mayor Sweet then closed the public hearing.

Mayor Pro Tem Pruitt made a motion to approve the ordinance as presented. Councilmember White seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, AMENDING SECTIONS 38-360 THROUGH 38-368 OF CHAPTER 38, *SUBDIVISIONS*, OF THE MUNICIPAL CODE OF ORDINANCES OF THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, CONCERNING UPDATED IMPACT FEES FOR WATER AND WASTEWATER FACILITIES BY UPDATING THE LAND USE ASSUMPTIONS, CAPITAL IMPROVEMENTS PLANS, EQUIVALENCY TABLES, AND IMPACT FEE ASSESSMENT AND COLLECTION RATES FOR SUCH FACILITIES; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR PENALTIES; AND PROVIDING AN EFFECTIVE DATE.

The motion passed unanimously of council present (5 ayes with 2 absent (Daniels and Lewis)).

XII. ACTION ITEMS

1. **SP2014-018** - Discuss and consider a request by Scott Lay on behalf of Lay Construction, LLC for the approval of variances to the SH-205 Overlay (SH-205 OV) District requirements in association with a site plan for a Dairy Queen restaurant on a 2.0638-acre tract of land identified as Tract 36 of the B. J. T. Lewis Survey, Abstract No. 255, City of Rockwall, Rockwall County, Texas,

zoned Commercial (C) District, situated within the SH-205 Overlay (SH-205 OV) District, located on the east side of SH-205 [S. Goliad Street] north of the intersection of SH-205 and Yellow Jacket Lane, and take any action necessary.

Planning Director Robert LaCroix provided background information related to this agenda item. He indicated that the Planning & Zoning Commission did recommend approval of this request; however, they recommended not approving the allowance for parking spaces within the twenty foot landscape buffer, which will subsequently result in about sixteen less parking spaces than what the applicant is requesting. This landscape buffer is located between the parking spaces in front and the building itself. It was explained that this is required as part of it being located in an Overlay District.

Scott Lay
Lay Design / Build
P.O. Box 5300
Tyler, TX 75712

Mayor Pro Tem Pruitt made a motion to approve SP2014-018 along with recommendations made by the Planning and Zoning Commission. Councilmember Townsend seconded the motion.

Mr. Lay generally explained that he had requested the ability to make parking spaces within the city's required landscape buffer (a variance to make the required 20' landscape buffer smaller). Lengthy discussion ensued related to parking and the desire for the city council to ensure that ample parking spaces are included as part of this proposed Dairy Queen. Discussion focused, in part, on the twenty-foot landscape buffer that is required.

The motion to approve, including recommendations of the Planning and Zoning Commission (not allowing parking within the 20' landscape buffer) passed by a vote of 4 in favor, 1 against (Sweet) and 2 absent (Daniels and Lewis). Mayor Sweet explained that he voted against the motion because he is in favor of more parking.

2. **MIS2014-013** - Discuss and consider a request by Darryl LaCaze for the approval of a special request for the purpose of permitting an accessory structure that exceeds the maximum permissible size stipulated by Section 2.1.2 of Article IV, Permissible Uses, of the Unified Development Code and does not meet the exterior material requirements as stipulated in Ordinance No. 09-37 for a 33.05-acre property identified as Lots 1340 & 1341 of Rockwall Lake Estates #2 Addition, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 75 (PD-75) [Ordinance No. 09-37], addressed as 503 Nicole Drive, and take any action necessary.

Mr. LaCroix explained that the applicant is asking to build a 288 square foot accessory building; however, the city only allows a 250 square foot building in this particular Planned Development District. Also, the applicant is requesting a variance related to the city's masonry requirement on the hardy plank building. Mr. LaCroix explained that the Planning & Zoning Commission did recommend approval of these variance requests.

Darryl LaCaze, applicant, came forth to address the council. Mr. LaCaze clarified that the actual building that will be constructed will have a metal roof, rather than a composition roof like that shown in the photograph.

Councilmember Milder made a motion to approve MIS2014-013. Councilmember White seconded the motion, which passed by a vote of 5 ayes with 2 absent (Daniels and Lewis).

3. **MIS2014-014** - Discuss and consider a miscellaneous request by Tim Spiars of Spiars Engineering on behalf of Master Developers SNB LLC for the approval of a variance to the alley requirements stipulated by Planned Development District 41 (PD-41) [Ordinance No. 01-27] and Section 2.11 of the Standards of Design Manual, for a 12.45-acre subdivision of land identified as the North Shore Addition, being a portion of the Preserve preliminary plat, zoned Planned Development District 41 (PD- 41) for single family residential land uses, generally located on the south side of East Fork Drive, and take any action necessary.

Planning Director Robert LaCroix provided background information related to this agenda item. Mr. Spiars of Spiars Engineering then came forth and briefly addressed the city council. Councilmember White made a motion to approve MIS2014-014. Councilmember Milder seconded the motion, which passed by a vote of 5 ayes with 2 absent (Daniels and Lewis).

4. **Z2014-022** – Discuss and consider approval of an **ordinance** for a City initiated zoning request for the approval of a text amendment to Article V, District Development Standards, of the Unified Development Code [Ordinance No. 04-38] for the purpose of creating and implementing an Airport Overlay (AP OV) District, which will be applicable for the Ralph M. Hall/Rockwall Municipal Airport property, and for all properties located within 500-feet of the airport property and/or located within the Airport's Runway Protection Zones as defined by AC150/5300-13A, Airport Design, of the FAA standards, and take any action necessary. **(1st Reading)**

Planning Director Robert LaCroix provided brief background information related to this item, indicating that a public hearing on this issue was held at the last, regular city council meeting. Mayor Sweet indicated that Mayor Pro Tem Pruitt, Councilmember White and Councilmember Townsend are the council members that currently sit on the council's Airport Subcommittee, and, following discussions had at the last council meeting, they were asked to further evaluate this matter. Mayor Pro Tem Pruitt indicated that, after further discussions with the Airport Subcommittee, they are comfortable with recommending that the council leave the zoning 'as is' at this time. Therefore, no action will be taken by the city council to make any modifications to the zoning at this time.

JoAnn Athey
124 Main Street
P.O. Box 219
Lavon, TX 75166

Mrs. Athey came forth and asked if hangars can be built on the land surrounding the airport. Staff clarified that the FAA is the authority that approves or disapproves these sorts of requests; however, "thru the fence" agreements are not allowed at the Rockwall Municipal Airport.

5. Discuss and consider approval of a resolution establishing an intent to apply for Preserve America Community Designation, supporting heritage tourism and historic preservation, and take any action necessary.

Planning Director Robert LaCroix provided background information related to this agenda item, explaining this program and its potential benefits to the City of Rockwall. He indicated that both the Main Street Advisory Board and the city's Historic Preservation Advisory Board have recommended the city become part of this program. He explained that if the city

becomes part of this program, the opportunity for federal matching grants for projects related to heritage tourism and historic preservation would become available to the city.

Councilmember Milder made a motion to approve the resolution. Councilmember White seconded the motion, which passed by a vote of 5 ayes with 2 absent (Daniels and Lewis).

6. Discuss and consider approval of a resolution establishing a Charter Review Commission, and take any action necessary.

It was indicated that the action taken out of pre-meeting Executive Session took care of this agenda item.

XIII. CITY MANAGER'S REPORT TO DISCUSS CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports
Building Inspections Monthly Report - August 2014
Fire Department Monthly Reports - August 2014
Harbor PD Monthly Report - August 2014
Internal Operations Department Monthly Report - August 2014
Police Department Monthly Report - August 2014
Recreation Monthly Report - August 2014
Rockwall Animal Adoption Center Monthly Report - August 2014

2. City Manager's Report

Councilmember Milder offered compliments regarding the Fire Department's recent Open House. Mayor Sweet also complemented the Main Street Manager, staff and those involved in downtown activities for a job well done this past weekend at the annual Rib Rub event.

The Council took no action related to city manager / department reports, and they did not reconvene in Executive Session following the end of the public meeting agenda.

XIV. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding appointment of Mayor Pro-Tem pursuant to Section 551.074 (Personnel Matters)

2. Discussion regarding appointment to fill city council member vacancy in accordance with City Charter provisions pursuant to Section 551.074 (Personnel Matters)

3. Discussion regarding appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Board of Adjustments, Planning & Zoning Commission, Rockwall Economic Development Corporation, and Charter Review Commission pursuant to Section 551.074 (Personnel Matters)

4. Discussion regarding City Manager performance evaluation pursuant to Section 551.074 (Personnel Matters).

XV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

The Council did not reconvene into Executive Session following the close of the public meeting agenda. See start of 6:00 p.m. public meeting above for action taken at that time.

XVI. ADJOURNMENT

Mayor Sweet adjourned the public meeting at 8:27 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 20th day of October, 2014.

CITY OF ROCKWALL, TEXAS

ORDINANCE NO. 14-45

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS ALTERING THE PRIMA FACIE SPEED LIMITS ESTABLISHED FOR VEHICLES UNDER THE PROVISIONS OF TRANSPORTATION CODE, SECTION 545.356 UPON STATE HIGHWAY NO. 205 GENERALLY FROM E. INTERURBAN STREET TO SOUTH OF S. HEATH STREET OR PARTS THEREOF, WITHIN THE CORPORATE LIMITS OF THE CITY OF ROCKWALL, TEXAS, AS SET OUT IN THIS ORDINANCE; AND PROVIDING A PENALTY OF A FINE NOT TO EXCEED THE SUM OF $200.00 FOR EACH OFFENSE; PROVIDING AN EFFECTIVE DATE.

WHEREAS, Section 545.356 of the Texas Transportation Code, provides that whenever the governing body of the City shall determine upon the basis of an engineering and traffic investigation that any prima facie speed therein set forth is greater or less than is reasonable or safe under the conditions found to exist at any intersection or other place or upon any part of a street or highway within the City, taking into consideration that width and condition of the pavement and other circumstances such portion of said street or highway, as well as the traffic thereon, said governing body may determine and declare a reasonable and safe prima facie speed limit thereat or thereon by the passage of an ordinance, which shall be effective when appropriate signs giving notice thereof are erected at such intersection or other place or part of the street or highway;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THAT:

SECTION 1. Upon the basis of an engineering and traffic investigation heretofore made as a authorized by the provisions of Transportation Code, Section 545.356, the following prima facie speed limits hereafter indicated for vehicles on the attached Exhibit “A” (strip map) are herby determined and declared to be reasonable and safe; and such speed limits are hereby fixed at the rate of speed indicated for vehicles traveling upon the named streets and highways, or parts thereof, described as follows:

SECTION 2. From and after the date of the passage of this speed zone ordinance, no motor vehicle shall be operated along and upon State Highway No. 205 from E. Interurban Street to south of S. Heath Street within the corporate limits of the City of Rockwall in excess of speeds of 35 miles per hour as set forth in Exhibit “A”.

SECTION 3. The City Manager of Rockwall, or his designee, is hereby authorized to request from the Texas Department of Transportation (TXDOT) that appropriate signs indicating such speed zones be promptly erected.

SECTION 4. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in a sum not to exceed Two Hundred Dollars ($200.00) for each offense.

SECTION 5. That this Ordinance shall become effective immediately upon passage and approval and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS ON THIS THE 20th DAY OF OCTOBER, 2014.

CITY OF ROCKWALL, TEXAS
ORDINANCE NO. 14-46

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING CHAPTER 38. SUBDIVISIONS; ARTICLE I. IN GENERAL; SECTION 38-15. MISCELLANEOUS REQUIRMENTS BY AMENDING SUBSECTION (m) TO REVISE THE ENGINEERING INSPECTION FEE TO RAISE IT FROM TWO PERCENT TO FOUR PERCENT; REPEALING ALL ORDINANCES IN CONFLICT WITH THE PROVISIONS OF THIS ORDINANCE; PROVIDING A SEVERABILITY CLAUSE; PROVIDING AN EFFECTIVE DATE.

WHEREAS the City Council has directed the City Manager and staff to conduct cost studies and reviews, from time to time, of various fees and charges of the City of Rockwall, Texas, and submit recommendations to the City Council for review and creation of said fees and charges, as needed; and

WHEREAS, the City Council of the City of Rockwall, Texas, has reviewed the recommendations and has determined that certain fees need to be raised in order to adequately reimburse the City for its costs of administration.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That subsection (m) of Chapter 38. Subdivisions; Article I. In General; Section 38-15. Miscellaneous Requirements is here by repealed in its entirety and is replaced by a new subsection (m) which shall henceforth read as follows:

(m) *Engineering Inspection Fee*. Any person desiring to submit for approval construction plans shall, at the time of said plan being filed with the engineering department or at the time deemed appropriate by said department, pay to the city a fee in accordance with the following fee schedule:

An engineering fee of four percent of the actual contract costs of city-maintained improvements shall be established. The fee shall be based on a percentage of the estimated cost of public improvements including, but not limited to water, sanitary sewer, lift stations, storm sewer, drainage structures, bridges, culverts, paving, screening walls, etc. If actual contract costs are not available at the time of plan approval, the city will be furnished estimated quantities and costs sealed and signed by a professional engineer. Prior to final acceptance by the city, the actual quantity and costs will be furnished to the city and the fee will be adjusted accordingly. The fee shall be due and payable prior to engineering plan approval and start of construction.

Section 2. That all ordinances or portions thereof in conflict with the provisions of this ordinance, to the extent of such conflict, are hereby repealed. To the extent that such ordinances or portions thereof are not in conflict herewith, the same shall remain in full force and effect.

Section 3. That should any word, sentence, clause, paragraph or provision of this ordinance be held to be unconstitutional, the remaining provisions of this ordinance shall remain in full force and effect.

Section 4. That this ordinance shall be effective on and after November 1, 2014 with an exception for any and all plans submitted before this date.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS THIS THE 20th DAY OF OCTOBER, 2014.

CITY OF ROCKWALL

ORDINANCE NO. 14-47

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, AMENDING SECTIONS 38-360 THROUGH 38-368 OF CHAPTER 38, *SUBDIVISIONS*, OF THE MUNICIPAL CODE OF ORDINANCES OF THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, CONCERNING UPDATED IMPACT FEES FOR WATER AND WASTEWATER FACILITIES BY UPDATING THE LAND USE ASSUMPTIONS, CAPITAL IMPROVEMENTS PLANS, EQUIVALENCY TABLES, AND IMPACT FEE ASSESSMENT AND COLLECTION RATES FOR SUCH FACILITIES; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR PENALTIES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Rockwall adopted its impact fee program for water and wastewater impact fees by *Ordinance No. 90-22*, and has subsequently updated its capital improvements plans and impact fees; and

WHEREAS, the City of Rockwall has prepared studies updating its land use assumptions, capital improvement plans and impact fees for water and wastewater facilities and associated service areas and equivalency tables; and

WHEREAS, the City of Rockwall has recalculated the maximum impact fee for water and wastewater facilities that may be assessed against new development (*see Schedule '1'*) based on such land use assumptions and capital improvements plans; and

WHEREAS, a public hearing, following written endorsement of the impact fee update study by the Capital Improvements Advisory Committee (CIAC) [*Planning & Zoning Commission*], was held before the City Council and testimony was taken on *July 7, 2014*, to consider proposed amendments to land use assumptions, capital improvements plans and impact fees for water and wastewater facilities and associated service areas and equivalency tables, and corresponding changes to rates of assessment and collection for impact fees; and

WHEREAS, the City published notice of such public hearing in a newspaper of general circulation within the City in accordance with the requirements of Chapter 395 of the Texas Local Government Code; and

WHEREAS, the City Council finds that the collection of impact fees for new developments at revised rates in order to fund water and wastewater improvements to serve such developments substantially furthers the public health, safety and general welfare; and

WHEREAS, the City Council finds that changes to the land use assumptions, capital improvements plans and impact fee assessment and collection rates are fully warranted, as presented in the impact fee update studies prepared by the City's engineering consultants; and

WHEREAS, the City Council further finds that the collection rates for water and wastewater impact fees reasonable further the public health, safety and general welfare;

WHEREAS, the City Council further finds that the collection rates for water and wastewater facilities is substantially less than the City's actually costs of mitigating the impacts from new development on the City's water and wastewater systems;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. ***Land Use Assumptions.*** The land use assumptions for water and wastewater impact fees, hereby are updated and amended, as set forth in *Exhibit 'A'* of this ordinance, which shall be incorporated herein by reference, and as set forth in *Exhibit 'B': Land Use Assumptions for Impact Fees* of this ordinance, which herein after shall be referred to as *Exhibit 'B'*, and incorporated herein by reference; and

Section 2. ***Service Areas.*** The service areas for water and wastewater impact fees hereby are updated and amended, as depicted in *Figure 4: Water/Wastewater Service Area* of *Exhibit 'A'* of this ordinance.

Section 3. ***Capital Improvements Plans.*** The service areas for water and wastewater impact fees hereby are updated and amended, as set forth in *Exhibit 'C': 2013 – 2023 Water & Wastewater Impact Fee* of this ordinance, which herein after shall be referred to as *Exhibit 'C'*, and incorporated herein by reference; and

Section 4. ***Land Use Equivalency Tables.*** The land use equivalency table that coverts land uses into numbers of living units equivalents (service units) for water and wastewater impact fees, hereby is updated and amended, as set forth in *Table No. 20: Maximum Assessable Water & Wastewater Impact Fee* of *Exhibit 'C'* of this ordinance.

Section 5. ***Impact Fee Assessment.*** The amount of the water and wastewater impact fees to be assessed per living unit equivalent hereby is established as set forth in *Schedule 1* of *Section 362.(b).(1)* of *Exhibit 'A'*.

Section 6. ***Impact Fee Collection.*** The amount of the water and wastewater impact fees to be collected per living unit equivalent hereby is established as set forth in *Schedule 2* of *Section 362.(b).(2)* of *Exhibit 'A'*.

Section 7. ***Administrative Provisions.*** *Sections 38-360* through *38-368* of Chapter 38, *Subdivisions*, of the City of Rockwall's Municipal Code of Ordinances is hereby superseded by the provisions contained herein.

Section 8. ***Ordinances Cumulative.*** All ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby superseded to the extent of that conflict.

Section 9. ***Severability.*** If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Subdivision Regulations of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and

applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 10. ***Effective Date.*** This ordinance shall take effect immediately.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 20TH DAY OF OCTOBER, 2014.

Language to be Removed = ~~Highlighted/Strikeout~~

~~*Sec. 38-360. Purpose.*~~

~~(a) V.T.C.A., Local Government Code Ch. 395 prescribes the process by which cities in the state must formulate development impact fees. The initial process is the establishment of land use assumptions. These land use assumptions, which include population and employment projections, will become the basis for the preparation of impact fee capital improvement plans for water, wastewater, and roadway facilities.~~

~~(b) To assist the city in determining the need and timing of capital improvements to serve future development, a reasonable estimation of future growth is required. The purpose of this report is to formulate growth and development projections based upon assumptions pertaining to the type, location, quantity and timing of various future land uses within the community, and to establish and document the methodology used for preparing the growth and land use assumptions.~~

~~*(Ord. No. 08-21, exh. 1, 4-21-2008; Ord. No. 08-26, § 1(exh. 1), 6-2-2008)*~~

~~*Sec. 38-361. Elements of land use assumptions report.*~~

~~This report contains the following components:~~

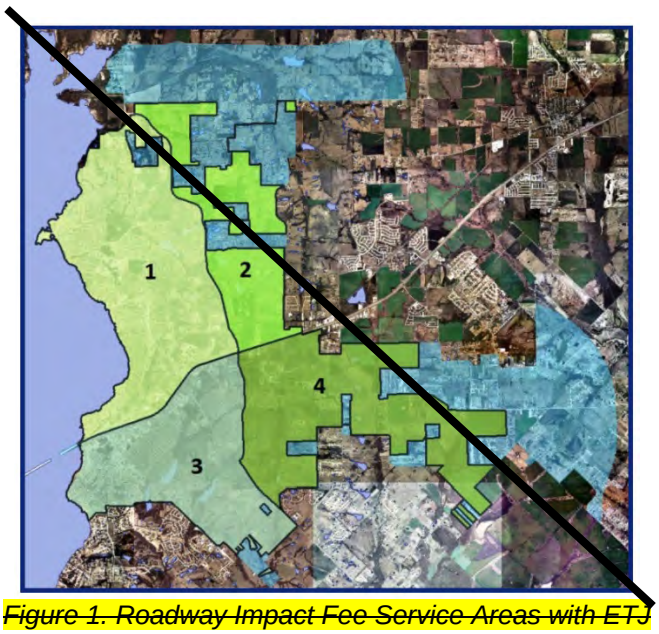
~~(1) *Methodology.* The methodology is an explanation of the general methodology used to prepare the land use assumptions.~~
~~(2) *Data collection zones and service area maps (plates 1, 2 and 3).* This is an explanation of data collection zones (traffic survey zones), and division of the city into four impact fee service areas for water facilities, wastewater facilities, and roadways facilities.~~
~~(3) Historical Data and Perspective. Information regarding Rockwall's settlement history and the population growth associated with the construction of Lake Ray Hubbard.~~
~~(4) *Base year data.* This information on population and employment for the city as of 2013 for each capital facility service area.~~
~~(5) *Ten-year growth assumptions.* Population and employment growth assumptions for ten years by impact fee service areas.~~
~~(6) *Summary.* The summary is a brief synopsis of the land use assumptions report.~~

~~*(Ord. No. 08-21, exh. 1, 4-21-2008; Ord. No. 08-26, § 1(exh. 1), 6-2-2008; Ord. No. 13-42, § 1, 11-4-2013)*~~

~~*Sec. 38-362. Methodology.*~~

~~(a) Based upon the growth assumptions and the capital improvements needed to support growth, it is possible to develop an impact fee structure which fairly allocates improvement costs to growth areas in relationship to their impact upon the entire infrastructure system. The data in this report has been formulated using reasonable and generally accepted planning principles for the preparation of impact fee systems in Texas.~~

~~(b) These land use assumptions and future growth projections take into consideration several factors influencing development patterns, including the following:~~



~~(1) The character, type, density, and quantity of existing development.~~
~~(2) Existing zoning patterns and anticipated future land use (city's future land use plan map).~~
~~(3) Availability of land for future expansion.~~
~~(4) Current and historical growth trends of population and employment within the city.~~
~~(5) Location and configuration of vacant land.~~
~~(6) Growth of employment [per the North Central Texas Council of Governments (NCTOG)].~~
~~(7) Known or anticipated development projects as defined by city staff.~~

~~(c) Following is the general methodology used for the preparation of this report:~~

~~*(Ord. No. 08-21, exh. 1, 4-21-2008; Ord. No. 08-26, § 1(exh. 1), 6-2-2008; Ord. No. 13-42, § 1, 11-4-2013)*~~

~~*Sec. 38-363. Data collection zones and service area maps.*~~

~~Service areas are required by State Law to define the area served by the Roadway Capital Improvements. Chapter 395 of the Texas Local Government Code (TLGC) requires that service areas be defined for impact fees to ensure that facility improvements are located in proximity to the area that is generating needs. Roadway service areas are different from water/wastewater impact fee service areas, which can include the city limits and Extra-Territorial Jurisdiction (ETJ). This is primarily because roadway systems are "open" to both local and regional use as opposed to a defined limit of service that is provided with water and wastewater systems. The result is that new development can only be assessed an impact fee based on the cost of necessary capital improvements within that service area.~~

~~*Figure 1. Roadway Impact Fee Service Areas with ETJ*~~

~~Current legislation allows for roadway service areas to be limited to a six-mile maximum, but must be located within the current city limits. Although the roadway service areas only recognize current municipal limits, an analysis including the ETJ was conducted in order to consider long-term coverage of the ultimate corporate boundaries. Another consideration in the development of the service area structure was the city's thoroughfare plan, a portion of which will ultimately serve as the service area geographic boundaries for the impact fee program.~~

~~(a) Data collection zones. The data collection zones used for the land use assumptions also considered the North Central Texas Council of Government's (NCTCOG's) traffic survey zones (TSZs) for purposes of facilitating system updates. TSZs within Rockwall vary in size and serve as the basis for the regional TransCAD system updates. TSZs were originally formulated on the basis of homogeneity and traffic generation potential using major arterials, creeks, railroad lines and other physical boundaries for delineation. It should be noted that several TSZs were adjusted in the calculations because portions include areas outside of the city limits.~~

~~(b) Service area maps. Plates 1, 2 and 3 show the proposed service zones for water, wastewater and roadway facilities. Plates 1 and 2 show the proposed service areas for water and wastewater facilities. The boundary for these facilities is the existing city limits and the city's CCN-approved area (that is, the area certified by the Texas Commission on Environmental Quality (TCEQ), to which the city can provide water and wastewater service). Plate 3, entitled "Service Areas for Roadway Impact Fees," show the four service areas for roadway facilities. All of the roadway service area boundaries encompass several traffic survey zones. The capital improvement plans and impact fees will be prepared as separate documents for water, wastewater, and roadway facilities.~~

~~(c) Historical data and perspective. Rockwall traces its history as a community to the construction of the National Road of the Republic of Texas in the mid-1840s, which was a major route for settlers traveling westward to Peter's Colony near present-day Dallas. Occasionally, high water on the East Fork of the Trinity River prevented crossing to the west, and pioneers chose to settle near the highway on the east side of the river. In 1854, Elijah Elgin donated 40 acres on a hill east of the river overlooking the valley to establish a town. The community was named Rockwall after a curious rock formation resembling a "rock wall" discovered by farmers digging a well, and variously attributed to a lost prehistoric tribe or natural geologic phenomena. In 1873, Rockwall County was formed from the panhandle of Kaufman County, and Rockwall became the county seat.~~

~~The construction of Lake Ray Hubbard in 1969 and 1970 accelerated growth in Rockwall dramatically. The county's employment tripled from the lake's completion in 1970 to 1980, and the city's population almost doubled in the same time frame. *See Figure 2 below*.~~

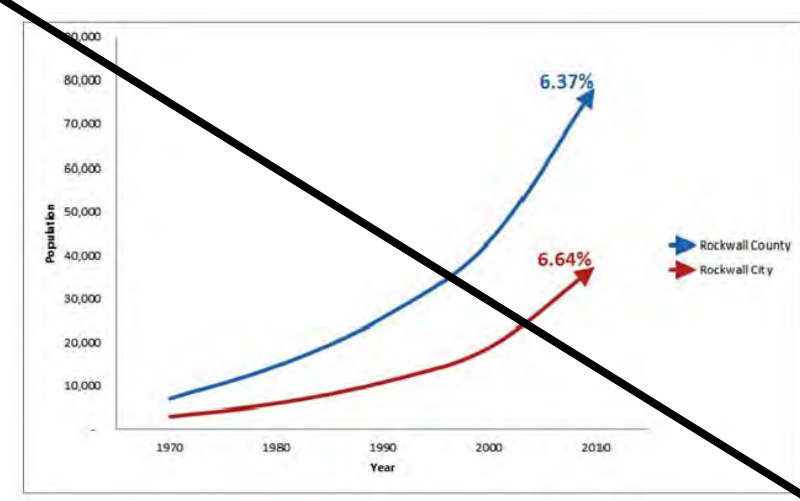


Figure 2. Rockwall City and County Population Growth (1970-2010)

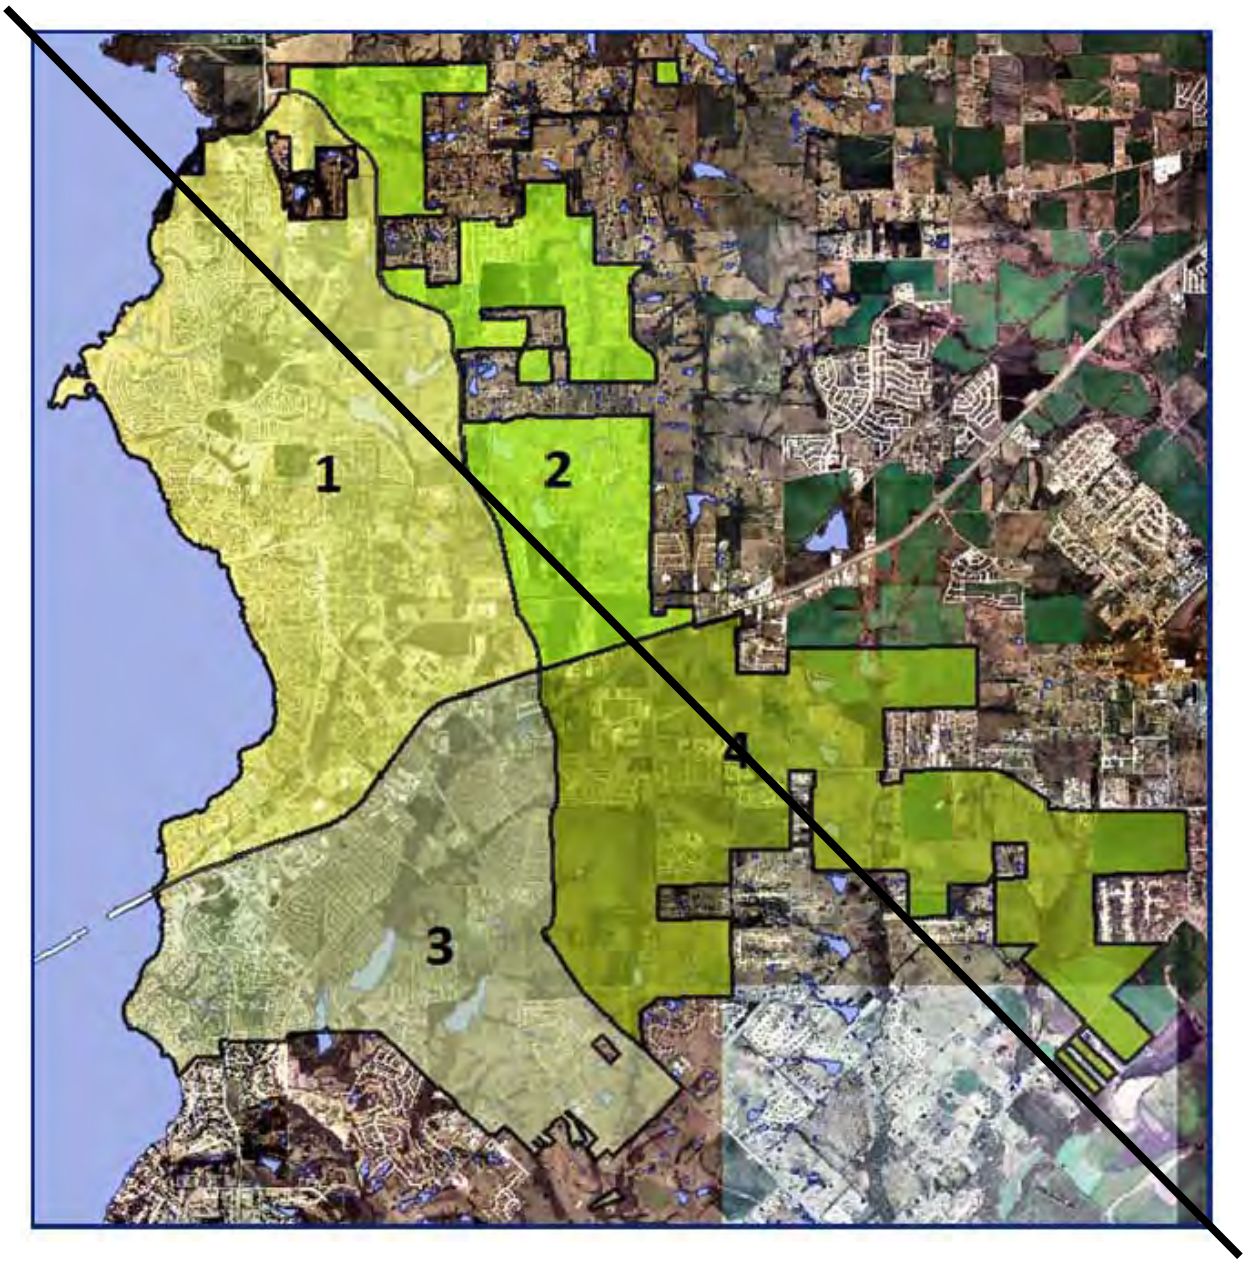
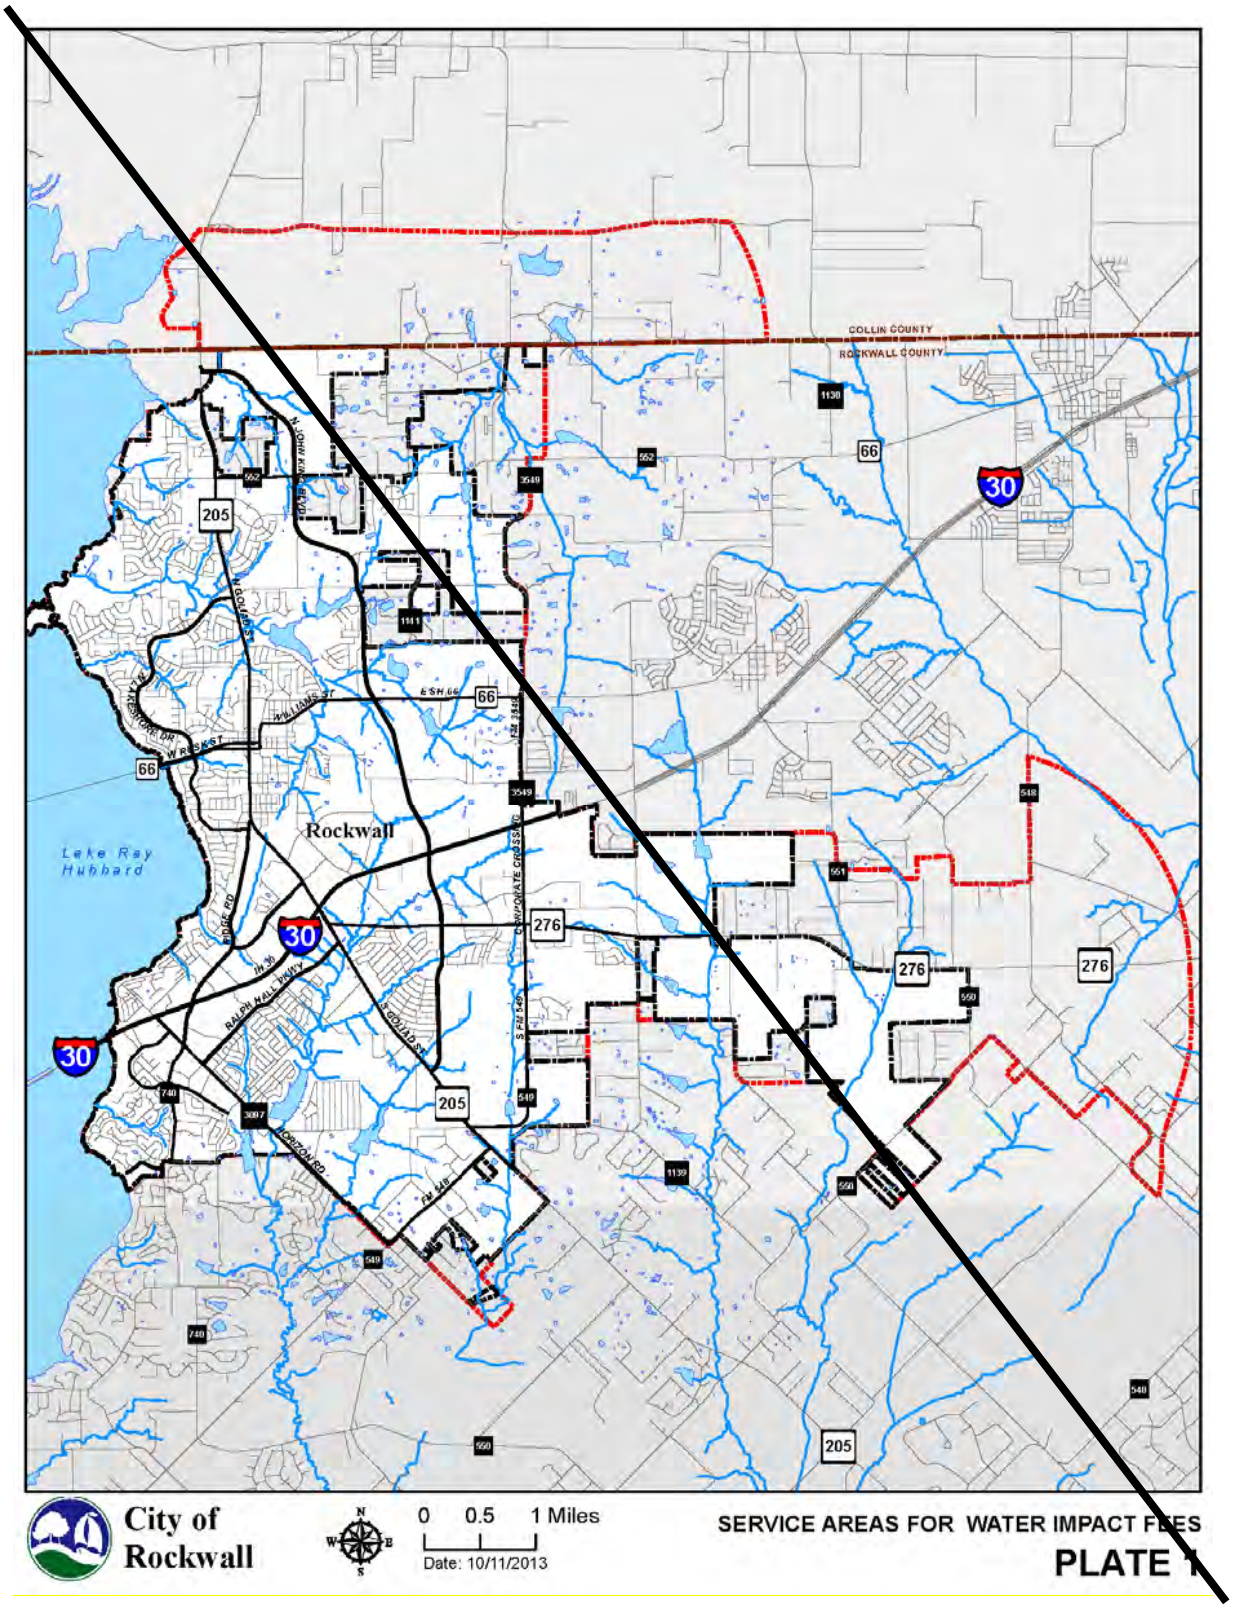


In the new millennium, dramatic growth continues. Population as of the 2000 census was 17,976, a 300% increase from 1980. The population in the 2010 U.S. Census was over 37,000 residents. As land near the lake has been built out, the city has continued to grow into the rolling uplands to the north, east and south. In 2006, Rockwall County was the fastest growing county in the United States.



The I-30 Corridor continues to be the city's primary commercial center; however, other significant commercial and employment sectors have emerged in the past ten years. These include the Harbor District adjacent to Lake Ray Hubbard, the hospital/medical office district along FM 3097, the Rockwall Technology Park at SH 276 and FM 549, and other developed or planned retail centers along SH 205, SH 66 and other major arterials.

(d) Data format. The existing base data, as well as the future projections, were formulated according to the following format and categories:

(1) *Service area.* Correlates to the proposed roadway, water and wastewater service areas identified on the attached maps. The roadway service areas are identified on the map in Figure 3. The city limits serve as the roadway service area boundary.

(2) *Traffic survey zone/TSZ.* Geographic areas established by the North Central Texas Council of Governments (NCTCOG) which are used for data collection purposes and termed traffic survey zones (TSZs) within this report.

(3) *Housing units (2013).* All living units including single-family, duplex, multifamily and group quarters existing at the end of 2012. The number is based upon 2010 U.S.

(4) *Housing units (2013).* Projected housing units by service zone for the year 2023 (ten-year growth projections).

(5) *Population (2007).* Existing population for the base year (January 2007).

(6) *Population (2017).* Projected population by service zone for the year 2017 (ten-year growth projections).

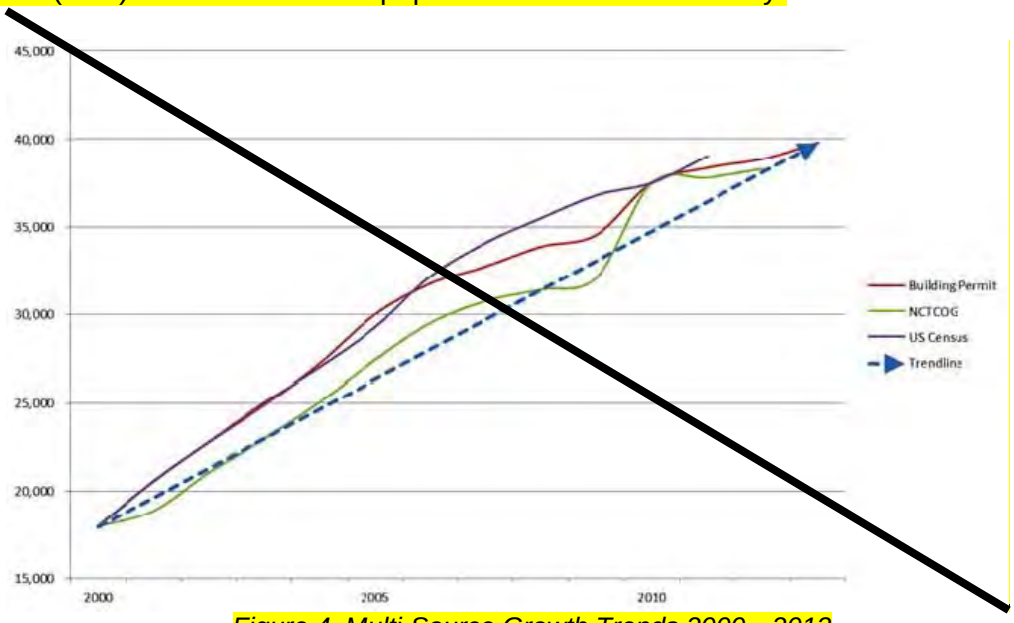
(7) *Employment (2013, 2023).* Employment data is aggregated to three employment sectors and include basic, retail, and service, as provided by the NCTCOG. These service sectors serve as the basis for non-residential trip generation. The following details which North American Industry Classification System (NAICS) codes fall within each three sectors.

a. *Basic (#210000 to #422999).* Land use activities that produce goods and services such as those that are exported outside the local economy; manufacturing, construction, transportation, wholesale trade, warehousing and other industrial uses.

b. *Service (#520000 to #928199).* Land use activities which provide personal and professional services such as financial, insurance, government, and other professional administrative offices.

c. *Retail (#440000 to #454390).* Land use activities which provide for the retail sale of goods that primarily serve households and whose location choice is oriented toward the household sector such as grocery stores, restaurants, etc.

(Ord. No. 08-21, exh. 1, 4-21-2008; Ord. No. 08-26, § 1(exh. 1), 6-2-2008; Ord. No. 13-42, § 1, 11-4-2013)



Sec. 38-364. Base year data.

This section documents the data used to derive the 2013 base year population estimate for the city.

(1) *Population growth.*

(a) One method of predicting future growth is looking at past growth. Rockwall, and Rockwall County as a whole, has experienced robust growth over the past decade. Past growth trends from the U.S. Census and the North Central Texas Council of Governments (NCTCOG) were examined in conjunction with

~~building permit data from the city (Figure 4). Building permits were multiplied by both the 2010 U.S. Census occupancy rate (94.7%) and average household size (2.81) to derive the 2013 population estimate for the city.~~

~~*Figure 4. Multi-Source Growth Trends 2000 – 2013*~~

~~The City's rapid growth often makes calculating populations estimates difficult. Data from the 2010 U.S. Census indicates that the city's population was 37,490 persons in 2010. Based upon an examination of available data, including 2010 U.S. Census household counts, city staff has derived a January 2013 population estimate of 39,817 residents. This number will serve as the base residential assumption for this report.~~

~~***Table 1. Growth Rates***~~

~~**Based on 2002-2012 Census Data*~~
~~***Information Provided by City of Rockwall*~~
~~****Texas Water Board 2011 Region C Water Plan*~~

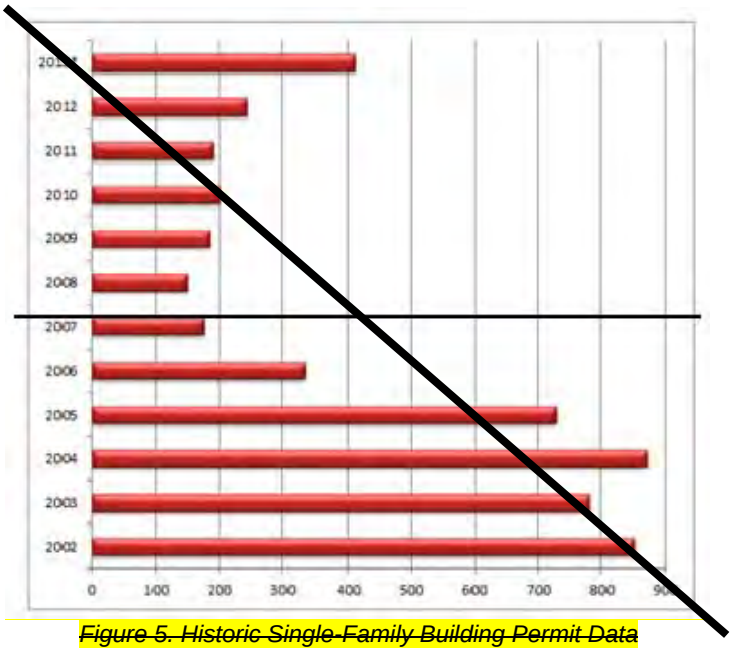

Figure 5. Historic Single-Family Building Permit Data

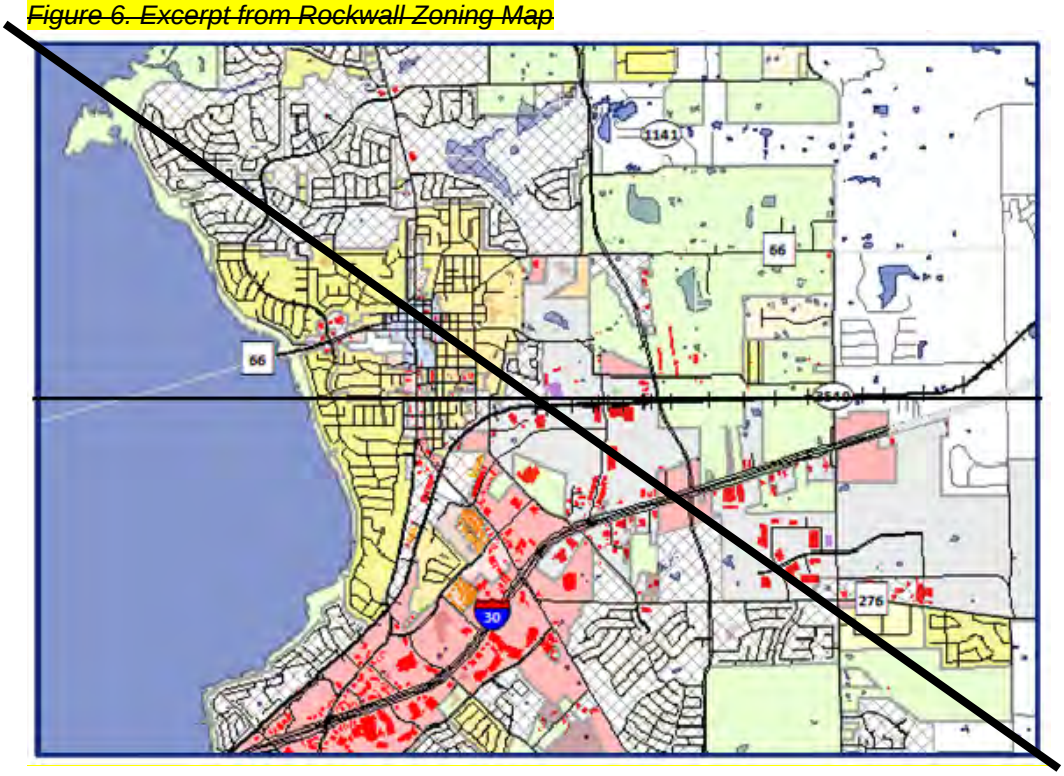
**2013 Data based on 70% assumed growth from 2012 (2013 SF permits up 70% from January 1-February 28 compared to same period in 2012).*

(2) Compound annual growth rate (CAGR) population. A compound annual growth rate (CAGR) allows for a general assessment of growth, considering periodic increases and decreases in residential population growth coinciding with changing economic conditions. Various sources were used to derive past growth rates. These sources indicated rates of growth between 3.25 and 4.75 percent. Based upon this data, analysis of ten-year forecasts, and city staff judgment, a four percent CAGR was determined to be a sound assumption for the ten-year study period.

(3) *Additional growth indicators.* Annual population growth rates have slowed in the city, from 10.8% between 2000—2005 to 4.6 percent between 2005—2010 and finally down to 2.0% between 2010 and current estimates (see table 1). Residential building permits, specifically single-family permits as depicted in Figure 5, coincide with the fluctuations in growth rates. Recent permit data shows an increase in single-family activity. In fact, 2013 single-family permits (issued 1-1-13 to 2-18-13) are up 70 percent from the same period in 2012. This recent increase, combined with Texas Water Board ten-year and 20-year county population projections and an overall sense of a recovering market led city staff to comfortably assume that overall growth over the ten-year period will average four percent. Likely, the annual growth will increase from its current two percent rate gradually to a five percent rate near the end of the forecast period.

(4) *Existing land use.* In any evaluation and projection of future land use patterns, a documentation of existing conditions is essential. Analysis of existing land use patterns was prepared based on a zoning classification inventory of the city. This also serves to document the present physical condition of the city with regard to any infrastructure deficiencies that may exist. The city's comprehensive plan will



~~serve as an additional basis for future growth projections. Nearly 25 percent of the city's land area is devoted to planned development districts, which are difficult to define in terms of land use since most of them are mixed-use in nature. Estimates of land use categories within PDs are included in the land use categories in table 2.~~

~~*Table 2. Existing Land Use Acreage*~~

~~Land Use Category~~	~~Acres~~	~~Percent of Total Land~~	~~Acres per 100 Persons[1]~~
~~Single-family~~	~~6,167~~	~~32.4%~~	~~15.5~~
~~Multi-family~~	~~280~~	~~1.5%~~	~~0.7~~

~~Office/retail~~	~~617~~	~~3.2%~~	~~1.6~~
~~Commercial~~	~~1,852~~	~~9.7%~~	~~4.6~~
~~Industrial~~	~~1,847~~	~~9.7%~~	~~4.6~~
~~Agricultural~~	~~7,117~~	~~37.4%~~	~~17.9~~
~~Total~~	~~19,045~~	~~100%~~	

~~[1] Based on a 2013 estimated population of 39,817~~

~~*Figure 6. Excerpt from Rockwall Zoning Map*~~

~~*(5) Existing employment.* 2013 base employment data was calculated using NCTCOG traffic survey zone (TSZ) data. As the TSZs do not follow city limits, allocations were made based on the locations of existing land uses and the percentage of each TSZ located within city limits.~~

~~Staff reviewed 2010 and 2015 NCTCOG employment estimates at the TSZ level and applied manual adjustments based on knowledge of development currently constructed and the portion of that development that is within the city limits. Once these numbers were tabulated, a CAGR was calculated between the 2010 and 2015 employment numbers. Finally, the CAGR was applied using the linear extrapolation method to the 2010 employment data, resulting in the 2013 employment data shown in Table 3.~~

~~*Table 3. 2013 Employment Data by TSZ and Service Area*~~

Sec. 38-365. Ten-year growth assumptions.

(a) Growth is summarized by population and employment. A series of assumptions were made to arrive at reasonable growth rates for population and employment. The following assumptions have been made as a basis from which ten-year projections could be initiated:

(1) Future land uses will occur based on similar trends of the past and consistent with the future land use plan map;
(2) The city will be able to finance the necessary improvements to accommodate growth;
(3) School facilities will accommodate increases in population; and
(4) Densities will be as projected in the future land use plan map.

(b) The ten-year projections are based upon the growth rate which was discussed earlier and considers past trends of the city. Table 4 details the ten-year population projection.

Table 4. Ten Year Population and Household Projections by Service Area

Service Area	2010 Census		2013 Projection		2023 Projection	
	Households	Population	Households	Population	Households	Population
1	7,148	19,334	7,720	20,697	10,915	29,525

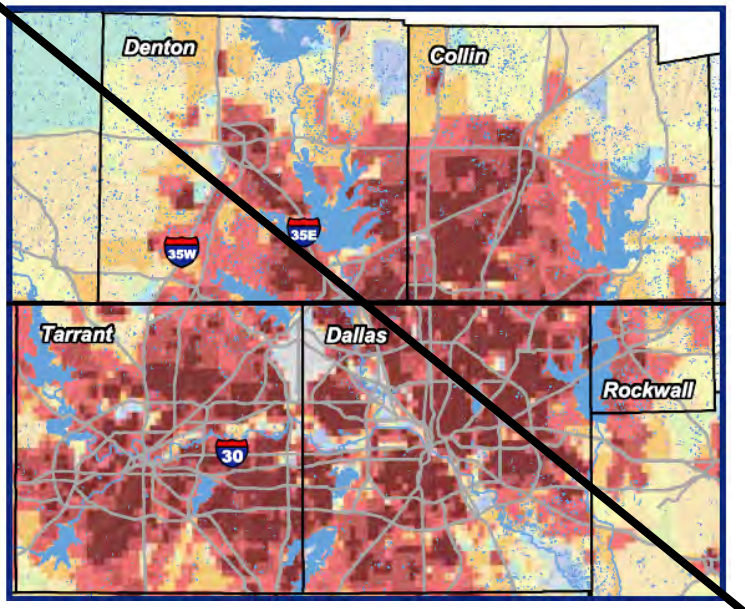
3	4,887	14,589	5,133	15,177	6,409	18,495
4	878	2,687	878	2,687	2,826	8,626
TOTAL	13,212	37,490	14,170	39,817	20,989	58,940
	Assumes 2.81 PPH (for 2013 Projections) per the 2010 Census					

The city has experienced significant growth over the past decade. The city's 2000 population stood at just under 18,000 residents. By the end of the decade, the city has more than doubled in population to a 2013 estimate of 39,817. This population growth is occurring within the context of the greater Dallas-Fort Worth metropolitan region, which has become one of the fastest growing regions in the nation, both in terms of population and employment. Figure 7 shows the projected population density in 2030 for the Metroplex. Darker reds indicate the more dense population centers, areas where growth is likely to continue. Although local growth has slowed since 2006, all data appears to indicate that growth will once again return to the area as the economy continues to recover. Using a four percent compound annual growth rate (CAGR), the projected 2023 population for the city is 58,939 (Figure 8).

Figure 7. Vision North Texas 2030 Population Density Map



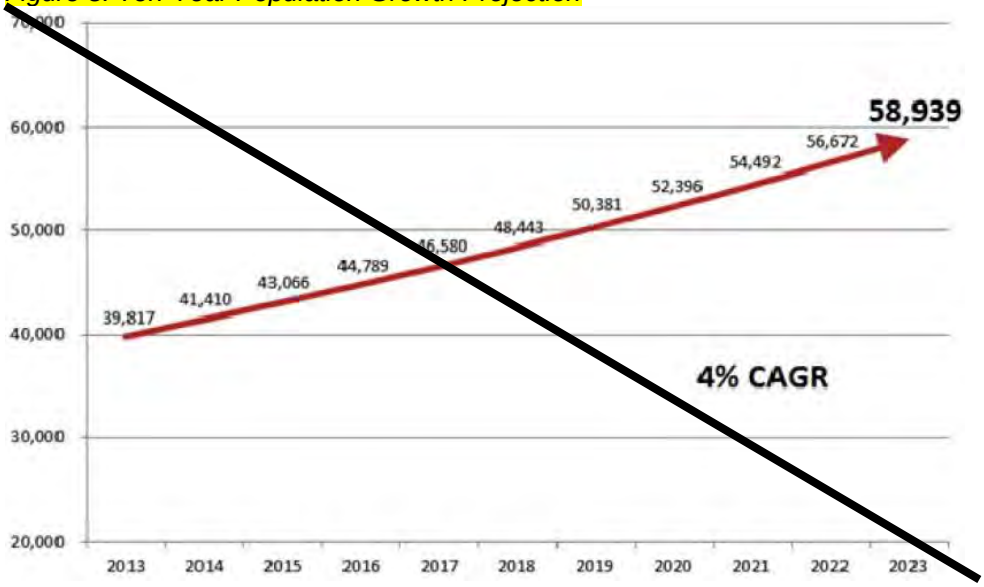


Figure 8. Ten-Year Population Growth Projection

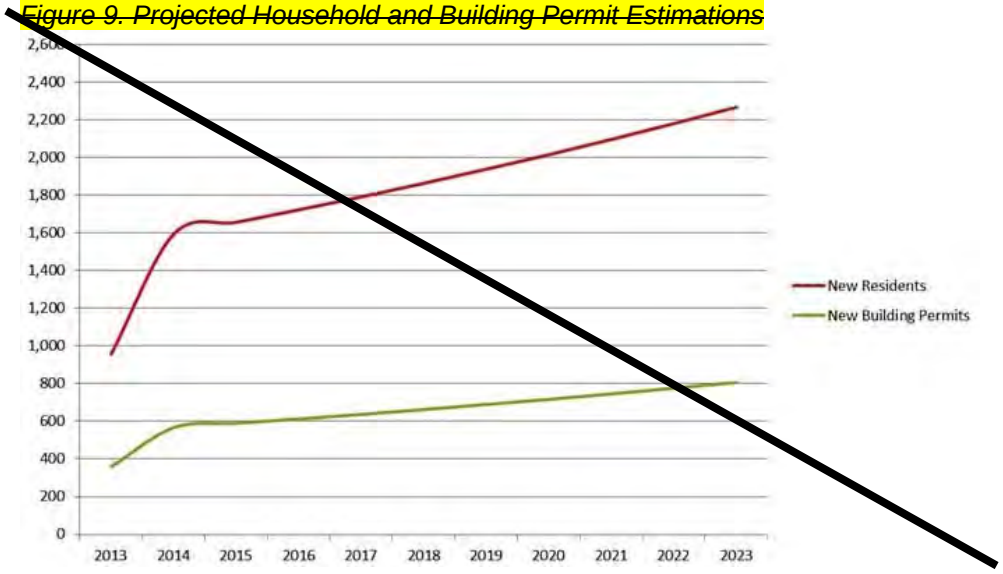

Building permit calculations were based upon the analysis described previously. An average of 2.81 PPH was used in our estimation to account for a mixture of multi-family and single-family, which is the average household size per the most recent U.S. Census (2010). Between 2000 and 2012, the city issued an average of 623 building permits a year with the highest number of permits, 1,033, being issued in 2005 and the lowest number of permits, 150, issued in 2008. The city may average 651 new dwelling units a year over the next ten-year period (Table 5 and Figure 9). This estimate reflects the type of construction which would likely occur based upon population projections, which considers both single-family and multi-family construction.

Table 5. Projected Household Estimations

Year	Population	New Residents	New Building Permits
2013	39,817	958	360
2014	41,410	1,593	567
2015	43,066	1,656	590

2021	54,492	2,096	746
2022	56,672	2,180	776
2023	58,939	2,267	807
Average Number of Annual Permits: 651			

Figure 9. Projected Household and Building Permit Estimations

Employment 2023

Employment data for the year 2023 was based upon data provided by the North Central Texas Council of Governments (NCTCOG). NCTCOG has provided employment data by traffic survey zone (TSZ) for 2015 and 2035. After staff adjustments for TSZ coverage area and anticipated future development were completed, a CAGR was derived between the 2015 and 2035 staff-adjusted NCTCOG employment numbers. Linear extrapolation of the CAGR produced the 2023 employment estimates by TSZ as listed in Table 6. It is important to note that TSZs do not follow city limits.

~~*Table 6. 2023 Employment Data by TSZ and Service Area*~~
~~Assumptions for future growth are confirmed based upon 2030 data from the Vision North Texas study. Most of the city is forecast for an employment density greater than 1.7 per acre, and upwards of 3.5+ per acre in areas around Interstate 30 and within the industrial park.~~

Sec. 38-360. Land Use Assumptions Report.

FORWARD

IMPACT FEES are charges imposed against new development to generate revenue for or recoup the cost of capital facilities (or infrastructure) necessitated by and attributed to new development. These fees are generally implemented to reduce the economic burden of a municipality when addressing the need for adequate capital improvements to accommodate growth.

PURPOSE

Chapter 395, *Financing Capital Improvements Required by New Development in Municipalities, Counties, and Certain Other Local Governments*, of the Texas Local Government Code outlines the process for adopting and updating impact fees for political subdivisions. On April 21, 2008 the City of Rockwall adopted roadway and water/wastewater impact fees per Ordinance No. 08-21. According to the statutory requirements stipulated by the Texas Local Government Code impact fees are required to be updated a minimum of every five (5) years [*§395.052*].

In approaching an update to existing impact fees it is important for a city to assess its growth and employment potential and establish land use assumptions that will guide development for a ten (10) year planning period (i.e. 2013-2023) [*§395.001(5)*]. These land use assumptions form the basis for the preparation of the *Impact Fee Capital Improvement Plan* for water, wastewater and roadway facilities.

In order to determine the need and timing of capital improvements to serve future development, a rational estimate of future growth is required. The purpose of this report is to formulate growth and employment projections based upon assumptions pertaining to the type, location, quantity and timing of future development within the city, and to establish and document the methodology used for preparing these land use assumptions.

ELEMENTS OF THE LAND USE ASSUMPTIONS REPORT

This report contains the following components:

- ☑ *Methodology*: This component of the report contains the systematic and theoretical analysis of the methods and principals used to prepare the projections and land use assumptions contain within this report.

- ☑ *Service Areas and Data Collection Zones*: This component provides an explanation of the data collection zones (i.e. Traffic Survey Zones [TSZ]) and the Roadway, Water and Wastewater Impact Fee Service Areas for capital facilities.

- ☑ *Base Year Data*: This component provides information on population, housing and employment in the City of Rockwall as of 2013 for each capital facility service area.

- ☑ *Ten-Year Growth Assumptions*: This component provides assumptions with respect to the population, housing and employment for the City of Rockwall in ten (10) years (i.e. 2023). This information is broken out by capital facility service area.

- ☑ *Build Out Assumptions:* This component provides projections for population, housing and employment under the assumption that the City and its Extraterritorial Jurisdiction (ETJ) are completely developed, or *Built Out*.

- ☑ *Summary*: This component provides a synopsis of the land use assumptions contained within this report.

- ☑ *Appendix:* This component contains information that was important in deriving the population, housing and employment projections for 2013-2023.

METHODOLOGY

Based upon the growth assumptions and the capital improvements needed to support growth, it is possible to develop an impact fee structure which fairly allocates improvement costs to growth areas in relationship to their impact upon the entire infrastructure system. The data in this report has been formulated using reasonable and generally accepted planning principles.

These land use assumptions and future growth projections take into consideration several factors influencing development patterns. These factors include:

- ☑ The character, type, density and quantity of existing development.

- ☑ The current zoning patterns and anticipated future land uses as established in the Comprehensive Plan (i.e. the City's *Future Land Use Plan Map*).

- ☑ The availability of land to support future expansion of development.

- ☑ The current and historical growth trends of both population and employment within the City.

- ☑ The location and configuration of vacant parcels of land and their ability to support development.

- ☑ The growth of employment utilizing previously established and generally accepted data (i.e. North Central Texas Council of Governments [*NCTCOG*] 2010 & 2015 Employment Projections).

- ☑ Local knowledge concerning future development projects or anticipated development within the city.

LAND USE ASSUMPTIONS REPORT ELEMENTS

The following is the general methodology that was used for the preparation of this report:

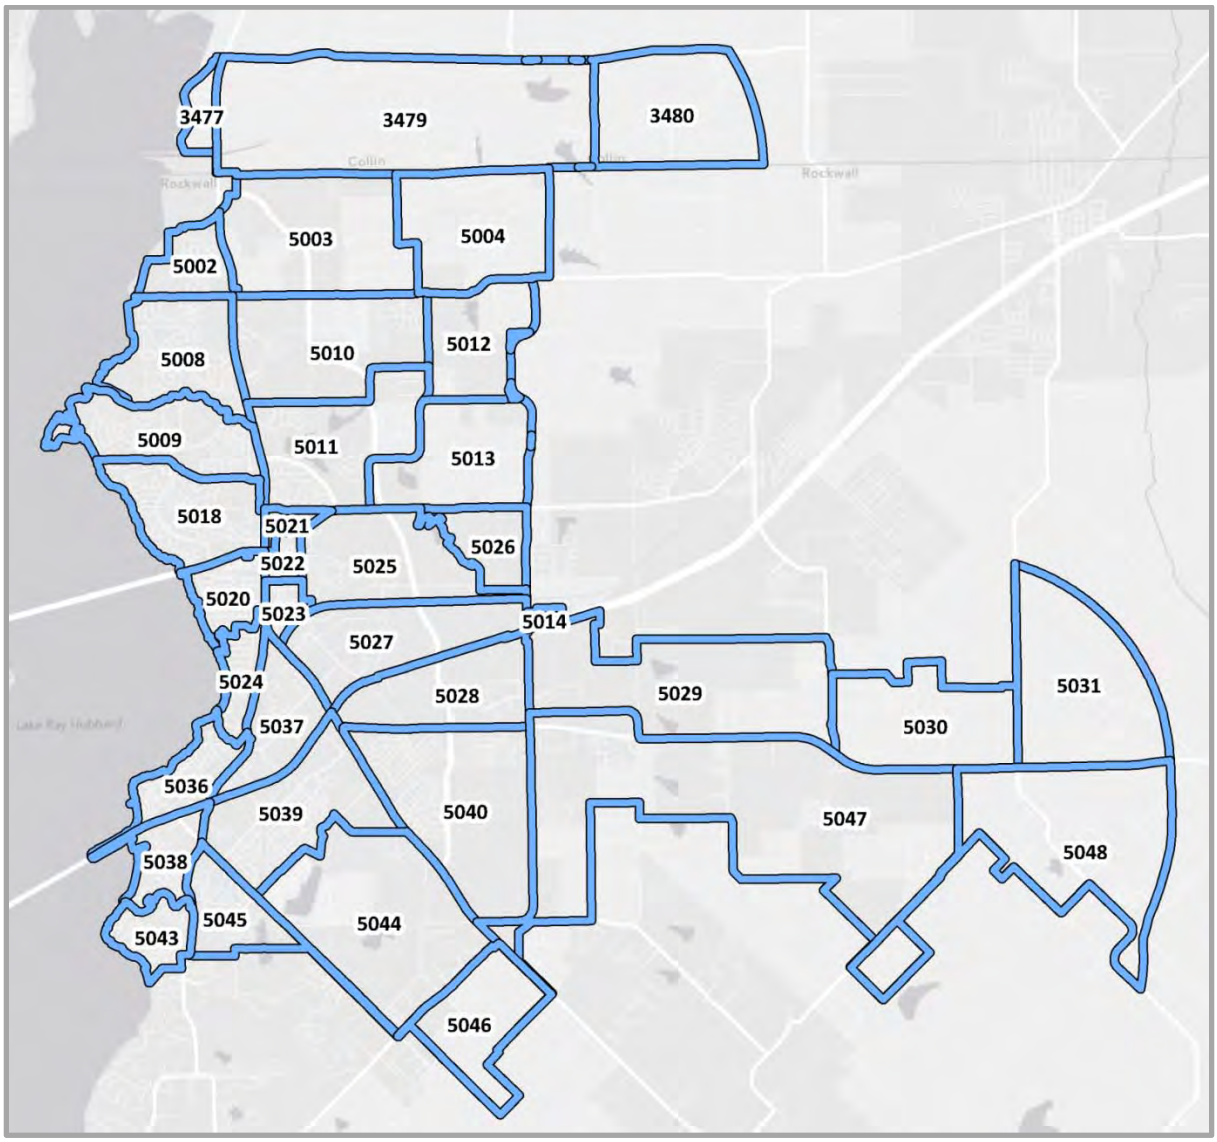
1. Population, housing and employment data was collected from the United States Census Bureau, North Central Texas Council of Governments (*NCTCOG*), the City of Rockwall Geographical Information Systems (GIS) Department, the City of Rockwall Building Inspection Department and other acceptable sources. This

information was then analyzed and used to provide base information for all service areas from which projections could be extrapolated [see *Service Areas and Data Collection Zones*].

2. The base year (i.e. 2013) estimates for housing, population and employment were calculated based on the information collected [see *Base Year Data*].

3. From the base year and the information gathered from various sources a growth rate was established by examining recent building permit information, past growth trends and anticipated development over the next ten (10) years. This growth rate was then applied to each of the impact fee service areas to project the base year data over the ten (10) year planning period (i.e. 2013-2023) [see *Ten Year Growth Assumptions*].

4. After the projections for housing, population and employment were prepared for the ten (10) year planning period city staff made adjustments to account for known or anticipated development activity within the planning periods. In making these adjustments city staff took into consideration the recommendations made within the 2012 Rockwall Comprehensive Plan Update, existing public works data, economic information provided by the Rockwall Economic Development Corporation (REDC) and demographic information provided by the GIS and Building Inspections Departments.



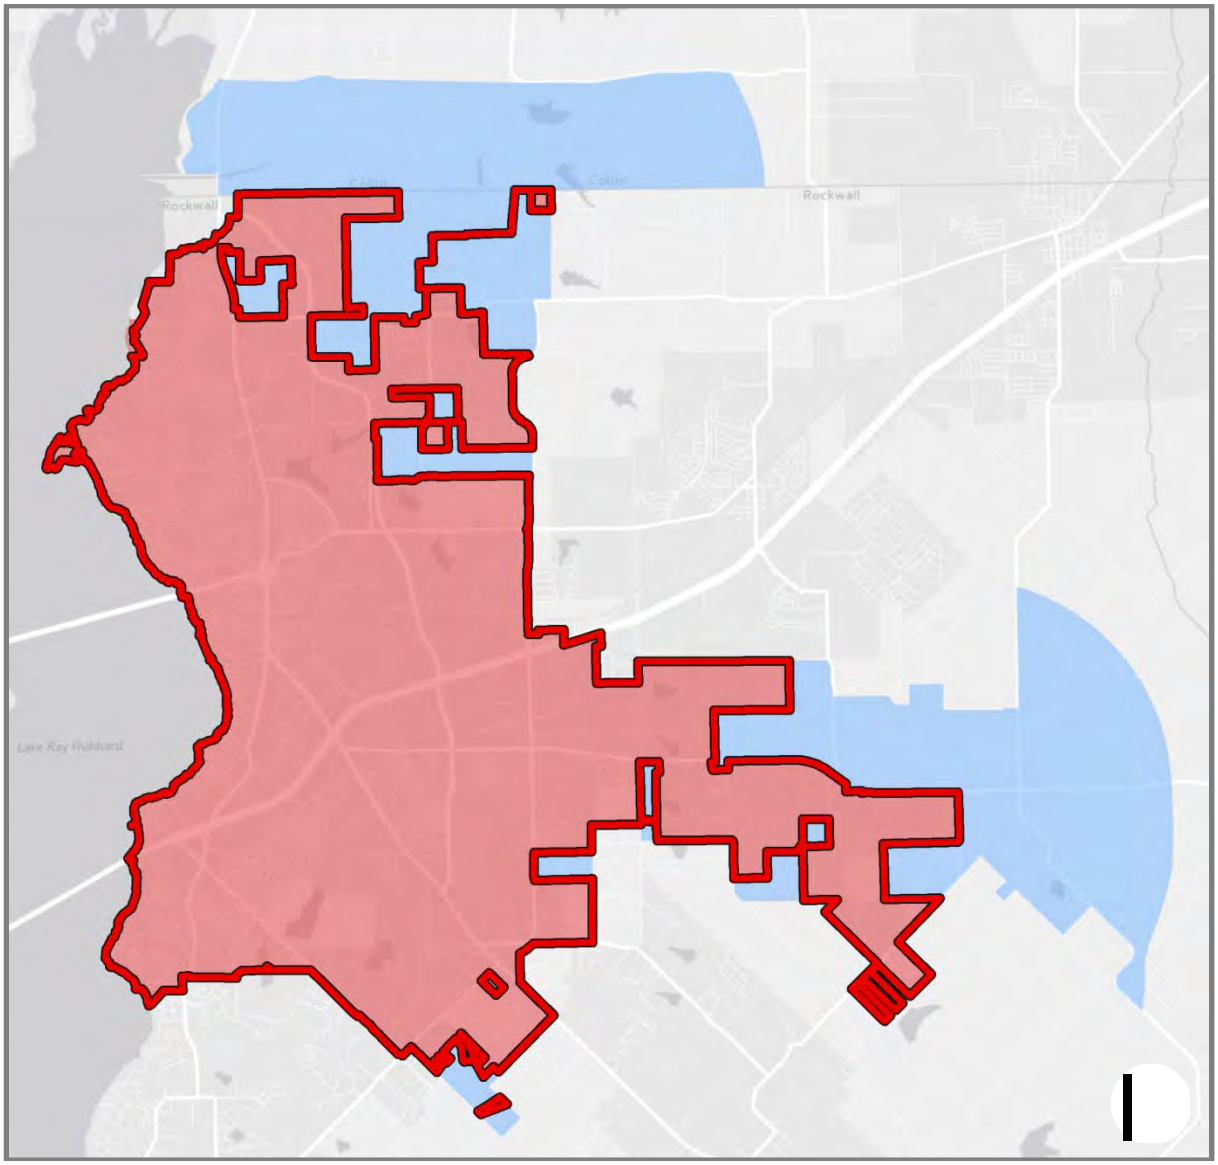
5. Finally, the City's *Build Out* projections for housing, population and employment were calculated by establishing the City's carrying capacity in terms of developable acres and projecting population forward using the previously established Compound Annual Growth Rate (CAGR) to establish a *Build Out Year*. The housing and employment information were then projected to the *Build Out Year* [see *Build Out Projections*].

DATA COLLECTION ZONES AND SERVICE AREAS

DATA COLLECTION ZONES

The *Data Collection Zones* used for this study were the North Central Texas Council of Government's (NCTOG's) Traffic Survey Zones (TSZs). A TSZ is a small geographic area developed by the NCTOG to serve as the basis for the regional TransCAD travel demand model and for the purpose of performing various other regional planning activities. TSZ's were originally formulated on the basis of homogeneity and traffic generation potential using major arterials, creeks, railroad lines and other physical boundaries for delineation. It should be noted that several TSZ's were adjusted in the calculations because portions include areas outside of the City limits.

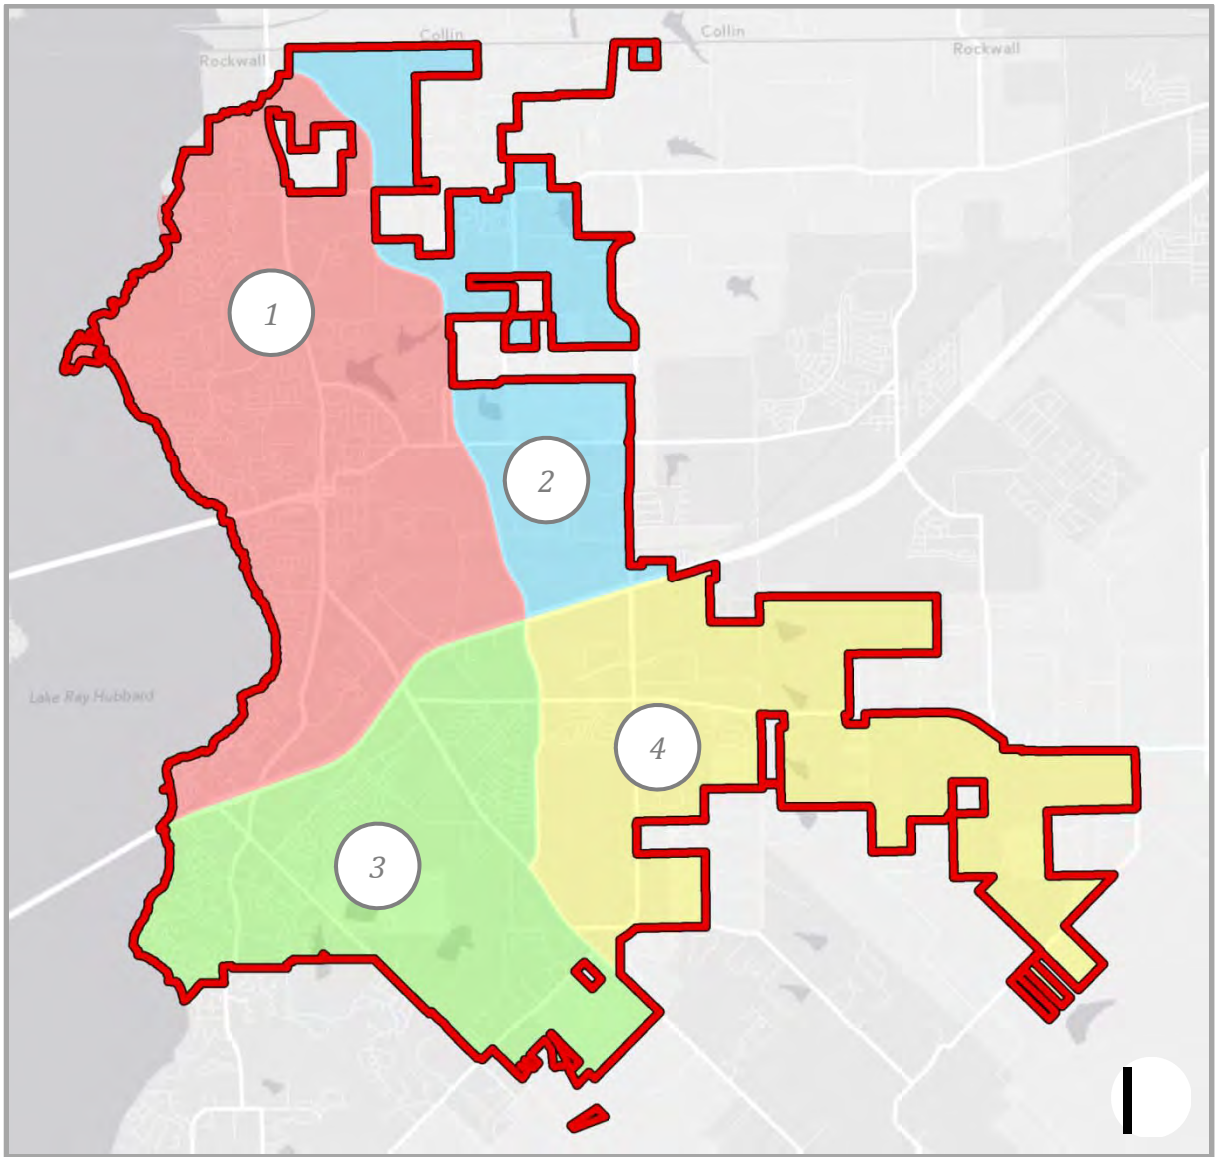
FIGURE 1: TRAFFIC SURVEY ZONES (TSZs)
Note: The TSZs below have been clipped to the Extraterritorial Jurisdiction (ETJ)



SERVICE AREAS

The Texas Local Government Code (TLGC) requires that services areas be established within the corporate boundaries of a political subdivision for the purpose of ensuring that the capital improvements service the areas generating need. The boundaries for impact fees are defined as follows:

Roadway Impact Fees refers to a service area that is limited to the corporate boundaries of a political subdivision or city, and cannot extend into the Extraterritorial Jurisdiction (ETJ) or for a distance exceeding more than six (6) miles. The City of Rockwall is divided into four (4) service areas that are depicted in *Figure 3* on *Page 5*.



Water and Wastewater Impact Fees refers to a service area that includes a city's corporate boundaries and Extraterritorial Jurisdiction (ETJ). This service area is depicted in *Figure 4* on *Page 6*.

FIGURE 2: CITY OF ROCKWALL CITY LIMITS AND EXTRATERRITORIAL JURISDICTION (ETJ)
Note: The City Limits of Rockwall are depicted in RED. The Extraterritorial Jurisdiction (ETJ) is depicted in BLUE.

ROADWAY SERVICE AREAS

MAP KEY

BLUE: Service Area

SUMMARY OF DATA

The current database and the database prepared in 2007, along with all future projections, were drafted utilizing the following geographic areas:

- ☑ *Service Area.* The Service Area correlates to the Water, Wastewater and Roadway Service Areas identified in *Figures 3 & 4*. As previously state the corporate boundaries of the City of Rockwall serve as the limits for the Roadway Service Areas and the Water and Waste Water Service Areas include the corporate boundaries and the Extraterritorial Jurisdiction (ETJ).

- ☑ *Traffic Survey Zone (TSZ).* A Traffic Survey Zone or *TSZ* are geographic areas established by the North Central Texas Council of Governments (NCTCOG), which are used for data collection purposes.

Additionally, all databases and projections utilized the following variables:

- ☑ *Households (2013).* Household data includes living units (i.e. *single-family, duplex, multi-family, group home/quarters, etc.*) existing at the end of the calendar year 2012 (*January 1, 2013 to December 31, 2012*). This number was derived using 2010 United States Census data relating to households, residential building permits obtained from the Rockwall Building Inspections Department, and address point data obtained from the Rockwall Geographic Information Systems Department (GIS).

- ☑ *Households (2023).* This is the projected household data by service area for the year 2023, which represents a ten (10) year growth projection. This information was derived by staff using proper projection techniques.

- ☑ *Population (2013)*. This is the existing population for the base year (i.e. *2013*). This information was calculated utilizing the number of households existing at the end of the calendar year 2012, the occupancy rate and average household size as established by the United State Census Bureau, and the population of all group quarters (i.e. *[# of Households – Vacancy Rate] x Household Size + Group Quarters Population = Population*).

- ☑ *Population (2023)*. The projected population by service area for the year 2023, which represents a ten (10) year growth projection. This information was derived by staff using proper projection techniques.

- ☑ *Employment (2013).* Employment data was aggregated to three (3) employment sectors, which include *Basic*, *Retail* and *Service* as provided by the North Central Texas Council of Governments (NCTCOG). These service sectors serve as the basis for non-residential trip generation. The following is a summary of these employment sectors followed by corresponding North American Industry Classification System (NAICS) code:

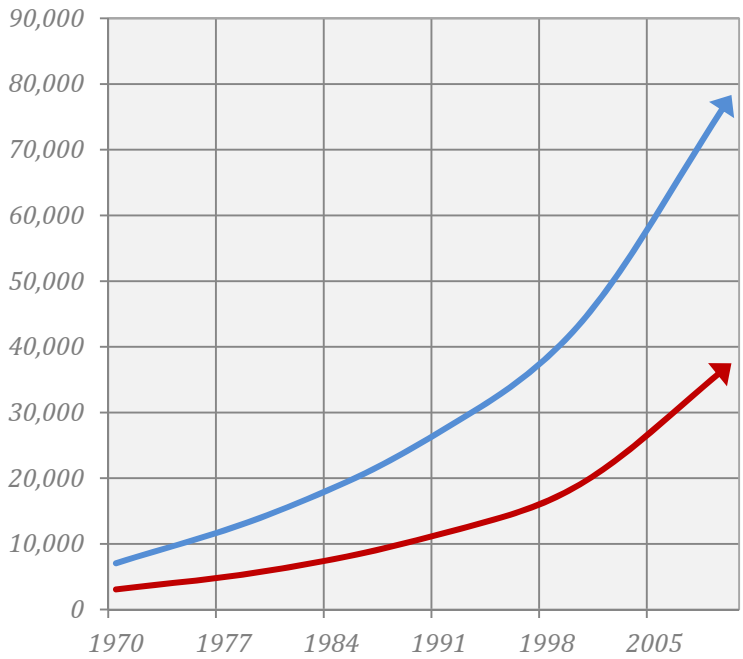
  - ➢ *Basic.* Land use activities that produce goods and services such as those that are exported outside the local economy. These include manufacturing, construc-tion, transportation, wholesale trade, warehousing and other industrial uses (NAICS Code: *#210000 - #422999*).

- *Retail.* Land use activities which provide for the retail sale of goods that primarily serve households and whose location choice is oriented toward the household sector. These include uses such as grocery stores, restaurants, etc. (NAICS Code: *#440000 - #454390*).

- *Service.* Land use activities which provide personal and professional services. These include such uses as financial, insurance, government, and other professional and administrative offices (NAICS Code *#520000 - #928199*).

☑ *Employment (2023).* The projected employment data was aggregated to three (3) employment sectors, which include *Basic*, *Retail* and *Service* as provided by the North Central Texas Council of Governments (NCTCOG). These service sectors were then projected by service area to the year 2023, which represents a ten (10) year growth projection. This information was derived by staff using proper projection techniques.

BASE YEAR DATA



This section documents the methods used to derive the base year data for the City of Rockwall as of January 1, 2013. This *benchmark* information provides a starting point in which to extrapolate the ten (10) year growth assumptions that are presented in the following section (see *Ten-Year Growth Assumptions*).

POPULATION GROWTH

One method of predicting future growth is to examine past growth trends. The City of Rockwall and Rockwall County have experienced robust growth over the past decade (see *Figure 5*). Past growth trends from the United States Census Bureau and the North Central Texas Council of Governments (NCTCOG) were examined in conjunction with building permit data provided from the City of Rockwall Building Inspections Department (this information is summarized in *Figure 6*). The following formula lays out the methodology used to calculate the 2013 population estimate:

POP = (NH x OR) x AHS + GQP
[POP = (14,831 x 0.947) x 2.81 + 325, or POP = 39,817]

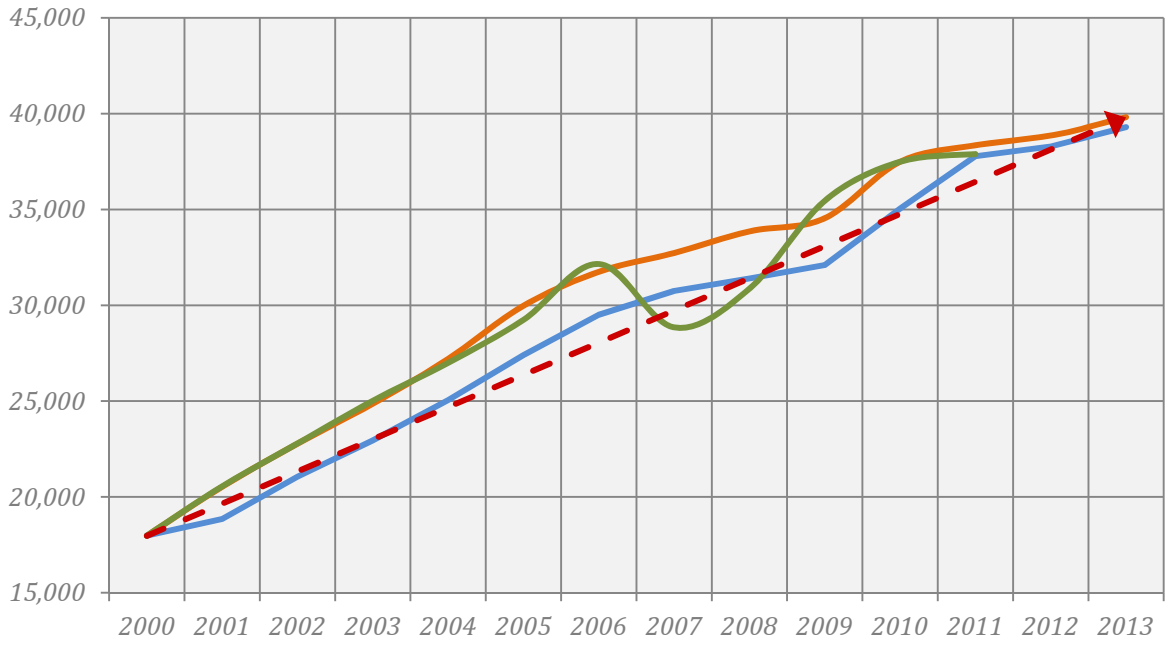


FIGURE 5: CITY OF ROCKWALL VS. COUNTY OF ROCKWALL [POPULATION]
MAP KEY: BLUE = ROCKWALL COUNTY; RED = CITY OF ROCKWALL

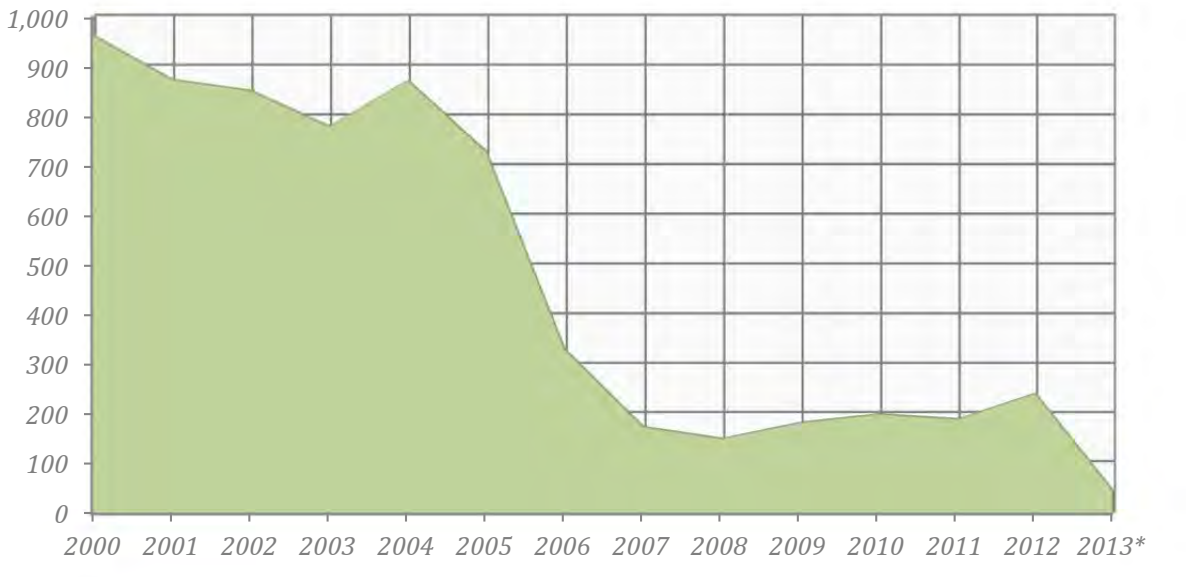
WHERE,
POP = 2013 Population
NH = Number of Households [14,831 per City of Rockwall]
OR = Occupancy Rate [94.7 % per US Census Bureau]
AHS = Average Household Size [2.81185 per US Census Bureau]
GQP = Group Quarter Population [325 per City of Rockwall]

This population (i.e. *39,817*) will serve as the base population for this report.

FIGURE 6: POPULATION BY AGENCY 2000 - 2013
MAP KEY: ORANGE = CITY OF ROCKWALL; BLUE = NORTH CENTRAL TEXAS COUNCIL OF GOVERNMENTS (NCTCOG); GREEN = US CENSUS BUREAU; RED = TREND LINE

POPULATION GROWTH RATE

A *Compound Annual Growth Rate (CAGR)* allows for a general assessment of growth when considering periodic increases and decreases in residential population growths that coincide with changing economic conditions. Various sources were used in establishing the past growth rates. These sources indicate rates of growth change between *3.25%* and *4.75%* (see *Table 1*). Based upon this data, an analysis of the ten (10) year forecast, and City staff's judgment, a four (4) percent CAGR was determined to be a sufficient assumption for the ten (10) year projection period. The calculated population numbers for all service areas for the years 2013 & 2023 are depicted in *Appendix 'A' & 'B'* of this document.



ADDITIONAL GROWTH INDICATORS

The annual population growth rate has slowed in the city from *10.8%* (2000-2005) to *4.6%* (2005-2010), and finally decreasing to *2.0%* in 2010 (see *Table 1*). The increase/decrease of residential building permits coincides with the fluctuations in growth rates (see *Figure 7*). Recent permit data shows an increase in single-family activity. In fact, in 2013 single family permits (issued from January 1, 2013 to February 28, 2013) were up 70% from the same period in 2012. This recent increase in single family building permits combined with the Texas Water Board's ten (10) year and twenty (20) year County population projections, coupled with an overall sense of market recovery has led the City's staff to comfortably assume that the overall growth for the next ten (10) year period will average four (4) percent. However, it is likely that annual growth will gradually increase from its current two (2) percent rate to a five (5) percent rate near the end of the forecasted period.

TABLE 1: CITY OF ROCKWALL GROWTH RATES

Data Source	Growth Rate (%)
2010 – 2012 US Census [1]	1.81

EXISTING LAND USE

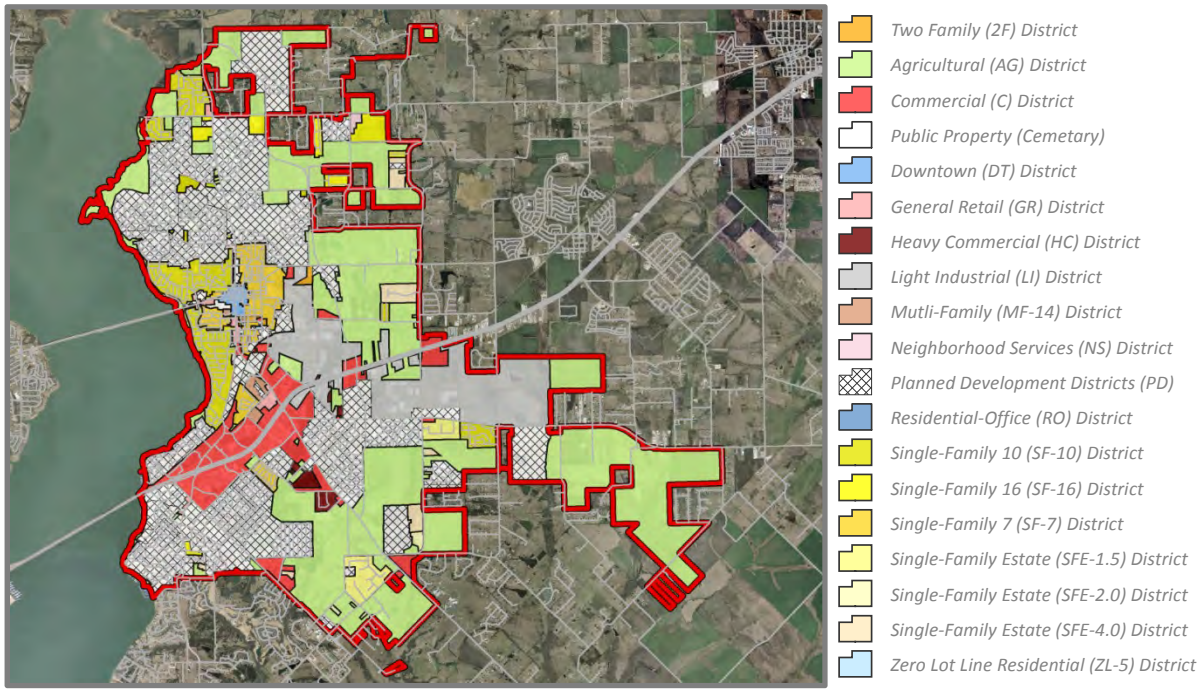

TABLE 2: EXISTING LAND USE ACREAGE

Land Use Category	Acres	% of Total Land	Acres per 100 People
Single Family	6,167	32.4	15.5
Multi-Family	280	1.5	0.7
Manufactured Home	218	1.1	0.5
Parks and Open Space	780	4.1	2.0
Public & Semi-Public	167	0.9	0.4
Office & Retail	617	3.2	1.6
Commercial	1,852	,9.7	4.6
Industrial	1,847	9.7	4.6
Agricultural	7,117	37.4	17.9
TOTAL:	19,045	100%	

NOTES: Based on 2013 estimated population of 39,817.

In any evaluation and projection of future land use patterns, a documentation of existing conditions is necessary. An analysis of existing land use patterns was prepared based on a zoning classification inventory of the City (see *Table 2*). This also serves to document the present physical condition of the City with regard to any infrastructure deficiencies that may exist. The City's Comprehensive Plan will serve as an additional basis for future growth projections. Nearly twenty-five (25%) percent of the City's land area is devoted to Planned Development Districts, which are difficult to define in terms of land use since most of them contain allowances for a mixture of land uses. In addition to current zoning classifications *Table 2* also contains estimates of the land use categories permitted within the City's Planned Development Districts.

FIGURE 8: EXISTING LAND USE MAP (ZONING MAP)

EXISTING EMPLOYMENT

The base employment data (*i.e. 2013*) was calculated by Traffic Survey Zone (TSZ) from employment estimates provided by the North Central Texas Council of Governments (NCTCOG). As TSZ's do not conform to the corporate boundaries of a city, staff made allocations based on the locations of existing land uses and the percentage of the TSZ located within the City Limits/Extraterritorial Jurisdiction (ETJ). Additionally, staff reviewed the 2010 and 2015 NCTCOG employment estimates and applied manual adjustments based on local knowledge of the city and proposed/current development. From this employment data staff determined the Compound Annual Growth Rate (CAGR) and applied it using the linear extrapolation method to the 2010 employment data. This resulted in the 2013 employment data depicted in *Appendix 'C' & 'D'* of this report.

TEN-YEAR GROWTH ASSUMPTIONS

In this study growth is characterized by two (2) forms: 1) Population (*i.e. residential land use*), and 2) Employment (*i.e. non-residential land use*). To calculate a reasonable growth rate for population and employment it was necessary for staff to make a series of assumptions on which to base the ten (10) year growth projections. These assumptions are summarized as follows:

- ☑ Future growth identified within this study will conform to the Future Land Use Plan depicted in the Comprehensive Plan.
- ☑ The City will be able to finance the necessary improvements to accommodate future growth.
- ☑ School facilities will sufficiently accommodate any identified increases in the population.
- ☑ Densities will conform to the land classifications identified within the Comprehensive Plan and as depicted on the Future Land Use Plan.

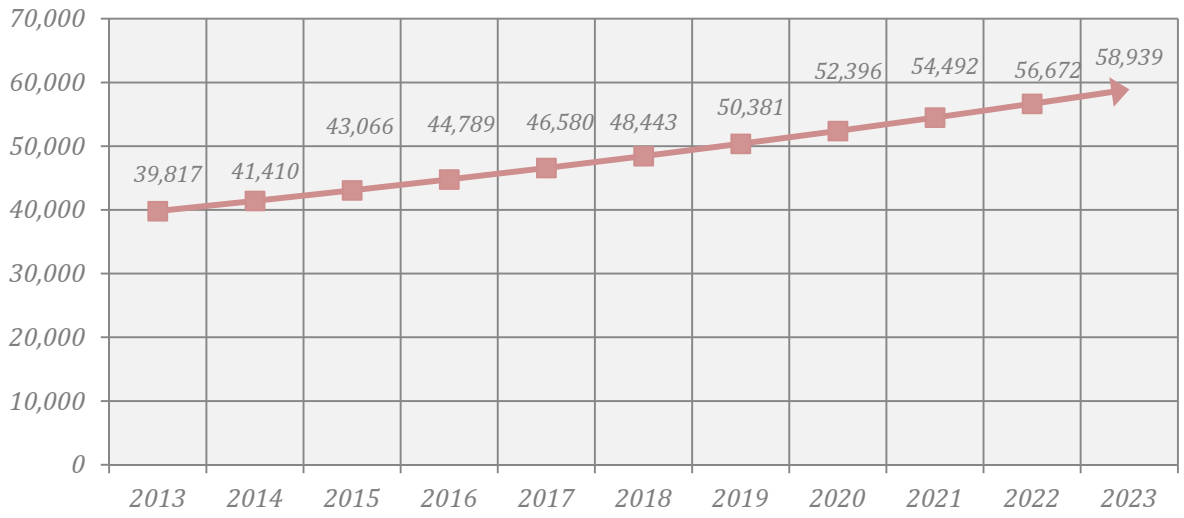
TABLE 3: SUMMARY OF TEN-YEAR GROWTH
(ALL ROADWAY SERVICE AREAS)

	2013	2023	Increase
Households	14,170	20,989	32.49%
Population	39,817	58,940	32.44%
Total Employment	16,023	23,182	30.88%
Basic	1,521	2,519	39.60%
Service	5,902	8,179	27.84%
Retail	8,600	12,484	31.11%

TABLE 4: SUMMARY OF TEN-YEAR GROWTH
(WATER/WASTE WATER SERVICE AREA)

	2013	2023	Increase
Households	15,682	23,171	32.32%
Population	44,066	65,073	32.28%
Total Employment	18,014	25,559	29.52%
Basic	3,148	4,342	27.51%
Service	5,902	8,179	27.84%
Retail	8,964	13,038	31.25%

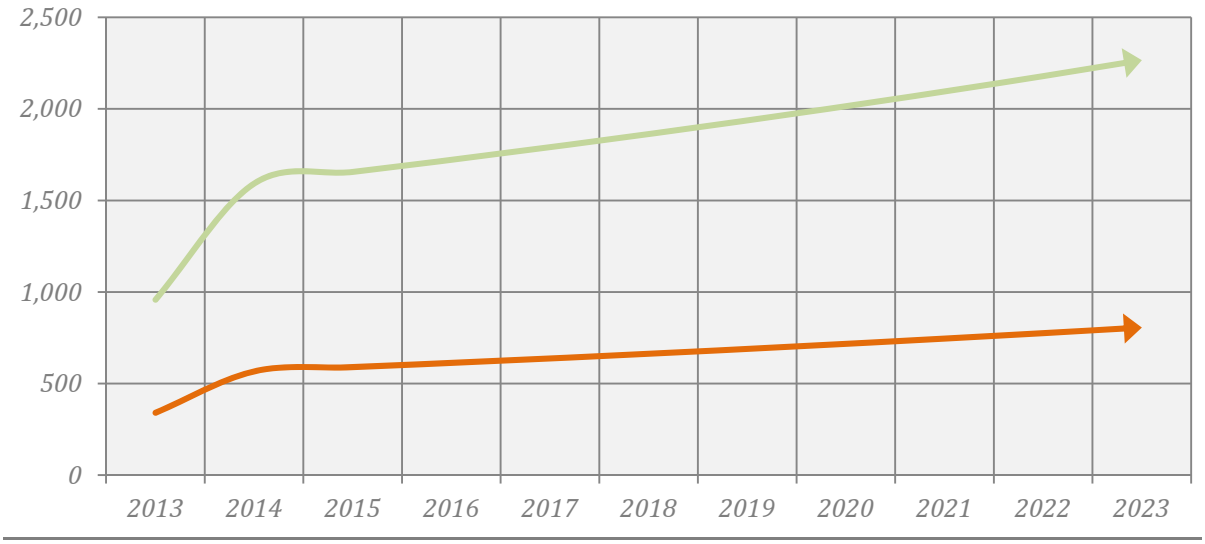
The ten (10) year projections are based on the growth rate which was previously discussed and staff's consideration of past development trends. Tables 3 & 4 detail the ten (10) year projections for households, population and employment for the service areas associated with roadway and water/wastewater impact fees.



POPULATION 2023

The City of Rockwall has experienced significant growth since 2000 when the estimated population was 18,000 residents. Today the population is over double the 2000 population at an estimated 39,817. This growth trend is not just evident in the City of Rockwall as the greater Dallas-Fort Worth metropolitan area has become one of the fastest growing regions in the United States both in terms of population and employment. Although local growth has slowed since 2006 all data appears to indicate that this is only a temporary condition as the area's economy continues to recover from the national housing slump that began in 2008. Using the Compound Annual Growth Rate (CAGR) method staff projects that the population for the City will be 58,939 residents by 2023 (see *Figure 9*).

TABLE 5: PROJECTED HOUSEHOLD ESTIMATIONS



Year	Population	New Residents	New Building Permits
2013	39,817	958	360
2014	41,410	1,593	567
2015	43,066	1,656	590
2016	44,789	1,723	613
2017	46,580	1,791	637
2018	48,443	1,863	663
2019	50,381	1,938	690
2020	52,396	2,015	717
2021	54,492	2,096	746
2022	56,672	2,180	776
2023	58,939	2,267	807
Average Number of Annual Permits:			651

FIGURE 9: TEN-YEAR POPULATION GROWTH @ A 4% COMPOUND ANNUAL GROWTH RATE

In determining this population projection staff utilized residential building permit counts coupled with an assumption that the average people per household was 2.81 (*2010 US Census*). This figure was used to account for a mixture of multi-family and single family households. Additionally, between 2000 and 2012 the City issued an average of 623 building permits per year; with the highest number of permits topping out at 1,033 in 2005, and the lowest number of building permits issued in 2008 at 150 (see *Table 5*). From this information staff estimated that the City will issue an average of 651 residential building permits per year over the next ten (10) year period (see *Table 5* and *Figure 10*). This estimate takes into consideration the type of development likely (i.e. single family or multifamily) to occur in a given area.

FIGURE 10: PROJECTED HOUSEHOLD AND BUILDING PERMIT ESTIMATIONS
MAP KEY: ORANGE = NEW BUILDING PERMITS; GREEN = NEW RESIDENTS

EMPLOYMENT 2023

Employment data for the year 2023 was based upon data provided by the North Central Texas Council of Governments (NCTCOG). NCTCOG has provided employment data by Traffic Survey Zone (TSZ) for 2015 and 2035. After staff's adjustments for TSZ coverage area and anticipated future development were accounted for, a Compound Annual Growth Rate (CAGR) was derived between the 2015 and 2035 staff-adjusted NCTCOG employment numbers. Linear extrapolation of the CAGR produced the 2023 employment estimates by TSZ as listed in the appendices of this document (see *Appendix 'C' & 'D'*).

Staff's assumptions of future growth are confirmed by 2030 data derived from the *North Texas 2050* study published by Vision North Texas. The majority of the city is forecasted to have an employment density of greater than *1.7* units per acre, and upwards of *3.5*+ units per acre in areas adjacent Interstate Highway 30 (IH-30) and within Rockwall's Industrial Park (located adjacent to State Highway 276 [SH-276]).

Build Out 139,919

A *Build Out Projection* for a city (also referred to as the city's *Carrying Capacity*) is an estimate of the location and density of all potential development, employment and population that a city can support within its future corporate boundaries.

ESTABLISHING THE CITY'S POPULATION AT BUILD OUT

In establishing the city's population at build out staff made the following assumptions:

- ☑ All vacant land w/in the City's corporate boundaries will develop with the maximum density permitted for the current zoning per the Unified Development Code.
- ☑ All Agricultural (Ag) District property is assumed to be vacant and will develop at 2.0 units per acre.
- ☑ All property within the Extraterritorial Jurisdiction (ETJ) is assumed to be vacant and will be developed in conformance with the Future Land Use Map at the maximum density permitted by the Comprehensive Plan.
- ☑ The city's ETJ is fixed and will not increase in the future.

Taking these assumptions into consideration, staff utilized Geographical Information Systems (GIS) software to calculate all the undeveloped land within the city's corporate boundaries, including the ETJ (see *Table 6*). Once calculated the acreages were broken down by land use and multiplied by the maximum density permitted for each of the land uses as established within the Unified Development Code and the Comprehensive Plan. These totals were then multiplied by the average people per household [*i.e. 2.81*] (*2010 US Census*) to establish the population at build out (i.e. 139,919). From this point staff projected the population forward using the previously established four (4%) percent Compound Annual Growth Rate (CAGR) [see the *Ten-Year Growth Assumptions* section] until the build out population was reached (see *Table 7*). This established a build out year of 2046. The

following formula lays out the methodology used to calculate the numbers:

BO = POP + VPOP + EPOP
[BO = 39,817 + 48,663 + 51,439, or BO = 136,657]

VPOP = Σ [(LU_1 x D_1) … (LU_x x D_x)] x AHS or VPOP = 48,663
EPOP = (LDR x 2.0) + (MDR x 3.0) + (HDR x 5), (i.e. EPOP = 50,123 + 1,316 + 0) or
EPOP = 51,439

WHERE,
BO = Build Out Population
POP = 2013 Population (i.e. Current Population)
VPOP = Population of Vacant Land w/in the City Limits
EPOP = Population of Vacant Land w/in ETJ
LU = Vacant Available Land (inside the City Limits) for a Given Land Use
D = Maximum Density Permitted for a Given Land Use [Unified Development Code]
AHS = Average Household Size [2.81185 per US Census Bureau]
LDR = Low Density Residential Acreage Available in the ETJ
MDR = Medium Density Residential Acreage Available in the ETJ
HDR = High Density Residential Acreage Available in the ETJ

SUMMARY

The following is a summary of staff's findings when preparing the Land Use Assumption Report in preparation for updating the Roadway, Water and Wastewater Impact Fees for 2013:

- ☑ The average annual growth rate as calculated by staff is four (4) percent. This growth rate was established based on data from the US Census, Texas Water Commission, North Texas Council of Governments (NCTCOG), the City and County of Rockwall. Using this growth rate staff projected the following population numbers:
  - ➢ The population of the City of Rockwall as of 2013 is 39,817. This is expected to increase by ~32% in the next ten (10) years to an estimated 58,940 by 2023.
  - ➢ The population for the City of Rockwall and its Extraterritorial Jurisdiction (ETJ) as of 2013 is 44,066. This is expected to increase by ~32% in the next ten (10) years to an estimated 65,073 by 2023.
- ☑ The estimated employment for the City of Rockwall as of 2013 is 16,023 jobs, with another 1,991 jobs existing within its ETJ. Staff estimates this number to climb to 23,182 jobs within the city limits, and another 2,377 jobs within the ETJ by 2023.
- ☑ Staff has established that there are currently 8,610.53 undeveloped acres of land within the city limits. This represents ~45% of the current land in the City (see *Table 8*). Additionally, the City of Rockwall has access to another 10,521.60 acres of land within its current ETJ (see *Table 9*). At the bottom of this page is a summary of all vacant land by current land use existing within the city's corporate boundaries and its ETJ (*see Tables 8 & 9*).
- ☑ According to staff estimates the City of Rockwall is expected to be built out in the year 2046, with a total population of 139,919.

Secs. 38-361. Schedules for Impact Fees

(a) Roadway Impact Fees.

(1) *Schedule 1: Roadway Impact Fee Assessment*. The following schedule is for roadway impact fee assessment.

Service Area	*Cost Per Service Unit*
1	$1,278.00
2	$5,058.00
3	$240.00
4	$738.00

(2) *Schedule 2: Roadway Impact Fee Collection.* The following schedule is for roadway impact fee collection.

Service Area	*Cost Per Service Unit*
1	$256.00
2	$2.56.00
3	$120.00
4	$256.00

(Ord. No. 08-21, exh. 1, 4-21-2008; Ord. No. 08-26, § 1(exh. 1), 6-2-2008; Ord. No. 13-42, § 1, 11-4-2013)

(b) Water/Wastewater Impact Fees.

(1) *Schedule 1: Maximum Water/Wastewater Impact Fees*. The following schedule is the maximum impact fees per single family/living unit equivalent for water and wastewater facilities. *The below impact fees per service unit depicted in each column also apply to new developments that were unplatted and which did not require platting at the time of development within the period listed.*

	Land Platted or Replatted Between 07/16/1990 & 06/02/2008	*Land Platted or Replatted Between 06/02/2008 & 10/20/2014*	*Land Platted or Replatted After 10/20/2014*
Water (per SFLUE)	$848.00	$4,229.03	$3,111.05
Wastewater (per SFLUE)	$3,340.00	$783.49	$2,472.58

Notes:
[1]: For non-residential uses, assessment was expressed as SFLUEs per acre: 2.11 SFLUE/acre for water impact fees and 2.17 SFLUE/acre for wastewater impact fees, within the period listed.

(2) *Schedule 2: Impact Fees to be Paid per Service Unit for Water and Wastewater Facilities*.

	Per Living Unit Equivalent (5/8" – 1" Water Meter)
Water Facilities	$1,555.53
Wastewater Facilities	$1,236.29

City of Rockwall
The New Horizon

MEMORANDUM

TO: Rick Crowley, City Manager

FROM: Timothy M. Tumulty, Director of Public Works/City Engineer

DATE: October 14, 2014

SUBJECT: Professional Engineering Services Contract – Traffic Related

Staff will receive requests periodically to install stop signs, school zones, traffic signals and other traffic related control devices throughout the city. Prior to the installation of stop signs and traffic signals, warrants studies must be completed. These studies must meet certain engineering criteria as established by the State and Federal guidelines.

Current staff levels do not allow these specific types of studies to be done by City Engineering Department employees. Over the past years, the City has utilized various consulting engineers to perform these studies on a case-by-case basis. Staff requested a professional engineering services contract from Kimley-Horn and Associates, Inc. to perform these various traffic related studies. Attached is a proposed contract addressing our request for these specific services.

Staff requests City Council consideration to approve the Professional Engineering Services Contract with Kimley-Horn and Associates, Inc. to perform various traffic related studies within the City in an amount not to exceed $10,000.00. Funding will be provided from the FY 2014-15 Public Works Department Operations Budget. If you have any questions, please advise.

File

Exhibit "A" – Scope of Work

Professional Consulting Services

Task 1 Speed Study ***$750-$1,250 Lump Sum per 2-Lane Location***
$1,000-$1,500 Lump Sum per 4-Lane Location

For each location identified by the City of Rockwall, Consultant or a traffic count subcontractor will collect vehicle speed data and a 24-hour machine count of vehicular traffic volume. If speed observation is made with radar equipment, vehicle speeds will be recorded for at least 100 observations or 2 hours, whichever comes first. Vehicle speeds will be recorded for both directions of traffic, and observations will be made during free-flow conditions.

Consultant will review the speed data and prepare a brief technical memorandum documenting the results of the speed study. The memorandum will include finding the average and 85th-percentile speed of the roadway.

Task 2 Stop-Sign Warrant Study ***$2,000-$3,500 per Intersection***

Consultant or a traffic count subcontractor will collect vehicle volume data using a 24-hour machine count for all intersection approaches. Consultant will perform a site visit to observe sight distances, pedestrians, bicyclists, and intersection delay.

Consultant will review the volume data and intersection characteristics and prepare a brief technical memorandum documenting the results of the stop-sign warrant study. Additional exhibits may be included to document particular observations.

Task 3 Signal Warrant Study ***$2,500-$4,000 per Intersection***

Consultant or a traffic count subcontractor will collect vehicle volume data using a 24-hour machine count for all intersection approaches. Pedestrian counts may also be collected depending on site characteristics. Consultant will perform a site visit to observe sight distances, pedestrians, bicyclists, and intersection delay.

Consultant will review the volume data and intersection characteristics and prepare a brief technical memorandum documenting the results of the stop-sign warrant study. Additional exhibits may be included to document particular observations.

Additional Services

Consultant may perform additional services which shall be governed by the Master Agreement. For reference, additional services may include, but are not limited to:

- Transportation Impact Analysis Review
- Intersection or Roadway Crash Analysis
- Access Management Study
- Infrastructure Inventory
- Accessibility Study and/or ADA Compliance Study
- Texas Manual on Uniform Traffic Control Devices (TMUTCD) Compliance Study
- Intersection or Roadway Capacity Study
- Evaluating Citizen Requests
- Intelligent Transportation System Feasibility and Planning Studies

Exhibit "B" – Fees

Professional Consulting Services

Consultant will perform the services in Tasks 1, 2, and 3 for the total lump sum fee range shown below for each location. All permitting, application, and similar project fees will be paid directly by the City.

Task 1 Speed Study per Location (2-Lane Road)	$750-$1,250
Task 1 Speed Study per Location (4-Lane Road)	$1,000-$1,500
Task 2 Stop-Sign Warrant Study (1 Intersection)	$2,000-$3,000
Task 3 Signal Warrant Study (1 Intersection)	$2,500-$4,000

Lump sum fees will be invoiced monthly based upon the overall percentage of services performed. Payment will be due within 25 days of your receipt of the invoice.

KHA, in an effort to expedite invoices and reduce paper waste, offers its clients the option to receive electronic invoices. These invoices come via email in an Adobe PDF format. We can also provide a paper copy via regular mail if requested. Please select a billing method from the choices below:

____ Please email all invoices to _____@_____._____.

____ Please email invoices to _____@_____._____ AND provide a hard copy to the address listed above (please note below if it should be to someone else's attention or an alternative address).

____ Please ONLY provide a hardcopy invoice to the address listed above (please note below if it should be to someone else's attention or an alternative address).

STATE OF TEXAS ♦
♦
COUNTY OF ROCKWALL ♦

PROFESSIONAL ENGINEERING SERVICES CONTRACT

This Agreement is made and entered into in Rockwall County, Texas, between City of Rockwall, Texas ("CITY"), a municipal corporation and political subdivision of the State of Texas, acting by and through its City Manager and Kimley-Horn & Associates, Inc. ("ENGINEER"), Engineers duly licensed and practicing under the laws of the State of Texas.

WHEREAS, CITY desires to engage Engineer as an independent contractor to render certain technical and professional services necessary for performing:

PROFESSIONAL ENGINEERING SERVICES for Miscellaneous Consulting Services.

NOW, THEREFORE, for and in consideration of the mutual covenants and agreements contained herein, the Parties hereby agree as follows:

1. Scope of Work

Engineer agrees to perform professional engineering services as specifically defined in this Contract as Exhibit "A" and as authorized by CITY. Specifically, Engineer shall perform Professional services as requested by CITY and detailed in Exhibit "A".

The Parties by mutual agreement through contract amendments may provide for additional technical and professional services to be performed under the basic general terms and conditions of this Contract. CITY reserves the right to enter into another agreement with other engineering firms to provide the same or similar professional services during the term of this Contract for different projects.

2. Compensation & Term of Agreement

Cost for such services will be an annual amount not to exceed ten thousand dollars ($10,000.00) and billed as task basis per rates provided in Exhibit "B". Engineer is not authorized to perform any work beyond the limited not to exceed amount without authorized written approval by CITY.

The term of this Agreement shall commence upon execution of this agreement. In the event of termination, Engineer will assist the CITY in arranging a smooth transition process. However, Engineer's obligation to provide services to the CITY will cease upon the effective date of termination, unless otherwise agreed in writing.

3. Method of Payment

CITY shall pay Engineer its fees based on the presentation by Engineer to CITY of a correct monthly statement for all the amounts earned under the Contract together with reasonable supporting documentation verifying the accuracy of the fees and expenses. CITY shall then pay Engineer its fee within thirty (30) days after presentation of the accurate monthly statement by Engineer to CITY. CITY is a State sales and use tax exempt political subdivision of the State of Texas. All records supporting payment shall be kept in the offices of Engineer for a period of not less than three (3) years and shall be made available to CITY for inspection, audit or copying upon reasonable request.

4. Engineer's Standard of Care

Engineer shall provide its services under this Contract with the same degree of care, skill and diligence as is ordinarily provided by a professional Engineer under similar circumstances for a similar project. Engineer represents that it has the capability, experience, available personnel, and means required to perform the services contemplated by this Contract. Services will be performed using personnel and equipment qualified and/or suitable to perform the work requested by the CITY. CITY retains the right to report to Engineer any unsatisfactory performance of Engineer personnel for appropriate corrective action. Engineer shall comply with applicable federal, state, and local laws in connection with any work performed hereunder.

Engineer will seek written CITY approval to accept any contract or perform any services for any person, entity, or business that has an agreement or is in negotiations of an agreement with CITY. CITY may waive this conflict, but such waiver is at CITY's sole discretion and its decision shall be final.

5. Ownership of Documents

As part of the total compensation which CITY has agreed to pay Engineer for the professional services to be rendered under this Contract, Engineer agrees that hard copies of all finished and unfinished documents, data, studies, surveys, drawings, specifications, field notes, maps, models, photographs, preliminary reports, reports, bid packet/construction contract documents/advertisement for bids incorporating any CITY standard provisions provided by Engineer, will remain the property of the CITY. Engineer will furnish CITY with paper and electronic copies, to the extent they are available, of all of the foregoing to facilitate coordination, however, ownership of the underlying work product shall remain the intellectual property of the Engineer. Engineer shall have the right to use such work products for Engineer's purposes. However, such documents are not intended to be suitable for reuse by CITY or others on extension of the Project or on any other project. Any reuse without the express written consent of the Engineer will be at re-user's sole risk and without liability or legal exposure to the Engineer, and CITY to the extent allowed by law, shall hold harmless the Engineer from all claims, damages, losses, expenses, and costs, including attorneys' fees arising out of or resulting from the reuse of said documents without the Engineer's consent. The granting of such consent

will entitle the Engineer to further compensation at rates to be agreed upon by CITY and the Engineer. The above notwithstanding, Engineer shall retain all rights in its standard drawing details, designs, specifications, databases, computer software and any other proprietary and intellectual property information provided pursuant to this Contract, whether or not such proprietary information was modified during the course of providing the services.

6. Insurance

A. Engineer agrees to maintain Worker's Compensation and Employer's Liability Insurance to cover all of its own personnel engaged in performing services for CITY under this Contract in at least the following amounts:

Workmen's Compensation – Statutory
Employer's Liability – $100,000.00
Bodily Injury by Disease - $500,000 (policy limits)
Bodily Injury by Disease - $100,000 (each employee)

B. Engineer also agrees to maintain Commercial General Liability, Business Automobile Liability, and Umbrella Liability Insurance covering claims against Engineer for damages resulting from bodily injury, death or property damages from accidents arising in the course of work performed under this Contract in not less than the following amounts:

$2,000,000.00 General aggregate limit

$1,000,000.00 each occurrence sub-limit for all bodily injury or property damage incurred all in one occurrence

$1,000,000.00 each occurrence sub-limit for Personal Injury and Advertising

C. Engineer shall add CITY, its City Council members and employees, as an additional insured on all required insurance policies, except worker's compensation, employer's liability and errors and omissions insurance. The Commercial General Liability Policy and Umbrella Liability Policy shall be of an "occurrence" type policy.

D. Engineer shall furnish CITY with an Insurance Certificate on the date this Contract is executed and accepted by CITY, which confirms that all above required insurance policies are in full force and effect.

E. Engineer agrees to maintain errors and omissions professional liability insurance in the amount of not less than one million dollars ($1,000,000) annual aggregate, on a claims made basis for a period of two years after termination of this contract, as long as reasonably available under standard policies.

7. **INDEMNIFICATION**

ENGINEER SHALL INDEMNIFY AND SAVE HARMLESS THE CITY AND ITS CITY COUNCIL MEMBERS AND EMPLOYEES FROM SUITS, ACTIONS, LOSSES, DAMAGES, CLAIMS, OR LIABILITY, INCLUDING WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, ALL EXPENSES OF LITIGATION, COURT COSTS, AND REASONABLE ATTORNEY'S FEES FOR INJURY OR DEATH TO ANY PERSON, OR INJURY TO ANY PROPERTY, RECEIVED OR SUSTAINED BY ANY PERSON OR PERSONS OR PROPERTY, TO THE EXTENT CAUSED BY THE NEGLIGENT ACTS OF ENGINEER OR EMPLOYEES OR ANYONE FOR WHOM THE ENGINEER IS LEGALLY LIABLE FOR, IN THE EXECUTION OF PERFORMANCE OF THIS CONTRACT.

ENGINEER'S TOTAL LIABILITY TO CITY FOR ANY LOSS OR DAMAGES FROM CLAIMS ARISING OUT OF, OR IN CONNECTION WITH, THIS CONTRACT FROM ANY CAUSE INCLUDING ENGINEER'S STRICT LIABILITY, BREACH OF CONTRACT, OR PROFESSIONAL NEGLIGENCE, ERRORS AND OMISSIONS SHALL NOT EXCEED ONE MILLION DOLLARS ($1,000,000.00). NEITHER PARTY TO THIS AGREEMENT SHALL BE LIABLE TO THE OTHER PARTY OR ANY THIRD PARTY CLAIMING THROUGH THE OTHER RESPECTIVE PARTY, FOR ANY SPECIAL, INCIDENTAL, INDIRECT, PUNITIVE, LIQUIDATED, DELAY OR CONSEQUENTIAL DAMAGES OF ANY KIND INCLUDING BUT NOT LIMITED TO LOST PROFITS OR USE OF PROPERTY, FACILITIES OR RESOURCES, THAT MAY RESULT FROM THIS AGREEMENT, OR OUT OF ANY GOODS OR SERVICES FURNISHED HEREUNDER.

8. Addresses for Notices and Communications

CITY	**Engineer**
City Manager	Brad Tribble, P.E.
City of Rockwall	Kimley-Horn & Associates, Inc.
City Hall	12750 Merit Drive
385 S. Goliad	Suite 1000
Rockwall, TX 75087	Dallas, Texas 75251
972-771-7700	972-770-1300

All notices and communications under this Contract shall be mailed or delivered to CITY and Engineer at the above addresses.

9. Successors and Assigns

CITY and Engineer each binds itself and its successors, executors, administrators and

assigns to the other parties of this Contract and to the successors, executors, administrators and assigns of such other parties, in respect to all covenants of this Contract. Except as noted in the first part of this Paragraph, neither CITY nor Engineer shall assign, sublet or transfer its interest in this Contract without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer, council member, employee or agent of any public body which is a party hereto.

10. Termination for Convenience of the Parties

Engineer and CITY may terminate this Contract for their convenience at any time by giving at least thirty (30) days notice in writing to each other. If the Contract is terminated by CITY and/or Engineer as provided herein, Engineer will be paid for the Work provided and expenses incurred up to the termination date, if such final compensation is approved by CITY, in its sole discretion. If this Contract is terminated due to the fault of Engineer, Paragraph 10 hereof, relative to Termination for Cause, shall apply.

11. Changes

CITY may, from time to time, request changes in the Scope of Work of Engineer to be performed hereunder. Such changes, including any increase or decrease in the amount of Engineer's compensation, or time for performance, which are mutually agreed upon by and between CITY and Engineer, shall be incorporated in written amendments to this Contract. Any subsequent contract amendments shall be executed by the City Manager or other authorized representative as designated by the City Manager or City Council.

Any alterations, additions or deletions to the terms of this Contract, including the scope of work, shall be by amendment in writing executed by both CITY and Contractor.

13. Reports and Information

Engineer, at such times and in such forms as CITY may reasonably require, and as specified in the Scope of Work or in additional Contract Amendments shall furnish CITY periodic reports pertaining to the Work or services undertaken pursuant to this Contract, the cost and obligations incurred, or to be incurred in connection therewith, and any other matter covered by this Contract.

14. Entire Agreement

This Contract and its Exhibits and any future Contract Amendments constitute the entire agreement, and supersede all prior agreements and understandings between the parties concerning the subject matter of this Contract.

15. Waiver

The failure on the part of either party herein at any time to require the performance by the other party, of any portion of this Contract, shall not be deemed a waiver of, or in any way affect that party's rights to enforce such provision, or any other provision. Any waiver by any party herein of any provision hereof, shall not be taken or held to be a waiver of any other provision hereof, or any other breach hereof.

16. Severability

The invalidity or unenforceability of any provision of this Contract shall not affect the validity or enforceability of any other provision of this Contract.

17. Survival

Any and all representations, conditions and warranties made by Engineer under this Contract are of the essence of this Contract and shall survive the execution, delivery and termination of it.

18. Governing Powers and Law

Both Parties agree and understand that the City does not waive or surrender any of its governmental powers by execution of this Agreement. To that end, the parties further understand that this agreement shall not be considered a contract for goods or services under Texas Local Government Code, Section 271.151 and Contractor waives any right or entitlement granted said provisions. This Contract is governed by the laws of the State of Texas and all obligations of the parties under this Contract are performable in Rockwall County, Texas.

19. Attorney's Fees

If it is necessary for either Party herein to file a cause of action at law or in equity against the other Party due to: (a) a breach of this Contract by the other Party and/or (b) any intentional and/or negligent act or omission by the other Party arising out of this Contract, the non-breaching or non-negligent Party shall be entitled to reasonable attorney's fees and costs, and any necessary disbursements, in addition to any other relief to which it is legally entitled.

20. State or Federal Laws

This Contract is subject to all applicable federal and state laws, statutes, codes, and any applicable permits, ordinances, rules, orders and regulations of any local, state or federal government authority having or asserting jurisdiction, but nothing contained herein shall be construed as a waiver of any right to question or contest any such law, ordinance, order, rule or regulation in any forum having jurisdiction.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Richard Crowley, City Manager**

FROM: **Lea Ann Ewing, Purchasing Agent**

DATE: **October 13, 2014**

SUBJECT: **Purchase of 2015 Model Chevrolet Tahoes for Fire Inspectors**

Two (2) new Chevrolet Tahoes are approved in the current budget along with the emergency/safety equipment for these vehicles. Total budget is $94,900 funded out of General Fund reserves.

This Tahoe is available from Caldwell County Chevrolet through the Texas Association of School Boards (Buy Board) purchasing cooperative contract #430-13.

The City is a member of numerous purchasing cooperatives, the Buy Board as well as H-GAC, TIPS/TAPS, Texas Correctional Industries, Collin County, Dallas County, US Communities, City of Plano, City of Lewisville, Dallas County and City of Bedford to name a few. We have participated and purchased commodities, vehicles and equipment through these purchasing cooperatives for many years to take advantage of contracts already in place to gain additional discounts through volume buying. As a member and participant in the Buy Board program, the City has met all formal bidding requirements pertaining to the purchase of these new vehicles.

Staff asks City Council to consider authorizing the City Manager to execute a purchase order to Caldwell Country for the vehicles as described above for the total bid award of $72,482. The remaining $22,418 budgeted dollars will be used for the purchase and install of emergency/safety equipment such as lights, siren, radio and decals for both vehicles.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rockwall City Council**

FROM: **Joey Boyd, Director of Internal Operations**

DATE: **October 13, 2014**

SUBJECT: **Lease Amendment for Rockwall Police Department – John Fitzwater, Sr. Community Services Center**

The Rockwall Police Department has leased office space at 1113 Ridge Road in the former Brookshires Shopping Center since 1996. The John Fitzwater, Sr. Community Service Center is the storefront where police officers and volunteers promote and operate the following programs:

- Citizens Police Academy
- Citizens on Patrol
- Crime Stoppers
- Texas Night Out
- Neighborhood Crime Watch
- Unidos Program
- School Resource Officer Program
- Other Crime Prevention Programs

Attached for the City Council's consideration is the 5th amendment to this agreement. The key elements are:

1. Term of the contract is 4 years
2. Monthly rent is the current rate of $1,300.00
3. The landlord is providing a $5,000.00 allowance for remodeling of the interior of the facility. The City will match the amount to complete desired upgrades. New furniture was budgeted this year to replace 25 year old existing furniture as well.
4. Funds are available in the Police Department Community Services Operating Budget for this agreement

The City Council is asked to authorize the City Manager to execute the lease agreement with Benbrooke Ridge Partners, L.P.

117

FIFTH AMENDMENT TO LEASE AGREEMENT

THIS FIFTH AMENDMENT TO LEASE AGREEMENT entered into this ____ day of _____ _____, 20____ by and between BENBROOKE RIDGE PARTNERS L.P. (hereinafter referred to as "Landlord") and CITY OF ROCKWALL (hereinafter referred to as "Tenant").

WITNESSETH:

WHEREAS, Landlord and Tenant entered into a certain Lease Agreement dated October 1, 1996, amended by First Amendment to Lease Agreement dated August 6, 2001, amended by Second Amendment to Lease Agreement dated September 9, 2004, and further amended by Third Amendment to Lease Agreement dated July 19, 2007, and further amended by Fourth Amendment to Lease Agreement dated August 13, 2009 (hereinafter referred to as the "Lease") whereby Landlord leased to Tenant the premises of approximately 1,200 square feet known as 1113 Ridge Road, Rockwall, Texas 75087; and

WHEREAS, Landlord and Tenant now desire to modify the Lease Agreement;

NOW THEREFORE, in consideration of the conditions of this Fifth Amendment to Lease Agreement, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by the execution and delivery hereof, Landlord and Tenant agree that the Lease Agreement shall be modified and amended as follows:

1) DEFINITIONS: All terms appearing having their first letter capitalized and not otherwise defined shall have the respective meanings set forth in the Lease.

2) LEASE TERM: The base term of the Lease is hereby extended for four (4) years beginning October 1, 2014 until September 30, 2018.

3) MINIMUM RENT: Minimum Rent shall be paid according to the following schedule:

Months 1-48: $1,300.00 per month ($13.00 per square foot)

4) TRIPLE NET EXPENSES: The current estimated minimum monthly Common Area Maintenance, Taxes and Insurance charges (Triple Net Expenses) are:

Common Area Maintenance	$132.00/mo.	($1.32 p.s.f.)
Taxes	$170.00/mo.	($1.70 p.s.f.)
Insurance	$ 26.00/mo.	($0.26 p.s.f.)
Total Payment per Month:	$328.00/mo.	($3.28 p.s.f.)

All triple net charges are subject to an annual adjustment as provided by the terms of the Lease.

5) TENANT IMPROVEMENT ALLOWANCE: Landlord will provide Tenant $5,000.00 for remodeling allowance as evidenced by copies of construction contract and/or paid invoices. This allowance will be paid upon i) Landlord's reasonable satisfaction of completion of Tenant's improvements, ii) Tenant furnishing Landlord with a lien waiver from Tenant's contractor(s), and iii) Tenant being open for business in the Demised Premises. The providing of the Tenant Improvement Allowance by the Landlord will be subject to a time period of one (1) year from the execution date of this Fifth Amendment to Lease Agreement. If Tenant does not replace the carpet in the Demised Premises and request reimbursement for the Tenant Improvement Allowance within said one (1) year period, then Landlord will not be obligated to provide any or all of the Tenant Improvement Allowance.

6) CONFIDENTIALITY: Tenant agrees to use its best efforts to keep confidential the rent payable hereunder and other business terms of this Lease except as the disclosure of such information may be necessary in response to Subpoena, Court Order or other legal process or in the enforcement of Tenant's rights under this Lease.

7) REAFFIRMATION OF THE LEASE: Except as amended by this Fifth Amendment to Lease Agreement, and the certain First Amendment to Lease Agreement, Second Amendment to Lease Agreement, Third Amendment to Lease Agreement, Fourth Amendment to the Lease Agreement and original Lease mentioned above, but as so amended, the Lease in all respects is ratified and confirmed and all of the terms, provisions and conditions thereof shall be and remain in full force and effect.

IN WITNESS WHEREOF, the parties hereto have caused this Fifth Amendment to Lease Agreement to be executed by their respective officers as of the date first above written.

FOURTH AMENDMENT TO LEASE AGREEMENT

THIS FOURTH AMENDMENT TO LEASE AGREEMENT entered into this 13 day of August, 2009 by and between BENBROOKE RIDGE PARTNERS L.P. (hereinafter referred to as "Landlord") and CITY OF ROCKWALL (hereinafter referred to as "Tenant").

WITNESSETH:

WHEREAS, Landlord and Tenant entered into a certain Lease Agreement dated October 1, 1996, amended by First Amendment to Lease Agreement dated August 6, 2001, amended by Second Amendment to Lease Agreement dated September 9, 2004, and further amended by Third Amendment to Lease Agreement dated July 19, 2007 (hereinafter referred to as the "Lease") whereby Landlord leased to Tenant the premises of approximately 1,200 square feet known as 1113 Ridge Road, Rockwall, Texas 75087; and

WHEREAS, Landlord and Tenant now desire to modify the Lease Agreement;

NOW THEREFORE, in consideration of the conditions of this Fourth Amendment to Lease Agreement, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by the execution and delivery hereof, Landlord and Tenant agree that the Lease Agreement shall be modified and amended as follows:

1) DEFINITIONS: All terms appearing having their first letter capitalized and not otherwise defined shall have the respective meanings set forth in the Lease.

2) LEASE TERM: The base term of the Lease is hereby extended for three (3) years beginning October 1, 2010 until September 30, 2013.

3) MINIMUM RENT: Minimum Rent shall be paid according to the following schedule:

Months 1-12:	$1,250.00 per month	($12.50 per square foot)
Months 13-24:	$1,275.00 per month	($12.75 per square foot)
Months 25-36:	$1,300.00 per month	($13.00 per square foot)

4) TRIPLE NET EXPENSES: The current estimated minimummonthly Common Area Maintenance, Taxes and Insurance charges (Triple Net Expenses) are:

Common Area Maintenance	$168.00/mo.	($1.68 p.s.f.)
Taxes	$108.00/mo.	($1.08 p.s.f.)
Insurance	$ 22.00/mo.	($0.22 p.s.f.)
Total Payment per Month	$298.00/mo.	($2.98 p.s.f.)

All triple net charges are subject to an annual adjustment as provided by the terms of the Lease.

5) TENANT IMPROVEMENT ALLOWANCE: Landlord will provide Tenant up to $1.50 p.s.f. or $1,800.00 for new carpet allowance as evidenced by copies of construction contract and/or paid invoices. This allowance will be paid upon i) Landlord's reasonable satisfaction of completion of Tenant's improvements, ii) Tenant furnishing Landlord with a lien waiver from Tenant's contractor(s), and iii) Tenant being open for business in the Demised Premises. The providing of the Tenant Improvement Allowance by the Landlord will be subject to a time period of one (1) year from the execution date of this Fourth Amendment to Lease Agreement. If Tenant does not replace the carpet in the Demised Premises and request reimbursement for the Tenant Improvement Allowance within said one (1) year period, then Landlord will not be obligated to provide any or all of the Tenant Improvement Allowance.

6) CONFIDENTIALITY: Tenant agrees to use its best efforts to keep confidential the rent payable hereunder and other business terms of this Lease except as the disclosure of such information may be necessary in response to Subpoena, Court Order or other legal process or in the enforcement of Tenant's rights under this Lease.

7) REAFFIRMATION OF THE LEASE: Except as amended by this Fourth Amendment to Lease Agreement, and the certain First Amendment to Lease Agreement, Second Amendment to Lease Agreement, Third Amendment to Lease Agreement and Lease mentioned above, but as so amended, the Lease in all respects is ratified and confirmed and all of the terms, provisions and conditions thereof shall be and

119

THIRD AMENDMENT TO LEASE AGREEMENT

THIS THIRD AMENDMENT TO LEASE AGREEMENT entered into this 19 day of JULY, 2007 by and between BENBROOKE RIDGE PARTNERS L.P. (hereinafter referred to as "Landlord") and CITY OF ROCKWALL (hereinafter referred to as "Tenant").

WITNESSETH:

WHEREAS, Landlord and Tenant entered into a certain Lease Agreement dated October 1, 1996, amended by First Amendment to Lease Agreement dated August 6, 2001, and further amended by Second Amendment to Lease Agreement dated September 9, 2004 whereby Landlord leased to Tenant the premises of approximately 1,200 square feet known as 1113 Ridge Road, Rockwall, Texas 75087; and

WHEREAS, Landlord and Tenant now desire to modify the Lease Agreement;

NOW THEREFORE, in consideration of the conditions of this Third Amendment to Lease Agreement, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by the execution and delivery hereof, Landlord and Tenant agree that the Lease Agreement shall be modified and amended as follows:

1) DEFINITIONS: All terms appearing having their first letter capitalized and not otherwise defined shall have the respective meanings set forth in the Lease.

2) LEASE TERM: The base term of the Lease is hereby extended for three (3) years beginning October 1, 2007 until September 30, 2010.

3) MINIMUM RENT: Minimum Rent shall be paid according to the following schedule:

Months 1-12:	$1,100.00 per month	($11.00 per square foot)
Months 13-24:	$1,150.00 per month	($11.50 per square foot)
Months 25-36:	$1,200.00 per month	($12.00 per square foot)

4) TRIPLE NET EXPENSES: The current estimated minimum monthly Common Area Maintenance, Taxes and Insurance charges (Triple Net Expenses) are:

Common Area Maintenance	$151.00/mo.	($1.51 p.s.f.)
Taxes	$124.00/mo.	($1.24 p.s.f.)
Insurance	$ 18.00/mo.	($0.18 p.s.f.)
Total Payment per Month:	$293.00/mo.	($2.93 p.s.f.)

All triple net charges are subject to an annual adjustment as provided by the terms of the Lease.

5) TENANT IMPROVEMENT ALLOWANCE: Landlord will provide Tenant up to $1.50 p.s.f. or $1,800.00 for new carpet allowance as evidenced by copies of construction contract and/or paid invoices. This allowance will be paid upon i) Landlord's reasonable satisfaction of completion of Tenant's improvements, ii) Tenant furnishing Landlord with a lien waiver from Tenant's contractor(s), and iii) Tenant being open for business in the Demised Premises. The providing of the Tenant Improvement Allowance by the Landlord will be subject to a time period of one (1) year from the execution date of this Third Amendment to Lease Agreement. If Tenant does not replace the carpet in the Demised Premises and request reimbursement for the Tenant Improvement Allowance within said one (1) year period, then Landlord will not be obligated to provide any or all of the Tenant Improvement Allowance.

6) CONFIDENTIALITY: Tenant agrees to use its best efforts to keep confidential the rent payable hereunder and other business terms of this Lease except as the disclosure of such information may be necessary in response to Subpoena, Court Order or other legal process or in the enforcement of Tenant's rights under this Lease.

7) REAFFIRMATION OF THE LEASE: Except as amended by this Third Amendment to Lease Agreement, and the certain First Amendment to Lease Agreement, Second Amendment to Lease Agreement and Lease mentioned above, but as so amended, the Lease in all respects is ratified and confirmed and all of the terms, provisions and conditions thereof shall be and remain in full force and effect.

120

THIRD AMENDMENT TO LEASE AGREEMENT

THIS THIRD AMENDMENT TO LEASE AGREEMENT entered into this ____ day of _____ _____, 20___ by and between BENBROOKE RIDGE PARTNERS L.P. (hereinafter referred to as "Landlord") and CITY OF ROCKWALL (hereinafter referred to as "Tenant").

WITNESSETH:

WHEREAS, Landlord and Tenant entered into a certain Lease Agreement dated October 1, 1996, amended by First Amendment to Lease Agreement dated August 6, 2001, and further amended by Second Amendment to Lease Agreement dated September 9, 2004 whereby Landlord leased to Tenant the premises of approximately 1,200 square feet known as 1113 Ridge Road, Rockwall, Texas 75087; and

WHEREAS, Landlord and Tenant now desire to modify the Lease Agreement;

NOW THEREFORE, in consideration of the conditions of this Third Amendment to Lease Agreement, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by the execution and delivery hereof, Landlord and Tenant agree that the Lease Agreement shall be modified and amended as follows:

1) DEFINITIONS: All terms appearing having their first letter capitalized and not otherwise defined shall have the respective meanings set forth in the Lease.

2) LEASE TERM: The base term of the Lease is hereby extended for three (3) years beginning October 1, 2007 until September 30, 2010.

3) MINIMUM RENT: Minimum Rent shall be paid according to the following schedule:

Months 1-12:	$1,100.00 per month	($11.00 per square foot)
Months 13-24:	$1,150.00 per month	($11.50 per square foot)
Months 25-36:	$1,200.00 per month	($12.00 per square foot)

4) TRIPLE NET EXPENSES: The current estimated minimum monthly Common Area Maintenance, Taxes and Insurance charges (Triple Net Expenses) are:

Common Area Maintenance	$151.00/mo.	($1.51 p.s.f.)
Taxes	$124.00/mo.	($1.24 p.s.f.)
Insurance	$ 18.00/mo.	($0.18 p.s.f.)
Total Payment per Month:	$293.00/mo.	($2.93 p.s.f.)

All triple net charges are subject to an annual adjustment as provided by the terms of the Lease.

5) TENANT IMPROVEMENT ALLOWANCE: Landlord will provide Tenant up to $1.50 p.s.f. or $1,800.00 for new carpet allowance as evidenced by copies of construction contract and/or paid invoices. This allowance will be paid upon i) Landlord's reasonable satisfaction of completion of Tenant's improvements, ii) Tenant furnishing Landlord with a lien waiver from Tenant's contractor(s), and iii) Tenant being open for business in the Demised Premises. The providing of the Tenant Improvement Allowance by the Landlord will be subject to a time period of one (1) year from the execution date of this Third Amendment to Lease Agreement. If Tenant does not replace the carpet in the Demised Premises and request reimbursement for the Tenant Improvement Allowance within said one (1) year period, then Landlord will not be obligated to provide any or all of the Tenant Improvement Allowance.

6) CONFIDENTIALITY: Tenant agrees to use its best efforts to keep confidential the rent payable hereunder and other business terms of this Lease except as the disclosure of such information may be necessary in response to Subpoena, Court Order or other legal process or in the enforcement of Tenant's rights under this Lease.

7) REAFFIRMATION OF THE LEASE: Except as amended by this Third Amendment to Lease Agreement, and the certain First Amendment to Lease Agreement, Second Amendment to Lease Agreement and Lease mentioned above, but as so amended, the Lease in all respects is ratified and confirmed and all of the terms, provisions and conditions thereof shall be and remain in full force and effect.

121

RIDGE ROAD SHOPPING CENTER

LEASE

This LEASE dated the _____ day of _____, 19_ between Benbrooke Ridge Partners, L.P., known herein as Landlord, and City of Rockwall, known herein as Tenant.

Landlord hereby leases to Tenant and Tenant hereby rents from Landlord the Demised Premises (as defined in Section 1.01). Intending to be legally bound under this Lease and in consideration of $1.00 and other good and valuable consideration, Landlord and Tenant agree with each other as follows:

ARTICLE 1. Lease Schedule

The following definitions shall be applicable to the various provisions of this Lease which refer to them:

SECTION 1.01 Demised Premises: Suite # 1113 / Street address 1113 Ridge Road, Rockwall, Texas 75087 of the Shopping Center situated as set forth on Exhibit "A", including any alterations, additions, or repairs made thereto.

SECTION 1.02 Commencement Date and Expiration Date:

(a) Commencement Date: October 1, 1996, or the date Tenant opens for business, whichever shall first occur.

(b) Expiration Date: The earlier of September 30, 2001, or the last day of that month during which falls the fifth (5th) anniversary of the Commencement Date.

SECTION 1.03 Rent:

(a) Minimum Rent: Minimum Rent shall be payable at the annual rate of $ See Exhibit "G", calculated as the product of the total square footage of the Demised Premises (approximately 1,200 square feet), as determined by Landlord's architect (computed on the basis of exterior dimensions), times $ See Exhibit "G" /square foot. Should construction of the Demised Premises be incomplete at the time of execution of this Lease, the amount set forth in this section as minimum rent will be adjusted accordingly upon the completion of the construction of the Demised Premises and subsequent measurements made by Landlord's architect.

(b) Percentage of Gross Sales: N/A percent.

(c) Prepaid Rent: $501.00

SECTION 1.04 Taxes:

(a) Initial 1/12 escrow: $ 53.00

SECTION 1.05 Tenant's Maintenance Contribution:

(a) Initial 1/12 contribution: $ 83.00

SECTION 1.06 Security:

(a) Security Deposit: $ 751.00

SECTION 1.07 Insurance:

(a) Initial 1/12 reimbursement: $ 15.00

SECTION 1.08 Use:

(a) Tenant's Permitted Use: Crime Prevention office which offers on site awareness programs, seminars and printed materials to the local community. Said office will not be used as a jail or processing facility for criminals or for criminal suspects.

(b) Tenant's Business Name: City of Rockwall

SECTION 1.09 Shopping Center:

(a) Name of Shopping Center: Ridge Road Shopping Center

(b) Location: Near the intersection of FM 740 (Ridge Road) and State Hwy. 205, Rockwall, Texas

SECTION 1.10 Notice Addresses:

(a) Landlord's Notice Address:
c/o Pyramid Management
Attn: Susan Matthews
5323 Spring Valley Road, Suite 150
Dallas, Texas 75240

(b) Tenant's Notice Address:
Rockwall City Hall
205 W. Rusk
Rockwall, Texas 75087

ARTICLE II. Definitions

As used in this Lease, the following words and phrases have the following meanings:

SECTION 2.01 Common Area: means the entire Shopping Center except the portions of the Shopping Center upon which buildings, structures or other improvements have been erected and except the areas designated for other uses on Exhibit "A".

SECTION 2.02 Expiration Date: the Expiration Date of this Lease is the date shown in SECTION 1.02(b). If this Lease is cancelled or terminated prior to the originally fixed Expiration Date, then the Expiration Date shall be the date on which this Lease is so cancelled or terminated. (But if this Lease is cancelled or terminated prior to the originally fixed Expiration Date by reason of Tenant's Default, Tenant's liability under the provisions of this Lease shall continue until the date the term of this Lease would have expired had the cancellation or termination not occurred.)

SECTION 2.03 Force Majeure: means any period of delay which arises from or through Acts of God; strikes, lockouts, or labor difficulty; explosion, sabotage, accident, riot, or civil commotion; act of war; fire or other casualty; legal requirements; delays caused by the other party; and causes beyond the reasonable control of a party.

SECTION 2.04 Insurance Requirements: means the applicable provisions of the insurance policy carried by Landlord covering the Demised Premises, the Shopping Center, or any part of either; all requirements of the issuer of any such policy; and the applicable regulations and other requirements of the National Board of Fire Underwriters, any applicable local board of fire underwriters, and any other body exercising a similar function.

SECTION 2.05 Mortgage: means any mortgage, deed to secure debt, trust indenture, or deed of trust which may now or later encumber or be a lien upon the Demised Premises, the Shopping Center, the real property of which the Shopping Center forms a part, or Landlord's interest in any of them; and any spreading agreements, renewals, modifications, consolidations, replacements and extensions of any instrument referred to in this section.

SECTION 2.06 Mortgagee: means the holder of a Mortgage.

SECTION 2.07 Parking Area: means the portions of the Shopping Center which are designated as such by Landlord from time to time.

SECTION 2.08 Person: means an individual, fiduciary, estate, trust, partnership, firm, association, corporation, or other organization, or a government; or governmental authority.

SECTION 2.09 Pro Rata Share: means the proportion that the floor area of the Demised Premises bears to the floor area of all of the rentable space of the buildings situated in the Shopping Center. Floor area shall be computed on the basis of exterior dimensions.

SECTION 2.10 Repair: includes the words "replacement and restoration", "replacement or restoration", "replace and restore", or "replace or restore", as the case may be.

SECTION 2.11 Tenant's Agents: includes Tenant's employees, servants, licensees, tenants, subtenants, assignees, contractors, heirs, successors, legatees, and devisees.

ARTICLE III. Term

SECTION 3.01 Term: The term of this Lease shall commence on the Commencement Date as set forth in Section 1.02 of this Lease. The date upon which the term herein commences is referred to as the "Commencement Date".

SECTION 3.02 Short Form Lease: Upon request of either party, the other shall execute (a) a document in recordable form setting forth the exact Commencement Date of the term hereof and/or (b) a short form lease or memorandum of lease in proper form for recording setting forth the Commencement Date and any provision of this Lease other than Article V or Section 1.03, 1.04, 1.05, 1.06, and 1.07. Any recording shall be at the expense of the party requesting the short form lease to be filed.

ARTICLE IV. Rent, Security, Tax Increases

SECTION 4.01 Minimum Rent: During the term of this Lease, Tenant shall pay Minimum Rent to Landlord. Minimum Rent shall be paid without notice or demand. The annual rate of Minimum Rent shall be as set forth in Subsection 1.03(a). Minimum Rent shall be paid in equal monthly installments. Each monthly installment shall be due in advance. The first monthly installment shall be due on the Commencement Date. Each subsequent installment shall be due on the first day of each month during the term of this Lease next ensuring after the Commencement Date. If the Commencement Date is not the first day of any month, Minimum Rent for the first month of the Term shall be one-thirtieth of a normal monthly rent installment for each day of the period from the Commencement Date to the last day of the month in which the Commencement Date occurs. If the Expiration Date shall not be the last day of a month, Minimum Rent for the month in which the Expiration Date occurs shall be one-thirtieth of a normal rent installment for each day of the period from the first day of that month to the Expiration Date

123

after the expiration of each such six month period. The interim payment shall be credited against Tenant's obligation under subsection (a) of this Section. If the amount of the annual Percentage Rent is less than an interim payment, Landlord shall refund the difference to Tenant within ten days after receipt of Tenant's annual statement of Gross Sales.

(c) Percentage Rent shall be computed separately with respect to each Lease Year. There shall be no carry-backs or carry-forwards with respect to any Lease Year.

SECTION 4.03 Real Estate Taxes:

(a) In addition to all other payments and charges Tenant is required to pay under this Lease, Tenant shall pay its Pro Rata Share of "Impositions" (as defined below) to Landlord. Landlord shall pay the impositions prior to delinquency to the governmental authority collecting the same. Tenant shall escrow with Landlord 1/12 of Tenant's pro rata share of the impositions monthly at the same time but in addition to Tenant's installment of Minimum Rent. Initially the imposition used to calculate the 1/12 escrow shall be an estimate based upon the imposition on the Ridge Road Center. When an imposition has been assessed based on the entire improvements, the 1/12 escrow shall be based on the last imposition assessed, imposed, or levied. If Tenant's pro rata share of the imposition is more than the amount escrowed, Tenant shall pay to Landlord the difference within 60 days after Landlord renders a bill with respect thereto. If Tenant's pro rata share of the imposition is less than the amount escrowed, Landlord shall refund the difference to Tenant.

(b) As used in this Lease, the term "Impositions" means taxes and assessments assessed, imposed or levied upon the Shopping Center, the Demised Premises, the Common Area, or the land underlying any of the foregoing during any fiscal tax year which occurs wholly or partially during the term of this Lease. The term "Impositions" embraces taxes and assessments which are special, unforeseen, or extraordinary as well as those which are regular, foreseen, or ordinary. If any governmental authority imposes, assesses or levies a tax on rent or any other tax upon Landlord as a substitute in whole or in part for real estate tax or assessment, the substitute tax shall be deemed to be an Imposition and shall be deemed to have been levied upon the Shopping Center.

SECTION 4.04 Lease Year: The first Lease Year shall commence on the Commencement Date and shall end on the day preceding the first anniversary of the Commencement Date. Each Lease Year other than the first Lease Year shall commence on the date next following the expiration of the previous Lease Year and shall continue for a period of one full year therefrom except the last Lease Year, which shall end on the Expiration Date.

SECTION 4.05 Definition of Gross Sales:

(a) As used in this Lease, the term "Gross Sales" means the aggregate selling prices of all merchandise sold or delivered at or from any part of the Demised Premises, and the charges for all services sold or performed at or from any part of the Demised Premises. Gross Sales includes sales and charges for cash credit. Credit sales shall be included in Gross Sales regardless of collections.

(b) Gross Sales excludes (i) refunds made by Tenant to its customers for merchandise returned to Tenant; (ii) exchanges of merchandise between stores of Tenant where such exchanges are made solely for the convenient operation of Tenant's business; and (iii) the amount of any city, county or state sales tax on sales paid to a taxing authority by Tenant (but not by any vendor of Tenant).

(c) A sale shall be deemed to be made in the Demised Premises: (i) if the merchandise or services are ordered from the Demised Premises and are filled at the Demised Premises or elsewhere; or (ii) if the merchandise or services are ordered elsewhere, but the order is filled at or from the Demised Premises or the merchandise is delivered from the Demised Premises.

SECTION 4.06 Sales Reports:

(a) Tenant shall submit to Landlord upon Landlord's written request, an annual report which shall set forth the amount of Gross Sales of the preceding twelve (12) calendar months. The annual report shall be due on January 15th of each year during the term. The annual report shall be certified as complete and correct by Tenant's principal financial officer.

(b) Within thirty days after the expiration of each Lease Year and the first six months of each Lease Year, Tenant shall submit to Landlord a statement, showing the amount of Gross Sales for these periods and an itemization of all claimed exclusions therefrom. Tenant shall require any licensees and subtenants to furnish similar statements. Each such report shall be certified as complete and correct by a Certified Public Accountant.

SECTION 4.07 Records and Books:

(a) Tenant shall maintain (and cause any licensee and subtenant to maintain) full and accurate books of account and records from which Gross Sales can be determined and which shall be conveniently segregated from other business matters. These books of account and records shall be kept in the Demised Premises, or in the city where Tenant's main office is located. The records shall be so kept and maintained (properly totalled and added) for at least thirty-six (36) months after the end of the period in question. The foregoing books and records so required to be kept and maintained shall include all federal, state and local tax returns; records of daily bank deposits of the entire receipts from transactions at or from the Demised Premises; sales slips; daily dated cash register tapes; sales books; duplicate bank deposit slips; and bank statements.

(b) All Gross Sales shall be registered at the time each sale is made in cash registers containing locked-in cumulative tapes with cumulative capacity of at least $99,999.00. Tenant shall notify Landlord of the name and serial numbers of all cash registers used at the Demised Premises and of any changes or additions within five days after the use thereof has commenced.

SECTION 4.08 Inspection and Audit

(a) Until the end of the thirty-six month period, Landlord shall have the right to inspect and audit all the books and records and all other papers and files of Tenant and any licensee or subtenant relating to Gross Sales. Any such inspection or audit shall be conducted during regular business hours. Tenant and each licensee or subtenant shall produce the appropriate books and records on request of Landlord.

(b) If any audit shows that the amount of Gross Sales on any statement was understated by more than one percent (1%) of Gross Sales and/or an amount sufficient to reduce Percentage Rent by $1,000.00 for any Lease Year, Tenant shall pay to the Landlord the cost of its audit and investigation. If any audit shows that the amount of Gross Sales was understated so that Landlord shall have been

124

~~financing or prospective sale of the Demised Premises, except with respect to tax proceedings, and except pursuant to any legal requirements.~~

SECTION 4.10 Security:

(a) Tenant shall deposit with Landlord the sum designated as Security in Section 1.06 as security for the full and faithful performance by Tenant of all obligations of Tenant under this Lease or in connection with this Lease. If Tenant is in "Default" (as defined in Section 15.01), Landlord may use, apply or retain all or any part of the Security for the payment of (i) any rent or any other sum of money which Tenant was obligated to pay but did not pay, (ii) any sum expended by Landlord on Tenant's behalf in accordance with the provisions of this Lease, or (iii) any sum which Landlord may expend or be expended as a result of Tenant's Default, including any damages or deficiency in the reletting of the Demised Premises in accordance with Article XV. After an application of the Security Deposit, Tenant shall pay to Landlord, on demand, the amount necessary to replenish the Security Deposit to its original amount. The use, application or retention of the Security or any portion thereof by Landlord shall not prevent Landlord from exercising any other right or remedy provided for under this Lease or at law and shall not limit any recovery to which Landlord may be entitled otherwise.

(b) The Security shall bear no interest. If legally permissible, Landlord shall be entitled to co-mingle the Security with Landlord's other funds.

(c) If Tenant shall fully and faithfully comply with all the provisions of the Lease, the Security or any balance thereof shall be returned to Tenant after the Expiration Date or upon any later date after which Tenant has vacated the Demised Premises. In the absence of evidence satisfactory to Landlord of any assignment of the right to receive the Security or the remaining balance thereof, Landlord may return the Security to the original Tenant, regardless of one or more assignments of Tenant's interest in the Security. In such event, upon the return of the Security (or balance thereof) to the original Tenant, Landlord shall be completely relieved of liability with respect to the Security.

(d) In the event of a transfer of Landlord's interest in the Demised Premises, Landlord shall have the right to transfer the Security to the transferee of Landlord's interest. In such event, Landlord shall be deemed released by Tenant from all liability for the return of the Security; and Tenant agrees to look solely to the transferee for the return of the Security.

(e) The Security shall not be mortgaged, assigned or encumbered by Tenant. No action of Landlord in enforcing its right with respect to a Default shall be deemed to be a termination of this Lease so that Tenant shall be entitled to the return of the Security. No "Mortgagee" shall be liable for the return of the Security.

SECTION 4.11 Additional Rent: Wherever it is provided in this Lease that Tenant is required to make any payment to Landlord, such payment shall be deemed to be additional rent and all remedies applicable to the non-payment of rent shall be applicable thereto. Notwithstanding the foregoing, such additional rent shall not be deemed to be Minimum Rent and shall not be deducted from Percentage Rent.

SECTION 4.12 No Offset: Minimum Rent, Percentage Rent, and additional rent shall be paid without counterclaim, setoff, deduction or defense.

SECTION 4.13 Place of Payment: Minimum Rent, Percentage Rent, Tax Increases and all other charges that Tenant is required to pay to Landlord shall be payable at Landlord's Notice Address or to any other place designated by notice given by Landlord to Tenant.

SECTION 4.14 Late Charges: Tenant hereby acknowledges that late payment to Landlord of rent or other sums due hereunder will cause Landlord to incur costs not contemplated by this Lease, the exact amount of which will be extremely difficult to ascertain. If any rent or other sum due from Tenant is not received by Landlord or Landlord's designated agent within ten (10) days after its due date, then Tenant shall pay to Landlord a late charge to the maximum amount permitted by law (and in the absence of any governing law, ten percent (10%) of such overdue amount), plus any attorney's fees incurred by Landlord by reason of Tenant's failure to pay rent and/or other charges when due hereunder. The parties hereby agree that such late charges represent a fair and reasonable estimate of the cost that Landlord will incur by reason of Tenant's late payment. Landlord's acceptance of such late charges shall not constitute a waiver of Tenant's default with respect to such overdue amount or stop Landlord from exercising any of the other rights and remedies granted hereunder.

ARTICLE V. Condition of Premises, Alterations, Signs

SECTION 5.01 No Representations, etc.: Landlord has made no representations, covenants or warranties with respect to the Demised Premises except as expressly set forth in this Lease.

SECTION 5.02 Alterations: Tenant may not make any alterations to the Demised Premises without the prior written consent of the Landlord. If Landlord grants consent, the alterations shall be performed in a good and workmanlike manner in accordance with all applicable legal requirements and Insurance Requirements.

SECTION 5.03 Mechanics' Liens: Except for costs that Landlord agrees with Tenant in writing to pay (included in Exhibit "D" attached to this Lease), Tenant shall pay for all costs incurred or arising out of alterations, additions or improvements in or to the Demised Premises and shall not permit a mechanic's or materialman's lien to be asserted against the Demised Premises. On Landlord's request, Tenant shall deliver to Landlord proof of payment reasonably satisfactory to Landlord of all costs incurred or arising out of any such alterations, additions or improvements.

SECTION 5.04 Signs:

(a) Tenant shall have the right to install and maintain a sign affixed to the exterior of the Demised Premises (as referenced in Exhibit "C"- Sign Criteria). However, Tenant's right to install and maintain a sign shall be subject to (i) the written approval of Landlord as to dimensions, material, content, location and design; (ii) applicable legal requirements; and (iii) Insurance Requirements. Tenant shall obtain and pay for all permits and licenses required in connection with a sign. Copies of all permits and licenses shall be delivered to

125

keep in force) public liability and workmen's compensation insurance to cover every contractor to be employed. The policies shall be non-cancelable without thirty (30) day's notice to Landlord. Insurance shall be carried with companies reasonably satisfactory to Landlord. Coverage limits shall be reasonably satisfactory to Landlord. Prior to the commencement of the work, Tenant shall deliver duplicate originals or certificates of the insurance policies to Landlord.

ARTICLE VI. Repairs, Compliance, Surrender

SECTION 6.01 Repairs and Maintenance: Tenant shall make all repairs to the interior of the Demised Premises, except as are occasioned by defective materials and workmanship in the original construction, which are necessary or desirable to keep the Demised Premises in good order and repair and in a safe, dry and tenantable condition. Tenant shall keep the Demised Premises in a clean and sanitary condition and free from vermin and escaping offensive odors.

SECTION 6.02 Approval by Landlord of Repairs and Alterations: If the reasonable cost of any repair or alteration required or permitted to be performed by Tenant under any provision of this Lease shall be in excess of One Thousand Dollars, Tenant shall give notice to Landlord before any work is performed. Except in the event of an emergency, Landlord may give notice to Tenant (within ten (10) days after Tenant's notice is given) that it desires to approve plans and specifications with respect to repairs or alterations. If Landlord gives such notice to Tenant, no repair or alteration shall be commenced until plans and specifications therefor shall have been submitted to and approved by Landlord. After approval of the plans and specifications, the work shall then be commenced promptly, performed in accordance with the approved plans and specifications, and prosecuted diligently to completion.

SECTION 6.03 Compliance: Tenant shall observe and comply promptly with all present and future legal requirements and Insurance Requirements relating to or affecting the Demised Premises, or any sign of Tenant, or the use and occupancy of the Demised Premises. Landlord shall not be liable to Tenant for the failure of any tenant or other person to comply with such requirements.

SECTION 6.04 Electrical Lines: If Tenant installs any electrical equipment that overloads the lines in the Demised Premises or the Shopping Center, Landlord may require Tenant to make whatever lines as may be necessary to render the same in good order and repair, and in compliance with all Insurance Requirements and applicable legal requirements.

SECTION 6.05 Emergency Repairs: If, in any emergency, it shall become necessary to make promptly any repairs or replacements required to be made by Tenant, Landlord may re-enter the Demised Premises and proceed the cost thereof. Within thirty days after Landlord renders a bill therefor, Tenant shall reimburse Landlord for the cost of making the repairs.

SECTION 6.06 Surrender of Premises: On the Expiration Date, Tenant shall quit and surrender the Demised Premises broom clean and in good condition and repair together with all alterations, fixtures, installations, additions and improvements which may have been made in or attached on or to the Demised Premises. Upon surrender, Tenant shall remove its trade fixtures, and Tenant shall repair any damage to the Demised Premises caused thereby. Landlord may require Tenant to restore the Demised Premises so that the Demised Premises shall be as they were on the Commencement Date.

ARTICLE VII. Services and Utilities

SECTION 7.01 Electric Service: Tenant shall cause an electric meter to be installed for the Demised Premises at Tenant's expense. Tenant shall keep the meter at the Demised Premises in good order and repair. Tenant shall pay for all electricity consumed at the Demised Premises.

SECTION 7.02 Heat, Hot Water, Air Conditioning: Landlord shall not be required to supply heat, hot water, or air conditioning to Tenant. Tenant shall supply its own requirements of heat, hot water and air-conditioning with respect to the Demised Premises. Any heating system, air-conditioning system or hot water system installed on the Demised Premises becomes a part of the Demised Premises.

~~SECTION 7.03 Water Meter: Tenant shall install a water meter at the Demised Premises. Tenant shall keep the meter and any installation equipment in good order and repair. Tenant shall pay for water consumed at the Demised Premises as shown on the meter. In addition Tenant shall pay any sewer rent or charges or any other tax, rent, levy or charge imposed in connection with Tenant's use, consumption or supply of electricity, water, water system, or sewerage connection or system. If any sewer or water rent, charge, tax or levy is imposed against the Shopping Center, Tenant shall pay its Pro Rata share thereof.~~

SECTION 7.04 Payment for Utility Service: The payments Tenant is required to make under Section 7.01, 7.02 and 7.03 shall be made within ten days after a bill is rendered with respect thereto.

SECTION 7.05 Tenant shall submit to Landlord a copy of the Certificate of Occupancy as soon as it is received from the City. None of the charges set forth in this article shall be deemed "Taxes" or "Tax Increases" within the meaning of Article IV.

ARTICLE VIII. Use and Operation

SECTION 8.01 Use: Tenant shall use the Demised Premises for the uses designated as Permitted Uses in subsection 1.08(a) subject to applicable legal requirements and for no other purpose.

(e) Tenant shall use its best efforts to achieve a maximum sales volume in the Demised Premises.

(f) Tenant shall conduct its business under the name designated as Tenant's Business Name in subsection 1.08(b).

SECTION 8.03 Store Operations:

(a) Window display lights. Tenant shall keep the display windows in the Demised Premises electrically lighted during such reasonable periods of time as may be prescribed by Landlord.

(b) Non-selling space. Tenant shall use for office, clerical or other non-selling purposes only such space in the Demised Premises as is reasonably required for Tenant's business therein. ~~and shall not perform any office or clerical function in the Demised Premises for any other store.~~

(c) Keeping Demised Premises Clean. Tenant shall keep the Demised Premises (including exterior and interior portions of all windows, doors and all other glass, and including adjoining sidewalks and alleys) in a neat and clean condition.

(d) Paying Taxes. Tenant shall pay before delinquency any and all taxes, assessments and public charges levied, assessed or imposed upon Tenant's business or upon Tenant's fixtures, furnishings, inventory or equipment in the Demised Premises.

(e) Paying License Fees. Tenant shall pay when and as due all license fees, permit fees and charges of a similar nature for the conduct by Tenant or any subtenant of any business or undertaking authorized hereunder to be conducted in the Demised Premises.

(f) Exclusive Delivery Facilities. Tenant shall keep and maintain in good order, condition and repair any loading platform, truck dock and/or truck maneuvering space therefor which is used by Tenant or to which Tenant has the right of exclusive use notwithstanding the fact that the same may be deemed to be a portion of the Common Area. All deliveries shall be made through the rear of the Demised Premises. No deliveries may be made through the front of the Demised Premises without written permission from Landlord.

(g) Garbage. Tenant agrees (i) not to permit the accumulation (unless in concealed metal containers) or burning of any rubbish or garbage in, on or about any part of the Shopping Center, and (ii) if Landlord shall so request, not to permit any garbage or rubbish to be collected or disposed of from the Demised Premises except by Landlord or its designee, at Tenant's expense (but the prices to be charged therefor shall be reasonable).

(h) Rules and Regulations. Tenant shall observe all reasonable rules and regulations established by Landlord from time to time for the Shopping Center. Landlord shall not be liable to Tenant for the failure of any tenant or any other person to comply with such rules and regulations.

(i) Restrictive Covenants. Tenant agrees that it will comply with and observe all restrictive covenants which affect or are applicable to the Demised Premises and the Common Area.

SECTION 8.04 Restrictions on Tenant's Activities at Shopping Center:

(a) Tenant shall not use the sidewalk adjacent to or any other space outside the Demised Premises for display, sale or any other similar undertaking.

(b) Tenant shall not use or permit to be used any advertising medium which is objectionable to Landlord including, but not limited to, any medium which may be seen or heard outside the Demised Premises.

(c) Plumbing Facility Use. Tenant shall not use the plumbing facilities of the Demised Premises for any purpose other than that for which they were constructed. Tenant shall not dispose of any substances in such facilities which may clog, erode, or damage the plumbing pipes, lines, or conduits of the Shopping Center whether through the utilization of "garbage disposal" units or otherwise. If Tenant uses the Demised Premises for the sale, preparation, or service of food for on-premises consumption, Tenant shall install any grease traps that may be necessary or desirable to prevent the accumulation of grease or other wastes in the plumbing facilities servicing the Demised Premises. But notwithstanding anything to the contrary, the foregoing shall not be deemed to permit Tenant to use the Demised Premises as provided in the preceding sentence unless such use is specified in subsection 1.08(a).

(d) Floor load. Tenant shall not place a load on any floor exceeding the floor load per square foot which such floor was designed to carry. Tenant shall not install, operate or maintain any heavy item of equipment in the Demised Premises except in such manner as to achieve a proper distribution of weight.

(e) Exterior of Roof. Tenant shall not use the roof of the Demised Premises for any purpose. Tenant shall not use exterior walls of the Demised Premises except that Tenant may use the show windows of the Demised Premises, and except that Tenant may maintain a sign in accordance with Section 5.04. Landlord reserves the right to build additional stores, levels or buildings above the Demised Premises and none of the foregoing shall be deemed to be a portion of the Demised Premises.

(f) Vending Machines. No coin or token-operated vending machine or similar devise for the sale of any merchandise or services (including pay lockers, pay toilets, scales, amusement devices, video games and machines for the sale of beverages, food, candy, cigarettes or other commodities) may be operated in the Demised Premises.

(g) Freight Handling Equipment. Tenant shall not use any forklift truck, tow truck or any other machine for handling freight except as may be approved by the Landlord.

(h) Sales Restrictions. Notwithstanding anything to the contrary, unless specifically set forth as a Permitted Use in subsection 1.08(a), none of the following activities shall be deemed incidental to the Permitted Uses; and Tenant shall not (i) use the Demised Premises as a bank or other financial institution; (ii) sell, give away or purvey liquor, beer, or alcoholic beverages at the Demised Premises; (iii) sell prescription drugs at the Demised Premises, employ a registered pharmacist therein, or sell any product thereat which may be sold legally only if a registered pharmacist is present; (iv) sell groceries.

(i) Tenant shall install and maintain in proper working condition at Tenant's sole expense one or more fire extinguishers of type, quantity, and location(s) so as to meet the recommendations of the fire insurance carrier of the Demised Premises.

(j) Tenant shall not use the Demised Premises for any purpose which conflicts with existing leases or exclusives in the Shopping Center and shall not be used as a nightclub or for any other use which Landlord would find offensive or disruptive to other tenants in the Shopping Center. This exclusion includes, but is not limited to, a "headshop"; an x-rated theater; an establishment for the sale of pornographic materials; massage parlor; steam bath; nude modeling studio; establishment with nude or semi-nude waiters, waitresses, or entertainers; discount store; second-hand store; army/navy type store; governmental "surplus" store; wholesale or factory outlet store; cooperative store; or similar establishment.

(k) No auction, fire sale, "going out of business" sale, bankruptcy sale, outdoor sale of merchandise or continuous discount

127

SECTION 8.05 Insurance Rate:

(a) Tenant shall comply with all Insurance Requirements relating to or affecting the Demised Premises. If the insurance premiums applicable to the Demised Premises or the Shopping Center exceed the rate that would have been applicable for the Permitted Uses as a result of any failure by Tenant to comply with Insurance Requirements, or as a result of or in connection with the use to which the Demised Premises are put by Tenant, Tenant shall reimburse Landlord for the excess. The reimbursement shall be made within ten days after Landlord renders a bill therefor. For the purposes of this Section, any finding or schedule of a fire insurance rating organization having jurisdiction over the Demised Premises or the Shopping Center shall be deemed to be conclusive.

(b) Landlord shall procure at its own expense during this lease, fire and extended coverage insurance with appropriate endorsements on the buildings composing the Shopping Center, provided, however, Tenant shall reimburse Landlord for Tenant's Pro Rata Share of the premiums for fire insurance by paying 1/12 of Tenant's Pro Rata Share monthly at the same time but in addition to Tenant's installment of minimum rent. Tenant's Pro Rata Share under this section shall be limited to premiums which relate to polices actually carried by Landlord.

SECTION 8.06 Illegal Purposes: Tenant shall not use the Demised Premises for any illegal trade, manufacture, or other business, or any other illegal purpose.

ARTICLE IX. Transfer of Interest, Priority of Lien

SECTION 9.01 Prohibition: Tenant shall not assign or encumber all or any interest in this Lease or the Premises or sublease all or any part of the Premises or allow any other person or entity (except Tenant's authorized representatives, employees, invitees or guests) to occupy or use all or any part of the Premises either voluntarily, involuntarily or by operation of law without first obtaining Landlord's written consent. If Tenant is a partnership, a withdrawal or reduction in partnership interest of any general partner, or the dissolution of the partnership, shall be deemed an assignment. If Tenant consists of more than one person, an assignment from one person to the other shall be deemed an assignment. If Tenant is a corporation, any dissolution or any transfer of twenty-five (25%) or more of the voting stock of Tenant, except for stock which is traded through an exchange or over the counter, shall be deemed an assignment. Any assignment, encumbrance or sublease in violation hereof shall be voidable and, at Landlord's election, shall constitute a default. Acceptance of rent by Landlord from anyone other than Tenant shall not be construed as a waiver by Landlord of the actions prohibited by this paragraph, nor as a release of Tenant from any obligation or liability under the Lease, but the same shall be taken to be a payment on account by Tenant.

SECTION 9.02 Request for Consent; Options of Landlord: If Tenant desires at any time to assign the Lease or to sublet the Premises or any portion thereof, it shall first notify Landlord of its desire to do so and shall submit in writing to Landlord information respecting the proposed subtenant or assignee, financial statements of the proposed subtenant or assignee meeting the requirements of Section 18.13, and the terms of the proposed sublease or assignment as shall be required by Landlord's standard request for consent form. At any time within thirty (30) days after Landlord's receipt of the information specified above, Landlord may by written notice to Tenant elect to (1) not consent to the proposed subletting or assignment; (2) consent to the proposed subletting or assignment, subject to such conditions as Landlord may impose, including but not limited to the increase of the Minimum Guaranteed Rental and Percentage Rent to the market rent, as determined by Landlord, and adjustment of any other aspects of this Lease to bring the same into conformity with Landlord's then current leasing practices which consent shall not be unreasonably withheld provided the proposed assignee's or subtenant's financial condition, as evidenced by a current financial statement meeting the requirements of Section 18.13 hereof, shall comply with Landlord's standard tenant financial requirements for leasing of space in the Shopping Center as of the date of such assignment or sublease and the proposed use of the Premises by such assignee or subtenant shall comply with Article VIII and be of compatible use with other tenants of the Shopping Center; or (3) sublease the Premises as to the portion (including all) of the Premises so proposed to be subleased or assigned, with a proportionate abatement in the rent payable hereunder. If Landlord elects option (3) as provided in the previous sentence, Landlord shall have the right to sublease or assign its subleasehold interest without Tenant's consent being required.

SECTION 9.03 Landlord Consent: If Tenant requests Landlord's consent to an assignment of sublease Landlord and Tenant agree (by way of example and without limitation) that it shall be reasonable for Landlord to withhold its consent if any of the following situations exist or may exist: (1) the proposed subtenant's or assignee's use of the Premises conflicts with the "Use of Premises" as set forth in Section 1.08(a); (2) in Landlord's reasonable business judgment, the proposed subtenant or assignee lacks sufficient business reputation or experience to operate a successful business of the type and quality permitted under this Lease; (3) Tenant is in default pursuant to this Lease; (4) in Landlord's reasonable business judgment, the present net worth of the proposed subtenant or assignee is less than the greater of Tenant's net worth as of the date of this Lease or Tenant's net worth at the date of Tenant's request for consent; (5) in Landlord's reasonable business judgment, the Percentage Rent that Landlord reasonably anticipates receiving from the proposed subtenant or assignee is less than the Percentage Rent which Landlord has received from Tenant; and/or (6) the assignment or sublease would breach any covenant of Landlord respecting radius, location, use or exclusivity in any other lease, financing agreement or other agreement relating to the Shopping Center.

SECTION 9.04 Excess Rent: All rent or other consideration received by Tenant from its subtenants in excess of the rent payable by Tenant to Landlord under this Lease for the sublet space shall be paid to Landlord. Any sums to be paid by an assignee to Tenant in consideration of the assignment of this Lease, whether paid in a lump sum or periodically, shall belong to and be paid to Landlord.

SECTION 9.05 No Waiver: No consent by Landlord to any assignment or subletting by Tenant shall relieve Tenant or any guarantor of Tenant of any obligation to be performed by Tenant under this Lease, whether accruing before of after such assignment or subletting. No consent by Landlord to any assignment, encumbrance or sublease shall operate as a consent to future assignments, encumbrances or subleases.

SECTION 9.06 Assumption of Liability: Each assignee, other than Landlord, shall assume and covenant to perform all obligations of

128

Lease, or if Tenant is a partnership, any partner who is a general partner in Tenant), shall be considered an involuntary assignment by Tenant:

(a) Bankruptcy and Insolvency. "Tenant, et. al." becomes insolvent as defined in the Federal Bankruptcy Code, admits in writing its insolvency or its present or prospective inability to pay its debts as they become due, is unable to or does not pay all or any material portion (in number of dollar amount) of its debts as they become due, permits or suffers a judgment against it which affects "Tenant's, et.al." ability to conduct its business in the ordinary course, (unless enforcement thereof is stayed pending appeal), makes or proposes an assignment for the benefit of creditors, convenes or proposes to convene a meeting of its creditors, or any class thereof, for purposes of effecting a moratorium upon or extension or composition of its debts, proposes any such moratorium, extension, or composition, or commences or proposes to commence any bankruptcy, reorganization, or insolvency proceeding, or other proceeding under any provision or chapter of the Federal Bankruptcy Code or any other federal, state, or other law for the relief of debtors.

(b) Dismissal or Stay of Proceedings. "Tenant, et. al." fails to obtain the dismissal, within thirty (30) days after the commencement thereof, of any bankruptcy, reorganization, or insolvency proceeding, or other proceeding under any law for the relief of debtors, instituted against it by one or more third parties or fails to actively oppose any such proceeding, or, in any such proceeding, defaults or files an answer admitting the material allegations upon which the proceeding was based or alleges its willingness to have an order for relief entered or its desire to seek liquidation, reorganization, or adjustment of any of its debts.

(c) Receivers. Any receiver, trustee, or custodian is appointed to take possession of all or any assets of "Tenant, et. al." or any committee of "Tenant's et al." creditors or any class thereof, is formed for the purpose of monitoring or investigating the financial affairs of "Tenant et al." or enforcing such creditors' rights.

SECTION 9.08 In the event of the transfer and assignment by Landlord of its interest in this Lease and in the building containing the Premises to a person expressly assuming Landlord's obligations under this Lease, Landlord shall thereby be released from any further obligations hereunder, and Tenant agrees to look solely to such successor in interest of the Landlord for performance of such obligations. Any security given by Tenant to secure performance of Tenant's obligations hereunder may be assigned and transferred by Landlord to such successor in interest, and Landlord shall thereby be discharged of any further obligations relating thereto.

SECTION 9.09 Tenant shall not mortgage, pledge or otherwise encumber its interest in this Lease or in the Premises.

SECTION 9.10 Subordination:

(a) At Landlord's election, this Lease shall be subordinate or superior to the lien of any present or future Mortgage, irrespective of the time of execution or the time of recording of the Mortgage. From time to time Landlord may elect that this Lease be subordinate to the lien of any Mortgage. Landlord may exercise the election by giving notice to Tenant. From time to time thereafter, Landlord may elect that this Lease be paramount to the lien of a Mortgage. Landlord may exercise the election by giving notice to Tenant. The exercise of any of the elections provided in this Section shall not exhaust Landlord's right to elect differently thereafter from time to time. However, at any time when the Demised Premises are encumbered by a Mortgage, Landlord may not exercise either election without the consent of the Mortgage.

(b) At the election of Landlord, Subsection (a) shall be self-operative, and no further instrument shall be required. Upon Landlord's request, from time to time, Tenant shall (i) confirm in writing and in recordable form that this Lease is so subordinate or so paramount (as Landlord may elect) to the lien of any Mortgage and/or (ii) execute an instrument making this Lease subordinate or paramount (as Landlord may elect) to the lien of any Mortgage, in a form as may be required by any applicable Mortgagee.

SECTION 9.11 Attornment: If the Demised Premises or the Shopping Center is encumbered by a Mortgage, and the Mortgage is foreclosed, or if the Demised Premises or Shopping Center is sold pursuant to foreclosure or by reason of a default under a Mortgage, the following shall apply notwithstanding the foreclosure, the sale, or the default: (i) Tenant shall not disaffirm this Lease or any of its obligations under this Lease; (ii) At the request of the applicable Mortgagee or purchaser at the foreclosure or sale, Tenant shall attorn to the Mortgagee or purchaser, and execute a new lease for the Demised Premises setting forth all of the provisions of this Lease except that the term of the new lease shall be for the balance of the term of this Lease.

SECTION 9.12 Transfer of Landlord's Interest: The following language shall apply if the Landlord's interest in the Demised Premises is a fee interest: The term "Landlord" as used in this Lease means only the owner for the time being or the Mortgagee in possession for the time being of the Demised Premises. Each time the Demised Premises are sold, the selling Landlord shall be entirely relieved of all obligations and liability under this Lease. If the person who owns the Demised Premises leases his reversionary interest in the Demised Premises subject to the lien of this Lease, that person shall be relieved of all of its liability under this Lease.

SECTION 9.13 Mortgagee's Rights: If Landlord shall notify Tenant that the Demised Premises or the Shopping Center is encumbered by a Mortgage, and shall notify Tenant of the name and address of the Mortgagee; the following shall apply, notwithstanding anything to the contrary: No notice intended for Landlord shall be deemed properly given unless a copy of the notice is simultaneously sent to the Mortgagee by certified or registered mail.

ARTICLE X. Common Area and Shopping Center

SECTION 10.01 Use of Common Area: Landlord hereby grants to Tenant the following privileges to use .portions of the Common Area during the term of this Lease. These privileges may be exercised in common with Landlord and any designee of Landlord, and subject to Landlord's rules and regulations:

(a) Tenant is hereby granted a nonexclusive license to permit its customers to use the sidewalks and customer Parking Areas designated by Landlord from time to time. Tenant is hereby granted a nonexclusive license to permit its employees to use the sidewalks and employee Parking Areas designated by Landlord from time to time. The rights to the use of the Parking Areas by Tenant's customers and employees shall be limited to the right to pass by foot and to parking passage and maneuvering of vehicles. The rights to the use of the sidewalks shall be limited to the right to pass by foot

129

(a) Landlord may close all or any portion of the Common Area including the Parking Area to such extent as may be necessary in the opinion of Landlord's counsel to avoid a dedication of the Common Area or a portion of the Common Area, or to avoid the creation of any rights of the public in the Common Area.

(b) Landlord may close all or any portion of the Common Area temporarily to discourage non-customer use.

(c) Landlord may prohibit parking or passage of motor vehicles in areas previously designated for parking or passage.

(d) Landlord may erect additional buildings on the Common Area or change the location of buildings or other structures set forth on Exhibit "A" to any location in the Shopping Center including the Common Area. Upon erection or change of location, the portion of the Shopping Center upon which buildings or structures have been erected shall no longer be deemed to be a part of the Common Area.

SECTION 10.03 License Numbers: In order to restrict the use by Tenant's employees of Parking Areas designated or which may be designated by Landlord as customer Parking Areas, Tenant shall furnish Landlord with the license numbers of any vehicle of Tenant and Tenant's employees promptly after each request therefor by Landlord.

SECTION 10.04 Tenant's Maintenance Contribution:

(a) Tenant shall pay its Pro Rata Share of the cost of (i) managing, maintaining, operating and making replacements to the Common Area and the performance of Landlord's duties under Section 10.05, (ii) insurance carried with respect to the Common Area, and (iii) 15% of the foregoing amounts to cover Landlord's administrative and overhead expenses. Tenant's initial monthly Maintenance Contribution shall be the sum shown in Section 1.05 of Article 1. After each December 31st Tenant's monthly Maintenance Contribution shall be 1/12th of Tenant's Pro Rata Share of the actual cost of items (i) through (iii) inclusive for the year ending plus 1/12th of Landlord's anticipated increase in expense for the coming year. Any overpayment from the previous year will be applied to the coming year's Contribution.

(b) The Tenant's Maintenance Contribution shall be payable in equal monthly installments. Each installment shall be payable in advance. The first installment shall be payable on the Commencement Date

(c) Should Landlord incur any unanticipated expense in performing its duties under Section 10.05 which is not covered by Tenant's current monthly Maintenance Contribution, Tenant shall be notified by Landlord within a reasonable time after completion of the work (i) that the work was in excess of Tenant's monthly Maintenance Contribution and (ii) Tenant's Pro Rata share of the expense which shall be paid within thirty (30) days of Landlord's notification of the expense.

SECTION 10.05 Landlord's Obligation With Respect to the Common Area: Landlord shall maintain all common areas and keep them clean. Landlord shall decorate the common area for the Christmas season. Landlord shall keep the Parking Area properly paved and in good order and repair throughout the Term. Landlord shall keep the lights on in the Parking Area from sunset until at least the earlier to occur of 11:00 P.M., or one-half hour after each store in the Demised Premises closes on each business day. Landlord shall keep the Parking Area property drained and shall provide painted stripes to designate parking spaces. Landlord shall keep all planted areas groomed and watered.

~~SECTION 10.06 Merchant's Association: Landlord may form a Merchant's Association with such bylaws as Landlord shall determine are necessary. Tenant shall join the Merchant's Association formed by Landlord. The purpose of the Merchant's Association shall include the promotion of the Shopping Center. Tenant shall pay dues to the Merchant's Association in the amount as may be set by the Merchant's Association from time to time. The dues shall be the same amount for each tenant. Merchant's Association dues shall be paid in equal monthly installments. Each installment shall be paid in advance, and shall be due on the first day of each month during the term of this Lease.~~

SECTION 10.07 Apportionment of Charges: If the first and/or last months of the term of this Lease consist of less than full calendar months, then the installment of Tenant's Maintenance Contributions payable under Section 11.04 and Merchant's Association Dues payable under Section 11.06 for these months shall be apportioned on the basis of the number of days of these months that occur during the Term.

ARTICLE XI. Destruction and Fire Insurance

SECTION 11.01 Rent Abatement: If all or any portion of the Demised Premises is damaged by fire or casualty covered by extended coverage insurance not caused by the fault or negligence of Tenant or Tenant's Agents, and this Lease is not terminated pursuant to any provisions of this Lease, the following shall apply: Rent shall abate from the date of the occurrence in the proportion that the area of the portion of the Demised Premises rendered unusable for the Permitted Uses bears to the entire area of the Demised Premises. The abatement shall continue until the Demised Premises, or the portion thereof which shall have been damaged, shall be rebuilt or repaired. If the fire or other casualty is caused by fault or neglect of Tenant or Tenant's Agents, rent shall not abate.

SECTION 11.02 Option to Cancel: This lease shall not be cancelled as a result of fire or casualty except as follows: Landlord and Tenant shall have the option to cancel this Lease if all or a substantial portion of the Demised Premises shall be damaged by fire or casualty. This option may be exercised upon giving notice of cancellation to Tenant within ninety (90) days following the occurrence. Tenant hereby waives all right to cancel this Lease by reason of damage to the Demised Premises as a result of fire or other casualty pursuant to any presently existing or hereafter enacted statute or other law.

SECTION 11.03 Obligation to Rebuild: If all or any portion of the Demised Premises is damaged by fire or other casualty insurable under a standard fire insurance policy with standard extended coverage endorsement, and this Lease is not terminated, Landlord shall repair or rebuild the Demised Premises or such portion to its or their condition immediately prior to the occurrence. The repair or rebuilding shall be commenced within a reasonable time after the occurrence. Landlord shall not be obligated to expend any sums for repair or rebuilding which are greater than the proceeds of any insurance policy carried by Landlord.

extended coverage insurance policies covering the Demised Premises or their contents shall include this clause or endorsement as long as the same shall be obtainable without extra cost, or, if extra cost shall be charged therefor, so long as the other party pays the extra cost. If extra cost shall be chargeable, the party whose policy is subject to the extra cost shall advise the other thereof, and of the amount of the extra cost.

ARTICLE XII. Condemnation

SECTION 12.01 Definitions: As used in this Lease, the following words have the following meanings.

(a) Award: means the award for or proceeds of any Taking less all expenses in connection therewith including attorney's reasonable fees.

(b) Taking: means the taking of, or damage to, the Demised Premises or the Shopping Center or any portion thereof, as the case may be, as the result of the exercise of any power of eminent domain, condemnation, or purchase under threat thereof or in lieu thereof.

(c) Taking Date: means the date on which the condemning authority shall have the right to possession of the Demised Premises or the Shopping Center or any portion thereof as the case may be.

SECTION 12.02 Total or Substantial Taking of Demised Premises: If all of the Demised Premises shall be taken, except for a Taking for temporary use, this Lease shall be cancelled automatically as of the Taking Date. If a part of the Demised Premises shall be taken, Landlord shall have the option to cancel this Lease. The option to cancel may be exercised within six months of the Taking Date by giving Tenant notice that the option has been exercised.

SECTION 12.03 Abatement and Restoration: If all or a portion of the Demised Premises shall be taken, except for a Taking for temporary use, and this Lease shall not be cancelled under Section 12.02, the following shall apply: Minimum Rent shall be reduced in the proportion that the area so taken bears to the entire area of the Demised Premises. Landlord shall restore the remaining portion of the Demised Premises, to the extent practical, to render it reasonably suitable for the Permitted Uses. Landlord shall not be obligated to expend an amount greater than the Award for the restoration.

SECTION 12.04 Taking for Temporary Use: If there is a Taking of the Demised Premises for temporary use, this Lease shall continue in full force and effect, and Tenant shall continue to comply with Tenant's obligations under this Lease, except to the extent compliance shall be rendered impossible or impracticable by reason of the Taking.

SECTION 12.05 Disposition of Awards: All Awards arising from a total or partial Taking of the Demised Premises or of Tenant's leasehold interest awarded to Landlord or Tenant shall belong to and be the property of Landlord without any participation by Tenant. Tenant hereby assigns to Landlord any share of such Award which may be awarded to Tenant. Tenant hereby waives any rights it may have with respect to the loss of its leasehold interest in this Lease and the Demised Premises as a result of a Taking.

ARTICLE XIII. Indemnity and Liability

SECTION 13.01 Indemnity:

(a) As used in Article XIII, "Claims" means any claims, suits, proceedings, actions, causes of action, responsibility, liability, demands, judgments, and executions.

(b) Tenant hereby indemnifies and agrees to save harmless Landlord and Mortgagee from and against all Claims, which either (i) arise from or are in connection with the possession, use, occupation, management, repair, maintenance or control of the Demised Premises or any portion thereof; (ii) arise from or are in connection with any act or omission of Tenant or Tenant's Agents; (iii) result from any Default, breach, violation or non-performance of this Lease or any provision of this Lease by Tenant; or (iv) results in injury to person or property or loss of life sustained in or about the Demised Premises.

(c) Tenant shall defend any Claims against Landlord or Mortgagee with respect to the foregoing or in which they may be impleaded. Tenant shall pay, satisfy and discharge any judgments, orders and decrees which may be recovered against Landlord or Mortgagee in connection with the foregoing.

SECTION 13.02 Liability Insurance:

(a) Tenant shall provide and maintain a comprehensive policy of liability insurance with respect to the Demised Premises. Landlord and any designee of Landlord shall be named as additional insureds. The liability insurance policy shall protect Landlord, Tenant and any designee of Landlord against any liability which arises from any occurrence on or about the Demised Premises or any appurtenance of the Demised Premises, or which arise from any of the Claims indicated in Section 13.01 against which Tenant is required to indemnify Landlord.

(b) The policy is to be written by a good and solvent insurance company, with a rating of A+ or better by Bests, satisfactory to Landlord. The coverage limits of the policy shall be at least $1,000,000 with respect to any one person, at least $3,000,000 with respect to any one accident, and at least $500,000 with respect to property damage.

(c) If it becomes customary for a significant number of tenants of shopping centers to be required to provide liability insurance policies to their landlords with coverage limits higher than the foregoing limits, within thirty days after Landlord's request therefor Tenant shall provide Landlord with an insurance policy whose limits are not less than the then customary limits. The foregoing requirement shall be applicable only once during each five years during the Term.

SECTION 13.03 Plate Glass Insurance: Tenant shall keep all plate glass of the Demised Premises insured against all risks for the benefit of Landlord and Tenant in amounts and with a company satisfactory to Landlord.

cancellation or failure to renew, or material change to, the policies, as the case may be, (i) the insurance shall not be cancelled and shall continue in full force and effect, (ii) the insurance carrier shall not fail to renew the insurance policies for any reason, and (iii) no material change may be made in an insurance policy. As used in the Lease, the term "insurance policy" shall include any extensions or renewals of an insurance policy.

SECTION 13.05 Non-Liability of Landlord: Landlord shall not be responsible or liable to Tenant for any loss or damage caused by the acts or omissions of any persons occupying any space adjacent to or adjoining the Demised Premises. Except for loss or damage caused by Landlord's gross negligence, Landlord shall not be responsible or liable to Tenant for any loss or damage resulting to Tenant or its property from water, gas, or steam; or the bursting, stoppage, or leakage of pipes.

SECTION 13.06 Inability to Perform:

(a) If Landlord fails to perform any of its obligations under this Lease as a result of Force Majeure Landlord shall not be liable for loss or damage for the failure and Tenant shall not be released from any of its obligations under this Lease.

(b) If Landlord is delayed or prevented from performing any of its obligations as a result of Force Majeure, the period of delay or prevention shall be added to the time herein provided for the performance of any such obligation.

ARTICLE XIV. Covenant of Quiet Enjoyment

Landlord covenants that if Tenant pays the rent and all other charges provided for in this Lease, performs all of its obligations provided for under this Lease, and observes all of the other provisions of this Lease, Tenant shall peaceably and quietly enjoy the Demised Premises in accordance with the terms of this Lease without any interruption or disturbance from Landlord.

ARTICLE XV. Failure to Perform: Defaults, Remedies

SECTION 15.01 Defaults, Conditional Limitations

(a) Each of the following events shall constitute a Default:

(i) If an event of insolvency should occur. Each of the following events shall be regarded as events of insolvency:

(u) If Tenant shall make an assignment for the benefit of creditors.

(v) If Tenant shall file or acquiesce to a petition in any court (whether or not pursuant to any statute of the United States or of any state) in any bankruptcy, reorganization, composition, extension, arrangement or insolvency proceedings.

(w) If Tenant shall make an application in any such proceedings for, or acquiesce to, the appointment of a trustee or receiver for it or all of any portion of its property.

(x) If any petition shall be filed against Tenant to which Tenant acquiesces in any court (whether or not pursuant to any statute of the United States or any state) in any bankruptcy, reorganization, composition, extension, arrangement or insolvency proceedings, and the proceedings shall not be dismissed, discontinued or vacated within thirty days.

(y) If Tenant shall be adjudicated a bankrupt, or if any petition referred to in clause (x) shall be approved by any court.

(z) If, in any proceeding pursuant to the application of any person other than Tenant to which Tenant acquiesces, a receiver or trustee shall be appointed for Tenant or for all or any portion of the property of Tenant, and the receivership or trusteeship shall not be set aside within thirty (30) days after such appointment.

(ii) If Tenant's interest in this Lease is assigned by operation of law.

(iii) If Tenant shall vacate the Demised Premises except as authorized in Section 18.15.

(iv) If Tenant shall refuse to take possession of the Demised Premises on the Commencement Date or shall permit the Demised Premises to remain unoccupied and unattended.

(v) If Tenant shall fail to perform its obligations under, or fail to observe, Section 5.02, 5.03, 5.05, and/or 9.01.

(vi) If Tenant shall fail to pay any installment of rent, additional rent, or any other charge required to be paid by Tenant under this Lease when the same shall become due and payable, and the failure shall continue for five (5) days.

(vii) If Tenant shall fail to perform or observe any of its other obligations under this Lease, and the failure shall continue for twenty (20) days.

(viii) If Tenant is a corporation and any part of its shares of stock shall be transferred by sale, assignment, bequest, inheritance, operation of law or other disposition so as to result in a change in the present effective voting control of Tenant by the person owning an effective voting control of Tenant by the person owning a majority of said stock on the date of this Lease.

(b) This Lease is subject to the limitation that, if a Default shall occur, Landlord may give to Tenant a notice of intention to cancel this Lease at the expiration of five (5) days from the date of service of the notice. At the expiration of the five (5) days, the term of this Lease shall expire; and all of the right, title and interest of Tenant under this Lease shall end. Tenant shall then quit and surrender the Demised Premises to Landlord. Tenant's liability under all of the provisions of this Lease shall continue not withstanding any expiration and surrender, and notwithstanding any reentry, repossession or dispossession under Section 15.02.

SECTION 15.02 Landlord's Re-entry: If the term of this Lease shall expire, Landlord or its agents or employees may immediately or at any time thereafter reenter the Demised Premises and remove Tenant, Tenant's Agents, any subtenants, any licensees, any concessionaires and any invitees, and any of its or their property from the Demised Premises. Reentry and removal may be effectuated by summary dispossess proceedings, by any suitable action or proceeding at law, by force, or otherwise. If the term of this Lease shall expire, Landlord may repossess and enjoy the Demised Premises. Landlord shall be entitled to the benefits of all provisions of law respecting the speedy recovery of lands and tenements held over by Tenant or proceedings in forcible entry and detainer. Tenant waives any right to the service of any notice of Landlord's intention to re-enter provided for by any present or future law. Landlord shall not be liable in any way in connection with any action it takes pursuant to this Section. Tenant's liability shall survive Landlord's re-entry, the institution of summary

132

(i) If this Lease shall be cancelled under subsection 15.01(b), Tenant shall pay "Agreed Current Damages" to Landlord. As used in this Lease "Agreed Current Damages" means the difference between (i) the sum of Rent and the expenses to which Landlord may be put in reentering the Demised Premises; repossessing the Demised Premises; making good any Default of Tenant; painting, altering or dividing the Demised Premises; combining the Demised Premises with any adjacent space for any new tenant; putting the Demised Premises in proper repair; protecting and preserving the Demised Premises by placing watchmen and caretakers therein; reletting the Demised Premises (including attorney's fees and disbursements, marshall's fees, and brokerage fees, in so doing); and any expenses which Landlord may incur during the occupancy of any new tenant; minus (ii) the proceeds of any reletting.

(ii) At the end of each month, Tenant shall pay Agreed Current Damages for that month. Each payment shall be made to Landlord at Landlord's notice address or such other address as Landlord may designate by giving notice to Tenant. Any suit brought by Landlord to enforce collection of Agreed Current Damages for any one month shall not prejudice Landlord's right to enforce the collection of Agreed Current Damages for any subsequent month.

(iii) In addition to the foregoing, Tenant shall pay to Landlord such sums as the court which has jurisdiction thereover may adjudge as reasonable attorneys' fees with respect to any successful lawsuit or action instituted by Landlord to enforce the provisions of this lease.

(b) Landlord may relet all or any part of the Demised Premises for all or any part of the unexpired portion of the term of this Lease or for any longer period. Landlord may accept any rental then obtainable; grant any concessions of rent; and agree to paint or make any special repairs, alterations, and decorations for any new tenant as it may deem advisable in its sole and absolute discretion. Landlord shall be under no obligation to relet or to attempt to relet the Demised Premises.

SECTION 15.04 Agreed Final Damages: If this Lease is cancelled in accordance with subsection 15.01(b) and Landlord so elects, Tenant shall pay Landlord "Liquidated and Agreed Final Damages". As used in this Lease, "Liquidated and Agreed Final Damages" means the Rent and all other charges which would have been payable by Tenant from the date of the election to the date when this Lease would have expired if it had not been so cancelled, minus the fair rental value of the Demised Premises for the same period both discounted to present worth at an annual interest factor of four percent (4%). Upon payment of Liquidated and Agreed Final Damages, Tenant shall be under no further liability with respect to the period after the date of cancellation.

SECTION 15.05 Percentage Rent after a Default: For the purpose of computing Percentage Rent after a Default, Gross Sales within any Lease Year shall be deemed to be the average of Tenant's Gross Sales during all of the Lease Years Preceding the Lease Year in which the Default occurred.

SECTION 15.06 Waiver of Right of Redemption: Tenant hereby waives (to the extent legally permissible), for itself and all persons claiming by, through, or under it, any right of redemption or for the restoration of the operation of this Lease under any present or future law in case Tenant shall be dispossessed for any cause, or in case Landlord shall obtain possession of the Demised Premises as herein provided.

SECTION 15.07 Waiver of Trial by Jury: Intentionally deleted.

SECTION 15.08 Landlord's Right to Perform for Account of Tenants:

(a) If Tenant shall be in Default under this Lease, Landlord may cure the Default at any time for the account and at the expense of Tenant. If Landlord cures a Default on the part of Tenant, Tenant shall reimburse Landlord for any amount expended by Landlord in connection with the cure.

(b) If Landlord shall be required to seek enforcement of this Lease by litigation, and Landlord shall prevail in the litigation, Tenant shall reimburse Landlord for Landlord's attorneys' reasonable fees and disbursements.

(c) Landlord shall also be entitled to interest at the maximum legal rate on the amount specified in subsections (a) and (b) from the date the expense is incurred to the date of reimbursement.

(d) The amounts specified in subsections (a), (b) and (c) shall be deemed to be Additional Rent.

SECTION 15.09 Additional Remedies, Waivers, Etc.:

(a) The rights and remedies of Landlord set forth herein shall be in addition to any other right and remedy now and hereafter provided by law. All rights and remedies shall be cumulative and not exclusive of each other. Landlord may exercise its rights and remedies at any time, in any order, to any extent, and as often as Landlord deems advisable without regard to whether the exercise of one right or remedy precedes, concurs with, or succeeds the exercise of another.

(b) A single or partial exercise of a right or remedy shall not preclude a further exercise thereof, or the exercise of another right or remedy from time to time.

(c) No delay or omission by Landlord in exercising a right or remedy shall exhaust or impair the same or constitute a waiver of, or acquiescence to, a Default.

(d) No waiver of a Default shall extend to or affect any other Default or impair any right or remedy with respect thereto.

(e) No action or inaction by Landlord shall constitute a waiver of a Default.

(f) No waiver of a Default shall be effective, unless it is in writing.

SECTION 15.10 Landlord's Liens: Landlord shall have, at all times, a valid security interest to secure payment of all rentals and other sums of money becoming due under this Lease from Tenant, and to secure payment of any damages or loss that Landlord may suffer by reason of the breach by Tenant of any covenant, agreement, or condition contained in this Lease, upon all goods, wares, equipment, fixtures, furniture, and other personal property of Tenant which is now on the premises or which is placed on the premises at some later date, and all proceeds from them. This property shall not be removed from the premises without consent of Landlord until all arrearages in rent and all other sums of money then due to Landlord under this Lease have been paid and discharged, and all covenants, agreements, and conditions of this Lease have been fully complied with and performed by Tenant. Upon the occurrence of an event of Default by

attorney's fees and other expenses) shall be applied as a credit against the indebtedness secured by the security interest granted in this section. Any surplus shall be paid to Tenant or as otherwise required by law; and Tenant shall pay any deficiencies immediately. Upon request by Landlord, Tenant agrees to execute and deliver to Landlord a financing statement in form sufficient to perfect the security interest of Landlord in the aforementioned property and proceeds under the provisions of the Uniform Commercial Code in force in the State of Texas. The statutory lien for rent is not waived, the security interest granted in this article being in addition and supplementary to that lien.

ARTICLE XVI. Tenant's Certificate

SECTION 16.01 Tenant's Certificate:

(a) Within ten days after each request by Landlord, Tenant shall deliver an estoppel certificate to Landlord. Estoppel certificates shall be in writing, shall be acknowledged, and shall be in proper form for recording. Estoppel certificates shall be executed by Tenant if Tenant is an individual proprietorship, by a general partner of Tenant if Tenant is a partnership, or by the President or a Vice President if Tenant is a corporation. Each estoppel certificate shall be certified to Landlord, any Mortgagee, any assignee of any Mortgagee, any purchaser, or any other person specified by Landlord.

(b) Each estoppel certificate shall contain the following information certified by the person executing it on behalf of Tenant: (i) Whether or not Tenant is in possession of the Demised Premises; (ii) Whether or not this Lease is unmodified and in full force and effect. (If there has been a modification of this Lease the certificate shall set forth the modification.); (iii) Whether or not Tenant contends that Landlord is in default under this Lease in any respect; (iv) Whether or not there are the existing set-offs or defenses against the enforcement of any right or remedy of Landlord, or any duty or obligation of Tenant (and if so, specify the same); and (v) The dates, if any, to which any rent or charges have been paid in advance.

ARTICLE XVII. Right of Access

SECTION 17.01 Entry: During any reasonable time before and after the Commencement Date, Landlord may enter upon the Demised Premises, any portion thereof and any appurtenance thereto (with men and materials, if required) for any of the following purposes: (i) inspecting the Demised Premises; (ii) making any repairs, replacements or alterations which Landlord may be required to perform under this Lease, or which Landlord may deem desirable for the Demised Premises; and (c) showing the Demised Premises to prospective purchasers or lessees.

SECTION 17.02 Easement for Pipes: Tenant shall permit Landlord to erect, use, maintain and repair pipes, cables, conduits, plumbing, vents and wires in, to and through the Demised Premises as often and to the extent that Landlord may now or hereafter deem to be necessary or appropriate for the proper operation and maintenance of the Shopping Center.

ARTICLE XVIII. Interpretation, Notices, Miscellaneous

SECTION 18.01 Interpretation:

(a) Exhibits A-H are attached to this Lease. They shall be considered a part of this Lease.

(b) Any references in this Lease to "subtenants" or "licensees" shall not be deemed to imply that any subtenants or licensees are permitted under this Lease. Any references in this Lease to any extensions or renewals of the term of this Lease or to any period during which Tenant may be in possession after the Expiration Date shall not be deemed to imply that any extension or renewal of the term of this Lease is contemplated or that Tenant shall be permitted to remain in possession after the expiration of the term of this Lease.

(c) If any provision of this Lease or the application of any provision of this Lease to any person or circumstance shall be invalid or unenforceable to any extent, the remainder of this Lease, or the application of such provision to persons or circumstances other than those to which it is invalid or unenforceable shall not be affected thereby; and each provision of this Lease shall be valid and be enforced to the fullest extent permitted by law.

(d) The captions and headings used throughout this Lease are for convenience of reference only and shall not affect the interpretation of this Lease.

(i) Any provision of this Lease which permits or requires a party to take any particular action shall be deemed to permit or require, as the case may be, the party to take such action or cause such action to be taken.

(ii) Any provision of this Lease which requires any party not to take any particular action shall also be deemed to require the party not to permit such action to be taken by any person or by operation of law.

(e) This Lease has been executed in several counterparts but the counterparts shall constitute but one and the same instrument

(f) Wherever a requirement is imposed on any party to this Lease, it shall be deemed that that party shall be required to perform the requirement at its own expense unless it is specifically provided to the contrary.

(g) Notwithstanding the fact that a portion of the rent reserved under this Lease may be a percentage of Tenant's Gross Sales, and notwithstanding anything else to the contrary, Landlord shall not be deemed to be a partner of Tenant or a joint venturer with Tenant.

(h) The singular includes the plural and the plural includes the singular.

SECTION 18.02 Construing Various Words and Phrases

(a) Wherever it is provided in this Lease that a Party may perform an act or do anything, it shall be construed that that party may, but shall not be obligated to, so perform or so do.

(b) The words, "re-enter", as used in this Lease are not restricted to their technical legal meaning.

(c) The following words and phrases shall be construed as follows:

(i) "At any time" shall be construed as "at any time or from time to time"

134

(a) If intended for Landlord, a communication shall be effective if mailed to the address designated as Landlord's Notice Address in Section 1.10 or to such other address as Landlord designates by giving notice to Tenant, with a copy to such other person or party as Landlord shall designate by notice to Tenant and

(b) If intended for Tenant, a communication shall be effective if mailed to the address designated as Tenant's Notice Address in Section 1.10 or to such other address as Tenant shall designate by giving notice thereof to Landlord with a copy to such other person or party as Tenant shall designate by giving notice thereof to Landlord.

SECTION 18.05 Method of Payment: Except as may be provided otherwise in this Lease, all amounts payable under this Lease shall be payable by a check drawn on Tenant's bank account.

SECTION 18.06 Successors and Assigns: Except as otherwise provided, this Lease shall bind and inure to the benefit of the parties and their respective successors, representatives, heirs and assigns.

SECTION 18.07 Responsibility of Tenant: Any restriction on or requirement imposed upon Tenant under this Lease shall be deemed to extend to Tenant's subtenants, concessionaires and licensees; and it shall be Tenant's obligation to cause the foregoing persons to comply with the restrictions and requirements.

SECTION 18.08 Liability of Landlord: Landlord, and in case Landlord shall be a joint venture, partnership, tenancy-in-common, association or other form of joint ownership, shall have absolutely no personal liability with respect to any provision of this Lease or any obligation or liability arising from this Lease or in connection with this Lease in the event of a breach or default by Landlord of any of its obligations. Tenant shall look solely to the equity of the owner of the Demised Premises in the Demised Premises at the time of the breach or default for the satisfaction of any remedies of Tenant. Such exculpation of liability shall be absolute and without any exception whatsoever.

SECTION 18.09 Written Changes: Except as may be provided otherwise in this Lease, no written changes shall be deemed effective except by legal instrument as an Addendum to this Lease, executed by both Landlord and Tenant.

SECTION 18.10 Personal Liability of Tenant: Tenant shall be personally liable for payment of rent and all other impositions provided for in this Lease. If Tenant is a joint venture, partnership, tenancy-in-common, association, or other form of joint ownership each joint venturer, partner, joint tenant, associate, or joint owner shall be personally liable, individually and severably, for payment of rent and other impositions provided for in this Lease.

SECTION 18.11 Confidentiality: Except as may be otherwise provided in this Lease, Tenant shall keep all portions of this Lease confidential.

SECTION 18.12 Holdover: In the event of Tenant's continued occupancy of the premises after expiration of the term of this Lease or any renewal or extension thereof, or any earlier termination provided or permitted by this Lease, either with or without the consent of Landlord; such tenancy shall be from month-to-month and in no event from year-to-year and such continued occupancy shall not defeat Landlord's right to possession of the premises and the month-to-month tenancy hereunder may be cancelled at the end of any calendar month upon not less than sixty (60) days' prior written notice from either party. All other covenants, provisions, obligations and conditions of this Lease shall remain in full force and effect during such month-to-month tenancy, except rent, which shall then be 150% of the last full month's rent at the expiration of this Lease.

SECTION 18.13 Upon submission of this Lease to Landlord and any time thereafter within thirty (30) days after delivery of a request from Landlord, Tenant shall furnish to Landlord copies of the following documents: (1) Tenant's most recent audited or certified annual financial statements, including without limitation balance sheets, statements of profit and loss and changes to financial condition, reflecting Tenant's current financial condition, (2) Tenant's Federal and State income tax returns pertaining to Tenant's business conducted upon the Premises and (3) written evidence of ownership of controlling stock interest if Tenant is a corporation or if Tenant is a partnership, the general partners of Tenant. Tenant hereby represents and warrants that financial statements submitted are true, accurate and up-to-date representations of its financial condition including, without limitation, all of its assets, liabilities, income and sources of income as of the date thereof. If Landlord desires to finance, refinance, or sell the Shopping Center or any part thereof, Tenant hereby agrees to deliver to any lender, prospective lender or prospective purchaser designated by Landlord such financial statements of Tenant as may be reasonably required by such lender or prospective purchaser. Said documents can only be required once per lease year.

INTENTIONALLY LEFT BLANK

SECTION 18.14 Special Provisions:

(a) Within sixty (60) days of lease execution, Tenant must install a storefront sign in accordance with Exhibit "C" attached hereto.

SECTION 18.15 Termination Option:

Since the Crime Prevention Program is a government entity, its funding may be withdrawn at any time by the city council. If, after the end of the twelfth month of the lease term, said funding for this location is eliminated from the budget, Tenant may terminate this lease by delivering to Landlord (a) ninety (90) days prior written notice thereof and (b) a check payable to Landlord in the amount of $3,000. If, after the end of the thirty-sixth month of the lease term, said funding for this location is eliminated from the budget, Tenant may terminate this lease by delivering to Landlord ninety (90) days written notice thereof.

In the event that Tenant exercises either of the termination options described above, Tenant's security deposit referenced in Section 1.06 and 4.10 will be retained by Landlord.

SECTION 18.16 Heating and Air-Conditioning

Landlord hereby agrees that the heating and air-conditioning equipment currently existing in the demised premises will be in good working order when Landlord tenders possession to Tenant. Tenant hereby agrees that all future maintenance, repairs and/or replacement of such equipment shall be the Tenant's sole responsibility.

To signify its agreement to this instrument, Landlord has caused this Lease to be executed. To signify its agreement to this instrument, Tenant has caused this Lease to be executed and if applicable, ensealed by its duly authorized officers

LEGAL DESCRIPTION

STATE OF TEXAS
COUNTY OF ROCKWALL

BEING 4 tracts or parcels of land situated in the Daniel Atkins Survey, Abstract No. 1, and the B.J.T. Lewis Survey, Abstract No. 225, Rockwall County, Texas, and being a part of that 20.75 acre tract of land described in deed recorded in Volume 78, Page 322, Deed Records, Rockwall County, Texas, and further being a part of Eastridge Center, an addition to the City of Rockwall, recorded in Slide A, Page 263, Plat Records, Rockwall County, Texas, and being more particularly described as follows:

Phase I

BEGINNING at an iron rod at the Northeast corner of Eastridge Center at the intersection of the Southwest line of State Hwy. 205 with the Westerly line of the M.K. & T. Railroad;
THENCE: South 18° 43' 00" West a distance of 510.00 feet with the Westerly line of said Railroad to an iron rod set for a corner;
THENCE: North 71° 17' 00" West a distance of 472.18 feet leaving said Westerly line to an iron rod set for a corner;
THENCE: North 18° 43' 00" East a distance of 544.10 feet to an iron rod set for a corner;
THENCE: South 71° 17' 00" East a distance of 410.11 feet to an iron rod set for a corner on the Southwest line of State Hwy. 205;
THENCE: South 42° 30' 00" East a distance of 70.82 feet with said Southwest line to the Point of Beginning and Containing 255,857 Square Feet or 5.8737 Acres of Land.

Phase II
Section 2

COMMENCING at an iron rod at the Northeast corner of Eastridge Center at the intersection of the Southwest line of State Hwy. 205 with the Westerly line of the M.K. & T. Railroad;
THENCE: South 18° 43' 00" West a distance of 510.00 feet with the Westerly line of said Railroad to an iron rod set for a corner at the Point of Beginning;
THENCE: South 18° 43' 00" West a distance of 433.00 feet continuing with said Westerly line to an iron rod set for a corner;
THENCE: North 71° 17' 00" West a distance of 472.18 feet leaving said Westerly line to an iron rod set for a corner;
THENCE: North 18° 43' 00" East a distance of 433.00 feet to an iron rod set for a corner;
THENCE: South 71° 17' 00" East a distance of 472.18 feet to the Point of Beginning and Containing 204,456 Square Feet or 4.6937 Acres of Land.

Phase II
Section 4

COMMENCING at an iron rod at the Northeast corner of Eastridge Center at the intersection of the Southwest line of State Hwy. 205 with the Westerly line of the M.K. & T. Railroad;
THENCE: North 42° 30' 00" West a distance of 70.82 feet with the Southwest line of State Hwy. 205 to an iron rod set for a corner at the Point of Beginning;
THENCE: North 71° 17' 00" West a distance of 410.11 feet leaving said Southwest line to an iron rod set for a corner;
THENCE: North 18° 43' 00" East a distance of 34.09 feet to an iron rod set for a corner;
THENCE: North 47° 21' 30" East a distance of 167.60 feet to an iron rod set for a corner on the Southwest line of State Hwy. 205;
THENCE: South 42° 30' 00" East a distance of 376.27 feet with said Southwest line to the Point of Beginning and Containing 38,520 Square Feet or 0.8843 Acres of Land.

138

Exhibit "C"
Sign Criteria

This criteria has been developed to provide guidelines for Tenant compliance with Lease requirements.

A. Store Front Signs

The required type sign is internally illuminated, individual channel letters canned/boxed. The individual letters shall be raceway mounted. Raceways are to house the powering transformers and wiring between letters.

1. Raceways are to be constructed using continuous internal steel structure. Structure to be skinned using a minimum 22-gauge paint grip or .063 aluminum. Raceways shall be 8" x 10" x length of sign. Multiple rows of letters shall be mounted on individual raceways and letters are to be centered vertically on the raceway. Raceways shall have full service access panels sealing out water with 1/2" diameter weep holes spaced a maximum of 4' apart bottoms. Raceways shall be painted per selected color by management to match base building.

2. Channels shall be constructed using formed and welded aluminum only. The backs shall be 22-gauge paint grip and pop rivets on tip seams of .063 minimum thickness with returns being 4.5" deep of .050 minimum thickness. Each bottom portion of a stroke shall have a 1/4" diameter weep hole.

3. Letter heights shall be minimum of 12" and a maximum of 24". Two rows or more of letters may be used not to exceed the maximum of 27" in overall height.

4. A sign shall not extend over more than 75% of the store front and be centered on that front. A sign may not exceed the square foot envelope area determined by multiplying the store front times 2.

5. The Tenant is responsible for removal of any signs in the event a lease is terminated and repairing any damage to the facade during installation and removal of a sign. Upon vacating of the premises, the raceway must remain fixed to the building.

6. No temporary signs, flags, banners or hand-painted signs will be permitted. Management must approve any special or move-in banners or signs on store fronts or windows.

7. Flashing, moving or audible signs will not be permitted. All electrical signs will bear the UL label and their installation must comply with all local building and electrical codes.

8. No exposed tubing will be permitted. All conduits, conductors, transformers and other equipment is to be concealed.

9. Electrical service to all signs will be on Tenant's meters. Ridge Road Center requires all Tenant signs which are lighted to remain on from dusk until 10:00 p.m., or until business close, if hours of operation exceed that time.

10. Signs will be permitted only upon the graphic sign-band as designed by the Ridge Road Shopping Center Property Manager ans as shown on the approved improvement plans.

11. Landlord will review and approve all sign shop drawings prior to construction and/or installation. Two copies of drawings and specifications for proposed signage must be submitted and a copy will be signed off and returned to Tenant as written approval.

The Tenant shall submit two sets of professionally prepared drawings, to scale by the sign company, for Landlord approval prior to fabrication and permit submission to the City of Rockwall. Signs installed without approvals shall be removed and brought into compliance at the Tenant's expense. Drawings shall be submitted to:

SHOPPING CENTER LEASE AGREEMENT

Work Letter

Tenant accepts premises in "as-is" condition.

DESCRIPTION OF WORK:	RESPONSIBILITY Landlord	Tenant
1. a) Floor slab (minus leave-out in rear for restroom).		
b) Carpet or V.A. tile in retail area (up to 60% of space) (carpet or any other floor covering to be left as a permanent fixture of the Demised Premises).		
2. Sealed concrete in storage area.		
3. V.A. tile in restroom.		
4. Storefront:		
5. Interior demising partitioning, taped and bedded, with 3-1/2" batt insulation, metal studs.		
6. Final coat of paint in retail area only.		
7. Standard suspended, acoustical, grid ceiling system with 24" x 48" lay-in tiles in retail area only, or as required to meet City codes, with 3-1/2" batt insulation.		
8. Restroom facility in accordance with applicable City code requirements.		
9. Electrical:		
Retail Area:		
a. Rough-in ceiling light fixtures every 10 feet.		
b. Duplex wall outlets 15 feet on centers each side.		
c. Sign outlet at canopy.		
Storage Area:		
a. Rough-in for ceiling lights 10 feet on centers.		
b. 208 volt - 3 phase electrical service at main distribution can at rear of building.		
c. Air conditioning rough (Tenant to supply information for rough-in to Landlord).		
10. Other Utilities:		
a. Rough-in plumbing ready to receive domestic 15 gal. electric hot water heater. Provide sub-meter for water where not provided by City.		
b. Sanitary sewer.		
c. Natural gas on roof to air conditioning equipment.		
11. Heating, ventilation and air conditioning:		
a. Gas/electric HVAC unit (roof top package unit with factory curbs and plenums), including bracing as per architectural specifications.		
b. High voltage electrical connection as specified by Landlord's mechanical engineer.		
c. HVAC in retail area and bath (HVAC to be left in Demised Premises as a permanent fixture).		
d. Hub drain for HVAC.		
12. Provide lay-in recessed type light fixtures.		
13. Rear exit metal door where required by City code, to include wall cutting or sawing (where applicable).		
14. One cross partition with 3 foot door across space, metal studs.		
15. Provide HVAC screening, if required by City code.		
16. Provide signs subject to Landlord approval (size and other criteria to meet applicable City code), as provided in the Lease.		
17. Provide trade fixtures, shelving, and other work necessary for retail operations.		
18. Make application for separate metering of all utilities after meter base set by Landlord.		
19. Submit, for written approval, plans and specifications for construction of Demised Premises sufficient to obtain all necessary building permits and Landlord's approval.		

PLANS AND SPECIFICATIONS; PERMITS AND CERTIFICATES OF OCCUPANCY; PAYMENT FOR WORK:

1. Defined Terms. The work to be completed in the Demised Premises, whether or not all of it is described above, is called the "Leasehold Improvement". The costs to complete the items marked to be Landlord's responsibility are called "Landlord's Costs". The costs to complete any other part of the Leasehold Improvements, including any not described herein, are called "Tenant's Costs". Other terms are defined below.

140

in a form sufficient to secure the approval of governmental authorities with jurisdiction over the approval thereof and shall be otherwise satisfactory to Landlord. To the extent necessary, the party preparing Tenant's Plans shall coordinate with Landlord's architect or engineers to assure that Tenant's Plans are consistent with the plans and specifications for the Building Shell Improvements.

(b) Tenant's Plans must be approved by Landlord. If Landlord disapproves Tenant's Plans, or any portion thereof, Landlord shall promptly notify Tenant of that and of the revisions Landlord reasonably requires before it will approve them. As promptly as reasonably possible thereafter, but in no event later than ten (10) days after Landlord's notice, Tenant shall submit to Landlord for Landlord's approval plans and specifications incorporating the required revisions. The final plans and specifications approved by Landlord are referred to as the "Final Plans". Under no circumstances is Landlord's approval of Tenant's Plans to be considered approval of their correctness, or their compliance with governmental requirements, or of other sufficiency or adequacy for Tenant's purposes.

3. Building Permit, Certificate of Occupancy. Unless Landlord has expressly agreed to do so in writing, Tenant is responsible for obtaining all necessary building and other permits for construction of the Leasehold Improvements and for obtaining a certificate of occupancy permitting unconditional occupancy and use of the Demised Premises after completion of the Leasehold Improvements, and shall provide a true copy to Landlord on Tenant's receipt thereof. Tenant indemnifies and agrees to defend and hold harmless Landlord from and against liability, cost and expense from Tenant's occupancy and/or conduct of business from the Demised Premises without first obtaining a certificate of occupancy.

4. Payment for Work.

A. Landlord shall provide to Tenant an allowance not to exceed $ -0- psf (the "Allowance") to be applied against Tenant's Costs. So much of the Allowance for which Tenant has qualified by expending funds to complete Leasehold Improvements shall be paid to Tenant on completion of the Leasehold Improvements and satisfaction of the following:

(a) Landlord has approved the Leasehold Improvements;
(b) Landlord has received invoices or other evidence reasonably satisfactory to it confirming the amount expended by Tenant;
(c) Landlord has received from Tenant a final Certificate of Occupancy issued by the City or other municipal or governmental agency authorized to issue a Certificate of Occupancy for the Demised Premises; and
(d) Landlord has received from Tenant or Tenant's general contractor a release of lien and an indemnity holding Landlord harmless from any obligation or lien whatsoever that may have been incurred by Tenant, or Tenant's contractor or subcontractors, during the construction of the Demised Premises.

Under no circumstances shall Tenant be paid cash by Landlord other than in reimbursement of Tenant's Costs actually incurred by Tenant, but in no event to exceed the Allowance.

B. If Landlord (or its affiliate) is serving as contractor or construction manager with respect to the Leasehold Improvements, then Tenant shall pay to Landlord the amount of Tenant's Costs, as follows:

(a) Tenant shall pay to Landlord before the commencement of construction of the Leasehold Improvements, an amount equal to fifty percent (50%) of Tenant's Costs (as then reasonably estimated by Landlord in written documents delivered to Tenant);
(b) After substantial completion of the Leasehold Improvements, but before occupancy of the Demised Premises by Tenant, Tenant shall pay to Landlord an amount equal to eighty percent (80%) of Tenant's Costs as then reasonably estimated by Landlord, less payments received by Landlord according to (a) above; and
(c) As soon as the final accounting can be prepared and submitted to Tenant, Tenant shall pay to Landlord the entire unpaid balance of the actual Tenant's Costs incurred in completing the Leasehold Improvements.

Tenant shall promptly pay all Tenant's Costs and shall comply fully with any contract or other agreement therefor, to the end that there is no basis for a mechanic's or materialman's lien claim against the Demised Premises or the Center. The amounts payable under subsection (b) constitute rent due pursuant to this Lease at the times specified herein and failure to make any payments within ten (10) days after written notice that the payments are past due constitutes an Event of Default under Section 15.01(a) of this Lease, entitling Landlord to all of its remedies under Section 15.01(b).

If Tenant requests any changes in the Final Plans, then any of those changes that are approved by Landlord shall become part of the Final Plans, and the costs resulting from the changes shall be added to Tenant's Costs, and shall be paid in accordance with the provisions set out in this Exhibit "D".

5. Construction. Construction of the Leasehold Improvements shall be performed by Landlord and its contractors or by Tenant's contractor, so long as Tenant's Contractor is a reputable, experienced commercial contractor and has been approved by Landlord, as agreed in writing between Landlord and Tenant. Construction shall begin promptly after issuance of any necessary building permit(s).

6. Delay. Tenant shall pay any and all costs and expenses incurred by Landlord in connection with any delay in the commencement or completion of the Leasehold Improvements, and any increase in the cost of items included in Landlord's Costs, caused by (i) Tenant's failure to timely prepare and submit Tenant's Plans; (ii) Tenant's specification of non-building standard improvements or finishes; (iii) any changes, additions or alterations to the Final Plans (or the Leasehold Improvements covered thereby) that are requested by Tenant; and (iv) any other delay requested or caused by Tenant.

141

ATTACHED TO AND MADE A PART
OF
SHOPPING CENTER LEASE AGREEMENT

Rules

1. Tenant, its agents, servants, and employees shall not block or obstruct any of the entries, passages, doors, hallways, or stairways of the Building; or place, empty or throw any rubbish, litter, trash or material of any nature into such areas; or permit such areas to be used at any time except for ingress and egress of Tenant, its agents, servants, employees, visitors or invitees.

2. For the general welfare of the Center, including without limitation to protect the beneficial flow of pedestrian and vehicular traffic through the Common Areas, the movement of furniture, equipment, merchandise or materials within, into or out of the Demised Premises shall be restricted to time, method and routing of movement. Safes and other heavy equipment shall be moved into the Demised Premises only with Landlord's written consent and shall be placed where directed by Landlord. Any damage done to the Building by taking in or removing any safe, or from overloading any floor in any way, shall be paid by the Tenant.

3. No sign, advertisement or notice shall be displayed, painted or affixed by Tenant, its agents, servants or employees in or on any part of the outside or inside of the Building (for purposes of these Rules, the term "Building" means the building of the Center in which the Demised Premises are located) or the Demised Premises without prior written consent of Landlord, and then only of such color, size, character, style and material; and in such places as are approved and designated by Landlord. All signs submitted for Landlord's prior written approval shall conform to any sign requirements or restrictions for the Center, including any set forth in a Sign Criteria exhibit attached to the Lease Agreement.

4. Pursuant to its authority under the Lease, Landlord hereby establishes operating hours for the Center. Landlord reserves the right to change the operating hours at any time. The initial operating hours for all tenants shall be (check appropriate box and insert times):

/___/ Food Related Tenants _____
/___/ Apparel Tenants _____
/X/ Other Tenants At least 5 days per week from 9 a.m. to 4 p.m.

Landlord may allow one or more tenants in the Building to have additional operating hours on any day, at Landlord's discretion.

5. Landlord is not responsible for lost or stolen personal property, equipment, money or any article taken from the Demised Premises or the Center.

6. Tenant shall keep the Demised Premises in a clean and tidy condition at all times and shall keep in an orderly manner all racks, shelves and other devices used for display and sale of merchandise. Tenant shall take care to present at all times merchandise that is fresh in appearance and neatly and safely displayed.

7. Tenant, its agents, servants and employees shall not install or operate any refrigerating, heating or air conditioning apparatus or carry on any mechanical operation or bring into the Demised Premises or the Building any inflammable fluids or explosives without the prior written permission of Landlord.

8. Except as set forth in any construction plans approved by Landlord, or otherwise approved in writing by Landlord, no awnings or other projections may be attached to the exterior surface of the walls enclosing the Demised Premises. No curtains, blinds or screens may be attached to or hung, or used in connection with, any window or door of the Demised Premises without the prior written approval of Landlord as to the quality, type, design, color and manner of attaching the same. No protective screen, grating, shade or other enclosing device may be used on the portion of the Demised Premises abutting the Common Areas, courts or public corridors without Landlord's prior written approval as to the quality, type, design, color and manner of attaching the same, to the end that all storefronts facing the said Common Area will be compatible, in Landlord's reasonable judgment, in appearance. Tenant shall regularly clean, repair and, if necessary in Landlord's reasonable judgment, replace any awnings used in connection with the Demised Premises, so that such awnings always convey the image of a first-class establishment.

9. Tenant, its agents, servants or employees shall not bring into the Building or the Demised Premises or keep on the Demised Premises any dog, bird or animal. Tenant, its agents, servants, or employees shall not bring into the Building or keep on the Demised Premises any bicycle or other vehicle without the prior written consent of Landlord.

10. No additional locks shall be placed on any door in or providing access to the Demised Premises unless Landlord or the Center manager is given a key to the lock at the time that it is installed. A reasonable number of keys to the Demised Premises will be furnished by Landlord and neither Tenant, its agents, servants or employees, shall have any duplicate keys made. Landlord may at all times keep a pass key to the Demised Premises. All keys shall be returned to Landlord promptly upon termination of this Lease.

11. Tenant shall give Landlord prompt notice of all accidents or defects in air conditioning equipment, plumbing, electrical

142

then those employees are solely the agents of Tenant regardless of whether or how payment is arranged for services, and Landlord is expressly relieved from any and all liability in connection with any such services and any associated injury or damage to person or property.

14. No Tenant, nor any of Tenant's servants, employees, agents, guests or licensees shall at any time bring or keep on the Demised Premises any flammable, combustible, highly toxic, corrosive or explosive fluid, chemical or substance to be used for resale purposes without Landlord's prior written approval, nor shall such material be kept in the Demised Premises except as permitted by law and then only with the prior written consent of Landlord.

15. Tenant shall use the Approved Tradename in its address on all stationery, invoices, envelopes and local advertising in lieu of a street address. Landlord may prohibit any advertising which in Landlord's opinion tends to impair the reputation of the Center or its desirability as a location for stores or offices; and on the request of Landlord, Tenant shall immediately discontinue that advertising.

16. Tenant shall not suffer, permit, order or allow deliveries to be made except pursuant to the following conditions:

a. deliveries shall be made only between the hours of __n/a__ and __n/a__.;
b. all deliveries shall be made to such locations as are designated or approved by Landlord from time to time;
c. Tenant shall keep and maintain in good order, condition and repair any loading platform, truck dock and/or truck maneuvering space therefor which is used by Tenant or to which Tenant has the right of exclusive use, even if that area is not within the Demised Premises.

17. There shall not be used in any space, or in the public halls of the Building in which the Demised Premises are located, if any, either by any Tenant or others, any hand trucks except those equipped with rubber tires and side guards. No other vehicles of any kind shall be brought by any Tenant into the Building or kept in or about its Demised Premises without Landlord's prior consent. Tenant shall pay for any damages caused to the Building areas by Tenant's use of those vehicles.

18. Tenant shall not use the sidewalk adjacent to or any other space outside the Demised Premises for display, sale or any other purpose.

19. Tenant shall not use the plumbing facilities of the Demised Premises for any purpose other than that for which they were constructed. Tenant shall not dispose of any substances in such facilities which may clog, erode, or damage the plumbing pipes, lines or conduits of the Center whether through the utilization of "garbage disposal" units or otherwise. If Tenant uses the Demised Premises for the sale, preparation, or service of food for on-premises consumption, Tenant shall install any grease traps that may be necessary or desirable to prevent the accumulation of grease or other wastes in the plumbing facilities servicing the Demised Premises. The foregoing shall not be deemed to permit Tenant to use the Demised Premises as provided in the preceding sentence unless such use is specified in Section 1.08(a).

20. Tenant shall not place a load on any floor exceeding the floor load per square foot that the floor was designed to carry. Tenant shall not install, operate or maintain any heavy items of equipment in the Demised Premises, except in a manner that achieves a proper distribution of weight.

21. Tenant shall not use the roof or exterior walls of the Demised Premises for any purpose except that permitted by Section 8.04(e). Tenant shall not cause a violation of, or do any act which may result in a violation of, the roof bond with respect to the Demised Premises. Landlord reserves the right to build additional stories, levels or buildings above the Demised Premises, none of which shall be deemed to be part of the Demised Premises.

22. Tenant shall, at Tenant's expense, maintain the Demised Premises in a clean, orderly and sanitary condition free of insects, vermin, rodents, and other pests, and no refuse, trash, or garbage shall be suffered by Tenant to remain in the Demised Premises at night after normal working hours. If Tenant hereunder was identified as a "Food Related Tenant" under Rule 4, then Tenant shall cause all garbage to be removed daily between the hours of 10:00 p.m. and 8:00 a.m., only. Otherwise, Tenant shall adhere to trash pick-up procedures established from time to time by Landlord. During normal working hours, all refuse, trash, garbage and containers of types approved by Landlord for the same will be so placed in the Demised Premises as not to be visible from the exterior of the Demised Premises or from the interior areas of the Demised Premises normally used by the public. Boxes will be flattened by Tenant before being put in Center trash containers. No material shall be placed in the trash boxes or receptacles if the material is of a nature that it may not be disposed of in the ordinary and customary manner of removing and disposing of trash and garbage in the City in which the Center is located without being in violation of any law or ordinance governing such disposal. All garbage and refuse disposal shall be made only through entryways and elevators provided for such purposes and at such times as Landlord designates.

23. Canvassing, soliciting and peddling in the Building are prohibited, and each Tenant shall cooperate to prevent the same.

24. Tenant shall maintain any glass store front or other window glass within or on the perimeter of the Demised Premises and replace any that is cracked or broken, at Tenant's sole cost and expense.

25. Alterations and miscellaneous job orders shall at all times be directed to the Center manager to facilitate the orderly and

143

28. These Rules are for Landlord's benefit, and are in addition to, and shall not be construed to in any way modify, alter, or amend, in whole or in part, the terms, covenants, agreements and conditions of any Lease of Demised Premises in the Center. Landlord has no liability for its failure to enforce any of the Rules against any tenant of the Center.

EXHIBIT "F"

HAZARDOUS MATERIALS

The term "Hazardous Substances", as used in this Lease shall mean pollutants, contaminants, toxic or hazardous wastes, or any other substances which are restricted, regulated, prohibited or penalized by any federal, state or local law, ordinance or other statutes of a governmental or quasi-governmental authority relating to pollution or protection of the environment (the "Environmental Laws"). The term "Hazardous Substance" includes, without limitation, any material or substance which is (i) designated as a "hazardous substance" pursuant to Section 311 of the Federal Water Pollution Act, (ii) defined as a "hazardous waste" pursuant to the Federal Resource Conservation and Recovery Act, 42 U.S.C., Section 6901 et seq., (iii) defined as a "hazardous substance" pursuant to Section 101 of the Comprehensive Environmental Response Compensation and Liability Act, 42 U.S.C., Section 9601 et seq., (iv) petroleum and any petroleum by-products, (v) asbestos and PCBs, (vi) urea formaldehyde foam insulation, (vii) radioactive materials, or (viii) designated as a chemical known to cause cancer or reproductive toxicity pursuant to the Safety Drinking Water and Toxic Enforcement Act of 1986.

Tenant hereby agrees that Tenant shall be diligent in investigating the use of the Premises, that it shall report promptly in writing to Landlord any incident which would require the filing of a notice under the Environmental Laws, and that it shall provide Lender with copies of any notices or other correspondence which Tenant receives from any government agency with respect to Hazardous Substances at the Premises. Tenant also agrees that (i) it shall not (x) conduct any activity or (y) permit any activity to be conducted on the Premises that will involve the generation, storage, use or disposal of any Hazardous Substance, without prior written consent of Landlord (the "Permitted Activities"), and then only if Permitted Activities are conducted in accordance with all Environmental Laws; Tenant shall be responsible for obtaining any required permits and paying any fees and providing any testing required by any governmental agency if such permits, fees and testing are required as a result of Tenant's use of the Premises; (ii) the Premises will not be used in any manner for the disposal or storage of any Hazardous Substances, except for the temporary storage of such materials that are used in the ordinary course of Tenant's business (the "Permitted Materials") provided such Permitted Materials are properly stored in a manner and location meeting all Environmental Laws and approved in advance in writing by Landlord; (iii) no portion of the Premises will be used as a landfill or a dump; (iv) Tenant will not install any underground tanks or other underground storage facilities of any type; (v) Tenant will not allow any surface or subsurface conditions to exist or come into existence that constitute, or with the passage of time may constitute a public or private nuisance; (vi) Tenant will not permit any Hazardous Substances to be brought onto the Premises, except in connection with the Permitted Activities, and if Tenant does so permit, the same shall be immediately removed, with proper disposal, and all required cleanup procedures shall be diligently undertaken pursuant to all Environmental Laws. Landlord or Landlord's representative shall have the right, but not the obligation, to enter the Premises for the purpose of inspecting the storage, use and disposal of said Permitted Materials to verify compliance with all Environmental Laws. Should it be determined that said Permitted Materials are being improperly stored, used or disposed of, or that Tenant shall be in violation of the provisions hereof, then Tenant shall immediately take, at its sole expense, such corrective action as required by all Environmental Laws. Should Tenant fail to commence such corrective action within 48 hours, Landlord shall have the right, but not the obligation, to perform such work and Tenant shall promptly reimburse Landlord for any and all costs associated with said work. If at any time during or after the term of the Lease, the Premises is found to be in violation of the Environmental Laws or the provisions hereof, Tenant shall diligently institute proper and thorough cleanup procedures at Tenant's sole cost, and Tenant agrees to defend, indemnify and hold Landlord harmless from all claims, demands, actions, liabilities, costs, expenses, damages and obligations arising from a breach by Tenant of the terms and covenants of this Section 9, or as a result of the use of the Premises by Tenant. The foregoing indemnification and the responsibilities of Lessee shall survive the termination or expiration of this Lease.

COMMENCEMENT LETTER

Shopping Center:	Ridge Road Center
Landlord:	Benbrooke Ridge Partners, L.P.
Tenant:	City of Rockwall
Suite/Address	1113 Ridge Road, Rockwall, Texas 75087

This certificate is being executed in connection with the Shopping Center Lease (the "Lease") between the landlord ("Landlord") and the tenant named above ("Tenant").

Tenant certifies to and agrees with Landlord and Landlord's successors, assigns, prospective purchasers and prospective lenders that:

1. Landlord has fully completed any construction work and leasehold improvements required of Landlord under the terms of the Lease and/or any other agreement between Landlord and Tenant concerning the Premises.

2. The Premises are tenantable, Landlord has no further obligation for construction, and Tenant acknowledges that the Shopping Center and the Premises are satisfactory in all respects. Further, the Premises are suitable for the Permitted Use specified in the Lease.

3. Tenant has taken possession of and has accepted the Premises, and the Minimum Rent and additional rent are presently accruing in accordance with the terms of the Lease.

4. The Lease Term commenced as of the 1 day of October, 1996.

5. The Lease Term will expire the 30 day of September, 2001 unless sooner terminated or extended pursuant to any provision of the Lease.

6. All capitalized terms not defined herein shall have the meaning assigned to them in the Lease.

Certified and Agreed this 1 day of October, 1996

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Ashberry, City Secretary**

DATE: **October 17, 2014**

SUBJECT: **Appointment w/ Joe DeLane, Rockwall County Emergency Management Coordinator**

Councilmember Lewis has requested this appointment item for the Monday, October 20th council meeting. Mr. DeLane will be present to update the city council on emergency management related activities in the County, including those related to public health.

Please be advised that Mr. DeLane has a KnoWhat2Do public education class he is teaching at 7PM in Royse City, so I've assured him we will not keep him past about 6:30 p.m.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rockwall City Council**

FROM: **Joey Boyd, Director of Internal Operations**

DATE: **October 13, 2014**

SUBJECT: **Airport Development Plan - Final Report**

The City of Rockwall and the Rockwall EDC are partnering to perform an Airport Development Plan at the Ralph M. Hall / Rockwall Municipal Airport. The Advisory Committee is made up of Rockwall Councilmembers David White, Mike Townsend, and Mayor Pro Tem Jim Pruitt and Rockwall EDC Board Members Kevin Fowler, Bob Amick, and Chip Imrie. Garver is the consultant for the project.

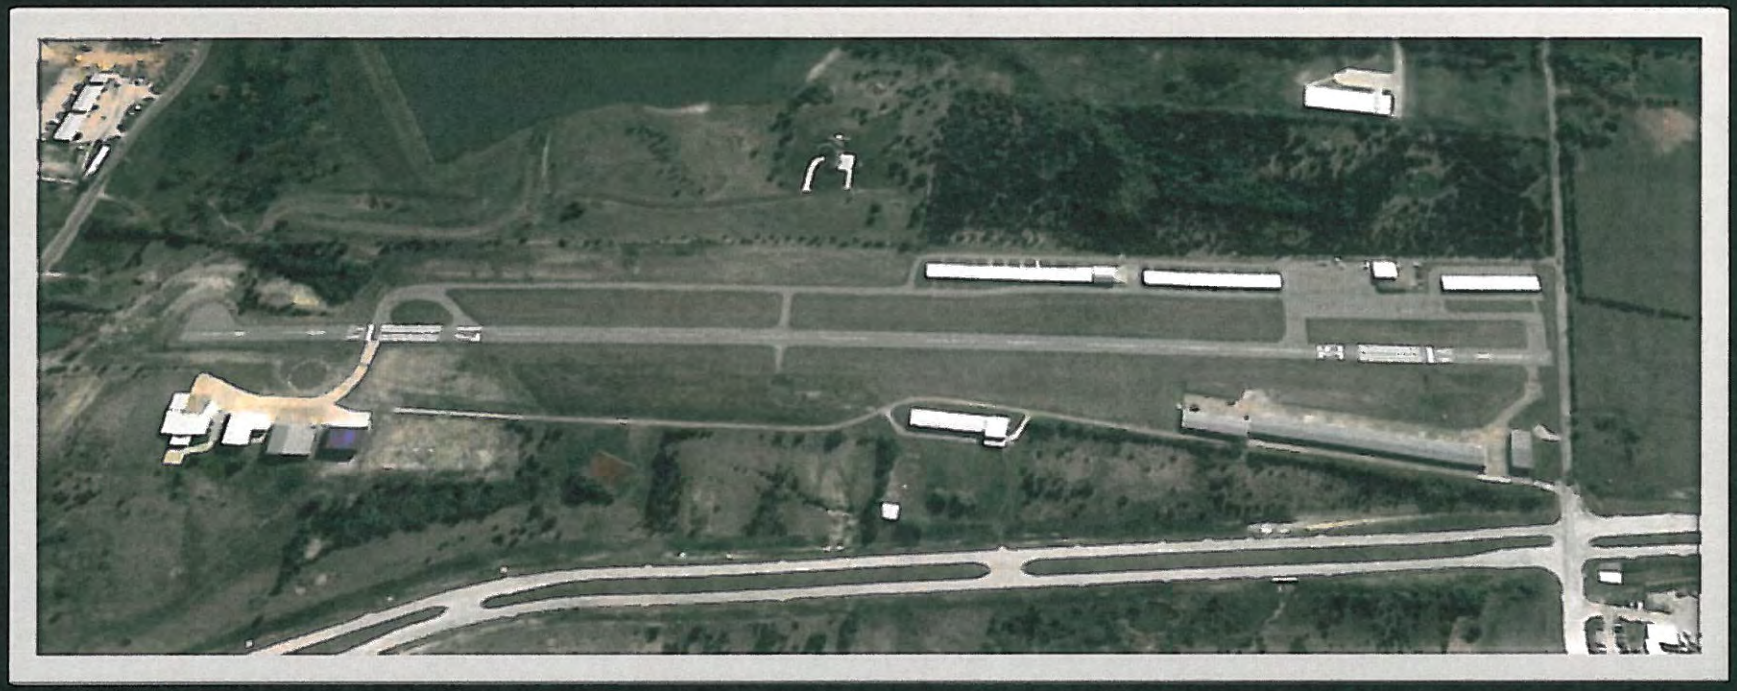
Attached is a summary presentation that Perry Havenar with Garver will discuss at the meeting on Monday. The plan graphically depicts the existing and proposed facilities for the Airport through a 20-year planning program. There were multiple objectives in commissioning this study, including:

- Addressing safety issues by bringing the airport up to current TXDOT and FAA design standards
- Evaluate the ability to achieve a 4,000 foot runway to support a growing business-category airport
- To use the airport as a tool in maintaining and growing economic development in the Rockwall region
- To better serve existing airport customers and attract new general aviation (GA) customers to the Rockwall region

The plan is the result of a series of analyses and discussions with the City Council, REDC Board of Directors, local commercial and industrial business leaders, and current airport users to determine the optimum plan to yield a safe and cost-effective facility.

151

The Ralph M. Hall Municipal Airport is an important economic engine and community asset.



- Part of the Dallas-Fort Worth Metroplex general aviation (GA) airport system.
- Home to more than 70 GA aircraft, one of which is a Citation Mustang, a small business jet.
- A growing percentage of airport users represent multiple small independent businesses to large corporations based in Rockwall.
- Rockwall is home to the Rockwall Technology Park, which has corporate headquarters for light industrial businesses and is located 2 miles from the airport.
- Many local owners use their aircraft for humanitarian missions and to help charitable organizations.
- Facilities include Runway 17-35 (3,373' x 45'), supporting taxiway system, aircraft storage hangars, a terminal building, and fuel storage and delivery system.

The Development Plan identified a number of areas where the existing airport layout is unable to meet current or future standards outlined in Federal Aviation Administration (FAA) Advisory Circular (AC) 150/5300-13A. Options to improve airport facilities/conditions both to the north and to the south were evaluated as part of the study. The railroad and road on the south end that impose these restrictions are in the existing Runway Protection Zone / Runway Safety Area / Object Free Area. The railroad experiences two operations per week and rerouting it beyond the existing or future RPZ is cost prohibitive.

SH 66 and an electric transmission line off the north end of the airport are both in the existing RPZ with the highway located approximately 40 feet below the runway end elevation. The transmission lines require the current and future displaced threshold.

The consultant will give the presentation and be prepared to answer any questions the City Council may have about the elements of the study. The Airport Subcommittee and city staff will be available to answer any questions as well.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rockwall City Council**

FROM: **Joey Boyd, Director of Internal Operations**

DATE: **October 16, 2014**

SUBJECT: **County Wide Radio System**

Attached are an updated draft of the County Wide Radio System Interlocal Agreement and a list of outstanding items the City wants to achieve through the RFP process. Since discussions at the previous City Council meeting, staff met with Rockwall County Attorney Jon Thatcher and went through the agreement point-by-point.

Finalizing the details of the agreement is ongoing and the City expects the County will have additional questions and possibly changes. While there are still items that remain that the County and City must work out, staff is confident the City and County will be able to mutually agree on a contract that benefits both parties. City Staff continues to participate in the Request For Proposals process with the County and the consultant as we continue to finalize the interlocal agreement.

The agreement included in the packet is still in a draft format. We will be prepared to discuss any questions the City Council might have and will certainly provide updates as the project moves forward.

DRAFT ONLY

Formatted: Centered

ROCKWALL REGIONAL PUBLIC SAFETY RADIO SYSTEM INTERLOCAL AGREEMENT ~~INTERLOCAL COOPERATION AGREEMENT~~ BETWEEN ROCKWALL COUNTY AND THE CITY OF ~~R~~ROCKWALL FOR PARTICIPATION ~~PARTICIPATION~~ IN THE ROCKWALL COUNTY INTEROPERABILITY RADIO NETWORK

Formatted: Indent: Left: 0", Right: 0"

THIS INTERLOCAL COOPERATION AGREEMENT ("Agreement") executed by and between Rockwall County, Texas, a political subdivision of the State of Texas (hereinafter referred to as "County") acting herein by and through its duly authorized Commissioners Court, and the City of Rockwall, a municipal corporation of the State of Texas (hereinafter referred to as "City") acting herein by and through its duly authorized City Council, individually referred to as a "Party," collectively referred to herein as the "Parties."

WHEREAS, this Agreement is made under the authority of Section 791.001-791.029, Texas Government Code; and

WHEREAS, each governing body, in performing governmental functions or in paying for the performance of governmental functions hereunder, shall make that performance or those payments from current revenues legally available to that Party; and

WHEREAS, each governing body finds that the subject of this Agreement serves a countywide public purpose and is necessary for the benefit of the public and each has the legal authority to perform and to provide the governmental function or service which is the subject matter of this Agreement; and

WHEREAS, each governing body finds that the performance of this Agreement is in the common interest of both Parties and that the costs covered by the County in exchange for use of facilities and infrastructure provided by the City is an equitable ~~division of costs fairly~~ compensation to both parties ~~compensates the performing Party for the services or functions~~ under this Agreement; and

WHEREAS, it is the intent of the County to request competitive sealed proposals from qualified firms to design, furnish, install, test, and maintain a county-wide radio network, otherwise known as the Rockwall County Interoperability Radio Network ("IRN"), for the benefit of the County and every participating municipality within the county; and

WHEREAS, it is the intent of the County to establish an IRN Committee for the purpose of preparation of the Request For Competitive Sealed Proposals ("RFCSP"), development of proposal evaluation criteria, evaluation of proposals, and award of contract for the IRN. The IRN Committee shall be comprised of representatives from each participating municipality; and

WHEREAS, it is the intent of the County to own, operate, and manage ~~a~~ the ~~county wide radio network, otherwise known as the Rockwall County Interoperability Radio Network~~ ("IRN"), for the benefit of the County and every participating municipality within the county; and~~.~~

WHEREAS, it is the intent of the City to make available antenna tower, equipment shelter, backup power, and dispatch center facilities for the purpose of the installation of IRN equipment as described herein.

WHEREAS, based on the findings and recommendations contained in the RCC Study, the County and the City desire to implement a wide area, multi-site ("simulcast") digital trunked simulcast radio system compliant with P-25, Phase II interoperability standards; and

Formatted: Justified, Indent: First line: 0"

WHEREAS, the County and the City desire to enter this Agreement for the purpose of establishing the agreement regarding the purchase, installation, maintenance, operation, management, and use of the System.

Formatted: Justified, Indent: First line: 0"

NOW, THEREFORE, in order to carry out the intent of the Parties as expressed above, and for and in consideration of the mutual promises contained herein and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged by both Parties, the County and the City agree as follows:

Article I. PURPOSE

Formatted: Style Heading 1 + Underline Left

Formatted: Bullets and Numbering

The purpose of this Agreement is to establish and clarify each Party's intents, obligations, and costs as they relate to the establishment and operation of the IRN.

The Parties also agree and understand that this Agreement shall become null and void should the County be unable to procure the System for any reason.

The Parties also agree and understand that this Agreement shall become null and void should the County be unable to address all of the City's coverage, technical, and operational concerns through the RFP process.

Article II. GRANT OF LICENSE

The County hereby grants the City a non-exclusive specific license to operate its radios on the P25 700 MHz Trunked Radio System (the "System") to be procured, maintained and owned by the County in accordance with the specific details and requirements for use as set forth in "Exhibit A, Terms of Use," which is attached hereto, incorporated herein, and made a part of this Agreement for all purposes. ~~The Parties agree and understand that failure to comply with these specific details and requirements may result in the immediate withdrawal of the specified permissions.~~

~~The Parties also agree and understand that this Agreement shall become null and void should the County be unable to procure the System for any reason.~~

Article III. CITY FACILITIES

The City owns, operates and maintains antenna towers, equipment shelters, and backup power located at 305 E. Boydstun Street and 920 Rockwall Parkway. The City owns, operates and maintains a dispatch center, equipment room, -and backup power located at 205 W. Rusk Street. These locations shall be collectivity referred to as City Facilities. The City ~~herby~~hereby grants the County non-exclusive authority to utilize City Facilities to host and house equipment for the benefit of the IRN. The County agrees to submit equipment lists and installation plans for City approval prior to the placement or installation of any equipment. All equipment installations shall comply with best industry practices. Prior to placing any equipment on a City antenna tower, the County or its contractor will commission a structural analysis performed by a licensed Professional Engineer. The structural analysis shall demonstrate that the installation plans comply with relevant revisions and sections of TIA/EIA-222 standards. The City reserves the right to maintain equipment currently located on its towers but owned by other entities, such as cellular providers. An acceptable transition plan must be formulated by the successful bidder and provided to the City to insure continued operation of the City's current radio communication system during the transition to a new radio system.

Any and all expenses related to site improvements needed as part of the IRN project will be covered by the County.

Nothing herein shall preclude the use by the City of the use of these provided structures for other purposes; however, both parties agree that the structures shall remain available for uses associated with the system for the duration of system use.

RCC should map towers currently owned by the City to be used for the IRN. The successful bidder must design the system to accommodate existing co-location customers. The City agrees that any future co-locating entities will design its system to accommodate the IRN and existing customers after installation.

Any interference with existing communications providers will be resolved between the vendor and the other party (such as cellular providers) before final acceptance of the new system.
Nothing herein shall be construed as granting the County any interest in real property owned by the City merely because a component of the System is located on or attached to the real property of the City.

~~**Article III.**~~TERM OF AGREEMENT

This Agreement shall begin ~~as~~ between the County and the City upon the last day executed by both Parties and shall continue in full force and effect for term of ten (10) years. Thereafter, the

Formatted: Underline
Formatted: Bullets and Numbering
Formatted: Indent: First line: 0"
Formatted: Indent: First line: 0"
Formatted: Justified
Formatted: Justified
Formatted: Normal, Left
Formatted: Bullets and Numbering

Agreement will automatically renew for subsequent annual terms unless one of the Parties provides the other Party written notice of its desire not to renew the Agreement at least one year, three hundred sixty five (365) ~~and eighty (180)~~ninety (90) ~~then current~~ days prior to the expiration of the initial ~~then current~~ term and at the beginning of each annual term upon expiration of the initial term. Termination or cessation of this Agreement between the County and the City will not affect the continuation of any other agreement the County may have with any other municipality or Party.

Any termination or default of this Agreement by the City before the end of the initial 10-year term of this Agreement will result in a termination of the non-exclusive permission to operate any radio equipment on the County's System. Additionally, the City must return all radio equipment provided to them by the County at the commencement of this Agreement. Any termination or default of this Agreement by either of the Parties will result in termination of the non-exclusive permission to utilize City Facilities to host or house IRN equipment. Additionally, the County must remove all equipment from City Facilities within ninety (90) days of termination.

Any notice of intent to terminate must be delivered by deposit in the United States mail, certified, return mail receipt requested, to the other Party at the addresses set out herein. Upon termination of this Agreement, neither party will have any obligations to the other party under this Agreement, other than those set forth above.

Article IV. IRN COMMITTEE

Formatted: Bullets and Numbering

Formatted: Normal, Left

The County and participating municipalities shall form an IRN Committee with responsibility for preparation/approval of the RFCSP, evaluation of vendor proposals, and award of a System Purchase Agreement ("SPA"). The IRN Committee shall also establish protocols for utilization of the IRN by system users. The City shall be represented in the IRN Committee by designee(s) of the City Manager. ~~the City of Rockwall Chief of Police and City of Rockwall Fire Chief.~~ Committee members shall have access to all materials related to the IRN including previous and future studies, RFCSP documents, proposal responses, and SPA documents. The City shall have the ability to utilize a third-party consultant for review of materials and shall have the authority to share any and all relevant materials with their third-party consultant.

Article V. PURCHASE, ~~AND~~ INSTALLATION, USE OF SYSTEM

Formatted: Bullets and Numbering

The City hereby acknowledges that the County, after consultation with the IRN Committee, will issue the RFCSP, receive proposals from vendors, and enter into a SPA with the selected vendor. The SPA shall define all equipment, software, and services to be provided, system performance terms, system acceptance terms, implementation schedules, and costs associated with the design, supply, installation, and commissioning of the IRN. The RFP must include costs for the initial maintenance and warranty period and costs for ongoing maintenance of the system for the initial 3 years after the expiration of the initial maintenance and warranty period. Execution of the SPA shall be contingent upon successful negotiation of IRN terms and costs.

The County agrees to provide equal or greater radio system coverage to the City as part of the IRN project. The results of the in-bound and out-bound signal test and Bit Error Rate testing as part of the system acceptance test will be provided to the City for review and evaluation.

The County requested that certain buildings in the City be removed from the Coverage Requirements portion of the RFP, Section A.4 – Mandatory Buildings. The County agrees that any coverage deficiencies in these buildings will be address from contingency funds allocated for this purpose. The County agrees that all buildings removed from the list will have the acceptable level of portable coverage requirements before final acceptance of the system.

Both parties hereby agree that the system shall only be used by participating municipalities and authorized entities in Rockwall County and that no other city, governmental entity, agency, or party shall be granted the use of the system by the other without the specific written consent of a participating entity in the IRN. Nothing in this agreement, however, shall be construed so as to restrict the City or the County from granting use of the system by others when it is mutually agreed that such use is in the best interests of the County and the City.

The County agrees that the City will designate employee(s) of the City to serve as system administrator and have rights and privileges to provide support and maintenance to users of the system. The RFP will provide for the cost of training 2 members of the City to act as a primary and secondary support team for the City.

Article VI. MAINTENANCE OF SYSTEM

The City hereby acknowledges that the County, after consultation with the IRN Committee, will enter into a System Maintenance Agreement ("SMA") with the selected vendor or authorized maintenance contractor to repair and maintain IRN components and software after expiration of manufacturer warranty coverage. The SMA will be structured to repair and maintain the System per manufacturer recommendations and exercise best industry practices for maximizing System availability and operation. ~~uptime.~~ Unless otherwise specified, software will be upgraded to the current level every two years. The City will provide all reasonable coordination and access to City Facilities necessary to repair, maintain, and upgrade IRN equipment and software.

~~User equipment shall be excluded from the SMA.~~Rockwall County assumes all maintenance costs for the system used by the City of Rockwall during the initial warranty period and throughout the term of the Agreement, excluding mobile and portable equipment (and accessories) purchased after the initial procurement period.

The City will deal directly with the vendor for maintenance and warranty of equipment purchased after the initial system procurement, maintenance, and warranty period.

FUTURE SYSTEM UPGRADES

Formatted: Indent: First line: 0"

The City and County recognize that changing conditions may impact the various needs of the parties. Further, it is recognized that the system needs of the City and the County, while currently mutually compatible with the system, may become divergent at some point in the future.

If future system changes and upgrades are required by both parties, they shall be made by mutual agreement of both parties. If future system changes or upgrades are only required by one party, the party requiring said system changes or upgrades shall have the ability to meet their needs through the proper study, procurement, testing, and acceptance procedures.

Both parties agree that the ability for future system changes and upgrades to cure coverage deficiencies will not be reasonably withheld from each other. The City and the County agree that no changes or upgrades made to the system will detract from the full use and enjoyment of the system by both parties.

~~Article IV.~~Article VII. COMPENSATION

Note: This section needs work. If the County intends to divide the ongoing maintenance costs among the member cities, how will it be divided? Costs need to be identified as part of the RFP process? The City shall remit consideration to the County in the amount and manner as set forth in Exhibit A.

~~Article V.~~Article VIII. LIABILITY

Nothing in the performance of this Agreement shall impose any liability for claims against the County or the City other than claims for which liability may be imposed by the Texas Tort Claims Act. Upon receipt of the cost of the system through the RFP process, the City reserves the option to terminate its obligation or to proceed under the terms of the agreement. The City's participation in this project is contingent on all other local government entities in Rockwall County participating in the project in a similar manner.

~~Article VI.~~Article IX. INDEPENDENT CONTRACTOR

Note: City cannot be an independent contractor. If the goal is to hold each other harmless, let's mutually agree on Hold Harmless language that protects both parties.

It is expressly understood and agreed that the City shall operate as an independent contractor as to all rights and privileges granted herein, and not as agent, representative or employee of the County. Subject to and in accordance with the conditions and provisions of this Agreement, the City shall have the exclusive right to control the details of its operations and activities and be solely responsible for the acts and omissions of its officers, agents, employees, contractors and subcontractors. The City acknowledges that the doctrine of *respondeat superior* shall not apply as between the County, its officers, agents and employees, and the City, its officers, agents, employees, contractors and subcontractors. ~~The City further agrees that nothing herein shall be~~

~~construed as the creation of a partnership or joint enterprise between the County and the City. The County shall not be responsible to the City for defects in the System or any of the radio equipment or in the inoperability of same.~~ The County agrees to maintain the System per manufacturer recommendations and the terms of the SMA.

~~Article VII.~~Article X. NON-APPROPRIATION OF FUNDS

Formatted: Bullets and Numbering

The County and the City will use best efforts to appropriate sufficient funds and/or other applicable considerations to support obligations under this Agreement. However, in the event that sufficient funds and/or other applicable considerations are not appropriated by either Party's governing body, and as a result, that Party is unable to fulfill its obligations under this Agreement, that Party (i) shall promptly notify the other Party in writing and (ii) may terminate this Agreement, effective as of the last day for which sufficient funds and/or other applicable considerations have been appropriated.

~~Article VIII.~~Article XI. ASSIGNMENT

Formatted: Bullets and Numbering

The City and County mutually agree that neither party ~~Parties~~~~City shall not~~ have the right to assign or subcontract any of its duties, obligations or rights under this Agreement without the prior written consent of the both parties. ~~County. Which such right shall be granted solely at the discretion of the County.~~

~~Article IX.~~Article XII. NO WAIVER

Formatted: Bullets and Numbering

The failure of either Party to insist upon the performance of any provision or condition of this Agreement or to exercise any right granted herein shall not constitute a waiver of that Party's right to insist upon appropriate performance or to assert any such right on any future occasion.

~~Article X.~~Article XIII. AMENDMENTS

Formatted: Bullets and Numbering

No amendment to this Agreement shall be binding upon either Party hereto unless such amendment is set forth in writing, and signed by both Parties.

~~Article XI.~~Article XIV. SEVERABILITY

Formatted: Bullets and Numbering

If any provision of this Agreement is held by a court of competent jurisdiction to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

~~Article XII.~~Article XV. CONFIDENTIAL INFORMATION

Formatted: Bullets and Numbering

To the extent permitted by law, the City for itself and its officers, agents and employees, agrees that it shall treat all information provided to it by the County as confidential and shall not disclose any such information to a third party without the prior written approval of the County.

The City shall store and maintain County information in a secure manner and shall not allow unauthorized users to access, modify, delete, or otherwise corrupt County information in any way. The City shall notify the County immediately if the security or integrity of County information has been compromised or is believed to have been compromised.

~~Article XIII.~~Article XVI. FORCE MAJEURE

Formatted: Bullets and Numbering

The Parties shall exercise their best efforts to meet their respective duties and obligations hereunder, but shall not be held liable for any delay in or omission of performance due to force majeure or other causes beyond their reasonable control, including, but not limited to, compliance with any state or federal law or regulation, acts of God, acts of omission, fires, strikes, lockouts, national disasters, wars, riots, material or labor restrictions, transportation problems or existing contractual obligations directly related to the subject matter of this Agreement.

~~Article XIV.~~Article XVII. GOVERNING LAW/VENUE

Formatted: Bullets and Numbering

This Agreement shall be construed in accordance with the laws of the State of Texas. Venue for any action brought on the basis of this Agreement shall lie exclusively in state courts located in Rockwall County, Texas or the United States District Court for the Northern District of Texas - Dallas Division. In any such action, each party shall pay its own attorneys' fees, court costs and other expenses incurred as a result of the action.

~~Article XV.~~Article XVIII. NOTICES

Formatted: Bullets and Numbering

All notices sent pursuant to this Agreement will be in writing and must be sent by registered or certified mail, postage prepaid, return-receipt requested.

Notices sent pursuant to this Agreement will be sent to the following addresses for each respective Party:

COUNTY	CITY
County Judge	*City Manager*
Rockwall County Judge's Office	*City of Rockwall*
101 Rusk Street, Room 202	*385 South Goliad St.*
Rockwall, Texas 75087	*Rockwall, Texas 75087*

When notices sent pursuant to this Agreement are mailed by registered or certified mail, notices will be deemed effective three (3) days after deposit in a U.S. mail box or at a U.S. post office.

~~Article XVI.~~Article XIX. SIGNATURE AUTHORITY

Formatted: Bullets and Numbering

The person signing this agreement hereby warrants that he/she has the legal authority to execute this agreement on behalf of the respective Party, and that such binding authority has been granted

by proper order, resolution, ordinance or other authorization of the entity. The other Party is fully entitled to rely on this warranty and representation in entering into this Agreement.

~~Article XVII.~~Article XX. **ENTIRETY OF AGREEMENT**

Formatted: Bullets and Numbering

This written instrument, including all Exhibits attached hereto, contains the entire understanding and agreement between County and the City as to the matters contained herein. Any prior or contemporaneous oral or written agreement is hereby declared null and void to the extent in conflict with this Agreement. This Agreement may not be amended unless set forth in writing and signed by both parties.

EXHIBIT A

TERMS OF USE

The following definitions shall have the meanings set forth below and apply to this Agreement and the Terms of Use set forth herein:

DEFINITIONS

Note: need to move definitions to the beginning of the contract and standardize language in the body of the contract.

Formatted: Font: Bold, Font color: Red

Formatted: Font: Italic, No underline, Font color: Red

"Console System" shall mean all hardware and software associated with any dispatch console or set of consoles that are connected to the County's Interoperable Radio Network ("IRN").

"Interoperable Communications Plan" means the plan developed and established by the County to enhance and simplify radio communications among all agencies utilizing the County public safety radio system or connecting its Site Repeater Systems or any Console Systems to the IRN.

"Master Site" shall mean the hardware and software provided by the County as the core component of the P25 700 MHz Trunked Radio System. All Site Repeater Systems must connect to the Master Site.

"Site Repeater System" shall mean the base stations, antenna systems, controllers, and ~~shelter, tower and all~~ site-specific hardware and software infrastructure associated with the provision of a radio site owned and operated by the
County to be connected to the County Master Site.

"City Facilities" shall mean antenna towers, equipment shelters, backup power, and dispatch center facilities owned and operated by the City and utilized to host equipment for the IRN.

"Subscriber Radio" shall mean a control station (desk top radio), mobile radio, or portable radio, and accessories, which has a unique identification number and is programmed to operate on the County Trunked Voice Radio System.

"Talk Group" shall mean a specific group of subscriber units allowed to communicate privately within that group over shared infrastructure resources.

"Request For Proposals" RFP shall mean a formal response from a bidder.

Formatted: Font: Bold

TERMS OF USE

1. The County shall provide and maintain the P25 700 MHz Trunked Radio System Master Site to which any Site Repeater Systems and Consoles System will connect.

~~3.The County shall execute with the provider of the P25 700 MHz Trunked Radio System a Software Upgrade Agreement for the System, every ASTRO 25 radio site connecting to the System, including those owned and operated by the City, and all other hardware such as Console Systems that would be affected by the software upgrades, including those owned and operated by the City. Unless the City is notified otherwise, the software for the System, all Site Repeater Systems and all Console Systems will be upgraded to the current level every two years. The City will provide all reasonable coordination necessary for the upgrade of its Site Repeater Systems and Console Systems.~~

~~3.~~

~~3.~~2. The County shall provide radio IDs for all radios and dispatch consoles owned and operated by the City. City radio IDs will include a block of IDs that can be assigned to future radios which may be purchased by the City. The City must provide written authorization to the County prior to the release of the City's radio IDs or any other information to a third party vendor or agency.

~~The acquisition, installation and maintenance of the City's Console Systems are the responsibility of the City unless otherwise stated in this Agreement.~~

~~5.~~3. The County will be responsible for the acquisition and initial programming of all City radios. The City shall have the ability to utilize a manufacturer-certified contractor for subsequent radio programming activities. The City will have the ability to utilize internal staff for the programming of radios following manufacturer training of said staff. The City shall have the sole authority to program its radios with frequencies and systems that are not affiliated with the IRN and share the City's frequencies with other entities not affiliated with the IRN for the purposes of mutual aid with neighboring law enforcement and/or public safety agencies.

4. The City, at its discretion, may obtain manufacturer training for administration of City radios and City consoles in the IRN. Trained staff shall have remote access to system administration tools including usage reports, activity logs, and user setup and administration. Access to system administration tools shall be limited to City equipment and City resources.

~~6.~~5. The County is the holder of the FCC (Federal Communications Commission) license(s) that the County's Site Repeater System uses for its operation. Through this agreement, the County grants permission for City users to operate on the IRN~~The City, as an operator of a radio dispatch from a fixed location will need to obtain the appropriate FCC licensees~~ per FCC license parameters and restrictions.~~.~~

~~7.~~6. The County makes no guarantee, either express or implied, as to radio signal strength or a specific level of radio coverage in a particular location. System performance will be a component of the SPA and the responsibility of the selector vendor. The County, as the contracting authority, will include coverage requirements as part of the RFP and will ensure the City receives radio coverage as good as or better than it has on the current system. ~~r.~~

Formatted: Bullets and Numbering

Formatted: Bullets and Numbering

Formatted: Bullets and Numbering

Formatted: Bullets and Numbering

Formatted: Bullets and Numbering

~~8.~~7. The City shall use due diligence in the maintenance and configuration of their subscriber radio equipment to ensure that no City radio causes a degradation to system operation. The County shall have the right to remove from operation any field radio unit or equipment owned by City that is operating on, attached and/or interfaced to the County infrastructure, if such equipment is found to cause interference or harm, to the system in any way. The County reserves the right to request that City operated field radio units or equipment operating on, attached and/or interfaced to the infrastructure be tested for proper operation and/or repaired by an authorized radio repair facility approved by the County. The cost of such testing or repair will be the sole responsibility of City. Furthermore, the County shall have the right to deactivate, without prior notification to or consent of the City, any field radio suspected of causing interference, intentionally or unintentionally, to any other radios on the systems or the systems operation.

Formatted: Bullets and Numbering

~~9.~~8. The County, in conjunction with the IRN Committee, will develop ~~establish~~ a coordinated Interoperable Communications Plan to apply to the County and the users of its systems. The City agrees to participate in the Plan and include the Plan's interoperable talk groups in the programming of its subscriber units and Console Systems.

Formatted: Bullets and Numbering

APPLICABLE CONSIDERATION

1. The County shall provide to the City all Subscriber Radio equipment in an amount equivalent to the current operating equipment levels of the City. The City will be responsible for maintenance of all City radios upon expiration of ~~subsequent to any~~ the initial maintenance and warranty ~~servicing~~ period.

2. The City shall deliver to the County all radio equipment replaced as listed in Exhibit B pursuant to the terms of the Agreement. The old radio equipment will become property of the County to be utilized as a "trade-in" in an effort to receive discount pricing on the new Subscriber Radio equipment. An exception to this consideration is any equipment necessary to retain for interoperability purposes.

Formatted: Bullets and Numbering

Formatted: No bullets or numbering

~~4.~~

~~4.~~

~~4.~~

~~4. The City shall provide to the County adequate space, including existing tower space, or real property for the development of necessary Site Repeater Systems in accordance with the recommendations of the County's project consultants and according to the terms of County's Agreement with the provider of the P25 700 MHz Trunked Radio System. The final locations for the County's Site Repeater Systems shall be subject to mutual agreement between the County and the City.~~

~~4.~~

~~4. The City shall pay the County an Annual Software Upgrade Fee equal to the amount invoiced to the County by the provider of the P25 700 MHz Trunked Radio System, or its successors, for the upgrade of the City's Consoles Systems and any other component subject to upgrade as a result of the upgrade of the System.~~

Formatted: Indent: Left: 0.5", No bullets or numbering

Formatted: Indent: Left: 0.5"

COMPLIANCE WITH LAWS

1. The County and the City shall comply with all current and future Federal, State, and Local laws, Ordinances, and Mandates, including Federal Communications Commission rules and regulations regarding proper use of radio communications equipment. The City will also comply with the guidelines, or procedures set out in this Agreement. Furthermore, the City is responsible for enforcing such compliance by its employees, volunteers, or any individual operating City subscriber radio equipment. Furthermore, the City will be responsible for payment of any fines and penalties levied against the County as a result of improper or unlawful use of subscriber radio equipment owned by the City.

~~3.~~In order to comply with Federal, State, and Local Laws and/ or Mandates, the City~~ounty~~, as an authorized user of the County's licensed frequencies, ~~the~~ may be required to ~~Licensee, may need to act on behalf of the City regarding possible~~ modify~~ications~~, reconfigur~~eation~~, or replace ~~exchange of~~ owned Subscriber Radio equipment ~~in order to meet these obligations~~. For as long as this Agreement is in force, the City will cooperate with ~~allow~~ the County to facilitate such activities ~~on the County's behalf~~ as necessary. The City will be responsible for any and ~~e~~all costs associated with its own compliance activities unless otherwise arranged with the County or governing authority.

Formatted: Bullets and Numbering

~~3.~~

~~3.~~2. ~~In the instance where the City Subscriber Radio equipment is to be replaced in order to be in compliance with Federal, State, and Local Laws and/or Mandates, title and ownership of such replacement Subscriber Radio equipment shall pass directly to the City upon delivery of Subscriber Radio equipment to the City's site. The City shall provide the County, or its designee, with the Subscriber Radio equipment to be replaced, in good working order, as determined by the City or its designee. The City shall be liable for payment of any fees associated with radios deemed to be not in proper working order. The City shall be liable for payment of any fees associated with upgrades to subscriber radio equipment.~~

- Bidder should provide capability for the system to be partitioned to allow for individual agencies to manage its own programming.

- The radio system must be capable of simulcast 700/VHF.

Dispatch Concerns / Issues / Questions

- The Fire Auto CAD system needs to have automated dispatch system component with integrated Fire Box Districts, Hydrant Module, CAD Mapping Module, Fire Pre-Plan Module, Fire Auto Cad In-Car Module, GIS Vehicle Tracking Module, and Hazardous Material Module. The Fire Marshal office also uses Building Records Module, Jacket Module, Inspections Module and Permits Module.

- The Rockwall Police Department CAD system – Must be compatible with New World

Proclamation

Rockwall, Texas

Whereas, in 2014 it is estimated that, 46,420 Americans will be diagnosed with pancreatic cancer, and 39,590 will die from the disease, including 73 percent who will die within the first year of diagnosis; and

Whereas, when symptoms of pancreatic cancer present themselves, it is usually too late for an optimistic prognosis, with 73 percent of pancreatic cancer patients dying within the first year of their diagnosis and 94 percent dying within the first five years; and

Whereas, the Recalcitrant Cancer Research Act was signed into law in 2013, which calls on the National Cancer Institute to develop a scientific framework, or strategic plans, for pancreatic cancer and other deadly cancers, which will help provide the strategic direction and guidance needed to make true progress against these diseases; and

Whereas, the Pancreatic Cancer Action Network is the first and only national patient advocacy organization that serves the pancreatic cancer community in Rockwall and nationwide by focusing its efforts on public policy, research funding, patient services, and public awareness and education related to developing effective treatments and a cure for pancreatic cancer; and

Whereas, the Pancreatic Cancer Action Network and its affiliates in Rockwall support those patients currently battling pancreatic cancer, as well as to those who have lost their lives to the disease, and are committed to nothing less than a cure; and

Whereas, the good health and well-being of the residents of Rockwall are enhanced as a direct result of increased awareness about pancreatic cancer and research into early detection, causes, and effective treatments;

Now, Therefore I, David Sweet, Mayor of the City of Rockwall, Texas do hereby proclaim the month of November 2014 as

Pancreatic Cancer Awareness Month

in the City of Rockwall and encourage all citizens to learn more about this deadly disease and to support research towards finding a cure.

In Witness Whereof, I hereunto set my hand and official seal this 3rd day of November, 2014.

Proclamation

Rockwall, Texas

Whereas, the Rockwall Boys and Girls Club engages youth in the community from at least nine (9) different RISD schools, keeping participants active approximately 250 days of the year by providing fun, daily programs as well as daily snacks; and

Whereas, since 2011, total membership has grown from approximately 300 youth to over 780, with average daily attendance increasing from 70 youth per day to over 150 per day during the school year; and

Whereas, 95% of club members attend at least 3 times per week, and 75% attend at least twice each week; and

Whereas, during the summer of 2014, more than 250 youth attended the club each day with breakfast and lunch being provided daily by the RISD; and

Whereas, youth participate in programs focused on reading, math, science, and cultural arts, as well as daily homework help after school and the annual national fine arts and photography contest; and

Whereas, the club's youth also participate in Drug & Alcohol prevention programs as well as gender specific programs such as Passport to Manhood and SMART Girls; and

Whereas, the Club's Torch Club Leadership members made a positive impact on the community by contributing more than 4,000 community service hours in 2013.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim Monday, November 3, 2014 as

BOYS & GIRLS CLUB
Of Rockwall County

Recognition Day

in the City of Rockwall, Texas and urge all citizens to applaud and congratulate the Rockwall Boys and Girls Club, including the club's leadership, volunteers and partners, for their numerous programs and generous contributions which benefit so many young people throughout our community.

18

Proclamation

Rockwall, Texas

Whereas, in the United States, over 29 million people – including over 700,000 in North Texas -- have diabetes; and

Whereas, diabetes is a serious disease with potentially life-threatening complications such as heart disease, stroke, blindness, kidney disease and amputation; and

Whereas, an additional 86 million people in the United States are at risk for developing type 2 diabetes; and

Whereas, recent estimates project that one in three children born today will have diabetes by the time they are 50 years old if current trends continue; and

Whereas, an increase in community awareness is necessary to put a stop to the diabetes epidemic.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby designate the month of November 2014 as

AMERICAN DIABETES MONTH

in the City of Rockwall and encourage all citizens to recognize American Diabetes Month and support the movement to confront, fight and, most importantly, change the future of this deadly disease.

In Witness Whereof, I hereunto set my hand and official seal this 3rd day of November, 2014.

David Sweet, Mayor

20

Proclamation

Rockwall, Texas

Whereas, Pulmonary Hypertension (PH) is high blood pressure in the arteries of the lungs that can lead to heart failure; and

Whereas, although this is a rare disease without a cure, treatments are available; and

Whereas, symptoms of Pulmonary Hypertension are similar to asthma, which causes PH to be under-recognized, misdiagnosed and lead to life-threatening delays in treatment; and

Whereas, when PH is misdiagnosed as asthma or COPE, patients lose valuable treatment time and incur unnecessary costs for themselves and the health care system,

Whereas, it is currently estimated that determining a proper diagnosis for those with Pulmonary Hypertension takes an average of 2.8 years; and

Whereas, since the condition is progressive and incurable, the time associated with prompt and correct diagnosis is critical; and

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby designate the month of November 2014 as

PULMONARY HYPERTENSION AWARENESS MONTH

in the City of Rockwall and encourage all citizens to support the movement to educate the public on this disease and increase awareness of the need for early and correct diagnosis, thereby saving lives.

In Witness Whereof, I hereunto set my hand and official seal this 3rd day of November, 2014.

Proclamation

Rockwall, Texas

Whereas, despite advances in medical technology and research, men continue to live an average of almost 6 years less than women; and

Whereas, 1 in 2 men will be diagnosed with cancer in their lifetime, with 1 in 7 men being diagnosed with prostate cancer in his lifetime; and

Whereas, prostate cancer is the second most common cancer among men in the United States and testicular cancer is the most common cancer in American males between the ages of 15 and 35; and

Whereas, more than 12 percent of men 18 years and older are considered in fair or poor health; and

Whereas, educating the public and health care providers about the importance of healthy lifestyles and early detection of male health problems will result in reducing the rates of mortality from disease; and

Whereas, each November, men across the United States and around the world participate in "Movember", an annual event involving the growing of moustaches to raise funds and awareness for men's health, specifically prostate and testicular cancers;

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim the month of November, 2014 as

MOVEMBER

in the City of Rockwall and encourage all males to take the time to participate in prevention screenings for the sake of their individual health and for the well-being of Rockwall families.

In Witness Whereof, I hereunto set my hand and official seal this 3rd day of November, 2014.

MINUTES
ROCKWALL CITY COUNCIL
Monday, October 20, 2014
4:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the public meeting to order at 4:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem Jim Pruitt, and City Council Members David White, Mike Townsend, Scott Milder, Bennie Daniels and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs and City Attorney Frank Garza.

II. (4:00 P.M.) WORK SESSION

1. Hold work session to hear update from Tom Kula of the North Texas Municipal Water District (NTMWD) regarding the drought and associated water supply, and take any action necessary.

Present for this agenda item were Tom Kula and Mike Rickman of the North TX Municipal Water District as well as the City of Rockwall's appointed members to the NTMWD board, Mr. Larry Parks and Mr. Bill Lofland.

Tom Kula came forth, introducing himself as the Executive Director of the NTMWD and indicating he has been in this role for about six months. He thanked the citizens of Rockwall for achieving about a thirty-one percent reduction in water consumption/usage. He explained that the drought officially began four years ago in October of 2010, and it may rival the drought of the 1950s. For five years, water for Lake Lavon could not be pulled from Texoma. As a result, Lavon is six feet lower than it really should have been. More rain than normal is being forecasted for the winter months.

Councilmember Daniels expressed that he has heard concerns regarding Lake Ray Hubbard from resident homeowners and businesses that are being adversely affected by the low water levels. Mike Rickman, Deputy Director of Water Operations for the NTMWD, came forth and briefed the council on lake levels at the various lakes around the region. He also briefed the council on lake releases from Lake Ray Hubbard in collaboration with the City of Dallas through two contracts that NTMWD has with the City of Dallas. He explained that two wastewater treatment plants discharge into Lake Ray Hubbard. Those flows get released through the spillway into the wetlands, and it is then pumped back to Lake Lavon. The second contract is a three year one that expires in May of 2016. It deals with the purchase of raw water, with some of the raw water coming from Lake Ray Hubbard and the rest coming from either Lake Tawakoni or Lake Fork.

Councilmember Lewis pointed out that the NTMWD recently added several new employees. Regarding a future, anticipated water rate increase on the part of the NTMWD, Councilmember Lewis expressed a desire for the District to reassure Rockwall that it is doing all it can do in order to keep costs down. He expressed that the city is currently doing its own study related to water rates, and those results will be discussed by the city council in November.

Mr. Kula explained that employees were added at the NTMWD this fiscal year to begin projects that they are behind on. For example, employees were added to Maintenance Management to manage and begin to address aging infrastructure.

Councilmember Daniels expressed that he would like the NTMWD to better explain and communicate to Rockwall citizens the process of letting water out of Lake Ray Hubbard and the reasons why. Mayor Sweet expressed a desire for a short summary of this nature to be prepared by the District for inclusion in city water bills as an informational insert. Mr. Kula agreed to also contact the local newspaper(s) in Rockwall to see about putting information of this nature in the local newspapers too. Mr. Kula expressed that

After brief dialogue between the Council and Mr. Parks and Mr. Lofland, the Council took no action related to this agenda item.

2. Hold work session to discuss and consider the city's Art in Public Places ordinance provisions, including the Art Review Team (ART) Commission, and take any action necessary.

Assistant City Manager Brad Griggs provided brief background information related to this agenda item, indicating that Councilmember White requested that this item be placed back on the council agenda for discussion.

Councilmember White indicated that he would like as many citizens involved in public art submissions as possible, and then have the five person Commission review those submissions. Discussion took place related to the composition of the commission, with Mayor Pro Tem Pruitt indicating that he has a problem with only one "interested citizen" serving on the Commission. Also, he would like to ensure that all five who serve have to be residents of the City of Rockwall. City Attorney Frank Garza confirmed that, according to the city's Charter, they will need to be residents of the city.

Councilmember White then made a motion to change the composition of the ART Review Team to call for five residents (with no specialties as far as their background, education or profession are concerned) to serve. Mayor Pro Tem Pruitt seconded the motion, which passed by a vote of 7 ayes to 0 nays.

At 4:50 p.m. Mayor Sweet read the below listed discussion items into the public record before recessing the meeting into Executive Session.

III. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding right-of-way land acquisition located near Justin Road and John King Blvd. pursuant to Section 551.072 (Real Property) and status of Temunovic condemnation proceeding pursuant to Section 551.071 (Consultation with Attorney).

2. Discussion regarding possible claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)

3. Discussion regarding appointment to fill city council member vacancy in accordance with City Charter provisions pursuant to Section 551.074 (Personnel Matters)

4. Discussion regarding appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Board of Adjustments, Planning & Zoning Commission, Rockwall Economic Development Corporation, and Charter Review Commission pursuant to Section 551.074 (Personnel Matters)

5. Discussion regarding city council member appointment as "alternate member" to STAR Transit board of directors pursuant to Section 551.071 (Consultation with Attorney) and Section 551.074 (Personnel Matters).

6. Discussion regarding City Manager performance evaluation pursuant to Section 551.074 (Personnel Matters).

7. Discussion regarding incentives to tenured employees and possible legal issues pursuant to Section 551.074 (Personnel Matters) and Section 551.071 (Consultation with Attorney).

8. Discussion regarding possible claim in enforcing city sign ordinance pursuant to Section 551.071 (Consultation with Attorney).

IV. ADJOURN EXECUTIVE SESSION

Executive Session was adjourned at 5:50 p.m.

V. (6:00 P.M.) RECONVENE PUBLIC MEETING

Mayor Sweet reconvened the public meeting at 6:00 p.m. with all seven city council members present.

VI. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

Mayor Pro Tem Pruitt indicated that no action was needed as a result of Executive Session.

VII. INVOCATION AND PLEDGE OF ALLEGIANCE – COUNCILMEMBER TOWNSEND

Councilmember Townsend delivered the invocation and led the Pledge of Allegiance. Mayor Sweet then announced that members of the city's Youth Advisory Council (YAC) are present to observe the council meeting this evening, and each of them introduced themselves.

VIII. PROCLAMATIONS / AWARDS

1. Cain Middle School Day

Mayor Sweet called forth representatives of Cain Middle School. He then read and presented them with a proclamation recognizing the school and staff for several recent accomplishments.

2. Police Department Presentation: Citizen Certificate of Merit (David Earls)

Mayor Sweet called forth Police Chief Mark Moeller and Assistant Police Chief Kirk Riggs. Chief Moeller provided background information about lifesaving measures that

Mr. Earls took in order to save his coworker's life when he became electrocuted while working on electrical repairs in the City of Rockwall back in June.

3. Rockwall Kiwanis Recognition Day

Mayor Sweet called forth representatives from the local Kiwanis club. He then read and presented Rockwall Kiwanis with a proclamation recognizing them for their contributions to the Rockwall community.

4. J.E.R. Chilton YMCA Recognition Day

Representatives of the J.E.R. Chilton YMCA (of Rockwall), including Executive Director Bonnie LaVielle, were called forth by Mayor Sweet. Mayor Sweet then read and presented the representatives with a proclamation recognizing the organization for its programs and contributions to the community.

5. Chamber of Commerce Week

Dana Macalik, President of the Rockwall Area Chamber of Commerce, came forth with various representatives to explain a little bit about what the Chamber does for the Rockwall community. Mayor Sweet then read and presented the Chamber representatives with a proclamation declaring October 20-24 as Chamber of Commerce Week in Rockwall.

6. Red Ribbon Week

Mayor Sweet called Enid Reyes forth to say a few words about Red Ribbon Week. Ms. Reyes introduced several guests who accompanied her this evening. He then read and presented a proclamation declaring October 23-31 as Red Ribbon Week in the City of Rockwall. Chief Moeller reminded the public about an upcoming "Drug Take Back Initiative," which is a community wide effort that takes place annually and allows citizens to safely dispose of old, unused pharmaceutical drugs. A secure drop box that is locked will soon be implemented in the City of Rockwall to allow anyone to drop off unused pharmaceuticals at any time.

Mayor Sweet reordered the city council agenda to address Appointment Item #1 next.

IX. CONSENT AGENDA

1. Consider approval of the minutes from the October 6, 2014 regular city council meeting, and take any action necessary.

2. Consider approval of an **ordinance** establishing the speed limit along SH 205 from E. Interurban Street to south of S. Heath Street at 35 miles per hour and take any action necessary. **(2nd reading)**

3. Consider approval of an **ordinance** amending Chapter 38. Subdivisions; Article I. In General; Section 38-15. Miscellaneous requirements, Subsection (m) to increase Engineering Inspection fees from two percent to four percent, and taken any action necessary. **(2nd reading)**

4. **MIS2013-006** – Consider approval of an **ordinance** for a City initiated amendment to Sections 38-360 through 38-368 of Chapter 38, Subdivisions, of the Municipal Code of Ordinances of the City of Rockwall, Texas, concerning updated impact fees for water and wastewater facilities based on recently approved and updated land use assumptions and utility capital improvement plans for such facilities. **(2nd Reading)**

5. Consider approval of a Professional Engineering Services Contract with Kimley-Horn and Associates, Inc. to perform various traffic related studies within the City in an amount not to exceed $10,000.00 funded from the FY2015 Engineering Budget and take any action necessary.

6. Consider authorizing the City Manager to execute a purchase order to Caldwell Country Motors for the purchase of two (2) Chevrolet Tahoes for Fire Inspectors in the amount of $72,482 funded with General Fund Reserves and take any action necessary.

7. Consider authorizing the City Manager to enter into a contract with Benbrooke Ridge Partners, L.P. for lease of office space for the John Fitzwater, Sr. Community Service Center at 1113 Ridge Road (former Brookshires Shopping Center) to be paid from the Police Department Community Services operating budget and take any action necessary.

Following Appointment Item #1, the Consent Agenda was addressed.

Mayor Pro Tem Pruitt pulled item #1 for discussion.

Councilmember Lewis made a motion to approve the remaining items on the Consent Agenda (#s 2, 3, 4, 5, 6 and 7). Councilmember White seconded the motion. The ordinances were read as follows:

CITY OF ROCKWALL, TEXAS
ORDINANCE NO. 14-45

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS ALTERING THE PRIMA FACIE SPEED LIMITS ESTABLISHED FOR VEHICLES UNDER THE PROVISIONS OF TRANSPORTATION CODE, SECTION 545.356 UPON STATE HIGHWAY NO. 205 GENERALLY FROM E. INTERURBAN STREET TO SOUTH OF S. HEATH STREET OR PARTS THEREOF, WITHIN THE CORPORATE LIMITS OF THE CITY OF ROCKWALL, TEXAS, AS SET OUT IN THIS ORDINANCE; AND PROVIDING A PENALTY OF A FINE NOT TO EXCEED THE SUM OF $200.00 FOR EACH OFFENSE; PROVIDING AN EFFECTIVE DATE.

CITY OF ROCKWALL, TEXAS
ORDINANCE NO. 14-46

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING CHAPTER 38. SUBDIVISIONS; ARTICLE I. IN GENERAL; SECTION 38-15. MISCELLANEOUS REQUIRMENTS BY AMENDING SUBSECTION (m) TO REVISE THE ENGINEERING INSPECTION FEE TO RAISE IT FROM TWO PERCENT TO FOUR PERCENT; REPEALING ALL ORDINANCES IN CONFLICT WITH THE PROVISIONS OF THIS ORDINANCE; PROVIDING A SEVERABILITY CLAUSE; PROVIDING AN EFFECTIVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 14-47

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, AMENDING SECTIONS 38-360 THROUGH 38-368 OF CHAPTER 38, *SUBDIVISIONS*, OF THE MUNICIPAL CODE OF ORDINANCES OF THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, CONCERNING UPDATED IMPACT FEES FOR WATER AND WASTEWATER FACILITIES BY UPDATING THE LAND USE ASSUMPTIONS, CAPITAL IMPROVEMENTS PLANS, EQUIVALENCY TABLES, AND IMPACT FEE ASSESSMENT AND COLLECTION RATES FOR SUCH FACILITIES; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; PROVIDING FOR PENALTIES; AND PROVIDING AN EFFECTIVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

Regarding Appointment Item #2, the second paragraph, Mayor Pro Tem Pruitt expressed that the language should be modified to clarify that Mr. Covington indicated that he is in fact a lawyer; however, he explained that he does not represent Sylvana Garcia, Senior Property Manager with USR or Kim Lovett with Eventive Marketing Solutions. Instead, he is a lawyer with the firm that represents TF Harbor. Mayor Pro Tem White then made a motion to approve Consent Agenda item #1 with the said changes being incorporated. Councilmember Townsend seconded the motion, which passed by a vote of 7 ayes to 0 nays.

X. APPOINTMENTS

1. Appointment with Joe DeLane, Rockwall County Emergency Management Coordinator, to hear update regarding Emergency Management related activities, including public health, and take any action necessary.

Joe DeLane indicated that partnerships were formulated early on with various individuals across multiple disciplines throughout Rockwall County in order to facilitate discussions and information related to the recent Ebola related events that have arisen throughout the Dallas region. He stated that countywide officials continue to monitor the situation and associated developments, and press releases issued by Rockwall County have been created and disseminated through a joint effort with countywide partners. Mr. DeLane indicated that the Texas Department of State Health Services is the authority on this Ebola event, and the County of Rockwall also has a county health authority, Dr. Bonaquisti, who has been receiving limited information from the State related to individuals (now a total of six) who have been being monitored within Rockwall County by state health officials. He explained that Dr. Bonaquisti has indicated that, although he has not requested specific addresses of those who are being monitored in Rockwall County, even if he were to be provided with this information, he would be unable to release said information due to privacy-related legal issues. Mayor Sweet indicated that a daily conference call has been taking place with representatives of each and every entity in Rockwall County as well as with the local ambulance provider and the two school districts in Rockwall County. He complimented the partners for their work in monitoring the developments and keeping the public informed. Councilmember Lewis complimented Mr. DeLane on his work as the County of Rockwall Emergency Management Coordinator and thanked him for his work on this Ebola situation.

Mayor Sweet then addressed the Consent Agenda.

2. Appointment with Perry Havenar of Garver, Inc. to hear final presentation on the airport development plan conducted at the Ralph M. Hall / Rockwall Municipal Airport, and take any action necessary.

Mr. Havenar came forth and briefed the city council on the airport development plan. Mr. Havenar generally indicated that the cost and logistics associated with extending the airport runway would outweigh the benefits that would ultimately be gained. Mr. Havenar also provided the council with possible capital improvements they may wish to consider in five-year phased increments over a period of about fifteen years.

Mayor Pro Tem Pruitt, Councilmember White and Councilmember Townsend as well as a few representatives from the Rockwall Economic Development Corporation served on the subcommittee that oversaw this study.

Councilmember White made a motion to approve the Airport Development Plan as presented by Mr. Havenar, including authorizing the staff to submit it to TXDOT Aviation for review. Councilmember Milder seconded the motion, which passed unanimously of council (7 ayes to 0 nays).

XI. ACTION ITEMS

1. Discuss and consider countywide Interoperability Radio System Interlocal Agreement and take any action necessary.

City Manager Rick Crowley indicated that, unfortunately, there is no updated contract to be evaluated by the Rockwall City Council this evening. The county's attorneys are still reviewing comments previously submitted by the city related to the last draft.

Councilmember White asked if either of the chiefs have any comments. Both Chief Poindexter (Fire) and Chief Moeller (Police) expressed that the last draft had some details that did not meet the city's needs. So, appropriate comments were sent back to the county.

After brief comments, the council took no action related to this agenda item.

2. Discuss and consider appointments to the city's Park Board, Architectural Review Board, and the Art Review Team Commission, and take any action necessary.

Regarding the Architectural Review Board, Councilmember Milder indicated that does not yet have a recommendation to provide; however, he is speaking with a possible candidate at this time. Mayor Sweet briefed the council on various, outstanding board openings and needed appointments.

Regarding the Park Board, Councilmember Townsend made a motion to appoint Wayne Larson to serve (replacing Marcus Yarborough with an initial term to expire in August of 2016). Councilmember White seconded the motion, which passed unanimously of council present (7 ayes to 0 nays).

At 7:20 p.m., Mayor Sweet indicated that the city council will recess the public meeting into Executive Session. The then read discussion items #4 and #7 listed below into the public record.

XII. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding right-of-way land acquisition located near Justin Road and John King Blvd. pursuant to Section 551.072 (Real Property) and status of Temunovic condemnation proceeding pursuant to Section 551.071 (Consultation with Attorney).
2. Discussion regarding possible claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)
3. Discussion regarding appointment to fill city council member vacancy in accordance with City Charter provisions pursuant to Section 551.074 (Personnel Matters)
4. Discussion regarding appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Board of Adjustments, Planning & Zoning Commission, Rockwall Economic Development Corporation, and Charter Review Commission pursuant to Section 551.074 (Personnel Matters)
5. Discussion regarding city council member appointment as "alternate member" to STAR Transit board of directors pursuant to Section 551.071 (Consultation with Attorney) and Section 551.074 (Personnel Matters).
6. Discussion regarding City Manager performance evaluation pursuant to Section 551.074 (Personnel Matters).
7. Discussion regarding incentives to tenured employees and possible legal issues pursuant to Section 551.074 (Personnel Matters) and Section 551.071 (Consultation with Attorney).
8. Discussion regarding possible claim in enforcing city sign ordinance pursuant to Section 551.071 (Consultation with Attorney).

XIII. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

Mayor Sweet reconvened the public meeting at 8:13 p.m. Pro Tem Pruitt made a motion to appoint G. David Smith to the Charter Review Commission (replacing Connie Jackson who was originally appointed but has since expressed an inability to serve). Councilmember White seconded the motion, which passed unanimously of council (7 ayes to 0 nays).

XIV. ADJOURNMENT

The meeting was adjourned at 8:13 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 3rd day of November, 2014.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Ashberry, City Secretary / Assistant to the City Manager**

DATE: **November 3, 2014**

SUBJECT: **Ordinance amendment re: ART Team Commission composition**

At the October 20th council meeting, the council voted to move forward with passing an ordinance amendment to make modifications to the composition of the city's ART Review Team Commission. Based on those discussions, I have drafted the attached ordinance for council review and consideration at the November 3rd meeting.

CITY OF ROCKWALL

ORDINANCE NO. 14-41

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CH. 36. STREETS, SIDEWALKS AND PUBLIC PLACES; ARTICLE IV. ART IN PUBLIC PLACES MASTER PLAN; DIVISION 2. ART REVIEW TEAM (ART) COMMISSION; SECTION 33-77. ESTABLISHED, SUBSECTION (a)(1). COMPOSITION TO CHANGE THE REQUIRED COMPOSITION OF THE FIVE (5) MEMBER COMMISSION; PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Rockwall City Council, in order to facilitate more inclusionary participation by members of the public who may wish to serve, has determined that the following composition for the city's Art Review Team (ART) Commission is in the best interest of the public;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Code of Ordinances in Chapter 36. Streets, Sidewalks, and Public Places; Article IV. Art in Public Places Master Plan; Division 2. Art Review Team (ART) Commission; Section 33-77. Established; Subsection (a)(1). Composition is hereby amended to henceforth read in its entirety as follows:

(a) (1) The art review team (ART) commission shall consist of five members, who shall all be "interested citizens" appointed by the city council. ~~The team members will include two visual arts professionals, two members of the business community who will be representative of the environmental design fields (architecture, landscape architecture, urban planning/design), and one resident of the community. Selection of the team will reflect ethnic, artistic, economic and demographic diversity of the community.~~ All team members ~~must~~ should possess knowledge of, or have an interest in contemporary, visual art, artistic principles and art media. ~~A board member of the Rockwall Alliance for the Arts and the director of parks and recreation or his designee will serve as ex officio (nonvoting) members.~~

a. The art review team (ART) commission shall consist of five regular members appointed by a majority of the city council. ~~The ex officio member from the Rockwall Alliance for the Arts will also be appointed by the city council. The ex officio member from the parks and recreation department~~ A staff liaison will be appointed by the city manager.

b. In the case of a vacancy of the commission, the city council, by a majority vote, may appoint a replacement member to the commission. Any person appointed shall serve until the expiration of the term of office of the vacated position.

c. Each member of the commission shall be a resident citizen and qualified voter of the city.

d. Upon the initial appointment of the commission by the city council, members shall draw lots for three two-year terms and three one-year terms of service. Thereafter, the term of office of members of the commission shall be for two years. Members may be removed, as determined by the city council.

e. Members shall serve without compensation.

Section 2. That all ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict;

Section 3. That if any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or illegal, such decision shall not affect the validity of the remaining sections of this ordinance. The City Council hereby declares that it would have passed this ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared void;

Section 4. That all ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed. The balance of such ordinance is hereby saved from repeal;

Section 5. That this Ordinance shall become effective immediately upon passage and approval and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 17th day of November, 2014.

David Sweet, Mayor

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/03/2014

APPLICANT: Chase Finch, *Corwin Engineering, Inc.*

AGENDA ITEM: **P2014-027**; *Breezy Hill, Phases IXA & IXB*

SUMMARY:

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of the Skorburg Company (BH 60's POD, LTD) for the approval of a *Preliminary Plat* for Breezy Hill, Phases IXA & IXB, containing 92 residential lots on a 26.32-acre tract of land situated within the T. R. Bailey Survey, Abstract No. 30 and the J. Simmons Survey, Abstract No. 190, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for residential land uses, generally located east of the intersection of FM-552 and John King Boulevard, and take any action necessary.

PRELIMINARY PLAT INFORMATION:

- ✓ The Breezy Hill Subdivision is a master planned community that will provide approximately 405-acres of residential and commercial development. The residential subdivision will be composed of 742 single-family lots on 345.8-acres of land, and be broken down per the lot mix indicated in Planned Development District 74 (PD-74). The lot mix in this Planned Development District is as follows:

Lot Types	*A*	*B*	*C*	*D*
Typical Lot Frontage *(Feet)*	60	70	80	100
Typical Lot Depth *(Feet)*	120	120	125	200
Minimum Lot Size *(Sq. Ft.)*	7,200	8,400	10,000	20,000
Number of Proposed Units	206	112	326	98
Dwelling Unit %	27.80	15.10	43.90	13.20

- ✓ The purpose of the applicant's submittal is to preliminary plat Phases IXA & IXB of the Breezy Hill Subdivision and layout 92 of the 742 single-family lots. The 92 proposed lots will be constructed to the *Type 'A'* standard (*all standards are displayed in the above table*) and be situated on approximately 26.32-acres adjacent to FM-552. In addition to the *Preliminary Plat* the applicant has also submitted a preliminary water, sanitary sewer and storm water plan establishing that the developer can provide adequate utilities to service the proposed phase.

- ✓ The proposed *Preliminary Plat* conforms to the revised concept plan approved by the City Council on July 7, 2014 under *Case No. Z2014-017*.

- ✓ On October 7, 2014 the Parks Board reviewed the proposed *Preliminary Plat* and recommended the following:

  1) The developer pay the pro-rata equipment fees required for District No. 7 in the amount of $29,348.00 [92 Lots @ $319.00 Per Lot].

- ✓ The Surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for *Preliminary Plats* as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ✓ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

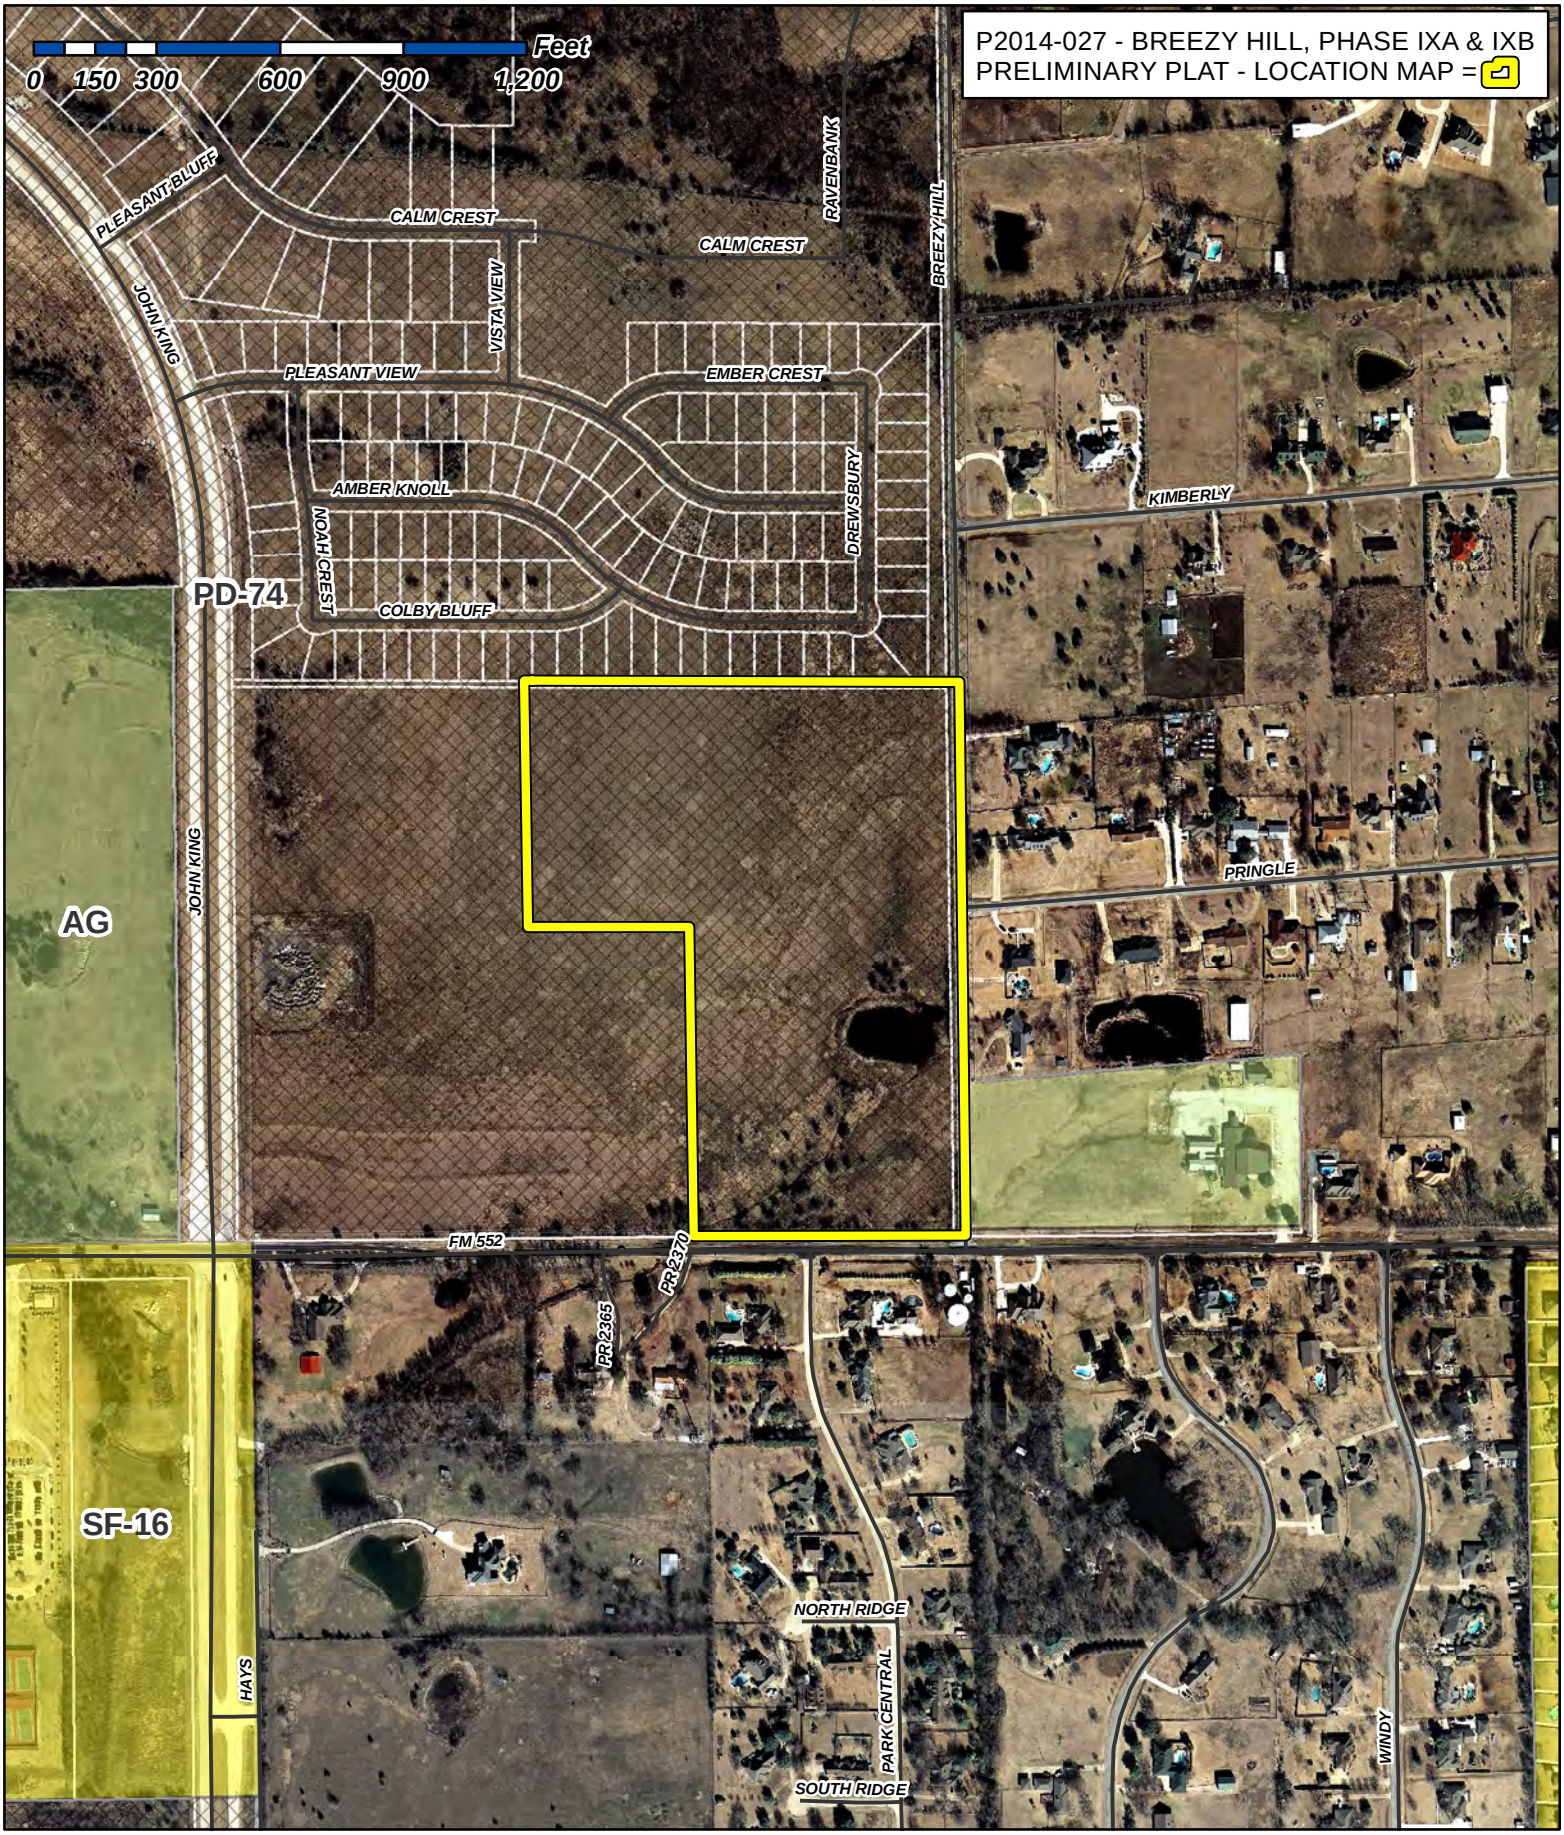
RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the *Preliminary Plat* for *Phases IXA & IXB* of the *Breezy Hill Subdivision* staff would recommend the following conditions of approval:

1) The *Preliminary Plat* shall conform to all requirements stipulated by the Planning, Engineering and Fire Departments;

2) In conformance with Planned Development District 74 (PD-74) [*Ordinance No. 12-26*] a *PD Site Plan* shall be submitted and approved prior to the submittal of a final plat;

3) A Treescape Plan for the entire phase shall be required to be submitted with the Final Plat;



4) A pro-rata of $345.75 per acre for lift station, force main and gravity sanitary sewer shall be required to be paid with the Engineering Department fees;

5) The *Preliminary Plat* shall conform to the recommendations made by the Parks Board; and,

6) Any construction resulting from the approval of this *Preliminary Plat* shall conform to the requirements set forth by the Unified Development Code (UDC), the 2009 International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On October 28, 2014, the Planning and Zoning Commission recommended approval of the preliminary plat by a vote of 6-0, with Commissioner Johnathan Lyons absent.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/3/2014

APPLICANT: Douphrate & Assoc, Inc.

AGENDA ITEM: **P2014-031;** Peak Pediatric MOB

SUMMARY:

Discuss and consider a request by Dub Douphrate of Douphrate & Associates, Inc. on behalf of Kash Parbhu of Peak Pedi, LLC for the approval of a final plat for Lot 1, Block A, Peak Pedi Medical Office, being a 0.954-acre tract of land currently identified as Tract 1-02 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-276 Overlay (SH276 OV) District, located on the north side of SH-276 east of the intersection of John King Boulevard and SH-276, and take any action necessary.

COMMENTS:

- The purpose of this request is to plat a 0.954-acre tract of land in order to construct a new medical office building.

- The Engineer has completed the technical revisions requested by staff, and this plat is recommended for conditional approval pending the completion of final technical modifications and submittal requirements required for the recordation by the applicant or owner.

- Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the Recommendation section below.

With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the final plat for Lot 1, Block A, Peak Pedi Medical Office Addition, the following conditions of approval are offered:

1) All the technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat; and

2) Any construction resulting from the approval of this plat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On October 28, 2014, the Planning & Zoning Commission recommended approval of the final plat by a vote of 6-0 (Commissioner Lyons absent).

47

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/03/2014

APPLICANT: Richard Garcia

AGENDA ITEM: **P2014-032;** *Rockwall MOB (Replat)*

SUMMARY:

Discuss and consider a request by Richard Garcia of Triangle Engineering, LLC on behalf of Ketan Parekh of A. J. Squared, LLC for the approval of a replat for Lot 1, Block A, AJ Squared Addition being a 1.460-acre parcel of land currently identified as Lot 2, Block A, Rockwall Assisted Living Facility Addition, zoned Planned Development District 18 (PD-18) for office and retail uses, situated within the Scenic Overlay (SOV) District, located on the west side of Ridge Road [FM-740] south of Cemetery Road, and take any action necessary.

COMMENTS:

- ✓ The objective of this request is to replat a 1.460-acre parcel of land for the purpose of developing the site for an approximately 12,606 sq. ft. medical office building. A site plan was approved earlier this year for the facility.

- ✓ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions below.

- ✓ With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the request for final plat, staff would recommend the following conditions of approval:

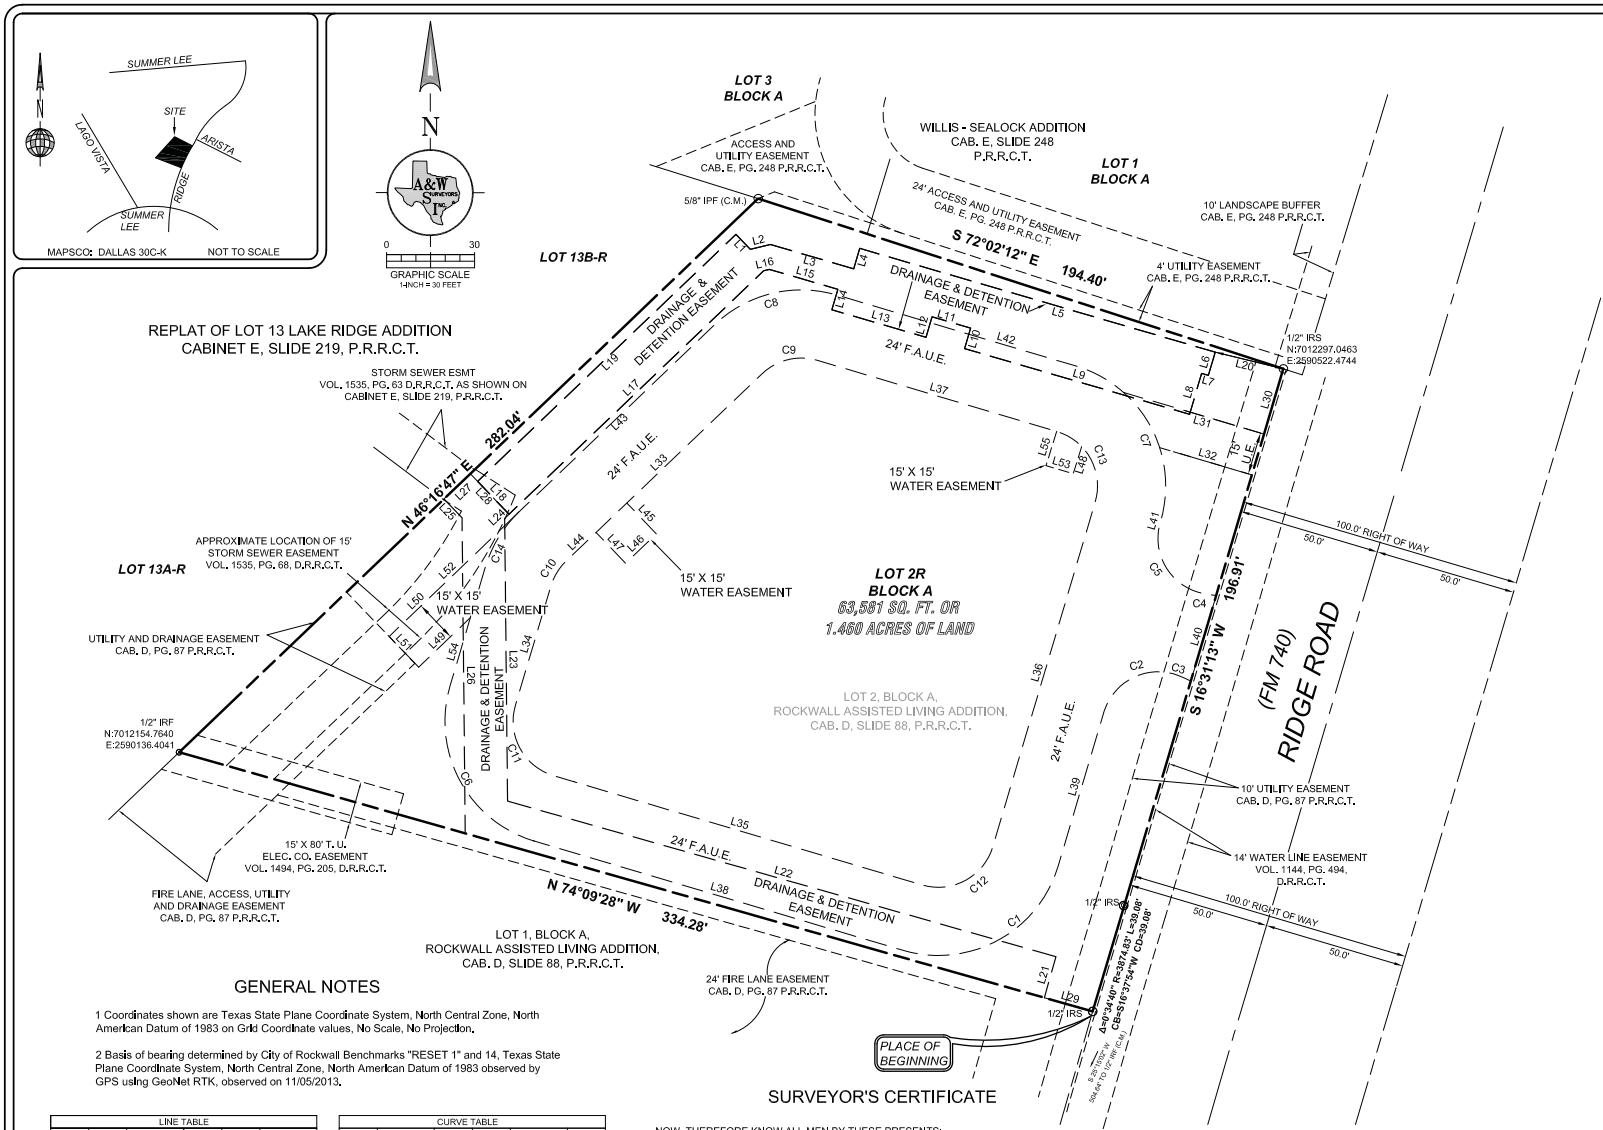
1) All the technical comments from the Engineering and Fire Departments shall be addressed prior to the filing of this plat, including the following Planning Comments;

   (a) Adherence to Engineering and Fire Department standards.
   (b) Re-label all 24' F.A.U.E. to read "24-ft Firelane, Public Access, Drainage & Detention, and Utility Easements." Also, indicate the outer extremes of 24-ft Firelane...
   (c) Change plat and title block to indicate "Lot 1, Block A."
   (d) Title block should read "Final Plat - AJ Squared Addition Lot 1, Block A - Being a replat of..."
   (e) Notary not necessary when plat is sealed by surveyor.
   (f) Provide case number (P2014-032) on lower right corner.

2) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes

and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:



On October 28, 2014, the Planning and Zoning Commission recommended approval of the replat per staff's recommendations by a vote of 6-0, with Commissioner Johnathan Lyons absent.

DEDICATION STATEMENT

STATE OF TEXAS
COUNTY OF ROCKWALL

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

_____ We the undersigned owner(s) of the land shown on this plat, and designated herein as the **AJ SQUARED ADDITION** subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, watercourses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the **AJ SQUARED ADDITION** subdivision have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following:

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City. Our successors and assigns hereby waive any claim, damage, or cause of action that I (We) may have as a result of the dedication of exactions made herein.

MEMORANDUM

TO: **Rick Crowley – City Manager**

FROM: **Brad Griggs – Assistant City Manager**

DATE: **October 31, 2014**

SUBJECT: **Resolution of Necessity for Justin Road Undetermined Ownership Parcel**

There is a 12,991 SF parcel in the right of way for the extension of Justin Road that the ownership has been undetermined. The City has requested assistance from the surveying company and requested a Title Commitment on the parcel but both have been inconclusive. In order to acquire the fee simple interests in the property, it is recommended that we condemn the parcel by publication and deposit the award in the Registry of the Court.

The first step in the process is to have the governing body of the condemning authority pass a resolution of necessity declaring that the land is necessary for a public purpose and we have not been able to negotiate with the owners because we cannot positively identify them. Upon the passage of the attached resolution, the City Attorney will follow State law to acquire the parcel by condemnation. Please let me know if there are any questions.

CITY OF ROCKWALL, TEXAS

RESOLUTON NO. 14-22

A RESOLUTION OF THE CITY OF ROCKWALL, TEXAS, DECLARING A PUBLIC NECESSITY FOR THE ACQUISITION OF FEE SIMPLE TITLE TO CERTAIN REAL PROPERTY FOR THE JUSTIN ROAD PROJECT LOCATED IN ROCKWALL COUNTY, TEXAS, OWNED BY UNKNOWN PERSONS AND/OR ENTITIES, DESCRIBED AS FOLLOWS: A TRACT OF LAND CONTAINING 0.298 ACRES (12,991 SQUARE FEET), LOCATED OFF JUSTIN ROAD BETWEEN INDUSTRIAL BOULEVARD AND JOHN KING BOULEVARD IN THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; SAVE AND EXCEPT ANY OIL, GAS, OR OTHER MINERALS IN, ON OR UNDER OR PRODUCED FROM SAID PROPERTY, WHICH MAY BE REMOVED FROM BENEATH SAID PROPERTY WITHOUT ANY RIGHT WHATSOEVER REMAINING TO THE OWNER(S) OF SAID OIL, GAS OR OTHER MINERALS OF INGRESS OR EGRESS TO OR FROM THE SURFACE OF SAID PROPERTY FOR THE PURPOSE OF EXPLORING, DEVELOPING, DRILLING, OR MINING OF SAME, AND SAVE FOR THE PUBLIC PURPOSE OF CONSTRUCTION, OPERATION, RECONSTRUCTION, IMPROVEMENTS, REPAIR AND MAINTENANCE, OF THE JUSTIN ROAD STREET PROJECT; AUTHORIZING ALL APPROPRIATE ACTION OF THE CITY IN THE INSTITUTION AND PROSECUTION OF CONDEMNATION PROCEEDINGS TO ACQUIRE SUCH PROPERTY THAT CANNOT BE ACQUIRED THROUGH NEGOTIATION; RATIFYING AND AFFIRMING ALL PRIOR ACTS AND PROCEEDINGS DONE OR INITIATED BY ATTORNEYS, AGENTS AND EMPLOYEES OF THE CITY TO ACQUIRE SUCH PROPERTY; AUTHORIZING ALL OTHER LAWFUL ACTION NECESSARY OR INCIDENTAL TO SUCH ACQUISITIONS OR EMINENT DOMAIN PROCEEDINGS TO INVESTIGATE, SURVEY, SPECIFY, DEFINE, APPRAISE, AND SECURE THE NECESSARY FEE SIMPLE TITLE TO SAID REAL PROPERTY; AND DECLARING THE SECTIONS OF THE RESOLUTION TO BE SEVERABLE ONE FROM THE OTHER IN THE EVENT ANY SECTION OF THIS RESOLUTION IS DETERMINED TO BE INVALID.

WHEREAS, the City of Rockwall has determined that the acquisition of fee simple title to certain real property located in Rockwall County, Texas, SAVE AND EXCEPT ANY OIL, GAS OR OTHER MINERALS IN, ON OR UNDER OR PRODUCED FROM SAID PROPERTY, WHICH MAY BE REMOVED FROM BENEATH SAID PROPERTY WITHOUT ANY RIGHT WHATSOEVER REMAINING TO THE OWNER(S) OF SAID OIL, GAS OR MINERALS OF INGRESS OR EGRESS TO OR FROM THE SURFACE OF SAID PROPERTY FOR THE PURPOSE OF EXPLORING, DEVELOPING, DRILLING, OR PRODUCTION OF SAME, AND SAVE, is necessary and desirable for the construction, operation, reconstruction, improvement, repair, and maintenance of the Justin Road Street Project, a tract of land containing 0.298 acres (12,991 square feet) more or less, as described and depicted in the attached Exhibit “A” and referenced as “Area of Undetermined Ownership” located in the David Harr Survey, Abstract No. 102; said Exhibit “A” is fully incorporated herein by reference. The City of Rockwall has previously budgeted funds to be expended for these purposes, an adequate part of which remains on hand for such purposes; and

WHEREAS, employees, agents and attorneys acting for the City of Rockwall, are in the process of investigating, surveying, defining and negotiating for the acquisition of such real property as may be needed on behalf of the City;

WHEREAS, the precise ownership is unknown and the title is clouded due to discrepancies in prior surveys and it is necessary to join all persons and entities who may have claim to said tract of land;

WHEREAS, in connection with the acquisition of such real property, it may be necessary for the City to enter upon property to investigate, survey and appraise the needed property interests so that they may be defined and described with specificity for inclusion in any sales agreement or, if necessary, as part of any filings to institute proceedings in eminent domain to acquire the necessary property rights.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. Public necessity requires that the City of Rockwall acquire fee simple title to all or portions of certain real property of unknown ownership either through purchase or by the process of eminent domain, for the public purpose of the construction, operation, reconstruction, improvements, repair and maintenance, of the Justin Road Street Project, on the tract described more specifically,

BEING A TRACT OF LAND LOCATED IN THE DAVID HARR SURVEY, ABSTRACT No. 102, ROCKWALL COUNTY, TEXAS AND BEING MORE PARTICULARLY DESCRIBED BY METES AND BOUNDS AS FOLLOWS:

BEGINNING AT A 1/2" IRON ROD FOUND WITH A CAP STAMPED "CSC 4252" BEING THE SOUTHWEST CORNER OF A TRACT OF LAND DESCRIBED IN A DEED TO ROCKWALL ECONOMIC DEVELOPMENT CORPORATION, RECORDED IN INSTRUMENT NO. 20130000499975, D.R.R.C.T., AND THE SOUTHWEST CORNER OF A TRACT OF LAND DESCRIBED IN A DEED TO THE CITY OF ROCKWALL RECORDED IN VOLUME 5418, PAGE 54, D.R.R.C.T.;

THENCE NORTH 89°47'13" EAST, ALONG THE NORTH RIGHT-OF-WAY LINE OF PROPOSED JUSTIN ROAD, ALONG THE SOUTH LINE OF SAID ROCKWALL ECONOMIC DEVELOPMENT TRACT, AT A DISTANCE OF 50.48 FEET, PASSING A 1/2" IRON ROD FOUND WITH A CAP STAMPED "WIER & ASSOC INC", DEPARTING THE NORTH RIGHT-OF-WAY LINE OF SAID JUSTIN ROAD, AND CONTINUING ALONG THE SOUTH LINE OF SAID CITY OF ROCKWALL TRACT, IN ALL A TOTAL DISTANCE OF 295.74 FEET TO A POINT IN THE WEST RIGHT-OF-WAY LINE OF JOHN KING BOULEVARD (A 120 FOOT RIGHT-OF-WAY);

THENCE SOUTH 30°27'42" EAST, DEPARTING THE SOUTH LINE OF SAID CITY OF ROCKWALL TRACT AND ALONG THE WEST RIGHT-OF-WAY LINE OF SAID JOHN KING BOULEVARD, A DISTANCE OF 46.25 FEET TO A POINT IN THE NORTH LINE OF A TRACT OF LAND DESCRIBED IN A DEED TO TEMUNOVIC PARTNERSHIP, LTD., RECORDED IN VOLUME 7038, PAGE 314, DEED RECORDS, ROCKWALL COUNTY, TEXAS (D.R.R.C.T.);

THENCE SOUTH 88°58'42" WEST, ALONG THE NORTH LINE OF SAID TEMUNOVIC PARTNERSHIP TRACT, A DISTANCE OF 318.74 FEET TO A POINT IN THE EAST LINE OF A TRACT OF LAND DESCRIBED IN SAID ROCKWALL ECONOMIC DEVELOPMENT CORPORATION TRACT, AND BEING THE NORTHWEST CORNER

DRAFT

OF SAID TEMUNOVIC PARTNERSHIP TRACT, FROM WHICH A 1/2" IRON ROD FOUND WITH A CAP STAMPED “R.S.C.I.” BEARS NORTH 87°29’ EAST, 2.9 FEET;

THENCE NORTH 00°38’16” WEST, ALONG THE EAST LINE OF SAID ROCKWALL ECONOMIC DEVELOPMENT CORPORATION TRACT, AT A DISTANCE OF 35.56 FEET, PASSING A 1/2" IRON ROD FOUND WITH A CAP STAMPED “WIER & ASSOC INC” IN THE NORTH RIGHT-OF-WAY LINE OF SAID PROPOSED JUSTIN ROAD, CONTINUING ALONG THE NORTH RIGHT-OF-WAY LINE OF SAID PROPOSED JUSTIN ROAD, IN ALL A TOTAL DISTANCE OF 44.45 FEET TO THE PLACE OF BEGINNING AND CONTAINING 0.298 ACRES (12,991 SQUARE FEET) OF LAND, MORE OR LESS.

Public necessity also requires the City of Rockwall to take all other lawful action necessary or incidental to such acquisitions or eminent domain proceedings to investigate, survey, specify, define, appraise and secure the necessary fee simple titles to the real property which may be owned or subject to claims of unknown persons or entities described in Section 1.

SECTION 2. The property which is the subject of Section 1 for which fee simple title is required for the construction, operation, reconstruction, improvements, repair, and maintenance of the Justin Road Street Project, is described in “Exhibit A”, which is attached to and is made a part of this Resolution for all purposes, SAVE AND EXCEPT ANY OIL, GAS OR OTHER MINERALS IN, ON OR UNDER OR PRODUCED FROM SAID PROPERTY, WHICH MAY BE REMOVED FROM BENEATH SAID PROPERTY WITHOUT ANY RIGHT WHATSOEVER REMAINING TO THE OWNER(S) OF SAID OIL, GAS OR MINERALS OF INGRESS OR EGRESS TO OR FROM THE SURFACE OF SAID PROPERTY FOR THE PURPOSE OF EXPLORING, DEVELOPING, DRILLING, OR PRODUCTION OF SAME.

SECTION 3. The City of Rockwall, acting by and through its attorneys, is hereby directed and authorized to institute and prosecute to conclusion all necessary proceedings to condemn such property interest described in Section 1 of this Resolution, and to acquire such interests in land as the City is unable to acquire through negotiation by reason of its inability to agree with the owners of the land as to the value of such interest in land, and to take any other legal action necessary or incidental to such acquisitions or eminent domain proceedings to investigate, survey, specify, define, appraise and secure the necessary property rights.

SECTION 4. All acts and proceedings done or initiated by the employees, agents and attorneys of the City for the acquisition of such property interests rights are hereby authorized, ratified, approved, confirmed and validated and declared to be valid in all respects as of the respective dates of such acts and proceedings, with and in regard to the parties from whom such rights are being purchased or acquired.

SECTION 5. Severability: If any provision, section, subsection, sentence, clause or phrase of this Resolution, or the application of same to any person or set of circumstances is for any reason held to be unconstitutional, void, or invalid, the validity of the remaining portions of this Resolution shall not be affected thereby, it being the intent of the City Council in adopting this Resolution that no portion hereof, or provisions or regulation contained herein, shall become inoperative or fail by reason of any unconstitutionality or invalidity of any other portion hereof and all provisions of this Resolution are declared to be severable for that purpose.

SECTION 6. This this Resolution shall take effect immediately from and after its adoption and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 3rd day of November, 2014

City of Rockwall
The New Horizon

MEMORANDUM

TO: City Council

FROM: Joey Boyd, Director of Internal Operations

DATE: October 29, 2014

SUBJECT: Airport Terminal Operating Hours / Holiday Closings

Todd Parks, FBO of Ralph M. Hall / Rockwall Municipal Airport has asked to be placed on the agenda on Monday to request a modification to his winter terminal operating hours from 7:00 AM to 6:00 PM Sunday through Saturday of each week effective November 4, 2014 through April 1, 2015. The contract currently provides that the terminal is to be open until 7PM.

Additionally, Mr. Parks wants to discuss upcoming holiday closings as well, which are not specifically addressed in the contract. Attached is a copy of the FBO agreement for reference.

STATE OF TEXAS §
§ **KNOW ALL BY THESE PRESENTS:**
COUNTY OF ROCKWALL §

FIXED BASE OPERATOR MANAGEMENT AGREEMENT AND GROUND LEASE

This agreement is entered into this _____ day of _____, 2014, between the City of Rockwall, hereinafter referred to as the "City," owner of the Ralph M. Hall / Rockwall Municipal Airport, hereinafter referred to as "Airport" and Texas Air Center LLC (a Texas Limited Liability Corporation), hereinafter referred to as "FBO" who covenant and agree as follows:

WHEREAS, City and FBO are committed to the proper operation, improvement, and continued development of the Airport and in providing good, efficient, and friendly service at the Airport; and

WHEREAS, FBO represents and has provided sufficient proof that it has the qualifications, experience, and ability to perform the functions of Airport FBO; and

WHEREAS, City and FBO desire to enter into a contractual agreement allowing the FBO to oversee the daily operation of the Airport under the direction of the City;

NOW THEREFORE, in consideration of the terms and conditions listed herein, City grants to FBO the title and office of "Airport FBO" along with the appropriate duties, responsibilities, and obligations entered herein.

DEFINITIONS

Airport - means the area known as the Ralph M. Hall / Rockwall Municipal Airport being provided as the lease area in this contract, shown in **Exhibit A**, attached hereto and incorporated herein by this reference.

City - means the City of Rockwall, City Council, City Manager, or his designee

City Manager – means the City Manager of the City of Rockwall or his designee

Fixed Base Operator – is a person, firm, or corporation performing any of the functions or furnishing any of the services listed herein. No person, firm, or corporation may act in the capacity of an FBO without a valid contract with the City of Rockwall, Texas authorizing such activity at the Airport.

Operating Revenues - shall be defined as fuel sale revenues, tie-down rentals, hangar and facility rentals. All Airport operating revenues shall become the property of the FBO save and except ad valorem and sales tax revenues generated thereupon.

SECTION 1. TERMS

A. Term – This agreement shall be for three (3) years, beginning on the 1st day of April 2014, and expiring at 12:01 AM local time on the 31st day of March 2017. The FBO shall notify the City in writing a minimum of ninety (90) days prior to the expiration of any term as to whether or not the FBO desires to request approval of an extension.

B. Lease – FBO is granted the exclusive lease of the Airport grounds as shown in **Exhibit "A"** hereto which is incorporated herein by reference as if fully copied and set forth at length. Area adjacent and connected by taxiway to private property owned by David Block as described in **Exhibit "B"** is excluded from the exclusive lease in accordance with "Through-the-Fence Agreement" executed between the City of Rockwall and David Block in May 2008. FBO may also be granted rights to the area described in **Exhibit "B"** if David Block elects not to provide services contemplated under the terms of this Agreement. FBO agrees to lease the equipment described in **Exhibit "C"** hereto during the term of the lease at the rates specified therein.

C. Through-the-Fence Operations – Through-the-fence operations are agreements that permit access to the public landing area to owners of aircraft based on land adjacent to, but not a part of, the airport property. These TTFs must be approved by the City Council, TXDOT Aviation and the FAA. Since the City has an obligation to administer these contracts and ensure compliance with all federal rules and regulations, all existing and future TTFs and its revenue will belong to the City.

D. City agrees to transfer 5.5% of its revenue generated from land lease agreement on the west side of the Airport to FBO to help with personnel costs associated with the operations of the airport, seasonal fluctuation in fuel sales, and for monitoring compliance with land lease agreement on the City's behalf. The City will receive any remaining percentage of the revenue derived for the life of the land lease agreement.

E. In consideration of the rights granted herein, FBO agrees to pay a fuel flowage fee of ten cents (.10) per gallon of fuel sold and five (5%) percent franchise fee on the gross revenues derived from all facility rentals. All franchise fees shall be without deduction or offset and shall be secured by a priority lien upon FBO's Airport Operating Revenue. FBO shall at City's request execute such documents as may be required evidencing the priority lien. Franchise fees are due monthly on the fifth (5th) day of the calendar month following the month in which the "Operating Revenues" are due and or paid and shall include an automatic ten (10%) late fee if not paid by the 10th day thereafter. Timely payment of the franchise fee shall be a condition to the continued operation of the Agreement. The failure to pay all such fees when due shall constitute a basis for the termination hereof. FBO agrees to pay reasonable attorneys fees and cost associated with the collection of the Franchise Fees provided for herein.

F. City shall have access to FBO's books and records related to defined revenues upon 5 days notice during any term hereof for the sole purposes of conducting an audit by the City. FBO shall provide written financial and operational reports pertaining to operating revenues to City's Director of Finance on the form attached **as Exhibit "D"** hereto as requested.

G. FBO agrees to provide annual report detailing pertinent activities, expenditures, and revenues related to airport operations. The City may require such other and further reports from FBO as it deems reasonably necessary. FBO shall cooperate with City in providing all reports as requested.

H. FBO agrees to provide the items identified in the Request for Proposals and financial information provided as part of the selection process, attached **as Exhibit E**, hereto during any term of the agreement. If there are any discrepancies between the contract and Exhibit E, the terms of the stricter provision shall exclusively control.

SECTION 2. CITY'S OBLIGATIONS

City shall provide an airport budget which will include funds for maintenance not required of FBO. City duties and responsibilities shall include the following non-exclusive list:

i. Utilities – electric, water/wastewater service, and propane
ii. Facilities Maintenance – HVAC system and roof on the terminal building, major repairs or improvements to the maintenance facility, and repairs and improvements to hangars necessary to provide a safe and usable structure. The City will work with FBO to identify major repair items to submit for funding as part of the annual operating budget approval process.
iii. Asphalt maintenance and repair on roads, taxiways, and runway
iv. Annual herbicide and asphalt sweeping service as needed at the request of the FBO
v. Automated Weather Observation System Maintenance and Data Service
vi. Garbage Collection Services
vii. Mowing services, landscape, entry signage, and irrigation maintenance
viii. Maintaining fire hydrants
ix. Fencing – The City shall be responsible for maintaining the Airport's perimeter fencing.
x. City will bear the cost of any fuel tank and fuel line modifications required by current and future EPA or TCEQ regulations. City shall also bear the costs of annual fuel tank testing and permitting required, inventory maintenance, and pump maintenance and operation.
xi. Maintenance and repair of mobile fueling trucks, underground storage tanks, fuel dispensing equipment identified in annual inspections.
xii. The upkeep and maintenance of all City airport equipment. This shall include replacing defective runway, taxiway, beacon, hangar and hazard lights and airport signs, arranging for repairs to any visual or navigational aids and wind socks.

SECTION 3. OFFICE AND DUTY HOURS

A. The FBO shall establish an office at the Airport.

B. Hours – the FBO shall be on duty between the hours of 7 AM and 7 PM, 7 days per week, Monday through Sunday and designate an emergency contact for all matters outside of normal operating hours. Reasonable efforts shall be taken for the FBO to be physically present at the Airport during duty hours and in the event the FBO cannot be at the Airport, FBO shall provide coverage by competent trained and as necessary appropriately licensed personnel.

SECTION 4. DUTIES AND RESPONSIBILITIES OF FBO

The FBO shall be responsible for the daily operation and facilitating all maintenance. FBO shall pay all personnel related costs associated with the Airport and all operating expenses. FBO duties and responsibilities shall include the following non-exclusive list:

i. Point of Contact – The FBO shall be the point of contact for all airport business, save and except pertaining to grants and/or loans and through-the-fence operations by the FAA, the State of Texas and TXDOT unless so granted under a separate contract.

ii. Collection of Rents – The FBO shall collect all rents and fees for use of the Airport including hangar rents, tie down fees, fuel flowage fees, Fixed Base Operator (FBO) lease payments, and any other rents or fees arising from the Airport, save and except Federal, State, County, City and/or other organization's grants or loans. The FBO shall keep accurate records of such collections and provide such records to the City on a monthly basis.

iii. FBO shall provide the following services, support, and amenities:

a) Purchase and dispensing of aircraft fuel (100LL & Jet A), oil, and lubricants
b) Hangar management, subleasing of hangars and tie-down spaces, and perform minor maintenance to the terminal, maintenance facility, and hangars as may be needed due to normal daily use of the facilities.
c) Employment of the appropriate number of properly trained and/or certified personnel to provide satisfactory FBO services, such as fueling and line service, etc.
d) Minimum hours of operation: 12 hours per day, 7 days per week, or an acceptable alternative that may be considered by the City.
e) Aircraft marshalling, parking, and tie-down, including ropes, chains, and other restraining devices
f) Oxygen, nitrogen, and compressed air services
g) Courtesy transportation and/or ground transportation arrangement
h) Provide subcontractor lease space for flight training services and ground school and show proof of appropriate certifications to provide this service
i) Provide or subcontract for airframe and power plant maintenance and repair services and show proof of appropriate certifications to provide this service
j) Operate and maintain a pilot and passenger lounge with restrooms and vending machines
k) Phone, Internet, Credit Card equipment and services
l) Weather computer station
m) All equipment necessary to file flight plans
n) Miscellaneous retail products (pilot supplies, promotional items, etc.)
o) All other products and services not specifically listed herein must be submitted to the City for review, consideration, and approval.

The FBO may also provide any of the optional aeronautical services:

a) Aircraft rental
b) Aircraft sales
c) Avionics repair

d) Specialized maintenance, (such as upholstery, radio, instrument repair, etc.)

iv. Other Fuel Sales. The City and the FBO hereby agree to prohibit access to the airport by any business that sells aviation fuel outside of the airport property except fuel service truck delivering fuel to supply fuel for private use by facilities operating off of the airport property. It is mutually understood by both parties that state law provides that the City which has contractually extended its fuel sales function to an FBO may not prohibit the sale of fuel by other businesses located on the airport, if reasonable conditions set forth by the City are met.

v. FBO shall conspicuously post prices for all Airport services in the terminal building. The rates or charges for any and all products and services shall be determined by the FBO and be reasonable and be equally and fairly applied to all users of the products and services.

vi. FBO Maintenance of Airport - FBO shall keep all Airport grounds in operational condition and in keeping with all applicable Federal, State and local laws, rules, regulations, orders and guidelines including but not limited to those of the Federal Aviation Administration ("FAA") and the Texas Department of Transportation ("TXDOT"). FBO shall see to all Airport grounds and building upkeep and maintenance in accordance with industry standards for FBO(s) in the North Texas area.

FBO shall maintain the interior and exterior of all facilities in good working order, to include electrical, mechanical, plumbing, floors, interior and exterior walls, doors, windows, furniture, permanent fixtures, and exterior lighting necessary to present a positive image to customers.

FBO shall maintain all hangars, and overhead doors and door operating systems.

FBO shall supply, install, and maintain hand-held fire extinguishers in the interior of all buildings, aircraft shops, fuel storage, and fuel dispensing areas, including both mobile fueling vehicles.

FBO shall perform minor maintenance on the mobile fuel trucks, fuel storage, and dispensing equipment as may be needed due to normal daily use of the equipment.

FBO will not permit any action on the Airport that has an adverse effect, or interferes with the proper function of any drainage system, sanitary sewer system, or any facility provided for the operation or protection of the Airport.

vii. Property – The FBO shall be responsible for the upkeep of any City-owned buildings at the Airport. FBO shall be responsible for collection of trash and for such other maintenance requirements as may arise. FBO agrees to keep the premises, together with all improvements in a safe, clean, and attractive condition at all times.

viii. Taxes, Fees, Insurance, and Bond – The FBO shall be liable for all taxes and fees owed on or by his personal business or himself. Under no circumstances shall the City be liable for or be required to pay any tax or fee owed by the FBO. The City shall provide

insurance for all City owned real property located at the Airport under the City's policy which shall be for the sole benefit and protection of the City. The FBO shall be required to provide the following insurance coverage naming the City as an additional insured other than for worker's compensation:

a.	Comprehensive General Liability (CGL)	$1,000,000/ $1,000,000
b.	Product Liability	$1,000,000/ $1,000,000
c.	Workers Compensation	Statutory
d.	Hangar Keeper Liability	$1,000,000/$1,000,000
e.	Automobile Liability	$1,000,000 combined single limit

FBO shall provide certificates of insurance on an annual or semi-annual basis which shall include blanket waivers of subrogation.

ix. Notifications – The FBO shall be responsible for issuing and canceling any required notices to the FAA, State, or local authorities pertaining to airport operations or safety. However, nothing herein shall prevent the City from issuing or cancelling its own notifications as necessary.

x. The FBO shall not use the Airport property nor permit the Airport property to be used for any illegal or unauthorized purpose. FBO may not maintain nor shall it allow any tenant or other person to maintain any type of residence, apartment, temporary living quarters or the like for residential purposes. FBO agrees not to utilize areas on the premises which are located on the outside of the Terminal Building, hangar area, or maintenance shop for storage of permanently disabled aircraft, aircraft parts, automobiles, or vehicles of any type, or any other excess equipment or items which would distract from the appearance of the premises without the written approval of the City.

xi. Airport Improvements made by FBO, any tenant or other person or entity shall at all times be the property of the City subject to the leasehold rights granted herein. Unless agreed to by the City Manager or designee, All improvements made by the FBO or tenant to the airport shall become property of the City and neither FBO, nor any tenant, other person or entity shall be entitled to any payment from City for such improvement. Nor shall such improvement be removed from the Airport premises at any time including but not limited to upon the termination of the lease unless otherwise approved in writing by the City.

xii. FBO will be required to obtain and keep current any training and/or certifications required by the EPA and/or the TCEQ necessary to dispense fuel directly to consumers and as it relates to all operations of the Airport, and agrees to cooperate with the City on any current or future program which obligates the City to comply with Federal, State, or Local regulations.

xiii. City shall have the right to enter the Terminal Building, hangar areas, and all other areas of the airport open to all other airport customers during normal business hours for the purpose of making periodic inspections of all landside and airside facilities. In the event of emergency, the City shall also have the right to take such action as may be required for the protection of persons and/or property.

xiv. FBO shall require each person owning an aircraft based at the Airport to register at the

office of the FBO their name, address, telephone number, aircraft model, aircraft registration "N" number, and the name, address, and telephone number of their next of kin or person to be notified in case of an accident or emergency.

xv. FBO agrees to cooperate fully with the Rockwall Central Appraisal District and respond in a timely manner to any legal requests for information made to the FBO by the RCAD.

xvi. FBO agrees to cooperate with and attend meetings of the Airport Advisory Board if such a board is created in the future.

xvii. FBO shall not permit domestic animals at the Airport unless the animal is, and remains, restrained by a leash or is properly confined.

xviii. FBO shall not permit model aircraft not capable of carrying a person to operate, take off or be launched from, flown over or land at the Airport.

xix. FBO shall research and be knowledgeable about rules and regulations of the FAA and TXDOT Aviation Division regarding Airports that are federally obligated and agree to abide by grant assurances of the FAA and TXDOT.

xx. The City of Rockwall participates in both the Routine Airport Maintenance Program (RAMP) and the Non-Primary Entitlement (NPE) grant programs with TXDOT Aviation and the FAA. FBO agrees to cooperate with the City to accomplish capital projects to improve the Airport.

xxi. FBO agrees to adhere to the Transportation Security Administration guidelines for security at the Airport. FBO shall control the Airport so as to prevent unauthorized access to the airside. The City reserves the future right to install security devices in or on the Airport as it deems necessary at the City's cost. FBO further agrees to secure all Airport facilities in the appropriate manner after normal business hours and control access to those that are employees and /or subcontracted instructors of the Airport. FBO agrees to properly secure all financial information of its own operation and that of its customers.

xxii. Other duties and responsibilities as required and/or agreed upon by City and FBO.

xxiii. FBO shall in its operations and activities relative to this Agreement and Lease, shall at all times be subject to a continuing duty to abide by all federal, state, and local laws including all applicable amendments thereto.

SECTION 5. SUBLEASE, ASSIGNMENT, OR SALE

The FBO shall not assign, sell, or unilaterally transfer this contract agreement or any right hereunder to any person, corporation, or association without specific approval of the City of Rockwall. Any such sublease, assignment, sale, or transfer shall be grounds, at the option of the City, for the City to immediately terminate this contract agreement.

FBO may sublease office space and excess shop space without consent of the City as long as subleased space is used for aviation related businesses.

SECTION 6. TERMINATION

a. Should the FBO be declared bankrupt, incompetent, or become deceased, this contract agreement shall immediately terminate and shall not be considered as part of the FBO's estate and shall not become an asset of any appointed or assigned guardian, trustee, or receiver. In the event the FBO fails to make timely payments of all taxes or fees, fails to provide proof of required insurance, uses the Airport property or permits the Airport property to be used for any illegal or unauthorized purpose, files bankruptcy, abandons or leaves the property vacant or unoccupied for 10 consecutive days, or violates any of the terms and conditions of this contract agreement, the City has the right with ten (10) days written notice, which notice may be extended by the City Manager to thirty (30) days, to terminate this contract agreement and retake possession of any Airport property leased to or under the control of the FBO.

b. At the termination of this contract in any manner provided for herein, FBO shall peaceably vacate the premises and any furniture or other equipment entrusted to the FBO shall be returned to the City in the same condition as it was when issued, normal wear excluded. Should the FBO be in default of any monies owed to the City, the City may take possession of any personal property owned by the FBO and located at the Airport and hold same until the monetary default is settled. In such case that the FBO cannot or will not settle any claims against it and owed to the City. City may liquidate any personal property seized in any manner permitted by Chapter 93 Texas Property Code. The FBO shall be liable for any and all expenses incurred by the City in such action. And, nothing contained herein shall ever relieve FBO of its obligation to pay unpaid or delinquent Franchise Fees as otherwise provided herein.

SECTION 7. MISCELLANEOUS

a. This contract agreement embraces the entire Airport FBO's Agreement between the parties hereto and no statement, remark, agreement, or understanding, either oral or written, not contained herein shall be recognized or enforced, except that this contract agreement may be modified by written addendum hereto attached signed by all parties and subject at all times to the approval by the City's governing body.

b. For the purpose of this contract agreement, the singular number shall include the plural and the masculine shall include the feminine and vise-versa, whenever the context so admits or requires.

c. The "Section" captions and headings are inserted solely for the convenience of reference and are not part nor intended to govern, limit, or aid in the construction of any provision hereof.

d. The parties to this contract agreement hereby acknowledge and agree they are the principals to the contract agreement and have the power, right, and authority to enter into this contact agreement and are not acting as an agent for the benefit of any third party; except that the City is acting on behalf of the City of Rockwall.

e. The contract agreement shall be governed by the laws of the State of Texas and constructed thereunder and any action brought under this contract agreement shall be in the state district courts of Rockwall County, Texas wherein mandatory and exclusive venue shall lie.

f. **FBO AGREES TO DEFEND, SAVE, INDEMNIFY AND HOLD HARMLESS THE CITY AND ITS AGENTS, OFFICERS, EMPLOYEES AND ASSIGNS OF AND FROM ANY AND ALL LIABILITIES, EXPENSES, CAUSES OF ACTION, DAMAGES, AND/OR ATTORNEY'S FEES (HEREINAFTER CLAIMS) RESULTING FROM OR AS A RESULT OF ANY OF FBO'S BUSINESSES, OPERATION, OCCUPANCY, OR USE OF THE AIRPORT, OR RESULTING FROM ANY ACT OR OMISSION OF FBO'S AGENTS, SERVANTS, OR EMPLOYEES. AND THIS INDEMNITY AGREEMENT SHALL APPLY AND PROTECT CITY AND ITS AGENTS, SERVANTS, AND EMPLOYEES, EVEN THOUGH IT BE CONTENDED, OR EVEN ESTABLISHED, THAT SAID CITY OR ITS AGENTS, SERVANTS, OR EMPLOYEES WERE NEGLIGENT, OR THAT THEIR CONDUCT OR OMISSION IN ANY WAY CAUSED OR CONTRIBUTED TO SUCH LIABILITY, EXPENSE, CAUSE OF ACTION, DAMAGE, AND/OR ATTORNEY'S FEES; PROVIDED HOWEVER THAT SUCH INDEMNITY SHALL NOT APPLY IN THE EVENT CITY IS SOLELY LIABLE FOR ANY SUCH CLAIMS OR SUCH ARISE AS A RESULF OF CITY'S GROSS NEGLIGENCE OR INTENTIONAL ACTS ALL WITHOUT WAIVING ANY SOVERIGN OR GOVERNMENTAL IMMUNITY AVAILABLE TO CITY OR THE DEFENSES OF THE PARTIES PROVIDED BY TEXAS LAW.**

g. If any section, paragraph, sentence or phrase entered in this contract agreement is held to be illegal or unenforceable by a court of competent jurisdiction, such illegality or unenforceability shall not affect the remainder of this contract agreement which can be given effect without the illegal or unenforceable section, paragraph, sentence, or phrase and to this end, the provisions of this contract agreement are declared to be severable.

h. By the execution of this FBO agreement and undertaking the obligations provided for herein, City shall never be construed as waiving governmental or sovereign immunities to suit and damages available under Texas law the rights to which are specifically reserved herein to the fullest extent permitted by law and minimally to the extent then and there existing prior to the execution hereof. In reviewing the provisions of this Agreement, every intendment shall be given by a reviewing court to provide the broadest possible immunities unto City authorized by Texas law.

i. It is expressly understood and agreed by all Parties hereto that in performing their services hereunder, neither the FBO nor its subcontractors or tenants shall at any time act as agents of the City; and all consultants or contractors engaged by the FBO, its subcontractors or tenants will be independent contractors. The Parties hereto understand and agree that the City will not be liable for any claims that may be asserted by any third party occurring in connection with services performed by the FBO under this Agreement.

j. Any notice to be given herein shall be in writing and shall be given by depositing same with the United States Postal Service, postage prepaid, via first class mail and certified, with return receipt requested. Notice required to be given herein shall be addressed as follows:

TO CITY:

City of Rockwall
City Manager
385 S. Goliad Street
Rockwall, Texas 75087

TO FBO:

Todd Parks
Texas Air Center LLC

k. If a dispute arises out of or relates to this Agreement or the breach thereof, the Parties shall first in good faith seek to resolve the dispute through negotiation between the upper management of each respective Party. If such dispute cannot be settled through negotiation, the Parties agree to try in good faith to settle the dispute by mediation before resorting to litigation, or some other dispute resolution procedure; provided that a Party may not invoke mediation unless it has provided the other Party with written notice of the dispute and has attempted in good faith to resolve such dispute through negotiation. All costs of negotiation, mediation, collectively known as alternate dispute resolution ("ADR") shall be assessed equally between the City and FBO with each party bearing their own costs for attorney's fees, experts, and other costs of ADR and any ensuing litigation.

Exhibit "B"
Leased Taxiway Access Area

Through The Fence Agreement

This agreement is for through-the-fence taxiway access from private property to the Rockwall Municipal Airport.

STATE OF TEXAS)
)
CITY OF ROCKWALL) KNOW ALL PERSONS BY THESE PRESENTS:

This agreement is entered into this 6 day of May, 2008, between the City of Rockwall, hereinafter referred to as the "Lessor" and is the owner of the Rockwall Municipal Airport, hereinafter referred to as "Airport" and David Block and/or his assignee (a corporation, partnership, or sole proprietor), hereinafter referred to as "Lessee" who covenant and agree as follows:

WHEREAS, Lessor and Lessee are committed to the proper operation, improvement, and continued development of the Airport; and

WHEREAS, Lessor deems it advantageous to itself and to the operation of the Airport to lease to Lessee certain taxiway access;

NOW THEREFORE, in consideration of the terms, considerations, and privileges listed herein, Lessor and Lessee covenant and agree as follows:

Definitions.

Taxiway Access - means an aircraft taxiway, further described and defined below as the Land, located on private property owned by Lessor adjacent to the Rockwall Municipal Airport that connects or feeds into a taxiway on the Airport and that is constructed for or intended use for the principal purpose of allowing aircraft to taxi between the Airport and one or more private properties off site, and is approved as an access taxiway by the City of Rockwall.

Airport - means the area known as the Ralph Hall, Rockwall Municipal Airport.

Section 1. Leased Area

A. Land – Lessor does hereby lease to Lessee, effective on the date above stated, the land more particularly described as follows:

Rockwall Municipal Airport property adjacent and connected by taxiway to private property owned by David Block as defined by legal description on Exhibit A which is attached hereto and incorporated herein, and hereinafter referred to as the "Land" and

located on the Airport. Lessee hereby leases the said Land from the Lessor subject to the terms, considerations, and privileges stated herein.

Section 2. Term

This agreement shall be for the term of thirty (30) years, and may be extended after the initial term upon giving of written notice by Lessee to Lessor not more than one hundred eighty (180) nor less than sixty (60) days prior to the expiration of the preceding 30 (thirty) year lease term; provided that the term of the lease shall be extended for the period of time elapsed between the date of the execution of this lease and the date when Lessee receives a Certificate of Occupancy Date as defined below:

Section 3. Consideration

A. In consideration for the lease of the Land as referenced herein, Lessor acknowledges the substantial paving improvements constructed by or in connection with Lessee on or adjacent to the Airport and further Lessee hereby agrees to pay monthly the sum of $50.00. The initial payment shall be due within five (5) days of the date Lessee receives a Certificate of Occupancy on the new hanger to be constructed by Lessee on Lessee's property adjacent to the taxiway access ("Certificate of Occupancy Date"), and thereafter shall be due on the anniversary of such date during the term of this contract plus any extensions thereto.

B. Lessee agrees that the lease payment listed herein shall be subject to review and adjustment by Lessor only upon thirty (30) days advance written notice by Lessor to Lessee prior to the end of any Adjustment Period (as defined below) and according to the following terms and on the following dates ("Adjustment Period"): first on the date ten (10) years after the Effective Date of this agreement and thereafter at five (5) year intervals calculated from such date throughout the term of the lease; provided any adjustment shall not cause the aggregate lease payment amount over an entire Adjustment Period to increase by more than $175 more than the aggregate lease payment amount for the prior Adjustment Period.

C. All lease fees shall be paid as the same becomes due, without demand, in lawful currency of the United States made payable to the City of Rockwall, Texas by mail or delivery.

D. In the event Lessee fails to remit any payments when the same are due, interest at the rate of 5% shall be charged by Lessor beginning on the tenth (10) day after the date the payment is due and such interest shall continue to accrue against such delinquent payment until the payment plus interest is received by Lessor. In the event Lessee shall become delinquent for more than 60 days, this lease may be terminated by Lessor as further defined in Section 7. – Termination.

E. Lessee agrees that he will at all times refrain from littering on or wasting the premises of the taxiway access and will not place trash, litter, junked automobiles, or scrap aircraft parts on the taxiway access. Lessee shall abide by all applicable rules and recommendations of the Environmental Protection Agency, the Texas Commission on Environmental Quality, the Texas Department of Agriculture, the Texas Department of Transportation, and any other public agency concerning the use, storage, and disposal of hazardous chemicals, fuel, and/or

oil on the Land. Lessee further agrees to abide by the manufacturer's directions in regards to the use, storage, and disposal of all pesticides, herbicides, and other chemicals plus their containers used at the airport on the Land. Should Lessee fail to keep the leased area free of hazards caused or created by Lessee, Lessor may, after 30 days written notice, arrange for the cleanup of the littered or hazardous area. Such cleanup, to the extent caused or created by Lessee, shall be charged to Lessee and payable on demand. Failure to render proper payment for such cleanup and/or general disregard for the considerations and restrictions listed in this lease agreement are grounds for Lessor to terminate this lease as provided herein.

F. Taxes, Fees, Insurance, and Bond – Lessee shall be liable for all taxes and fees owed on or by his personal business or himself. Under no circumstances shall Lessor be liable for or be required to pay any tax or fee owed by Lessee, nor shall Lessee be liable for taxes or fees relating to the Land or Airport. Lessee should provide his own insurance coverage for any personal property located in or on the leased area.

G. All improvements made by the Lessee on the Airport property shall become property of the City of Rockwall at the time of expiration or termination of this agreement unless otherwise approved in writing by the City Manager. The City shall not be required to pay the Lessee for any such improvements made unless specifically stated in writing by the City Manager.

Section 4. Permitted Use

All uses otherwise permitted by existing zoning ordinances within the boundaries of the existing Airport Overlay District and as it may be amended in the future, except where there is a conflict between the Airport Overlay District and existing zoning ordinances. Where the provisions of the Airport Overlay District are more restrictive, the provisions of the Airport Overlay District shall govern.

Section 5. Restricted Use

A. Lessee agrees that he will not store or permit the storage of any fuel or hazardous, volatile, and/or dangerous chemicals on the taxiway access except as generally allowed for and/or associated with the uses of the Land and Airport authorized herein without the written consent of Lessor.

B. Lessee agrees not to make any additions or modifications to the taxiway access except agreed upon by both parties in writing. In the case of such consent and unless agreed to the contrary in writing, all improvements or modifications shall be made at the expense of Lessee and, at the expiration of this Lease and any extensions to this lease, shall become the property of the Lessor.

C. Lessee agrees that he will access any and all hangars located on his private property from SH-66 as provided by and in the form of the Access Easement Agreement attached hereto, and not through Airport property. The Access Easement Agreement shall constitute a separate and independent instrument and obligation, shall survive the expiration or termination of this agreement, and shall run with the land owned by Lessee.

Section 6. Unrestricted Uses

The following uses of the Land and Lessee's adjacent property shall be unrestricted by Lessor: personal aeronautical use; flight school training; fly for hire; fuel storage for personal use; purchase, sale and/or lease of aircraft and aeronautical equipment; maintenance on aircraft and/or aeronautical equipment owned, leased or leasing space from lessee; sale or lease of Lessee property and/or improvements; construction, improvement and/or maintenance to the property owned, leased or controlled by Lessee; and all uses not exclusively reserved by and for the benefit of the Fixed Base Operator for the Airport pursuant to the terms of that FBO/Airport Management Agreement dated April 28, 2007 so long as said agreement is in force and effect and is binding on Lessor and after the expiration and/or termination of said FBO/Airport Management Agreement said uses previously exclusively reserved shall also be unrestricted uses hereunder.

Section 7. Sublease, Assignment, or Sale

The Lessee may sublease, assign, sell or transfer Lessee's property adjacent to the taxiway access and/or Lessee's rights and obligations hereunder upon 15 days written notice to Lessor and in such case the assignor shall be relieved of liability for the obligations assumed; provided that Lessee may sublease, assign and/or transfer without notice to any entity owned or controlled by Lessee, a family member, an heir, or a trust created for the benefit of an hear or family member. Any sublease, assignment, sale, or transfer contrary to this provision shall be grounds, at the option of the City of Rockwall, for the City of Rockwall to terminate this contract agreement as provided herein.

Section 8. Termination

A. This contract agreement may be terminated prior to its term by Lessor or Lessee if either fails to abide by the material terms and conditions expressed herein and due the complainant and so decreed by a court of competent jurisdiction. Should Lessee be declared bankrupt, this contract agreement shall immediately terminate and shall not be considered as part of Lessee's estate and shall not become an asset of any appointed or assigned trustee, or receiver. In the event Lessee fails to make timely payment as required herein, uses the Airport property or permits the Airport property to be used for any illegal or unauthorized purpose, files bankruptcy, abandons or leaves the property vacant or unoccupied for 180 consecutive days, or violates any of the material terms and conditions of this contract agreement, Lessor has the right to terminate this contract agreement and retake possession of any Airport property leased to or under the control of Lessee upon ten (10) days written notice delivered to Lessee; provided that notwithstanding any other provision to the contrary, prior to notice of default and right to termination or exercise of other remedy, Lessor shall deliver written notice to Lessee stating with reasonable particularity the facts supporting the claimed default and actions necessary to cure same and Lessee shall have thirty (30) days opportunity to cure said default. In the event that said default can not reasonably be cured

within said cure period but Lessee is acting with reasonable diligence to accomplish such cure, said cure period shall be extended another thirty (30) days.

B. Lessee agrees and understands that Lessor reserves the right to further expand, develop, or improve the airport, including the termination of this lease agreement, in such instance that the continued leasing of the taxiway access would prevent any proposed development or improvements at the Airport; provided that in determining whether this lease agreement would prevent any proposed development or improvement at the Airport, all development and improvement alternatives shall be taken into consideration; and further provided that in any event this Lease Agreement may not be terminated for the cause outlined in this sentence prior to the thirtieth year after this lease agreement is signed. In the event that termination is authorized by the preceding sentence, this contract agreement may be terminated regardless of the desires, wishes, or views of Lessee and without interference or hindrance from Lessee, but only so long as such expansion, development, or improvements are shown on a Texas Department of Transportation and/or FAA approved Airport Layout Plan or Master Plan and in a manner consistent with the preceding sentence and upon reasonable written notice given the circumstances and investment of Lessee.

C. This contract may be prematurely terminated by mutual agreement and consent of both parties in writing. Such termination by mutual agreement shall cause both Lessor and Lessee to be free of any and all requirements of this contract, and neither Lessor nor Lessee shall have any derogatory remarks or entries made upon their resumés or upon any public or private records which would indicate failure to successfully fulfill the conditions of this contract.

D. At the termination of this contract agreement consistent with the provisions herein, either by normal expiration, premature termination, or mutual agreement, Lessee shall peaceably surrender this agreement.

Section 9. Hold Harmless

Lessee agrees to save, hold harmless and indemnify Lessor and its agents, servants, and employees of and from any and all liabilities, expenses, causes of action, damages, and/or attorney's fees resulting from any negligent act or omission of Lessee or Lessee's agents, servants, or employees on the Land as defined herein.

Section 10. Maintenance of Landing Area

Lessee understands and agrees that Lessor reserves the right, but not the obligation, to maintain the Airport to at least the minimum standards as recommended by the FAA and/or the Texas Department of Transportation. Such right includes the right to maintain and keep in repair all public use areas at the Airport and the right to direct and control all activities as necessary at the Airport.

Section 11. Miscellaneous

A. This contract agreement and the exhibits referenced herein embraces the entire lease agreement of the parties mentioned herein pertaining to the taxiway access and no statement, remark, agreement, or understanding, either oral or written, not contained herein or in an exhibit hereto shall be recognized or enforced as it pertains to the lease of the taxiway access, except that this contract agreement may be modified by written addendum agreed to and signed by all pertinent parties and attached hereto.

B. For the purpose of this contract agreement, the singular number shall include the plural and the masculine shall include the feminine and vise-versa, whenever the context so admits or requires.

C. The "Section" captions and headings are inserted solely for the convenience of reference and are not part of nor intended to govern, limit, or aid in the construction of any provision hereof.

D. The parties to this contract agreement hereby acknowledge and agree that they are the principals to the contract agreement and have the power, right, and authority to enter into this contract agreement and have the power, right, and authority to enter into this contract agreement and are not acting as an agent for the benefit of any third party, except that Lessor is acting on behalf of the City of Rockwall.

E. This contract agreement shall be governed by the laws of the State of Texas and construed thereunder and venue of any action brought under this contract agreement shall be in Rockwall County, Texas.

F. If any section, paragraph, sentence, or phrase entered in this contract agreement is held to be illegal or unenforceable by a court of competent jurisdiction, such illegality or unenforceability shall not affect the remainder of this contract agreement and, to this end, the provisions of this contract agreement are declared to be severable.

Section 12. Notification

Any notice given by one party to the other in connection with this agreement shall be in writing and shall be delivered (and shall be deemed delivered three days after deposit with the U.S. Mail service with proper postage if sent certified mail, return receipt requested) to:

Easement Agreement for Access

Notice of confidentiality rights: If you are a natural person, you may remove or strike any or all of the following information from this instrument before it is filed for record in the public records: your Social Security number or your driver's license number.

Date: 5-6, 2008

Grantor: City of Rockwall

Grantor's Mailing Address: 385 S. Goliad
Rockwall, Rockwall County, Texas 75087

Grantee: David Block and D.V.B. Family Limited Partnership

Grantee's Mailing Address: 2421 Kathryn
Heath, Rockwall County, Texas 75032

Dominant Estate Property: See legal description contained in Exhibit C and depiction in Exhibit B attached hereto and incorporated herein by reference.

Easement Property: See legal description contained in Exhibit A and depiction in Exhibit B attached hereto and incorporated herein by reference.

Easement Purpose: For providing free and uninterrupted pedestrian and vehicular ingress to and egress from the Dominant Estate Property to and from the existing Rockwall County, Texas road known as Highway 66 as depicted in Exhibit B.

Consideration: Ten Dollars and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by Grantor.

Exceptions to Warranty: Validly existing easements, rights-of-way, and prescriptive rights, whether of record or not; all presently recorded and validly existing restrictions, reservations, covenants and conditions, and other instruments, other than conveyances of the surface fee estate, that affect the Property; provided that no exception shall materially interfere with the Holder's rights of access as provided herein.

Grant of Easement: Grantor, for the Consideration and subject to the Reservations from Conveyance and Exceptions to Warranty, grants, sells, and conveys to Grantee and Grantee's heirs, successors, and assigns an easement over, on, and across the Easement Property for the Easement Purpose and for the benefit of the Dominant Estate Property, together with all and singular the rights and appurtenances thereto in any way belonging (collectively, the "Easement"), to have and to hold the Easement to Grantee and Grantee's heirs, successors, and assigns forever. Grantor binds Grantor and Grantor's

heirs, successors, and assigns to warrant and forever defend the title to the Easement in Grantee and Grantee's heirs, successors, and assigns against every person whomsoever lawfully claiming or to claim the Easement or any part thereof, except as to the Reservations from Conveyance and Exceptions to Warranty.

Terms and Conditions: The following terms and conditions apply to the Easement granted by this agreement:

1. *Character of Easement.* The Easement is appurtenant to and runs with any part of the Dominant Estate Property, whether or not the Easement is referenced or described in any conveyance of all or such portion of the Dominant Estate Property. The Easement is nonexclusive and irrevocable. The Easement is for the benefit of Grantee and Grantee's heirs, successors, and assigns who at any time own fee simple title to all or any portion of the Dominant Estate Property (as applicable, the "Holder").

2. *Duration of Easement.* The duration of the Easement is perpetual.

3. *Reservation of Rights.* Grantor reserves for Grantor and Grantor's heirs, successors, and assigns the right to continue to use and enjoy the surface of the Easement Property for all purposes that do not materially interfere with or interrupt the use or enjoyment of the Easement by Holder for the Easement Purposes. Grantor reserves for Grantor and Grantor's heirs, successors, and assigns the right to use all or part of the Easement in conjunction with Holder and the right to convey to others the right to use all or part of the Easement in conjunction with Holder, as long as such further conveyance and use does not materially interfere with or interrupt the use or enjoyment of the Easement by Holder for the Easement Purposes.

4. *Improvement and Maintenance of Easement Property.* Holder has the right to eliminate any encroachments into the Easement Property that prevent Holder access to the Dominant Estate Property as provided herein. Holder must not cause or allow action by Holder or Holder's guests that would cause or contribute to the Easement Property being other than in a neat and clean condition. Grantor has the right to construct, install, maintain, replace, and remove a road with all culverts, bridges, drainage ditches, sewer facilities, and similar or related utilities and facilities under or across any portion of the Easement Property (collectively, the "Road Improvements"). If Grantor fails or refuses to make or maintain Road Improvements, Holder may do so upon ten days advance written notice to Grantor and in such case shall have the rights and privileges of Grantor relating thereto. All matters concerning the configuration, construction, installation, maintenance, replacement, and removal of the Road Improvements are at Grantor's sole discretion. Grantor has the right to remove or relocate any fences within the Easement Property or along or near its boundary lines if reasonably necessary to construct, install, maintain, replace, or remove the Road Improvements or for the road to continue onto other lands or easements owned by Grantor or Grantor's assigns and adjacent to the Easement Property, subject to replacement of the fences to their original condition on the completion of the work. On written request by Grantor, the owners of the Easement Property will execute or join in the execution of easements for sewer, drainage, or utility facilities under or across the Easement Property.

5. *Equitable Rights of Enforcement.* This Easement may be enforced by restraining orders and injunctions (temporary or permanent) prohibiting interference and commanding compliance. Restraining orders and injunctions will be obtainable on proof of the existence of interference or threatened interference, without the necessity of proof of inadequacy of legal remedies or irreparable harm, and will be obtainable only by the parties to or those benefited by this agreement; provided, however, that the act of obtaining an injunction or restraining order will not be deemed to be an election of remedies or a waiver of any other rights or remedies available at law or in equity.

6. *Attorney's Fees.* If either party retains an attorney to enforce this agreement, the party prevailing in litigation is entitled to recover reasonable attorney's fees and court and other costs.

7. *Binding Effect.* This agreement binds and inures to the benefit of the parties and their respective heirs, successors, and permitted assigns.

8. *Choice of Law.* This agreement will be construed under the laws of the state of Texas, without regard to choice-of-law rules of any jurisdiction. Venue is in the county or counties in which the Easement Property is located.

9. *Counterparts.* This agreement may be executed in any number of counterparts with the same effect as if all signatory parties had signed the same document. All counterparts will be construed together and will constitute one and the same instrument.

10. *Waiver of Default.* It is not a waiver of or consent to default if the nondefaulting party fails to declare immediately a default or delays in taking any action. Pursuit of any remedies set forth in this agreement does not preclude pursuit of other remedies in this agreement or provided by law.

11. *Further Assurances.* Each signatory party agrees to execute and deliver any additional documents and instruments and to perform any additional acts necessary or appropriate to perform the terms, provisions, and conditions of this agreement and all transactions contemplated by this agreement.

12. *Indemnity.* Each party agrees to indemnify, defend, and hold harmless the other party from any loss, attorney's fees, expenses, or claims attributable to breach or default of any provision of this agreement by the indemnifying party.

13. *Integration.* This agreement contains the complete agreement of the parties and cannot be varied except by written agreement of the parties. The parties agree that there are no oral agreements, representations, or warranties that are not expressly set forth in this agreement.

14. *Legal Construction.* If any provision in this agreement is for any reason unenforceable, to the extent the unenforceability does not destroy the basis of the bargain among the parties, the unenforceability will not affect any other provision hereof, and this agreement will be construed as if the unenforceable provision had never been a part of the agreement. Whenever context requires, the singular will include the plural and neuter include the masculine

or feminine gender, and vice versa. Article and section headings in this agreement are for reference only and are not intended to restrict or define the text of any section. This agreement will not be construed more or less favorably between the parties by reason of authorship or origin of language.

15. *Notices.* Any notice required or permitted under this agreement must be in writing. Any notice required by this agreement will be deemed to be delivered (whether actually received or not) when deposited with the United States Postal Service, postage prepaid, certified mail, return receipt requested, and addressed to the intended recipient at the address shown in this agreement. Notice may also be given by regular mail, personal delivery, courier delivery, facsimile transmission, or other commercially reasonable means and will be effective when actually received. Any address for notice may be changed by written notice delivered as provided herein.

16. *Recitals.* Any recitals in this agreement are represented by the parties to be accurate, and constitute a part of the substantive agreement.

17. *Time.* Time is of the essence. Unless otherwise specified, all references to "days" mean calendar days. Business days exclude Saturdays, Sundays, and legal public holidays. If the date for performance of any obligation falls on a Saturday, Sunday, or legal public holiday, the date for performance will be the next following regular business day.

EXHIBIT C TO EASEMENT AGREEMENT FOR ACCESS

Tract One

All that certain lot, tract or parcel of land situated in the G.W. RIDLIN SURVEY, ABSTRACT NO. 183, City of Rockwall, Rockwall County, Texas, and being a part of that 1.26 acres tract of land as described in a Warranty deed from Bertha M. Hensley and Hensley Aviation, Inc. to V.F.B. Family Limited Partnership, dated July 25, 1995 and being recorded in Volume 1028, Page 119 of the Real Property Records of Rockwall County, Texas, and being all of a 270.38 square foot tract as described in a Warranty deed from Texas Specialty Underwriters to V.F.B. Family Limited Partnership, dated September 12, 1996 and being recorded in Volume 1159, Page 79 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner in the North line of said 1.26 acres tract, said point being N. 82 deg. 27 min. 30 sec. E., 107.96 feet from a 1/2" iron rod found for corner at the Northwest corner of said 1.26 acres tract of land and the Southwest corner of a tract of land as described in a Warranty deed from Charles T. Cody and Mary Ann Cody to Texas Specialty Underwriters, Inc., dated September 28, 1994 and being recorded in Volume 944, Page 190 of the Real Property Records of Rockwall County, Texas;

THENCE N. 83 deg. 54 min. 14 sec. E. along the North line of said 1.26 acres tract, a distance of 53.82 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner at the Northwest corner of a 318 square foot tract as described in a Deed to Texas Specialty Underwriters, as recorded in Volume 1159, Page 76 of the Real Property Records of Rockwall County, Texas;

THENCE S. 07 deg. 00 min. 03 sec. E. along the wall of a hanger building, a distance of 12.04 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner at edge of said hanger;

THENCE N. 83 deg. 01 min. 32 sec. E. along said hanger wall, a distance of 41.94 feet to corner;

THENCE S. 07 deg. 04 min. 45 sec. E. along said hanger wall, a distance of 96.00 feet to corner;

THENCE N. 82 deg. 55 min. 15 sec. E. along said hanger wall, a distance of 40.74 feet to an "X" chiseled in concrete for corner in the East line of said 1.26 acres tract and being in the West line of Lot 1, ROCKWALL MUNICIPAL AIRPORT ADDITION, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet B, Slide 47 of the Plat Records of Rockwall County, Texas;

THENCE S. 06 deg. 41 min. 41 sec. E., along the East line of said 1.26 acres tract, a distance of 201.33 feet to a 1/2" iron rod found for corner at the Southeast corner of same;

THENCE S. 89 deg. 07 min. 03 sec. W. a distance of 137.89 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner;

THENCE N. 06 deg. 37 min. 22 sec. W. a distance of 234.13 feet to the POINT OF BEGINNING and containing 0.70 acres of land.

Tract Two

All that certain lot, tract or parcel of land situated in the G.W. RIDLIN SURVEY, ABSTRACT NO. 183, City of Rockwall, Rockwall County, Texas, and being a part of that tract of land as described in a Warranty deed from Alumax Aluminum Corporation to Rockwall Property Corporation, as recorded in Volume 444, Page 146 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner in the Southeast corner of a 1.26 acres tract of land as described in a Warranty deed from Bertha M. Hensley and Hensley Aviation, Inc. to V.F.B. Family Limited Partnership, dated July 25, 1995 and being recorded in Volume 1028, Page 119 of the Real Property Records of Rockwall County, Texas, and in the West line of Lot 1, ROCKWALL MUNICIPAL AIRPORT ADDITION, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet B, Slide 47 of the Plat Records of Rockwall County, Texas;

THENCE S. 05 deg. 54 min. 37 sec. E. a distance of 178.53 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner;

THENCE S. 89 deg. 07 min. 03 sec. W. a distance of 135.66 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner at the corner;

THENCE N. 06 deg. 37 min. 22 sec. W. a distance of 178.74 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner at the corner;

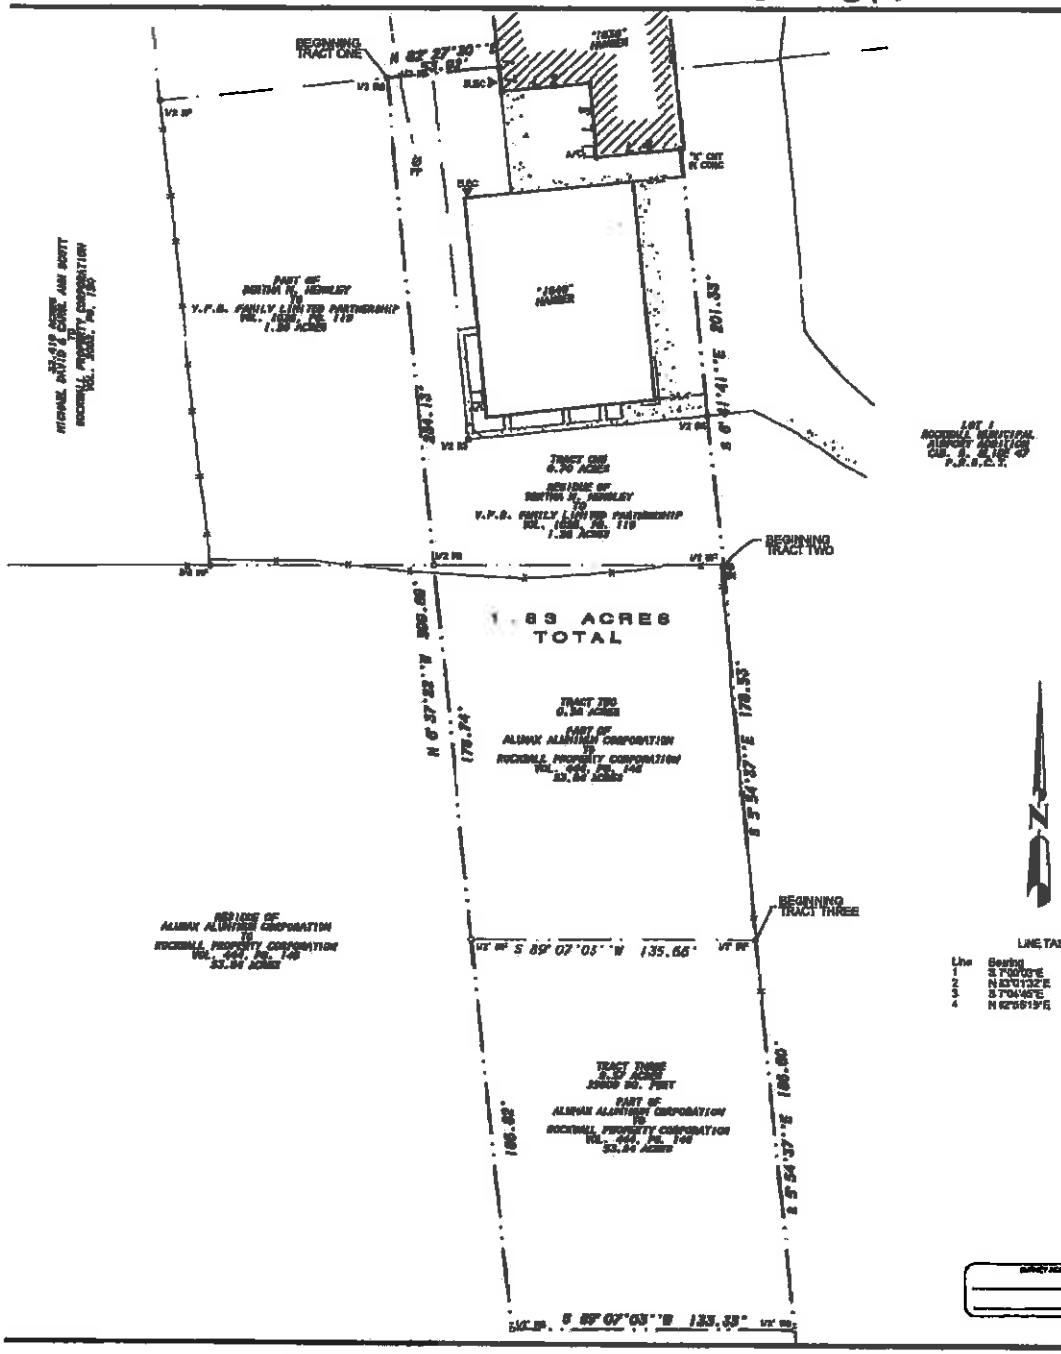
THENCE N. 89 deg. 07 min. 03 sec. E. along the South line of said 1.26 acres tract, a distance of 137.89 feet to the POINT OF BEGINNING and containing 0.56 acres of land.

Tract Three

All that certain lot, tract or parcel of land situated in the G.W. RIDLIN SURVEY, ABSTRACT NO. 183, City of Rockwall, Rockwall County, Texas, and being a part of that tract of land as described in a Warranty deed from Alumax Aluminum Corporation to Rockwall Property Corporation, as recorded in Volume 444, Page 146 of the Real Property Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner in the East line of said Rockwall Property Corporation tract, said point being S. 05 deg. 54 min. 37 sec. E., 178.53 feet from the Southeast corner of a 1.26 acres tract of land as described in a Warranty deed from Bertha M. Hensley and Hensley Aviation, Inc. to V.F.B. Family Limited Partnership, dated July 25, 1995 and being recorded in Volume 1028, Page 119 of the Real Property Records of Rockwall County, Texas, and in the West line of Lot 1, ROCKWALL MUNICIPAL AIRPORT ADDITION, an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet B, Slide 47 of the Plat Records of Rockwall County, Texas;

THENCE S. 05 deg. 54 min. 37 sec. E. along the West line of said Lot 1 and the East line of said tract, a distance of 186.80 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner;



THENCE S. 89 deg. 07 min. 03 sec. W. a distance of 133.33 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner at the corner;

THENCE N. 06 deg. 37 min. 22 sec. W. a distance of 186.82 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner;

THENCE N. 89 deg. 07 min. 03 sec. E. a distance of 135.66 feet to the POINT OF BEGINNING and containing 25,000 square feet or 0.57 acres of land.

Rockwall Municipal Airport

FIXED BASED OPERATOR PROPOSAL

Prepared for:Lea Ann Ewing Purchasing Agent

Prepared by Todd Parks, Managing Partner

November 26, 2013

EXECUTIVE SUMMARY

Candidate Information

Todd Parks has been directly involved in the aviation industry and specifically the General Aviation industry since 1976. Mr. Parks began his career in the United States Air Force where he served as a hydraulic and flight systems specialist on F-4 and F-15 fighter aircraft. Following four years of service and an honorable discharge Mr. Parks attended Texas State Technical Institute in Amarillo, Texas where he earned an applied science degree in1981. During his coursework at TSTI Mr Parks worked as a line service technician as a line service technician servicing small general aviation aircraft as well as a broad range of corporate and military jets and turbo-props. Following graduation from TSTI Mr. Parks completed FAA testing requirements and obtained his Airframe and Powerplant license. Mr Parks then worked for maintenance facilities as an aircraft technician for several years before earning a bachelors degree in Marketing from Texas Tech University. Mr parks continued work as an A & P technician for several years before joining his wife Denise in her State Farm Agency for two years followed by approximately ten years in the aircraft parts manufacturing and distribution business. Mr. Parks's recent experience includes work with one of the largest FBO chains in the country (Cutter Aviation) serving as a parts expeditor, parts department manager and finally as the new aircraft warranty administrator for the Dallas and San Antonio maintenance facilities. In 2011 Mr Parks was hired by Lake Texoma Jet Center as parts manager for the Sherman/Denison area maintenance facility and ultimately general manager of the company with responsibility for the maintenance shop, line service and administrative functions of the company. In January of 2012 the business was scaled back at Mr. Parks' recommendation to a line service facility after which Mr. Parks left the company to pursue other interests.

Goals

Mr. Parks would provide fixed base operator and maintenance services to aircraft owners currently based at the Rockwall Municipal Airport and surrounding areas. Our goal is to provide outstanding maintenance and FBO services in a manner that insures the safety of the flying public while providing outstanding customer service. We intend to operate the business in partnership with the city with the expectation of assisting with the management of the airport in the interest of the citizens of Rockwall. Mr. Parks is fully aware of industry trends regarding the operation of aircraft service facilities by municipalities and if chosen will structure the business accordingly. There are a number of issues facing city management and elected officials regarding airport growth and the airport's role in the economic growth of our community. We are proposing an agreement that recognizes these challenges and provides for some flexibility for the city as the airport grows. Our goal is to be a partner with the city in providing airport services that will enhance the appeal of the city to prospective businesses looking to relocate to the area.

99

General Information

1. Operating company to be formed as Texas Air Center, LLC pending selection.

2. Managing partners include Todd L. Parks and Denise Parks. Mr. and Mrs. Parks have lived in McClendon Chisholm, Texas and more recently Heath, Texas since 1995. They are currently living in Rowlett, Texas awaiting completion of a home in Rockwall (Chandler's Landing). Mrs Parks is a twenty five year State Farm agent operating in Rockwall since 1998 and is an active member of the Rockwall Noon Rotary, a current board member of Rockwall County Helping Hands and a member of the Rockwall Chamber of Commerce.

3. Vendor acknowledges receipt of Request for Proposal Addendum 1 and 2

100

FINANCIAL FITNESS

Capital Contributions

As sole managing partners, funding of the proposed FBO will be provided by Todd & Denise Parks. Given the proposed structure of the business it is estimated that the business will require an initial investment of $50,000.00. This capital contribution will be deposited in the LLC account upon Texas Secretary of State approval of the LLC. While additional capital would be available from LLC members it is anticipated that working capital requirements under the proposed business structure would be met from cash generated from FBO operations.

OPERATIONS PLAN

Aircraft Services

Texas Air Center, LLC will provide aircraft services to tenant and transient aircraft operating in and out of the Rockwall Municipal airport. Aircraft services typically include aircraft refueling, servicing of aircraft fluids and gases as well as tie down and hanger storage when available. We would also propose to provide aircraft repositioning services to tenant aircraft at a cost to be determined by and at the discretion of FBO management utilizing an aircraft towing tractor to be purchased at the FBO's expense. Texas Air Center will also agree to provide a courtesy car to transient aircraft owners or passengers. FBO management reserves the right to charge a reasonable fee for this service at managements discretion.

Fueling of aircraft will be performed only by personnel trained in the proper operation of fueling equipment and with a working knowledge of safety measures associated with refueling operations. All aircraft fueling operations will comply with applicable National Fire Prevention Association 407 Standards for Aircraft Fuel Servicing, FAA Advisory Circular 150/5230-4B, Federal, State and local environmental regulations and the City of Rockwall Fire Prevention Codes. Deviations from these standards may be approved by city management.

Current aircraft fuel storage consists of one 2200 gallon Jet-A truck owned by the current operator, one 600 gallon Av-Gas truck and one 12,000 gallon underground Av-Gas tank owned by the city. Given the city of Rockwall's retention of rights to operate any and all FBO functions as well as the relatively low volume of fuel sold at the airport we propose that the city purchase a Jet-A fuel truck for use by the FBO. The city of Rockwall will be responsible for the cost of repairs and maintenance of all aircraft fueling and fuel storage equipment. The FBO would assume responsibility for routine servicing of fueling equipment including the cost of fuel to operate the vehicles.

The FBO will provide a monthly report, due on the 5th of the month following the reporting period, of all aircraft fuel sales. This report will detail type of fuel sold, gallons sold and sell price.

Flight Training

While Texas Air Center, LLC has no current interest in operating a flight school we do appreciate the benefit such a venture provides the airport. Given that Rockwall FliteCenter currently operates a flight school out of the terminal we would propose that they be allowed to operate out of the existing space they occupy as a paid tenant, operating under their own FAA certificate and independent of Texas Air Center. If agreed to, Texas Air Center will provide appropriate fuel discounts necessary to insure the viability of the flight school. Rental of flight school facilities would be collected and retained by Texas Air Center.

Aircraft Maintenance Services

Texas Air Center will operate a maintenance facility in the hanger adjacent to the terminal offices. Given the limited shop space we would anticipate and have budgeted for, a small maintenance operation geared toward single and multiengine reciprocating aircraft. Our experience tells us that maintenance shop revenues will be limited by the restricted space available as well as intense competition from around the area. We anticipate offering a shop labor rate of $65.00 per hour with this figure subject to adjustments to reflect market conditions. A large percentage of the capital contributions mentioned in the financial fitness section will be used for purchases of shop equipment deemed appropriate for a shop of this size. Mr. Parks is certified as an A & P Mechanic but has not yet tested for an inspection authorization. Agreements for IA services are in place to meet the certification requirements outlined in the request for proposals. Mr. Parks anticipates obtaining an inspection authorization within one year of operation.

It should be noted that Texas Air Center views the maintenance of turbine aircraft as essential to our long term success. We are working on the hope that current airport improvements will be approved and that this will allow the operation of substantially more turbine aircraft off of the airport. Our growth is dependent on the growth of the airport and city.

Finally, we would propose that the current FBO be allowed to operate a maintenance shop out of the north maintenance hangar they have occupied for some time. We have no interest in seeing a family business displaced if they can compete fairly, pay rent, and operate under the same insurance requirements. If approved, we would like to offer the facility under a scheduled increase agreement over a six month period starting at $500.00 per month and ending at $1500.00 per month. These rents would be payable to Texas Air Center, LLC.

Parts Sales

Texas Air Center intends to provide over the counter aircraft parts sales to local and area aircraft owners. Inventory will consist of consumable items such as oil, filters, brake pads, and other items appropriate for the location.

CUSTOMER SERVICE

The aircraft service business has changed drastically since the late nineteen seventies. There are many reasons for the change but the end result has been a reduced number of hours flown and a decrease in the number of flying customers. As a result, great customer service has never been more important to the success of an aircraft business. With that said, it is also true that providing great customer service is just as easy as it has ever been. It is all about understanding the needs of your customers and more importantly developing great relationships with each of them. We intend to offer our tenants and visitors the best possible service because it not only insures the success of our business it is also represents what may be a first and lasting impression of our community to the flying public.

It really is as simple as doing your best to have aircraft fueled as requested, maintenance done correctly and delivered on time or maybe just having hot coffee every morning in the terminal. We have the experience to meet the needs of the Rockwall flying community. Given the opportunity we will also make sure that we have the equipment and personnel to meet our customer expectations.

MANAGEMENT

Management of the FBO will be the responsibility of Todd Parks. The aircraft is small and in our opinion could be operated with a manager and one to two line service personnel. It is our understanding that the current FBO employs a line attendant and we would anticipate interviewing him with the intention of offering employment on a full time basis. Additional line service personnel will be added at the discretion of the FBO manager.

The maintenance shop will operate at a level consistent with the financial goals of the FBO. It appears unlikely that the shop would support more than one full time mechanic in the near term. Todd Parks will perform most aircraft maintenance functions. If the work load dictates agreements are in place with other technicians to provide contract labor as needed.

MARKETING

Marketing of aircraft services will consist of direct contact with aircraft owners at industry gatherings and events, internet advertising such as web site development, email campaigns and publication of fuel prices on web sites such as AirNav, Foreflight and other flight planning service providers. As the aircraft grows Texas Air Center will play an active role in assisting the Rockwall Economic Development Board with marketing plans related to the airport and it capabilities and operations. We look forward to being an active partner in the city's efforts to promote the city.

FINANCIAL STATEMENTS

As requested we have attached Pro-Forma financial statements detailing estimated revenues and expenses related to FBO operations. While every effort has been made to represent projected financial amounts it should be understood that these are based on estimates by Mr. Parks. You will note that these figures do not include the purchase of fuel stocks. We would propose that the FBO and City of Rockwall negotiate a price for both the existing Av-Gas and Jet-A fuel inventory on hand and that figure be used as the purchase price of these inventories from the city.

AVIATION GENERAL LIABILITY PROPOSAL

Named Insured: Texas Air Center, LLC

Effective Date TBA
Insurance Company: U.S. Specialty Aviation
Annual Premium: $2,453
Broker: Steve Bruss

INSURED PREMISES:

F46 - ROCKWALL MUNI airport, ROCKWALL TX

COVERAGES:

Coverage	Deductible	Premium
Premises Liability: $1,000,000 Each Occurrence / $2,000,000 Aggregate		$1,390
Products & Completed Operations Liability: $1,000,000 Each Occurrence $1,000,000 Aggregate		$383
Hangarkeepers Liability: $50,000 Each Aircraft / $100,000 Each Occurrence	$2,500 Each aircraft	$680
Medical Payments: $1,000 Per Person / $5,000 Each Occurrence		Included
	Total Annual Premium:	**$2,453**

ADDITIONAL INTERESTS:

Additional Insured: City of Rockwall

All policy terms, conditions, and exclusions shall apply in accordance with the policy form in use by the company upon the date of binding. This quotation shall be valid for no longer than a period of 30 days from the date shown above. Coverages have not been bound at this time; however, we would be pleased to bind coverages after receipt of the signed and dated Binding Instructions.

Interview Notes for FBO Services at
Ralph M. Hall / Rockwall Municipal Airport

Interview Notes for Todd Parks

- Has lived in the Rockwall area for 18 years
- Has a website and marketing business that works with FBO's to market aviation services and airports
- Is a pilot
- Former military – Air Force
- Is a certified mechanic and is getting an IA certification
- His initial anticipated startup is $30-$50K
- Will be the primary maintenance department and run the day-to-day operations of the airport
- Will be the face of the organization and customers will deal with him directly
- He will buy the city's fuel inventory and assume purchasing both avgas and jet fuel as part of his FBO operation
- Would like the city to continue mowing, utilities, etc. everything it currently does
- He will provide ice, catering if necessary, oxygen/nitrogen to customers
- He will provide a courtesy car for local use
- Will purchase his own tug and other ground equipment
- Will open at least 12 hours / day, 7 days / week
- No tie-down fees if customers purchase fuel
- Believes customers should always be met on the ramp, marshalled in and out
- Would do normal repairs on facilities, but would need City's help with major repairs over $1,000
- Will offer opportunity to current FBO to subcontract for the flight school
- Will offer opportunity to current FBO to lease the northern box hangar to keep his repair shop / believes in fair competition / understands there are current customers loyal to Eddie

References for Todd Parks

Reference: Dave Larsen

- Known him for 12 years
- Has hired him for web services
- Very focused on serving customers and solving problems (better than most)
- Very high level of character and integrity
- Very motivated, even temperament, difficult to get under his skin
- Best attribute is dealing with people in an adverse situation

110

Reference: Steve Seitz

- Known him for 15 years
- Todd also did website work for him
- General comments are that he's a good guy, very honest and reliable
- Former military, so he's disciplined
- Mr. Seitz's daughter worked for Todd, treats employees very good
- Very organized, treats people with kindness, very fair, great with customers
- Great family, Todd's wife handles his personal and professional insurance,
- His greatest strength is building and fostering personal and professional relationships
- Soft spoken, but very sharp.

Reference: Martin Sisk

- Known him for 8 years
- Worked with Todd at Cutter Aviation, works very well with others on maintenance issues and problem resolution
- Later worked with Todd at Texoma Jet Center when he was General Manager and Mr. Sisk was Director of Maintenance
- General comments are that Todd is very knowledgeable about aviation since he is a pilot, mechanic, has been a general manager
- Was very involved in all aspects of FBO operations – maintenance, fueling, etc.
- Very good dealing with customers – gives people an option – works with them instead of giving them a hard "yes" or "no", explains things to customers
- He's never rigid or abrupt when dealing with anyone
- Greatest strength is communication with customers and personnel and he's an innovative thinker.
- Very committed to his endeavors – both financially and personally – takes a hands on approach

Reference: Tom Chesna

- Known him for 15 years
- Todd has worked on his airplane and is very knowledgeable
- Knows a lot of people in the airport business
- Exceptional integrity, very honest
- Best strengths are that he is straight forward, keeps his word
- Very organized, very computer savvy

Reference: George Schuler

- Gives Todd his endorsement
- Todd knows the business, Worked for George and for Cutter Aviation
- Good guy

Subject: Re: RFP for FBO Services - Additional Information

Good afternoon Joey;

I have reviewed the financial projections presented last week. These projections did not include the purchase of fuel trucks, just the purchase of estimated fuel stock at the time we begin operations. The quantities used were 2200 gallons of Jet-A and 600 gallons of Av-Gas. These will of course need to be adjusted to the actual quantities on hand and calculated based on last cost. Aside from that nothing has changed.

We discussed maintenance of buildings, maintenance of fuel equipment and rental of the other maintenance facility and office space for the flight school should Eddie decide to take advantage of that offer.

Maintenance of the terminal building and attached shop area will be the FBO's responsibility. Repairs to the facility in excess of $1000.00 would be submitted to the city for payment. FBO will be responsible for improvements to the facility supporting FBO operations.

Routine maintenance of fuel equipment and fuel trucks would be the responsibility of the FBO. Repairs to equipment and fuel trucks would be submitted to the city for payment.

We would propose rental of the north maintenance hanger currently occupied by the existing FBO to the current FBO based on the following schedule. Rental beyond the first twelve months would stabilize to the 12th month rate and governed under any existing rental agreements. The FBO would retain these rental revenues.

	Month 1	Month 2	Month 3	Month 4	Month 5	Month 6	Month 7	Month 8	Month 9	Month 10	Month 11	Month 12
North Maintenance Hangar	$500.00	$500.00	$500.00	$750.00	$750.00	$750.00	$1250.00	$1250.00	$1250.00	$1500.00	$1500.00	$1500.00
Flite School Facility	$250.00	$250.00	$250.00	$250.00	$250.00	$250.00	$250.00	$250.00	$250.00	$250.00	$250.00	$250.00
	$750.00	$750.00	$750.00	$1000.00	$1000.00	$1000.00	$1500.00	$1500.00	$1500.00	$1750.00	$1750.00	$1750.00

I am willing to work out an agreement regarding mowing of the airport and support facilities. I will need to have a closer look but if we can purchase a mower (tractor and shredder) this might be advantageous to both parties.

All buildings constructed after the execution of an FBO agreement will be managed by the FBO. A management fee of 10% of the rental rate for each building will be billed each month regardless of the building's rental status.

There are probably things to discuss but hopefully we can come to some agreement after discussing these issues further. Please let me know if you have additional questions or need further clarification on points presented.

Best Regards,

Todd Parks

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/03/2014

APPLICANT: Christopher Orr, *Arcadia Lakes of Somerset Holdings, LLC*

AGENDA ITEM: **Z2014-025**; Lakes of Somerset (Amendments to PD-63)

SUMMARY:

Hold a public hearing to discuss and consider a request by Christopher Orr of Arcadia Lakes of Somerset Holdings, LLC for the approval of a zoning amendment to Planned Development District 63 (PD-63) to allow for changes to the concept plan and development standards stipulated by Ordinance No. 05-51 for a 139.354-acre tract of land identified as Tracts 1 & 7 of the A. Johnson Survey, Abstract No. 123, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 63 (PD-63) for Single Family 10 (SF-10) District use, situated within the SH-205 Overlay (SH-205 OV) District, located at the northeast corner of the Intersection of FM-549 and S. Goliad Street (SH-205), and take any action necessary.

BACKGROUND:

On October 3, 2005, the City Council approved a zoning change for the 139.354-acre subject property from an Agricultural (AG) District to Planned Development District 63 (PD-63) [*Ordinance No. 05-51*] for Single Family 10 (SF-10) District land uses. The approved zoning ordinance allowed for the establishment of the Lakes of Somerset subdivision, which was planned to be a 276 lot single-family community yielding a maximum density of 1.99 units per acre. The 276 proposed single-family lots were broken down into three (3) lot types with 117 lots being allocated to the 12,600 SF lot type, 111 lots being allocated to the 10,000 SF lot type, and 48 lots being allocated to the 8,400 SF lot type. In addition, the plan included approximately 34.4-acres (or ~24.8% of total land areas) of open space, which included an 8.2-acre public park.

On July 25, 2006, the Planning and Zoning Commission approved a site plan [*Case No. SP2005-033*] for the subdivision. This was followed by the approval of a master plat [*Case No. P2006-026*] and a preliminary plat [*Case No. P2006-027*] on August 21, 2006. The preliminary plat was renewed by the Planning and Zoning Commission on June 26, 2007 after no action was taken within one (1) year of the approval. The preliminary plat officially expired on August 21, 2008. In June of 2013, Arcadia Homes submitted a letter requesting that the preliminary plat be reinstated. The Planning and Zoning Commission approved the request on July 31, 2013, and the subsequent renewal request a year later on June 24, 2014. Currently, the preliminary plat vests the subject property to the zoning that is presently in place, and would only require the developer to submit engineering plans and a final plat to begin construction of the subdivision.

PURPOSE AND CHARACTERISTICS OF THE REQUEST:

On August 15, 2014, the applicant submitted an application proposing to amend the current Planned Development District ordinance to allow for changes to the concept plan and development standards for the proposed subdivision. Specifically, the applicant is proposing to establish 309 single-family lots at a density of 2.22 units per gross acre of land. The 309 single-family lots will be broken down into three (3) lot types with 93 lots being allocated to the 7,200

SF lot type, 135 lots being allocated to the 8,400 SF lot type, and 81 lots being allocated to the 10,400 SF lot type. Additionally, the plan increases the overall open space to 37.7-acres (or ~27.05% of total land area). A summary of the proposed density and dimensional requirements is as follows:

Table 1: Density and Dimensional Requirements

Lot Type (see Concept Plan) ►	***A***	***B***	***C***
Minimum Lot Width [1]	60'	70'	80'
Minimum Lot Depth	120'	120'	130'
Minimum Lot Area	7,200 SF	8,400 SF	10,400 SF
Minimum Front Yard Setback [2] & [5]	20'	20'	20'
Minimum Side Yard Setback	5'	5'	5'
Minimum Side Yard Setback (Adjacent to a Street) [2] & [5]	10'	10'	10'
Minimum Length of Driveway Pavement	25'	25'	25'
Maximum Height [3]	30'	30'	30'
Minimum Rear Yard Setback [4]	20'	20'	20'
Minimum Area/Dwelling Unit (SF)	2,200 SF	2,700 SF	3,200 SF
Maximum Lot Coverage	65%	65%	65%
Permitted Encroachment into Required Setbacks [5]	Allowed	Allowed	Allowed

General Notes:

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.

[2]: The location of the *Front Yard Building Setback* as measured from the front property line.

[3]: The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single family home.

[4]: As measured from the rear yard property line.

[5]: Sunrooms, porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the *Front Yard Building Setback* by up to ten (10) feet for any property; however, the encroachment shall not exceed five (5) feet on *Side Yard Setbacks (Adjacent to a Street)* and shall not encroach into public right-of-way [a *Sunroom* is an enclosed room no more than 15-feet in width that has glass on at least 50% of each of the encroaching faces] (*see Exhibit 'F'*).

STAFF ANALYSIS:

With the zoning approved in 2005 already being in place on the subject property, the Planning and Zoning Commission and City Council are essentially being asked to choose which Planned Development District provides the best development for the subject property. The following is a summary of the plans in a side-by-side comparison:

	2005 Zoning Ordinance	***Proposed Zoning Ordinance***	***Difference from Current to Proposed***
Number of Lots	276	309	+33
Density (Dwelling Units/Acre)	1.99	2.22	+0.23
Open Space (Acres)	34.4	37.7	+3.3
Minimum SF Per Dwelling Unit:			
Lot Type 1	1,750 SF	2,200 SF	+450 SF
Lot Type 2	2,000 SF	2,700 SF	+700 SF
Lot Type 3	2,250 SF	3,200 SF	+950 SF

The current plan does increase the number of lots and density from 276 lots at 1.99 units per acre to 309 lots at 2.22 units per acre, and change the lots sizes from 8,400 SF, 10,000 SF & 12,600 SF to 7,200 SF, 8,400 SF, 10,400 SF; however, the current plan also increases the overall open space from 34.4-acres to 37.7-acres, and increases the minimum square footage of the proposed housing stock. In addressing the reduction in lot sizes the Unified Development Code does state that "(m)inimum lot sizes in residential districts may be reduced up to 20 percent in order to preserve community or public open space, including trails, provided that the front of lots face, either directly or across a public street, over 75 percent of the edge of the

open space within the project." In this case, the applicant has stated that the main purpose of revising the existing zoning concept plan is to arrange the lots so that they are single loaded and face on to open space. The applicant's new concept plan achieves this goal by providing boulevards, medians and an abundance of open space adjacent to the proposed housing pads.

Additionally, the current Planned Development District design guidelines contained within the Unified Development Code were adopted in 2007 and revised in 2010. As a result, the 2005 zoning ordinance contains less restrictive guidelines. For example, the current zoning ordinances' anti-monotony restrictions stipulate that three (3) intervening lots are required to be between homes on the same side of the street before the same material and elevation are utilized. This standard fails to address structures on the other side of the street. The standard contained within the proposed zoning ordinance stipulates that five (5) intervening lots on the same side of the street and six (6) intervening lots across the street are required prior to utilizing the same material/elevation/encroachment (*i.e. front porch, sunroom, etcetera*). Additionally, the proposed ordinance addresses fences, roofing materials, roof pitch, garage orientation, and street tree requirements all of which are not addressed by the current 2005 zoning ordinance.

While the plan proposed by the applicant will slightly raise the lot count and density, it will also provide stricter standards for the development of the subject property. Stricter standards have the ability to better regulate the product that can be placed on the proposed lots. This being said zoning is a discretionary decision for the Planning and Zoning Commission and City Council.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The proposed zoning change does not change the proposed land use of the property and the applicant's request remains in conformance to the *Low Density Residential* land use designation indicated on the Future Land Use Map of the Comprehensive Plan. Moreover, according to the Comprehensive Plan, *Low Density Residential* areas are "generally defined as less than two (2) units per acre; however, a density up to two-and-one-half (2½) units per gross acre may be allowed within a residential Planned Development District …" The Unified Development Code (UDC) expands this statement by stating that additional amenities (*e.g. parks, open space, amenity centers, schools, trails, etcetera*) that exceed the minimum requirements would qualify a development for a density bonus of up to two-and-one-half (2½) [*Sec. 1.2, Art. X; UDC*]. In this case, the applicant has provided additional open space and single loaded the lots so that all properties will face on to an open space.

Taking into consideration the revised concept plan, the applicant's request for a planned development district with less than two-and-one-half (2½) units per acre is in conformance with the land use designation requirements specified by the Comprehensive Plan.

NOTIFICATION:

On August 29, 2014, staff mailed 27 notices to property owners and residents within 500-feet of the subject property. Staff also emailed a notice to the Oaks of Buffalo Way Homeowner's Associations (HOA), which are the only HOA's located within 1,500 feet of the subject property. Additionally, staff posted a sign at the corner of the intersection of FM-549 and S. Goliad Street (SH-205) as required by the Unified Development Code (UDC). At the time this case memo was drafted staff had received three (3) notices opposed to the request.

RECOMMENDATIONS:

If the Planning and Zoning Commission recommends approval of the applicant's request to amend Planned Development District 63 (PD-63) then staff would propose the following conditions of approval:

1) The proposed development shall maintain compliance with the development standards, concept plan, open space plan, roadway diagram and street cross section contained within the proposed draft ordinance; and

2) Any construction resulting from the approval of this *zoning amendment* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On October 28, 2014, the Planning and Zoning Commission recommended approval of the applicant's request per staff recommendations by a vote of 7-0.

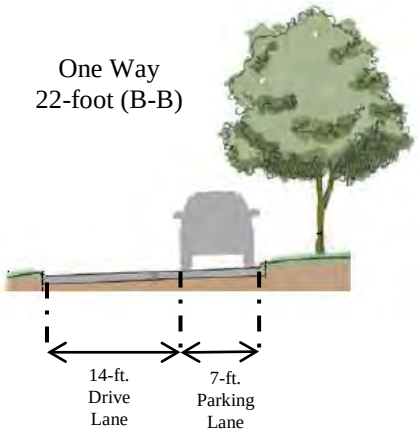
119

CITY OF ROCKWALL, TEXAS
FIRE DEPARTMENT
MEMORANDUM

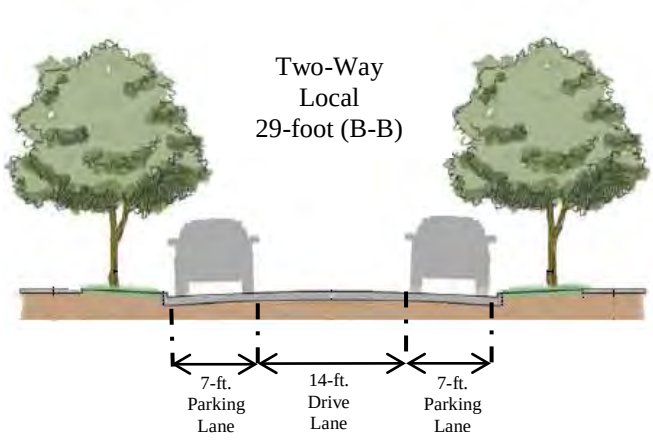
DATE: **October 9, 2014**

TO: **Planning & Zoning Chairman and Commissioners**

FROM: **Ariana Hargrove, Fire Marshal & Mark Poindexter, Fire Chief**

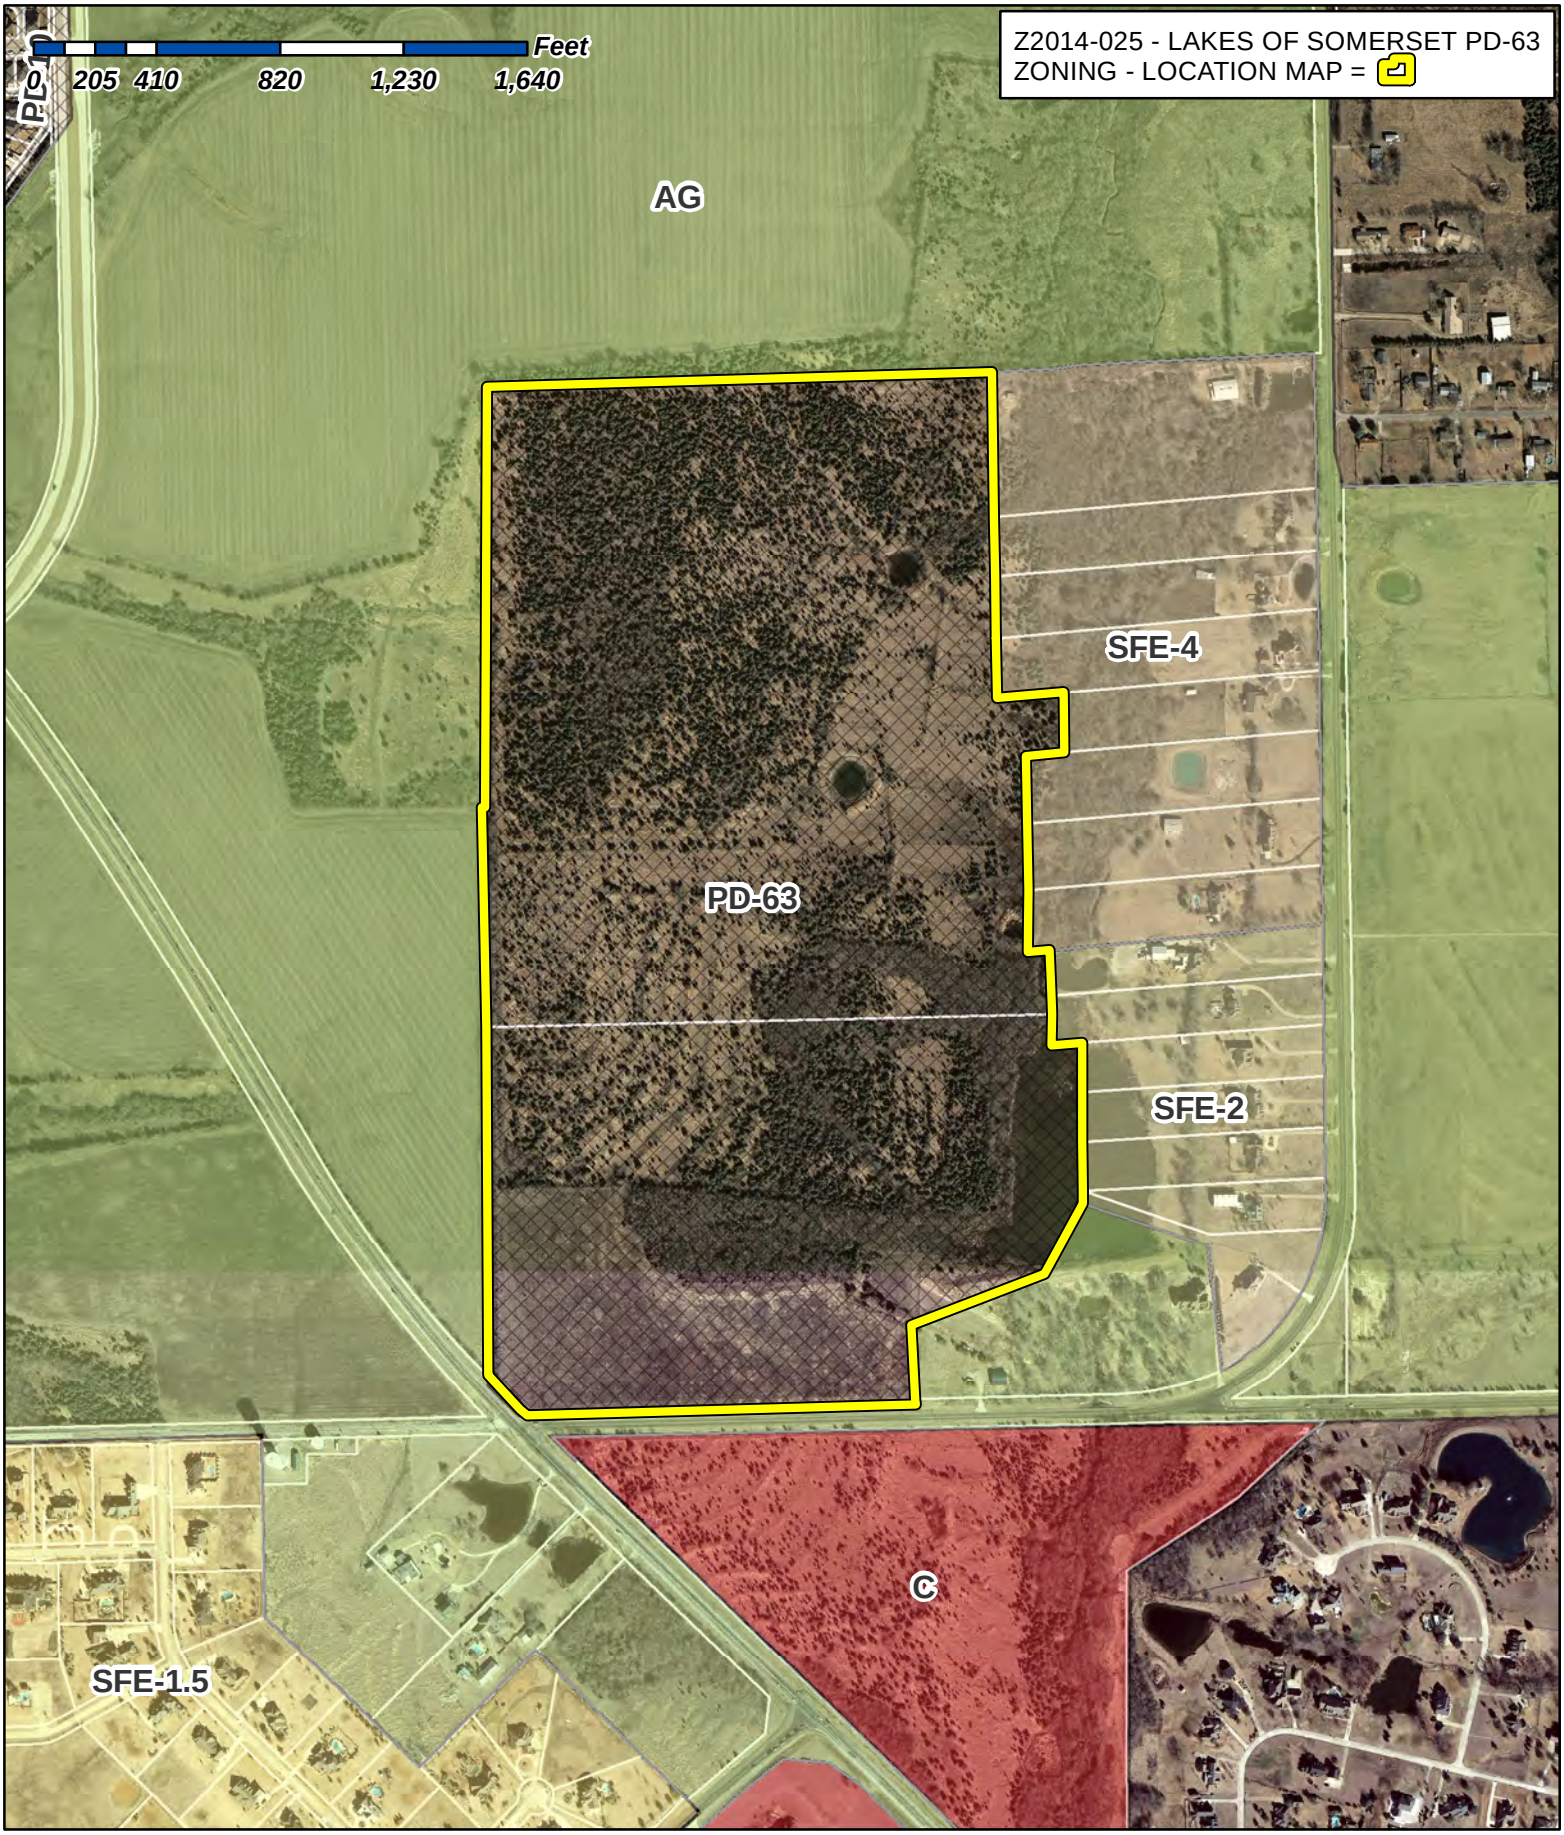


SUBJECT: **Somerset Park (formerly Lakes of Somerset)**



This memo is in reference to the request by Arcadia Realty Corporation for an amendment to Planned Development-63 Somerset Park (formerly Lakes of Somerset) within the City of Rockwall. With the amendment, Arcadia is requesting the use of a street design that varies from the standard residential street design for the City of Rockwall.

The City of Rockwall's minimum residential street design is a width of 29-feet (B -B) and parking allowed on both sides. Arcadia's initial PD amendment included a request for street design with 27-feet (B-B) with parking on two sides for the local roadways and a one way street section of 19-feet (B-B) with parking on one side. The Fire Department voiced concerns regarding access and operations with these proposed widths.



Arcadia worked with the Fire Department to address the concerns. They have revised the PD-63 amendment to include a local street design of 29-feet (B-B) with parking on two sides for the local roadways and a one-way street section of 22-feet (B-B) with parking on one side. The one-way streets will be provided with "No Parking" signage on the parkway side and stripped designated parking spots on the home side.

The revised proposed local street design matches the City of Rockwall's street design requirements. The revised one-way street design provides the same minimum operating widths for the fire apparatus as the local street design (See diagrams below). Therfore, the Fire Department has no objections to the revised PD-63 amendmedment (dated Oct 3, 2014).

Outside of Notification Area

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2014-025: PD-63 Amendment (Lakes of Sommerset)

Hold a public hearing to discuss and consider a request by Christopher Orr of Arcadia Lakes of Somerset Holdings, LLC for the approval of a zoning amendment to Planned Development District 63 (PD-63) to allow for changes to the concept plan and development standards stipulated by Ordinance No. 05-51 for a 139.354-acre tract of land identified as Tracts 1 & 7 of the A. Johnson Survey, Abstract No. 123, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 63 (PD-63) for Single Family 10 (SF-10) District use, situated within the SH-205 Overlay (SH-205 OV) District, located at the northeast corner of the Intersection of FM-549 and S. Goliad Street (SH-205), and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 9/9/2014 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 9/15/2014 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Ryan Miller
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **9/15/2014** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

Case No. Z2014-025: PD-63 Amendment (Lakes of Sommerset)

Please place a check mark on the appropriate line below:

☑ I am in favor of the request for the reasons listed below.

☐ I am opposed to the request for the reasons listed below.

Arcadia is a quality developer, their plan is acceptable, and preferable development for the city of Rockwall to "the unknown." Good for the economy.

I am Opposed to the planned development due to the small 60x100' lots and appearance of low end properties. Are these government projects... Aka section 8 housing?

Subject:PD rezoning case: z2014-025

Our property backs up to this proposed planning development. I am opposed to the rezoning as presented in the attachment we received from the city. The lots are tiny with front entry and no alleys. Is this how we want Rockwall development to proceed? What is the starting price for these houses? Are these properties that will end up as rental properties?
I am just very concerned that the neighborhood will be more like an old Fox & Jacobs starter community than a Fontanna Ranch. I was glad it would be single family housing but most disappointed to see the lot sizes and other plan components.
It seems the city goes to great lengths to assure quality in the commercial development of our beautiful city. I hope you are adhering to similar requirements for new housing.

Please place a check mark on the appropriate line below:

☐ I am in favor of the request for the reasons listed below.

☑ I am opposed to the request for the reasons listed below.

Too much traffic / density / houses w/ lots of bedrooms (school needs) on small lots. Too many demands on water/sewers etc + tax return to the City may not be worthwile and water reroxting causes flooding on our property as it has before.

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 63 (PD-63) [*ORDINANCE NO. 05-51*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY SUPERSEDING *ORDINANCE NO. 05-51* FOR THE PURPOSE OF MODIFYING THE CONCEPT PLAN, OPEN SPACE PLAN AND DEVELOPMENT STANDARDS FOR THE SUBJECT PROPERTY, BEING A 139.354-ACRE TRACT OF LAND IDENTIFIED AS TRACTS 1 & 7 OF THE A. JOHNSON SURVEY, ABSTRACT NO. 123, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by Christopher Orr of Arcadia Lakes of Somerset Holdings, LLC for an amendment to the Planned Development District 63 (PD-63) [*Ordinance No. 05-51*] and the Unified Development Code [*Ordinance No. 04-*38] of the City of Rockwall for the purpose of amending the Planned Development Concept Plan, Open Space Plan and Development Standards previously approved on October 3, 2005, for a 139.354-acre tract of land identified as Tracts 1 & 7 of the A. Johnson Survey, Abstract No. 123, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 63 [*Ordinance No. 05-51*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No. 05-51*;

Section 2. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 3. That the *Subject Property* shall be developed and/or used only in the manner and for the purposes described within this ordinance, and unless specifically modified within this ordinance the *Subject Property* shall adhere to all development standards stipulated by the Single Family 10

PREVIOUS ORDINANCE 14-05

(SF-10) District as specified in Section 3.4, *Single-Family Residential (SF-10) District*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future;

Section 4. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 5. That development of open space on the *Subject Property* shall generally be in accordance with the *Open Space Plan*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which along with the recommendations of the *Parks Board* are deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*.

Section 6. That development of roadways on the *Subject Property* shall generally be in accordance with the *Roadway Diagram*, described in *Exhibit 'D'*, and the *Street Cross Sections*, described in *Exhibit 'E'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibits 'D' & 'E'*, which are deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 7. That development of the *Subject Property* shall generally be in accordance with the *Conceptual Lot Type Plan*, described in *Exhibit 'F'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'F'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 8. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'G'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'G'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 9. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(1) *Open Space Plan*. The City Council shall act on the *Parks Board's* recommendation concerning the *Open Space Plan* in accordance with the time-period specified in *Section 212.009* of the *Texas Local Government Code*.
(2) *Master Plat.* A *Master Plat Application* covering all of the *Subject Property* shall be submitted and shall identify each phase of the development. The *Master Plat Application* shall not be approved until the *Open Space Master Plan* for all of the *Subject Property* has been approved; however, the *Open Space Master Plan* may be processed by the *City* concurrently with the *Master Plat Application*.
(3) *PD Site Plan*. A *PD Site Plan* covering all of the *Subject Property* shall be submitted and shall identify all site/landscape/hardscape plan(s) for all open space, neighborhood parks, trail systems, street buffers and entry features. A *PD Site Plan* application, including a site plan application for improvements for parkland and/or trails, may be processed by the *City* concurrently with a *Preliminary Plat Application* for the development.
(4) *Preliminary Plat(s).* A *Preliminary Plat Application* covering all of the *Subject Property* or for each phase (conforming to the approved *Master Plat*) shall be submitted for approval. A *Preliminary Plat* application, including a site plan application for improvements for parkland and/or trails, may be processed by the

DRAFT
CM 03.24

City concurrently with a *PD* Site Plan application for all of the *Subject Property* or for any phase of the development.

(5) *Final Plat(s).* Prior to the issuance of any building permits, a *Final Plat* for all of the *Subject Property* or for each phase (conforming to the approved *Preliminary Plat*) shall be submitted for approval.

Section 10. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 11. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 12. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 13. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 17TH DAY OF NOVEMBER, 2014.

DRAFT ORDINANCE 11.03.2014

Exhibit 'A':
Legal Description

Situated in the County of Rockwall, State of Texas, being a part of the Abner Johnson Survey, Abstract No. 123 and being that tract of land conveyed to EN MARK PARENT CORPORATION and recorded in Volume 1430, Page 139, Deed Records, Rockwall County, Texas and being described by metes and bounds as follow:

Beginning at a ½" steel rod found at the northwest corner of Lot 7, Lofland Lakes Estates an addition to the County of Rockwall as recorded in Cabinet C, Page 231, Plat Record, Rockwall County, Texas;

Thence South 01º05'27" East with the west line of said Lofland Estates, a distance of 1084.84 feet to a found ½" steel rod at the southwest corner of Lot 4 of said addition;

Thence North 85º04'19" East with the south line of said Lot 4, a distance of 218.65 feet to a set ½" steel rod at the northwest corner of Lot 3 of said addition;

Thence South 00º39'24" East with the west line of said Lot 3, a distance of 199.86 feet to a found ½" steel rod at the southwest corner of said Lot 3, said rod also being in the north line of Lot 2 of said addition;

Thence South 84º51'15" West with the north line of said lot 2, a distance of 125.70 feet to a found ½" steel rod at the northwest corner of said Lot 2;

Thence South 00º52'08" East with the west line of said addition, a distance of 649.96 feet to a found ½" steel rod at the southwest corner of said addition;

Thence North 84º29'59" East with the south line of said addition, a distance of 93.68 feet to a point in a pond, said point also being the northwest corner of Lot 1, Lofland Lakes Estates No. 2, an addition to the County of Rockwall as recorded in Cabinet C, Page 251, Plat Record, Rockwall County, Texas;

Thence with the westerly line of said addition the following calls and distances:
South 00º53'53" East, a distance of 330.45 feet to a point,
North 85º06'54" East, a distance of 100.25 feet to a point,
South 00º41'12" West, a distance of 537.41 feet to a point, the southwest corner of said addition, said point also being the most northerly corner of Lot 1, Block A, Edwards Acres Subdivision, an addition to the City of Rockwall as recorded in Cabinet F, Page 86, Plat Record, Rockwall County, Texas;

Thence South 27º41'50" West with the westerly line of said Lot 1, a distance of 259.68 feet to found ½" steel rod;

Thence South 68º34'07" West with said westerly line, a distance of 467.37 to a found ½" steel rod;

Thence South 01º37'49" East with said westerly line, a distance of 265.80 feet to a set ½" steel rod in the north line of F. M. Road 549, a 80 foot right-of way;

Thence South 88º45'27" West with said north line, a distance of 1321.87 feet to a ½" steel rod set in the east line of State Highway No. 205, a 100 foot right-of-way;

Thence with said east line and a curve to the right having a radius of 5005.59 feet (chord bears

DRAFT ORDINANCE 11.03.2014

North 44º05'07" West, 122.20 feet) and arc length of 122.20 feet to a set ½" steel rod;

Thence North 00º50'31" West with the east line of that tract of land conveyed to N. L. Lofland and Annie Lofland and recorded in Volume 28, Page 487, Deed Records, Rockwall County, Texas, a distance of 1062.55 feet to a found ½" steel rod;

Thence North 00º46'55" West, a distance of 872.23 to a fence corner at the northeast corner of said Lofland Tract;

Thence North 85º28'38" West, a distance of 10.57 to a found ½" steel rod;

Thence North 00º08'29" East with the west line of said EN MARK PARENT CORPORATION tract, a distance of 1402.01 feet to a ½" steel rod set at the base of fence post;

Thence North 88º23'25" East with the north line of said EN MARK PARENT CORPORATION tract, a distance of 1672.69 feet to the Point-of-Beginning and Containing 139.308 acres of land.

Development Standards

Development Standards.

1. *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, only those uses permitted within the Single Family 10 (SF-10) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), are allowed on the *Subject Property*.

2. *Lot Composition and Layout.* The lot layout and composition shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* and stated in *Table 1* below. Allowances for changes to the quantity and locations of each lot type are permitted in conformance with the requirements listed below; however, in no case shall the proposed development exceed 309 units.

Table 1: Lot Composition

Lot Type	*Minimum Lot Size (FT)*	*Minimum Lot Size (SF)*	*Dwelling Units (#)*	*Dwelling Units (%)*
A	60' x 120'	7,200 SF	93	30.10%
B	70' x 120'	8,400 SF	135	43.70%
C	80' x 130'	10,400 SF	81	26.20%
		Maximum Permitted Units:	*309*	*100.00%*

The allocation of single-family dwellings among lot types may deviate from *Table 1* provided that the proposed lot composition meets the following criteria:

(1) The total number of lots does not exceed 309 units; and,
(2) The average lot size for the development is not less than 8,400 SF; and,
(3) Lot type *'C'* shall not decrease below 18.80% or 75 lots.

3. *Density and Dimensional Requirements.* The maximum permissible density for the *Subject Property* shall not exceed 2.22 dwelling units per gross acre of land; however, in no case should the proposed development exceed 309 units. All lots shall conform to the standards depicted in *Table 2* below and generally conform to *Exhibit 'F'* of this ordinance.

Table 2: Lot Dimensional Requirements

Lot Type (see Concept Plan) ►	***A***	***B***	***C***
Minimum Lot Width [1]	60'	70'	80'
Minimum Lot Depth	120'	120'	130'
Minimum Lot Area	7,200 SF	8,400 SF	10,400 SF
Minimum Front Yard Setback [2] & [5]	20'	20'	20'
Minimum Side Yard Setback	5'	5'	5'
Minimum Side Yard Setback (Adjacent to a Street) [2] & [5]	10'	10'	10'
Minimum Length of Driveway Pavement	25'	25'	25'
Maximum Height [3]	30'	30'	30'
Minimum Rear Yard Setback [4]	20'	20'	20'
Minimum Area/Dwelling Unit (SF)	2,200 SF	2,700 SF	3,200 SF
Maximum Lot Coverage	65%	65%	65%
Permitted Encroachment into Required Setbacks [5]	Allowed	Allowed	Allowed

General Notes:

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.
[3]: The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single family home.
[4]: As measured from the rear yard property line.
[5]: Sunrooms, porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the *Front Yard Building Setback* by up to ten (10) feet for any property;

DRAFT
ORD 03.2014

however, the encroachment shall not exceed five (5) feet on *Side Yard Setbacks (Adjacent to a Street)* and shall not encroach into public right-of-way [a *Sunroom* is an enclosed room no more than 15-feet in width that has glass on at least 50% of each of the encroaching faces] (*see Exhibit 'F'*).

4. *Building Standards.* All development shall adhere to the following building standards:

(a) *Masonry Requirement.* The minimum masonry requirement for the exterior façades of all buildings shall be 90%. For the purposes of this ordinance the masonry requirement shall be limited to full width brick, natural stone, cast stone, and cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) or a decorative pattern (*see examples below*). Stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) shall be permitted through a Specific Use Permit (SUP) only.

Examples of Cementaceous Fiberboard

(b) *Roof Pitch.* A minimum of an *8:12* roof pitch is required on all structures with the exception of sunrooms and porches, which shall have a minimum of a *4:12* roof pitch.

(c) *Garage Orientation.* Garages maybe oriented toward the street in a front entry configuration; however, the front façade of the garage must be situated a minimum of five (5) feet behind the front building façade of the primary structure. In this case the front façade of the primary structure does not include a permitted encroachment (*e.g. a porch, sunroom, etcetera*) allowed in *Table 2* above. All garage configurations that are not front entry shall meet the requirements of Article VI, *Parking and Loading*, of the Unified Development Code.

5. *Anti-Monotony Restrictions.* The development shall adhere to the *Anti-Monotony Matrix* depicted in *Table 3* below (*for spacing requirements see the illustration below*).

Table 3 : Anti-Monotony Matrix

Lot Type	*Minimum Lot Size*	*Elevation Features*
A	60' x 120'	(1), (2), (3), (4)
B	70' x 120'	(1), (2), (3), (4)
C	80' x 130'	(1), (2), (3), (4)

(1) Identical brick blends or paint colors may not occur on adjacent (side-by-side) properties along any block face without at least five (5) intervening homes of differing materials on the same side of the street beginning with the adjacent property and six (6) intervening homes of differing materials on the opposite side of the street.

DRAFT
ORDINANCE
XX-05-14

(2) Front building elevations shall not repeat along any block face without at least five (5) intervening homes of differing appearance on the same side of the street and six (6) intervening homes of differing appearance on the opposite side of the street. The rear elevation of homes backing to open spaces or on FM-549 shall not repeat without at least five (5) intervening homes of differing appearance. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

(a) Number of Stories
(b) Permitted Encroachment Type and Layout
(c) Roof Type and Layout
(d) Articulation of the Front Façade

(3) Permitted encroachments (*i.e. porch and sunroom*) elevations shall not repeat or be the same along any block face without at least five (5) intervening homes of sufficient dissimilarity on the same side of the street beginning with the home adjacent to the subject property and six (6) intervening homes beginning with the home on the opposite side of the street.

(4) Each phase of the subdivision will allow for a maximum of four (4) compatible roof colors, and all roof shingles shall be an architectural or dimensional shingle (*3-Tab Roofing Shingles are prohibited*).

Illustration 1: Properties line up on the opposite side of the street. Where RED is the subject property.

Illustration 2: Properties do not line up on opposite side of the street. Where RED is the subject property.

DRAFT
ORDINANCE

6. *Fencing Standards.* All individual residential fencing and walls shall be architecturally compatible with the design, materials and colors of the primary structure on the same lot, and meet the following standards:

(a) *Front Yard.* Front yards may utilize a non-opaque fence, provided the fence is 40-inches in height and located a minimum of 1½-feet (18-inches) behind the sidewalk. Fence posts and gateways may have a maximum height of 44 inches. The area between the fence and sidewalk and the 1½-foot area behind the fence shall be landscaped. The property owner shall be responsible for maintaining the portion of the property situated between the fence and the sidewalk.

(b) *Corner Lots*. Corner lots shall utilize a wood fence that extends no further forward than the back (rear) corner of the house. The fence shall be a maximum of six (6) feet tall with the top two (2) feet of the fence being transparent or open and the bottom four (4) feet solid. The fence shall be located a minimum of five (5) feet from the sidewalk's edge. If the fence extends toward the front of the home on a corner lot, such fencing will be non-opaque wood, 40-inches in height and wrap to the front of the lot. Such fencing shall follow all front yard fence standards. The property owner shall be responsible for maintaining the portion of the property situated between the fence and the sidewalk.

(c) *Rear Yard Fences*. Rear yard fences shall not extend forward, towards the front of the house, beyond the back (rear) corner of the house.

(d) *Wood Fences*. All wood fences shall be constructed of a standard fencing material (*minimum of ½" thickness or better; spruce fencing will not be allowed*), and use fasteners that are hot dipped galvanized or stainless steel. Wood fences facing onto a street shall be painted and/or stained and sealed with all pickets being placed on the "public side" facing the street. All wood fences shall be smooth-finished, free of burs and splinters, and be a maximum of six (6) feet in height.

(e) *Wrought Iron/Tubular Steel*. Lots located along the perimeter of roadways, abutting open spaces, greenbelts and parks shall be required to install a wrought iron or tubular steel fence. Wrought iron/tubular steel fences can be a maximum of six (6) feet in height.

(f) *Solid Fences (including Wood Fences)*. All solid fences shall incorporate a decorative top rail or cap detailing into the design of the fence.

7. *Landscape and Hardscape Standards.*

(1) *Landscape.* Landscaping shall be reviewed and approved with the PD Site Plan. All *Canopy/Shade Trees* planted within this development shall be a minimum of four (4) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height. The following tree species are approved for planting within this subdivision:

(a) *Canopy/Shade Trees*. Bald Cyprus, Cedar Elm, Texas Red Oak, Homestead Elm, Lace Bark Elm, Alle Elm, Chinese Pistachio, Shumard Oak, Sycamore, and Burr Oak.

(b) *Accent/Ornamental/Under-Story Trees*. Texas Redbud, Eve's Necklace, Mexican Plum, Downy Hawthorn, Crepe Myrtle, Texas Mountain Laurel, Vitex, and Desert Willow.

DRAFT
ORDINANCE
11.03.2014

(2) *Landscape Buffers.* All landscape buffers and plantings located within the buffers shall be maintained by the Homeowner's Association (HOA).

(a) Landscape Buffer and Sidewalks (FM-549). A minimum of a 20-foot landscape buffer shall be provided along the frontage of FM-549 (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least one canopy tree shall be planted per 50-feet of linear frontage. A minimum of a five (5) foot sidewalk shall be required along FM-549.

(b) Landscape Buffer (SH-205). A minimum of a 20-foot landscape buffer shall be provided along the frontage of SH-205 (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least one canopy tree shall be planted per 50-feet of linear frontage. In addition, three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage.

(3) *Irrigation Requirements*. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect and shall be maintained by the Homeowner's Association.

(4) *Street Trees.* Street trees shall generally be planted in conformance with *Exhibits 'B' & 'E'* of this ordinance. The Home Owner's Association (HOA) shall be responsible for the maintenance of all street trees and will be required to maintain a minimum of a 14-foot vertical clearance height for all trees. All street trees shall be planted a minimum of five (5) feet from all water, sanitary sewer and storm lines.

(5) *Hardscape.* Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the PD Site Plan.

8. *Street.* All streets shall generally conform to the roadway diagram contained in *Exhibit 'D'* and the roadway cross sections contained within *Exhibit 'E'*. Streets bordering open space areas will be designed with curbs adjacent to residential lots and with no curbs or curb cuts adjacent to the open space areas. These streets will be designed with split gutter grades to allow drainage to sheet flow across the pavement into the open space area. The locations for these roads are identified on the *Conceptual Drainage Plan* to be provided with the PD Site Plan.

9. *Lighting.* Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to contain all light within the development area.

10. *Sidewalks.* At a maximum, all sidewalks adjacent to a street shall begin two (2) feet behind the right-of-way line and be five (5) feet in overall width.

DRAFT ORD 11.3.14

11. *Buried Utilities.* New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the Subject Property, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (3-phase lines), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the *Subject Property*. The Developer shall not be required to re-locate existing overhead power-lines along the perimeter of the *Subject Property*. Temporary power-lines constructed across undeveloped portions of the *Subject Property* to facilitate development phasing and looping may be allowed above ground, but shall not be considered *existing lines* at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph. Franchise utilities shall be placed within a ten (10) foot public utility easement behind the sidewalk, between the home and the property line.

12. *Open Space.* The development shall consist of a minimum of *20.00%* open space (*or 27.9-acres*), and generally conform to the *Open Space Plan* contained in *Exhibit 'C'* of this ordinance. All open space areas shall be maintained by the Homeowner's Association (HOA).

13. *Neighborhood Signage.* Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the *PD Site Plan*.

14. *Drainage Standards.* The development shall comply with existing drainage standards including the permissible spread of water in the streets and permissible gutter flow through intersections as outlined in the City of Rockwall's *Standards of Design and Construction* (*approved in August 2003 and updated in October 2007*). The proposed drainage areas, flow patterns, and storm drain system that will be constructed shall be based on the City's drainage criteria and be identified on a *Conceptual Drainage Plan*, which shall be submitted with the *Preliminary Plat*. The *Conceptual Drainage Plan* shall be reviewed and approved by the Engineering Department in compliance with engineering standards.

15. *Grading Standards*. *Lot-to-Lot* drainage shall be allowed provided drainage passes through only one (1) additional lot prior to collection in a drainage system, public right-of-way, drainage easement, or open space area. Proposed lot grading and flow patterns shall be identified on the *Conceptual Drainage Plan*, which shall be submitted with the *Preliminary Plat*.

    Lots may be graded to drain from the backyard of one (1) lot through the back or side yard of an adjacent lot. The lower elevation lot shall be constructed with back and side yard swales to capture upstream lot drainage and direct drainage around the home. Fences between homes with *Lot-to-Lot* drainage shall be constructed with a maximum two (2) inches of clearance above natural ground. The Home Owners Association (HOA) shall be responsible for resolving any *Lot-to-Lot* drainage issues.

16. *Homeowner's Association (HOA)*. A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of Section 38-15 of the Subdivision Regulations contained within the Municipal Code of Ordinances of the City of Rockwall. The HOA shall also maintain all neighborhood parks, trails, open space and common areas, irrigation, landscaping, screening fences associated with this development.

DRAFT
ORDINANCE

17. Variances. The variance procedures and standards for approval that are set forth in the Unified Development Code shall apply to any application for variances to this ordinance.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/03/2014

APPLICANT: Mohamed Taha

AGENDA ITEM: **Z2014-028**; Auto Repair Garage, Minor (SUP)

SUMMARY:

Hold a public hearing to discuss and consider a request by Mohamed Taha for the approval of a Specific Use Permit (SUP) to allow a minor auto repair garage to be established in conjunction with an existing oil/lube change facility located on a 0.2755-acre parcel of land identified as Lot 3, Block B, Rockwall High School Addition, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 2225 Ridge Road, and take any action necessary.

BACKGROUND INFORMATION:

The applicant has submitted an application for a Specific Use Permit to allow for a standalone "Auto Repair Garage, Minor" within the Commercial (C) District for an existing oil/lube change facility. The property is located at 2225 Ridge Road has been in operation since 1987; however, the facility occasionally stores vehicles overnight due to parts not being available for the vehicle.

Under the Unified Development Code (UDC), Article IV, Permissible Uses, Sec. 2.1.8, Auto repair garage, minor, the UDC reads as follows:

> *5. Vehicles, equipment, parts or inventory shall not be stored outside overnight unless expressly permitted by this [Unified Development Code]. In which case, they shall be screened from public streets, sidewalks, open space, and any residentially zoned lot.*

The applicant is requesting the SUP for the specific purpose of allowing outside storage of vehicles (not exceeding 48 hours) for customers that are in need of parts unavailable at the time of service. The vehicles would be parked/stored at the rear of the building until parts arrived and the vehicle could be serviced. The vehicles would not be stored outside for more than 48 hours and would not be visible from Ridge Road when parked behind the building. The site has seven (7) striped head-in parking spaces located at the rear of the building that should be considered when reviewing the SUP request.

Included in your packet is the letter requesting the SUP, the 1987 Site Plan that has been modified to depict the seven (7) head-in parking spaces that currently exist, a land use chart, the definitions for an automotive repair garage, and the code identifying the use requested. A request for an SUP is a discretionary act upon the Planning and Zoning Commission and City Council.

NOTIFICATION:

On October 3, 2014, staff mailed thirty (30) notices to property owners within 500 feet of the subject property. Staff also notified one (1) HOA within 1500 feet (Turtle Cove HOA) by e-mail. Additionally, staff posted a sign on the subject property as required by the Unified Development

Code (UDC). At the time this report was drafted, staff has received one (1) notice "for" and four (4) notices "opposed to" the SUP requested.

RECOMMENDATIONS:

Should the Planning Commission approve the proposed Specific Use Permit (SUP) for an "Auto Repair Garage, Minor," the Commission may additionally consider the applicant's request for the limited outside storage of motor vehicles, as specified on the attached site plan and the duration of storage time for these vehicles, as well as other conditions the Commission deem necessary for compatibility with the surrounding uses.

PLANNING AND ZONING COMMISSION:

On October 28, 2014, the Planning and Zoning Commission recommended approval of the applicant's request with the following conditions:

1) The applicant be permitted to store four (4) passenger automobiles and/or trucks (*not exceeding 7,000 pounds gross weight*); and,
2) The Specific Use Permit (SUP) shall expire 12-months from the effective date (*i.e. November 17, 2014*).

The motion was approved by a vote of 6-1, with Commissioner Renfro dissenting. In reference to the expiration date and after conferring with legal counsel, staff is unable to provide an expiration to a granted land use and per legal counsel is recommending a one (1) year review to determine compliance with the Specific Use Permit.

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2014-028: Big D SUP

Hold a public hearing to discuss and consider a request by Mohamed Taha for the approval of a Specific Use Permit (SUP) to allow a minor auto repair garage to be established in conjunction with an existing oil/lube change facility located on a 0.2755-acre parcel of land identified as Lot 3, Block B, Rockwall High School Addition, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 2225 Ridge Road, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 10/28/2014 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 11/3/2014 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **11/3/2014** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2014-028: Big D SUP

Hold a public hearing to discuss and consider a request by Mohamed Taha for the approval of a Specific Use Permit (SUP) to allow a minor auto repair garage to be established in conjunction with an existing oil/lube change facility located on a 0.2755-acre parcel of land identified as Lot 3, Block B, Rockwall High School Addition, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 2225 Ridge Road, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 10/28/2014 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 11/3/2014 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

Subject: Case No Z2014-028

David,
I am in receipt of the proposed SUP request to allow minor auto repair. Although I am glad to see Mr. Taha's growth in his business and I do commend him for his hard work in providing a good service to the community , but I am opposed to the specific use permit only because I do not think this location has the needed storage space required to perform minor auto repair. The number of vehicles frequently become stacked in the day to day course of business which causes a overflow to the front of the building making the view from Ridge Road unsightly.
Thanks
Dub

- **Sec. 2.1.8. - Auto and marine-related use conditions.**

Auto repair garage, major.

1.

General repair, rebuilding, or reconditioning of engines, motor vehicles or trailers, including body work, frame-work, welding, and major painting service.

2.

Garage doors shall not face the street or a residential lot.

3.

Vehicles, equipment, parts or inventory shall not be stored outside over night unless expressly permitted by this [Unified Development Code]. In which case, they shall be screened from public streets, sidewalks and open space, and any residentially-zoned lot.

Auto repair garage, minor.

1.

The replacement of any part or repair of any part that does not require removal of the engine head or pan, engine transmission or differential; incidental body and fender work, minor painting and upholstering service. It also includes "quick lube" type businesses. This applies to only to passenger automobiles and trucks not in excess of 7,000 pounds gross weight.

2.

In a General Retail (GR) District, an "auto repair garage, minor" is permitted as an accessory to a retail use, when the gross floor area of the auto repair and related storage does not exceed 30 percent of the retail sales floor area. If it is a stand-alone use, it shall require a specific use permit.

3.

In a Commercial (C) District, an "auto repair garage, minor" is permitted as an accessory to a retail use, provided all work is conducted wholly within a completely enclosed building. If it is a stand-alone use, it shall require a specific use permit.

4.

Garage doors or bays shall not face the street or a residential lot.

5.

Vehicles, equipment, parts or inventory shall not be stored outside over night unless expressly permitted by this [Unified Development Code]. In which case, they shall be screened from public streets, sidewalks and open space, and any residentially-zoned lot.

6.

A site plan must be approved by the director of planning prior to issuance of any building permit.

7.

In the Downtown District an auto repair garage, minor shall not be located within 500 feet of the Historic Courthouse property.

170

SECTION 2. - DEFINITIONS

Accessory building or use. A subordinate building having a use customarily incident to and located on the lot occupied by the main building; or a use customarily incident to the main use of the property. A building housing an accessory use is considered an integral part of the main building when it has any part of a wall in common with the main building, or is under an extension of the main roof and designed as an integral part of the main building.

Adopted policies. A written administrative directive discussed at a public meeting and officially adopted by a majority vote of the city council.

Agriculture. The planting, cultivating, harvesting and storage of grains, hay or plants, or vineyards, commonly grown in Rockwall County.

The raising and feeding of livestock and poultry shall be considered an agricultural venture if the area in which the livestock or poultry is kept is three acres or more in area, and if such raising of livestock and poultry is incidental or supplemental to the raising of crops and is not primarily for the raising or fattening of livestock. A feed lot exclusively for the fattening of livestock is not considered an agricultural use.

Alley. A minor way which is used primarily for vehicular service access to the back or side of properties otherwise abutting on a street; it is also public space or way, 20 feet or less in width, which has been dedicated or deeded for public use.

Alteration. Any addition, removal, extension, or change in the location of any exterior wall of a main building or accessory building, or change or modification in construction or occupancy.

Apartment. A room or suite of rooms within an apartment house arranged, intended or designed for a place of residence of a single-family or group of individuals living together as a single housekeeping unit and who do their cooking therein. (See *Dwelling unit.*)

Apartment house or building. A building arranged, intended or designed for more than two families. (See *Dwelling unit, "multiple."*)

Associated recreation. Recreational uses which are an integral part of a common ownership or associated with high density residential development (example: homeowners association with a private club, swimming pool, and tennis courts).

Authorized agent. An architect, builder, developer, or other person empowered to act on behalf of other persons.

Automobile repair, major. Major repair, rebuilding or reconditioning of engines, transmissions, or other major components for motor vehicles; collision services including body, frame, or fender straightening or repair; customizing; overall painting or paint shop; automotive glass and upholstery; those uses listed under *Automobile repair, minor,* and other similar uses. All repair work shall be performed inside an enclosed building. Vehicles shall not be stored on site no longer than 90 days.

(Ord. No. 93-22, 7-6-1993)

Automobile repair, minor. Minor repair or replacement of parts, tires, tubes, and batteries; diagnostic services; minor motor services such as grease, oil spark plugs, and filter changing; tire alignment; tune-ups, emergency road service; replacement of starters, alternators, hoses, brake parts, mufflers; performing state inspections and making minor repairs necessary to pass said inspection; servicing of air-conditioning systems, and similar minor services for motor vehicles except heavy land vehicles, but not including any operation named under *Automobile repair, major,* or any other similar use. All work must be performed inside an enclosed building. Vehicles shall not be stored on site for longer than 14 days.

(Ord. No. 93-26, 8-2-1993)

Bar, cocktail lounge, tavern, saloon, cantina. An establishment where alcoholic beverages are sold for on-premises consumption, other than a restaurant as defined in this section.

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR AN "AUTO REPAIR GARAGE, MINOR" TO BE ESTABLISHED IN CONJUNCTION WITH AN EXISTING OIL/LUBE CHANGE FACILITY WITHIN THE (C) COMMERCIAL DISTRICT, ON A 0.2755-ACRE PARCEL OF LAND IDENTIFIED AS LOT 3, BLOCK B, ROCKWALL HIGH SCHOOL ADDITION, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a Specific Use Permit for an *Auto Repair Garage, Minor* in conjunction with an existing oil/lube change facility within the (C) Commercial district has been requested by Mohamed Taha on a 0.2755-acre parcel of land identified as Lot 3, Block B, Rockwall High School Addition, and more specifically described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the Unified Development Code [*Ordinance No. 04*-38] of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) allowing for *Automobile Repair Garage, Minor* in conjunction with an existing Oil and Lube Facility within a Commercial (C) District as stipulated by Article IV, *Permissible Uses*, of the Unified Development Code on the *Subject Property*; and

SECTION 2. That the *Subject Property* shall be used and/or redeveloped only in the manner and for the purposes described in this Specific Use Permit (SUP) ordinance and subject to the conditions set forth in *Section 2.1.8, Auto and Marine-Related Use Conditions, of Article IV, Permissible Uses, and Section 4.5, Commercial (C) District, of Article V, District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future, and shall

DRAFT ORDINANCE 04.03.2014

be subject to the additional following conditions and compliance standards:

2.1 Permitted Use Definitions

Automobile Repair, Minor. Minor repair or replacement of parts, tires, tubes, and batteries; diagnostic services; minor motor services such as grease, oil spark plugs, and filter changing; tire alignment; tune-ups, emergency road service; replacement of starters, alternators, hoses, brake parts, mufflers; performing state inspections and making minor repairs necessary to pass said inspection; servicing of air-conditioning systems, and similar minor services for motor vehicles except heavy land vehicles, but not including any operation named under *Automobile Repair, Major* (*e.g. major repair, rebuilding or reconditioning of engines, transmissions, or other major components for motor vehicles; collision services including body, frame, or fender straightening or repair; customizing; overall painting or paint shop; automotive glass and upholstery, etcetera*), or any other similar use. All work must be performed inside an enclosed building. Vehicles shall not be stored on site for longer than 14 days.

2.2 Operational Conditions

The following conditions pertain to the operation of an *Auto Repair Garage, Minor* on the *Subject Property*, and conformance to these operational conditions are required for continued operation:

1) All operations on the *Subject Property* shall conform to the definition contained within *Section 2.1, Permitted Use Definitions*, of this ordinance;

2) Four (4) passenger automobiles and/or trucks (*not exceeding 7,000 pounds gross weight*) are permitted to be stored within the four (4) striped parking spaces indicated on the Site Plan depicted in *Exhibit 'B'* of this ordinance;

3) No equipment, parts, or inventory of any kind shall be permitted to be stored outside. This includes boats, trailers, and/or similar types of equipment with the exception of the permitted automobile storage depicted in *Exhibit 'B'* of this ordinance; and,

4) This ordinance shall be valid for a period of twelve (12) months from the effective date (*i.e. November 17, 2014*). If the applicant intends to request an extension of this ordinance, a letter of intent will need to be filed with the Planning and Zoning Department 90 days prior to the expiration date of this ordinance (*i.e. November 17, 2015*). Upon receipt of the letter of intent, the City Council shall review the Specific Use Permit (SUP) no later than 90 days from the expiration date and determine if an extension of this ordinance is warranted. Any review of this ordinance shall not constitute a change to the existing non-conforming status (*i.e. operations prior to the issuance of this Specific Use Permit*) of the *Subject Property*.

5) Regardless of the twelve (12) month time period required by this ordinance, the City Council shall reserve the right to review the Specific Use Permit (SUP) any time after the effective date (i.e. November 17, 2014).

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

DRAFT ORDINANCE 11.03.2014

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 17TH DAY OF NOVEMBER, 2014.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/03/2014

APPLICANT: Steven Freeman of Kimley-Horn and Associates, Inc.

AGENDA ITEM: **Z2014-029**; *Walmart Fuel Center SUP*

SUMMARY:

Hold a public hearing to discuss and consider a request by Steven Freeman of Kimley-Horn and Associates, Inc. on behalf of Don Holloway of Lofland Farms, LTD for the approval of a Specific Use Permit (SUP) for a retail store with more than two (2) gasoline dispensers for a 0.743-acre tract of land identified as a portion of Tract 5-3 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 45 (PD-45) for general retail land uses, situated within the SH-205 By-Pass Overlay (205 BY-OV) District and the SH-276 Overlay (SH-276 OV) District, located at the southeast corner of the intersection of SH-276 and John King Boulevard, and take any action necessary.

BACKGROUND INFORMATION:

The applicant is seeking approval of a Specific Use Permit (SUP) for a proposed retail facility with a fuel center that has more than two (2) gasoline dispensers. The applicant has also submitted a request for Site Plan approval concurrently with the SUP for a Walmart Neighborhood Market (Case# SP2014-025). Should the SUP be approved, the fuel center will operate as a standalone retail facility, which is approximately 740 sq. ft. in area, with six (6) fuel dispensers on a 0.743-acre parcel of land (when subdivided) and will be owned and operated by Walmart. The property is zoned Planned Development District No. 45 (PD-45) which allows for General Retail land uses, is situated within the SH-205 By-Pass Overlay (205 BY-OV) and the SH-276 Overlay (SH-276 OV) Districts, and is generally located at the southeast corner of the intersection of SH-276 and John King Boulevard. The site can be accessed from one point of entry along John King Blvd and two points of entry along SH 276 by way of a mutual access easement.

Finally, staff would encourage the Commission and Council to consider a limitation of outside display at and around the fuel center. Currently, the applicant has indicated on the color elevations an ice machine, propane cage, and “Red Box” DVD kiosk adjacent to the fuel center facility.

NOTIFICATION:

On October 3, 2014, staff mailed ten (10) notices to property owners within 500 feet of the subject property. Staff also notified three (3) HOA’s within 1500 feet (Meadow Creek Estates, Lofland Farms, and Hickory Ridge HOA Organizations) by e-mail. Additionally, staff posted a sign at the intersection of John King Blvd and SH-276 (on the subject property) as required by the Unified Development Code (UDC). At the time this report was drafted, staff has not received any notices for or against the zoning change requested.

RECOMMENDATIONS:

Should the SUP be granted, staff would offer the following additional conditions:

1. That the development shall strictly adhere to the Building Elevations and Fuel Station Plans as attached hereto.

2. That the development shall be limited to six (6) fuel dispensers as indicated on the Fuel Station Plan.

3. That no outside display of merchandise or outside storage shall be allowed on the property, with the exception of the following items as depicted on the Building Elevations: ice machine, propane cage, and "red box" DVD rental kiosk.

4. Submittal and approval of an application for a final plat be submitted prior to issuance of a Certificate of Occupancy.

5. Adherence to all engineering and fire department standards.

PLANNING AND ZONING COMMISSION:

On October 28, 2014, the Planning and Zoning Commission recommended approval of the applicant's request per staff recommendations and with the additional conditions that there be no outside storage or display of merchandise (*e.g. ice machine, propane tanks, Redbox, etcetera*) and that no deliveries shall be permitted during school zone hours. The motion passed by a vote of 5-1, with Commissioner McCutcheon dissenting and Commissioner Neilson abstaining.

Subject: Neighborhood Notification Program: Notice of Zoning Request

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was also published in the Rockwall County News on October 2nd, 2014. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at http://www.rockwall.com/planning/planningDevCases.asp.

Z2014-029 - Hold a public hearing to discuss and consider a request by Steven Freeman of Kimley-Horn and Associates, Inc. on behalf of Don Holloway of Lofland Farms, LTD for the approval of a Specific Use Permit (SUP) for a retail store with more than two (2) gasoline dispensers for a 0.743-acre tract of land identified as a portion of Tract 5-3 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 45 (PD-45) for general retail land uses, situated within the SH-205 By-Pass Overlay (205 BY-OV) District and the SH-276 Overlay (SH-276 OV) District, located at the southeast corner of the intersection of SH-276 and John King Boulevard, and take any action necessary.

If this email is reaching you in error, please forward it to your HOA or neighborhood group representative and update the contact information at http://www.rockwall.com/planning/hoa.asp.

Sincerely,

Planning Staff

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2014-029: Wal-Mart Fuel Station

Hold a public hearing to discuss and consider a request by Steven Freeman of Kimley-Horn and Associates, Inc. on behalf of Don Holloway of Lofland Farms, LTD for the approval of a Specific Use Permit (SUP) for a retail store with more than two (2) gasoline dispensers for a 0.743-acre tract of land identified as a portion of Tract 5-3 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 45 (PD-45) for general retail land uses, situated within the SH-205 By-Pass Overlay (205 BY-OV) District and the SH-276 Overlay (SH-276 OV) District, located at the southeast corner of the intersection of SH-276 and John King Boulevard, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 10/28/2014 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 11/3/2014 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

David Gonzales
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **11/3/2014** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

RE: ***Specific Use Permit Request Letter***
Walmart 6-Dispenser Fuel Station
Lot 2 of Lofland Farms Retail Addition

To whom it may concern:

In accordance with Part III, Article IV, Section 1.1 of the City of Rockwall's Code of Ordinances, retail stores with more than 2 fuel dispensers shall be permitted only after obtaining a "Specific Use Permit". Please allow this letter to serve as request for an SUP for a 6-dispenser fuel station as shown on the site plan included with this application. The primary use on this site is a ±41,000 square foot Walmart Neighborhood Market grocery store. The fuel station is proposed as a complimentary use to the grocery store, and both the grocery store and fuel station will be owned and operated by Walmart. The fuel station is included on this site for convenience of the grocery customers. The proposed fuel station includes (6) dispensers based on Walmart's experience as a national retailer and projections for this location.

Please contact me at (281) 920-6314 or Steven.Freeman@kimley-horn.com if you have any questions.

Sincerely,

KIMLEY-HORN AND ASSOCIATES, INC.

Steven Freeman, P.E.

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A RETAIL STORE WITH MORE THAN TWO (2) GASOLINE DISPENSERS ON A 0.743-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF TRACT 5-3 OF THE W. H. BAIRD SURVEY, ABSTRACT NO. 25, AND ZONED PLANNED DEVELOPMENT DISTRICT NO. 45 (PD-45) FOR GENERAL RETAIL LAND USES, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a Specific Use Permit (SUP) to allow for a retail store with more than two (2) gasoline dispensers and zoned Planned Development District No. 45 (PD-45) for general retail land uses, has been requested by Steven Freeman of Kimley-Horn and Associates, Inc. on behalf of Don Holloway of Lofland Farms, LTD, on a 0.743-acre tract of land identified as a portion of Tract 5-3 of the W. H. Baird Survey, Abstract No. 25, situated at the southeast corner of the intersection of SH-276 and John King Boulevard, and more specifically described in Exhibit 'A' of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the Unified Development Code of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) to allow for a retail store with more than two (2) gasoline dispensers and zoned Planned Development District No. 45 (PD-45) for the *Subject Property*;

SECTION 2. That the Specific Use Permit shall be subject to the conditions set forth in ***Article V, Section 4.5, Commercial District*** of the City of Rockwall Unified Development Code (Ord. No. 04-38), as heretofore amended and as may be amended in the future, and shall be subject to the additional following additions:

1. The development shall generally adhere to the *Building Elevations* depicted in *Exhibit 'B'* and the *Fuel Station Site Plan* depicted in *Exhibit 'C'* of this ordinance;

DRAFT ORDINANCE 11.05.2014

2. The development shall be limited to six (6) fuel dispensers as indicated on the *Fuel Station Site Plan* contained in *Exhibit 'C'* of this ordinance;

3. No outside storage or display of merchandise (*e.g. ice machine, propane tanks, Redbox, etcetera*) shall be permitted on the *Subject Property*;

4. No deliveries shall be permitted during school zone hours; and,

5. A final plat application shall be submitted and approved prior to the issuance of a Certificate of Occupancy.

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

SECTION 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

SECTION 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/03/2014

APPLICANT: Steven Freeman of Kimley-Horn and Associates, Inc.

AGENDA ITEM: **Z2014-032**; *Walmart Neighborhood Market SUP*

SUMMARY:

Hold a public hearing to discuss and consider a request by Steven Freeman of Kimley-Horn and Associates, Inc. on behalf of Don Holloway of Lofland Farms, LTD for the approval of a Specific Use Permit (SUP) for a building greater than 25,000 SF in a General Retail (GR) District for a 5.52-acre tract of land identified as a portion of Tract 5-3 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 45 (PD-45) for general retail land uses, situated within the SH-205 By-Pass Overlay (205 BY-OV) District and the SH-276 Overlay (SH-276 OV) District, located at the southeast corner of the intersection of SH-276 and John King Boulevard, and take any action necessary.

BACKGROUND INFORMATION:

The applicant is seeking approval of a Specific Use Permit (SUP) for a proposed building that exceeds 25,000 sq. ft. in area within a General Retail (GR) District. The applicant has also submitted a request for Site Plan approval concurrently with the SUP for a Walmart Neighborhood Market (*Case# SP2014-025*) which will be considered should the SUP be approved. The property is zoned Planned Development District No. 45 (PD-45) which allows for General Retail land uses, is situated within the SH-205 By-Pass Overlay (205 BY-OV) and the SH-276 Overlay (SH-276 OV) Districts, and is generally located at the southeast corner of the intersection of SH-276 and John King Boulevard.

NOTIFICATION:

On October 16, 2014, staff mailed thirty-seven (37) notices to property owners within 500 feet of the subject property. Staff also notified three (3) HOA's within 1500 feet (Meadow Creek Estates & Lofland Farms, and Hickory Ridge HOA Organizations) by e-mail. Additionally, staff posted a sign at the intersection of John King Blvd and SH-276 (on the subject property) as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received one (1) notice "for" and two (2) notices "opposed to" the zoning change requested.

PLANNING AND ZONING COMMISSION:

On October 28, 2014, the Planning and Zoning Commission recommended approval of the applicant's request per staff recommendations and with the additional recommendation that the applicant provide an eight (8) foot masonry wall along the eastern property line, adjacent to the single family homes. The motion was approved by a vote of 5-1, with Commissioner McCutcheon dissenting and Commissioner Nielson abstaining.

Subject: Neighborhood Notification Program: Notice of Zoning Request

To whom it may concern:

Per your participation in the Neighborhood Notification Program, you are receiving this notification to inform your organization and residents of a request for a zoning change that lies within 1,500 feet of the boundaries of your neighborhood or subdivision. As the primary contact for the organization, you are encouraged to share this information with the residents of your subdivision. Please find attached a map detailing the location of the subject property requesting the zoning change in relation to your subdivision boundaries. Additionally, below is a summary of the zoning request that was also published in the Rockwall County News on October 16th , 2014. If you have any questions or comments regarding this request, the contact information for the Planning Department is listed below. Additional information can also be found at http://www.rockwall.com/planning/planningDevCases.asp.

Z2014-032 - Hold a public hearing to discuss and consider a request by Steven Freeman of Kimley-Horn and Associates, Inc. on behalf of Don Holloway of Lofland Farms, LTD for the approval of a Specific Use Permit (SUP) for a building greater than 25,000 SF in a General Retail (GR) District for a 5.52-acre tract of land identified as a portion of Tract 5-3 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 45 (PD-45) for general retail land uses, situated within the SH-205 By-Pass Overlay (205 BY-OV) District and the SH-276 Overlay (SH-276 OV) District, located at the southeast corner of the intersection of SH-276 and John King Boulevard, and take any action necessary.

If this email is reaching you in error, please forward it to your HOA or neighborhood group representative and update the contact information at http://www.rockwall.com/planning/hoa.asp.

Sincerely,

Planning Staff

Subject: Proposed Wal-Mart on 276

Attn: Dave Gonzalez

I am writing to you to voice my support for the proposed Wal-Mart grocery store on the corner of John King & Hwy 276. While some in the neighborhood are wringing their hands and screaming at others to "think of the children", the research shows that this decision is a positive one for our neighborhood and community.

While the loudest voices spout off baseless negative speculation about why this is terrible for our neighborhood, the reality is that the convenience is a blessing to us all, and our home values will only rise.(http://faculty.chicagobooth.edu/devin.pope/research/pdf/Pope_Pope_walmart_aej_applied.pdf)

Please do not be persuaded by a few loud voices. The silent majority are looking forward to this business moving within walking distance to our homes.

Sincerely,

Kris McDonald

When Walmart Comes to Town: Always Low Housing Prices? Always?[†]

Devin G. Pope
Booth School of Business
University of Chicago

Jaren C. Pope[*]
Department of Economics
Brigham Young University

Draft: September 2013

Abstract

Walmart often faces strong local opposition when trying to build a new store. One common complaint is that Walmart lowers nearby housing prices. In this study we use over one million housing transactions located near 159 Walmarts that opened between 2000 and 2006 to test if the opening of a Walmart lowers housing prices. Using a difference-in-differences specification, our estimates suggest that a new Walmart store actually increases housing prices by between 2 and 3 percent for houses located within 0.5 miles of the store and by 1 to 2 percent for houses located between 0.5 and 1 mile.

1. Introduction

One of the most significant changes over the past two decades in the U.S. retail market is the expansion of large box stores and supercenters. Walmart is the largest of these rapidly growing retailers and is currently the biggest private employer in the world. In the United States alone, Walmart currently operates more than 4,400 retail facilities and employs almost 1.4 million people.[1] Phone surveys suggest that 84% of households in the U.S. shop at Walmart in a given year with 42% of households reporting to be regular Walmart shoppers (Pew Research Center, 2005). These surveys also show that lower-income households are more likely to shop at Walmart than upper-income households. In fact, Basker, (2005b), Hausman and Leibtag (2007), and Basker and Noel (2009) have shown that Walmart "Supercenters" that sell groceries offer many identical food items as other grocers at an average price that is substantially lower than their competitors. Hausman and Leibtag (2007) also find that these lower prices translate into a significant increase in consumer surplus.

Despite the consumer benefits from the expansion of supercenters into new geographic markets, there is often significant opposition and controversy when Walmart tries to open a new store. One concern of opponents is the impact that a new Walmart will have on local employment opportunities and wages. There is a small literature that has analyzed this common concern including Basker (2005a), Hicks (2007a) and Neumark et al. (2008). The findings of these studies have been mixed with Basker (2005a) and Hicks (2007a) finding positive effects on employment and/or wages, while

[1] These numbers were taken from the August 2011 fact sheet provided on the Walmart website and can be found at http://walmartstores.com/pressroom/factsheets/

Neumark et al. (2008) found negative effects.[2] Another primary concern of opponents to a new Walmart, is the effect it will have on crime, traffic and congestion, noise and light pollution, the visual aesthetics of the local area, and ultimately the impact that these externalities will have on local housing prices which are likely to aggregate the positive and negative effects of a Walmart opening in a locality.[3] However, unlike the academic literature that surrounds the labor-market effects of Walmart, there has been no peer-reviewed work that attempts to understand the impact of Walmart on housing prices.[4]

In this paper we try to understand if building a new Walmart has a positive or negative effect on nearby housing prices. Answering this question is important as citizens and local governments grapple with the economic impacts of allowing Walmart to build a new store in their jurisdiction. Analyzing housing prices is a particularly useful way to understand the economic value of a Walmart entering a community. For example, when a Walmart is built, it generally is not built in isolation. The Walmart store often acts as a hub that attracts a variety of other businesses, which in turn, can also have impacts on housing markets. If households value convenient access to the goods and services that Walmart and these other businesses provide, then the new stores would have a positive

[2] The different findings in these studies depend primarily on the identification strategy employed to account for the potential endogeneity of the location and timing of Wal-Mart openings. See Basker (2007) and Neumark et al. (2008) for a discussion of these differences.

[3] Basker's (2007) overview article on the causes and consequences of Walmart's growth states that "Wal-Mart's effects on local government expenditures urban sprawl, traffic, crime, and social capital have received some attention in popular discourse." It also states that "Places that have limited Wal-Mart's entry have often cited its potential impact on urban sprawl, traffic, and congestion; however, research is needed to test these claims." Prominent concerns listed by opponents of Walmart on the internet include less local employment opportunities and lower wages, lower property values, increased crime, traffic, congestion, noise and light pollution. See for example: http://corpethics.org/downloads/northcross_no_walmart.pdf.

[4] There is a paper on the impact of Walmart on annual property tax collections and commercial properties by Hicks (2007b) and a working paper by Vandegrift, Loyer, and Kababik (2011). There is also a small but growing literature on the impact of Walmart on a variety of other outcomes outside of labor and housing markets. These include poverty rates (Goetz and Swaminathan, 2006), small business activity (Sobel and Dean, 2008), obesity (Courtemanche and Carden, 2011), social capital (Goetz and Rupasingha, 2006; Carden et al., 2009a), leisure activities (Carden and Courtemanche, 2009), traditional values (Carden et al., 2009b), and on other grocery stores (Ellickson and Grieco, 2013).

impact on housing prices. However, if Walmart and the businesses that agglomerate nearby also impose negative externalities such as increased pollution, crime, and traffic, then this could adversely impact prices of nearby houses. Thus the housing price effect *a priori* is ambiguous. Accurately estimating the housing price changes that result from the building and opening of a Walmart and the agglomeration it spurs may help local policymakers to better understand if the net effect of a new Walmart is perceived as beneficial to nearby households. This could in turn provide some economic justification for a local government to encourage or discourage the building of a Walmart store in its jurisdiction.

Our analysis of the impact that Walmart has on housing prices utilizes two unique datasets. The first dataset describes when and where Walmarts opened between 2000 and 2006. The second dataset includes data for more than one million residential housing transactions that occurred within four miles of 159 Walmarts that opened during this time period. In contrast to the county-level analyses conducted by most previous work on the impacts of Walmart, the micro-level nature of our dataset allows us to develop an identification strategy that can help us to overcome the potential endogeneity of the location and timing of Walmart openings. More specifically, we employ a difference-in-differences analysis that compares housing prices before and after a Walmart opens for areas very close to a newly built Walmart, to areas slightly farther away.

The results from this analysis suggest that a new Walmart store increases nearby housing prices. Our primary analysis suggests that houses located within 0.5 miles of the store see increases in their sale prices of about 2-3 percent when comparing the two and a half years before the Walmart opened to the two and a half years after the opening.

Houses between 0.5 and 1 mile from the Walmart see an increase of 1-2 percent. It does not appear that these price impacts are caused by an abrupt increase in the number of houses that sold in the area or by a change in the composition of houses that sold. Furthermore, graphical evidence and falsification tests provide no evidence of a spurious, positive effect due to differential housing price growth at the Walmart location and are therefore supportive of a causal interpretation of our difference-in-differences estimates of the impact of Walmart on housing prices.

The paper proceeds as follows. In section 2 we discuss the potential impacts of Walmart in terms of the value of accessibility and the costs of negative externalities. We proceed in section 3 to describe the key datasets used in our analysis. In section 4, we describe our empirical strategy for estimating the impact of Walmart on housing prices and in section 5, we present the results. Finally, we conclude in section 6.

2. Accessibility and Externality Effects of Walmart

Walmart likely affects housing prices through two main channels—accessibility and negative externalities. Many studies at the intersection of economics and geography have shown that land and housing prices vary with accessibility to "business districts" that provide shopping and employment. For example, the American Housing Survey (AHS), which is constructed by the U.S. Census Bureau and is based on household surveys that are aimed at better understanding the determinants of housing values throughout the United States, specifically asks households if there is "satisfactory shopping within 1 mile." Using this data, Emrath (2002) provided evidence that having satisfactory shopping within one mile increased housing prices substantially inside metro

areas. Others, including Sirpal (1994) and Des Rosiers et al. (1995), have also found a positive correlation between shopping centers and housing prices. These studies suggest that having convenient access to a Walmart might increase housing prices.

On the other hand, the introduction of a Walmart store in a community also has the potential to lower housing prices through increased local crime, noise and light pollution, traffic congestion, garbage accumulation, and loss of perceived visual aesthetics. Several studies have shown that these disamenities are capitalized into housing prices. For example, Linden and Rockoff (2008) and Pope (2008) have both recently shown that a discrete change in the risk of a localized crime can have a causal impact on housing prices, Smith et al. (2002) showed that freeway noise can have a negative impact on housing prices, and Lim and Missios (1995) showed the negative impact of landfills on housing prices.

An important question that has not been addressed in the literature is whether or not the benefits of access to a Walmart outweigh the costs imposed by any negative externalities that it imposes on the local community when it builds a store. Analyzing housing prices before and after a Walmart is built in a given locale offers the potential to test whether or not the benefits of accessibility outweigh the costs of negative externalities. If one were to see a decrease in housing prices near a Walmart store after it was built, this might signal that there are significant negative externalities imposed on landowners and households nearby Walmart. However, if one were to see an *increase* in housing prices, this might suggest that the benefits of easy access to Walmart's lower prices or the other shopping that naturally agglomerates near a Walmart outweigh any negative externalities imposed on local residents.

There is some evidence that the value of accessibility declines less rapidly across space than the costs of localized externalities. Li and Brown (1980) provide empirical evidence to suggest that although proximity to industry and commercial areas impose negative externalities on nearby houses, this same proximity creates substantial benefits to households far enough away to avoid the sphere of influence from the negative externalities. In the next sections we examine the impact of building Walmart stores on surrounding housing prices to test whether the benefits of accessibility to Walmart outweigh the costs of negative externalities that Walmart may impose.

3. Data

The analysis relies on two key datasets. The first is data on Walmart stores that opened over the relevant time frame of our study. The second is data on single family residential properties in areas where the Walmart stores opened. In this section we describe each source of data in preparation for our empirical analysis.

3.1 Walmart Data

The Walmart data includes the address and opening dates of regular Walmart stores and Walmart supercenters in the United States.[5] The original data contain the full universe of Walmart stores that were built between 1962 and Jan. 31, 2006. However, because we only have access to housing data between 1998 and 2008 (see next section), we focus on 159 stores that were built between July 2000 and January 31, 2006 for which

[5] The data was generously provided to us by Thomas J. Holmes of the University of Minnesota and was used in his paper, Holmes (2011). The data and additional information on how the data were collected can be found at Professor Holmes' website at: http://www.econ.umn.edu/~holmes/research.html

we have corresponding housing data. Table 1 provides summary statistics for this dataset over time and space. Panel A shows the years in which the 159 Walmarts in our primary sample were built. It may seem curious that there were 9 stores built in 2006 when our dataset ends January 31, 2006. However, Panel B of Table 1 shows that January is the most common month for Walmarts to open. This is because January 31st is considered the end of Walmart's fiscal year and so it appears there is a push to open new Walmarts before this date. Panel C shows the twenty U.S. states in our primary sample in which Walmarts were built.

We also collected some additional information on when it was announced that these Walmarts were to be built. This information was collected using the internet to find newspaper articles or other online sources that indicated the timing of when the building of a particular Walmart was announced to the community.[6] After collecting these dates, we found that the median number of days from when the Walmart store was announced until its construction was completed and the Walmart store was open for business was 516 days.[7] This information is useful in our analysis to help determine the appropriate size of the temporal window in which to analyze the housing price effects from a Walmart opening. The announcement information is also useful for explicitly estimating if there are price effects from the announcement itself.

[6] While we think the open dates are one hundred percent accurate since they are the dates reported by Walmart itself, the announcement dates are based on the earliest newspaper reference to the Walmart being built and therefore is more of an approximate date. We used www. newsbank.com which has a fully searchable database of more than 2,000 newspaper titles to find these approximate announcement dates.
[7] This number corresponds reasonably well with the statement that Walmart made in the Wall Street Journal on September 25, 2006 that it generally takes them 18-24 months to plan, construct and open a store.

3.2 Housing Price Data

Our analysis is based on a large housing dataset of more than one million observations on the sales of single-family residential properties across the United States between January 1, 1998 and January 31, 2008. We purchased the data from a commercial vendor who had assembled them from assessor's offices in individual towns and counties.[8] The data include the transaction price of each house, the sale date, and a consistent set of structural characteristics, including square feet of living area, number of bathrooms, number of bedrooms, year built, and lot size. Using these characteristics, we performed some standard cleaning of the data, removing outlying observations, removing houses built prior to 1900, and removing houses built on lots larger than 5 acres.

The data also include the physical address of each house, which we translated into latitude and longitude coordinates using GIS street maps and a geocoding routine. The lat-long coordinates were then used to determine the distance of each house to the nearest Walmart location. In our primary analysis we restrict the data to include only those houses that are within four miles of a Walmart and that sold in the two and a half years before the nearest Walmart opened or in the two and a half years after it opened.[9] Table 2 provides summary statistics of our primary housing dataset. The first column reports the summary statistics for the over 600,000 housing transactions between 1998 and 2008 that will be used in our primary analysis. The average sale price, square footage, # of baths, age, lot size, and number of bedrooms in our full sample of homes was approximately 267,000 dollars, 1,767 square feet, 2 baths, 30 years old, 0.25 acres and 3 bedrooms

[8] The commercial data vendor is Dataquick whose housing data is often used for academic research. Dataquick collects the housing data from county recorder and assessor offices. When a single-family house is transacted, the recorder's office records the transaction price and then these prices can be publicly disclosed in most areas of the country. The assessor's office, which is tasked with assessing the value of properties in a county for tax purposes, compiles information about the structural characteristics of all single-family houses in a county. Our data represents the combination of these two datasets and therefore is the universe of transactions in a given county (before cleaning the data).

[9] A four mile radius was chosen *a priori* following Holmes (2011) assumption that houses within 2 miles are considered within the Walmart's "neighborhood." Houses between two and four miles were included in our sample to act as a natural control group. Also, Ellickson and Grieco (2013) find that the effect of Walmarts that open with grocery stores on other grocery stores extends about three miles.

respectively. Also, about 15% of houses in our sample of transactions were newly constructed, approximately 2% are located within 0.5 miles of where a Walmart has or will be built, 7% are located between 0.5 and 1 mile, and 25% between 1 and 2 miles.[10] The columns labeled "1 to 2 miles", "0.5 to 1 mile" and "within 0.5 mile" provide summary statistics for houses within these distances to where a Walmart has or will be built. The summary statistics indicate that, houses closer to a Walmart tend to be smaller in size, somewhat newer, and on slightly smaller lots. These small differences in housing characteristics suggest that new Walmarts were not built in random locations. The endogenous placement of Walmarts motivates the empirical strategy that we outline below.

4. Empirical Strategy

4.1 Hedonic Pricing Method

When a household chooses to purchase a house, it is choosing more than just housing characteristics; it is also choosing a bundle of locational characteristics such as school quality, levels of criminal activity, proximity to work, and access to shopping. The hedonic model was developed by Rosen (1974) to provide a theoretical foundation for the relationship between prices and attributes. For over 40 years economists have used the hedonic pricing method in conjunction with the housing market to reveal household preferences for important locational characteristics.[11]

Early work in this area typically used cross-sectional data to try and identify the implicit price of the locational attribute of focus. The primary concern with this literature

[10] A house was defined as new construction if the year it sold was the same year it was reportedly built or the year after it was built.
[11] Ridker and Henning's (1967) study on the value of air quality is one of the earliest examples in this literature. See Palmquist (2005) for a more complete review of the hedonic method applied to housing markets.

has been the possibility that omitted variables lead to a bias in the estimates for key implicit prices. For example, if Walmarts tend to be built in areas where there is higher crime, then a cross-sectional estimate of the implicit price for living near a Walmart that excludes the relevant measures of crime will be biased downwards (more negative). Recognizing the importance of mitigating this type of omitted variable bias, a new wave of hedonic analyses have exploited quasi-experiments in time and/or space to better overcome omitted variable bias and identify implicit prices of interest. Examples of this new wave of quasi-experimental hedonic research include Black (1999), Figlio and Lucas (2004), Chay and Greenstone (2005), Pope (2008) and Linden and Rockoff (2008), among others.[12]

The work presented in this study builds off of this quasi-experimental literature in the construction of an identification strategy to understand the impact of Walmart openings on housing prices. The concern with using a "traditional" hedonic approach to analyzing the impact that Walmart has on housing prices is of course omitted variable bias. A quasi-experimental hedonic specification that could be used to help overcome the omitted variable bias concerns of the traditional approach would be a spatial difference-in-differences specification of the following form:

$$(1)\quad \log(P_{ijym}) = \alpha_{jym} + \gamma \mathbf{X}_i + \beta_0 D_{ij}^{0.5} + \theta_0 D_{ij}^{1} + \phi_0 D_{ij}^{2} + (\beta_1 D_{ij}^{0.5} + \theta_1 D_{ij}^{1} + \phi_1 D_{ij}^{2}) * Post_{iym} + \varepsilon_{ijym}$$

The log of the sale price of the house is a function of a store (j) by year (y) by month (m) specific effect (α_{jym}), observable individual (i) property characteristics ($\mathbf{X}_i$), indicator variables of individual houses within 0.5, 0.5 to 1, and 1 to 2 miles of a Walmart, where

[12] See Parmeter and Pope (2012) for a more detailed review of the quasi-experimental method applied to housing and hedonic models. Also, see Kuminoff and Pope (2012) for an in-depth discussion of the correspondence between capitalization effects identified in a quasi-experimental hedonic application and the welfare effects that the traditional hedonic model describes.

the omitted indicator variable is an indicator for homes between 2 and 4 miles from the nearest Walmart ($D_{ij}^{0.5}; D_{ij}^{1}; D_{ij}^{2}$), interactions of each of these spatial indicator variables with an indicator ($Post_{iym}$) for whether the housing transaction took place after the Walmart was opened (or announced), and a random error term that allows for year by month by store area specific correlation in housing prices (ε_{ijym}). The key parameters in this specification are the estimates for the spatial indicators ($\hat{\beta}_1; \hat{\theta}_1; \hat{\phi}_1$). These parameters give us the local effect on the treated spatial zones.[13]

The key advantage of the difference-in-differences specification is that by including spatial fixed effects and looking at housing prices before and after the opening of Walmarts, we can difference away time-invariant omitted variables that could bias our estimates. However, we must rely on the identifying assumption that housing price trends for areas near the Walmart and those areas slightly farther away from the Walmart would have been the same had the Walmart store (and any other stores from the agglomeration effect) not been built. This assumption would be less attractive if we were using county-level averages of housing prices to make comparisons between "treated" counties and "control" counties.[15] As discussed earlier, much of the literature on the labor market effects relied on county-level measures for their analyses. This is why, for example, Basker (2005a) and Neumark (2008) relied on instrumental variable strategies to deal with the endogeneity of Walmart location decisions. In our analysis, instead of needing

[13] The estimates generated from this specification are clearly for the houses near the Walmarts in our sample and may not be externally valid, for example, in very rural areas for which we do not have housing transactions.

[15] There is often an inherit tension in choosing a reasonable "control" group in these types of analyses. The closer the control group is to the treatment group, the more comparable it becomes to the treatment group, but it is also more likely to get treated.

housing price trends in treatment and control *counties* to be the same before and after Walmart is built, all we need is housing price trends to be the same in the *four mile zone* surrounding the Walmart.

Holmes (2011) convincingly argues that the roll-out of new Walmart stores was more about the shipping costs of retail items rather than the demand or cost characteristics of local markets. Given these motivations of Walmart, it becomes more plausible that conditional on some of the observables we can control for, that the siting of Walmart is quasi-random. Also, given that the area of a circle with a radius of 4 miles is approximately $1/12^{th}$ of the area of the median county in the U.S., exploiting the miro-level housing data in this way is very attractive.[16] Furthermore, the micro-level housing data allows us to explore any change in the rate at which houses sold or a change in the composition of houses that sold after Walmart was announced or built that could affect the interpretation of our estimates. The micro-level housing data also allows us to look at housing price trends graphically and also to conduct falsification tests by shifting the Walmart open dates forward. We explore the housing composition issue and do both of the checks on the validity of our key identifying assumption in the difference-in-differences framework in the results section.

5. Results

5.1 Cross-Sectional Results

[16] To calculate that a circle with a radius of 4 miles is $1/12^{th}$ the size of the median county, note that the median county size is approximately 622 square miles and the area of a 4 mile circle is approximately 50 square miles.

We first describe the results from estimating a "traditional" cross-sectional hedonic analysis. The housing data used in this regression are restricted to approximately 358,000 houses within four miles of a Walmart that sold in the two and a half years *after* the Walmart was built. The regression includes store-by-year-by-month fixed effects and the structural characteristics that were described in Table 2. The store-by-year-by-month fixed effects provide the regression with flexible control over time and space. This is important since we have pooled housing observations across the country to conduct our analysis and the fixed effects force identification to come from spatial differences within a four mile area surrounding a Walmart. The regression includes three spatial indicator variables that indicate if a house is less than 0.5 miles, 0.5 to 1 mile, or 1 to 2 miles from the nearest Walmart. In the traditional hedonic framework, the coefficients on these indicators provide information about the marginal willingness to pay to live near a Walmart store.

Column (1) in Table 3 provides the coefficients and their standard errors for the three spatial indicator variables. The standard errors have been clustered at the Walmart store level. Taken literally, the coefficient on the within 0.5 mile indicator suggests that Walmarts in our sample reduce the prices of homes within 0.5 miles by approximately 2.5% (statistically significant at the 5% level) and homes between 0.5 and 1 mile by a little less than 2% (statistically significant at the 10% level). Of course the concern with interpreting these estimates as the causal impact of Walmart on nearby housing prices is that they are likely to suffer from omitted variable bias. For example, if Walmart tends to open stores in areas that are less expensive for unobserved reasons (i.e. lower quality schools, the local landfill is nearby, further away from downtown, etc.) then these

unobservable disamenities could potentially bias the traditional hedonic coefficients downwards.

5.2 Primary Difference-in-Differences Results

To help mitigate the concern of omitted variable bias in our analysis we implement difference-in-differences regressions following Equation (1). The housing data used in this regression are restricted to houses within four miles of a Walmart that sold in the two and a half years after (just like in the cross-sectional analysis), but now we also include houses that sold in the two and a half years *before* the Walmart was built. The regression again includes store-by-year-by-month fixed effects and structural characteristics of the house that were described in Table 2. Besides the three spatial indicator variables that were included in the cross-sectional analysis, interactions of these indicators with an indicator for the house having sold after the Walmart opened are also included. The coefficients on these interaction indicators are of primary interest in the difference-in-differences analysis.

Column (2) in Table 3 provides the coefficients and their standard errors for the three spatial indicator variables and their interactions with the post-opening indicator variable. The standard errors have again been clustered at the Walmart store level. The coefficient on the "within 0.5 miles" indicator suggests that homes within a half mile of the future Walmart location sold for approximately 5% less than homes two to four miles away. However, the coefficient on "within 0.5 miles*post" suggests that homes within 0.5 miles of the constructed Walmart store actually sold for approximately 2.5% more than baseline, after the Walmart was built. In other words, while homes within 0.5 miles

of the future Walmart location sold for 5% less than homes 2 to 4 miles away, they only sold for 2.5% less after the Walmart was built. Similarly homes between 0.5 and 1 mile of the future Walmart sold for approximately 3% less before the Walmart, but experienced an increase in sales prices of approximately one percentage point after the Walmart was built. Homes between 1 and 2 miles experience a small, but statistically insignificant increase in housing prices after the Walmart opening relative to the 2 to 4 mile control band.

Our Analysis thus far has been using a window of two and a half years before and after a Walmart opens for the inclusion of housing data in the regressions. In an ideal quasi-experiment for Walmart openings, the building of a Walmart would be announced one day and then the next day it would be built and operating. With this sharp discontinuity in time, one could potentially narrow the temporal window to something less than two and a half years before and after the opening of the nearest Walmart. However, the Walmarts in our sample took approximately one and a half years on average to be built after they were publicly announced. Therefore if there is some change in housing prices due to the announcement rather than the opening, narrowing the temporal window would cause the estimates to be attenuated. On the other hand, if we allow the temporal window to be very large, then we would be forced to drop many Walmarts from our sample since we analyze only Walmarts that have enough housing data around the opening date to create a symmetric temporal window. Since we only have housing data from 1998 to 2008 available to us, requiring five years of pre-opening housing data and five years of post-opening housing data would only allow us to use Walmart's that were built in 2003. Thus two and a half years was chosen to balance the

tradeoff between excluding too many Walmarts and including enough housing sales that occurred before the announcement of the Walmart in an effort to mitigate the attenuation that may occur from the announcement effect.

Although from an experimental perspective it is convenient to keep the temporal window for the inclusion of housing data symmetric around the Walmart opening date to better avoid contamination from longer temporal trends and to keep the sample more balanced, one could potentially relax this to include Walmart stores in the analysis that have *at least* two and a half years of housing data before and after the opening, but then also include housing observations that were temporally more distant than two and a half years before or after the opening. Column (3) shows the results of this difference-in-differences specification that does not exclude housing observations that are temporally more distant than two and a half years before or after the nearest Walmart's opening. The key coefficients are slightly larger with the within 0.5 mile*post coefficient suggesting an approximate 3.3 percent increase in housing prices and the 0.5 to 1 mile*post coefficient suggesting an approximate 2.3 percent increase.

One could also potentially widen or narrow the temporal window to check for robustness and further analyze the time-path of treatment effects. Column (4) in Table 3 redoes the difference-in-differences analysis but widens the temporal window to include three years of housing data pre and post Walmart opening, while Column (5) narrows the temporal window to include only two years of housing data pre and post. The main findings are robust to these changes in the temporal window. The size of the coefficient on the "within 0.5 mile*post" indicator is slightly larger than in column (2) when the window is expanded to three years before and after, and slightly smaller when contracted

to two years before and after. This is consistent with our earlier conjecture that if there is some change in housing prices due to the announcement or construction of the Walmart prior to the opening, narrowing the temporal window would cause the estimates to be attenuated downwards.

We can also more formally analyze whether or not there is an announcement effect on housing prices by applying our difference-in-differences analysis to the announcement date rather than the opening date. This time we include the housing data covering the two and a half years before and after the Walmart is *announced*. Column (6) of Table 3 shows the results of this analysis. The coefficient on "within 0.5 miles" shows once again that homes within a half mile of the future Walmart location sold for approximately 5% less than homes two to four miles away. The interaction of the post-Walmart opening indicator for this distance suggests a 1.6% increase in housing prices although it is not statistically significant using conventional measures. The "0.5 to 1 mile*post" coefficient suggests an approximate 1.4% increase in housing prices in the year after the announcement in this spatial zone and this result is statistically significant at the 5 percent level. These results are suggestive of there being some impact even from the announcement of the Walmart.

5.3 Housing Composition Effects

One issue with how we interpret the results we have found, has to do with whether or not the types of houses that are selling after a Walmart is built (or announced) are substantially different than the types of houses that were being sold previously. If there is a large compositional difference in the types of houses that transacted before and

after, then this may signal that the housing price effects we observe are being at least partially driven by supply rather than demand. To be clear, this is still an impact of the Walmart being built (or announced), but it suggests that the estimates are not as tightly linked to household preferences and their perceptions about local externalities and the benefits of accessibility to shopping.

To explore the composition effects in this application, we ran a series of linear regressions with our key housing attributes on the left hand side and the distance to Walmart zone indicators and interactions on the right hand side. In these regressions we continued to control for store-by-year-by-month fixed effects and clustered the standard errors at the Walmart store level. Once again, the coefficients on the Walmart zone indicators interacted with the "post" time period are of primary interest as they will signal if there were substantial changes in these housing characteristics after the Walmart was built (or announced). Table 4 provides the results from these regressions. Panel A shows the results where we analyze changes in structural characteristics before and after Walmart *opened*, and Panel B shows the results where we analyze changes in structural characteristics before and after Walmart was *announced*. Of the 18 interaction coefficients that are estimated in Panel A, only one is statistically significant (at the 10% level) suggesting there was no substantial housing composition change before and after Walmart opened. Of the 18 interaction coefficients estimated in Panel B, 3 are statistically significant at the 10% level but only 1 of those is significant at the 5% level. This lone coefficient suggests that there was an approximate 5% decrease in new houses that were sold after the Walmart was announced in the 0 to 0.5 mile zone. Overall, these

regressions do not seem consistent with strong housing composition effects before and after either a Walmart's opening or announcement.

Another signal of potential instability in the marketplace caused by either the opening or announcement of a Walmart would be if there was an abrupt change in the number of homes that were being sold after the opening or announcement. To explore this hypothesis we analyzed the number of houses that transacted each quarter for the 10 quarters leading up to and the 10 quarters after the Walmarts in our sample opened. Figure 1 shows this graphically for each of the 4 spatial zones in our analysis relative to the opening date and the "approximate" announcement date.[17] The natural log of the number of housing transactions by quarter is used so that each of the zones can be easily compared.[18] As can be seen in Figure 1, the log number of houses in each area is gradually increasing over the time period and there do not appear to be any dramatic percentage changes or divergences between the 4 zones, suggesting that the housing markets were relatively stable over this time period.

5.4 Graphical Analysis and Falsification Tests

A key assumption in our difference-in-differences identification strategy is that within a localized four mile zone, Walmarts were not built in areas where there was a preexisting trend in housing prices. If for example, houses located within 1 mile of where

[17] The approximate announcement date is based on the median number of days between the earliest announcement date we found published in a local newspaper and the opening for the Walmart's in our sample.

[18] The 2-4 mile zone is substantially larger in area than the 0-0.5 mile zone so it mechanically has many more housing transactions such that taking the natural log makes for an easier comparison. We also created a plot that shows the residuals from regressing the ln(number of house sales in a quarter) on quarter of the year from Walmart opening and by distance from the new Walmart which also reveals no significant change in house sales due to a Walmart opening.

a Walmart opened were experiencing faster growth in housing prices relative to homes in the 1 to 4 mile band, this could lead to estimating a spurious positive effect of Walmart openings in our difference-in-differences analysis. One way to better examine if there are preexisting trends in the housing prices near where Walmart stores are built is to graphically illustrate housing price trends in the spatial zones before and after Walmart opens. These residual plots are critical for establishing that the pre-treatment trends appear to be comparable, and that the timing of the housing price increase relative to Walmart announcements and openings is reasonable.

To provide this graphical evidence we first run a regression following Equation (1) using the data in our primary specification (Table 3, column (2)), but we leave out the spatial indicators and their interactions. We then aggregate the residuals by quarter of the year, for two and a half years before and after the Walmart opened, for each spatial zone (within 0.5 miles, 0.5 to 1 mile, 1 mile to 2 miles and 2 miles to 4 miles from the Walmart), relative to the opening date of the nearest Walmart. Figure 2 plots the residuals from this regression. The y-axis ranges from -0.06 and 0.02 which represents an approximate 8 percentage point difference in housing prices. The x-axis ranges from -10 to 10 which represents the ten quarters before the Walmart opened and the ten quarters after the Walmart opened. The vertical line in the center of the graph shows the timing of the opening date for the Walmarts in our sample. The vertical line at -5.67 illustrates the approximate announcement date that is based on the statistic reported earlier that the median time between announcement and the opening of a Walmart in our sample is 516 days.

The top two lines in Figure 2 show that the residuals for houses between one and four miles from the Walmart are generally close to zero and unchanging over the five-year period. The third line down represents the residuals of houses between a half and one mile from the nearest Walmart and it can be seen that they trend about -0.02 log price points lower until about one year before the nearest Walmart opens, and then they experience a slow rise. The fourth line down, representing the residuals of houses within 0.5 miles of the Walmart, shows the most dramatic change from before and after the Walmart opens. The residuals start out around -0.04 until about one year before the Walmart opens and then there appears to be a dramatic increase in the residuals until they are near zero, two and a half years after the Walmart opens. Overall the residuals for the four zones are "fanned out" before the Walmart opens, are relatively steady until a year before the Walmart opens, and then they compress until they are nearly identical two and a half years after the Walmart opens. Given that it is likely to be apparent to homebuyers that a Walmart is being built two or three quarters before it is complete, this graphical evidence bolsters the argument that our difference-in-differences estimates are causal.

Figure 3 provides similar graphical evidence for the change in the residuals in the four spatial zones, before and after the Walmart was *announced* to be built. Again, before the announcement date there does not appear to be much of a trend in the residuals for any of the four zones. However, after the announcement of the new Walmart is made the residuals for the homes between 0.5 and 1 mile appear to begin trending upward and the homes within 0.5 miles trend upward even more rapidly. We find the residual plots presented in Figures 2 and 3 to be compelling evidence of a Walmart effect.

Another check for whether or not the increase in housing prices after the opening of a Walmart is due to differential trends in housing prices between homes nearest the Walmart relative to housing prices farther away is to conduct a falsification test. We do this by estimating Equation (1) using our 2.5 year pre and post window but including false Walmart opening dates. The false opening dates are set to two years, two and a half years, and three years prior to the actual opening dates of Walmart. The results presented in Table 4 provide no evidence of a spurious, positive effect due to differential housing price growth at the Walmart location. Thus this falsification test in combination with the graphical analysis is supportive of a causal interpretation of our difference-in-differences estimates of the impact of Walmart on housing prices.

5.5 Heterogeneity Analysis

While it appears that Walmart has a positive impact on housing prices in the areas for which we have data (our estimates are clearly average treatment effects on the treated and therefore are not externally valid to Walmart areas outside our sample), we have done little to establish the mechanisms by which this price increase occurs. We hypothesized at the outset of the paper that there are potentially countervailing influences of Walmart on housing prices. Negative externalities such as increased traffic, noise, crime and light pollution could cause nearby housing prices to be lower while increased accessibility for households to the goods and services Walmart provides could cause

nearby housing prices to be higher. Our analysis suggests that the accessibility effect appears to overwhelm the negative externality effect.[19]

To test this mechanism further we perform a heterogeneity analysis. If the accessibility effect is indeed a key mechanism for the rise in housing prices, then areas that differ in characteristics that likely affect how households access a local Walmart may provide additional supporting evidence that accessibility matters. For example, areas where Walmart supercenters open may be more important in terms of accessibility since a supercenter offers access to groceries and households tend to take more frequent trips to buy groceries (see the recent paper by Ellickson and Grieco (2013), which find impacts on other grocery stores from Walmart opening within about 3 miles). Also, in more densely populated areas, traveling a mile or two may be much more costly than in less populated areas. Thus living near a Walmart in a more densely populated area may confer more accessibility benefits than in a less densely populated area. Finally, areas with lower income, less education, a higher percentage of whites and a lower percentage of owner occupied housing might be areas that would be predicted a priori to place a higher premium on accessibility than areas with the opposite demographic characteristics.

Table 6 performs a series of heterogeneity specifications to better test the intuition we have about the heterogeneity in the value of access to Walmarts across areas with different Walmart types and different household types. Each of these specifications uses the same spatial differences-in-differences specification that generated our primary result in column (2) of Table 3. That primary result is reproduced in column (1) of Table 6 for

[19] There are other mechanisms that our data does not lend itself to testing. For example, it would be useful to test if some of the price impact stems from Walmart providing more taxes and reducing residents' tax liability, leading to a change in housing prices. The ideal data to do this test would be to have different tax jurisdictions near the Walmart and a boundary discontinuity design could be used to tease out differences in housing price changes near the boundary. Unfortunately these data are not readily available.

convenience of comparison. To conduct the heterogeneity analysis we used information in our Walmart dataset on whether or not a Walmart that opened was a supercenter, and collected 2000 census information on household income, education levels, percent non-white, and percent owner occupied homes at the census tract or block group level. We spatially merged the census information to each housing location in our dataset. Columns (2) and (3) of Table 6 show the results for specifications where we focus the analysis on Walmart supercenters and on Walmart areas above the median population density in our Walmart sample. The results in column (2) suggest that the positive housing price impact from the 88 supercenter Walmarts that opened in our sample was slightly larger within a half mile relative to the 71 regular Walmarts that opened. However, the impact of supercenters on housing prices in the half to one mile area appears to be twice as large suggesting an increase in housing prices after a supercenter opens of approximately 2%. Column (3), which analyzes just houses in Walmart areas that are above the median population density for our sample, also shows an increase in our point estimate for houses within a half mile. The new estimate is approximately 3.3% which is almost a one percentage point increase from our baseline estimate of approximately 2.4%. While these results are not statistically different from our baseline results, both of these results conform to our intuition that the treatment effect would be larger due to the availability of groceries at supercenters and the increased costs of travel in higher population density areas.

Columns (4) through (7) report results for a series of specifications that solely analyze the 79 Walmart areas that are below the median for household income, below the median for having at least an associate's degree, above the median for percentage non-

white, and below the median for percentage owner occupied homes. These specifications also largely conform with our priors that these median splits of the data would increase the importance of accessibility for the relevant demographic groups. Areas with lower education, higher percentage of non-whites and lower percentages of owner occupied housing all have higher point estimates for houses that sold within one half mile after a Walmart opened. Lower education and smaller percentage of owner occupied home areas also see a substantial increase in the point estimate for houses that sold after Walmart was built in the half to one mile zones. Areas with low income are the lone exception with the point estimate being slightly lower and less significant. While no individual point estimate is statistically different than our baseline estimates, taken as a whole, these estimates support our hypothesis that increased accessibility to the low cost goods and services of Walmart and any other stores that agglomerate nearby is what drives the price increases we have documented after the announcement and opening of Walmarts.

5.6 Target Analysis

An interesting question is whether or not the property value effects we have identified from the building of Walmart stores are specific to Walmart or if we would find similar results for the opening of any "Big Box" retailer in a community. To examine this question we gathered information on Walmart's closest discount retail competitor—Target. While both Walmart and Target are competing discount retailers, they clearly cater to different customers. Target is known for marketing to households

with higher income than those that frequent Walmart.[20] For example, Target is well known for carrying more upscale designer clothes and home décor, whereas Walmart tends to focus on stocking basics at the lowest possible price. Clearly the differences in customers and their preferences for shopping and access to that shopping could potentially lead to differing impacts on property values for the opening of Targets relative to Walmarts.

Given the average differences in the types of customers that frequent Target stores relative to Walmart, an analysis of all Targets that opened during the same temporal window as our Walmart analysis, may lead to different results that stem simply from differences in the types of locations where Target chooses to build new stores. To mitigate this bias in our comparison, we gathered information on the location of the *closest* Target store to each of the 159 Walmarts used in our primary Walmart analysis. These Target stores therefore are typically in the same county as the Walmart stores from our primary analysis. We then determined the opening date for each of these Targets. [21] Of these Target stores, 42 were built during the same time period as our Walmart openings (July 2000 through January 31, 2006). The median distance to the nearest Walmart for these Target stores was 3.9 miles and only 3 stores were within a mile of the closest Walmart. We then use the differences-in-differences specification in Equation (1)

[20] See for example the CBS/AP report on November 18, 2012 that reports that the average household yearly income ranges from $30,000 to $60,000 whereas the median household income of customers at Target is $64,000.

[21] We had research assistants call each Target to request an open date. These dates were then corroborated with information collected at flowingdata.com in the target data that is posted at http://flowingdata.com/2009/10/22/target-store-openings-since-the-first-in-1962-data-now-available/ .

and apply it to the Target openings to replicate the primary analysis that we conducted for Walmart.[22]

Table 7 gives the results of this analysis. Columns (1) and (2) reproduce our main Walmart cross-sectional and differences-in-differences results for convenience. Columns (3) and (4) show the corresponding results for the 42 Target openings. Looking at column (4), while not statistically significant, the coefficient on "Within 0.5 miles" suggests that homes nearest these Targets sell for about 4% less, which corresponds well to the equivalent result in our primary Walmart specification. The coefficients on the interactions of our within 0.5 mile and 0.5 to 1 mile variables with the post Target opening variable are both statistically insignificant. The point estimate for the "Within .5 miles*post" coefficient is smaller than the corresponding point estimate using the Walmart sample and the point estimate for the ".5 to 1 mile*post" coefficient is larger than the corresponding point estimate using the Walmart sample. The coefficient on the interaction with the 1-2 mile variable in the Target sample is positive and statistically significant. Taken literally, this result suggests that the opening of a new Target store increases property values by 1.5% for houses that are 1-2 miles away from the Target. This point estimate is larger than the corresponding point estimate using the Walmart sample.

Overall, the Target estimates are in the same direction and of roughly the same magnitude of the Walmart estimates. The larger effect found for the "1-2 miles*post" variable in the Target regression is larger and the only interaction estimate that is statistically different from the Walmart regression. It is possible that Target customers

[22] During this time frame there were approximately three times as many Walmarts being built as Targets and so this smaller number reflects this fact.

value access to Target, but may prefer living a reasonable distance from Target after it opens given different constraints for visiting the store. In general, however, we find evidence consistent with the story that any large box store, along with the other businesses that it attracts, has positive effects on nearby housing prices.

One concern with the comparison we have made is that there is additional selection bias since we only included the 42 (out of 159) Targets that happened to open during the same time frame as our Walmart sample. We therefore re-estimate our Walmart results for just the 42 Walmarts that are closest to the 42 Targets in our Target sample. As can be seen in columns (5) and (6) of Table 7, the results for these selected 42 Walmarts that coincide with the Target sample are very similar to the primary Walmart results suggesting that this form of selection bias is not impacting the Target-Walmart comparison we have made.[23]

6. Conclusion

Although recent academic work has made it clear that the opening of a Walmart lowers retail prices for consumers in the area, there has been little work that systematically tests whether or not the opening of a Walmart lowers *housing* prices. In this paper we have attempted to answer this question. We compiled a unique dataset that linked micro-level housing data to 159 Walmarts that opened in the United States between 2000 and 2006. Exploiting the spatial resolution of the data we compared areas

[23] Another concern for comparing these two samples might be that the Walmarts were systematically built before the Targets and so the accessibility effect is dampened for the Targets that arrive in a county after the Walmart was built. However, when comparing opening dates and dropping the 4 Walmart/Target locations where the two stores were built within 100 days of each other, Walmart was built before Target at 22 locations and Target before Walmart at 16 of the locations suggesting that the timing of the building is not a primary factor impacting the comparison that we make.

very near the Walmarts to areas slightly further away before and after the Walmarts opened. The results from our primary difference-in-differences specification suggest that a new Walmart store actually increases housing prices by between 2 and 3 percent for houses located within a half mile of the store and by 1 to 2 percent for houses located between a half and one mile from the store. For the average priced home in these areas this translates into an approximate $7,000 increase in housing price for homes within a half mile of a newly opened Walmart and a $4,000 increase for homes between a half and one mile.

Overall, the estimated capitalization effects that we find suggest a revealed preference by many households to live near a Walmart and the stores that naturally agglomerate nearby. On average, the benefits to quick and easy access to the lower retail prices offered by Walmart and shopping at these other stores appear to matter more to households than any increase in crime, traffic and congestion, noise and light pollution, or other negative externalities that would be capitalized into housing prices. This result is useful to policymakers that consider passing zoning regulations and other laws that could affect Walmart's ability to build new stores within their jurisdiction.

Although we in general find the results to be reasonably credible, some caveats should also be made. It is possible that while the accessibility benefits appear to extend out to at least a mile, there may still be negative externalities that affect households that live very close to a Walmart. Furthermore, our findings provide evidence that Walmarts increase housing values *on average*, but it is possible that in certain cases a new store may actually decrease housing values due to externalities. Finally, our estimates may be internally valid, but they may not be accurate in more rural areas, for example, where we

do not have housing data. Examining the housing price impacts of Walmart in these other settings may be important to policymakers and could be looked at in future research.

Store by year by month fixed effects	X	X	X	X	X	X
Store-level clustering of std. errors	X	X	X	X	X	X
Housing characteristics	X	X	X	X	X	X
# of walmart openings	159	159	159	155	164	119
Observations	358,076	626,750	1,481,811	721,200	513,962	401,383
R-squared	0.86	0.86	0.85	0.86	0.86	0.86

Note: All but column (1) are DID regressions. Analysis type refers to whether the analysis is focused on housing prices before and after the Walmart opening date or the Walmart announcement date. The temporal selection of 2.5 years post means that only houses transacted in the 2.5 years after the Walmart opened are included. All other temporal selections refer to the years pre and post the Walmart opening (or announcement in the case of the announcement analysis). Standard errors are clustered at the store level. A * means the estimate is significant at the 10% level, ** at the 5% level and *** at the 1% level.

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A BUILDING GREATER THAN 25,000 SQUARE FEET IN A GENERAL RETAIL DISTRICT ON A 5.52-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF TRACT 5-3 OF THE W. H. BAIRD SURVEY, ABSTRACT NO. 25, AND ZONED PLANNED DEVELOPMENT DISTRICT NO. 45 (PD-45) FOR GENERAL RETAIL LAND USES, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a Specific Use Permit (SUP) to allow for a building greater than 25,000 square feet in a General Retail District and zoned Planned Development District No. 45 (PD-45) for general retail land uses, has been requested by Steven Freeman of Kimley-Horn and Associates, Inc. on behalf of Don Holloway of Lofland Farms, LTD, on a 5.52-acre tract of land identified as a portion of Tract 5-3 of the W. H. Baird Survey, Abstract No. 25, situated generally at the southeast corner of the intersection of SH-276 and John King Boulevard, and more specifically described in Exhibit 'A' of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

SECTION 1. That the Unified Development Code of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit (SUP) to allow for a building greater than 25,000 square feet in a General Retail (GR) District and zoned Planned Development District No. 45 (PD-45) for the *Subject Property*;

SECTION 2. That the Specific Use Permit shall be subject to the conditions set forth in ***Article V, Section 4.5, Commercial District*** of the City of Rockwall Unified Development Code (Ord. No. 04-38), as heretofore amended and as may be amended in the future, and shall be subject to the additional following additions:

DRAFT ORDINANCE 10.03.2014

1. An eight (8) foot masonry-screening fence shall be constructed adjacent to the eastern property line (*i.e. adjacent to the single-family homes situated within the Lofland Farms Subdivision*).

SECTION 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

SECTION 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

SECTION 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

SECTION 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

SECTION 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 17TH DAY OF NOVEMBER, 2014.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/03/2014

APPLICANT: Dub Douphrate, *Douphrate & Associates, Inc.*

AGENDA ITEM: **Z2014-030**; *Dowell Road Subdivision (AG to PD)*

SUMMARY:

Hold a public hearing to discuss and consider a request by Dub Douphrate of Douphrate & Associates, Inc. on behalf of Barry Luff of L2 Properties, LLC for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 1 (SF-1) District land uses for a 138.79-acre tract of land identified as Tract 1 of the J. Lockhart Survey, Abstract No. 137, City of Rockwall, Rockwall County, Texas, and zoned Agricultural (AG) District, generally located on the east side of Dowell Road south of the intersection of SH-276 and Dowell Road, and take any action necessary.

PURPOSE AND CHARACTERISTICS OF THE REQUEST:

The applicant, Dub Douphrate, is requesting to change the zoning of a 138.79-acre tract of land -- located off the eastern side of Dowell Road, south of SH-276 -- from an Agricultural (AG) District to a Planned Development District for Single Family 1 (SF-1) District land uses. It is the intent of the subdivision to provide 107, one (1) acre lots and incorporate a rural street section that will use valley ditches to facilitate proper drainage. As part of the request, the applicant will be asking for exceptions to the City's *On-Site Sewage* requirements stipulated by the Municipal Code of Ordinances, and to the standard residential street cross section required by the *Standards of Design and Construction* manual. Additionally, the development will be providing a minimum of 20% open space and a location for a neighborhood pocket park. A summary of the requested density and dimensional requirements is as follows:

Table 1: Lot Dimensional Requirements

Minimum Lot Width [1]	150'
Minimum Lot Depth	250'
Minimum Lot Area	43,560 SF
Minimum Front Yard Setback [2]	40'
Minimum Side Yard Setback	25'
Minimum Side Yard Setback (Adjacent to a Street)	25'
Minimum Length of Driveway Pavement (Rear and Side Yard Only)	25'
Maximum Height [3]	36'
Minimum Rear Yard Setback [4]	25'
Minimum Area/Dwelling Unit (SF) [5]	2,600 SF
Maximum Lot Coverage	45%
Minimum Number of Paved Off-Street Parking Spaces	2 Spaces
Minimum Distance Between Buildings	10'

General Notes:

[1]: *The minimum lot width shall be measured at the Front Yard Building Setback.*

[2]: *The location of the Front Yard Building Setback as measured from the front property line.*

[3]: *The Maximum Height shall be measured to the eave or top plate (whichever is greater) of the single family home.*

[4]: *As measured from the rear yard property line.*

[5]: *The minimum area/dwelling unit only includes air conditioned square space.*

According to Section 44-243(c) of the City's Municipal Code of Ordinances,"(n)o permit for the installation of an on-site sewage facility (OSSF) will be issued for property of less than 1½-acres, unless an exception is granted by the City Council on the grounds that an undue hardship will be created if said lot is not connected to an OSSF." In this case, the applicant is requesting the exception due to the distance of the subject property from existing City sewer facilities. Staff has estimated that the subject property is in excess of 1½-miles to the closest City sewer line located in the Timber Creek Estates subdivision (*near the intersection of Rochell Road and SH-276*). In addition, the applicant would be required to install a lift station to properly provide adequate sewage facilities for this development. Should the City Council choose to grant the requested exception the applicant will be required to submit a septic system plan, designed by a licensed OSSF professional, on a lot-by-lot basis at the time of building permit.

With regard to the proposed interior street network the applicant is requesting to utilize a rural street cross section that will have 60-feet of right-of-way and be composed of 28-feet of pavement leading into a 15-foot bar ditch/drainage area (*that will be required to have a 4:1 [25%] minimum slope*). The applicant is requesting this modified street section for the purpose of maintaining a more rural aesthetic to compliment the larger lot, estate style appearance of the neighborhood. This street design will be utilized on all roadways with the exception of the northern most roadway (*i.e. Street 'C' on the Zoning Exhibit*). This street is currently identified on the City's Master Thoroughfare Plan as a *M4U* (*minor arterial, four [4] lane, undivided roadway*), and is depicted as aligning adjacent to the northern most property line; however, the applicant is requesting to reduce this road section to a *Minor Collector* and realign the roadway as depicted in the provided *Zoning Exhibit*. In order to do this the applicant has initiated a Traffic Impact Analysis (TIA), and the realignment and reclassification will depend on the results of this study. This has been added to the *Recommendation* section of this case memo as a condition of approval, and if approved the City Council will be required to amend the Master Thoroughfare Plan.

ADJACENT LAND USES AND ACCESS:

The land uses adjacent to the subject property are as follows:

North: Directly north of the subject property are several tracts of land that are currently vacant or have a mixture of residential and commercial uses situated on them. All these properties are zoned Agricultural (AG) District. North of these properties is SH-276.

South: Directly south of the subject property is a 47.88-acre tract of vacant land zoned Agricultural (AG) District. Beyond this is the City's corporate boundaries.

East: Directly east of the subject property is the City's corporate boundaries.

West: Directly west of the subject property is a vacant five (5) acre tract of land zoned Agricultural (AG) District followed by Dowell Road. East of the roadway are several large lot, estate style homes zoned Agricultural (AG) District.

CONFORMANCE WITH THE COMPREHENSIVE PLAN:

The Future Land Use Map contained within the Comprehensive Plan designates the subject property for *Low Density Residential* land uses. According to the Comprehensive Plan, the *Low Density Residential* designation is generally defined as less than two (2) units per acre. In this case, the applicant is proposing less than one (1) unit per gross acre and is in conformance with the intent of this land use designation and the Future Land Use Map.

In reference to the subject property the Comprehensive Plan states that, "(l)ow density residential is proposed for the … eastern-most areas adjacent to Heath and McLendon-

Chisholm … [and] (b)y developing low density residential in these areas, it is anticipated that a rural road section (two-lane with turning lanes) and reduced sizing of utilities can be used to service the area, particularly when the lot frontage of a development is a minimum 150-feet of more." When taking this statement into consideration with relation to the applicant's requests it appears that the proposed zoning change -- and exceptions to the standard roadway cross section and OSSF standards -- meets not only the land use designation, but also the intent for development in this area as stated by the Comprehensive Plan.

NOTIFICATION:

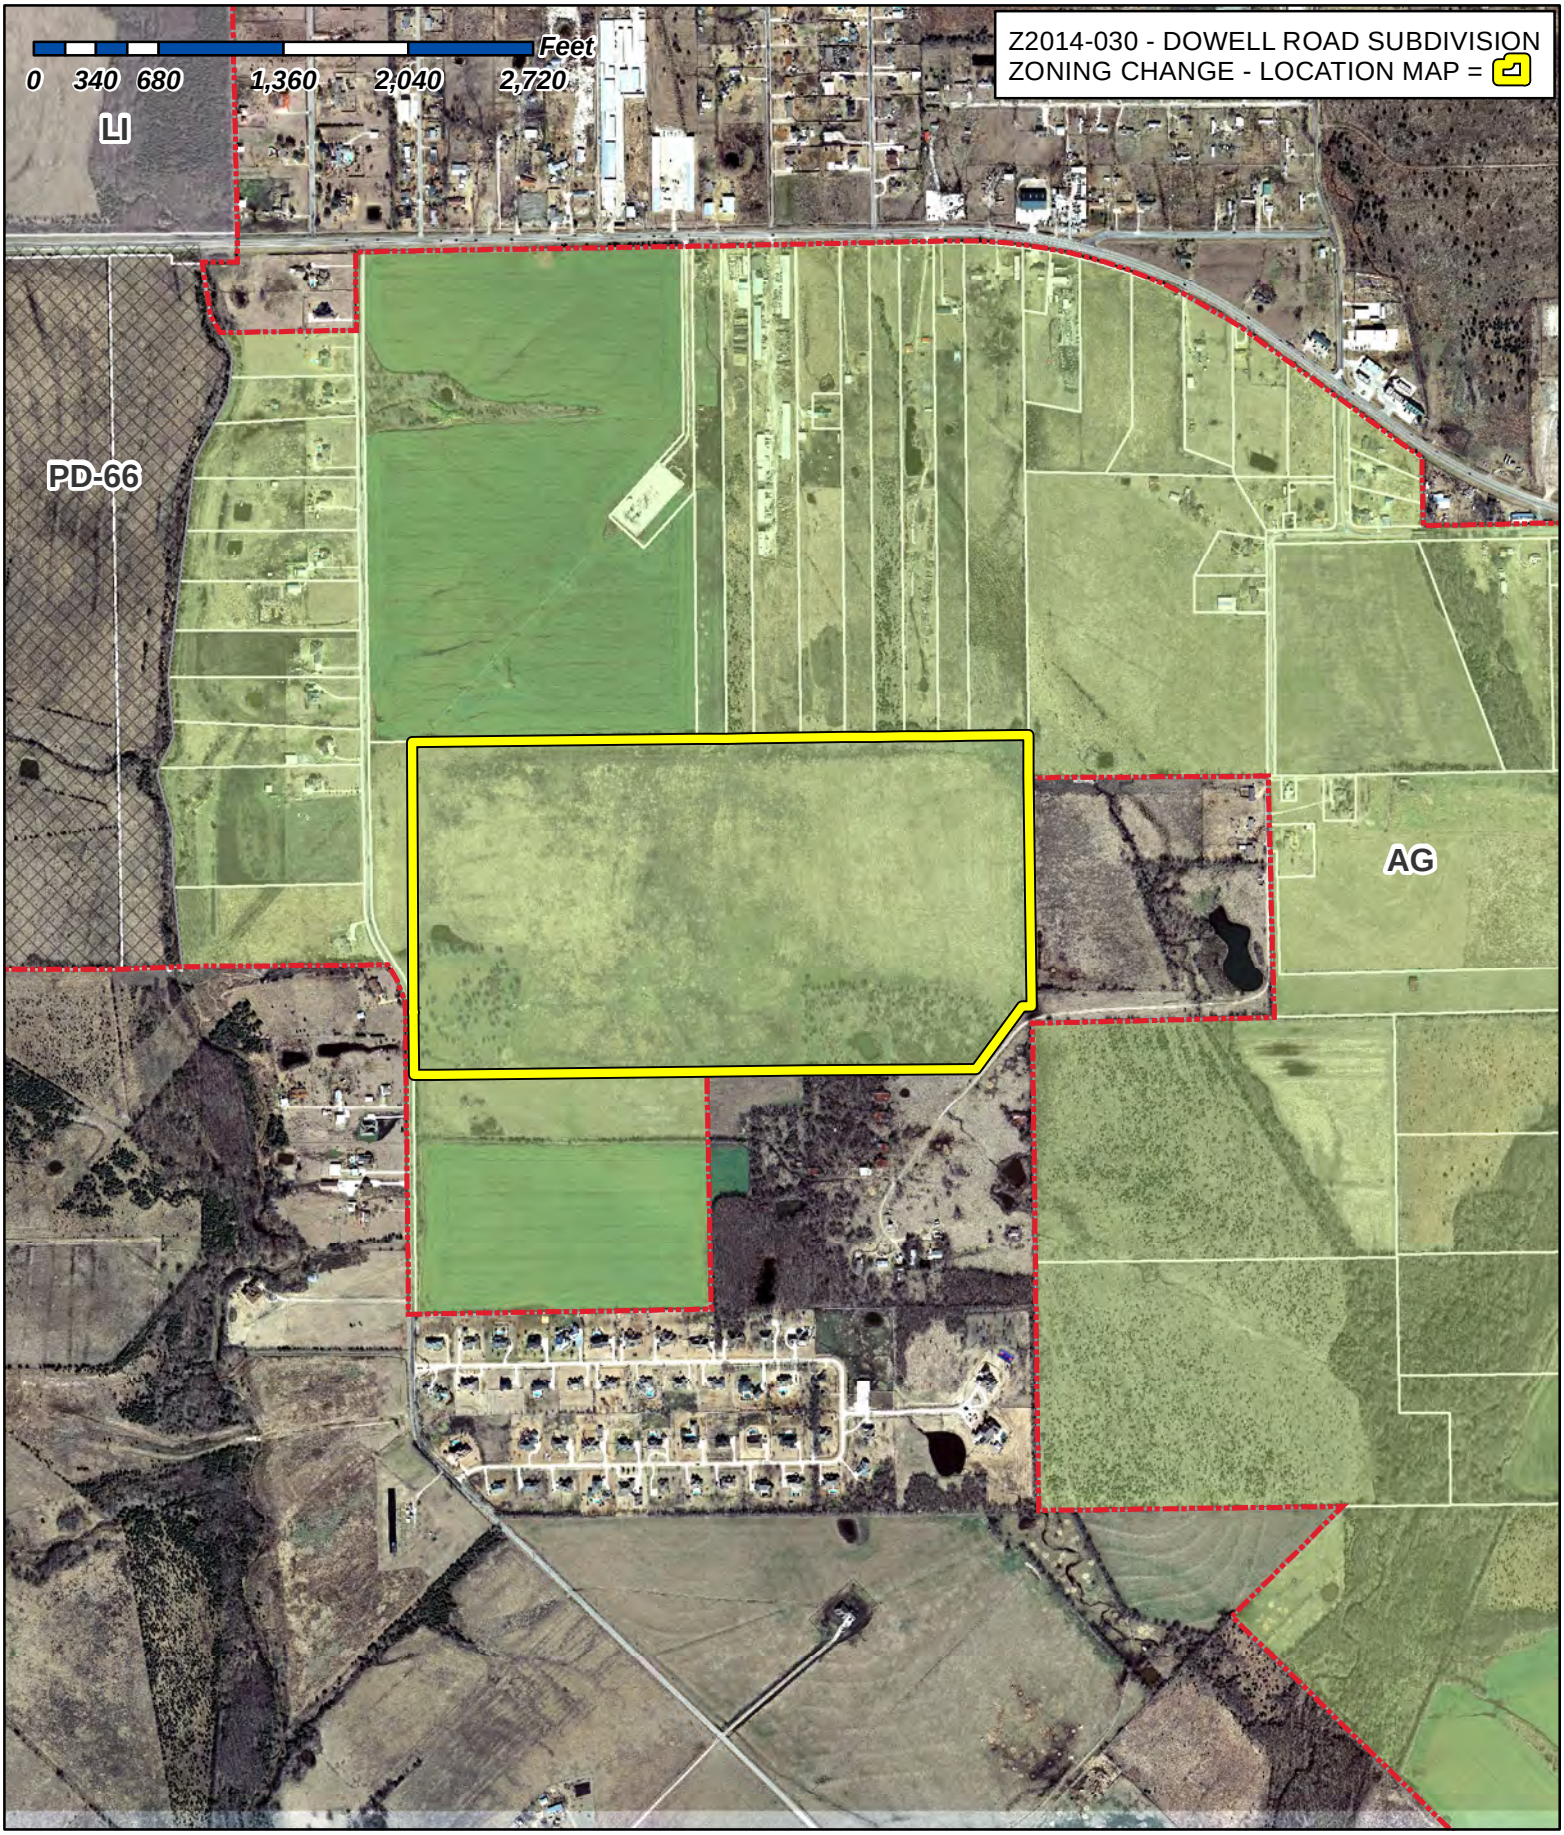
On October 3, 2014, staff mailed 26 notices to property owners and residents within 500-feet of the subject property. Additionally, staff posted a sign along Dowell Road as required by the Unified Development Code (UDC). At the time this case memo was drafted one (1) response in favor of the applicant's request was received by staff.

City staff has no knowledge of any Homeowner's Associations or Neighborhood Organizations located within 1,500-feet of the subject property.

RECOMMENDATIONS:

If the Planning and Zoning Commission recommends approval of the applicant's request to rezone the subject property from an Agricultural (AG) District to a Planned Development District for Single Family 1 (SF-1) District land uses then staff would propose the following conditions of approval:

1) Pending the results of the Traffic Impact Analysis (TIA), the City's Master Thoroughfare Plan should be revised to reflect the proposed realignment and reclassification;



2) Prior to the submittal of a *Final Plat* the applicant shall be required to submit and be approved for a *PD Site Plan* and *Preliminary Plat* (*per the requirements of the proposed draft ordinance these items may be submitted concurrently*);

3) The proposed development shall maintain compliance with the development standards and concept plan contained within the proposed draft ordinance; and

4) Any construction resulting from the approval of this *zoning change* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On October 28, 2014, the Planning and Zoning Commission recommended approval of the applicant's request per staff recommendations by a vote of 7-0.

Please place a check mark on the appropriate line below:

☑ I am in favor of the request for the reasons listed below.

☑ I am opposed to the request for the reasons listed below.

When Dividing does begin, I ask for a wall to separate our properties. That is where coyotes run daily. People would lose animals, possibly children since the coyotes are being very brave. It is also to protect homeowners that may trespass + have no business on our property. Thanks

Exhibit A

Legal Description of 138 Acre Tract

Located in the John Lockhart Survey, Abstract 137, and the

Newell Survey, Abstract No. 167, Rockwall, Texas

All that certain lot, tract or parcel of land situated in the JOHN LOCKHART SURVEY, ABSTRACT NO. 137 and H.K. NEWELL SURVEY, ABSTRACT NO. 167, Rockwall County, Texas, and being all of that 138.781 acres tract of land as described in a Warranty deed from Farm Credit Bank of Texas to Allen Anderson and wife, Loretta Anderson, dated November 27, 1991 and being recorded in Volume 657, Page 303 of the Real Property Records of Rockwall County, Texas, and the same tract as conveyed to L2 Properties, LLC by Deed recorded in Volume 4096, Page 237 of the Official Public Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner at the base of a fence corner post at the Northeast corner of the above cited tract of land;

THENCE S. 00 deg. 19 min. sec. E. along the fenced East line of said tract, a distance of 1207.96 feet to a 1/2" iron rod found for corner;

THENCE S. 00 deg. 37 min. 17 sec. E. along the fenced East line of said tract, a distance of 286.47 feet to a 1/2" iron rod found for corner at the base of a fence corner post;

THENCE S. 31 deg. 44 min. 42 sec. W. along the fenced East line of said tract, a distance of 16.52 feet to a 1/2" iron rod found for corner at the base of a fence corner post;

THENCE N. 80 deg. 40 min. 29 sec. W. along the fenced boundary line of said tract, a distance of 55.86 feet to a 1/2" iron rod found for corner at the base of a fence corner post;

THENCE S. 37 deg. 34 min. 16 sec. W. along the fenced boundary line of said tract, a distance of 390.25 feet to a 1/2" iron rod found for corner at the base of a fence corner post at the Southeast corner of said tract and being at the Southwest corner of a 1.275 acres tract as described in a Deed to Paul Liechty, et al as recorded in Volume 240, Page 546 of the Real Property Records of Rockwall County, Texas;

THENCE S. 89 deg. 42 min. 38 sec. W. (Controlling bearing line) along the South line of said 138.781 acres tract, a distance of 3070.62 feet to a 1/2" iron rod found for corner in the East edge of Dowell Road;

THENCE N. 00 deg. 03 min. 28 sec. W. along the East edge of Dowell Road, a distance of 211.73 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner;

THENCE N. 89 deg. 29 min. 31 sec. W. crossing said Dowell Road, a distance of 34.26 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner in the West margin of said road;

THENCE N. 00 deg. 04 min. 32 sec. W. along the West margin of said road, a distance of 194.53 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner;

THENCE N. 21 deg. 45 min. 35 sec. W. along the West margin of said road, a distance of 123.31 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner;

THENCE N. 31 deg. 14 min. 48 sec. W. along the West margin of said road, a distance of 98.94 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for corner;

THENCE N. 89 deg. 44 min. 09 sec. E. crossing said Dowell Road, a distance of 131.11 feet to a 1/2" iron rod found for corner;

THENCE N. 00 deg. 03 min. 43 sec. W. a distance of 1195.77 feet to a 1/2" iron rod found for corner at the Northwest corner of said 138.781 acres tract;

THENCE N. 89 deg. 37 min. 22 sec. E. along the North line of said tract, a distance of 3364.45 feet to the POINT OF BEGINNING and containing 138.79 acres of land.

Rockwall, Texas 75087

Re: Letter of Explanation for Zoning Change

Dear Mr. LaCroix:

On behalf of our client, Harlan Properties, the development company for Sumeer Homes, and L2, LLC, the owner of the subject property located on Dowell Rd and more particularly described as 138 acres in the John Lockhart Survey, Abstract 137, and the Newell Survey, Abstract No. 167, Rockwall, Texas, please accept this letter of explanation as to why the zoning change has been requested.

The applicant intends to develop the property into a single family residential development which will contain a minimum of 1 acre residential estate size lots.

Should you have any questions regarding the application for this zoning change request please let me know.

Sincerely,

W.L. Douphrate II, P.E. President / Owner

Douphrate & Associates, Inc.

Firm No. F-886

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO PLANNED DEVELOPMENT DISTRICT 76 (PD-76) FOR SINGLE FAMILY 1 (SF-1) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 138.79-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1 OF THE J. LOCKHART SURVEY, ABSTRACT NO. 137, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by Dub Douphrate of Douphrate & Associates, Inc. on behalf of Barry Luff of L2 Properties, LLC for an amendment to the Unified Development Code [*Ordinance No. 04-*38] of the City of Rockwall for the purpose of changing the zoning from an Agricultural (AG) District to Planned Development District 76 (PD-76) for Single Family 1 (SF-1) District land uses, for a 138.79-acre tract of land identified as Tract 1 of the J. Lockhart Survey, Abstract No. 137, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended, shall be further amended by amending the zoning map of the City of Rockwall so as to change the zoning district classification for the *Subject Property* from an Agricultural (AG) District to Planned Development District 76 (PD-76) for Single Family 1 (SF-1) District land uses.

Section 2. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

Section 3. That the *Subject Property* shall be developed and/or used only in the manner and for the purposes described within this ordinance, and unless specifically modified within this ordinance the *Subject Property* shall adhere to all development standards stipulated by the Single Family 1

DRAFT ORDINANCE 4.10.2014

(SF-1) District as specified in Section 3.2-1, *Single-Family One (SF-1) District*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future;

Section 4. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 5. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

Section 8. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(1) *PD Site Plan*. A *PD Site Plan* covering all of the *Subject Property* shall be submitted and shall identify all site/landscape/hardscape plan(s) for all open space, neighborhood parks, trail systems, street buffers and entry features. A *PD Site Plan* application may be processed by the *City* concurrently with a *Preliminary Plat Application* for the development.

(2) *Preliminary Plat.* A *Preliminary Plat* covering all of the *Subject Property* shall be submitted and shall include a *Treescape Plan*. A *Preliminary Plat Application* may be processed by the *City* concurrently with a *PD Site Plan Application* for the development.

(3) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat*, conforming to the *Preliminary Plat*, for all of the *Subject Property* shall be submitted for approval.

Section 9. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 10. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 11. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

DRAFT ORDINANCE 11.03.2014

Exhibit 'A':
Legal Description

Legal Description of 138.79-Acre Tract
Located in the John Lockhart Survey, Abstract 137, and the Newell Survey, Abstract No. 167, Rockwall, Texas

All that certain lot, tract or parcel of land situated in the JOHN LOCKHART SURVEY, ABSTRACT NO. 137 and H. K. NEWELL SURVEY, ABSTRACT NO. 167, Rockwall County, Texas, and being all of that 138.781 acres tract of land as described in a Warranty deed from Farm Credit Bank of Texas to Allen Anderson and wife, Loretta Anderson, dated November 27, 1991 and being recorded in Volume 657, Page 303 of the Real Property Records of Rockwall County, Texas, and the same tract as conveyed to L2 Properties, LLC by Deed recorded in Volume 4096, Page 237 of the Official Public Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 112" iron rod found for corner at the base of a fence corner post at the Northeast corner of the above cited tract of land;

THENCE S. 00 deg. 19 min. sec. E. along the fenced East line of said tract, a distance of 1207.96 feet to a 112" iron rod found for comer;

THENCE S. 00 deg. 37 min. 17 sec. E. along the fenced East line of said tract, a distance of 286.47 feet to a *1/2"* iron rod found for comer at the base of a fence corner post;

THENCE S. 31 deg. 44 min. 42 sec. W. along the fenced East line of said tract, a distance of 16.52 feet to a 112" iron rod found for comer at the base of a fence corner post;

THENCE N. 80 deg. 40 min. 29 sec. W. along the fenced boundary line of said tract, a distance of 55.86 feet to a *1/2"* iron rod found for corner at the base of a fence corner post;

THENCE S. 37 deg. 34 min. 16 sec. W. along the fenced boundary line of said tract, a distance of 390.25 feet to a 112" iron rod found for corner at the base of a fence corner post at the Southeast corner of said tract and being at the Southwest corner of a 1.275 acres tract as described in a Deed to Paul Liechty, et al as recorded in Volume 240, Page 546 of the Real Property Records of Rockwall County, Texas;

THENCE S. 89 deg. 42 min. 38 sec. W. (Controlling bearing line) along the South line of said 138.781 acres tract, a distance of 3070.62 feet to a 112" iron rod found for corner in the East edge of Dowell Road;

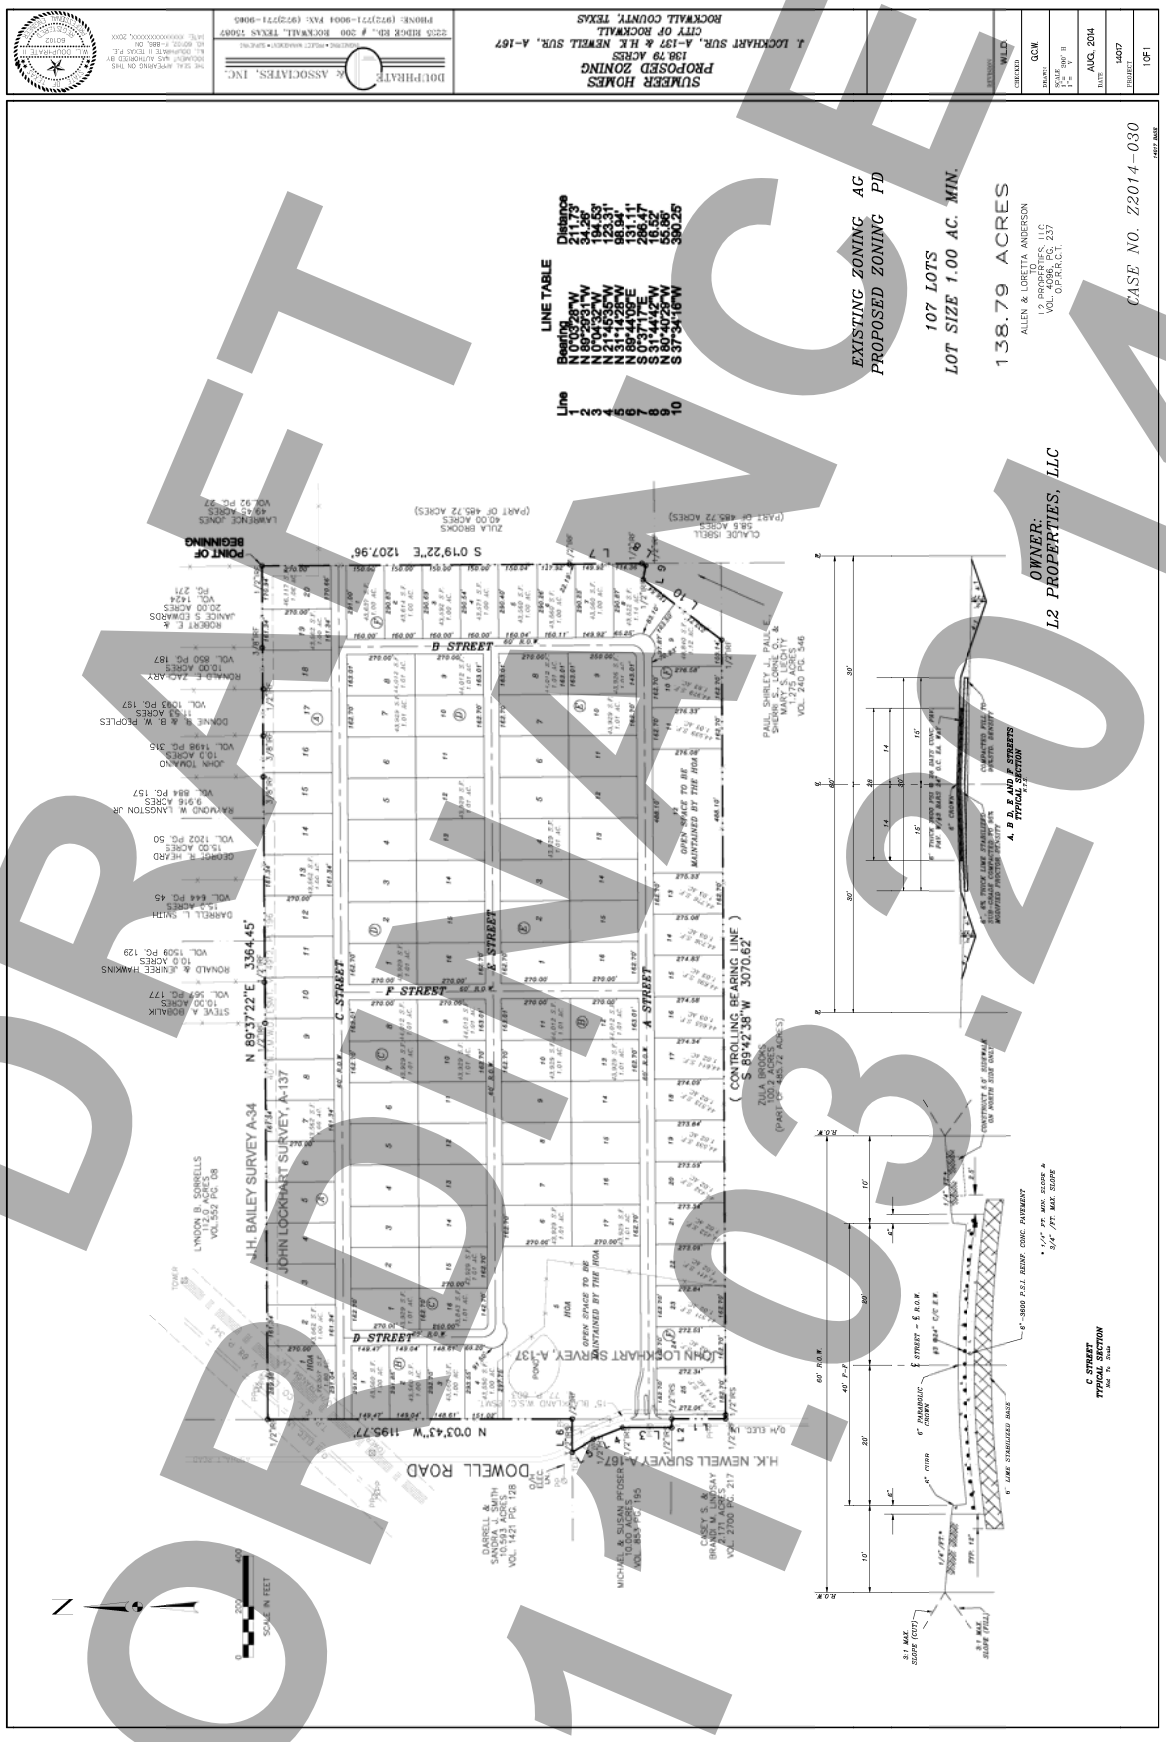
THENCE N. 00 deg. 03 min. 28 sec. W. along the East edge of Dowell Road, a distance of 211.73 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for comer;

THENCE N. 89 deg. 29 min. 31 sec. W. crossing said Dowell Road, a distance of 34.26 feet to a *112"* iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for comer in the West margin of said road;

THENCE N. 00 deg. 04 min. 32 sec. W. along the West margin of said road, a distance of 194.53 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for comer;

THENCE N. 21 deg. 45 min. 35 sec. W. along the West margin of said road, a distance of 123.31 feet to a *112"* iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for comer;

THENCE N. 31 deg. 14 min. 48 sec. W. along the West margin of said road, a distance of 98.94 feet to a 112" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for comer;



THENCE N. 89 deg. 44 min. 09 sec. E. crossing said Dowell Road, a distance of 131.11 feet to a *112"* iron rod found for corner;

THENCE N. 00 deg. 03 min. 43 sec. W. a distance of 11 95.77 feet to a 112" iron rod found for corner at the Northwest corner of said 138.781 acres tract;

THENCE N. 89 deg. 37 min. 22 sec. E. along the North line of said tract, a distance of 3364.45 feet to the POINT OF BEGINNING and containing 138.79 acres of land.

DRAFT ORDINANCE 1.08.2014

Exhibit 'B':
Concept Plan

DRAFT NOT FOR RECORDING
11.03.2014

Development Standards.

1. *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, only those uses permitted within the Single Family 1 (SF-1) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), are allowed on the *Subject Property*.

2. *Density and Dimensional Requirements.* The maximum permissible density for the *Subject Property* shall not exceed one (1) dwelling unit per gross acre of land; however, in no case should the proposed development exceed 107 units. All lots shall conform to the standards depicted in *Table 1* below unless specifically provided for in *Table 2* below.

Table 1: Lot Dimensional Requirements

Minimum Lot Width [1]	150'
Minimum Lot Depth	250'
Minimum Lot Area	43,560 SF
Minimum Front Yard Setback [2]	40'
Minimum Side Yard Setback	25'
Minimum Side Yard Setback (Adjacent to a Street)	25'
Minimum Length of Driveway Pavement (Rear and Side Yard Only)	25'
Maximum Height [3]	36'
Minimum Rear Yard Setback [4]	25'
Minimum Area/Dwelling Unit (SF) [5]	2,600 SF
Maximum Lot Coverage	45%
Minimum Number of Paved Off-Street Parking Spaces	2 Spaces
Minimum Distance Between Buildings	10'

General Notes:

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.
[3]: The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single family home.
[4]: As measured from the rear yard property line.
[5]: The minimum area/dwelling unit only includes air conditioned square space.

Table 2: Lot Exceptions

Lot/Block Number	*Width*	*Depth*	*Lot Area*
Lot 1, Block B	149.47'	291'	43,560 SF
Lot 2, Block B	149.04'	291.85'	43,560 SF
Lot 3, Block B	148.61'	292.70'	43,560 SF
Lot 16, Block C	142.70'	250'	43,560 SF
Lot 7, Block F	149.92'	290.23'	43,560 SF
Lot 9, Block E	143.01'	250'	43,926 SF

Note. All lots are as depicted in Exhibit 'B' of this ordinance. Changes to the dimensions of these lots can be administratively approved by the Director of Planning or his/her designee, but at no point should the lot area be less than 43,560 SF.

3. *Building Standards.* All development shall adhere to the following building standards:

(a) *Masonry Requirement.* The minimum masonry requirement for the exterior façades of all buildings shall be 80%. For the purposes of this ordinance the masonry requirement shall be limited to full width brick, natural stone, cast stone, cementaceous fiberboard

DRAFT ORDINANCE 1.03.14

horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*), and stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*). Cementaceous products (*e.g. HardiBoard, Hardy Plank, Stucco, etcetera)* shall be limited to 50% of the masonry requirement.

(b) Roof Pitch. A minimum of an *8:12* roof pitch is required on all structures with the exception of porches, which shall have a minimum of a *4:12* roof pitch.

(c) Garage Orientation. Garages shall be accessed from a traditional *'J'-Swing* or *Swing* type driveway arrangement. A second, single garage door facing the street is permitted behind the width of the required double door garage that is accessed from a traditional *'J'-Swing* or *Swing* configuration.

4. *Anti-Monotony Restrictions.* The development shall adhere to the following *Anti-Monotony* restrictions (*for spacing requirements see the illustration below*):

(1) Exterior wall materials must comply with the *Masonry Requirements* listed in *Section 3.(a)*. Additionally, all chimneys are required to utilize masonry materials.
(2) Identical brick blends or paint colors may not occur on adjacent (side-by-side) properties along any block face without at least four (4) intervening homes of differing materials on the same side of the street beginning with the adjacent property and two (2) intervening homes of differing materials on the opposite side of the street.
(3) Front building elevations shall not repeat along any block face without at least five (5) intervening homes of differing appearance on the same side of the street and two (2) intervening homes of differing appearance on the opposite side of the street. The rear elevation of homes backing to open spaces or on Dowell Road shall not repeat without at least two (2) intervening homes of differing appearance. Homes are consider to have a differing appearance if any of the following two (2) items deviate:

(a) Number of Stories
(b) Garage Location
(c) Roof Type and Layout
(d) Articulation of the Front Façade

(4) Crown molding will be installed in all living and family rooms, unless vaulted or pop-up ceilings are utilized. No *Formica* countertops maybe installed in kitchens and/or bathrooms, and vinyl flooring and blown acoustic ceilings are prohibited.
(5) Each phase of the subdivision will allow for a maximum of four (4) compatible roof colors, and all roof shingles shall be an architectural or dimensional shingle (*3-Tab Roofing Shingles are prohibited*).

See the Illustrations on the following page.

DRAFT
ORIGINAL
11.03.2014

Illustration 1: Properties line up on the opposite side of the street. Where RED are the same.

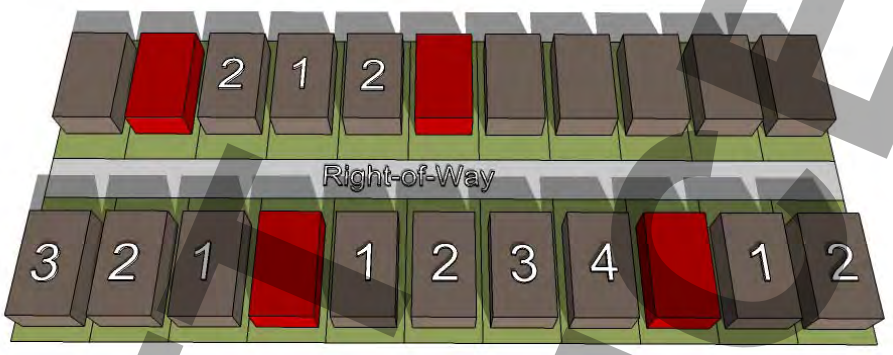


Illustration 2: Properties do not line up on opposite side of the street. Where RED are the same.

5. *Fencing Standards.* Fences are not mandatory for any lot within this subdivision; however, if a property owner chooses to construct a fence it will need to adhere to the following standards:

   (a) Solid Residential Fencing. All solid residential fencing shall be cedar standard fencing material (minimum ½" thickness) or better (*spruce fencing is not allowed*). All cedar pickets shall be placed on the *public side* facing the street or neighboring property.
   (b) Wrought-Iron/Tubular Steel Fencing. Lots located along perimeter roadways (*i.e. Dowell Road and Streets 'E' & 'A'*) and abutting open spaces, greenbelts and/or parks shall be required to install tubular steel fencing.
   (c) Common Area Fencing. All common areas and perimeter fencing shall be maintained by a Homeowners Association (HOA) as specified by the *Subdivision Regulations* contained in *Chapter 38* of the City's *Municipal Code of Ordinances*. Common area fencing shall be constructed of tubular steel and not exceed four (4) feet in height.

6. *Landscaping.* At the time of final inspection, all single-family lots shall be landscaped with large canopy trees as follows:

   (a) Two (2) minimum three (3) inch caliper trees, as measured six (6) inches above the root ball, shall be planted in the front yard of all interior lots.
   (b) Two (2) minimum three (3) inch caliper trees, as measured six (6) inches above the root ball, shall be planted in the front yard of all corner lots and two (20 additional trees shall be planted in the side yard facing the street.

DRAFT
ORD. 14-XX

Note. Any existing trees that are in conformance with the tree mitigation requirements stipulated by Article IX, Tree Preservation, of the Unified Development Code, which can be preserved, will be counted as credits towards all required landscaping requirements.

7. *Lighting.* Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to contain all light within the development area.

8. *Streets.* The street cross sections shall be as depicted within *Exhibit 'B'* of this ordinance. The property owner (with direct adjacency) shall be responsible for maintaining the area between edge of pavement and their property line (*i.e. the bar ditches/drainage areas*).

9. *Sidewalks.* Sidewalks shall be required to be located along the northern boundary of *Street 'C'* as depicted in *Exhibit 'B'* of this ordinance, and shall begin two (2) feet behind the right-of-way line and be a minimum of five (5') feet in width.

10. *On-Site Sewage Facilities. Septic Systems* are permitted on all lots within this subdivision pending conformance to the following standards:

    (a) All *Septic Systems* shall be designed by a licensed *On-Site Sewage Facility (OSSF)* professional (*e.g. licensed engineer, sanitarian, and etcetera*).
    (b) A stamped and signed copy of the *Septic System* plans indicating the full limits of the septic field shall be submitted to the city at the time of building permit on a *lot-by-lot* basis.
    (c) All *Septic Systems* shall be inspected and approved by the City's chosen inspector.

11. *Buried Utilities.* New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the *Subject Property*, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (*3-phase lines*), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the *Subject Property*. The *Developer* shall not be required to relocate existing overhead power-lines along the perimeter of the *Subject Property*.

12. *Neighborhood Signage.* Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the PD Site Plan.

13. *Homeowner's Association (HOA).* A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of *Section 38-15* of the *Subdivision Regulations* contained within the *Municipal Code of Ordinances* of the City of Rockwall. The HOA shall also maintain all neighborhood parks, trails, open space and common areas, irrigation, landscaping, screening fences associated with this development.

14. *Variances.* The variance procedures and standards for approval that are set forth in the Unified Development Code shall apply to any application for variances to this ordinance.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/03/2014

APPLICANT: Jimmy Strohmeyer, *Strohmeyer Architects, Inc.*

AGENDA ITEM: **Z2014-031**; *Harbor Heights PD Development Plan (PD-32)*

SUMMARY:

Hold a public hearing to discuss and consider a request by Jimmy Strohmeyer of Strohmeyer Architects, Inc. on behalf of D. W. Bobst of J-BR2, LLC for the approval of a PD Development Plan proposing to establish five (5) pad sites for restaurants and retail shopping within Planned Development District 32 (PD-32), on a 2.893-acre parcel of land identified as Lot 1, Block B, Harbor District Addition, City of Rockwall, Rockwall County, Texas, situated within the Hillside Sub-District of Planned Development District 32 (PD-32), located within the IH-30 Overlay (IH-30 OV) District, at the southwest corner of the intersection of the IH-30 frontage road and Sunset Ridge Drive, and take any action necessary.

BACKGROUND:

On September 20, 2010, the City Council passed *Ordinance No. 10-21* [*Planned Development District 32 (PD-32)*], which established a concept plan and development standards for the approximate 78.89-acre tract of land commonly referred to as *PD-32* or the *Harbor District*. Within the approved concept plan, *PD-32* was divided into ten (10) subdistrict that contained individual development and land use standards. The subject property is a 2.893-acre portion of land located within the *Hillside Subdistrict*, which -- according to the *PD Ordinance* -- is intended "… to provide a cluster of restaurant anchors that can contribute to the creation of a vibrant, pedestrian oriented character within the *Harbor District*."

REQUEST:

On September 19, 2014, the applicant, Jimmy Strohmeyer, submitted an application for site plan showing the proposed layout for the 2.893-acre tract of land. At the time of submittal, the applicant included a request for a waiver to the *building placement requirements* [*Sec. 9.C; Ord. 10-21*] for the purpose of allowing buildings to be situated more than 12-feet from the build-to-line in order to incorporate larger patios adjacent to Harbor Heights Drive. In addition, the building elevations also depicted retaining walls, ranging in size from one (1) to an estimated seven (7) feet (originally nine [9] feet), adjacent to the sidewalks along Harbor Heights Drive. In accordance with *Ordinance No. 10-21*, staff required the applicant to change the request from a *PD Site Plan* to a *PD Development Plan* on the grounds that the retaining walls inhibited the pedestrian oriented character required by the concept plan for the *Hillside Subdistrict*, and thus the plan did not meet *Criteria 'A'* of Section 9.C (*i.e. meet the general intent of PD District or Subdistrict in which the property is located*). Additionally, the PD Development Plan grants the City Council discretionary approval over the request.

STAFF ANALYSIS:

The concept plan for the *Hillside Subdistrict* calls for existing slopes between 8-12% with the incorporation of two (2) pedestrian opportunities extending perpendicular to Harbor Heights

Drive at not more than 2% slope. Harbor Heights Drive -- which is intended to serve as the "…primary connector to the existing *Harbor Development* and is a primary street frontage for retail, residential and mix use development within [the] adjacent subdistricts…" -- is designated as a *Street Type 'D'*, and was constructed with slopes of 10.3% with one (1) pedestrian crossing constructed at a 1% slope in accordance to the concept plan. Additionally, the original plan depicted smaller pad sites that stepped down to adjust for the slope of the street, which allowed for storefronts and patios to be *at* or *closer to* grade. The plan submitted by the applicant does meet the majority of the technical requirements of *Ordinance No. 10-21*, with the exception of the *building placement requirements*; however, it also incorporates larger pad sites, which according to the applicant are more difficult to step down to a pedestrian level. In addition, the applicant has stated that the walls accommodate the projected retail and restaurant uses by allowing for larger patios and preserving the view corridor provided by Harbor Heights Drive.

The applicant's request to allow the buildings to be situated more than 12-feet from the build-to-line does appear to be a valid request in that it allows for additional pedestrian activity adjacent to Harbor Heights Drive; however, the request only meets the intent of the district if the proposed patios are located at a pedestrian level. Taking the intent of the district into consideration (*i.e. the creation of a vibrant, pedestrian oriented character within the Harbor District*) the current plan does not meet the vision laid out within the concept plan with respect to the creation of a pedestrian friendly environment. With this being said, it is important to point out that the applicant has incorporated one (1) of the pedestrian crossings, which allows for pedestrian foot traffic to access Harbor Heights Drive from the proposed parking areas. Staff has recommended to the applicant stepping the patios down at different intervals than the proposed building pads to bring the patios closer to grade and allow for pedestrian visibility of the storefronts. Under this recommendation, the plan could accommodate the larger building pads and increased patio space while still bringing the patios down to a pedestrian level allowing for increased access and visibility. The applicant has partially complied with this request by breaking the largest retaining wall into two portions by stepping the patio down. This brings the wall from an estimated nine (9) feet to an estimated seven (7) feet. Additionally, the applicant has provided a seat wall to provide a pedestrian element into the wall design.

With this being said the proposed plan was questionable enough with regard to the district's stated intent to bring to the City Council for discretionary approval. Should the City Council choose to grant the request the applicant will still need to submit a site plan that will be reviewed by the Architectural Review Board (ARB) and the Planning and Zoning Commission. The waiver to the *building placement requirements* will be accounted for in the PD Development Plan Ordinance provided to the City Council.

NOTIFICATION:

On October 3, 2014, staff mailed 23 notices to property owners and residents within 500 feet of the subject property. Staff also emailed notices to the Lakeside Village and Lago Vista Homeowner's Associations (HOA), which are the only HOA's located within 1,500 feet of the subject property. Additionally, staff posted a sign at the corner of the intersection of Sunset Ridge Drive and the IH-30 Frontage Road as required by the Unified Development Code (UDC). At the time this case memo was drafted no responses were received by staff.

RECOMMENDATIONS:

If the Planning and Zoning Commission recommends approval of the applicant's request for a *PD Development Plan* then staff would propose the following conditions of approval:

1) The applicant shall be responsible for maintaining compliance with the conditions contained within the *PD Development Plan* ordinance and summarized as follows:

(a) Development of this property shall generally conform to the *PD Development Plan* depicted in the *PD Development Plan* ordinance;

(b) Development of this property shall generally conform to the *Building Elevations* depicted in the *PD Development Plan* ordinance;

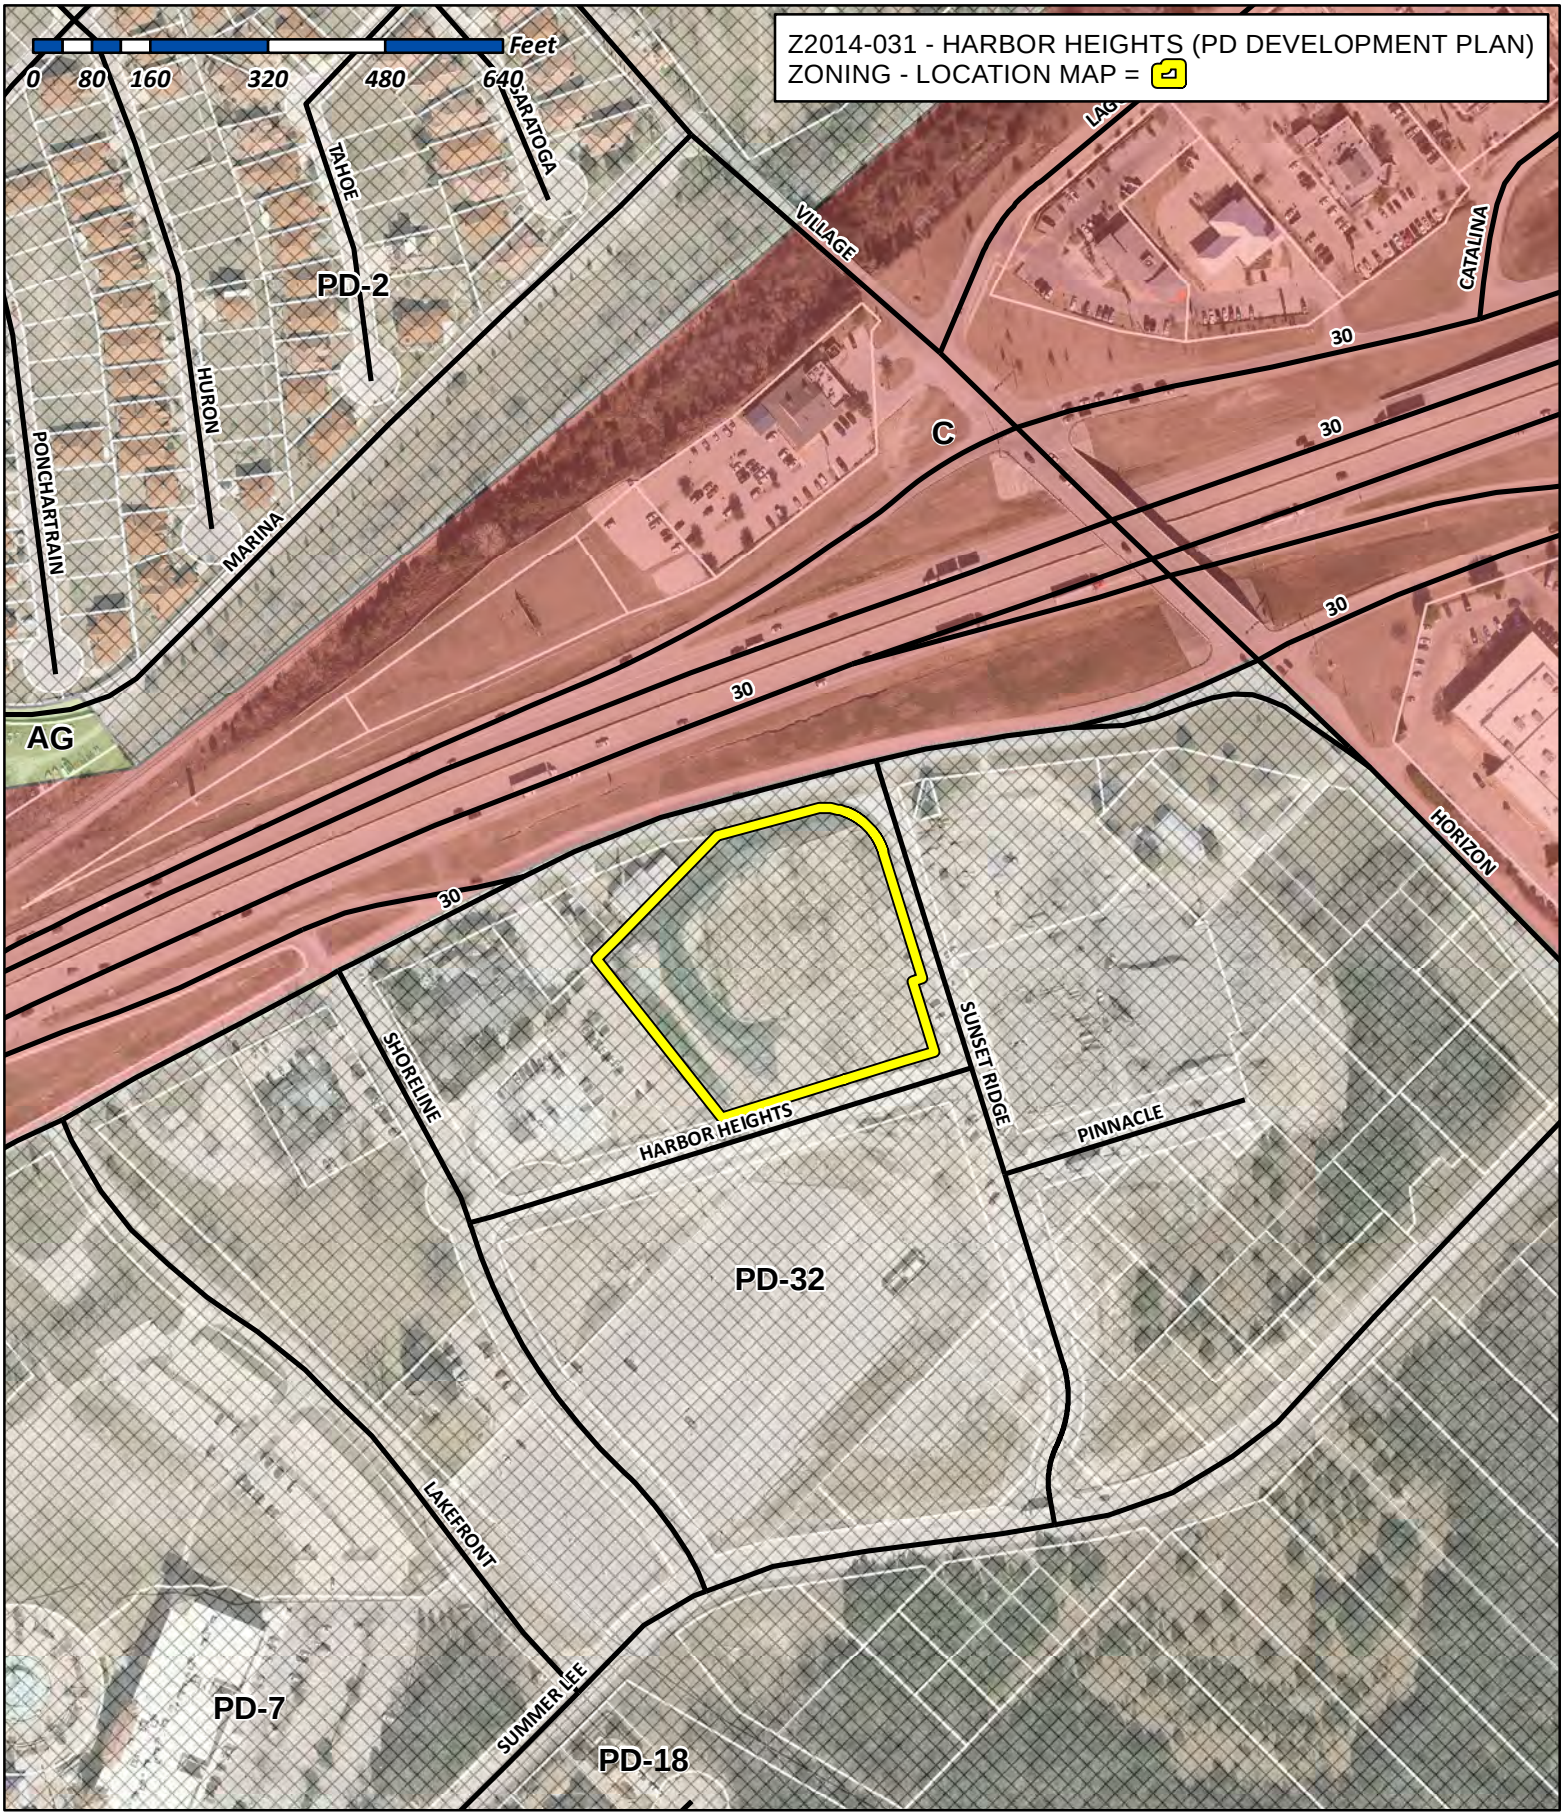
(c) All buildings shall be developed with consideration to the pedestrian access adjacent to Harbor Heights Drive. Additionally, the design of the buildings shall include four (4) sided architecture that creates a dual entry appearance, with buildings fronting on to IH-30 and Harbor Heights Drive;

(d) Building façades must be situated no greater than 27-feet from the build-to-line adjacent to Harbor Heights Drive;

(e) All building materials and color schemes proposed for this development should conform to the requirements stipulated by Planned Development District 32 (PD-32);

(f) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a detailed *PD Site Plan* that demonstrates compliance with all applicable standards of Planned Development District 32 (PD-32) [*as amended*] and with the requirements approved in this ordinance;

(g) All buildings throughout the development shall be constructed with a consistent design scheme, and be approved by the Architectural Review Board (ARB) at the time of the *PD Site Plan*;



(h) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a replat that indicates all necessary easements; and,

(i) The proposed uses for this development shall be required to demonstrate that they have access to a sufficient number of parking spaces within the development itself to support the use.

2) Any construction resulting from the approval of this *zoning amendment* shall conform to the requirements set forth by the Unified Development Code (UDC), the International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING AND ZONING COMMISSION:

On October 28, 2014, the Planning and Zoning Commission recommended approval of the applicant's request per staff recommendations by a vote of 7-0.

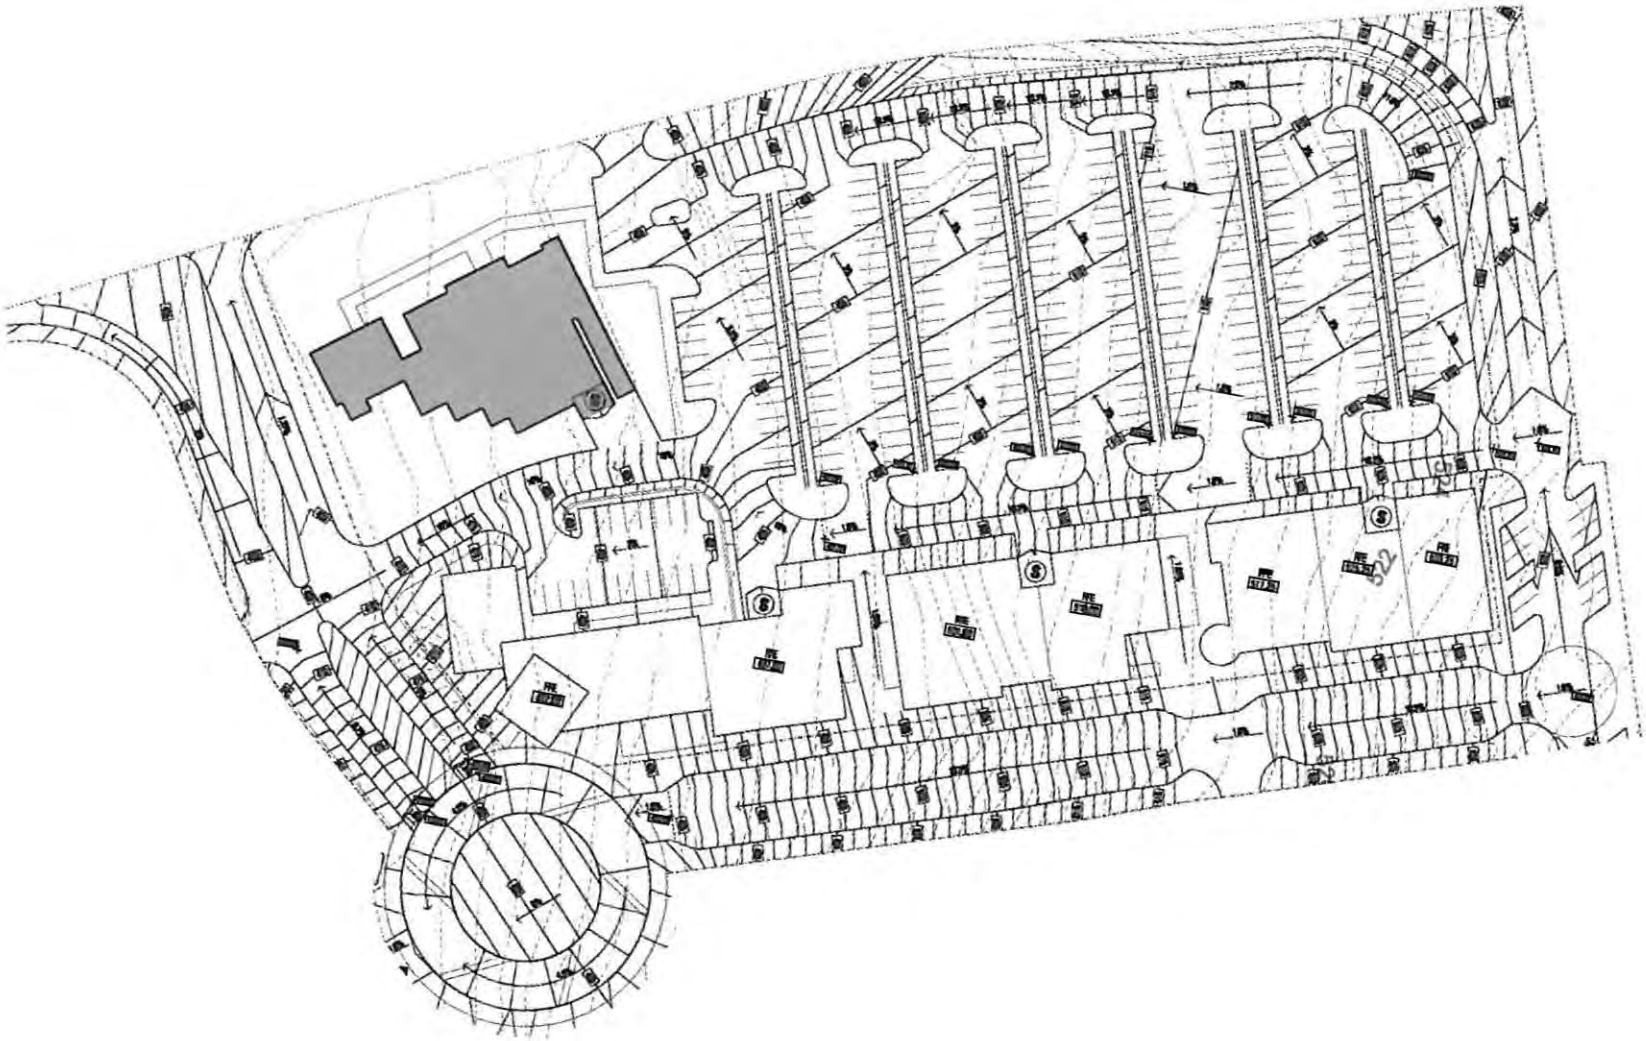
RE: Harbor Heights Restaurant & Retail Pads 1-5.

Dear Ryan,

On behalf of J-BR2, LLC we respectfully request a variance on the following items:

1. Building Setback from Harbor Heights Drive
2. Patio & retaining walls shown on the submitted documents.

Thank you for your time and energy on this project.



Sincerely,

Jimmy Strohmeyer, AIA, NCARB
President & CEO
Strohmeyer Architects Inc

HILLSIDE SUBDISTRICT

GRADING PLAN

293

Exhibit E-4 (Page 1 of 2)
Hillside Subdistrict

HILLSIDE SUBDISTRICT

The intent of the Hillside subdistrict is to provide a cluster of restaurant anchors that can contribute to the creation of a vibrant, pedestrian oriented character within the Harbor District. Existing slopes within this subdistrict are in the 8% - 12% range.

Building Placement

Build-to-line (Distance from R.O.W. line)	
Street Type D	8'
Street Type E	4'

Setback (Distance from R.O.W. line)	
Street Type A	5'
Street Type B	5'
Interstate 30 Frontage	250'

Building Form

Street Type D block face must have a minumum of 85% of its length defined by a building façade.
Street Type E block face must have a minumum of 100% of its length defined by a building façade.

Street Type D façade built to BTL	45%	min.
Street Type E façade built to BTL	45%	min.

Remaining façade must be no less than 2' and no greater than 12' from the BTL.

Maximum Lot Coverage	30%

Notes
When an abutting property with an existing building has windows facing to the side, any new building shall provide at least 10 feet of separation.

Use

Ground Floor	
	Retail
	Restaurant
Upper Floors	
	Retail
	Restaurant
	Office

Height

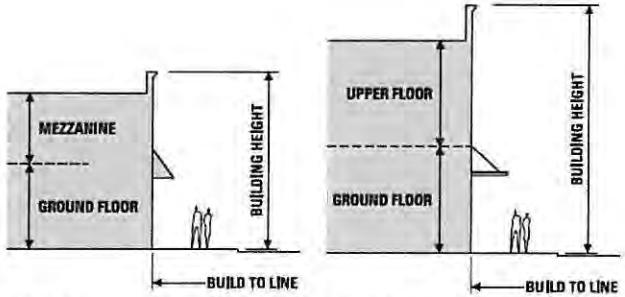
	stories / height
Maximum Building Height *	2 / 35'
Minimum 1st floor commercial Height (with other uses above)	15'
Minimum 1 story commercial Height	25'

Notes
* One additional story may be added for upper floor office use only.

Encroachments

Location	
Street Type D	5'
Street Type E	5'
Street Type A	5'
Street Type B	5'
Interstate 30 Frontage	5'

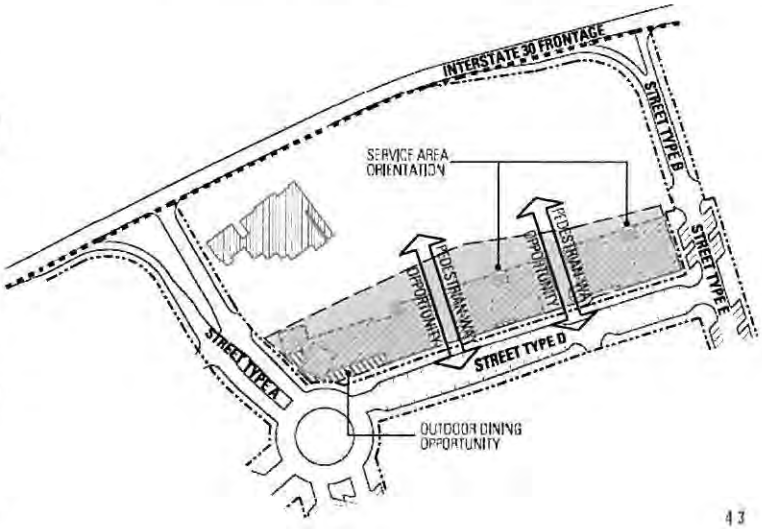
Notes
Canopies, awnings, balconies, and roof overhangs may encroach over the BTL as shown in the table above.



Parking

Surface Parking Setback (Distance from R.O.W. line)	
Street Type D	10'
Street Type E	10'
Street Type A	10'
Street Type B	10'
Interstate 30 Frontage	20'

Surface Parking Lots
A maximum of 100% of the total parking for this subdistrict may be surface parking.

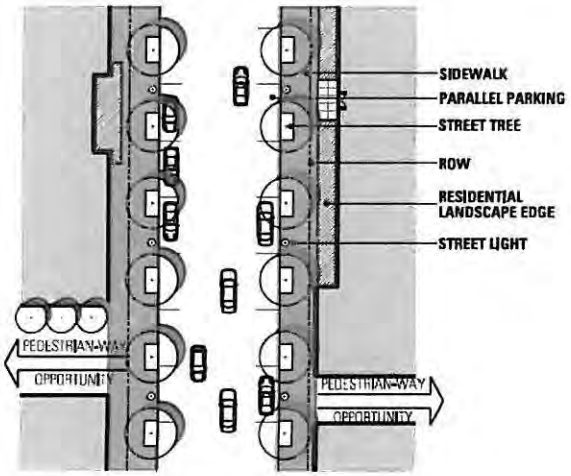


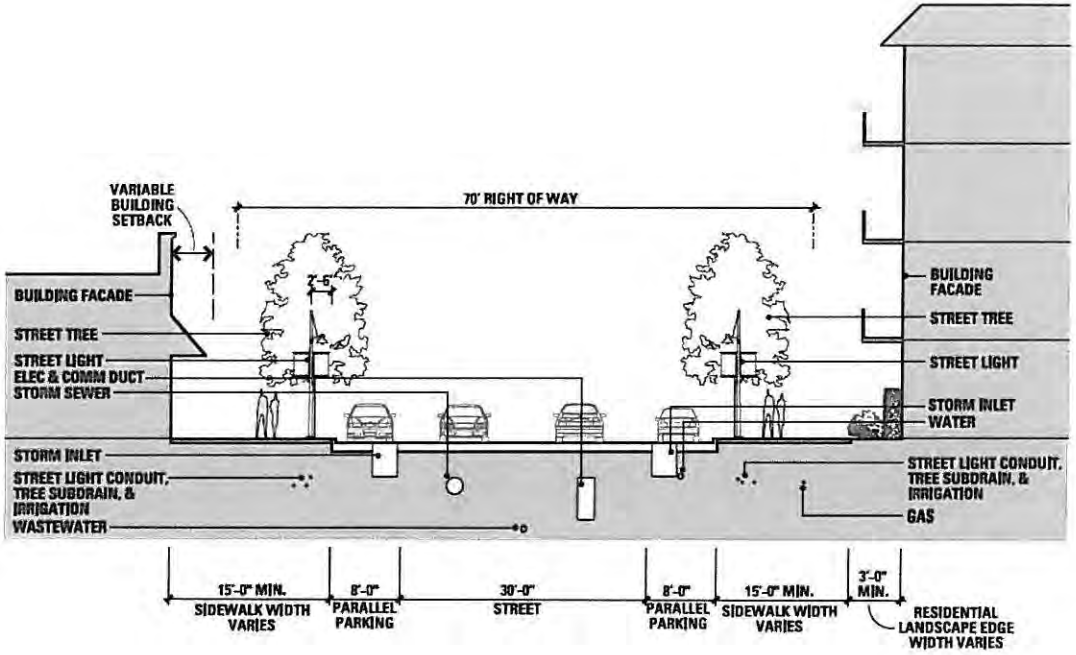
Driveways (Maximum number per block face)	
Street Type D	0
Street Type E, B	1
Street Type A	1
Interstate 30 Frontage	0

Pedestrianways (Minimum number per block face)	
Street Type D	2

1 Story Commercial Building

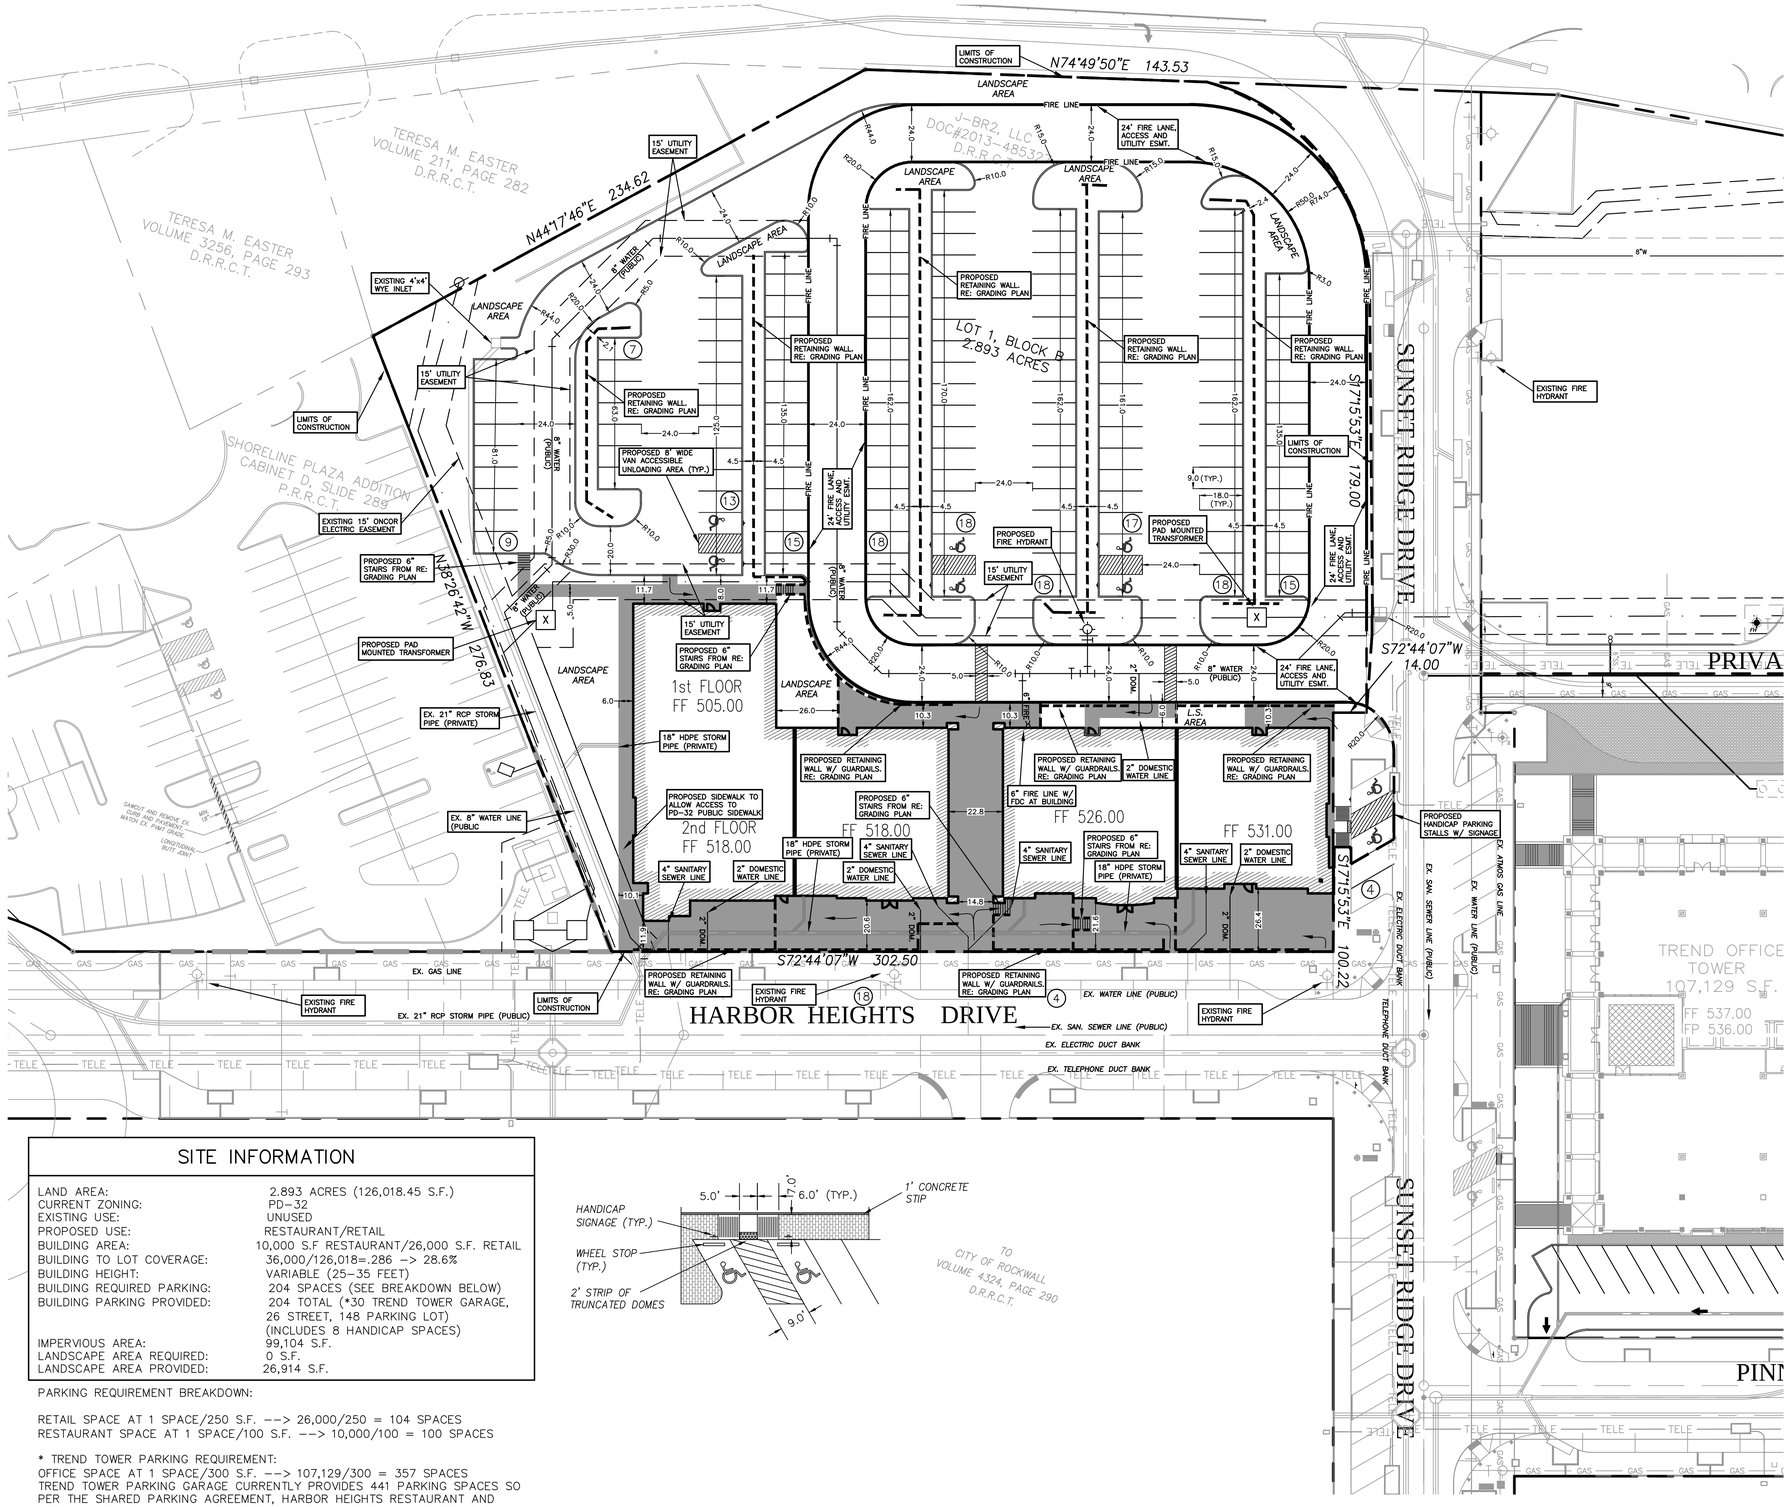
2 Story Commercial Building



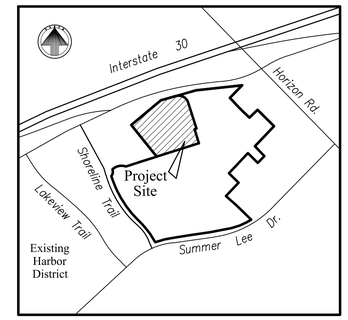


43

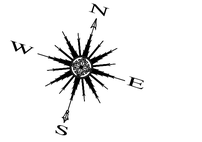
294



STREET TYPE D



Street Type 'D' serves as a primary connector to the existing Harbor development and is a primary street frontage for retail, residential, and mixed-use development within adjacent subdistricts. This street type consists of parallel parking on both sides of a 30' wide street within a 70' right of way. An 11'-6" wide sidewalk is provided on both sides of the street with street trees in 5' x 10' leave outs spaced at 30' O.C. and pedestrian scale street light fixtures spaced at 60' O.C. The pedestrian paving material is concrete pavers. Longitudinal slopes on this street type are generally 10%. At street intersections and key pedestrian crossing areas slopes are limited to 2% for



295

LOCATION MAP

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 10-21* OF PLANNED DEVELOPMENT DISTRICT 32 (PD-32) AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN FOR RETAIL/RESTAURANT PAD SITES ON A 2.893-ACRE PARCEL OF LAND IDENTIFIED AS LOT 1, BLOCK B, HARBOR DISTRICT ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Jimmy Strohmeyer of Strohmeyer Architects, Inc. on behalf of D. W. Bobst of J-BR2, LLC for an amendment to *Ordinance No. 10-21* of Planned Development District 32 (PD-32) and the Unified Development Code [*Ordinance No. 04-38*] for the purpose of establishing a PD Development Plan for retail/restaurant pad sites within the *Hillside Subdistrict*, on a 2.893-acre parcel of land identified as Lot 1, Block B, Harbor District Addition, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] and the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended, shall be further amended by adopting this PD Development Plan and amending the official zoning map of the City of Rockwall for the *Subject Property*; and,

Section 2. That development of the *Subject Property* shall generally be in accordance with the PD Development Plan, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*; and,

Section 3. That development of the *Subject Property* shall generally be in accordance with the Concept Building Elevations, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*; and,

DRAFT ORD. 14-03-2014

Section 4. That the *Subject Property* shall be used only in the manner and for the purposes provided for in Planned Development District 32 (PD-32) [*Ordinance No. 10-21*], the Unified Development Code [*Ordinance No. 04-38*], and in compliance with the following conditions and requirements:

1) Development of this property shall generally conform to the *PD Development Plan* depicted in *Exhibit 'B'* of this ordinance;

2) Development of this property shall generally conform to the *Building Elevations* depicted in *Exhibit 'C'* of this ordinance;

3) All buildings shall be developed with consideration to the pedestrian access adjacent to Harbor Heights Drive. Additionally, the design of the buildings shall include four (4) sided architecture that creates a dual entry appearance, with buildings fronting on to IH-30 and Harbor Heights Drive;

4) Building façades must be situated no greater than 27-feet from the build-to-line adjacent to Harbor Heights Drive;

5) All building materials and color schemes proposed for this development should conform to the requirements stipulated by Planned Development District 32 (PD-32);

6) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a detailed *PD Site Plan* that demonstrates compliance with all applicable standards of Planned Development District 32 (PD-32) [*as amended*] and with the requirements approved in this ordinance;

7) All buildings throughout the development shall be constructed with a consistent design scheme, and be approved by the Architectural Review Board (ARB) at the time of the *PD Site Plan*;

8) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a replat that indicates all necessary easements; and,

9) The proposed uses for this development shall be required to demonstrate that they have access to a sufficient number of parking spaces within the development itself to support the use.

Section 5. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 6. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 7. The standards in this ordinance shall control in the event of a conflict between this

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

CC: Robert LaCroix, *Director of Planning and Zoning*

FROM: Ryan Miller, *Planning Manager*

DATE: October 28, 2014

SUBJECT: MIS2014-016; *509 Parks Avenue*

The applicant, David Dorotik, is requesting an exception to the residential parking requirements stipulated by Article VI, *Parking and Loading*, of the Unified Development Code (UDC) for the purpose of parking an antique farm tractor under an existing carport. According to Section 4, *Residential Parking*, of Article VI of the UDC, "(o)n lots less than five [5] acres … *farm machinery*, or similar equipment, … shall not be parked or stored on any residential or agricultural lot or the adjacent street …(unless) [1.] Such equipment shall be located beside or behind the primary structure and back from the nearest corner of the front façade of the house a minimum ten (10) feet … [2.] such equipment is screened from view of public right-of-way with a minimum six (6) foot solid fence or equivalent landscaping; and … [4.] it shall be parked on an approved surface of concrete, asphalt or stabilized gravel." The applicant is proposing to park the antique tractor under an existing carport situated behind the primary structure adjacent to Lilian Street. The tractor will not be screened and will be visible form a public right-of-way. In accordance with Section 8.5, *Criteria for Granting Special Exceptions*, of Article II, *Authority and Administrative Procedures*, of the UDC staff is bringing the applicant's case forward as a special exception. Under this section, the City Council may grant a special exception to the requirements of the UDC, pending a recommendation by the Planning and Zoning Commission, upon finding that the request meets the following criteria:

A. Such special exception will not substantially or permanently injure the appropriate use of adjacent property in the same district;
B. Such special exception will not adversely affect the health, safety or general welfare of the public;
C. Such special exception will not be contrary to the public interest;
D. Such special exception will not authorize the operation of a use other than those uses specifically authorized for the district in which the property for which the exception is sought is located, except as provided elsewhere in this [Unified Development Code];
E. Such special exception will be in harmony with the spirit and purpose of this [Unified Development Code];
F. Such special exception will not alter the essential character of the district in which is located the property for which the exception is sought;
G. Such special exception will not substantially weaken the general purposes of the zoning regulations established for the district in which the property is located; and
H. Such special exception is within the spirit and intent of the city's comprehensive plan and other policies.

On October 28, 2014, the Planning and Zoning Commission recommended approval of the applicant's request by a vote of 7-0. Should the City Council choose to approve the applicant's request then Mr. Dorotik would only be permitted to store the antique tractor underneath the existing carport, and not on the adjacent driveway.

Mr. Robert La Croix, Director
Planning and Zoning
City of Rockwall

Dear Mr. LaCroix:

Per our conversations, I hereby request a meeting with the Commission to discuss placement of my antique FARMALL tractor.

Further supporting information shall be provided prior to the meeting.

Sincerely
David Dorotik

JAMES TRAFICANT

Colorful politician cast from Congress

CLEVELAND — James Traficant, the colorful Ohio politician whose conviction for taking bribes and kickbacks made him only the second person to be expelled from Congress since the Civil War, died Saturday. He was 73.

Traficant was seriously injured Tuesday after a vintage tractor flipped over on him as he tried to park it inside a barn on the family farm near Youngstown. He died four days later in a Youngstown hospital, said Dave Betras, chairman of the Mahoning County Democratic Party.

Rockwall City Council

385 South Goliand Street

Rockwall, TX 75087

Dear Council Members:

Please allow this letter to serve as my support for Mr. Dorotik's request to store his tractor, as he previously has, outside, covered and under his carport.

This request is not without consequence as we are in full view of the carport, garage and area where he previously stored his tractor. Lillian Street bifurcates our properties and we both access our garages from the same spot on Lillian.

The tractor is not abandoned. Mr. Dorotik often 'tinkers' with his antique tractor it to keep it running and move it when necessary. Apparently, the tractor would be permitted on a larger lot (>5 acres), but we feel it fits in our neighborhood – which we consider historical.

While I could understand the City's need to eliminate abandoned farm implements and other machinery, cars and appliances from neighborhoods, this appears to be a prime example of an 'exception' to the ordinance put in place after he acquired and started storing his tractor.

Sincerely,

Patrick Trowbridge

To Whom It May Concern:

It has been brought to my attention that the city of Rockwall has determined that an antique tractor, located at 509 Parks Ave., needs to be removed according to a city ordinance that bans agriculture equipment. While I can't speak to the actual verbiage of the ordinance, I am fairly certain the intent was to prevent the neighborhoods from looking like a feed store parking lot in some far-flung locale in rural Texas, not prevent antiques collectors from preserving a slice of Americana.

The equipment in question has been in place for the entire six years I have lived at 507 Parks and I cannot recall a time that anybody, including myself, voiced any objection. I do find it curious that "code enforcement" patrols have been driving through the area all this time and it was never a concern before now. Not sure what would be worse, incompetence or selective enforcement by code enforcement personnel or the city allowing itself to be used as a pawn to settle scores between citizens.

Respectfully Submitted,

Brooks W Tolman

EXHIBIT 5

To Who it may concern - 12 Oct. 14

In the 6 years that my family has lived a couple houses down from Mr. Doritek, we have never had a problem with his antique tractor. It's not in sight and it's not a nuisance. I've actually never noticed it parked on his property.

Mr. Doritek is a great neighbor to many and a wonderful fit for our neighborhood. We appreciate the freedom from an HOA, which is one primary reason we moved to this area. Would you please allow Mr. Doritek the freedom and right to keep his tractor tucked away on his personal property?

Thank you for your consideration,
Stacy Fuqua 604 Parks Ave.

October 10, 2014

To Whom It May Concern,

I am a resident of the Historic District of Old Town Rockwall and a neighbor of David Dorotik on Parks Avenue. Mr. Dorotik has made me aware of a concern regarding his antique tractor. This quaint relic is maintained in working condition and is a character in our neighborhood, in much the same way as other old time institutions such as Boots Burgers. This tractor has occasionally been featured in our city's Fourth of July parade, putt-putting along with red, white and blue streamers and smiling, waving participants following along behind. It has been part of our neighborhood since before the 2008 ordinance that is now being cited as a reason to do away with or hide it.

We have others in the area with carports too and with, dare I say it, *MOTORCYCLES* in full view of pedestrians and *children* (not to mention senior citizens such as myself) at all times of the day and night! And these motorcycles are not nearly as distinguished. None of them have been in the Fourth of July parade! If we are to disallow our neighborhood's antique tractor to be in a carport, then it only makes sense to rule out motorcycles...and maybe lawn sprinklers too and lawn ornaments like "gazing balls", come to think of it. And let's not forget garden hoses... and hot dogs and apple pie...

As you can tell, I think that this is absurd.

I would like to point out that we in the neighborhood kind of like that tractor. It is antique *decoration*...not a working farm implement being stored between jobs...wholly consistent with the atmosphere, mood and character of the neighborhood. It ought to be grandfathered in as an exception. Just a suggestion...

I am proud to be a resident of the Old Town Historic District of Rockwall. It has a lot of character, just as we who live here do. We like the way our town square, our old fashioned houses and big trees and "apple-pie-ness" say AMERICA in bold, proud letters. I would request that those involved revisit this issue and use some common sense.

Sincerely,

William Freeman

EXHIBIT (7)

To Whom It May Concern:

My wife and I would like to request that the City of Rockwall grant David Dorotik an exception in order to keep his antique tractor at his home, located at 509 Parks Ave. We lived next door at 601 Parks from 2005 -2011 and we never even realized he had a tractor until we saw it in the parade one year. It has never been an eyesore or a problem for the neighbors. It is truly a novelty and such a wonderful way for young people to experience history in a tangible way. The Dorotiks are always eager to share their neat treasures.

Please allow Mr Dorotik to keep his antique tractor on his property.

Thank you,

Jay and Alison Odom

Rockwall TX 75087

October 7, 2014

City of Rockwall
Code Compliance
Rockwall, TX 75087

To whom it may concern:

Recently, it was brought to my attention, that my neighbor across the street from my house has a tractor parked in his carport. It is covered with a tarp. My neighbor is David Dorivik at 509 Parks. I have been living directly across the street from his house for over 3 years. I face his home and have never even noticed this tractor until he pointed it out to me. Apparently your office has a problem with the tractor's location.

I would just like to voice my opinion about this matter. Both David and I keep the outside appearance of our homes in a condition that contributes to the beauty of our neighborhood. David's tractor is not an eyesore, nor a nuisance to this neighborhood. It is very difficult to notice that it is even there, as I myself have never known that it was there at all.

I have never heard any other complaints from any of my neighbors about this issue. David has been a long term resident in this neighborhood and is considerate toward others. I hope that he can continue to reside here without any further concern regarding his tractor, as it is not a concern to any David's neighbors.

Sincerely,

Jonathan Marshall

City of Rockwall
The New Horizon

MEMORANDUM

TO: City Council

FROM: Robert LaCroix

DATE: October 20, 2014

SUBJECT: Variance to the distance requirement for alcoholic beverage sales for off premise consumption in conjunction with a retail business.

The owner of the property located at the southeast corner of John King Boulevard and SH 276 has authorized David English with Ridge Pointe Commercial Real Estate to request a variance to the 300 foot distance requirement for alcoholic beverage sales for a proposed a retail grocery store (Walmart Neighborhood Market) to be located on this property. Currently the proposed the property line would be at its closer point, 138.8 feet from Jones Elementary School property line as shown on the attached exhibit. The City of Rockwall has adopted the distance requirements for the distance separation from schools, churches and hospitals as is required by the Texas Alcoholic Beverage Code for the sale of alcoholic beverages. The City's Unified Development Code states the following:

Retail establishments with alcoholic beverage sales.

1. Retail establishments may sell beer and wine for off-premises consumption by right if they are located on property that was within the city limits as of November 14, 2007, and are located in a zoning district allowing such use. Retail establishments located on property that was annexed after November 14, 2007, may not engage in the selling of beer and wine for off-premises consumption.

2. Retail establishments engaged in the selling of beer and wine to the general public for off-premises consumption shall be subject to compliance with the Texas Alcoholic Beverage Code, as it exists or may be amended and must be located not less than 300 feet from a church, public school, private school (as defined by the Texas Alcoholic Beverage Code) or public hospital. For a church or public hospital, the 300 feet shall be measured along the property lines of the street fronts and from front door to front door, and in a direct line across intersections. For public schools or private schools, the measurement of distance shall be in direct line from the property line of the public school to the property line of the retail establishment and in a direct line across intersections. If the permit or license holder is located on or above the fifth story of a multistory building, the measurement shall be in a direct line from the property line of the public or private school to the property line of the place of business, in a direct line

across intersections, and vertically up the building at the property line to the base of the floor on which the permit or license holder is located.

The city council may grant a variance to the distance regulations if the city council determines that enforcement of those regulations in a particular instance is not in the best interest of the public, constitutes waste of inefficient use of land or other resources, creates an undue hardship on an applicant for a license or permit, does not serve its intended purpose, is not effective or necessary, or for any other reason the city council, after consideration of the health, safety, and welfare of the public and the equities of the situation, determines is in the best interest of the community.

The proposed neighborhood Walmart store is indicated to be 41,000 square feet in size and would have access drives on SH 276 and John King Boulevard. Jones Elementary has no direct access to John King Boulevard or SH 276 but does access from the Trailglen Drive which the school fronts to.

RE: Beer and Wine variance – SEQ of John King and Hwy 276; Rockwall, TX

Dear Robert:

The owner of the above referenced property has authorized me as per the attached letter to request a variance of the "300 foot alcohol rule" on his behalf. The subject property is currently under contract with plans to build a 41,000 sf "Neighborhood" grocery store on site.

I have attached a site plan showing the proposed store layout in relationship to the school and the closest distance- property line to property line. Please let me know what else you need so this request can be on the agenda for the October 20th meeting.

Sincerely,

David English

RE: Variance for the sale of beer and wine within 300 ft of a public school

David,

This letter shall serve as my authorization for you to speak to the city on my behalf regarding the above reference variance our buyer is requesting. It is my desire to complete the sale we have in place with Wal-Mart so they can build a 41,000 square foot neighborhood grocery store on my property. In order to do that, Wal-Mart will need to be able to sell beer and wine. I sincerely hope the city and school would support this development as I believe it is not only beneficial to the city, county and community but it is also much less threatening than a corner gas-convenience store or restaurant.

Regards,

Don Holloway
General Partner of Lofland Farms, Ltd.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

CC: Robert LaCroix, *Director of Planning and Zoning*

FROM: JoDee Sanford, *Planning Technician*

DATE: October 29, 2014

SUBJECT: SP2014-007; *Variance to the Screening Requirements (Albright-Hill Office Building)*

The applicant, Matthew Mulliken of Mulliken Construction Management, Inc., has submitted a request for a variance to the residential adjacency screening requirements stipulated by *Article VIII, Section 5.6, of the Unified Development Code.* According to the applicant's letter, the purpose of the waiver request is to accommodate the historically landmarked residential home adjacent to the subject property as well as mitigate future maintenance costs of a masonry wall for the property owner.

A site plan for the property was approved by the Planning and Zoning Commission on May 13, 2014. City Council denied a request for a living screen in lieu of the required masonry screening on May 19, 2014 by a vote of 6-1 with Council Member White dissenting. At this time, the applicant on behalf of the neighbor, Mr. Rickerson who owns the adjacent landmarked property, and the property owner, is asking for the Council to reconsider the living screen.

MULLIKEN
CONSTRUCTION MANAGEMENT, INC.

October 2, 2014

Ms. JoDee Sanford
Planning Technician
City of Rockwall
385 South Goliad
Rockwall, Texas 75087

Re: Albright-Hill Office Building
105 St. Mary's Street
Rockwall, Texas

Dear Ms. Sanford,

I'm writing on behalf of the owners of the above referenced project and the next door neighbor to request a change in the requirement of a masonry screen wall on the North and East sides of the property. When the architect and I originally took this project to the city for the pre-design meeting, we discussed the City's requirement for a masonry screen between residential and commercial property. The City staff suggested, however, that because this structure was going to be built next to a historical residence, an alternative material might be acceptable. The use of a living screen wall was discussed and put into the site plan. This living screen wall consists of fifteen (15) – 3" caliber Eastern Red Cedar trees. This alternative screen wall was passed unanimously by the Planning and Zoning Committee, but was voted down by the City Council.

The reasoning for not using the masonry screen wall is the following:

1. It does not fit into the existing historic neighborhood.
2. Future maintenance could be an issue. While there are not any masonry screen walls around the current location, screen walls within a two block radius have experienced soil movement and the walls are tilting and cooked. With all of the existing vegetation and the fifteen trees that are going to have to be installed adjacent to this fence, future movement could be an issue.
3. The additional trees are necessary to meet the building code and the additional expense of the masonry screen wall is not an expense that was expected by the Owner based on our pre-design meeting with the City.

As we were preparing the property for construction to begin, I met and discussed the project with the next door neighbor, Mr. Charles Rickerson. He lives in and is currently restoring the residence directly to the East of the Albright-Hill property. He expressed his concern about the construction of the masonry wall. During our discussion, I told him that we were going to request a change in the masonry screen wall requirement, and he expressed his support for this change.

The owner would prefer to install the living screen wall as originally discussed with City staff. The living wall will require less maintenance for the owner and will provide a barrier similar to what already exists on the property and within this historic neighborhood. This type of screening is used along the South side of the City Hall complex between the parking lot and the residential complex next door.

MatthewMulliken@msn.com 903-450-2529 P.O. Box 2523 Rockwall Texas 75087

329

A second option would be to use a wooded fence, similar to those you might find in a residential neighborhood. While there are not many found in this particular neighborhood, a wooden fence was used to screen the property between the First Baptist Church's Youth Building and the homes to the West and does present a softer look than a masonry wall.

Ideally, we would like to be given the opportunity to plant the 15 trees for your inspection. If after the inspection, the City is not satisfied with the results, a wooden fence could then be erected. I do believe, however, that all parties will be satisfied with the trees once they are planted.

We appreciate your consideration. If you have any questions or require any additional information, please do not hesitate to contact me.

Sincerely,

Matthew Mulliken

TREE PLANTING LIST

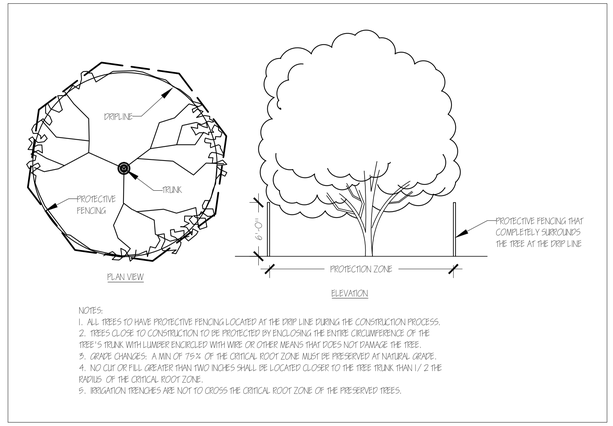
TREE PLANTING PLAN

Scale: 1" = 20'

Sec. 9.1. Tree protection.
A. Prior to any construction or land development, the developer shall mark with an aluminum tag which indicates its relationship to the treescape plan and clearly flag with bright fluorescent red vinyl tape all protected trees. The red tape should be wrapped around the main trunk of the protected tree at a height of approximately five feet so that the tape is clearly visible during construction. In those instances where a protected tree is so close to the construction area that construction equipment could possibly damage the tree, a protective fence shall be required. The protective fence must be maintained during all construction phases until the project is finished.
B. Property owner shall be responsible for protecting feature trees including the use of an arborist, as necessary.

Sec. 9.2. Material and equipment storage. The developer or contractor shall not store any material or equipment under the canopy of any protected tree. During the construction stage of the development no cleaning or storage of equipment or material shall be allowed within the drip line of a protected tree. Those materials include, but are not limited to, oils, solvents, mortar, asphalt and concrete.

Sec. 9.3. Signs. No signs, wire or other attachments shall be attached to the protected trees.



Sec. 9.4. Traffic. No vehicular traffic, construction equipment traffic or parking shall take place within the drip line of a protected tree other than on an existing street pavement. This restriction does not apply to single incident access for purposes of clearing underbrush, establishing the building pad and associated lot grading, vehicular traffic necessary for routine utility maintenance or emergency restoration of utility service or routine mowing operations.

Sec. 9.5. Grade. No grade change in excess of two inches shall be allowed within the drip line of any protected tree unless adequate construction methods are approved beforehand. If approved, major grade changes (i.e., two inches or greater) within the critical root zone of a protected tree will require additional measures to maintain proper oxygen and water exchange with the roots. Root pruning will be required when disturbance will result in root exposure.

Sec. 9.6. Tree flagging. At the time of submittal of the treescape plan all protected trees should be marked with an aluminum tag which indicates its relationship to the treescape plan and clearly flagged with bright fluorescent red vinyl tape. The red tape should be wrapped around the main trunk of the protected tree at a height of approximately four feet so that the tape is clearly visible.

Sec. 9.7. Boring. Boring of utilities under protected trees shall be required in those circumstances where it is not possible to trench around the critical root zone of a protected tree. When required, the length of the bore shall be the width of the critical root zone plus two feet on either side of the critical root zone and shall be at a minimum depth of 48 inches.

Sec. 9.8. Damage. Any physical damage to a tree preserved for credit that is considered to place the survival of the tree in doubt shall be eliminated as a credited tree and will require additional trees to planted in its place at the required ratio. A certified arborist shall be consulted to determine whether physical damage to a tree places the survival of the tree in doubt.

NOTES:
1. ALL TREES TO HAVE PROTECTIVE FENCING LOCATED AT THE DRIP LINE DURING THE CONSTRUCTION PROCESS.
2. TREES CLOSE TO CONSTRUCTION TO BE PROTECTED BY ENCLOSING THE ENTIRE CIRCUMFERENCE OF THE TREE'S TRUNK WITH LUMBER ENCIRCLED WITH WIRE OR OTHER MEANS THAT DOES NOT DAMAGE THE TREE.
3. GRADE CHANGES: A MIN OF 75% OF THE CRITICAL ROOT ZONE MUST BE PRESERVED AT NATURAL GRADE.
4. NO CUT OR FILL GREATER THAN TWO INCHES SHALL BE LOCATED CLOSER TO THE TREE TRUNK THAN 1/2 THE RADIUS OF THE CRITICAL ROOT ZONE.
5. IRRIGATION TRENCHES ARE NOT TO CROSS THE CRITICAL ROOT ZONE OF THE PRESERVED TREES.

SECTION 02910 – SOIL PREPARATION
PART 1 – GENERAL
A. DESCRIPTION
1. PROVIDE COMPLETE GRADING AND SOIL PREPARATION, INCLUDING AMENDMENTS, AS SPECIFIED HEREIN.
B. EXAMINATION
1. EXAMINE SITE TO VERIFY REQUIRED ROUGH GRADING HAS BEEN COMPLETED CORRECTLY PRIOR TO BED PREPARATION WORK.
2. EXAMINE SITE TO VERIFY THAT ALL INVASIVE PLANTS AND THEIR ROOTS HAVE BEEN REMOVED PRIOR TO BED REPARATION WORK.
C. APPROVALS
1. ALL 'APPROVED EQUAL' MATERIALS MUST BE APPROVED BY LANDSCAPE ARCHITECT.

PART 2 – PRODUCTS
A. MATERIALS
1. COMPOST:
1.1. COTTON BUR COMPOST
1.2. SHALL BE SUPPLIED BY: GREENSENSE COMPOST, GARLAND, TX. OR, CLEAR FORK MATERIALS, ALEDO, TX, OR APPROVED EQUAL.
2. FERTILIZERS AND SUPPLEMENTS:
2.1. A 6–2–4 GRANULAR FERTILIZER WITH A WATER SOLUBLE SLOW RELEASE ORGANIC BASE SUCH AS GREENSENSE, OR SUSTANE. OR APPROVED EQUAL.
3. MULCH
3.1. SHALL BE SHREDDED HARDWOOD MULCH, SHREDDED CEDAR MULCH, SHREDDED NATIVE MULCH, OR APPROVED EQUAL.

PART 3 – EXECUTION
A. BED PREPARATION AND PREPARATION FOR SOD INSTALLATION
1. GENERAL
1.1. INSPECT ALL EXISTING CONDITIONS AND OTHER ITEMS OF WORK PREVIOUSLY COMPLETED. DO NOT PROCEED UNTIL DEFECTS ARE CORRECTED.
1.2. INSPECT THAT ALL INVASIVE PLANTS AND THEIR ROOTS HAVE BEEN REMOVED COMPLETELY.
1.3. ALL AREAS TO BE PREPARED WITH ORGANIC TECHNIQUES ONLY.
2. SHRUB BEDS:
2.1. BREAK UP AND TILL EXISTING SOIL TO A DEPTH OF 6 INCHES,
2.2. ADD A 3 INCH LAYER OF COMPOST TO THE BEDS,
2.3. TILL EXISTING SOIL AND COMPOST TOGETHER TO A TOTAL OVERALL DEPTH OF 8 INCHES.
2.4. RAKE OUT ROCKS AND CLODS AND FINE GRADE THE BEDS TO DRAIN IN APPROPRIATE DIRECTIONS.
2.5. TOP–DRESS BED WITH A 3 INCH LAYER OF MULCH AFTER PLANTING.
3. SOD AND SEED AREAS
3.1. LIGHTLY CULTIVATE COMPACTED SOIL AND RAKE THE SOIL SMOOTH.
3.2. ADD ½ INCH COMPOST TO ALL AREAS.
3.3. FINE GRADE TO DRAIN IN APPROPRIATE DIRECTIONS.

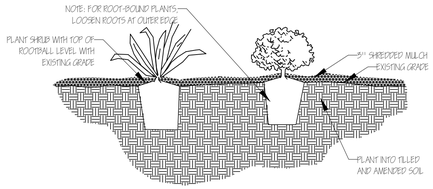
END OF SECTION 02910

NOTES
GENERAL LANDSCAPE

1. LANDSCAPE CONTRACTOR IS RESPONSIBLE FOR LOCATING ALL UNDERGROUND UTILITIES AND STRUCTURES WHETHER OR NOT SHOWN ON THE PLANS, AND SHALL BE RESPONSIBLE FOR DAMAGE TO SAID UTILITIES OR STRUCTURES CAUSED BY HIS/HER CREW AND SUBCONTRACTORS.

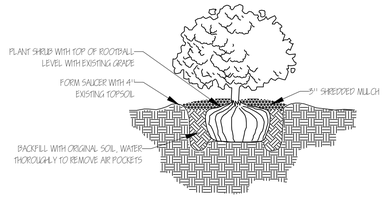
2. NO PLANTING TO TAKE PLACE UNTIL OWNER HAS INSPECTED AND APPROVED THE BED PREPARATION.

3. NO PLANTING TO TAKE PLACE UNTIL OWNER HAS INSPECTED AND APPROVED ALL PLANT MATERIAL AND ALL PLANT PLACEMENT. FIELD ADJUSTMENTS OF PLANT LOCATIONS TO BE COORDINATED WITH OWNER.



4. ALL CANOPY AND ORNAMENTAL TREES TO BE STAKED (SEE DETAIL.)

SECTION 02915 – LANDSCAPE PLANTING
PART 1 – GENERAL
A. SPECIAL CONDITIONS
1. COMPLY WITH APPLICABLE FEDERAL, STATE, COUNTY AND LOCAL REGULATIONS GOVERNING LANDSCAPE MATERIALS AND WORK.
2. EMPLOY ONLY EXPERIENCE PERSONNEL FAMILIAR WITH REQUIRED WORK. PROVIDE ADEQUATE SUPERVISION BY A QUALIFIED FOREMAN WITH A MINIMUM OF TEN(10) YEARS EXPERIENCE WITH PROJECTS OF SIMILAR COMPLEXITY.
3. DO NOT MAKE SUBSTITUTIONS OF TREE, SHRUB AND GRASS MATERIALS. IF REQUIRED MATERIAL IS NOT OBTAINABLE, SUBMIT PROOF OF NON–AVAILABILITY TO OWNER'S REPRESENTATIVE.
4. PROVIDE QUANTITY, SIZE, GENUS, SPECIES AND VARIETY OF TREES AND SHRUBS INDICATED AND SCHEDULED FOR LANDSCAPE WORK WHICH COMPLY WITH APPLICABLE REQUIREMENTS OF ANSI Z60.1 AMERICAN STANDARD FOR NURSERY STOCK , AND ANY APPLICABLE STATE AND FEDERAL LAWS CONCERNING DISEASE AND INSECT INFESTATION.
B. REFERENCE STANDARDS
1. AMERICAN STANDARD FOR NURSERY STOCK, APPROVED NOV. 6, 1996 BY AMERICAN NATIONAL STANDARDS INSTITUTE, INC.
2. SHINNERS & MAHLER'S, ILLUSTRATED FLORA OF NORTH CENTRAL TEXAS, BOTANICAL RESEARCH INSTITUTE OF TEXAS (BRIT), FORT WORTH, TEXAS, 1999.
3. HORTUS THIRD, CORNELL UNIVERSITY, 1967.
C. PREPARATION
4. COORDINATION WITH BUILDING AND ENGINEERING PROJECT ACTIVITIES.
5. COORDINATE THE WORK OF THIS SECTION WITH THAT OF REGULAR AND EMERGENCY WATER UTILITY ACTIVITIES ON THE SITE.
6. COORDINATION WITH IRRIGATION SYSTEM:
6.1. THE UNDERGROUND IRRIGATION SYSTEM MUST BE INSTALLED PRIOR TO COMMENCEMENT OF THE PLANTING OPERATIONS.
6.2. THE IRRIGATION SYSTEM SHALL BE OPERATIONAL AT THE TIME THAT PLANTING OPERATIONS COMMENCE.
6.3. COORDINATE WORK WITH THE IRRIGATION CONTRACTOR TO PREVENT DAMAGE TO THE IRRIGATION SYSTEM.
D. ALL PLANT MATERIALS FOR THIS PROJECT SHALL BE NURSERY–GROWN, INCLUDING TREES.
1. CONTAINER GROWN PLANTS SHALL HAVE BEEN STEPPED–UP AS NECESSARY TO PREVENT ROOT GIRDLING.
2. CONTAINER GROWN PLANTS SHALL HAVE BEEN IN THE CONTAINER FOR A MINIMUM OF SIX (6) MONTHS PRIOR TO DELIVERY TO THE SITE TO ENSURE ADEQUATE ROOT DEVELOPMENT.
3. THE 'ROOT FLARE' OF ALL TREES AND SHRUBS SHALL NOT BE COVERED WITH SOIL.
E. THE FOLLOWING TREE CARE PROCEDURES SHALL BE ADHERED TO:
1. DO NOT MAKE FLUSH CUTS OR LEAVE STUBS WHEN PRUNING. LEAVE THE BRANCH COLLAR INTACT.
2. DO NOT USE ANY TYPE OF PRUNING PAINT ON WOUNDS.
3. DO NOT USE ANY TYPE OF TREE WRAP, EXCEPT, TRUNKS MAY BE WRAPPED WITH BURLAP DURING PLANTING OPERATIONS ONLY.
4. DO NOT STAKE OR GUY ANY TREES. IN SPECIAL CASES, TREE STAKING MAY BE NECESSARY TO PRESERVE A TREE THAT CONTINUES TO BLOW OVER. THE CONTRACTOR WILL BE RESPONSIBLE FOR ANY TREES THAT NEED STAKING FOR A PERIOD OF ONE YEAR.
5. DO NOT HANDLE ANY TREE BY ITS TRUNK. ANY TREE HANDLED IN SUCH A MANNER SHOULD BE REJECTED.



F. WARRANTEE
1. UNCONDITIONALLY WARRANT ALL PLANTS FOR A PERIOD OF ONE (1) YEAR AFTER THE DATE OF INSTALLATION INITIAL ACCEPTANCE. REPLACE MATERIALS NOT IN VIGOROUS, THRIVING CONDITION AS SOON AS WEATHER PERMITS AFTER NOTIFICATION BY OWNERS THAT THE PLANTS HAVE DIED OR ARE OTHER WISE NOT ACCEPTABLE. GUARANTEE REPLACEMENT PLANTS FOR ONE YEAR, STARTING FROM THE DATE REPLACEMENT IS MADE.
2. WARRANTY EXCLUDES REPLACEMENT OF PLANTS BECAUSE OF INJURY BY STORM, NATURAL DROUGHT, DROWNING, HAIL FOR FREEZING, IF REASONABLE CARE WAS TAKEN TO ADEQUATELY PROTECT THE MATERIAL, AND IN THE OPINION OF THE OWNER'S REPRESENTATIVE THAT THE PROBLEM OCCURRED AFTER THE DATE OF INITIAL ACCEPTANCE.

PART 3 – EXECUTION
A. PREPARATION FOR PLANT MATERIAL INSTALLATION
1. EXAMINE THE SUB–GRADE UPON WHICH THE WORK IS TO BE PERFORMED, VERIFY GRADE ELEVATIONS AND VERIFY THAT BEDS HAVE BEEN LEFT LOW BY OTHER TRADES. OBSERVE THE CONDITIONS UNDER WHICH THE WORK IS TO BE PERFORMED AND CONFIRM THAT UNSATISFACTORY CONDITIONS HAVE BEEN CORRECTED PRIOR TO PROCEEDING.
B. TIME OF PLANTING
1. CARE IS TO BE TAKEN SO THAT NO PLANTS SIT IN POTS IN THE SUMMER HEAT FOR MORE THAN 1 HOUR. IF PLANTING DURING HOT SEASONS (NOT PREFERRED) PLANTING IS TO BE DONE IN SMALL SECTIONS WITH STOCKPILED PLANTS TO BE PROTECTED FROM THE SUMMER HEAT (SHADE AREAS).
C. TREE PLANTING
1. STAKE LOCATIONS FOR TREES PRIOR TO DIGGING HOLES.
2. DIG PITS WITH ROUGH SIDES AND WHICH HAVE TAPERED WALLS, A MINIMUM OF TWICE THE WIDTH OF THE TREE BALL. A PEDESTAL SHOULD BE LEFT IN THE CENTER OF THE HOLE AND THE TREE BALL SET UPON THAT PEDESTAL.
3. SET PLANTS IN THE CENTER OF THE HOLE AND ON THE PEDESTAL, PLUM AND VERTICAL, AND AT SUCH A DEPTH THAT THE CROWN OF THE TREE BALL WILL BE LEVEL WITH THE SURROUNDING GRADE.
4. ALL PLANTS SHALL BE SET TO MEET THE SAME RELATIONSHIP TO THE FINISHED GRADE OF THE SURROUNDING SOIL THAT THEY BORE TO PREVIOUS EXISTING GRADE OF SOIL.
5. BACKFILL WITH EXISTING TOPSOIL AND WATER IMMEDIATELY.
6. FORM A SHALLOW BASIN SLIGHTLY LARGER THAN THE PIT TO FACILITATE WATERING. REMOVE PRIOR TO MULCHING.
7. COVER ALL TREE BALLS WITH A MINIMUM OF 3 OF SPECIFIED MULCH. EXTEND MULCH OUT TO THE EDGE OF THE TREE PIT, BUT KEEP AWAY FROM TRUNKS.
8. ALL EXCAVATED MATERIAL UNACCEPTABLE FOR REUSE SHALL BE DISPOSED OF OFF SITE, OR AS DIRECTED BY THE OWNER.
D. SHRUBS, TALL GRASSES AND PERENNIAL PLANTING.
1. REMOVE CONTAINER AND SET PLANT MATERIAL AT SUCH A LEVEL THAT AFTER SETTLEMENT, THE CROWN OF THE BALL WILL BE AT FINISHED GRADE.
2. GENTLY CUT OUTER ROOTS OF ANY ROOTBALLS THAT HAVE POT–BOUND PRIOR TO INSTALLATION.
3. COVER PLANTING BEDS WITH A MINIMUM 3 LAYER OF SPECIFIED MULCH.
E. SOD PLANTING
1. LAY SOD IN AN ORDERLY MANNER TO COVER ALL BARE SOIL AREAS.
2. WATER ALL AREAS OF THE SOD UNTIL THOROUGHLY WET.
3. ROLL SOD WITH A SOD ROLLER AFTER 24 HOURS AFTER LAYING AND WATERING SOD TO OBTAIN A UNIFORM, SMOOTH FINISH.
4. FILL JOINTS WITH COMPOST IF NECESSARY TO FORM A UNIFORM GRASS LAYER.
5. KEEP SOD ADEQUATELY WATERED UNTIL SOD MAKES A FIRM CONNECTION TO THE SOIL.

Rick,

I believe this should be placed on the agenda for further discussion and possible action and that you should call the Colberts to let them know.

Scott Milder

> I know that several (or all) of you have received follow up questions after the last two work sessions several meetings ago months which occurred after Devon Colbert and his family addressed the Council regarding the need for additional handicap accessible park/playground facilities.
>
> A memorandum from Brad Griggs briefly summarizing the previous discussions of alternatives for adding such facilities to existing park playgrounds and an additional new alternative regarding the construction of a new handicap accessible playground in our park system. The memorandum includes a financing plan that would include use of Mandatory Neighborhood Park Fee receipts (Park District specific developer contributions), remaining G.O. Bond (voted) funds, and funds from Recreation Development Fund (primarily marina concession receipts (essentially rent paid as a percentage of gross sales from marinas).

At the conclusion of the work shop discussions, the Council indicated that if additional more acceptable alternatives for addressing this matter were identified that the Staff should bring those to the Council's attention.

If acceptable to the Council, this additional alternative would provide a fully accessible playground feature which would be useable kids with special accessibility needs, provide the opportunities that Mr. Colbert requested, and provide additional playground opportunities for those who have no particular special needs – an all-inclusive playground opportunity.

If there is interest in an item being placed back on the Council's agenda, either to re-examine those alternatives previously discussed or to discuss the additional alternative, please let me or Brad know that, and we will place it on the Council agenda.

Thanks,
Rick

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley – City Manager**

FROM: **Brad Griggs – Assistant City Manager**

DATE: **October 15, 2014**

SUBJECT: **Accessible Playground**

In March of this year, Devon Colbert made an appointment with the City Council to request that a city owned playground be renovated to provide easier wheelchair access. Currently, the City owned playgrounds use a manufactured wood fiber surfacing material that meets the ASTM Standards for fall protection and is also an Americans with Disabilities Act (ADA) approved wheelchair accessible surface. Mr. Colbert requested that the City consider a poured rubber surface that is much easier to maneuver a wheelchair through and still provide the fall protection. Mr. Colbert is restricted to a wheelchair and enjoys taking his young children to the playground and wants to be able to interact with them while there.

The Council directed the staff to conduct an accessibility study of the playgrounds within the City and determine which playgrounds met the ADA requirements and identify the surfacing materials used for each playground. On May 5, 2014, the City Council held a work session to hear a report on the accessibility study conducted on the playgrounds within the City. The study was conducted by two Parks Department employees that are Certified Playground Safety Inspectors and outside consultants that are Registered Accessibility Specialists.

The City has nineteen playgrounds within its park system in sixteen different parks. With the exception of a small section of the Kidzone playground at Myers Park, manufactured wood fiber is being used as the fall surfacing. A small section of the Kidzone utilizes a poured in place rubber surface. The school district has two playgrounds within their inventory that use a poured rubber surface for approximately 50% of the safety surfacing. The Council directed staff to evaluate and bring back cost estimates to replace the manufactured wood fiber surfacing with a poured in place rubber safety surfacing for two playgrounds, one at the Park at Fox Chase and one for Kidzone.

At the July 7 Council meeting, a brief work session was held to provide further information on a poured in place safety surface. Temperatures were taken at three times at two locations of the surface of the poured in place surfacing. The temperatures

were consistently around 150 degrees while the temperature of the wood fiber surfacing was under 100 degrees.

The cost for a manufactured wood fiber playground surface is under $1 per square foot. The cost for a poured in place rubber safety surface is approximately $16 a square foot. Life expectancy for the wood fiber is 20 years or more because when the fiber becomes compressed or erodes, new material is added to achieve the desired depth. The life expectancy for a poured in place surface is ten years. A third option is available which is an artificial turf over the top of a rubber surface. The cost is approximately $18.60 per square foot and the life expectancy is close to the poured in place rubber. The advantage of the artificial turf option is that the surface temperature is cooler than the poured in place rubber.

Cost quotes to replace the surfacing at Fox Chase were solicited and provided through the BuyBoard Cooperative purchasing agreement. The cost to change the wood fiber to the rubber surfacing for the playground at the Park at Fox Chase is $66,056. The cost to change the surfacing at Kidzone is near $160,000.

In my opinion, easy wheelchair access to the play elements are only half of the problem. I believe that we need to provide access to all of the play elements within the playground to participants with physical limitations. I think we would be better served to build a barrier free playground that allows children and adults with physical limitations to move throughout the playscape through a series of ramps and feature additional grounds elements. This type of playground encourages an inclusive environment so that children, regardless of disability, can play together on the same structure. If we are to only make the surfacing easier to traverse in a wheelchair, we are not doing anything to provide a play structure that children with physical limitations can fully access and enjoy.

Contingent on City Council approval, I would like to propose that we consider building a barrier free playground at Yellowjacket Park in lieu of retrofitting safety surfacing at one or two facilities. The 2014-15 Recreational Development Fund includes a fairly minor amount of funding for new playground equipment at Yellowjacket Park. I would prefer to build a very large barrier free playground with a synthetic turf safety surfacing that would be located in the central part of the City, has off-street parking and permanent restrooms.

The cost to build a barrier free playground with an improved safety surfacing will be significantly higher than retrofitting an existing playground. With that in mind, I would like to offer the following for consideration to fund the project:

- Mandatory Park Land Dedication Ordinance Fees: Yellowjacket Park is located within Park District #20. According to our ordinance, the fees must be used within the district in which they were collected. The current balance is $137,077. At this time, we do not have any other immediate plans for the funds.
- 2005 Park/Bond Funds: In 2005, voters approved the sale of bonds for park and trail improvements and trail connections. We have a current fund balance of approximately $260,000. These funds have been used for the trail project to connect the trail system under SH 205 and we do not have any current immediate plans for the remaining balance.

- Recreational Development Fund: The fund balance at the conclusion of this fiscal year is budgeted at $250,000. I propose to fund the park infrastructure improvements such as parking and sidewalks in the amount of $75,000.
- Transfer from Park District #21: The playground equipment for Yellowjacket Park that was approved in the budget has been already purchased. I would propose that we use this equipment at Lofland Park to replace some dated playground equipment and transfer the funds from Park District 21 to Park District 20 in the amount of $20,000.

Therefore, the total project cost would not exceed $492,077 to build our first barrier free playground and related access routes. If the Council believes this is a good use of the funding and a worthwhile project, we can begin the design process immediately with the goal of being installed and available to the public as soon as possible.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Mayor and City Council**

FROM: **Rick Crowley, City Manager**

DATE: **October 30, 2014**

SUBJECT: **Water Conservation**

The Board of Directors of the North Texas Municipal Water District has taken action to recommend adoption of a seasonal watering schedule as a supplement to the current Stage 3 water conservation program. The recommendation includes adoption of a "once every two weeks outdoor watering schedule (as needed)." This is proposed for implementation effective November 1 and is the same schedule adopted last year in November.

The continued condition of regional drought, the need to conserve water supply should there be no significant break in the drought condition, and information that NTMWD has received from horticultural and landscape experts indicating that the proposed watering schedule is adequate to preserve investments in current landscape materials have been noted by NTMWD district representatives as the seasonal watering schedule has been proposed and approved by the NTMWD Board.

The difficulties in maintaining disinfection residuals that all cities and water providers had during the summer months will be eased by cooler weather. The move this summer to once per week watering allowed cities, including Rockwall, to maintain these residuals and, at the same time, greatly reduce the amount of water lost to flushing and "dumping" of water to accomplish that. Some flushing may continue to be required during the winter, but with the cooler weather less flushing will be required.

It appears that all member cities and customers of NTMWD will adopt the proposed seasonal watering schedule.

While the adopted Drought Management Plan provides that such drought-related watering schedules may be implemented administratively, I have made every effort in the past to discuss upcoming changes in the watering schedules (which impact our customers) with the Council prior to their formal implementation. This item has been placed on the Council agenda for the purpose of having that discussion.

A copy of the document used last November to implement seasonal watering is attached. A similar document will be used for the same purpose this year.

Implementation of Stage 3 of the
Drought Contingency and Water Emergency Response Plan

Due to conditions related to the loss of availability of the North Texas Municipal Water District's raw water supply from Lake Texoma and current reservoir levels, long term weather forecasts, and ongoing drought the provisions of the City of Rockwall's *Drought Contingency and Emergency Response Plan, Stage 3* are hereby enacted. The goal for water use reduction under Stage 3 is ten percent of the amount of water obtained from North Texas Municipal Water District.

The provisions of the plan (including those associated with Stages 1&2) that are applicable on the effective date of November 1, 2013 are

- Limit landscape watering with sprinklers or irrigation systems between November 1 and March 31 to once every two weeks.
- Notify wholesale customers of actions taken and request similar implementation.
- Implement viable alternative water strategies.
- New landscaping and plantings (first year shrubs and trees) may be watered for up to two hours on any day by and hand-held hose, a soaker hose, or a dedicated zone using a drip irrigation system.
- Further accelerate public education efforts to reduce water usage (Stage 3).
- Prohibit using water in such a manner as to allow runoff or other waste.
- Public athletic fields used for competition may be watered twice per week.
- Golf courses may water greens and tee boxes without any restrictions.
- Locations using other sources of water supply for irrigation may irrigate without restrictions.
- ET/Smart irrigation systems are not exempt from Stage 3 water restrictions.
- Restrictions do not apply to locations using treated wastewater effluent for irrigation or the legal use of water pumped from Lake Ray Hubbard as regulated by the City of Dallas.

(There is no restriction of watering for the purpose of protecting building foundations or slabs; however, no spray hose or the like may be used. Soaker hoses are recommended for this purpose).

City of Rockwall
The New Horizon

MEMORANDUM

TO:	**Mayor and Council**
FROM:	**Rick Crowley, City Manager** **Mary Smith, Assistant City Manager** **Joey Boyd, Director of Internal Operations**
DATE:	**October 31, 2014**
SUBJECT:	**Countywide Radio System Interlocal Agreement**

At the last City Council meeting, City Staff provided its comments and concerns that it had related to the Rockwall County Interoperability Radio Network (IRN). These items were forwarded to the County Attorney.

The Rockwall County Commissioners Court approved an interlocal agreement for participation in the Rockwall County Interoperability Radio Network (IRN) on Tuesday, October 28, 2014 and forwarded a copy to the City of Rockwall for review and execution

Many of the suggested changes were included in the version the Commissioners Court approved this week, but it also included changes from the previous draft that still causes concern with the City. Based on the City's review of the document the County Judge sent for review, the following concerns remain:

- All reference to the IRN Committee Section has been removed. While the City may have representation throughout the RFP process and the installation and testing process, the Interlocal Agreement doesn't provide any remedies or representation as to the operation of the system after final acceptance. The City would offer that a committee should meet to discuss any issues, etc. during the term of the contract, similar to the manner in which all cities meet and have representation in dealing with the county-wide ambulance contract.

  The County Judge has indicated that the IRN Committee is a "deal killer" for the Commissioners Court. As relates to the City's receipt of information which will

346

be obtained through the RFP process, an alternative to the establishment of the IRN Committee as described in our attached draft might be that the City be provided such information as it may need to make its final determinations related to costs and technical details of the proposed system.

Related to the ongoing operation and use of the system after it is acquired, installed, and operational there should be, in the Staff's opinion some mechanism established in the agreement as to how this will work. If there are alternatives to the IRN Committee structure that will establish those, we should be willing to consider those options. For example, this agreement might include reference to an operating agreement among the entities that would be negotiated if the terms of the RFP responses are such that all entities make the decision to move forward with the system.

- In Article VI. - Installation and Use of IRN – The City wants to make sure the ongoing maintenance costs for the system beyond the initial maintenance and warranty period is favorable to the City. This amount will not be known until after the RFP process. This proposed change provides that the cost of the maintenance agreement be secured as a part of the proposal with the vendors' submission of their proposal.

- In Article VI. - Installation and Use of IRN - Mandatory Buildings – the County asked the member cities to remove buildings from the mandatory Coverage Requirements Section of the RFP. The reasoning behind this is to save upfront costs that bidders will build into their proposal for these buildings. The County would like to address these buildings as necessary after the system is installed. The County agrees that all buildings will have the acceptable level of portable coverage before final acceptance of the system. The City is documenting these buildings as an exhibit to the agreement.

- In Article VII. – Terms of Use – the agreement states that "The acquisition, installation, operation and maintenance of the City's Console Systems are the responsibility of the City unless otherwise stated in this Agreement." This is a change from a previous draft agreement. Purchase of Police and Fire Dispatch console equipment was previously included when there was discussion of merging into a centralized dispatch operation. The change that is being proposed is that the County pay the cost of the replacement of these consoles as a part of the system given that both dispatch centers would provide backup for the other in the event that for whatever cause, one of them might not functional.

- In Article VII. – Terms of Use –This language allows the County to turn off a radio from the control point without any knowledge to the City. If this radio belongs to a Police Officer or Firefighter, we need to know that they are turning it off for any reason. The City added back language that would provide notification and a chance to remedy the problem before just simply being "deactivated" as stated in the agreement.

347

- Article VIII. Maintenance of the System – there are a lot of maintenance responsibilities and costs that are either unknown or contradictory in the proposed agreement.

- In Article X. – Compensation – the City needs the ability to share frequencies with other entities for the purposes of mutual aid with neighboring public safety agencies. With regard to the radio "trade-in", the City needs the ability to retain equipment necessary for interoperability with other agencies, such as Dallas Fire and Rescue, the Forest Service, etc. Also under this article, it states the City will pay for software upgrades for dispatch consoles and any other component subject to upgrades as a result of the upgrade to the IRN. This is contradictory to the idea that the County would pay for maintenance throughout the term of the agreement.

- There are items in the Interlocal Agreement related to costs that are not possible to quantity without having gone through the RFP process to know the specific costs. These costs will be known to both the City and the County upon receipt and evaluation of the proposal/s – before either makes a final decision as to whether to move forward with the system.

In summary, the amended agreement draft attached includes language that first addresses the issues that are known before the receipt of the responses to the RFP. There are considerations related to costs and technology that will not be known to the City or the County before the proposal/s are received. At such time as this information is made available as a result of the RFP submittals, the City will have the opportunity to evaluate and make its final decision regarding participation in the system at that time.

Attached for the City Council's review are the following:

3. Exhibit 2
4. RFP Items to Address

348

ROCKWALL REGIONAL PUBLIC SAFETY RADIO SYSTEM INTERLOCAL AGREEMENT BETWEEN ROCKWALL COUNTY AND THE CITY OF ROCKWALL FOR PARTICIPATION IN THE ROCKWALL COUNTY INTEROPERABILITY RADIO NETWORK

THIS INTERLOCAL COOPERATION AGREEMENT ("Agreement") executed by and between Rockwall County, Texas, a political subdivision of the State of Texas (hereinafter referred to as "County") acting herein by and through its duly authorized Commissioners Court, and the City of Rockwall, a municipal corporation of the State of Texas (hereinafter referred to as "City") acting herein by and through its duly authorized City Council, individually referred to as a "Party," collectively referred to herein as the "Parties."

WHEREAS, this Agreement is made under the authority of Section 791.001-791.029, Texas Government Code; and

WHEREAS, each governing body, in performing governmental functions or in paying for the performance of governmental functions hereunder, shall make that performance or those payments from current revenues legally available to that Party; and

WHEREAS, each governing body finds that the subject of this Agreement serves a countywide public purpose and is necessary for the benefit of the public and each has the legal authority to perform and to provide the governmental function or service which is the subject matter of this Agreement; and

WHEREAS, each governing body finds that the performance of this Agreement is in the common interest of both Parties and that the costs covered by the County in exchange for use of facilities and infrastructure provided by the City is an equitable compensation to both Parties under this Agreement; and

WHEREAS, it is the intent of the County to request competitive sealed proposals from qualified firms to design, furnish, install, test, and maintain a county-wide radio network, otherwise known as the Rockwall County Interoperability Radio Network ("IRN"), for the benefit of the County and every participating municipality within the county; and

WHEREAS, it is the intent of the County to establish an IRN Committee for the purpose of preparation of the Request For Proposals ("RFP"), development of proposal evaluation criteria, evaluation of proposals, and award of contract for the IRN. The IRN Committee shall be comprised of representatives from each participating municipality; and

WHEREAS, it is the intent of the County to own, operate, and manage a county-wide radio network, otherwise known as the Rockwall County Interoperability Radio Network ("IRN"), for the benefit of the County and every participating municipality within the county; and

Formatted: Justified
Formatted: Font: 12 pt
Formatted: Font: 12 pt
Formatted: Justified

WHEREAS, it is the intent of the City to make available antenna towers, equipment shelter, backup power, and dispatch center facilities for the purpose of the installation of IRN equipment as described herein; and

WHEREAS, based on the findings and recommendations contained in the RCC Study, the County and the City desire to implement a wide area, multi-site ("simulcast") digital trunked simulcast radio system compliant with P-25, Phase II interoperability standards; and

WHEREAS, the County and the City desire to enter this Agreement for the purpose of establishing the agreement regarding the purchase, installation, maintenance, operation, management, and use of the IRN.

NOW, THEREFORE, in order to carry out the intent of the Parties as expressed above, and for and in consideration of the mutual promises contained herein and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged by both Parties, the County and the City agree as follows:

Article I. DEFINITIONS

Unless the context clearly indicates a different meaning, the words and phrases set forth in this Article I shall have the following meanings when used in this Agreement:

"City Facilities" means antenna towers, equipment shelters, backup power, and dispatch center facilities owned and operated by the City and utilized to host equipment for the IRN.

"Console System" means all hardware and software associated with any dispatch console or set of consoles that are connected to the County's IRN.

"Effective Date" means the date this Agreement has been approved by the governing bodies of the Party's and signed by the authorized representative of each Party.

"FCC" means the Federal Communications Commission.

"FCC Licenses" means the radio communications licenses granted by the FCC to the County.

"Interoperability Radio Network" or **"IRN"** means the system or wide area, multi-site ("simulcast") digital trunked radio system compliant with P-25 interoperability standards as more expressly defined in the SPA.

"Interoperable Communications Plan" means the plan developed and established by the County to enhance and simplify radio communications among all agencies utilizing the County IRN or connecting its Site Repeater Systems or any Console Systems to the IRN.

"Master Site" means the hardware and software provided by the County as the core component of the P25 700 MHz Trunked Radio System. All Site Repeater Systems must connect to the Master Site.

Formatted: Font: 12 pt

Formatted: Font: 12 pt

Formatted: Font: 12 pt

Formatted: Font: 12 pt

Formatted: Font: 12 pt

"Request for Proposals" or **"RFP"** means the Request for Proposals to be published, distributed and advertised by the County for the purpose of seeking proposals from qualified vendors relating to the purchase, installation, and maintenance of a public safety radio communications system and related services as described therein.

"Site Repeater System" means the base stations, antenna systems, controllers, and site-specific hardware and software infrastructure associated with the provision of a radio site owned and operated by the County to be connected to the Master Site.

"Subscriber Radio Equipment" means a control station (desktop radio), mobile radio, or portable radio and accessories, which has a unique identification number and is programmed to operate on the IRN for public safety and public works personnel or other city employees that use the IRN.

"System Maintenance Agreement" or **"SMA"** means the agreement for system maintenance between the County and the Vendor following the purchase, installation and initial warranty and maintenance period of the IRN.

"System Purchase Agreement" or **"SPA"** means the agreement related to the purchase, installation, initial maintenance and warranty period, and operation of the IRN.

"Talk Group" means the specific group of subscriber units allowed to communicate privately within that group over shared infrastructure resources

"Term" means, collectively, the initial term of this agreement together with each renewal term.

"Vendor" means the provider of the IRN selected by and duly contracted with the County following the RFP process.

Formatted: Font: 12 pt

Article II. PURPOSE

The purpose of this Agreement is to establish and clarify each Party's intents, obligations, and costs as they relate to the establishment and operation of the IRN.
The Parties also agree and understand that this Agreement shall become null and void should the County be unable to procure the System for any reason.
The Parties also agree and understand that this Agreement shall become null and void should the County be unable to address all of the City's coverage, technical, and operational, and cost concerns through the RFP process and executed SPA.

Article III. GRANT OF LICENSE

The County hereby grants the City a non-exclusive specific license to operate its radios on the IRN including the P25 700 MHz Trunked Radio System to be procured, maintained and owned by the County in accordance with the specific details and requirements for use as set forth in this Agreement under Terms of Use.

Article IV. CITY FACILITIES

The City owns, operates and maintains antenna towers, equipment shelters, and backup power located at 305 E. Boydstun Street and 920 Rockwall Parkway. The City owns, operates and maintains a dispatch center, equipment room, and backup power located at 205 W. Rusk Street. These locations shall be collectivity referred to as City Facilities. The City hereby grants the County non-exclusive authority to utilize City Facilities to host and house equipment for the benefit of the IRN. The County agrees to submit equipment lists and installation plans for City approval prior to the placement or installation of any equipment. All equipment installations shall comply with best industry practices. Prior to placing any equipment on a City antenna tower, the County or its contractor will commission a structural analysis performed by a licensed Professional Engineer. The structural analysis shall demonstrate that the installation plans comply with relevant revisions and sections of TIA/EIA-222 standards. The City reserves the right to maintain equipment currently located on its towers but owned by other entities, such as cellular providers. Any ~~current or~~ future third party equipment located on City Facilities shall not create an undue interference with the coverage levels or performance of the IRN.

RCC will map towers currently owned by the City to be used for the IRN. The Vendor shall make every attempt to design the IRN to accommodate existing co-location customers. The City agrees that any future co-locating entities will design its system to accommodate the IRN and existing customers after installation. Any interference with existing communications providers will be resolved between the Vendor and the Third Party (such as cellular providers) before final acceptance of the new system.

Vendor shall be responsible to cure any inference with 3rd party providers so that the contractual obligations of the City are honored.

Any and all expenses related to site improvements related to the development and operation of the IRN project will be covered by the County.

Nothing herein shall preclude the use by the City of the provided structures for other purposes; however, both Parties agree that the structures shall remain available for uses associated with the IRN for the duration of system use.

Nothing herein shall be construed as granting the County any interest in real property owned by the City merely because a component of the IRN is located on or attached to the real property of the City.

Article V. TERM OF AGREEMENT

This Agreement shall begin between the County and the City upon the last day executed by both Parties and shall continue in full force and effect for term of ten (10) years. Thereafter, the Agreement will automatically renew for subsequent annual terms unless one of the Parties provides the other Party written notice of its desire not to renew the Agreement at least one year prior to the expiration of the initial term and subsequently at the beginning of each annual renewal. Termination or cessation of this Agreement between the County and the City will not

Formatted: Font: 12 pt

Formatted: Font: 12 pt, Superscript

Formatted: Font: 12 pt

Formatted: Justified, Don't add space between paragraphs of the same style, No page break before

affect the continuation of any other agreement the County may have with any other participating municipality. Any termination or default of this Agreement by the City before the end of the initial 10-year term of this Agreement will result in a termination of the non-exclusive permission to operate any radio equipment on the IRN. Additionally, the City must return all radio equipment provided to them by the County at the commencement of this Agreement. Any termination or default of this Agreement by either of the Parties will result in termination of the non-exclusive permission to utilize City Facilities to host or house IRN equipment. Additionally, the County must remove all equipment from City Facilities within ninety (90) days of termination.

Formatted: Font: 12 pt

Formatted: Justified

Any notice of intent to terminate must be delivered by deposit in the United States mail, certified, return mail receipt requested, to the other Party at the addresses set out herein. Upon termination of this Agreement, neither party will have any obligations to the other party under this Agreement, other than those set forth above.

Article VI. INSTALLATION AND USE OF IRN

The City hereby acknowledges that the County will issue the RFP, receive proposals from vendors, and enter into a SPA with the selected Vendor. The SPA shall define all equipment, software, and services to be provided, system performance terms, system acceptance terms, implementation schedules, and costs associated with the design, supply, installation, and commissioning of the IRN. The selected Vendor shall make provision for the initial maintenance and warranty period of the IRN including all equipment. The RFP must include costs for the initial maintenance and warranty period and costs for ongoing maintenance of the system for the initial 3 years after the expiration of the initial maintenance and warranty period. Execution of the SPA shall be contingent upon successful negotiation of IRN terms and costs.

Formatted: Font: 12 pt

~~It is the intent of T~~the County will ~~to~~ provide equal or greater radio system coverage to the City as part of the IRN project. The results of the in-bound and out-bound signal test and Bit Error Rate testing as part of the system acceptance test will be provided to the City for review and evaluation.

The County requested that certain buildings in the City be removed from the Coverage Requirements portion of the RFP. ~~, Section A.4 – Mandatory Buildings.~~ The County agrees that all buildings removed from the list will have the acceptable level of portable coverage requirements before final acceptance of the system. The Mandatory Buildings are attached hereto as Exhibit 1. The buildings requested to be removed are noted and attached hereto as Exhibit 2.

Both Parties hereby agree that the system shall only be used by participating municipalities and authorized entities in Rockwall County. However, nothing in this Agreement shall be construed so as to restrict the County from granting other user licenses or allowing the City to grant use of the system by others when it is agreed by the County to be in the best interests of the Parties.

The County agrees that the City will designate employee(s) of the City to serve as system administrator and have rights and privileges to provide support and maintenance to users of the

IRN. The RFP will provide for the cost of training 2 members of the City to act as a primary and secondary support team for the City.

Article I. IRN COMMITTEE

The County and participating municipalities shall form an IRN Committee with responsibility for preparation/approval of the RFP, evaluation of vendor proposals, and award of a System Purchase Agreement ("SPA"). The IRN Committee shall also establish protocols for utilization of the IRN by system users. The City shall be represented in the IRN Committee by designee(s) of the City Manager. Committee members shall have access to all materials related to the IRN including previous and future studies, RFP documents, proposal responses, and SPA documents. The City shall have the ability to utilize a third-party consultant for review of materials and shall have the authority to share any and all relevant materials with their third-party consultant.

Note: How will all entities of the system address ongoing operational issues, concerns, complaints, etc.? How will each City have representation after acceptance of the system?

Article VII. TERMS OF USE

The County shall install, operate and maintain the P25 700 MHz Trunked Radio System Master Site to which any Site Repeater Systems and Console Systems will connect. The County shall provide radio ID's for all radios and dispatch consoles owned and operated by the City. City radio ID's will include a block of ID's that will be available to assign to future radios that may be purchased by the City. The City must provide written authorization to the County prior to the release of the City's radio ID's or any other information to a third party vendor or agency. Since both the City and the County Dispatch Consoles will serve as a primary and backup location for each other, consoles and related equipment will be included in the IRN and the SPA.

~~The acquisition, installation, operation and maintenance of the City's Console Systems are the responsibility of the City unless otherwise stated in this Agreement.~~

The County will be responsible for the acquisition and initial programming of all City radios. The City shall have the ability to utilize a manufacturer-certified contractor for subsequent radio programming activities. The City will have the ability to utilize internal staff for the programming of radios following manufacturer training of said staff. The City shall have the sole authority to program its radios with frequencies and systems that are not affiliated with the IRN and share the City's non-IRN affiliated frequencies with other entities not affiliated with the IRN for the purpose of mutual aid with neighboring law enforcement and/or public safety agencies.

The City, at its discretion, may obtain manufacturer training for administration of City radios and City Console Systems connected to the IRN. Trained staff shall have remote access to system administration tools including usage reports, activity logs, and user setup and administration. Access to system administration tools shall be limited to City equipment and City resources.

Formatted: Justified

Formatted: Justified, Don't add space between paragraphs of the same style, No page break before

Formatted: Justified

The County is the holder of the FCC (Federal Communications Commission) license(s) that the County's Site Repeater System uses for its operation. Through this Agreement, the County grants permission for the City to connect to the IRN in accordance with all FCC license parameters and restrictions.

~~The County makes no guarantee, either express or implied, as to radio signal strength or a specific level of coverage for any particular location.~~ IRN performance will be a component of the SPA and the responsibility of the Vendor.

~~T~~he City shall use due diligence in the maintenance and configuration of their Subscriber Radio Equipment to ensure that no City radio causes a degradation to the operation of the IRN. After notice to the City and opportunity to cure the problem, t~~T~~he County shall have the right to remove from operation any field radio unit or equipment owned by the City that is operating on, or attached and/or interfaced to the IRN, if such equipment is found to cause interference or harm, to the IRN in any way. The County reserves the right to request that the City's Subscriber Radio Equipment operating on, attached and/or interfaced to the infrastructure be tested for proper operation and/or repaired by an authorized radio repair facility approved by the County. The cost of such testing or repair will be the sole responsibility of City. Furthermore, the County shall have the right to deactivate, without prior notification to or consent of the City, any field radio suspected of causing interference, intentionally or unintentionally, to any other radios on the IRN or the systems operation.

The County will develop a coordinated Interoperable Communications Plan to apply to the County and the users of its IRN. The City agrees to participate in the Plan and include the Plan's Interoperable Talk Groups in the programming of its subscriber units and Console Systems.

Formatted: Justified, Don't add space between paragraphs of the same style, No page break before

Article VIII. MAINTENANCE OF SYSTEM

Formatted: Font: 12 pt

Formatted: Justified

Note: Maintenance responsibilities and costs are contradictory as proposed agreement is written. These items need to be discussed and resolved. The City hereby acknowledges that the County shall enter into a System Maintenance Agreement ("SMA") with the Vendor or authorized maintenance contractor to repair and maintain IRN components and software after expiration of manufacturer warranty coverage. The SMA will be structured to repair and maintain the IRN per manufacturer recommendations and exercise best industry practices for maximizing the system's availability and operation. Unless otherwise specified, software will be upgraded to the most recent version every two years. The City will provide all reasonable coordination and access to City Facilities necessary to repair, maintain, and upgrade IRN equipment and software.

Rockwall County assumes all maintenance costs for the system used by the City during the initial warranty period and throughout the term of the Agreement, excluding mobile and portable equipment (and accessories) after the initial warranty period and including any equipment procured separately by the City.

The City will deal directly with the Vendor for maintenance and warranty of equipment purchased after the initial system procurement, maintenance, and warranty period.

Article IX. FUTURE SYSTEM UPGRADES

The City and County recognize that changing conditions may impact the various needs of the Parties. Further, it is recognized that the system needs of the City and the County, while currently mutually compatible with the system, may become divergent at some point in the future.

If future system changes and upgrades are required by both Parties, they shall be made by mutual agreement of both Parties. If future system changes or upgrades are only required by one Party, the Party requiring said system changes or upgrades shall have the ability with County approval to meet their needs through the proper study, procurement, testing, and acceptance procedures.

Both Parties agree that the ability for future system changes and upgrades to cure coverage deficiencies will not be reasonably withheld from each other. The City and the County agree that no changes or upgrades made to the IRN will detract from the full use and enjoyment of the system by both Parties.

Article X. COMPENSATION

The County shall provide to the City all Subscriber Radio Equipment in a quantity equivalent to the current operating equipment levels of the City. The City will be responsible for maintenance of all City ~~'s~~ Subscriber Radio Equipment upon expiration of the initial maintenance and warranty period.

Formatted: Font: 12 pt

The City shall deliver to the County all City radio equipment that is being replaced by the Subscriber Radio Equipment connected to the IRN no later than 90 days after the County's acceptance of the IRN upon the completion of its development, installation, and testing to be performed by the Vendor. The replaced radio equipment will become the property of the County to be utilized as a "trade-in" in an effort to receive discount pricing on the new Subscriber Radio Equipment. Those items necessary for the operation of the IRN will be excepted from this "trade-in" provision.

Formatted: Justified, Don't add space between paragraphs of the same style, No page break before

Formatted: Justified

The City shall provide to the County adequate space, including existing tower space, or real property for the development of necessary Site Repeater Systems in accordance with the recommendations of the County's project consultants and according to the terms of the RFP and the SPA with the Vendor. The final locations for the County's Site Repeater Systems shall be subject to mutual agreement between the County and the City. Nothing in this agreement will require the City to provide more space for this purpose than is currently owned and available.

~~The City shall pay the County an amount for any necessary software upgrade fees invoiced to the County by the Vendor, or its successors, for the upgrade of the City's Console Systems and any other component subject to upgrade as a result of the upgrade of the IRN.~~

Software upgrades and the costs to the IRN, the user equipment, or any other component of the IRN shall be negotiated and agreed to by the City and the County prior to their purchase.

Article XI. COMPLIANCE WITH LAWS

The County and the City shall comply with all current and future Federal, State, and Local laws, Ordinances, and Mandates, including Federal Communications Commission rules and regulations regarding proper use of radio communications equipment. The City will also comply with the guidelines, or procedures set out in this Agreement. Furthermore, the City is responsible for enforcing such compliance by its employees, volunteers, or any individual operating City Subscriber Radio Equipment. Furthermore, the City will be responsible for payment of any fines and penalties levied against the County as a result of improper or unlawful use of Subscriber Radio Equipment owned by the City.

In order to comply with Federal, State, and Local Laws and/ or Mandates, the City, as an authorized user of the County's licensed frequencies, may be required to modify, reconfigure, or replace owned Subscriber Radio Equipment. For as long as this Agreement is in force, the City will cooperate with the County to facilitate such activities as necessary. The City will be responsible for any and all costs associated with its own compliance activities unless otherwise arranged with the County or governing authority.

Article XII. LIABILITY

Nothing in the performance of this Agreement shall impose any liability for claims against the County or the City other than claims for which liability may be imposed by the Texas Tort Claims Act. The City's participation in this project is contingent on all other local government entities in Rockwall County participating in the project in a similar manner. Upon receipt of the cost of the IRN through the RFP process, the City reserves the option to terminate its obligation or to proceed under the terms of the Agreement. ~~The City's participation in this project is contingent on all other local government entities in Rockwall County participating in the project in a similar manner.~~

It is expressly understood and agreed that the City shall operate as a separate and distinct political subdivision as to all rights and privileges granted herein, and not as agent, representative or employee of the County. Subject to and in accordance with the conditions and provisions of this Agreement, the City shall have the exclusive right to control the details of its operations and activities and be solely responsible for the acts and omissions of its officers, agents, employees, contractors and subcontractors. The County agrees to maintain the IRN per manufacturer recommendations and the terms of the SMA.

Formatted: Justified, Don't add space between paragraphs of the same style, No page break before

Formatted: Justified

Article XIII. NON-APPROPRIATION OF FUNDS

The County and the City will use best efforts to appropriate sufficient funds and/or other applicable considerations to support obligations under this Agreement. However, in the event that sufficient funds and/or other applicable considerations are not appropriated by either Party's governing body, and as a result, that Party is unable to fulfill its obligations under this Agreement, that Party (i) shall promptly notify the other Party in writing and (ii) may terminate

this Agreement, effective as of the last day for which sufficient funds and/or other applicable considerations have been appropriated.

Article XIV. ASSIGNMENT

The City and County mutually agree that neither Party have the right to assign or subcontract any of its duties, obligations or rights under this Agreement without the prior written consent of the both Parties.

Article XV. NO WAIVER

The failure of either Party to insist upon the performance of any provision or condition of this Agreement or to exercise any right granted herein shall not constitute a waiver of that Party's right to insist upon appropriate performance or to assert any such right on any future occasion.

Article XVI. AMENDMENTS

No amendment to this Agreement shall be binding upon either Party hereto unless such amendment is set forth in writing, and signed by both Parties.

Article XVII. SEVERABILITY

If any provision of this Agreement is held by a court of competent jurisdiction to be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

Article XVIII. CONFIDENTIAL INFORMATION

To the extent permitted by law, the City for itself and its officers, agents and employees, agrees that it shall treat all information provided to it by the County as confidential and shall not disclose any such information to a third party without the prior written approval of the County. The City shall store and maintain County information in a secure manner and shall not allow unauthorized users to access, modify, delete, or otherwise corrupt County information in any way. The City shall notify the County immediately if the security or integrity of County information has been compromised or is believed to have been compromised.

Formatted: Justified, Don't add space between paragraphs of the same style, No page break before

Article XIX. FORCE MAJEURE

Formatted: Font: 12 pt

Formatted: Justified

The Parties shall exercise their best efforts to meet their respective duties and obligations hereunder, but shall not be held liable for any delay in or omission of performance due to force majeure or other causes beyond their reasonable control, including, but not limited to, compliance with any state or federal law or regulation, acts of God, acts of omission, fires, strikes, lockouts, national disasters, wars, riots, material or labor restrictions, transportation problems or existing contractual obligations directly related to the subject matter of this Agreement.

Article XX. GOVERNING LAW/VENUE

This Agreement shall be construed in accordance with the laws of the State of Texas. Venue for any action brought on the basis of this Agreement shall lie exclusively in state courts located in Rockwall County, Texas or the United States District Court for the Northern District of Texas - Dallas Division. In any such action, each Party shall pay its own attorneys' fees, court costs and other expenses incurred as a result of the action.

Article XXI. NOTICES

All notices sent pursuant to this Agreement will be in writing and must be sent by registered or certified mail, postage prepaid, return-receipt requested.
Notices sent pursuant to this Agreement will be sent to the following addresses for each respective Party:

COUNTY
County Judge
Rockwall County Judge's Office
101 Rusk Street, Room 202
Rockwall, Texas 75087

CITY
City Manager
City of Rockwall
385 South Goliad St.
Rockwall, Texas 75087

When notices sent pursuant to this Agreement are mailed by registered or certified mail, notices will be deemed effective three (3) days after deposit in a U.S. mail box or at a U.S. post office.

Article XXII. SIGNATURE AUTHORITY

The person signing this Agreement hereby warrants that he/she has the legal authority to execute this Agreement on behalf of the respective Party, and that such binding authority has been granted by proper order, resolution, ordinance or other authorization of the entity. The other Party is fully entitled to rely on this warranty and representation in entering into this Agreement.

Article XXIII. ENTIRETY OF AGREEMENT

This written instrument, including all Exhibits attached hereto, contains the entire understanding and agreement between County and the City as to the matters contained herein. Any prior or contemporaneous oral or written agreement is hereby declared null and void to the extent in conflict with this Agreement. This Agreement may not be amended unless set forth in writing and signed by both Parties.

RFP
Radio System Concerns / Issues / Questions

- The radio system should provide the portable talk in & talk out, in-building coverage to 95% reliability. Today we have 95% reliability on portable talk in/out building coverage in the City.
- A long term contract defining the cost sharing between the County and all Cities should be developed.
- RFP should include costs associated with ongoing maintenance after the initial maintenance and warranty period.
- Radio system needs to include interoperability components for VHF, UHF and 800 systems.
- The radio system should have redundancy to the system so that it always has a backup system.
- Radio system should be monitored for integrity and all dispatch circuits as stated in NFPA 1221. This is an ISO requirement.
- All radio talk groups and 911 calls should be recorded and have instant play back capabilities. This is an ISO requirement.
- The radio system should be connected to existing ZETRON (Model 26 & Model 6) Station Alerting and have capability of expansion for the other cities and future Rockwall stations. Today we have four stations and at build out we will have 12 stations. Today we have capability to have 6 stations on our current Zetron System.
- All components of the radio system and dispatch center must be on emergency backup power. This is a NFPA and ISO requirement.
- This radio system should have two forms of back haul of radio traffic from the dispatch center, main site and to simulcast sites. Fiber with T1 back up.
- The RFP should provide detailed coverage prediction maps (both in-building and outside), a list of equipment (both infrastructure and end user equipment).
- Bidders should stipulate whether or not any equipment listed will reach its end of life within 10 years of installation. If so, which equipment and what is the replacement cost for each.

364

- Bidder should provide capability for the system to be partitioned to allow for individual agencies to manage its own programming.

- The radio system must be capable of simulcast 700/VHF.

Dispatch Concerns / Issues / Questions

- The Fire Auto CAD system needs to have automated dispatch system component with integrated Fire Box Districts, Hydrant Module, CAD Mapping Module, Fire Pre-Plan Module, Fire Auto Cad In-Car Module, GIS Vehicle Tracking Module, and Hazardous Material Module. The Fire Marshal office also uses Building Records Module, Jacket Module, Inspections Module and Permits Module.

- The Rockwall Police Department CAD system – Must be compatible with New World

Re: September 2014 Structure Fire Report.
Date: September 16, 2014

2233 Ridge Road

We responded to a report of a Structure fire on September 04, 2014. The first unit on scene arrived and reported a small fire on the first and second floor of the exterior balcony. The fires were quickly extinguished and there was no major damage to the building itself. No firefighter injuries were reported on this incident.

Dispatch time: 06:52
Enroute time: 06:52
On scene time: 06:54
Clear time: 07:46

No crew times were reported due to all units being reduced to code 1 just minutes after the arrival of E1.

We had a total of 6 on duty Firefighters on scene, 8 Volunteers, 1 Investigator and 3 apparatus on this incident.

FUEL SALES

	GALLONS SOLD	GROSS SALES
Jet - A Sales	215.00	$999.75
Av-Gas Sales	2,119.40	$11,123.22
TOTAL FUEL SALES	2,334.40	$12,122.97

HANGAR RENTAL REVENUE

Open T Hangar Rental Revenue	$2,150.00
Terminal Office Rental Revenue	$250.00
Enclosed Hangar Rental Revenue	$120.00
North Maintenance Hangar Rental Revenue	$500.00
TOTAL HANGAR RENTALS	$3,020.00

HANGAR OCCUPANCY RATES

	TOTAL HANGARS	QTY RENTABLE	QUANTITY LEASED	OCCUPANCY RATE
Open T Hangars	45	40	25	62.50%
Terminal Office Rentals	1	1	1	100%
Closed Hangar Rentals	1	1	1	100%
Open Hangar Cap Rentals	2	1	1	100%
TOTAL HANGAR OCCUPANCY	49	43	28	65%

Of the forty five hangars only forty can actually be rented. Most of these forty should be considered substandard and not easily marketed due to pad slope and width, electrical, and drainage issues.

CITY FEES DUE	FEE RATE	FRANCHISE FEE DUE	FUEL FLOWAGE FEES DUE	TOTAL FEES DUE
Fuel Sales (Gallons Sold)	$0.10	$0.00	$233.44	$233.44
City Owned Hangar Rentals	5.00%	$151.00		$0.00
TOTAL FEES DUE		$151.00	$233.44	$384.44

I certify the information and amounts submitted on this form are true and correct.

AGENDA
ROCKWALL CITY COUNCIL
Wednesday, November 12, 2014
6:00 p.m. Special City Council Meeting
City Hall - 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

II. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding appointment to fill city council member vacancy in accordance with City Charter provisions pursuant to Section 551.074 (Personnel Matters)
2. Discussion regarding appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Board of Adjustments, and the Rockwall Economic Development Corporation (REDC) pursuant to Section 551.074 (Personnel Matters)

III. ADJOURN EXECUTIVE SESSION

IV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

V. ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 771-7700 or FAX (972) 771-7727 for further information.
The City of Rockwall City Council reserves the right to adjourn into executive session at any time to discuss any of the matters listed on the agenda above, as authorized by Texas Government Code § 551.071 (Consultation with Attorney) § 551.072 (Deliberations about Real Property) § 551.074 (Personnel Matters) and § 551.086 (Economic Development)

I, Kristy Ashberry, City Secretary for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 7th day of November, 2014 at 4:00 p.m. and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

p.106 **2.** **Z2014-027** - Hold a public hearing to discuss and consider approval of an **ordinance** for a City initiated zoning request for a text amendment to Article II, Authority and Administrative Procedures, Article IV, Permissible Uses, and Article V, District Development Standards, of the Unified Development Code [Ordinance No. 04-38] for the purpose of modifying various sections of the code, and take any action necessary. **(1st Reading)**

XI. SITE PLANS / PLATS

p.128 **1.** **SP2014-029** - Discuss and consider a request by John Spiars of Spiars Engineering, Inc. on behalf of Bill Lavin of Fenton Motor Group for the approval of variances associated with a site plan for a new automobile dealership on a 14.751-acre tract of land being composed of a 10.5-acre parcel of land identified as Lot 1, Block A, Lafon Addition and a 4.251-acre portion of Tract 2 & 12 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, being zoned Light Industrial (LI) and Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District and the 205 By-Pass Overlay (205-BY OV) District, located at the southeastern corner of the intersection of John King Boulevard and the IH-30 Frontage Road, and take any action necessary.

XII. ACTION ITEMS

p.147 **1.** **Z2014-029 - *[Applicant has requested to withdraw]*** Discuss and consider approval of an **ordinance** for a request by Steven Freeman of Kimley-Horn and Associates, Inc. on behalf of Don Holloway of Lofland Farms, LTD for the approval of a Specific Use Permit (SUP) for a retail store with more than two (2) gasoline dispensers for a 0.743-acre tract of land identified as a portion of Tract 5-3 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 45 (PD-45) for general retail land uses, situated within the SH-205 By-Pass

Overlay (205 BY-OV) District and the SH-276 Overlay (SH-276 OV) District, located at the southeast corner of the intersection of SH-276 and John King Boulevard, and take any action necessary. **(2nd Reading)**

p.151 **2.** **Z2014-025** - Discuss and consider approval of an **ordinance** for a request by Christopher Orr of Arcadia Lakes of Somerset Holdings, LLC for the approval of a zoning amendment to Planned Development District 63 (PD-63) to allow for changes to the concept plan and development standards stipulated by Ordinance No. 05-51 for a 139.354-acre tract of land identified as Tracts 1 & 7 of the A. Johnson Survey, Abstract No. 123, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 63 (PD-63) for Single Family 10 (SF-10) District use, situated within the SH-205 Overlay (SH-205 OV) District, located at the northeast corner of the Intersection of FM-549 and S. Goliad Street (SH-205), and take any action necessary. **(2nd Reading)**

p.169 **3.** Discuss and consider a special request by Michael Clark to allow for a land use (fourplex residential dwelling unit) not otherwise allowed on property within the Southside Residential Neighborhood Overlay (SRO) with underlying zoning of Single Family Residential (SF-7) and located at 808 Sam Houston Street, City of Rockwall, and take any action necessary.

p.173 **4.** Discuss and consider the results of a study of the City's current water and wastewater rates and approval of a resolution setting increased water and wastewater rates, and take any action necessary.

p.178 **5.** Discuss and consider appointments to the city's ART Commission, Architectural Review Board, and Main Street Advisory Board, and take any action necessary.

XIII. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding proposed lease/sale of city land for possible private project pursuant to Sections 551.072 (Real Property) and Section 551.087 (Economic Development negotiations)
2. Discussion regarding appointment to fill city council member vacancy in accordance with City Charter provisions pursuant to Section 551.074 (Personnel Matters)
3. Discussion regarding appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Board of Adjustments, and the Rockwall Economic Development Corporation pursuant to Section 551.074 (Personnel Matters)
4. Discussion regarding appointment of city council member liaisons to city boards, commissions, and committees pursuant to Section 551.074 (Personnel Matters)
5. Discussion regarding City Manager performance evaluation pursuant to Section 551.074 (Personnel Matters).

XIV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

XV. ADJOURNMENT

This facility is wheelchair accessible and accessible parking spaces are available. Request for accommodations or interpretive services must be made 48 hours prior to this meeting. Please contact the City Secretary's Office at (972) 771-7700 or FAX (972) 771-7727 for further information.

The City of Rockwall City Council reserves the right to adjourn into executive session at any time to discuss any of the matters listed on the agenda above, as authorized by Texas Government Code § 551.071 (Consultation with Attorney) § 551.072 (Deliberations about Real Property) § 551.074 (Personnel Matters) and § 551.086 (Economic Development)

I, Kristy Ashberry, City Secretary for the City of Rockwall, Texas, do hereby certify that this Agenda was posted at City Hall, in a place readily accessible to the general public at all times, on the 14th day of November, 2014 at 4:00 p.m. and remained so posted for at least 72 continuous hours preceding the scheduled time of said meeting.

Proclamation

Rockwall, Texas

Whereas, Sharon Shannon Elementary first opened its doors in 2007 and had an overall attendance rate of 97% last year; and

Whereas, Shannon Elementary is the first school in Rockwall to receive the I Am a Leader Foundation Grant to become a "Leader in Me" school, which teaches the 7 Habits of Highly Effective People to teachers, students and their families; and

Whereas, Shannon Elementary has over 130 students participating in the 15 different campus leadership jobs and will become a "Leader in Me" Lighthouse school in 2015; and

Whereas, Shannon Elementary has a very active volunteer program, including "Dads of Great Students Watchdog Program"; and

Whereas, Shannon Elementary has the pleasure of having all the Special Education Programs on its campus, which gives their students the opportunity to show kindness and compassion to a wide range of students.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim Monday, November 17, 2014 as

Sharon Shannon Elementary School Recognition Day

in the City of Rockwall, Texas and urge all citizens to applaud and congratulate the students, teachers and staff of Sharon Shannon Elementary School for their noteworthy accomplishments and continued hard work towards quality education in Rockwall.

Proclamation

Rockwall, Texas

Whereas, Meals on Wheels offers an invaluable service to our community, delivering 29,796 meals annually to the home-bound elderly and congregate sites in the City of Rockwall; and

Whereas, Meals on Wheels also provides assistance to the elderly and disabled with countless issues relating to entitlement and insurance benefits; and

Whereas, Meals on Wheels ensures that caregivers have the most up-to-date information, education, and resources available; and

Whereas, Meals on Wheels equips each client with an Emergency Food Box twice a year containing a three to five day supply of stable, shelf-life food in case of inclement weather; and

Whereas, the Meals on Wheels program also offers information & referral service regarding in-home programs; Housing, Assisted Living, or Long-Term Care Facilities; transportation; and legal services.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby designate November 17, 2014 as

MEALS ON WHEELS RECOGNITION DAY

in the City of Rockwall and encourage all citizens to recognize this organization, including its leadership and volunteers, for the numerous beneficial services it provides to residents in our community.

In Witness Whereof, I hereunto set my hand and official seal this 17th day of November, 2014.

MINUTES
ROCKWALL CITY COUNCIL
Monday, November 03, 2014
4:00 p.m. Regular City Council Meeting
City Hall - 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 4:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem Jim Pruitt and Council members David White, Mike Townsend, Scott Milder, Bennie Daniels and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs and City Attorney Frank Garza. Mayor Sweet read the below listed discussion items into the public record before recessing the public meeting into Executive Session at 4:02 p.m.

II. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding right-of-way land acquisition located near Justin Road and John King Blvd. pursuant to Section 551.072 (Real Property) and status of Temunovic condemnation proceeding pursuant to Section 551.071 (Consultation with Attorney).
2. Discussion regarding Economic Development prospect pursuant to Section 551.087 (Economic Development)
3. Discussion regarding possible claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)
4. Discussion regarding proposed lease/sale of city land for possible private project pursuant to Sections 551.072 (Real Property) and Section 551.087 (Economic Development negotiations)
5. Discussion regarding appointment to fill city council member vacancy in accordance with City Charter provisions pursuant to Section 551.074 (Personnel Matters)
6. Discussion regarding appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Board of Adjustments, Planning & Zoning Commission, and the Rockwall Economic Development Corporation pursuant to Section 551.074 (Personnel Matters)
7. Discussion regarding City Manager performance evaluation pursuant to Section 551.074 (Personnel Matters).

III. ADJOURN EXECUTIVE SESSION

Executive Session was adjourned at 5:58 p.m.

MINUTES
ROCKWALL CITY COUNCIL
Monday, November 03, 2014
6:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

IV. RECONVENE PUBLIC MEETING

Mayor Sweet called the public meeting back to order at 6:00 p.m. with all seven city council members present.

V. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

Mayor Pro Tem Pruitt made a motion to authorize the city manager to institute an action concerning the sale of city owned property at The Harbor. Councilmember Townsend seconded the motion, which passed unanimously of council (7 – 0).

VI. INVOCATION AND PLEDGE OF ALLEGIANCE – MAYOR PRO TEM PRUITT

Mayor Pro Tem Jim Pruitt delivered the invocation and led the Pledge of Allegiance.

VII. PROCLAMATIONS / AWARDS

1. Nebbie Williams Elementary School Recognition Day

Mrs. Gielow, principal at Nebbie Williams, came forth to introduce herself and several faculty members, students and parents. Mayor Sweet then read and presented the guests of Nebbie Williams Elementary School with a proclamation recognizing the school.

2. Pancreatic Cancer Awareness Month

Mayor Sweet invited Brenda Dillehay forth to invite her to say a few words. She explained that she is with the Pancreatic Cancer Network and is trying to have every city in the Metroplex issue a proclamation to help educate the public about this disease. Mayor Sweet then read and presented Ms. Dillehay with a proclamation declaring November as Pancreatic Cancer Awareness Month in the City of Rockwall.

3. Rockwall Boys and Girls Club Recognition Day

Mayor Sweet called forth Misti Potter, Executive Director of the local Boys & Girls Club. After a few introductions and brief comments, Mayor Sweet then read and presented the club with an honorary proclamation recognizing it for the numerous contributions it makes to benefit kids in the Rockwall community.

4. American Diabetes Month

Mayor Sweet called forth Ms. Sandi Peters. He then read and presented a proclamation declaring it to be American Diabetes Month in the City of Rockwall.

5. Pulmonary Hypertension Awareness Month

Mayor Sweet read this proclamation into the record, declaring November as Pulmonary Hypertension Awareness Month in the City of Rockwall.

6. Movember

Mayor Sweet called forth city employee, JoDee Sanford. Mrs. Sanford came forth and said a few words about Movember, explaining what that the campaign raises money and awareness about men's health issues, including certain cancers.

VIII. OPEN FORUM

Mayor Sweet explained how Open Forum is conducted and asked if anyone would like to come forth and speak during this portion of the meeting. There being no one wishing to come forward to speak, Mayor Sweet then closed Open Forum.

IX. CONSENT AGENDA

1. Consider approval of the minutes from the October 20, 2014 regular city council meeting, and take any action necessary.

2. Consider approval of an **ordinance** amending the Code of Ordinances in Ch. 36. Streets, Sidewalks and Public Places; Article IV. Art in Public Places Master Plan; Division 2. Art Review Team (ART) Commission; Section 33-77. Established, Subsection (a) Composition to change the required composition of the Commission membership, and take any action necessary. **(1st reading)**

3. **P2014-027** - Consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of John Arnold of the Skorburg Company (BH 60's POD, LTD) for the approval of a preliminary plat for Breezy Hill, Phases IXA & IXB, containing 92 residential lots on a 26.32-acre tract of land situated within the T. R. Bailey Survey, Abstract No. 30 and the J. Simmons Survey, Abstract No. 190, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 74 (PD-74) for residential land uses, generally located east of the intersection of FM-552 and John King Boulevard, and take any action necessary.

4. **P2014-031** - Consider a request by Dub Douphrate of Douphrate & Associates, Inc. on behalf of Kash Parbhu of Peak Pedi, LLC for the approval of a final plat for Lot 1, Block A, Peak Pedi Medical Office, being a 0.954-acre tract of land currently identified as Tract 1-02 of the J. M. Allen Survey, Abstract No. 2, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-276 Overlay (SH276 OV) District, located on the north side of SH-276 east of the intersection of John King Boulevard and SH-276, and take any action necessary.

5. **P2014-032** - Consider a request by Richard Garcia of Triangle Engineering, LLC on behalf of Ketan Parekh of A. J. Squared, LLC for the approval of a replat for Lot 1, Block A, AJ Squared Addition being a 1.460-acre parcel of land currently identified as Lot 2, Block A, Rockwall

Assisted Living Facility Addition, zoned Planned Development District 18 (PD-18) for office and retail uses, situated within the Scenic Overlay (SOV) District, located on the west side of Ridge Road [FM-740] south of Cemetery Road, and take any action necessary.

6. Consider approval of a resolution of the City of Rockwall, Texas, declaring a public necessity for the acquisition of fee simple title to all portions of properties for the Justin Road Project located in Rockwall County, Texas owned by unknown persons and/or entities, described as follows: A tract of land containing 0.298 acres (12,991 square feet), located off Justin Road between Industrial Boulevard and John King Boulevard in the City of Rockwall, Rockwall County, Texas for the public purpose of construction, operation, reconstruction, improvement, repair and maintenance, of the Justin Road Street Project; authorizing all appropriate action of the City in the institution and prosecution of condemnation proceedings to acquire such properties that cannot be acquired through negotiation; authorizing all other lawful action necessary or incidental to such acquisitions.

Councilmember White made a motion to approve the entire Consent Agenda (#s 1, 2, 3, 4, 5, and 6). Councilmember Lewis seconded the motion. The ordinance for #2 was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-41

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CH. 36. STREETS, SIDEWALKS AND PUBLIC PLACES; ARTICLE IV. ART IN PUBLIC PLACES MASTER PLAN; DIVISION 2. ART REVIEW TEAM (ART) COMMISSION; SECTION 33-77. ESTABLISHED, SUBSECTION (a)(1). COMPOSITION TO CHANGE THE REQUIRED COMPOSITION OF THE FIVE (5) MEMBER COMMISSION; PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; AND PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

X. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Craig Renfro, Chairman of the Planning and Zoning Commission came forth and briefed the city council on recommendations of the Commission relative to Planning-related items on tonight's city council meeting agenda. The council took no action related to this agenda item.

2. Appointment with Todd Parks, FBO of the Ralph M. Hall / Rockwall Municipal Airport, to request a modification to winter operating hours and discuss holiday closings, and take any action necessary.

Mr. Parks came forth and explained that the contract that was signed back in April allows for changes if mutual agreed upon by both parties. He then requested that the council consider allowing him to change the operating hours, including some holiday hours (closing on Thanksgiving day, Christmas day, and possibly New Years day).

Mayor Pro Tem Pruitt suggested that Mr. Parks may consider staying open for these holidays this year in order to better gauge whether or not he will have transient traffic. After additional discussion,

Councilmember White made a motion to allow winter hours of 7 AM – 6PM (from November 1st through April 1st) and allow him to close Christmas, Thanksgiving and New Years Day with the availability of a "ten minute call out" (since he lives nearby). Councilmember Daniels seconded the motion, which passed unanimously of council present (7 – 0).

XI. PUBLIC HEARING ITEMS

1. **Z2014-025** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Christopher Orr of Arcadia Lakes of Somerset Holdings, LLC for the approval of a zoning amendment to Planned Development District 63 (PD-63) to allow for changes to the concept plan and development standards stipulated by Ordinance No. 05-51 for a 139.354-acre tract of land identified as Tracts 1 & 7 of the A. Johnson Survey, Abstract No. 123, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 63 (PD-63) for Single Family 10 (SF-10) District use, situated within the SH-205 Overlay (SH-205 OV) District, located at the northeast corner of the Intersection of FM-549 and S. Goliad Street (SH-205), and take any action necessary. **(1st Reading)**

Planning Director Robert LaCroix provided background information related to this agenda item. He explained that this is a request for a zoning change on a previously established Planned Development District. He stated that notices were sent out to adjacent properties located within five hundred feet (total of 27) of the subject property and to homeowner's associations located within fifteen hundred feet. Three notice replies were received back in opposition, and 1 was received back in favor. The Planning & Zoning Commission has recommended approval of this item by a vote of 7- 0. It was mentioned that a substantial sewer line extension will be needed, and the developer would bear this cost.

Mayor Sweet opened the public hearing and called the applicant forward. The applicant, Bill Gietema (3500 Maple Avenue Dallas, TX), came forth and explained that he is a master planned developer, not a home builder, and his company designs master planned neighborhoods. He then made a presentation to the council concerning elements of this particular master planned community.

Mayor Sweet asked if any member of the public in the audience would like to come forth and speak. There being no one in the audience wishing to do so, Mayor Sweet then closed the public hearing.

Councilmember Lewis asked what the price point may be for these homes. Mr. Gietema explained that they would likely start at about $320,000.00. Councilmember Daniels expressed concern about the increased lot size, especially in light of the current drought and associated water supply concerns. Mayor Pro Tem Pruitt asked if the applicant is prepared to move forward with this development if the council is not willing to go along

with approving the increase in density at this time. Mr. Gietema indicated that they would either develop it as it is currently approved, or they would sell it to a builder.

Councilmember Lewis asked if there is a way to calculate how much water it would take to water the lawns with lots of this size. City Engineer Tim Tumulty indicated that staff has done some calculations on this. He explained that, with the smaller lots, there will be more area that won't be pervious, so going with the smaller lots will actually save water since 'more house' will take up more of a smaller lot size.

Councilmember Milder expressed that he likes the uniqueness of this development and is in favor of granting a slightly higher density in order to get a development like this in Rockwall.

Councilmember Daniels asked Mr. Tumulty for clarification on the watering calculations, indicating that he still has concerns about increased water consumption that is likely associated with larger, estate homes (i.e. more showers, more toilet flushes, etc.) – not just concerns related to outdoor watering of the lawns and landscapes. Mr. Tumulty indicated that staff only focused on outdoor lawn watering when attempting to make some of these water consumption calculations.

Councilmember Lewis indicated that he has seen some of these developments in other cities, and they are very well done. Mr. Gietema indicated that in other developments, they have anywhere from eight to as many as eleven architectural styles to choose from with multiple builders involved.

There being no one else wishing to come forth and speak, Mayor Sweet then closed the public hearing.

Councilmember Lewis made a motion to approve 2014-025. Councilmember Townsend seconded the motion.

Mayor Sweet emphasized the uniqueness and quality of the homes that will be involved in this development.

The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-49

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 63 (PD-63) [*ORDINANCE NO. 05-51*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY SUPERSEDING *ORDINANCE NO. 05-51* FOR THE PURPOSE OF MODIFYING THE CONCEPT PLAN, OPEN SPACE PLAN AND DEVELOPMENT STANDARDS FOR THE SUBJECT PROPERTY, BEING A 139.354-ACRE TRACT OF LAND IDENTIFIED AS TRACTS 1 & 7 OF THE A. JOHNSON SURVEY, ABSTRACT NO. 123, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 6 in favor with 1 opposed (Daniels).

2. **Z2014-028** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Mohamed Taha for the approval of a Specific Use Permit (SUP) to allow a minor auto repair garage to be established in conjunction with an existing oil/lube change facility located on a 0.2755-acre parcel of land identified as Lot 3, Block B, Rockwall High School Addition, zoned Commercial (C) District, situated within the Scenic Overlay (SOV) District, addressed as 2225 Ridge Road, and take any action necessary. **(1st Reading)**

Planning Director Robert LaCroix provided background information related to this agenda item, explaining that this request is for a stand alone, minor automotive repair business. He explained that there is already an established oil / lube business located at this address. Its use was established back in the 1980's, prior to the scenic overlay district being created in this area. He further explained that outside storage of vehicles and merchandise, such as tires, is not permissible at this location under the current zoning. The applicant now is asking the city council to consider allowing him to store no more than seven vehicles at the rear of the business, and these vehicles would be screened from FM-740 (Ridge Road). The applicant is aware that there have been some Code Enforcement related concerns at his location (i.e. storage of tires, boat, jet skis, etc.)

Notices were mailed out to thirty property owners within five hundred feet, and the Turtle Cove HOA was mailed notice since it is located within fifteen hundred feet. One notice was received back in favor, and six notices were received back in opposition. In addition, one email was received back indicating opposition. The Planning & Zoning Commission has recommended approval of this item with allowance for overnight parking of cars; however, they would like there to be an "expiration date" associated with this SUP if it is in fact granted. The SUP would then need to come back before the city council to be reviewed for a possible extension to be considered at that time.

Mayor Sweet opened the public hearing and called the applicant forth. The applicant not being present, Mayor Sweet asked the city attorney if the public hearing is allowed to be held. Mr. Garza indicated that moving forward with the public hearing is permissible, so Mayor Sweet continued with opening the public hearing, asking if anyone in the audience would like to come forth and speak.

Laura Carr
667 Stafford Circle
Rockwall, Texas 75087

Mrs. Carr came forth and presented various photographs to the council for their consideration. She explained that outside storage of both vehicles and tires has been taking place illegally at this location for some time now. It was clarified that the applicant has requested permission to leave as many as seven (7) vehicles parked in the rear of the business; however, the Planning & Zoning Commission has recommended allowing up to four (4) vehicles parked overnight in the rear of the building with the caveat that they be screened from public view. Mrs. Carr expressed concern about the outside storage being unsightly, and she also has some safety-related concerns and pollution-related concerns about "run off" associated with this type of business, especially since the lake is nearby. She generally encouraged the council to not approve this request.

Mr. Dan Donahoo
655 Turtle Cove Boulevard
Rockwall, Texas

Mr. Donahoo expressed that this is a health / safety issue. They are already doing some "minor" auto repairs at this location, and that is in violation of its current zoning. He is concerned about an increased amount of metal type products stored at the location. Also, there are not enough parking spaces at this location to accommodate overnight parking. He generally encouraged the council to not approve this request.

Dr. Jean Conway
358 Turtle Cove
Rockwall, TX

Mrs. Conway came forth and explained that she has concerns about the zoning violations that have been occurring, and the unsightliness of this business location along this scenic corridor within the city. For example, unsightly tires, until recently, were piled high at this business location. She explained that she is president of Eastfield College, and she watched the decline of the Pleasant Grove area over a period of time. She explained that this decline in Pleasant Grove began with one business that caused the whole area to eventually go downhill. She expressed general opposition to this request.

James R. Jackson
608 White Hills Drive
Rockwall, TX 75087

Mr. Jackson expressed that he owns an auto business in town, and he believes every business in town needs to abide by the regulations and associated zoning. In his opinion, the size of this particular location is far too small to accommodate various services, including automotive repairs. He generally expressed opposition regarding this SUP request.

There being no one else wishing to come forth and speak to the council at this time, Mayor Sweet then closed the public hearing.

Councilmember Lewis made a motion to deny Z2014-028 and the associated SUP request. Councilmember Daniels seconded the motion. Councilmember Daniels expressed that this business has had a long list of code-related violations ever since it opened, and none of these concerns have been addressed and rectified. He also has concerns about the applicant not even being here this evening to address the council.

Councilmember White asked if tires are allowed to be stored outside at this location right now. Mr. LaCroix indicated that a few, handful of tires can be displayed out front of the business during business hours only, but then they have to be taken indoors at closing. Also, right now, no outside storage of vehicles is allowed with the current zoning. Mr. Griggs explained that two citations have been issued to date for code related violations at this location; however, the outcome of those citations have been placed on hold for now until the applicant's zoning case is concluded. Mr. LaCroix clarified that any work done on vehicles at this business location would need to occur indoors, within the bay area with no work being allowed outdoors.

Mr. Crowley clarified that four citations have been issued at this location to date. These were issued only after city staff attempted to work with the business owner to rectify the violations. The city placed the outcome of these code violation citations 'on hold' until

the applicant has had an opportunity to have his zoning change request heard and considered by the Planning & Zoning Commission and by City Council.

Mayor Pro Tem Pruitt expressed that vehicles are parked in the front of the lot, and he has concerns about there being no accessible fire lane at this location. Fire Chief Mark Poindexter expressed that, at the time this was approved years ago, it was built without any reference to a fire lane requirement on the plat that was filed.

Mayor Sweet thanked Mr. Jackson and the representative from Christian Brothers Automotive (in the audience) for their abiding by their own business' zoning regulations.

The motion to deny then passed unanimously of council (7 ayes to 0 nays).

At 7:42 p.m., Mayor Sweet called for a brief break.

Mayor Sweet called the public meeting back to order at 7:55 p.m.

3. **Z2014-029** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Steven Freeman of Kimley-Horn and Associates, Inc. on behalf of Don Holloway of Lofland Farms, LTD for the approval of a Specific Use Permit (SUP) for a retail store with more than two (2) gasoline dispensers for a 0.743-acre tract of land identified as a portion of Tract 5-3 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 45 (PD-45) for general retail land uses, situated within the SH-205 By-Pass Overlay (205 BY-OV) District and the SH-276 Overlay (SH-276 OV) District, located at the southeast corner of the intersection of SH-276 and John King Boulevard, and take any action necessary. **(1st Reading)**

Mr. LaCroix, Planning Director, provided brief background information related to this agenda item. He indicated that the applicant has platted this area as two different properties. This particular application is for a fuel center with more than two gasoline pumps. It is located on almost ¾ of an acre. Traffic circulation will be off of John King Boulevard, including any fuel supply trucks. The Planning & Zoning Commission has recommended approval of this item by a vote of five in favor with one against with the requirement that no outside display of merchandise is to be allowed and that no delivery of fuel would be allowed during school zone hours.

Mayor Pro Tem Pruitt asked Mr. LaCroix for clarification on if this is a stand alone business. Mr. LaCroix clarified that this gas station location is associated with the adjacent, proposed Walmart Neighborhood Market. He asked if this location could accommodate a gas station of some other kind (i.e. a 7-11). Mr. LaCroix indicated that, yes, another gas station could be allowed here if an SUP were granted to allow the fuel tanks/pumps but that a gas station with no more than two pumps is already permissible here 'by right.'

Mayor Sweet opened the public hearing and called the applicant forth.

Steven Freeman with Kimley-Horne and Associates came forth as the applicant. Mr. Freeman explained that he has several representatives present this evening, including the following: Scott Johnson with Kimley Horne and Associates (did traffic study for this project); Ty Holcolm with Raymond Harris (the lead architect); and Kelly Dura with Walmart. Mr. Freeman clarified that this particular fuel center would be owned and

operated by Walmart (as opposed to Murphy Oil). He expressed concern about the recommended restriction that fuel not be delivered during school zone hours because this would be difficult to adhere to. So, he requested that the city council not include that restriction as part of this SUP approval.

Mayor Sweet asked if anyone in the audience would like to address the council at this time.

Nichole Clark
2011 Trailglen
Rockwall, TX 75032

Mrs. Clark expressed she would like this item bundled with the application for the building itself because she prefers that this development not be located in front of the school at all. She is generally opposed to this development.

City Attorney Frank Garza indicated that the applicant has submitted the applications separately, so, therefore, the city council must consider these two items separately with two, separate votes.

Eric Hatley
2440 Fieldcrest Drive
Rockwall, TX

Mr. Hatley also feels these two items should be bundled and considered together. He expressed that he has strong opposition to this item. He is concerned about the eighteen wheelers which may be delivering fuel during school zone hours when children are crossing at the nearby intersection. He explained that he has grave safety concerns.

Erica Akers
2421 Wagon Wheel Drive
Rockwall, TX

Mrs. Akers expressed that she thinks this development is a great idea; however, she does agree with some safety-related concerns associated with a nearby crossing guard area for school students going to and from the school. She does agree with limiting the times that fuel delivery trucks could make their deliveries due to safety related concerns associated with the nearby school and student pedestrians.

Leon Townsend
2111 Paint Creek Court
Rockwall, TX

He explained that he has lived in Lofland Farms for about ten years now. He expressed that he has safety-related concerns, especially related to drivers who are attempting to exit out of the subdivision onto SH-276 or onto John King Boulevard.

Tara Gonzales
2441 Teagle Drive
Rockwall, TX (Lofland Farms Subdivision)

Mrs. Gonzales expressed that she is in opposition of the proposed gas station. She generally expressed that there are a sufficient number of fuel stations located within close proximity to this location already. She has safety concerns related to underground fuel tanks, especially since they would be located in such close proximity to the nearby school.

Mike McQuiddy
2221 Fieldcrest
Rockwall, TX

Mr. McQuiddy reiterated what others have said in that he is opposed to the proposed gas station pumps. He has concerns about traffic congestion, which is already a serious issue, even without this development. He expressed that approval of this fuel center will only serve to compound the traffic congestion related concerns.

Mrs. Hatley
2440 Fieldcrest Drive
Rockwall, TX

Mrs. Hatley pointed out the mission statements of the Planning & Zoning for the city as well as the mission statement for the City of Rockwall itself, pointing out that both speak to a desire to have a safe community. She is not okay with this particular Walmart being located so close to the nearby school. She has concerns about child pedestrians crossing lanes of traffic, and she is concerned about 18 wheeler fuel tank trucks making fuel deliveries during school zone hours. She is not opposed to Walmart in general. In fact, she shops across town at the existing Walmart Neighborhood Market; however, she is not in favor of one going in at this particular location.

David Eason
202 E. Interurban
Rockwall, TX

Mr. Eason is generally opposed to this proposed fuel center and has safety related concerns.

Erica Akers
2421 Wagon Wheel Drive
Rockwall, TX

Mrs. Akers expressed that she is in agreement with both the gas station and the store. She believes the Clean Water Act and other regulations as well as current, modern day design standards will ensure the safety of in ground fuel tanks. Furthermore, she believes that a gas station at this location is very likely inevitable. She pointed out that if it is not a gas station that goes in at this location, it could be something even less desirable.

Ashley Denton
2160 Paintcreek Court
Rockwall, TX 75032

Mrs. Denton indicated that the crossing guard who normally works the intersection of John King Boulevard and SH-276 sometimes does not show up to assist children crossing the roadway. It was explained that some students go to Jones from the Meadowcreek subdivision, and those are the pedestrian students residents are concerned about.

Jamie Cutler
2461 Teagle Drive
Rockwall, TX 75032
(Lofland Farms)

Mrs. Cutler expressed that she walks her kids to school every day, and she is concerned about the already very congested area. She is concerned that a Walmart and fuel center at this location will only serve to increase traffic congestion in this is already a problem.

Mayor Pro Tem Pruitt made a motion to table action on this item until Public Hearing Item #4 and Action Item #2 can be addressed. Councilmember Milder seconded the motion.

Councilmember White asked for clarification as to where in this area kids are actually crossing to go to school.

Lesli Kilgore
1662 Chesterwood
Rockwall, TX

Mrs. Kilgore came forth to speak. It was clarified that kids cross at the intersection of John King Boulevard and Chesterwood, and that is where the school crosswalk is located. However, sometimes the crossing guard assigned to this crosswalk does not show up in the mornings and/or afternoons.

Councilmember White clarified with staff that SH-276 is proposed to be expanded by the State of Texas to four lanes and eventually to six lanes. Mr. Crowley affirmed that the roadway is slated for expansion sometime in the future, indicating that the expansion of this road would occur with some county road funding with a majority of the cost being funded by the Texas Department of Transportation (TXDOT).

Scott Johnson
Kimley-Horne
Dallas, TX

Mr. Johnson came forth and indicated that about 12,800 cars per day are currently on SH-276, which is considered "busy" but not "full" for a highway. Councilmember Lewis asked for how many days traffic was counted associated with this study. Mr. Johnson indicated that traffic was counted for one day, and it was most likely done on a Tuesday, Wednesday or Thursday. Councilmember Lewis expressed concern about the city council not being given the traffic study results. He also has concerns about the developer putting these items forth for consideration in two, separate parts.

The motion to table passed by a vote of 7 ayes to 0 nays.

Following Public Hearing item #4 and Action item #2, the council revisited this agenda item. Councilmember Townsend made a motion to approve Z2014-029. Councilmember Milder seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-XX
SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A RETAIL STORE WITH MORE THAN TWO (2) GASOLINE DISPENSERS ON A 0.743-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF TRACT 5-3 OF THE W. H. BAIRD SURVEY, ABSTRACT NO. 25, AND ZONED PLANNED DEVELOPMENT DISTRICT NO. 45 (PD-45) FOR GENERAL RETAIL LAND USES, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion to approve passed by a vote of 6 in favor with 1 against (Sweet).

4. **Z2014-032** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Steven Freeman of Kimley-Horn and Associates, Inc. on behalf of Don Holloway of Lofland Farms, LTD for the approval of a Specific Use Permit (SUP) for a building greater than 25,000 SF in a General Retail (GR) District for a 5.52-acre tract of land identified as a portion of Tract 5-3 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 45 (PD-45) for general retail land uses, situated within the SH-205 By-Pass Overlay (205 BY-OV) District and the SH-276 Overlay (SH-276 OV) District, located at the southeast corner of the intersection of SH-276 and John King Boulevard, and take any action necessary. **(1st Reading)**

Planning Director Robert LaCroix provided brief background information related to this item. Mr. LaCroix explained that these cases are being handled separately because they each require a separate SUP, and the applicant submitted them separately. He indicated that thirty-seven notices were sent out in accordance with the manner in which the city typically sends notice (within 500' of the property and to the homeowner's associations (HOA) located within fifteen hundred feet). In addition, a large, yellow sign indicated a proposed zoning change was also placed on site. The Planning & Zoning Commission did recommend approval of this item with the stipulation that an 8' masonry screening wall be placed at the rear of the building (east side of the property). Three official notices were received back in favor, and two were received back in opposition. Mr. Ryan Miller, Planning Manager, clarified that, in addition to staff receiving these replies to the official notice, several emails were received by staff as well.

Mayor Sweet expressed that the city has sincerely worked hard towards improving public notices on zoning cases, including expanding the notification area for those who receive mailed notice, and changing the signage to make them larger and more noticeable to

passersby. He expressed that the city council has experienced some confusion as to why these two items are being presented as two, separate cases for consideration.

Mayor Sweet opened the public hearing and called the applicant forth to speak. Mr. Steven Freeman with Kimley-Horn came forth and apologized for the confusion associated with the two SUP items being presented separately. He indicated that pre-development meetings were held with staff, and it was noted at that time that two, separate SUPs would be required – one for the Walmart store itself and one for the fuel center. It was originally projected that the SUP for the store itself would be further along and considered in advance of the fuel center SUP request, but they wanted them to both come forth for consideration at the same time. He then explained how 18-wheeler deliveries would be made to the store itself, indicating that the route the trucks would take would not actually pass through the existing school zone. He also spoke about the proposed buffer behind the proposed Neighborhood Market store itself, indicating that what they are proposing exceeds the city's minimum requirements.

Councilmember Milder asked for clarification as to where the wall buffer would be located. Mr. Freeman expressed that it would be an eight foot wall located between the tree and the back of the Walmart.

Eric Hatley
2440 Fieldcrest Drive
Rockwall, TX

Mr. Hatley came forth and expressed that he is not in opposition to Walmart itself; however, he believes there are better locations for this proposed Walmart to be located. Mr. Hatley expressed that if a gas station (only) goes in at this location, it will result in less traffic than would be created if the Walmart store itself also goes in at this site location. He suggested that there may be better locations North of SH-276. Mr. Hatley expressed that Walmart is convenient, but it comes at a cost. He generally has concerns about safety and security of kids in the area. He expressed that it will bring increased, abnormal traffic that kids both at the school and nearby pool and park areas are not accustomed to. He also questions if the physical condition of existing roadways will be able to handle the additional traffic and the large delivery trucks. Also, while he does not have actual crimes statistics, he does still have safety concerns related to possible increase in crime. He is also concerned about alcohol and tobacco products being sold in such close proximity to where children will be located. Mr. Hatley read an email from Linda Mitchell Duram, VP of the Rockwall ISD school board of trustees, which indicated that neither she nor the superintendent is in favor of any place that sells alcohol or tobacco being located within three hundred feet of any school. He also read some emails from a school board member and from the superintendent of schools expressing that they are opposed to the sale of alcohol and tobacco within three hundred feet of any Rockwall schools. Mr. Hatley generally expressed strong opposition to the proposed Walmart at this location.

Mr. LaCroix clarified that there is a vacant, commercial piece of property that would be located in between the Walmart and the nearby elementary school.

Tara Gonzales
2441 Teagle Drive
Rockwall, TX (Lofland Farms Subdivision)

Mrs. Gonzales expressed concern about there not being adequate infrastructure (roadways) in place prior to approving a development of this magnitude. She explained that she is not against Walmart; however, she is not in favor of one being placed at this particular location, especially in such close proximity to the nearby school. Mrs. Gonzales then read an email that she sent to both city council members and school board members earlier today. Mrs. Gonzales expressed that she believes there are better locations for placement of a Walmart of this nature. If indeed the council does chose to approve this SUP, she would like the council to consider some concessions. She would like the Walmart Neighborhod Market to be built at no more than 25,000 sq. feet, which is what this general retail area is currently zoned for (instead of the 40,000 sq. feet that is being proposed). She generally asked the council to consider the interests and concerns of the nearby residents and their school aged, pedestrian children walking to and from school. She would like additional traffic lights at entrances and exits. She would speed bumps placed in the area of SH-276 and Trailglen. Also, she would like street signs indicating "no thru traffic." Also, she is concerned about strangers that will be brought into her neighborhood. She would like this Walmart Neighborhood Market to not be allowed to be a 24 hour operation if it is in fact approved. She would also like no deliveries between 10PM and 7AM as well as any time the school zone lights are flashing. Furthermore, she requested that no overnight parking to be allowed if it is approved. Furthermore, she requested that the buffer / screen wall be at eight feet and that it be expanded to also provide a screen at the school property line. She also wants to prohibit the sale of alcohol at this particular location if it is approved.

Nichole Clark
2011 Trailglen
Rockwall, TX 75032

Mrs. Clark asked for certain considerations if this SUP is approved. She would like to see traffic signals / lights at the intersections of SH-276 at Trailglen and at John King and Fieldcrest. She believes the developer could be responsible for said signals lights. She would also like speed bumps installed on Trailglen, Stableglen, and Fieldcrest as well as "no thru traffic" signs to make it unappealing for traffic to cut through these areas. She would like restrictions on delivery times (none between 10 PM and 7 AM); no overnight parking; only downward facing lights on the property so they do not shine beyond the property's boundaries; a shopping cart containment system to ensure the carts are not taken off sight.

Mike McQuiddy
2221 Fieldcrest
Rockwall, TX

Mr. McQuiddy asked when the city staff first learned that the site plan submittal did not conform to the zoning. Mr. LaCroix indicated that staff was made aware about three weeks ago. At that time, the process was stopped, and city staff had to re-advertise the case. Mr. McQuiddy expressed that the development is poorly planned. The building size is about 70% greater that what a General Retail district actually allows (25k square feet is what it is zoned for). He is concerned about 24 hour operations if this Walmart is approved. He is concerned about noise, traffic, litter and late night hours, among other concerns. Mr. McQuiddy quoted some provisions located within the city's Unified

Development Code. He then encouraged the applicant to abide by the codes as they are written instead of asking for exceptions.

Jamie Cutler
2461 Teagle Drive
Rockwall, TX
(Lofland Farms)

Mrs. Cutler expressed that she is opposed to this development because of all of the children in and around the adjacent neighborhoods.

Mayor Pro Tem Pruitt explained that Walmart could, "by right," build a 25,000 square foot store with two gas pumps and not sell alcohol and not have to seek permission from the city council. He asked Mrs. Cutler if she would still be opposed if Walmart did this. Mrs. Cutler generally expressed that she may still be opposed to it even then.

Mr. Tommy Miller
2401 Fieldcrest Drive
Rockwall, TX

Mr. Miller generally expressed support for this proposed Walmart Neighborhood Market. He is not necessarily in support of adding speed bumps on nearby, neighborhood roadways. He also believes, in some cases, that having retail establishments somewhat close to residential areas actually has a positive affect on property values.

Erica Akers
2421 Wagon Wheel Drive
Rockwall, TX

Mrs. Akers expressed that she is in support of this proposed development. She expressed that the store itself sells limited items and that it caters to the nearby neighborhoods. This will bring about 100 part time positions (work force) to the area, and she believes this will be a good thing. She acknowledged that there are some traffic-related concerns that may accompany this development; however, she believes these concerns could be worked out. She expressed that there are already speeding concerns in the neighborhood, and she does not believe those will become any worse with this development. She also pointed out that this store would not directly abut the school property. There is another lot in between the two property lines. She generally expressed support for this proposed Walmart.

Mr. Tim Wilson
2850 Avery
Rockwall, TX
(Lofland Farms subdivision)

Mr. Wilson expressed that his main concern is simply how close it is to the nearby neighborhood community. He suggested that the onsite drainage be moved to the rear of the building rather than in the front of the building. He asked the Council to deny this Special Use Permit to relook at it to figure out how the circumstances associated with the development could be made better for the community.

Josh Denton
2160 Paintcreek Court
Rockwall, TX 75032

Mr. Denton is concerned about this development brining in additional traffic from other areas outside of the immediate, surrounding areas. Mr. Denton expressed that he prefers a 25,000 square foot store, with only two gas pumps and with no alcohol sales.

Ashley Denton
2160 Paintcreek Court
Rockwall, TX 75032

Mrs. Denton expressed that she is opposed to this SUP. She stated that the roadway infrastructure is not sufficient in this area to support this proposed Walmart at this time. SH-276 needs to be expanded first before something like this is possibly approved. She does not want this to be a 24 hour operation if it is in fact approved. She explained that she sometimes sits through six or seven cycles of the light at SH-276 and John King Boulevard. She is opposed to this development.

Mayor Pro Tem Pruitt and Mayor Sweet both pointed out that SH-276 is slated to be expanded to a six-lane roadway by the County and TXDOT.

Leon Townsend
2111 Paint Creek Court
Rockwall, TX

Mr. Townsend suggested that staff show a map of the area in order to solicit more input from potentially affected, nearby residents.

Mayor Pro Tem White indicated that the city recently amended its practice of notifying residents to also include notification to the Homeowner's Associations. He encouraged residents to ensure that management companies who oversee their HOAs are in fact disseminating word to the residents in their neighborhoods concerning zoning change notifications emailed by the city.

Mr. Tim Wilson came forth and indicated that he is the president of the Homeowners Association in this area (Lofland Farms). He stated that the city did notify the HOA management company; however, they did not send the notice to the correct contact person within the management company. Mr. Wilson expressed concern about the city not having confirmation from the HOA's to which they send notification. If the city does not have the correct contact information for the homeowner's association board president him/herself and only has contact information for the property management company, then saying that the city notified the HOA does not look good or go over well with the President of an HOA who may have in fact not received notification from the city. Planning Director Robert LaCroix explained that city staff made a registry for the various HOAs and associated management companies to utilize to keep the city staff informed of up-to-date and accurate contact information for the various HOAs throughout the community. The public is encouraged to utilize this registry to ensure notices sent to the HOAs by the city are received by the correct companies and/or individuals associated with those HOAs.

Mayor Pro Tem Pruitt made a motion to table this item until after Action Item #2 is addressed. Mayor Sweet seconded the motion. General discussion took place related to various, possible scenarios for what size building or type of business could go in at this location if this Walmart Neighborhood Market is not approved.

Action Item #2 was addressed next by Council.

Councilmember Townsend made a motion to approve Z2014-032, including the associated P&Z recommendations. Councilmember White seconded the motion. Brief comments took place related to fire wall related building materials and the associated fire code regulations. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-XX
SPECIFIC USE PERMIT NO. S-XXX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR A BUILDING GREATER THAN 25,000 SQUARE FEET IN A GENERAL RETAIL DISTRICT ON A 5.52-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF TRACT 5-3 OF THE W. H. BAIRD SURVEY, ABSTRACT NO. 25, AND ZONED PLANNED DEVELOPMENT DISTRICT NO. 45 (PD-45) FOR GENERAL RETAIL LAND USES, AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A'; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion failed by a vote of 3 in favor with four against (Pruitt, Sweet, Daniels and Lewis).

Mayor Sweet then called for a brief, ten minute break.

Mayor Sweet called the meeting back to order and addressed Public Hearing item #5 next.

5. **Z2014-030** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Dub Douphrate of Douphrate & Associates, Inc. on behalf of Barry Luff of L2 Properties, LLC for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 1 (SF-1) District land uses for a 138.79-acre tract of land identified as Tract 1 of the J. Lockhart Survey, Abstract No. 137, City of Rockwall, Rockwall County, Texas, and zoned Agricultural (AG) District, generally located on the east side of Dowell Road south of the intersection of SH-276 and Dowell Road, and take any action necessary. **(1st Reading)**

Planning Director Robert LaCroix provided brief background information related to this agenda item, indicating that this would be for 107, separate one acre lots and would be the city's first area with an SF-1 District. A rural street section would exist that would use

valley ditches to facilitate street drainage. This would require an exception to the city's on-site sewage requirements. Twenty percent would be open space with a "pocket park" being included. The lots would have 40' setbacks with a minimum lot width of 150' and a minimum 2,600 square foot dwelling size and a lot coverage of 45 percent. The closest sewage tie in is located about 1.5 miles away, so if these estate lots could be effectively implemented, the sewer-related variance would need to be granted. Regarding future construction of a nearby four-lane divided roadway (planned for in the city's Comprehensive Plan), a water line easement has been discovered, and it complicates plans associated with construction of this roadway. City staff did discuss possible construction of this roadway with the developer. A traffic impact analysis was done to see if in fact the traffic counts would warrant a four-lane divided roadway, and the results were just received back by staff on Friday. The study did indicated that a two lane divided roadway can accommodate the traffic with utilization of some 'flare outs' in some areas to allow for needed turn lanes. This area is slated to be low density in accordance with the city's Comprehensive Plan, so this development does meet the intent of the plan. Mr. LaCroix indicated that staff mailed out notices to twenty-six properties located within 500 feet of the proposed zoning. One notice was received back in support, and 1 notice was received back with what appears to be a neutral response.

City Manager Rick Crowley provided brief comments regarding a septic tank monitoring and inspections program that could be provided either through the county through expansion of a current interlocal agreement or through a private contractor. He explained that septic tank owners pay an annual fee that could fund an inspections services program through a private contractor.

Mayor Sweet opened the public hearing and called the applicant forth to speak at this time.

Dub Douphrate
Douphrate and Associates
2235 Ridge Road
Rockwall, TX

Mr. Douphrate came forth and indicated he represents the applicant and is here to answer any questions the council may have of him.

Mr. John Thomas
494 Dowell Road
Rockwall, TX

Mr. Thomas expressed concern about the poor condition of Dowell Road currently. He questions the ability of Dowell Road to handle construction-related and other traffic associated with this development.

There being no one else wishing to come forth and speak, Mayor Sweet closed the public hearing.

Councilmember White made a motion to approve Z2014-030. Councilmember Townsend seconded the motion.

Mr. Crowley asked if most of the construction related vehicles would utilize Dowell Road. Mr. Douphrate indicated that, yes, Dowell Road would mainly be utilized. Mr. Crowley

questioned if the developer may be willing to help assist with maintenance and or correct any issues associated with Dowell Road during the construction period. Mr. Douphrate indicated that he will need to speak with his client about making this concern a priority and facilitate discussions about this road and its condition. Mr. Douphrate indicated that the goal is to have two access points, and they are currently speaking with an adjacent property owner in order to hopefully accomplish this.

Mayor Pro Tem Pruitt asked if council could, as part of this approval, make some sort of condition related to the condition of Dowell Road. Mr. Garza indicated that, no, as part of this zoning change, conditions cannot be placed; however, the council could consider such conditions with the plat approval at a later date.

The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO PLANNED DEVELOPMENT DISTRICT 76 (PD-76) FOR SINGLE FAMILY 1 (SF-1) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 138.79-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1 OF THE J. LOCKHART SURVEY, ABSTRACT NO. 137, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed unanimously of council (7 ayes to 0 nays).

6. **Z2014-031** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Jimmy Strohmeyer of Strohmeyer Architects, Inc. on behalf of D. W. Bobst of J-BR2, LLC for the approval of a PD Development Plan proposing to establish five (5) pad sites for restaurants and retail shopping within Planned Development District 32 (PD-32), on a 2.893-acre parcel of land identified as Lot 1, Block B, Harbor District Addition, City of Rockwall, Rockwall County, Texas, situated within the Hillside Sub-District of Planned Development District 32 (PD-32), located within the IH-30 Overlay (IH-30 OV) District, at the southwest corner of the intersection of the IH-30 frontage road and Sunset Ridge Drive, and take any action necessary. **(1st Reading)**

Mr. LaCroix, Planning Director, provided background information related to this agenda item. Notices were sent out to twenty-three property owners within 500' of the area and to the HOAs in the area (within fifteen hundred feet). No replies related to these notices have been received back by staff at this time.

Mayor Sweet opened the public hearing and called the applicant forth to speak.

Jimmy Strohmeyer
1620 Fairlakes Point
Rockwall, TX

Mr. Strohmeyer came forth and explained the setback request and the requested "stair step" elevation located right in front of the restaurant/retail spaces. It was explained that the "stair step" slopes are being requested in order to accommodate outdoor seating at these retail spaces.

Councilmember White made a motion to approve Z2014-031, including staff recommendations. Councilmember Milder seconded the motion. After brief discussion, the ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 10-21* OF PLANNED DEVELOPMENT DISTRICT 32 (PD-32) AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN FOR RETAIL/RESTAURANT PAD SITES ON A 2.893-ACRE PARCEL OF LAND IDENTIFIED AS LOT 1, BLOCK B, HARBOR DISTRICT ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 7 ayes to 0 nays.

XII. ACTION ITEMS

1. **MIS2014-016** - Discuss and consider a request from David Dorotik for approval of a Special Exception to the Unified Development Code, Article VI, Section 4, Residential Parking, regarding the storage of farm machinery (antique tractor) on a residential lot being zoned Single-Family Residential District (SF-7) and located at 509 Parks Avenue, Rockwall, Texas, and take any action necessary.

Planning Director Robert LaCroix provided brief background information related to this agenda item.

David Dorotik
509 Parks Avenue
Rockwall, TX

Mr. Dorotick pointed out six letters from surrounding neighbors who have all expressed having no problems or concerns with his tractor parked underneath his carport. Mr. Dorotick explained that this is a 1937 tractor that was originally purchased by his father. It is only utilized in local parades, and it is not utilized for farming operations. Mr. Dorotick explained that he has a large concern about safety involved in moving and storing the tractor. He expressed that a while back then Code Enforcement Supervisor

Cliff Griffin and employee Laura Morales had expressed to him that his tractor was ok being parked there; however, some time later, city staff informed him that it was not ok. He requested that the council allow him to continue to park his antique tractor on his property under the shed where it has been parked for quite some time now.

Councilmember White made a motion to approve MIS2014-016. Councilmember Townsend seconded the motion, which passed by a vote of 7 ayes to 0 nays.

Action Item #3 was next addressed by city council.

2. Discuss and consider a request from David English with Ridge Point Commercial Real Estate for approval of a variance to the Unified Development Code, Article VI, Section 3.5, Permissible Uses, regarding the distance regulations for a retail establishment (Walmart Neighborhood Market) with alcoholic beverage sales on a tract of land being zoned Planned Development District 45 (PD-45) and located at the southeast corner of John King Boulevard, Rockwall, Texas, and take any action necessary.

Planning Director Robert LaCroix indicated that the city adopted TABC-related regulations pertaining to alcohol sales and distance requirements from nearby churches and schools. The regulations, in this instance (since it involves an adjacent school), mean that the 300' is measured from property line to property line, and, in this case, that distance is only about 139'. Therefore, this short distance requires a variance to be granted by the city council in order to allow alcoholic beverages to be sold at this proposed Walmart location.

Mr. English with Ridge Point Commercial Real Estate
2255 Ridge Road, Suite 208
Rockwall, TX

Mr. English generally encouraged the council to consider voting favorably to approve this request.

Mr. Freeman with Kimley-Horne came forth and reminded the council that the city council granted a variance to the large, Super Walmart near the Rockwall High School back in 2007 to allow alcohol to be sold at that location. He explained that the applicant has tried to listen to staff and resident concerns and bring forth a quality product that takes those concerns into consideration.

Mayor Pro Tem Pruitt asked the applicant - if the variance for alcohol is not granted, will that particular disapproval result in Walmart pulling out of this proposed store altogether? Mr. Freeman indicated that, yes, it will likely "kill the deal," so-to-speak.

Mayor Pro Tem Pruitt made a motion to deny this variance request concerning alcohol sales, especially in light of the school district board expressing strong opposition to it. Councilmember Lewis seconded the motion, which passed by a vote of 6 ayes with 1 against (White).

A vote related to Public Hearing item #3 was next addressed by council.

Mayor Sweet called for a brief break at 9:52 p.m. At 10:06 p.m., Mayor Sweet called the public meeting back to order. Public Hearing item #5 was addressed next by City Council.

3. Discuss and consider a request by Matt Mulliken of Mulliken Construction Management, Inc., on behalf of the owner of the property, for the approval of an amended site plan to allow for a variance to the screening from residential uses requirement stipulated by Article VIII, Landscape Standards, of the Unified Development Code for a professional office building on a 0.75-acre tract of land identified as Lot E, Block 117 & Lot D, Block 117 of B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, located at the northeast corner of the intersection of SH-205 [S. Goliad Street] and St. Mary's Street, and take any action necessary.

Mr. LaCroix provided brief background information related to this agenda item. The applicant, M

Mr. Matt Mulliken
2305 Lakeforest Drive
Rockwall, TX

Mr. Mulliken expressed that the neighbor is concerned about him building a physical wall as a buffer. Instead the neighbor and he himself would like permission to utilize the 'living screen' (trees) as a buffer in lieu of the masonry wall.

Mr. Rickerson
109 St. Mary's
Rockwall, TX

Mr. Rickerson expressed that he is the neighbor living adjacent to the subject property. He would like the "live screening" in lieu of the masonry wall because he feels it would be more in keeping with the historical feel of the area.

Councilmember Lewis made a motion to approve the "live screen" wall in lieu of the masonry wall. Councilmember Milder seconded the motion, which passed by a vote of 6 in favor with 1 against (Pruitt).

4. Discuss and consider ADA accessible playground options, including associated cost estimates, and take any action necessary.

Assistant City Manager Brad Griggs provided background information related to this agenda item, indicating that, as previously requested by Council, staff has evaluated the option of building a 'barrier free' playground that has a series of ramps so that those in a wheelchair could have unrestricted access. He indicated that mandatory neighborhood park land dedication fees in the amount of $137,000 as well as about $260,000 from previous trail bonds is available for park improvements. Also, $75,000 for infrastructure improvements could be taken from the city's Rec. Development Fund.

Mayor Sweet made a motion to move forward with the total project utilizing staff recommendations as outlined by staff. Councilmember Lewis seconded the motion.

Councilmember Lewis asked staff if they had an opportunity to speak with Texas Scottish Right hospital since they have a barrier free park there that is appealing. Mr. Griggs indicated that he has not yet reached out to that hospital. He clarified that this park would not include a cover/awning.

Mr. Crowley suggested to the city council that the proposed park plan for this park could first be run through the city's park board for review and to help plan this particular facility.

Mayor Pro Tem Pruitt asked for clarification on the bond program funding. Mr. Griggs indicated that no restrictions were placed on where in the city the funds could be spent, and there are no outstanding park related projects that these funds would need to be reserved for. After brief comments, Mayor Sweet pulled his original motion and made a replacement motion to have staff take this proposal before the city's Park Board for review and consideration at an upcoming Park Board meeting. Councilmember Lewis seconded this amended motion. Mr. Griggs explained that staff could advertise and receive public input at the December Park Board meeting and then bring back those recommendations to the council for consideration thereafter. The motion then passed by a vote of 7 ayes to 0 nays.

5. Discuss and hear update regarding ongoing water conservation efforts, including outdoor watering schedule, and take any action necessary.

Mr. Crowley indicated that the North TX Municipal water district is recommending a once every two week (instead of once every week) watering schedule for the winter months. So, unless he hears objections form the city council, he will move forward, administratively, with communicating this change to our citizens as soon as possible. No formal action was taken by the city council related to this discussion item.

6. Discuss and consider countywide Interoperability Radio System Interlocal Agreement and take any action necessary.

Mr. Crowley provided background information related to this agenda item.

Mayor Pro Tem Pruitt made a motion to approve the contract and submit it to Rockwall County. Councilmember Lewis seconded the motion.

Councilmember Milder expressed that he is feeling some reservations about moving forward with this contract proposal. After additional, brief comments, the motion passed by a vote of 6 in favor with 1 against (White).

XIII. CITY MANAGER'S REPORT TO DISCUSS CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports
Building Inspections Dept. Monthly Report - September 2014
Fire Dept. Monthly Reports - September 2014
Harbor PD Monthly Report - September 2014
Internal Operations Department Monthly Reports - September 2014
Police Department Monthly Report - September 2014
Recreation Monthly Report - September 2014

Rockwall Animal Adoption Center Monthly Report - September 2014
4th Quarter and Fiscal Year End Report from Rockwall Co. Committee on Aging

2. City Manager's Report

Mr. Crowley indicated that the Park Foreman, Russell Lawrence, who has been serving the city for forty years now, recently informed staff of his intent to retire towards the end of this month.

Regarding the lake level being down, our Parks Department staff is being utilized to mow and take down some of the weeds and high grass in the takeline area of Lake Ray Hubbard. The city may consider some sort of joint venture type program to encourage residents to assist the city with cleaning up and properly disposing of old tires along the lakeshore.

Mayor Sweet adjourned the meeting at 11:14 p.m.

XIV. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding right-of-way land acquisition located near Justin Road and John King Blvd. pursuant to Section 551.072 (Real Property) and status of Temunovic condemnation proceeding pursuant to Section 551.071 (Consultation with Attorney).

2. Discussion regarding Economic Development prospect pursuant to Section 551.087 (Economic Development)

3. Discussion regarding possible claim related to Oncor pursuant to Section 551.071 (Consultation with Attorney)

4. Discussion regarding proposed lease/sale of city land for possible private project pursuant to Sections 551.072 (Real Property) and Section 551.087 (Economic Development negotiations)

5. Discussion regarding appointment to fill city council member vacancy in accordance with City Charter provisions pursuant to Section 551.074 (Personnel Matters)

6. Discussion regarding appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Board of Adjustments, Planning & Zoning Commission, and the Rockwall Economic Development Corporation pursuant to Section 551.074 (Personnel Matters)

7. Discussion regarding City Manager performance evaluation pursuant to Section 551.074 (Personnel Matters).

XV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

The council did not reconvene in Executive Session following the close of the public meeting agenda.

XVI. ADJOURNMENT

The meeting was adjourned at 11:14 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 17th day of November, 2014.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Lance Singleton, GIS Supervisor**

DATE: **November 13, 2014**

SUBJECT: **Purchase of Aerial Imagery, Contours, and Lidar for GIS**

The 2015 aerial imagery (Orthophotography), two foot ground contours, and Lidar (Light Detection and Ranging / or "3D surface model") acquisition is approved in the current budget.

This is a 16 county cooperative effort through the North Central Texas Council of Governments (NCTCOG). This data is collected by a NCTCOG contractor and sub-contracted aircraft. Flights will be conducted in February and estimated product delivery in late summer 2015. The flight area will include the corporate limits and our extra-territorial jurisdiction.
This data will be used by city staff for GIS, Planning, Engineering, and Public Safety mapping and design purposes.

2015 Orthophotography - 6 inch resolution	$5,948.25
2015 0.5m LiDAR	$8,316.00
2015 2' Contours (*our last ground contours were in 2001*)	$15,015.00
2015 Cooperative Project	Total $29,279.25

Staff asks the City Council to consider authorizing the City Manager to execute a purchase order to North Central Texas Council of Governments for the products described above for the total amount of $29,279.25.

North Central Texas Council of Governments

AGREEMENT BETWEEN
THE NORTH CENTRAL TEXAS COUNCIL OF GOVERNMENTS AND
CITY OF ROCKWALL

WHEREAS, the North Central Texas Council of Governments (NCTCOG) has an interest in assisting local governments in providing information for planning, engineering, public safety, and municipal management;

WHEREAS, the **CITY OF ROCKWALL** (Entity), wishes to have its map-based information system include the 2015 digital orthophotography and/or LiDAR and contour data and has determined that the creation of this resource provides information for a multitude of uses throughout the Entity and thus serves a valid public purpose;

WHEREAS, the Entity requires this information to accomplish this purpose and has determined that NCTCOG can fulfill this need, and NCTCOG is willing to reciprocate; and

NOW THEREFORE, the parties, Entity and NCTCOG, agree to the following terms and conditions regarding the creation of digital aerial photography.

I. LICENSE AGREEMENT

The personnel specified in Appendix A will serve as points of contact for their respective organizations. The following provisions are a license agreement between NCTCOG and the Entity with respect to data products that are identified in section II. NCTCOG is the owner of and has the right to grant a license to use the said data products free of all liens, claims, encumbrances, and other restrictions and without otherwise violating any rights of any third party, including any patent, copyright, trade secret, or other proprietary rights.

The NCTCOG data product may be distributed to the Entity on CD-ROM, DVD, or portable hard drive. The Entity will need to install and operate the NCTCOG data product on properly configured and compatible computer equipment running third party system and application software supplied by the Entity. The Entity will also need to insure that any required data not supplied by NCTCOG is in proper format and no other software or equipment having an adverse impact on the NCTCOG product is present.

A. Licensed Operating Environment

(1) Operating Equipment. In exchange for monetary consideration listed in section III, the Entity will be granted an exclusive operation license to install, store, load, execute, and

display (collectively, "Use") the NCTCOG data product on as many local area networks and/or end-user workstations as the Entity reasonably needs in support of its own operation (the "Licensed Operating Environment"). Any software components of the NCTCOG data product are provided in machine-readable executable format only.

(2) Authorized Users. Unless otherwise agreed in writing, the NCTCOG data product will be used by Entity officials, officers, employees, and authorized contractors only ("Authorized Users"). A contractor shall be deemed authorized to Use the data products by the Entity or NCTCOG if such Use is incidental to a larger relationship between the contractor and the Entity, and is used for purposes no greater than reasonably needed to achieve the objectives of an actual project undertaken in connection with that relationship. The contractor must agree in writing to be bound by the provisions of this Agreement.

B. Permitted Uses

(1) Use of NCTCOG Products. The Entity's Authorized Users may Use the NCTCOG data product in the Licensed Operating Environment for any use that furthers the Entity's internal operations or in furtherance of the Entity's mission.

(2) Use of Generated Output or Other Data. Except as stated, the Entity will own all original works of authorship it may independently create. Digital output from the Entity's Use of the NCTCOG Data Product may be resized as desired and printed on black and white, color printers, or map plotters. Such printed hardcopies may be distributed to the Entity's officers, employees, citizens, contractors, or other persons in the regular course of business for their internal use or in connection with an actual transaction. Such printed output may be further copied, photographed, or reproduced digitally on the Internet. The Entity may charge a fee for such hardcopy printouts that exceed the actual direct cost of production. Without the prior written consent of NCTCOG, the Entity may not otherwise provide copied, digitized, reproduced, transmitted or disseminated, in whole or in part, any of the original digital data product in any form.

II. OBLIGATIONS

Upon delivery of the products, NCTCOG shall invoice the Entity for the stipulated amounts listed below.

Coverage Area: CITY OF ROCKWALL
Total Square Miles: 46

Product	Amount
2015 Orthophotography - **6** inch	**$5,948.25**
2015 0.5m LiDAR	**$8,316.00**
2015 2' Contours	**$15,015.00**
2015 Cooperative Project Total	**$29,279.25**

You have agreed to the payment terms listed below and have secured the total amount with purchase order (PO) number _____ (Please enter a PO number if blank. If you have not yet secured a PO, please enter 9999).

Invoice Date
Fiscal Year or **After Delivery**

Payment Years
FY 2015

If a payment term has not been specified, please select **FY 2015** or **FY 2015-16**

If your payment is spread across two fiscal years you will be invoiced 50% of the total amount each year. Upon receipt of the first invoice, the Entity had thirty (30) days to review the products and pay said invoice or the remaining amount owed to the North Central Texas Council of Governments (NCTCOG).

III. TERMINATION

The parties agree that the Entity may terminate this Agreement by providing thirty (30) days written notice to NCTCOG. Such notice shall be given to NCTCOG at the address set forth under its signature below. In the event of such termination, NCTCOG shall reimburse to the Entity pro-ratable portion of the contracted amount for services rendered. The Entity would also reimburse NCTCOG for staff time billed to the project up to termination.

IV. AFFIDAVIT OF PROHIBITED INTEREST

NCTCOG acknowledges and represents it is aware of the laws, City Charter, and City Code of Conduct regarding prohibited interests and that the existence of a prohibited interest at any time will render this Agreement null and void.

IN WITNESS WHEREOF, the parties have executed this Agreement on the dates indicated below.

CITY OF ROCKWALL

ORDINANCE NO. 14-48

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CH. 36. STREETS, SIDEWALKS AND PUBLIC PLACES; ARTICLE IV. ART IN PUBLIC PLACES MASTER PLAN; DIVISION 2. ART REVIEW TEAM (ART) COMMISSION; SECTION 33-77. ESTABLISHED, SUBSECTION (a)(1). COMPOSITION TO CHANGE THE REQUIRED COMPOSITION OF THE FIVE (5) MEMBER COMMISSION; PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Rockwall City Council, in order to facilitate more inclusionary participation by members of the public who may wish to serve, has determined that the following composition for the city's Art Review Team (ART) Commission is in the best interest of the public;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Code of Ordinances in Chapter 36. Streets, Sidewalks, and Public Places; Article IV. Art in Public Places Master Plan; Division 2. Art Review Team (ART) Commission; Section 33-77. Established; Subsection (a)(1). Composition is hereby amended to henceforth read in its entirety as follows:

(a) (1) The art review team (ART) commission shall consist of five members, who shall all be "interested citizens" appointed by the city council. ~~The team members will include two visual arts professionals, two members of the business community who will be representative of the environmental design fields (architecture, landscape architecture, urban planning/design), and one resident of the community. Selection of the team will reflect ethnic, artistic, economic and demographic diversity of the community.~~ All team members ~~must~~ should possess knowledge of, or have an interest in contemporary, visual art, artistic principles and art media. ~~A board member of the Rockwall Alliance for the Arts and the director of parks and recreation or his designee will serve as ex officio (nonvoting) members.~~

a. The art review team (ART) commission shall consist of five regular members appointed by a majority of the city council. ~~The ex officio member from the Rockwall Alliance for the Arts will also be appointed by the city council. The ex officio member from the parks and recreation department~~ A staff liaison will be appointed by the city manager.

b. In the case of a vacancy of the commission, the city council, by a majority vote, may appoint a replacement member to the commission. Any person appointed shall serve until the expiration of the term of office of the vacated position.

c. Each member of the commission shall be a resident citizen and qualified voter of the city.

d. Upon the initial appointment of the commission by the city council, members shall draw lots for three two-year terms and ~~three~~ two one-year terms of service. Thereafter, the term of office of members of the commission shall be for two years. Members may be removed, as determined by the city council.

e. Members shall serve without compensation.

Section 2. That all ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict;

Section 3. That if any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or illegal, such decision shall not affect the validity of the remaining sections of this ordinance. The City Council hereby declares that it would have passed this ordinance, and each section, subsection, clause, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared void;

Section 4. That all ordinances or parts of ordinances, in conflict herewith are to the extent of such conflict hereby repealed. The balance of such ordinance is hereby saved from repeal;

Section 5. That this Ordinance shall become effective immediately upon passage and approval and it is so resolved.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 17th day of November, 2014.

CITY OF ROCKWALL

ORDINANCE NO. 14-50

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO PLANNED DEVELOPMENT DISTRICT 76 (PD-76) FOR SINGLE FAMILY 1 (SF-1) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 138.79-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1 OF THE J. LOCKHART SURVEY, ABSTRACT NO. 137, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by Dub Douphrate of Douphrate & Associates, Inc. on behalf of Barry Luff of L2 Properties, LLC for an amendment to the Unified Development Code [*Ordinance No. 04-*38] of the City of Rockwall for the purpose of changing the zoning from an Agricultural (AG) District to Planned Development District 76 (PD-76) for Single Family 1 (SF-1) District land uses, for a 138.79-acre tract of land identified as Tract 1 of the J. Lockhart Survey, Abstract No. 137, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended, shall be further amended by amending the zoning map of the City of Rockwall so as to change the zoning district classification for the *Subject Property* from an Agricultural (AG) District to Planned Development District 76 (PD-76) for Single Family 1 (SF-1) District land uses.

SECTION 2. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

SECTION 3. That the *Subject Property* shall be developed and/or used only in the manner and for the purposes described within this ordinance, and unless specifically modified within this ordinance the *Subject Property* shall adhere to all development standards stipulated by the Single Family 1

(SF-1) District as specified in Section 3.2-1, *Single-Family One (SF-1) District*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future;

SECTION 4. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

SECTION 5. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

SECTION 8. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(1) *PD Site Plan*. A *PD Site Plan* covering all of the *Subject Property* shall be submitted and shall identify all site/landscape/hardscape plan(s) for all open space, neighborhood parks, trail systems, street buffers and entry features. A *PD Site Plan* application may be processed by the *City* concurrently with a *Preliminary Plat Application* for the development.
(2) *Preliminary Plat.* A *Preliminary Plat* covering all of the *Subject Property* shall be submitted and shall include a *Treescape Plan*. A *Preliminary Plat Application* may be processed by the *City* concurrently with a *PD Site Plan Application* for the development.
(3) *Final Plat.* Prior to the issuance of any building permits, a *Final Plat*, conforming to the *Preliminary Plat*, for all of the *Subject Property* shall be submitted for approval.

SECTION 9. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

SECTION 10. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

SECTION 11. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

Section 12. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 17TH DAY OF NOVEMBER, 2014.

Exhibit 'A':
Legal Description

Legal Description of 138.79-Acre Tract
Located in the John Lockhart Survey, Abstract 137, and the Newell Survey, Abstract No. 167, Rockwall, Texas

All that certain lot, tract or parcel of land situated in the JOHN LOCKHART SURVEY, ABSTRACT NO. 137 and H. K. NEWELL SURVEY, ABSTRACT NO. 167, Rockwall County, Texas, and being all of that 138.781 acres tract of land as described in a Warranty deed from Farm Credit Bank of Texas to Allen Anderson and wife, Loretta Anderson, dated November 27, 1991 and being recorded in Volume 657, Page 303 of the Real Property Records of Rockwall County, Texas, and the same tract as conveyed to L2 Properties, LLC by Deed recorded in Volume 4096, Page 237 of the Official Public Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 112" iron rod found for corner at the base of a fence corner post at the Northeast corner of the above cited tract of land;

THENCE S. 00 deg. 19 min. sec. E. along the fenced East line of said tract, a distance of 1207.96 feet to a 112" iron rod found for comer;

THENCE S. 00 deg. 37 min. 17 sec. E. along the fenced East line of said tract, a distance of 286.47 feet to a *1/2"* iron rod found for comer at the base of a fence corner post;

THENCE S. 31 deg. 44 min. 42 sec. W. along the fenced East line of said tract, a distance of 16.52 feet to a 112" iron rod found for comer at the base of a fence corner post;

THENCE N. 80 deg. 40 min. 29 sec. W. along the fenced boundary line of said tract, a distance of 55.86 feet to a *1/2"* iron rod found for corner at the base of a fence corner post;

THENCE S. 37 deg. 34 min. 16 sec. W. along the fenced boundary line of said tract, a distance of 390.25 feet to a 112" iron rod found for corner at the base of a fence corner post at the Southeast corner of said tract and being at the Southwest corner of a 1.275 acres tract as described in a Deed to Paul Liechty, et al as recorded in Volume 240, Page 546 of the Real Property Records of Rockwall County, Texas;

THENCE S. 89 deg. 42 min. 38 sec. W. (Controlling bearing line) along the South line of said 138.781 acres tract, a distance of 3070.62 feet to a 112" iron rod found for corner in the East edge of Dowell Road;

THENCE N. 00 deg. 03 min. 28 sec. W. along the East edge of Dowell Road, a distance of 211.73 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for comer;

THENCE N. 89 deg. 29 min. 31 sec. W. crossing said Dowell Road, a distance of 34.26 feet to a *112"* iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for comer in the West margin of said road;

THENCE N. 00 deg. 04 min. 32 sec. W. along the West margin of said road, a distance of 194.53 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for comer;

THENCE N. 31 deg. 14 min. 48 sec. W. along the West margin of said road, a distance of 98.94 feet to a 112" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" set for comer;

THENCE N. 89 deg. 44 min. 09 sec. E. crossing said Dowell Road, a distance of 131.11 feet to a *112"* iron rod found for corner;

THENCE N. 00 deg. 03 min. 43 sec. W. a distance of 11 95.77 feet to a 112" iron rod found for corner at the Northwest corner of said 138.781 acres tract;

THENCE N. 89 deg. 37 min. 22 sec. E. along the North line of said tract, a distance of 3364.45 feet to the POINT OF BEGINNING and containing 138.79 acres of land.

Exhibit 'B':
Concept Plan

Development Standards.

1. *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, only those uses permitted within the Single Family 1 (SF-1) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), are allowed on the *Subject Property*.

2. *Density and Dimensional Requirements.* The maximum permissible density for the *Subject Property* shall not exceed one (1) dwelling unit per gross acre of land; however, in no case should the proposed development exceed 107 units. All lots shall conform to the standards depicted in *Table 1* below unless specifically provided for in *Table 2* below.

Table 1: Lot Dimensional Requirements

Minimum Lot Width [1]	150'
Minimum Lot Depth	250'
Minimum Lot Area	43,560 SF
Minimum Front Yard Setback [2]	40'
Minimum Side Yard Setback	25'
Minimum Side Yard Setback (Adjacent to a Street)	25'
Minimum Length of Driveway Pavement (Rear and Side Yard Only)	25'
Maximum Height [3]	36'
Minimum Rear Yard Setback [4]	25'
Minimum Area/Dwelling Unit (SF) [5]	2,600 SF
Maximum Lot Coverage	45%
Minimum Number of Paved Off-Street Parking Spaces	2 Spaces
Minimum Distance Between Buildings	10'

General Notes:

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.
[3]: The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single family home.
[4]: As measured from the rear yard property line.
[5]: The minimum area/dwelling unit only includes air conditioned square space.

Table 2: Lot Exceptions

Lot/Block Number	*Width*	*Depth*	*Lot Area*
Lot 1, Block B	149.47'	291'	43,560 SF
Lot 2, Block B	149.04'	291.85'	43,560 SF
Lot 3, Block B	148.61'	292.70'	43,560 SF
Lot 16, Block C	142.70'	250'	43,560 SF
Lot 7, Block F	149.92'	290.23'	43,560 SF
Lot 9, Block E	143.01'	250'	43,926 SF

Note. All lots are as depicted in Exhibit 'B' of this ordinance. Changes to the dimensions of these lots can be administratively approved by the Director of Planning or his/her designee, but at no point should the lot area be less than 43,560 SF.

3. *Building Standards.* All development shall adhere to the following building standards:

(a) *Masonry Requirement.* The minimum masonry requirement for the exterior façades of all buildings shall be 80%. For the purposes of this ordinance the masonry requirement shall be limited to full width brick, natural stone, cast stone, cementaceous fiberboard

horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*), and stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*). Cementaceous products (*e.g. HardiBoard, Hardy Plank, Stucco, etcetera)* shall be limited to 50% of the masonry requirement.

(b) Roof Pitch. A minimum of an *8:12* roof pitch is required on all structures with the exception of porches, which shall have a minimum of a *4:12* roof pitch.

(c) Garage Orientation. Garages shall be accessed from a traditional *'J'-Swing* or *Swing* type driveway arrangement. A second, single garage door facing the street is permitted behind the width of the required double door garage that is accessed from a traditional *'J'-Swing* or *Swing* configuration.

4. Anti-Monotony Restrictions. The development shall adhere to the following *Anti-Monotony* restrictions (*for spacing requirements see the illustration below*):

(1) Exterior wall materials must comply with the *Masonry Requirements* listed in *Section 3.(a)*. Additionally, all chimneys are required to utilize masonry materials.
(2) Identical brick blends or paint colors may not occur on adjacent (side-by-side) properties along any block face without at least four (4) intervening homes of differing materials on the same side of the street beginning with the adjacent property and two (2) intervening homes of differing materials on the opposite side of the street.
(3) Front building elevations shall not repeat along any block face without at least five (5) intervening homes of differing appearance on the same side of the street and two (2) intervening homes of differing appearance on the opposite side of the street. The rear elevation of homes backing to open spaces or on Dowell Road shall not repeat without at least two (2) intervening homes of differing appearance. Homes are consider to have a differing appearance if any of the following two (2) items deviate:

(a) Number of Stories
(b) Garage Location
(c) Roof Type and Layout
(d) Articulation of the Front Façade

(4) Crown molding will be installed in all living and family rooms, unless vaulted or pop-up ceilings are utilized. No *Formica* countertops maybe installed in kitchens and/or bathrooms, and vinyl flooring and blown acoustic ceilings are prohibited.
(5) Each phase of the subdivision will allow for a maximum of four (4) compatible roof colors, and all roof shingles shall be an architectural or dimensional shingle (*3-Tab Roofing Shingles are prohibited*).

See the Illustrations on the following page.

Illustration 1: Properties line up on the opposite side of the street. Where RED are the same.

Illustration 2: Properties do not line up on opposite side of the street. Where RED are the same.

5. *Fencing Standards.* Fences are not mandatory for any lot within this subdivision; however, if a property owner chooses to construct a fence it will need to adhere to the following standards:

   (a) Solid Residential Fencing. All solid residential fencing shall be cedar standard fencing material (minimum ½" thickness) or better (*spruce fencing is not allowed*). All cedar pickets shall be placed on the *public side* facing the street or neighboring property.
   (b) Wrought-Iron/Tubular Steel Fencing. Lots located along perimeter roadways (*i.e. Dowell Road and Streets 'E' & 'A'*) and abutting open spaces, greenbelts and/or parks shall be required to install tubular steel fencing.
   (c) Common Area Fencing. All common areas and perimeter fencing shall be maintained by a Homeowners Association (HOA) as specified by the *Subdivision Regulations* contained in *Chapter 38* of the City's *Municipal Code of Ordinances*. Common area fencing shall be constructed of tubular steel and not exceed four (4) feet in height.

6. *Landscaping.* At the time of final inspection, all single-family lots shall be landscaped with large canopy trees as follows:

   (a) Two (2) minimum three (3) inch caliper trees, as measured six (6) inches above the root ball, shall be planted in the front yard of all interior lots.
   (b) Two (2) minimum three (3) inch caliper trees, as measured six (6) inches above the root ball, shall be planted in the front yard of all corner lots and two (20 additional trees shall be planted in the side yard facing the street.

Note. Any existing trees that are in conformance with the tree mitigation requirements stipulated by Article IX, Tree Preservation, of the Unified Development Code, which can be preserved, will be counted as credits towards all required landscaping requirements.

7. *Lighting.* Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to contain all light within the development area.

8. *Streets.* The street cross sections shall be as depicted within *Exhibit 'B'* of this ordinance. The property owner (with direct adjacency) shall be responsible for maintaining the area between edge of pavement and their property line (*i.e. the bar ditches/drainage areas*).

9. *Sidewalks.* Sidewalks shall be required to be located along the northern boundary of *Street 'C'* as depicted in *Exhibit 'B'* of this ordinance, and shall begin two (2) feet behind the right-of-way line and be a minimum of five (5') feet in width.

10. *On-Site Sewage Facilities. Septic Systems* are permitted on all lots within this subdivision pending conformance to the following standards:

    (a) All *Septic Systems* shall be designed by a licensed *On-Site Sewage Facility (OSSF)* professional (*e.g. licensed engineer, sanitarian, and etcetera*).
    (b) A stamped and signed copy of the *Septic System* plans indicating the full limits of the septic field shall be submitted to the city at the time of building permit on a *lot-by-lot* basis.
    (c) All *Septic Systems* shall be inspected and approved by the City's chosen inspector.

11. *Buried Utilities.* New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the *Subject Property*, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (*3-phase lines*), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the *Subject Property*. The *Developer* shall not be required to relocate existing overhead power-lines along the perimeter of the *Subject Property*.

12. *Neighborhood Signage.* Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the PD Site Plan.

13. *Homeowner's Association (HOA).* A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of *Section 38-15* of the *Subdivision Regulations* contained within the *Municipal Code of Ordinances* of the City of Rockwall. The HOA shall also maintain all neighborhood parks, trails, open space and common areas, irrigation, landscaping, screening fences associated with this development.

14. *Variances.* The variance procedures and standards for approval that are set forth in the Unified Development Code shall apply to any application for variances to this ordinance.

CITY OF ROCKWALL

ORDINANCE NO. 14-51

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 10-21* OF PLANNED DEVELOPMENT DISTRICT 32 (PD-32) AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN FOR RETAIL/RESTAURANT PAD SITES ON A 2.893-ACRE PARCEL OF LAND IDENTIFIED AS LOT 1, BLOCK B, HARBOR DISTRICT ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Jimmy Strohmeyer of Strohmeyer Architects, Inc. on behalf of D. W. Bobst of J-BR2, LLC for an amendment to *Ordinance No. 10-21* of Planned Development District 32 (PD-32) and the Unified Development Code [*Ordinance No. 04-38*] for the purpose of establishing a PD Development Plan for retail/restaurant pad sites within the *Hillside Subdistrict*, on a 2.893-acre parcel of land identified as Lot 1, Block B, Harbor District Addition, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That Planned Development District 32 (PD-32) [*Ordinance No. 10-21*] and the Unified Development Code [*Ordinance No. 04-38*], as heretofore amended, shall be further amended by adopting this PD Development Plan and amending the official zoning map of the City of Rockwall for the *Subject Property*; and,

SECTION 2. That development of the *Subject Property* shall generally be in accordance with the PD Development Plan, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*; and,

SECTION 3. That development of the *Subject Property* shall generally be in accordance with the Concept Building Elevations, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*; and,

SECTION 4. That the *Subject Property* shall be used only in the manner and for the purposes provided for in Planned Development District 32 (PD-32) [*Ordinance No. 10-21*], the Unified Development Code [*Ordinance No. 04-38*], and in compliance with the following conditions and requirements:

1) Development of this property shall generally conform to the *PD Development Plan* depicted in *Exhibit 'B'* of this ordinance;

2) Development of this property shall generally conform to the *Building Elevations* depicted in *Exhibit 'C'* of this ordinance;

3) All buildings shall be developed with consideration to the pedestrian access adjacent to Harbor Heights Drive. Additionally, the design of the buildings shall include four (4) sided architecture that creates a dual entry appearance, with buildings fronting on to IH-30 and Harbor Heights Drive;

4) Building façades must be situated no greater than 27-feet from the build-to-line adjacent to Harbor Heights Drive;

5) All building materials and color schemes proposed for this development should conform to the requirements stipulated by Planned Development District 32 (PD-32);

6) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a detailed *PD Site Plan* that demonstrates compliance with all applicable standards of Planned Development District 32 (PD-32) [*as amended*] and with the requirements approved in this ordinance;

7) All buildings throughout the development shall be constructed with a consistent design scheme, and be approved by the Architectural Review Board (ARB) at the time of the *PD Site Plan*;

8) Prior to the issuance of a Building Permit the applicant shall submit and seek approval for a replat that indicates all necessary easements; and,

9) The proposed uses for this development shall be required to demonstrate that they have access to a sufficient number of parking spaces within the development itself to support the use.

SECTION 5. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

SECTION 6. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

SECTION 7. The standards in this ordinance shall control in the event of a conflict between this

ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

SECTION 8. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 17TH DAY OF NOVEMBER, 2014.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Brad Griggs, Assistant City Manager**
CC: **Mark Poindexter, Fire Chief**

FROM: **Lea Ann Ewing, Purchasing Agent**

DATE: **November 5, 2014**

SUBJECT: **Restoration of the 1959 Ford Fire Engine**

In the current Fire Equipment Fund budget is the request to restore the 1959 Ford Fire Engine. At budget work session staff was gathering cost estimates and was asked to come back to City Council for funding consideration once a repair estimate had been established. Included for your review and consideration is a restoration estimate of $24,500 from Texas Fire Museum.

Texas Fire Museum is located in Dallas and provides turn-key restoration services for these types of vintage vehicles and equipment. Their estimate includes interior restoration and body work, tires, fuel line and fuel tank repairs. The truck was running until the fuel tank rusted. It is not anticipated that the engine will need to be replaced; however, once the fuel tank and lines are repaired, the engine may or may not need work. Because this is a repair, staff is asking that a contingency amount of $8,500 be approved to make any engine repairs necessary; up to and including engine rebuild. Total amount requested for this restoration is $33,000.

Restoration completion time is approximately 9 months to a year. Chief Poindexter will be at the council meeting to answer any questions you may have.

TEXAS FIRE MUSEUM, Inc.

Old City of Dallas Fire Department Maintenance Facility
2600 Chalk Hill Road, Dallas, Texas 75212-4506

Rockwall Fire Department
ATTN: Mr. Mark Poindexter
Office: 972-771-7770
mpoindexter@rockwall.com

Mr. Poindexter,

RE: Restoration proposal – Estimated Cost to restore 1959 Ford Custom Cab Fire Engine

Body by Central 15497 original miles
V-8 engine 5 speed trans. was running when parked
Kept running until fuel tank rusted out - repair or replace fuel tank
Dual parking brakes (hand and Micro) inspect and repair if necessary
Need to clean fuel lines and carb.
Degrease and make clean under hood

Inside cab

Bench seat needs to be recovered
Head liner replaced
New rubber mat
Head light switch is hanging out of dash
Clean up extra wires (move or remove) also wires from roof (raido and opti com)
Rubber pad missing from brake pedal

Body - all glass good

Clean very little body work surface rust only
Dent in pass. side cab at rear where fire body meets cab
Truck needs to be sanded down and painted
Holes in roof from removal of opti com and coax to be filled / repaired
Running boards to be cleaned up and painted
Mirror brackets to be sanded and painted
Clean up all chrome and aluminum (surface rust) (hand rails and rollers)
Clean up under carriage and paint (flat black)
Graphics all redo as they are (hand paint Gold)
Hard suction is in fair condition clean up and possibly turn over to show better side
Note: clamps for hard suction 3 broken 1 good
Hose reels - remove old red line, clean up and paint, replace red line with new (they will supply)
Need new wood for hose bed

71

Auxiliary pump to remain in place and running
Fix / replace 4 tail /brake lights
2 spot lights to be cleaned / polished
2 rotator lights to be cleaned and working
1 center bubble rotator light has cracked lens (red) need to replace (they have 2 clear)
Q siren to be checked out and cleaned up (they have replacement if needed)
Bench seat needed in hose bed for parades (centered in hose bed) bottom seat only [no back but wide seat]
* note: may need to move or remove hose bed divider for installation of parade seating
6 new tires
Tune up motor, oil change, parts, fluids inspect brakes
Purchase new battery
Red replacement globe for center rotator- cost TBD

Labor hours will be billed at $60.00 per man hour
Purchased parts will be billed at Texas Fire Museum Cost + 30%
Our estimated costs for labor, parts and materials for these tasks is $24,500.

We look forward to earning your business and bringing this piece of apparatus back to life for the Rockwall Fire Department.

Sincerely,

William F. Carroll
Treasurer, Texas Fire Museum

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/17/2014

APPLICANT: Chase Finch, *Corwin Engineering, Inc.*

AGENDA ITEM: **P2014-033**; *Rockwall Downes, Phase 1*

SUMMARY:

Discuss and consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of Matt Alexander of the Cambridge Company, Inc. for the approval of a final plat for Rockwall Downes, Phase 1, containing 34 residential lots on a 15.135-acre tract of land identified as a portion of Tract 3 of the J. M. Allen Survey, Abstract No. 0002, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 10 (PD-10) for residential land uses, situated within the 205 By-Pass Overlay (205-BY OV) District, located south of the intersection of the IH-30 Frontage Road and John King Boulevard, and take any action necessary.

FINAL PLAT INFORMATION:

- ✓ The purpose of the applicant's request is to final plat 34 single family, residential lots on a 15.135-acre tract of land for the construction of Phase 1 of the Rockwall Downes subdivision. The Rockwall Downes subdivision will be composed of 90 single family lots that will be broken down into three (3) phases with Phase 1 containing 34 lots, Phase 2 containing 30 lots, and Phase 3 containing 26 lots. Each single-family lot will have a minimum lot size of 55' x 110' (*or 6,050 SF*).

- ✓ The subject property is zoned Planned Development District 10 (PD-10), which designates the subject property for single family detached uses. According to Ordinance No. 04-25 the development standards for the subject property are as follows:

	Ordinance Requirements
Maximum Density (Dwelling Units Per Acre)	5
Minimum SF Per Dwelling Unit	1,500 SF
Minimum Lot Frontage on a Public Street	50'
Minimum Lot Width [1]	50'
Minimum Lot Depth	100'
Minimum Front Yard Setback	20'
Minimum Rear Yard Setback	10'
Minimum Side Yard Setbacks (Internal, Street, Arterial)	5', 15', 20'
Minimum Distance Between Buildings	10'
Maximum Lot Coverage	45%
Maximum Building Height	32'
Minimum Masonry Requirement [2]	90%

Notes:
[1]: *For lots without alley access the minimum lot width is 55-feet.*
[2]: *Masonry is defined as brick, stone, cultured stone cementaceous fiberboard and cementaceous stucco.*

- ✓ According to the International Fire Code (IFC), where there are more than 30 single family homes on a single public or private fire access road the dwelling units shall be equipped with automatic fire sprinklers or a secondary fire apparatus access point. Currently, Phase I contains 34 lots and only contains one (1) point of entry, which means all homes constructed within this phase will be required to incorporate automatic sprinklers.

- ✓ The Surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for plats as stated in the *Subdivision Ordinance* in the *Municipal Code of Ordinances*, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

- ✓ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

PARKS BOARD RECOMMENDATIONS:

On November 4, 2014, the Parks Board reviewed the final plat and made a recommendation that the private park land shall be maintained by the Homeowner's Association (HOA), and the ten (10) foot trail along John King Boulevard shall be constructed and dedicated to the city as a public trail. Additionally, the HOA shall be responsible for maintaining the right-of-way to the back of curb of John King Boulevard.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the *Final Plat* for the *Rockwall Downs Subdivision* staff would recommend the following conditions:

1) The *Final Plat* shall conform to all requirements stipulated by the Planning, Engineering and Fire Departments. Specifically, the *Final Plat* should meet the following conditions:

    a) *Fire Department.* Two (2) means of fire apparatus access shall be provided for developments of one or two-family dwellings where the number of dwelling units exceeds 30. Where there are more than 30 dwelling units on a single public or private fire apparatus access road and all dwelling units can be equipped throughout with an approved automatic sprinkler system in accordance with Section 903.3.1.1, 903.3.1.2 or 903.3.1.3 of the International Fire Code, access from two directions shall not be required. Currently, Phase 1 does not have two (2) means of fire apparatus access and exceeds 30 units.

2) The development shall conform to the recommendations made by the Parks Board for the *Final Plat (Case No. P2014-033)*, *Preliminary Plat (Case No. P2013-035)* and *Master Plat* (*Case No. P2013-034*); and,

3) Any construction resulting from the approval of this *Final Plat* shall conform to the requirements set forth by the Unified Development Code (UDC), the 2009 International Building Code (IBC), the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On November 11, 2014, the Planning & Zoning Commission recommended approval of the final plat per staff's recommendations by a vote of 7-0.

City of Rockwall

Planning & Zoning Department
385 S. Goliad Street
Rockwall, Texas 75032

E. TRACTS G,H AND I DETACHED SINGLE FAMILY

1. **Common Open Space.** There shall be a minimum of 10% of the gross area of the Tracts developed for open space (to include the floodplain) in addition to the park land requirement referred to in "General" above and reflected as Tract I. However, the required parkland (reflected as Tract I) may be integrated with Tract H to better distribute parkland and increase its accessibility.
2. **Land Uses.** Detached Single Family residential, a clubhouse facility with amenities such as an exercise club, a pool, tennis courts, and a temporary sales office.
3. **Density.** Maximum of 5 units per acre.
4. **Minimum Square Footage-** 1,500 square feet per dwelling unit.
5. Minimum **lot frontage** on a public street – 50 feet measured at the front building line
6. Minimum **lot depth** – 100 feet
7. Minimum depth of **front yard setback** – 20 feet
8. Minimum depth of **rear yard setback** – 10 feet
9. Minimum width of **side yard setback** –
   a. Internal lot – 5 feet
   b. Abutting street – 15 feet
   c. Abutting an arterial – 20 feet
10. Minimum **distance between separate buildings** on the same or parcel of land – 10 feet
11. For lots less than 55 feet in width, **Garages** must be located at the rear of the property with alley access. Alleys are required unless lots back to open space areas in which case the lots shall be a minimum 55 feet in width and provide a front, sided loaded "J" swing garage or a garage toward the rear of the lot, as approved by the City. Lots which are 55 feet or more in width and containing a front-loaded garage must set back the face of the garage at least 3 feet from the nearest front corner of the house, or have a "pass-through" drive to a garage toward the rear of the property. A minimum single car attached garage is required for each lot.
12. Minimum **length of driveway** pavement from public right-of-way for rear, front and side yard – 20 feet
13. Maximum **building coverage** as a percentage of lot area – 45 percent
14. Maximum **building height** – 32 feet
15. Minimum number of paved **off-street parking spaces** required for:
   a. One single-family dwelling unit – 2. An enclosed garage shall not be considered in meeting the off-street parking requirements.

b. For all other uses see the Comprehensive Zoning Ordinance, Article VI Parking and Loading.

16. The dwelling must be permanently attached to a concrete **foundation**.

17. **Masonry Requirement.** Buildings shall contain 90% masonry, excluding windows and doors. For the purposes of this ordinance, masonry shall be defined as brick, stone, cultured stone, cementaceous fiber board (Hardy Plank or similar in 9-inch or smaller width boards) and cementaceous stucco. However, any clubhouse facility shall be constructed of a minimum of 20% stone or cast stone and any screening wall against 205 By-Pass and SH 276 shall employ stone, cultured stone or pre cast concrete caps along the solid portions of the wall.

18. **Subdivision Site Plan Review.** Site Plans for the subdivision shall be reviewed and include the following information (individual lot site plans will not be reviewed):

    a. The location of all existing and planned structures on the subject property and approximate locations of structures on adjoining property within 100 feet;

    b. Landscaping, lighting and/or fencing and/or screening of yards and setback areas;

    c. Design of ingress and egress;

    d. Off-street parking and loading facilities;

    e. Location of Fire Lanes;

    f. Location of solid waste collection facilities;

    g. Height of all structures;

    h. Proposed uses;

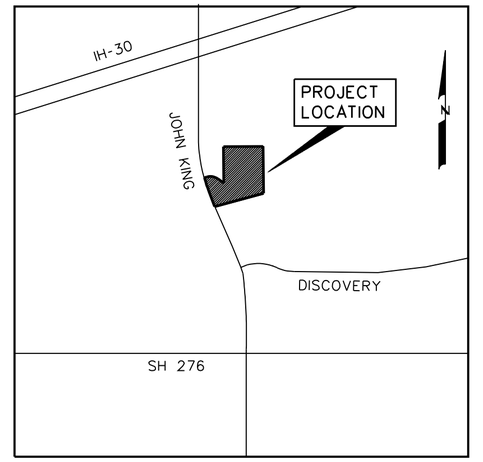
    i. The location and types of all signs, including lighting and heights;

    j. Elevation drawings citing proposed exterior finish materials;

    k. Street names on proposed streets;

    l. Such additional information and detail as the Zoning Administrator deems necessary.

F. TRACT E COMMERCIAL (NW Corner of SH 276 and SH 205 By-Pass)



1. **Land Uses.** Only the following uses shall be allowed: (+ denotes special conditions required for use within the existing or any future zoning ordinance of the City) (outside storage allowed only as authorized under the Commercial zoning district)

OWNER'S CERTIFICATE

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:
STATE OF TEXAS
COUNTY OF ROCKWALL
We the undersigned owner(s) of the land shown on this plat, and designated herein as the ROCKWALL DOWNES PHASE 1, subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. We further certify that all other parties who have a mortgage or lien interest in the ROCKWALL DOWNES PHASE 1, subdivision have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. We also understand the following:

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

We further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; we, our successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/17/2014

APPLICANT: Philip Graham, P.E.

AGENDA ITEM: **P2014-0036** Rockwall Technology Park (Col-Met Spray Booth)

SUMMARY:

Discuss and consider a request by Philip Graham, PE of Wier & Associates on behalf of Sheri Franza of the Rockwall Economic Development Corporation for the approval of a replat for Lots 2 & 3, Block B, Rockwall Technology Park, Phase II being a 22.649-acre parcel of land currently identified as Lot 1, Block B, Rockwall Technology Park, Phase II, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, generally located east of the intersection of Corporate Crossing and Discovery Boulevard, and take any action necessary.

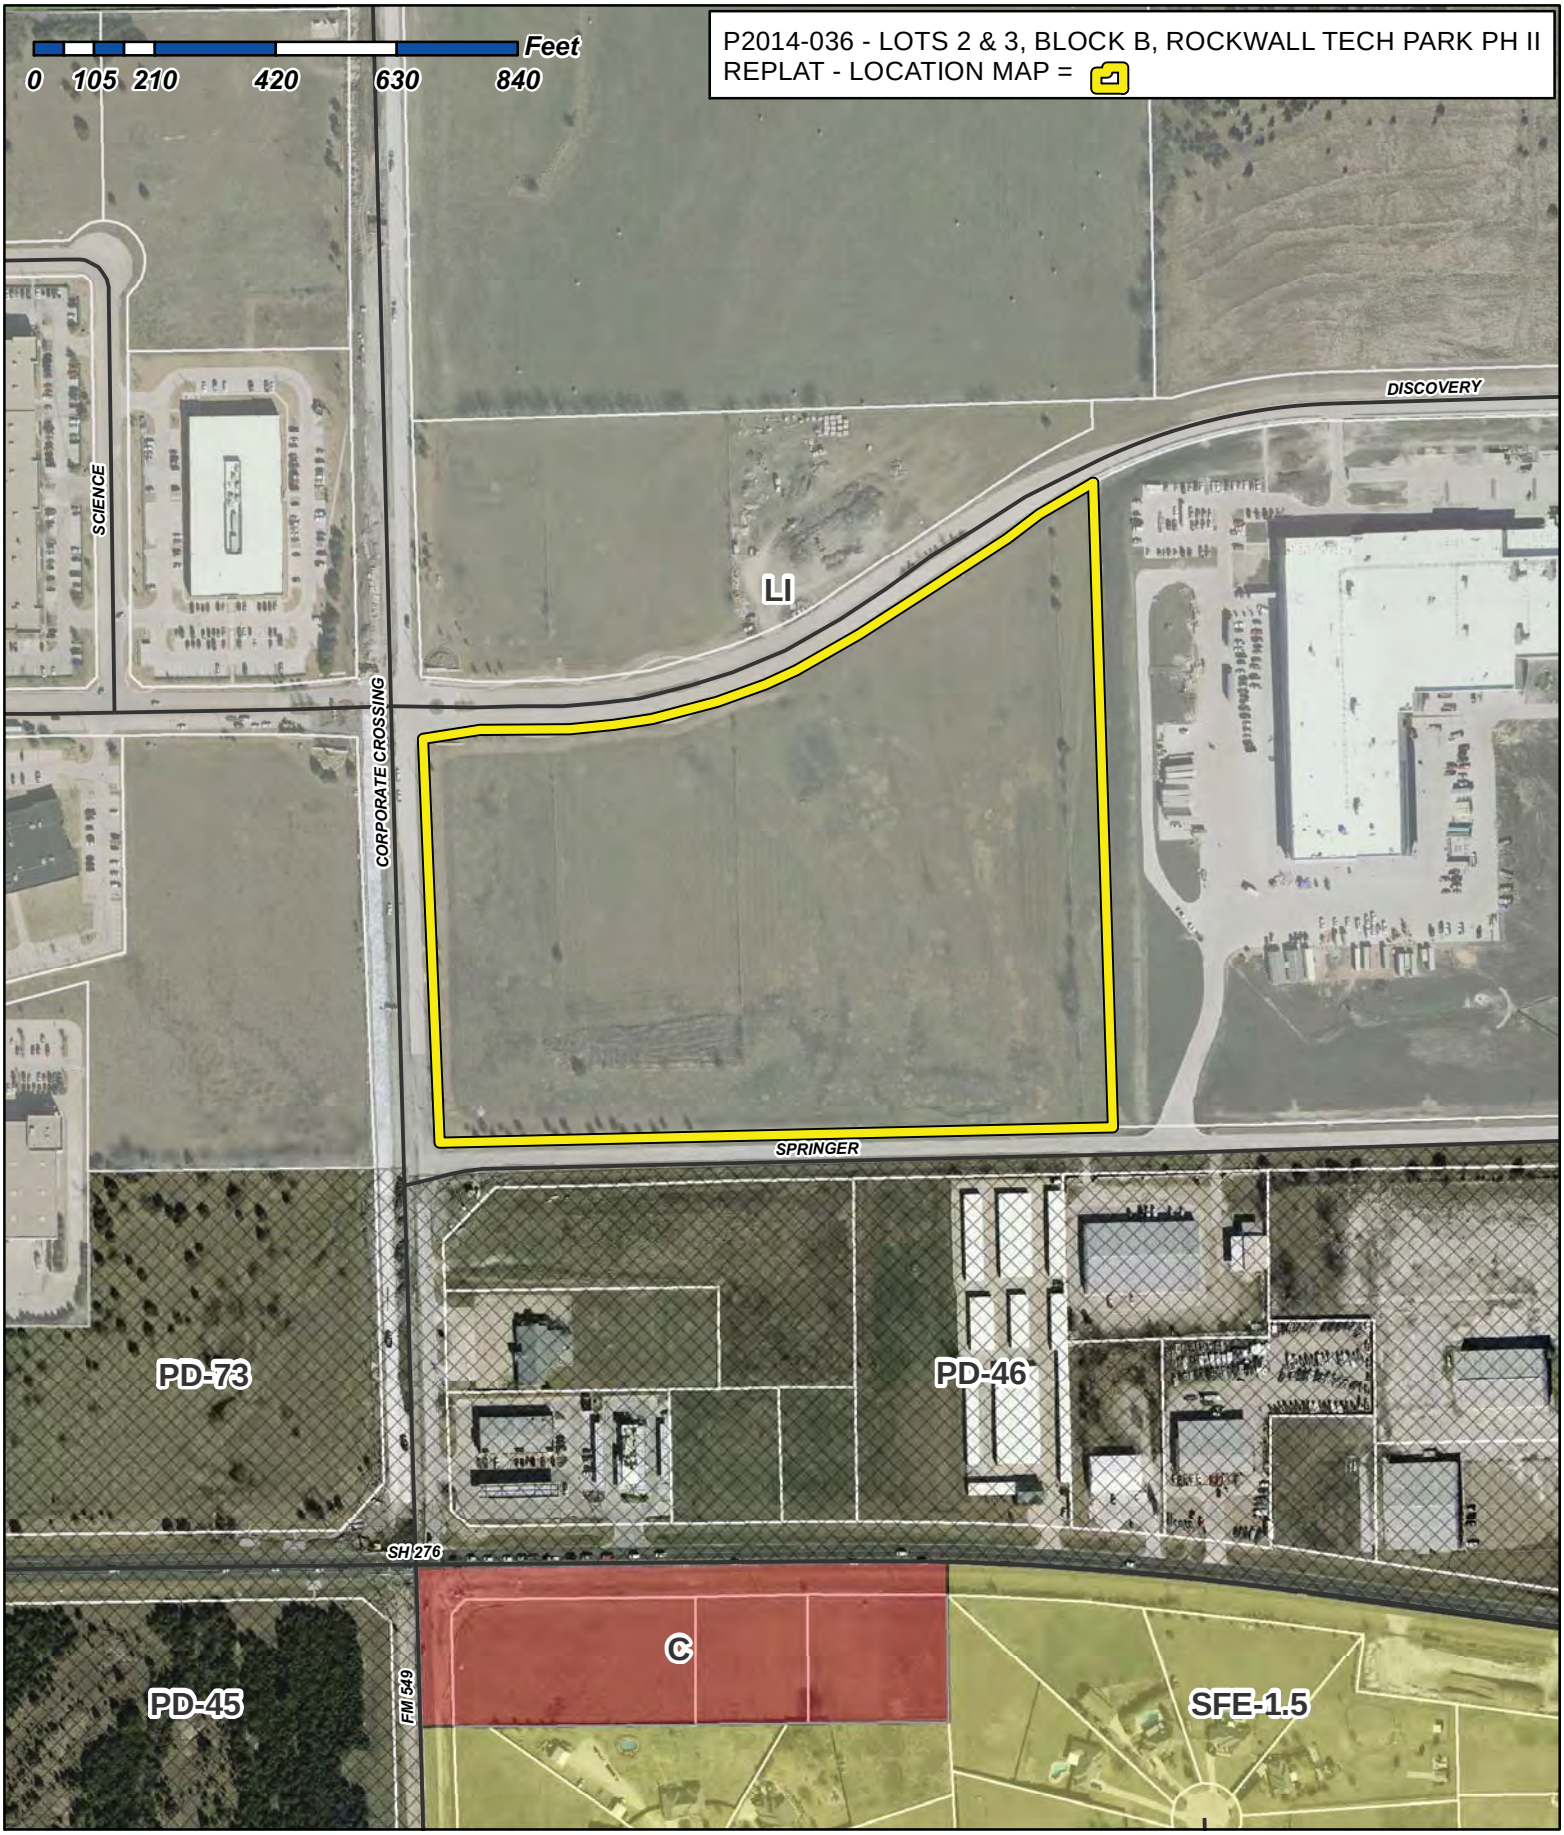
COMMENTS:

- The objective of the request is to subdivide a 22.649-acre parcel of land for the purpose of developing a proposed (approximately) 173,000 sq. ft. industrial facility. A site plan was approved earlier this year for the proposed facility.

- Conditional approval of this plat by the City Council shall constitute approval subject to the conditions below.

- With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:



If the Planning & Zoning Commission and City Council choose to approve the request for final plat, staff would recommend the following conditions of approval:

1) All the technical comments from the Engineering and Fire Departments shall be addressed prior to the filing of this plat, including the following Planning Comments;

   a) Adherence to Engineering and Fire Department standards.
   b) Re-label firelane to include "Public Access Easement" where firelane labels are indicated on plat.
   c) Provide case number (P2014-036) on lower right corner of revised plan.

2) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

On November 11, 2014, the Planning and Zoning Commission recommended approval of the request with staff conditions by a vote of 7 to 0.

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS THE ROCKWALL ECONOMIC DEVELOPMENT CORPORATION, BEING THE OWNER OF A TRACT OF LAND IN THE COUNTY OF ROCKWALL, STATE OF TEXAS, SAID TRACT BEING DESCRIBED AS FOLLOWS:

FIELD NOTES

BEING A TRACT OF LAND LOCATED IN THE JOHN A. RAMSEY SURVEY, ABSTRACT NO. 186 AND THE JOHN H.B. JONES SURVEY, ABSTRACT NO. 125, ROCKWALL COUNTY, TEXAS, BEING A PORTION OF A TRACT OF LAND DESCRIBED IN A DEED TO ROCKWALL ECONOMIC DEVELOPMENT CORPORATION, RECORDED IN VOLUME 2224, PAGE 226, DEED RECORDS, ROCKWALL COUNTY, TEXAS (D.R.R.C.T.), AND BEING ALL OF LOT 1, BLOCK B, ROCKWALL TECHNOLOGY PARK, PHASE II AN ADDITION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS, AS SHOWN ON THE PLAT RECORDED IN CABINET E, SLIDES 305 AND 306, PLAT RECORDS, ROCKWALL COUNTY, TEXAS (P.R.R.C.T.), AND BEING MORE PARTICULARLY DESCRIBED BY METES AND BOUNDS AS FOLLOWS:

BEGINNING AT A 1/2" IRON ROD FOUND WITH CAP STAMPED "WIER & ASSOC INC" IN THE SOUTH RIGHT-OF-WAY LINE OF DISCOVERY BOULEVARD (AN 85 FOOT WIDE RIGHT-OF-WAY), SAID IRON ROD BEING THE NORTHEAST CORNER OF SAID LOT 1, AND THE NORTHWEST CORNER OF LOT 2, BLOCK B, ROCKWALL TECHNOLOGY PARK, PHASE III, AN ADDITION TO THE CITY OF ROCKWALL, ROCKWALL COUNTY TEXAS, AS SHOWN ON THE PLAT RECORDED IN CABINET H, SLIDES 273 AND 274, P.R.R.C.T.;

THENCE S 01°23'41" E, ALONG THE EAST LINE OF SAID LOT 1 AND THE WEST LINE OF SAID LOT 2, A DISTANCE OF 1123.07 FEET TO A 1/2" IRON ROD FOUND WITH CAP STAMPED "WIER & ASSOC INC" IN THE NORTH RIGHT-OF-WAY LINE OF SPRINGER ROAD (A VARIABLE WIDTH RIGHT-OF-WAY), SAID IRON ROD BEING THE SOUTHEAST CORNER OF SAID LOT 1 AND THE SOUTHWEST CORNER OF SAID LOT 2;

THENCE S 88°36'19" W, ALONG THE NORTH RIGHT-OF-WAY LINE OF SAID SPRINGER ROAD AND THE SOUTH LINE OF SAID LOT 1, A DISTANCE OF 1176.28 FEET TO A 1/2" IRON ROD SET WITH CAP STAMPED "WIER & ASSOC INC", SAID 1/2" IRON ROD SET BEING THE SOUTHWEST CORNER OF SAID LOT 1 AND BEING THE INTERSECTION OF THE NORTH RIGHT-OF-WAY LINE OF SAID SPRINGER ROAD AND THE EAST RIGHT-OF-WAY LINE OF CORPORATE CROSSING (A 110 FOOT WIDE RIGHT-OF-WAY);

THENCE N 02°06'33" W, ALONG THE WEST LINE OF SAID LOT 1 AND THE EAST RIGHT-OF-WAY LINE OF SAID CORPORATE CROSSING (F.M. 3549), 703.63 FEET TO AN "X" CUT SET, SAID "X" CUT SET BEING THE NORTHWEST CORNER OF SAID LOT 1 AND BEING THE INTERSECTION OF THE EAST RIGHT-OF-WAY LINE OF SAID CORPORATE CROSSING AND THE SOUTH RIGHT-OF-WAY LINE OF SAID DISCOVERY BOULEVARD;

THENCE ALONG THE NORTH LINE OF SAID LOT 1 AND THE SOUTH RIGHT-OF-WAY LINE OF SAID DISCOVERY BOULEVARD AS FOLLOWS:

(1) N 83°29'49" E, 99.85 FEET TO AN "X" CUT FOUND;

(2) N 89°12'27" E, 110.31 FEET TO 1/2" IRON ROD FOUND, BEING THE BEGINNING OF A CURVE TO THE LEFT;

(3) NORTHEASTERLY, AN ARC LENGTH OF 601.06 FEET ALONG SAID CURVE TO THE LEFT, HAVING A RADIUS OF 1042.50 FEET, A DELTA ANGLE OF 33°02'02", AND A CHORD BEARING OF N 72°41'26" E, 592.77 FEET TO A 1/2" IRON ROD FOUND WITH A CAP STAMPED "WIER & ASSOC INC";

(4) N 56°10'24"E, 360.25 FEET TO A 1/2" IRON ROD FOUND WITH A CAP STAMPED "WIER & ASSOC INC", BEING THE BEGINNING OF A CURVE TO THE RIGHT;

(5) NORTHEASTERLY, AN ARC LENGTH OF 115.74 FEET ALONG SAID CURVE TO THE RIGHT, HAVING A RADIUS OF 957.50 FEET, A DELTA ANGLE OF 6°55'33", AND A CHORD BEARING OF N 59°38'11" E, 115.67 FEET TO THE PLACE OF BEGINNING AND CONTAINING 22.649 ACRES (986,609 SQ. FT.) OF LAND, MORE OR LESS.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I THE UNDERSIGNED OWNER OF THE LAND SHOWN ON THIS PLAT, AND DESIGNATED HEREIN AS LOTS 2 & 3, BLOCK B, ROCKWALL TECHNOLOGY PARK, PHASE II TO THE CITY OF ROCKWALL, TEXAS, AND WHOSE NAME IS SUBSCRIBED HERETO, HEREBY DEDICATE TO THE USE OF THE PUBLIC FOREVER ALL STREETS, ALLEYS, PARKS, WATER COURSES, DRAINS, EASEMENTS AND PUBLIC PLACES THEREON SHOWN ON THE PURPOSE AND CONSIDERATION THEREIN EXPRESSED. I FURTHER CERTIFY THAT ALL OTHER PARTIES WHO HAVE A MORTGAGE OR LIEN INTEREST IN LOTS 2 & 3, BLOCK B, ROCKWALL TECHNOLOGY PARK, PHASE II HAVE BEEN NOTIFIED AND SIGNED THIS PLAT.

I UNDERSTAND AND DO HEREBY RESERVE THE EASEMENT STRIPS SHOWN ON THIS PLAT FOR THE PURPOSES STATED AND FOR THE MUTUAL USE AND ACCOMMODATION OF ALL UTILITIES DESIRING TO USE OR USING SAME. I ALSO UNDERSTAND THE FOLLOWING;

1. NO BUILDINGS SHALL BE CONSTRUCTED OR PLACED UPON, OVER, OR ACROSS THE UTILITY EASEMENTS AS DESCRIBED HEREIN.

2. ANY PUBLIC UTILITY SHALL HAVE THE RIGHT TO REMOVE AND KEEP REMOVED ALL OR PART OF ANY BUILDINGS, FENCES, TREES, SHRUBS, OR OTHER GROWTHS OR IMPROVEMENTS WHICH IN ANY WAY ENDANGER OR INTERFERE WITH CONSTRUCTION, MAINTENANCE OR EFFICIENCY OF THEIR RESPECTIVE SYSTEM ON ANY OF THESE EASEMENT STRIPS; AND ANY PUBLIC UTILITY SHALL AT ALL TIMES HAVE THE RIGHT OF INGRESS OR EGRESS TO, FROM AND UPON THE SAID EASEMENT STRIPS FOR PURPOSE OF CONSTRUCTION, RECONSTRUCTION, INSPECTING, PATROLLING, MAINTAINING, AND EITHER ADDING TO OR REMOVING ALL OR PART OF THEIR RESPECTIVE SYSTEM WITHOUT THE NECESSITY OF, AT ANY TIME, PROCURING THE PERMISSION OF ANYONE.

3. THE CITY OF ROCKWALL WILL NOT BE RESPONSIBLE FOR ANY CLAIMS OF ANY NATURE RESULTING FROM OR OCCASIONED BY THE ESTABLISHMENT OF GRADE OF STREETS IN THE SUBDIVISION.

4. THE DEVELOPER AND ENGINEER SHALL BEAR TOTAL RESPONSIBILITY FOR STORM DRAIN IMPROVEMENTS.

5. THE DEVELOPER SHALL BE RESPONSIBLE FOR THE NECESSARY FACILITIES TO PROVIDE DRAINAGE PATTERNS AND DRAINAGE CONTROLS SUCH THAT PROPERTIES WITHIN THE DRAINAGE AREA ARE NOT ADVERSELY AFFECTED BY STORM DRAINAGE FROM THE DEVELOPMENT.

6. NO HOUSE DWELLING UNIT, OR OTHER STRUCTURE SHALL BE CONSTRUCTED ON ANY LOT IN THIS ADDITION BY THE OWNER OR ANY OTHER PERSON UNTIL THE DEVELOPER AND/OR OWNER HAS COMPLIED WITH ALL REQUIREMENTS OF THE SUBDIVISION REGULATIONS OF THE CITY OF ROCKWALL REGARDING IMPROVEMENTS WITH RESPECT TO THE ENTIRE BLOCK ON THE STREET OR STREETS ON WHICH PROPERTY ABUTS, INCLUDING THE ACTUAL INSTALLATION OF STREETS WITH THE REQUIRED BASE AND PAVING, CURB AND GUTTER, WATER AND SEWER, DRAINAGE STRUCTURES, STORM STRUCTURES, STORM SEWERS, AND ALLEYS, ALL ACCORDING TO THE SPECIFICATIONS OF THE CITY OF ROCKWALL; OR

UNTIL AN ESCROW DEPOSIT, SUFFICIENT TO PAY FOR THE COST OF SUCH IMPROVEMENTS, AS DETERMINED BY THE CITY'S ENGINEER AND/OR CITY ADMINISTRATOR, COMPUTED ON A PRIVATE COMMERCIAL RATE BASIS, HAS BEEN MADE WITH THE CITY SECRETARY, ACCOMPANIED BY AN AGREEMENT SIGNED BY THE DEVELOPER AND/OR OWNER, AUTHORIZING THE CITY TO MAKE SUCH IMPROVEMENTS AT PREVAILING PRIVATE COMMERCIAL RATES, OR HAVE THE SAME MADE BY A CONTRACTOR AND PAY FOR THE SAME OUT OF THE ESCROW DEPOSIT, SHOULD THE DEVELOPER AND/OR OWNER FAIL OR REFUSE TO INSTALL THE REQUIRED IMPROVEMENTS WITHIN THE TIME STATED IN SUCH WRITTEN AGREEMENT, BUT IN NO CASE SHALL THE CITY BE OBLIGATED TO MAKE SUCH IMPROVEMENTS ITSELF. SUCH DEPOSIT MAY BE USED BY THE OWNER AND/OR DEVELOPER AS PROGRESS PAYMENTS AS THE WORK PROGRESSES IN MAKING SUCH IMPROVEMENTS BY MAKING CERTIFIED REQUISITIONS TO THE CITY SECRETARY, SUPPORTED BY EVIDENCE OF WORK DONE; OR

UNTIL THE DEVELOPER AND/OR OWNER FILES A CORPORATE SURETY BOND WITH THE CITY SECRETARY IN A SUM EQUAL TO THE COST OF SUCH IMPROVEMENTS FOR THE DESIGNATED AREA, GUARANTEEING THE INSTALLATION THEREOF WITHIN THE TIME STATED IN THE BOND, WHICH TIME SHALL BE FIXED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL.

I FURTHER ACKNOWLEDGE THAT THE DEDICATIONS AND/OR EXACTION'S MADE HEREIN ARE PROPORTIONAL TO THE IMPACT OF THE SUBDIVISION UPON THE PUBLIC SERVICES REQUIRED IN ORDER THAT THE DEVELOPMENT WILL COMPORT WITH THE PRESENT AND FUTURE GROWTH NEEDS OF THE CITY; I, MY SUCCESSORS AND ASSIGNS HEREBY WAIVE ANY CLAIM, DAMAGE, OR CAUSE OF ACTION THAT I MAY HAVE AS A RESULT OF THE DEDICATION OF EXACTIONS MADE HEREIN.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/17/2014

APPLICANT: Arthur F. Beck, *BSM Engineers, Inc.*

AGENDA ITEM: **P2014-037**; *Lots 6, 7 & 8, Block 1, First United Methodist Church Addition*

SUMMARY:

Discuss and consider a request by Arthur F. Beck of BSM Engineers, Inc. on behalf of the First United Methodist Church of Rockwall for the approval of a replat for Lots 6, 7 & 8, Block 1, First United Methodist Church Addition, being a 19.5556-acre tract of land composed of two (2) parcels of land identified as Lots 3 & 5, Block 1, First United Methodist Church Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 1200 E. Yellow Jacket Lane, and take any action necessary.

REPLAT COMMENTS:

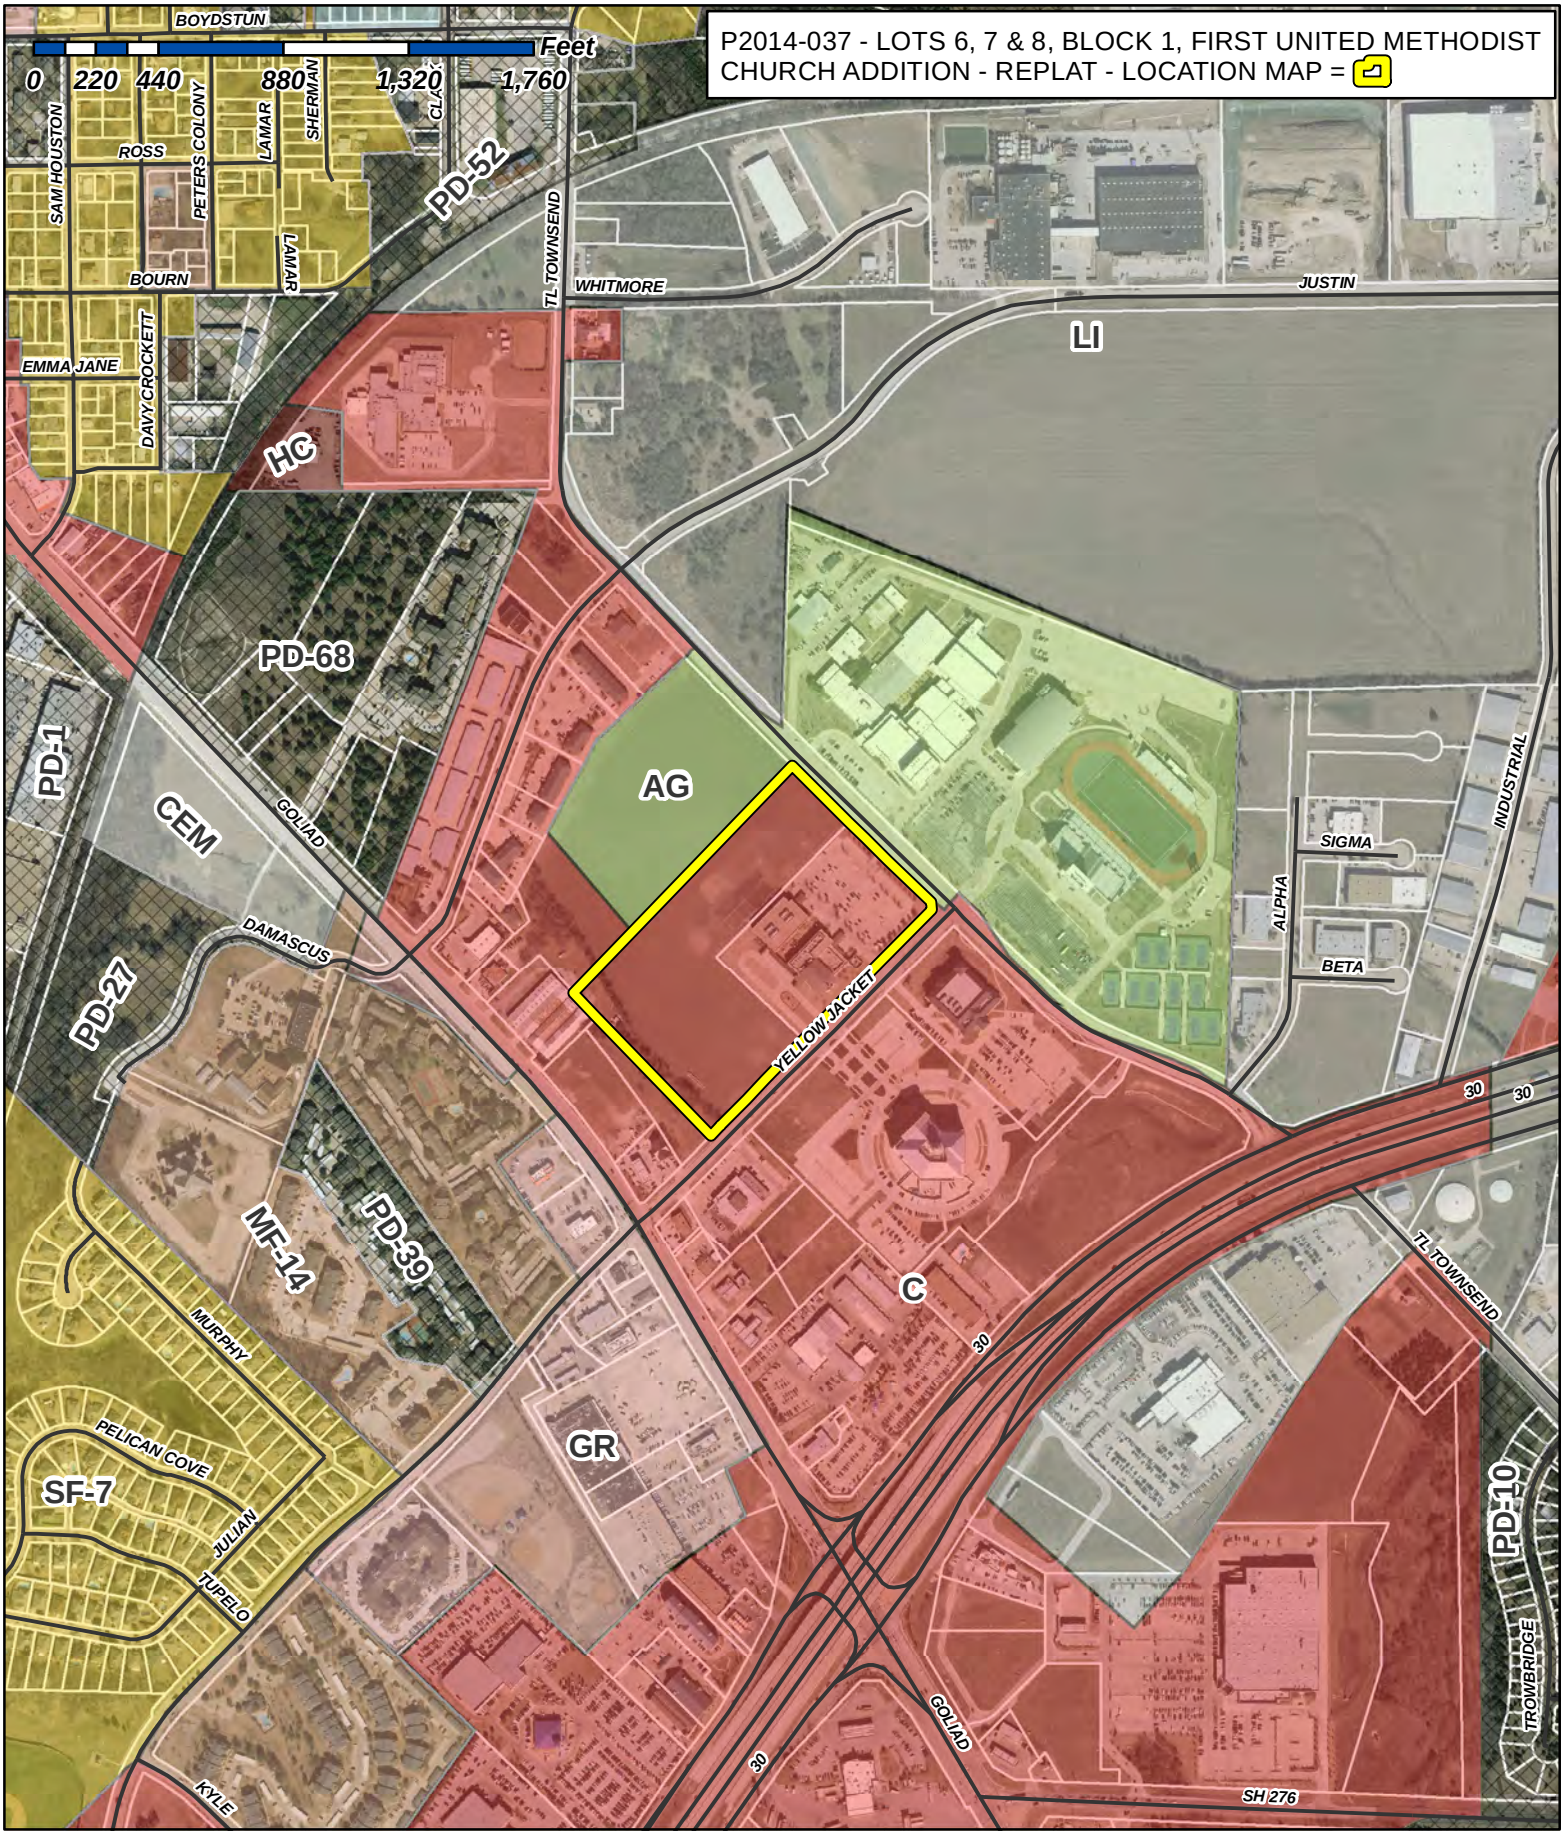
☑ The purpose of the applicant's request is to replat two (2) non-residential parcels consisting of 19.5556-acres of land into three (3) non-residential parcels of land for the purpose of constructing an addition to the existing United Methodist Church. Staff previously approved an administrative site plan for the proposed church building on October 1, 2014 under *Case No. SP2014-024*.

☑ The Engineer has completed the majority of the technical revisions requested by staff, and this plat, conforming with the previously approved site plan, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements required for the recordation by the applicant or owner.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

With the exception of the items listed in the *Recommendation* section of this case memo, this replat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

RECOMMENDATIONS:



If the Planning & Zoning Commission and City Council choose to approve the replat for *Lots 6, 7 & 8, Block 1, First United Methodist Church Addition* then staff would recommend the following conditions of approval:

1) All the technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat;

2) Any construction resulting from the approval of this *replat* shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On November 11, 2014, the Planning & Zoning Commission recommended approval of the replat per staff's recommendations by a vote of 7-0.

OWNER'S CERTIFICATE

STATE OF TEXAS §
COUNTY OF ROCKWALL §

WHEREAS FIRST UNITED METHODIST CHURCH OF ROCKWALL BEING THE OWNER of a Tract of land in the County of Rockwall, State of Texas, said tract being described as follows:

FIELD NOTES

BEING a tract of land situated in the B. J. T. Lewis Survey, Abstract No. 225, Rockwall County, Texas, and being a tract of land conveyed from Bill R. Cameron and Ida Jo Cameron to The Trustees of the First United Methodist Church of Rockwall, Texas by deed recorded in Volume 1790, Page 206 of the Deed Records of Rockwall County, Texas, and being that tract of land platted as First United Methodist Church Addition, Block 1, Lots 1 and 2, an addition to the City of Rockwall, recorded in Cabinet E, Slide 173 of the Map Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 5/8" iron rod found with cap stamped "BSM" at the North corner of this tract on the west right of way line of T L Townsend Drive (85 feet wide);

THENCE South 42° 01' 26" East a distance of 692.32 feet following the southwest line of T L Townsend Drive to a 5/8 inch iron rod found for corner;

THENCE South 3° 11' 09" West a distance of 35.23 feet following a corner clip at the intersection of T L Townsend Drive and Yellow Jacket Lane to a 5/8" iron rod found for corner;

THENCE South 48° 23' 43" West a distance of 1258.17 feet following the northwest line of Yellow Jacket Lane to the east corner of a tract of land described in a deed from M. K. Zamani to Z's Automotive, Inc. as recorded in Volume 1288, Page 137, Deed Records, Rockwall County, Texas, and to a 5/8 inch iron rod found for corner with cap stamped "BSM";

THENCE North 27° 19' 33" West a distance of 175.25 feet following the northeast line of said Z's Automotive tract to a 1/2 inch iron rod found for corner;

THENCE South 49° 8' 26" West a distance of 3.08 feet following the northwest line of said Z's Automotive tract to the east corner of a tract of land described in a deed from Amanda Rochell to Horace L. Williams as recorded in Volume 56, Page 150, of the Deed Records of Rockwall County, Texas, and to the beginning of a curve to the left and to a 1 inch iron pipe found for corner;

THENCE following said curve to the left in a northwesterly direction and the northeast line of said Williams tract, said curve having a radius of 2864.79 feet through a central angle of 8° 24' 56", and arc length of 420.78 feet, a chord distance of 420.40 feet, a chord bearing North 31° 14' 15 " West to the north corner of said Williams tract and a point in the southeast line of a tract of land described in a deed to Texas Community Bank, N.A. as described in Volume 1749, Page 270, Deed Records of Rockwall County, Texas, and to a 3/8 inch iron rod found for corner, and to the end of said curve;

THENCE North 47° 11' 29" East a distance of 59.70 feet following the southeast line of said Texas Community Bank tract, to the east corner of said tract and to a 1/2 inch iron rod found for corner with cap stamped"Stovall & Assoc.";

THENCE North 39° 34' 34" West a distance of 124.46 feet following the northwest line of said Texas Community Bank tract to a 5/8 inch iron rod set for corner with cap stamped "BSM";

THENCE North 47° 57' 52" East a distance of 1098.07 feet following a line across the remainder of a tract owned by Cameron and Cameron as recorded in Volume 101, Page 837 of the Deed Records of Rockwall County, Texas and to the POINT OF BEGINNING and containing 851,841 square feet or 19.5556 acres, more or less.

Bearings based on southwest line of T L Townsend Drive as described in First United Methodist Church of Rockwall deed recorded in Volume 1790, Page 206 of the Deed Records of Rockwall County, Texas.

That, First United Methodist Church of Rockwall, acting by and through its duly authorized officers, does hereby adopt this plat designating the hereinabove described property as the **FIRST UNITED METHODIST CHURCH ADDITION** , a subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown for the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the First United Methodist Church Addition subdivision have been notified and signed this plat.

I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any building, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall;

   OR

   until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that I may have as a result of the dedication of exaction's made herein.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/17/2014

APPLICANT: Steven Heilbrun, *Pacheco Koch, LLC*

AGENDA ITEM: **P2014-038**; *Lot 2, Block A, Channell Subdivision*

SUMMARY:

Discuss and consider a request by Steven Heilbrun of Pacheco Koch, LLC on behalf of Williams H. Channell, Jr. of Channell Commercial Corp for the approval of a replat for Lot 2, Block A, Channell Subdivision, being a 18.762-acre parcel of land currently identified as Lot 1, Block A, Channell Subdivision, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Corridor Overlay (205 BY-OV) District, located on the west side of John King Boulevard south of Airport Road, and take any action necessary.

COMMENTS:

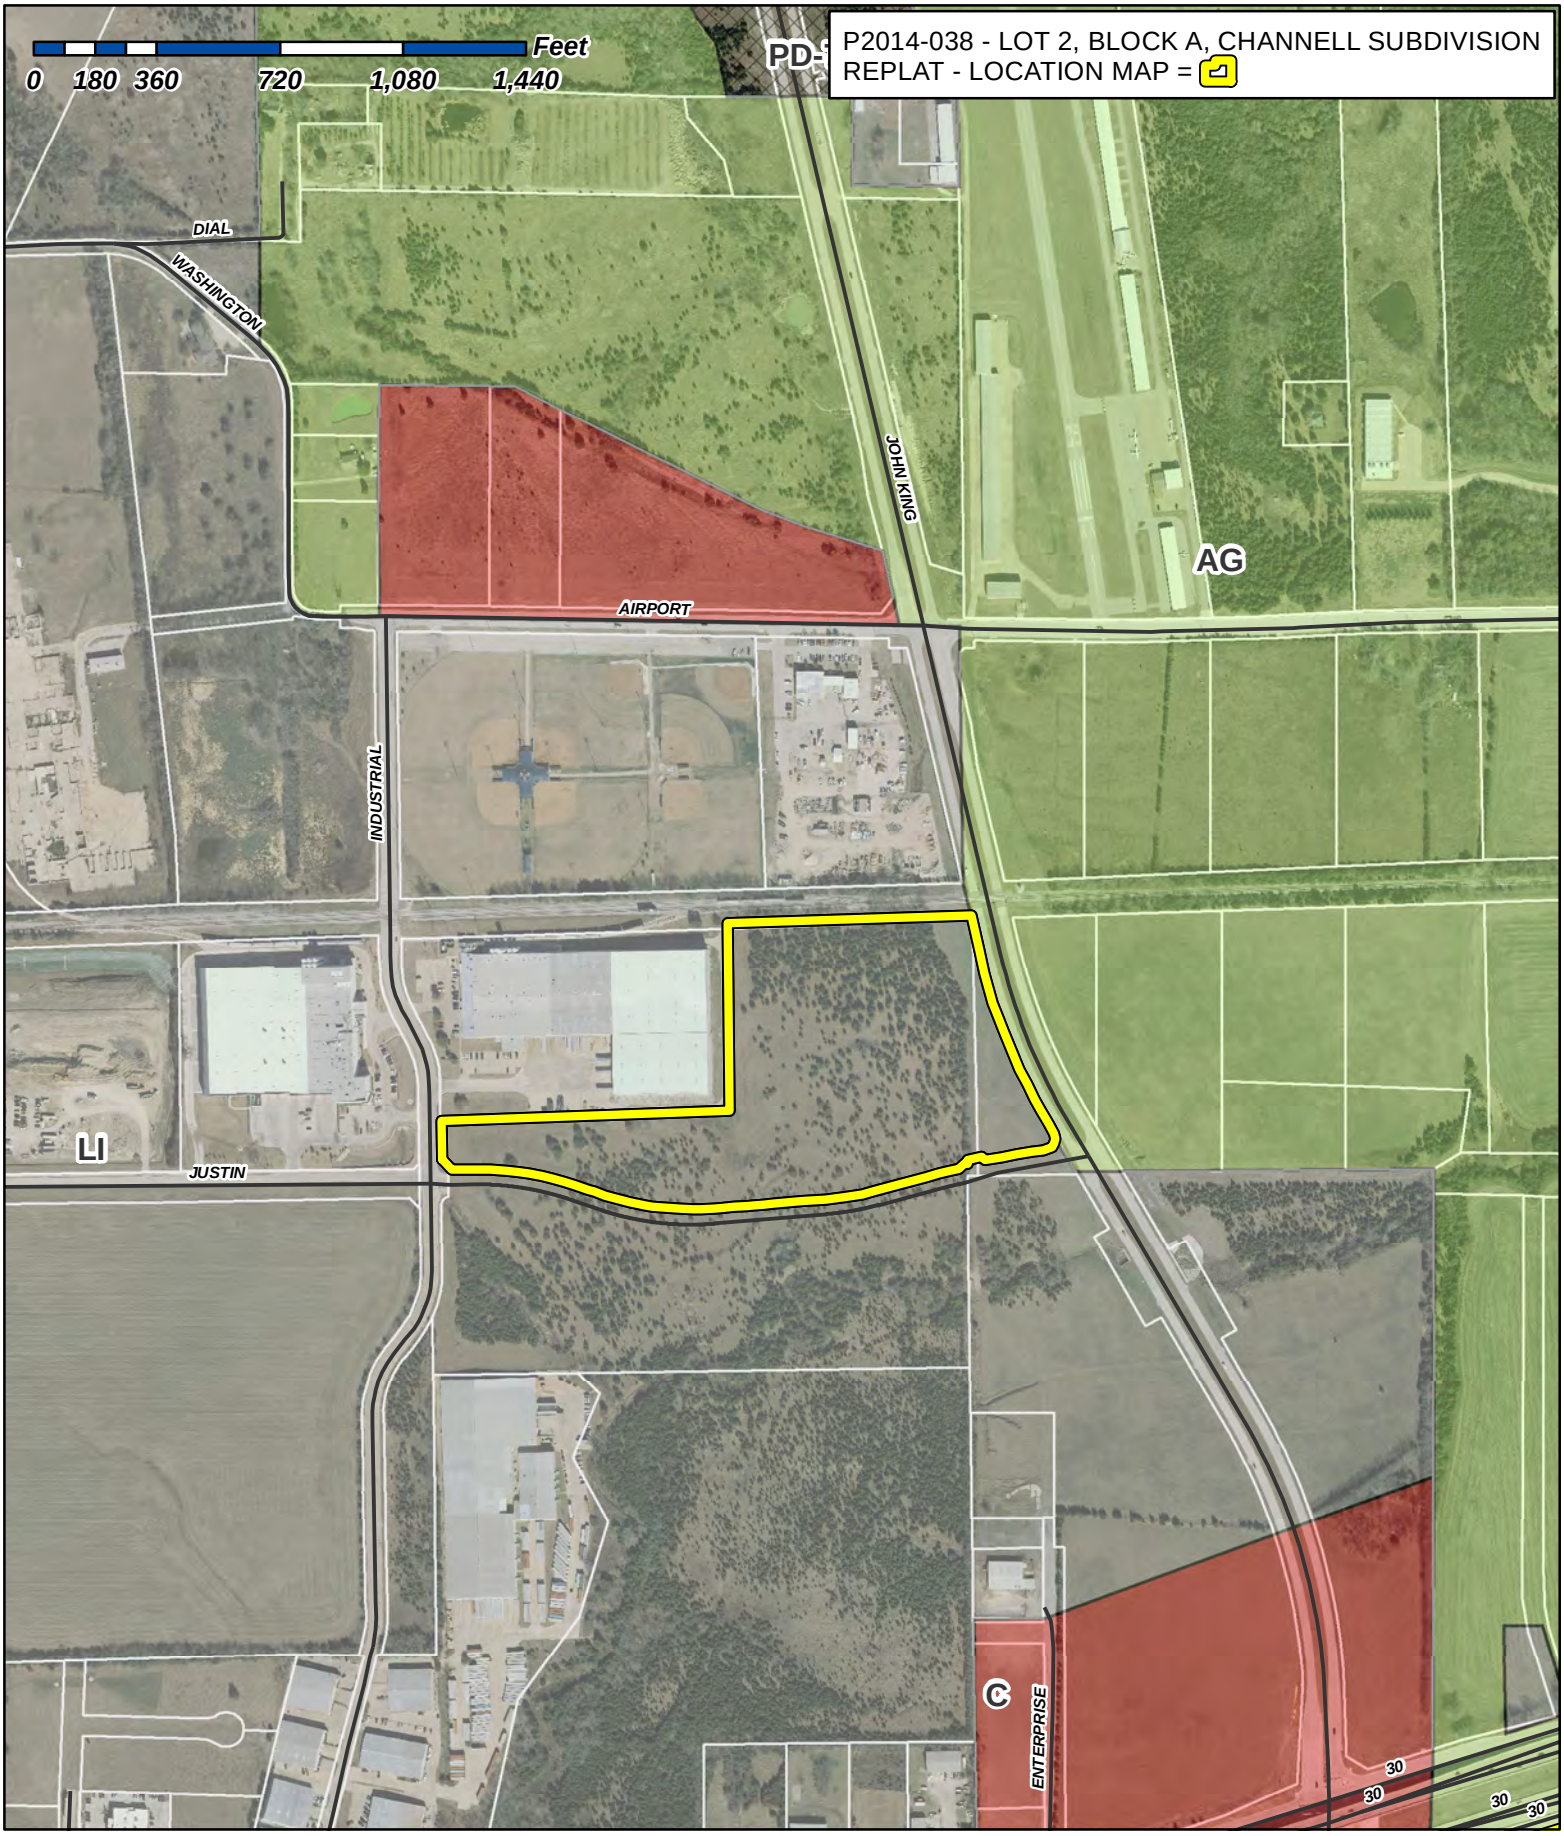
☑ The subject property is a part of a final plat that was approved by City Council on March 17, 2014 under *Case No. SP2014-008*. This plat subdivided a 37.828-acre tract of land into two (2) non-residential lots [*Lot 1, Block A: 18.775-acres; Lot 1, Block B: 15.554-acres*] and indicated the location of the dedication of 3.499-acres of right-of-way for the alignment of Justin Road. Additionally, a site plan [*Case No. SP2014*-011] was approved earlier this year that showed the layout of a ~205,000 SF office/manufacturing facility. The objective of this request is to replat Lot 1, Block A, Channell Addition to account for all required easements for the construction of the proposed facility.

☑ The Surveyor has completed the majority of the technical revisions requested by staff, and this plat, conforming to the requirements for replats as stated in the *Subdivision Ordinance* in the Municipal Code of Ordinances, is recommended for conditional approval pending the completion of final technical modifications and submittal requirements.

☑ Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the *Recommendation* section below.

With the exception of the items listed in the *Recommendation* section of this case memo, this plat is in substantial compliance with the requirements of the *Subdivision Ordinance* in the Municipal Code of Ordinances.

RECOMMENDATIONS:



Staff recommends approval of the replat for *Lot 2, Block A Channell Subdivision* in conformance with the following conditions of approval:

1) All technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat; and,

2) Any construction resulting from the approval of this *final plat* shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:

On November 11, 2014, the Planning & Zoning Commission recommended approval of the replat per staff's recommendations by a vote of 7-0.

OWNER'S CERTIFICATE

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS, the Rockwall Economic Development Corporation and the City of Rockwall, Texas, are the owners of an 18.762 acre tract of land in the City of Rockwall, Rockwall County, Texas; said tract of land being described as follows:

LEGAL DESCRIPTION

DESCRIPTION, of an 18.762 acre tract of land situated in the Nathan Butler Survey, Abstract No. 20, the Archibald Hanna Survey, Abstract No. 99, and the David Harr Survey, Abstract No. 102, City of Rockwall, Rockwall County, Texas; said tract being all of Lot 1, Block A, Channell Subdivision, an addition to the City of Rockwall, Texas according to the plat recorded in Instrument No. _____ of the Official Public Records of Rockwall County, Texas; said tract also being part of that certain tract of land described in Special Warranty Deed to Rockwall Economic Development Corporation recorded in Volume 4168, Page 317 of the Deed Records of Rockwall County, Texas; part of that certain tract of land described in Warranty Deed to the City of Rockwall, Texas recorded in Volume 5418, Page 54 of said Official Public Records and all of that certain tract of land described in Deed Without Warranty to Rockwall Economic Development Corporation recorded in Instrument No. 20130000499975 of said Official Public Records; said 18.762 acre tract being more particularly described as follows:

BEGINNING, at a 1/2-inch iron rod with "R.S.C.I. RPLS 5034" cap found for corner in the east right-of-way line of Industrial Boulevard (a 65-foot wide right-of-way); said point being the westernmost northwest corner of said Lot 1 and the southwest corner of Rockwall Industrial East, an addition to the City of Rockwall, Texas according to the plat recorded in Cabinet C, Slide 72 of the Plat Records of Rockwall County, Texas;

THENCE, North 88 degrees, 07 minutes, 13 seconds East, departing the said east line of Industrial Boulevard and along the south line of said Rockwall Industrial East, a distance of 850.17 feet to a 1/2-inch iron rod with "PACHECO KOCH" cap set for corner; said point being the southeast corner of said Rockwall Industrial East;

THENCE, North 01 degrees, 03 minutes, 38 seconds West, along the east line of said Rockwall Industrial East, a distance of 550.29 feet to a 1/2-inch iron rod found for corner in the south right-of-way line of the UP/DALLAS GARLAND N.E. RAILROAD (a 100-foot wide right-of-way); said point being the northeast corner of said Rockwall Industrial East;

THENCE, along the said south line of the UP/DALLAS GARLAND N.E. RAILROAD, the following two (2) calls:

North 88 degrees, 10 minutes, 00 seconds East, a distance of 693.99 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found at an angle point;

North 88 degrees, 16 minutes, 13 seconds East, a distance of 16.20 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found for corner in the west right-of-way line of John King Boulevard (a 120-foot wide right-of-way);

THENCE, departing the said south line of the UP/DALLAS GARLAND N.E. RAILROAD and along the said west line of John King Boulevard, the following three calls:

South 13 degrees, 13 minutes, 35 seconds East, a distance of 112.68 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found at the beginning of a non-tangent curve to the left;

In a southeasterly direction, along said curve to the left, having a central angle of 17 degrees, 06 minutes, 33 seconds, a radius of 1,810.00 feet, a chord bearing and distance of South 21 degrees, 54 minutes, 26 seconds East, 538.48 feet, an arc distance of 540.49 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found at the end of said curve;

South 30 degrees, 27 minutes, 42 seconds East, a distance of 46.15 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found for corner; said point being at the northeast end of a circular right-of-way corner clip at the intersection of the said west line of John King Boulevard and the north right-of-way line of Justin Road (a variable width right-of-way) and the beginning of a non-tangent curve to the right;

THENCE, in a southwesterly direction, departing the said west line of John King Boulevard and along corner clip and said curve to the right, having a central angle of 84 degrees, 24 minutes, 20 seconds, a radius of 29.50 feet, a chord bearing and distance of South 37 degrees, 35 minutes, 03 seconds West, 39.63 feet, an arc distance of 43.46 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found for corner in the said north line of Justin Road; said point being at the southwest end of said corner clip;

THENCE, departing the said corner clip and along the said north line of Justin Road, the following fourteen (14) calls:

South 79 degrees, 47 minutes, 13 seconds West, a distance of 186.63 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found at an angle point;

South 89 degrees, 47 minutes, 13 seconds West, a distance of 50.50 feet to a 1/2-inch iron rod with "CSC 4252" cap found for corner;

South 00 degrees, 38 minutes, 16 seconds East, a distance of 8.89 feet to a 1/2-inch iron rod with "PACHECO KOCH" cap set for corner;

South 79 degrees, 47 minutes, 13 seconds West, a distance of 10.22 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found at the beginning of a tangent curve to the left;

In a southwesterly direction, along said curve to the left, having a central angle of 04 degrees, 26 minutes, 56 seconds, a radius of 904.50 feet, a chord bearing and distance of South 77 degrees, 33 minutes, 45 seconds West, 70.22 feet, an arc distance of 70.23 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found for corner;

South 14 degrees, 39 minutes, 43 seconds East, a distance of 12.00 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found for corner; said point being the beginning of a non-tangent curve to the left;

In a southwesterly direction, along said curve to the left, having a central angle of 00 degrees, 33 minutes, 04 seconds, a radius of 892.50 feet, a chord bearing and distance of South 75 degrees, 03 minutes, 45 seconds West, 8.58 feet, an arc distance of 8.58 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found at the end of said curve;

South 74 degrees, 47 minutes, 13 seconds West, a distance of 191.98 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found at the beginning of a tangent curve to the right;

In a westerly direction, along said curve to the right, having a central angle of 10 degrees, 34 minutes, 42 seconds, a radius of 807.50 feet, a chord bearing and distance of South 80 degrees, 04 minutes, 34 seconds West, 148.87 feet, an arc distance of 149.09 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found at the end of said curve;

South 85 degrees, 21 minutes, 55 seconds West, a distance of 325.98 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found at the beginning of a tangent curve to the right;

In a westerly direction, along said curve to the right, having a central angle of 22 degrees, 51 minutes, 11 seconds, a radius of 807.50 feet, a chord bearing and distance of North 83 degrees, 12 minutes, 29 seconds West, 319.95 feet, an arc distance of 322.08 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found at the end of said curve;

North 71 degrees, 46 minutes, 54 seconds West, a distance of 100.00 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found at the beginning of a tangent curve to the left;

In a westerly direction, along said curve to the left, having a central angle of 18 degrees, 36 minutes, 18 seconds, a radius of 892.50 feet, a chord bearing and distance of North 81 degrees, 05 minutes, 03 seconds West, 288.54 feet, an arc distance of 289.81 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found at the end of said curve;

South 89 degrees, 36 minutes, 48 seconds West, a distance of 70.14 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found for corner; said point being at the southeast end of a right-of-way corner clip at the intersection of said north line of Justin Road with the said east line of Industrial Boulevard;

THENCE, North 45 degrees, 43 minutes, 30 seconds West, departing the said north line of Justin Road and along the said corner clip, a distance of 42.68 feet to a 1/2-inch iron rod with "WIER & ASSOC INC" cap found for corner in the said east line of Industrial Boulevard; said point being at the northwest end of said corner clip;

THENCE, North 01 degrees, 03 minutes, 48 seconds West, departing the said corner clip and along the said east line of Industrial Boulevard, a distance of 111.88 feet to the POINT OF BEGINNING;

CONTAINING, 817,294 square feet or 18.762 acres of land, more or less.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I (we) the undersigned owner(s) of the land shown on this plat, and designated herein as the _____ subdivision to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, watercourses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I (we) further certify that all other parties who have a mortgage or lien interest in the _____ subdivision have been notified and signed this plat.

I (we) understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I (we) also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.
2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.
3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.
4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.
5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.
6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I (we) further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: City Council

FROM: JoDee Sanford, *Planning Technician*

DATE: November 17, 2014

SUBJECT: Christian Brothers SUP Amendment [*Z2014-033*]

The applicant, Amy Stehr, requested that the Planning and Zoning Commission postpone the public hearing to the November 25, 2014 meeting. According to Section 6.2, *Public Hearing Postponements, Recess, and Continuations*, of the Article II of the Unified Development Code, a public hearing may be postponed by announcing the postponement at the public hearing by announcing the time and place the hearing is scheduled to begin.

Due to the postponement of the public hearing until the next Planning and Zoning Commission meeting, it is necessary for the City Council to also postpone the public hearing until the December 1, 2014 meeting. The announcement of a postponement shall be sufficient notice and no additional notice shall be required.

Sanford, JoDee

From: Amy Stehr < >

To: Sanford, JoDee
Subject: P&Z Public Hearing

JoDee,

Thank you so much for speaking with me this morning and your visit to the shop. And a big thanks to Robert too.

Please reschedule our P&Z Public Hearing to Nov 25. My Service Manager will be on vacation on Nov 11 and we both would like to present to the commission.

I'm working on another email for the commissioners that I will forward to you soon.

Thanks again for your suggestions and support.

105

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

CC: Rick Crowley, *City Manager*
Robert LaCroix, *Director of Planning and Zoning*

FROM: Ryan Miller, *Planning Manager*

DATE: November 17, 2014

SUBJECT: Amendments and Modifications to the Unified Development Code

On September 2, 2014, staff was directed to initiate text amendments to Article II, *Authority and Administrative Procedures*; Article IV, *Permissible Uses*; and Article V, *District Development Standards*, of the Unified Development Code (UDC). Specifically, the amendments address three (3) separate issues:

1) *Sec. 13.2, Art. II, UDC*. The UDC defines the qualifications and composition for appointing individuals to the Architectural Review Board (ARB). These requirements have made it difficult to find individuals living within the City that meet these qualifications, and have made it problematic maintaining a full seven (7) member board. The current requirements stipulate that the board be composed of one (1) member from any of the following fields: landscape architecture, civil engineering, structural engineering, commercial builder (*in the district [i.e. Overlay District]*), land planning, and building design. Due to the size of the community, finding qualified individuals has been a challenge. In response to this issue staff has prepared modifications that would change the restrictions to allow individuals with qualifications or training in a *general design related field* (*e.g. landscape architecture, interior or exterior design, municipal planning, municipal government, and etcetera*) to be eligible as board members. Inserting more flexible language into the code will allow more opportunities in the selection process and provide more chances for Rockwall citizens to participate on the ARB.

2) *Sec. 1.1 & 2.1.8, Art. IV, UDC*. At the behest of Bill Bricker the City Council has directed staff to establish a use that allows for the sale of a limited number of automobiles that will be stored and displayed indoors in a completely enclosed building. Staff is proposing the *Indoor Motor Vehicle Dealership/Showroom, New and/or Used* use and has drafted preliminary regulatory standards for said use.

3) *Sec. 4.1 & 5.1, Art. V, UDC*. The Unified Development Code currently restricts all commercial and industrial buildings, not within an Overlay District, from locating stucco within the first eight (8) feet above grade on any building façade that is visible from a street or public area [*Sec. 4.1.A.1 & 5.1.A.1; Art. V, UDC*]. This is in contrast to the Overlay District requirements, which are less restrictive and prohibit stucco from being located within the first four (4) feet above grade on any building façade that is visible from a street or public area (*e.g. Sec. 6.7.C.1.a; Art. V, UDC*). The purpose of this restriction is generally to allow for a greater variation of materials, and for the incorporation of a brick or stone wainscot. This has become an issue on past projects that propose smaller buildings (*typically located outside of the overlay districts*) built to a residential scale that usually utilize pitched roofs. In these cases, the eight (8) foot requirement is difficult to incorporate into the design, and

usually requires the applicant to request a variance from the Planning and Zoning Commission and City Council.

In accordance, with Section 4.2 of Article XI, *Zoning Related Applications*, of the UDC staff has brought the proposed amendments forward to the Planning and Zoning Commission for recommendation, and on November 11, 2014 the Planning and Zoning Commission made a motion to recommend approval of the text amendment pending the proposed *Indoor Motor Vehicle Dealership/Showroom, New and Used* require a Specific Use Permit in all permitted districts *(i.e. Commercial [C], Heavy Commercial [HC], Light Industrial [LI] and Heavy Industrial [HI] Districts*). The motion passed by a vote of 7-0. Attached to this case memo are the proposed changes to the UDC, as well as a draft ordinance that lays out the proposed text amendment with the Planning and Zoning Commission's recommendations. The projected schedule for this text amendment is as follows:

Planning and Zoning Commission:
~~Work Session: September 9, 2014~~
~~Work Session: September 30, 2014~~
~~Public Hearing: October 14, 2014 [*Cancelled*]~~
~~Public Hearing: November 11, 2014~~

City Council:
Public Hearing: November 17, 2014
2nd Reading: December 1, 2014

Staff has sent out a 15-day notice to the Rockwall County News in accordance with all applicable state laws and Section 6.1 of Article II, *Authority and Administrative Procedures*, of the UDC. The notice was published on October 23, 2014.

107

Article II, Authority and Administrative Procedures, of the Unified Development Code

Section 13. Architectural Review Board

Section 13.2. Term of Office; Qualifications

A. *Term*. The members shall be appointed for a term of two years with staggered terms and shall be removable for cause by the city council. Their terms of office shall expire on the last day of July or when their successor has been appointed. In the event that a vacancy occurs prior to the expiration of a full term the city council shall appoint a new member to complete the unexpired term. Any member may be reappointed by the city council upon completion of a term to which he has been appointed.

B. Qualifications. At least one member shall be a registered architect in the State of Texas. Other members are chosen for qualifications and training in related fields such as landscape architecture, interior or exterior design, municipal planning, municipal government and other professions with related disciplines or civic interest.

~~***B. [Composition]. The membership shall include one registered architect, one residential property owner in the district and one commercial property owner in the district. The remaining membership shall include no more than one representative from any of the following categories:***~~

~~***(1) Landscape architects;***~~
~~***(2) Civil engineers;***~~
~~***(3) Structural engineers;***~~
~~***(4) Experienced commercial builders in the district;***~~
~~***(5) Professional land planners; and/or***~~
~~***(6) Building designers who are members in good standing with a recognized professional association.***~~

~~***All members must be residents of Rockwall County.***~~

C. *Attendance*. If a member has three consecutive absences that are not excused by the architectural review board, or is absent from more than 25 percent of the meetings, he may be removed from the board; however, if absent from 50 percent of the meetings in any calendar year, the member will automatically be removed from the architectural review board.

Article IV, Permissible Uses, of the Unified Development Code

Section 1.1. Use of Land and Buildings

Article IV, Permissible Uses, of the Unified Development Code

Section 2.1.8. Auto and Marine-Related Use Conditions

Auto repair garage, major.

1. General repair, rebuilding, or reconditioning of engines, motor vehicles or trailers, including body work, frame-work, welding, and major painting service.
2. Garage doors shall not face the street or a residential lot.
3. Vehicles, equipment, parts or inventory shall not be stored outside overnight unless expressly permitted by this [Unified Development Code]. In which case, they shall be screened from public streets, sidewalks and open space, and any residentially-zoned lot.

Auto repair garage, minor.

1. The replacement of any part or repair of any part that does not require removal of the engine head or pan, engine transmission or differential; incidental body and fender work, minor painting and upholstering service. It also includes "quick lube" type businesses. This applies to only to passenger automobiles and trucks not in excess of 7,000 pounds gross weight.
2. In a General Retail (GR) District, an "auto repair garage, minor" is permitted as an accessory to a retail use, when the gross floor area of the auto repair and related storage does not exceed 30 percent of the retail sales floor area. If it is a stand-alone use, it shall require a specific use permit.
3. In a Commercial (C) District, an "auto repair garage, minor" is permitted as an accessory to a retail use, provided all work is conducted wholly within a completely enclosed building. If it is a stand-alone use, it shall require a specific use permit.
4. Garage doors or bays shall not face the street or a residential lot.
5. Vehicles, equipment, parts or inventory shall not be stored outside overnight unless expressly permitted by this [Unified Development Code]. In which case, they shall be screened from public streets, sidewalks and open space, and any residentially-zoned lot.
6. A site plan must be approved by the director of planning prior to issuance of any building permit.
7. In the Downtown District an auto repair garage, minor shall not be located within 500 feet of the Historic Courthouse property.

   (Ord. No. 11-13, § 2, 4-13-2011)

Boat and trailer dealerships (new and used).

1. The area to be used for outside storage and display shall not exceed 50 percent of the total lot area within 100 feet of any adjacent street.
2. All such outside storage and display areas must be permanently paved to city standards.
3. All such outside storage and display areas must be screened along all road frontages with a solid evergreen landscape screen a minimum of three feet in height.
4. All such outside storage and display areas may be lighted with directed exterior lighting that does not glare onto any adjacent roadways.
5. A site plan and landscape plan shall be approved prior to issuance of any building permit.
6. Such uses shall only be permitted along Interstate 30 and other arterials, as identified on the city's thoroughfare plan, but shall be excluded within the Scenic Overlay District along FM-740 and SH 66.

Carwash/auto detail.

The following standards apply to any freestanding or accessory carwash or auto detailing use:

1. Entrances and exits to the car wash shall not directly face any public street. On corner sites, car wash entrances or exits shall not open toward the street with the highest traffic volume, or as determined by the director of planning.
2. The car wash shall be set back a minimum of 50 feet from any street frontage.

Indoor Motor Vehicle Dealership/Showroom, New and/or Used.
The indoor storage of operable automobiles in a fully enclosed building for the purpose of holding such vehicles for sale, lease, distribution, or storage.

1. ***The sales/storage facility must be a completely enclosed building.***
2. ***Outside display or storage of vehicles shall be prohibited. This includes storing vehicles under canopies/awnings or similar covered structures.***
3. ***All activities shall remain inside the building (i.e. no detailing, sales activities, etcetera shall be performed outside the building).***
4. ***Accessory uses may be allowed in compliance with the "Permissible Use Charts" located within Section 1.1 of this Article.***

Motor vehicle dealerships (new and used).

1. Used vehicles may only be sold as an ancillary use to new vehicle sales.
   (Ord. No. 06-14, 4-17-2006)
2. All outside display of vehicles must be on an approved concrete, or enhanced concrete surface.
3. All vehicle display areas must meet the landscape standards for parking areas.

Service station.
An establishment where gasoline and other petroleum products are sold as the principal use of the property. Light maintenance activities such as engine tune-ups, lubrication, and minor repairs may also be provided if incidental to such principal use. Service station does not include any premises where retail sales space exceeds 25 percent of the total building area or 500 square feet of gross floor area, whichever is less.

Towing and impound yard.

1. A towing and impound yard must comply with all requirements, including definitions and permitting procedures for wrecking and towing services, that are specified in chapter 12, article VI of the Code of Ordinances, unless otherwise approved by city council as part of the specific use permit approved for the use.
   (Ord. No. 10-14, § 20, 7-6-2010)

Towing service, no storage.

1. A towing storage with no outside storage must comply with all requirements, including definitions and permitting procedures for wrecking and towing services, that are specified in chapter 12, article VI of the Code of Ordinances.
   (Ord. No. 10-14, § 20, 7-6-2010)

Truck stop with fuel and accessory services.

1. Entrances and exits to the service bays shall not directly face any public street. On corner sites, Service bay entrances or exits shall not open toward the street with the highest traffic volume, or as determined by the director of planning.
2. The location of access drives from adjacent streets shall be determined by the director of planning.

Article V, District Development Standards, of the Unified Development Code

Section 4.1. General Commercial District Standards

A. *Construction Materials.*

1. *Exterior walls.* Each exterior wall shall consist of 90 percent masonry materials as defined in article XIII, Definitions, excluding doors and windows, on walls which are visible from a public street or open space, including a minimum of 20 percent stone.

   All buildings shall have exterior walls constructed of stone, brick, glass block, tile, cast metal, cast or cultured stone, or a combination of those materials. The use of other cementaceous products (e.g., stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first ***~~eight~~ four (4)*** feet above grade on a facade visible from a street or public area.

   Exceptions to this requirement may be permitted on a case-by-case basis by the council upon submission and approval of elevation drawings of the subject structure, and material samples.

Section 5.1. General Industrial District Standards

A. *Construction Materials.*

1. *Exterior walls.* Each exterior wall shall consist of 90 percent masonry materials as defined in article XIII, Definitions, excluding doors and windows, on walls which are visible from a public street or open space, including a minimum of 20 percent stone.
2. All buildings shall have exterior walls constructed of stone, brick, glass block, tile, cast metal, cast or cultured stone, or a combination of those materials. The use of other cementaceous products (e.g., stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the buildings exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first ***~~eight~~ four (4)*** feet above grade on a facade visible from a street or public area.

   Exceptions to this requirement, including allowing concrete tilt-up walls, may be permitted on a case by case basis by the council upon submission and approval of elevation drawings of the subject structure, and material samples.

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTION 13.2 OF ARTICLE II, *AUTHORITY AND ADMINISTRATIVE PROCEDURES*; SECTIONS 1.1 & 2.1.8 OF ARTICLE IV, *PERMISSIBLE USES*; AND SECTIONS 4.1 & 5.1, *DISTRICT DEVELOPMENT STANDARDS*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, an amendment to the City of Rockwall's Unified Development Code [*Ordinance No. 04-38*] has been initiated by the City Council of the City of Rockwall to amend Section 13.2, *Terms of Office; Qualifications*, of Article II, *Authority and Administrative Procedures*; Section 1.1, *Use of Land and Buildings*, and Section 2.1.8, *Auto and Marine-Related Use Conditions*, of Article IV, *Permissible Uses*; and, Section 4.1, *General Commercial District Standards*, and Section 5.1, *General Industrial District Standards*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*]; and,

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the city's corporate boundaries, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That Section 13.2, *Terms of Office; Qualifications*, of Article II, *Authority and Administrative Procedures*; Section 1.1, *Use of Land and Buildings*, and Section 2.1.8, *Auto and Marine-Related Use Conditions*, of Article IV, *Permissible Uses*; and, Section 4.1, *General Commercial District Standards*, and Section 5.1, *General Industrial District Standards*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'A' & 'B'*.

Section 2. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 3. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

DRAFT
ORDINANCE
11.17.2014

Section 4. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 5. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 1ST DAY OF DECEMBER, 2014.

_____

David Sweet, *Mayor*

ATTEST:

_____

Kristy Ashberry, *City Secretary*

APPROVED AS TO FORM:

_____

Frank J. Garza, *City Attorney*

2nd Reading: *December 1, 2014*

DRAFT ORDINANCE 11.17.2014

Section 13. Architectural Review Board
Section 13.2. Term of Office; Qualifications

A. *Term*. The members shall be appointed for a term of two years with staggered terms and shall be removable for cause by the city council. Their terms of office shall expire on the last day of July or when their successor has been appointed. In the event that a vacancy occurs prior to the expiration of a full term the city council shall appoint a new member to complete the unexpired term. Any member may be reappointed by the city council upon completion of a term to which he has been appointed.

B. Qualifications. At least one member shall be a registered architect in the State of Texas. Other members are chosen for qualifications and training in related fields such as landscape architecture, interior or exterior design, municipal planning, municipal government and other professions with related disciplines or civic interest.

~~***B. [Composition]. The membership shall include one registered architect, one residential property owner in the district and one commercial property owner in the district. The remaining membership shall include no more than one representative from any of the following categories:***~~

~~***(1) Landscape architects;***~~
~~***(2) Civil engineers;***~~
~~***(3) Structural engineers;***~~
~~***(4) Experienced commercial builders in the district;***~~
~~***(5) Professional land planners; and/or***~~
~~***(6) Building designers who are members in good standing with a recognized professional association.***~~

~~***All members must be residents of Rockwall County.***~~

C. *Attendance*. If a member has three consecutive absences that are not excused by the architectural review board, or is absent from more than 25 percent of the meetings, he may be removed from the board; however, if absent from 50 percent of the meetings in any calendar year, the member will automatically be removed from the architectural review board.

DRAFT ORDINANCE 11.17.2014

Section 2.1.8. Auto and Marine-Related Use Conditions

Auto repair garage, major.

1. General repair, rebuilding, or reconditioning of engines, motor vehicles or trailers, including body work, frame-work, welding, and major painting service.
2. Garage doors shall not face the street or a residential lot.
3. Vehicles, equipment, parts or inventory shall not be stored outside overnight unless expressly permitted by this [Unified Development Code]. In which case, they shall be screened from public streets, sidewalks and open space, and any residentially-zoned lot.

Auto repair garage, minor.

1. The replacement of any part or repair of any part that does not require removal of the engine head or pan, engine transmission or differential; incidental body and fender work, minor painting and upholstering service. It also includes "quick lube" type businesses. This applies to only to passenger automobiles and trucks not in excess of 7,000 pounds gross weight.
2. In a General Retail (GR) District, an "auto repair garage, minor" is permitted as an accessory to a retail use, when the gross floor area of the auto repair and related storage does not exceed 30 percent of the retail sales floor area. If it is a stand-alone use, it shall require a specific use permit.
3. In a Commercial (C) District, an "auto repair garage, minor" is permitted as an accessory to a retail use, provided all work is conducted wholly within a completely enclosed building. If it is a stand-alone use, it shall require a specific use permit.
4. Garage doors or bays shall not face the street or a residential lot.
5. Vehicles, equipment, parts or inventory shall not be stored outside overnight unless expressly permitted by this [Unified Development Code]. In which case, they shall be screened from public streets, sidewalks and open space, and any residentially-zoned lot.
6. A site plan must be approved by the director of planning prior to issuance of any building permit.
7. In the Downtown District an auto repair garage, minor shall not be located within 500 feet of the Historic Courthouse property.

(Ord. No. 11-13, § 2, 4-13-2011)

Boat and trailer dealerships (new and used).

1. The area to be used for outside storage and display shall not exceed 50 percent of the total lot area within 100 feet of any adjacent street.
2. All such outside storage and display areas must be permanently paved to city standards.
3. All such outside storage and display areas must be screened along all road frontages with a solid evergreen landscape screen a minimum of three feet in height.
4. All such outside storage and display areas may be lighted with directed exterior lighting that does not glare onto any adjacent roadways.
5. A site plan and landscape plan shall be approved prior to issuance of any building permit.

DRAFT ORDINANCE 4.1.2014

6. Such uses shall only be permitted along Interstate 30 and other arterials, as identified on the city's thoroughfare plan, but shall be excluded within the Scenic Overlay District along FM-740 and SH 66.

Carwash/auto detail.

The following standards apply to any freestanding or accessory carwash or auto detailing use:

1. Entrances and exits to the car wash shall not directly face any public street. On corner sites, car wash entrances or exits shall not open toward the street with the highest traffic volume, or as determined by the director of planning.
2. The car wash shall be set back a minimum of 50 feet from any street frontage.

Indoor Motor Vehicle Dealership/Showroom, New and/or Used.
The indoor storage of operable automobiles in a fully enclosed building for the purpose of holding such vehicles for sale, lease, distribution, or storage.

1. ***The sales/storage facility must be a completely enclosed building.***
2. ***Outside display or storage of vehicles shall be prohibited. This includes storing vehicles under canopies/awnings or similar covered structures.***
3. ***All activities shall remain inside the building (i.e. no detailing, sales activities, etcetera shall be performed outside the building).***
4. ***Accessory uses may be allowed in compliance with the "Permissible Use Charts" located within Section 1.1 of this Article.***

Motor vehicle dealerships (new and used).

1. Used vehicles may only be sold as an ancillary use to new vehicle sales.
   (Ord. No. 06-14, 4-17-2006)
2. All outside display of vehicles must be on an approved concrete, or enhanced concrete surface.
3. All vehicle display areas must meet the landscape standards for parking areas.

Service station.

An establishment where gasoline and other petroleum products are sold as the principal use of the property. Light maintenance activities such as engine tune-ups, lubrication, and minor repairs may also be provided if incidental to such principal use. Service station does not include any premises where retail sales space exceeds 25 percent of the total building area or 500 square feet of gross floor area, whichever is less.

Towing and impound yard.

1. A towing and impound yard must comply with all requirements, including definitions and permitting procedures for wrecking and towing services, that are specified in chapter 12, article VI of the Code of Ordinances, unless otherwise approved by city council as part of the specific use permit approved for the use.
   (Ord. No. 10-14, § 20, 7-6-2010)

DRAFT ORDINANCE 11.17.2014

Towing service, no storage.

1. A towing storage with no outside storage must comply with all requirements, including definitions and permitting procedures for wrecking and towing services, that are specified in chapter 12, article VI of the Code of Ordinances.

   (Ord. No. 10-14, § 20, 7-6-2010)

Truck stop with fuel and accessory services.

1. Entrances and exits to the service bays shall not directly face any public street. On corner sites, Service bay entrances or exits shall not open toward the street with the highest traffic volume, or as determined by the director of planning.
2. The location of access drives from adjacent streets shall be determined by the director of planning

DRAFT ORDINANCE 11.17.2014

Section 4.1. General Commercial District Standards

A. Construction Materials.

1. *Exterior walls.* Each exterior wall shall consist of 90 percent masonry materials as defined in article XIII, Definitions, excluding doors and windows, on walls which are visible from a public street or open space, including a minimum of 20 percent stone.

   All buildings shall have exterior walls constructed of stone, brick, glass block, tile, cast metal, cast or cultured stone, or a combination of those materials. The use of other cementaceous products (e.g., stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first ***~~eight~~ four (4)*** feet above grade on a facade visible from a street or public area.

   Exceptions to this requirement may be permitted on a case-by-case basis by the council upon submission and approval of elevation drawings of the subject structure, and material samples.

Section 5.1. General Industrial District Standards

B. Construction Materials.

1. *Exterior walls.* Each exterior wall shall consist of 90 percent masonry materials as defined in article XIII, Definitions, excluding doors and windows, on walls which are visible from a public street or open space, including a minimum of 20 percent stone.

   All buildings shall have exterior walls constructed of stone, brick, glass block, tile, cast metal, cast or cultured stone, or a combination of those materials. The use of other cementaceous products (e.g., stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the buildings exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first ***~~eight~~ four (4)*** feet above grade on a facade visible from a street or public area.

   Exceptions to this requirement, including allowing concrete tilt-up walls, may be permitted on a case by case basis by the council upon submission and approval of elevation drawings of the subject structure, and material samples.

DRAFT ORDINANCE 11.4.2014

Section 13. Architectural Review Board
Section 13.2. Term of Office; Qualifications

A. *Term*. The members shall be appointed for a term of two years with staggered terms and shall be removable for cause by the city council. Their terms of office shall expire on the last day of July or when their successor has been appointed. In the event that a vacancy occurs prior to the expiration of a full term the city council shall appoint a new member to complete the unexpired term. Any member may be reappointed by the city council upon completion of a term to which he has been appointed.

B. Qualifications. At least one member shall be a registered architect in the State of Texas. Other members are chosen for qualifications and training in related fields such as landscape architecture, interior or exterior design, municipal planning, municipal government and other professions with related disciplines or civic interest.

C. *Attendance*. If a member has three consecutive absences that are not excused by the architectural review board, or is absent from more than 25 percent of the meetings, he may be removed from the board; however, if absent from 50 percent of the meetings in any calendar year, the member will automatically be removed from the architectural review board.

DRAFT ORDINANCE 11.17.2014

Auto repair garage, major.

1. General repair, rebuilding, or reconditioning of engines, motor vehicles or trailers, including body work, frame-work, welding, and major painting service.
2. Garage doors shall not face the street or a residential lot.
3. Vehicles, equipment, parts or inventory shall not be stored outside overnight unless expressly permitted by this [Unified Development Code]. In which case, they shall be screened from public streets, sidewalks and open space, and any residentially-zoned lot.

Auto repair garage, minor.

1. The replacement of any part or repair of any part that does not require removal of the engine head or pan, engine transmission or differential; incidental body and fender work, minor painting and upholstering service. It also includes "quick lube" type businesses. This applies to only to passenger automobiles and trucks not in excess of 7,000 pounds gross weight.
2. In a General Retail (GR) District, an "auto repair garage, minor" is permitted as an accessory to a retail use, when the gross floor area of the auto repair and related storage does not exceed 30 percent of the retail sales floor area. If it is a stand-alone use, it shall require a specific use permit.
3. In a Commercial (C) District, an "auto repair garage, minor" is permitted as an accessory to a retail use, provided all work is conducted wholly within a completely enclosed building. If it is a stand-alone use, it shall require a specific use permit.
4. Garage doors or bays shall not face the street or a residential lot.
5. Vehicles, equipment, parts or inventory shall not be stored outside overnight unless expressly permitted by this [Unified Development Code]. In which case, they shall be screened from public streets, sidewalks and open space, and any residentially-zoned lot.
6. A site plan must be approved by the director of planning prior to issuance of any building permit.
7. In the Downtown District an auto repair garage, minor shall not be located within 500 feet of the Historic Courthouse property.

(Ord. No. 11-13, § 2, 4-13-2011)

Boat and trailer dealerships (new and used).

1. The area to be used for outside storage and display shall not exceed 50 percent of the total lot area within 100 feet of any adjacent street.
2. All such outside storage and display areas must be permanently paved to city standards.
3. All such outside storage and display areas must be screened along all road frontages with a solid evergreen landscape screen a minimum of three feet in height.
4. All such outside storage and display areas may be lighted with directed exterior lighting that does not glare onto any adjacent roadways.
5. A site plan and landscape plan shall be approved prior to issuance of any building permit.

DRAFT ORDINANCE 11.17.2014

6. Such uses shall only be permitted along Interstate 30 and other arterials, as identified on the city's thoroughfare plan, but shall be excluded within the Scenic Overlay District along FM-740 and SH 66.

Carwash/auto detail.

The following standards apply to any freestanding or accessory carwash or auto detailing use:

1. Entrances and exits to the car wash shall not directly face any public street. On corner sites, car wash entrances or exits shall not open toward the street with the highest traffic volume, or as determined by the director of planning.
2. The car wash shall be set back a minimum of 50 feet from any street frontage.

Indoor Motor Vehicle Dealership/Showroom, New and/or Used.

The indoor storage of operable automobiles in a fully enclosed building for the purpose of holding such vehicles for sale, lease, distribution, or storage.

1. The sales/storage facility must be a completely enclosed building.
2. Outside display or storage of vehicles shall be prohibited. This includes storing vehicles under canopies/awnings or similar covered structures.
3. All activities shall remain inside the building (i.e. no detailing, sales activities, etcetera shall be performed outside the building).
4. Accessory uses may be allowed in compliance with the "Permissible Use Charts" located within Section 1.1 of this Article.

Motor vehicle dealerships (new and used).

1. Used vehicles may only be sold as an ancillary use to new vehicle sales.
   (Ord. No. 06-14, 4-17-2006)
2. All outside display of vehicles must be on an approved concrete, or enhanced concrete surface.
3. All vehicle display areas must meet the landscape standards for parking areas.

Service station.

An establishment where gasoline and other petroleum products are sold as the principal use of the property. Light maintenance activities such as engine tune-ups, lubrication, and minor repairs may also be provided if incidental to such principal use. Service station does not include any premises where retail sales space exceeds 25 percent of the total building area or 500 square feet of gross floor area, whichever is less.

Towing and impound yard.

1. A towing and impound yard must comply with all requirements, including definitions and permitting procedures for wrecking and towing services, that are specified in chapter 12, article VI of the Code of Ordinances, unless otherwise approved by city council as part of the specific use permit approved for the use.

DRAFT ORDINANCE 11.17.2014

(Ord. No. 10-14, § 20, 7-6-2010)

Towing service, no storage.

1. A towing storage with no outside storage must comply with all requirements, including definitions and permitting procedures for wrecking and towing services, that are specified in chapter 12, article VI of the Code of Ordinances.

   (Ord. No. 10-14, § 20, 7-6-2010)

Truck stop with fuel and accessory services.

1. Entrances and exits to the service bays shall not directly face any public street. On corner sites, Service bay entrances or exits shall not open toward the street with the highest traffic volume, or as determined by the director of planning.
2. The location of access drives from adjacent streets shall be determined by the director of planning.

DRAFT ORDINANCE 11.17.2014

Section 4.1. General Commercial District Standards

C. Construction Materials.

1. *Exterior walls.* Each exterior wall shall consist of 90 percent masonry materials as defined in article XIII, Definitions, excluding doors and windows, on walls which are visible from a public street or open space, including a minimum of 20 percent stone.

   All buildings shall have exterior walls constructed of stone, brick, glass block, tile, cast metal, cast or cultured stone, or a combination of those materials. The use of other cementaceous products (e.g., stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first four (4) feet above grade on a facade visible from a street or public area.

   Exceptions to this requirement may be permitted on a case-by-case basis by the council upon submission and approval of elevation drawings of the subject structure, and material samples.

Section 5.1. General Industrial District Standards

D. Construction Materials.

1. *Exterior walls.* Each exterior wall shall consist of 90 percent masonry materials as defined in article XIII, Definitions, excluding doors and windows, on walls which are visible from a public street or open space, including a minimum of 20 percent stone.

   All buildings shall have exterior walls constructed of stone, brick, glass block, tile, cast metal, cast or cultured stone, or a combination of those materials. The use of other cementaceous products (e.g., stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first four (4) feet above grade on a facade visible from a street or public area.

   Exceptions to this requirement, including allowing concrete tilt-up walls, may be permitted on a case by case basis by the council upon submission and approval of elevation drawings of the subject structure, and material samples.

DRAFT ORDINANCE 11.17.2014

THIS PAGE INTENTIONALLY LEFT BLANK

127

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 11/17/2014

APPLICANT: John Spiars, P.E. of Spiars Engineering, Inc.

AGENDA ITEM: **SP2014-029**; Fenton Nissan of Rockwall

Discuss and consider a request by John Spiars of Spiars Engineering, Inc. on behalf of Bill Lavin of Fenton Motor Group for the approval of variances associated with a site plan for a new automobile dealership on a 14.751-acre tract of land being composed of a 10.5-acre parcel of land identified as Lot 1, Block A, Lafon Addition and a 4.251-acre portion of Tract 2 & 12 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, being zoned Light Industrial (LI) and Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District and the 205 By-Pass Overlay (205-BY OV) District, located at the southeastern corner of the intersection of John King Boulevard and the IH-30 Frontage Road, and take any action necessary.

BACKGROUND INFORMATION:

The applicant, John Spiars of Spiars Engineering, Inc., is requesting approval of a site plan for a proposed new automobile dealership on a 14.751-acre tract of land. As you may recall, the property has two SUP's (Ord. No. 13-36 & Ord. No. 14-24) attached to the site that allows for the development. The site is generally located at the southwest corner of IH-30 and John King Blvd and is zoned Light Industrial (LI) and Commercial (C) districts. The property is located within the IH 30 OV and 205-BY OV Districts and is subject to the standards established for these districts; however, the applicant will be seeking variances to certain standards established within the Unified Development Code as outlined in staff's report. The applicant has provided a letter outlining the purpose for each variance requested.

VARIANCE REQUEST:

The applicant is requesting the following variances to various sections of Article IV, Auto and Marine Related Use Conditions, Article V, District Development Standards, and Article VIII, Landscape Standards of the Unified Development Code (UDC) as indicated below.

1) To allow for not meeting the masonry standards as established in Art. V, Sec. 4.1, A. Construction Materials, as calculated and depicted in the building elevations submitted.
2) To allow for not meeting the horizontal and vertical articulation standards as established in Art. V, Sec. 4.1, C., 1 (a), (b) as depicted in the site plan and building elevations submitted.
3) To allow for not meeting the screening standards as established in Art. VIII, Sec. 5.6 Screening from Residential Uses which requires a minimum 6-ft high masonry screening fence. The applicant is providing a 30-ft landscape buffer with trees as required by the UDC for buildings exceeding 80,000 sq. ft.; however, the adjacent property owner/developer has submitted a letter supporting the 30-ft buffer with a living screen and opposes the use of a masonry screening fence.

4) To allow for not meeting the requirements for service bays as established in Art. IV, Sec. 2.1.8, Auto Repair Garage… 4. Garage doors or bays shall not face a street or residential lot, as depicted on the site plan submitted.
5) To allow for the utilization of a 21-ft wide firelane width at the one-way entry and exit drive along the IH-30 service road. It should be noted that the Fire Department supports the approval of two 21-ft wide one-way fire lanes from/to service road (radius shall be confirmed during engineering phase).
6) To allow for not meeting the 20 percent natural or quarried stone requirements of the applicable overlay districts, as depicted in the building elevations submitted.
7) To allow for a Corporate Identity that conflicts with the design criteria of the applicable overlay districts as depicted in the building elevations submitted and the associated variances requested by the applicant.

The variances requested by the applicant require a simple majority vote in the affirmative of all council members present for approval of the requested actions. Variance request numbers 6 & 7 are associated with the IH-30 OV and 205 BY-OV districts and require approval by a ¾ majority vote of City Council for those members present.

RECOMMENDATIONS:

Architectural Review Board Recommendation:

On October 28, 2015, the Architectural Review Board (ARB) had a general discussion concerning the proposed dealership with staff. The ARB was concerned that even though the building met the ordinances (UDC, Overlay districts) intent, the buildings' material blend did not translate well. The ARB recommended that the applicant incorporate more ACM (aluminum composite material) panel and change the elevations to be similar to Nissan's prototypical building design. The ARB also requested that the project be re-reviewed via email prior to the Planning & Zoning Commission meeting to be held on November 11, 2014.

With no additional feedback from the ARB being received by staff by November 11, 2014, staff has determined that the revised elevations meet the intent of the ARB's recommendations that were forwarded to the applicant.

Planning and Zoning Recommendation:

Should the request be approved, staff would offer the following recommendations:

1. Adherence to all Engineering and Fire Department standards.
2. Consider recommendations forwarded to the Planning and Zoning Commission from the Architectural Review Board.
3. All exterior signage requires approval and submittal of a separate permit through the building inspections department prior to installation.
4. Submittal and approval of a replat prior to issuance of a Certificate of Occupancy.
5. Requested variances require approval by the appropriate voting process of City Council.

Planning and Zoning Commission:

On November 11, 2014, the Planning and Zoning Commission approved the Site Plan request with staff recommendations by a vote of 7 to 0 and included an additional condition that the

variance for articulation (variance request #2) be subject to the addition of a window product being incorporated into the southeast and southwest elevations where the wall plane extends beyond the calculated minimums for the purpose of breaking up the linear appearance of the wall face.

November 6, 2014

Mr. David Gonzalez
Senior Planner
City of Rockwall – Planning and Zoning
385 S. Goliad St.
Rockwall, Texas 75087

Re: Development Application Variance Requests
Fenton Nissan of Rockwall
Lot 1, Block A, Rockwall County, Texas
Case Number SP2014-029
BWA Project No. D13049

Mr. Gonzalez,

Boynton Williams & Associates hereby submits the follow variance requests as outlined in the above-mentioned project for consideration:

Item #1 – Request alternative masonry percentages on exterior walls. The intent of this request is to allow the percentage of masonry at the exterior walls to vary from the amounts indicated in the City of Rockwall Uniform Development Code (UDC). This request is being made in order for the design to better comply with the Nissan corporate branding requirements as outlined in the Nissan Retail Environment Design Initiative (NREDI) standards. The NREDI standards create a consistent brand image for all Nissan facilities, and these standards do not recommend the use of masonry at the exterior walls. The Architectural Review Board (ARB) advised BWA at the 10/28/14 meeting they favored a design that more closely matches the Nissan facility brand design in lieu of one that forces a large percentage of masonry onto the design. In our opinion, this variance request will not only allow a design that is aesthetically pleasing and more in line with the Nissan facility brand image, but will also allow the use of masonry at more specific areas to create a more positive impact on the design and allow the Nissan corporate branding requirements to more naturally connect with the local masonry design language in Rockwall.

Item # 2 – Request alternative horizontal articulations of facades. The Nissan NREDI standards noted above require long expanses of uninterrupted wall surface at the showroom areas, and the vehicle service area along the south and east sides require long expanses of uninterrupted wall surfaces due to their functional requirements. The current design provides horizontal articulations around the entire building, especially on the most visible north and west facades while keeping the majority of the facades that, due to their functional requirements, cannot meet the prescribed horizontal articulation parameters, to the least visible south and east facades. In keeping with the ARB's request to provide a design that more closely matches the Nissan facility

Boynton Williams & Associates

Dallas, TX 75234
P 972.661.5461
F 972.661.5449

bwaarchitects.com

brand design, in our opinion, the proposed design achieves the intent of the UDC by creating a design that provides a large amount of horizontal articulations while minimizing the articulation of the façade areas that cannot meet the prescribed articulation requirement due to their functional requirements, and keeping such facades to the least visible south and east sides.

Item # 3 – Request alternative vertical articulations of facades. The Nissan NREDI standards noted above mandate specific height requirements for the facades that keep the vertical articulations to a minimum. The current proposed design provides a significant amount of vertical articulations for a one-story building of this size and strives to balance the Nissan requirements with the intent of the UDC. In keeping with the ARB's request to provide a design that more closely matches the Nissan facility brand design, in our opinion, the proposed design achieves the intent of the UDC by creating a design that provides a large amount of vertical articulation, while minimizing the areas that cannot meet the prescribed articulations due to their functional requirements, and keeping such facades to the least visible south and east sides.

Item #4 – Request variance to provide a living screen adjacent to the residential lots along the south property line. The request to use a living screen along the south side of our property in lieu of a 6' tall masonry screen wall was posed to us by the Owner of the property due south of our lot. The Cambridge Companies, who owned the property due south, advised the Fenton Motor Group they would rather have a living screen as indicated on the proposed landscape plan in lieu of a masonry screen wall as this feature will be more aesthetically pleasing and will add more value to their property. Since the owners of the lots due south will be providing their own fencing, having a living screen of cypress and oak trees beyond their fencing on our site would be more desirable than a 6' tall masonry screen.

Item #5 – Request variance to utilize 21' wide fire lane widths at the one-way entry and exit drives at the north side of the property. The proposed driveway widths and locations on the north side of the property align directly with the current driveway locations and widths. Per TxDOT, we are to maintain these current driveway locations and widths. That said, given the existing width of the entry on the west end of the north property line, we made this the main entry for the site, and created one-way entry and exit drives with a central landscaped island in between. This type of grand entry drive can be only achieved by providing own-way drives that are a maximum of 21' wide. Increasing these drives to 24' would require the elimination of the current one-way drives + island and require a single two-way drive that, in our opinion, is less appealing than the current design. It is important to note....

1. The 2009 International Fire Code (IFC) mandates a 20' minimum width for fire lanes. Our current design exceeds this by 1'.
2. These entry drives are one-way, and both have been designated as fire lanes. In the event that one lane is blocked by a car, the other lane more than likely will be free and clear, and a fire apparatus vehicle will still have more space than mandated in the IFC for navigating around any obstruction that might be present in either lane.
3. It is our understanding that Spiars Engineering has discussed this matter with the City of Rockwall Fire Marshal's office, and they take no exception to this variance request.

Based on the above, it is our opinion this variance request meets or exceeds the fire lane requirements outlined in the IFC, and does not pose any adverse impacts on the proposed fire lane access to and around this site.

It is our sincere hope the City of Rockwall Planning Staff will support all of the requests outlined herein, and that such support will be conveyed to both the Planning and Zoning Commission and the City Council. Please feel free to give me a call if you have any questions, or wish to discuss.

Sincerely,

Jeff Ball, - AIA

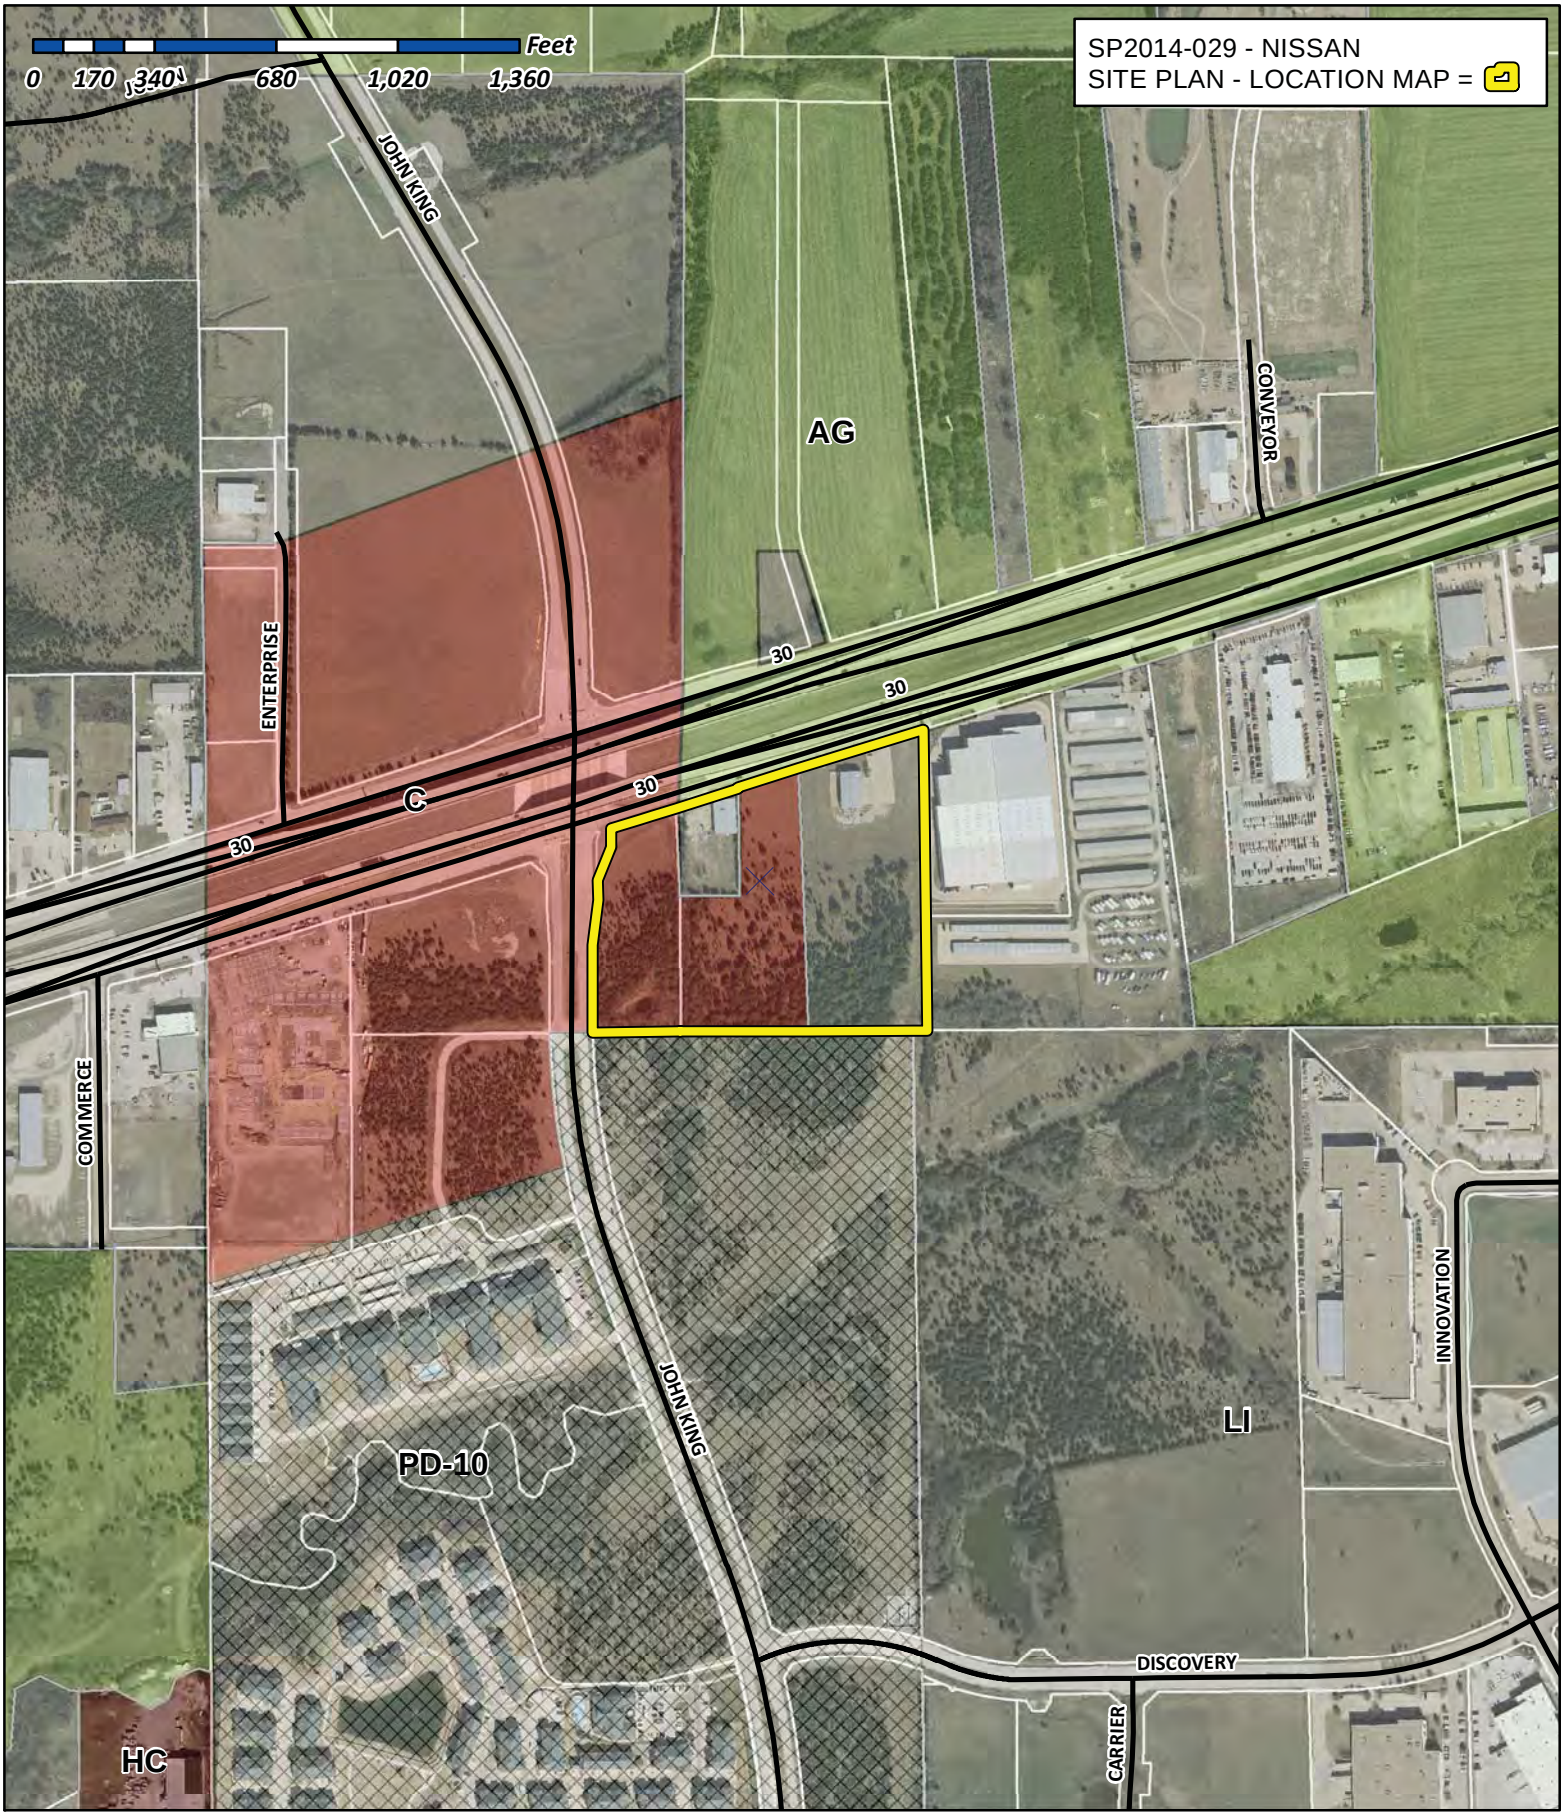
Rockwall, Tx. 75087

Re: Commercial Masonry Screening
Rockwall Downes Ph. 1
Rockwall, Tx.

Dear Mayor and Council:

Please let this letter serve as written confirmation that The Cambridge Companies support the request by Fenton Motors to create a 30-foot wide living screen in-lieu of a Masonry screening wall as typically required to separate residential and commercial uses.

It is our opinion that our proposed retaining wall and 6-foot wood fence along our north line, which generally depresses our lots below their existing grade, and a 30-foot wide living screen is a better screening mechanism for our future residents than a retaining wall and a 6-foot masonry. Furthermore, we believe that the retaining wall, wood fence and trees (new and existing) will create a more natural and palatable feel for our future residents.



It is our understanding that Fenton Motors will create and maintain a solid and continuous living screen that will consist of existing trees, additional shade trees, and large "screening" type trees such as, Eastern Red Cedar or Leyland Cypress a minimum of 7-feet in height, will create a suitable living screen.

We would like to thank you in advance for your thoughtful consideration of this request. If you have any questions or need any additional information from us on this matter please do not hesitate to contact us. Thank you.

Sincerely,

Matthew W. Alexander, P.E.
Vice President - Development

GENERAL NOTES

1. All materials and construction shall conform to City of Rockwall Stds. and Specifications and NCTCOG 3rd Edition.
2. Contractor shall be responsible for maintaining trench safety requirements in accordance with City Standards, Texas State Law, and O.S.H.A. Standards for all excavation in excess of five feet in depth. Contractor shall provide a trench safety plan.
3. The location of all utilities located on these plans are taken from existing public records. The exact location and elevation of all public utilities must be determined by the Contractor. It shall be the duty of the Contractor to ascertain whether any additional facilities other than those shown on the plans may be present.
4. It shall be the responsibility of the Contractor to protect all public utilities in the construction of this project.
5. All dimensions are to the face of curb or edge of building.
6. See Architectural Plans for exact building and related sidewalk dimensions.
7. All parking spaces are 9'x20' unless noted otherwise.
8. All paving and earthwork operations shall conform to the recommendations in the Geotechnical Investigation Report
9. Contractor shall install handicap signage adjacent to back of curb at all handicap parking spaces.
10. Fire lanes shall be striped in accordance with the City of Rockwall Standards.
11. Contractor shall install traffic control for any work within city R.O.W. traffic control shall conform to part VI of the "Texas Manual on Uniform Traffic Control Devices".
12. Detention volume for 3.19 acres of site provided by Rockwall Downes Addition per Development Plans by Corwin Engineering, dated 9/3/2014. Detention for remainder of site to be provided underground as noted.

City of Rockwall
The New Horizon

MEMORANDUM

TO: City Council

FROM: Robert LaCroix, Director of Planning and Zoning

DATE: November 17, 2014

SUBJECT: Request to Withdraw Case Z2014-029 *(Walmart Fuel Center SUP)*

AGENDA ITEM

Hold a public hearing to discuss and consider a request by Steven Freeman of Kimley-Horn and Associates, Inc. on behalf of Don Holloway of Lofland Farms, LTD for the approval of a Specific Use Permit (SUP) for a retail store with more than two (2) gasoline dispensers for a 0.743-acre tract of land identified as a portion of Tract 5-3 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 45 (PD-45) for general retail land uses, situated within the SH-205 By-Pass Overlay (205 BY-OV) District and the SH-276 Overlay (SH-276 OV) District, located at the southeast corner of the intersection of SH-276 and John King Boulevard, and take any action necessary.

On November 12, 2014, Steven Freeman of Kimley-Horne and Associates, Inc. advised staff via e-mail to withdraw the Specific Use Permit requested for the 6 pump fuel center. See attachment.

Steven,

Are you requesting to *withdraw* the SUP request for the fuel center or suspend it for a period of time? Since the SUP for the fuel center was approved by Council at the 1st reading on November 3rd, it then becomes scheduled for a 2nd reading of the ordinance at next Council meeting which is on Monday, November, 17th for final action.

Please let me know of your intentions.

Thank you,

David,

Please allow this email to serve as our request to suspend the SUP request for the 6 pump fuel station. I received the letter that the SUP request on the store size is now a closed request, but I wanted to confirm the SUP for fuel does not carry forward to the Council meeting agenda on 11/17. Can you please confirm?

Thank you,

Steven Freeman, P.E.

CITY OF ROCKWALL

ORDINANCE NO. 14-49

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 63 (PD-63) [*ORDINANCE NO. 05-51*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY SUPERSEDING *ORDINANCE NO. 05-51* FOR THE PURPOSE OF MODIFYING THE CONCEPT PLAN, OPEN SPACE PLAN AND DEVELOPMENT STANDARDS FOR THE SUBJECT PROPERTY, BEING A 139.354-ACRE TRACT OF LAND IDENTIFIED AS TRACTS 1 & 7 OF THE A. JOHNSON SURVEY, ABSTRACT NO. 123, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request by Christopher Orr of Arcadia Lakes of Somerset Holdings, LLC for an amendment to the Planned Development District 63 (PD-63) [*Ordinance No. 05-51*] and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall for the purpose of amending the Planned Development Concept Plan, Open Space Plan and Development Standards previously approved on October 3, 2005, for a 139.354-acre tract of land identified as Tracts 1 & 7 of the A. Johnson Survey, Abstract No. 123, City of Rockwall, Rockwall County, Texas and more fully described in *Exhibit 'A'* of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that Planned Development District 63 [*Ordinance No. 05-51*] and the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

SECTION 1. That the approval of this ordinance shall supersede all requirements stipulated in *Ordinance No. 05-51*;

SECTION 2. That the *Subject Property* shall be used only in the manner and for the purposes authorized by this ordinance and the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall as heretofore amended, as amended herein by granting this zoning change, and as maybe amended in the future;

SECTION 3. That the *Subject Property* shall be developed and/or used only in the manner and for the purposes described within this ordinance, and unless specifically modified within this ordinance the *Subject Property* shall adhere to all development standards stipulated by the Single Family 10

(SF-10) District as specified in Section 3.4, *Single-Family Residential (SF-10) District*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future;

SECTION 4. That development of the *Subject Property* shall generally be in accordance with the *Planned Development Concept Plan*, described in *Exhibit 'B'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'B'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

SECTION 5. That development of open space on the *Subject Property* shall generally be in accordance with the *Open Space Plan*, described in *Exhibit 'C'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'C'*, which along with the recommendations of the *Parks Board* are deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*.

SECTION 6. That development of roadways on the *Subject Property* shall generally be in accordance with the *Roadway Diagram*, described in *Exhibit 'D'*, and the *Street Cross Sections*, described in *Exhibit 'E'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibits 'D' & 'E'*, which are deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

SECTION 7. That development of the *Subject Property* shall generally be in accordance with the *Conceptual Lot Type Plan*, described in *Exhibit 'F'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'F'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

SECTION 8. That development of the *Subject Property* shall generally be in accordance with the *Development Standards*, described in *Exhibit 'G'* of this ordinance, attached hereto and incorporated herein by reference as *Exhibit 'G'*, which is deemed hereby to be a condition of approval of the amended zoning classification for the *Subject Property*;

SECTION 9. That development of the *Subject Property* shall be in conformance with the schedule listed below (*except as set forth below with regard to simultaneous processing and approvals*).

(1) *Open Space Plan*. The City Council shall act on the *Parks Board's* recommendation concerning the *Open Space Plan* in accordance with the time-period specified in *Section 212.009* of the *Texas Local Government Code*.
(2) *Master Plat.* A *Master Plat Application* covering all of the *Subject Property* shall be submitted and shall identify each phase of the development. The *Master Plat Application* shall not be approved until the *Open Space Master Plan* for all of the *Subject Property* has been approved; however, the *Open Space Master Plan* may be processed by the *City* concurrently with the *Master Plat Application*.
(3) *PD Site Plan*. A *PD Site Plan* covering all of the *Subject Property* shall be submitted and shall identify all site/landscape/hardscape plan(s) for all open space, neighborhood parks, trail systems, street buffers and entry features. A *PD Site Plan* application, including a site plan application for improvements for parkland and/or trails, may be processed by the *City* concurrently with a *Preliminary Plat Application* for the development.
(4) *Preliminary Plat(s).* A *Preliminary Plat Application* covering all of the *Subject Property* or for each phase (conforming to the approved *Master Plat*) shall be submitted for approval. A *Preliminary Plat* application, including a site plan application for improvements for parkland and/or trails, may be processed by the

City concurrently with a *PD* Site Plan application for all of the *Subject Property* or for any phase of the development.

(5) *Final Plat(s).* Prior to the issuance of any building permits, a *Final Plat* for all of the *Subject Property* or for each phase (conforming to the approved *Preliminary Plat*) shall be submitted for approval.

SECTION 10. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

SECTION 11. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

SECTION 12. The standards in this ordinance shall control in the event of a conflict between this ordinance and any provision of the Unified Development Code or any provision of the City Code, ordinance, resolution, rule, regulation, or procedure that provides a specific standard that is different from and inconsistent with this ordinance. References to zoning district regulations or other standards in the Unified Development Code (including references to the *Unified Development Code*), and references to overlay districts, in this ordinance or any of the Exhibits hereto are those in effect on the date this ordinance was passed and approved by the City Council of the City of Rockwall, Texas;

SECTION 13. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 17TH DAY OF NOVEMBER, 2014.

Exhibit 'A':
Legal Description

Situated in the County of Rockwall, State of Texas, being a part of the Abner Johnson Survey, Abstract No. 123 and being that tract of land conveyed to EN MARK PARENT CORPORATION and recorded in Volume 1430, Page 139, Deed Records, Rockwall County, Texas and being described by metes and bounds as follow:

Beginning at a ½" steel rod found at the northwest corner of Lot 7, Lofland Lakes Estates an addition to the County of Rockwall as recorded in Cabinet C, Page 231, Plat Record, Rockwall County, Texas;

Thence South 01º05'27" East with the west line of said Lofland Estates, a distance of 1084.84 feet to a found ½" steel rod at the southwest corner of Lot 4 of said addition;

Thence North 85º04'19" East with the south line of said Lot 4, a distance of 218.65 feet to a set ½" steel rod at the northwest corner of Lot 3 of said addition;

Thence South 00º39'24" East with the west line of said Lot 3, a distance of 199.86 feet to a found ½" steel rod at the southwest corner of said Lot 3, said rod also being in the north line of Lot 2 of said addition;

Thence South 84º51'15" West with the north line of said lot 2, a distance of 125.70 feet to a found ½" steel rod at the northwest corner of said Lot 2;

Thence South 00º52'08" East with the west line of said addition, a distance of 649.96 feet to a found ½" steel rod at the southwest corner of said addition;

Thence North 84º29'59" East with the south line of said addition, a distance of 93.68 feet to a point in a pond, said point also being the northwest corner of Lot 1, Lofland Lakes Estates No. 2, an addition to the County of Rockwall as recorded in Cabinet C, Page 251, Plat Record, Rockwall County, Texas;

Thence with the westerly line of said addition the following calls and distances:
South 00º53'53" East, a distance of 330.45 feet to a point,
North 85º06'54" East, a distance of 100.25 feet to a point,
South 00º41'12" West, a distance of 537.41 feet to a point, the southwest corner of said addition, said point also being the most northerly corner of Lot 1, Block A, Edwards Acres Subdivision, an addition to the City of Rockwall as recorded in Cabinet F, Page 86, Plat Record, Rockwall County, Texas;

Thence South 27º41'50" West with the westerly line of said Lot 1, a distance of 259.68 feet to found ½" steel rod;

Thence South 68º34'07" West with said westerly line, a distance of 467.37 to a found ½" steel rod;

Thence South 01º37'49" East with said westerly line, a distance of 265.80 feet to a set ½" steel rod in the north line of F. M. Road 549, a 80 foot right-of way;

Thence South 88º45'27" West with said north line, a distance of 1321.87 feet to a ½" steel rod set in the east line of State Highway No. 205, a 100 foot right-of-way;

Thence with said east line and a curve to the right having a radius of 5005.59 feet (chord bears

North 44º05'07" West, 122.20 feet) and arc length of 122.20 feet to a set ½" steel rod;

Thence North 00º50'31" West with the east line of that tract of land conveyed to N. L. Lofland and Annie Lofland and recorded in Volume 28, Page 487, Deed Records, Rockwall County, Texas, a distance of 1062.55 feet to a found ½" steel rod;

Thence North 00º46'55" West, a distance of 872.23 to a fence corner at the northeast corner of said Lofland Tract;

Thence North 85º28'38" West, a distance of 10.57 to a found ½" steel rod;

Thence North 00º08'29" East with the west line of said EN MARK PARENT CORPORATION tract, a distance of 1402.01 feet to a ½" steel rod set at the base of fence post;

Thence North 88º23'25" East with the north line of said EN MARK PARENT CORPORATION tract, a distance of 1672.69 feet to the Point-of-Beginning and Containing 139.308 acres of land.

Conceptual Lot Type Plan

SOMERSET PARK / **CONCEPTUAL LOT TYPE PLAN**

TBG Rockwall, TX Arcadia Realty 03 October 2014

The information shown is based on the best information available and is subject to change without notice.

Development Standards.

1. *Permitted Uses.* Unless specifically provided by this Planned Development ordinance, only those uses permitted within the Single Family 10 (SF-10) District, as stipulated by the *Permissible Use Charts* contained in Article IV, *Permissible Uses*, of the Unified Development Code (UDC), are allowed on the *Subject Property*.

2. *Lot Composition and Layout.* The lot layout and composition shall generally conform to the *Concept Plan* depicted in *Exhibit 'B'* and stated in *Table 1* below. Allowances for changes to the quantity and locations of each lot type are permitted in conformance with the requirements listed below; however, in no case shall the proposed development exceed 309 units.

Table 1: Lot Composition

Lot Type	*Minimum Lot Size (FT)*	*Minimum Lot Size (SF)*	*Dwelling Units (#)*	*Dwelling Units (%)*
A	60' x 120'	7,200 SF	93	30.10%
B	70' x 120'	8,400 SF	135	43.70%
C	80' x 130'	10,400 SF	81	26.20%
		Maximum Permitted Units:	*309*	*100.00%*

The allocation of single-family dwellings among lot types may deviate from *Table 1* provided that the proposed lot composition meets the following criteria:

(1) The total number of lots does not exceed 309 units; and,
(2) The average lot size for the development is not less than 8,400 SF; and,
(3) Lot type *'C'* shall not decrease below 18.80% or 75 lots.

3. *Density and Dimensional Requirements.* The maximum permissible density for the *Subject Property* shall not exceed 2.22 dwelling units per gross acre of land; however, in no case should the proposed development exceed 309 units. All lots shall conform to the standards depicted in *Table 2* below and generally conform to *Exhibit 'F'* of this ordinance.

Table 2: Lot Dimensional Requirements

Lot Type (see Concept Plan) ►	***A***	***B***	***C***
Minimum Lot Width [1]	60'	70'	80'
Minimum Lot Depth	120'	120'	130'
Minimum Lot Area	7,200 SF	8,400 SF	10,400 SF
Minimum Front Yard Setback [2] & [5]	20'	20'	20'
Minimum Side Yard Setback	5'	5'	5'
Minimum Side Yard Setback (Adjacent to a Street) [2] & [5]	10'	10'	10'
Minimum Length of Driveway Pavement	25'	25'	25'
Maximum Height [3]	30'	30'	30'
Minimum Rear Yard Setback [4]	20'	20'	20'
Minimum Area/Dwelling Unit (SF)	2,200 SF	2,700 SF	3,200 SF
Maximum Lot Coverage	65%	65%	65%
Permitted Encroachment into Required Setbacks [5]	Allowed	Allowed	Allowed

General Notes:

[1]: The minimum lot width shall be measured at the *Front Yard Building Setback*.
[2]: The location of the *Front Yard Building Setback* as measured from the front property line.
[3]: The *Maximum Height* shall be measured to the eave or top plate (whichever is greater) of the single family home.
[4]: As measured from the rear yard property line.
[5]: Sunrooms, porches, stoops, bay windows, balconies, masonry clad chimneys, eaves and similar architectural features may encroach beyond the *Front Yard Building Setback* by up to ten (10) feet for any property;

however, the encroachment shall not exceed five (5) feet on *Side Yard Setbacks (Adjacent to a Street)* and shall not encroach into public right-of-way [a *Sunroom* is an enclosed room no more than 15-feet in width that has glass on at least 50% of each of the encroaching faces] (*see Exhibit 'F'*).

4. *Building Standards.* All development shall adhere to the following building standards:

   (a) *Masonry Requirement.* The minimum masonry requirement for the exterior façades of all buildings shall be 90%. For the purposes of this ordinance the masonry requirement shall be limited to full width brick, natural stone, cast stone, and cementaceous fiberboard horizontal lap-siding (*e.g. HardiBoard or Hardy Plank*) or a decorative pattern (*see examples below*). Stucco (*i.e. three [3] part stucco or a comparable -- to be determined by staff*) shall be permitted through a Specific Use Permit (SUP) only.

Examples of Cementaceous Fiberboard

   (b) *Roof Pitch.* A minimum of an *8:12* roof pitch is required on all structures with the exception of sunrooms and porches, which shall have a minimum of a *4:12* roof pitch.

   (c) *Garage Orientation.* Garages maybe oriented toward the street in a front entry configuration; however, the front façade of the garage must be situated a minimum of five (5) feet behind the front building façade of the primary structure. In this case the front façade of the primary structure does not include a permitted encroachment (*e.g. a porch, sunroom, etcetera*) allowed in *Table 2* above. All garage configurations that are not front entry shall meet the requirements of Article VI, *Parking and Loading*, of the Unified Development Code.

5. *Anti-Monotony Restrictions.* The development shall adhere to the *Anti-Monotony Matrix* depicted in *Table 3* below (*for spacing requirements see the illustration below*).

Table 3 : Anti-Monotony Matrix

Lot Type	*Minimum Lot Size*	*Elevation Features*
A	60' x 120'	(1), (2), (3), (4)
B	70' x 120'	(1), (2), (3), (4)
C	80' x 130'	(1), (2), (3), (4)

   (1) Identical brick blends or paint colors may not occur on adjacent (side-by-side) properties along any block face without at least five (5) intervening homes of differing materials on the same side of the street beginning with the adjacent property and six (6) intervening homes of differing materials on the opposite side of the street.

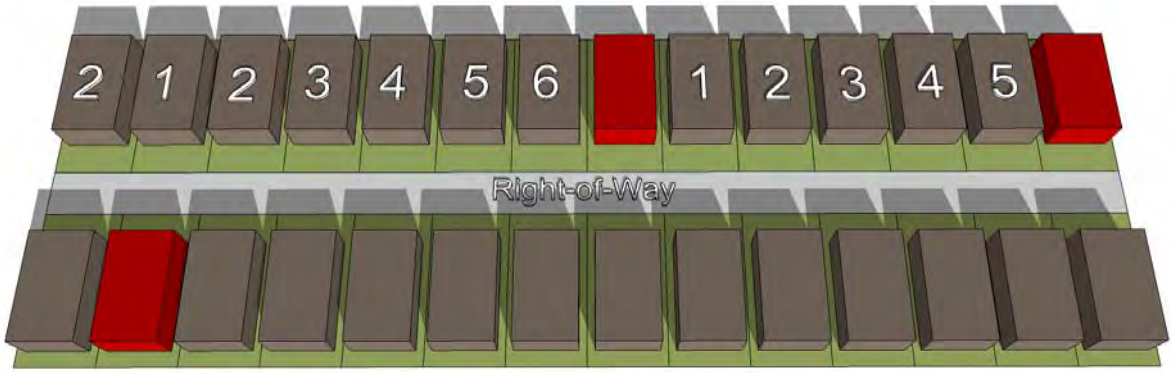
(2) Front building elevations shall not repeat along any block face without at least five (5) intervening homes of differing appearance on the same side of the street and six (6) intervening homes of differing appearance on the opposite side of the street. The rear elevation of homes backing to open spaces or on FM-549 shall not repeat without at least five (5) intervening homes of differing appearance. Homes are considered to have a differing appearance if any of the following two (2) items deviate:

(a) Number of Stories
(b) Permitted Encroachment Type and Layout
(c) Roof Type and Layout
(d) Articulation of the Front Façade

(3) Permitted encroachments (*i.e. porch and sunroom*) elevations shall not repeat or be the same along any block face without at least five (5) intervening homes of sufficient dissimilarity on the same side of the street beginning with the home adjacent to the subject property and six (6) intervening homes beginning with the home on the opposite side of the street.

(4) Each phase of the subdivision will allow for a maximum of four (4) compatible roof colors, and all roof shingles shall be an architectural or dimensional shingle (*3-Tab Roofing Shingles are prohibited*).

Illustration 1: Properties line up on the opposite side of the street. Where RED is the subject property.



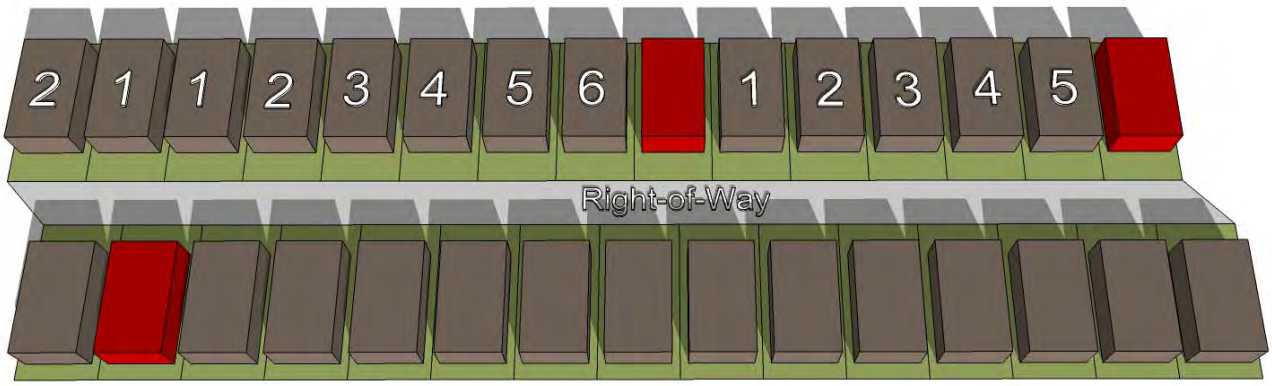


Illustration 2: Properties do not line up on opposite side of the street. Where RED is the subject property.

6. *Fencing Standards.* All individual residential fencing and walls shall be architecturally compatible with the design, materials and colors of the primary structure on the same lot, and meet the following standards:

   (a) Front Yard. Front yards may utilize a non-opaque fence, provided the fence is 40-inches in height and located a minimum of 1½-feet (18-inches) behind the sidewalk. Fence posts and gateways may have a maximum height of 44 inches. The area between the fence and sidewalk and the 1½-foot area behind the fence shall be landscaped. The property owner shall be responsible for maintaining the portion of the property situated between the fence and the sidewalk.

   (b) Corner Lots. Corner lots shall utilize a wood fence that extends no further forward than the back (rear) corner of the house. The fence shall be a maximum of six (6) feet tall with the top two (2) feet of the fence being transparent or open and the bottom four (4) feet solid. The fence shall be located a minimum of five (5) feet from the sidewalk's edge. If the fence extends toward the front of the home on a corner lot, such fencing will be non-opaque wood, 40-inches in height and wrap to the front of the lot. Such fencing shall follow all front yard fence standards. The property owner shall be responsible for maintaining the portion of the property situated between the fence and the sidewalk.

   (c) Rear Yard Fences. Rear yard fences shall not extend forward, towards the front of the house, beyond the back (rear) corner of the house.

   (d) Wood Fences. All wood fences shall be constructed of a standard fencing material (*minimum of ½" thickness or better; spruce fencing will not be allowed*), and use fasteners that are hot dipped galvanized or stainless steel. Wood fences facing onto a street shall be painted and/or stained and sealed with all pickets being placed on the "public side" facing the street. All wood fences shall be smooth-finished, free of burs and splinters, and be a maximum of six (6) feet in height.

   (e) Wrought Iron/Tubular Steel. Lots located along the perimeter of roadways, abutting open spaces, greenbelts and parks shall be required to install a wrought iron or tubular steel fence. Wrought iron/tubular steel fences can be a maximum of six (6) feet in height.

   (f) Solid Fences (including Wood Fences). All solid fences shall incorporate a decorative top rail or cap detailing into the design of the fence.

7. *Landscape and Hardscape Standards.*

   (1) *Landscape.* Landscaping shall be reviewed and approved with the PD Site Plan. All *Canopy/Shade Trees* planted within this development shall be a minimum of four (4) caliper inches in size and all *Accent/Ornamental/Under-Story Trees* shall be a minimum of four (4) feet in total height. The following tree species are approved for planting within this subdivision:

      (a) Canopy/Shade Trees. Bald Cyprus, Cedar Elm, Texas Red Oak, Homestead Elm, Lace Bark Elm, Alle Elm, Chinese Pistachio, Shumard Oak, Sycamore, and Burr Oak.

      (b) Accent/Ornamental/Under-Story Trees. Texas Redbud, Eve's Necklace, Mexican Plum, Downy Hawthorn, Crepe Myrtle, Texas Mountain Laurel, Vitex, and Desert Willow.

(2) *Landscape Buffers.* All landscape buffers and plantings located within the buffers shall be maintained by the Homeowner's Association (HOA).

(a) Landscape Buffer and Sidewalks (FM-549). A minimum of a 20-foot landscape buffer shall be provided along the frontage of FM-549 (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least one canopy tree shall be planted per 50-feet of linear frontage. A minimum of a five (5) foot sidewalk shall be required along FM-549.

(b) Landscape Buffer (SH-205). A minimum of a 20-foot landscape buffer shall be provided along the frontage of SH-205 (*outside of and beyond any required right-of-way dedication*), and shall incorporate ground cover, a *built-up* berm and/or shrubbery or a combination thereof along the entire length of the frontage. Berms and/or shrubbery shall have a minimum height of 30-inches and a maximum height of 48-inches. In addition, at least one canopy tree shall be planted per 50-feet of linear frontage. In addition, three (3) canopy trees and four (4) accent trees shall be planted per 100-feet of linear frontage.

(3) *Irrigation Requirements*. Irrigation shall be installed for all required landscaping located within common areas, landscape buffers and/or open space. Irrigation installed in these areas shall be designed by a Texas licensed irrigator or landscape architect and shall be maintained by the Homeowner's Association.

(4) *Street Trees.* Street trees shall generally be planted in conformance with *Exhibits 'B' & 'E'* of this ordinance. The Home Owner's Association (HOA) shall be responsible for the maintenance of all street trees and will be required to maintain a minimum of a 14-foot vertical clearance height for all trees. All street trees shall be planted a minimum of five (5) feet from all water, sanitary sewer and storm lines.

(5) *Hardscape.* Hardscape plans indicating the location of all sidewalks and trails shall be reviewed and approved with the PD Site Plan.

8. *Street.* All streets shall generally conform to the roadway diagram contained in *Exhibit 'D'* and the roadway cross sections contained within *Exhibit 'E'*. Streets bordering open space areas will be designed with curbs adjacent to residential lots and with no curbs or curb cuts adjacent to the open space areas. These streets will be designed with split gutter grades to allow drainage to sheet flow across the pavement into the open space area. The locations for these roads are identified on the *Conceptual Drainage Plan* to be provided with the PD Site Plan.

9. *Lighting.* Light poles shall not exceed 20-feet in total height (*i.e. base and lighting standard*). All fixtures shall be directed downward and be positioned to contain all light within the development area.

10. *Sidewalks.* At a maximum, all sidewalks adjacent to a street shall begin two (2) feet behind the right-of-way line and be five (5) feet in overall width.

11. *Buried Utilities.* New distribution power-lines required to serve the *Subject Property* shall be placed underground, whether such lines are located internally or along the perimeter of the Subject Property, unless otherwise authorized by the City Council. New transmission power-lines, or distribution lines of a size not typically or cost effectively placed underground (3-phase lines), or additional lines that are added to existing poles, may be above ground, if located along the perimeter of the *Subject Property*. The Developer shall not be required to re-locate existing overhead power-lines along the perimeter of the *Subject Property*. Temporary power-lines constructed across undeveloped portions of the *Subject Property* to facilitate development phasing and looping may be allowed above ground, but shall not be considered *existing lines* at the time the area is developed, and if they are to become permanent facilities, such lines shall be placed underground pursuant to this paragraph. Franchise utilities shall be placed within a ten (10) foot public utility easement behind the sidewalk, between the home and the property line.

12. *Open Space.* The development shall consist of a minimum of *20.00%* open space (*or 27.9-acres*), and generally conform to the *Open Space Plan* contained in *Exhibit 'C'* of this ordinance. All open space areas shall be maintained by the Homeowner's Association (HOA).

13. *Neighborhood Signage.* Permanent subdivision identification signage shall be permitted at all major entry points for the proposed subdivision. Final design and location of any entry features shall be reviewed and approved with the *PD Site Plan*.

14. *Drainage Standards.* The development shall comply with existing drainage standards including the permissible spread of water in the streets and permissible gutter flow through intersections as outlined in the City of Rockwall's *Standards of Design and Construction* (*approved in August 2003 and updated in October 2007*). The proposed drainage areas, flow patterns, and storm drain system that will be constructed shall be based on the City's drainage criteria and be identified on a *Conceptual Drainage Plan*, which shall be submitted with the *Preliminary Plat*. The *Conceptual Drainage Plan* shall be reviewed and approved by the Engineering Department in compliance with engineering standards.

15. *Grading Standards*. *Lot-to-Lot* drainage shall be allowed provided drainage passes through only one (1) additional lot prior to collection in a drainage system, public right-of-way, drainage easement, or open space area. Proposed lot grading and flow patterns shall be identified on the *Conceptual Drainage Plan*, which shall be submitted with the *Preliminary Plat*.

    Lots may be graded to drain from the backyard of one (1) lot through the back or side yard of an adjacent lot. The lower elevation lot shall be constructed with back and side yard swales to capture upstream lot drainage and direct drainage around the home. Fences between homes with *Lot-to-Lot* drainage shall be constructed with a maximum two (2) inches of clearance above natural ground. The Home Owners Association (HOA) shall be responsible for resolving any *Lot-to-Lot* drainage issues.

16. *Homeowner's Association (HOA)*. A Homeowner's Association shall be created to enforce the restrictions established in accordance with the requirements of Section 38-15 of the Subdivision Regulations contained within the Municipal Code of Ordinances of the City of Rockwall. The HOA shall also maintain all neighborhood parks, trails, open space and common areas, irrigation, landscaping, screening fences associated with this development.

17. *Variances*. The variance procedures and standards for approval that are set forth in the Unified Development Code shall apply to any application for variances to this ordinance.

MEMORANDUM

TO: City Council

FROM: Robert LaCroix

DATE: November 17, 2014

SUBJECT: Special Request within the SRO District

The property located at 808 Sam Houston Street is zoned Single Family Residential (SF-7) and is located within the Southside Residential Neighborhood Overlay (SRO) District. Mr. Michael Clark is requesting consideration to allow for a fourplex residential dwelling unit on this property. The SRO District allows the city council to consider "special requests in furtherance of neighborhood preservation and enhancement…includ(ing), but not limited to, neighborhood signage plans, use of building materials not otherwise allowed, (and) authorization of specific land uses not otherwise allowed…" The SRO District requirements further state that "(u)pon receipt of such special requests, the city council shall review same and forward its recommendation to the planning and zoning commission for consideration. Upon recommendations from the planning and zoning commission, the city council may approve requests by amendment of the ordinance designating the neighborhood district. Any such amendment shall preempt any other underlying zoning restrictions in this Unified Development Code. Such special requests may be denied by the city council by passage of a motion to deny."

Due to the nature of the request, staff suggests a process that would allow for public participation; however, staff seeks the City Council's direction on the specific process and type of notification necessary should Council determine the request has merit.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **November 14, 2014**

SUBJECT: **Water and Wastewater Rate Increase**

The City's comprehensive water and wastewater rate update has been completed. North Texas Municipal Water District (NTMWD) provided member city rate estimates for treated water and the consultant used those to make longer-term projections for the City's rate structures through 2020.

NTMWD proves treated water and operates wastewater treatment facilities for the City's benefit. The City issues long-term debt to finance capital improvement projects needed to accommodate growth. The combined impact of payments to NTMWD and to bondholders is that 77% of our budget goes to those two categories. The remaining 23% pays for maintenance of water and sewer mains, meter reading, billing, collection, maintenance of water towers, more than 40 lift stations and a variety of equipment.

The NTMWD rate effective October 1st reflected an increase of 10.0% from the prior year's rate. In addition to the increase, mandatory conservation measures and our resident's overwhelming response have had a dramatic effect on revenues and depletion of the water and wastewater reserves. The City cannot absorb the NTMWD rate increase without increasing rates and has no remaining reserves to soften a proposed increase. The completion of the pipeline to Texoma to combat the Zebra Mussel problem, new raw water supplies, and treatment capabilities will require significant rate increases in the NTMWD member rates over the coming years. Bond covenants require we maintain revenue debt coverage factors and our financial policy calls for a minimum of 60 days of working capital, which is the utility's equivalent of fund balance. Rate increases as proposed in the study will allow the city to meet the bond covenants and preserve a reasonable reserve level.

NTMWD Rate Increases (Actual and District Projected)

	Rate per 1,000	% increase		Rate per 1,000	% increase
2014	1.87		2020	3.22	7.33%
2015	2.06	10.16%	2021	3.39	5.28%
2016	2.29	11.17%	2022	3.50	3.24%
2017	2.52	10.04%	2023	3.58	2.29%
2018	2.76	9.52%	2024	3.63	1.40%
2019	3.00	8.70%	2025	3.67	1.10%

RCH Water Supply Corporation and Blackland Water Supply Corporation purchase wholesale water under long-term contracts with us. Both contracts call for rates to be determined by a cost of service study rather than be tied to our residential increases. This study was updated as well. The proposed rate for Blackland and RCH is proposed to be $3.57 per thousand gallons. The study includes increasing rates for the next five years of those agreements if they are in place. The City of Heath contract is currently being renegotiated. The current agreement provides for a rate, which is 10cents higher than the member city rate. Staff is negotiating a longer-term contract with Heath at this time that will allow for more favorable rates (for Rockwall) in the coming years.

The proposed residential rates include an $8.00 increase to the water base rate and no change in the volumetric rate for water. Base and volumetric sewer rates are proposed to increase by 14.5%

Bob McLain of McLain Decision Support Systems will be at Monday's Council meeting to present the study findings and answer any questions. The accompanying rate resolution was prepared with the proposed rates. These rates, if approved by Council, would be effective for consumption beginning December 1, 2014. The new rates would begin to appear on bills in January. Based on average consumption, residents would see their bills increase by approximately $12 when not irrigating and $16 when irrigating.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS FIXING THE RATE TO BE CHARGED FOR WATER AND WASTEWATER SERVICES FURNISHED BY THE CITY

WHEREAS, Chapter 44, Article III, Section 44-74, of the City of Rockwall Code of Ordinances provides that rates and charges for water and wastewater services and the procedures relative to the collection thereof shall from time to time be set by resolution of the City Council, and

WHEREAS, the City Council finds that due to increasing costs it is necessary to increase the rates charged for water and wastewater services,

NOW, THEREFORE BE IT RESOLVED by the City Council of the City of Rockwall, Texas:

SECTION 1. The following monthly rates are hereby established and shall be collected for water and wastewater services billed by the City:

		Meter size		Water Rates		Wastewater Rates
Monthly Minimum Bills:						
Residential:		0.75	$	20.16	$	15.29
		1.00		23.59		17.88
		1.50		27.41		20.78
		2.00		34.57		26.21
Non-residential:		0.75	$	21.35	$	15.29
		1.00		23.59		17.88
		1.50		27.41		20.78
		2.00		34.57		26.21
		3.00		49.00		33.75
		4.00		63.35		43.67
		6.00		77.70		53.56
Irrigation Meters:		0.75	$	21.35	$	N/A
		1.00		23.59		N/A
		1.50		27.41		N/A
		2.00		34.57		N/A
		3.00		49.00		N/A
		4.00		63.35		N/A
		6.00		77.70		N/A
Rate per TH Gallons - Water:	Residential 2,001-12,000 gallons		$	3.07	$	N/A
	Residential over 12,000 gallons			5.37		N/A
	Irrigation over 2,000 gallons			5.37		N/A
	Non-residential over 2,000 gallons			4.61		N/A
	Wholesale Contract Rate			3.57		N/A
Rate per TH Gallons - Wastewater:				N/A		2.66

SECTION 2. Calculation of monthly volume charge for wastewater. The monthly volume charge for residential customers for wastewater service shall be calculated each year based on the average monthly water usage during the previous winter months, consisting of December, January, and February. Where no previous winter average is available, the Director of Finance shall estimate a volume to be used for this monthly charge. The monthly volume charge will be recalculated in March of each year.

SECTION 3. An initial deposit shall be required of all customers requesting utility service. Letters of good credit will not be accepted in lieu of a deposit.

Residential Meter Deposit	seventy five dollars ($75.00) per meter
Commercial Meter Deposit	one hundred dollars ($100.00) per meter
Irrigation Meter Deposit	one hundred dollars ($100.00) per meter

SECTION 4. The residential meter deposit shall be refunded to the customer's account after a 36 month period of prompt payments. The customer's account history shall not reflect any late payments, disconnection of service or non-sufficient funds items received by the City, during this period. The 36 month period shall be calculated on a rolling calendar basis.

SECTION 5. Service is subject to disconnection if any amount of a bill is delinquent after the due date of the following month's bill. In addition to payment of the total amount of the bill for which service has been disconnected, a reconnection fee of twenty-five dollars ($25.00) shall be charged to reestablish service. If a customer is disconnected for non-payment or payment by non-sufficient funds, a deposit shall be assessed prior to reconnection of services, if a deposit is not currently on file. If reconnection is requested after normal business hours, an additional after hours service charge of forty dollars ($40.00) shall also be charged. If a technician has been dispatched, all of the above charges shall be due regardless of whether or not service has actually been terminated.

SECTION 6. Builders requiring water service during construction shall be required to place a service deposit of twenty- five dollars ($25.00) per residential construction site, and thirty-five dollars ($35.00) per commercial construction site.

SECTION 7. In the event of receipt of any payment, which is later deemed to be uncollectible by the City's depository, the customer shall be charged an administrative fee of twenty-five dollars ($25.00) per occurrence.

SECTION 8. These rates and charges shall become effective for consumption after December 1, 2014.

PASSED AND APPROVED, THIS _____ day of _____, 2014.

APPROVED:

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Ashberry, City Secretary / Assistant to the City Manager**

DATE: **November 12, 2014**

SUBJECT: **Art Review Team (ART) Commission appointments (5)**

During the 11/17 Consent Agenda, the council will have taken action on final adoption (2nd reading) of an ordinance making changes to the previously established composition of the city's Art Review Team (ART Commission). The updated provisions regarding its composition are as follows:

(a) (1) The art review team (ART) commission shall consist of five members, who shall all be "interested citizens" appointed by the city council. All team members should possess knowledge of or have an interest in contemporary, visual art, artistic principles and art media.

- *a. The art review team (ART) commission shall consist of **five regular members appointed by a majority of the city council**. A staff liaison will be appointed by the city manager.*
- *b. In the case of a vacancy of the commission, the city council, by a majority vote, may appoint a replacement member to the commission. Any person appointed shall serve until the expiration of the term of office of the vacated position.*
- *c. Each member of the commission shall be a resident citizen and qualified voter of the city.*
- *d. Upon the initial appointment of the commission by the city council, members shall draw lots for three two-year terms and two one-year terms of service. Thereafter, the term of office of members of the commission shall be for two years. Members may be removed, as determined by the city council.*
- *e. Members shall serve without compensation.*

The two city council members who are assigned to oversee review of applicants and make recommendations to the full council concerning appointments are Councilmember Milder and Mayor Sweet.

Boards & Commissions Appointments

2 year appointments to end of August 2016 unless otherwise noted

(Updated for 11/17/14 City Council Meeting)

ARCHITECTURAL REVIEW BOARD (ARB) - Milder (advisory board)

(1) Need to replace

- *Michael Johnston (currently serving as "commercial property owner")*
- *Mike Mershawn (attendance - has missed several mtgs.) (currently serving as "architect") (new member would serve partial term until Aug. 2015)*

MAIN STREET ADVISORY BOARD - Sweet (advisory board)

(1) Need to replace (terms are Jan. appts.)

- *SuLaine Callaway (resigned) (new board member's term would be through Jan. 2016)*
- *Sandra Whitley (will term out in Jan. – 6 year policy) (new board member's term would be through Jan. 2017)*
- *Barb Coleson (will term out in Jan. – 6 year policy) (new board member's term would be through Jan. 2017)*

(2) Eligible to be reappointed (in January)

- *Sarah Freed (new board member term would be through Jan. 2017)*

BOARD OF ADJUSTMENTS (BOA) - Full Council (regulatory board)

(1) Need to replace

- *Jennifer Willis (termed out - 6 year policy)*

BUILDING & STANDARDS COMMISSION - Full Council (regulatory board)

(1) Need to replace

- *David Marlett (termed out - 6 year policy)*
- *Bridgett Hoofnagle (termed out - 6 year policy)*
- *Mike Jusko (termed out - 6 year policy)*

ROCKWALL ECONOMIC DEVELOPMENT CORP. (REDC) – Full Council (regulatory board)

(1) Need to replace – *(all are termed out) (new board member terms would be thru Dec.2017)*

- John Hohenshelt
- Bill Houser
- Gary Bunch

Kristy Ashberry, City Secretary — Date Removed

Jacky Casey, Assistant Secretary

MINUTES
ROCKWALL CITY COUNCIL
Monday, November 17, 2014
4:00 p.m. Regular City Council Meeting
City Hall, 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 4:00 p.m. Present were Mayor David Sweet and Councilmembers David White, Mike Townsend, Scott Milder, Bennie Daniels and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs and City Attorney Frank Garza. Mayor Pro Tem Jim Pruitt was absent from the meeting. Mayor Sweet read the below listed discussion items into the public record before recessing the meeting into Executive Session. It was noted that Mayor Sweet did not participate in the portion of Executive Session concerning discussion item #2 (filling of city council member vacancy).

II. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding proposed lease/sale of city land for possible private project pursuant to Sections 551.072 (Real Property) and Section 551.087 (Economic Development negotiations)
2. Discussion regarding appointment to fill city council member vacancy in accordance with City Charter provisions pursuant to Section 551.074 (Personnel Matters)
3. Discussion regarding appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Board of Adjustments, and the Rockwall Economic Development Corporation pursuant to Section 551.074 (Personnel Matters)
4. Discussion regarding appointment of city council member liaisons to city boards, commissions, and committees pursuant to Section 551.074 (Personnel Matters)
5. Discussion regarding City Manager performance evaluation pursuant to Section 551.074 (Personnel Matters).

III. ADJOURN EXECUTIVE SESSION

Executive Session was adjourned at 5:58 p.m.

IV. RECONVENE PUBLIC MEETING (6:00 P.M.)

Mayor Sweet reconvened the public meeting at 6:00 p.m. with all council members except Mayor Pro Tem Pruitt present.

V. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

Councilmember Townsend announced that no action was needed as a result of Executive Session.

VI. INVOCATION AND PLEDGE OF ALLEGIANCE – MAYOR SWEET

Mayor Sweet delivered the invocation and led the Pledge of Allegiance.

VII. PROCLAMATIONS / AWARDS

1. Shannon Elementary School Recognition Day

Mayor Sweet called forth Mrs. Bennett, the principal of Shannon Elementary, who then introduced herself and her guests. A short video about Shannon Elementary was shown about their "Leader in Me" program. Mayor Sweet then read and presented the school with an honorary proclamation.

2. Rockwall Meals on Wheels Recognition Day

Mayor Sweet called the executive director, Margie Verhagen, forward to recognize Meals on Wheels. Mrs. Verhagen introduced herself and her guests, including several board members, volunteers and employees. The mayor then read and presented the organization with an honorary proclamation to recognize its contributions made to Rockwall residents.

VIII. CONSENT AGENDA

1. Consider approval of the minutes from the November 3, 2014 regular city council meeting, and take any action necessary.

2. Consider approval of the minutes from the November 12, 2014 Special City Council Meeting, and take any action necessary.

3. Consider authorizing the City Manager to enter into an agreement with the North Central Texas Council of Governments for the acquisition of aerial imagery, ground contours, and LiDAR (3D) GIS data in the amount of $29,279.25 to be paid from the Engineering operating budget, and take any action necessary.

4. Consider approval of an **ordinance** amending the Code of Ordinances in Ch. 36. Streets, Sidewalks and Public Places; Article IV. Art in Public Places Master Plan; Division 2. Art Review Team (ART) Commission; Section 33-77. Established, Subsection (a) Composition to change the required composition of the Commission membership, and take any action necessary. **(2nd reading)**

5. **Z2014-030** - consider approval of an **ordinance** for a request by Dub Douphrate of Douphrate & Associates, Inc. on behalf of Barry Luff of L2 Properties, LLC for the approval of a zoning change from an Agricultural (AG) District to a Planned Development District for Single Family 1 (SF-1) District land uses for a 138.79-acre tract of land identified as Tract 1 of the J. Lockhart Survey, Abstract No. 137, City of Rockwall, Rockwall County, Texas, and zoned Agricultural (AG) District, generally located on the east side of Dowell Road south of the intersection of SH-276 and Dowell Road, and take any action necessary. **(2nd Reading)**

6. **Z2014-031** - Consider approval of an **ordinance** for a request by Jimmy Strohmeyer of Strohmeyer Architects, Inc. on behalf of D. W. Bobst of J-BR2, LLC for the approval of a PD Development Plan proposing to establish

five (5) pad sites for restaurants and retail shopping within Planned Development District 32 (PD-32), on a 2.893-acre parcel of land identified as Lot 1, Block B, Harbor District Addition, City of Rockwall, Rockwall County, Texas, situated within the Hillside Sub-District of Planned Development District 32 (PD-32), located within the IH-30 Overlay (IH-30 OV) District, at the southwest corner of the intersection of the IH-30 frontage road and Sunset Ridge Drive, and take any action necessary. **(2nd Reading)**

7. Consider authorizing the City Manager to execute a contract with Texas Fire Museum Inc. for restoration of the 1959 Ford Fire Engine in the amount of $33,000 to be funded with Fire Equipment Funds and take any action necessary.

8. **P2014-033** - Consider a request by Chase Finch of Corwin Engineering, Inc. on behalf of Matt Alexander of the Cambridge Company, Inc. for the approval of a final plat for Rockwall Downes, Phase 1, containing 34 residential lots on a 15.135-acre tract of land identified as a portion of Tract 3 of the J. M. Allen Survey, Abstract No. 0002, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 10 (PD-10) for residential land uses, situated within the 205 By-Pass Overlay (205-BY OV) District, located south of the intersection of the IH-30 Frontage Road and John King Boulevard, and take any action necessary.

9. **P2014-036** - Consider a request by Philip Graham, PE of Wier & Associates on behalf of Sheri Franza of the Rockwall Economic Development Corporation for the approval of a replat for Lots 2 & 3, Block B, Rockwall Technology Park, Phase II being a 22.649-acre parcel of land currently identified as Lot 1, Block B, Rockwall Technology Park, Phase II, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, generally located east of the intersection of Corporate Crossing and Discovery Boulevard, and take any action necessary.

10. **P2014-037** - Consider a request by Arthur F. Beck of BSM Engineers, Inc. on behalf of the First United Methodist Church of Rockwall for the approval of a replat for Lots 6, 7 & 8, Block 1, First United Methodist Church Addition, being a 19.5556-acre tract of land composed of two (2) parcels of land identified as Lots 3 & 5, Block 1, First United Methodist Church Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 1200 E. Yellow Jacket Lane, and take any action necessary.

11. **P2014-038** - Consider a request by Steven Heilbrun of Pacheco Koch, LLC on behalf of Williams H. Channell, Jr. of Channell Commercial Corp for the approval of a replat for Lot 2, Block A, Channell Subdivision, being a 18.762-acre parcel of land currently identified as Lot 1, Block A, Channell Subdivision, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the SH-205 By-Pass Corridor Overlay (205 BY-OV) District, located on the west side of John King Boulevard south of Airport Road, and take any action necessary.

Councilmember Milder pulled item #3 for further discussion. Councilmember Lewis made a motion to approve the remaining consent agenda items. Councilmember White seconded the motion. The ordinances were read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-48

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE CODE OF ORDINANCES IN CH. 36. STREETS, SIDEWALKS AND PUBLIC PLACES; ARTICLE IV. ART IN PUBLIC PLACES MASTER PLAN; DIVISION 2. ART REVIEW TEAM (ART) COMMISSION; SECTION 33-77. ESTABLISHED, SUBSECTION (a)(1). COMPOSITION TO CHANGE THE REQUIRED COMPOSITION OF THE FIVE (5) MEMBER COMMISSION; PROVIDING FOR REPEALING, SAVINGS AND SEVERABILITY CLAUSES; AND PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 14-50

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO CHANGE THE ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO PLANNED DEVELOPMENT DISTRICT 76 (PD-76) FOR SINGLE FAMILY 1 (SF-1) DISTRICT LAND USES ON THE SUBJECT PROPERTY, BEING A 138.79-ACRE TRACT OF LAND IDENTIFIED AS TRACT 1 OF THE J. LOCKHART SURVEY, ABSTRACT NO. 137, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 14-51

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING *ORDINANCE NO. 10-21* OF PLANNED DEVELOPMENT DISTRICT 32 (PD-32) AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, SO AS TO APPROVE A DEVELOPMENT PLAN FOR RETAIL/RESTAURANT PAD SITES ON A 2.893-ACRE PARCEL OF LAND IDENTIFIED AS LOT 1, BLOCK B, HARBOR DISTRICT ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 6 in favor with 1 absent (Pruitt).

Concerning Consent Agenda item #3, Councilmember Milder expressed that he may not inclined to support this item; however, he asked staff for additional information and clarification concerning this technology and the associated cost.

Planning Director Robert LaCroix indicated that this expense is associated with having access to updated aerial photography through the North Central TX Council of Governments (NCTCOG) as well as 3-D imaging. Access to this new technology will enable the city's GIS program to be taken a step further and will enhance the program overall.

Councilmember Milder made a motion to approve Consent Agenda item #3. Councilmember Daniels seconded the motion, which passed by a vote of 6 ayes with 1 absent (Pruitt).

IX. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Craig Renfro, Chair of the Planning & Zoning Commission, came forth and briefed the council on recommendations of the Commission relative to items on tonight's council agenda. The Council took no action related to this agenda item.

X. PUBLIC HEARING ITEMS

1. **Z2014-033 -** ***[Request to Postpone to the December 1, 2014 Meeting]*** Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Amy and Mark Stehr for the approval of an amendment to Specific Use Permit (SUP) No. S-81 [Ordinance No. 11-05] to allow vehicles to be stored outside overnight in conjunction with an existing automotive repair garage on a 0.702-acre parcel of land identified as Lot 2, Rockwall Market Center South Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, the subject property is addressed as 129 E. Ralph Hall Parkway, and take any action necessary. **(1st Reading)**

Planning Director Robert LaCroix began discussion of this agenda item, indicating that the applicant has requested that this item be postponed until the December 1st city council meeting. Councilmember White asked if there have been any complaints related to this property by members of the public. Mr. Griggs, Assistant City Manager, indicated that the city itself has initiated a case concerning this property, and staff is currently working with the owner to address code/zoning related concerns; however, no public complaints have been received thus far.

Councilmember White made a motion to postpone Z2014-033 until the December 1, 2014 council meeting. Councilmember Lewis seconded the motion, which passed by a vote of 6 ayes with 1 absent (Pruitt).

2. **Z2014-027** - Hold a public hearing to discuss and consider approval of an **ordinance** for a City initiated zoning request for a text amendment to Article II, Authority and Administrative Procedures, Article IV, Permissible Uses, and Article V, District Development Standards, of the Unified Development Code [Ordinance No. 04-38] for the purpose of modifying various sections of the code, and take any action necessary. **(1st Reading)**

Mr. LaCroix began discussion of this item, generally explaining the three subject matters which are proposed to be amended with the passage of this ordinance (related to composition of the Architectural Review Board; related to created a new zoning/land use for indoor Motor Vehicle Dealership/Showroom, New and/or Used; and related to modifying the regulation on commercial/industrial buildings not located within an Overlay District to stipulate that stucco is prohibited from being located within the first four (4) feet above grade on any building façade that is visible from a street or public area as opposed to within the first (8) eight feet.

Mayor Sweet opened the public hearing and asked if anyone would like to come forth and speak. There being no one expressing such, Mayor Sweet then closed the public hearing. Councilmember Milder made a motion to approve Z2014-027. Councilmember White seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTION 13.2 OF ARTICLE II, *AUTHORITY AND ADMINISTRATIVE PROCEDURES*; SECTIONS 1.1 & 2.1.8 OF ARTICLE IV, P*ERMISSIBLE USES*; AND SECTIONS 4.1 & 5.1, *DISTRICT DEVELOPMENT STANDARDS*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a vote of 6 ayes with 1 absent (Pruitt).

XI. SITE PLANS / PLATS

1. **SP2014-029** - Discuss and consider a request by John Spiars of Spiars Engineering, Inc. on behalf of Bill Lavin of Fenton Motor Group for the approval of variances associated with a site plan for a new automobile dealership on a 14.751-acre tract of land being composed of a 10.5-acre parcel of land identified as Lot 1, Block A, Lafon Addition and a 4.251-acre portion of Tract 2 & 12 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, being zoned Light Industrial (LI) and Commercial (C) District, situated within the IH-30 Overlay (IH-30 OV) District and the 205 By-Pass Overlay (205-BY OV) District, located at the southeastern corner of the intersection of John King Boulevard and the IH-30 Frontage Road, and take any action necessary.

Mr. LaCroix began discussion of this agenda item, explaining that the Planning and Zoning Commission has recommended approval of this site plan as well as several variances which have been requested. He explained that the variances are related to the following: not meeting the masonry standards; not meeting some of the horizontal/vertical articulation standards; not meeting the screening standards from residential uses (to the south); not meeting the requirements for service bays; twenty-one foot (rather than 24') fire lanes going in and out of the area; stone requirement (20% natural poured stone on all elevations); allowing some variances related to their design due to a desire to establish a "corporate identity." The Architectural Review Board did make some recommendations to the Planning & Zoning Commission, and the Commission did agree.

It was clarified that if the trees are planted as part of meeting the zoning's screening requirements, any trees that may die in the future would have to be replaced by the applicant because it would be considered a code violation if they were not in place and living. Mr. LaCroix indicated that once the trees are established, if they are the right type of trees, they should do ok; however, staff will physically go out and check on this over time. It was clarified that the applicant prefers to put a natural screen (trees) in lieu of the masonry wall between this development and the residential development to the south. It is

staff's understanding that the residential area would also prefer the natural screening, as they may put a small retaining wall and some sort of fencing of their own.

Jeff Ball
Boynton Williams & Associates (BWA Architects)

Mr. Ball clarified that the single family residential development is slated to put in a small retaining wall. He indicated that the "living screen" will consist of Live Oaks and Leland Cyprus trees spaced 25' on center and double stacked, so the residents in that future neighborhood will see a large canopy of trees when looking in the direction of the dealership. Mr. Ball showed a rendering of the articulation and briefly explained his request for a variance to the masonry standards, explaining their attempt to blend the masonry with Nissan's corporate identity. He explained that articulated windows are being placed on the East side of the building, even though they will not be visible from John King or from IH-30. Regarding the screening of the service doors on the front of the building, he explained that these will not be visible from IH-30 either, and they will not be seen until you are driving up the main entry on site.

After brief comments, Councilmember White made a motion to approve SP2014-029. Councilmember Lewis seconded the motion.

Councilmember Milder asked the council to consider amending the motion that has been made to move forward with approving item numbers three (3) and five (5) that have been recommended by the Planning & Zoning Commission (related to allowing a "live screen" in lieu of the masonry wall and related to the 21' fire lane) and then deny items #1, 2, 4, 6, and 7 that were recommended by P&Z.

Councilmember White indicated he did not wish to amend his motion and that his motion will stand 'as is.'

Councilmember Daniels pointed out that the Honda dealership's service bays face the street. Also, the council just granted an exception for a living screen/fence recently near St. Mary's and Goliad. He encouraged consistency and suggested that the city council may want to revisit some of its ordinance provisions since so many variance requests keep coming before the council for consideration.

After additional comments, the motion passed by a vote of 5 in favor, 1 against (Milder) and 1 absent (Pruitt).

XII. ACTION ITEMS

1. **Z2014-029 - *[Applicant has requested to withdraw]*** Discuss and consider approval of an **ordinance** for a request by Steven Freeman of Kimley-Horn and Associates, Inc. on behalf of Don Holloway of Lofland Farms, LTD for the approval of a Specific Use Permit (SUP) for a retail store with more than two (2) gasoline dispensers for a 0.743-acre tract of land identified as a portion of Tract 5-3 of the W. H. Baird Survey, Abstract No. 25, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 45 (PD-45) for general retail land uses, situated within the SH-205 By-Pass Overlay (205 BY-OV) District and the SH-276 Overlay (SH-276 OV) District,

located at the southeast corner of the intersection of SH-276 and John King Boulevard, and take any action necessary. **(2nd Reading)**

It was noted in the public record that the applicant requested to withdraw, so the city council took no action concerning this item.

2. **Z2014-025** - Discuss and consider approval of an **ordinance** for a request by Christopher Orr of Arcadia Lakes of Somerset Holdings, LLC for the approval of a zoning amendment to Planned Development District 63 (PD-63) to allow for changes to the concept plan and development standards stipulated by Ordinance No. 05-51 for a 139.354-acre tract of land identified as Tracts 1 & 7 of the A. Johnson Survey, Abstract No. 123, City of Rockwall, Rockwall County, Texas, zoned Planned Development District 63 (PD-63) for Single Family 10 (SF-10) District use, situated within the SH-205 Overlay (SH-205 OV) District, located at the northeast corner of the Intersection of FM-549 and S. Goliad Street (SH-205), and take any action necessary. **(2nd Reading)**

Mr. LaCroix explained that first reading of the ordinance associated with this agenda item passed on first reading at the last council meeting. Councilmember Lewis made a motion to approve this agenda item (Z2014-025). Councilmember Townsend seconded the motion. Councilmember Daniels stated that he remains in opposition of this item because of the increased number of proposed lots. The ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-49

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING PLANNED DEVELOPMENT DISTRICT 63 (PD-63) [*ORDINANCE NO. 05-51*] AND THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY SUPERSEDING *ORDINANCE NO. 05-51* FOR THE PURPOSE OF MODIFYING THE CONCEPT PLAN, OPEN SPACE PLAN AND DEVELOPMENT STANDARDS FOR THE SUBJECT PROPERTY, BEING A 139.354-ACRE TRACT OF LAND IDENTIFIED AS TRACTS 1 & 7 OF THE A. JOHNSON SURVEY, ABSTRACT NO. 123, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE FULLY DESCRIBED HEREIN BY *EXHIBIT 'A'*; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The ordinance passed by a vote of 5 in favor, 1 against (Daniels), and 1 absent (Pruitt).

Mayor Sweet then recessed the public meeting, calling for a short, ten minute break (7:08 p.m.).

3. Discuss and consider a special request by Michael Clark to allow for a land use (fourplex residential dwelling unit) not otherwise allowed on property within the Southside Residential Neighborhood Overlay (SRO) with underlying zoning of Single Family Residential (SF-7) and located at 808 Sam Houston Street, City of Rockwall, and take any action necessary.

Planning Director Robert LaCroix provided background information related to this agenda item, explaining that if the council elects to have this item considered, it will then be forwarded to the Planning & Zoning Commission for evaluation and recommendations. Then, those recommendations from the Planning & Zoning Commission would be

considered by the Council thereafter. He explained that the council could direct the P&Z Commission to hold public hearings to glean input concerning this matter and direct staff to send out public notifications to those living in the area as well.

Blakeley Hall (207 East Rusk Street) came forth, indicating he represents the applicant. He encouraged the city council to allow consideration of this item by sending it through the Planning & Zoning process.

Councilmember White asked staff who provided the petition in favor of this item. Mr. LaCroix indicated that Mr. Clark (the applicant) provided the petition to the city.

Councilmember Daniels made a motion to deny the request to allow for this land use. Councilmember Milder seconded the motion. Councilmember White indicated that he believes this item should be forwarded to the Planning & Zoning Commission to be heard. Mayor Sweet indicated that he also feels it should be forwarded to the Planning & Zoning Commission and allow public hearings to be held for public input concerning this item. After brief comments, the motion failed by a tie vote of 3 in favor, 3 against (White, Townsend and Sweet), and 1 absent (Pruitt).

Councilmember White made a subsequent motion to send this item to the Planning & Zoning Commission for consideration, including conducting a public hearing so that residents in the area will be able to provide feedback (clarification was given regarding the motion that staff should treat it like a zoning case by sending notices to those within 500' and implement all other notifications that would typically be made with zoning cases (i.e. large, yellow sign on the subject property). Councilmember Townsend seconded the motion.

Councilmember Milder indicated that he believes this area already has enough multifamily housing, and he does not believe it will ultimately be approved by the city council. He believes a fourplex does not fit well in this location, and he does not believe it would be good for the neighborhood overall. Councilmember White pointed out that the applicant has provided at least fifty signatures and names of individuals who have said they are in favor of this fourplex, so an opportunity to allow public input concerning the item is prudent and in the best interest of 'open government.' Going through the process will allow the public in to come forth and speak either in favor or against it. Mayor Sweet concurred that it is best to allow this item to go through a public hearing / public input process. Councilmember Townsend indicated that he has no problem soliciting public input through the Planning & Zoning Commission process.

After additional, brief comments, the motion passed by a vote of 6 in favor with 1 absent (Pruitt).

4. Discuss and consider the results of a study of the City's current water and wastewater rates and approval of a resolution setting increased water and wastewater rates, and take any action necessary.

City Manager Rick Crowley provided brief background information related to this agenda item, indicating that the council has previously discussed the city's water and wastewater rates. Mary Smith, Assistant City Manager, then introduced Bob McLain of McLain Decision Support Systems, the consultant who performed this rate study on behalf of the city. Mr. McLain then briefed the council on the findings of his rate study. Mrs. Smith pointed out that our city's average water consumption dropped from about 12,000 gallons per month down to about 8,000 gallons per month, which is a testament to how well our water customers have responded to conservation efforts. However, the city's drop in water sales has resulted in revenue shortages.

Councilmember Townsend made a motion to adopt the resolution and associated water and wastewater rates. Councilmember White seconded the motion, which passed by a vote of 6 in favor with 1 absent (Pruitt).

5. Discuss and consider appointments to the city's ART Commission, Architectural Review Board, and Main Street Advisory Board, and take any action necessary.

Mayor Sweet requested that this item be delayed until the next, regularly scheduled city council meeting (December 1, 2014). Councilmember White encouraged members of the public who are interested in Art to submit an application expressing interest in serving on the Art Commission.

The Council did not convene in Executive Session following the close of the public meeting agenda.

XIII. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding proposed lease/sale of city land for possible private project pursuant to Sections 551.072 (Real Property) and Section 551.087 (Economic Development negotiations)

2. Discussion regarding appointment to fill city council member vacancy in accordance with City Charter provisions pursuant to Section 551.074 (Personnel Matters)

3. Discussion regarding appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Board of Adjustments, and the Rockwall Economic Development Corporation pursuant to Section 551.074 (Personnel Matters)

4. Discussion regarding appointment of city council member liaisons to city boards, commissions, and committees pursuant to Section 551.074 (Personnel Matters)

5. Discussion regarding City Manager performance evaluation pursuant to Section 551.074 (Personnel Matters).

XIV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

The Council did not convene in Executive Session following the close of the public meeting agenda.

XV. ADJOURNMENT

The meeting was adjourned at 7:47 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 1st day of December, 2014.

CITY OF ROCKWALL

ORDINANCE NO. 14-52

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTION 13.2 OF ARTICLE II, *AUTHORITY AND ADMINISTRATIVE PROCEDURES*; SECTIONS 1.1 & 2.1.8 OF ARTICLE IV, *PERMISSIBLE USES*; AND SECTIONS 4.1 & 5.1, *DISTRICT DEVELOPMENT STANDARDS*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, an amendment to the City of Rockwall's Unified Development Code [*Ordinance No. 04-38*] has been initiated by the City Council of the City of Rockwall to amend Section 13.2, *Terms of Office; Qualifications*, of Article II, *Authority and Administrative Procedures*; Section 1.1, *Use of Land and Buildings*, and Section 2.1.8, *Auto and Marine-Related Use Conditions*, of Article IV, *Permissible Uses*; and, Section 4.1, *General Commercial District Standards*, and Section 5.1, *General Industrial District Standards*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*]; and,

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the city's corporate boundaries, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code [*Ordinance No. 04-38*] should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That Section 13.2, *Terms of Office; Qualifications*, of Article II, *Authority and Administrative Procedures*; Section 1.1, *Use of Land and Buildings*, and Section 2.1.8, *Auto and Marine-Related Use Conditions*, of Article IV, *Permissible Uses*; and, Section 4.1, *General Commercial District Standards*, and Section 5.1, *General Industrial District Standards*, of Article V, *District Development Standards*, of the Unified Development Code [*Ordinance No. 04-38*] of the City of Rockwall, as heretofore amended, be and the same is hereby amended as specifically described in *Exhibits 'A' & 'B'*.

Section 2. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 3. That any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of *Two Thousand Dollars* ($2,000.00) for each offense and each and every day such offense shall continue shall be deemed to constitute a separate offense;

Section 4. That if any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable;

Section 5. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides;

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 1ST DAY OF DECEMBER, 2014.

Section 13. Architectural Review Board
Section 13.2. Term of Office; Qualifications

A. *Term*. The members shall be appointed for a term of two years with staggered terms and shall be removable for cause by the city council. Their terms of office shall expire on the last day of July or when their successor has been appointed. In the event that a vacancy occurs prior to the expiration of a full term the city council shall appoint a new member to complete the unexpired term. Any member may be reappointed by the city council upon completion of a term to which he has been appointed.

B. Qualifications. At least one member shall be a registered architect in the State of Texas. Other members are chosen for qualifications and training in related fields such as landscape architecture, interior or exterior design, municipal planning, municipal government and other professions with related disciplines or civic interest.

~~***B. [Composition]. The membership shall include one registered architect, one residential property owner in the district and one commercial property owner in the district. The remaining membership shall include no more than one representative from any of the following categories:***~~

~~***(1) Landscape architects;***~~
~~***(2) Civil engineers;***~~
~~***(3) Structural engineers;***~~
~~***(4) Experienced commercial builders in the district;***~~
~~***(5) Professional land planners; and/or***~~
~~***(6) Building designers who are members in good standing with a recognized professional association.***~~

~~***All members must be residents of Rockwall County.***~~

C. *Attendance*. If a member has three consecutive absences that are not excused by the architectural review board, or is absent from more than 25 percent of the meetings, he may be removed from the board; however, if absent from 50 percent of the meetings in any calendar year, the member will automatically be removed from the architectural review board.

Section 2.1.8. Auto and Marine-Related Use Conditions

Auto repair garage, major.

1. General repair, rebuilding, or reconditioning of engines, motor vehicles or trailers, including body work, frame-work, welding, and major painting service.
2. Garage doors shall not face the street or a residential lot.
3. Vehicles, equipment, parts or inventory shall not be stored outside overnight unless expressly permitted by this [Unified Development Code]. In which case, they shall be screened from public streets, sidewalks and open space, and any residentially-zoned lot.

Auto repair garage, minor.

1. The replacement of any part or repair of any part that does not require removal of the engine head or pan, engine transmission or differential; incidental body and fender work, minor painting and upholstering service. It also includes "quick lube" type businesses. This applies to only to passenger automobiles and trucks not in excess of 7,000 pounds gross weight.
2. In a General Retail (GR) District, an "auto repair garage, minor" is permitted as an accessory to a retail use, when the gross floor area of the auto repair and related storage does not exceed 30 percent of the retail sales floor area. If it is a stand-alone use, it shall require a specific use permit.
3. In a Commercial (C) District, an "auto repair garage, minor" is permitted as an accessory to a retail use, provided all work is conducted wholly within a completely enclosed building. If it is a stand-alone use, it shall require a specific use permit.
4. Garage doors or bays shall not face the street or a residential lot.
5. Vehicles, equipment, parts or inventory shall not be stored outside overnight unless expressly permitted by this [Unified Development Code]. In which case, they shall be screened from public streets, sidewalks and open space, and any residentially-zoned lot.
6. A site plan must be approved by the director of planning prior to issuance of any building permit.
7. In the Downtown District an auto repair garage, minor shall not be located within 500 feet of the Historic Courthouse property.

   (Ord. No. 11-13, § 2, 4-13-2011)

Boat and trailer dealerships (new and used).

1. The area to be used for outside storage and display shall not exceed 50 percent of the total lot area within 100 feet of any adjacent street.
2. All such outside storage and display areas must be permanently paved to city standards.
3. All such outside storage and display areas must be screened along all road frontages with a solid evergreen landscape screen a minimum of three feet in height.
4. All such outside storage and display areas may be lighted with directed exterior lighting that does not glare onto any adjacent roadways.
5. A site plan and landscape plan shall be approved prior to issuance of any building permit.

6. Such uses shall only be permitted along Interstate 30 and other arterials, as identified on the city's thoroughfare plan, but shall be excluded within the Scenic Overlay District along FM-740 and SH 66.

Carwash/auto detail.

The following standards apply to any freestanding or accessory carwash or auto detailing use:

1. Entrances and exits to the car wash shall not directly face any public street. On corner sites, car wash entrances or exits shall not open toward the street with the highest traffic volume, or as determined by the director of planning.
2. The car wash shall be set back a minimum of 50 feet from any street frontage.

Indoor Motor Vehicle Dealership/Showroom, New and/or Used.

The indoor storage of operable automobiles in a fully enclosed building for the purpose of holding such vehicles for sale, lease, distribution, or storage.

1. ***The sales/storage facility must be a completely enclosed building.***
2. ***Outside display or storage of vehicles shall be prohibited. This includes storing vehicles under canopies/awnings or similar covered structures.***
3. ***All activities shall remain inside the building (i.e. no detailing, sales activities, etcetera shall be performed outside the building).***
4. ***Accessory uses may be allowed in compliance with the "Permissible Use Charts" located within Section 1.1 of this Article.***

Motor vehicle dealerships (new and used).

1. Used vehicles may only be sold as an ancillary use to new vehicle sales.

   (Ord. No. 06-14, 4-17-2006)
2. All outside display of vehicles must be on an approved concrete, or enhanced concrete surface.
3. All vehicle display areas must meet the landscape standards for parking areas.

Service station.

An establishment where gasoline and other petroleum products are sold as the principal use of the property. Light maintenance activities such as engine tune-ups, lubrication, and minor repairs may also be provided if incidental to such principal use. Service station does not include any premises where retail sales space exceeds 25 percent of the total building area or 500 square feet of gross floor area, whichever is less.

Towing and impound yard.

1. A towing and impound yard must comply with all requirements, including definitions and permitting procedures for wrecking and towing services, that are specified in chapter 12, article VI of the Code of Ordinances, unless otherwise approved by city council as part of the specific use permit approved for the use.

   (Ord. No. 10-14, § 20, 7-6-2010)

Towing service, no storage.

1. A towing storage with no outside storage must comply with all requirements, including definitions and permitting procedures for wrecking and towing services, that are specified in chapter 12, article VI of the Code of Ordinances.

   (Ord. No. 10-14, § 20, 7-6-2010)

Truck stop with fuel and accessory services.

1. Entrances and exits to the service bays shall not directly face any public street. On corner sites, Service bay entrances or exits shall not open toward the street with the highest traffic volume, or as determined by the director of planning.
2. The location of access drives from adjacent streets shall be determined by the director of planning

Section 4.1. General Commercial District Standards

A. Construction Materials.

1. *Exterior walls.* Each exterior wall shall consist of 90 percent masonry materials as defined in article XIII, Definitions, excluding doors and windows, on walls which are visible from a public street or open space, including a minimum of 20 percent stone.

   All buildings shall have exterior walls constructed of stone, brick, glass block, tile, cast metal, cast or cultured stone, or a combination of those materials. The use of other cementaceous products (e.g., stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the building's exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first ***~~eight~~ four (4)*** feet above grade on a facade visible from a street or public area.

   Exceptions to this requirement may be permitted on a case-by-case basis by the council upon submission and approval of elevation drawings of the subject structure, and material samples.

Section 5.1. General Industrial District Standards

B. Construction Materials.

1. *Exterior walls.* Each exterior wall shall consist of 90 percent masonry materials as defined in article XIII, Definitions, excluding doors and windows, on walls which are visible from a public street or open space, including a minimum of 20 percent stone.

   All buildings shall have exterior walls constructed of stone, brick, glass block, tile, cast metal, cast or cultured stone, or a combination of those materials. The use of other cementaceous products (e.g., stucco, Hardy Plank, or other similar materials approved by the building official) shall be limited to 50 percent of the buildings exterior finishes where it is deemed important as a design feature and where it will be applied under the highest standards for quality and durability. However, stucco may not be located in the first ***~~eight~~ four (4)*** feet above grade on a facade visible from a street or public area.

   Exceptions to this requirement, including allowing concrete tilt-up walls, may be permitted on a case by case basis by the council upon submission and approval of elevation drawings of the subject structure, and material samples.

Section 13. Architectural Review Board
Section 13.2. Term of Office; Qualifications

A. *Term*. The members shall be appointed for a term of two years with staggered terms and shall be removable for cause by the city council. Their terms of office shall expire on the last day of July or when their successor has been appointed. In the event that a vacancy occurs prior to the expiration of a full term the city council shall appoint a new member to complete the unexpired term. Any member may be reappointed by the city council upon completion of a term to which he has been appointed.

B. Qualifications. At least one member shall be a registered architect in the State of Texas. Other members are chosen for qualifications and training in related fields such as landscape architecture, interior or exterior design, municipal planning, municipal government and other professions with related disciplines or civic interest.

C. *Attendance*. If a member has three consecutive absences that are not excused by the architectural review board, or is absent from more than 25 percent of the meetings, he may be removed from the board; however, if absent from 50 percent of the meetings in any calendar year, the member will automatically be removed from the architectural review board.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 12/1/2014

APPLICANT: Vasquez Engineering, LLC

AGENDA ITEM: **P2014-039** (Cavender's Addition, Lot 1, Block 1)

SUMMARY:

Consider a request by Juan J. Vasquez, PE of Vasquez Engineering, LLC on behalf of James R. Thompson of Cavender Investment Properties E, LTD for the approval of a final plat for Lot 1, Block 1, Cavender's Addition being a 3.27-acre tract of land identified as Tract 9-4 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, located on the south side of the E. IH-30 Frontage Road west of Corporate Crossing [FM-549], and take any action necessary.

COMMENTS:

- The purpose of this request is to plat a 3.27-acre tract of land in order to construct a new retail building.

- The Engineer has completed the technical revisions requested by staff, and this plat is recommended for conditional approval pending the completion of final technical modifications and submittal requirements required for the recordation by the applicant or owner.

- Conditional approval of this plat by the City Council shall constitute approval subject to the conditions stipulated in the Recommendation section below.

With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

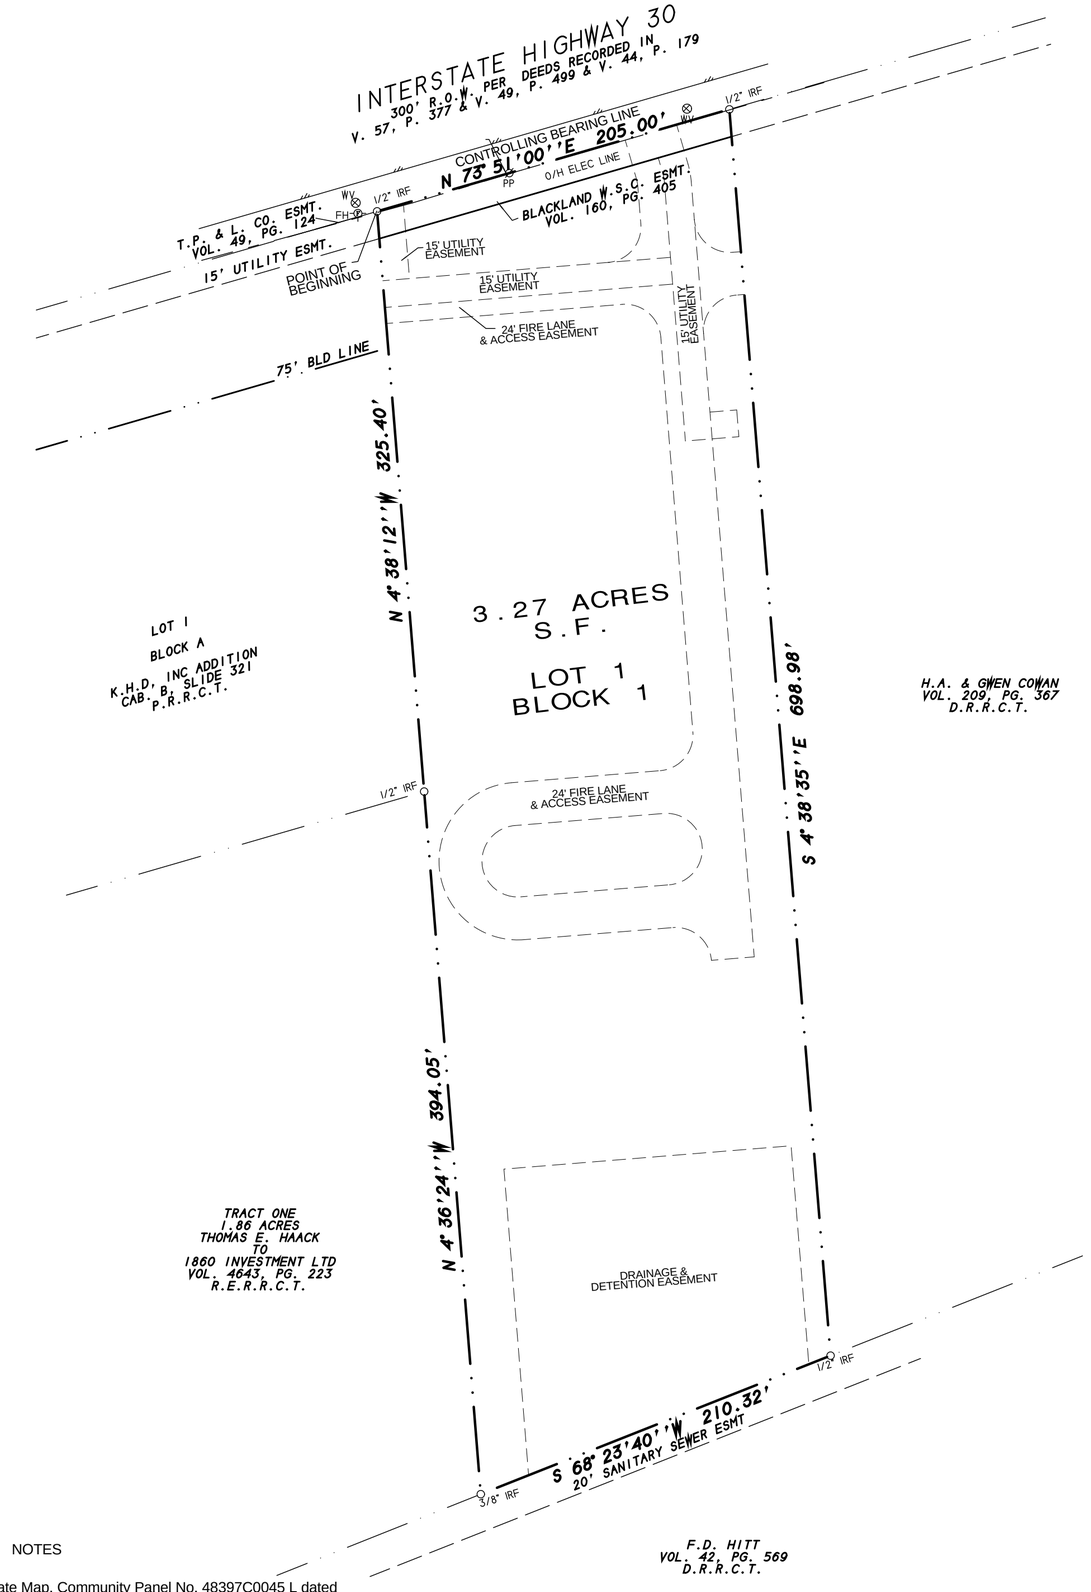
RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the final plat for Lot 1, Block 1, Cavender's Addition, the following conditions of approval are offered:

1) All the technical comments from the Engineering, Planning and Fire Departments shall be addressed prior to the filing of this plat; and

2) Any construction resulting from the approval of this plat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

PLANNING & ZONING COMMISSION:



On November 25, 2014, the Planning & Zoning Commission recommended approval of the final plat by a vote of 5-0 with Commissioners Lyons and Nielsen absent.

CITY CASE P2014-

35

STATE OF TEXAS
COUNTY OF ROCKWALL

OWNER'S CERTIFICATE
(Public Dedication)

WHEREAS, CAVENDER INVESTMENT PROPERTIES E LTD, BEING the Owners of a tract of land in the County of Rockwall, State of Texas, said tract being described as follows:

All that certain lot, tract or parcel of land situated in the JOHN LOCKHART SURVEY, ABSTRACT NO. 134, City of Rockwall, Rockwall County, Texas, and being all of a 3.268 acres tract of land as described as Tract II in a Warranty deed from Thomas E. Haack to 1860 Investments, LTD., dated May 31, 2006 and being recorded in Volume 4643, Page 223 of the Official Public Records of Rockwall County, Texas, and being more particularly described as follows:

BEGINNING at a 1/2" iron rod found for corner in the Southeast right-of-way line of Interstate Highway 30, at the Northwest corner of said 3.268 acres tract, said point also being at the Northeast corner of Lot 1, Block A, of K.H.D. INC., an Addition to the City of Rockwall, Texas, according to the Plat thereof recorded in Cabinet B, Slide 321, of the Plat Records of Rockwall County, Texas;

THENCE N. 73 deg. 51 min. 00 sec. E. along said right-of-way line, a distance of 205.00 feet to a 1/2" iron rod with yellow plastic cap stamped "R.S.C.I. RPLS 5034" found for corner at Northwest corner of a tract of land as described in a Deed to H.A. & Gwen Cowan, as recorded in Volume 209, Page 367 of the Real Property Records of Rockwall County, Texas;

THENCE S. 04 deg. 38 min. 35 sec. E. along the West line of said Cowan tract, a distance of 698.98 feet to a 1/2" iron rod found for corner at the Southeast corner of said 3.268 acres tract and being in the Northwest line of a tract of land as described in a Deed to F.D. Hitt, as recorded in Volume 42, Page 569 of the Deed Records of Rockwall County, Texas;

THENCE S. 68 deg. 23 min. 40 sec. W. along the Northwest line of said Hitt tract, a distance of 210.32 feet to a 3/8" iron rod found for corner at the Southwest corner of said 3.268 acres tract;

THENCE N. 04 deg. 36 min. 24 sec. W. a distance of 394.05 feet to a 1/2" iron rod found for corner at the Southeast corner of said Lot 1;

THENCE N. 04 deg. 38 min. 12 sec. W. along the East line of said Lot 1, a distance of 325.40 feet to the POINT OF BEGINNING and containing 142,527 square feet or 3.27 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

We the undersigned owner of the land shown on this plat, and designated herein as CAVENDER'S ADDITION LOT 1, BLOCK 1, an Addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the subdivision have been notified and signed this plat.

We understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same.

We also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of th eir respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maint aining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, sto rm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer an d/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as p rogress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I further acknowledge that the dedications and/or exaction's made herein are proportional to the impact of the subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I, my successors and assigns hereby waive any claim, damage, or cause of action that we may have as a result of the dedication of exaction's made herein.

36

THIS PAGE INTENTIONALLY LEFT BLANK

37

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 12/01/2014

APPLICANT: Cliff Lewis of Scott Lewis Custom Homes

AGENDA ITEM: **P2014-040** Horizon Village Addition

SUMMARY:

Discuss and consider a request by Cliff Lewis of Scott Lewis Custom Homes on behalf of Todd Winters, PE of Engineering Concepts and Design for the approval of a replat for Lot 8, Block 1, Horizon Ridge Addition being a 1.238-acre parcel of land currently identified as Lot 6, Block 1, Horizon Ridge Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, located north of the intersection of Ralph Hall Parkway and Horizon Road [*FM-3097*], and take any action necessary.

COMMENTS:

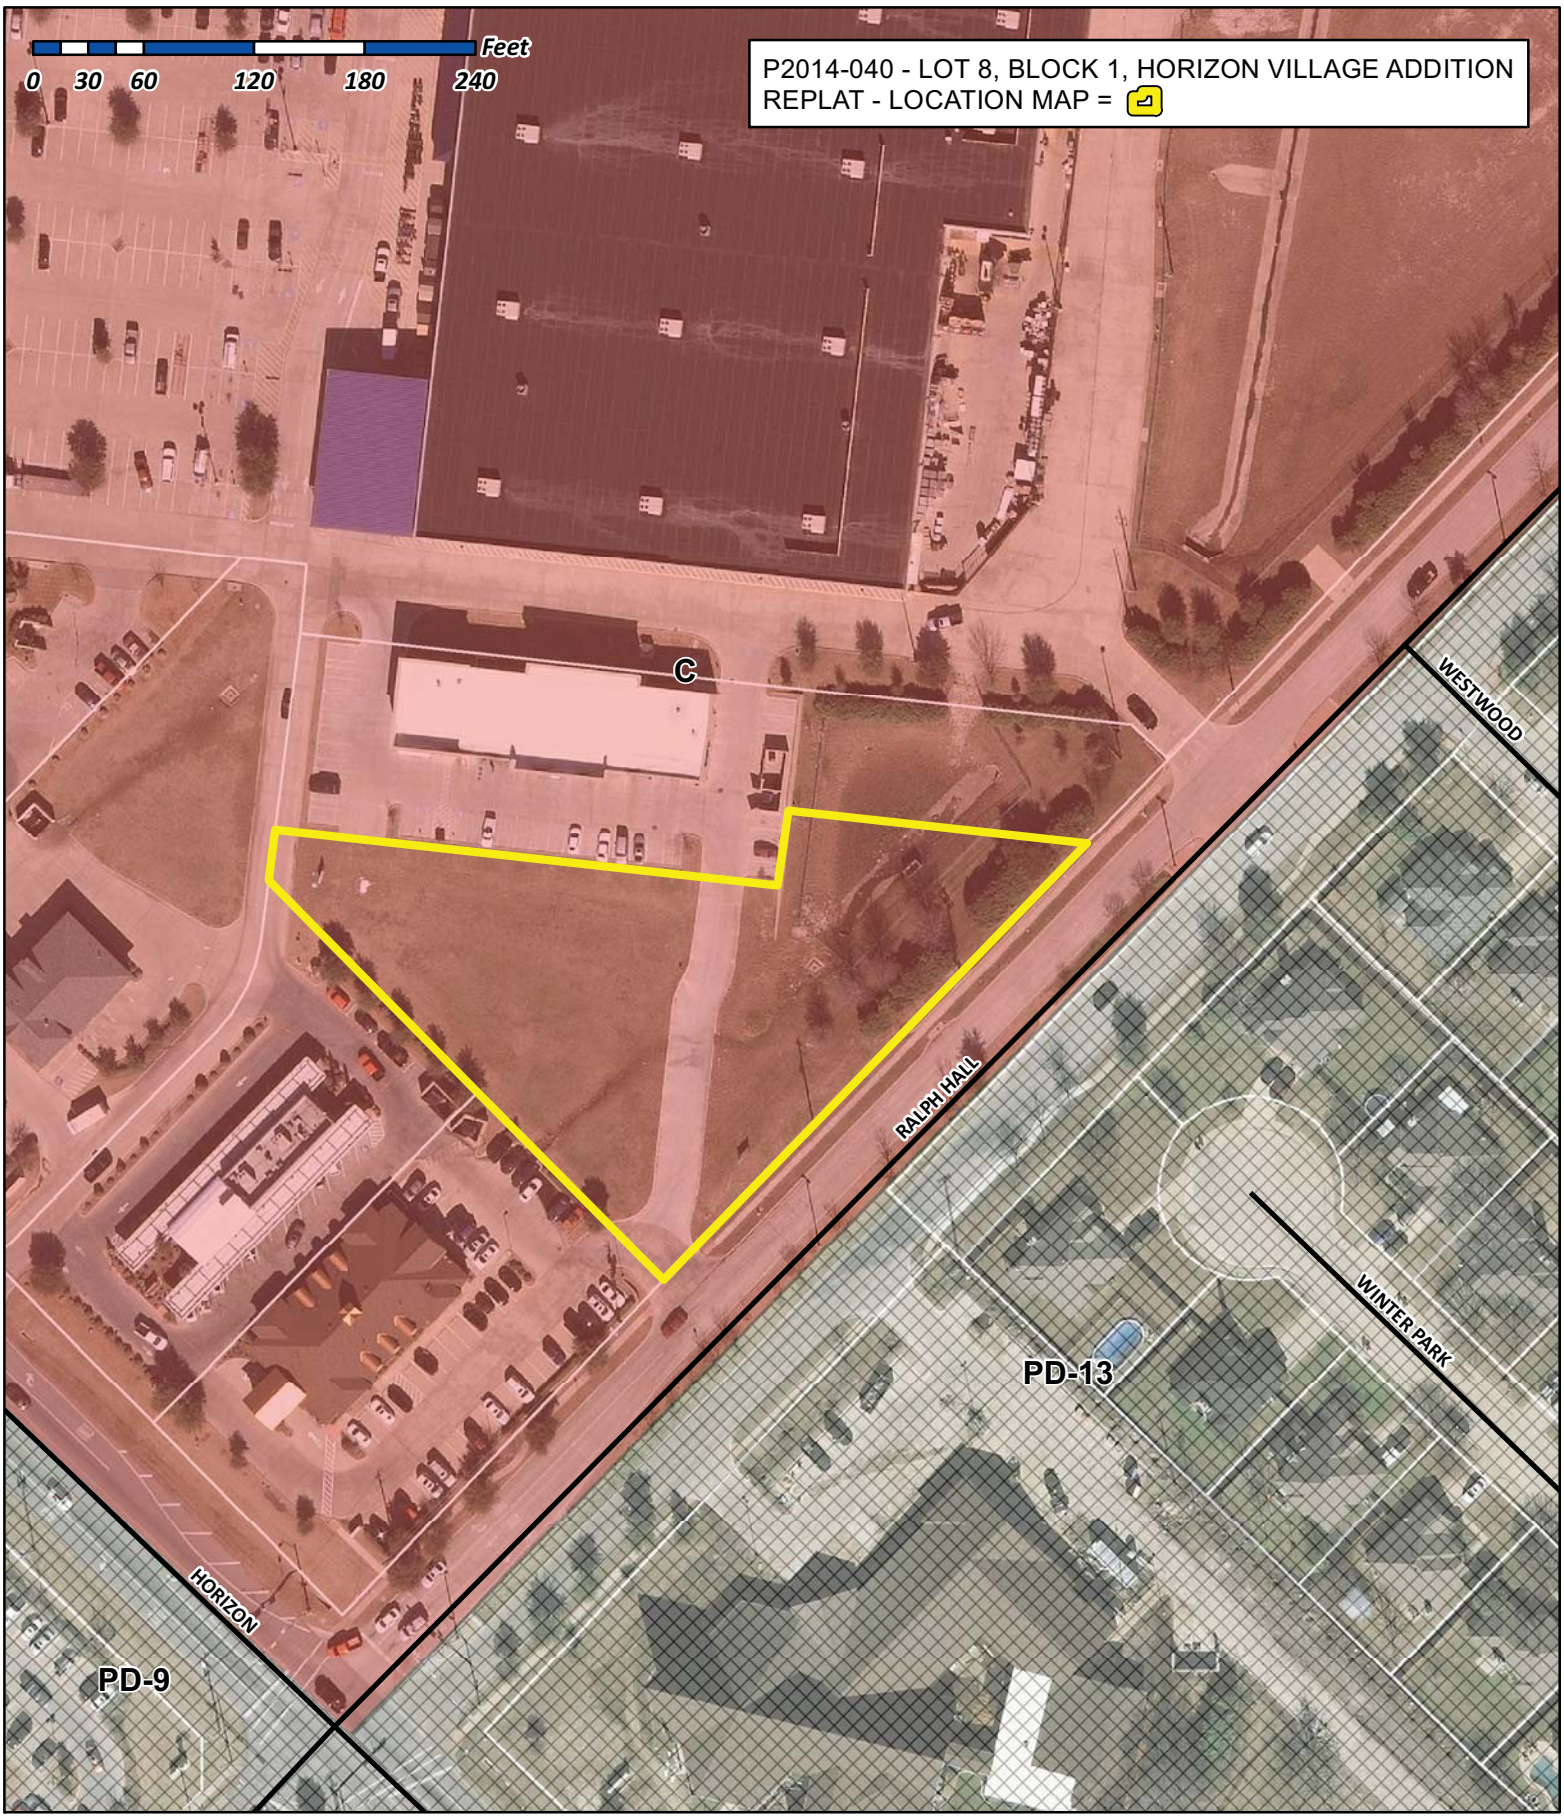
- The objective of the request is to abandon and establish certain drainage easements for the 1.238-acre parcel of land for the purpose of developing a proposed 7,586 sq. ft. retail facility. An administrative site plan was approved earlier this year for the site.

- Conditional approval of this plat by the City Council shall constitute approval subject to the conditions below.

- With the exception of the items listed in the Recommendation section of this case memo, this plat is in substantial compliance with the requirements of the Subdivision Ordinance in the Municipal Code of Ordinances.

RECOMMENDATIONS:

If the Planning & Zoning Commission and City Council choose to approve the request for final plat, staff would recommend the following conditions of approval:



1) All the technical comments from the Engineering and Fire Departments shall be addressed prior to the filing of this plat, including the following Planning Comments;

   a. Adherence to Engineering and Fire Department standards.
   b. Indicate extreme limits of easements that are being created and abandoned by hatching those areas.
   c. Change lot number on plat and title block from Lot 6R to indicate "Lot 8, Block 1."
   d. Include the following statement under "Notes:" on page one of the plat: *"6. The property owner shall be responsible for the maintenance, repair, and/or replacement of the storm system in the northern most drainage easement."*

2) Any construction resulting from the approval of this final plat shall conform to the requirements set forth by the Unified Development Code, the 2009 International Building Code, the Rockwall Municipal Code of Ordinances, city adopted engineering and fire codes and with all other applicable regulatory requirements administered and/or enforced by the state and federal government.

Planning and Zoning Commission Recommendation:

On November 25, 2014, the Planning and Zoning Commission recommended approval of the request with staff conditions by a vote of 5 to 0 (Lyons and Neilsen – absent).

NOTES:

1. By graphical plotting, no portion of subject property appears to lie within a Special Flood Hazard Area according to the Federal Emergency Management Agency Flood Insurance Rate Map, Community Panel No. 480547 0040 L, effective date September 26, 2008, subject property is situated within Zone X (unshaded).
2. Bearings are based on the plat Horizon Village Addition, Lots 5 and 6, Block 1, Cabinet H, Slide 51, Plat Records, Rockwall County, Texas.
3. The purpose of this replat is to abandon 2 drainage easements and create 2 drainage easements over the subject property.
4. Selling a portion of this addition by metes and bounds is a violation of State law and subject to fines and withholding of utilities and building permits.
5. It shall be the policy of the City of Rockwall to withhold issuing building permits until all streets, water, sewer and storm drainage systems have been accepted by the City. The approval of a plat by the City does not constitute any representation, assurance or guarantee that any building within such plat shall be approved, authorized or permit therefore issued, nor shall such approval constitute any representation, assurance or guarantee by the City of the adequacy and availability for water for personal use and fire protection within such plat, as required under Ordinance 83-54.

OWNER'S CERTIFICATE & DEDICATION

STATE OF TEXAS
COUNTY OF ROCKWALL

WHEREAS SCOTT LEWIS CUSTOM HOMES, LLC, BEING THE OWNER OF A TRACT OF land in the County of Rockwall, State of Texas, said tract being described as follows:

BEING a 1.238 acre tract of land situated in the James Smith Survey, Abstract 200, City of Rockwall, Rockwall County, Texas, and being all of Lot 6, Block 1, Horizon Village Addition, an addition to the City of Rockwall, as recorded in Cabinet H, Slide 51, Plat Records Rockwall County, Texas, said 1.238 acre tract being more particularly described by metes and bounds as follows:

BEGINNING at an "x" cut in concrete found for the south corner of said Lot 6 and the east corner of Lot 3, Block 1, Horizon Village Addition, an addition to the City of Rockwall, as recorded in Cabinet F, Slide 213 of said Plat Records, said corner being on the northwest right-of-way line of Ralph Hall Parkway, a 110 ft. right-of-way;

THENCE North 43 degrees 51 minutes 04 seconds West, with the common boundary line of said Lot 6 and said Lot 3, passing the north corner of said Lot 3 and the east corner of Lot 1R, Block 1, Horizon Village Addition, an addition to the City of Rockwall, as recorded in Cabinet F, Slide 10 of said Plat Records at a distance of 145.40 feet and continuing with the common boundary line of said Lot 6 and said Lot 1R, a total distance of 307.86 feet to an "x" cut in concrete found for a west corner of said Lot 6 and the north corner of said Lot 1R, said corner being in the east boundary line of Lot 4, Block 1, Horizon Village Addition, an addition to the City of Rockwall, as recorded in Cabinet F, Slide 213 of said Plat Records;

THENCE North 08 degrees 11 minutes 19 seconds East, with the common boundary line of said Lot 6 and said Lot 4, a distance of 27.11 feet to an "x" cut in concrete found for the northwest corner of said Lot 6 and the southwest corner of Lot 7, Block 1, Horizon Village Addition, an addition to the City of Rockwall, as recorded in Cabinet H, Slide 91 of said Plat Records;

THENCE Easterly, with the common boundary lines of said Lot 6 and said Lot 7, the following courses:

South 81 degrees 49 minutes 02 seconds East, a distance of 276.40 feet to an "x" cut in concrete found for corner;

North 08 degrees 10 minutes 58 seconds East, a distance of 41.06 feet to an "x" cut in concrete found for corner;

South 81 degrees 49 minutes 02 seconds East, a distance of 166.36 feet to an "x" cut in concrete found for the east corner of said Lot 6 and the southeast corner of said Lot 7, said corner being in the northwest right-of-way line of said Ralph Hall Parkway;

THENCE South 46 degrees 01 minutes 13 seconds West, a distance of 326.13 feet the POINT OF BEGINNING AND CONTAINING 53,944 square feet or 1.238 acres of land.

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

STATE OF TEXAS
COUNTY OF ROCKWALL

I the undersigned owner of the land shown on this plat, and designated herein as the HORIZON VILLAGE ADDITION, LOT 6R, BLOCK 1, an addition to the City of Rockwall, Texas, and whose name is subscribed hereto, hereby dedicate to the use of the public forever all streets, alleys, parks, water courses, drains, easements and public places thereon shown on the purpose and consideration therein expressed. I further certify that all other parties who have a mortgage or lien interest in the HORIZON VILLAGE ADDITION, LOT 6R, BLOCK 1 subdivision have been notified and signed this plat. I understand and do hereby reserve the easement strips shown on this plat for the purposes stated and for the mutual use and accommodation of all utilities desiring to use or using same. I also understand the following;

1. No buildings shall be constructed or placed upon, over, or across the utility easements as described herein.

2. Any public utility shall have the right to remove and keep removed all or part of any buildings, fences, trees, shrubs, or other growths or improvements which in any way endanger or interfere with construction, maintenance or efficiency of their respective system on any of these easement strips; and any public utility shall at all times have the right of ingress or egress to, from and upon the said easement strips for purpose of construction, reconstruction, inspecting, patrolling, maintaining, and either adding to or removing all or part of their respective system without the necessity of, at any time, procuring the permission of anyone.

3. The City of Rockwall will not be responsible for any claims of any nature resulting from or occasioned by the establishment of grade of streets in the subdivision.

4. The developer and subdivision engineer shall bear total responsibility for storm drain improvements.

5. The developer shall be responsible for the necessary facilities to provide drainage patterns and drainage controls such that properties within the drainage area are not adversely affected by storm drainage from the development.

6. No house dwelling unit, or other structure shall be constructed on any lot in this addition by the owner or any other person until the developer and/or owner has complied with all requirements of the Subdivision Regulations of the City of Rockwall regarding improvements with respect to the entire block on the street or streets on which property abuts, including the actual installation of streets with the required base and paving, curb and gutter, water and sewer, drainage structures, storm structures, storm sewers, and alleys, all according to the specifications of the City of Rockwall; or

Until an escrow deposit, sufficient to pay for the cost of such improvements, as determined by the city's engineer and/or city administrator, computed on a private commercial rate basis, has been made with the city secretary, accompanied by an agreement signed by the developer and/or owner, authorizing the city to make such improvements at prevailing private commercial rates, or have the same made by a contractor and pay for the same out of the escrow deposit, should the developer and/or owner fail or refuse to install the required improvements within the time stated in such written agreement, but in no case shall the City be obligated to make such improvements itself. Such deposit may be used by the owner and/or developer as progress payments as the work progresses in making such improvements by making certified requisitions to the city secretary, supported by evidence of work done; or

Until the developer and/or owner files a corporate surety bond with the city secretary in a sum equal to the cost of such improvements for the designated area, guaranteeing the installation thereof within the time stated in the bond, which time shall be fixed by the city council of the City of Rockwall.

I (we) further acknowledge that the dedications and/or exactions made herein are proportional to the impact of the Subdivision upon the public services required in order that the development will comport with the present and future growth needs of the City; I (we), my (our) successors and assigns hereby waive any claim, damage, or cause of action that I (we) may have as a result of the dedication of exactions made herein.

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Brad Griggs, Assistant City Manager**

FROM: **Andy Hesser, Parks and Recreation Manager**

DATE: **November 24, 2014**

SUBJECT: **CONSTRUCTION OF CHAIN LINK FENCE AT TUTTLE ATHLETIC COMPLEX**

The FY 2015 approved budget includes $40,000 from the Recreation Development Fund for approximately 3,400 linear feet of new perimeter fencing to replace aging and deteriorating fencing at Tuttle Athletic Complex. Public bids for the project were advertised in early November. The City received bids from eight contractors on November 20th. The apparent low bidder was Cambridge fence for $39,000.

Staff requests that Council consider authorizing the City Manager to enter into a contract with Cambridge Fence to complete the project. Contingent upon approval the work could begin as soon as possible and be complete in time for the beginning of baseball and softball season.

45

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 12/1/2014

APPLICANT: Amy and Mark Stehr

AGENDA ITEM: **Z2014-033;** Christian Brothers SUP Amendment

SUMMARY:

Hold a public hearing to discuss and consider a request by Amy and Mark Stehr for the approval of an amendment to Specific Use Permit (SUP) No. S-81 [Ordinance No. 11-05] to allow vehicles to be stored outside overnight in conjunction with an existing automotive repair garage on a 0.702-acre parcel of land identified as Lot 2, Rockwall Market Center South Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, the subject property is addressed as 129 E. Ralph Hall Parkway, and take any action necessary.

BACKGROUND INFORMATION:

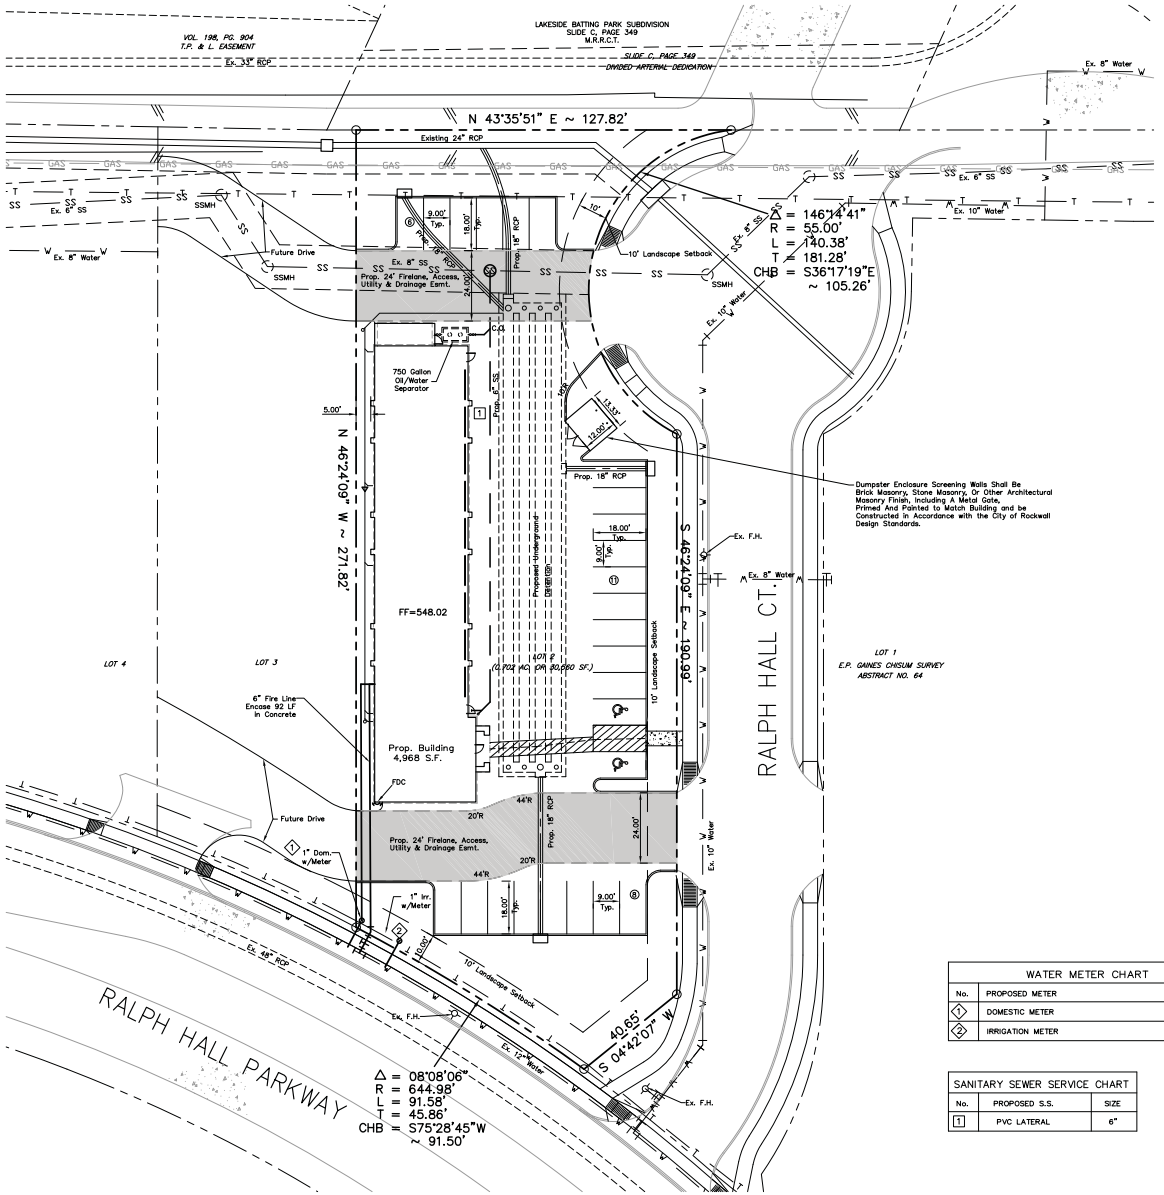
The applicant has submitted an application to amend an existing Specific Use Permit to allow for the outside storage of vehicles at an existing Christian Brothers facility located within a Commercial (C) District and located at 129 E. Ralph Hall Parkway. The SUP to allow for an "auto repair garage, minor" was approved in 2011 with a condition that "no vehicles, equipment, parts or inventory shall be stored outside overnight." According to the applicant's letter of request, the facility occasionally stores vehicles overnight due to parts not being available for the vehicle or customers dropping off or picking up vehicles after hours.

Additionally, under the Unified Development Code (UDC), Article IV, Permissible Uses, Sec. 2.1.8, Auto repair garage, minor, the UDC reads as follows:

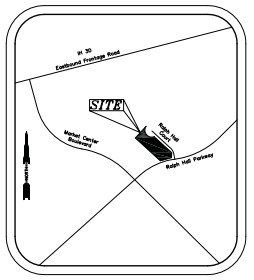
5. Vehicles, equipment, parts or inventory shall not be stored outside overnight unless expressly permitted by this [Unified Development Code]. In which case, they shall be screened from public streets, sidewalks, open space, and any residentially zoned lot.

The applicant is requesting the amended SUP for the purpose of allowing outside storage of vehicles for customers needing to drop off or pick up vehicles after hours and vehicles in need of parts which are unavailable at the time of service. The vehicles would be parked/stored in the parking spaces located on the east side and at the rear of the building until parts arrived and the vehicle could be serviced. The applicant is requesting to utilize the eleven (11) striped head-in parking spaces located on the east side of the building and six (6) spaces at the rear of the building. The site contains an additional eight (8) parking spaces at the front of the building that will not be used for overnight storage of vehicles.

Included in your packet is the letter requesting the SUP amendment, a site plan for the property, and some current photos of the building. A request for an SUP is a discretionary act upon the Planning and Zoning Commission and City Council.

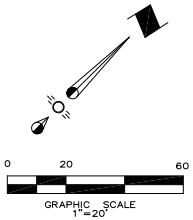


NOTIFICATION:



On October 31, 2014, staff mailed fifty-five (55) notices to property owners within 500 feet of the subject property. Staff also notified one (1) HOA within 1500 feet (Lynden Park HOA) by e-mail.

Additionally, staff posted a sign on the subject property as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received three (3) notices in favor of the request and no notices in opposition to the request.



PLANNING & ZONING COMMISSION:

On November 25, 2014, the Planning & Zoning Commission recommended approval of an amendment to the SUP to allow for the outside storage of vehicles in the six (6) parking spaces on the north side of the building for a maximum of 72 hours by a vote of 4-2, with Commissioners Renfro and Jusko against and Commissioner Nielsen absent.

October 16, 2014

Robert LaCroix,
Director of Planning & Zoning
City of Rockwall
City Hall
385 S. Goliad
Rockwall, TX 75087

Dear Robert,

Attached please find my completed Developmental Application for Christian Brothers Automotive located at 129 E Ralph Hall Parkway, Rockwall, 75032 asking for relief of condition 2 of our SUP.

Since opening in March of 2012 we take pride in now servicing up to 100 customers a week. We continue to grow (YTD 39%, which has put us in the top 22% of all Christian Brothers stores in just our third year of operation) as our reputation for providing ethical and excellent automotive repairs reaches more people in the community.

We have complied with all the requirements of our SUP but struggle with part of condition 2 "no vehicles shall be stored outside overnight" and request relief. If needed we double stack up to 17 vehicles in our shop every night and as a result of our business success can sometimes have additional cars that need to be parked outside overnight.

We track cars left outside each night and can provide you that information if you like. The primary reasons are:

1. Customer's drop-off after hours. Sometimes customers drop their cars off after closing hours and put their keys through the mail slot. We think this is an important convenience for our customers.
2. Customers pick up after hours. Sometimes they do not pick it up as promised or are out of town for a few days.
3. Repairs that are on hold while we wait for parts. Traffic on I-30 slow parts delivery. Some repairs require parts that may take days to receive or they may need painting at a body shop prior to installation.
4. After hour tow-in. Tow trucks deliver cars to our shop after closing hours.
5. There are other more occasional reasons requiring waits while we acquire car titles, etc.

129 E. Ralph Hall Parkway, Rockwall, TX 75032 Phone: (972) 722-9500 Fax: (972) 722-0985

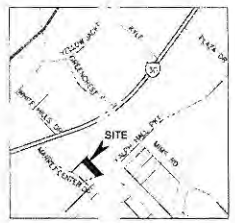
49

Christian Brothers
AUTOMOTIVE

We hope our business success will not be penalized. We realize our SUP has conditions and we want to be an exemplary business. We also respectfully request relief of a portion of condition 2 and ask you to consider that vehicles parked in our parking lot overnight do not look any different than those parked outside overnight at the adjacent business, Autumn Leaves. We do not repair vehicles outside nor leave broken down abandoned vehicles to remain any longer than the time necessary to get paperwork together to move them.

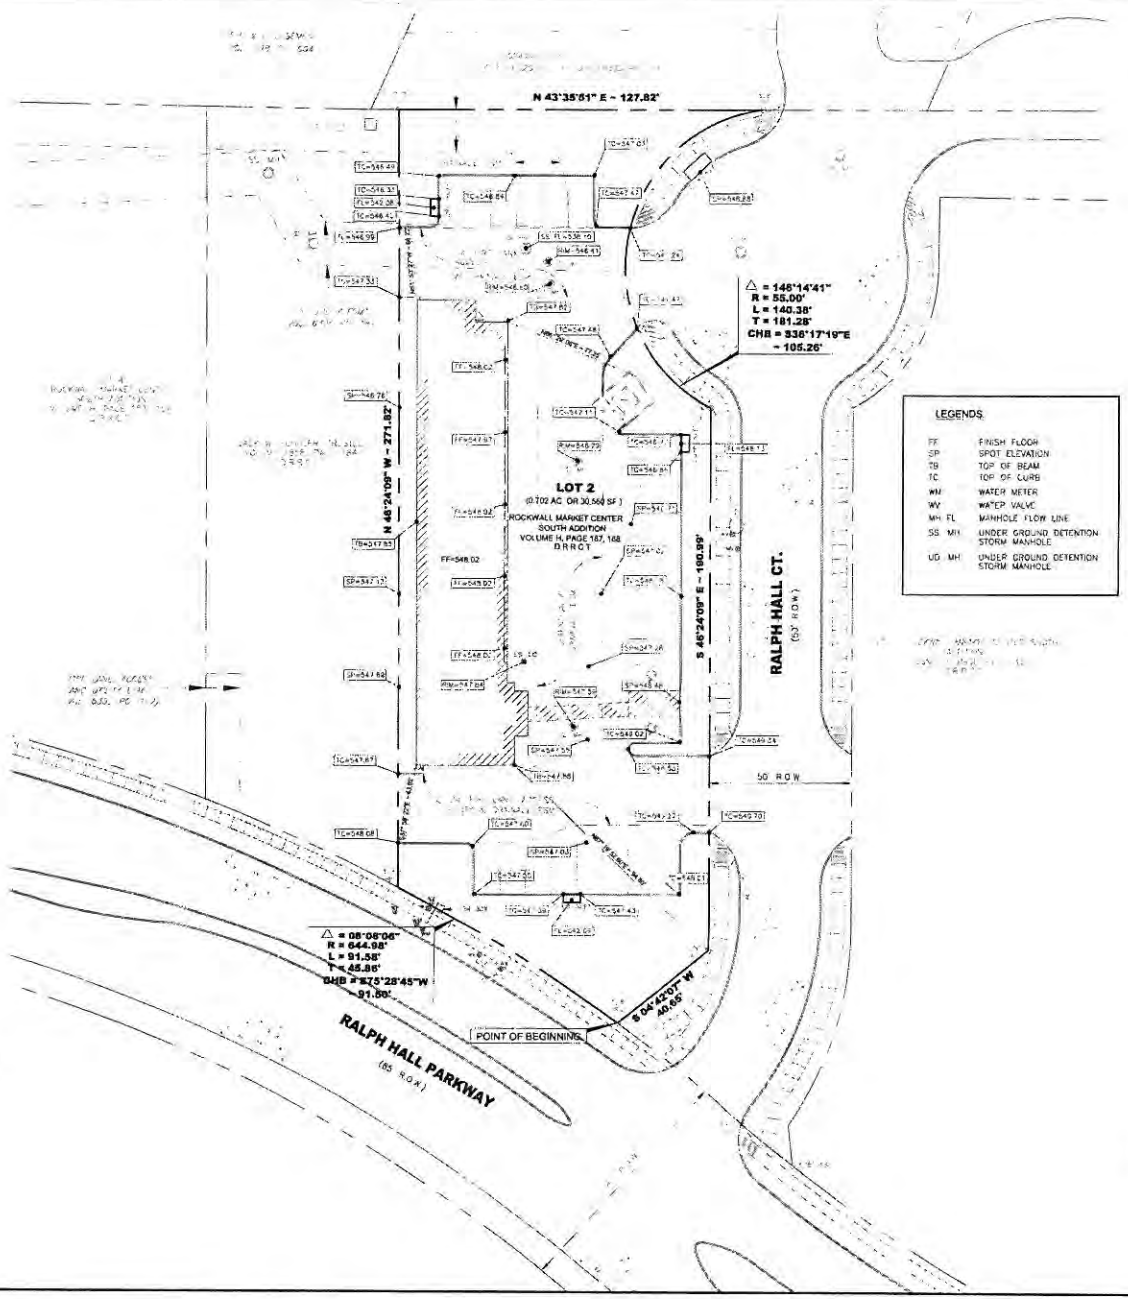
Our rapid growth was unexpected but welcomed as we become a staple in the Rockwall community. However we need flexibility with our parking situation and welcome creative solutions as for many situations, a vehicle length of stay is out of our control. Relief of this condition is critical to our continued operation and growth. We are serving the community and unable to control certain of the factors listed above.

As a possible solution, we propose that we add some type of screening including additional vegetation to screen the view of cars in the parking lot.



Please contact me with any questions at P: 972-722-9500 or E: amy.stehr@cbauto.net.

Sincerely,



Amy Stehr

METES & BOUNDS DESCRIPTION

Being a tract of land situated in the E.P. Gaines Chisum Survey, Abstract No. 64, Rockwall County, Texas and being Lot 2, Rockwall Market Center South Addition to City of Rockwall, as recorded in Volume H, Page 167 and 168, Real Property Records, Rockwall County Texas, also being a part of that tract of land conveyed to JACK W. SCHULER, TRUSTEE, by Special Warranty Deed recorded in Volume 1854, Page 154, Real Property Records, Rockwall County Texas, and being more particularly described by metes and bounds as follows;

BEGINNING at 5/8 iron rod found at the most northerly end of a corner clip at the intersection of the west R.O.W. line of Ralph Hall CT. (50 foot width R.O.W.) with the north R.O.W. line of Ralph Hall Pkwy(85 foot width R.O.W.);

THENCE along a curve to the LEFT having a chord bearing of S 75 deg. 28 min. 45 sec. W, a chord length of 91.50 feet, a central angle of 08 deg. 08 min. 06 sec., a radius of 644.98 feet, and a tangent of 45.86 feet along Ralph Hall Parkway (85' R.O.W.) ; passing at 91.58 feet to a 5/8 inch iron rod set for a corner;

THENCE N 46 deg. 24 min. 09 sec. W, distance of 271.82 feet to a 5/8 inch iron rod set for a corner;

THENCE N 43 deg. 35 min. 51 sec. E, distance of 127.82 feet to a 5/8 inch iron rod set for a corner;

THENCE along a curve to the LEFT having a chord bearing of S 36 deg. 17 min. 19 sec. E, a chord length of 105.26 feet, a central angle of 146 deg. 14 min. 41 sec., a radius of 55.00 feet and a tangent of 101.28 feet, along Ralph Hall Court (50' R.O.W.), distance of 140.38 feet to a 5/8 inch iron rod set for a corner;

THENCE S 46 deg. 24 min. 09 sec. E, along Ralph Hall Court (50' R.O.W.), distance of 190.59 feet to a 5/8 inch iron rod set for a corner;

THENCE S 04 deg. 42 min. 07 sec. W, along Ralph Hall Court (50' R.O.W.), distance of 40.65 feet to **POINT OF BEGINNING** and containing 30,560 square feet or 0.702 acres of land, more or less.

SURVEYOR CERTIFICATE:

This is to certify that this map or plat and the survey on which it is based were made in accordance with "Minimum Standard Detail Requirements for ALTA/ACSM Land Title Surveys," jointly established and adopted by ALTA, ACSM and NSPS in 2005. Pursuant to the Accuracy Standards as adopted by ALTA, NSPS, and ACSM and in effect on the date of this certification, undersigned further certifies that proper field procedures, instrumentation and adequate survey personnel were employed in order to achieve results comparable to those outlined in the "Minimum Angle, Distance and Closure Requirements for Survey Measurements Which Control Land Boundaries for ALTA/ACSM Land Title Surveys."

October 13, 2014

Robert LaCroiz
Director of Planning
City Hall
385 S. Golaid
Rockwall, TX 75087

Dear Robert,

Thank you for talking with me on Monday regarding the parking issues here at Christian Brothers.

To better understand the situation myself, last Friday around 7:15 pm I visited other repair shops in the area and saw most have 1 to 2 vehicles parked outside (except for Horizon Auto, which is exempt I understand). We had 7 and the garage was double stacked. During the busy summer weeks, we could have had up to 10 plus vehicles in the parking lot with the garage double stacked. The repairs were all minor and left out for customers to pick up or drop off after hours. The vehicles kept overnight, which are not after hours or tow-ins, are waiting for a part to arrive or in the process of the repair.

However some reasons are unusual such as 3 examples that were parked outside a few weeks ago. The first being a Cadillac that was towed in and abandoned, the second was a Suburban that was sold for scrap and the last was here for over 2 weeks waiting for the title in the mail before it was sold for scrap for the customer.

We have reached a slow period, but I've attached a daily log of the vehicles and reasons why they were parked outside. It is my hope this will give a better understanding of the services we provide and a status of the vehicles.

Our intentions are to be a good neighbor and business in the community. We want to continue moving forward to get this issue resolved and work closer with the city.

Please contact me with any questions at P: 972-722-9500 or E: amy.stehr@cbauto.net.

Sincerely,

Amy Stehr

CITY OF ROCKWALL

ORDINANCE NO. 11-05

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO GRANT A SPECIFIC USE PERMIT (SUP) TO ALLOW FOR AN "AUTO REPAIR GARAGE, MINOR" WITHIN THE (C) COMMERCIAL DISTRICT, ON A 0.7-ACRE TRACT OF LAND KNOWN AS PART OF TRACT 12-2, ABSTRACT 64, E.P.G. CHISUM SURVEY, AND MORE SPECIFICALLY SHOWN IN EXHIBIT "A"; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a Specific Use Permit for an "Auto Repair Garage, Minor" within the (C) Commercial district has been requested by Jonathan Wakefield of Christian Brothers Automotive Corporation on a 0.7-acre tract of land known as part of Tract 12-2, Abstract 64, E.P.G. Chisum Survey, and more specifically described in Exhibit "A"; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Unified Development Code of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to grant a Specific Use Permit for an "Auto Repair Garage, Minor" within the (C) Commercial district on a 0. 7-acre tract of land known as part of Tract 12-2, Abstract 64, E.P.G. Chisum Survey, and more specifically described in Exhibit "A"; and

Section 2. That the Specific Use Permit shall be subject to the conditions set forth in ***Article V, Section 4.5, Commercial District*** of the City of Rockwall Unified Development Code (Ord. No. 04-38), as heretofore amended and as may be amended in the future, and shall be subject to the additional following additions:

1. Future site plan submittal and approval shall be required. However, development shall generally adhere to the building elevations (Exhibit B) attached hereto.
2. No vehicles, equipment, parts or inventory shall be stored outside overnight.
3. There shall be no bulk storage of tires within the facility.
4. No welding or painting work shall take place within the facility.
5. The Specific Use Permit may be subject to periodic review by the Planning and Zoning Commission or City Council to ensure the business is in compliance with all conditions stated herein.

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code No. 04-38 of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 7th day of February, 2011.

William R. Cecil, Mayor

NOTICE OF PUBLIC HEARING
CITY OF ROCKWALL, PLANNING & ZONING DEPARTMENT

PHONE: (972) 771-7745
EMAIL: PLANNING@ROCKWALL.COM

To Whom It May Concern:

You are hereby notified that the City of Rockwall Planning and Zoning Commission and City Council will consider the following application:

Case No. Z2014-033: Christian Brothers SUP Amendment

Hold a public hearing to discuss and consider a request by Amy and Mark Stehr for the approval of an amendment to Specific Use Permit (SUP) No. S-81 [Ordinance No. 11-05] to allow vehicles to be stored outside overnight in conjunction with an existing automotive repair garage on a 0.702-acre parcel of land identified as Lot 2, Rockwall Market Center South Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, the subject property is addressed as 129 E. Ralph Hall Parkway, and take any action necessary.

For the purpose of considering the effects of such a request, the Planning and Zoning Commission will hold a public hearing on **Tuesday, 11/11/2014 at 6:00 p.m.,** and the City Council will hold a public hearing on **Monday, 11/17/2014 at 6:00 p.m.** These hearings will be held in the City Council Chambers at City Hall, 385 S. Goliad Street.

As an interested property owner, you are invited to attend these meetings. If you prefer to express your thoughts in writing please return the form to:

JoDee Sanford
Rockwall Planning and Zoning Dept.
385 S. Goliad Street
Rockwall, TX 75087

You may also email your comments to the Planning Department at planning@rockwall.com. If you choose to email the Planning Department please include your name and address for identification purposes.

Your comments must be received by **11/17/2014** to ensure they are included in the information provided to the City Council.

Sincerely,

Robert LaCroix, AICP
Director of Planning & Zoning

To whom it may concern,

This letter is in regards to Christian Brothers Automotive requesting an Amendment to the zoning restrictions and allowance of having cars outside overnight. Christian Brothers Auto, as well as Amy and Mark Stehr, are outstanding citizens and business partners in this community. I have personally been involved in several community events that they have spearheaded such as Daddies and Daughter's Day and a Single Mother's Day. Both of these events were focused on education of our citizens and community involvement. In my opinion, Christian Brother's Auto is a wonderful business neighbor that works with the Home Depot and myself well and we have formed a solid relationship over the past few years working together. It is of my opinion that having cars outside of their facility will in no way negatively impact the area or the city. Christian Brothers maintains superior standards around cleanliness inside and outside of their business and I am positive they will not allow outside storage of a few cars alter their value on having a presentable business. If you have any questions or concerns please feel free to contact me. My cell number is 972-514-9501.

AUTUMN LEAVES™

BETTER MEMORY CARE. BY DESIGN.

11-13-14

To whom this may concern,

Autumn Leaves of Rockwall has a very good neighborly relationship with Christian Brothers Automotive. We have been neighbors since 2012 and have used each other's support in the past and will continue to do so in the future.

Autumn Leaves for Rockwall supports Christian Brothers Automotive with leaving their cars parked in the front or side of their building. We understand they are an automotive company and the owners have taken pride in keeping their property neat, clean and tidy for the public eye.

If you have any question or concerns, please give me a call Suzanne Withorn at 469-402-1883.

Sincerely,

Suzanne Withorn

To Whom It May Concern;

The letter is in behalf of Christian Brothers Automotive located at 129 E. Ralph Hall Parkway, Rockwall, TX, 75032.

As one of their neighbors for the last 2 years, we as a business have never seen parking as an issue at Christian Brothers. That includes cars they are currently working on or customers waiting for service.

Christian Brothers' reputation for cleanliness goes beyond expectation. They are completely professional in their quality of work and attention to detail of their property.

We, as the next door business are satisfied with Christian Brothers Automotive as a good neighbor.

Sincerely,

James Smith

HOMEBANK

October 30, 2014

To Whom It May Concern;

I work next door to Christian Brothers Automotive, LLC in Rockwall and have since they were built in 2012.

They have always kept their property immaculately clean. Their parking lot is never disheveled or unsightly. Any cars that are parked on their property are always in spaces. The parking lot is kept organized at all times. Their professionalism is so impressive that I personally have used them to service all the vehicles of my household.

They are great neighbors for all the businesses around.

Thank you for your consideration,

RE: Christian Brothers Automotive
129 E. Ralph Hall Parkway
Rockwall, TX 75032

I work at Homebank which is next door to Christian Brothers Automotive and have watched it thru our drive thru window since they built the building over two years ago.

They have always been great neighbors and I have never noticed any problems with the way they handle their business.

The property is always kept neat and the parking of cars seems to be no issue since they are all parked neatly in the spaces provided.

Sincerely,

TO WHOM IT MAY CONCERN

Re: Christian Brother's Automotive

Dear Sirs:

This letter is to notify you of the high regards we have for Mrs. Amy Stehr and the rest of her staff at Christian Brother's Automotive.

From day 1 she was a great neighbor and friend.

I have always noticed their parking lot and landscaping to always be in excellent condition.

Clean, neat and well maintained.

We never had any negative issues with their place of business.

Furthermore: They have been great supporters of our baseball program and the children in the community.

THANK YOU IN ADVANCE FOR YOUR TIME.

Best regards,

Leo Rodriguez

CHURCH

November 19, 2014

To Whom It May Concern:

I am writing in regards to Christian Brothers Automotive in Rockwall, Texas. I have the highest respect for this business and its employees. We recently partnered with them for a Father-Daughter event at Lake Pointe Church. They went above and beyond to help make our event a huge success. They networked us with another business in the community who played a significant role in our programming for the day. The employees gave of their time and expertise to come and teach our fathers and daughters how to care for their vehicle properly and change a tire (something every teenage girl should know!). The event exceeded our expectations and our church members are already asking for another one like it.

Amy Stehr, the owner and operator, is an absolute joy to work alongside. She is kind and generous. I believe she values the Rockwall community and seeks to make her customers feel valued. When we approached her about partnering with us for our event she was immediately excited because she saw the benefit not just for Christian Brothers, but for the relationship between dads and daughters also. Amy cares for people and uses her business as an avenue to make the lives of people better.

I am excited to partner with Christian Brothers in the future. As a member of the Rockwall community I am grateful for Christ-centered businesses that conduct themselves with integrity and honor the value of customer service. We are blessed to have Amy and her employees in our community!

Sincerely,

Rebecca Bradford

To Whom It May Concern:

We have a great relationship with Christian Brothers Automotive in Rockwall. Their shop is clean and they are professional in all our dealings. They regularly assist with our CARS Ministry program. They have assisted many families by providing discounted auto maintenance. They do a great job of helping single mothers by having an annual free oil change for the past three years. They also provide early morning drop off and night pick up to many of our members, which allow them to maintain their work schedule plus get their car taken care of. They have proven to be a good neighbor to all of us along Ralph Hall Parkway.

Sincerely,

John P. Wardell

Dear Sir or Madam,

This letter is in regards to the above referenced business. I use Christian Brothers Automotive to service my personal vehicles. I appreciate the convenience of being able to drop off or pick up my vehicles after hours. Their shop and parking lot are always clean. The staff is very friendly, professional, and courteous.

In my line of work, normal 8-5 hours are not possible. I am thankful to Christian Brothers Automotive for always being willing to work with me on my time. Their accommodations have made it easier for me to service the community and help those who need medical attention.

I ask that you please reconsider the changes that you are imposing on Christian Brothers Automotive and allow them to continue the afterhours open parking lot. This benefits the community in several ways.

Sincerely,

Jake K. Abbott, M.D.

November 17, 2014

To Whom It May Concern

I write on behalf of Christian Brothers Automotive Services located on Ralph Hall Parkway in Rockwall, Texas; concerning a pending City Ordinance that would restrict the overnight parking of vehicles in need of services/repairs on their premises.

As a residential neighbor to this business, my family and I have no objections and see no reason to deprive Christian Brothers Automotive Services permission to accept and park vehicles in need of services/repairs on its premises overnight.

I have come to value this added service provided by the Christian Brothers team; whereby, I am able to park my vehicle, and drop off the keys in a secured drop box. Enacting this City Ordinance will impact many vehicle operators who have come to rely on the expedient and effective service we receive from this business.

I pray that the Council will give due consideration to an alternative solution as opposed to the one that will negatively impact this growing community.

Thank you.

Amy Stahr
Christian Brothers Automotive
129 East Ralph Hall Parkway
Rockwall, Texas 75032

Dear Amy:

I am writing to you out of concern about the possibility that you will no longer be able to allow your customers to leave their vehicle parked at your shop overnight. As you know, I have had occasions when I needed to drop off my vehicle the night before so that you could start work early the next day to meet my schedule needs. This accommodation is important to meeting the needs of your customers. If I can be of assistance in making this need known to city regulators, please let me know.

Thank you for providing a clean and professional shop for my automotive needs. Your employees have always treated Sue and I with professionalism and courtesy, and that is important to me.

Amy, I also want to take this opportunity to thank you for the support Christian Brothers has given to Rockwall County Young Life ministry. I'm glad to report that Young Life continues to effectively and strategically minister to around 100 kids each week, with a core group of probably 40 to 50 that participates weekly. So, we are touching the lives of a lot more than just 100 kids.

Again, let me know if I can be of service to you.

Kindest regards,

Bob Almond

Amy & Mark Stehr,

I just wanted to let you know that your Christian Brothers location is such an asset to the community. Ever since I have been taking

my car there over the last 2 years, I am greeted with a smile and immediate attention. I feel comfortable in your warm atmosphere

and also knowing that I won't be overcharged or additional services will not be added for no reason.

In addition, you have contributed to my son's school Amy Parks for their annual Boosterthon Fundraiser. Thanks so much for your

donation.

Thanks,

Lisette Rothwell
(Christian Brothers Customer)

Blue Ribbon News

Christian Brothers Automotive & Lake Pointe Church offer free oil changes for single moms

ROCKWALL, TX. (October 8, 2014) Christian Brothers Automotive of Rockwall has partnered with Lake Pointe Church to perform free oil changes for single mothers throughout the area. The announcement is part of the company's goodwill service initiative and single mother's throughout the area to have their vehicles serviced free of charge. Appointments were scheduled in advance by Lake Pointe Church.

"We understand the challenges that mothers can face when caring for a child, or children, and we hope to be able to lend a helping hand to those in need and show our support for the single mothers in the community," said Amy Stehr, owner of Rockwall's Christian Brothers Automotive. "Christian Brothers Automotive cherishes the community and its members, and it is our mission to demonstrate our core values of honesty, integrity and reliability both in our shop and in the community. We look forward to seeing friendly faces from the community."
With its upscale home-charm décor, Christian Brothers Automotive has become a favorite car repair destination for the areas it serves, particularly among women who are used to the dirty, dingy image of auto shops and questionable practices.

"Historically, the automotive repair industry has been plagued by negative perceptions, and women are traditionally more hesitant about the car service experience because of the dishonesty often associated with the industry," added Stehr. "We exist to challenge the norm by insisting on quality, fairness and first-rate customer service at all times. And since women make up the majority of our customers, we go the extra mile to make them feel comfortable and at home."
Christian Brothers Automotive provides full-service automotive diagnostic testing and evaluation, maintenance programs and repair work for all domestic and foreign vehicles at each of their locations. All Christian Brothers Automotive facilities are staffed with automotive service excellence (ASE) certified technicians.

Rockwall Chamber recognizes Partner of the Month

Congratulations to Christian Brothers Automotive

October 1, 2013 – The **Rockwall Chamber** celebrates the achievements of local businesses and community organizations by featuring one outstanding business or organization each month. The Partner Spotlight of the Month is awarded to companies who have recognized and can demonstrate the added value of being a Chamber member. The Chamber has selected Christian Brothers Automotive as its September 2013 Partner Spotlight of the Month. Rob Grand-Lienard of SPM, Inc, a member of the Chamber Board of Directors, recognized Christian Brothers in a special video presentation, while last month's award winner, Tim Nichols of Nichols Wealth Management, handed off the traveling trophy.

"We joined the Rockwall Area Chamber of Commerce when we opened the shop in the first part of 2012. From the start it was obvious this group was different than most," said Amy Stehr, who owns the automotive repair shop along with her husband, Mark. "The entire Chamber staff is professional and welcoming. The Chamber has offered us many great opportunities, including participating as a sponsor of the Chick-fil-A LeaderCast event and the League of Their Own Partnership Campaign. We have enjoyed meeting some great people and wonderful speakers at the monthly Partnership Luncheons. We are honored to be recognized as a Partner Spotlight of the Month!"

Christian Brothers Automotive is located at 129 E. Ralph Hall Parkway (behind Home Depot). The shop is nearly 5,000 square-feet. With years of experience in the non-profit sector and as a business consultant, Amy assumes the on-site manager role, running day-to-day operations, while Mark uses his 30 years of experience in the automotive field to support technical issues as needed.

"Historically, the automotive repair industry has been plagued by negative perceptions, and women are traditionally more hesitant about the car service experience because of the dishonesty often associated with the industry," said Amy. "Christian Brothers Automotive exists to challenge the norm by providing high-quality, first rate customer service at all times, making everyone feel comfortable and at home."

Christian Brothers Automotive provides full service automotive diagnostic testing and evaluation, maintenance programs and repair work for all domestic and foreign vehicles including models such as Mercedes, BMW and Volvo. The facility is staffed with automotive service excellence (ASE) certified technicians and a German Car Specialist.

"We want to be the light in our community where customers can depend on us for their automotive needs," said Amy. "Christian Brothers Automotive is about educating our guests about their vehicles and how to keep their investment running optimally for as long as possible. We don't believe in hard sell tactics or forcing a customer to purchase additional services exceeding their vehicles' diagnosis. We pride ourselves on our business practices and becoming a go-to source for all community members who may have questions or concerns about their automobile."

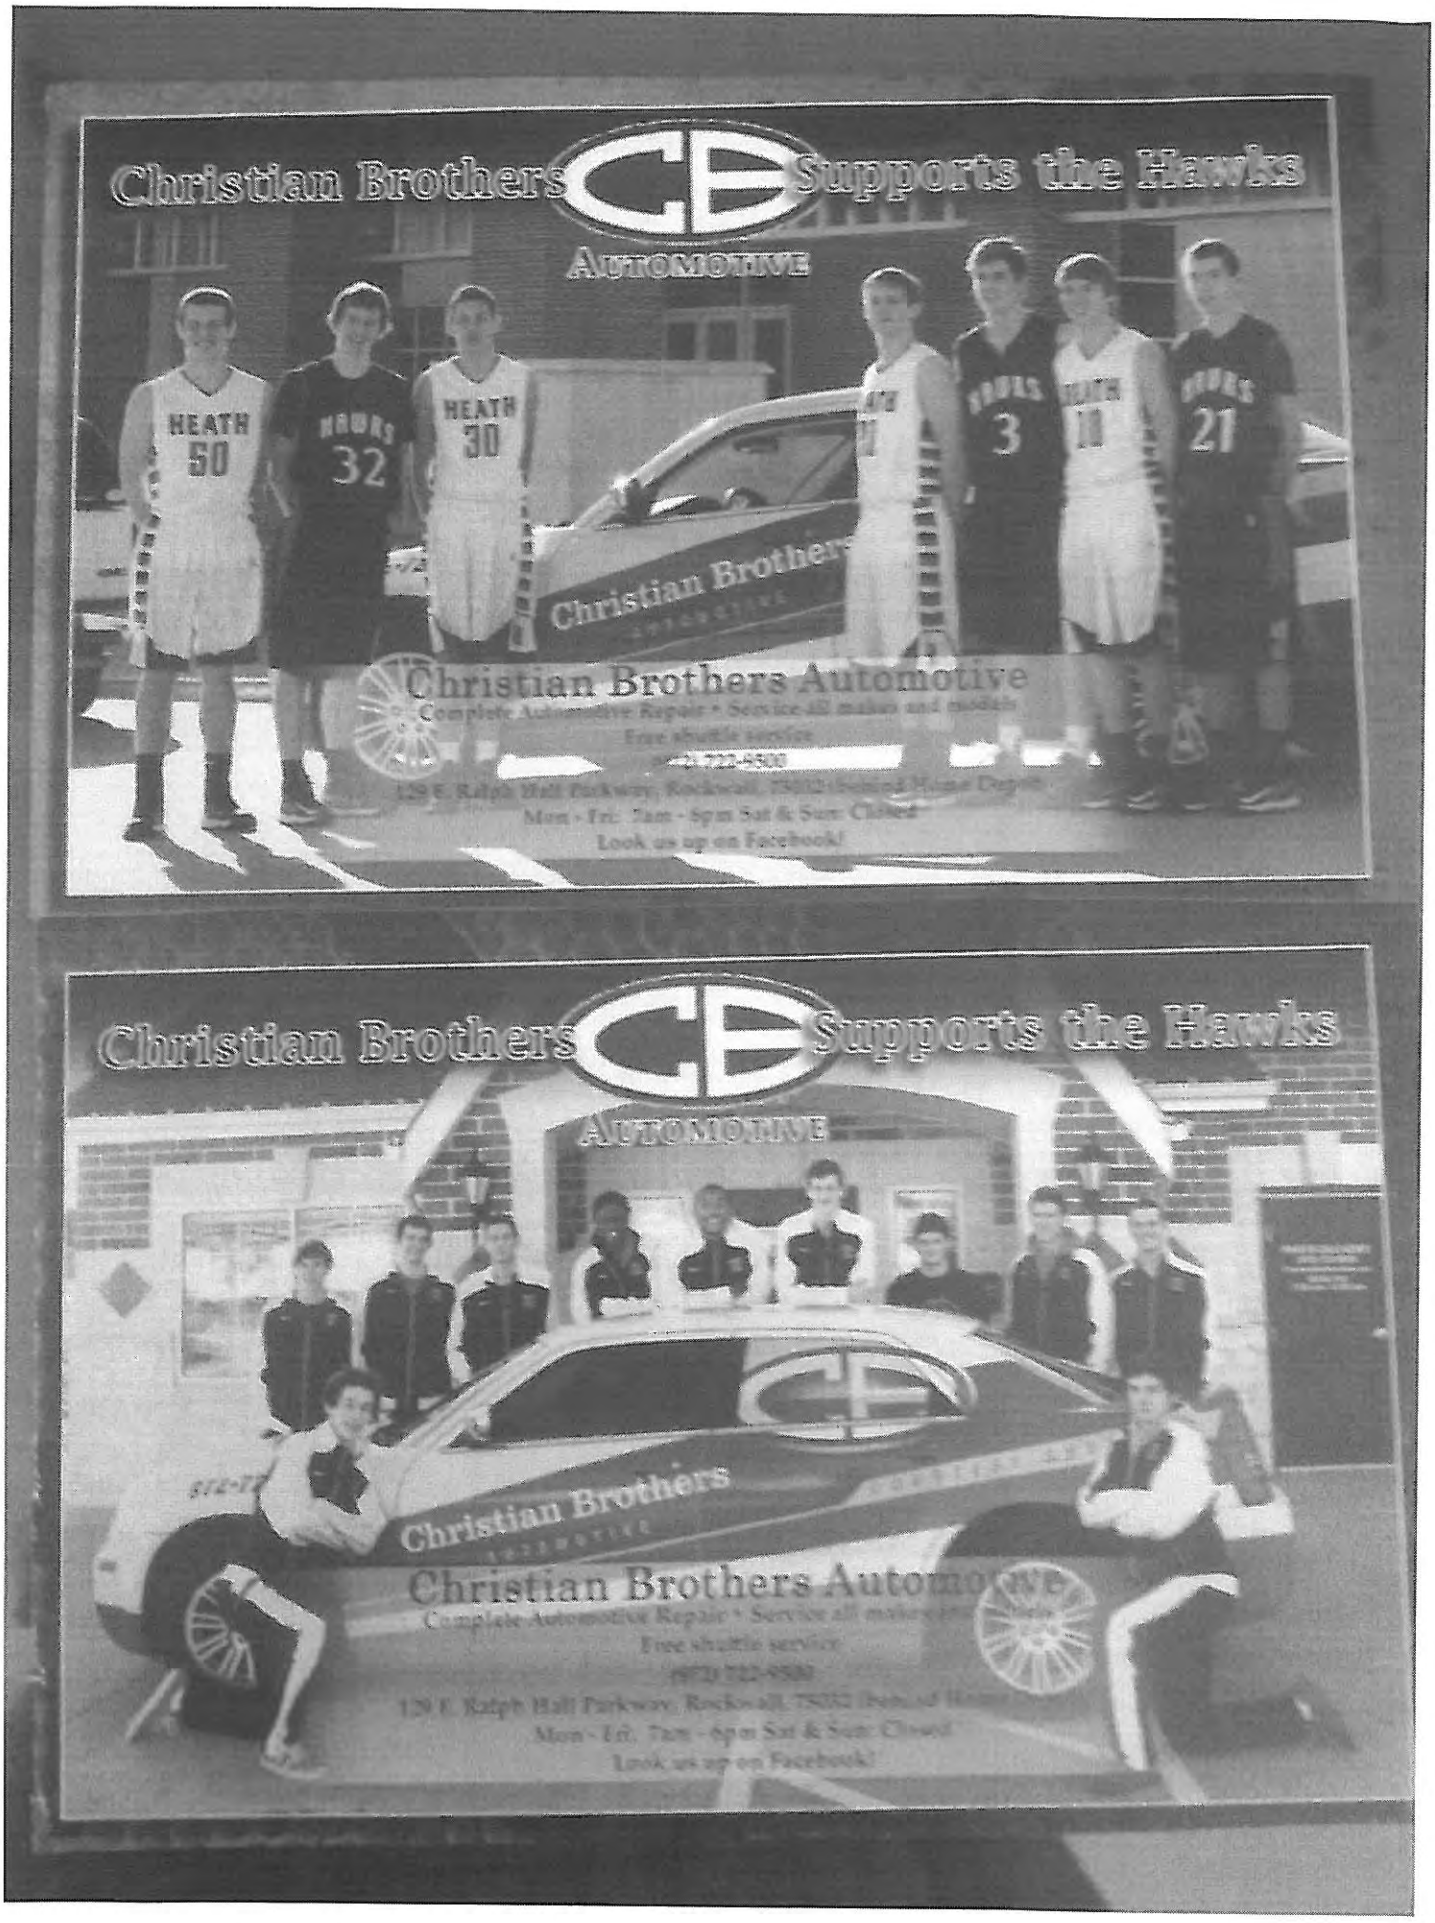
Rockwall Art League Fine Art Show winners recognized

Best in Show goes to Laura Antony.



ROCKWALL, TX (October 6, 2014) The Rockwall Art League's Fine Art Show drew a steady crowd of art enthusiasts, buyers, friends, family and community members this weekend at Rockwall Rotary Hall. Many local businesses stepped up to provide door prizes and sponsor the awards, which were presented by Rockwall Mayor David Sweet on Saturday evening.

Nationally recognized, award-winning artist Rusty Jones judged the Show, following in the footsteps of Nancy Boren, Cecy Turner, Andrew Wages, John Pototshnik, Sharon Serrago and other accomplished artists and judges. Cash awards were presented for Best of Show, Oil, Acrylic, Water Media, Drawing, Photography, and Mixed Media/3-Dimensional. The People's Choice Award, sponsored by RAL, gave visitors a chance to vote on their favorite piece of artwork. An Honorable Mention was also recognized in each category.

Darlene Dittoe and Thom Loafman served as co-chairs of the 2014 event. Sales of artwork supported RAL's Tom Collins Memorial Fine Art Scholarship, which is given annually to a Rockwall graduating senior.

Award sponsors included Texas Health Presbyterian Hospital Rockwall, Milestone Electric, Lakeside National Bank Rockwall, Community Bank of Rockwall, North Texas Appliance, American National Bank, Toyota of Rockwall, Lake Pointe Medical Center, Local Cremation, Heritage GMC Buick Rockwall and Christian Brothers Automotive in Rockwall.

Businesses donating door prizes included Milestone Electric, Christian Brothers Automotive, Candles by Carol, Zanata, Olive Garden, On the Border, Chiloso's, Firehouse Subs and Edible Arrangements. Special thanks to The Flower Box for donating the centerpiece for the reception. Blue Ribbon News served as the media sponsor.

CITY OF ROCKWALL

ORDINANCE NO. 14-___

SPECIFIC USE PERMIT NO. S-

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO AMEND A SPECIFIC USE PERMIT (SUP) NO. S-81 [ORDINANCE NO. 11-05] TO ALLOW VHICLES TO BE STORED OUTSIDE OVERNIGHT IN CONJUNCTION WITH AN EXISTING AUTOMOTIVE REPAIR GARAGE WITHIN A COMMERCIAL (C) DISTRICT ON A 0.702-ACRE TRACT OF LAND IDENTIFIED AS LOT 2, ROCKWALL MARKET CENTER SOUTH ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Amy and Mark Stehr for the approval of an amendment to Specific Use Permit (SUP) No. S-81 [Ordinance No. 11-05] to allow vehicles to be stored outside overnight in conjunction with an existing automotive repair garage on a 0.702-acre parcel of land identified as Lot 2, Rockwall Market Center South Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 129 E. Ralph Hall Parkway; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Unified Development Code of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to amend a Specific Use Permit (SUP) No. S-81 [Ordinance No. 11.05] to allow vehicles to be stored outside overnight in conjunction with an existing automotive repair garage on a 0.702-acre parcel of land identified as Lot 2, Rockwall Market Center South Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 129 E. Ralph Hall Parkway; and

Section 2. That the Specific Use Permit shall be subject to the conditions set forth in **Section 4.5, *Commercial (C) District*, of Article V, *District Development Standards*, of the City of Rockwall Unified Development Code (Ordinance No. 04-38)** as heretofore amended and as may be amended in the future, and shall be subject to the additional following conditions and definitions.

1. Vehicles may be stored outside in the six (6) parking spaces on the north side of the building (shown in Exhibit "A") for a maximum 72 hour period.
2. No equipment, parts or inventory shall be stored outside overnight.
3. There shall be no bulk storage of tires within the facility.
4. No welding or painting work shall take place within the facility.
5. The Specific Use Permit may be subject to periodic review by the Planning and Zoning Commission or City Council to ensure the business is in compliance with all conditions stated herein.

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE ____ DAY OF _____, 2014.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Ashberry, City Secretary / Assistant to the City Manager**

DATE: **November 25, 2014**

SUBJECT: **Proposals for designating newspaper of record**

The city has been utilizing the Rockwall County News as our newspaper of record for a number of years. However, according to Article XI., Sec. 11.02 of the city charter,

> *The City Council must designate annually a newspaper of general circulation in the City to serve as newspaper of record. All ordinances, notices and other matters required by this Charter, City ordinance, or the Constitution and laws of the State of Texas must be published in the newspaper of record.*

Several weeks ago, a letter requesting proposals was sent to the following newspapers: Rockwall County News, the Royse City/Rockwall Herald Banner, and the Dallas Morning News/Neighbors Go. Respondents were asked to (1) confirm that they meet the statutory requirements to be designated as our newspaper of record, and (2) send quotes on what they would charge for various types of publications. Three exhibits were initially sent – one notice of bond election; one ordinance caption; and one request for proposals ad). They were also asked to submit pricing information. Once staff received and began comparing the replies, it was noted that all respondents assess fees differently (i.e. by word; by column inch; by line, etc.). Therefore, in an effort to glean more "sample data" on fees charged, staff sent a subsequent letter with more sample publications (P&Z public hearing notices; bid proposal ad; notice of intent to issue COs; surplus unclaimed property sale; and notice of tax rate). Each newspaper respondent was asked to not only quote on these exhibits but also submit information concerning their subscriptions in Rockwall and their publication deadlines. All newspapers have asserted that they do meet the statutory requirements.

Staff has assimilated all responsive information into the attached spreadsheet for the city council to review. City Attorney Frank Garza will be present at the December 1st meeting to answer any questions the council may have related to statutory requirements regarding newspapers of record, and staff will be available to answer any general questions the council may have.

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Ashberry, City Secretary / Assistant to the City Manager**

DATE: **November 25, 2014**

SUBJECT: **Art Review Team (ART) Commission appointments (5)**

The council recently adopted an ordinance making changes to the previously established composition of the city's Art Review Team (ART Commission). The updated provisions regarding its composition are as follows:

(a) (1) The art review team (ART) commission shall consist of five members, who shall all be "interested citizens" appointed by the city council. All team members should possess knowledge of or have an interest in contemporary, visual art, artistic principles and art media.

- *a. The art review team (ART) commission shall consist of **five regular members appointed by a majority of the city council**. A staff liaison will be appointed by the city manager.*
- *b. In the case of a vacancy of the commission, the city council, by a majority vote, may appoint a replacement member to the commission. Any person appointed shall serve until the expiration of the term of office of the vacated position.*
- *c. Each member of the commission shall be a resident citizen and qualified voter of the city.*
- *d. Upon the initial appointment of the commission by the city council, members shall draw lots for three two-year terms and two one-year terms of service. Thereafter, the term of office of members of the commission shall be for two years. Members may be removed, as determined by the city council.*
- *e. Members shall serve without compensation.*

The two city council members assigned to oversee review of applicants and make recommendations to the full council concerning appointments to this commission are Councilmember Milder and Mayor Sweet.

Boards & Commissions Appointments

(Updated for 12/1/14 City Council Meeting)

2 year appointments to end of August 2016 unless otherwise noted

To: Chief Poindexter
From: BC Merritt
Re: October 2014 Structure Fire Report.
Date: November 14, 2014

206 S. Clark

We responded to a report of a Structure fire on October 30, 2014. The first unit on scene reported smoke showing from the eve of the house. Upon further investigation flames were reported showing from the rear of the house. Firefighters made a quick attack of the fire from the back door and were able to contain the fire to the kitchen area of the house. Two dogs and 1 cat were removed from the smoke filled house by firefighters. The structure suffered moderate damage due to the smoke and fire. No firefighter injuries were reported on this incident.

Dispatch time: 12:03.26
Enroute time: 12:04.33
On scene time: 12:06.09
Clear time: 13:25.25

4 men on scene 12:07.37
8 men on scene 12:09.58

We had a total of 6 on duty Firefighters, 7 Volunteers, 3 Investigators, 2 Chiefs and 4 apparatus on this incident.

Kristy Ashberry, City Secretary — Date Removed

Jacky Casey, Assistant Secretary

Proclamation

Rockwall, Texas

Whereas, Rockwall County Helping Hands lifts up neighbors by providing greater access to the essentials of life, thereby making Rockwall a better place; and

Whereas, the agency is managed and funded locally, providing resources for a variety of local needs, including disaster response donations management and other related assistance; and

Whereas, donations to the Helping Hands Centsible Thrift Store & Boutique go to support neighbors in crisis, serving more than 10,000 Rockwall area residents through its food, shelter, health, Assistance and Referral programs; and

Whereas, 24,000 bags of food have been provided this year with over 300 families receiving Thanksgiving food baskets and more than 3,000 toys being distributed for children at Christmastime; and

Whereas, Helping Hands has offered health care as part of its operation since the year 2000, with over a 1,000 vaccines and lab tests provided annually to healthcare center patients; and

Whereas, twenty-five years of strong leadership from the Executive Director have consistently lifted up neighbors in need and helped the advantaged find meaningful ways to volunteer, support and serve their neighbors and their community.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim Monday, December 15, 2014 as

HELPING HANDS APPRECIATION DAY

in the City of Rockwall and encourage all citizens to applaud this organization for its numerous acts of service, generosity and kindness which benefit our neighbors in need.

In Witness Whereof, I hereunto set my hand and official seal this 15th day of December, 2014.

Proclamation

Rockwall, Texas

Whereas, for many years Tammy Sharp has owned a business in historic downtown Rockwall, has served as Secretary of the Downtown Merchants Association and has been actively involved in the Old Town Shoppes Association; and

Whereas, Tammy had a long-term vision for several years to host a local, fun-filled Christmas celebration downtown to include free or low cost events for Rockwall families and visitors; and

Whereas, as part of Tammy's vision, she aimed to combine Rockwall County's "TisChristmas Time" event, the city's annual Christmas Tree Lighting ceremony, the Kiwanis Parade and various downtown holiday festivities into one, single-day event;

Whereas, this year, after extensive collaboration with numerous organizations including Rockwall County, the City of Rockwall, the Rockwall Main Street Program, Friends of Downtown, the Downtown Merchants Association, Rockwall Kiwanis, and others, Tammy's efforts came to fruition; and

Whereas, on December 6, 2014, the first annual "Hometown Christmas Celebration" was held in and around the downtown Rockwall area, and it proved to be a large success.

Now, Therefore, I, David Sweet, Mayor of the City of Rockwall, Texas, do hereby proclaim Monday, December 15, 2014 as

TAMMY SHARP RECOGNITION DAY

in the City of Rockwall and encourage all citizens to applaud Tammy's work and efforts toward helping provide a quality, "win-win" holiday event for organizers, business and families alike.

In Witness Whereof, I hereunto set my hand and official seal this 15th day of December, 2014.

David Sweet, Mayor

MINUTES
ROCKWALL CITY COUNCIL
Monday, December 01, 2014
4:00 p.m. Regular City Council Meeting
City Hall - 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 4:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem Jim Pruitt and Council Members David White, Mike Townsend, Bennie Daniels and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs and City Attorney Frank Garza. Councilmember Milder was absent from the meeting.

Mayor Sweet read the below listed items into the public record before recessing the meeting into Executive Session at 4:01 p.m.

II. EXECUTIVE SESSION.

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding Economic Development incentives, procedures and possible projects pursuant to Section 551.087 (Economic Development).
2. Discussion regarding appointment to fill city council member vacancy in accordance with City Charter provisions pursuant to Section 551.074 (Personnel Matters).
3. Discussion regarding appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Board of Adjustments, and the Rockwall Economic Development Corporation pursuant to Section 551.074 (Personnel Matters).
4. Discussion regarding incentives to tenured employees and possible legal issues pursuant to Section 551.074 (Personnel Matters) and Section 551.071 (Consultation with Attorney).

III. ADJOURN EXECUTIVE SESSION

Executive Session was adjourned at 5:45 p.m.

IV. RECONVENE PUBLIC MEETING (6:00 P.M.)

Mayor Sweet reconvened the public meeting at 6:00 p.m. with six of the seven city council members present (Milder was absent from the meeting).

V. TAKE ANY ACTION AS A RESULT OF EXECUTIVE SESSION

Mayor Pro Tem Pruitt made a motion to appoint John Hohenshelt to fill the Place 2 City Council member vacancy to take effect immediately following the December 15, 2014 city

council meeting (agenda). Councilmember Townsend seconded the motion, which passed by a vote of 6 ayes with 1 absent (Milder).

Mayor Pro Tem Pruitt made a motion to reappoint Gary Bunch to serve an additional term on the Rockwall Economic Development Corporation (REDC) board (term will begin January 1st and run through December of 2017). Councilmember Townsend seconded the motion, which passed by a vote of 6 ayes with 1 absent (Milder).

Mayor Pro Tem Pruitt made a motion to appoint Matthew Nielsen and Dale Cherry to serve on the Rockwall Economic Development Corporation (REDC) board with the understanding that terms for both members will begin January 1, 2015 (and run through December of 2017). Councilmember Lewis seconded the motion, which passed by a vote of 6 ayes with 1 absent (Milder).

Mayor Pro Tem Pruitt made a motion to appoint Annie Fishman to serve on the city's Planning and Zoning Commission (to fill vacancy left by Matthew Nielsen; this partial term appointment will begin January 1, 2015 and run through August of 2017). Councilmember Townsend seconded the motion, which passed unanimously of council present (Milder absent).

Mayor Pro Tem Pruitt made a motion to appoint G. David Smith to the city's Board of Adjustments effective immediately (Mr. Smith will replace former member, Jennifer Willis, for a partial term running through August of 2016). Councilmember Townsend seconded the motion, which passed unanimously (Milder absent).

Mayor Pro Tem Pruitt made a motion to appoint the following individuals to the city's Building and Standards Commission: Tobye Kernan, Jim Turner and Bryan Oney (all partial term appointments replacing outgoing board members and running through August of 2016). Councilmember Lewis seconded the motion, which passed unanimously (Milder absent).

Mayor Pro Tem Pruitt made a motion to direct the city manager to offer voluntary retirement incentives to qualified tenured employees per direction given in Executive Session. Councilmember Townsend seconded the motion, which passed by a vote of 6 ayes with 1 absent (Milder).

VI. INVOCATION AND PLEDGE OF ALLEGIANCE – COUNCILMEMBER DANIELS

Councilmember Daniels delivered the invocation and led the Pledge of Allegiance.

VII. OPEN FORUM

David Eason
202 Interurban
Rockwall, TX

Mr. Eason came forth and suggested that the council consider city research and development to explore new ideas, creative thinking and planning related to things such as energy efficient homes that are self-heating.

VIII. CONSENT AGENDA

1. Consider approval of the minutes from the November 17, 2014 regular city council meeting, and take any action necessary.

2. **Z2014-027** - Consider approval of an **ordinance** for a City initiated zoning request for a text amendment to Article II, Authority and Administrative Procedures, Article IV, Permissible Uses, and Article V, District Development Standards, of the Unified Development Code [Ordinance No. 04-38] for the purpose of modifying various sections of the code, and take any action necessary. **(2nd Reading)**

3. **P2014-039** - Consider a request by Juan J. Vasquez, PE of Vasquez Engineering, LLC on behalf of James R. Thompson of Cavender Investment Properties E, LTD for the approval of a final plat for Lot 1, Block 1, Cavender's Addition being a 3.27-acre tract of land identified as Tract 9-4 of the J. Lockhart Survey, Abstract No. 134, City of Rockwall, Rockwall County, Texas, zoned Light Industrial (LI) District, situated within the IH-30 Overlay (IH-30 OV) District, located on the south side of the E. IH-30 Frontage Road west of Corporate Crossing [FM-549], and take any action necessary.

4. **P2014-040** - Consider a request by Cliff Lewis of Scott Lewis Custom Homes on behalf of Todd Winters, PE of Engineering Concepts and Design for the approval of a replat for Lot 8, Block 1, Horizon Ridge Addition being a 1.238-acre parcel of land currently identified as Lot 6, Block 1, Horizon Ridge Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, located north of the intersection of Ralph Hall Parkway and Horizon Road [FM-3097], and take any action necessary.

5. Consider authorizing City Manager to enter into a contract with Cambridge Fence for the installation of new fence at Tuttle Athletic Complex in the amount of $39,000 to be funded out of the Recreational Development Fund, and take any action necessary.

Councilmember Lewis made a motion to approve the entire Consent Agenda (#1, 2, 3, 4 and 5). Councilmember White seconded the motion. The ordinance was read as follows:

CITY OF ROCKWALL

ORDINANCE NO. 14-52

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED, BY AMENDING SECTION 13.2 OF ARTICLE II, *AUTHORITY AND ADMINISTRATIVE PROCEDURES*; SECTIONS 1.1 & 2.1.8 OF ARTICLE IV, *PERMISSIBLE USES*; AND SECTIONS 4.1 & 5.1, *DISTRICT DEVELOPMENT STANDARDS*; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed by a unanimous vote (6 ayes with 1 (Milder) absent).

IX. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Craig Renfro, Chair of the Planning & Zoning Commission, came forth and briefed the council on recommendations of the Commission relative to the one Public Hearing item on tonight's city council meeting agenda (Z2014-033). He explained that the applicant owns an automotive repair garage and originally requested the ability to utilize eleven (11) parking spaces on the East side of the building as well as six (6) parking spaces located at the rear of the building (North side) for outside parking and storage of up to seventeen (17) vehicles overnight. The P&Z Commission has recommended approval of the use of six (6) parking spaces for overnight parking / storage of vehicles on the North side of the subject property. They have also recommended that the vehicles have a maximum of seventy-two (72) hours associated with parking of each, individual vehicle. This recommendation was approved by a vote of 4 in favor with 2 against (Renfro and Jusko) and 1 absent (Nielsen). No action was taken by council at this time.

X. PUBLIC HEARING ITEMS

1. **Z2014-033** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Amy and Mark Stehr for the approval of an amendment to Specific Use Permit (SUP) No. S-81 [Ordinance No. 11-05] to allow vehicles to be stored outside overnight in conjunction with an existing automotive repair garage on a 0.702-acre parcel of land identified as Lot 2, Rockwall Market Center South Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, the subject property is addressed as 129 E. Ralph Hall Parkway, and take any action necessary. **(1st Reading)**

Planning Director Robert LaCroix provided background information related to this agenda item, explaining that this request involves council consideration to amend an existing SUP that has been in place since 2011. He explained that this is an automotive repair garage (Christian Brothers). It is located in a commercial district near Home Depot and is surrounded by an Alzheimer's/nursing facility and a bank. He generally explained that the applicant is requesting to utilize some of their outside parking spaces to store vehicles overnight. He clarified that two of the eleven spaces on the East side of the building are handicap parking spaces, so essentially the applicant would likely regularly utilize only nine of those eleven spaces. He explained that this particular store was originally proposed by the corporate office, and they were ok with the SUP restrictions pertaining to no outside storage of vehicles overnight because they did not anticipate this Rockwall store would perform as well as it has. He further explained that the corporate office has indicated this particular store in Rockwall is doing very well and is among the top producers of stores statewide. P&Z held a public hearing with fifty-five notices being sent out to properties within five hundred feet, and one HOA (Lyndon Park Homeowners Association) being notified. Three notices were received back in favor with no notices being received back in opposition. The Planning and Zoning Commission has recommended approving six parking spaces on the North end of the property to be

utilized for outside, overnight storage of vehicles with a maximum of seventy-two (72) hours associated with overnight parking of each vehicle in those six spaces. Mayor Pro Tem Pruitt asked if the city has had any history of violations associated with the existing SUP at this location. Mr. LaCroix indicated that staff did begin observing some instances of violations associated with the outside, overnight parking limitations in about August or September of this year. Councilmember Lewis inquired about if the number of parking spaces at this business is sufficient if some of them are being utilized for storing vehicles. Mr. LaCroix indicated that the number of spaces does seem to be sufficient for the business at this time.

Councilmember Daniels asked Mr. LaCroix to clarify how this particular request compares to the recent request made by another minor automotive repair-related business located on Ridge Road. Mr. LaCroix explained that that particular applicant had about seven spaces located at the rear of the building; however, that other business had a circulation issue related to ingress and egress of vehicles. Also, there is no fire lane at the other location, and it already lacked adequate parking spaces for employees and customers. Chief Mark Poindexter clarified that at the Christian Brothers, the fire lane is adequate, and no vehicles would be allowed to be parked in it.

Mayor Pro Tem Pruitt clarified that the matter at hand in both this instance and the recent, previous case, is related to outside overnight storage of vehicles.

Mayor Sweet opened the public hearing and called the applicant forth.

Amy and Mark Stehr
129 E. Ralph Hall Parkway
Rockwall, TX 75032

She introduced her service manager, Pat Brewer, and her husband, Mark.

Mrs. Stehr came forth and introduced herself, explaining a little bit about her company, including the following: her and her husband own and operate this business on a daily basis; they are a Christian-based company; they pride themselves in providing honest and ethical car repairs; they employee seven employees including three master technicians, they are a member of the Chamber of Commerce and they support and give back to the community in various ways. Mrs. Stehr went on to share comments made in various letters of support for her request for outside, overnight storage of vehicles. She further explained that they are requesting an amendment to their existing SUP on the "base side parking side" (east side of the building across from the garage bay doors – has nine regular spaces and 2 handicap spaces) to allow for vehicles to be parked overnight in these parking slots for no more than a forty-eight (48) hour period. This will allow her company to continue offering after hours vehicle drop off and pick-ups to customers. She suggested the council consider allowing them to screen outside vehicles being stored by planting mature, pampas grass. Mrs. Stehr pointed out several comments that surrounding business and residential neighbors have offered related to her business, including its cleanliness and how well the property is kept. She explained that, if approved, she will hire a professional landscaper to design and install the pampas grass she proposes to utilize in order to screen vehicles that would be stored overnight in these nine bay side parking slots.

Mayor Pro Tem Pruitt pointed out that very recently the council disapproved a request for a variance to an SUP related to granting overnight parking at the rear of a building that would have been screened entirely from street view. Pruitt clarified the city's Planning & Zoning recommendations related to this request being considered tonight. Pruitt asked the applicant if she would still like to have the six spaces approved on the end (north side) of the building if the nine bay side (east side) parking spaces are not approved for overnight storage of vehicles. Mrs. Stehr indicated that, yes, they would still like approval for overnight parking in those spaces regardless.

Mr. LaCroix indicated that ongoing, outside storage of vehicles overnight is generally not allowed in commercial districts, including these types of businesses. He explained that these types of commercial businesses are intended to be "minor repair automotive" businesses, offering "in and out" type services such as oil changes or tire rotations. Mr. LaCroix explained that, according to the corporate office, which was the original applicant when the SUP was first established in 2011, Christian Brothers does not typically do major repairs or have outside overnight storage of vehicles. He also explained that, years ago in the 1980s, some SUP ordinances did permit outside, overnight vehicle storage, but it had to be screened, and the city has since moved further away from allowing those types of uses.

Councilmember White asked staff for clarification concerning outside parking at some other, local businesses of a similar nature such as Jackson Automotive, Horizon, Marlyn Robert's shop, Jim & Deans, and Archer's. Mr. LaCroix indicated that the city did grant approval to Archers, for example, to allow for outside storage of vehicles overnight for up to 48 hours. Brief comments were offered by White concerning the spirit of the ordinance as it was originally enacted.

Mayor Sweet asked if anyone else in the audience would like to come forth and speak during this Public Hearing.

Mr. Freddie Jackson
1812 Bristol Lane
Rockwall, TX

Mr. Jackson came forth and asked the council how allowing storage of these vehicles outside overnight at this particular location might affect other, similar, small businesses elsewhere in the city.

There being no one else in the audience wishing to come forth and speak, Mayor Sweet then closed the public hearing.

Councilmember White made a motion to approve Z2014-033 and the associated Planning & Zoning Commission recommendation (allowing the use of the six parking spaces on the north of the building for outside, overnight storage) but with the stipulation that no vehicle will be allowed to be stored outside for longer than 48 hours. Councilmember Lewis seconded the motion. Mayor Pro Tem Pruitt indicated that he did not know that Archer's has a similar 48-hour variance in their SUP for outside, overnight storage of cars. Furthermore, he does not believe the proposed screening (tall pampa grass) will sufficiently screen the vehicles being stored overnight. He is also concerned that other small businesses of a similar nature may come forth in the future to make similar requests for outside, overnight storage of vehicles in their business' parking lots.

Councilmember Townsend explained that he had a problem with Christian Brothers original request (for the seventeen spaces); however, he generally agrees with the Planning & Zoning Commission's recommendation to allow for the six spaces on the north side of the building.

Mayor Sweet indicated he believes the applicant went about her request in a logical, active, business-like way, including gleaning feedback from nearby residents, business and members of the community. He believes these sorts of requests are to be handled on a case-by-case basis.

After brief comments, the ordinance was read as follows:

CITY OF ROCKWALL
ORDINANCE NO. 14-___
SPECIFIC USE PERMIT NO. S-

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO AMEND A SPECIFIC USE PERMIT (SUP) NO. S-81 [ORDINANCE NO. 11-05] TO ALLOW VHICLES TO BE STORED OUTSIDE OVERNIGHT IN CONJUNCTION WITH AN EXISTING AUTOMOTIVE REPAIR GARAGE WITHIN A COMMERCIAL (C) DISTRICT ON A 0.702-ACRE TRACT OF LAND IDENTIFIED AS LOT 2, ROCKWALL MARKET CENTER SOUTH ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

The motion passed unanimously of council (Milder absent).

XI. ACTION ITEMS

1. Discuss and consider proposals regarding designating the city's newspaper of record, and take any action necessary.

City Attorney Frank Garza briefed the council on State laws concerning selecting an official newspaper of record for a city. He then explained the criteria that a city must consider when selecting a newspaper of record. He further explained that all of the newspapers that submitted proposals to the city secretary do meet these qualifications under state law criteria. City Secretary Kristy Ashberry then provided a briefing to the council concerning the methodology utilized

Mayor Sweet reiterated that all of these responding newspapers are legally sound and fit the requirements. City Attorney Frank Garza confirmed that all four newspapers do meet the requirements.

Mayor David Sweet then made a motion to designate the Royse City/ Rockwall County Herald Banner as the newspaper of record for the City of Rockwall. Mayor Pro Tem Pruitt seconded the motion.

Councilmember Lewis asked if this particular newspaper's deadline is acceptable. Mr. Crowley indicated that, yes, it is okay.

Councilmember Townsend sought clarification regarding the pricing for the Royse City /Rockwall County Herald Banner. Ms. Ashberry explained that this newspaper will publish our notices in the Royse City Herald Banner at a cost of $10 per column inch and will also publish them in the Rockwall County Herald Banner "free of charge," but the city will be responsible for paying the $10 per column inch fee regardless.

Mayor Pro Tem Pruitt sought clarification regarding if the prices being quoted are negotiable and if the council is being asked to approve the pricing as well. Mr. Garza clarified that the council is only being asked at this time to select which newspaper they would like to designate as the official newspaper of record. Mr. Garza explained that, under state law, a newspaper of record is only allowed to charge the city the lowest legal rate that they currently charge any one of their current customers. Additional explanation ensued related to the methodology staff utilized to glean estimated pricing from the various, responding newspapers, keeping in mind that all of the newspapers have a different pricing methodology (per line, per column inch, per word, etc.).

Mayor Pro Tem Pruitt asked if the city is free, at any time, to change our designated newspaper of record, if, for example, it is discovered that one of the other newspapers has a cheaper rate. Mr. Garza indicated that the city may change its designation at any time; however, it must designate a newspaper of record at least once per year.

After additional, brief comments, the motion passed by a vote of 6 in favor with 1 absent (Milder).

2. Discuss and consider appointments to city advisory boards, including the Architectural Review Board, Main Street Advisory Board, and Art Review Team (ART) Commission, and take any action necessary.

Mayor Pro Tem Pruitt made a motion to appoint Adan Tovar to serve on the city's Architectural Review Board (ARB) (replacing former member, Michael Johnston, for a partial term to expire in August 2016). Councilmember White seconded the motion, which passed unanimously of those present (Milder absent).

Mayor Pro Tem Pruitt made a motion to reappoint Sarah Freed to serve an additional term on the Main Street Advisory Board (term will expire January 2017). Councilmember White seconded the motion, which passed unanimously of those present (Milder absent).

Mayor Pro Tem Pruitt made a motion to appoint Kevin McCormick and Toni Waldrop to brand new terms on the city's Main Street Advisory Board (terms will begin January 1, 2015 and run through January 2017). Councilmember White seconded the motion, which passed unanimously of those present (Milder absent).

Mayor Sweet indicated that appointments related to the city's ART Review Team Commission will be placed on the December 15, 2014 council meeting agenda for consideration.

XII. CITY MANAGER'S REPORT TO DISCUSS CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports
Building Inspections Monthly Report - October 2014
Fire Department Monthly Reports - October 2014

Harbor PD Monthly Report - October 2014
Internal Operations Department Monthly Report - October 2014.
Police Department Monthly Report - October 2014
Recreation Monthly Report - October 2014
Rockwall Animal Adoption Center Monthly Report - October 2014

2. City Manager's Report

City Manager Rick Crowley reminded the city council about the Saturday, December 6 Christmas Tree Lighting ceremony and associated activities which will take place in and around the downtown area all day and into the evening. San Jacinto is almost all the way complete (95 percent) at this time as far as construction is concerned, and some holiday decorations are being put up at this time. Aaron Dobson, an existing Parks & Rec staff member, has been named as the replacement for Russell Lawrence to serve as the city's Parks Superintendent. Additional changes and promotions in that particular city department are forthcoming in the coming week. The land proposals authorized at the last council meeting have been sent out. Mr. Crowley indicated that City Hall will be closed on December 25 and 26 for the Christmas holiday in accordance with city policy.

The City council did not reconvene in Executive Session following the close of the public meeting agenda.

XIII. EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding Economic Development incentives, procedures and possible projects pursuant to Section 551.087 (Economic Development).

2. Discussion regarding appointment to fill city council member vacancy in accordance with City Charter provisions pursuant to Section 551.074 (Personnel Matters).

3. Discussion regarding appointments to city regulatory boards, commissions, and committees including the Building and Standards Commission, Board of Adjustments, and the Rockwall Economic Development Corporation pursuant to Section 551.074 (Personnel Matters).

4. Discussion regarding incentives to tenured employees and possible legal issues pursuant to Section 551.074 (Personnel Matters) and Section 551.071 (Consultation with Attorney).

XIV. RECONVENE PUBLIC MEETING & TAKE ANY ACTION AS RESULT OF EXECUTIVE SESSION

The City council did not reconvene in Executive Session following the close of the public meeting agenda. See start of the public meeting above (6:00 p.m.) for action taken out of the 4:00 p.m. Executive Session.

XV. ADJOURNMENT

Mayor Sweet adjourned the public meeting at 7:06 p.m.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, this 15th day of December, 2014.

ATTEST: **David Sweet, Mayor**

CITY OF ROCKWALL

ORDINANCE NO. 14-53

SPECIFIC USE PERMIT NO. S-128

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [*ORDINANCE NO. 04-38*] OF THE CITY OF ROCKWALL, TEXAS, AS PREVIOUSLY AMENDED, SO AS TO AMEND A SPECIFIC USE PERMIT (SUP) NO. S-81 [ORDINANCE NO. 11-05] TO ALLOW VHICLES TO BE STORED OUTSIDE OVERNIGHT IN CONJUNCTION WITH AN EXISTING AUTOMOTIVE REPAIR GARAGE WITHIN A COMMERCIAL (C) DISTRICT ON A 0.702-ACRE TRACT OF LAND IDENTIFIED AS LOT 2, ROCKWALL MARKET CENTER SOUTH ADDITION, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, a request has been made by Amy and Mark Stehr for the approval of an amendment to Specific Use Permit (SUP) No. S-81 [Ordinance No. 11-05] to allow vehicles to be stored outside overnight in conjunction with an existing automotive repair garage on a 0.702-acre parcel of land identified as Lot 2, Rockwall Market Center South Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 129 E. Ralph Hall Parkway; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall, in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall, have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally, and to all persons interested in and situated in the affected area and in the vicinity thereof, the governing body in the exercise of its legislative discretion has concluded that the Unified Development Code of the City of Rockwall should be amended as follows:

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:

Section 1. That the Unified Development Code of the City of Rockwall, as heretofore amended, be and the same is hereby amended so as to amend a Specific Use Permit (SUP) No. S-81 [Ordinance No. 11.05] to allow vehicles to be stored outside overnight in conjunction with an existing automotive repair garage on a 0.702-acre parcel of land identified as Lot 2, Rockwall Market Center South Addition, City of Rockwall, Rockwall County, Texas, zoned Commercial (C) District, addressed as 129 E. Ralph Hall Parkway; and

Section 2. That the Specific Use Permit shall be subject to the conditions set forth in **Section 4.5, *Commercial (C) District*, of Article V, *District Development Standards*, of the City of Rockwall Unified Development Code (Ordinance No. 04-38)** as heretofore amended and as may be amended in the future, and shall be subject to the additional following conditions and definitions.

1. Vehicles may be stored outside in the six (6) parking spaces on the north side of the building (shown in Exhibit "A") for a maximum 48 hour period.
2. No equipment, parts or inventory shall be stored outside overnight.
3. There shall be no bulk storage of tires within the facility.
4. No welding or painting work shall take place within the facility.
5. The Specific Use Permit may be subject to periodic review by the Planning and Zoning Commission or City Council to ensure the business is in compliance with all conditions stated herein.

Section 3. That the official zoning map of the City be corrected to reflect the changes in zoning described herein.

Section 4. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be, and the same are hereby repealed to the extent of that conflict.

Section 5. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of TWO THOUSAND DOLLARS ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 6. If any section or provision of this ordinance or the application of that section or provision to any person, firm, corporation, situation or circumstance is for any reason judged invalid, the adjudication shall not affect any other section or provision of this ordinance or the application of any other section or provision to any other person, firm, corporation, situation or circumstance, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, THIS THE 15th DAY OF December, 2014.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Cheryl Dunlop**
Director, Administrative Services

DATE: **December 9, 2014**

SUBJECT: **City's Employee Health Stop Loss Insurance Renewal**

The City self-insures employee health coverage which provides an opportunity for cost and benefit management of this important program. One element of the management plan is the *reinsurance/stop loss coverage* which the City has secured since 1987. Bids for this coverage have been received, and the staff and the City's consultant are requesting the Council authorize the City Manager to execute a contract with **Transamerica Life Insurance Company** to secure this coverage. This coverage applies to claims exceeding $100,000.

Holmes Murphy, the City's consultant, secured bids from 10 different vendors (including the current provider) with various stop loss levels for this coverage. Renewal with the current provider ***ING (Now known as Voya)*** would result in a *total annual fixed cost* increase of 8.09% and 30.42% increase in *total annualized expected costs* for the 2015 plan year. The Transamerica bid provides for the most competitive overall cost and liability to the City. The Transamerica bid results in total *annual fixed cost decrease* of 20.70% from 2014 and a 5.7% increase in total annualized expected cost for the 2015 plan year. Also of note is that there are no lasers on any claimants as we had for 2014.

The plan cost projections that are made by the stop loss insurance companies are made up of the following items:

- the actual paid claim experience results for the medical plan during the past 24 months;
- the current enrollment of employees and dependents in each of the two (2) health plan choices (Standard and Premium plans);
- the changes in the average age and gender mix of the enrollment this year compared to the prior year;
- any potential large claims that are considered to be ongoing in nature;
- the anticipated health care cost inflationary trend (the estimated charges by health care providers to provide services over the next 12 months compared to those costs for the same services over the previous 12 months).

Council is asked to consider authorizing the City Manager to execute the appropriate contract documents to secure the stop-loss coverage.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Ashberry, City Secretary**

DATE: **December 10, 2014**

SUBJECT: **Interlocal Agreement re: No Refusal Weekends**

Included in your meeting packet is an interlocal agreement between Rockwall County and the City of Rockwall regarding municipal judge services for "No Refusal Weekends" during the upcoming year. Staff has reviewed the agreement, and it is the same as past agreements the council has authorized for this purpose.

INTERLOCAL COOPERATION AGREEMENT BETWEEN ROCKWALL COUNTY AND THE CITY OF ROCKWALL REGARDING MUNICIPAL JUDGE SERVICES

THIS INTERLOCAL COOPERATION AGREEMENT is made and entered into by and between Rockwall County, Texas, a political subdivision of the State of Texas (*hereinafter referred to as "COUNTY")*, and the City of Rockwall, a municipal corporation of the State of Texas (*hereinafter referred to as "CITY."*)

WHEREAS, the CITY is located within the COUNTY and its citizens are represented by the Rockwall County Criminal District Attorney in criminal matters; and

WHEREAS, both the CITY and the COUNTY seek to protect their citizens from harm and damage to property; and

WHEREAS, the COUNTY through the Rockwall County Criminal District Attorney intends to hold multiple "No Refusal Weekends" during the course of the year wherein warrants will be sought to draw blood from individuals suspected of driving while intoxicated who have refused to provide a breath or blood sample; and

WHEREAS, the CITY through its municipal court has the authority to issue evidentiary warrants in the State of Texas under certain conditions; and

WHEREAS, the CITY desires to make a municipal judge available to review, consider and sign, if appropriate, evidentiary warrants to obtain blood samples from individuals in Rockwall County suspected of driving while intoxicated during the periods set forth in this Agreement; and

WHEREAS, it is in the best interest of the citizens of Rockwall County to hold "No Refusal Weekends"; and

WHEREAS, both the COUNTY and CITY desire to enter into an Interlocal Cooperation Agreement, pursuant to Texas Government Code Chapter 791.011 (a), whereby the COUNTY and the CITY will agree upon the terms of said written agreement;

NOW, THEREFORE, the COUNTY and the CITY mutually agree as follows:

I.
TERM OF AGREEMENT

A. The COUNTY and the CITY mutually agree that the term of this Agreement shall be for one (1) year commencing on the date it is formally and duly executed by both the COUNTY and the CITY.

B. During the term of this Agreement the COUNTY shall perform the "No Refusal Weekend" on four occasions as follows:

(1) New Year's Day – 12:01 a.m. December 30, 2014 through 5:00 p.m. January 6, 2015;
(2) Memorial Day – 12:01 a.m. May 22, 2015 through 5:00 p.m. May 26, 2015;
(3) Independence Day – 12:01 a.m. July 2, 2015 through 5:00 p.m. July 6, 2014; and
(4) Labor Day – 12:01 a.m. September 4, 2015 through 5:00 p.m. September 8, 2015.

C. Notwithstanding the foregoing, this Agreement may be terminated by either party by giving thirty (30) days' written notice of intent to terminate this Agreement to the other party. Any notice of intent to terminate must be delivered by deposit in the United States mail, certified, return mail receipt requested, to the other party at the addresses set out herein. Upon termination of this Agreement, neither party will have any obligations to the other party under this Agreement, except with respect to payment for services already rendered under this Agreement, but not yet paid.

II.
COUNTY RESPONSIBILITIES

The COUNTY will pay the CITY at a rate of $120.00 an hour for a total amount not to exceed $2500.00 for each of the aforementioned "No Refusal Weekend" periods, for the services of Judge Cathy Mason Penn to review, consider and sign, if appropriate, evidentiary warrants to obtain blood samples from individuals suspected of driving while intoxicated during the "No Refusal Weekend" periods. Payment of the judge's fee is specifically not made contingent upon approval of the warrant by the judge.

III.
CITY RESPONSIBILITIES

The CITY through Municipal Judge Cathy Mason Penn shall review, consider and sign, if appropriate, evidentiary warrants to obtain blood samples from individuals suspected of driving while intoxicated during the "No Refusal Weekend" periods. The CITY agrees that Judge Penn will be available to provide these services at times to be scheduled at a later date during the "No Refusal Weekend" periods. The CITY further agrees to submit an invoice to the COUNTY (c/o the Rockwall County Auditor) for the services provided by the Judge. Payment shall be made 30 days after receipt of the invoice by the Rockwall County Auditor.

IV.
GENERAL PROVISIONS

A. **General Administration:**
The COUNTY and the CITY will designate their respective representatives for the general administration of this Agreement.

B. **Alteration, Amendment or Modification:**
This Agreement may not be altered, amended, or modified except in writing signed by all parties to this Agreement.

C. **Notice:**
All notices sent pursuant to this Agreement will be in writing and must be sent by registered or certified mail, postage prepaid, return-receipt requested.

Notices sent pursuant to this Agreement will be sent to the Rockwall County Judge's Office at the following address:

County Judge
Rockwall County Judge's Office
101 East Rusk, Room 202
Rockwall, Texas 75087

Notices sent pursuant to this Agreement may be delivered or sent to the City at the following address:

Rick Crowley
City Manager of Rockwall
385 South Goliad Street
Rockwall, Texas 75087

When notices sent pursuant to this Agreement are mailed by registered or certified mail, notices will be deemed effective three (3) days after deposit in a U.S. mail box or at a U.S. postal office.

D. **Severability:**
If any provision of this Agreement is found to be invalid, illegal, or unenforceable, such invalidity, illegality, or unenforceability will not affect the remaining provisions of this Agreement.

E. **Breach:**
The failure of either party to comply with the terms and conditions of this Agreement will constitute a breach of this Agreement. Either party will be entitled to any and all rights and remedies allowed under Texas law for any breach of this Agreement by the other party.

F. **Non-Waiver:**
The waiver by either party of a breach of this Agreement will not constitute a continuing waiver of such breach or of a subsequent breach of the same or a different provision. Nothing in this Agreement is intended by wither party to constitute a waiver of any immunity from suit or liability to which it is entitled under applicable law.

G. **Entire Agreement:**
This Interlocal Cooperative Agreement constitutes the entire Agreement between the COUNTY and the CITY. No other agreement, statement, or promise relating to the subject matter of this Agreement and which is not contained in this Agreement or incorporated by reference in this Agreement will be valid or binding.

H. **Terms used in Document:**
As used in this Agreement, the terms "Interlocal Cooperation Agreement", "Interlocal Agreement", "Agreement", and "Contract" are synonymous.

I. **Non-Defined Terms:**
If not specifically defined in this Agreement, words and phrases used in this Agreement will have their ordinary meaning as defined by common usage.

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley, City Manager**

FROM: **Mary Smith, Assistant City Manager**

DATE: **December 9, 2014**

SUBJECT: **Wholesale Supply Contract Amendment – Blackland WSC**

The City supplies wholesale treated water to Blackland Water Supply Corporation (Blackland) under an agreement expiring December 31, 2014. The current agreement anticipated NTMWD being able to provide direct service to Blackland during the term of the agreement. At this time the District is not ready, and is not able to provide a date in the future when they will be ready, indicating it may be 5 or more years in the future. Blackland approached City staff to negotiate an extension of the contract and the resulting proposed amendment is ready for Council consideration. This would be a five-year extension with an additional five-year option. During this timeframe, Blackland's Board will continue to prepare to switch over to the NTMWD when the opportunity becomes available.

The amendment provides the following:

- Five-year extension with an additional five-year extension option
- Reset the number of Blackland water connections and growth allowance per year. Any and all costs associated with Rockwall costs to accommodate their growth are borne by Blackland in the original agreement.
- In anticipation of TCEQ standards currently being developed, requires Blackland, as their system grows, to meet adopted city standards for fire hydrants, fire flow, and pressures.

Blackland's Board has authorized their President to execute the document if the City Council approves the amendment. Staff requests Council consider authorizing the City Manager to execute the wholesale water supply agreement with Blackland Water Supply Corporation.

FIRST AMENDMENT TO WHOLESALE WATER PURCHASE AGREEMENT

This First Amendment to Wholesale Water Supply Agreement (this "Agreement") is made and entered into as of the __th day of _____, 2014 ("Effective Date"), by and between the City of Rockwall, Texas (hereinafter called "Rockwall") and Blackland Water Supply Corporation (hereinafter called "Blackland"). Collectively, Rockwall and Blackland are referred to herein as the Parties.

Whereas, Rockwall and Blackland entered into that certain Wholesale Water Purchase Agreement, dated December 13, 2007 (the "Original Agreement").

Whereas, the Parties desire to extend the Original Agreement for five years and grant Blackland the option to extend for another five years.

Whereas, the Parties desire to amend the Agreement to project the number of additional connections to Blackland's system during the next five years based upon the number of additional connections to Blackland's system that occurred since the Original Agreement was signed.

Whereas, the Parties desire to amend the Agreement to reflect changes in regulatory requirements relating to fire flows within the extraterritorial jurisdiction of municipalities.

NOW, THEREFORE, in consideration of the mutual covenants, obligations, and benefits set forth in this Agreement, Rockwall and Blackland agree to amend the Original Agreement as follows:

1. Amendments relating to extending the Original Agreement for five years and granting an option to extend for another five years:

   A. Section 3 is amended by replacing the date "December 31, 2014" in two places with the date "December 31, 2019."

   B. Section 3, as amended, is further amended by adding the following text at the end of the existing text:

      Blackland may extend this Agreement for a five year term beginning December 31, 2019, and extending December 31, 2024 by providing Rockwall notice of Blackland's intent to extend the Agreement on or before June 30, 2019.

   C. Section 6 is amended by amending the second sentence by deleting the phrase "a total of a forty-two percent (42%) increase over the seven year term of this Agreement."

2. Amendments relating to demand as of the date of this First Amendment and projected demand:

A. Section 4 is amended by replacing the existing table or chart with the following table or chart:

Name/location of existing delivery point	Maximum daily demand (any consecutive 24-hours)	Instantaneous rate of flow, not to exceed, at any time	Maximum equivalent residential connections*
Airport Road Station	0.20 mgd	0.20 mgd	124
Green Pump Station	1.60 mgd	1.60 mgd	1,495
FM 549/IH 30	0.005 mgd	0.005 mgd	5

3. Amendments based upon changes to state law relating to fire flows within the extraterritorial jurisdiction of municipalities: Section 13 is amended by adding a new subsection read as follows:

C. In Accordance with Texas Health and Safety Code, sections 341.0358 and 341.0359, and TCEQ rule 290.45(y), relating to fire hydrant flow standards, the City may adopt standards that Blackland, the City, and other utilities providing water service within Rockwall's extraterritorial jurisdiction, to maintain a minimum sufficient water flow and pressure to fire hydrants in a residential area located in Rockwall's corporate limits or extraterritorial jurisdiction. If the City adopts such standards, then, in addition to the maximum daily demand, Blackland must provide, for the purposes of emergency fire suppression, water supply meeting those standards but at the least: (i) a minimum sufficient flow of at least 250 gallons per minute for at least two hours; and (ii) a minimum sufficient water pressure of at least 20 psi. Provided, however, Blackland shall not be required to build, retrofit, or improve infrastructure existing at the time City adopts such standards. In addition, should City adopt minimum fire flow standards, then Blackland and City agree to the following terms and conditions, intended by the parties to satisfy the requirements of the above-cited laws and rules:

1. Blackland will make available to City's fire department, or fire departments(s) designated by City, the use of fire hydrants located on water transmission and distribution facilities ("Water Facilities") constructed by or on behalf of the Blackland after December 31, 2014, and located within residential subdivisions in the City's corporate limits and extraterritorial jurisdiction, as those boundaries may change from time to time.
2. Blackland will install fire hydrants that are compatible with City's fire suppression vehicles and equipment, and City will review and approve the selection of fire hydrants prior to Blackland's installation.
3. Blackland will maintain a minimum static residual pressure in accordance with the City's standards in effect when the Water Facilities were designed, but not less than 35 pounds per square inch ("psi") during normal flow and no less

than 20 psi during fire flow conditions. Blackland will maintain the minimum water flow requirements of the City in effect when the Water Facilities were designed, but not less than 250 gallons per minute for at least two hours. Blackland will test, maintain, and repair the fire hydrants in accordance with reasonable standards adopted by the City, or if none adopted, minimum standards of a prudent water utility operator.

4. Blackland will notify City prior to any interruption in water flow through the transmission facilities (or as soon as Blackland is aware of any interruption due to unforeseen circumstances).
5. Following the usage of a fire hydrant subject to this MOU, within thirty days the City will supply, or will cause the designated fire department to supply, an estimate of the water usage from the hydrant(s) to the Blackland for the sole purpose of figuring the Blackland's water loss.
6. City will not be charged for use of Blackland's water supply or facilities for fire suppression purposes

The duties set forth above are duties of the parties to this Agreement to one another only, solely for their mutual benefit, and it is the express intention of the parties that these duties are not enforceable by any third party or alleged third party beneficiary.

IN WITNESS WHEREOF, EXECUTED by Blackland Water Supply Corporation and the City of Rockwall under the authority of their respective governing bodies in Duplicate Originals on the dates indicated below.

CITY OF ROCKWALL
CITY COUNCIL MEMO

AGENDA DATE: 12/15/2014

APPLICANT: Chris and Jill Blase

AGENDA ITEM: **Z2014-035**; Rezone (PD-3 to SF-10)

SUMMARY:

Hold a public hearing to discuss and consider a request by Chris & Jill Blasé for the approval of a zoning change from Planned Development District 3 (PD-3) to a Single Family 10 (SF-10) District for a one (1) acre portion of land located within Tract 11-3 being a 13.3-acre tract of land situated within the A. Hanna Survey, Abstract No. 98, City of Rockwall, Rockwall County, Texas, being zoned Planned Development District 3 (PD-3) for Commercial (C) District land uses, situated east of the intersection of East Fork Road and North Lakeshore Drive, and take any action necessary.

BACKGROUND INFORMATION:

The purpose of the request is to change the zoning from Planned Development District No. 3 (PD-3), which has an underlying zoning of Commercial (C) District, to a Single Family Residential (SF-10) District in order to construct a guest house/secondary living quarters on the described property. The applicant has stated that the subject property will be combined with the existing (adjacent) single family lot. The secondary living quarters is permitted as an accessory use for the property so long as the area of the structure does not exceed 30% of the primary home and the structure cannot be sold as a separate dwelling unit without meeting the requirements for zoning and subdivision of the property.

The subject property is identified as a 10,000 sq. ft. portion of an approximately 13.3-acre tract of land identified as the Blasé Family Farm and is located within the A. Hanna Survey, Abstract No. 98. Although the City's Comprehensive Plan and Future Land Use Map indicate the property as commercial in nature, the majority of the properties within this area are residential and staff believes a rezoning would not have an adverse effect on the surrounding properties.

ADJACENT PROPERTIES ZONZING DISTRICTS:

The zoning adjacent to the subject property is generally recognized as residential, unless otherwise stated, and is as follows:

North: The zoning directly north of the subject property is PD-3 & PD-29 (PD-3 is generally residential with an underlying commercial use and PD-29 is residential with an elementary school just north).

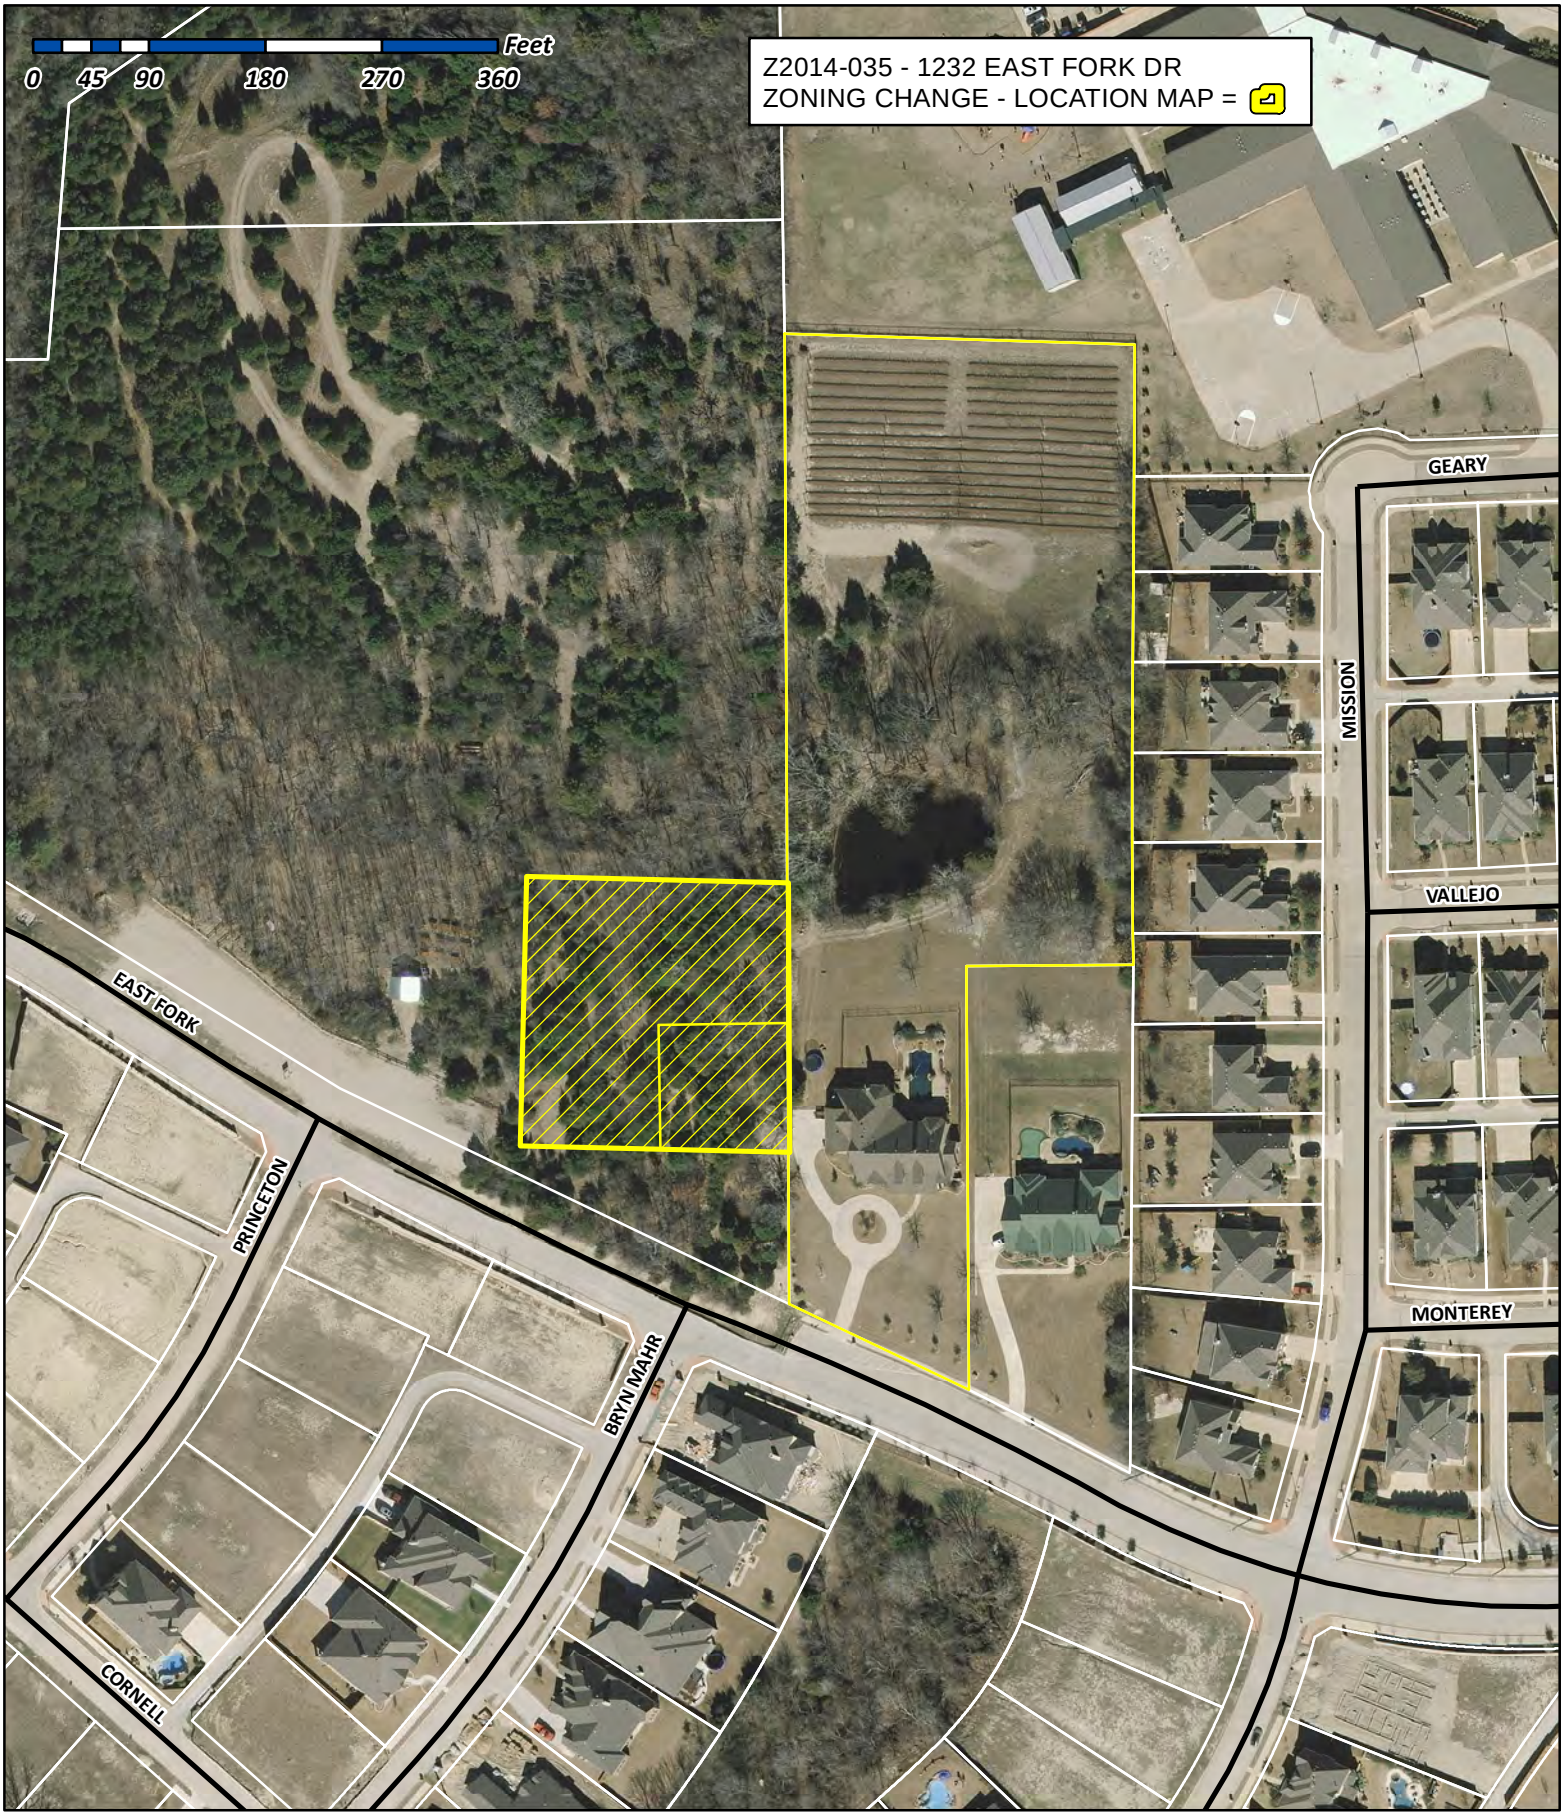
South: The zoning directly south of the subject property is PD-41 (generally residential).

East: The zoning directly east of the subject property is SF-10 & PD-29 (generally residential).

West: The zoning directly west of the subject property is PD-3 & PD-11 (generally residential).

NOTIFICATION:

On November 26, 2014, staff mailed fifty-two (52) notices to property owners within 500 feet of the subject property. Staff also notified three (3) HOA's within 1500 feet (Hillcrest at the Shores, The Shores/Ray Hubbard, and Lakeview Summit HOA Organizations) by e-mail. Additionally, staff posted a sign in front of the property along East Fork Drive as required by the Unified Development Code (UDC). At the time this report was drafted, staff has received two (2) notices "for" and no notices "opposed" to the zoning change requested.



RECOMMENDATIONS:

Should the request be approved, staff would offer the following conditions of approval:

1. The submittal and approval of a replat shall be required.

2. By approving this zoning change, the City Council will effectively be approving changes to the Comprehensive Land Use Plan, specifically, changing the designation of the subject property from *Commercial* to *Medium Density Residential*.

On December 9, 2014, the Planning and Zoning Commission recommended approval of the request with staff conditions by a vote of 6 to 0 (Conley – absent).

CITY OF ROCKWALL

ORDINANCE NO. 14-XX

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM PLANNED DEVELOPMENT DISTRICT NO. 3 (PD-3) TO A SINGLE FAMILY RESIDENTIAL (SF-10) DISTRICT FOR A 10,000 SQUARE FOOT PORTION OF LAND LOCATED WITHIN TRACT 11-3 BEING A 13.3-ACRE TRACT OF LAND SITUATED WITHIN THE A. HANNA SURVEY, ABSTRACT NO. 98, CITY OF ROCKWALL, ROCKWALL COUNTY, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT 'A' OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City has received a request from Chris and Jill Blasé (property owners), for an amendment to the Unified Development Code [Ordinance No. 04-38] of the City of Rockwall to adopt a change in zoning from Planned Development District No. 3 (PD-3) to a Single Family Residential (SF-10) District for a 10,000 square foot portion of land located within Tract 11-3 being a 13.3-acre Tract of land situated within the A. Hanna Survey, Abstract No. 98, City of Rockwall, Rockwall County, Texas, and more specifically described in Exhibit 'A' of this ordinance, which hereinafter shall be referred to as the *Subject Property* and incorporated by reference herein; and

WHEREAS, the Planning and Zoning Commission of the City of Rockwall and the governing body of the City of Rockwall in compliance with the laws of the State of Texas and the ordinances of the City of Rockwall have given the requisite notices by publication and otherwise, and have held public hearings and afforded a full and fair hearing to all property owners generally and to all persons interested in and situated in the affected area, and in the vicinity thereof, and the governing body in the exercise of its legislative discretion, has concluded that the Unified Development Code should be amended as follows:

NOW, THEREFORE, **BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS:**

Section 1. That the Unified Development Code [Ordinance No. 04-38] of the City of Rockwall, Texas, as heretofore amended, be and the same are hereby amended by amending the zoning map of the City of Rockwall so as to change the zoning from Planned Development District No. 3 (PD-3) to a Single Family Residential (SF-10) District for the *Subject Property*; and

Section 2. That the *Subject Property* shall be used only in the manner and for the purposes provided for in *Section 3.4, "Single Family Residential (SF-10) District", Article V, "District Development Standards", of the Unified Development Code* of the City of Rockwall as heretofore amended, as amended herein by granting of this zoning change, and as may be amended in the future.

Section 3. That the official zoning map of the City of Rockwall be corrected to reflect the changes in the zoning described herein.

Section 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a penalty of fine not to exceed the sum of two thousand dollars ($2,000.00) for each offence and each and every day such offense shall continue shall be deemed to constitute a separate offense.

Section 5. If any section, paragraph, or provision of this ordinance or the application of that section, paragraph, or provision to any person, firm, corporation or situation is for any reason judged invalid, the adjudication shall not affect any other section, paragraph, or provision of this ordinance or the application of any other section, paragraph or provision to any other person, firm, corporation or situation, nor shall adjudication affect any other section, paragraph, or provision of the Unified Development Code of the City of Rockwall, Texas, and the City Council declares that it would have adopted the valid portions and applications of the ordinance without the invalid parts and to this end the provisions for this ordinance are declared to be severable.

Section 6. That all ordinances of the City of Rockwall in conflict with the provisions of this ordinance be and the same are hereby repealed, and all other ordinances of the City of Rockwall not in conflict with the provisions of this ordinance shall remain in full force and effect.

Section 7. That this ordinance shall take effect immediately from and after its passage and the publication of the caption of said ordinance as the law in such cases provides.

PASSED AND APPROVED BY THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, ON THIS THE ____ DAY OF _____, 2014.

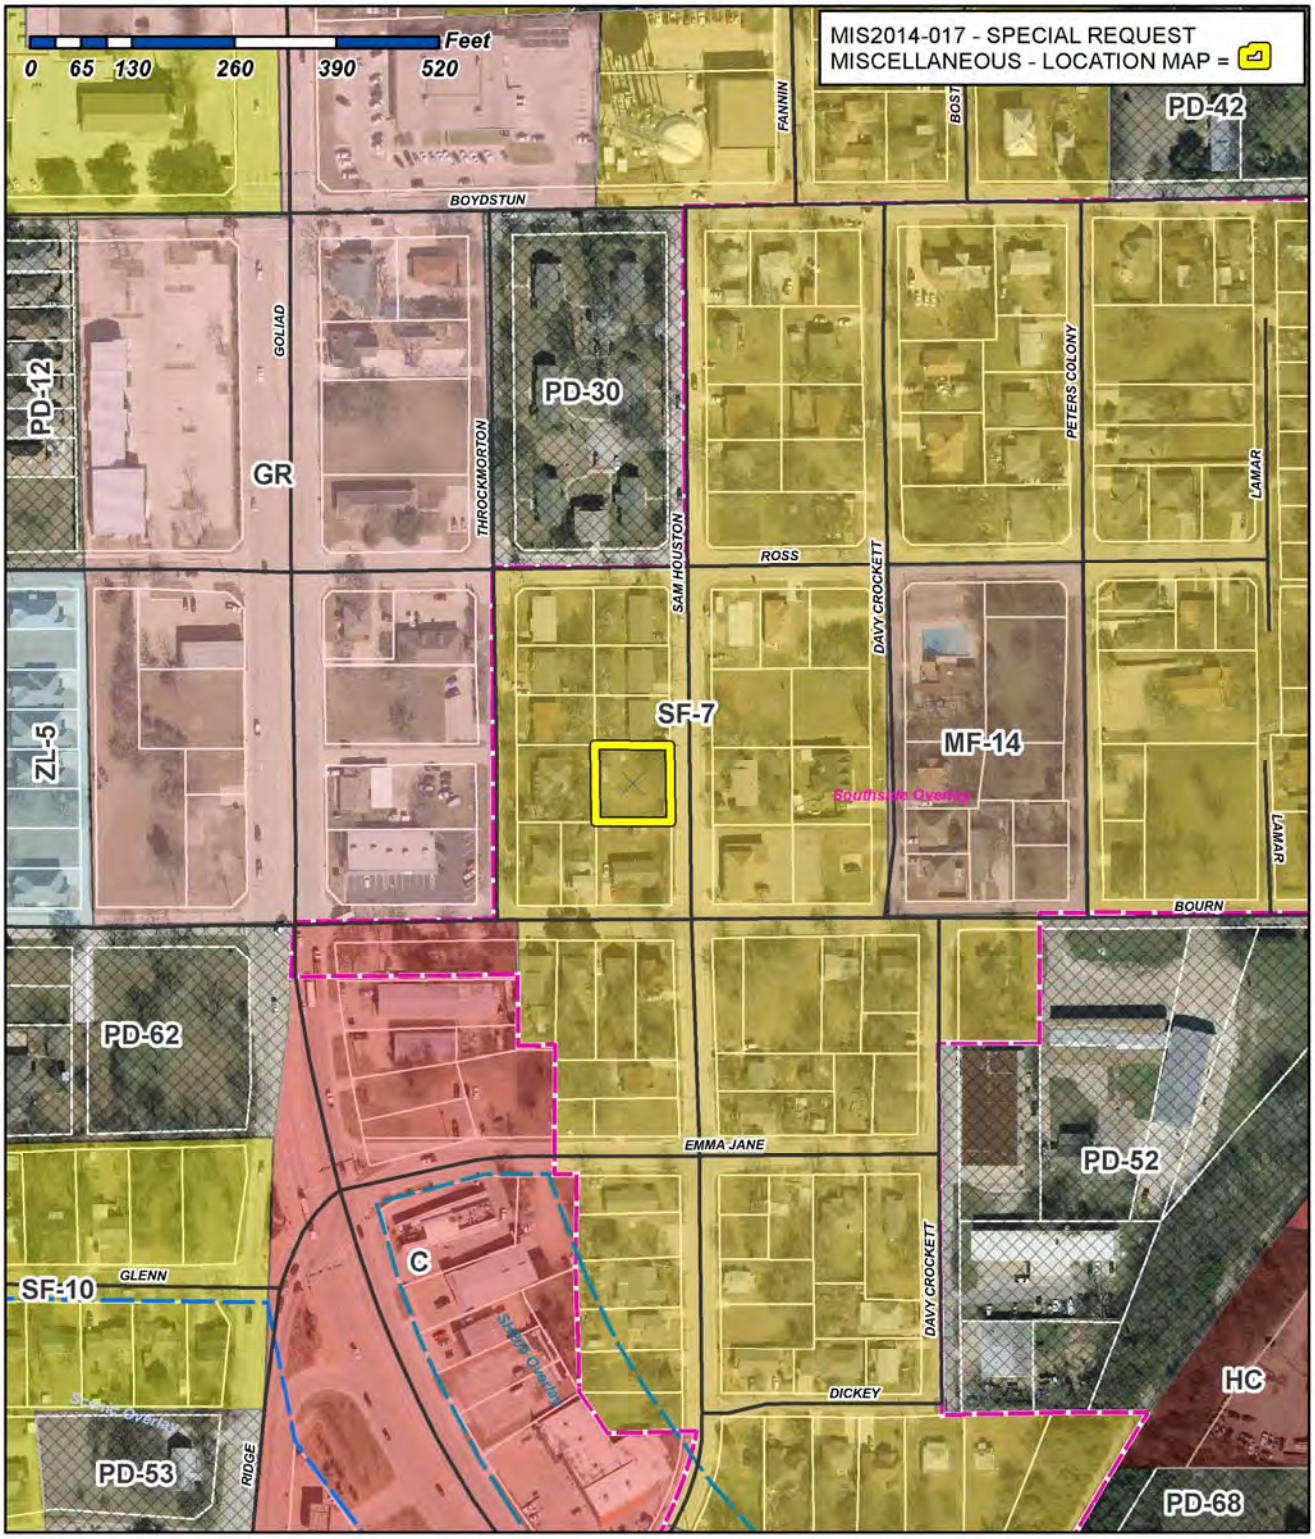
CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: Mayor and City Council

CC: Rick Crowley, *City Manager*
Robert LaCroix, *Director of Planning and Zoning*



FROM: Ryan Miller, *Planning Manager*

DATE: December 15, 2014

SUBJECT: MIS2014-017; *808 Sam Houston Street (Special Request)*

The applicant, Michael Clark, is requesting consideration of a special request to construct a four-plex residential dwelling unit on the subject property at 808 Sam Houston Street, which is situated within the Southside Residential Neighborhood Overlay (SRO) District. According to Section 6.4, *Southside Residential Neighborhood Overlay (SRO) District*, of Article V, *District Development Standards*, of the Unified Development Code, "(t)he City Council may consider special requests … [*that*] may include, but not necessarily be limited to neighborhood signage plans, use of building materials not otherwise allowed, *authorization of specific land uses not otherwise allowed*, or other requests submitted for consideration." Additionally, the section states that the City Council shall preliminarily review the request, and may choose to forward the request to the Planning & Zoning Commission for a recommendation prior to final action. On November 17, 2014, the City Council reviewed the applicant's request and voted 6-0 (*with Council Member Pruitt absent*) to send the case to the Planning & Zoning Commission for a recommendation. As part of the motion to approve, the City Council stipulated that the case shall be heard as a public hearing at both the Planning & Zoning Commission and City Council, and that City staff shall advertise the case utilizing the same procedures used for zoning cases. In response to this action, staff placed a sign of the subject property on November 18, 2014, and sent out public hearing notices to all property owner and inhabitants within 500-feet of the subject property on November 26, 2014. Additionally, city staff notified the neighborhood/homeowner's association representative of record for the Southside District (*i.e. Freddy Jackson*) via email per the voluntary *Neighborhood Notification Program*, and published a notice about the public hearings in the Rockwall County News. On December 9, 2014, the Planning & Zoning Commission voted 6-0 (*with Commissioner Conley absent*) to recommend denial of the applicant's request. At the time this memorandum was drafted staff had received three (3) emails from residents outside of the notification area in opposition to the request, and a petition submitted by the applicant signed by a majority of the residents within the Southside District in favor of the request. Both of these correspondences have been provided within the attached packet [*Exhibit 'D' & 'E'*].

Exhibit 'C'
Proposed Site Plan

Proposed Site Map for 808 Sam Houston

Dear City Council,

I am witting in reference to Action Item 3 on City Council meeting this evening. Take a few minutes to look at the direction that the Southside community has been headed. That direction is Single Family homes and not a four-plex(multifamily living units).

Back to the day of Joe Robbins edition which was the first homes that started rebuilding side, to the last home that is been built today by Habitat on the corner of Emma Jane & Davy Crockett.

A home on the corner of Sam Houston & E. Bourn was just remodeled inside and now is occupied. There are two homes that was built in the past couple of years on the corner of Sam Houston and Ross, which is one block from E Bourn. There has been other homes built that I can list if needed.

Now on Sam Houston and Ross catercorner from the two homes on Ross is the old apartments or what is called the projects that need remodeling. Then there is a old due-plex across from the property in questioned that also needs remodeling. Both of these complex's was built somewhere in the early 60's I would say. Then you have a the tri-plex on E bourn just before Peter Colony that was built within the past 10 years. This is the only property that has been built that was not a Single Family home , then it's not bricked and a multi-living complex. Not sure how this got in the community.

The direction that the Southside Community has been headed is Single Family Homes. Southside has its share of multifamily units.

The builder is going to say it's for elderly low income people but the fact is, once this is built the owner can rent these one bed room four complex to whoever he wishes to no matter what age.

I as ask the council to look at this for what's best for the community overall that the direction that the community has been headed.

Council, please make the right decision and do not pass it on are set it off. If you want to ask me any questions, please do not hastate to contact. 214-620-7990

Thank you for your time,

Freddie Jackson

Subject: Propsed 4 pleX to be built in Southside

Dear Chairman Renfro and Members of P and Z:

It has come to my attention that a 4-pleX residential unit may be built in the Southside on a vacant lot, if P and Z gives its approval, and that a petition has been submitted that residents want this. I cannot imagine why the residents would want more multi-family in their neighborhood. I do know that Freddie Jackson and members of the church there do not want more multi-family housing in that location.

Old Town and the Southside neighborhoods are the oldest in Rockwall. Southside has every type housing already but in recent years, new single family homes have sprung up and it's one of the only locations south of I-30 where affordable single family homes can or have been built. Habitat has also built many nice brick homes in Southside.

I cannot see that the neighborhood would benefit from a 4pleX and I see real harm done to the revitalization effort already underway there. Please help the Southside and Old Town not become the dumping ground for every type housing possible and to stay real neighborhoods within the city.

Thank you,

Carol Crow

Subject: Proposed Rezoning Houston St.

Honorable Chairman & Commission Members:

I support Freddie Jackson's opposition to this proposed rezoning of 808 Sam Houston. Southside and Old Town are united in opposing multi-family and working to preserve our historic single family neighborhoods. Our old neighborhoods are slowly being rebuilt by replacing old houses and renovation of existing homes. It's a good thing and it is working to preserve our neighborhoods. Please reject this proposed change in zoning and help us to maintain and preserve our historic neighborhoods.

Thank you for your consideration of my request.

Jeanne Davis

CITY OF ROCKWALL, TEXAS
MEMORANDUM

TO: **Brad Griggs, Assistant City Manager**

FROM: **Andy Hesser, Parks and Recreation Manager**

DATE: **December 11, 2014**

SUBJECT: **BARRIER FREE PLAYGROUND**

For additional background details, I have included the minutes from four previous City Council Agendas and staff memo from the November 3rd Council in the packet. A summary of the timeline is as follows:

- Mr. Devon Colbert requested an appointment with City Council at the March 17th meeting to discuss the issue of accessibility the City's parks. He explained that after his accident in 2012 he realized that movement in and around local parks was very difficult. Council voted to instruct staff to conduct an accessibility study for our current playgrounds and to prepare cost estimates.

- On May 5, 2014 Council held a work session to hear preliminary report on the accessibility study conducted on the playgrounds within the city. The study was conducted by two Parks Department Employees that are Certified Playground Safety Inspectors. The Council directed staff to evaluate and bring back cost estimates to replace the manufactured wood fiber surfacing with poured in place rubber surfacing at Foxchase Park and Myers Park Kid Zone.

- At the July 7 Council meeting, a brief work session was held to provide further information on the costs associated with poured in place rubber surfacing.

- As requested by Council, staff evaluated the option of building a barrier free playground and presented a project budget not to exceed $420,077 at the November 3rd Council meeting for consideration. Council made a motion to move forward with the project utilizing recommendations as outlined by staff. Mr. Crowley suggested to Council that the proposed park plan be reviewed by Park Board and take public input. The motion passed unanimously of Council.

Notices to hear public input at the December 2nd Park Board meeting were sent through various digital news, social and print media. Staff also contacted with the Rockwall Independent School District Special Education Department as well as the Marigold

Learning Academy which specializes in disabilities related to Autism. Notices were also sent to homes of Angel League participants within Rockwall.

Staff consulted with two playground design consultants to provide preliminary designs and cost estimates which were presented to Park Board. Site plans and 3D renderings were provided along with photos of each proposed element and feature. Both proposals were turnkey installations and within budget. Of the $492,077 budget, approximately $420,000 is allocated for the installation of play equipment, rubber surfacing and shade. The balance of the budget is slated for plan review and inspection for ADA compliance; infrastructure and accessibility improvements by adding sidewalks; asphalt driveway and eight additional handicap parking spaces near the playground.

Approximately 15 to 20 people attended the December 2nd Park Board meeting. Of those, five requested to speak in support of the project as presented and provided the following feedback:

- Include plenty of shade.
- Utilize 100% rubber surface.
- Incorporate music play and sensory panels for children with Autism related disorders.
- Include swings with high backs for upper body support.
- Include ramps.
- Include bouncing and spinning elements.
- Enclose the entire playground with fencing to reduce the fear of a child wandering off unattended.
- Provide signage explaining that the playground includes elements specifically designed for those with special needs.

The Park Board voted unanimously to approve a playground design that included the elements and features discussed above. Staff was instructed to select the final design of the two proposals based on the playground company's ability deliver all of the features requested and within the approved budget for Council's consideration. Once final proposals were received, Park Board Chairman Brad Bassett appointed a subcommittee to assist staff with evaluating the final designs. The final design selected was submitted by The Playwell Group.

The final design selected includes: 5,100 sq. ft. of shade canopies, approximately 9,700 sq. ft. of poured in place rubber surfacing, a large composite play structure for 5 to 12 year olds with multiple slides, climbers, spinning elements, three outdoor musical instruments, multiple sensory panels, a separate play structure for 2 to 5 year olds, with slides, climbers and motion based features, a three bay swing (that will accommodate 2 regular belt seats, 2 tot seats and 2 high back seats), signage and a variety of other independent play features designed for those on the spectrum of Autism disorders.

Contingent upon Council approval, the time line to receive equipment is about four to five weeks lead time. Construction time is estimated to be four to six weeks. This time frame would be sufficient to have the project substantially completed in time for the Lake Pointe youth baseball season which begins in mid-March.

THE PUBLIC AS REQUIRED BY LAW; PROVIDING FOR AN EFFECTIVE DATE.

CITY OF ROCKWALL
ORDINANCE NO. 14-12

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ROCKWALL, TEXAS, AMENDING THE UNIFIED DEVELOPMENT CODE [ORDINANCE NO. 04-38] OF THE CITY OF ROCKWALL, AS HERETOFORE AMENDED SO AS TO FURTHER AMEND THE ZONING MAP TO ADOPT A CHANGE IN ZONING FROM AN AGRICULTURAL (AG) DISTRICT TO A HEAVY COMMERCIAL (HC) DISTRICT FOR A 6.057-ACRE TRACT OF LAND IDENTIFIED AS A PORTION OF TRACT 3-06 OF THE W.H. BARNES SURVEY, ABSTRACT NO. 26, CITY AND COUNTY OF ROCKWALL, TEXAS AND MORE SPECIFICALLY DESCRIBED IN EXHIBIT "A" OF THIS ORDINANCE; PROVIDING FOR SPECIAL CONDITIONS; PROVIDING FOR A PENALTY OF FINE NOT TO EXCEED THE SUM OF TWO THOUSAND DOLLARS ($2,000.00) FOR EACH OFFENSE; PROVIDING FOR A SEVERABILITY CLAUSE; PROVIDING FOR A REPEALER CLAUSE; PROVIDING FOR AN EFFECTIVE DATE.

Regarding Consent Agenda item #8, Councilmember Milder asked if the site work portion of the work is considered essential or non-essential. Mr. Hendricks and Mr. Hickey from Birkhoff, Hendricks and Carter, came forth and briefly addressed this topic. Councilmember Milder then made a motion to approve Consent Agenda item #8. Councilmember Lewis seconded the motion, which passed by a vote of 6 ayes with 1 absent (Pruitt).

X. APPOINTMENTS

1. Appointment with the Planning and Zoning Chairman to discuss and answer any questions regarding cases on the agenda and related issues and take any action necessary.

Mr. Craig Renfro, chair of the Planning & Zoning Commission, came forth and provided a brief update to the city council regarding recommendations of the Commission relative to planning-related items on tonight's city council agenda. The council took no action related to this agenda item.

2. Appointment with Kim Bowen to discuss and consider handicap usage of city parks, and take any action necessary.

Mr. Devon Colbert, a twenty-two year resident of Rockwall, came forth and provided comments related to the need for a handicap accessible park in our community. Mr. Colbert explained he had an accident in December of 2012, and after that time, he realized that movement around in local parks was not very easy. Mr. Colbert explained that access ramps with wider play decks and smooth services (rather than wood chips) would better accommodate mobility. He then shared a brief list of other cities in the Dallas / Fort Worth area that have truly handicap accessible parks. He explained that these other parks went beyond normal ADA accessibility codes in order to make mobility feasible for handicap residents. Mr. Colbert indicated that he is considered a quadriplegic, so gravel, inclines and wood chips in park areas make it extremely difficult for him to interact with his kids while playing in the park.

The Mayor and staff then briefly discussed some of the other cities that have invested in one particular park in their community to make it very handicap accessible to the public.

Councilmember Milder asked staff if they can look into an accessibility study for our parks to see how much it would cost in order to retrofit one, if not two, of our city parks.

Mayor Sweet then made a motion to instruct staff to conduct an accessibility study for our current playgrounds and to prepare cost estimates to potentially retrofit one to two existing playgrounds to make them accessible. Councilmember Lewis seconded the motion, which passed by a vote of 6 ayes with 1 absent (Pruitt).

Mrs. Bowen stated she would appreciate staff and council also evaluating handicap accessibility in the restrooms at city parks. She pointed out that even if there are separate male and female accessibility restrooms, it is problematic if the person of that gender needs a person of the opposite gender to go with him/her into the restroom to assist. Therefore, a unisex or 'family' type bathroom stall would be most helpful.

3. Appointment with Mark Spencer of MHS Planning and Design to discuss and consider authorizing Phelps Lake park improvements, and take any action necessary.

Mr. Spencer of MHS Planning & Design came forth and briefed the council on design work and planned improvements at Phelps Lake Park.

Councilmember Milder made a motion to approve the plan as presented. Mayor Pro Tem White seconded the motion. Mr. Griggs indicated that pro rata equipment fees paid by the developer will cover the cost of the park improvements. Mr. Spencer indicated that about 30-45 days are needed to finish design, and then the construction work could begin and possibly be finished by about August. After brief comments, the motion passed by a vote of 6 ayes to 1 absent (Pruitt).

XI. PUBLIC HEARING ITEMS

1. **Z2014-005** - Hold a public hearing to discuss and consider approval of an **ordinance** for a request by Ron Ramirez of Wier & Associates, Inc. on behalf of Ken Keeton of the Rockwall Economic Development Corporation (REDC) for the approval of a zoning change from an Agriculture (AG) District to a Light Industrial (LI) District for a 2.006-acre tract of land identified as a portion of Tract 2-7 of the David Harr Survey, Abstract No. 102, Rockwall, Rockwall County, Texas, situated within the SH-205 By-Pass Corridor Overlay (205 BY-OV) District, located on the west side of John King Boulevard south of Airport Road, and take any action necessary **(1st Reading)**.

Planning Director Robert LaCroix provided brief background information related to this agenda item. He indicated that the plan for this property is future development. Seven notices were sent out in the area in accordance with the law. No notices were received back by staff.

Mayor Sweet opened the public hearing and called the applicant forth.

MINUTES
ROCKWALL CITY COUNCIL
Monday, May 05, 2014
4:00 p.m. Regular City Council Meeting
City Hall - 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 4:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem David White, and Council Members Jim Pruitt, Mike Townsend, Scott Milder, Bennie Daniels and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs, and City Attorney Frank Garza.

II. WORK SESSION (4:00 P.M.)

1. HOLD A WORK SESSION TO PRESENT THE PROPOSED SCHEMATIC LAYOUT OF SH 276 FROM SH 205 TO FM 549 TO CITY COUNCIL FOR THEIR INFORMATION, AND TAKE ANY ACTION NECESSARY.

City Manager Rick Crowley provided a brief introduction related to this item, indicating this item covers the schematic layout of SH-276, which is a project of the countywide road consortium and is being worked on by TXDOT and its consultant. City Engineer Tim Tumulty gave a short briefing to council related to the project. He explained that, on March 9, a public meeting was held by TXDOT, and about twelve people attended. He generally indicated that this roadway will be a six land roadway (instead of the current two lanes). Mr. Tumulty explained that an alignment study was conducted in close consultation with TXDOT and that the Rockwall Economic Development Corporation (REDC) provided input as well since this roadway is located near the Tech Park. The goal is to have this project ready to go to bid in July of next year (2015), but its start is contingent on TXDOT receiving funding for it. Mayor Sweet clarified that SH-276 will be under reconstruction at the same time that FM-549 will be under construction. Mr. Tumulty generally indicated that the ramp reversals at the IH-30 exit will help, and two lanes will always remain open during construction. It is anticipated that this will be a two year project. Mr. Crowley explained that, while funding is not yet available for this project, the consultant who works with the countywide road consortium is working to have the project proposal finished, waiting and ready to go when funding does become available. Discussion ensued related to signalization of intersections on state roadways, with Mr. Crowley explaining that TXDOT installs signals in a reactive manner once traffic warrants installation (rather than proactively, ahead of time). The Council took no action related to this agenda item.

2. HOLD WORK SESSION TO HEAR UPDATE REGARDING PARK ACCESSIBILITY ASSESSMENT, AND TAKE ANY ACTION NECESSARY.

Parks Manager, Andy Hesser, came forth and briefed the council on a recently conducted park accessibility assessment which was performed at the request of the City Council at its March 17 meeting. Mr. Hesser explained the various accessibility standards at both the state and federal levels. He further explained "fall zones" and materials such as "Fibar" (engineered, shredded, wood fiber) and "poured in place rubber surfacing" (rubber and epoxy that is poured in a similar manner as concrete). Mr. Hesser shared that two individuals on the Parks staff are Certified Playground Safety Inspectors, and they helped with this study. Furthermore, Registered Accessibility Specialists were also utilized during

the study, helping to perform the detailed accessibility inspections. The city's nineteen playgrounds were assessed (on sixteen or seventeen different pieces of property). He explained that accessibility of equipment, routes and fall zone surfacing. He indicated that route improvements could be considered in six of the city's older playgrounds, a couple of which were built by developers and then dedicated to the city. However, most all of them meet accessibility standards by various methods. Mr. Hesser mentioned that four parks in the city do have 'poured in place' rubber surfacing, which Mr. Crowley explained is easier for a wheel chair to navigate on. Mr. Hesser mentioned Casey's Clubhouse, a 15,000 square foot playground that is considered one of the premier playscapes in North Texas. It has very specific handicap elements, with about $600,000 being spent on equipment and about $215,000 on surfacing and about. He mentioned it was an older park that the city renovated with the help of a great deal of private donations.

Several alternatives were discussed with council if it were decided to make modifications to some parks to make them even more accessible. Mr. Crowley mentioned that funding for any such modifications would either be budgeted out of the general fund or be taken out of the city's Recreational Development Fund. Mrs. Smith indicated that over $200,000 is currently in the city's Recreation Development Fund.

Mayor Sweet acknowledged that he understands most city parks meet accessibility standards; however, he also understands the reality of not very easily being able to maneuver around in a wheelchair on the ground level at playgrounds.

Mayor Sweet made a motion to instruct staff to evaluate and bring back costs associated with making surface modifications at Myers Park Kid Zone (on the north side) and Fox Chase (on the south side) to make these parks more handicapped accessible. Councilmember Lewis seconded the motion, which passed by a vote of 7 ayes to 0 nays.

At 4:50 p.m., Mayor Sweet read the below-listed discussion items into the public record before recessing into Executive Session.

III. EXECUTIVE SESSION (4:15 P.M.)

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding update on proposed land lease/acquisition located near the Justin Road right-of-way pursuant to Section 551.072 (Real Property).
2. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

Mayor Sweet recessed Executive Session to allow Russell Phillips to make a short presentation showing plans for PD-32 and the needs for extending the Property Exchange Agreement with Harbor Heights. Once the presentation was completed, Mayor Sweet reconvened Executive Session.

IV. ADJOURN EXECUTIVE SESSION

Executive Session adjourned at 5:55 p.m.

MINUTES
ROCKWALL CITY COUNCIL

Monday, July 07, 2014
4:00 p.m. Regular City Council Meeting
City Hall - 385 S. Goliad, Rockwall, Texas 75087

I. CALL PUBLIC MEETING TO ORDER

Mayor Sweet called the meeting to order at 4:00 p.m. Present were Mayor David Sweet, Mayor Pro Tem Jim Pruitt, and Council Members David White, Mike Townsend, Scott Milder, Bennie Daniels and Dennis Lewis. Also present were City Manager Rick Crowley, Assistant City Managers Mary Smith and Brad Griggs and City Attorney Frank Garza.

II. (4:00 P.M.) WORK SESSION

1. HOLD WORK SESSION TO DISCUSS PROPOSED RESIDENTIAL DEVELOPMENT BY ARCADIA REALTY (BILL GIETEMA).

Mr. Gietema came before Council to present various design options for The Lakes of Summerset located at the intersection of 205 and FM 549. General discussion took place and no action was taken at this time.

2. HOLD WORK SESSION TO HEAR UPDATE REGARDING PLAYGROUND SURFACING

Assistant City Manager Brad Griggs gave general update regarding the surface temperatures of playground equipment at the various parks within the city. Mr. Griggs stated that he would bring this item and more information back before Council on a future agenda. No further action was taken.

At 5:01 p.m., Mayor Sweet read the below listed discussion items into the public record before recessing the public meeting into Executive Session.

III. (4:30 P.M.) EXECUTIVE SESSION

THE CITY OF ROCKWALL CITY COUNCIL WILL RECESS INTO EXECUTIVE SESSION TO DISCUSS THE FOLLOWING MATTERS AS AUTHORIZED BY CHAPTER 551 OF THE TEXAS GOVERNMENT CODE:

1. Discussion regarding proposed lease/sale of city land for possible private project pursuant to Sections 551.072 (Real Property) and Section 551.087 (Economic Development negotiations).
2. Discussion regarding proposed term extension of a Real Property Exchange Agreement with Harbor Heights Investors, L.P. / JBR2, LLC relating to real property located within the PD-32 area pursuant to Section 551.071 (consultation with attorney) and Section 551.087 (Economic Development negotiations).

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Rick Crowley – City Manager**

FROM: **Brad Griggs – Assistant City Manager**

DATE: **October 15, 2014**

SUBJECT: **Accessible Playground**

In March of this year, Devon Colbert made an appointment with the City Council to request that a city owned playground be renovated to provide easier wheelchair access. Currently, the City owned playgrounds use a manufactured wood fiber surfacing material that meets the ASTM Standards for fall protection and is also an Americans with Disabilities Act (ADA) approved wheelchair accessible surface. Mr. Colbert requested that the City consider a poured rubber surface that is much easier to maneuver a wheelchair through and still provide the fall protection. Mr. Colbert is restricted to a wheelchair and enjoys taking his young children to the playground and wants to be able to interact with them while there.

The Council directed the staff to conduct an accessibility study of the playgrounds within the City and determine which playgrounds met the ADA requirements and identify the surfacing materials used for each playground. On May 5, 2014, the City Council held a work session to hear report on the accessibility study conducted on the playgrounds within the City. The study was conducted by two Parks Department employees that are Certified Playground Safety Inspectors and outside consultants that are Registered Accessibility Specialists.

The City has nineteen playgrounds within its park system in sixteen different parks. With the exception of a small section of the Kidzone playground at Myers Park, manufactured wood fiber is being used as the fall surfacing. A small section of the Kidzone utilizes a poured in place rubber surface. The school district has two playgrounds within their inventory that use a poured rubber surface for approximately 50% of the safety surfacing. The Council directed staff to evaluate and bring back cost estimates to replace the manufactured wood fiber surfacing with a poured in place rubber safety surfacing for two playgrounds, one at the Park at Fox Chase and one for Kidzone.

At the July 7 Council meeting, a brief work session was held to provide further information on a poured in place safety surface. Temperatures were taken at three times at two locations of the surface of the poured in place surfacing. The temperatures

were consistently around 150 degrees while the temperature of the wood fiber surfacing was under 100 degrees.

The cost for a manufactured wood fiber playground surface is under $1 per square foot. The cost for a poured in place rubber safety surface is approximately $16 a square foot. Life expectancy for the wood fiber is 20 years or more because when the fiber becomes compressed or erodes, new material is added to achieve the desired depth. The life expectancy for a poured in place surface is ten years. A third option is available which is an artificial turf over the top of a rubber surface. The cost is approximately $18.60 per square foot and the life expectancy is close to the poured in place rubber. The advantage of the artificial turf option is that the surface temperature is cooler than the poured in place rubber.

Cost quotes to replace the surfacing at Fox Chase were solicited and provided through the BuyBoard Cooperative purchasing agreement. The cost to change the wood fiber to the rubber surfacing for the playground at the Park at Fox Chase is $66,056. The cost to change the surfacing at Kidzone is near $160,000.

In my opinion, easy wheelchair access to the play elements are only half of the problem. I believe that we need to provide access to all of the play elements within the playground to participants with physical limitations. I think we would be better served to build a barrier free playground that allows children and adults with physical limitations to move throughout the playscape through a series of ramps and feature additional grounds elements. This type of playground encourages an inclusive environment so that children, regardless of disability, can play together on the same structure. If we are to only make the surfacing easier to traverse in a wheelchair, we are not doing anything to provide a play structure that children with physical limitations can fully access and enjoy.

Contingent on City Council approval, I would like to propose that we consider building a barrier free playground at Yellowjacket Park in lieu of retrofitting safety surfacing at one or two facilities. The 2014-15 Recreational Development Fund includes a fairly minor amount of funding for new playground equipment at Yellowjacket Park. I would prefer to build a very large barrier free playground with a synthetic turf safety surfacing that would be located in the central part of the City, has off-street parking and permanent restrooms.

The cost to build a barrier free playground with an improved safety surfacing will be significantly higher than retrofitting an existing playground. With that in mind, I would like to offer the following for consideration to fund the project:

- Mandatory Park Land Dedication Ordinance Fees: Yellowjacket Park is located within Park District #20. According to our ordinance, the fees must be used within the district in which they were collected. The current balance is $137,077. At this time, we do not have any other immediate plans for the funds.
- 2005 Park/Bond Funds: In 2005, voters approved the sale of bonds for park and trail improvements and trail connections. We have a current fund balance of approximately $260,000. These funds have been used for the trail project to connect the trail system under SH 205 and we do not have any current immediate plans for the remaining balance.

- Recreational Development Fund: The fund balance at the conclusion of this fiscal year is budgeted at $250,000. I propose to fund the park infrastructure improvements such as parking and sidewalks in the amount of $75,000.
- Transfer from Park District #21: The playground equipment for Yellowjacket Park that was approved in the budget has been already purchased. I would propose that we use this equipment at Lofland Park to replace some dated playground equipment and transfer the funds from Park District 21 to Park District 20 in the amount of $20,000.

Therefore, the total project cost would not exceed $492,077 to build our first barrier free playground and related access routes. If the Council believes this is a good use of the funding and a worthwhile project, we can begin the design process immediately with the goal of being installed and available to the public as soon as possible.

75

Mayor Sweet called for a brief break at 9:52 p.m. At 10:06 p.m., Mayor Sweet called the public meeting back to order. Public Hearing item #5 was addressed next by City Council.

3. Discuss and consider a request by Matt Mulliken of Mulliken Construction Management, Inc., on behalf of the owner of the property, for the approval of an amended site plan to allow for a variance to the screening from residential uses requirement stipulated by Article VIII, Landscape Standards, of the Unified Development Code for a professional office building on a 0.75-acre tract of land identified as Lot E, Block 117 & Lot D, Block 117 of B. F. Boydston Addition, City of Rockwall, Rockwall County, Texas, zoned General Retail (GR) District, located at the northeast corner of the intersection of SH-205 [S. Goliad Street] and St. Mary's Street, and take any action necessary.

Mr. LaCroix provided brief background information related to this agenda item. The applicant, M

Mr. Matt Mulliken
2305 Lakeforest Drive
Rockwall, TX

Mr. Mulliken expressed that the neighbor is concerned about him building a physical wall as a buffer. Instead the neighbor and he himself would like permission to utilize the 'living screen' (trees) as a buffer in lieu of the masonry wall.

Mr. Rickerson
109 St. Mary's
Rockwall, TX

Mr. Rickerson expressed that he is the neighbor living adjacent to the subject property. He would like the "live screening" in lieu of the masonry wall because he feels it would be more in keeping with the historical feel of the area.

Councilmember Lewis made a motion to approve the "live screen" wall in lieu of the masonry wall. Councilmember Milder seconded the motion, which passed by a vote of 6 in favor with 1 against (Pruitt).

4. Discuss and consider ADA accessible playground options, including associated cost estimates, and take any action necessary.

Assistant City Manager Brad Griggs provided background information related to this agenda item, indicating that, as previously requested by Council, staff has evaluated the option of building a 'barrier free' playground that has a series of ramps so that those in a wheelchair could have unrestricted access. He indicated that mandatory neighborhood park land dedication fees in the amount of $137,000 as well as about $260,000 from previous trail bonds is available for park improvements. Also, $75,000 for infrastructure improvements could be taken from the city's Rec. Development Fund.

Mayor Sweet made a motion to move forward with the total project utilizing staff recommendations as outlined by staff. Councilmember Lewis seconded the motion.

Councilmember Lewis asked staff if they had an opportunity to speak with Texas Scottish Right hospital since they have a barrier free park there that is appealing. Mr. Griggs indicated that he has not yet reached out to that hospital. He clarified that this park would not include a cover/awning.

Mr. Crowley suggested to the city council that the proposed park plan for this park could first be run through the city's park board for review and to help plan this particular facility.

Mayor Pro Tem Pruitt asked for clarification on the bond program funding. Mr. Griggs indicated that no restrictions were placed on where in the city the funds could be spent, and there are no outstanding park related projects that these funds would need to be reserved for. After brief comments, Mayor Sweet pulled his original motion and made a replacement motion to have staff take this proposal before the city's Park Board for review and consideration at an upcoming Park Board meeting. Councilmember Lewis seconded this amended motion. Mr. Griggs explained that staff could advertise and receive public input at the December Park Board meeting and then bring back those recommendations to the council for consideration thereafter. The motion then passed by a vote of 7 ayes to 0 nays.

5. Discuss and hear update regarding ongoing water conservation efforts, including outdoor watering schedule, and take any action necessary.

Mr. Crowley indicated that the North TX Municipal water district is recommending a once every two week (instead of once every week) watering schedule for the winter months. So, unless he hears objections form the city council, he will move forward, administratively, with communicating this change to our citizens as soon as possible. No formal action was taken by the city council related to this discussion item.

6. Discuss and consider countywide Interoperability Radio System Interlocal Agreement and take any action necessary.

Mr. Crowley provided background information related to this agenda item.

Mayor Pro Tem Pruitt made a motion to approve the contract and submit it to Rockwall County. Councilmember Lewis seconded the motion.

Councilmember Milder expressed that he is feeling some reservations about moving forward with this contract proposal. After additional, brief comments, the motion passed by a vote of 6 in favor with 1 against (White).

XIII. CITY MANAGER'S REPORT TO DISCUSS CURRENT CITY ACTIVITIES, UPCOMING MEETINGS, FUTURE LEGISLATIVE ACTIVITIES, AND OTHER RELATED MATTERS.

1. Departmental Reports
   Building Inspections Dept. Monthly Report - September 2014
   Fire Dept. Monthly Reports - September 2014
   Harbor PD Monthly Report - September 2014
   Internal Operations Department Monthly Reports - September 2014
   Police Department Monthly Report - September 2014
   Recreation Monthly Report - September 2014

MINUTES
PARKS AND RECREATION BOARD
City Hall, 385 S. Goliad, Rockwall, TX 75087
December 2, 2014
6:00 PM

Call To Order

The meeting was called to order in the Council Chambers at 6:00pm by Chairman Brad Bassett with the following Board Members present: Kevin Moffatt, Bob Lewis, Charles Johnson, Ray Harton and Wayne Larson. Board Member Larry Denny was absent. Also present were Parks and Recreation Manager Andy Hesser, Administrative Secretary Wendy Young, Recreation Superintendent Andrew Ainsworth and Parks Superintendent Aaron Dobson.

Consider approval of amended minutes from the November 4, 2014 Park Board meeting and take any action necessary.

The minutes from the November 4, 2014 Park Board meeting were provided to the Board for their review and approval. Board Member Bob Lewis made a motion to approve the minutes. Board Member Ray Harton seconded the motion which passed by a vote of 6-0 (1 absent, Denny).

Discuss and consider public input regarding design of special needs playground at Yellowjacket Park and take any action necessary.

Parks & Recreation Manager Andy Hesser explained that in March of this year, Devon Colbert made an appointment with the City Council to request that City owned playgrounds be renovated to provide easier wheelchair access. Mr. Colbert requested that the City consider a poured rubber surface that is much easier to maneuver a wheelchair through and still provide the required fall protection. At the November 3rd City Council meeting, the Council directed staff to take the proposed project to Park Board to hear public input and assist with the planning of the facility. Staff immediately advertised the public meeting in the local media outlets and social media sites. Additionally staff spoke with Mr. Cory White, Director of Special Education for Rockwall ISD to request that the public input meeting was made available to the parents of the students in the special education program. Invitations were also extended to the Rockwall residents that participated in the Kiwanis Angel League. The City is a co-sponsor of the Angel League by scheduling and hosting softball games for children and adults with special needs. The projects that will be presented are turnkey installation that includes the fall zone safety surface, play elements and possibly shade structures. Also provided in the budget is infrastructure such as adding handicap parking spots, accessible sidewalks, ADA plan review fees and landscaping. Contingent upon approval, staff is prepared to move forward with the goal of completing the construction by the end of March 2015. In looking at playground design, there are many things that go into the process. We want to provide a variety of experiences for everyone. Some of the elements we look for are social interaction, socialization, sense of challenge, sense of accomplishment, sensory elements, sense of motion, movement, strength, the ability to enhance motor skills, cognitive skills and balance. Mr. Hesser went over several examples in order to facilitate

public input and feedback taking into consideration shade, sensory play, music play, swings, gliders, climbers, overhead elements. The site that is being considered is Yellowjacket Park which is located between Ridge Rd and Yellowjacket Lane. Part of the budget is infrastructure with a need for paving and accessible parking spaces. The addition of paving and accessible parking spaces Will put in 5' approaches adding sidewalks to also get to the ball fields. The footprint is 100x80' to fit in between the 2 ball fields with proximity to the restrooms and the parking lot.

Open Forum

Nikki Jenkins
2761 McCormick Ct
Rockwall, TX 75087

Ms. Jenkins came forth and stated that she has an 11 year old daughter who is autistic. When you have an autistic child that has sensory issues and you put them in a group of children that are screaming and yelling and parents with young toddlers who don't understand why an 11 year old child who is acting the way she is acting is very uncomfortable. Sensory issues from fibar to rubber would be difficult, any time there is a change in surface it's difficult for her daughter to walk, she wears orthotic shoes and she struggles. She will not walk on the fiber board, it's too uneven and uncomfortable, she would sit down on her knees and the time at the park would be over. Her preference as a parent would be the carbon/foamy stuff just because of the sensory issues. She can't use the swings at Harry Myers Park because she can't sit up straight so a suggestion would be to have the wheelchair swings and/or more high back swings. The parking spots addressed is not enough. If she has to walk her all the way down the ramp we wouldn't make it because it looks really far. The glider is great but my daughter would not sit with a group of other children, if you have a child that is uncomfortable with social interaction that may be a problem. As far as walking through the 2 ball fields, I would have a slight concern about balls flying over. My child pays no attention to things around her. Many children with autism run and that is a scary thing especially being off 205 and Ridge. The music is very important, anything that makes sound and sounds beautiful to them and they can repetitively bang on is important. The shade structure is also very important. Also, the parking would be an issue. There definitely needs to be more parking spaces and closer to the playground.

Kristy Solis
1207 Blue Brook
Rockwall, Texas 75087

Ms. Solis came forth and expressed concern about there not being any fencing around the playground. Her child has down syndrome and is a runner. The 2 other suggestions would be a wheelchair swing and the canopies and poles be wrapped in foam.

Patricia Johnson
2809 Juniper Hills Drive
Rockwall, TX 75087

Ms. Johnson came forth and explained that her 3 year old son has down syndrome. The parking is the biggest concern. Would be concerned about vehicles parked that close to the backstops. There is a grassy area that would accommodate more parking. Son also wears orthotics shoes and he loses his balance easily so would suggest the rubber structure more than the fibar.

Devon Colbert
1464 Brittany Way
Rockwall, TX 75087

Mr. Colbert came forth and explained that being in a wheelchair is impossible to push on the wood surfacing. The poured in place surface would be so much easier for those in wheelchairs. Would also suggest more van accessible parking and the slides are very hot in the heat of the summer.

Karri Wilson
401 W Washington
Rockwall, TX 75087

Ms. Wilson came forth and stated that she is Director of Miracle Learning Academy School in Rockwall. She would suggest anything the kids can bounce on or trampolines. The school has gone through 3 of them very quickly. She suggested that we keep the music separate from the other structures and possibly putting cocoon opposite from the music play.

After much discussion Board Member Moffatt made a motion to recommend approval of the special needs playground project for City Council consideration. Board Member Charles Johnson seconded the motion and it passed unanimously.

Staff updates on upcoming programs and events and take any action necessary.

Parks & Recreation Superintendent Andrew Ainsworth gave an update on upcoming events. The Christmas Tree Lighting will take place on Saturday, December 6 at 6pm. Breakfast with Santa will be on December 13 and there will be 2 sessions in the morning giving people 2 time options. Gingerbread House Building is December 16 at The Center. Children will be given pre-made gingerbread houses and they will create and design their houses with candy and icing. Our newest program is Reindeer Food and Santa's Cookie Decorating on December 23. Children will get a chance to make food for Santa's reindeer and create cookies to leave for Santa.

Adjournment

There being no further business to come before the Board at this time, the meeting was adjourned at 7:57 p.m.

PASSED AND APPROVED BY THE PARK BOARD OF THE CITY OF ROCKWALL, TEXAS, this 6th day of January 2014.

Boards & Commissions Appointments
(Updated for 12/15/14 City Council Meeting)

THESE (ADVISORY) BOARD APPTS. MAY *NOT* BE DISCUSSED IN EX. SESSION

ARCHITECTURAL REVIEW BOARD (ARB) - Milder

(1) Need to replace

- *Mike Mershawn (attendance - has missed several mtgs.)*
  (new board member would serve partial term until Aug. 2015)

MAIN STREET ADVISORY BOARD - Sweet

(1) Need to replace (terms are Jan. appts.)

- *SuLaine Callaway (resigned)*
  (new board member's would serve partial term through Jan. 2016)

ART REVIEW TEAM (ART) COMMISSION – Milder and Sweet

Need five (5) new appointments (see memo)

THESE (REGULATORY) BOARD APPTS. MAY BE DISCUSSED IN EX. SESSION

BOARD OF ADJUSTMENTS (BOA) - Full Council

Need four (4) "alternate members" appointed (by city ordinance)

City of Rockwall
The New Horizon

MEMORANDUM

TO: **Honorable Mayor and City Council Members**

FROM: **Kristy Ashberry, City Secretary / Assistant to the City Manager**

DATE: **December 10, 2014**

SUBJECT: **Art Review Team (ART) Commission appointments (5 members needed)**

The council recently adopted an ordinance making changes to the previously established composition of the city's Art Review Team (ART Commission). The updated provisions regarding its composition are as follows:

(a) (1) The art review team (ART) commission shall consist of five members, who shall all be "interested citizens" appointed by the city council. All team members should possess knowledge of or have an interest in contemporary, visual art, artistic principles and art media.

- *a. The art review team (ART) commission shall consist of **five regular members appointed by a majority of the city council**. A staff liaison will be appointed by the city manager.*
- *b. In the case of a vacancy of the commission, the city council, by a majority vote, may appoint a replacement member to the commission. Any person appointed shall serve until the expiration of the term of office of the vacated position.*
- *c. Each member of the commission shall be a resident citizen and qualified voter of the city.*
- *d. Upon the initial appointment of the commission by the city council, members shall draw lots for three two-year terms and two one-year terms of service. Thereafter, the term of office of members of the commission shall be for two years. Members may be removed, as determined by the city council.*
- *e. Members shall serve without compensation.*

The two city council members assigned to oversee review of applicants and make recommendations to the full council concerning appointments to this commission are Councilmember Milder and Mayor Sweet.
